STATE OF NEBRASKA, DEPARTMENT OF BANKING,
LINCOLN, NEBRASKA, FEBRUARY 1, 1896.

To the Honorables J. S. Bartley, State Treasurer; Eugene Moore, Auditor Public Accounts, and A. S. Churchill, Attorney General, Members of the State Banking Board of the State of Nebraska:

GENTLEMEN:—In compliance with your instructions, I have the honor to submit herewith the Annual Report of the Department of Banking for the year 1895. This is the fourth annual report, and embraces the period commencing December 29, 1894, and ending December 31, 1895.

On December 31, 1895, the records of the department show that there were 447 commercial and savings banks in active operation in the state, with an aggregate authorized capital stock of $9,216,525.00, giving to each bank an average capital stock of $20,842.42.

The appendix will show in detail all changes which have occurred during the year, of the banks and of the building and loan associations, together with the causes of such changes.

A comparison of the varying conditions of the banks during the year is exhibited in the summaries of the reports of such banks, made up from the different statements in response to the regular calls that were issued as required by law.

There were eleven new banks organized during the year 1895, and forty-six banks that discontinued business from causes as set forth in the appendix. The discontinued banks had an aggregate capital of $1,069,700, and total deposits of $1,305,334.82.

The sixteen insolvent banks which were placed in the hands of receivers, show the following condition of affairs:

LIABILITIES.		RESOURCES.	
Capital Stock	$434,000 00	Loans and Discounts	$829,739 31
Deposits	584,655 80	Cash Funds	94,073 43
Bills Payable	71,771 24	Other Assets	169,897 10
Re-discount	33,936 22	Banking House, Furniture and Fixtures, including Real Estate	114,579 01
Other Liabilities	83,925 59		
Total	$1,208,288 95	Total	$1,208,288 95

There were six banks availed themselves of the provisions of Sec. 35, Banking Act, 1895, and guaranteed their creditors immunity from loss by furnishing a good and sufficient bond to pay all liabilities of such banks within a specified time, with a just and equitable rate of interest for such elapsed time. The advantage of this method of winding up the affairs of an insolvent bank over that of placing the affairs in the hands of a receiver, is made manifest in the fact that the department has in no case received a single complaint from the creditors of any of such banks. On the other hand the department is in constant receipt of complaints from the creditors of banks in the hands of receivers which it is powerless to relieve, from the fact that under the law when a bank passes under the control of a receiver, your Honorable Board ceases to have any further jurisdiction over such bank, the receiver being an officer of, and responsible to, the court from which he receives his appointment.

I am of the opinion that the efficiency of this department would be greatly promoted if this state of affairs could be changed, and to this end respectfully recommend that an effort should be made to so amend the existing laws as to place the appointment of and the control of receivers of insolvent banks in the hands of the State Banking Board. By such action much litigation would be avoided, and, by reason of the intimate knowledge of the affairs of the insolvent banks, the department could, in many cases, make amicable adjustments of differences at a saving of expense and consequently to the interests of the stockholders as well as of the creditors of the bank.

It gives me much pleasure to call your attention to the very careful work and general efficiency of the corps of state bank examiners, and to the excellent work and faithful attention to duty of the clerk of the board, Mr. M. H. Simons.

I am, gentlemen, very respectfully, your obedient servant,

R. H. TOWNLEY,
Secretary, State Banking Board.
