

FEDERAL RESERVE BOARD

WASHINGTON

ADDRESS OFFICIAL CORRESPONDENCE TO
THE FEDERAL RESERVE BOARD

October 16, 1924.
St. 4274.

SUBJECT: Reports of Condition of State
Bank and Trust companies.

Gentlemen:

Your courtesy will be greatly appreciated if you will furnish the Federal Reserve Board, as soon as available, with two copies of the abstract of reports of condition of State banks and Trust companies in your State on October 10, 1924, or other recent date in case you did not issue a call for reports of condition as of October 10.

If convenient to your office, we would like to have separate figures for mutual savings banks and for private banks, providing there are any such banks operating in your state. In case the number of each class of banks reporting is not shown in the abstract, will you also be good enough to incorporate this information in your letter of transmittal.

The October number of the Federal Reserve Bulletin (copy of which has been forwarded to you) contains a summary statement of the abstracts of reports of condition on or about June 30, 1924, of all banks and trust companies under state supervision in the 48 states and the District of Columbia, to which your attention is invited.

A franked and self-addressed envelope, requiring no postage, is enclosed for use in transmitting the data requested.

Very truly yours,

Walter L. Eddy,
Secretary.

Enclosure.
