State of Nebraska, Department of Banking,
Lincoln, Nebraska, February 1, 1895.

To the Hons. J. S. Bartley, State Treasurer; Eugene Moore, Auditor of Public Accounts; and A. S. Churchill; Members of the State Banking Board.

Gentlemen:—In obedience to your instructions, I have the honor to herewith submit the Annual Report of the Department of Banking. It is the third annual report, and embraces the period commencing December 19, 1893, and ending December 29, 1894.

The records of the department show that on the 29th of December, 1894, there were 482 state and private banks in active operation in the state, with an aggregate authorized capital stock of $10,407,838.25, giving to each bank an average capital stock of $21,593.03.

The Appendix will show in detail all changes of banks and of building and loan associations which have taken place during the year, with the cause of such charges; the varying condition of the banks can be compared in the summaries of the reports of such banks, made up from the different statements in response to the three calls that were issued as required by law.

During the year there were seventeen new banks organized, and thirty-nine banks, with an aggregate capital of $549,700.00 and total deposits of $580,331.14, that discontinued business, from causes as set forth in the Appendix.

The eight banks that were insolvent and placed in the hands of receivers show the following condition of affairs:

LIABILITIES.		RESOURCES.	
Capital Stock	$127,000 00	Loans and Discounts	$311,891 83
Deposits	197,283 25	Cash Funds	19,796 40
Bills Payable	13,548 00	Other Assets	63,164 78
Re-discounts	29,336 41		
Other Liabilities	27,685 35		
Total	$394,853 01	Total	$394,853 01

In these insolvent banks, the percentage of loss to the total liabilities of all the banks in the state is only 1.2 per cent, estimating such banks to be total failures. It is reasonable to suppose, however, that these banks will pay immediate liabilities to the amount of twenty-five cents on the dollar. Upon this assumption, the percentage of loss, exclusive of liabilities to capital stock, will be only .62 per cent.

Your attention is respectfully called to a comparison of the Recapitulation of Bank Changes as shown in the present report, with that in the report for the year 1893, both of which are shown in the Appendix.

For the purpose of facilitating comparison, the following abstract of the three annual reports is given, which indicates the changes that have been made in the standing of banks during the periods covered by the respective reports:

The marked improvements in the general condition of the State Banking System during the last year, as is made manifest by a comparison with the summary of 1893 with that of 1894, cannot fail to be a source of satisfaction to your Honorable Board, to the bankers in the state and to the general public, and this, notwithstanding the continued and severe business and financial depression, indicates a return af confidence in our banking system, which is, to say the least, most encouraging.

The marked improvements are as follows:

The State Banking Board is to be congratulated on the careful work and general efficiency of the corps of State Bank Examiners.

I respectfully renew the recommendations of a year ago as to the necessity of an increased clerical force in the Department.

The efficiency of the Department can be greatly promoted by an enlarged, systematic and detailed record of the financial institutions under the control of the Board. The work of the past two years can be duplicated by the present force. To enable the Departmnt to advance and improve, profiting by past experience, will require the addition of at least one clerk.

In conclusion, I take great pleasure in testifying to the uniform consideration which the bankers of the state have shown to the instructions of the Board, and thus, by their cheerful compliance with regulations, greatly assisting the Department in its efforts to build up and protect the banking interests of the state.

I am, gentlemen, very respectfully, your obedient servant,

R. H. TOWNLEY,

Clerk Department of Banking.
