#### CLEARING HOUSE RETURNS.

The following table, made up by telegraph, etc., indicates that the total bank clearings of all the clearing houses of the United States for the week ending to-day, August 11, have been \$1,239,940,556, against \$1,386,838,242 last week and \$1,481,014,277 the corresponding week of last year.

CLEARINGS.	Week Ending August 11.				
Returns by Telegraph.	1900.	1899	P. Cent		
New York	\$556,372,435	\$735,388,928	-24.3		
Boston	81,231,440	98,610,425	-17.5		
Philadelphia	58,905,791	67,852,756	-13.2		
Baltimore	14,266,978	14 387,689	-0.8		
Chicago	98,359,378	97,394,575	+10		
St. Louis	25,317,816	26,631,935	-4.9		
New Orleans	5,500,000	4,800,889	+14.8		
Seven citles, 5 days	\$839,953,833	\$1,045,070,197	-19.6		
Other cities, 5 days.	191,014,237	180,271,463	+5.8		
Total all cities, 5 days	\$1,030.963,070	\$1,225,941,660	-15'9		
All cities, 1 day	208,972,486	255,672,617	-18 3		
Total all cities for week	\$1,339 940 556	\$1,481,014,277	-16.3		

The full details of clearings for the week covered by the above statement will be given next Saturday. We cannot, of course, furnish them to-day, bank clearings being made up by the various clearing houses at noon on Saturday, and hence in the above the last twenty-four hours of the week have to be in all cases estimated, as we go to press Friday night.

We present below our usual detailed figures for the previous week, covering the returns for the period ending with Saturday noon, August 4, and the results for the corresponding week in 1899, 1898 and 1897 are also given. In comparison with the preceding week there is an increase in the aggregate exchanges of seventy million dollars, the gain at New York being twenty-nine millions. Contrasted with the week of 1899 the total for the whole country shows a decline of 15.0 per cent. Compared with the week of 1898 the current returns record a gain of 28.2 per cent, and the excess over 1897 is 17.2 per cent. Outside of New York the increase over 1899 is 0.6 per cent. The excess over 1898 reaches 38.5 per cent, and making comparison with 1897 the gain is seen to be 29.6 p. c.

#### THE FINANCIAL SITUATION.

An event of the week has been Mr. Bryan's speech at Indianapolis on being officially notified of his nomination. His remarks were chiefly noteworthy for what he omitted to speak about rather than for what he did say. It was of course impossible for him to utter anything new about what he calls Imperialism, to which subject he confined himself; all sides of that subject have been so thoroughly discussed that his address, as a whole, seems quite We are sorry-not for ourlabored and tame. selves but for him—that he should not have given the public even a hint of what he proposed to do about silver. He knows that every one who hears the name of Bryan in connection with the Presidency immediately thinks of free silver Yet all he tells an excoinage on the 16-to-1 basis. pectant public is that if elected, as soon as inaugurated he will call an extra session of Congress to declare the Nation's policy as te—what? The Philippine Islands! Keeping wholly in the dark his silver policy by omit ting to utter one single word on the subject. We say we are sorry, and we are so because such a performance does not comport with the reputation he has held of being a frank, honest man—holding queer views to be sure, but having none of the quirks of a pettifogger or the misleading ways of a trimmer.

The most prominent transaction this week has been the prompt closing on Tuesday, within half an hour of their opening, of the subscriptions, both at the Bank of England and at the banking offices in this country of J. P. Morgan & Co., Baring, Magoun & Co., Kidder, Peabody & Co. and Drexel & Co., for the £10,000,000 3 per cent three-year British Exchequer bonds. It is noteworthy that the subscriptions to these bonds by Americans were about \$55,000,000, or in excess of the whole issue, and that requests for nearly this amount were received on Monday; belated applications, received after the closing of the subscriptions, would, if added, have greatly increased the aggregate sum. On Wednesday it was announced that \$28,000,000 of the bonds had been awarded to American subscribers by the advice of the Bank of England to the Chancellor of the Ex chequer, thus accepting the offer made to the Chancellor by J. S. Morgan & Co. and the Barings early The Bank pointed out that this was an easy and a natural way to bring gold into England and exports to the United States in October. Otherwise the Bank rate might have to be raised to 5 or 6 per cent and extraordinary measures be taken to increase the gold reserve. Among the largest subscribers to the loan were insurance com panies and other institutions who sought the bonds for investment. A three-year 3 per cent bond at 98 would yield about 3.70 per cent. The transaction was advantageous to the British Government not only for the reasons above noted, but also because it placed a large amount of gold at its immediate disposal through agreement with the Morgans and the Barings, the joint takers. At the same time the Bank of England, with a view to encourage the movement of gold hence to London, concurrently with the acceptance of the American subscriptions offered to make advances on gold at 3 per cent interest while it was in transit. In response to this offer, and also be-

Wednesday to move hence to London, \$3,211,328 14 going forward on that day; on Thursday there was an export of \$2,103.09115 to Paris; Friday there were withdrawals for shipment to London to-day of \$3,325,099 45, making total exports for the week \$8,639,518 74.

The present era of prosperity in the railroad indus-

try is distinguished for nothing so much as for the

conservatism displayed in the matter of the distribution of dividends. There have been many cases of new or enlarged dividends, but the action in practically every case has been marked by great moderation, only a very small portion of the increased profits actually available being used for this purpose. As a result, our leading railroad properties are being raised to a position of strength, security and efficiency, where they will be better prepared to pass through period of adversity, should it unfortunately any previous period in come, than at In another article we review country's history. the annual report of the Chicago & North Western Railway Company, and show that while of the enlarged profits only \$391,124 was paid out in extra dividends no less than \$4,542,041 was appropriated for the acquisition of new equipment, second track, sidings, buildings and real estate. The Reading Company, in its action this week on the divistock, also dend on the 1st preferred evidence of the same policy. Dividends on this stock were begun last March, a semi-annual payment of 1½ per cent being then made. parties had looked for 2 per cent in September, but the managers have decided to continue payment at the old rate, thus placing the stock on a 3 per cent basis, instead of the full 4 per cent. The action is generally commended as in line with the policy, so widely being adopted by other important systems, of reserving a portion of profits to put back into the property. The Reading figures for the full fiscal year to June 30 1900 are not yet available, but the monthly returns show that for the eleven months to May 31 the surplus above charges had increased \$1,050,723, as compared with the corresponding eleven months of the previous fiscal year.

Another illustration of the prevailing disposition in the particular mentioned, is furnished in the step contemplated by the new managers of the Iowa Central. This road, as the reader knows, is now controlled by the same interests as the Minneapolis & St. Louis. The Iowa Central has latterly been paying 3 per cent dividends on its preferred shares. It is understood it has now been decided to discontinue dividends and to apply the money to the purchase of new equipment. Action is to be taken next Monday. It is stated that at present the company is paying mileage on many cars and is borrowing locomotives; that if new rolling stock acquired were charged to maintenance of equipment the preferred dividend would not be fully earned, and that, it is thought, the best way to make dividends permanent is not to undertake to pay them until the road is in first-class, up-to-date condition.

disposal through agreement with the Morgans and the Barings, the joint takers. At the same time the Bank of England, with a view to encourage the movement of gold hence to London, concurrently with the acceptance of the American subscriptions offered to make advances on gold at 3 per cent interest while it was in transit. In response to this offer, and also because of the above-noted agreement, gold began on

dividends has been, the rate being enlarged only slowly as growth of revenues warranted the step. Thus while the Memphis & Birmingham incomes are to receive 5 per cent in September, being the full amount to which they are entitled, in 1899 these same bonds received only 3 per cent, in 1898 only 21/2 per cent and in 1897 but 2 per cent. In the case of the Kansas City Fort Scott & Memphis dividends on the preferred shares were suspended from 1893 up to February last, when 5 per cent was paid out of the earnings of the calendar year 1899. Now a dividend of 4 per cent is made payable "from the net earnings of the first six months of the calendar year 1900." The report for the twelve months ending June 30 shows that \$100,000 was appropriated out of earnings for improvements.

The report of the Agricultural Bureau at Washington on the condition of the country's crops on the 1st of August is somewhat of a disappointment in failing to show the decided improvement expected over the previous month as the result of the better weather experienced during July. In this it is quite at variance with the tenor of private advices regarding the effects of the change. case of both spring wheat and cotton very much higher averages than the previous month were looked for. The Bureau makes only very slight differences in favor of either for August, reporting spring wheat 56.4, against 55.2, and cotton 76.0, against 75.8. As concerns cotton there is, of course, still time for improvement, but in the case of spring wheat the damage done can not be repaired, as the crop is now in process of being harvested. Outside of spring wheat the figures show nothing discouraging in the situation. The winter-wheat yield the present year, as we have so frequently pointed out in these columns, has been very much heavier than last year, the harvest in Kansas and the Southwest being of phenomenal extent and the increase here will go a great way towards offset ting the shortage in spring wheat, so that the total wheat crop is certain to be a good average.

The most important grain crop of all is corn. Here there is as yet no cause for uneasiness. Very naturally much will depend upon the weather the present month. If the situation in that particular should be adverse, propects might be seriously impaired. Thus far, however, the promise remains good. Bureau makes the average for this crop 2 points lower than for July 1; but even at that the condition continues high, being 87.5, which compares with 89.9 in August of last year, but with 87.0 and 84.2, respectively, in 1898 and 1897. The deterioration has been mainly in Kansas, where there has been a drop from 93 to 71. In the Middle Western States the averages are very high—Illinois 96, and Indiana and Ohio both 98. In Missouri the condition is 99; in Iowa, 105. We give the averages in detail for the different States in comparison with the previous month and with previous years on page 301. The oats crop is also certain to be large, the average of condition for the whole country being reported 85.0, against 90.8 last year and 84.2 in 1898.

There has been no change this week in the official rate of discount by any of the European banks. The Bank of Bengal at Calcutta has, however, advanced

its minimum rate of discount from 3 to 4 per cent. The statement of the New York Associated Banks last week showed an increase of \$3,269,100 in cash, of which \$2,188,900 consisted of specie and \$1,080,200 in legal tenders. The loans were increased \$2,596,200 and the deposits were augmented \$6,640,800, while the surplus reserve rose \$1,608,900, to \$29,144,875, or within \$1,726,400 of the highest of the year. The specie and legal tenders are now at the maximum of the year, while the deposits are within \$1,287,700 of the highest. The applications for the exchange of fundable bonds for the new 2 per cents amounted at the close of business on Thursday to \$325,592,750. The Canadian Bank of Commerce has this week received \$450,000, the proceeds of Klondike gold deposited for their account at Seattle and at San Francisco, and the Bank of British North America has received \$200,000 from this source. In addition to these movements from the Pacific Coast the Sub-Treasury has cashed \$2,700,000, representing the proceeds of the gold which recently arrived at San Fran. cisco from Sydney, N.S.W.

Money on call, representing bankers' balances, was not in the least disturbed this week by the current and the prospective exports of gold to Europe. Until Thursday loans were uniformly made at 1½ per cent and at  $1\frac{1}{4}$  per cent. On the above-named day and on Friday the transactions were at  $1\frac{1}{4}$  per cent and at 1 per cent. The average for the week has been a fraction over 14 per cent. Banks and trust companies generally maintain  $1\frac{1}{2}$  per cent as the minimum. There is a fair demand for time money, though almost wholly for long dates, and some of the down-town banks have loaned at 4 per cent for four months. Quotations are 3 per cent for sixty days,  $3\frac{1}{2}$  per cent for ninety days, 4 per cent for four and  $4@4\frac{1}{2}$  per cent for five to six months on good mixed Stock Exchange collateral. The movement in commercial paper is quite slow, although some business is daily reported by dealers. It is, however, chiefly with out of-town near-by institutions. The supply is moderate and rates are firm at  $4@4\frac{1}{2}$  per cent for sixty to ninety day endorsed bills receivable,  $4\frac{1}{2}$ @5 per cent for prime and  $5\frac{1}{2}$ @6 per cent for good four to six months single names.

The successes which were reported last week in South Africa were this week followed by an unimportant reverse, the British garrison of Elands River, consisting of about three hundred bushmen and Rhodesians, having been captured by the Boers. A conspiracy to capture Gen. Roberts at Pretoria is reported to have been discovered. The allied army in China on Sunday engaged a superior force of Chinese at Peitsang and after a severe battle, attended with a loss of 1,200 of the Allies, the Chinese were defeated, and retreated. On Monday, Yangtsun, at the junction of the Pei-Ho and the railroad leading to Pekin, was captured by the Allies. Apparently the legations at Pekin are still safe, though the offensive demonstrations by the Chinese Imperial troops continue. This has caused the presentation of a demand by the American Government that the firing on the legations shall cease and that the Imperial Government shall co-operate with the relieving column. The Bank of England minimum rate of discount remains unchanged at 4 per cent. The cable reports discounts of sixty to ninety day bank bills in London 45 per cent. The open market rate at Paris is 25 per

cent and at Berlin and Frankfort it is  $4\frac{1}{4}$ @ $4\frac{2}{8}$  per cent. According to our special cable from London the Bank of England lost £604,545 bullion during the week and held £30,428,905 at the close of the week. Our correspondent further advises us that the loss was due to the export of £25,000 to South America and to shipments to the interior of Great Britain of £764,000 net, and imports of £184,000, of which £128,000 were bought in the open market and £56,000 were from Australia.

The announcement of the British Exchequer loan and the expectation that the subscriptions therefor in this city would cause a sharp demand for remittance very decidedly influenced the foreign exchange market on Saturday and the tone was quite strong on Monday, so continuing on the following day. however, the offerings of bills drawn against exports of gold to London and the satisfaction through these exports of the urgent demand for remittance brought about a recession in rates for sight sterling and the tone was easier on Wednesday, though it grew steady to firm on Thursday, and was easy again on Friday. There was a slight increase in offerings of commercial bills after the middle of the week, chiefly drawn against grain from the Southwest, and there were likewise some provision bills, but none against cotton. These commercial bills were, however, promptly Influenced, as above noted, by the absorbed. subscriptions to the British Exchequer loan, which caused the prompt remittance of gold in payment of the 5 per cent instalment thereon, and influenced also by the inducement offered by the Bank of England of interest on the consignments while in transit, there was an export of \$3,211,328 14 in gold bars to London by the steamer sailing on Wednesday, \$2,706,799 69 being shipped by Baring, Magoun & Co. and \$504,-528 45 by Heidelbach, Ickelheimer & Co. On the following day there was an export of \$2,103,091 15 gold bars to Paris, Heidelbach, Ickelheimer & Co. forwarding \$501,582 58, Lazard Freres \$1,001,907 63 and Ladenburg, Thalmann & Co. \$599,600 94. On Thursday an advance by the Bank of England in the price of American Eagles to 76 shillings 5 pence per ounce and of gold bars to 77 shillings 10 pence per ounce induced Brown Bros. & Co. to arrange for the shipment to London of \$500,000 gold coin by the steamer sailing to-day (Saturday), and it was then announced that Heidelbach, Ickelheimer & Co. would also make a shipment of \$532,981 77 and the City Bank \$1,033,-850 32 gold bars to London on that day. On Friday the City Bank increased its withdrawal by \$506,615 33 and Muller, Schall & Co. withdrew \$751,652 03, making the shipment to London to-day (Saturday) \$3,325,-099 45. The amount of gold exported for the week was \$8,139,518 74 in gold bars and \$500,000 in gold coin, making a total of \$8,639,518 74. Gold received at the Custom House during the week, \$16,566. The Assay Office paid \$883,057 67 for domestic bullion.

Nominal rates for exchange have been 4 85 to 4 85½ for sixty day and 4 89 for sight during the greater part of the week. Rates for actual business opened on Monday at an advance of one-quarter of a cent all around compared with those at the close on Friday of last week, at 4 84½@4 84½ for long, 4 88½@4 88½ for short and 4 88½@4 89 for cables, and on Saturday some bankers quoted the above rates for sight and for cables. The tone was strong and it so continued on the following day. On Wcdnesday, how-

ever, the market grew easier for sight, in which there was a reduction for actual business of one-quarter of a cent, to 488@488\frac{1}{4}. On Thursday the tone became generally firmer again, though the market was not quotably higher. On Friday the tone was easier at a reduction of one-quarter of a cent all around. The following shows daily posted rates for exchange by some of the leading drawers:

	FRI., Aug. 3.	Mon., Aug. 6.	TUES Aug. 7.	WED Aug. 8.	THUR.	FRI., Aug. 10.
Brown Bros 60 days. Sight	4 8414	85 89	<b>85</b> 89	85 89	85 89	85 89

## POPULARITY OF THE BRITISH WAR LOAN —REASONS FOR IT.

While the home security market has been especially sluggish even for this dullest of dull seasons, it seems that there is plenty of money here for investment in foreign securities. We announced in our "Financial Situation" last week that the Bank of England would on August 7 receive applications for £10,000,000 3 per cent Exchequer bonds, repayable at par August 7 1903, and that J. P. Morgan & Co. and Baring, Magoun & Co. of New York, Drexel & Co. of Philadelphia, and Kidder, Peabody & Co. of Boston, were authorized to receive and forward applications for allotments of these bonds. It now appears, from a statement of Sir Michael Hicks-Beach, Chancellor of the Exchequer, made in the House of Commons

August 7, that he "had received an offer from an Anglo American house to place half the issue in America" and that "this part of the issue was already taken" before subscriptions were opened in London. The announcement has been since made that the American subscribers will get a little more than \$28,000,000 of the bonds. It is also reported here that the bids in the United States exceeded \$55,000,000, or considerably more than the full amount of the loan.

The question has been raised—why was so much eagerness shown to procure these bonds? According to our view the more natural question is—why was not greater rather than less rivalry apparent? We should not have been at all surprised had the bids amounted to several times what they did. The bonds offered were particularly attractive to-day to an American having savings to invest. This is true for several reasons. Most important of all is the fact that they have not a suggestion of anything allied to Bryanism associated with them and never can On the other hand, all United States bonds, if the silver advocates could have their way, would be paid in silver. That is the spirit which would control the silver party's administration and would be carried out by it so far as it had or could acquire the semblance of authority for action. Even the election of Bryan carries with it the presumption of a shock to credit which would quickly empty our treasury of every dollar of its gold, and would also deplete our banks in like manner if they did not suspend gold payments. Another reason for the popularity of the Exchequer bonds was that being short, they exactly filled a demand just at the moment active. That is to say, they were in all respects well fitted to take the buyer's money safely over the uncertainties our battle with silver raises; moreover, while doing that they enabled him to get nearly 33 per cent for his money on a perfect security, as good as the world offers; while even 3 per cent is hard to secure at this crisis in our affairs. Finally, Great Britain's condition, because of its necessities, present and future, growing out of the South African war and the possibilities of the disturbance in China and the situation of the gold reserve in Europe, has put its bonds abnormally low, and therefore the offer was unusually attractive.

The fact last mentioned is not by any means to be construed into a belief that the American buyer will sell his holdings if the price of these Exchequer bonds We see some such suggestion reported by cable to have been made by London newspaper writers in criticising the English Government for allotting so large a portion of the loan to the United States. Our idea is that this feature of Americans buying British bonds is a permanent feature sure to develop. It is one of those clever forecasts of the security situation which the banker who in March of this year represented the Bank of England in the United States and forwarded applications for allotments of a British loan offered at that time has been noted for in his business life. The continuing strength of the movement lies, however, in the fact that for well-known reasons United States bonds are no longer of use to the general investing classes in this country. Being quite limited in amount and enjoying currency, trustee and other privileges, our Government securities hold in the market an unnaturally high value, which makes the income they net the holder almost'

Under such circumstances, why should nominal. not this movement materially grow? Probably the financial vagaries now so prominent and prevalent in the United States will not again present a reason for or stimulate the making of purchases. We look for such a positive defeat in November of Mr. Bryan as to discourage for at least a good many years any political party repeating his experiment. But our people having once become familiarized with this foreign class of securities will, it would seem, find abundant reason for holding them in increasing favor. No bond can be safer than the Government issues of Great Britain and Germany. The former is likely to be the more widely adopted for obvious reasons. But either is as safe an investment as can be made, and nets a very much larger income than United States bonds afford.

But it may be asked, what is to be thought of the large exports of gold which these bond purchases are causing—is not this movement to be deprecated? We see no reason for anxiety on that account; we are getting full value for it. Any natural export of gold from America to Europe is unobjectionable. So far as we drive gold from us through a vicious currency it is harmful and disturbing, for the currency in that case weakens or suspends natural influences which in a normal state of affairs arrest the outflow when the condition or conditions occasioning it are satisfied. Hence, so far as the export movement now in progress is wholly caused by the bond purchase, it is not regrettable. Moreover, as soon as our currency is put into a thoroughly scientific shape a gold movement either way will only occur when it happens as a corrective of trade expansion or in return for what the receiving country values more. Its export consequently is of itself of no greater importance than an export of breadstuffs or cotton. The moving force back of the export is what gives to the operation its mischievous character.

#### MR. BRYAN'S SPEECH.

The public had been so discreetly prepared for the fact that Mr. Bryan would confine himself, in his speech of acceptance, to the single issue of "imperialism," that the fact of his exclusion of all other issues has attracted less attention than would otherwise have been bestowed upon it. For ourselves, it has seemed that the natural question to ask, after reading the candidate's address of last Thursday, is this—What is the real meaning of Mr. Bryan's sudden suppression of every other public question involved in the vote of November?

We can imagine only three motives for this very unusual action. A candidate might give such exclusive attention to one part of the platform because he disagreed with all the other "planks," and could not, therefore, decently discuss them. Nobody has any reason to suspect Mr. Bryan of this motive. Not only is he in no disagreement with his platform on the pregnant issues of currency and coinage, for example, but he is so far identified with them that he compelled an unwilling convention of his party to write at his dictation the very clauses of the platform which he ignored last Thursday. The idea that Mr. Bryan ignores the declarations other than Imperialism because he did not like them will not be seriously entertained by any person.

It is also possible that a candidate might regard one part of the platform as of such supreme and overshadowing importance that it was hardly worth while to waste discussion on the rest. This was the principle openly adopted by Mr. Lincoln in 1860, when the crisis of secession dwarfed every other public issue. We believe that even Mr. Lincoln gave at that time some decent though brief notice to the other portions of the platform, and did not, like Mr. Bryan, turn them down in silence. Still, he undoubtedly allowed his party to understand that all other issues must give place to this one public problem. If Mr. Bryan hopes to convince his audience that his view of the present situation is the same, he will have to explain the curious incidents of July 5, when all reports from Kansas City announced that Mr. Bryan had agreed to the insertion of "Imperialism" the paramount issue as a compromise with the Eastern faction, which opposed the free-coinage declaration. It is no secret that, until this compromise was arrived at, every one of these Eastern delegates believed that Mr. Bryan was about to insist on free silver coinage as the corner-stone of his platform. Now, such impressions would not be possible with re gard to a man whose heart was completely and exclusively given up to the principle thus made a toy of convention intrigue. As a matter of fact, nothing that Mr. Bryan has ever said or done has suggested that he had more than a perfunctory interest in the question. That he discovered, after his nomination, the possible strategic value of this issue, as a matter of campaign politics, will readily be admitted. But that even such a conviction should have led him, in all sincerity to toss aside as non-essential the questions on which he had been haranguing the country during his four years of conspicuous public life is not reasonable to suppose.

There is only one other explanation which we can discern. A candidate may choose to suppress discussion of certain pledges or declarations in his party's platform because he is doubtful as to the effect of his renewed endorsement of them on the voters. We are unable to escape the conclusion that this is the true explanation of Mr. Bryan's singular treatment of his platform. Speaking the language of professional politics, he has satisfied one section of his possible supporters by demanding the unequivocal reassertion of the platform of 1896. This is a "bid" for the Populist vote. Having apparently achieved his purpose in that direction he now undertakes to attract another doubtful faction by a arraignment of the forcible expansion policy allay of the opposing party and to misgivings by ignoring the silver issue. he had, with this purpose in view, good reason for saying nothing in regard to the currency, must be manifest to every one who has followed the recent discussions of the "Anti-imperialist" party—the very faction which Mr. Bryan is now endeavoring to attract. When the first gathering of this party had formally described a vote for Mr. Bryan as "a vote for free silver; a still further debauching of the civil service; a packing of the Supreme Court by men to be governed by the will of the Executive"-is it so very strange that, in his appeal to the voters represented by that gathering Mr. Bryan should resolve to say not a word of free silver, of the civil service, or of the appointment of new Supreme Court judges? To re-state his opinions on these questions would have been to defy the people whom he wishes to conciliate, and except for recantation or silence, no alternative

remained. It is not very surprising that Mr. Bryan chose the third of these three courses.

These suggestions show, we think, Mr. Bryan's speech of last Thursday to have been purely a political manoeuvre. We are aware, however, that to say this is not to answer his arguments on "Imperialism." But it is no part of our purpose to prove that Mr. Bryan is radically wrong in his series of statements regarding the expansion policy. On the contrary, we do not hesitate to say that in many of his assertions he is entirely sound. Certainly we should not think of attacking the propositions that a large standing army is an evil unwarranted by our present situation, or that a war for conquest is wholly We agree with these propositions as we should agree with any other patent truth which Mr. Bryan might choose to assert; and we have never hesitated to express our own judgment in the matter. We do not agree with Mr. Bryan that the Filipinos were ready for self-government in 1898 or are ready now; and we should certainly regret to the last degree to see this grave and weighty problem intrusted to a young and untried politician, whose associations are of the most disquieting character and whose flightiness of judgment on public affairs has already been made manifest on half a dozen other ques-Retaining the Philippines may be a troublesome problem; but withdrawing from them is by no means the simple undertaking that Mr. Bryan's glib programme of policy suggests.

For ourselves, if we were the most ardent of "anti-Imperialists," we should still regard with the gravest misgiving the proposition to entrust the nation's fortunes, even on that question, to such a man. That the anti-Imperialists themselves fully share this misgiving was sufficiently proved by their declaration at the Plaza Hotel on July 18, when they described Mr. Bryan as "a man with hallucinations or a demagogue —in either event a dangerous man." As to Mr. Bryan's explicit promise to prepare for withdrawal from the Philippines in the event of his election, we cannot do better than quote the comment of Senator Hoar, himself an "anti-Imperialist," who fought the battle against colonial expansion at a time when Mr. Bryan was merely watching which way the popular tide would move:

"He says that if he is elected he will call an extra session at once and propose to Congress to give up the Philippines to their own people. He must know very well that this talk is the idlest and most ridiculous nonsense. He knows that he could not expect either house of Congress to do this thing until the people of the Philippine Islands have abandoned their opposition and have re-established an orderly government under our protection."

#### CHICAGO & NORTH WESTERN REPORT.

If the annual report of the Chicago & North Western Railway Company for the previous fiscal year made a striking exhibit of strength and prosperity, that for the year which ended on May 31 1900 makes a yet more impressive showing. Indeed, the outcome is so extremely favorable that if a few years ago any one had ventured to suggest such results as likely in the near future, the prediction would hardly have been taken seriously even in the case of such a remarkably strong property as the Chicago & North Western. The result shows the possibilities open to the railroad transportation systems in this thriving land, when

the properties have been well managed and put in condition to take advantage of trade activity and good crops. The Chicago & North Western admittedly has filled these requirements, its management having resisted the importunities to distribute among the stockholders a greater share of the profits (which profits had been large even in years of indifferent trade and traffic conditions), and having at the same time brought the property up to a standard of efficiency permitting the handling of traffic with steadily increasing economy, so as to offset the loss from the uninterrupted decline in rates.

Perhaps the best way to bring out the strikingly favorable character of the year's returns is to say that after meeting all expenses and the rental, interest and sinking fund charges, the operations of the twelve months show a surplus balance of over ten million dollars (\$10,061,554), while the call for dividends, which were at the rate of 7 per cent on the preferred shares and 6 per cent on the common shares, was less than four million dollars—\$3,914,394. In other words, there has been a surplus on the business of the twelve months over and above the dividends in the sum of no less than \$6,147,160. The report does not state the surplus balance at this sum, but in amount of \$1,605,119. This is so, however, only because \$4,542,-041 has been first deducted for a special appropriation made by the board of directors for outlays for real estate, equipment and other construction items; \$1,-607,324 of that sum represents the cost of over 179 miles of second track, \$430,593 the cost of 60 miles of new sidings, \$1,039,869 the cost of additional equipment, \$597,300 the cost of buildings, furniture and fixtures, and the rest various other similar out-

This large special appropriation illustrates and typifies better than anything else the character of the management. In previous years quite large expenditures had been made for additions and improvements, which were charged directly to expenses or paid for out of surplus earnings. Through this means the property was brought to its present efficiency and strength. Now comes a year of extreme prosperity when, as the result of this previous wise policy, the property is able to show profits of unusual amount. What does the management do? Does it distribute the extra profits to the shareholders? Far from it. The dividend on the common shares is increased in the moderate amount of 1 per cent, raising it from a 5 per cent basis to a 6 per cent basis, and increasing the dividend requirement only \$391,124. On the other hand, a sum equal to more than ten times this extra dividend requirement, and exceeding by \$627,-000 the whole amount paid in dividends on both the common and preferred stock (\$3,914,394), is taken directly from profits and devoted to further enlarging and strengthening the Chicago & North Western property. It is evidence of the extent of the year's profits that the company could pay for \$4,542,041 of special outlays of this description and yet show a surplus above charges and dividends in amount of \$1,605,119. However, even this does not quite tell the whole story of the favorable character of the year's results, for the surplus given is entirely independent of the operation of the land department, the net receipts from which were \$599,387, and also does not include the results of the business of the Fremont Elkhorn & Missouri Valley or trans-Missouri lines, where there was a profit above expenses and charges of \$224,731.

It must also be remembered that besides the 4½ million dollars taken specifically from profits, there were very heavy expenditures for betterments, improvements and additions which were included directly in expenses. Operating expenses and taxes in 1899-1900 aggregated \$26,994,014, against only \$24,-828,714 in 1898-9, \$23,746,485 in 1897-8 and but \$19,938,821 in 1896 7. Here is an increase in three years of over 7 million dollars. Of course the great expansion in the traffic of the road necessarily entailed a large addition to expenses. Just how much of the total augmentation in expenses is to be attributed to that cause it would be difficult to determine. Moreover where expense accounts are known to have been heavily charged with extraordinary expenditures in all the years, the inquiry does not call for special We shall cite figures presently to show consideration. that not withstanding the prosperity which the property has been enjoying the last few years, the attempt to reduce the cost of moving traffic has not been relaxed, and that much success has attended the effort. As to the outlays for betterments included in expenses a few illustrations taken at random from the present report will suffice to show what has been going on. Thus the report tells us that on the more important lines steel rails weighing 90 lbs. per yard are being laid, while on the lines where the traffic is lighter 72 lb. rails are being laid—that during the year 50,285 tons of new rails were laid, replacing rails of lighter weight in 414 miles of track. It is also pointed out that 2,037,284 new ties were put in the track, against 1,347,755 in the previous year. Furthermore, it is stated that 82 locomotives were purchased during the twelve months in replacement of a like number retired or to be retired, and that their cost (\$1,015,040) was charged to operating expenses. In tractive power the 82 new locomotives are equal to 203 of those they have replaced, the increase in such power being 147½ per cent.

Notwithstanding the heavy expenditures on maintenance of way and maintenance of equipment, the ratio of expenses to earnings has been reduced, and for the late year was only 62.85 per cent, against 65.31, 65.87 and 64.37 per cent, respectively, in the three years preceding. Of course the mere increase in the volume of business might make it possible to lower the percentage of expenses to earnings, but as showing what has really been accomplished in the way of true economy in operation, we need only refer to the steady increase in the train load which has been effected in recent years. For this purpose, we bring forward a table presented by us a year ago.

	Tons moved	Miles run	Train	Earns. per
	one mile.	by trains.	load.	train mile.
1899.0	3,849,367,760	16,341,994	235.55 tons	\$1.96
1898-9	3,229,327,820	15,489,673	208.48 tons	1.82
	3,030,610,175	15,640,433	193.77 tons	1.73
1896-7	2,254,027,285	14,871,286	151.57 tons	1.51
1895-6	2,372,365,483	16,809,353	141.13 tons	1.46
1894.5	1,713,655,944	14,662,063	116.88 tons	1.34
1893-4	1,989,355,696	16,063,562	123.84 tons	1.33

The foregoing shows that in the late year the company moved 3,849 million tons of freight one mile with a train mileage (16,341,994) scarcely larger than the train mileage required in 1893-4 (16,063,562 tons) to move only 1,989 million tons. In other words, the trains are now hauling an average of 235½ tons against less than 124 tons at the earlier period, and by reason of that fact are earning \$1 96 per train mile, against but \$1 33, in face of a decline in the rate received per

ton per mile in the interval from 1.07 cent to 0.83 cent.

The low rate at which the road is now moving freight should not be lost sight of. All the mileage of the North West. lies west of Chicago, and yet the average rate realized we see was only 33 hundredths of a cent per ton per mile, and the extremely favorable results for the year were obtained on the basis of this low rate. The great growth in traffic which has occurred is reflected in the above table, showing an addition during the last three years to the tonnage movement one mile of 1,595 millions. Contemporaneously there has also been an increase in the passenger traffic. Total gross earnings in the late year fell but little short of 43 million dollars (\$42,950,805), against not quite 31 million dollars (\$30,977,243) three years before in 1896-7. The freight revenues rose first from \$22,236,612 in 1897 to \$27,035,105 in 1898, then to \$28,155,676 in 1899, and now to \$32,008,684 in 1900. The passenger revenues increased from \$6,963,578 to \$7,256,299, to \$8,067,626, and to \$9,002,687. As indicating the magnitude to which the company's business has risen, we may note that the number of freight trains run per day during the year averaged 623 and the passenger trains 599, making the total number of trains per day 1,222. We referred above to the amount of new second track built and paid for out of earnings. The report points out that with the completion of the second main track now under construction in lowa the main line of the company from Chicago to the Missouri River at Council Bluffs, a distance of 490 miles, will be doubletracked the entire length except a section of 67 miles between Maple River Junction and Missouri Valley, and the total length of double track in the system will be 713 miles.

The great increase in revenues which has occurred has been made with a comparatively small addition to the length of road operated. The average number of miles in the late year was 5,218, against 5,030 miles three years before, an increase of less than four per cent. The company is, nevertheless, building a large amount of new road. The number of miles actually in operation at the end of the fiscal year was 5,303 miles, and this is increased to 5,562 if the mileage just completed is added. Hence in the last fifteen or eighteen months about 500 miles have been added. It is a noteworthy fact that except for new roads acquired the funded debt of the Chicago & North Western was not increased at all during the year. Even of the bonds of the new roads, \$1,944,000 are held in the treasury of the North Western. The company's construction charges during the year, including the new roads, amounted to no less than \$15,311,809, of which \$4,542,041 was provided for by the special appropriation from earnings referred to above. The net addition to the bonded indebtedness, including the bonds outstanding of the new roads, was only \$7,110,000. At the same time the balance sheet shows operating assets of \$10,246,905 (of which \$4,587,539 was in actual cash), against current liabilities of only \$8,681.949. this latter embracing interest accrued but not due, and also the dividends paid in July. Truly the North Western is a wonderful property and enjoying remarkable prosperity. It is proper to state that the report says the company has now complied with all the track elevation ordinances affecting it in the city of Chicago.

THE BRITISH IRON AND COAL MARKETS
—THE IMPORT TRADE OF INDIA IN 1899-1900.\*

MANCHESTER, August 1, 1900.

The considerable further fall which has occurred within the last three weeks in the American markets for pig iron and several descriptions of finished iron and steel has attracted a good deal of attention on this side, although its influence upon prices has not been at all appreciable. Recent New York, telegrams report large sales of pig iron, especially of Bessemer, for Europe, and of billets and other forms of steel for England. The imports from the United States so far this year have not been important. Indeed, the official statistics show that the receipts of American pig iron at all the ports of the Kingdom during the first six months of this year reached only 21,997 tons, against 58,321 tons in the corresponding portion of 1899, 30,281 tons in 1898 and 44,597 tons in 1897. Similarly, the imports of American steel billets were only 21,173 tons, against 45,343 tons in 1899, 12,832 tons in 1898 and 22,825 tons in 1897. It is more than likely, however, that during the current halfyear the figures will show a very substantial increase upon those of the latter half of any of the preceding three years. Such, at least, is the conclusion to which one is driven by a review of the condition and prospects of the markets on the two sides of the ocean. Here the production both of the raw and the manufactured article is going into consumption as fast as it is produced, and there are no signs of accumulation of stocks, whilst in America, according to present appearances, the out-turn of raw material and of most kinds of manufactured iron and steel is considerably in excess of the current demand. As the time is approaching when, for several months, freights for these heavy materials will be low, since they can be employed as ballast and as supplementary cargo by grain and cotton steamers coming from the States, much larger imports of them may be expected. Whether or not these will come in sufficient quantity to tell substantially upon prices here remains to be seen.

On this side the main considerations are the scarcity of iron ore and of coal and coke. In all the iron mine districts of the United Kingdom—in Scotland, in the northeast and northwest of England and in the English midlands, the output, though large, passes at once into the furnaces, and freights from Spain, our chief source of foreign supply, are very high and have recently been advancing. Spanish ore is consequently tending upward, the current quotation at Middlesborough being 21s. 9d. per ton of 2,240 lbs., and it is not easily obtained even at that rate. Then, too, fuel remains at extreme prices generally, although some slight easing off in the case of coke is occasionally perceptible. This, however, is the temporary result of the recent hot weather, which has interfered with the full working of blast and other furnaces. The opinion seems to be very widespread that, high as the price of fuel now is, it is likely to move further upward during the coming winter, and even householders, and the merchants who supply them all over the country, are laying down stocks to an unusually large extent for this period of the year. So extraordinary has the demand for house fire purposes become that at a meeting of Lancashire colliery proprietors held yesterday in Manchester, the price of

<sup>. \*</sup> Communicated by our Special Correspondent at Manchester.

household coal was raised to the extent of 1s. 5d. per ton, a most unusual incident in the midst of hot summer weather. This anticipatory accumulation will of course lessen the demand later on, but after all the household consumption of coal is a small matter in comparison with that of the manufacturing industries. In this latter field there is no sign of diminished requirements except in the cotton industry, with its branches of bleaching, dyeing and printing, which are extensive users of coal. Here the scanty supply of cotton will enforce a large reduction of work during the next two or three months, and a corresponding falling off in the demand for coal from the cotton mills and works; but the most important absorption of fuel is in the iron, engineering and collateral industries, and in this direction there is no sign of a substantial decrease. There were indications in the second quarter of the year of a marked falling off in the orders for new shipping, but during July a number of new contracts have been entered into in Scotch and English shipbuilding yards which are probably more than sufficient to counterbalance the very large amount of tonnage launched from the stocks during the month. The demand for railway and structural iron and steel, even at existing high prices, continues heavy, and although some branches of engineering report a little slackening in the receipt of fresh orders, the works are still generally well employed. For the moment, therefore, the prospect of sustained buying of manufactured iron and steel is pretty well assured, and the fact that supplies of iron ore and coal are only sufficient for actual requirements seems to indicate that it will need a much larger increase of imports of American iron and steel than there is at present any probability of our receiving within the next few months in order to bring about a serious collapse in the English markets.

This week I have received from Calcutta the "Annual Review" of the foreign trade of India during the year ended on March 31st 1900, prepared by Mr. J. E. O'Conor, the Director General of Statistics to the Indian Government. The tabular statement of Indian trade for that year was issued several weeks ago, but some passages in the report of the experienced and well informed Director General are yet of timely interest. He states that the imports of merchandise into the Dependency in 1899-1900, a year-be it remembered-of famine and plague, largely exceeded in value those of any previous year except that of 1893-4, "when the exceptional conditions which affected exchange, on the closure of the mints, gave a speculative stimulus to the trade. Only once before that, in 1890-91, did the import trade approximate to the level reached last year, and then also the conditions of exchange, following on legislation in the United States, gave a speculative stimulus to the trade." Mr. O'Conor points out that last year no such adventitious influence was at work. The great increase of imports in 1899-1900 he ascribes largely to the fact that in the year before they had been "slightly curtailed" as a consequence of the large trade of 1897-98, and the Indian markets were consequently in a condition to take abundant supplies of imported merchandise. He does not omit to notice that the rise of prices in Europe has done much to augment the value of the imports, but he adds that "in most important items of trade the quantities imported materially increased." As an indication of the rise of prices in India of the principal classes o

imports, Mr. O'Conor presents the following table—stated in index numbers—of prices in India in January of this and the four preceding years, the average price of 1873 being represented by 100.

	1896.	1897.	1898.	1899.	1900
Grey cotton shirtings	69	70	64	62	84
Grey cotton yarn	. 77	66	61	57	64
Copper sheathing	85	85	90	87	110
Iron rods, etc	.111	110	111	111	124
Total	.342	331	326	317	382

Upon these figures the comment of the report is: "This is an increase of 15 per cent since 1897 in the general level of prices of articles imported into India, and of 20 per cent in the important item of cotton goods, which represents close on two fifths of the whole import trade." It is interesting to notice that although there was a considerable decrease in the imports of iron and steel—from 248,662 tons in 1898-9 to 221,732 tons in 1899-1900—the quantity received from the United States rose from 1,743 tons to 6,713 tons, the falling off having occurred entirely in the imports from Belgium and Germany. With regard to imports of cotton piece goods Mr. O'Conor says: "During the last two years the trade has been active under the influence of the general prosperity of trade, which affected Lancashire in particular so powerfully that it has been said that such a good time has not been known there for twenty years. The imports in 1898.9 were larger than those in the preceding year, which, however, were depressed by the occurrence of famine, and last year's imports were again larger than those of 1898-9. But trade fluctuates greatly, but it may be taken as certain and as being in accordance with precedent that the large trade of these last two years will be followed by a year of relatively restricted trade until the stocks in hand are moved off." I do not venture to offer any comment upon this discouraging forecast of the Indian demand for British cotton goods during the current year. It may be observed, however, that at the present moment there is a very fair, inquiry from the Calcutta side, which but for the abnormal condition of the cotton market would certainly lead to an extensive business. Some of it even now is being put through, for cotton goods are evidently wanted in Calcutta. From Bombay, however, the demand is poor, in view of considerable stocks there and fears of another famine in Northwestern India. It cannot be too clearly borne in mind that although a single famine in India has little effect upon the consumption of imported cotton goods, the occurence of a second or third, particularly if it should be severe or extensive, is very likely to reduce the demand for them appreciably.

#### RAILROAD GROSS EARNINGS FOR JULY.

All things considered, railroad gross earnings for July make a very satisfactory showing—much better than might have been supposed possible. At the same time there are not wanting evidences that in certain directions the great expansion in revenues which has been in progress so long has come to an end, having been in some instances already succeeded by decreases.

Our table, covering 98,386 miles of road, shows \$2,847,040 improvement over the same month last year. As compared with other recent periods this is quite moderate, being not quite 6 per cent—5.86 per cent. But bearing in mind that we have

been experiencing a reaction in trade, that there has been a heavy falling off in the grain traffic in the West, also the live-stock traffic, and that the cotton movement in the South has been of small dimensions, the showing is certainly to be regarded as gratifying. Another fact should not be forgotten. Comparison is with very heavy earnings a year ago, July in 1899 having ranked among the very best months on record, the improvement then having reached (on the roads reporting)  $7\frac{1}{2}$  million dollars, or over 17 per cent. Here are the July totals for a series of years:

	Mil	lleage. Earnings.		ings.	Increase
	Year Given.	Year Preceding.	Year Given.	Year Preceding.	or Decrease.
July.	Miles.	Miles.	8	8	8
1896 (131 roads).	97,351	96,571	41,617,094	40,007,082	Inc. 1,610,012
1897 (127 roads).	100,859	99,445	44,954,350	42,748,940	Inc. 2,205,410
1898 (137 roads).	95,586	95,061	41,432,712	40,709,245	Inc. 723,467
1899 (116 roads).	99,281	98,160	52,184,486	44,546,861	Inc. 7,637,625
1900 (105 roads).	88,386	95,303	51,433,416	48,586,376	Inc. 2,847,040
Jan. 1 to July 31					
1896 (126 roads)	95,076	94,298	266,648,160	250,354,917	Inc.16,293,313
1897 (125 roads).	100,302	98,838	289,501,390	284,508,189	Inc. 4,993,201
1898 (131 roads).	95,584	95,089	292,893,731	263,060,290	Inc. 29,823,444
1899 (113 roads).	98,905	97,784	359,364,294	314,287,353	Inc.25,076,941
1900 (105 roads)	98.386	95,303	357,609,735	317,992,961	Inc 39 616.774

It is important to point out that certain special circumstances affecting the comparison have operated to make the aggregate increase larger the present month than it otherwise would be. For instance, the Denver & Rio Grande reports a gain of \$246,100; but Colorado roads last year suffered from the ore smelters' strike, and the Denver & Rio Grande then had a loss of \$12,-So also the Buffalo Rochester & Pittsburg, which now has \$195,165 gain, last year suffered from a strike of the coal miners along its line, and then reported \$67,572 decrease. We have stated above that there was evidence in the returns that the upward movement in earnings had in certain sections ceased and was being succeeded by a reverse movement. In this we refer more particularly to the falling off in earnings reported by the roads in the springwheat territory of the Northwest, owing to the great damage done in that part of the country by the longcontinued drought in the spring. In the following table we bring together all roads having losses or gains amounting to \$30,000 and over. It will be observed that there are five roads with losses for that amount, of which four may be said to be affected by the impairment in the prospects of the spring-wheat crop. The Milwaukee & St. Paul is one of these, and reports \$164,151 decrease.

<sup>\*</sup> For three weeks only.

Not only in the Northwest, however, but at all other points except in the Southwest, the grain move ment underwent contraction. Kansas, as we know, has raised a phenomenal crop of winter wheat, and this is reflected in heavily increased wheat receipts at Kansas City and St. Louis. Notwithstanding the gain at these points, however, total wheat re-

ceipts at the Western primary markets fell off over five million bushels, with a loss of four million bushels more in corn and over two million bushels in oats. The following is our usual detailed statement of the grain movement, and from this it will be seen that for the four weeks ending July 28 aggregate deliveries of wheat, corn, oats, barley and rye were 43,851,729 bushels in 1900, against 55,316,376 bushels in the corresponding period of 1899.

RECEIPTS OF FLOUR AND GRAIN FOR FOUR WEEKS ENDING JULY 28 AND SINCE JANUARY 1.

Taking the figures at Chicago for the even month, we find that the grain receipts at that point were 19,705,613 bushels in 1900, against 27,335,847 bushels in 1899, but 13,570,785 bushels in 1898. With reference to the live-stock movement at the same point, it will be seen that the deliveries of hogs were 538,107 head this year, against 703,146 head last year. Including all kinds of live stock we may say the deliveries were 20,057 car-loads in July 1900, against 21,918 car-loads in July 1899.

As concerns the cotton movement in the South, that is always small at this season of the year. From the following it will be noticed that the receipts at the Southern outports, though small, ran ahead of the total for the same months of last year. On the other hand, it is proper to say that the shipments overland amounted to only 41,240 bales in July 1900 against 57,772 bales in July 1899.

RECEIPTS OF COTTON AT SOUTHERN PORTS IN JULY, AND FROM JANUARY 1 TO JULY 31, IN 1900, 1899 AND 1898.

-One after another, the banks of the different cities are falling in line with New York in the matter of charging for the collection of out-of town checks. The Louisville Clearing House is the latest association to take the matter up. A meeting was held last week, when the proposition was carefully considered. There appears to be one large institution which is opposed to the idea, namely the Bank of Commerce. According to the statements in the Louisville papers this bank will not enter into an agreement of that kind, no matter what the other banks may do. On account of the opposition of that Institution, it is found necessary to amend the constitution of the Clearing House Association. A resolution was passed amending that instrument so as to make it possible to dissolve the Association at any called or regular meeting, provided three fourths of the members vote are on the proposition. It is expected that the Clearing House will be reorganized without the Bank of Commerce, and that then the experiment of charging for the collection of checks will be tried.

—At a special meeting last week of the stockholders of the National Webster Bank of Boston, Mass., Henry Whitman and Francis A. Peters, who had previously been elected to serve on the Board by the directors, were also elected by the stockholders.

-The Wisconsin State Bankers' Association is to hold its Annual Convention on August 14 and 15 at Milwaukee. F. G. Bigelow, President of the First National Bank of Mil. waukee, and President of the Association, has sent out a stirring notice inviting a large attendance.

—The multiplication of new banks in the West is not being confined to the national institutions, as we have several times recently taken occasion to point out. Three Western States have this week furnished tabulated statements for the 1st of July, and a striking feature in each instance is the growth disclosed in resources and deposits. State Auditor Merriam of Iowa reports that on June 30 there were 226 savings and 214 State banks, and that the aggregate individual deposits of the two classes of institutions were \$91,147,056, against only \$77,405,668 on June 30, 1899. On June 30, 1896, four years ago, individual deposits were no more than \$43,966,-793. In the four years the number of banks has increased from 370 to 440 and the capital stock from \$16,411,400 to \$18,-054,900. Aggregate resources in the interval have risen from \$64,628,481 to \$114,392,424.

In the case of the Nebraska banks, Secretary Hall of the State Banking Board reports general deposits now (June 30, 1900,) \$25,256,035 against but \$13,207,338 four years before, on June 80, 1896. This expansion is the more noteworthy as in the interval a number of weak institutions have been eliminated and the capital is now only \$7,005,450 against \$8,770,-590 in 1896. The banks, however, are in very much stronger condition, as is evident from the fact that surplus and undivided profits foot up \$2,104,794 as against \$1,924,230 in 1896.

In the case of Wisconsin there have been one or two changes of large institutions from the State system to the national system, the most important being that of the Wisconsin Marine & Fire Insurance Bank of Milwaukee. Nevertheless, the exhibits show increase as compared with last January, and very decided expansion as compared with three or four years ago. State Bank Examiner E. I. Kidd makes aggregate resources of the State banks and private banks now \$66,976,955. In June, 1897, the corresponding total was only \$43,062,139.

—J. Simpson Africa, President of the Union Trust Company of Philadelphia, died on Wednesday of this week. Mr. Africa was one of the best-known men in the State of Pennsylvania, having early in his career been very prominently identified with the Department of Internal Affairs of that State—first, as Deputy Secretary back in 1875, and several years later as Secretary. He was one of the incorporators of the Union Trust Company of Philadelphia in 1882, and remained continuously on the Board up to the time of his death. He had been President of the institution since 1887. He was also a Director of the First National Bank of Huntingdon and of the Fidelity Mutual Life Asso. of Phila.

—Among the distinguished visitors to this city on Wednesday were Prince Iwakura of Japan, Captain H. Hiraoka of the Japanese General army staff and Nagatane Soma of the Yokohama specie bank, all of whom arrived on the Teutonic from Europe. Mr. Soma is on business connected with his bank, and he paid a visit of inspection to the Clearing House, accompanied by J. Edward Simmons, President of the Fourth National Bank.

-The Board of Directors of the Fourth National Bank of Nashville, Tenn., last Saturday advanced Mr. G. W. Pyle, paying teller, to the position of Assistant Cashier. At the same time Mr. J. S. McHenry was moved up from individual bookkeeper to paying teller, and Mr. D. H. Donnan made individual bookkeeper. The Fourth National Bank is a progressive, wide-awake institution, quick to recognize merit. Mr. Pyle has been with the bank for a good many years and the promotions are all certain to redound to the advantage of the institution. We see it stated that the bank has never passed a dividend. It is also worth noting that it is in very strong condition, as with a capital of \$600,000 it has surplus and undivided profits of \$367,278, making a combined capital and surplus of almost \$1,000,000. Samuel J. Keith is President, J. H. Fall, Vice-President, and J. T. Howell, Cashier.

-Wyckoff, Barstow & Co., dealers in investment securities, 71 Broadway, are now members of the New York Cotton Exchange, Mr. George E. Barstow Jr. of that firm having just purchased a seat on that Exchange.

The savings banks of New York State, which in their statement last January for the first time reported aggregate resources of one thousand million (\$1,000,209,099), now in their statement for the 1st of July show a further increase of over 37 million dollars, the total being reported \$1,037,869,-160. The deposits considerably exceed 900 million dollars, being reported \$922,081,596. Last January the deposits were \$887,480,650. On January 1, 1897, they were only \$718,176 898, so that in the interval since then there has been an increase of over 200 million dollars.

The Savings Bank Commissioners of Massachusetts have also compiled figures for June 30, 1900, this being a special report made for the United States Comptroller of the Currency. Here also the results show steady growth, though in not quite so striking a way as in the case of New York. The totals run well above half-a-thousand million dollars—aggre gate resources June 30, 1900, being reported \$568,674,400. The annual report of the Massachusetts Commissioners is always for the year ending October 31. Comparing with the figures at that date in 1899, we find that the total then was \$550,534,731. The deposits now are \$533,845,789, against \$518,262,048 last October, and \$488,642,923 on Oct. 31, 1898.

—Mr. D. H. Chandler was recently elected Vice-President of the Vineland Nat. Bank, of Vineland, N. J., to succeed the late James Loughran. Mr. Chandler is a prominent shoe manufacturer and has been a director of the bank for the last ten years. The bank has lately moved into new and very spacious and commodious quarters. Myron J. Kimball is the President and C. H. Anderson Cashier.

#### FAILURES BY BRANCHES OF TRADE.

We take from Dun's Review the following statement showing the failures in the United States by branches of trade for the month ending July 31 in each of the last three years:

FAILURES BY BRANCHES OF BUSINESS.

	July.						
		1900.		1899.	1.	1898.

Note.—Iron, woolens and cottons include all the branches of those manufactures; machinery includes implements and tools; lumber includes saw planing, sash and door mills, carpenters and coopers; clothing includes millinery and furnishings; hats include furs and gloves; chemicals include drugs, fertilisers, paints and oils; printing and books include engraving and maps; milling includes baking; leather and shoes include makers of barness, saddlery, trunks and rubber goods; liquors include tobacco, wines, brewers and beer; glass includes earthenware, pottery, brick, lime and cement; groceries include meats and fish; hotels include restaurants; dry goods include carpets and curtains; furniture includes crockery; hardware includes stoves and tools; and jewelry includes clocks and watches. Brokers include all real estate, note, insurance or produce dealers whose main business is not the handling of actual products, and transporters include all except incorporated railway companies.

#### Monetary: Commercial English News

[From our own correspondent.]

Uncertainty regarding the outcome of the China crisis continues the dominant feature both in the political and financial world. As your readers are aware, various reports have been this week in circulation regarding the safety of at least some of the representatives of the great Powers in Pekin. These rumors have received little credence, but at the same time there has been a revival of hope that some of their lives may have been preserved. It is admitted on all hands that the German Minister has been murdered; but as this may have been due to the savagery of the mob, it would not necessarily discredit the Government of China; but if the Government has authorized or connived at the massacre of the whole or any part of the foreign representatives of the great Powers, it will be impossible for any civilized government to treat with it upon any terms whatever. As such a contingency would involve the setting up of some sort of government having the approval of the great Powers, it is difficult to see what complications might ultimately arise; and these considerations are weighing upon the stock markets as well as causing anxiety in every Chancollary of Europe.

The war in South Africa continues to drag on slowly towards its close. There is a certain amount of impatience felt at the inordinate length to which it has been prolonged; but perhaps we do not make sufficient allowance for the enormous distances that have to be traversed and the great length of the line of communication which has to be maintained. We have had this week two small reverses and the capture of two convoys; but on the other hand, our troops have achieved successes neutralizing the effect of these reverses. With the occupation of Pretoria the main resistance of the Boer army is of course broken; but it had been hoped that the war would be virtually at an end by this time.

As a result of the prolongation of the war and the emergency which has arisen in connection with the crisis in China, the Government announces that it will be necessary to raise a further 11½ millions sterling for the army estimates. This statement has naturally had a very hardening affect upon rates in our money market. The reserve of the Bank of England, although slightly better this week than last, is still well under 20 millions sterling; and at a time when the country is actually engaged in war, when we are also sending out an expedition to China, when trade is very active—although not quite so active as it has been—it is generally felt in the money market that such a reserve is quite inadequate. The Bank of England has at last taken measures to make its official rate of discount at 4 per cent a really effective rate; and for all practical purposes it may be said that it is impossible to negotiate bills below that figure. In the short-loan market—that is, for day-to-day money and for

loans up to 10 days or a fortnight—from  $3\frac{1}{4}$  per cent to  $3\frac{1}{2}$ per cent may be quoted in the case of borrowers of first class credit; but even in the short-loan market the Bank rate is

about the figure for all except the favored few.

One of the most remarkable settlements that has ever occurred at a time of absolute stagnation in the stock markets was completed on Thursday on the Stock Exchange. Within the fortnight included in the account just ended, there was a greater fall in prices in the higher class of investment securities and in home railway stocks than has occurred since the memorable Baring collapse just ten years ago. Bearing in mind that the account open in any market was so small as hardly to be of any importance, had the fall in prices not actually occurred it would have been difficult to persuade any one even connected with the markets that such a break was possible. We have witnessed a fall in the price of consols, the national war loan, British and Irish corporation stocks, county council stocks, home railway debenture and preference stocks, and a veritable collapse in home railway ordinary stocks. So far as those securities bearing a fixed rate of interest are concerned the fall in prices has been due to realizations on the part of bankers, financial houses and investors generally in preparation for further government and municipal borrowings, and in order to employ their money more profitably in lending and discounting at the present rates ruling in the money market. The fall in home railway ordinary stocks must be attributed to a somewhat different cause. It was at first believed to be due merely to "bear" selling on the unfavorable dividends which have been the feature of the last fortnight. The settlement, however, affords very little evidence to support this view. That there was a "bear" account, and is still, is proved by the fact that a small amount of investment buying caused a very sharp recovery; but had the fall in prices been merely due to the existence of a huge "bear" account, the fact must have been disclosed at the settlement, which has not been the case. In reality, bearing in mind the present value of money, prices of home railway stocks have lately been inordinately high.

Lord George Hamilton, the Secretary of State for India, in qis budget speech on Thursday night, dealt almost exclusively with the famine and its terrible effects upon the Indian population. One point of special interest to the banking world Lord George Hamilton mentioned, and that was that owing to the falling off in the revenue it would be necessary to raise a sterling loan. For some weeks past there has been a rumor current in the London money market that a sterling loan was about to be raised for India. Bearing in mind that the Indian Government had only three weeks ago raised a rupee loan of three crores, this was discredited in many quarters; but it turns out that the rumor was perfectly correct. Lord George said: "I propose to raise a loan of three millions sterling. For some time past I have made arrangements for inviting tenders and these will be asked for on Friday next." He went on to explain that this loan forms part of the unaccepted balance of the loan for which the Secretary of the unaccepted balance of the loan for which the Secretary of State obtained powers three years ago. Last night the issue of three millions of India three per cent stock was announced at the price of £95 10s. per cent.

The applications for the 20 lacs offered for tender on Wednesday by the India Council reached 166 lacs, but only 21/2 lacs were sold, at prices averaging about 1s. 3 29 32d. per rupee.

The following return shows the position of the Bank of England, the Bank rate of discount, the price of consols, &c.

Messrs. Pixley & Abell write as follows under date of July 26:

Gold.—The rise in the Bank rate has had the effect of moving the foreign exchanges in a favorable direction, and with dearer money here the Bank has had £98,000 offered her in bar gold, all of which has been taken. Including the above, the total received at the Bank of England is £293,000, of which £195,000 is in sovereigns from Australia. The sole withdrawal is £7,000 for South America. Arrivals—Australia, £115,000; Chile, £1,000; total, £116,000. Shipments—Ni.

ments—Nil.

Silver.—There have been unusually large transactions in silver during the week. The price slightly improved to 28316d. on a better Easterninquiry, but with realizing sales, chiefly on New York account, the price dropped to 284d., and yesterday, with largely increased sales, 273d. was touched. The demand from the Straits was sufficient to absorb all that was offered, and for forward delivery 277gd. was freely paid. To-day the tone is steadier and the Eastern inquiry has again been sufficient to take all amounts offering. The Indian rate is Rs 713 per 100 Tolahs. Arrivals—New York, £193,000; Australia, £14,000; Chile, £7,000; total, £214,000. Shipments—Bombay, £70,000; Calcutta (last week), £22,890; total, £92,890.

Mexican Dollars.—Business in these coin has been restricted owing to the Mexican Exchange being unfavorable for their export; the nearest price is 275gd.

The quotations for bullion are reported as follows:

WALL STREET, FRIDAY, AUG. 10, 1900.-5 P. M. The Money Market and Financial Situation.—While the developments of the week pertain chiefly to matters the possibilities of which are more than ordinarily far-reaching, the effect in Wall Street is increasing apathy and indifference. We see no evidence that any one has been led to take other than a hopeful view of the general prospect. There is no apparent disposition to sell securities, and in two or three cases efforts to buy a certain issue of stocks or bonds has resulted in a sharp advance. This is notably true of Chicago & North Western shares, of Brooklyn Wharf & Warehouse and other bonds. On the other hand, there seems to be almost no desire to add to present holdings, except in a few isolated cases, including those mentioned, and the result is a week of such inactivity as has not been known for a decade or more

Some of the events of more or less importance were the starting of the allied forces in China for the relief of Europeans and Americans shut up in Pekin; advices from South Africa which apparently foreshadow an early termination of the Boer war; announcement that the new British war loan had been largely over-subscribed, more than half of it by American investors; progress of the political campaign in this country, and large shipments of gold from this city to London. The shipments, including \$3,325,099 engaged for to-morrow's steamers, amount to \$8,639,518, the late shipments of which were stimulated by an advance in the price offered by the Bank of England for bars and

American coin.

The open market rates for call loans on the Stock Exchange during the week on stock and bond collaterals have ranged from 1 to 1½ per cent. To-day's rates on call were 1 to 1½ per cent. Prime commercial paper 4 to 5 per cent.

The Bank of England weekly statement on Thursday showed a decrease in bullion of £604,545 and the percent-

age of reserve to liabilities was 36.10, against 35.39 last week; the discount rate remains unchanged at 4 per cent. The Bank of France shows an increase of 22,900,000 francs in gold and 2,325,000 francs in silver.

The New York City Clearing-House banks, in their statement of Aug. 4 showed an increase in the reserve held of \$3,269,100 and a surplus over the required reserve of \$29,144,875, against \$27,535,975 the previous week.

\* This is the price bid at the morning board; no sale was made.
† Prices are quotations in "Unlisted Dep't" for bonds "when issued."

State and Railroad Bonds.—Sales of State bonds at the Board are limited to \$46,000 Virginia 6s deferred trust re-

ceipts at 6 1/8 to 6 1/8.

The volume of business in railway bonds was even smaller and the market more featureless than last week, which, as we then noted, was the dullest period in recent years. Transactions at the Exchange averaged about \$735,000 par value per day and the principal noteworthy feature was Brooklyn Wharf & Warehouse 5s, which advanced 3 points on the purchase of less than \$10,000, face value, of the bonds. Keokuk & Des Moines first 5s also sold over 2 points above the last quotations. Missouri Kansas & Texas, St. Louis & Iron Mountain and Southern Pacific issues were strong features. In addition to the above the active list includes Atchison, Baltimore & Ohio, Norfolk & Western, Northern Pacific, Reading, Southern Railway, Union Pacific and Wabash bonds, which were generally steady.

Stock and Bond Sales.—The following shows the volume of business in stocks and bonds on the New York Stock Exchange for the past week and since Jan. 1:

Railroad and Miscellaneous Stocks.—Extreme dulness has been the most prominent characteristic of the stock market this week. Less than 176,000 shares were traded in on Monday and from this there was a steady decline to a fittle over 90,000 shares on Thursday, the smallest aggregate for a full day in several years.

The railway list has been unusually steady, and although the prevailing tendency was towards weakness, changes in quotations are in most cases fractional. Chicago & North Western was exceptional in an advance of 5 points on the appearance of buying orders. New York Central, Pennsylvania, Illinois Central, Missouri Pacific and the Atchison issues were relatively strong. The local traction issues were notably weak; Metropolitan Street Railway and Brooklyn Rapid Transit declined about 2 points, but re-

covered somewhat to-day.

American Sugar Refining was the most active of the miscellaneous list, but fluctuated within narrow limits. Colorado Fuel & Iron, Pullman's Palace Car and National Tube were strong features. United States Rubber was erratic, covering a range of over 4 points. The tobacco stocks showed a tendency to advance, but Consolidated Gas was

## Boston, Philadelphia and Baltimore Stock Exchanges.—A Daily and Yearly Record.

## Investment and Kailroad Intelligence.

#### RAILROAD EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from January 1 to and including such latest week or month.

The returns of the street railways are brought together separately on a subsequent page.

							1				

<sup>\*</sup> Figures from June 1 are for the railroad only. † Mexican currency. § Covers results of lines directly operated east of Pittsburg. † Includes Chesapeake & Ohio 80'western, Ohio Valley and Chicago and Texas for both years.

b Does not include the Austin & Northwestern, the San Antonio & Aransas Pass or Houston & Texas Central system.

Results on Montgomery Division are include † in 1900, but not for 1899

d Includes St. Paul & Duluth from July 1, 1900.

Latest Gross Earnings by Weeks.—The latest weekly earnings in the foregoing are separately summed up as follows:

For the fourth week of July our statement covers 63 roads and these show 8.35 per cent increase in the aggregate over the same week last year.

Net Earnings Monthly to Latest Dates.—The table following shows the gross and net earnings of STEAM railroads reported this week. A full detailed statement, including all roads from which monthly returns can be obtained, is given once a month in these columns, and the latest statement of this kind will be found in the CHRONICLE of July 21, 1900. The next will appear in the issue of August 25, 1900.

The next will appear in the issue of August 25, 1900.

- a Net earnings here given are after deducting taxes.
- b Net earnings here given are before deducting taxes.
- c Deducting other expenditures for repairs, replacements and general expenses, net income applicable to interest on bonds in June was \$141,855, against \$118,288 last year, and from January 1 to June 30 \$850,512, against \$808,793. This is the result in Mexican dollars treated (according to the company's method of keeping its accounts) as equivalent to 80 cents in United States money—that is, depreciation beyond 20 per cent has aiready been allowed for.
- \* After allowing for expenditures for betterments, net in June, 1900, was \$97,415, against \$74,477 in 1899, and from July 1 to June 30 \$1,752,211, against \$1,653,250 in the previous year.
- † After deducting "reserve fund for repairs of steamers" surplus in June, 1900, was \$33,551, against \$44,655 in 1899, and from May 1 to June 30, 1900, \$92,810, against \$81.124 in 1899. The reserve fund for depreciation and general and extraordinary repairs of steamers has been increased to the standard of the English companies, i.e., five per cent upon the value of the steamers.

Interest Charges and Surplus.—The following roads, in addition to their gross and net earnings given in the foregoing, also report charges for interest, &c., with the surplus above or deficit below those charges.

#### STREET RAILWAYS AND TRACTION COMPANIES.

The following table shows the gross earnings for the latest period of all STREET railways from which we are able to obtain weekly or monthly returns. The arrangement of the table is the same as that for the steam roads—that is, the first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the calendar year from January 1 to and including such latest week or month,

† Strike in Cleveland from June 1 to 26, 1899.

Street Railway Net Earnings.—The following table gives the returns of Street railway gross and net earnings received this week. In reporting these net earnings for the street railways, we adopt the same plan as that for the steam roads-that is, we print each week all the returns received that week, but once a month (on the third or the fourth Saturday), we bring together all the roads furnishing returns, and the latest statement of this kind will be found in the Chronicle of July 21, 1900. The next will appear in the issue of August 25, 1900.

#### Pittsburg Bessemer & Lake Erie Railroad Company.

(Report for the year ending Dec. 31, 1900.)

The earnings for the year 1899 show a large increase over the year 1898. In preparation for a largely increased amount of business offering for the current year, the company arranged for the leasing, under an equipment trust, of 400 steel cars of 50 tons capacity, 400 steel cars of 40 tons capacity and 6 locomotives, at a total cost of \$1,035,000. The average train load of revenue freight for the year 1899 was 781 tons, as against 659 tons for the year 1898. Of the 3,492,163 tons of freight carried in 1899 through ore contributed 2,426,476 an increase of 820,708 tons over 1898; coal and coke contributed 601,096 tons.

#### Boston Electric Light Co.

(Report for the year ending June 30, 1900.)

#### President F. A. Gilbert says in part:

President F. A. Gilbert says in part:

This statement shows, in comparison with the statement of last year, an increase in gross business (exclusive of jobbing) of about 10½ per cent, and a decrease in the ratio of operating expenses to gross income from 63.8 per cent in 1899, to 50.6 per cent in 1900. The latter half of the year the operating expenses were 48.6 per cent. During this portion of the year all of the business was conducted from the new station, with the exception of East Boston. We have during the past year completed the transfer of all business from the open are to the inclosed arc system. Our expectations of economy by use of the inclosed series are lamps and the new generating system have been more than realized. The reduction in the percentage of cost for the production of the current was more than we anticipated, in consequence of which we felt no hesitation in returning during the past year to the old rate of 2 per cent quarterly dividends instead of 1½ per cent, as previously paid. The company has three pieces of real estate which are no longer needed for the uses of the business, and which at a conservative valuation are worth \$600,000 or \$700,000.

The earnings make the following showing:

The earnings make the following showing:

Income Expenses	1899-6 \$980, 531,	797 \$9	898-99. 910,892 604,973	1897-98. \$909,943 513,409	1896-97. \$759,644 485,499

#### International Paper Company.

(Report for year ending June 30, 1900.)

#### President Hugh J. Chisholm says:

The condition of your property has been improved during the year, there having been expended upon it for repairs and maintenance over \$1,000,000. The output of your mills has been increased and the general quality of the paper manufactured improved. It has never been the intent of the company to create a monopoly in the business of manufacturing news-paper, but rather that it might manufacture and distribute under one ownership the aggregate tonnage of all its mills cheaper thau any of the mills proportionately when running as a separate and independent plant. This has been fully justified from the experience of the past year.

The company has also added to its holdings of woodlands quite extensively during the fiscal year. There have been erected two woodpreparing plants, each capable of handling and preparing 100 cords

of wood pulp per diem, one being at the joutlet of Tupper Lake, New York, and the other at Bemis, Me., on the Rangeley Lakes. Your company has purchased the Gardiner Sulphite Mill, at South Gardiner, Me., which manufactures about 30 tons of sulphite a day. Extensive alterations and additions have been made at Rumford Falls, Me., and a sulphite mill is being erected there, which will largely increase the company's output of sulphite pulp, mechanical pulp and paner.

The earnings and balance sheet follow:

EARNINGS, EXPENSES AND CHARGES.	
1899-1900.	1898-99.

		(0/0/=)-	,

\* Approximate; not in official statement.

During the year the company acquired additional property for which it issued in March, 1900, \$1,019,000 of its preferred treasury stock.

The directors on Tuesday declared the twelfth dividend of 13/4 per cent on the preferred and the eighth dividend of 11/4 per cent on the common stock, both dividends to be paid on Sept. 1 to stockholders of record on Aug. 18. James B. Vredenburgh has been elected a director, to succeed Judge A. Q. Garretson, who resigned, having been appointed to the Supreme Bench.—V. 70, p. 534.

#### New England Cotton Yarn Company.

(Report for 11½ months ending June 30, 1900.)

The first annual statement says in part: "Appended hereto are comparative statements of assets and liabilities of July 16, 1899, and June 30, 1900, and also a statement of the disposition of the net earnings of the year. These earnings are after charging off to operating expenses all salaries and general expenses, organization expenses and possible poor accounts, and leaves our cotton, stock in process and yarn on hand at conservative valuations. Your directors feel that the results are satisfactory." The statement of profit and loss and balance sheets follow:

Net earnings from manufacturing account after charging et earnings from manufacturing account and peneral expenses, including management, organization of corporation and poor accounts......\$1,393,709 Receipts from rents.....

The company is operating 588,000 spindles; with the changes in process it will operate 620,000. The additions to the plant, it will be observed, have been provided for out of the earnings.-V. 70, p. 1294.

#### GENERAL INVESTMENT NEWS.

#### RAILROADS, INCLUDING STREET ROADS.

American Railways Co .- New Officers .- Samuel G. De Coursey, President of the Western New York & Pennsylvania RR., has been elected President of the American Railways Co.. to succeed Archibald A. McLeod, who resigned. William F. Harrity is Vice-President and C. L. S. Tingley is Secretary and Treasurer. The directors are:

Samuel G. De Coursey, A. A. McLeod, Samuel R. Shipley, Jeremiah J. Sullivan, William H. Shelmerdine, William F. Harrity, Silas W. Pettit, Edward J. Matthews, John S. Bioren and E. Clarence Miller.

Mr. De Coursey's duties in connection with the Western N. Y.& Pennsylvania have been rendered nominal by the transfer of the road to the Pennsylvania RR. Co.-V. 71, p. 27.

Atlanta Ry. & Power Co.—Vetoed.—Mayor Woodward on July 25 vetoed the new ordinance granting the company a franchise to conduct an electric-lighting business in Atlanta. On Aug. 7 the City Council, by a vote of 10 to 3 sustained the veto. The measure was originally passed by a sustained vote of both council and aldermanic board.—V. unanimous vote of both council and aldermanic board. 71, p. 181, 27.

Baltimore & Ohio RR.—New Stock to Receive Dividend in March 1901.—The directors have voted that the \$6,398,900 new common stock to be delivered Oct. 1 shall participate in the 2 per cent dividend payable March 1, 1901. In other words, all the \$45,000,000 common stock will be treated alike

as regards the distribution next March. Mileage Included.—As to the mileage upon which the monthly earnings for the last two fiscal years was based, General Auditor G. W. Booth says: "For the year ended June 30, 1899, as per Annual Report, the number of miles operated was 2,012.58. For the year ended June 30, 1900, the number was 2,246.97, the difference of 234.39 miles being as

follows: 

"The earnings of the West Virginia & Pittsburg are only included for the 10 months from Sept. 1, 1899, to June 30, 1900; the Monongahela River RR. for 3 months from April 1, 1900, to June 30, 1900, and Smithfield & Masontown RR. from about May 1 to June 30, 1900."—V. 71, p. 232, 235.

Beaumont Wharf & Terminal Co.—Bonds.—Application was recently made to the Texas State Railroad Commission for authority to issue \$600,000 in bonds for terminal improvements and extensions.

Boston & Albany RR.—Quarterly.—Earnings for the quarter ending June 30 were:

Net earnings. etc. Dividends. \$695,050 \$110,445 \$500,000 \$10775,633 \$117,799 \$500,000 Gross Balance, ing June 30. earnings. 1900. \$2,471,503 1899. 2,404,523 surplus. \$34,605

The figures for the year ending June 30 will be found on a preceding page under "Annual Reports."—V. 71, p. 235, 181.

Boston & Maine RR.—Officers.—Wm. J. Hobbs has been appointed Comptroller and General Auditor, with immediate charge of the treasury and accounting departments of the company. Mr. J. W. Richards is Assistant General Auditor, both with offices in the Union Station, Boston.—V. 71, p. 235.

Bradford Central RR.—Proposed Consolidation.—See Pittsburg Binghamton & Eastern RR. below.—V. 70, p. 279.

Buffalo & Susquehanna RR.—Called Bonds.—The following bonds have been designated for redemption:

Series A. \$1,000 bonds, Nos. 1130 to 1147, both inclusive; No. 1127, and Nos. 1070 to 1125, both inclusive.

Series B. \$500 bonds, No. 112, and Nos. 103 to 106, both inclusive.

These bonds will be redeemed at par and accrued interest on Oct. 1, 1900, at the banking house of Harvey Fisk & Sons, No. 29 Nassau St., New York. Interest will cease on Oct. 1, 1900.-V. 69, p. 902.

Burlington Cedar Rapids & Northern Ry .- Purchase and Extensions.—See Cedar Rapids Garner & Northwestern Ry. below. Track-laying is in progress on the new line of the Burl. Ced. Rap. & Nor. from Germania, Ia., northeast to Albert Lea, Minn., 44 miles, and construction has also been commenced on the extension from Albert Lea to Faribault, Minn., 48 miles.—V. 70, p. 684, 789.

Cedar Rapids Garner & Northwestern Ry.—Purchased.— This 18-mile road has been purchased by the Burlington Cedar Rapids & Northern Railway.

Columbus Marshall & Northeastern RR.—Suit.—Suit for the sale of the property has been brought by John Seymour, on a claim of \$22,000. The line was reported last September as graded most of the way from Marshall to Olivet, Mich .-V. 69, p. 333.

Dayton New Carlisle & St. Paris Traction Co.-Mortgage. The company has filed a mortgage for \$1,350,000.

Fitchburg RR.—Dividend.—Under the lease the Boston & Maine RR. Co. will pay quarterly dividends of 11/4 per cent on the preferred stock of the Fitchburg RR. on the first day of January, April, July and October of each year.-V.71, p.29.

Galveston City RR.—Sale Confirmed.—The foreclosure sale of the property on Feb. 6 to Charles E. Hotchkiss was confirmed in the United States Court at Galveston on Aug. 4. Mr. Hotchkiss bid \$905,000 for the Galveston City road and \$15,000 for the Gulf City property.—V. 70, p. 280.

Great Northern Ry.—New Steamship Company for Pacific Ocean.—The Great Northern Steamship Co., with \$6,000,000 of authorized capital stock, was incorporated at St. Paul on Aug. 3 to carry out President Hill's plan for a steamship line under the control of the railway company between the Pacific Coast and the Far East. The Nippon Yusen Kaisha (Japan Mail Steamship Co.) has been operating for several years past in connection with the Great Northern Railway, connection being made at Seattle.—V. 71, p. 135.

Henderson Bridge Co.—Called Bonds.—Thirty (\$30,000) first mortgage bonds have been designated by lot for redemption at the office of the Central Trust Co. of New York on Sept. 1, 1900, at 105.—V. 69, p. 336.

Illinois Central RR.—Peoria Division.—The Peoria & Mattoon RR. Co. was incorporated in Illinois Aug. 4, with a capital stock of \$4,500,000, to take over the Peoria division of the Peoria Decatur & Evansville, Peoria to Mattoon, 120 miles. The Mattoon & Evansville RR. Co. was recently organized to wunth Evansville division from Mattoon to the Indiana State line. The incorporators of both companies are connected with the Illinois Central.

Extension.—The company is building an extension from Tutwiler, Miss., northerly 67 miles, via Riverside, to Lake Cormorant, 21 miles South of Memphis, where connection will be made with the Yazoo & Mississippi Valley line into Memphis.—V. 71, p. 133, 135.

Indianapolis Street Ry.—Earnings.—In response to a request of the Indiana State Board of Taxation, Ferdinand Winter, attorney for the company, has submitted to the board a statement of the gross receipts and expenses of the company from May 3, 1899, to April 1, 1900, from which the following is derived:

RESULTS FOR 11 MONTHS, MAY 3, 1899, TO APRIL 1, 1900. Operating Net earnings. 11 months. 1899. \$176,370 \$330,000 \$76,540 Balance. expenses. \$506,001 receipts. \$982,371 \$69.830

The operating expenses include repairs, salaries, etc. Other disbursements for improvements, etc., are reported, making an apparent deficit of \$687,405.—V. 70, p. 945.

Iowa Central Ry.—Dividend.—At the meeting of the directors on Monday it is understood that the usual semi-annual dividend on the preferred stock, payable in September, was passed. The earnings, it is said, do not warrant continuance of dividend payments.—V. 70, p. 1249.

Kansas City Fort Scott & Memphis.—Dividend.—The directors on Tuesday declared a semi-annual dividend of 4 per cent on the preferred stock, payable Aug. 15 to stock-holders of record Aug. 9. This distribution is to be made from the "net earnings of the first six months of the calen-dar year 1900." Dividends on the preferred, previously 8 per cent per annum, were suspended in 1893, but in February last 5 p. c. was paid from the earnings of the calendar year 1899. The annual statement is given on page 285.—V. 70, p. 328.

Kansas City Memphis & Birmingham RR.—Interest on Incomes.—The directors on Tuesday voted to pay 5 per cent on the income bonds Sept. 1, as against 3% paid a year ago, 2½% in 1898 and 2% in 1897. The statement of earnings, etc., for the late fiscal year is given on page 285.—V. 69, p. 1346.

Kentucky & Indiana Bridge & RR, Co.—Successor Company.—This company filed articles of incorporation in Kentucky on Aug. 8 as successor of the Kentucky & Indiana Bridge Co., whose property was sold under foreclosure last January. The capital stock of the new company is \$75,000 in \$100 shares.—V. 71, p. 29.

Lehigh Valley RR.—Consolidation of Subsidiary Companies.—The stockholders of the Lehigh Valley Coal Co. and the Delano Land Co. have ratified the merger of the land company into the coal company.—V. 70, p. 1095.

Louisville Evansville & St. Louis Consolidated RR. Appeal.—Judge Woods, in the United States Circuit Court at Indianapolis, on Aug. 7, granted the petition of holders of consolidated and general mortgage bonds, permitting an appeal to be taken to the United States Circuit Court of Appeals from the decree of sale of the road entered on June 9 last.—V. 70, p. 135.

Manchester (N. H.) Street Ry.—Control.—See Manchester Electric Co. under "Industrial," etc., companies below.—V. 69, p. 1193.

Manhattan Ry.—Third Rail.—The work of equipping the road with the third-rail electric system is making good progress, and it is thought the Second Avenue Line will be ready for trial of electric trains on or before Oct. 1.—V. 70, p. 1249.

Metropolitan Street Ry. of New York City.—New Stock.— The State Railroad Commission has approved the proposed increase in the capital stock from \$45,000,000 to \$52,000,000. Of the proceeds of the new issue about \$3,000,000, it is said, will be required to meet the expense of changing the cable will be required to meet the expense of changing the cable lines on Broadway. L xington Avenue and Columbus Avenue to the underground trolley system, and to equip the Thirtyfourth Street Crosstown Line with storage battery cars. The remaining \$4,000,000, it is stated, will be used to pay the floating debt, contracted in the purchase of stock in other street surface railroad corporations in New York City. It is doubtful how soon the new stock will be issued.—V. 70,

Metropolitan West Side Elevated Ry. of Chicago.—Dividend.—The company on Tuesday declared a dividend of 2 per cent on the preferred stock payable Aug. 31 to stock-holders of record Aug. 15. The first dividend, 2½ per cent, was paid Feb. 28. The present declaration places the preferred shares on a semi-annual basis.—V. 70, p. 945.

Mexican National RR.—Lease.—This company has leased the Michoacan & Pacific Ry. for 25 years for a percentage of the gross earnings. The road is 57 miles in length, extending from Maravatio, a point on the Mexican National, to Zitacuaro. It taps a timber and coal section.—V. 71, p. 84.

New Orleans & Western RR.—Modified Plan.—The past year's experience in the operation of this property having demonstrated to the satisfaction of the reorganization committee that it is inadvisable to reorganize the property upon the basis originally proposed, the committee modified the plan of Aug. 1, 1899, as follows:

(1) By eliminating that part of the plan which provides for a purchase of the property by the committee at foreclosure sale and the organization of a new company, and the issue of bonds and stock for cash and in exchange for the securities of the old company. The committee, however, reserves the right to bid or refrain from bidding at the said sale, as it may deem best for the protection of the certificate

(2) The sale under foreclosure shall be proceeded with at the earliest practicable day, in accordance with the decree of the Circuit Court of the United States for the Eastern District of Louisiana, made Feb. 17, 1900, in the suit of the State Trust Co., complainant. The cash proceeds of such sale shall be distributed in accordance with the reorganization planes now amended

ganization plan as now amended.

The holders of receipts for first mortgage bonds are permitted, if they so elect, to withdraw their bonds on or before Sept. 3, 1900, upon the payment of \$100 per bond, being their pro rata share of the expenses of the reorganization committee, including advances to the receiver, which are secured by pledge of the bonds held by the committee. The holders of certificates of deposit for second mortgage bonds are permitted to withdraw their bonds upon payment of \$50 per bond. Certificate holders who may withdraw their bonds shall eventually be entitled to receive on account of the amount so paid their proportionate part of any amounts which may be repaid to the committee out of the proceeds of the sale on account of amounts advanced to the receiver. Holders of bonds who have not deposited them with the Colonial Trust Co. are requested to do so under the plan as amended on or before Sept. 3, 1900. See also V. 71, p. 236.

New York Ontario & Western Ry.—Quarterly.—Earnings for the quarter ending June 30 were:

Net earnings. \$346,050 414,833 3 mos. to Gross June 30. earnings. 1900....\$1,172,267 1899.....1,175,944 Balance, Interest. taxes, etc. \$261,479 314,992 surplus. \$151,866 140,578 income. \$67,295 70,737

The figures for the fiscal year ending June 30 last will be found on a preceding page under "Annual Reports."—V. 70,

Peorla Decatur & Evansville Ry.—Official Notice.—Receiver E. O. Hopkins makes the following announcement:

The Illinois Central RR. Co. took charge of the operation of what is known as the Evansville Division of the Peoria Decatur & Evansville Ry., except the New Harmony Branch, at midnight of July 31, 1900. The business of the Peoria Division from Mattoon to Peoria, as well as the New Harmony Branch (Stewartsville to New Harmony) continues in charge of the undersigned. E. O. Hopkins, Receiver.

See Illinois Central RR. above.—V. 71, p. 237.

Peoria & Mattoon RR.—Successor Company.—See Illinois Central RR. above.

Peoria & St. Louis Railway .- Officers .- The following have been elected to the board of directors:

Nathaniel M. Jones, lawyer, of Chicago, Wm. D Marsh, of F. S. James & Co., insurance, Chicago, Iil.; Aaron B. Mead, of Messrs. Mead & Co., real estate, Chicago, Ill.; Wm. Spooner, banker and broker, Chicago, Ill.

Subsequently Nathaniel M. Jones was elected President and Wm. Spooner Secretary. The road, it is said, will now be completed.—V. 69, p. 81.

Philadelphia Traction Co.—Called Bonds.—The following 4 per cent collateral trust bonds of 1917, viz: Nos. 136, 142, 158, 200, 207, 234, 414, 559, 563, 606, 634, 808, 840, 844, 938, 940, 983, 989, 1167, 1197 and 1227 have been drawn and will be paid at 105 and interest, on and after Aug. 15, at the office of the Pennsylvania Company for Insurances on Lives and Granting Annuities in Philadelphia.—V. 70, p. 280.

Plttsburg & Western Ry.-Sale Ratified.-The holders of certificates representing preferred stock deposited with the Knickerbocker Trust Co. on Tuesday voted unanimously to sell the stock at \$12 50 per \$50 share to the Baltimore & Ohio RR. Co.—See V. 71, p. 183.

Portsmouth (Va.) River Front Rallway.-Mortgage.-The company has made a mortgage to the Colonial Trust Co. of Philadelphia, as trustee, to secure \$200,000 of thirty-year 5 per cent bonds. The mortgage covers the proposed new line, to extend from a point on the Norfolk & Western Ry. 4 10 miles from the Dismal Swamp Canal to Norfolk, Va., 53 miles; also the Navy Yard Branch of the Portsmouth Street Railway and the Gilmerton Branch of the River Front Railway Co.

Quincy Omaha & Kansas City Ry.—Interest Payment.— On Aug. 13, 1900, checks for interest due on March 12, 1900, on the Guaranty Trust Co.'s certificates of deposit for nonpreferred bonds, will be mailed to the holders of record at closing of books Aug. 6, 1900.—V. 70, p. 1150.

Reading Company.—Dividend—The directors on Monday declared a dividend of 1½ per cent on the first preferred stock, payable Sept. 10, making with the first semi-annual dividend paid last March 3 per cent for the year ended June 30, 1900. The present dividend is payable to holders of voting trust certificates of record August 24. The payment of 3 per cent on the \$23,000,000 first preferred calls for \$340,000 and the payment to the sinking fund, it is supposed, will require about \$760,000. The statement of earnings for the late fiscal year has not yet been issued, but for the eleven months ended May 31 the results [on pages 130 and 131, Chronicle of July 21,] show a surplus over interest, rentals, etc., of \$2,380,122 in 1899-00, against \$1,329,399 in 1898-99.—V. 71, p. 85.

Richmond (Va.) Passenger & Power Co.—Franchise.— The Common Council of Richmond on Aug. 7 voted 17 to 8 to grant to the company conditionally the franchise approved Dec. 23 last. The conditions are embodied in an amendment to the concluding section of the ordinance and provides in brief as follows:

The company shall acquire title to the allied lines and shall deposit with the Merchants' Trust Co. of Richmond \$1,826,000 of the \$2,000,000 bonds of the Richmond Ry. & Electric Co.; it shall also deposit with the trust company \$174,000 consolidated mortgage bonds of the Passenger & Power Co., to be held for exchange for the balance of the said \$2,000,000 bonds. The city is further to be indemnified by a \$20,000 bond against expense from any litigation which may arise during the next year, or two years if required.

This practically completes the plan of friendly reorganiza. tion and consolidation of the various properties formerly in the Richmond Railway & Electric Co. system. It is not likely that any litigation will arise, as the new company has substantially complied with all the conditions of the thirtyyear franchise covering the various lines and streets. The net earnings of the property for the first six months of 1900 are reported as about \$17,000 greater than for the first half of 1899.—V. 71, p. 183, 85.

Saginaw Suburban (Electric) Ry.—New Third Rail Line. The Detroit "Tribune" of August 4 said:

The International Construction Co. of this city received the contract yesterday for building the Saginaw Suburban Railway Co., between Flint and Bay City. The contract amounts to \$800,000 and the road is to be completed and in operation by Sept. 15, 1901. The road will be equipped with the Murphy third-rail system, which does away with the overhead wires. Saginaw and New York capitalists are interested in the new road.

St. Johns & Lake Enstis RR.—Mortgage.—This company, whose line extends from Astor to Leesburg, Fla., 39 miles, with 9 mile branch, forming part of the Plant system, has filed a mortgage to the Metropolitan Trust Co. of New York, as trustee, to secure \$500,000 bonds. The proceeds will be used to extend and improve the road.

St. Louis Southwestern Ry.—Earnings.—The preliminary statement for the fiscal year ending June 30, 1900, is as fol-

Other Better-Balance, 

 Year.
 Gross.
 Net.
 income.

 1899-00....\$3,908,284
 \$2,038,209
 \$149,737

 1898-99....\$3,862,338
 1,836,002
 14,908

 ments. surplus. \$285,998 \$1,901,948 182,753 1,668,158

From the balance as above are to be deducted charges, including interest on first mortgage bonds (\$800,000 yearly), interest on second mortgage incomes (4 per cent in 1899-0, or \$360,000, against 2 per cent in the preceding year), rentals, etc.—V. 70, p. 1292.

Schuylkill Traction Co. of Girardville, Pa.-Increase of Stock.—The shareholders on Aug. 9 voted to increase their stock from \$1,000,000 to \$2.000,000. The company, it is stated, proposes to build under the charter of the Shehandoah & Pottsville Ry. Co., incorporated Aug. 1, an electric road from Pottsville to Shenandoah via St. Clair, Frackville and Mahanoy Plane.—V. 71, p. 85.

Tacoma-Seattle (Electric) Ry.—Mortgage.—The company has made a mortgage to the Fidelity Trust Co. of Tacoma, as trustee, to secure \$1,000,000 of \$1,000 5 per cent bonds, interest payable semi-annually at the Chase National Bank, New York. The mortgage covers the line under construction from Seattle to Tacoma, 23 miles, its franchises, rolling stock, etc. The "Tacoma News" says:

Much work has already been done by the contractors, Rydstrom & Goerig, on the Seattle end of the line, in driving piles and building trestle work, while at the Tacoma end of the line track has been laid on Eleventh and A Streets, in accordance with the requirements of the franchise.

John Collins of Seattle is President and Henry Bucey of Tacoma, Secretary. See item "Seattle & Tacoma Electric Ry" in V. 70, p. 1096.

Texas & Pacific Ry.—Mortgages Released.—The following old mortgages have been formally discharged of record, all the bonds having been paid, viz.:

The first mortgage Rio Grande division, issued Jan. 20, 1880. General mortgage and terminal bonds, issued Aug. 1, 1884. New Orleans Pacific Railway first mortgage, issued July 31, 1880.—

Washington Water Power Co. of Spokane.—Purchase— New Stock.—The "Spokane Chronicle" says:

New Stock.—The "Spokane Chronicle" says:

A deal has practically been completed by which the company is to buy the property of the Amsterdamsch Trustees Kantnor in Spokane for \$300,000. The first payment will be made on the option on or about Soptember 1. To provide for this purchase the capitalization of the Washington Water Power Co. will be increased by \$500,000—from \$1,500,000 to \$2,000,000.

The water power which changes hands when the last payment completes the purchase amounts to 10,000 horse power. The Washington Water Power Co. alroady holds 20,000 horse power of the magnificent falls of the Spokane River. With its new holdings it will control very nearly all of the water power in this city. The above facts were confirmed through an officer of the Washington Co.—V. 69, p. 1248.

#### INDUSTRIAL, GAS AND MISCELLANEOUS,

Alabama Consolidated Coal & Iron Company.—Expert Report on the Property.—Prof. John R. Procter, formerly State geologist of Kentucky, and now President of the U.S. Civil Service Commission, has made a report to the International Trust Co. of Maryland, Baltimore, on the properties of the Alabama Consolidated Coal & Iron Co. These properties

Gate City property, near Birmingham.
Mary Pratt Furnace, in Birmingham.
Gadsden Furnace & Ore property.
Clifton Furnace & Ore property. at Ironaton, Ala.
Prior & Hematite Brown Ore properties. Polk Co., Ga.
Standard Coal properties, in Tuscalossa Co., Ala.
Mary Lee Coal Mines & Coke ovens, near Birmingham.

Copies of the report, which is very elaborate and full, may be had at the company's New York office, 27 William St. Prof. Procter says.

The consolidated company is now producing an admirable coke at low cost from its own coal, of which it has an abundant supply; it owns great deposits of iron ores of excellent quality favorably located for cheap mining and convenient to its furnaces, and it has ample railway facilities for reaching the great and growing markets of this country, and pig iron can be delivered from the Birmingham district to seaports on the Atlantic at less cost per ton then from any other furnaces in the world to any other seaports in the world, thus giving to the products of the Consolidated Company's furnaces command of markets in all the seaports of the world.—V. 70, p. 793.

American Tin Plate Co.—Consolidation Again Mooted.—Plans for the merger of this Co., the American Steel Hoop Co. and the National Steel Co. are again, it is stated, under consideration. Stock all common and a small issue of bonds are said to be features of one plan suggested.—V. 70, p. 843.

American Wood Working Machine Co.—In the United States Circuit Court at Pittsburg on August 6 the Farmers' Loan & Trust Co. as trustee of bonds to the amount of \$2,000,000, the interest on which is in default, brought suit for the foreclosure sale of certain property in that district. The company was placed in receiver's hands in September, 1899.—V. 69, p. 646.

Appleton (Wis.) Water Works Co.—Settlement.—In the United States Court at Milwaukee on Aug. 3 Judge Seaman entered an order discharging the receiver, Herman H. Erb of Appleton. The property has been turned over to the New England Water-Works Co. "Milwaukee Wisconsin" says:

The settlement as finally arrived at is an amicable one, the parties having arrived at an agreement. The sum of \$21,267, together with an additional sum of \$3,000, was turned over to B. K. Miller, who represented the trust company. Mr. Erb showed to the Court that he has transferred all of the property to the New England company and had received his discharge. The Court retains jurisdiction of the property, however, in order to enforce, if necessary, the payment of the receiver's compensation, which has not been fixed.—V. 69, p. 956.

Arlington Conner Co. Montagge. The compensation

Arlington Copper Co,-Mortgage.-The company has made a mortgage on its property in Bergen County, N. J., to the Hobart Trust Co. of Passaic, as trustee, to secure \$400,000 of \$500 bonds. Contracts have been let for the reduction plant. -V. 70, p. 330, 482.

Brooklyn Wharf & Warehouse Co.—Leased Property Sur-rendered.—Judge Walsh, in the First District Municipal Court, on Thursday granted authority to the executors of the Beard estate to resume possession of the Erie Basin property owned by the estate, on which the annual rental had not been paid by the company.—V. 71, p. 237.

Cincinnati Leaf Tobacco Warehouse Co.—Successor Company.—See Cincinnati Tobacco Warehouse Co. below.—V. 71, p. 184, 136.

Cincinnati Tobacco Warehouse.—Reorganized Company. -This company, with \$1,650,000 capital stock, was incorporated at Columbus, O., on Ang. 3, to succeed the Cincinnati Leaf Tobacco Warehouse Co. per plan in V. 70, p. 1252; V. 71, p. 184, 436. At the auction sale on Aug. 7 the property was bid in for \$1,500,000. The officers are:

Officers—Bradford Shinkle, President; D. H. Gayle, Vice-President; Frank F. Albers, Secretary, and Henry Feltman, Treasurer.
Directors—D. H. Gayle, John D. Hodge, George W. Armstrong Jr., Robert Meier, J. M. Hutton, T. S. Hamilton, Bradford Shinkle, Charles E. Tabb and Henry Feltman.—V. 71, p. 184, 136.

Colorado Fuel & Iron Co.—Dividend.—The company has declared a dividend of 8 per cent on its preferred stock, payable Sept. 5. After this payment there will remain 16 per cent in accrued dividends due for the fiscal year ending June 30, 1899 and 1900. To pay 8 per cent on the \$2,000,000 preferred stock requires \$160,000.—V. 70, p. 1050.

Continental Tobacco Co.-Earnings.-The net earnings after all charges and expenses for management, incorrectly stated last week, are as follows:

Total half-year ended June 30, 1900......\$2,277,645

Federal Steel Co.—Called Bonds.—See Johnson Co. below, -V. 70, p. 1252.

Findlay (0.) Gas, Light & Coke Co.—Purchase.—Mortgage.—This new company has purchased the plant of the Findlay Gas, Light & Heating Co. for a sum stated as \$300,-000, and has made a mortgage for \$250,000. The efficers are: John M. Barr, President; D. T. Davis, Vice-President; W. V. Coons, Secretary and Treasurer.

Georgetown (Ky.) Waterworks & Electric Light Co.—Sold.—At the foreclosure sale on Aug. 1 the property was purchased by Mayor R. W. Nelson, of Newport, Ky., for \$30,000.—V. 71, p. 185.

Harper & Brothers.—Sold.—The company's entire property, as already described, was sold under foreclosure on Thursday for \$1,100,000 to Adrian H. Joline, representing the committee on reorganization. This committee, it is stated, represents practically all of the outstanding liabilities. The company will be reorganized per plan in V. 70, p. 383; V. 71, p. 87.

International Acheson Graphite Co.—Enlarged Company.—This company, incorporated in New Jersey last March with \$3,000,000 of authorized capital stock, and owning "patents on the manufacture of graphite throughout all of the industrial countries of Europe," has taken over the prop-erty of the Acheson Graphite Co., whose capital stock was \$1,000,000. The President is E. G. Acheson, of Buffalo. The plant of the company acquired is located at Niagara Falls.

President E. G. Acheson, replying to our letter of enquiry,

The present plant is using 1,000 horse power and the greater part of its business consists in the manufacture of electrodes to be used in electro-chemical work, the customers being pretty evenly divided between Europe and America. Energetic experiments have been conducted for the past several months for the purpose of perfecting the manufacture of fine flaked graphite, to be used in crucibles, lubricating and other trades. These experiments are now about completed and the results are quite satisfactory, and it is expected that a considerable increase in the plant will be made in the very near future; the present plant being largely occupied with the manufacture of electrodes, it will be necessary to make enlargements in order to place the other lines of products upon the market. An increase to 5,000 H. P. has been considered, although it is probable the first step will not go beyond 2,000 H. P.

Of the \$3,000,000 capitalization, \$2,500,000 is common stock and \$500,000 is 7 per cent non-cumulative preferred stock. An issue of bonds is not at present contemplated. Of the preferred stock there has been only \$50,000 issued, and this has been sufficient for the construction of the present 1,000 H. P. plant, and on this two half-yearly 31/2 per cent dividends have been paid, the last one having been paid Aug. 1st. The directors have authorized a further issue of \$200,000 of preferred stock, the proceeds to be used in the further extension of the plant.

Johnson Co.—Called Bonds.—One hundred (\$100,000) of the company's first mortgage bonds having been drawn by lot will be paid on or after Sept. 1st next at 105 at the office of the United States Trust Co., Trustee, 45 Wall St., New York City.—V. 69, p. 336.

[H. L.] Judd Co.—Bonds.—This company, dealing in hardware, has mortgaged its property at Wallingford, Conn., in New York City, and in Hamilton County, Tenn, to the Union Trust Co. of New Haven, Conn., as trustee, to secure \$262,000 of 6 per cent gold bonds, dated July 1, 1900, and payable \$5,000 July 1 each year, 1901 to 1907, inclusive, \$10,000 yearly 1908 to 1926 and \$37,000 on July 1, 1927.

Laclede Power Co. of St. Louis.—Increase of Steck.—The stockholders recently voted to increase the capital stock from \$400,000 to \$800,000, to provide for construction, etc.

Lowell (Mass.) Electric Light Corporation.—New Stock.

—The \$100,000 of new stock, it is stated, is offered at par to the stockholders of record May 23, 1900, subscriptions to be paid Sept. 1.—V. 71, p. 238.

Manchester (N. H.) Electric Co.—Consolidation.—This company, which some months ago increased its capital stock from \$600,000 to \$1,000,000, and absorbed the New England Electric Power Co., controlling the Manchester Street Ry., has now acquired by purchase the Merrimac Electric Light, Heat & Power Co. of Hooksett and the Union Electric Co. of Manchester, thus uniting all the electric interests of Manchester and vicinity. The combined companies have water power plants at Hooksett, Greggs and Kelleys Falls, a large steam power plant at Manchester and a 6,000 horse-power plant at Garvins Falls, the total water power being stated as 13,500 horse power. The officers are:

P. L. Saltonstall, Boston, President; W. A. Tucker, Boston, Treasurer; J. Brodie Smith, General Manager, Directors—G. Byron Chandler. Harry E. Parker, Roger G. Sullivan, Manchester; G. H. Hood, W. Scott Fitz and Robert S. Bradley, Boston.

The united properties will furnish the power for the street railway company, all the Manchester street lights, the arc and incandescent lights used in commercial lines in the city and vicinity, and power and light for the Manchester mills, which, it is said, burn 8,000 lights. The companies purchased, it is understood, will be run as separate concerns, though practically under one management.—V. 70, p. 483.

Massachusetts Breweries Co.—Consolidation.—This new company, organized under the laws of Virginia, on Monday took title to the properties of the following breweries, located in or near Boston:

American Brewing Co., H. & J. Pfaff Brewing Co., Continental Brewing Co., Elmwood Spring Brewery, Franklin Brewery,

Alley Brewing Co., Hanley & Casey Brewery Co., Norfolk Brewery, Revere Brewery Robinson Brewing Co.

The authorized capital stock is \$15,000,000, of which, \$7,500,000, it is stated, has been issued for the above named breweries, whose aggregate capacity is estimated as 500,000 barrels, being about 50 per cent of the total product of Boston breweries. The new company has also made a mortgage to secure \$200,000 of 5 per cent 10-year bonds. The officers, etc., are:

Officers.—President, Charles Pfaff; First Vice-President, Harrison W. Huguley; Second Vice-President, James D. Casey; Secretary, Edward Ruhl; Treasurer, Frederick J. Alley.

Directors: Charles Pfaff, Harrison W. Huguley, James D. Casey, Edward Ruhl, Frederick J. Alley, I. R. Clark, A. C. Ratchesky, Chas. A. King and Rollin Jones.

The new company has been organized by Chas. E. Hellier of the law office of Robert M. Morse, Esq., and the negotiations have been conducted chiefly by Walter I. Bigelow.—V. 70, p. 689.

McLean Arms Co.—Mr. Astor Not a Director.—The name of J. J. Astor was mentioned last week as one of the incorporators of this company. We are now advised that Col. Astor has no connection with the company and that the name should be J. Jaster, Treasurer of the State Banking & Trust Co. of Cleveland, Ohio.—V. 71, p. 239.

Missouri Smelting Co.—Payment of Preferred Stock.—The \$50,000 preferred stock will be paid at the office of the company, 203 Security Building, St. Louis, Mo., upon presentation.

Mount Vernon (III.) Electric Light Co.—Purchase by City.—The City Council was to meet on Tuesday, Aug. 7, to consider plans for the purchase of the respective plants of the Mount Vernon Electric Light Co. and the Mount Vernon Water-Works Co. and the consolidation of the two.

National Gramophone Co.—Dividend Passed.—The company has omitted the payment of the August dividend in order, it is stated, to increase the manufacturing plant.—V. 70, p. 689.

New York Electric Vehicle Transportation Co.—Fifth Avenue Stage Line.—The Fifth Avenue Coach Co., controlled by the Transportation Company, has received permission from the State Railroad Commission to extend its route as follows:

On Fifth Ave. from 89th St. to 135th St.; from Fifth Ave. along 57th St. to Broadway, up Broadway to 72d St., thence westerly to Central Park, and from Fifth Ave. along 110th St. to Cathedral Parkway to Riverside Drive, and along Riverside Drive, joining the Broadway extension by way of 72d St.—V. 70, p. 840, 844.

New York (Bell) Telephone Co.—Increase of Stock.—The stockholders on Wednesday authorized the proposed increase in the capital stock from \$16,000,000 to \$30,000,000. A certificate filed at Albany respecting the increase states the company's paid-up capital as \$16,000,000 and its debts and liabilities as \$3,156,640.—V. 71, p. 139.

Niles-Bement-Pond Co.—First Dividend on Common Stock.—The company has declared a semi-annual dividend of 3 per cent on the common stock, payable in two equal instalments, the first on Sept. 20, to stock of record Sept. 10, the second on Dec. 20, to stock of record Dec. 10.

Earnings.—For the half-year ended June 30, 1900:

Reserve for deprecia'n. \$46,361 Net \_Dividends. Pref. stock. (3%) \$60,000 Balance, earnings. \$625,717 Com. stock. (3%) \$150,000 Previous surplus, \$430,644; present surplus, \$800,000. See

INVESTORS' SUPPLEMENT, page 172, and V. 70, p. 1252.

Norfolk (Va.) Ice Co.—Mortoage.—The company has made a mortgage to the Citizens' Bank as trustee to secure an issue of 300 \$1,000 6 per cent gold bonds. The ice company was incorporated recently with \$300,000 authorized capital stock as a consolidation of the Citizens' Ice Co., the Tidewater Ice Co. and the Hygeia Ice Co.

Oceanic Steamship Co.—New Vessels —The Sonoma, the second of the three ships that the Cramps contracted to build for the company was launched this week. The first of the three, the Sierra, was launched in May, and the last of the trio, the Ventura, will leave the ways in about a month. The Sonoma is 400 feet long and of 9,700 tons displacement.—V. 69, p. 1106.

Page Wire Fence Co.-Receiver.-This company on Aug. 8 was placed in receiver's hands, the Union Trust Co. of Pittsburg being the receiver for the Monessen plant and Leslie B. Robertson for the Adrian plant. The cost of a steel rolling and wire mill erected about a year ago is said to have had to do with the company's embarrassment.

Pan-American Exposition Co.—Mortgage.—This company has made a mortgage to the Fidelity Trust & Guaranty Co. of Buffalo, as trustee, to secure an issue of \$2,500,000 bonds.

People's Co-operative Ice Co. of New York.—Stock Of. fered. - This company, just organized under the laws of the State of New York, with \$200,000 authorized capital stock, is offering for subscription its \$100,000 full-paid and non-assessable 8 per cent cumulative preferred stock, shares \$5 each. The incorporators are:

Gen. Wager Swayne. Edward C. Rice, Charles M. Preston, Henry A. Rogers, Edward N. Gibbs, Charles J. Ferrin, Jr., Cornelius Van Cott, W. B. M. Jordan, Henry Hall, Capt. E. L. Zalinski, Ira Bliss Stewart, John King.

The office is at 874 Broadway.

People's Power Co. of Rock Island, etc., Ill.—New Stock. —This company, owning the gas and electric plants of Rock Island and Moline, Ill., proposes to increase its capital stock from \$300,000 to \$600,000, to provide for additions, etc.

Pressed Steel Car Co.—Negotiations.—The attempt to arrange a consolidation of the Pressed Steel Car Co. and the American Car & Foundry Co., it is stated, has again been unsuccessful.—V. 70, p. 1099.

Price, McCormick & Co.—Plan Operative.—Time Extended. - A large majority in amount of the creditors having deposited their claims with the trustees under the plan and readjustment agreement dated July 5th, 1900, the said plan is declared effective. Notice is given that the remaining claims may be deposited up to and including Aug. 18th, 1900, after which date claims will only be received upon such terms as may be fixed by the trustees terms as may be fixed by the trustees.

Sale.—The assignee's sale of the firm's personal property is advertised to take place at 111 Broadway on August 22. The securities to be sold include with others:

 American Writing Paper Co., common stock.
 \$160,800

 do
 preferred.
 310,600

 Philadelphia Co., of Pittsburg, stock.
 765,806

 Rubber Goods Manufacturing Co., common.
 101,428

 do
 do
 preferred.
 71,352

 Howard Nat. Bank, Boston, stock\*
 154,400

 Market Nat. Bank, Boston, stock\*
 125,000

\*Including all interest in syndicate under consolidation agreement of September 26, 1898.

—V. 71, p. 139.

Standard Chain Co.—Mortgage.—The company has made a mortgage to George W. Young and Arthur Trumbull, as trustees, to secure \$700,000 of 6 per cent \$1,000 gold bonds due in 1920, of which \$608,000 are outstanding. The mortgage provides a sinking fund of \$17,500 for the redemption of the bonds. The company due Aug 15, 1000 will be reid or the bonds. The coupons due Aug. 15, 1900, will be paid on and after that date at the United States Mortgage & Trust Co., 59 Cedar St., New York.—V. 70, p. 798.

Standard Oil Co.—Dividend.—A dividend of \$8 a share, payable on Sept. 15, was declared on Tuesday, making \$38 a share so far declared this year, as against \$23 a share in the same period last year. The fact that the present dividend is 2 per cent less than that for the last quarter, it is suggested, is probably due to the fire at Bayonne early last month, when the company lost property valued at approximately \$1,500,000. -V. 70, p. 850.

Suburban Electric Co. of Covington, Ky. -Sale Sept. 25. The bankruptcy sale is advertised for Sept. 25 at Covington.

—V. 69, p. 1151.

Susquehanna Electric Power.—New Enterprise—Power for Baltimore.—This company, chartered by the Maryland Legislature in 1896, is arranging to construct on the Susquehanna River at Peach Bottom, York Co., Pa., a large power plant, which will supply Baltimore and vicinity with electricity for lighting and power purposes. The "Baltimore Sur" on Ang. 4 said 'Baltimore Sun" on Aug. 4 said :

The company is to have a capital stock of \$12,000.000 and bonds are to be issued ultimately for that amount. \$4,000,000 of which, however, is only to be issued at the present time for the first development. The other \$3,000,000 is to be reserved for future development of the property. The first development will be made near Peach Bottom and will consist of a dam, head and tail races, fully equipped with the most improved machinery of 40,000 horse power for the generation of electricity. One-half of this amount has already been contracted for by the United Railways of Baltimore City under a 40-year contract. The amount of revenue from this source will guarantee the operating expenses and interest on the bonds required to install the whole of the 40,000 horse power. In addition to furnishing power for the operation and propulsion of cars, the United Railways Co. will also be in a position to furnish to the citizens of Baltimore cheaper electric lights and will also be able to furnish power to small manfacturers at low rates.

The financial details will be engineered through the Continental Trust Co. of Baltimore, the President of which is Mr. S. Davies Warfield, who has taken an active interest in the development of this property.

Susquehanna Iron & Steel Co.—Earnings.—The results for the year ending June 30, 1900, were: Gross sales of all plants, \$2,658,866; net profits, \$387,899; dividends, \$270,000; balance, surplus, \$117,899.—V. 70, p. 798.

United States Wire & Nail Co.—Increase of Stock.—The capital stock of this Pittsburg company was recently increased from \$100,000 to \$200,000 to meet the expense of extensive additions, including a rod mill and a large addition to the wire nail plant. The company was incorporated in October, 1899, the incorporators including J. C. De Noon (now Secretary and Treasurer) and I. N. De Noon of Pittsburg, E. W. Palmer of Cleveland and others. The office is at 919 Liberty Ave., Pittsburg, and the works are at Shousetown, Pa.

Vicksburg (Miss.) Water Supply Co.—Injunction.—On application of J. J. Mulligan, a stockholder, an injunction has been granted restraining the proposed sale.—V. 70, p.1294.

Willimantic (Conn.) Gas & Electric Light Co.—Purchase. -Consolidation. This new company has purchased the property of the Willimantic Electric Light Co. and the Citizens' Gas Light Co. for sums stated as \$30,000 and \$90,000 respectively. The capital stock of the consolidated company is \$120,000.

-Messrs. Pfaelzer, Walker & Co. are offering for sale \$250,000 Ohio River Railroad general mortgage (partially first mortgage) 5 per cent gold bonds at 100 and interest. Complete data can be obtained by applying at their offices, either in Boston, New York or Philadelphia.

## Reports and Documents.

#### CHICAGO & NORTH WESTERN RAILWAY COMPANY.

ANNUAL REPORT FOR THE FORTY-FIRST FISCAL YEAR ENDING MAY 31, 1900.

The business and operations of the Chicago & North Western Railway Company for the fiscal year ending May 31st, 1900, were as follows:

Average number of miles operated, 5,218.62.

Gross Earnings—	\$9,002,687 52
rom Passengersrom Freight	
rom Express, Mail and Miscel	

Total Gross Earnings...... \$42,930,805 14

 Operating Expenses and Taxes—

The Board of Directors of the Chicago & North Western Railway Company at its meeting held in the City of New York on December 8th, 1899, adopted measures looking to the union of all its lines of railway and Proprietary Companies whose stocks are owned by this company and whose lines form a part of the North Western system.

Ines form a part of the North Western system.

The requisite measures to accomplish the union of said properties with the Chicago & North Western Railway Company were presented to the stockholders and bondholders at the annual meeting of the Company held at the Company's office in the City of Chicago on June 7th, 1900, and the adjourned meeting thereof, for their approval.

Affirmative action was taken by unanimous vote to ratify

Affirmative action was taken by unanimous vote to ratify and confirm and perfect the acts and proceedings of the Directors, the officers of the Company being authorized and empowered to acquire title to said railways and railway properties, and complete the union with this Company by proper and sufficient conveyances.

The lines of railway and Proprietary Companies taken over by the Chicago & North Western Railway Company at said meeting by proper deeds of conveyance were as follows: The Boyer Valley Railway, in Iowa;

The Boone County Railway, in Iowa;
The Harlan & Kirkman Railway, in Iowa;
The Minnesota & Iowa Railway, in Minnesota and Iowa;
The Iowa Minnesota & North Western Railway, in Minnesota and Iowa;

The Winona & St. Peter Railroad, embracing the following lines, viz.:

The Dakota Central Railway

The Mankato & New Ulm Railway;
The Minnesota & South Dakota Railway.
The three last-named railways, having already been absorbed by the Winona & St. Peter RR. Co., form in this

union a part of that road.

The mileage of the respective properties purchased will be found included in the statement of mileage of the Chicago & North Western Ry. Co.; the cost of the properties will appear in the General Balance Sheet under the head of Cost of Road; the Bonded Indebtedness of the properties—all of which is assumed by the Chicago & North Western Ry. Co. -is embraced under the head of Funded Debt.

#### MILES OF RAILROAD.

The total number of miles in operation at the close of the

fiscal year ending may 31st, 1900, were 5,303·31 miles.

The average mileage operated during the past year is 141·73 miles greater than for the preceding year, arising from the operation of parts of the new lines completed during the year. The total average mileage operated during the year was 5,218.63 miles, and the statistics of this report are based upon such mileage.

Of the foregoing, 5,097.57 miles, equal to 96.12 per cent of

the total, are laid with steel rails.

The Company also had in operation on May 31st, 1900, in addition to the above, 624.29 miles of second main track, all of which is laid with steel rails, and had 1,839.72 miles of

sidings and yard tracks, making a total mileage of all tracks at the close of the fiscal year of 7,767.32 miles.

The usual tables showing the mileage of road in the various states will be found elsewhere in this report.

#### MILEAGE INCLUDING PURCHASED ROADS.

The mileage of the combined system, including proprietary roads and the new lines added by the union of the properties at the last Annual Meeting in June, 1900, is as follows:

......**5,4**86**·**42 To above should be added following proprietary lines:
Princeton & Western Railway......
St. Paul Eastern Grand Trunk Railway (Leased)...... 60.02 

#### CAPITAL STOCK.

There has been no increase or change in the amount of Capital Stock of the Company during the last fiscal year, and it remains the same as at the close of the preceding fiscal year, to-wit:

Preferred Stock and Sorip outstand-

\$22,398,934 56 the Company..... 2,333,688 05

41,448,365 97 Total Common Stook and Scrip..... Total Capital Stock and Scrip, May 31st, 1900.... \$63,847,320 53

FUNDED DEBT.

Except in the case of new roads acquired, the Funded Debt of the Chicago & North Western Railway Company was not increased during the fiscal year ending May 31st, 1900, but changes in the outstanding bonds were made as follows, viz.:

#### BONDS RETIRED.

 Iowa Midland Ry. First Mortgage
 \$185,000

 Escanaba & Lake Superior Ry. First Mortgage
 94,000

 C. & N. W. Ry. First Mortgage (Iowa Division)
 552,000

 C. & N. W. Ry. General Consolidated Gold
 1,190,000

Total Bonds retired.....\$2,021,000

#### BONDS ISSUED.

C. & N. W. Ry. 3½% General Mortgage Gold Bonds of 1987, issued in place of above bonds retired......\$2,621,000

The annual saving in interest through the issue of the 3½% General Mortgage Gold Bonds of 1987 (during the year), in place of those retired, amounts to \$57,845.

Besides these changes in bonds, not affecting the outstanding indebtedness of the Company, there were redeemed during the year, with Sinking Fund payments, account of the 5% and 6% per cent Sinking Fund Bonds of 1879, \$134,000 of said bonds. Four thousand dollars of this amount and \$131,000 bonds of these issues on hand May 31st, 1899, were funded into \$135,000 C. & N. W. Ry. 3½% General Mortgage Gold Bonds of 1987, and the latter bonds are on hand in the Gold Bonds of 1987, and the latter bonds are on hand in the treasury of the Company. The remaining \$130,000 of the 5% and 6% Sinking Fund Bonds of 1879 redeemed during the year are also on hand and are likewise fundable into C. & N. W. Ry. 3½% General Mortgage Gold Bonds of 1987.

The provision in the General Gold Bond Mortgage of 1987 for the Trustee to certify and deliver to the Railway Company \$1,000,000 of General Mortgage Gold Bonds annually for an equal or greater amount of monoy expended for per-

for an equal or greater amount of money expended for permanent improvements, additions to the property, including equipment, and for which no bonds have been issued, has been availed of by the Company, and \$1,000,000 of these bonds have been taken over from the Trustee by the Railway Company during the past year. All of said bonds are held as bonds of original issue, on hand, unsold, as an asset

in the treasury of the Company.

disposed of).....

BONDS ASSUMED BY UNION OF THE PROPERTIES IN JUNE, 1900. Boyer Valley Railway Bonds. \$1,440,000 Minnesota & Iowa Railway Bonds \$1,904,000 Boone County Railway Bonds, covering railway and bridge structure (bonds not yet disposed of). \$1,000,000 Mankato & New Ulm Railway Bonds (\$244,000 of these bonds are in Sinking Funds and \$172,000 are not yet disposed of). \$416,000 416,000 posed of).
Minnesota & South Dakota Railway Bonds (bonds not yet

528,000 \$9,188,000 The bonds of the Winona & St. Peter Railroad and the Dakota Central Railway Companies not stated above, amounting to \$17,343,000, which have for many years been reported as obligations of the Chicago & North Western Railway Company, are now assumed by said company in the purchase of the properties. These bonds have by such purchase become available for refunding into C. & N. W. Ry. General Mortgage Gold Bonds of 1987, and constitute a part of the indebtedness for which the mortgage makes provision for funding or retiring at or before maturity. The surplus income of the Winona & St. Peter RR. Co., including its Land Grant Income, having been expended by that Company is now drapped from the accounts pany, is now dropped from the accounts.

#### SUMMARY OF BONDED DEBT.

count of Mainte-nance of Way and

Structures......\$4,732,470 21 \$5,592,176 36 \$359,706 15 Inc.

As indicated in the preceding table of expenditures on account of the Maintenance of Way and Structures, substantial progress has been made during the year in the substitution of new steel rails of heavy weight for those of lighter weight in the main tracks of the Company, the cost of which is included in the Operating Expenses. On the more important lines of the Company steel rails weighing 90 pounds per yard are being laid, while on those lines on which the traffic is lighter rails weighing 72 pounds per yard are being laid. The rails laid during the year, 50,285 tons, have replaced rails of lighter weight in 414.47 miles of track. In connection with the track expenditures it will also be In connection with the track expenditures it will also be noted that 2,037,284 new ties have been laid during the year, as against 1,347,755 laid during the previous year. 13 3-10 miles of road have been ballasted with crushed stone, 351.05 miles with gravel and 15.41 miles with slag and cinders, the entire cost of which is also included in the Operating Expenses for the year.

#### MAINTENANCE OF EQUIPMENT.

New locomotives were purchased during the year to replace others, as follows:

The state of the s	LA	NDS.		

The report of the Land Commissioner for the year ending May 31st, 1900, gives the transactions of the land department for the year. From this it appears that the total quantity of land sold amounted to 47,864 14-100 acres, and 2,055 town lots, the consideration received payable in cash and in time instalments being \$334,218 02. The acreage sold from the respective grants was as follows:

ı		Consider-	Average
ı	Acres.	alion.	per Acre.
ľ	Minnesota Grant3).932.99	\$352,289 32	\$11 39
i	Michigan Grant 5,610.53	45.782 08	8 16
	Wisconsin Grant 6.081.72	62,349 28	10 25
ĺ	Ashland Division Lands 5,238.90	10,272 61	1 96
	Total acres sold	\$470,693 32	
	Town Lots sold, number 2,055	267,906 64	1
	Miscellaneous Lands	95,618 06	
	L T	\$834.218 02	

The gross receipts from land grants and town lots, deferred payments, interest on deferred payments, trespasses and stumpage, were \$795,488 10. The net receipts, being the amount after deducting expenses of operation and cost of lands purchased for town sites, were \$599,387 43. The receipts of miscellaneous lands sold, not required by the company, amounted to \$93,615 92.

The total acres remaining in the several grants May 31st, 1900, amounted to 699,388 17-100, of which 98,517 38-100 acres were under contract for sale, leaving 600,870 79-100 acres unsold.

SECOND MAIN TRACKS.

The construction of Second Main Tracks, including the improvement of the alignment and grades of the existing track and the replacement of wooden bridges with steel structures upon masonry, between Baraboo and Elroy, Wis., 37.69 miles; Tama and Marshalltown, Iowa, 18.4 miles; Marshalltown and La Moille, Iowa, 7.75 miles; Ontario and Boone, Iowa, 10.73 miles, and Missouri Valley and Council Bluffs, Iowa, 21.52 miles, and Missouri valley and Council Bluffs, Iowa, 21.52 miles, in all 96.09 miles (not finished at the close of the last fiscal year), has been completed during the year covered by this report. Similar work has been undertaken and will be completed during the ensuing Fiscal Year between La Moille and Ontario, Iowa, 34.2 miles: Ogden and Jefferson, Iowa, 19 miles; Jefferson and Scranton, Iowa, 8.7 miles, and Scranton and Maple River Junction, Iowa, 21.3 miles, in all 83.2 miles.

With the completion of the Second Main Tracks now

With the completion of the Second Main Tracks now under construction in the State of Iowa, the main line of the Company from Chicago to the Missouri River at Council Bluffs, Iowa, a distance of 490 miles, will be a Double-Track Railway, with the exception of one section, 67 miles in length, between Maple River Junction and Missouri Valley. Iowa, and the total Double Track Railway in operation will aggregate 713 miles.

TRACK ELEVATION IN THE CITY OF CHICAGO.

The portions of the work of elevating the tracks of the Company from Chicago Avenue to Wrightwood Avenue and for a distance of 4,700 feet south of Mayfair station, in the City of Chicago, unfinished at the time the last Annual Report to the Shareholders was published, and referred to at length therein, were completed early in the Fiscal Year

covered by this report. The Company has now complied with all the Track Elevation Ordinances affecting it thus far passed by the Common Council of the City of Chicago.

SUNDRY CONSTRUCTION.

Extensive additions and improvements to the Shop Plants of the Company at Chicago, Illinois, and Clinton, Iowa, undertaken during the present Fiscal Year, are now nearing completion. To the plant at the Chicago Shops the following buildings, equipped with the necessary machinery and tools, have been added:

1 2-story Brick Upholstering Shop and Storage Bldg, 80 feet x302 feet.
1 1-story Brick Storage Bullding for Wood Material, 40 feet x140 feet.
1 2-story Brick Annex to Machine Shop, 100 feet x150 feet.
1 1-story Brick Addition to Tank Shop, 80 feet x140 feet.
1 1-story Brick Boiler Shop, 120 feet x300 feet.
1 1-story Brick Power House, 100 feet x100 feet.

In connection with this improvement an Electric Plant is being installed which will furnish additional lighting facilities for all the various buildings and grounds, and power (in place of steam) for the operation of the machinery in the Locomotive Department and Paint Mill, as well as for the operation of Turn Tables, Transfer Tables and Traveling Cranes used in the handling of heavy material.

The water supply and sewer systems have also been much enlarged and improved, and the facilities for protection from

fire greatly increased.

To the Shop Plant at Clinton, Iowa, the following buildings have been added:

New Brick and Stone Engine Honse, 48 stalls, 80 feet in length.

New Brick and Stone Machine Shop, 60 feet x160 feet.

New Brick and Stone Heating Plant, 26 feet x32 feet.

Brick and stone Passenger Station Buildings, conveniently arranged, were erected during the year at Clybourn Junction (Chicago), Highland Park, Oconto, Jefferson and Denison, and less important structures at a number of other stations on the Company's railway; new freight houses of suitable capacity were erected at Boone and Wassau, a new Office Building at Lake City and a new Elevator at the La

Fox Sheep Yards. In continuation of the Company's established policy of substituting Steel Bridges on Masonry for Wooden Structures, it has during the year erected 40 Steel Bridges, aggregating 1,319 feet in length and containing 2,000 tons of bridge metal. Wherever practicable, Masonry Arch and Box Culverts and cast-iron pipes have been used, instead of steel spans, in the replacement of wooden structures, and the openings filled in, thereby making a continuous solid roadbed. The wooden structures replaced by permanent roadbed. The wooden structures replaced by permanent work during the year, exclusive of those replaced in connection with the construction of Second Main Tracks, aggregate 10,602 feet in length. The larger part of the cost of this work is included in Repairs of Bridges in the Operation

ting Expenses of the Company.

To provide the additional facilities necessary to meet the requirements of the Company's business, large expenditures have been made during the year for additional right of way, depot and yard grounds in the Cities of Chicago, Beloit, Rockford, Oshkosh, Cedar Rapids, Des Moines, Clinton

and other important points.

The Company has also acquired the tract of land immediately adjoining its Wells Street Passenger Terminal in the City of Chicago, formerly owned by the Chicago Railway Terminal Elevator Company, the cost of which is included in the construction expenditures for the year. A portion of this land, on which the Company's tracks have for a number of years been located, was held under lease from the Elevator Company. Since the acquisition of the whole tract an area of 7,860 square feet has been restored, thereby re-establishing the original dock line on the Chicago River and making available for the purposes of the Company a total area of 60,629 square feet of land.

With the view of opening up, enhancing the value of, and making more available to purchasers, the remainder of the Company's land grant lands in the States of Wisconsin and Michigan (much of which is covered with hardwood timber) heretofore too remote from transportation facilities to be advantageously disposed of, as well as to secure to the Company's railway the hauling of the large tonnage of timber products and manufactures resulting therefrom, the construction of a branch railroad (referred to in former Annual Reports as the Wiscousin Northern Railway) was authorized to extend from an intersection with the Chicago & North Western Railway near Big Suamico, in Brown County, Wisconsin, in a northwesterly and northerly direction for a distance of approximately 115 miles, its construction to progress at the convenience of the Company. Up to the close of the fiscal year ending May 31, 1899, 46:11 miles of this branch, from Northern Junction to Wabeno, had been contracted and contracted for the Company. structed and opened for traffic. During the present fiscal year this line has been extended for a distance of 14.92 miles north of Wabeno. In addition thereto the Company has undertaken the construction of a spur track, approximately 21 miles in length, extending from an intersection with its main line at Perkins, Michigan, in a general northeasterly and northerly direction through its land grant lands, located in the Counties of Delta and Alger, in the State of Michigan, which will be completed during the ensuing fiscal year.

NEW LINES OF RAILWAY CONSTRUCTED IN THE INTEREST OF, AND ABSORBED BY, THE CHICAGO & NORTH WESTERN RAILWAY COMPANY.

BOYER VALLEY RAILWAY.

The construction of the Boyer Valley Railway was commenced during the previous Fiscal Year and was completed

and the road opened for traffic during the Fiscal Year covered by this report. This railway extends from an intersection with the Chicago & North Western Railway near Wall Lake, in Sac County, Iowa, in a southwesterly direction (24.80 miles) through the Counties of Sac and Crawford to an intersection with the main line of the Chicago & North Western Railway at Denison Iowa. It also extends North Western Railway at Denison, Iowa. It also extends from an intersection with the above described line at Boyer, in Crawford County, in a westerly and southwesterly direction (61.30 miles) through the Counties of Crawford, Monona and Harrison to an intersection with the Sioux City & Pacific Railroad at Mondamin, Iowa.

MINNESOTA & IOWA RAILWAY.

The construction of the Minnesota & Iowa Railway was also commenced during the previous fiscal year and was completed and the road opened for traffic during the present fiscal year. This railway begins at Vesta, in Redwood County, Minnesota, and extends in a southerly and southeasterly direction 119·10 miles (intersecting the main line of the Winona & St. Peter RR. Division of the Chicago & North Western Railway at Sanborn, Minnesota), through the Counties of Redwood, Brown, Cottonwood, Watonwan and Martin, to the southern boundary of the State of Minnesota; thence continuing through the Counties of Emmet, Palo Alto and Kossuth, in the State of Iowa, to an intersec-tion with the Chicago & North Western Railway at Burt,

BOONE COUNTY RAILWAY.

The work undertaken by the Boone County Railway Company, involving the construction of a Double-Track Railway 7.25 miles in length, intersecting the main line of the Iowa Division of the Chicago & North Western Railway at Boone and at a point eight-tenths of a mile east of Ogden, Iowa (including the Bridge across the Des Moines River), has made favorable progress during the year covered by this report, and will be completed during the ensuing Fiscal Year. As stated in the last Annual Report to the Shareholders, the completion of this railway and bridge will effect, as compared with the present line via Moingona, a saving in distance of 3 miles, a reduction in the maximum grade from 79.20 to 26.40 feet per mile, and in curvature from 902 to 68

IOWA MINNESOTA & NORTH WESTERN RAILWAY.

The construction of the Iowa Minnesota & North Western Railway was commenced in the month of June, 1899, and will be completed and the road opened for traffic during the month of August, 1900. The railway extends from an intersection with the Chicago & North Western Railway at Belle Plaine, Iowa, in a northwesterly and westerly direction, 194:16 miles, through the Counties of Benton, Tama, Black Hawk, Grundy, Butler, Cerro Gordo, Worth and Winnebago, to the northern boundary of the State of Iowa; thence through the Counties of Faribault and Martin, in the State of Minnesota, to an intersection with the Minnesota & Iowa Railway, heretofore described, at Fox Lake, Minnesota. This railway also intersects the Chicago St. Paul Minneapolis & Omaha Railway at Blue Earth City and Fairmount, Minnesota.

MANKATO & NEW ULM RAILWAY.

The construction of the Mankato & New Ulm Railway was commenced in the month of June, 1899, and will be completed and the road opened for traffic during the latter part of July, 1900. This railway extends from an intersec-tion with the Chicago & North Western Railway at Mankato, Minnesota, to an intersection with that railway at New Ulm, Minnesota, 25.58 miles, and is located south of and parallel to the Minnesota River for the major portion of the distance between the two points. The completion of this railway will effect, as compared with the line via St. Peter, a saving in the distance from Mankato to New Ulm of 8.13

MINNESOTA & SOUTH DAKOTA RAILWAY.

The construction of the Minnesota & South Dakota Railway was commenced in the month of August, 1899, and will be completed and the road opened for traffic during the latter part of July, 1900. This railway extends from an intersection with the Chicago & North Western Railway at Tyler, Minnesota, in a general northerly and northwesterly direction (32.20 miles) through the County of Lincoln to the western boundary of the State of Minnesota; thence through the County of Brookings and into the County of Deuel, in the State of South Dakota, to the town of Astoria.

HARLAN & KIRKMAN RAILWAY.

The construction of the Harlan & Kirkman Railway was commenced during the month of August, 1899, and completed and the road opened for traffic during the month of November, 1899. This railway extends from an intersection with the Chicago & North Western Railway at Kirkman, in Shelby County, Ia., to the town of Harlan, in the same county, 6.30 miles.

Appended hereto will be found the usual statements, accounts and statistics relating to the business of the year and the condition of the company's affairs on May 31st, 1900, including those of the Fremont Elkhorn & Missouri Valley Railroad Company; also an outline map of the lines of the Company, including the new railways constructed in its interest.

MARVIN HUGHITT, President.

Office of the CHICAGO & NORTH WESTERN RAILWAY COMPANY, August, 1900.

# The Commercial Limes.

### COMMERCIAL EPITOME,

FRIDAY NIGHT, August 10, 1900.

No radical changes have occurred in the general business situation. The tendency has appeared to be towards slightly increased activity, still buyers generally have shown extreme conservatism in their operations, with the result that in many branches of trade demand has been largely spasmodic and of a hand-to-mouth character. Confidence in a good average fall trade has continued to be shown, and as a result there has been no especial pressure from sellers to market their supplies. A feature in the pig-iron market has been a sharp curtailment in the production the past month; nevertheless the undertone is still unsettled. Weather conditions in the West and South have not been reported so generally favorable for the growing crops as recently noted. A feature in the grain trade has been a revival of the export demand for wheat, Liverpool in particular being a large buyer. Considerable interest has been shown in the placing of part of the British war loan in the United States.

Lard on the spot has had only a small sale, demand from both exporters and refiners being flat; prices have been easier, closing dull at 7.05c. for prime Western and 6 50c. for prime City. Refined lard has been but little better than neglected and prices have weakened to 7.40c. for refined for the Continent. Speculation in lard for future delivery has been dull, and owing to the dulness of the cash trade and easier prices for hogs, prices have weakened, closing dull,

#### DAILY CLOSING PRICES OF LARD FUTURES.

Pork has continued to sell slowly and the tendency of prices has been in buyers' favor, closing at \$12 75@13 50 for mess, \$15@15 50 for family and \$14@15 50 for short clear. Cut meats have been well held, but demand has dragged, closing at  $6\frac{1}{2}$ @ $6\frac{3}{4}$ c. for pickled shoulders, 10@ $10\frac{3}{4}$ c. for pickled hams and  $8\frac{1}{2}$ @10c. for pickled bellies, 14@10 lbs. average. Tallow has continued quiet and the price has been quoted nominally at 4.7-16c. Lard stearine has been well held, closing at 8@ $8\frac{1}{4}$ c. Oleo stearine has sold at  $7\frac{1}{2}$ c. Cotton seed oil has weakened slightly and business has been quiet, closing at 35c. for prime yellow. Batter has been in fair demand, and with limited arrivals prices have been well fair demand, and with limited arrivals prices have been well maintained, closing at 17@20c. for creamery. Cheese has been in fair demand and firmer for desirable grades, closing at 8½@10½c. for State factory, full cream. Fresh eggs have weakened slightly, closing at 15@15½c. for choice Western.

Brazil grades of coffee have been unsettled, but under increased offerings from Brazil prices for the week show a slight decline. The close was steady at 91% c. for Rio No. 7. Business in West India growths has been quiet, as buyers generally have continued to hold off, and prices have weakened to 10½ c. for good Cucuta. East India growths have been firm and sparingly offered. Speculation in the market for contracts has been moderately active, but the nodertone for contracts has been moderately active, but the undertone has been unsettled, owing to aggressive operations on both sides of the market. The close was firmer on steadier for-

eign advices. Final asking prices were:

 Aug
 7.95c. | Nov
 8.10c. | March
 8.40c.

 Sept
 7.95c. | Dec.
 8.25c. | April
 8.45c.

 Oct
 8.00c. | Jan
 8.30c | May
 8.50c

Raw sugars have weakened slightly. but at the lower prices the tone has held firm, closing at 4% c. for centrifugals, 96-deg. test, and 4% c. for muscovado, 89 deg. test. Demand for refined sugar has improved slightly; prices have been unchanged at 6.10c., last quotation for granulated. Teas have been quiet.

Kentucky tobacco has been well held, but demand has been limited. Seed leaf tobacco has been quiet and unchanged. Sales for the week were 500 cases, as follows: 100 cases 1899 crop, New England Havana seed, 35@50c.; 150 cases 1898 crop, Wisconsin Havana, 12c.; 150 cases 1898 crop, Pennsylvania seed leaf, 12½c., and 100 cases 1898 crop, Zimmers, Spanish, 14c.; also 200 bales Havana at 60@90c. in bond

and 300 bales Sumatra at 85c.@\$1 70 in bond. Straits tin has continued to meet with only a limited demand and prices have sagged slightly, closing at \$31 70@ 31 85. Ingot copper has been steady at unchanged prices, but business has been quiet, closing at 16½c. for Lake. Lead has not changed, closing quiet at 4.25c. for domestic. Spelter has weakened slightly to 4.17½@4.22½c. Demand for nig iron has not improved materially and prices have for pig iron has not improved materially, and prices have

been unchanged at \$13@17 50 for domestic.

Refined petroleum has been steady, closing at 8.05c. in bbls., 5.50c. in bulk and 9.35c. in cases. Naphtha unchanged at 9.55c. Crude certificates have been neglected. Credit balances have been legent to \$1.25. Spirits turnentine has sold ances have been lowered to \$1 25. Spirits turpentine has sold at lower prices, closing quiet at 42@42½c. Resins have held firm for the lower grades, closing at \$1 55 for common and good strained. Wool has had a limited sale at steady prices. Hops have been unchanged and firm.

### COTTON.

FRIDAY NIGHT, August 10, 1900.

THE MOVEMENT OF THE CROP, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 4,515 bales, against 16,692 bales last week and 27,954 bales the previous week, making the total receipts since the 1st of Sept., 1899, 6,537,016 bales, against 8,400,252 bales for the same period of 1898-9, showing a decrease since Sep. 1, 1899, of 1,863,236 bales,

Speculation in cotton for future delivery has been fairly active, but the undertone has been unsettled, due to the extreme nervousness shown by traders. Early in the week the tendency of prices was towards a lower basis. Crop accounts from the South were quite generally favorable and weather conditions were satisfactory, prompting fairly free selling. The downward tendency to prices was checked The downward tendency to prices was checked Tuesday morning, and during the afternoon, subsequent to the receipt of the weekly Bureau report, which was less favorable than expected, prices advanced sharply on buying by shorts to cover contracts. Apprehension that the monthly Bureau report to be issued on the 10th inst. would not show the improvement in the condition of the crop during July expected induced further buying by shorts to cover contracts. There was no aggressive selling and prices steadily advanced until Thursday afternoon, when realizing sales by recent buyers caused some of the improvement, to be lost; private advices received from Texas saying that dry weather was desirable for favorable crop development, and also from the Atlantic States saying that rain was needed in the bottom lands, had a strengthening influence. To-day there was a fairly active and higher market. During the morning trading was easier; foreign advices were off-set by less favorable weather conditions reported from Texas and the Atlantic States. At noon the Bureau report was issued, placing the condition on Aug. 1st at 76, or much less than generally expected, and stimulated general buying, on which prices advanced sharply. The close was very steady at a net gain in prices for the day of 14@22 points. Cotton on the spot has advanced, closing at 10c. for middling uplands.

The rates on and off middling, as established Nov. 15, 1899, by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows.

Fair	Strict Good Mid. Tinged.c. 316 on
Middling Fair % on	Good Middling Tinged Even
Strict Good Middling 718 on	Middling Tinged 49 off
Good Middling 518 on	Strict Middling Stained. 4 off
Strict Low Middling 318 off	Low Middling Tinged 5, off
Low Middling 718 off	Middling Stained 730 off
Strict Good Ordinary 4 off	Strict Low Mid. Stained 1 off
Good Ordinary1118 off	Low Middling Stained 13 off

On this basis the official prices for a few of the grades for the past week-Aug. 4 to Aug. 10-would be as follows.

THE VISIBLE SUPPLY OF COTTON to-night, as made up by cable and telegraph, is as follows. Continental stocks, as well as those for Great Britain and the afloat, are this week's returns, and consequently all European figures are brought down to Thursday evening. But to make the total the complete figures for to-night (Aug. 10), we add the item of exports from the United States, including in it the exports of Friday only.

The above totals show that the interior stocks have decreased during the week 1,314 bales, and are to-night 179,243 bales less than at same period last year. The receipts at all towns have been 4,467 bales less than same week last year.

OVERLAND MOVEMENT FOR THE WEEK AND SINCE SEPT. 1.— We give below a statement showing the overland movement for the week and since Sept. 1, as made up from telegraphic reports Friday night. The results for the week ending Aug, 10 and since Sept. 1 in the last two years are as follows.

	1899	-1900.	1898	8-1899.
August 10.	Week.	Since Sept. 1.	Week.	Since Sept. 1.
Shipped— Via St. Louis Vla Cairo Via Paducah	1,655 500		2,515 384	407,564 20,280
Via Rock Island	155 578	135,554	2,783 107 1,629	179,824
Total gross overland		1,776,781		2,024,333
Overland to N. Y., Boston, &c Between interior towns Inland, &c., from South	528 243 625	78,296	3,070 186 1,723	50,932
Total to be deducted	1,396	526,237	4,979	711,991
Leaving total net overland*	1,492	1,250,544	2,439	1,312,342

Including movement by rail to Canada.

The foregoing shows that the week's net overland movement this year has been 1,492 bales, against 2,439 bales for the week in 1899, and that for the season to date the aggregate net overland exhibits a decrease from a year ago of 61,798 bales.

The closing quotations to-day (Friday) at other important Southern markets were as follows.

l	Athens	918	Columbus, Miss	958	Nashville	912
	Atlanta	94	Eufaula			9116
ı	Charlotte	9	Little Rock		Raleigh	914
ı	Columbus, Ga.	9	Montgomery	nom.	Shreveport	9

RECEIPTS FROM THE PLANTATIONS.—The following table indicates the actual movement each week from the plantations. The figures do not include overland receipts nor Southern consumption; they are simply a statement of the weekly movement from the plantations of that part of the crop which finally reaches the market through the outports.

ı		Veek	Receipt	es at the	Ports	St'k at	Interior	Towns.	Rec'pts from Plant'ns			
ı	End	ling-	1900.	1899.	1898.	1900.	1899.	1898.	1900.	1899.	1898.	
ı	July	6	18,708	20,587	9,989	103,220	273,423	150,394	49	7,291	1,825	
l	**	13	25,612	24,765	9,424	78,275	281,310	145,705	667	12,683	4,795

ı	5.6	27	27,954	7,372	9,723	58,408	237,436	121,674	17,109			
i	Aug.	. 3	16,692	7,031	10,534	19,473	230,613	119,857	12,757	208	8,717	
	**	10	4,515	8,065	3,887	48,159	227,402	115,541	3,201	4,854		

The above statement shows: 1.—That the total receipts from the plantations since Sept. 1, 1899, are 6,341,992 bales; in 1898-99 were 8,523,535 bales; in 1897-98 were 8,689,791 bales.

2.—That although the receipts at the outports the past week were 4,515 bales, the actual movement from plantations was only 3,201 bales, the balance being taken from stocks at interior towns. Last year receipts from the plantations for the week were 4,854 bales and for 1898 they were -

WEATHER REPORTS BY TELEGRAPH.—Telegraphic advices to us this evening from the South denote that the weather has been only fairly favorable during the week. In a number of sections where moisture was needed beneficial rain has fallen, but from Texas there are some complaints of too much moisture. Along the Atlantic and in sections of Mississippi and Arkansas dry weather is complained of. Reports from Alabama, Mississippi and Florida indicate an improvement in condition of the plant. Rust and shedding are reported from some districts.

Galveston, Texas.—There have been showers on five days during the week, the precipitation reaching two inches and thirty seven hundredths. The thermometer has ranged from

72 to 90, averaging 81.

Abilene, Texas.—It has rained on four days during the week, the precipitation being two inches and ten hundredths of an inch. Average thermometer 79, highest 90 and low-

Brenham, Texas.—Too much rain is injurious to crops. The Mexican weevil is reported in abundance. We have had rain on four days of the week, the precipitation being one inch and fifty-one hundredths. The thermometer has averaged 81, the highest being 90 and the lowest 71.

Corpus Christi, Texas.—We have had rain on two days during the week, the rainfall being one inch and thirty-six hundredths of an inch. The thermometer has averaged 80, ranging from 74 to 86.

Cuero, Texas. - We have had showers on four days of the week, to the extent of one inch and fifteen hundredths of an inch. The thermometer has ranged from 72 to 95, avering 84. Dallas, Texas. - We have had rain on three days during the

week, the precipitation being one inch and thirty-four hundredths. Average thermometer 76, highest 95, lowest 67. Henrietta, Texas.—The week's rainfall has been thirty-eight hundredths of an inch, on one day. The thermometer

has averaged 79, the highest being 94 and the lowest 64.

Huntsville, Texas.—It has been showery on three days of the week, the precipitation reaching seventy-one hundredths

of an inch. Thermometer has averaged 83, ranging from 71 to 94. Longview, Texas. - Rain has fallen on three days during

the week, the precipitation being seventy-one hundredths of an inch. Minimum temperature 70, highest 98, average 84. Paris, Texas.—Rain has fallen lightly on two days of the

week, the rainfall being nine hundredths of an inch. Aver-

age thermometer 84, highest 99, lowest 68.
San Antonio, Texas.—Rain has fallen on three days of the week, the precipitation being one inch and twenty-six hundredths. The thermometer has averaged 83, the highest being 94 and the lowest 72.

Temple, Texas.—We have had rain on three days during the week, to the extent of forty hundredths of an inch. The thermometer has averaged 79, ranging from 64 to 93.

thermometer has averaged 79, ranging from 64 to 93.

Shreveport, Louisiana.—We have had rain on two days of the past week, to the extent of twenty-one hundredths of an inch. The thermometer has ranged from 71 to 93, averaging 81.

Columbus, Mississippi.—Crop prospects are materially improved. There has been no rain the past week. The thermometer has averaged 84, the highest being 96 and the lowest 72

Leland, Mississippi.—There has been no rain during the week. The thermometer has averaged 78.9, ranging from 66 to 92.

Greenville, Mississippi.—The weather has been hot during

the week, with rain on one day.

Vicksburg, Mississippi.—The Delta crop is doing fairly well, but the weather is too dry for the hill crop. The army worm is reported. There has been rain on one day during the week, the precipitation reaching ten hundredths of an inch. Average thermometer 76, highest 92 and lowest 64.

Little Rock. Arkansas.—We have had rain on two days of the week, to the extent of fifty-two hundredths of an inch. The thermometer has averaged 84, the highest being 93 and the lowest 75

the lowest 75.

Helena, Arkansas.—There has been no rain during the week, and it is said to be needed. The thermometer has aver-

aged 84.2, ranging from 69 to 94.

Memphis, Tennessee.—The weather has been dry and this has been the hottest week of the season. There are some reports of rust and shedding, and moisture would be desirable, but the crop generally continues to improve. The thermometer has ranged from 72.7 to 94, averaging 83.

mometer has ranged from 72.7 to 94, averaging 83.

Nashville, Tennessee.—There has been no rain during the week. Average thermometer 84, highest 97 and lowest 71.

Mobile, Alabama.—Crop advices are generally favorable. Some open bolls are reported. Rain has fallen on four days of the week, the precipitation being two inches and thirty-nine hundredths. The thermometer has averaged 81, the highest being 94, and the lowest 71.

highest being 94, and the lowest 71.

Montgomery, Alabama.—The weather has been favorable and the crop is improving. We have had rain on one day of the past week, the precipitation reaching five hundredths of an inch. The thermometer has averaged 81, ranging from

64 to 98.

Selma, Alcbama.—There are some complaints from reliable farmers of rust and shedding. We have had no rain the past week. The thermometer has ranged from 68 to 98, averaging 82.

Madison, Florida.—Reports are somewhat more favorable. Rain has fallen on two days of the week, the rainfall being thirty hundredths of an inch. Average thermometer 86, highest 99, lowest 70.

Savannah, Georgia.—There has been rain on three days of the week, to the extent of two hundredths of an inch. The thermometer has averaged 82, the highest being 99 and the

lowest 69.

Augusta, Georgia.—There has been no rain during the week and the crop is suffering from dry weather and excessive heat. The thermometer has averaged 83, ranging from 69 to 100.

Stateburg, South Carolina.—The very hot and dry weather is unfavorable for farm products. There has been no rain during the week. Average thermometer 83.5, highest 101 and lowest 67.

Greenwood, South Carolina.—The weather has been dry all the week and rain is claimed to be needed. Cotton is said to be snedding and turning yellow. The thermometer has averaged 83, the highest being 97 and the lowest 69.

Charleston, South Carolina.—We have had rain on two days during the past week, to the extent of five hundredths of an inch. The thermometer has ranged from 73 to 96, averaging 82.

Norfolk, Virginia.—Crop accounts are less favorable. The following statement we have also received by telegraph, showing the height of the rivers at the points named at 3 o'clock August 9, 1900, and August 10, 1899.

IMPORT TRADE OF INDIA IN 1899 1900.—In our editorial columns to-day will be found an article under the above caption by our special Manchester correspondent.

INDIA COTTON MOVEMENT FROM ALL PORTS.—The receipts of cotton at Bombay and the shipments from all India ports for the week ending Aug. 9, and for the season from Sept. 1 to Aug. 9 for three years have been as follows:

	1899	-1900.	189	8-99.	1897-98.		
Receipts at-	Week.	Since Sept. 1.	Week.	Since Sept. 1.	Week.	Since Sept. 1.	
Bombay	1,000	906,000	12.000	2.041.000	5.000	1.787 000	

Exports	Fo	r the We	ek.	Since September 1.				
from—	Great Britain.	Oonti- nent.	Total.	Great Britain.	Oonti- nent.	Total.		
Bombay-								
1899-'00	2,000	7,000	9,000	7.000	104.000	111,000		
1898-99		3,000	3,000	15,000	528,000	543,000		
1897-98		6,000	6,000	14,000	442,000	456,000		
Calcutta-		,,,,,	,,,,,,,		,	-00,000		
1899-'00	1,000	1,000	2,000	3.000	29,000	32,000		
1898-99	3,000	2.000	5,000	5,000	31,000	36,000		
1897-98		4,000	4,000	4,000	31,000	35,000		
Madras-		-,000	-,,,,,	,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,		00,000		
1899-'00		2,000	2,000	5,000	14,000	19,000		
1898-99		_,,,,,	_,_,_,	2,000	17,000	19,000		
1897-98		1,000	1.000	2,000	5,000	7,000		
All others-		7,000		_,,,,,,	0,000	,,,,,		
1899-'00	1,000	8,000	9.000	8.000	86.000	94,000		
1898-99	3.000	2 000	5,000	10,000	118,000	123,000		
1897-98	2,000	3,000	5,000	15,000	124,000	139,000		
rotal all—								
1899-'00	4,000	18,000	22,000	23,000	233,000	256,000		
1898-99	6,000	7,000	13,000	32,000	694.000	726,000		
1897-98	2,000	14,000	16,000	35,000	602,000	637.000		

According to the foregoing, Bombay appears to show a decrease compared with last year in the week's receipts of 11,000 bales. Exports from all India ports record a gain of 9,000 bales during the week and since September 1 show a decrease of 470,000 bales.

ALEXANDRIA RECEIPTS AND SHIPMENTS OF COTTON.—Through arrangements we made with Messrs. Davis, Benachi & Co., of Liverpool and Alexandria, we now receive a weekly cable of the movements of cotton at Alexandria, Egypt. The following are the receipts and shipments for the past week and for the corresponding week of the previous two years.

Alexandria, Egypt, August S.	1899-1900.		1898	8-1899.	1897-1898.		
Receipts (cantars*) This week Since Sept. 1	6,434,000		5,580,000		6,514,000		
	This week.	Since Sept. 1.	This week.	Since Sept. 1.	This week.	Since Sept. 1.	
Exports (bales)— To Liverpool To Continent †	2,000 8,000	400,000 418,000	2,000 6,000	335.000 377,000	2,000 16,000	346,000 475,000	
Total Europe	10,000	818,000	8,000	712,000	18,000	821,000	

A cantar is 98 pounds.
† Of which to America in 1899-1900, 70,147 bales; in 1898-99, 50,444 bales; in 1897-98, 52,863 bales.

This statement shows that the receipts for the week ending Aug. 8 were —— cantars and the shipments to all Europe 10,000 bales.

MANCHESTER MARKET.—Our report received by cable to-night from Manchester states that the market is quiet for both yarns and shirtings. The demand for India is good but for China poor. We give the prices for to-day below and leave those for previous weeks of this and last year for comparison.

		1900.		1899.

FALL RIVER MILL DIVIDENDS.—The exhibit made by the Fall River mills for the third quarter of the year is quite satisfactory. Thirty-three of the thirty-five corporations included in our statement have declared dividends during the quarter, the aggregate amount paid out being in excess of the total for the corresponding period of last year, reaching \$379,450, or an average of 1.81 per cent on the capital. In 1899 thirty-one mills declared dividends in the third quarter, the average rate of distribution being 1.49 hundredths per cent. In 1898 the average dividend for the third quarter was 0.55 per cent, in 1897 it was 0.48 cent, in 1896 it was 1.26 per cent, in 1895 it was 1.85 per cent and in 1894 reached 1.25 per cent.

- \*50 per cent dividend in bonds in addition.
  † Stock dividend of 60 per cent and 15 per cent in cash additional.
  a On capital of \$19,808,500.

Combining the foregoing results with those for the halfyear (published in the CHRONICLE May 19, page 971) we have the following exhibit for the nine months. It is seen that on a capitalization of \$20,958,500 the mills have paid out in dividends \$1,469,590 in the nine months of the present year, or an average of 7.01 per cent, against \$718,257, or 3.89 per cent in the like period of 1899. In 1898 the average dividend was 1.33 per cent, in 1897 it was 2 37 per cent and in 1896 reached 4.80 per cent.

  ‡ Including an extra dividend of 15 per cent.
  a Exluding above extra dividends, the average dividend is 5.41 per cent.

THE AGRICULTURAL DEPARTMENT'S AUGUST REPORT.—The following statement, showing the condition of cotton, was issued by the Department of Agriculture August 10:

The monthly report of the Statistician of the Department of Agriculture shows the average condition of cotton on August 1 to have been 76, as compared with 75.8 on July 1, 1900; 84 on August 1, 1899; 91.2 on August 1, 1898, and 85.3, the mean of August averages of the last ten years.

There was an improvement of condition during July, amounting to 5 points in Texas and Arkansas, 3 points in Georgia, 10 in Missouri and 1 in Tennessee. On the other hand, there was a decline of 9 points in North Carolina, 5 in South Carolina and Indian Territory, 4 inMississippi, Louisiana and Florida, 3 in Ala-

bama, 2 in Oklahoma and 13 in Virginia. The impairment of co-ditions is due in the main to drought and the continued lack of proper cultivation, but there are extensive sections where heavy and continuous rains have wrought serious injury to the growing crop. While the condition in Texas is now 2 points above the State's ten-year average, every other State still reports a condition below such average. Arkansas being 2, North Carolina 7, Louisiana 8, Tennessee 10, Georgia 11, South Carolina and Virginia 12, Florida 15, Alabama 21 and Mississippi 26 points below their respective ten year averages.

averages.

There has been some abandonment of laud planted to cotton, but the area abandoned is somewhat less than was generally expected one month ago, and the Department will not at present change its

acreage figures.

The averages of the different States on August 1 were as follows:

Virginia 77	Alabania	Tennessee
North Carolina 80	Mississippl 60	Missouri 84
South Carolina 74	Louisiana 77 Texas 83	Oklahoma 80
Georgia77	Texas 83	Indian Territory 81
Florida 74	Arkansas 83	

The June, July and Angust averages, compared with the June, July and August figures of previous years, are as

Average	82.5	75.8	76.0	85.7	87.8	84.0	89.0	91.2	91.2	83.5	86.0	86.9

The August 1st averages in earlier years for all the States were, according to the Agricultural Department, as follows: 80·1 in 1896; 77·9 in 1895; 91·8 in 1°94; 80·4 in 1893; 82·3 in 1892; 88.9 in 1891; 89.5 in 1890; 89.3 in 1889; 87.3 in 1888; 93 3 in 1887; 81·3 in 1886, and 96·5 in 1885.

GOVERNMENT WEEKLY COTTON REPORT.—Mr. W. L. Moore, Chief of the Weather Bureau of the Agricultural Department, made public on Tuesday the following telegraphic reports on the crop in the Southern States for the week ending August 6:

NORTH CAROLINA.—Crops making favorable progress toward maturity; cotton weed small but heavily fruited; early bolls opening in South

in South.

South Carolina.—Localities need rain, otherwise weather favorable; cotton beginning to open in eastern countles; rust and shedding increasing, but general condition more promising.

Georgia.—Week generally hot and dry; most crops show marked improvement; cotton below average, much complaint of rust, shedding and premature opening; some picking done in few southern countles.

Florida.—Frequent rains in western and in postions of northern and central districts unfavorable; cotton is shedding, suffering from rust and opening prematurely; picking increasing on upland.

Alabama.—Warm, with scattered and generally insufficient showers; rainfall somewhat excessive, however, in extreme southern countles; cotton much improved; being laid by; fruiting rapidly, some open.

Mississippi.—Too much rain fore part of week, but latter part favorable; cotton improved; early fruiting well, late growing fast.

Louisiana.—Too much rain; condition of cotton not good on hill land, stalking and shedding on low land; grassy and yellow; boll worms in many places.

worms in many places.

TEXAS.—Continued showers unfavorable for farming operations;

cotton generally two to three weeks late, promising in some localities, especially in north portion; too rank growth and not fruiting well in many sections; some shedding; few complaints of boll worm and Mexican weevil damaging crop in south portion.

ARKANSAS—Light local showers generally, heavy in few localities; cotton, where cultivated, fruiting nicely and promises good yield;

cotton, where outtivated, fruiting filtery and profitses good yield; shedding in localities.

Tennessee.—Warm, dry weather favored growing and maturing crops and farm work; well cultivated cotton developing well.

MISSOURI.—Cotton doing well.

OKLAHOMA AND INDIAN TERRITORIES.—Hot and dry; cotton in fine condition and bolling well; webb and boll worms appearing.

These reports on cotton are summarized by the Department as follows:

Over the northern portion of the central and western districts of the cotton belt the condition of co ton has improved, and while an improvement is reported from the Carolinas, the general condition of the crop in Georgia. Florida and Louisiana is less promising, complaints of rust, shedding and premature opening being numerous. plaints of rust, shedding and premature opening being numerous. In Texas the crop is from two to three weeks late, its condition in the northern portion being promising, while complaints of rank growth, shedding and ravages of insects are received from the southern part of the State.

NEW ALABAMA COTTON,—The first bale of new Alabama cotton was received at Selma on Friday, August 10. Last year the first bale reached Selma August 2, or eight days earlier; in 1898 the earliest arrival was on August 6, and in 1897 on July 31, and in 1896 on July 26, all at Mobile. In 1895 the first arrival was at Mobile on August 14. In 1894 Selma received the first bale on August 10, and in 1893 the first arrival was at Ozark on August 2.

CHARLESTON'S FIRST BALE.—The first bale of new cotton raised in South Carolina reached Charleston on Wednesday, August 8, or one day later than in 1899. It graded fully middling and came from Fairfax, Barnwell Co. In 1899 the earliest arrival at Charleston was on August 7, in 1898 on August 10, in 1897 on August 3, in 1896 on July 30 and in 1895 on August 21.

NEW ENGLAND MILL SITUATION.—CURTAILMENT OF PRO-DUCTION - Fifteen corporations in Fall River are idle this week under the curtailment agreement. The Pepperell, La conia and York Mills, at Biddeford, Me., employing 5,000 hands, will close down August 18 and not resume until September 4. Mills in Rhode Island and in Massachusetts, other than those at Fall River, are beginning to reduce production, and it is reported that textile manufacturers generally throughout New England will curtail during August and September.

COMPARATIVE PORT RECEIPTS AND DAILY CROP MOVEMENT. -A comparison of the port movement by weeks is not accurate, as the weeks in the different years do not end on the same day of the month. We have consequently added to our other standing tables a daily and monthly statement, that the reader may constantly have before him the data for seeing the exact relative movement for the years named. The monthly movements since Sept. 1, 1899, and in previous years, have been as follows:

Monthly		Year Beginning September 1.										
Receipts	1899.	1898	1897.	1896.	1895.	1894.

P'c't'ge o	f tot. port					
receipt	s Aug. 10.	99.19	99 33	98.12	96.73	99 83

This statement shows that the receipts since Sept. 1 up to to-night are now 1,859,924 bales less than they were to the same day of the month in 1899 and 2,080,975 bales smaller than they were to the same day of the month in 1898. We add to the table the percentages of total port receipts which had been received to Aug. 10 in each of the years named.

THE EXPORTS OF COTTON from New York this week show a decrease compared with last week, the total reaching 6,720 bales, against 15,963 bales last week. Below we give our usual table, showing the exports of cotton from New York, and the direction, for each of the last four weeks; also the total exports and direction since Sept. 1, 1899, and in the last column the total for the same period of the previous year.

#### BREADSTUFFS.

FRIDAY, Aug. 10, 1900.

The demand for wheat flour has continued of very moderate proportions. There has been no general demand from the home trade, as buyers, despite a stronger turn to values for the grain, have shown little if any disposition to purchase in advance of requirements. Mills have held for slightly higher prices for lines, and this too has held business in check, as the trade has refused to purchase supplies of importance on a higher basis of values. The export business has been quiet, shippers' limits being too low to interest sellers. Rye flour has been quiet, but prices have held about steady. Corn meal has weakened slightly in price, but business has not improved.

Speculation in wheat for future delivery has been moderately active and the trend of prices has been towards a higher basis. The principal new development has been an expanding export demand, a fairly large business being transacted with shippers the past week. A considerable percentage of the purchases has been of spring wheat and for Liverpool account, indicating that English merchants at least were beginning to take a more apprehensive view of the reduced yield of the spring-wheat crop. Millers also have been reported as good buyers in the interior of the new crop of winter wheat. Foreign markets have been stronger and less favorable weather conditions have been reported from Europe. movement of the winter-The wheat crop has continued free. Harvesting returns from the Northwest are confirming the reports of the short yield of the spring-wheat crop. Advices also have been received from the Pacific Coast reducing estimates of the yield of the crop in that section. The spot market has been active and firmer. Large sales have been reported made of wheat for export both at the seaboard and in the interior. To-day there was a quiet market, awaiting the Bureau report. It prices made a fractional advance. Business in the spot market continued active, sales for export here and at out ports amounting to 600,000 bushels.

Indian coru futures have been more active and firmer, the principal bull factor being reports from the corn-belt, par-ticularly Kansas and Nebraska, saying that the crop was suffering from want of rains; in fact on Thursday a wellknown authority reported that a large area of corn was on

the verge of deterioration, but avertible by prompt rains] The less favorable crop prospects have stimulated buying. there being a fairly extensive demand to cover short sales and there also have been some purchases for investment account. Foreign advices have been stronger and this, too, has helped the market. The spot market has been firmer and a fairly large business has been transacted for export. To-day the market was higher on an unfavorable report from Kansas. The Bureau report was, if anything, slightly better than expected. The spot market was quiet. The sales for export were 80,000 bushels, all at outports.

Oats for future delivery at the Western market have been firmer, but there has been only a limited amount of activity to the trading. There has been some buying by the country and country acceptances have been light; still the crop movement has been fairly full. Sympathy with the advance in other grains also has had a bullish influence. Locally, the spot market has been firmer, particularly for white oats, and a moderate volume of business has been transacted for export. To day the market was firmer with other grains. The spot market was moderately active and firmer; sales for export were 120,000 bushels.

GOVERNMENT WEEKLY GRAIN REPORT.—Mr. James Berry, Chief of the Climate and Crop Division of the U.S. Weather Bureau, made public on Tuesday the telegraphic reports on the grain crops in the various States for the week ending August 6, as follows:

WEATHER.—The week has been very hot in the States of the Missouri and Upper Mississippi valleys, and while there was a general lack of rainfall over a large part of the country east of the Rocky Mountains, excessively heavy rains fell in portions of the Gulf States and over portions of the Central Missouri and Red River of the North valleys. Rain is very generally needed in the Central Mississippi and Lower Missouri valleys and in the Atlantic Coast States from the Carolinas northward.

Lower Missouri valleys and in the Atlantic Coast States from the Carolinas northward.

CORN—Corn, more particularly the late-planted in the States of the Central Mississippi and Missouri valleys, would be greatly benefited by rain, but the early-planted in these sections is generally beyond serions injury from drought. In the lake region and Ohio Valley and generally in the Atlantic Coast districts, the crop has made good progress, but is beginning to need rain in the Middle Atlantic States.

WINTER WHEAT.—The general absence of rain has been very favorable to threshing winter wheat, which is nearing completion in nearly all districts.

SPRING WHEAT .- Spring-wheat harvest is nearly finished over the southern portion of the spring-wheat region, where some threshing has been done, and is well advanced in the northern portion. Portions of the Dakotas and Minnesota received very heavy rains during the past week. In South Dakota late spring wheat experienced very trying temperature conditions and a larger part of the crop is being out

on temperature conditions and a larger part of the crop is being out for fodder than was anticlpated.

OATS.—The week has been favorable for completion of the oat harvest and threshing, the reports indicating good yields generally, especially in the States of the Ohio Valley.

Tobacco.—The tobacco crop has made favorable advancement, and its condition is generally promising, although needing rain in Virginia. Some cutting has been done in Ohio, and cutting will soon begin in Indiana. begin in Indiana.

APPLES.—The persistent dropping of apples has materially reduced the prospects in many important apple States in the central valleys, although the outlook in Iowa is somewhat improved. The reports continue very favorable, however, from New York and Pennsylvania, and a good crop is respected by Minimum and a good crop is resp

and a good crop is promised in Minnesota.

PLOWING.—Plowing for fall seeding has made very favorable progress, except in Missouri, where the ground is too dry.

AGRICULTURAL DEPARTMENT'S REPORT OF CEREAL CROPS, &c., August 1.—The Agricultural Department issued on the 10th inst. its reports on the cereal crops for the month of July as follows:

The average condition of corn declined 2 points during July and on Aug. 1 was 2'4 points lower than at corresponding date last year, but 0'5 points higher than on Aug. 1, 1898, and 1'3 above the mean of the

August average for last 10 years. Condition in principal States are as follows: Ohio and Indiana, 98; Illinois, 96; Iowa, 105; Missouri, 99; Kansas, 71; Nebraska, 85. During July there was an improvement of 8 points in Ohio, 9 in Indiana, 4 in Illinois and 3 in Iowa. On the other hand, there was a decline of 2 points in Missouri, 8 in Nebraska and 22 in Kansas.

Condition of spring wheat improved 1 2 points during July, but on Aug. 1 it was 27·2 lower than at the same time last year, 40 1 points lower than Aug. 1. 1898, and 27 8 below the mean of the August averages for the past 10 years. Conditions in principal States: Minn., 58; N. Dak.. 25; So Dak.. 49; Neb.. 64; Iowa, 91. During July there was an improvement of 10 points in Minn., 5 in So. Dak. and 1 in Ia. On the other hand there was a decine of 5 points in No. Dak. and 2 in Neb.

Neb.

Average condition of oats declined 5 points. During July and Aug. 1 it was 5.8 points io wer than at the same date last year, but 8 points higher than August 1, 1898, and 2.7 above the mean of past ten years. Conditions in principal States are: New York. 83; Pennsylvania, 82; Ohio, 93; Michigan. 101; Indiana, 94; Illinois, 97; Wisconsin, 77; Minnesota, 57; Iowa. 90; Missouri, 1.0; Kansas, 87, and Nebraska, 78. During July there was an improvement of 2 points in Ohio and Michigan, 9 points in Wisconsin and 8 in Minnesota and 1 in Illinois. There was a decline of 3 points in Pennsylvania 5 in Indiana and Kansas. 1 in Iowa and 12 in Nebraska, while New York and Missouri report no change. Proportion of the oats crop of last ten years still in hands of farmers estimated at 6.8 per cent as compared with 6.9 of the crop of 1898 in farmers' hands one year and 6.4 per cent of the crop of 1897 in farmers' hands two years ago.

The condition of corn on July 1 and August 1 in each of the last three years is shown in the following:

### THE DRY GOODS TRADE.

NEW YORK, FRIDAY, P. M., August 10, 1900.

The market shows a quiet but steady improvement in the demand in some departments. There is no free individual buying, and from the character of the orders coming forward it is evident that absolute needs are increasing in a number of directions and that stocks in second hands, which at the opening of the season were heavier than usual, are being worked down very materially. Developments in the cotton industry point to a curtailment of production on the part of heavy-goods mills. Several of the largest Eastern mills have announced that they will shortly snut down for varying periods, and private advices from the South show that in a number of mills part of the machinery is already idle and that several are on the point of closing down altogether for the time being. The suspension of business with China is the chief cause of this, but there are some mills without an export trade which are running out of cotton, and cannot come into the market for raw material at present prices and make a profit on their output. Fall River mills are still carrying out the arrangement to cut down production previously reported. The woolen goods division of the market is not satisfactory. The business doing does not come up to expectations and prices are irregular.

WOOLEN GOODS —Although there has been more business reported this week than last, the general demand for new light weights has been moderate and below expectations. Staple lines have been the most disappointing. Bayers have evidently not yet made up their minds that the new-season prices are stable and are awaiting further developments. There have been some reductions openly made in serges from the opening prices, and in other directions rebates are being quietly conceded. Fancy worsteds in medium and fine grades have fared comparatively well. One important concern is said to have sold the bulk of its season's production of these. There has been no new feature of moment in the re-order business in heavy-weight woolens and worsteds. The demand is moderate throughout and readily met at irregular prices where there are stocks on hand. In overcoatings and

cloakings business has been quiet without material change in prices. For dress goods of any description the call has been light and tone of market easy. Flannels and blankets dull and unchanged.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending Aug. 6 were 4,980 packages, valued at \$172,871, their destination being to the points specified in the tables below:

NEW YORK TO AUG. 6.		1900.	1899.		
	Week.	Since Jan. 1.	Week.	Since Jan. 1.	
Great Britain Other European China India Arabia Africa West Indies Mexico Central America	1,203 27 400	1,375 1,191 138,450 8,407 23,259 2641 16,887 1,988 7,587	14 21 253 10 105 330 8 269	1,329 647 159,691 1,656 29,880 10,672 19,434 2,710 6,850	
South AmericaOther Countries	1,078 239	27,472 5,616	525 93	28,911 5,288	
Total	2,980	234,873	1,628	267,068	

The value of the New York exports for the year to date has been \$10,060 646 in 1900, against \$9,544.588 in 1899.

The reduction in prices of wide sheetings noted last week has resulted in a fair volume of business being done, and at the close available supplies are in limited compass. For bleached muslins the demand has been of an ordinary character, a fair number of orders coming to hand, but few calling for good round quantities. Prices are steady in all grades. Brown cottons in heavy sheetings and drills are the weakest feature of the market. The business doing is limited, and there is considerable irregularity in prices with a downward tendency. Ducks and brown Osnaburgs are inactive and easy. For cotton flannels and blankets only a limited call is noted, with no material change in prices. Business in denims and ticks is on a restricted scale and prices favor buyers. In other coarse colored cottons the market is slow and irregular. Business in prints has been more encouraging than for some time past, both staples and fancies selling better at steady prices. Fine printed fabrics are quiet. In ginghams an average amount of business has been done and prices are steady. Regular print cloths have sold to a small extent at 2% c. and the market is firm for both these and odd goods.

Foreign Dry Goods.-More business than of late has been reported in plain dress goods Fancies continue dull. Silks are selling indifferently and prices irregular. Ribbons slow. Linens quietly steady. Burlaps firm with small supplies available.

Importations and Warehouse Withdrawals of Dry Goods The importations and warehouse withdrawals of dry goods at this port for the week ending Aug. 9, 1900, and since January 1, 1900, and for the corresponding periods of last year are as follows:

Braddock, Pa.—Bond Litigation.—An injunction has been asked for to restrain the borough officers from holding the election on August 14 to decide on the issuance of \$84,000 bonds. The election was originally set for July 12, but was postponed. An amendment to the ordinance providing for the bonds stated the purpose of the issue to be to complete the new municipal building; it is claimed, however, that the Council intends to use the proceeds to pay off various obligations which are alleged to be illegal.

Macon, Ga.-Bonds Enjoined .- On August 1 the Mayor and Council were served with an injunction restraining them from selling the \$35,000 sewer bonds which were anthorized on July 31. The ir junction was obtained by R. H. Plant of Macon, who is interested in a claim against the city on former sewer contracts.

Pomona, Cal.—Mandamus Denied.—H. C. Rogers of Pasadena recently sued for a writ of mandamus to compel the city to award to him the \$30,000 of sewer bonds offered for sale on June 11. Mr. Rogers claimed that the party to whom the bonds were sold did not comply with the conditions concerning the deposit, and that therefore the plaintiff's bid was the highest. The petition was denied, Judge Allen holding that the bonds were legally awarded.

Pratt County, Kan.—Bond Compromise.—We are advised by James A. Porter, County Treasurer, that the County Commissioners have effected a compromise on most of the bonded indebtedness of Pratt County by paying one-third of the face value of past-due conpons and agreeing to pay twothirds of the interest on the remaining coupons as they mature. In other words, 4% interest will be paid hereafter instead of 6%. The total debt outstanding on Aug. 1, 1899, all 6% bonds, was \$322,300.

Santa Fe County, N. Mex.—Bond Litigation.—The St. Louis "Globe-Democrat" of August 4 says: "The suit of Bird S. Coler and Elverton R. Chapman et al. of New York against the Board of County Commissioners of Santa Fe County for \$115,000 interest on county railroad bonds was before District Judge McFie on questions as to the legality of the bonds raised by District-Attorney R C. Gordner and to which a demurrer had been filed. Judge McFie ruled that the bonds were res adjudicata aid sustained the demurrer. This action brings the case to trial on its merits and augurs a decision against the county. The county's assessed valuation is only \$1,750,000 and its nonded indebtedness is \$000,000. tion is only \$1,750,000 and its bonded indebtedness is \$900,000."

Wisconsin.—Constitutional Amendment.—At the general election on November 6 several amendments to the Constitution will be submitted to the people, one of which, relating to the banking laws, we give in full:

Resolved by the Assembly, the Senate concurring, that Article XI. of the Constitution of the State of Wisconsin be and is hereby amended by substituting for sections and 5 thereof a new section, to be known as Section 4 and reading as follows:

Section 4. The Legislature shall have power to enact a general banking law for the creation of banks and for the regulation and supervision of the banking business, provided that the vote of two thirds of all the members elected in each House, to be taken by year and nays, be in favor of the passage of such law.

### Bond Calls and Redemptions.

Arkansas.-Bonds Redeemed .- On August 1 the State Treasurer paid the last 30 bonds of the \$160,000 which the State owed to the Federal Government under the agreement of April 29, 1898. The special fund created to pay the debt has been so successful that the bonds are redeemed a year before the allotted time. The details of the agreement may be found in the STATE AND CITY SUPPLEMENT of April 14, 1900, on page 175.

Harney County, Ore.—Warrant Call.—The County Treasurer has called for payment all warrants of this county issued prior to Jan. 1, 1899.

Lafayette County (Mo.), Lexington, Snl-a-Bar and Washington Townships.—Bond Calls.—Interest ceased on [July 1 on the following bonds:

Lexington Township 6% bonds Nos. 51 to 53, dated Aug. 8, 1885. Denomination \$100.

Lexington Township 6% bonds Nos. 54 to 71, dated Sept. 16, 1885. Denomination \$100.

Lexington Township 6% bonds Nos. 72 to 75, dated Oct. 5, 1885. Denomina-Lexington Township 6% bond No. 81, dated Aug. 3, 1885. Denomination

Lexington Township 5% bond No. 7, dated July 3, 1890. Denomination \$1.000, Washington Township 6% bonds Nos. 33 to 35, dated Aug. 3, 1885. Denomination \$1,000.

Interest ceased on August 1 on the following:

Lexington Township 6% bonds Nos. 82 to 120, dated July 1, 1885. Denomination \$1,000.

Lexington Township 5% bonds Nos, 1 to 13, dated Aug. 1, 1890. Denomination \$1,000.

Multuomah County, Oregon.—Warrant Call.—Ralph W.

Hoyt, County Treasurer, has called for payment county warrants, drawn upon the general fund that were presented and indorsed "Not paid for want of funds" from May 6, 1899, to June 10, 1899, both dates inclusive. Interest ceased July 16, 1900. Interest also ceased July 26 on warrants, Class "C," presented from Sept. 14, 1899, to Dec. 7, 1899.

### Bond Proposals and Negotiations this week have been as follows:

Acquackanonk Township (N. J.) School District (P. O.) Athenia).—Bond Sale.—On July 28 \$2,500 5% 10 to 14-year school bonds were awarded to Penhale & Fisher, New York, at 102.66—a basis of 4.71%. Other bidders were W. Stanton & Co., 102.50, and W. B. Arnold, 102. Denomination of the bonds is \$500, and the principal and semi-annual interest will be payable at the Second National Bank, Paterson,

Albion, Mich.—Bond Issue.—Bridge bonds to the amount of \$14,000 are soon to be issued. They will be of \$100 denomination and bear 3½% interest, pavable semi-annually.

Allegheny (Pa.), Fifteenth Ward School District.—

Bond Election.—An election will be held in this district today (August 11) to vote on the question of issuing \$25,000 bonds to complete the construction of the North End school building. The School Board some time ago secured the money needed to complete the building from a New York firm in advance of this election, with the understanding that if the bond issue is defeated a special tax shall be assessed by the board.

Atlantic City, N. J.—Bond Offering.—As stated last week, proposals will be received until 12 M., August 27, by A. M. Heston, City Comptroller, for \$200,000 4% gold coupon water bonds. These securities are in denomination of \$1,000, dated July 1, 1900. Interest will be payable semi-annually at the Hanover National Bank, New York City. Principal will mature July 1, 1930. A certified check for \$4,000, payable to the City Comptroller, must accompany proposals. The legality of these bonds has been approved by Messrs. Dillon & Hubbard of New York City. Proposals must be made on blank which may be obtained from the City Comptroller.

The official notice of this bond offering will be found elsewhere in this Department.

Beaumont, Texas.—Bond Election.—An election will be held on September 11 to vote on the question of issuing \$115,-000 of water, sewer and paving bonds. Securities, if authorized, will be 5% 20 40-year (optional) bonds. T. C. King is City Secretary.

Belleville (N. J.) School District.—Bonds Authorized.—At a meeting held in this district August 2 an additional issue of school building bonds to the amount of \$2,500 was authorized. The bonds will be three in number and will mature in 24, 25 and 26 years, respectively.

Berkshire County, Mass.—Loan Authorized.—The County Treasurer has been authorized to borrow \$5,000 in anticipation of taxes.

Big Horn County, Wyo.—Bond Offering.—Proposals will be received until August 25 by the County Commissioners, at the office of Harry B. Henderson, State Examiner, Cheyenne, Wyo., for \$37,000 coupon funding bonds. Securities are issued in accordance with the provisions of Chapter 18 of Title 10 of the Revised Statutes of Wyoming of 1899 and bear date of Sept. 1, 1900. They are in denominations of \$1,000, \$500 and \$100. Interest (not to exceed 5% per annum) will be payable January 1 and July 1 at the Chemical National Bank, New York City, or at the office of the County Treasurer, at Basin, Wyo., at the option of the holder. Principal will mature as follows: 10% of the total amount issued must be paid in ten years from date of issue and 10% of the total amount annually thereafter until all is paid. All of the bonds are subject to call after ten years from date of issue. Proposals must be accompanied by a certified check on a national bank for 5% of the amount of bonds bid for, payable to the County Treasurer.

Billerica, Mass.—Loan Authorized.—At a town meeting on July 30 a loan of \$1,500 for three years was decided on by a vote of 100 to 1. The proceeds will be used for schoolbuilding purposes.

Biwabik, Minn.—Bond Offering.—Proposals will be received by the Village Council until 8 o'clock, August 15, for \$7,000 6% electric-light bonds. Securities are dated July 2, 1900, are in denomination of \$500 and mature \$1,000 yearly on July 2 from 1901 to 1907. Principal and semi-annual interest is payable at the Northern Trust Company, Chicago. J. S. Lutes is Recorder of the village.

Bloomington, Ill.—Bond Sale.—On July 27 \$40,000 4% general improvement bonds and \$15,000 4% funding bonds

were awarded to Farson, Leach & Co. at a premium of \$2,575 and accrued interest. Blank bonds also to be furnished by the firm at an expense not exceeding \$125. This is a premium of 4.91%. The following firms also bid on the issue:

Denison, Prior & Co., Cleveland. First National Bank, Chicago. N. W. Harris & Co., Chicago. Lamprecht Bros. Co., Cleveland.

Trowbridge & Niver Co., Chicago.
Devitt, Tremble & Co., Chicago.
Mason, Lewis & Co., Chicago.
Rudolph Kleybolte & Co., Cincinnati.

The securities are optional after 10 years and principal and interest are payable at the office of the City Treasurer

Boone (Iowa) Independent School District .- Bond Offering.—Proposals will be received until 12 M., August 13, by this district for \$40,000 4% refunding bonds. Securities are issued pursuant to Section 2812, Code of 1897; they will bear date of Aug. 1, 1900, and will be delivered about 30 days after sale; interest will be payable semi-annually at the office of the City Treasurer in current funds. Principal will mature in ten years, subject to call after five years. These bonds were offered for sale on June 23 as 31/2 per cents, but all bids then received were rejected.

Bradford, Ohio.—Bonds Defeated.—At the special election held recently the proposition to issue \$20,000 electric-light and fire-department bonds was voted down, 130 to 106.

Brown's Valley, Traverse County, Minn.—Bond Offering.
—Proposals will be received until 7 P. M., Aug. 31, by E. R.
Marshall, Village Recorder, for \$8,700 5% water and light bends. Securities were voted at the election held June 18. 1900. Eight bonds are in denomination of \$1,000 and one of \$700, and are dated Aug. 15, 1900. Interest will be payable February 15 and August 15 and the principal will mature in twenty years. These securities were previously offered on July 21 and on August 4.

Buffalo (Texas) School District.—Bonds Registered.—On August 2 the State Comptroller registered an issue of \$2,400

bonds of this district.

Butler County, Mo.-Bonds Registered .- On August 2 the State Auditor registered \$3,408 6% 2 20-year drainage bonds.

Canton (S. Dak.) School District.—Bonds Voted.—At an election held July 31 this district voted to issue \$5,000 bonds for a new school house.

Carnegie, Pa.-Bond Election.-At the general election in November the question of issuing from \$40,000 to \$50,000 additional improvement bonds will be submitted to the

Cass County, Ind.—Bond Sale.—The \$195,840 of 41/2% township gravel-road bonds were awarded on August 6 to Farson, Leach & Co., New York, at 102 071. A full description of the securities will be found in the CHRONICLE of August

Centralia (III.) School District.—Bond Sale.—The \$6,000 4% 5 15-year (optional) bonds which were voted recently were sold July 27 to the Merchants' State Bank of Centralia.

Chelsea, Mass.—Bonds Proposed.—The City Council has

under consideration the issuance of \$200,000 bonds for a new

high school and a new fire station.

Cleveland, Ohio.—Bond Offering.—At a meeting of the Park Board on August 1 Secretary Hoffman was instructed to notify bond dealers that the \$500,000 of park bonds which were offered for sale on July 12 but not sold would be offered at private sale. Doubt is expressed, however, whether

the Mayor can be induced to sign the bonds.

Columbia, Mo.—Bond Sale.—On August 7 the following bids were received for the \$18,500 4% 5-15-year sewer bonds:

Mississippi Valley Trust Co., St. Louis, \$18,587 50; W. J. Hayes & Sons, Cleveland, \$18,529 00; E. T. Rollins, Columbia, for \$2,000, 100½; for \$2,000, 100¾; for \$2,000, 101; P. Schweitzer, Columbia, for \$1,000, 100½ and interest. As the Council thought \$17,000 would be sufficient for the sewer purposes it was decided to award that amount to the Missis purposes, it was decided to award that amount to the Missis sippi Valley Trust Co. at a premium of \$80 20, subject to approval of the company's attorney. A full description of the bonds will be found in Chronicle of August 41900, p.

Columbus, Ohio.-Bond Sale.-The \$8,000 4% 10-year Chestnut Street improvement bonds recently authorized will be taken by the trustees of the sinking fund. A description of the bonds will be found in the CHRONICLE of

Columbus Grove, Ohio.—Bond Offering.—Proposals will be received until 12 M., September 3, by Chas. Killen, Village Clerk, for \$15,988 01 4% High Street improvement bonds. ties are issued pursuant to sections 2703 to 2707, inclusive, and 2709, Revised Statutes of Ohio, and resolutions and ordinances passed by the Village Council on and prior to July 16, 1900. They are in denomination of \$800, dated Sept. 1, 1900. Interes, will be payable semi-annually at the office of the Village Treasurer. Principal will mature as follows: \$788 01 Sept. 1, 1905, and \$800 semi-annually from Sept. 1, 1905, to and including March 1, 1915. Bidders will be required to use the form of bid furnished by the Village Clerk and to furnish blank bonds. No bid will be considered that is not accompanied by a certified check on one of the banks of Columbus Grove for 5% of the amount bid.

Cumberland, R. I.-Loan Authorized.-The Town Council

has authorized a loan of \$5,000.

Dallas, Texas.—Bond Offering.—Proposals will be received until 12 M., September 10, for \$100,000 water supply, \$35,000 street-improvement and \$15,000 crematory 4% 40-year bonds. Principal and interest (semi-annually) will be payable in gold at the Seaboard National Bank, New York. Denomination \$1,000. The securities have been approved by the Attorney-General of the State.

Danville (III.) School District.—Bond Election.—An election will be held to-day (August 11) in this district to vote on the proposition to issue \$15,000 refunding school

Delavan, III.—Bonds Defeated.—At a special election on July 31 the question of issuing \$12,000 water-works bonds

was lost by a majority of 18.

Dickens County, Texas.—Bonds Approved.—On July 31 the Attorney-General approved \$13,500 of bridge bonds.

Du Bois, Pa.—Bond Sale.—Refunding bonds to the amount

of \$51,000 were awarded recently, it is reported, to Lamprecht Bros. Co., Cleveland, at 101.66. Securities are 4% 10 to 30 year optional bonds.

El Paso County, Texas.—Bonds Approved.—The Attorney-General has approved an issue of \$14,500 refunding bonds.

Bonds Registered — The State Comptroller has registered an issue of \$49,000 of refunding bonds.

Elyria, Ohio.—Bond Sale Postponed.—The sale of \$300,000 water bonds which we announced last week was to take place on August 28 we are advised has been postponed to September 11, on account of errors in the notice of sale, making it necessary to re-advertise the bonds.

Esplen, Pa.—Bond Sale.—On August 2 \$16,000 4% funding and improvement bonds were awarded to the Real Estate Savings Bank of Pittsburg at 106 10. Securities are dated Aug. 1, 1900, and the interest is payable semi-annually at the office of the Borough Treasurer. The securities are of the denomination of \$500 and mature as follows: Nos. 1 to 15, inclusive, on Aug. 1, 1930; Nos. 16 to 29, inclusive, Aug. 1, 1930, and Nos. 30 to 32, inclusive, on Aug. 1, 1910.

Fairview School District, Sanpete County, Utah.—Bond Sale.—On August 1 \$5,400 6% 5 15 year (optional) bonds were offered for sale. W. J. Hayes & Sons, Cleveland, were the lowest bidders, nearly equal to par for 5% bonds. Other bidders were Wells, Fargo & Co., Salt Lake City; C. H. Coffin, Chicago; Duke M. Farson, Chicago, and Trowbridge & Niver Co., Chicago.

Ferry County (P. O. Republic) Wash.—Road Officials

Ferry County (P. O. Republic), Wash.—Bond Offering.-Proposals were asked until 10 A.M. to-day (August 11), by the County Commissioners, for \$60,000 10 year county funding bonds. Securities are in denomination of \$1,000; interest will be payable semi-annually. Principal will be payable at the fiscal agency of the State of Washington in the city of New York. This issue is for the purpose of retiring and canceling the outstanding warrants of the county, together with the interest thereon, to date of said issue. S. I. Spiggle is County

Findlay, Ohio.—Bond Offering.—Proposals will be received until 12 M., August 27, by Charles E. Watson, Mayor, for \$5,000 4% Washington Avenue improvement bonds. Securities are in denomination of \$250, dated Sept. 1, 1900; interest will be payable semi-annually at the Fourth National Bank, New York City. Principal will mature one bond each six month, April 1 and October 1, until all is paid. Bonds are issued pursuant to Section 2705, Revised Statutes of Ohio, and to a city ordinance passed July 16, 1900. Proposals must be accompanied by a sum of money or a certified check on a bank doing a regular banking business in the city of Findlay equal to 3% of the amount bid for. interest must be paid by the purchaser of the bonds.

Findlay (Ohio) School District.—Bond Offering.—Proposals will be received until 12 M., August 17, by W. W. Shuler, President Board of Education, for \$25,000 3 1/28 highschool bonds. Securities are in denomination of \$1,000 and will be dated the day of sale; interest will be payable March 1 and September 1 at the office of the City Treasurer. Principal will mature yearly on March 1 as follows: \$2,000 in 1915 and 1916, and \$3,000 from 1917 to 1923, inclusive. Proposals must be accompanied by a sum of money or a certified check on a bank doing a regular banking business in the city of Findlay equal to 3% of the amount bid for, and the purchaser will be required to pay accrued interest. Bonds were authorized at an election held Dec. 19, 1899, and are issued pursuant to the general laws of Ohio and to resolutions passed by the Board of Education Jan. 23, 1900.

Fond Du Lac, Wis.—Bonds Authorized.—School bonds to the amount of \$30,000 have been authorized and will probably be offered for sale in September. The securities will

be  $3\frac{1}{2}$ % 20-year bonds.

Fostoria, Ohlo.—Bond Offering.—Proposals will be re-rived until 1 P. M., August 31, at the City Clerk's office, for 1, at the City \$8,8674% 21-year refunding bonds. Seven of the bonds will be for \$1,000, two for \$500 and one for \$867. Interest will be payable semi-annually on March 1 and September 1, and the bonds will mature Sept. 1, 1921. Principal and interest payable at the Chase National Bank, New York. A certified check for \$500 must accompany each bid. Securities are issued under Title 12, Chapter 2, Section 2701, Revised Statutes of Ohio, and in pursuance of a city ordinance passed July 31. Bids should be addressed to J. M. Schatzel, City Clerk.

Securities will be dated August 25, 1900, and will be payable \$2,000 each six months from March 1, 1905, to March 1, 1908, and \$1,000 on Sept. 1, 1908. Denomination, \$1,000. Principal and semi-annual interest will be payable at the Chase National Bank, New York. Issued under section of Chicago and 2002. Provided Statutes of Chicago and an tions 3991, 3992 and 3993, Revised Statutes of Ohio, and an ordinance of the Board of Education adopted July 18. Bids must be addressed to A. J. Stackhouse, Clerk of the Board of Education, and must be accompanied by a certified check for

Franklin, Venaugo County, Pa.—Bonds Defeated.—At a special election held July 24 this town voted against the proposition to issue \$60,000 bonds for a high-school building.

Gloucester, Mass.—Bond Offering.—Proposals will be received until 12 M., August 13, by the Committee on Finance, at the office of the City Treasurer, for \$5,000 3½% 10-year highway-improvement bonds. Interest will be payable semi-annually. All bids must include accrued interest on the bonds.

Greenwood, Miss.—Bond Sale.—On August 7 the \$15,000 5% 5-20-year (optional) school bonds were awarded to the Bank of Greenwood at par. The securities were originally offered for sale on June 5, but were not awarded at that time. Further description of the bonds may be found in the CHRONICLE of May 19, p. 1009, and July 28, p. 199.

Haverhill, Mass.—Bonds Authorized.—At a meeting of the City Council on August 2 an order was passed authorizing

a bond issue of \$5,000 for sewer improvements.

Homer, Mich.—Bond Election.—On August 13 a special election will be held to vote on the question of issuing \$10,-

000 of water-works bonds.

Howard County, Ind.—Bond Sale.—On August 8 \$20,000 41/2% Harrison Township gravel-road bonds were awarded to Farson, Leach & Co. at 101.50. The securities are of the denomination of \$500, payable one bond every six months, beginning May 15, 1901.

Indianapolis, Ind.—Bonds Re-awarded.—The \$100,000 31/2% funding school bonds have been taken by the Western German Bank of Cincinnati at 104.50. These bonds were sold in January to R. Kleybolte & Co., but became the subject of litigation. They were recently declared valid and re-sold as stated above. Further information may be found in the Chronicle of July 7, p. 45, and Feb. 3, pages 242 and 243 and 243.

Temporary Loan.—The temporary loan of \$37,000 authorized July 30 was negotiated on August 1 with the Capital National Bank of Indianapolis at 3½% interest. The Merchants' National Bank bid 35% and the Fletcher National Bank and the State Life Insurance Co. each bid 4%.

Inverness, N. S.—Bond Offering.—Proposals will be rebeived until September 1 by R. G. McLellan, Municipal Clerk, for \$60,000 railway-damage debentures and \$7,000 refunding debentures. Interest at 4% will be payable semi-annually at the Treasurer's office at Port Hood, Inverness. Denomination of the bonds will be \$500 or \$1,000, at the option of the purchaser, and the principal will mature in 20

Jackson, Tenn.—No Bonds to be Sold.—The report in one of the papers last week of a sale of \$25,000 sewer bonds on July 23 is, we are advised, incorrect. The last issue of bonds by this city was about a year ago, when \$25,000 4% 15-20-year water bonds were sold to J. H. Green of Jackson at 1031/2.

Jackson County, Texas.—Bonds Approved.—On August 4 the State Attorney-General's department approved an issue of \$5,000 court house and \$10,000 refunding court-house bonds

of this county

Jasper, Ind.—Bond Sale.—On August 6 the \$5,000 41/2% water bonds were awarded to the Dubois County State Bank, Jasper, at 100.25 and accrued interest. W. J. Hayes & Sons bld par, the town to allow \$75 for blank bonds and other expenses. Frank X. Kunkell of Jasper offered a premium of \$5 for \$1,000 of the issue.

Joplin, Mo.—Bonds Registered.—On August 1 the State Auditor registered \$10,000 4% 20-year building bonds. Securities are in denomination of \$1,000.

King County (Wash.) School District No. 3.—Bond Sale.
—On August 1 \$12,000 coupon school bonds were awarded to Wm. D. Perkins & Co. of Seattle at 102. The following bids were received:

5%	5%%	0%
Bonde.	Bonds.	Bonds.
Mason, Lewis & Co., Chicago (and Interest) \$12,305	*****	
Wm. D. Perkins & Co., Seattle 12,240	****	
R. V. Montague & Cc., Kansas City 12,125		*****
Morrison & Esheiman, Seattle 12,101	*****	
Spokane & Eastman Trust Co., Spokane 12,000	0.10.00	
Duke M. Farson, Chicago	\$12,087	010 705
John W. Goodwin, Seattle	******	\$12,125
R. Kleybolte & Co., Cincinnati		12 125

John Schram, Seattle, also bid for \$4,000 5% bonds. In explanation of the award, it should be said that after considering cost of transportation, exchange, &c., the bid of the Seattle firm, although apparently lower, was considered better than that of Mason, Lewis & Co.

Kirkwood, Mo.—Bond Offering.—Proposals will be received until 8 P. M., September 1, by J. G. Hawken, City Clerk, for \$17,000 4% 10.20-year (optional) electric light bonds. Securities will be dated Sept. 1, 1900, and the interest will be payable semi-annually either at the Bank of Kirkwood or at a bank in St. Louis (to be designated by the City Treasurer), at the option of the purchaser. The cost of the bonds is to be borne by the purchaser. The present bonded debt is \$15,000; assessed valuation, \$1,338,000; tax rate, \$5 50 per \$1,000.

The official notice of this bond offering will be found among the advertisements elsewhere in this Department.

Laurel, Md.—Bonds Authorized.—The last Legislature authorized the Mayor and City Council to issue \$35,000

water-works bonds and \$10,000 electric-light bonds. water-works bonds were approved at an election held in April (see Chronicle April 7). Securities will be 4% 40-year gold bonds. The Water Board has about determined upon the general plan to be pursued in constructing the system of water works, and has also decided to purchase the plant of the Laurel Electric Company for the town.

Laurens County, S. C.—Bond Offering.—Proposals will be received on October 1 for \$15,000 4% 15-30-year refunding bonds. These securities are authorized by the Legislature, "Acts of 1900, page 538, No. 303, Section 88." Denomination will be \$1,000 and interest will be payable annually on Janzara 1. uary 1. Although the bonds are optional after 15 years, we are advised that "it is not probable that they will be called before maturity."

Lawrence County, Mo.—Bond Sale.—On August 6 the \$50,000 4% 3-15-year court-house bonds were awarded to the Bank of Aurora (Aurora, Mo.), Pierce City National Bank (Pierce City, Mo.), Mt. Vernon Bank (Mt. Vernon, Mo.) and the Farmers' Bank of Mt. Vernon, on their joint bid of 103, including accrued interest. For full particulars of bonds see Chronicle July 7, p. 48.

Bonds Registered.—On August 2 State Auditor Seibert

registered \$50,000 4% court-house bonds.

Lead, S. Dak.-Bonds Voted .- At the election held August 1 the \$45,000 sewer bonds were authorized by a large majority of the votes cast. Interest will be at the rate of 7% and the principal will mature in 20 years.

Leicester, N. Y.—Bonds Voted.—On July 24 the vote on the question of issuing \$4,500 town-hall bonds was carried, but we are informed by A. S. Eddy, Town Clerk, that the

money will probably be raised without a bond issue.

Lima, Ohio.—Bond Offering.—Proposals will be received until 12 M., August 20, by C. E. Lynch, City Clerk, for \$2,250 31/2% Buckeye and Cherry Alley paving bonds. Securities are dated July 1, 1900. Ten are in denomination of \$200 and ten are in denomination of \$50. Interest will be payable semi-annually at the office of the City Treasurer. Principal will mature \$250 each six months from Jan. 1, 1901, to Jan. 1, 1903, inclusive, and \$200 from July 1, 1903, to July 1, 1905, inclusive. Bonds are issued under authority of sections 2703 to 2707, inclusive, and 2709, Revised Statutes of Ohio. Proposals must be made on blanks prepared by the city and which may be obtained from the City Clerk, and must be accompanied by a certified check on a Lima bank for 5% of the amount of the bonds bid for, made payable to the City

Lowell, Mass.—Bonds Authorized.—A water loan of \$75,-000 was anthorized by the Board of Aldermen on July 31,

and the Mayor signed the ordinance a day or two later.

Lugonia School District, San Bernardino County, Cal.— Bond Offering.—Proposals will be received until 12 M., Aug. 27, by W. A. Boren, County Treasurer, for the \$7,000 5% gold bonds of this district which were authorized at the election held June 30. Securities are in denomination of \$1,000; interest will be payable annually on July 16 at the County Treasurer's office. Principal will mature \$2,000 on July 16

in the years 1908 and 1909 and \$3,000 in 1910.

Luverne, Minn.—Bond Offering.—Proposals will be received until August 25 by the Common Council of the incorporated village of Luverne for the \$10,000 5% sewer bonds which were authorized at the election held July 10. Securities are in denomination of \$1,000; interest payable at the office of the Village Treasurer. Principal will mature 20 years from date of sale. Securities are issued pursuant to sections 1232 to 1238, inclusive, Chapter 10, and Section 1224, Sub-division 11, Chapter 10, General Statutes of the State of Minnesota, 1894. Assessed valuation of the village is \$639,451; real valuation is reported as \$1,888,353; population 1900, estimated, 2,450, and the total debt, including this issue, \$52,500. The official circular states that the village has never defaulted in the payment of principal or interest on bonds, nor has the legality of any issue of the corporate bonds ever been questioned. E. C. Schwartz is Village Re-

McKee's Rocks, Pa.—Bond Sale.—On August 2 the \$15,-000 4½% 30-year school bonds were awarded to Denison, Prior & Co. of Cleveland at a premium of \$825 and accrued interest. Purchaser also provides blank bonds. This is at the rate of 105:50—a basis of 4:17%%. Following is the list of bids received:

Denison, Prior & Co., Cleve.. \$15,825 00 | W. R. Todd & Co., Cincin..... \$15,110 25 Seasongood & Mayer, Cin.... 15,600 00 | R. Kleybelte & Co., Cincin.... 15,110 00 Lamprecht Bros. Co., Cleve.. 15,536 25 |

Madisonville (Texas) School District.—Bonds Registered.
—Bonds of this district to the amount of \$3,900 were registered on August 2 by the State Comptroller.

Manitowoc (Wis.) School District.—Bond Sale.—We are advised that the \$20,000 4% school bonds recently authorized have been sold at private sale at par. Securities are in de-

nomination of \$500 and mature \$2,000 yearly.

Marshfield, Wood County, Wis.—Description of Bonds.—
The \$20,000 city-hall bonds mentioned in the CHRONICLE July 28 will be in denominations of \$500 and \$1,000. Interest will be at the rate of 4%, payable annually on March 1. Principal will mature one bond yearly on March 1, \$500 from 1901 to 1920, inclusive, and \$1,000 from 1921 to 1930, inclusive.

Massachusetts.—Temporary Loan.—The National Shawmut Bank has loaned \$500,000 to the State at 2.98% for 90

days. Minnesota.-Loans from State Funds.-On August 3 the State Board of Investment, which consists of the Governor, the Auditor and the Treasurer, authorized loans to various counties, towns and school districts amounting to \$27.650. The largest single loan, \$15,000, went to the town of Stuntz in St. Louis County, and \$4,000 was allotted to Meeker Coun-

ty; the balance was in small sums from \$200 to \$1,000.

Morgan County, Ind.—Bonds Refused.—The \$28,000 41/2% Adams Township road bonds recently awarded to Campbill, Wild & Co. of Indianapolis have been declined by that firm on the ground of irregularities in publication prior to the sale of the bonds.

Morriston, Ark.—Bond Offering.—Proposals will be received at any time for the \$32,000 5% gold water-works improvement bonds mentioned in the CHRONICLE of July 28. Securities will be in denominations of \$500 and \$1,000, dated July 1, 1900; interest will be payable at the office of Latham, Alexander & Co., New York City. Principal will mature part annually, beginning Jan. 1, 1902. Bonds are issued pursuant to sections 5321-5388, inclusive, of the Statutes of Arkansas, and to a city ordinance passed July 21, 1900. Value of taxable real estate to secure bonds is \$279,710, this being only 60% it is stated of its real value. being only 60%, it is stated, of its real value.

Murphysboro (III.) School District.—Bond Sale.—The \$22,000 5-20 year (optional) school bonds were awarded Aug. 1 to Rudolph Kleybolte & Co., Cincinnati, for \$22,575 for 41/3 bonds. This is at the rate of 102 613/4—a basis of about 3.98% if redeemed at the optional date. If allowed to run to maturity the basis will be about 4.30%. Following are the bids received:

For 11/6% Bonds-	Premium.	For 416% Bonds (Cont.)	Premium.
		Jno. Nuveen & Co., Chicag	
		W. J. Hayes & Sons. Cleve	
		Feder, Holzman & Co., Cin	
Devitt, Tremble & Co	Chicago 445	C. H. Coffin, Chicago	*1,001
Mason, Lewis & Co., C	Unicago 418	N. W. Harris & Co., Chica	
		I N. W. HATTIS & CO., CHICA	20 20

For description of bonds see Chronicle July 21, p. 149. New Bedford, Mass.—Bond Sale.—The \$200,000 31/2% 20year school bonds sold on August 6 were awarded to E. H. Rollins & Sons at 105.3956 and the \$48,000 3½% 30-year water bonds went to R. L. Day & Co. at 107.196—a basis for both issues of 3.13%. The following bids were received:

	For \$200,000	For \$48,000
	School Bonds.	Water Bds.
E. H. Rollins & Sons, Boston	. 105.3956	107.516
R. L. Day & Co., Buston		107.196
Adams & Co., Boston		106.920
Blodget, Merritt & Co., Boston	104.780	106.570

For description of bonds see CHRONICLE Aug. 4, p. 252. Newburgh. N. Y.—Bond Sale.—The only bidder on August 6 for the \$3,600 improvement bonds was the Newburgh Savings Bank, which bid par and \$10 premium The securities were 3½% registered bonds due \$600 yearly from Sept. 1, 1901 to 1910. Interest payable semi-annually.

New Haven, Conn -Bonds Authorized. -At a meeting of the Board of Finance on Aug. 2, an issue of \$15,000 of pave ment bonds was authorized. These bonds were voted by the Common Council last December.

New Haven, Pa.—Bond Sale.—On August 7 \$5,000 bonds were sold to the Yough National Bank of Connellsville at par for 3 % bonds. Other bidders were: Westmoreland Sav. & Trust Co., Greensburg, Pa., par for 4.4% bonds; Lamprecht Bros. Co., Cleveland, \$69 50 premium for 41/2% bonds, and W. J. Hayes & Sons, Cleveland, \$43 premium for 5% bonds. For turther description of bonds see Chronicle Aug.

4, p. 253.

New Rochelle, N. Y.—Bond Sale.—On August 7 the \$34,788
3½% sewer bonds and the \$50.000 3½s were awarded to Walter Stanton & Co. at 103.7328 and 104.30, respectively, and the \$21,389 6% sewer certificates went to W. J. Hayes & Sons at 101.711. Following are the hids received: at 101.711. Following are the bids received:

0 1 1 1 1	\$34,788	\$50,000	\$21.389
	erver 31/69.	3168.	6 Ctfs.
Walter Stanton & Co., New York	36,086 62	\$52,150 52,335	•••••
	35,470 00	51.600	
	35,868 00	******	21,755

In explanation of the award to Walter Stanton & Co., although a lower bid than that of Geo. C. White Jr., it should be said that Mr. White's check was the cause. It seems it was one which he had deposited some weeks previous, when bidding for another issue, and it had not been returned to him, and Mr. White had been informed by the City Clerk that the check would be applicable to this new issue. The other officials, however, thought otherwise.

For full description of bonds see CHRONICLE Aug. 4, p. 252. Newton County, Mo.—Bonds Registered.—On Aug. 7 the Aug. 7 the State Auditor registered \$30,000 4% 15-year building bonds. The securities are dated July 2, 1900, and are payable at the National Bank of Commerce, Kansas City.

Norwood, Ohlo.—Bond Offering.—Proposals will be received until 12 M., Sept. 6, by W. E. Wichgar, Village Clerk, at the office of W. R. Collins, room 505, Johnston Building, Cincinnati, for \$4.898 03 6% 1-10 year (serial) Elsmere Avenue improvement bonds. Securities are dated Aug. 1, 1900. Proposals must be accompanied by a certified check for 5% of the gros amount of the bonds, payable to the Village Clerk.

Noxubee County, Miss.—Bond Sale.—On August 6 \$20,000 5% 20-year bonds were sold to Duke M. Farson of Chicago.

Omaha, Neb.-Bond Sale.-On August 1 the \$50,000 4% 20. year sewer bonds were awarded to Spitzer & Co., Totedo, at 108.02-a basis of about 3.44%. Following are the bids:

For full description of bonds see Chronicle July 28, p. 201. Oshkosh, Wis.—Bonds Authorized.—The Common Coun.

provement bonds. Interest (not exceeding 4%) will be payable annually, and the principal will mature \$5,000 yearly from 1901 to 1904, inclusive.

Otto One hundred thousand dollars

of 31/2 30 year fire-relief debentures were recently awarded to William Mackie of Ottawa at 99. Interest is payable semi annually, and the bonds mature June 16, 1930. This is considered a good price, as the last loan, it is said, brought only 96.

Pelham (N. Y.) Union Free School District No. 1.—Bond Sale.—The \$6,000 4% school improvement bonds were sold on August 7 to Geo. C. White Jr., New York, at 100.70—about a 3.65% basis. Other bidders were Geo. M. Hahn, New York, 100.67, and W. J. Hayes & Sons, Cleveland, 100.65. For full

description of bonds see Chronicle Aug. 4, p. 253.

Peotone School District, Will County, Ill.—Bonds Voted.

—At a special election held July 28 the vote was 110 to 106 in favor of the proposition to issue \$6,800 school-building

Piqua, Ohio.—Bond Sale.—On August 3 the \$175,000 31/28 25-year refunding bonds were sold to the Piqua National and Citizens' National banks of Piqua at a premium of \$300 and accrued interest-about a 3.48% basis. For description of bonds see Chronicle July 14, p. 99.

Polk County, Iowa.—Bonds Not Sold.—The \$400,000 31/2%

court-house bonds offered for sale on August 1 were not awarded, all bids being rejected. Following is a list of the bids received:

For 4% Bonds.

N. W. Harris & Co., Chicago... \$404,100
Farson, Leach & Co., Chicago... 403,553
Mason, Lewis & Co., Chicago... 402,375
Merchants' L. & Tr. Co., Chic... 402,344

For full description of bonds see Chronicle July 7, p. 49. Port Clinton, Ohio.—Bond Offering.—Proposals will be received until 12 M., August 27, by William Cleaver, Village Clerk, for \$2,750 5% (serial) coupon Jackson Street sewer improvement bonds. ı	R Kleyholte & Co., Cincinnati	105:44	105:16

For description of bonds see Chronicle July 28, p. 203. Shenandoah (Iown) Independent School District .- Bond

Sale .- On July 20 this district sold \$10,000 school bonds to Mason, Lewis & Co., Chicago, at par for a 4% bond. Harris & Co., Chicago, offered par for a 4% bond; Geo. M. Bechtel par and \$10 premium at the same rate, and Jno. Nuveen & Co., Chicago, par for a 41/2% bond. Principal will

mature in ten years, subject to call after five years.

Sheraden School District (P. O. Sheridanville), Allegheny County, Pa.—Bond Offering.—Proposals were asked until 8 P. M. yesterday (August 10) by the School Board, Geo. F. Smith, Secretary, for \$10 000 4% (serial) school bonds. Securities are in denomination of \$1,000, dated Aug. 1, 1900, and are free of tax. Interest will be payable semi-annually at the Diamond National Bank, Pittsburg. Principal matures part yearly on August 1 as follows: \$1,000 from 1905 to 1913, inclusive; \$2 000 in 1914, \$1,000 in 1915 and 1916, \$2 000 in 1917, \$1,000 in 1918, \$2.000 in 1919, \$1 000 in 1920, \$2,000 from 1921 to 1928, inclusive; \$3,000 in 1929 and \$2,000 in 1930.

Smith's Falls, Ontario.—Bond Offering.—We are adcil has authorized the issuance of \$20,000 coupon street-mi- vised that proposals will be received at any time for the

\$181,677 58 debentures which were offered for sale on June 30, but which were not disposed of at that time. A full description of these securities will be found on page 1265,

CHRONICLE June 23, 1900.
Stowe Township (Pa.) School District.—Bond Offering.— Proposals will be received by the School Board for \$10,000 4% 5.20 year (optional) school bonds. Securities will be dated September 1, 1900; denomination will be \$500 and the interest will be payable at the Diamond National Bank, Pittsburg. Proposals may be mailed to Thomas McCoy and Edward Milligan, President and Secretary of the board, or to N. W. Shafer, Attorney, 435 Diamond Street, Pittsburg.

Summit, N. J.—Bonds Voted.—The vote on July 31 on the

question of issuing \$130,000 sewer and \$10,000 fire-department bonds was 358 for with 58 against the proposition. We are advised that the securities will probably not be issued

for some time.

Swanton, Vt.—Refunding Bonds Proposed.—Arrangements are being made to refund \$75,000 4½ grailroad aid bonds

at a lower rate of interest. The new bonds will probably be in the denomination of \$1,000, maturing in 20 years.

Toledo (Wash.) School District.—Bonds Voted.—This district has author be the issuance of \$2,000 bonds for an addition that author be the second of the second beautiful to the secon

dition to its school house.

Topeka, Kan.—Bond Sale.—It is stated that the \$31,-982 96 5% paving bonds recently authorized have been disposed of at private sale.

Two Harbors, Minu.—Bond Sale Postponed.—We are advised by M. T. Hannon, Recorder, that the sale of the \$5,500 5% 10-year water and light bonds set for July 30 was deferred, owing to a misunderstanding as to the assessed valuation of the village. "The sale will be held as soon after the returns are made by the State Board of Equalization, which meets early in September, as we can properly advertise."

Urbana (Ohio) School District.—Bond Sale.—On Aug. 6

the \$20,000 5% school house bonds were awarded to the National Bank of Urbana at 113.311/4—a basis of about 3.821/2%.

The following bids were received:

The National Bank, Urbana.\$22,625 00 | Lamprecht Bros. Co., Cleve.,\$21 900 00

R. S. Briggs & Co., Cinctn..... 22,700 00 | Seasongood & Mayer, Cincin. 21,200 00
