

FEDERAL RESERVE BOARD

X-4561

WASHINGTON

ADDRESS OFFICIAL CORRESPONDENCE TO
THE FEDERAL RESERVE BOARD

March 13, 1926

SUBJECT: Additional Topic for Governors' Conference.

Dear Sir:

In an inquiry recently received by the Board certain questions were asked regarding the requirements which will be made by the Federal Reserve Board and by the Federal reserve banks before rediscounting notes secured by adjusted service certificates under the provisions of Section 502 of the World War Adjusted Compensation Act. The specific questions asked in the inquiry received were whether the affidavit of the lending bank provided for by Section 502(h) would be required to be executed before rediscount and what proof that the required notice of transfer of the note has been given the maker would be necessary. The Board has not, of course, issued any regulations on this subject, and in its reply stated that it could not answer these questions at this time.

As a consequence of the provisions of the World War Adjusted Compensation Act no valid note of this kind can possibly be offered for rediscount prior to January 1, 1927. Before undertaking to answer any inquiries with regard to the requirements which will be made for the rediscount of notes of this kind, the Board desires to have the consideration and suggestions of the Governors as to the advisability of issuing regulations on this subject at this time and as to what requirements should be contained in such regulations, if issued. The Board has therefore directed that this matter be made an additional topic for the program of the forthcoming Governors' Conference.

For your information in this connection there is enclosed herewith a copy of Section 502 of the World War Adjusted Compensation Act.

Very truly yours,

Walter L. Eddy
Secretary.

TO GOVERNORS OF ALL F.R. BANKS.

Enclosure.

LOAN PRIVILEGES

SEC. 502. (a) A loan may be made to a veteran upon his adjusted service certificate only in accordance with the provisions of this section.

(b) Any national bank, or any bank or trust company incorporated under the laws of any State, Territory, possession, or the District of Columbia (hereinafter in this section called "bank"), is authorized, after the expiration of two years after the date of the certificate, to loan to any veteran upon his promissory note secured by his adjusted service certificate (with or without the consent of the beneficiary thereof) any amount not in excess of the loan basis (as defined in subdivision (g) of this section) of the certificate. The rate of interest charged upon the loan by the bank shall not exceed, by more than 2 per centum per annum, the rate charged at the date of the loan for the discount of 90-day commercial paper under section 13 of the Federal Reserve Act by the Federal reserve bank for the Federal reserve district in which the bank is located. Any bank holding a note for a loan under this section secured by a certificate (whether the bank originally making the loan or a bank to which the note and certificate have been transferred) may sell the note to, or discount or rediscount it with, any bank authorized to make a loan to a veteran under this section and transfer the certificate to such bank. Upon the indorsement of any bank, which shall be deemed a waiver of demand, notice, and protest by such bank as to its own indorsement exclusively, and subject to regulations to be prescribed by the Federal Reserve Board, any such note secured by a certificate and held by a bank shall be eligible for discount or rediscount by the Federal reserve bank for the Federal reserve district in which the bank is located. Such note shall be eligible for discount or rediscount whether or not the bank offering the note for discount or rediscount is a member of the Federal Reserve System and whether or not it acquired the note in the first instance from the veteran or acquired it by transfer upon the indorsement of any other bank. Such note shall not be eligible for discount or rediscount unless it has at the time of discount or rediscount a maturity not in excess of nine months exclusive of days of grace. The rate of interest charged by the Federal reserve bank shall be the same as that charged by it for the discount or rediscount of 90-day notes drawn for commercial purposes. The Federal Reserve Board is authorized to permit, or on the affirmative vote of at least five members of the Federal Reserve Board to require, a Federal reserve bank to rediscount, for any other Federal reserve bank, notes secured by a certificate. The rate of interest for such rediscounts shall be fixed by the Federal Reserve Board. In case the note is sold, discounted, or rediscounted the bank making the transfer shall promptly notify the veteran by mail at his last known post-office address.

(c) If the veteran does not pay the principal and interest of the loan upon its maturity, the bank holding the note and certificate may, at any time after maturity of the loan but not before the expiration of six months after the loan was made, present them to the Director. The Director may, in his discretion, accept the certificate and note, cancel the

note (but not the certificate), and pay the bank, in full satisfaction of its claim, the amount of the unpaid principal due it, and the unpaid interest accrued, at the rate fixed in the note, up to the date of the check issued to the bank. The Director shall restore to the veteran, at any time prior to its maturity, any certificate so accepted, upon receipt from him of an amount equal to the sum of (1) the amount paid by the United States to the bank in cancellation of his note, plus (2) interest on such amount from the time of such payment to the date of such receipt, at 6 per centum per annum, compounded annually.

(d) If the veteran fails to redeem his certificate from the Director before its maturity, or before the death of the veteran, the Director shall deduct from the face value of the certificate (as determined in section 501) an amount equal to the sum of (1) the amount paid by the United States to the bank on account of the note of the veteran, plus (2) interest on such amount from the time of such payment to the date of maturity of the certificate or of the death of the veteran, at the rate of 6 per centum per annum, compounded annually, and shall pay the remainder in accordance with the provisions of section 501.

(e) If the veteran dies before the maturity of the loan, the amount of the unpaid principal and the unpaid interest accrued up to the date of his death shall be immediately due and payable. In such case, or if the veteran dies on the day the loan matures or within six months thereafter, the bank holding the note and certificate shall, upon notice of the death, present them to the Director, who shall thereupon cancel the note (but not the certificate) and pay to the bank, in full satisfaction of its claim, the amount of the unpaid principal and unpaid interest, at the rate fixed in the note, accrued up to the date of the check issued to the bank; except that if, prior to the payment, the bank is notified of the death by the Director and fails to present the certificate and note to the Director within fifteen days after the notice, such interest shall be only up to the fifteenth day after such notice. The Director shall deduct the amount so paid from the face value (as determined under section 501) of the certificate and pay the remainder in accordance with the provisions of section 501.

(f) If the veteran has not died before the maturity of the certificate, and has failed to pay his note to the bank or the Federal reserve bank holding the note and certificate, such bank shall, at the maturity of the certificate, present the note and certificate to the Director, who shall thereupon cancel the note (but not the certificate) and pay to the bank, in full satisfaction of its claim, the amount of the unpaid principal and unpaid interest, at the rate fixed in the note, accrued up to the date of the maturity of the certificate. The Director shall deduct the amount so paid from the face value (as determined in section 501) of the certificate and pay the remainder in accordance with the provisions of section 501.

(g) The loan basis of any certificate at any time shall, for the purpose of this section, be an amount which is not in excess of 90 per centum of the reserve value of the certificate on the last day of the current certificate year. The reserve value of a certificate on the last day of any certificate year shall be the full reserve required on such certificate, based on an annual level net premium for twenty years and calculated in accordance with the American Experience Table of Mortality and interest

at 4 per centum per annum, compounded annually.

(h) No payment upon any note shall be made under this section by the Director to any bank, unless the note when presented to him is accompanied by an affidavit made by an officer of the bank which made the loan, before a notary public or other officer designated for the purpose by regulation of the Director, and stating that such bank has not charged or collected, or attempted to charge or collect, directly or indirectly, any fee or other compensation (except interest as authorized by this section) in respect of any loan made under this section by the bank to a veteran. Any bank which, or director, officer, or employee thereof who, does so charge, collect, or attempt to charge or collect any such fee or compensation, shall be liable to the veteran for a penalty of \$100, to be recovered in a civil suit brought by the veteran. The Director shall upon request of any bank or veteran furnish a blank form for such affidavit.

SEC. 503. No certificate issued or right conferred under the provisions of this title shall, except as provided in section 502, be negotiable or assignable or serve as security for a loan. Any negotiation, assignment, or loan made in violation of any provision of this section shall be held void.

SEC. 504. Any certificate issued under the provisions of this title shall have printed upon its face the conditions and terms upon which it is issued and to which it is subject, including loan values under section 502.
