September 23, 1941.

In connection with the action taken today by the Board of Governors of the Federal Reserve System to increase reserve requirements, the Secretary of the Treasury and the Chairman of the Board issued the following statement in which the Board of Governors concurs:

"The Treasury and the Board of Governors will continue to watch the economic situation and to cooperate with other agencies of the Government in their efforts, through priorities, allocations, price regulation, and otherwise, to fight inflation. Recommendations on the question of what additional powers, if any, over bank reserves the Board should have during the present emergency and what form these powers should take will be made whenever the Treasury and the Board, after further consultation, determine that such action is necessary to help in combating inflationary developments."
