RESOLUTIONS APPROVED BY FEDERAL RESERVE BOARD AT
MEETING ON MARCH 22, 1923.

"Whereas the Federal Reserve Board, under the powers given it in Sections 13 and 14 of the Federal Reserve Act, has authority to limit and otherwise determine the securities and investments purchased by Federal reserve banks;

Whereas the Federal Reserve Board has never prescribed any limitation upon open market purchases by Federal reserve banks;

Whereas the amount, time, character, and manner of such purchases may exercise an important influence upon the money market;

Whereas an open market investment policy for the twelve banks composing the Federal reserve system is necessary in the interest of the maintenance of a good relationship between the discount and purchase operations of the Federal reserve banks and the general money market;

Whereas heavy investments in United States securities, particularly short-dated certificate issues, have occasioned embarrassment to the Treasury in ascertaining the true condition of the money and investment markets from time to time,

THEREFORE, Be It Resolved, That the Federal Reserve Board, in the exercise of its powers under the Federal Reserve Act, lay down and adopt the following principles with respect to open market investment operations of the Federal reserve banks, to-wit;

(1) That the time, manner, character, and volume of open market investments purchased by Federal reserve banks be governed with primary regard to the accommodation of commerce and business and to the effect of such purchases or sales on the general credit situation.

(2) That in making the selection of open market purchases, careful regard be always given to the bearing of purchases of United States Government securities, especially the short-dated issues, upon the market for such securities, and that open market purchases be primarily commercial investments, except that Treasury certificates be dealt in, as at present, under so-called "Repurchase" agreement.

Be It Further Resolved, That on and after April 1, 1923, the present Committee of Governors on Centralized Execution of Purchases and Sales of Government Securities be discontinued, and be superseded by a new committee known as the Open Market Investment Committee for the Federal Reserve System, said Committee to consist of five representatives from the reserve banks and to be under the general supervision of the Federal Reserve Board; and that it be the duty of this Committee to devise and recommend plans for the purchase, sale and distribution of the open market purchases of the Federal reserve banks in accordance with the above principles and such regulations as may from time to time be laid down by the Federal Reserve Board."
