OFFICE OF THE BOARD OF COMMISSIONERS OF SAVINGS BANKS,
STATE HOUSE, BOSTON, MASS., Jan. 18, 1896.

To the Honorable the Senate and House of Representatives in General Court assembled.

The Board of Commissioners of Savings Banks, in accordance with the provisions of chapter 126, Acts of 1890, presents Part II. of its twentieth annual report, showing the condition at the close of business Oct. 31, 1895, of the following institutions, viz.:—

119 co-operative banks with assets of	\$20,552,667 11
2 collateral loan companies with assets of	428,108 60
1 mortgage loan company with assets of	819,386 75
1 mortgage loan company in hands of a receiver.	

CO-OPERATIVE BANKS.

Permission has been given during the year to organize the following banks, viz.:—

The Brookline Co-operative Bank, located at Brookline; commenced business May 2, 1895.

The Groveland Co-operative Bank, located at Groveland. This bank did not commence business until November, consequently no return is included in this report.

The Adams Co-operative Bank, located at Adams. No action in regard to organization has yet been taken.

The whole number of co-operative banks doing business in this Commonwealth on Oct. 31, 1895, was 119, an increase since Oct. 31, 1885, of 89, and since Oct. 31, 1890, of 16.

SHARES MATURED.

During the year thirteen banks have each had two series and seven banks have each had one series of shares mature; the number of months between the dates of issue and the date of maturity in the several banks was as follows:—

The average time of maturity was $138\frac{1}{3}$ months.

The Taunton Co-operative Bank retired all its shares in the fourth series before maturity, and though returned to this Board as shares matured, they are not so treated in the foregoing tabulation.

The total number of shares matured was 1,523, of the aggregate value of \$308,267.92, equivalent to \$202.41+ per share; of the aggregate value, the amount of \$210,304 represents the dues accumulated on said shares, the balance of \$97,963.92 being the profits credited to the shares during their life, an average of \$64.32 to each.

Of the shares matured, 388 were pledged for real estate loans, 241 were pledged for loans on shares, 894 were unpledged.

These shares were distributed among 381 holders, an aver-

age of 4 to each. Of the holders, 125 were borrowers; the remainder, 256, were non-borrowers.

The number of loans cancelled by the maturing of the shares was 74 loans on real estate, amounting to \$74,530, and 94 loans on shares, amounting to \$30,445.

The following table gives full details of the shares matured during the year, together with the names of the banks in which said maturity was reached:—

PROFITS DISTRIBUTED.

The following table gives the rate per cent. at which profits have been distributed during the year : —

1 bank distributed profits at the rate of	.	.	4 $\frac{1}{2}$ per cent.
3 banks distributed profits at the rate of	.	.	5 "
1 bank distributed profits at the rate of	.	.	5 $\frac{1}{4}$ "
6 banks distributed profits at the rate of	.	.	5 $\frac{1}{2}$ "

4 banks distributed profits at the rate of	.	.	7 "
1 bank distributed profits at the rate of	.	.	7 $\frac{3}{4}$ "

In the computation of dividends a few banks have failed to comply with the rule prescribed by this Board, and have been notified that a strict compliance therewith will be required hereafter.

That the co-operative banks have met the same experience as have the savings banks, and been compelled to accept lower rates for money, is evidenced by the fact that, while in 1894 fifty-one banks divided profits at rates in excess of six per cent., only thirty-one banks have been able to do so the past year.

The fact that investments in the co-operative banks have heretofore earned higher rates of interest than those in the savings banks has induced some parties to freely invest in the former, and the limit by statute of the holding of any one member to twenty-five shares has proved to be a wise condition.

BUSINESS OF THE YEAR.

During the year ending Oct. 31, 1895, the 119 banks received \$5,404,195.98 as dues paid; \$1,124,865.86 for interest paid; \$65,238.69 for premiums paid; and \$39,775.24 for fines.

During the same period there was returned to members \$2,341,237.14 for dues on shares withdrawn; \$36,082 for dues on shares forfeited; \$1,255,277 for dues on shares retired; and \$209,825 for dues on shares matured, — a total of \$3,842,421.14, which represents actual savings of members paid back; in addition to which the same members received the amount of \$750,-101.65, which represents the earnings of those savings.

The number of shares issued during the year was 126,674, the number cancelled being 99,228, viz. : —

Shares withdrawn,	80,703
Shares forfeited,	1,613
Shares retired,	15,389
Shares matured,	1,523

SHARES RETIRED.

As was the case in the year preceding, several banks have retired shares in addition to the number required by statute. This course became necessary in consequence of their inability to loan the moneys accumulated. This action is commendable, for if a co-operative bank is to achieve a proper success its capital ought to be invested immediately upon its receipt, and if such investment cannot be made in secure loans on property in the town or city where the bank is located the idle capital should be eliminated; otherwise it becomes a drag upon the borrowing members by sharing in profits in the earning of which it has had no part.

The investment, other than temporarily, in municipal bonds bearing a low rate of interest also works an injustice to borrowing members, although not to the same extent as when capital lies idle.

When a bank has to invest its funds in such securities it has outgrown its usefulness as a co-operative bank and is encroaching on the business of the savings banks, and in such cases it has been suggested by this Board that the bonds be sold and the avails thereof distributed by the retirement of shares.

That provision of the statute, by which under certain circumstances a fixed proportion of shares must and others may be retired, is a wise and conservative measure, and in its practical workings has demonstrated its beneficial effect to the banks; *first*, by enabling them to meet the payment of shares at maturity without delay or annoyance; and *second*, by furnishing an easy, fair and direct method of disposing of unemployed funds.

RECEIPTS AND DISBURSEMENTS.

The following table exhibits a consolidated statement of the receipts and disbursements of all the banks during the year; as has been the custom heretofore these are entered in detail.

			\$12,796,809 56
	\$12,796,809 56		

A comparison of the foregoing table with the similar one for the year ending Oct. 31, 1894, shows an increase of \$271,-865.30 in dues received and a decrease of \$162,943 33 of dues disbursed.

The sum disbursed for real estate taken by foreclosure, say \$183,120.83, is in excess of the same item in the previous table by \$16,501.81, and tends to confirm the remarks in the last report that "in some of the banks there may have been a want of proper care in granting applications for loans."

The item of receipts for real estate disposed of presents a more pleasing record than in the previous table, inasmuch as it shows an increase of \$30,748.17.

The sum disbursed for bonds and notes, say \$151,208.75, is \$85,433.77 in excess of the sum disbursed in 1894.

The amount charged for expenses is considerably in excess of the sum charged the previous year; nevertheless, the banks have been as economically conducted, as is shown by the fact that the expenses for the year are only in the ratio of $\frac{4.90}{1000}$ of one per cent. of assets or of $\frac{5.85}{1000}$ of one per cent. of dues capital, as against $\frac{5.05}{1000}$ and $\frac{6.01}{1000}$, respectively, the year previous.

A consolidated balance sheet, giving in detail the aggregate assets and liabilities of all the banks, is presented below.

Consolidated Balance Sheet Oct. 31, 1895.

		Sundries,	3,092 81
	\$20,552,667 11		\$20,552,667 11

A comparison of the above sheet with that for the year ending Oct. 31, 1894, shows an increase in dues capital of \$1,573,246.72; in profits capital, of \$374,832.16; and in total assets, of \$1,967,995.98.

Loans on real estate have increased \$1,836,809.42; loans on shares, \$66,599.68, — a total increase in loan account of \$1,903,409.10.

Bonds and notes have increased \$51,739.65. This fact adds emphasis to what is said in another part of this report that some of the banks have accumulated funds in excess of the legitimate demands for loans, and have in consequence been obliged to seek investments in other channels.

The amount of cash on hand is \$33,869.57 less than shown in the previous statement; of the cash on hand, \$795,397.03, the sum of \$277,523.62 is reported as sold and \$13,379.95 is due

on loans already charged at their full amount. It will be seen, therefore, that \$504,493.46 remains uninvested.

The surplus and guaranty funds now amount to \$235,791.09, an increase of \$36,154.61 as compared with the previous year.

The unpaid interest, premiums and fines amount to \$93,-755.87, an excess of \$7,372.61 over the preceding year. Unpaid dues are also in excess of last year in the sum of \$2,273.88. These figures would seem to indicate that the conditions which existed a year ago and affected the ability of borrowers to meet their engagements have not been improved.

Mortgages on real estate (usually taken in part payment of estates sold by the banks) have decreased \$11,925.04.

The item of real estate held by foreclosure is \$45,413.36 in excess of last year, and now amounts, as shown in the table, to \$184,550.28, the amount being divided among 41 banks. The increase of the past year has been in about the same proportion as in the year previous, say $32\frac{1}{2}$ per cent.,—and that, too, notwithstanding the larger sales, referred to heretofore, reported during the year.

This statement ought to impress the managers of all the banks, and more especially those holding the property, of the absolute necessity of greater caution in granting loans. The banks holding estates under foreclosure have been requested to make special returns to this Board in relation thereto, and from these it is ascertained that the parcels so held, and which now stand on the books of the banks at \$184,550.28, were originally represented by 100 loans, amounting to \$181,900, and also that of these loans only 26 in number, amounting to \$53,450, were on property in the city or town where the banks are located; the other 74, amounting to \$128,450, is on property outside of such limits.

The payment of dues on the shares pledged for the loans ranged from one month to 81 months.

When a bank thus seeks loans on property at a distance from its place of business it at once departs from the well-founded idea that a co-operative bank should be a local institution, and, to a limited extent it is true, follows the plan of the national associations, no stronger opponents of which system can be found than are the officials of our own institutions.

FORFEITED SHARES.

The provisions of the statute in relation to the forfeiture of shares, in that portion which prescribes the value at which they shall be credited to the owner, seem unjust, inasmuch as it is possible for a holder to lose an entire year's interest on his holdings, in addition to the fines and withdrawal profits charged to him.

The amendment of this portion of the statute is suggested as a measure in the interest of the shareholders.

WITHDRAWAL PROFITS.

This question was brought to the attention of the General Court at its session of 1893, but the hearings upon the subject developed very great difference of opinion on the part of the representatives of the banks as to the proper solution of the question, and no action was taken regarding it.

Since that time it has continued to be a subject for discussion as well among the officials of the banks as with the shareholders, and the trend of opinion seems to be towards a modification of the plan in most common practice, which is the deduction of 25 per cent. of the profits upon all withdrawals without regard as to the time the shares have been in force.

In the case of the shareholder who, after several years of persistent effort and economy, finds himself from illness or other causes compelled to withdraw his savings the enforcement of the practice to the extent mentioned becomes a very serious matter.

The withdrawing member has during his membership contributed his proportion of the expenses incurred and of the guaranty fund and surplus retained to meet anticipated losses, and the infliction of an added penalty in the shape of a discount on his share of the accrued profits seems as uncalled for as it is unjust, and the result is simply to enrich his more fortunate associates who continue to hold their shares.

As under the statute the banks are required after shares have been in force five years to annually retire a certain portion of all unpledged shares at their full book value, there would seem to be good reason why the law should be amended so as to require upon the voluntary withdrawal of any such shares the

payment of their full holding value, as is required in the case of shares retired. This would, we think, tend to increase the voluntary withdrawals of such shares, and thus prevent the necessity of enforcing the withdrawal of as many shares as would otherwise be required.

In a bank which makes dividends each half year at the rate of 6 per cent. and reserves 25 per cent. of the profits on all withdrawals, the advantage which the member whose shares are retired has over the one who voluntarily withdraws is illustrated in the following statement:—

		Value paid on a share retired.	Amount paid on a share withdrawn.	Loss per Share to withdrawing Members.
On shares in force	60 months,	\$69 93	\$67 45	\$2 48
" " " "	66 "	78 13	75 10	3 03
" " " "	72 "	86 57	82 93	3 64
" " " "	78 "	95 27	90 95	4 32
" " " "	84 "	104 23	99 17	5 06
" " " "	90 "	113 46	107 60	5 86
" " " "	96 "	122 96	116 22	6 74
" " " "	102 "	132 75	125 06	7 69
" " " "	108 "	142 83	134 12	8 71
" " " "	114 "	153 22	143 42	9 80
" " " "	120 "	163 92	152 94	10 98
" " " "	126 "	174 94	162 71	12 23
" " " "	132 "	186 29	172 72	13 57
" " " "	138 "	197 98	182 99	14 99

The effect of a system such as is herein illustrated is, we believe, demoralizing, inasmuch as it furnishes temptation to managers to delay as long as practicable the retirement of shares, in order that the number of shares to be retired may be reduced as far as possible by the shares withdrawn, the discount on which would serve to increase the profits of the year.

The Board is of the opinion that the law should be amended so that if any portion of the profits are to be retained, it should provide for a maximum amount which might be charged on shares withdrawn, and would suggest the following schedule, viz.:—

On shares of not exceeding one year's standing, not exceeding 25 per cent.	
On shares exceeding one but not exceeding two years' standing, not exceeding	20 " "
On shares exceeding two but not exceeding three years' standing, not exceeding	15 " "

On shares exceeding three but not exceeding four years' standing, not exceeding 10 per cent.
 On shares exceeding four but not exceeding five years' standing, not exceeding 5 " "
 On shares exceeding five years' standing, no charge to be made.

ANNUAL RETURNS.

The law providing a penalty for neglect to make return within the specified time, extended to November 30th by the terms of the same statute, was in effect for the first time the past year.

With two exceptions, the returns were all in within the limit; the secretaries of the two banks which failed to make the returns at the time named were notified specially, and afterward called upon by a messenger from this office; but failing to have the returns made promptly the matter was brought to the attention of the Attorney-General, as provided in section 9, chapter 116, P. S., and the amount of penalty incurred is in process of collection.

COLLATERAL LOAN COMPANIES.

The two companies coming under this head, viz. :

THE COLLATERAL LOAN COMPANY, and

THE WORKINGMEN'S LOAN ASSOCIATION, both of Boston,

were examined as usual by an expert accountant, who verified their accounts, and in the case of the former company, required the production of the pledges for many of the loans.

The annual returns of the two companies were in each case attested to by the State director thereof.

The company first named has authority to establish two branch offices, but as yet has not availed itself of the privilege; the expert examiner reports that this company during the year made 35,432 loans, the average amount being \$16.78 each, the average time taken on the loan being four and one-half months; he also reports the amount of loans closed out by auction during the year to be about $4\frac{4}{10}$ per cent. of the entire amount loaned, which last statement seems to disprove the prevalent idea that a large portion of its loans are not paid.

The loans of the Workingmen's Loan Association, which are mostly upon mortgages of household furniture, amounted in number to 1,871 and averaged \$88.48 each, the average time taken on the loans being about one year and twenty days.

These companies appear to meet the wants of a class in the community in a better manner and at a lesser cost than could be obtained otherwise.

FOREIGN COMPANIES.

A number of companies organized in other States have made inquiries as to the conditions upon which they might be permitted to transact business within this Commonwealth; upon being informed as to the provisions of the statute bearing upon the question, only one was again heard from. That company made a formal application in July last for permission to transact business in this Commonwealth; at the time of its application it had not begun active business; subsequently it exhibited a statement of business transacted up to August 31.

The Board having made a careful study of its application, found its plan of operation so much at variance in many particulars from that of similar institutions organized in this Commonwealth, that it was deemed unnecessary to give any hearing on the application, and it was not granted.

In arriving at this decision the Board believes it acted for the best interests of the public generally, as well as for the protection of the present co-operative banks organized for the transaction of business under the carefully considered and well tested statute of this Commonwealth.

The granting of a license by this Board to this company to transact business in this Commonwealth would have enabled it to establish branches in every city and town therein, and to do business upon a plan radically different from that laid down for our own companies. The Board is of the opinion that a granting of the application might well have been considered as an usurpation on its part of the legislative power.

If there be any general desire on the part of our citizens for radical changes in the plans of co-operative banking in this Commonwealth, which the Board does not believe there is, it is our opinion that such changes should be effected by legislative action, and not through the medium of this Board.

Of the companies heretofore licensed, the following continue to transact business in the Commonwealth, viz. :—

THE MINNESOTA SAVING FUND AND INVESTMENT COMPANY, and
THE SECURITY SAVINGS AND LOAN ASSOCIATION, both of Minne-
apolis, Minn.

The former has agencies for receiving money in five cities and towns, the latter in twenty-eight.

The amount of money reported by the two companies as collected in the Commonwealth for the year ending Oct. 31, 1895, was \$90,485.55; the amount paid back to withdrawing members was \$56,064.60, the deposit in the State treasury having been increased in the sum of \$6,528.82 and now is as follows:—

Minnesota Saving Fund and Investment Company,	\$59,110 08
Security Savings and Loan Association,	70,853 79

These companies are required to make monthly returns to this Board, and to send copies of such yearly or half yearly reports as are required to be made to the State authorities of Minnesota.

So far as we are advised, the managing officers are men of good standing; the details of the business, however, are conducted so far away that beyond this the Board has little knowledge.

The American Building Loan and Investment Society of Chicago was enjoined from doing business and its license revoked Dec. 21, 1893, and is still in the hands of Receiver W. K. Sullivan, who reports having paid a dividend of 20 per cent. to Massachusetts shareholders out of the moneys deposited in the State treasury, and a like dividend to the other shareholders out of the general assets of the company; this dividend and the costs attending the liquidation of the company's affairs here virtually absorbed the whole of the sum in the State treasury; what little remains, it is proposed to ask the court to allow to be transferred to the general assets of the company in Illinois, when another dividend, probably of 7 per cent., will be made to all the creditors.

What the final result will be cannot be foretold; the receiver expresses his intention to be to make dividends in the future as fast as the liquidation of assets will permit.

The value of the deposits required to be made in the State treasury, by companies such as herein referred to, as a security for claims of Massachusetts shareholders, does not prove to be, in the case of the American Society, the guaranty which was hoped for it.

The co-operative banking of this Commonwealth rests on such a secure basis, and is so carefully guarded by judicious legislation, any slight defects in which are quickly remedied as soon as noted, that it seems uncalled for to admit any more companies organized or incorporated in other States to do such business here. If parties desire to invest their money in such companies, they should be allowed to seek the companies where they are located, and the agents of the companies should not be given the privilege of soliciting investments in every channel which seems open to them.

Should this view meet the approval of the General Court, it will be requisite to amend chapter 310, Acts of 1890, accordingly.

MORTGAGE LOAN COMPANIES.

The companies under the supervision of this Board at the date of its previous report, were

THE NATIONAL MORTGAGE AND DEBENTURE COMPANY and
THE GLOBE INVESTMENT COMPANY, both of Boston.

The former company has continued the liquidation of its affairs; progress in this direction has been slow, and considerable time must elapse before its completion can be expected.

GLOBE INVESTMENT COMPANY.

This Board made petition to the Supreme Judicial Court August 9 last, for an injunction restraining this company from the further prosecution of its business, and for the appointment of a receiver therefor, and a hearing thereon was ordered to take place September 6.

During the period which elapsed between the filing of the petition referred to, and the granting thereof, several parties representing individuals and national banks having claims against the company, called upon the Board and requested that it use its influence before the court to secure the appointment of the treasurer, J. Lowell Moore, as receiver, either alone, or acting in conjunction with some other person. This the Board declined to do, and suggested the name of Mr. Henry A. Wyman, which suggestion was adopted by the court, and he was appointed receiver.

Up to this time, the Board did not question the integrity of any of the officers of this company; repeated inquiries had been made in various directions, and invariably the replies indicated the highest opinion of the honesty of the officials, especially the president and treasurer, and as the holders of the company's securities received their interest regularly, they made no complaints or inquiries in regard to the company, and no suggestion of any irregularities was broached by any one.

It is true that the expert who has every year examined the books and securities of the company called the attention of the Board to some entries made thereon at the time of closing the books each year, and suggested that they should be explained. Acting upon this suggestion, the Board, in company with the expert, had a lengthy interview with the president and treasurer of the company, who explained verbally, and afterward in writing, their reason for making the entries, which upon their representation of the case appeared proper.

Immediately upon his appointment, the receiver secured the services of some of the company's former clerks to aid him in getting at the condition of the business, and soon after, from a casual remark of one of them, the suspicions of the receiver were aroused as to whether or not false entries might have been made in the books, and continued inquiries resulted in securing certain books or sheets which had not previously been seen or heard of by the expert and which purported to represent transactions with the Globe Investment Company of Nebraska (over which company this Board had no control or supervision).

Whether these sheets represent actual transactions with that company or were used merely to conceal the true condition of the Massachusetts company is not fully determined.

Upon being made acquainted with the discovery, the Board at once secured the services of the expert to aid the receiver in his investigation of the matter.

It has been ascertained that loans have been collected and the amounts, instead of being paid to the holders of the mortgages, have been used in the general business of the company.

It was not possible for this Board or its expert to follow in detail the ramifications of the company's real estate transactions in the ten or more States and the one hundred and twenty-nine counties thereof in which loans had been placed, and the managing officers availed of their good standing in the community to deceive not only this Board, but shrewd officials of national banks here and of savings banks in other States and their foreign correspondents. That their English correspondents, who were frequently brought into personal contact with President Mason, and whose managing partner visited this country late in the year 1894, and spent several weeks in investigating the

affairs of the company both here and in the West, failed to detect any irregularities would seem to be evidenced by the fact that the firm's eminent counsel here persisted, without success however, in the attempt to secure the appointment by the court of the treasurer of the company, Mr. Moore, as co-receiver with Mr. Wyman.

Acting in conjunction with the receiver, this Board has secured the criminal prosecution of the president and treasurer of the company, both of whom are now under indictment for embezzlement.

The result of this company's business, so much to be regretted, fully evidences the truth of the statements made by this Board in its report of 1890 and repeated in that of 1891, that the character of the business was such it was "utterly impossible for the Board to gather full and accurate information regarding its methods, value of securities and ability to meet all its engagements."

No accurate statement of the company's assets and liabilities has yet been arrived at, consequently none is published.

CONCLUSION.

The financial statements and statistics of the several institutions are contained in the following pages.

The statutes governing the co-operative banks and the mortgage loan and investment companies are printed in the Appendix.

[As amended by Acts of 1890, Chapter 243, and Acts of 1883, Chapter 98.]

SECTION 1. Twenty-five or more persons who associate themselves together by an agreement in writing with the intention of forming a corporation for the purpose of accumulating the savings of its members paid into such corporation in fixed periodical instalments and lending to its members the funds so accumulated shall, by and with the consent of the board of commissioners of savings banks, become a corporation upon complying with the provisions of the three following sections.

Corporations for accumulation of savings of members and lending funds to members.

SECT. 2. The agreement shall set forth the fact that the subscribers thereto associated themselves with the intention of forming a corporation; the name by which the corporation shall be known; the purpose for which it is formed; the town or city, which shall be within this Commonwealth, in which it is located; and the limit of capital to be accumulated.

apply to such corporations, except that, in the certificate signed by the secretary of the Commonwealth, the limit of capital to be accumulated, as fixed in the agreement of association, shall be inserted, instead of the amount of the capital, that the certificate required by said section twenty-one to be filed and recorded may be signed and sworn to by the presiding and financial officers, and a majority at least of the officers possessing the powers of directors by whatever name they may be called, and that the fees to be paid for filing and recording the certificates required by said section twenty-one, including the issuing of the certificate of organization, shall be five dollars.

Limitation of capital.

The limitation of capital to be accumulated in any co-operative bank now organized or hereafter formed under the provisions of chapter one hundred and seventeen of the Public Statutes shall be held to apply to capital actually paid in, and no such bank shall be restrained from issuing shares so long as the capital actually paid in on shares is not in excess of one million dollars.

The directors may, at their discretion, under rules made by them, retire the unpledged shares of any series at any time after four years from the date of their issue, by enforcing the withdrawal of the same; but whenever there shall remain in any series, at the expiration of five years after the date of its issue, an excess above one hundred unpledged shares, then it shall be the duty of the directors to retire annually twenty-five per centum of such excess existing at said expiration of five years after the date of its issue, so that not more than one hundred unpledged shares shall remain in such series at the expiration of nine years from the date of its issue, and thereafter the directors may in their discretion retire such other unpledged shares as they consider the best interests of the bank to require: *provided*, that whenever under the provisions of this section the withdrawal of shares is to be enforced the shares to be retired shall be determined by lot, and the holders thereof shall be paid the full value of their shares, less all fines and a proportionate part of any unadjusted loss; *provided also*, that shares pledged for share loans shall be treated as unpledged shares.

When a share or shares are held by any one in trust for another, the name and residence of the person for whom such share or shares are held shall be disclosed; and the account shall be kept in the name of such holder as trustee for such person; and, if no other notice of the existence and terms of such trust has been given in writ-

HOW MONEYS MAY BE LENT OR INVESTED.

(P. S., Chapter 117, Section 10.)

[As amended by Acts of 1890, Chapter 78.]

SECT. 10. The moneys accumulated, after due allowance made for all necessary and proper expenses and for the withdrawal of shares, shall, at each stated monthly meeting, be offered to the members according to the premiums bid by them for priority of right to a loan. Each member whose bid is accepted shall be entitled upon giving proper security to receive a loan of two hundred dollars for each share held by him, or such fractional part of two hundred dollars as the by-laws may allow. If a

balance of money remains unsold after a monthly sale, the directors may invest the same in any of the securities named in the second clause of section twenty of chapter one hundred and sixteen,* or may loan the same upon the shares of the corporation, on the approval of the directors or investing committee thereof, at the highest rate paid at the last preceding monthly sale of such moneys.

PREMIUMS ON LOANS.

(P. S., Chapter 117, Section 11.)

Premiums.

SECT. 11. Premiums for loans shall consist of a percentage charged on the amount lent in addition to interest, and shall be deemed to be a consideration paid by the borrower for the present use and possession of the future or ultimate value of his shares, and shall, together with interest and fines, be received by the corporation as a profit on the capital invested in the loan, and shall be distributed to the various shares and series of said capital as hereinafter provided.

INTEREST ON LOANS.

(P. S., Chapter 117, Section 12.)

Interest.

SECT. 12. A borrowing member, for each share borrowed upon, shall, in addition to his dues and monthly premium, pay monthly interest on his loan at the rate of six per cent. per annum until his shares reach the ultimate value of two hundred dollars each, or the loan has been repaid; and when said ultimate value is reached, said shares and loan shall be declared cancelled and satisfied, and the balance, if any, due upon the shares shall be paid to the member.

(Acts of 1882, Chapter 251, Section 2.)

Bids for loans may be at a rate of interest instead of premium.

Any corporation organized under said chapter one hundred and seventeen may provide in its by-laws that the bid for loans at its stated monthly meeting shall, instead of a premium, be a rate of annual interest upon the sum desired, payable in monthly instalments. Such bids shall

include the whole interest to be paid, and may be at any rate not less than five per centum per annum.

LOANS.

(P. S., Chapter 117, Section 13.)

[As amended by Acts of 1894, Chapter 342.]

SECT. 13. For every loan made a note shall be given, Security. accompanied by a transfer and pledge of the shares of the borrower, and secured by a mortgage of real estate situated in this Commonwealth, unencumbered by any mortgage or lien other than such as may be held by the bank making the loan. The shares so pledged shall be held by the corporation as collateral security for the performance of the conditions of said note and mortgage. Said note and mortgage shall recite the number of shares pledged and the amount of money advanced thereon, and shall be conditioned for the payment at the stated meetings of the corporation of the monthly dues on said shares, and the interest and premium upon the loan, together with all fines on payments in arrears, until said shares reach the ultimate value of two hundred dollars each, or said loan is otherwise cancelled and discharged: *provided*, that the shares without other security may in the discretion of the directors be pledged as security for loans, to an amount not exceeding their value as adjusted at the last adjustment and valuation of shares before the time of the loan.

If the borrower neglects to offer security satisfactory to the directors within the time prescribed by the by-laws, his right to the loan shall be forfeited, and he shall be charged with one month's interest and one month's premium at the rate bid by him, together with all expenses, if any, incurred; and the money appropriated for such loan may be re-loaned at the next or any subsequent meeting.

Neglect to offer satisfactory security to forfeit right to loan, etc.

PAYMENT OF LOANS.

(P. S., Chapter 117, Section 14.)

SECT. 14. A borrower may repay a loan at any time, Payment. upon application to the corporation, whereupon, on set-

tlement of his account, he shall be charged with the full amount of the original loan, together with all monthly instalments of interest, premium, and fines in arrears, and shall be given credit for the withdrawing value of his shares pledged and transferred as security; and the balance shall be received by the corporation in full satisfaction and discharge of said loan: *provided*, that all settlements made at periods intervening between stated meetings of the directors shall be made as of the date of the stated meetings next succeeding such settlement; and *provided*, that a borrower desiring to retain his shares and membership may at his option repay his loan without claiming credit for said shares, whereupon said shares shall be re-transferred to him, and shall be free from any claim by reason of said cancelled loan.

Partial payment
of loans on real
estate.

(Acts of 1894, Chapter 342, Section 2.)

Purchase of
money at lower
rates; not to
affect existing
mortgage
contracts.

When a member of a co-operative bank purchases money at a lower rate than that paid by him on an existing loan, secured by a mortgage, for the purpose by him declared of reducing the premium or rate of interest upon said loan, no new mortgage shall be required, but an agreement in writing for the reduction of said premium or rate of interest, signed by said borrowing member and the secretary of the bank, with the written approval of the president, shall be valid, and shall in no respect impair or affect the existing mortgage contract; and thereafter said borrowing member shall make the monthly payments on said loan in accordance with the terms of said agreement, and the sum of money previously so purchased by him may be resold by the bank at the same meeting. The borrower shall be required to give notice to the secretary

before the sale, if he intends to re-buy his money. Nothing in this section shall be construed to exempt the re-borrower from paying the interest and premium for the current month on the loan made by him for the substitution of which the new loan is made.

FINES, FORFEITURE OF SHARES, ETC.

(P. S., Chapter 117, Sections 15, 16.)

[As amended by Acts of 1882, Chapter 251, and Acts of 1885, Chapter 121, Section 4.]

SECT. 15. Members who make default in the payment of their monthly dues, interest and premiums, shall be charged a fine not exceeding two per cent. a month on each dollar in arrears. No fines shall be charged after the expiration of six months from the first lapse in any such payment, nor upon a fine in arrears. The shares of a member who continues in arrears more than six months shall, at the option of the directors, if the member fails to pay the arrears within thirty days after notice, be declared forfeited, and the withdrawing value of the shares at the time of the first default shall be ascertained, and, after deducting all fines and other legal charges, the balance remaining shall be transferred to an account to be designated the "Forfeited Share Account," to the credit of the defaulting member. Said member, if not a borrower, shall be entitled, upon thirty days' notice, to receive the balance so transferred without interest from the time of the transfer, in the order of his turn, out of the funds appropriated to the payment of withdrawals. All shares so forfeited or transferred shall cease to participate in any profits of the corporation accruing after the last adjustment and valuation of shares before said first default.

Fines, forfeiture of shares.

SECT. 16. If a borrowing member is in arrears for dues, interest, premium or fines for more than six months, the directors may, at their discretion, declare the shares forfeited, after one month's notice, if the arrears continue unpaid. The account of such borrowing member shall then be debited with the arrears of interest, premium

and fines to date of forfeiture, and the shares shall be credited upon the loan at their withdrawing value. The balance of the account may, and after six months shall, be enforced against the security, and be recovered as secured debts are recovered at law.

(Acts of 1895, Chapter 172, Section 1.)

Fines.

No member of a co-operative bank whose shares are withdrawn, forfeited or retired, shall be charged with fines upon such shares in excess of the profits distributed thereto, and if no profits shall have been distributed to such shares no fines shall be charged thereon. Nothing herein contained shall prevent a borrowing member being charged with fines according to existing statutes upon interest and premiums in arrears.

BOOKS AND ACCOUNTS.

(P. S., Chapter 117, Section 17.)

Books of account. Duties of treasurer, etc.

SECT. 17. The general accounts of every such corporation shall be kept by double entry. All moneys received by the corporation from each member shall be receipted for by persons designated by the directors, in a pass-book provided by the corporation for the use of, and to be held by, the member; and said pass-book shall be plainly marked with the name and residence of the holder thereof, the number of shares held by him, and the number or designation of the series or issue to which said shares respectively belong, and the date of the issue of such series. All moneys so received shall be originally entered by the proper officer in a book to be called the "cash-book," to be provided by the corporation for the purpose, and the entries therein shall be so made as to show the name of the payer, the number of shares, the number or designation of the series or issues of the particular share or shares so entered, together with the amount of dues, interest, premiums and fines paid thereon, as the case may be. Each payment shall be classified and entered into a column devoted to its kind.

Said cash-book shall be closed after the termination of each stated meeting, and shall be an exhibit of the receipts of all moneys paid at said meeting. All payments made by the corporation for any purpose whatsoever shall be by order, check or draft upon the treasurer, signed by the president and secretary, and endorsed by the persons in whose favor the same are drawn. The name of the payee, the amount paid, and the purpose, object or thing for which the payment is made, together with its date, shall be entered on the margin of said order, check or draft. The treasurer shall dispose of and secure the safe keeping of all moneys, securities, and property of the corporation, in the manner designated by the by-laws, and the treasurer and secretary shall give such security for the faithful performance of their respective duties as the by-laws may direct.

PROFITS AND LOSSES.

(P. S., Chapter 117, Section 18.)

SECT. 18. The profits and losses may be distributed annually, semi-annually or quarterly, to the shares then existing, but shall be distributed at least once in each year, and whenever a new series of shares is to be issued. Profits and losses shall be distributed to the various shares existing at the times of such distribution, in proportion to their value at that time, and shall be computed upon the basis of a single share fully paid to the date of distribution. Losses shall be apportioned immediately after their occurrence.

Distribution of profits and losses.

(Acts of 1885, Chapter 121, Section 2.)

At each periodical distribution of profits the directors shall reserve as a guaranty fund a sum not less than one nor more than five per cent. of the net profits accruing since the next preceding adjustment, until such fund amounts to five per cent. of the dues capital, which fund shall thereafter be maintained and held; and said fund

Every officer of such corporation shall answer truly all inquiries made, and shall make all returns required by the commissioners.

The president and five or more of the directors shall certify and make oath that the report

is correct according to their best knowledge and belief. Such returns shall include all sums received and all sums disbursed up to the close of business on said day, except that sums received for dues, interest, premiums and fines on account of the next monthly meeting may be omitted. When a report is defective or appears to be erroneous, the board shall notify the bank to amend the same within fifteen days. Every co-operative bank neglecting to make the return required by this act on or before the time named therein, or to amend such report within fifteen days, when notified by the board so to do, shall forfeit five dollars for each day's neglect.

SECTION 1. Every corporation now or hereafter established under the laws of this Commonwealth for the special purpose of negotiating or making loans of money secured by deed of trust or mortgage of real estate situated outside of this Commonwealth, may exercise and enjoy all the powers, and shall be governed by the provisions and be subject to the duties, restrictions and liabilities prescribed in this act and any acts which may hereafter be passed in amendment or lieu thereof. All such corporations heretofore chartered shall continue to exercise and enjoy their powers and privileges according to their respective charters, and shall be subject to all the liabilities imposed by the same, except so far as said powers, privileges and liabilities are modified and controlled by the provisions of this act.

SECT. 2. Every such corporation may make loans of money secured by deed of trust or mortgage of real estate situated in any state, other than this Commonwealth, or territory of the United States to an amount not exceeding fifty per cent. of the appraised value of said property; but no loan shall be made on any property subject to a prior mortgage, encumbrance or lien. Every such corporation may also hold, sell and assign the bonds, notes, mortgages and securities taken for such loans; may guarantee the payment of the interest and principal of any bonds, notes or other evidences of debt secured as aforesaid, and may guarantee the title to the property securing such evidences of debt for the time such debt remains unpaid: *provided*, that nothing contained in this act shall

be construed as authorizing such corporations to engage in the business of title insurance.

SECT. 3. Every such corporation may purchase, hold, guarantee, sell and assign notes or bonds, and the mortgages or deeds of trust securing the same, or other papers securing any loan made by any individual, firm, corporation or association, provided such loan shall have been made in accordance with the conditions under which such corporations can make loans, as prescribed in section two of this act.

SECT. 4. Every such corporation may receive money from any individual, firm, corporation or association, for investment in the securities which such corporations are by this act authorized to sell or issue, and may allow interest on such money from the time of its receipt to the time of its investment as aforesaid, at such rate as may be agreed upon; may receive, care for, manage and sell stocks, bonds and evidences of debt, the avails of which are intended for investment as aforesaid. No such corporation shall receive money on deposit, except as hereinbefore provided, or engage in any form of banking or trust business other than as permitted by the terms of this act.

SECT. 5. Every such corporation may act as agent for the purpose of foreclosing mortgages and collecting claims arising by reason of any evidence of debt deposited with it under the provisions of section four of this act; may purchase real estate at any public auction sale thereof made by virtue of the power contained in any deed of trust or mortgage owned, held or guaranteed by it, or at a private sale thereof made for the purpose of cancelling the debt secured by any such deed of trust or mortgage; may hold, sell, transfer and convey said property: *provided*, all real estate purchased or acquired under the provisions of this section shall be sold within five years after such purchase or acquisition.

SECT. 6. Every such corporation may issue debentures or bonds, to secure the payment of which, such cor-

poration shall from time to time assign, transfer and set over to trustees, none of whom shall be officers of the corporation, or to a trust company established under the laws of this Commonwealth, deeds of trust or mortgages of real estate on which loans have been made in accordance with the provisions of this act, to be held by such trustees or company in trust for the benefit of the holders of said debentures or bonds, whereupon such trustees or company shall indorse their or its certificate of such fact upon debentures or bonds not exceeding in amount the face value of securities so transferred to them or it.

SECT. 7. The total amount of mortgages guaranteed and of debentures or bonds issued by any such corporation shall at no time be in excess of ten times the amount of its capital stock actually paid in and its surplus.

No transfer except on the books of the corporation or by certificate of its transfer agent, shall be valid unless the last transfer shall have been to bearer. A complete record of such transfer by said transfer agents shall be forwarded to and kept at the principal place of business of such corporation within this Commonwealth.

SECT. 9. Every such corporation may hold real estate within this Commonwealth suitable for the transaction of its business, to an amount not exceeding twenty-five per cent. of its capital actually paid in.

SECT. 10. No such corporation shall be the purchaser or holder of any of the shares of its own capital stock, unless such purchase shall be necessary to prevent loss upon a debt previously contracted in good faith; and stock

so purchased shall, within six months from the time of its purchase, be sold or disposed of at public or private sale.

SECT. 11. The shareholders of every such corporation shall be held individually liable in the same manner and to the same extent, and not otherwise, as stockholders of manufacturing corporations are or may be held liable under the laws of this Commonwealth. The provisions contained in sections sixty-two to seventy-one inclusive of chapter one hundred and six of the Public Statutes shall apply to and regulate the enforcement of this liability.

SECT. 12. Every such corporation shall set apart as a guaranty fund a sum not less than five per cent. of its paid in capital, and shall thereafter annually add thereto a sum not less than ten per cent. of its net earnings, until such fund, with the accumulated interest thereon, shall be equal to not less than twenty-five per cent. of its paid in capital. Said fund shall be invested in United States bonds; English consols; first mortgage bonds of any railroad corporation which has paid a dividend on its stock for at least three years next preceding the date of said investment; in the legally authorized bonds for municipal purposes of any city of the United States of not less than thirty thousand inhabitants whose whole indebtedness shall not exceed five per cent. of its last assessed valuation; or in any securities in which savings banks of this Commonwealth are allowed to invest.

SECT. 14. The commissioners of savings banks shall have access to the vaults, books and papers of every such corporation; and it shall be their duty to inspect, examine and inquire into its affairs and take proceedings in regard to them at such times as they shall deem necessary,

in the same manner and to the same extent as if such corporation was a savings bank, subject to all the laws which are now or hereafter may be in force relating to such institutions in this regard: *provided, however*, said commissioners may cause any examination to be made by an expert under their direction but at the expense of the corporation. Every such corporation shall annually, within ten days after the last business day of October, make a return to said commissioners, which return shall be in the form of a trial balance of its books, and shall specify the different kinds of its liabilities and the different kinds of its assets, stating the amount of each kind in accordance with a blank form to be furnished by said commissioners, and such annual returns shall be published in a newspaper of the city or town where such corporation is located, at the expense of such corporation, at such times and in such manner as may be directed by said commissioners. Said commissioners shall annually make report to the general court of such facts and statements respecting such corporations, and in such forms as they deem that the public interest requires.
