SUPPLEMENTARY INFORMATION: On August 8, 1986, the Board published for comment proposed amendments to Regulation E (51 FR 28589). The proposed amendments relate to service-providing institutions, such as retailers, that offer electronic fund transfer (EFT) services by issuing to consumers debit cards, or other devices, for accessing checking or other deposit accounts. The proposal would amend Regulation E to:

(1) Eliminate the current requirement that service providers send periodic statements to consumers showing the EFTs made with the access devices;

(2) Require instead that service providers furnish the necessary information to the financial institutions holding the consumers' accounts for inclusion on the account-holding institutions' periodic statements; and

(3) Make other changes to ensure consumer protections and clarify the responsibilities of service providers and account-holding institutions.

Comment was requested on the proposal by October 10, 1986.

The Board has been asked to extend the comment period to provide interested parties time to present their views. In response to these requests, the Board is extending the comment period through December 12, 1986.
