Mr. Robert L. Owen,

Dear Bob:

Yours of the second has been received, and I am glad to hear from you. I want you to know, Bob, that I realize full well the seriousness of the Willkie opposition. I don't discount it in the least.

If you have any further thoughts which you feel should be brought to my attention at any time, don't hesitate to write me. It is always good to hear from you.

Sincerely yours,
