It may be observed that many applications were offered which were not admitted to file and consideration for the reason that this department conducted its procedure strictly in accord with the rules and regulations of the Capital Issues Committee.

All securities authorized for sale during the period covered with a very few exceptions immediately following the first of the year were first approved by the Capital Issues Committee or by the District Committees on Capital Issues.

Under the law of Arkansas, if any issuer or owner of stocks, bonds, or investment contracts, desires to offer same for sale in this State, such issuer or owner (except in due course of business) shall file application for such privilege with the Bank Commissioner.

Any person to whom is offered any stocks or other investment has perfect right to request the solicitor to produce certificate of registration in proof that his offering has been authorized according to law.
