OF NEW YORK

Fiscal Agent of the United States

[Circular No. 2492]
August 28, 1942

HAWAIIAN REGULATIONS REGARDING SECURITIES

*To Banks, Trust Companies, Brokers and Dealers in Securities,
and Others Concerned, in the Second Federal Reserve District:*

The Treasury Department has been informed that certain brokers and dealers in securities, either through misunderstanding or otherwise, are not cooperating with the Treasury Department and other Federal and Territorial departments and agencies concerned in the administration of the Regulations Relating to Securities, as amended, issued July 3, 1942, by the Governor of Hawaii. It appears that these brokers and dealers either are refusing to bid on perforated securities to which clearance certificates on Form TFEL-2 are attached or are bidding on such securities at a substantial discount from unperforated securities of the same issue, solely because such securities have been perforated with the official symbol "H". The Regulations Relating to Securities provide in part that on or before August 1, 1942, all securities physically located within the Territory of Hawaii shall be perforated with the official symbol "H". It is provided further that no security which has been thus perforated may thereafter be exported or otherwise physically taken from the Territory of Hawaii unless a clearance certificate on Form TFEL-2 has previously been attached to such security. This program was initiated by the Treasury Department, is being administered by Treasury Department personnel attached to the Office of the Governor of Hawaii, and has the full approval of other Federal and Territorial departments and agencies. The obvious purpose of the regulations is to protect the interests of the United States and the residents of Hawaii in the property affected in case of invasion.

The Treasury Department has advised us (1) that it does not consider that there is a valid basis for distinguishing between unperforated securities and securities which have been perforated and to which clearance certificates on Form TFEL-2 are attached, and (2) that the New York Stock Exchange and the National Securities Dealers Association have ruled that perforated securities to which clearance certificates on Form TFEL-2 are attached constitute a good delivery.

The Treasury Department has asked us to request all banks, trust companies, brokers and dealers in securities, and any persons concerned to bring to our attention promptly all cases in which, because of the perforation, bids are refused on perforated securities to which clearance certificates on Form TFEL-2 are attached, or bids on such securities are made at a discount from unperforated securities of the same issue.

The text of the Regulations Relating to Securities, as amended, issued by the Governor of Hawaii, referred to above, is set forth in our Circular No. 2487, dated August 20, 1942, which has heretofore been sent to all banks and trust companies in the Second Federal Reserve District. Such circular and our Circular No. 2473, dated August 5, 1942, addressed to the same institutions, setting forth the text of General Orders No. 123 issued by the Office of the Military Governor of the Territory of Hawaii, the original Regulations and two press releases in connection therewith, are being transmitted herewith to brokers and dealers in securities in this District for their information. Additional copies of such circulars and of this circular will be furnished upon request.

ALLAN SPROUL,
President.

GENERAL NOTES

- (1) The Proclaimed List is divided into two parts: part I relates to listings in the American republics; part II relates to listings outside the American republics.
- (2) In part I titles are listed in their letter-address form, word for word as written in that form, with the following exceptions:

If the title includes a full personal name, that is, a given name or initial and the surname, the title is listed under the *surname*.

Personal-name prefixes such as *de, la, von, etc.*, are considered as part of the surname and are the basis for listing.

The listing is made under the next word of the title when the initial word or phrase, or abbreviation thereof, is one of the following Spanish forms or similar equivalent forms in any other language:

Compañía; Cía.; Comp.

Compañía Anónima; C.A.; Comp. Anón.

Sociedad; Soc.

Sociedad Anónima; S.A.; Soc. Anón.

- (3) The indication of an address for a name on the list is not intended to exclude other addresses of the same firm or individual. A listed name refers to all branches of the business in the country.
- (4) The symbols following additions to the List made with each supplement will appear in subsequent issues, including revisions, and serve to identify the issue of the List in which action to add or amend the name was taken. Thus, the symbol "III-1" means that the name was first added in Revision III, Supplement 1.
