Dear Sir:

It will be appreciated if you will kindly furnish us, not later than January 15, 1936, with the following data for use in the Board's forthcoming annual report:

1. Statement showing the number of member banks in each State (or part of State in the district) accommodated through the discount of paper during each month of the calendar year 1935 and during the year as a whole.
2. Statement showing the number of nonmember banks other than mutual savings banks on the par list and not on the par list, respectively, on December 31, 1935, with separate figures for each State or part of State in the territory assigned to the head office and to each branch, if any. The statement should include all banks on which checks are drawn, whether or not on a restricted basis.

The figures of banks on the par list and not on the par list should be reconciled with the latest State banking department abstracts and the Board

advised of the names and locations of the banks which account for any differences between the number of banks shown in your statement and in the State banking department abstracts of condition reports. A copy of the reconciliation should accompany the statement showing the number of nonmember banks on par list and not on par list, unless the furnishing of the statement would thereby be delayed, in which case the reconciliation should be furnished as soon as practicable thereafter.

Very truly yours,

E. L. Smead, Chief,
Division of Bank Operations.
