## Preface

This bulletin provides numerical listings and a subject index of bulletins and reports issued by the Bureau of Labor Statistics (BLS) from 1972 through 1977. It supplements Bulletin 1749, which provides numerical listings of all BLS bulletins and reports from 1886 to 1971 and a subject index from 1915. Bulletin 174 contains a subject index of bulletins issued before 1915.

Periodicals are not included in the subject index. Subject indexes for the *Monthly Labor Review* for 1915 through 1975 can be found in Bulletins 695, 696, 1080, 1335, 1746, and 1922. In addition, annual indexes are provided in each December issue of the *Review*.

Twice a year, the BLS publishes an annotated subject catalog of bulletins, reports, press releases, periodicals, and other publications of the Bureau and its regional offices. This catalog and a monthly publication list are available free of charge.

Bulletins still in print are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, or by the Bureau's regional offices listed on the inside back cover. Reports and bulletin supplements are available, free of charge, as long as supplies last, from the Bureau of Labor Statistics, Washington, D.C. 20212, or its regional offices. All publications may be available for reference at leading public, college, and university libraries.

This bulletin was prepared in the Office of Publications by Rosalie K. Epstein.

Material in this publication is in the public domain and may be reproduced without permission.
