

STATEMENT FOR THE PRESS

Release for the morning papers  
of February 10, 1918.

The Capital Issues Committee of the Federal Reserve Board announced today the formation of twelve local committees organized for the purpose of assisting the central Committee in passing upon applications originating in their respective districts.

In each Federal Reserve District there will be a sub-committee on capital issues, with headquarters at the Federal Reserve Bank of the district. The sub-committee will consist of the Federal Reserve Agent, as chairman, the Governor of the Federal Reserve Bank, as vice-chairman, and three other members chosen because of special qualifications for the work of the committee.

Bankers and others having broad experience in the financing of municipal, manufacturing or public utilities securities have been invited to become affiliated with the sub-committee as an auxiliary body, one or more members of which, from time to time, as their advice and experience may be useful or helpful, will be asked to join with the sub-committee in investigating and passing upon specific applications.

No committee member will give advice or report upon any application in which he has a direct or indirect personal interest.

Members of these committees have undertaken this duty as a patriotic service to the country.

As previously announced, all applications for the approval of security issues are expected to be made direct to the Capital Issues Committee, Federal Reserve Board, Washington, which will refer them to the particular district from which a report is desired.
