LETTER OF TRANSMITTAL

OFFICE OF THE SUPERINTENDENT OF BANKS,
SAN FRANCISCO, October 11, 1937.

*To His Excellency, FRANK F. MERRIAM,
Governor of California,
Sacramento, California.*

SIR: In accordance with the provisions of the Bank Act of the State of California, I have the honor to submit to you a report of this office for the fiscal year ending June 30, 1937.

The state banking system comprises 322 banking units, consisting of 93 departmental banks, 189 branch banks, 14 exclusive savings banks, 13 trust companies and 13 commercial banks. One new bank was chartered during the year and several permits were issued for the organization of banks which are now under way.

The banks in the state system have shown a steady increase in resources and deposits, and the examiners of this office report them in good condition. The depositors in state banks are fully protected by ample assets and public confidence is well founded. The total of resources, as of June 30, 1937, was \$1,326,475,098.30. Notwithstanding the fact that twelve small banks were sold to national banks and one bank was voluntarily closed, the total increase in assets during the year was \$6,441,274.23 and the 133 banks now in the state system show the remarkable increase of \$23,424,193.39. The total deposits is the great sum of \$1,028,256,699.92.

This office not only has jurisdiction over state banks, but also has jurisdiction over the trust departments of twenty-four national banks in this state which are authorized to do business under the laws of California.

BOND CERTIFICATION

This office is authorized to investigate proposed bond issues and certify them as legal for the investment of funds of savings banks. Great care has been exercised to certify only those bonds which are sound. The last Legislature passed a number of bills making certain bonds legal for savings. Such bills were passed without investigation and were promptly vetoed by you, as your experience as a bank president had shown you the importance of great care in such matters. You advised the authors of these bills to apply for investigation and certification by this office; hence, new bills were passed making such provision and were signed. The confidence in this office thus shown by you is appreciated by me and by the members of this office.

During the year the following issues have been certified:

July	3, 1936.	Santa Barbara Telephone Co. Series C, 3½'s-----	\$1,460,000
July	31, 1936.	Pacific Gas & Electric Company, Series H, 3¼'s---	30,000,000
Sept.	2, 1936.	California Water Service Company, Series B, 4's	10,000,000
Nov.	20, 1936.	Merchants Fireproof Bldg. Co., 5's-----	900,000
Dec.	16, 1936.	Hollywood Knickerbocker Inc., 6's-----	580,000
Jan.	12, 1937.	Pacific Gas & Electric Co., Series "I," 3½'s-----	35,000,000
Jan.	16, 1937.	The Emporium Capwell Co., 4's-----	2,000,000
Jan.	27, 1937.	San Jose Water Works, Series A, 3¼'s-----	2,051,000
Mar.	23, 1937.	Southern California Water Company, Series of 1960, 4½'s-----	3,400,000
May	10, 1937.	Earl Fruit Company, 5½'s-----	2,500,000
June	8, 1937.	San Jose Water Works, Series A, 3¼'s-----	1,022,000
June	24, 1937.	Florida Power Corporation 4's, Series C-----	10,000,000
			<hr/> \$98,913,000

During the year certificates extending the period of legality of bond issues totalling \$547,244,500 have been issued.

ECONOMIES EFFECTED

The Bank Act provides that each bank shall pay annually a sum not to exceed one one-hundredth of one per cent of its individual deposits and total capital stock to provide a fund for maintaining this office. By reducing expenses and by using a portion of the surplus available in the banking fund, it was possible last year and the year before to reduce the assessment levied on banks for the support of this office to one-half of the rate previously levied. This year the assessment is again fixed at one two-hundredth of one per cent.

Nine positions have been eliminated during my term, at a savings of \$22,140 a year, and the highest efficiency has been maintained. In fact this office is now doing more work with fewer employees. The elimination of dead wood and the rewarding of efficient employees have again proved that economy and efficiency can go hand in hand. A large saving has been effected by economy in traveling, reduction in rent, smaller telephone and telegraph costs, and keeping other expenses at a minimum.

OFFICE QUARTERS

The present headquarters of this office in San Francisco is located in the heart of the financial district, opposite the Federal Reserve Bank building. It is in a convenient place for those doing business with this office. The entire fourth floor of the building is occupied, with light and air from four sides. The office is plainly furnished and is well arranged for efficient and economical administration. Office equipment has been kept in good repair and new machines have replaced worn out ones. The saving in rent for the past three years has been six thousand dollars. The increase in efficiency at the new quarters has resulted in further economy.

The Los Angeles office is located in the State Building at the Civic Center of that city and economy in administration has been effected there. In Sacramento the office is located in the center of the financial district in the same office where several banks are being liquidated, thus saving rent and other charges.

BANK LIQUIDATIONS

Assets of closed banks have been disposed of in a satisfactory manner and a large number of dividends paid. When a dividend is paid, a statement is mailed to each depositor giving full information in regard to the progress of liquidation. These statements, containing a list of receipts and disbursements, assets and liabilities, estimated recovery value of assets, compromises and other information, are welcomed by depositors who prior to this administration received no such reports, as a policy of silence was maintained.

All sales and compromises are made under orders of the Superior Court after a public hearing has been given. At such hearing other bids may be tendered or objections raised. Liquidation has been delayed by legislation, both national and state. Borrowers seem to be more active in impressing legislators than the depositors who advanced the money for the loans to these borrowers.

The Supreme Court in the Michel case upheld the right of the Superintendent of Banks under the 1931 statute to sue stockholders of defunct banks for 100 per cent assessment, but a large number of stockholders are fighting levies on various technicalities and this has materially delayed the final liquidation of many banks.

The number of special deputies in liquidating banks has been reduced from 24 to eight by consolidating several banks under a single deputy. This has resulted in material economy of operation and greater efficiency.

LIQUIDATIONS COMPLETED

During the year the liquidation of the following banks was completed and final dividends paid upon order of the Superior Court of the county where the bank was located:

	<i>Paid final dividend</i>	<i>Percentage of recovery Commercial</i>	<i>Savings</i>
Coachella Valley Bank, Thermal-----	7- 2-36	100	100
Holtville Bank-----	7-11-36	68½	67
California Commercial & Savings Bank, San Diego--	8-28-36	41½	75½
Bank of West Hollywood-----	12-17-36	48	48
Bank of Oakley-----	1-22-37	63	78¾
Elsinore State Bank-----	4- 7-37	46	53
State Bank of Manhattan Beach-----	6- 1-37*	40	52
Bank of Esparto-----	7-31-37	66¾	86
First State Bank, San Juan Capistrano-----	8-27-37*	51	80
Bank of Commerce (LA)-----	9-30-37*	85	80
San Fernando Valley Bank-----	9-30-37*	62	90
Bank of East San Diego-----	10-12-37*	31	41

* Special dividend from collections from stockholders paid to depositors whose liability accrued after August 14, 1931. This was in addition to dividends paid from general assets as noted.

EXPENSE STATEMENT

A statement of the income and expense of this office for the past fiscal year and the tables heretofore referred to will be found in the following pages. This financial statement has been verified by the office manager.

EMPLOYEES COMMENDED

In the administration of this office, the intelligent cooperation and loyal support of the employees have been shown by the fact that as resignations or eliminations have occurred, the remainder of the staff have worked more efficiently. Their faithful devotion to the public welfare is to be commended and from time to time increases in salary have been recommended. Every employee in this department is under Civil Service.

COOPERATION APPRECIATED

The sympathetic cooperation extended to me in administering this difficult position by Your Excellency is deeply appreciated. Without such cooperation I could not have gained the support of the bankers in the state system and the approval of the depositors whose investments it is my first duty to guard.

Respectfully submitted.

FRIEND W. RICHARDSON,
Superintendent of Banks.
