The Honorable,
Robert L. Owen,
Washington, D.C.

My dear Senator,

Find enclosed, the article read to you by me over the telephone, it is very interesting and I thought it relative to the Global Alphabet by you. Mrs. Holt seems very interested in the progress of the Alphabet and is desirous of making a radio comment for you in its interest. I mailed the extra " 'Memo' On Phonetic Global Alphabet" you gave me on my last visit to you to Mrs. Holt -- this 'Memo' was historically dated " April 13, 1943 -- Thomas Jefferson's Birthday." - Mrs. Holt has a quarter page 'comment' in the book review of last Sunday's New York Times on a new book, by Roi Ottley, "New World A Coming" -- Houghton, Mifflin.

I trust that you and Mrs. Owen and the family continue in good health.

With affectionate regards to you and yours,
John A. Kinckle
