Chairman, Sub-Committee on Capital Issues,
Federal Reserve District No.

Dear Sir:

We are receiving from the various Sub-Committees opinions relative to applications which have never been presented to this Committee. This causes much confusion and unnecessary searching through our files. Will you please see that all matters referred to your Committee are referred to us in duplicate.

It is also advisable that the decisions of your Committee be transmitted to this Committee without disclosure to applicants of the result of your investigation.

Faithfully yours,

ADVISORY COMMITTEE
