STATE OF ARKANSAS  
OFFICE OF STATE BANK DEPARTMENT  
LITTLE ROCK, ARKANSAS

June 30, 1945

To His Excellency, Ben Laney,  
Governor of Arkansas:

Complying with the provisions of Section 704 of Pope's Digest, I have the honor to submit herewith the Thirty-First Report of the State Bank Commissioner of Arkansas for the year beginning July 1, 1944, and ending June 30, 1945. The report covers the condition of the state banks and trust companies, state building and loan associations, industrial banks, credit unions, a combined statement of the burial associations of Arkansas and a compiled list, together with other factual data.

The total assets of state banks aggregate \$319,689,534.-88, representing an increase of \$77,556,633.62 since the June 30, 1944 report. The total loans carried by state banks are \$50,282,636.68, an increase of more than eight million dollars over the amount of loans carried in the report of one year ago. The total holdings in U. S. Government securities amount to \$137,559,694.67, or an increase of \$39,-653,630.54 over the report of June 30, 1944. The trend in bank deposits and asset figures continues upward. This inflationary trend will likely continue up to the postwar era.

I would like to call your attention to the part our banking institutions have performed in the war effort. They have not only acquired many millions of dollars worth of securities for their own portfolios, but on the other hand they have given most freely of their time and personnel to the U. S. Treasury Department in the furtherance of the sale of war bonds. Many of the senior bank officials have been serving in the various bond drives in the sale of Government securities. The banks are also handling ration banking and have given full cooperation in all things pertaining to the successful prosecution of the war.

It has been the policy of this Department to urge upon our bankers that so far as possible they strengthen their capital accounts and weed out any doubtful assets in order that they may be in better position to meet the demands of the postwar world. The banks appear to be willing and able to take care of the legitimate credit needs of industry and agriculture.

This Department is endeavoring to serve constructively and efficiently the state banks of Arkansas and its citizens. I want to take this opportunity of extending my

very kind appreciation for your courtesy and cooperation. I also want to extend my thanks and appreciation to the State Banking Board and the Arkansas Bankers Association for their services, counsel and cooperation.

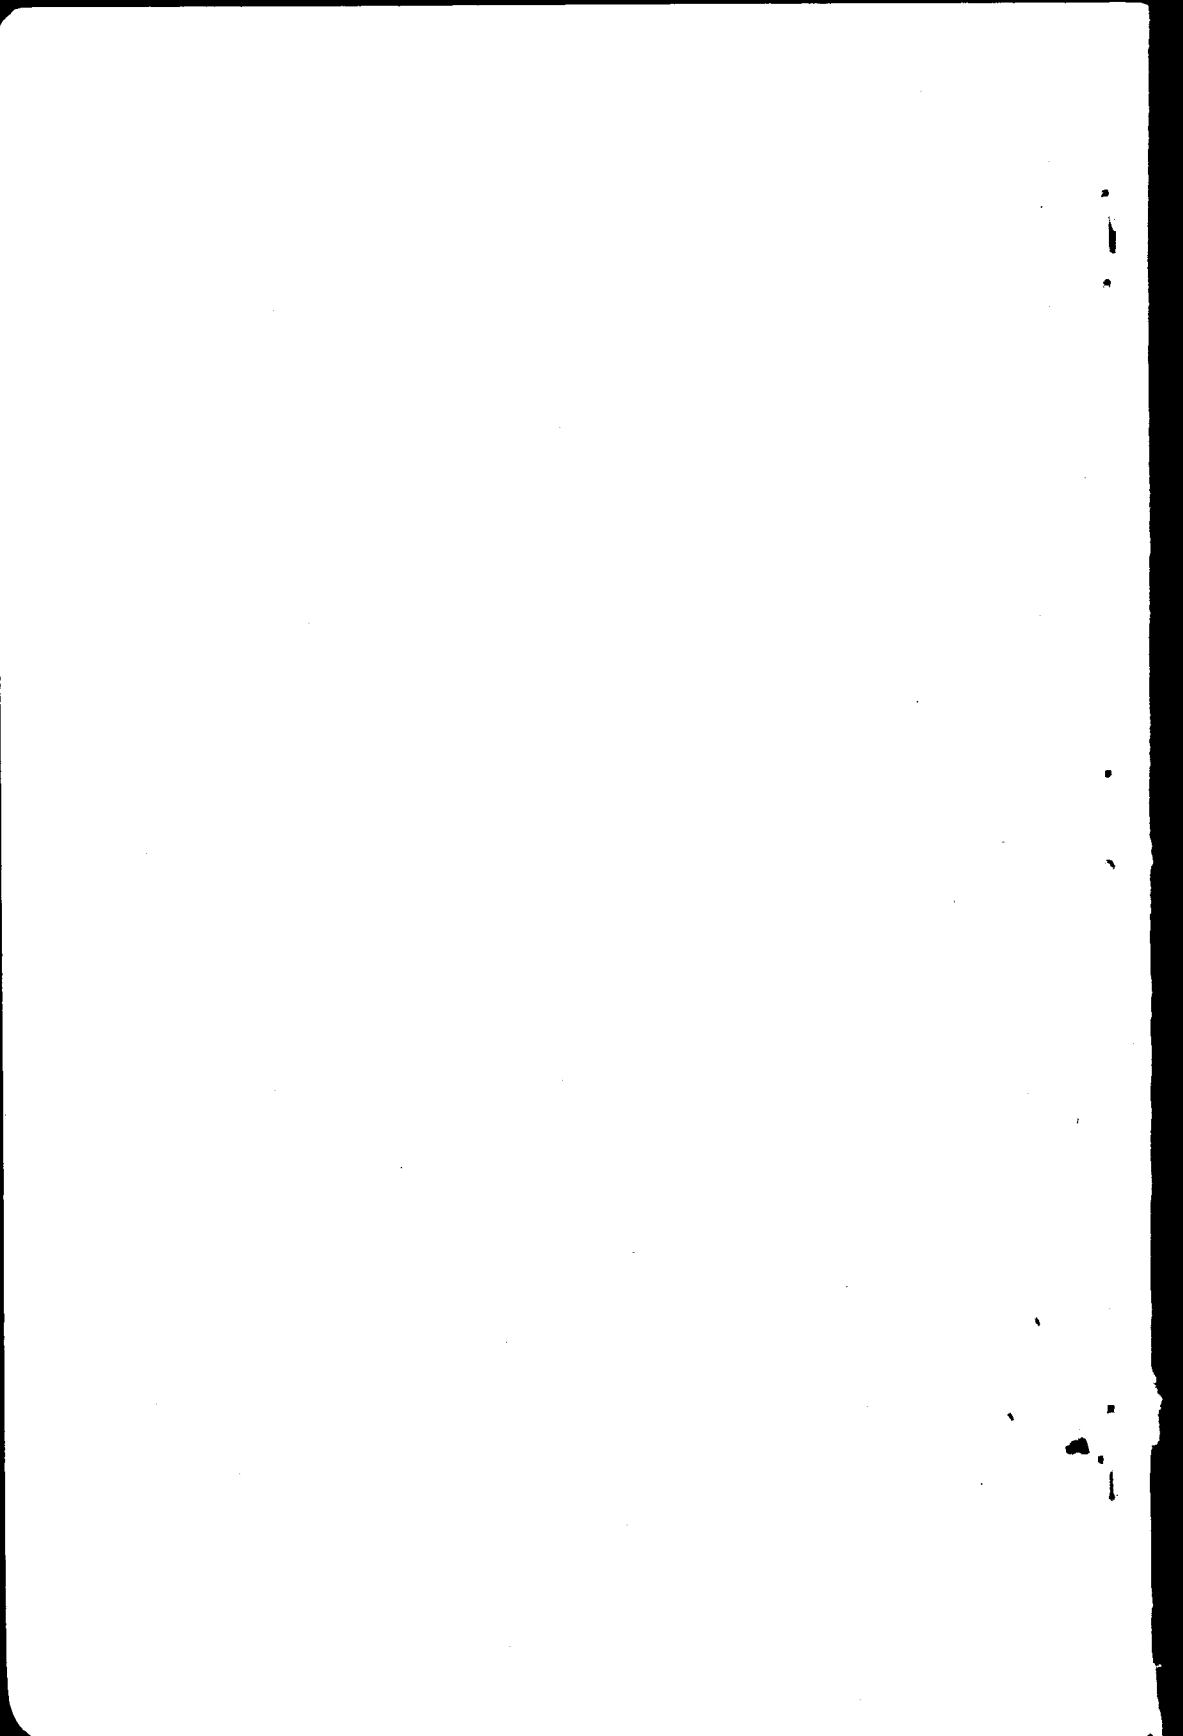

Respectfully submitted,

THOMAS W. LEGGETT,  
State Bank Commissioner.
