

THE WHITE HOUSE

WASHINGTON

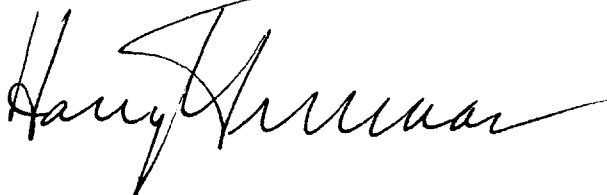

March 25, 1948

Dear Dr. Nourse:

I read your letter of the twenty-fourth with a great deal of interest and I think you are working in the right direction.

We must be very careful that the military does not overstep the bounds from an economic standpoint domestically. Most of them would like to go back to a war footing - that is not what we want.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Harry Truman". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
