Commercial and Financial Chronicle.

The Supplement is issued on the last Saturday of each month, containing a complete exhibit of the Funded Debt of States and Cities, and of the Stocks and Bonds of Railroad and other Companies.

It is furnished without extra charge to all regular subscribers of THE CHRONICLE; no single copies are sold at the office, as a sufficient supply is printed for subscribers only.

Transient advertisements are inserted at twenty-five cents per line; advertisements by the quarter, six months or year, at special rates.

INVESTMENTS IN AUGUST.

There have been no features of special interest in investment securities during the present month. The money market has worked a trifle more closely, but rather in anticipation of a hardening in rates for money in the coming autumn, than in any decrease of the present abundance of loanable funds. Since the closing of books for the U. S. four per cent loan, and the advance in price made by the Syndicate, there have been small transactions in the bonds, which was perhaps to be anticipated.

An interesting sequel to the riots at Pittsburgh is found in the notice published by the Pennsylvania Railroad to parties who had property destroyed in the cars or on the premises of the company in the city of Pittsburgh on July 21 and 22 ultimo. This notice states that the company's counsel will present the claims of all such parties when duly made up and forwarded to the General Freight Agent, and if the County of Allegheny refuses to pay the claims and suits become necessary, they will be prosecuted for the claimants without charge. The question of the liability of municipalities for damages to property done by mob violence is not a new one, but it has not been very prominently brought up to public notice of late years, and the turbulent proceedings and destruction of property which attended the recent railroad strike, may bring up for discussion the points of law connected with the subject, and possibly lead to the establishment on a more settled basis of the principles of law defining the liability of municipal corporations under such circumstances.

Quite an elaborate article by Mr. Robert P. Porter, on municipal debts in the United States, is published in the September number of the *Galaxy*. The writer gives a table of one hundred and thirty cities in the United States, and compares the debt, etc., showing the following aggregate totals:

	Total Debt.	Valuation.	Annual Tax.	Population.
1876.....	\$644,378,663	\$6,175,087,158	\$112,711,275	8,576,249
1866.....	221,312,009	3,451,619,381	64,063,098	5,919,914

The writer wishes to represent most forcibly the fact that city debts have rapidly increased, and making allowance for his desire to bring everything to bear on his side of the argument, we may quote from the article as follows:

"The aggregate municipal indebtedness of these cities is now over 10 per cent of the assessed value of property, whereas in 1866 it was only 6 per cent, showing an increase of indebtedness of 4 per cent of the valuation of property. It will also be seen that debt has increased upward of \$420,000,000 in the last decennial period, a yearly increase of \$42,000,000. The percentage of increase is about as follows:

- "Increase of debt, about 200 per cent.
- "Increase of annual taxation, about 83 per cent.
- "Increase of valuation, about 75 per cent.
- "Increase of population, about 33 per cent.
- "Population and value of property have by no means kept pace with debt, which has grown to a magnitude that may occasion surprise in quarters where correct information on the subject might have been expected.
- "The cities embraced in the table have not been selected because of their large debts, but so far as possible to represent the entire country. While the table contains most of our large cities, the investigations were not strictly confined to the more populous towns, and in the table will be found some

cities of only ten and fifteen thousand inhabitants. It will be observed from this table that New York, the largest and wealthiest city on the continent, heads a growing column of large municipal debts. In 1869 a desperate gang of thieves held control of every department of the city government, and nearly every department of the State government, and this debt is a legacy bequeathed by them to the taxpayers of the city. But the debts of other cities are not less formidable in comparison to their population than New York. The same conditions that led to New York's municipal experience exist in other large cities to-day, and have not yet been remedied even in that city. Other cities are not irritated much. They may suspect all is not right, but while their own debt gets bigger and bigger, and the taxes become more burdensome every year, they look upon New York's experience as a local disgrace. In this they may some day be bitterly mistaken. Brooklyn, with its debt of \$35,753,114; Baltimore, with \$33,343,251; Philadelphia, with \$26,163,271; Cincinnati, with \$23,334,701; Chicago, with \$17,831,692; and St. Louis, with \$16,318,000, may lull themselves into fancied security, but depend upon it, the lesson vouchsafed to New York carries with it as deep a significance in Maryland or Pennsylvania, Ohio or Illinois, or Missouri, as it ever had in New York; and the question of ruling such populations as these by means of universal suffrage is no less an important one in these States than it is in New York.

"In the investigations just completed, one hundred and fifty cities, representing every State in the Union, were selected and inquiry instituted as to their debt, valuation, taxation, and population in 1866 and in 1876. One hundred and thirty responded to the inquiry. The statistics furnished by the officials of the one hundred and thirty cities are as accurate as it has been found practicable to make them. They are, of course, defective in a few cases. Some reports do not supply specific information on all heads; in some cities no proper records seemingly are kept of these matters, and the debt of 1866 in a few instances could not be ascertained. These omissions have been supplied in each of the three elements represented—namely, debt, valuation, and taxation—by adding together all the complete returns, and estimating those omitted at the same relative proportion as the aggregate footings of the complete columns bear to each other. The reader will readily be able to discern where this has been done: in the debt columns, cities in which the debt of 1866 is exactly one-third of that of '76; in the valuation and taxation columns, in which the valuation and taxation are exactly half."

The reports of the Savings Banks in this State to July 1, 1877, have just been issued, pursuant to the law requiring semi annual statements. The desirableness of such statements can hardly be questioned, and the importance of a strict and honest investigation into the affairs of banks, and prompt action by the State authorities whenever palpable weakness is discovered, has received a sufficiently striking comment in the action of the New York State Senate in the case of Mr. Ellis.

The following comparative table shows the condition of the Savings Banks of New York City in aggregate, Jan. 1 and July 1, 1877:

STOCK AND BOND TABLES.

NOTES.

These tables are expressly intended to be used in connection with the information concerning Investment matters, published from week to week in the CHRONICLE—to which an index is furnished in the remarks at the foot of the tables. Annual reports are in black-faced figures.

A full description of U. S. Government Securities is published regularly in the CHRONICLE each month, as soon as the official "Debt Statement" is issued.

Prices of all Stocks and Bonds are quoted weekly in the CHRONICLE.

The following will give explanations of each column of the tables below:

Description.—Railroads leased to others will often be found under the lessee's name. The following abbreviations frequently occur, viz.: M. for "mortgage," s. f. for "sinking fund," l. gr. for "land grant," reg. for "registered," coup. for "coupon," Br. for "Branch," guar. for "guaranteed," end. for "endorsed."

Date of Bonds.—The date of issue on the face of the bond is referred to in this column.

Miles of Road.—Opposite Stocks, this means the miles of road operated, on which the earnings are based; opposite bonds, the miles covered by the mortgage.

Size or Par Value.—These figures are dollars, showing the denominations or par value. The figures "100, &c." signify \$100 and larger.

Rate Per Cent.—The interest per annum is given for bonds, but the per cent of last dividend for stocks; g means gold; x, extra; s, stock or scrip.

When Payable.—J. & J. stands for Jan. & July; F. & A., Feb. & Aug.; M. & S., March & Sept.; A. & O., April & Oct.; M. & N., May & Nov.; J. & D., June & Dec.; Q.—J., quarterly from January; Q.—F., quarterly from Feb.; Q.—M., quarterly from March.

Bonds, principal when due; Stocks, last dividend.—The date in this column shows the period when the principal falls due of bonds, but the time when the last dividend was paid on stocks.

Alabama.—The State gives 30-year bonds, dated July 1, 1876, bearing 2 per cent for 5 years, 3 per cent for next 5 years, 4 per cent for next 10 years, and 5 per cent for last 10 years, for old bonds, without any allowance for past-due coupons. The exchange may be made at Montgomery. Alabama & Chattanooga endorsed bonds may also be exchanged (for \$1,000,000 of the new bonds, class C.) For railroad endorsements the bonds issued bear 5 per cent. The report of Funding Commissioners is in V. 23, p. 622, and amounts above given are as they stood November, 1876. An analysis of the debt and funding operations is in V. 24, p. 28. The value of all taxable property is given at \$160,000,000; tax rate, 7½ mills. The assessed valuation of real estate in 1875 was \$83,851,252. (V. 22, p. 110, 157, 205, 521; V. 23, p. 39, 40, 397, 622; V. 24, p. 28, 420.)

Arkansas.—Rate of taxation, 10 mills. The State is in default for interest, except on the ten per cents of 1874 and secured sinking fund bonds, issued under the law of December, 1874. Assessed valuation of taxable property, \$94,095,243. The total interest overdue July 1, 1876, was \$4,127,682, making total bonded debt, \$15,908,310. A Board of Finance was appointed in January, 1875, to confer with bondholders of the State and they issued a notice as quoted in V. 20, p. 161. New proposition for an adjustment in V. 25, p. 161. (V. 23, p. 174; V. 24, p. 88, 420, 466, 564; V. 25, p. 161.)

California.—The State holds in trust for School

and University funds the \$500,000 Capital bonds and \$2,063,000 of bonds 1873. Total valuation of property, 1876, was as follows: Real estate, \$454,990,351; personal property, \$139,217,695—total, \$594,208,046. This amount appears smaller from the deduction of "solvent debts" in 1876, but otherwise would have been much higher. Tax, 7½ cents per \$100. The Governor advises the gradual cancellation of the bonds held in trust and the purchase of foreign securities in their place.

Connecticut.—The debt of Connecticut was all created originally for war purposes, and has been reduced since 1866 from \$10,000,000 to the present figures by sinking fund purchases. The 1861 bonds, payable at pleasure since July, 1871, and those of 1864 since October, 1874, are paid off with proceeds of the new loan. Assessed value of real and personal property, \$351,785,469; rate of taxation, 1½ mills. (V. 24, p. 387.)

District of Columbia.—The total assessed value of taxable real estate in 1875 was \$93,452,684. United States Attorney-General Pierpont rendered an opinion that the faith of the United States is pledged for the payment of interest on the 3.65 bonds, but conflicting legal opinions have been rendered as to the right of New York savings banks to invest in these, as government securities. The interest due February, 1876, was not paid till March, as no appropriation was made by Congress. The interest due Aug., 1876, and Feb., 1877, has been provided for by the Sundry Civil bill.

(V. 20, p. 239, 446; V. 21, p. 63, 417, 465; V. 22, p. 181; V. 23, p. 542; V. 24, p. 39.)

Florida.—Lessee sinking fund of \$97,900, and J. P. and M. Ican, the total debt is \$1,161,700, which does not include \$182,000 bonds of 1857, held by Indian Trust Fund. Real and personal property are valued about \$35,000,000; tax rate, 7 mills. The loan to Jacksonville Pensacola & Mobile RR. is secured by mortgage on road, and the question as to the State's obligation to the bondholders was before the United States Supreme Court, and decided in December, 1875, (V. 21, p. 591), in favor of the State; no interest has been paid on these bonds for some years past, and the road was to be sold by the State in March, 1877. (V. 21, p. 466; V. 22, p. 158, 233; V. 23, p. 576.)

Georgia.—The State Legislature and a constitutional amendment in 1877 declared void several issues of bonds and railroad endorsements which were claimed to have been tainted with fraud, and the above statement is made of the recognized debt. The So. Ga. & Florida Railroad also has \$464,000 of bonds endorsed, but the Company pays interest and the road is estimated to be nearly worth the bonds. The total State debt is \$11,109,503, and there are assets valued at \$8,050,000. Assessed value of property in 1876 was as follows: Lands, \$91,855,772; city and town property, \$54,186,037; personal, \$99,811,941; total, \$25,853,750, against \$261,755,884 in 1875; rate of tax in 1877, five mills. Governor's Message, V. 24, p. 89. (V. 22, p. 410, 590, 614; V. 23, p. 622; V. 24, p. 89, 152; V. 25, p. 158, 162.)

Illinois.—The debt has been rapidly reduced of late years, and, without the addition of new loans, will soon be extinguished. The Illinois Central Railroad charter tax on earnings contributes over \$300,000 per year to the State revenue. For 1876 the total assessed value as equalized was: personal property, \$205,908,726; lands, \$490,119,292; town and city lots, \$261,795,241; railroads, \$38,926,090; capital stock of corporations, \$3,373,751; total, \$1,001,123,110. State tax in 1876, 2-3 mills. For the year 1875 there was levied in the State: State taxes, \$3,966,596; County taxes, \$6,438,787; City taxes, \$6,995,662; Town, district and other local taxes, \$11,606,414; total, \$29,007,461. (V. 24, p. 40.)

Indiana.—There are also \$139,000 of war bonds. There is a question as to the State's obligation to pay the Wabash & Erie Canal debt. A reference to the origin of that debt, arising from the State's compromise with the bondholders in 1846, will be found in the CHRONICLE, V. 19, p. 493; see also p. 526. A suit on the question was brought and decree of sale obtained (V. 21, p. 85; V. 22, p. 104, 615). Taxable valuation, 1876—real estate, \$633,246,860; personal, \$22,367,781; railroads, \$38,208,935; corporations, \$4,900,811; total valuation, \$664,724,440, against \$897,739,783 in 1875, and \$933,581,067 in 1873. Tax rate, 1-3 mills. A law permitting towns to issue bonds was passed in 1875, the main section being as follows:

"SECTION 1.—Be it enacted by the General Assembly of the State of Indiana, That any incorporated town in this State which shall have heretofore, by the action of its Board of Trustees, commenced the erection of any public buildings, to be used as a market house, engine house or other public purposes, and shall not have the necessary means with which to complete such building, on the passage of an ordinance authorizing the same by the Board of Trustees of said incorporated town, issue the bonds of such town to an amount not exceeding in the aggregate \$10,000, in denominations of not less than \$50 nor more than \$500, and payable at any place that may be designated in the bonds; the principal

in not less than one year nor more than ten years after the date of such bonds, and the interest, annually or semi-annually, as may be therein provided, to provide the means with which to complete such buildings; provided that such bonds shall not be sold at a price less than ninety-four cents on the dollar, nor bear a greater rate of interest than eight per centum per annum." A similar law was passed for counties. (V. 22, p. 209.)

Kansas.—Kansas has but a small State debt, but the issues of municipal bonds have been large. The valuation of real and personal property in 1876 was \$132,144,580, of which \$23,042,801 was personal. Tax rate, 5-8 mills for State purposes. State funds hold \$610,925 of the bonds. (V. 20, p. 14; V. 24, p. 40.)

Louisiana.—The funding bill passed Jan. 24, 1874, scaled the debt down to 60 per cent of the face value. In Dec., 1876, there were nearly \$3,000,000 old bonds in New Orleans awaiting funding, but funding was not resumed till May, 1877, when the Board proceeded to fund, subject to Supreme Court decision (see V. 24, p. 519). It was resolved that all bonds not coming within the prohibition of act No. 11 of 1875 be declared fundable. This included so many of the following bond series as are not questioned by act No. 11:

N. O. & Nashville RR. (fundable \$40,000).....	Questioned.	\$18,100
Mexican Gulf Railroad.....	3,000
I. O. J. & G. N. RR. (fundable \$144,000).....	270,000
N. O. Op. & G. W. RR. (fundable \$120,000).....	79,000
Vicks. Shrev. & Tex. RR. (fundable \$52,000).....	50,000
Baton R. & Op. RR. (fundable \$39,000).....	30,000
Relief of State Treasurer (fundable \$105,000).....	65,000
Free school fund (not fundable).....	527,000
In all, \$1,084,500 questioned.		

The N. O. Stock Exchange, July 13, gives old debt fundable, \$2,147,830; old not fundable, \$3,901,000. The total assessed value of real estate in 1875 was

\$150,507,073; personal, \$40,349,547; of which New Orleans had \$98,463,269 of real and \$26,118,833 of personal. The gross revenue in 1875 was \$3,286,153 and expenses, \$3,185,707. State tax rate, 14-1/2 mills. (V. 21, p. 15, 63, 110, 159, 231, 489, 535, 615; V. 22, p. 62; V. 23, p. 525, 595; V. 24, p. 469, 519; V. 25, p. 90.)

Maine.—The sinking funds (\$791,293), January, 1877, reduce the total debt to a net amount of \$5,129,107. Valuation of total taxables in 1875, \$255,000,000; tax rate in 1876, 3-1/2 mills.

Maryland.—The assessed valuation of property in 1876 was \$429,112,418, on which the rate of taxation was 17-1/2 cents per \$100; income from dividends on railroad, canal and other stocks owned by the State was \$72,562. The State has largely assisted canals and railroads, and holds \$4,454,370 of stocks and bonds of companies paying interest promptly, leaving only \$6,276,154 of debt without any offset; the State also holds \$22,957,935 in unproductive securities.

Massachusetts.—All interest on the funded debt of Massachusetts is paid in coin. The credit of the State stands high in London and at home. During 1877 the funded debt has been reduced \$850,000. The sinking funds in January, 1877, were \$11,070,520. The Hoosac tunnel has cost the State about \$17,200,079. Real estate assessed in 1876, \$1,262,142,326; personal, including bank shares, \$538,405,162; tax rate, 1875, 1-06 mills. The loan to B. H. & E. Railroad was secured by deposit of \$3,600,000 "Berdell" mortgage bonds, afterwards exchanged for new stock, and had a sinking fund of \$963,800 January 1, 1877. (V. 20, p. 336, 521; V. 21, p. 277; V. 22, p. 62; V. 23, p. 354.)

Michigan.—The debt has been largely diminished in the last few years. Assessed valuation of real and personal property, 1876, \$630,000,000, and tax rate 2-1/2 mills. Surplus revenue is applied to purchase of bonds. (V. 20, p. 139.)

Minnesota.—All the State bonds are now held by the permanent school fund. Minnesota has refused to recognize the "State Railroad bonds" of 1858 to the amount of \$2,275,000. A proposed constitutional amendment in 1877 provided for a settlement with the holders, but was defeated by a large majority. Taxable property, 1875, \$218,855,743. of which \$45,162,467 was personal; in 1876, \$218,850,744, of which \$45,302,435 was personal; State tax, 2 mills; tax for all purposes, 16 6-10 mills. (V. 22, p. 63, 567; V. 24, p. 40, 170, 227.)

Missouri.—The equalized valuation of all real and personal property in 1876 was \$1,001,123,110. The State had \$1,428,000 bonds maturing in 1875, and \$3,907,000 in 1876. To provide for these, a law of 1875 authorized the sale of new bonds. A dangerous forgery of bonds to Pacific Railroad, guaranteed, has been found. The Hannibal & St. Joseph Railroad provides for its own debt. (V. 22, p. 83, 591; V. 23, p. 135, 397, 493; V. 24, p. 171, 321, 542.)

Nebraska.—Of these the State school fund holds \$413,000. (V. 24, p. 204.)

Nevada.—The debt of Nevada is hardly more than nominal.

New Hampshire.—The debt of New Hampshire was created for war purposes, and is being gradually reduced. The Municipal loan of 1872 was issued to cities and towns, the proceeds to be applied to their war debts. Total valuation in 1876, \$199,080,353. Tax rate, \$2 per \$1,000.

New Jersey.—The debt was created for war purposes. Of the first two classes of bonds the principal is payable \$100,000 per year. Valuation of real property in 1876, \$445,918,221; personal \$163,497,340; total, \$599,415,561, against \$612,731,091 in 1875. State tax, 3 mills.

New York.—There is also \$68,000 contingent debt of Long Island Railroad, and \$7,361 per annum for Indian annuities. The last of Bounty debt was paid off and \$2,100,000 of general fund debt, April 7. An abstract of the Comptroller's report was

given in V. 24, p. 17. The following were valuations and tax rate for State purposes in the years 1859 and 1865, and from 1870 to 1876:

Year.	Real Estate.	Personal.	State tax.
1859.....	\$1,097,554,524	\$307,349,155	2 1/2
1865.....	1,158,327,371	392,552,314	4 53-80
1870.....	1,532,730,907	431,281,278	7 41-156
1871.....	1,599,930,166	452,677,732	5 59-120
1872.....	1,644,379,410	147,248,935	9 1/2
1873.....	1,692,523,071	437,102,315	6 95-100
1874.....	1,750,698,918	418,608,955	7 1/2
1875.....	1,969,352,703	407,427,399	6
1876.....	2,108,325,572	357,911,401	3 11-24

For the fiscal year, 1875-6, the tax rate was reduced to 3 11-24 mills. This was partly owing to the considerable reduction in the Bounty debt, and the increase of sinking fund resources. For 1876-7 the Comptroller recommends a tax rate of 3 1-6 mills. He disapproves of the large increase in the assessed value, as shown above, and claims that there has not been a real increase in value to the extent shown by the figures. Local taxation was \$10,632,718 on town taxes, and \$32,986,475 on county taxes, making, with the State levy, a total of \$52,148,363 raised by taxation, of which \$30,105,108 was in New York City. In 1874, the local debts of cities in New York State were \$137,539,639; of counties, \$46,685,264, and towns, \$25,140,181. (V. 22, p. 63, 471; V. 24, p. 17, 49.)

North Carolina.—North Carolina is heavily burdened with debt, in proportion to her taxable property. Total property was assessed in 1872 at \$123,507,628, a low valuation. Interest is paid on bonds issued to North Carolina Railroad (\$2,800,000), as the State holds \$3,000,200 stock and receives dividends thereon. Other interest in default. A funding bill passed the Legislature March, 1875. (See CHRONICLE, V. 23, p. 336.) In New York, bonds are classified thus: "Old," being those issued prior to May 1, 1861, coupons on from Jan. '69; "N. C. R. R." issue of \$2,800,000 on that road, coupons on since Jan. & April, '69; same "coup. off" have had 7

coups. paid; "funding act '66" carry coupons Jan., '69; "funding act '68" carry coupons April, '69. "New"—authorized before war, except \$1,500,000 in 1868; "Special tax, 1st," carry coup. April, '69; "2d" coup. of Oct. '69; "3d" coup. April, 1870. (V. 21, p. 570; V. 23, p. 599, 615, 647; V. 24, p. 17, 226.)

Ohio.—Ohio has a very small State debt, but large local debts, amounting in 1876 to \$36,059,973. Valuations in 1876 were: Real estate in cities, &c., \$371,843,028; other, \$704,940,269; personal, \$520,651,594. Tax rate in 1875, 3 2-10 mills for State, and an average of 25 9-10 mills for local purposes. Report on State and local debts, V. 22, p. 64; V. 24, p. 17.)

Oregon.—The debt is provided for by sinking funds, payable from land sales. Taxable property in 1875 was assessed at \$41,197,149; 1/2 mill tax was laid for Relief bonds and 1 mill for Bounty bonds.

Pennsylvania.—The new 5 per cent loan of \$8,000,000 was sold to take up maturing bonds. Total debt Nov. 30, '76, \$22,978,950; available assets, \$9,054,910; net debt, \$13,924,039. No tax is laid for State purposes on real estate, and revenue is raised principally from corporations. Taxes are levied on personal property, which was assessed at \$159,318,817, and the tax was \$574,817 in 1876. State expenses have lately exceeded revenue, and sinking funds have been diverted to meet the deficiency. The State holds \$1,751,321 in stocks and \$8,300,000 of railroad bonds. Interest has been paid in gold on the State debt issued prior to 1867, but the bonds paid off in 1877 are paid in currency. Any coupon bonds may be changed to registered. The bonds due in 1877 are payable at any time till 1882; those due in 1882 till 1892. (V. 21, p. 137; V. 22, p. 64; V. 24, p. 414, 421, 469.)

Rhode Island.—The debt was all created for war purposes and is being steadily diminished. The valuation of real property in 1876 was \$185,159,848, and personal, \$86,891,928, and tax rate 15 cents on \$100.

So. Carolina.—The Governor's message on finances in V. 24, p. 397. The funding law approved Dec. 22, 1873, provided for scaling down the old debt by giving new bonds to the extent of 50 per cent, and declared void the conversion bonds to the amount of \$5,965,000. The interest due in July, 1876, was only paid in part. Law for payment of interest of January and July, 1877, passed in May, but a committee to investigate bonds and ascertain what consols were properly issued was appointed, and sat at Columbia in August. Only about \$250,000 are understood to be tainted with any suspicion. Total valuation of all property—in 1876, real estate, \$86,187,120; personal, \$40,598,376; railroad property, \$6,347,142, making a total of \$133,132,638. Rate of taxation in 1876, 11 mills. (V. 21, p. 489, 614; V. 23, p. 40; V. 24, p. 199, 445, 495, 543, 557; V. 25, p. 79.)

Tennessee.—The coupons of July, 1875, together with those of July, 1874, and Jan., 1875, remaining due, were paid in September, 1876. The law passed in March, 1873, provided for funding all outstanding, legally issued bonds, due between July 1, 1874, and July 1, 1884, as well as all past-due coupons, and coupons maturing on or before January 1, 1874, in a 10-40 year 6 per cent bond. The general committee for Southern State debts (Geo. S. Coe, Esq., chairman), reported a plan for adjustment by "scaling" 40 per cent and issuing new bonds. The debt of solvent railroads is \$3,458,145, and total debt, less that amount, \$22,852,011, including \$129,020 outstanding warrants and \$2,088,746 past-due interest, against which \$95,638 is owed by solvent railroads. The State's endorsements for railroads are \$1,802,000, of which \$1,560,000 is taken care of by the roads. Bonds to amount of \$75,000 are now over-due, and

\$80,000 more fall due in 1877; these are fundable at the option of the Legislature. Total valuations in 1876 were as follows: Land, \$183,223,365; town lots, \$57,578,261; other taxables, \$37,213,908; total in 1876, \$278,020,534, against \$233,033,583 in 1875. The Comptroller estimated resources for 1877 at \$1,376,490; ordinary expenses, \$707,200; leaving \$669,290 applicable to interest on the bonds, for the full payment of which about \$1,200,000 would be required, but the rate of taxation was reduced from 40 cents on the \$100 to 10 cents by the Legislature, in March, 1877, which rendered all estimates nugatory. Tennessee bonds, sold in New York as "old," are those issued before 1862; "New," issued since 1862; "New Series," the new funding bonds. (V. 21, p. 87, 313, 614; V. 22, p. 472; V. 23, p. 16, 397; V. 24, p. 40, 112, 289, 519.)

Texas.—The State Comptroller, in 1876, reported total funded debt \$1,249,757; floating debt, \$543,137, and bonds of doubtful validity remaining in hands of State Treasurer, \$842,210. The valuation of taxable property in 1875 was \$250,853,759, against \$241,841,860 in 1874. Tax rate, 50. From the Comptroller's report we have the following statistics for 1875:

Total value of taxable property assessed.	\$250,853,758
State tax.....	1,254,354
Poll tax.....	198,322
County taxes.....	1,959,134
Miles of RR. in the State ass'd for taxes.....	1,497
Value of railroads.....	\$16,605,122
Number of acres of land assessed in the State.....	66,637,920
Value of lots assessed in the State.....	44,066,937

(V. 20, p. 84; V. 22, p. 281; V. 23, p. 452; V. 24, p. 535; V. 25, p. 115.)

Vermont.—This State has a very small debt—all

created for war purposes. Of the registered bonds \$135,500 are held for Agricultural College. The sinking fund, Aug. 1, 1876, was \$135,932.

Virginia.—These amounts are exclusive of bonds held by Literary fund and Sinking fund. The Funding act of 1871 provided that coupons of the funded bonds should be receivable for State taxes. For 2-3 of the old bonds a new bond was issued, and for the other 1/2 a deferred certificate given (as the proportion due by West Virginia). The act of 1872 amended that of 1871 by not allowing coupons to be received for taxes. The sinking fund holds \$2,446,983 of State bonds and certificates. All interest over-due and unpaid to September 30, 1876, (on the basis of 4 per cent) was \$1,676,827, which included coupons from Jan. 1, 1875. Assessed value of real estate in 1876 was \$242,756,548, against \$251,573,611 in 1875. Personalty in 1876, \$73,560,940. Tax rate, 5 mills. The receipts and expenditures for fiscal year 1875-6, were as follows: The revenues amounted to \$2,679,339. They exceeded the average annual receipts of the previous six years by \$201,276, and they exceeded the receipts of the fiscal year 1874-5 by \$161,549. The disbursements were as follows:

For ordinary expenses of government.....	\$975,232
For extraordinary expenses.....	183,432
For public free schools.....	443,000
For interest on debt.....	1,105,305
Balance not expended.....	17,318

Total \$2,679,339
If the revenue for 1876-77 should be the same, the deficit on full interest account for the year would be about \$600,000. (V. 21, p. 527, 604; V. 23, p. 599; V. 25, p. 138.)

Albany.—The loan to Albany & Susquehanna is secured by 1st mortgage. The valuation of property in Albany County in 1876, by local assessment, was: Real estate, \$47,939,898; personal, \$5,301,151; total, \$53,241,049. In 1876, total equalized valuation by State Board, \$58,460,770. Tax rate, 2.49.

Augusta.—Of this debt, \$500,000 was issued for railroads, and balance for canal enlargement, water works, &c.

Baltimore.—The fiscal year of Baltimore ends with Oct. 31. The city credit has been loaned extensively to railroads, in exchange for their securities, which it holds to a large nominal amount. The sinking fund for Baltimore & Ohio RR. \$5,000,000 loan is \$1,848,878; West Maryland Railroad sinking fund, \$157,691; and the total of the several other sinking funds, \$6,023,368. The Balt. & Ohio RR. pays interest on \$5,000,000 loan; Water loan is paid by income of water works, and Public Park by City Passenger Railway, and out of a total debt of \$23,343,251, only \$16,534,018 is dependent on the tax levy. The net debt over productive assets is given at \$6,809,443, against which are held \$4,770,907 of unproductive assets. The assessed value of property in 1877 is \$255,560,997; tax rate, \$1.75 on the \$100 for city purposes, and .17½ for State. Population in 1870 was 267,354, against 212,418 in 1860. (V. 22, p. 539; V. 23, p. 514; V. 24, p. 12; V. 25, p. 137.)

Bangor, Me.—The valuation of real and personal property is \$11,052,211; rate of taxation, 2.59 per cent. The loans to European & North American Railroad and to Bangor & Piscataquis Railroad are secured by first mortgages on those roads.

Boston.—The population of Boston in 1870 was 292,497, against 177,840 in 1860; in 1875 it was, 341,919. Valuation of real property in 1876, including the recent annexations, was \$526,145,700, against \$553,769,500 in 1875; and personal, \$222,732,400, against \$234,998,400; upon which the rate of taxation is \$12.70 per \$1,000—\$11.68 of this for city and \$1.02 for State purposes, against a total of \$13.70 per \$1,000 in 1875. The total debt, both funded and unfunded, at the close of the last fiscal year, April 30, 1877, was \$43,590,497, and the sinking funds, bonds, mortgages, &c., \$16,101,974. In March, 1877, the city auditor gave his estimates for the revenue required for the coming financial year, 1877-78, commencing May 1, 1877. This estimate was based on an assumption of meeting the actual wants of the municipality, excluding the Cochituate Water Works, and without regard to the ordinance pending as to paying balances of appropriations to the sinking funds. The tax per each \$1,000 will be \$13.07, to \$12.70 per \$1,000 last year, supposing that the valuation of property is reduced to \$700,000,000, as suggested by the Mayor. The following is a comparison of the appropriations granted by the City Council, and income to be received, compared with 1876-7:

	1877-8.	1876-7.
Appropriations.....	\$10,267,358	\$11,219,387
Income.....	2,369,100	2,939,900
	\$7,898,258	\$8,279,487
Per centage.....	236,946	248,385
	\$8,135,104	\$8,527,872

Placing the tax to be paid to the State at \$619,110, the tax warrants exhibit the following result:

	1877-8.	1876-7.
City and County.....	\$8,135,104	\$8,527,872
State, 1877.....	619,110	742,932
	\$8,754,214	\$9,270,804

During the last forty years, with two exceptions, the taxable valuation has shown an annual increase.

Brooklyn.—The above bonds were outstanding March 31, 1877. There are also \$27,000 7 per cent. Nat. Guard bonds due 1880-81. The Mayor's message, January 1, 1877, made the whole city debt as follows:

Permanent loans.....	\$27,143,000
Sinking funds.....	4,530,129
Balance.....	\$22,617,870
King's Co. debt (City's share).....	3,991,729
Loans chargeable on specified property..	11,068,500
Tax certificates.....	1,900,000

Total net debt..... \$39,578,100

—The Mayor stated that the debt increased in 1876 \$781,623, chiefly owing to the law charging only 7 per cent interest on unpaid taxes. Population in 1870, 396,200, against 265,661 in 1860. Valuation of property in King's Co. in 1876, by the local assessment, was \$223,389,621 for real estate, and \$14,882,265 for personal; total real and personal, \$238,271,886. In 1874 the State Board of Equalization estimated that the true value of real estate was \$426,393,740. The debt of Kings County, separate from the debt of Brooklyn, is \$4,181,821, of which the city is responsible for nineteen-twentieths. Average tax rate in 1876, \$3.24 per \$100, against \$3.44 in 1875. (V. 20, p. 520; V. 22, p. 589; V. 24, p. 63.)

Lowell, Mass.—All the notes held by savings banks. Water loan sinking fund, \$69,967. Tax valuation, 1876, \$39,98,460; 1877, \$39,345,366. Total debt, \$2,331,000. Population, 1875, 49,638.

Lynn, Mass.—Total debt, \$2,256,000. Sinking fund, \$196,470. Tax valuation, 1870, \$20,927,115. Population, 1875, 32,608.

Memphis, Tenn.—The city has been in default for interest since Jan. 1, 1873. The total floating debt Jan. 1, 1877, was \$2,145,431, of which \$657,825 was overdue interest, and there were nominal assets (unpaid taxes, &c.) to balance this of \$2,207,424. An outline of proposed settlement of debt with creditors, at the rate of 50 cents on the dollar, is given in V. 24, p. 387. The circular of July, 1877, urging the city creditors to accept the proposition had the following: "These new bonds are especially valuable, 1st, because they and the coupons are made receivable in payment of all taxes and demands of the city, and this feature is expressly made a part of the contract with the bondholders; 2d, It is part of the contract, and irrevocable, that the city shall not issue any more bonds. The annual levy of taxes for all purposes will of course exceed the amount of the annual interest coupons on these bonds. Hence the interest is assured at all events, even if by inevitable misfortune the city should fail to pay the interest in money. The proposition is to issue the new compromise bonds in exchange for the present indebtedness (including interest on past due indebtedness) at 50 cents on the dollar. For judgments the Legislature authorizes the payment of 55 cents." Assessed valuation of real estate, 1875, \$19,329,600; personal, about \$6,500,000. Tax rate, \$2 per \$100. Population in 1870, 40,280. (V. 21, p. 186, 570; V. 23, p. 379; V. 25, p. 114.)

Milwaukee.—The city cannot issue debt beyond 5 per cent of its average assessed value for five years. Western Maryland.—This company was largely assisted by the city of Baltimore, which has also bought its overdue coupons. The only bonds remaining in default for interest to their holders were the second preferred unendorsed and on those payment was made of coupons due July, 1873, and January, 1874, in January, 1877. Annual report for last fiscal year, to September 30, 1876, showed gross receipts, \$311,902; expenses, \$215,556; net receipts, \$96,346. In a recently published circular is a statement of the earnings of the road for the first eight months of the present fiscal year, giving the figures at \$198,420, against \$87,365 in the eight months beginning 1st October, 1869. Upon this basis the earnings for the full year would be about \$300,000. Estimating the expenses at 66 per cent (as in the previous year), the net earnings will amount to about \$100,000.
