POPULAR LOANS AND "ALL OR NONE" BIDS.

An innovation has recently been made by the city of New York in the matter of the disposal of its new bond issues. The result of the first trial of the new scheme, as disclosed at the bond sale on February 18th, is deserving of careful attention and study. The particulars of the sale itself were recorded at the time it occurrred, in the State and City Department of the CHRONICLE, but the inference to be drawn from this experience and its significance and lesson may not have been observed by the great body of our readers or even those more particularly concerned in such transactions. It seems desirable, therefore, to recall briefly the circumstances of that sale, and to note their bearing.

In drawing up the new charter (which went into effect January 1 1902) for the Greater New York, it was deemed proper to incorporate therein a provision intended to bar out a class of bids which in recent years had become a distinguishing and in many instances a controlling feature in the proposals. We refer to the stipulation usually attached by houses putting in bids for the whole of an issue, to the effect that they would accept nothing less than the full amount of the offering-that they did not care for and would not take a proportionate allotment. With this condition present it often happened that the bonds would go to an "all-or-none" bidder, even when there were some proposals at higher prices for parts of the amount. Obviously such could be the outcome only where these higher prices for a portion of the issue combined with the bids next below the "all-

or none" bid worked out a smaller sum for the city than the amount yielded by the "all-or-none" bid; hence in any event the city could not suffer-the "all-or-none" proposal getting the bonds simply because of the fact that it was the best.

Some one, however, induced the framers of the revised charter to believe that the practice of attaching such a stipulation was objectionable. As a consequence the new instrument contains a provision expressly ruling out such stipulations. The clause relating to the matter says that "every bidder may be required to accept a portion of the whole amount thereof bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Having aimed this shaft at the wicked bond houses who had been guilty of the reprehensible acts referred to, a step further followed as a matter of course. There has long been a provision allowing the city to issue bonds in denominations as small as ten dollars. Some guileless individuals evidently thought that if this provision were joined with the prohibition against "allor-none " bids, small investors would tumble over one another (metaphorically speaking) in their effort to gob. ble up the bonds. Accordingly the new charter, like the old, provides that the bonds, when registered, may be issued in denominations of ten dollars or any multiple thereof, and directs that "preference shall, so far as practicable and without pecuniary disadvantage to the city, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."

The first sale under this arrangement, as already noted, occurred on February 18. On that day bids were opened for \$3,000,000 31 per cent gold corporate stock in two issues, one of \$2,500,000 and another of \$500,000. As reported in the CHRONICLE at the time, the offering attracted 116 bids for an aggregate sum of \$25,790,810. At first sight this will look as if the new scheme had proved highly successful. Analysis of the transaction will show, however, that this conclusion is not justified-that on the contrary the result evidences practically no desire whatever on the part of the general public for the bonds. There were only forty five bids of less than \$10,000 each, the aggregate amount applied for on these bids being only \$60,610. In addition there were forty-six bids for \$10,000 each, representing \$460,000. Thus the small amounts comprised 91 proposals calling for no more

than \$520,610 of the bonds. Ninety-one bids and but future to disturb the market. With part of the issue little more than half a million bonds can hardly be regarded as a formidable list of applications in a city with an estimated population of 31 millions and having \$709,659,166 of deposits in its savings banks on January 1 1902, especially on the first occasion when the public was given the opportunity to satisfy its supposed longing for these municipal obligations. Deducting the 91 bids, it is seen that the remaining 25 bids covered no less than \$25,270,200 of the grand aggregate of \$25,790,810 applied for.

A still more conclusive test, however, on this point of the popular demand is furnished when we examine the record of the awards and see who got the bonds on the bids put in. For public avidity for the bonds would be shown not alone in numerous applications, but in bids high enough to obtain the securities. It is hence noteworthy that all but an insignificant amount of the bonds went to the large institutions and the customary subscribers for the bonds. The Union Trust Co. of New York received no less than \$1,997,000 of the entire \$3,000,000 of bonds. H. B. Hollins & Co., for the Mercantile Trust Co. of St. Louis, got \$250,000; Dominick & Dominick, for themselves and others, got \$279,050; the Bank of New York, \$180,000; Wadsworth & Wright, \$150,000; Sternberger, Sinn & Co., \$50,000, and the Greater New York Security Co. got \$80,000. Another lot of \$10,-000 was awarded to a party whose name we do not recognize. This, it will be seen, accounts altogether for \$2,996,050 out of the whole \$3,000,000, leaving actually but \$3,950 as going in the aggregate to small investors. Of this latter sum only \$940 brought over 108, the Union Trust Company's bid on the larger one of the two issues having been 107.71 and the average price realized by the city on both issues [having been 107.508, the latter an interest basis of 3.194 per cent.

It is thus evident that as the result of the new arrangement the city gained no pecuniary advantage whatever. On the contrary, there is 'reason to think it sustained some loss. We have already seen that only \$3,950 of the bonds went to small buyers, and that for but \$940 of this sum did the city receive more than 108, the addition in price (we mean the addition above 108) representing to the municipality just \$17 67. On the other hand it seems fair to assume that had some one large buyer been allowed to put in a bid for the entire amount, the city might have gos at least a fractionally higher price than that actually realized. A small addition to price in this way applied to the whole \$3,000,000 of bonds would have meant, it can readily be seen, a difference of many thousand dollars.

At this point it is well enough to observe that the motives prompting those who put in "all-or-none" bids are not at all dictated by greed or selfish considerations. There is no desire to reap exceptional or inordinate profits. On the contrary large buyers of this kind content themselves as a rule with exceed ingly small profits-a very minute fraction often, the size of the loan making this possible. What the "allor-none" bidder however does aim to secure by insistence on an exclusive award is protection to his customers against a break in the market on that particular issue of bonds. When the entire lot of bonds is at his disposal, he is in position to place the bonds in such a manner as to guard in great measure against such a possibility. He puts the bonds where they are certain to find more or less permanent lodgment, with little likelihood of their coming out in the immediate he is not put to the bother of caring for the bond;

going to outsiders such a precaution is out of the question. In fact a multitude of buyers means a multitude of persons having bonds which they may have to sell, and hence the very thing it is desired to avoid, namely concessions in prices, might happen. The probability is that the decline would be quickly recovered, but investors do not like to see their hold. ings show even temporary depreciation and are very apt to blame the bond house from which they have bought, for any such mishap. Very possibly with the whole issue of bonds in the control of one party, it might occasionally happen that a municipal investor wanting a block of \$25,000 or \$50,000 of the bonds would find himself unable to get the bonds, a fact which sometimes engenders ill-feeling; but the explanation is that given, not a desire to gain a pecuniary advantage through monopolizing the sale.

It often happens, too, that the party asking for the entire issue is not in position to accept less, and hence an "all-or-none" bid becomes imperative. The whole issue may have been spoken for in advance. A savings bank, say, wants \$500,000 in case the bid is successful, an insurance company wants \$300,000, a private investor wants \$350,000, and none of these will take less than the precise amount indicated, as they do not care to split up the investment. The bond house in such a contingency if awarded less than the amount asked for by it, is precluded from cutting down the allotments to its patrons. On the other hand, if it undertakes to favor some to the exclusion of others it is likely to give offense and very probably lose the business patronage of the aggrieved party.

In all this we have said nothing of the extra expense and trouble to the city in attending to small denominations of bonds. As noted above, the charter directs that preference shall be given to applicants for the smallest amounts and smallest denominations of bonds, if this can be done without pecuniary disadvantage to the city. As a result of this proviso, we find two separate awards of \$10 each, one for \$20, two for \$50 each, one for \$60 and a number of others for irregular amounts. The \$20 man bid the highest price of all, namely 112 50, which was roughly 4.9 points more than the average price obtained at 107 60 on the issue of which the bond formed a part. Even at that high figure the extra sum realized on this \$20 bond is no more 98 cents. But it costs just as much to engrave a \$20 or a \$10 bond as it does a thousand-dollar bond, and it takes fifty \$20 bonds and one hundred \$10 bonds to make the thousand dollars. Moreover, the \$10 man must be paid his 171 cents interest twice a year just as the \$1,000 bond holder gets his \$17 50 semi-annually; and it takes 100 of the former entries to equal one of the latter.

When we come down to such details the matter assumes a somewhat farcical aspect. It is also clear that if the city reaps no advantage from such a system, neither does the small investor. In the first place, he must pay (to get the bonds at all) a higher price than the average, and in the second place he nets a return in interest below that which he could get at the savings bank. The latter will pay him 31 per cent where the bond will yield but little over 3 per cent. Farthermore, if he wanted to dispose of the bond he would have to sell it at a great sacrifice on account of its small denomination. Moreover with the money in the bank

besides which the bank will credit the interest regularly each six months without any move on his part, while in the case of the bond he is obliged to take his interest in the shape of a  $17\frac{1}{2}$ -cent check.

Obviously, succeeding bond sales will make the test more convincing. But there is no reason to think that the result will be any different. We should not be a bit surpised to find the proposals increasing in number-more \$10 bids, more \$100 bids, more \$1,000 bids. Some of the bidders will calculate to gain advertising advantage from the publication of their names in the list of bidders; still others will find it a cheap way of posing as bondholders. But all this will signify nothing on the points under discussion. For the reasons already given it is difficult to see how in any event any advantage could result to the city, while there is always a likelihood of a material loss. If New York put out only two or three millions of new bonds every year, the matter would be of comparatively little consequence; but the city is now seeking a market for \$25,000,000 to \$30,000,000 new loans every twelve months.

### MUNICIPAL BOND SALES DURING 1901.

We present on the immediately succeeding page two very elaborate compilations intended to furnish a clear insight into the municipal bond sales for the late calendar year. The tables are arranged so as to show the amount of the sales in each State and group of States, the purpose for which issued—whether to refund existing obligations, or for water, or roads and streets, or sewers, or bridges, or schools, or buildings, or parks, or electric light and gas plants, or for some less common improvements; also, whether put out by the State itself, or by its counties, or by its school districts, or by the various municipalities, namely city, borough, town, etc. Finally, we give the record as to rates of interest.

No such comprehensive analysis of a year's bond sales has ever been attempted in this country, and the undertaking finds its only parallel in the decennial Censuses of the United States Government. We intend to make these analyses each year hereafter. The importance of such a record, extending over a long series of years, is too obvious to need urging. The basis of our results is of course the sales reported by us from week to week in our State and City Department in the CHRONICLE and summarized in a monthly article in the same department. Manifestly we do not claim that these weekly reports embrace absolutely every bond offering that has occurred. With the thousands of minor civil divisions scattered all over this large country, it would be strange if some small sales did not occasionally fail to come to our notice. In the case of the important towns and citles, however, there is little likelihood of anything being missed. Altogether, therefore, our figures must be regarded as substantially complete.

The aggregate of the sales for the twelve months is the same as previously reported, namely \$131,549,300. Of this only \$13,572,800 consisted of State bonds. It has long been known that States are putting out comparatively few bonds, and that with previously existing State debts being gradually paid off, State obligations are becoming very scarce. Additional emphasis is given to the fact when it is seen that of the whole \$13,572,800, \$11,251,800 was furnished by Massachusetts alone. In Massachusetts there is no constitutional limit upon the power of the commonwealth to borrow, and the State seems to assume a number of functions ordinarily performed by municipalities. Of the \$11,251,800 issued by the commonwealth, \$8,500,-000 was for water, \$2,000,000 for sewers, and \$250,-000 for parks, besides \$501,800 for buildings and armories. Only eight other States sold bonds, the total for the whole eight being no more than \$2,321,-000. Rhode Island floated a State House loan for \$700,000; Maryland issued \$200,000 bonds, Minnesota \$250,000, South Dakota \$250,000, Montana \$60,000, Colorado \$31,000, Idaho \$205,000, and Washington \$625,000.

The aggregate of county bonds for the twelve months is hardly larger than that for the States, reaching \$16,379,397. In this case, however, the amounts are pretty well distributed, 39 out of the 49 States and Territories having contributed to the total. In no State does the amount of county bonds foot up two million dollars (though Ohio comes very close with \$1,942,714) and in only four States, including Ohio, does the amount reach or exceed even a million dollars. Massachusetts shows no county bonds what ver issued during the year, New York only \$665,215, New Jersey \$616,000 and Pennsylvania \$995,500.

We have also segregated the school districts and find that \$7,672,002 of school district bonds figure among the sales for the year, of which, however, \$722,800 went to refund existing obligations, leaving the net output \$6,949,202. Obviously this does not constitute all the bonds issued for school purposes. It comprises only the bond issues by the School Districts as separate political divisions. In addition municipalities emitted \$6,298,466 of bonds for schools and the States directly also issued \$156,000. Altogether \$13,403,668 of the bond disposals of the twelve months were for educational needs.

Of distinctively municipal bonds (cities, towns, &c.,) \$93,925,101 were placed. New York State alone contributed \$36,062,871 (New York City furnishing \$29,143,125); Pennsylvania, \$11,822,980 (Philadelphia's share being \$9,000,000); Ohio, \$7,586,736 (Cincinnati's portion being \$1,570,000 and Cleveland's \$1,277,000); Massachusetts, \$4,191,950 (Boston having put out no bonds), and New Jersey, \$3,938.750. Thus these five States are to be credited with \$63,-603,337 of the \$93,925,101 of municipal bonds put out.

Of the grand aggregate of \$131,549,300 bonds issued by all the various civil divisions, \$16,731,457 went to refund existing indebtedness, deducting which we have a net addition of \$114,817,543. This latter sum is made up of \$32,101,416 bonds for water, \$15,270,808 for street and roads, \$7,886,827 for sewers, \$5,213,895 for bridges, \$13,403,668 for schools, \$9,-485,287 for buildings, \$5,621,795 for parks, \$1,095,-545 for electric light and gas plants and \$24,738,602 for miscellaneous municipal purposes. In explanation of the size of this last item it should be said that \$12,998,649 of the amount is found in New York State and that \$11,000,000 of Rapid Transit bonds and \$650,000 of dock bonds issued by New York City account for the bulk of it.

It testifies to the excellent credit enjoyed by the municipalities of the United States that out of the whole \$131,549,300 of bonds marketed, only \$9,301,985 bore as high as 5 per cent interest and but \$2,758,797 higher than 5 per cent. No less than \$68,948,448 were put out at 3½ per cent, while \$11,079,870 carried but 3 per cent, making \$80,028,318 bearing 3½ per cent or less; \$27,576,476 more bonds were at 4 per follow.

# UNITED STATES,

# United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, FIRST, the details as they stood at the close of the last fiscal year ending June 30, 1901; SECOND, the changes in those details since June 30, 1901, down to April 1, 1902; THIRD, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1, 1876; FOURTH, we publish in the CHRONICLE every month-usually the first or second Saturday-the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

The foregoing shows that the Government debt on June 30, 1901, was made up of (1) interest-bearing debt, \$987,141,040, of The foregoing shows that the Government debt on June 30, 1901, was made up of (1) interest-bearing debt, \$987,141,040, of (2) debt on which interest has ceased, \$1,415,620 26, of (3) debt bearing no interest, \$383,015,584 63, making total gross debt, \$1,371,572,244 89; subtracting from the total the net cash balance in the Treasury (\$326,833,124 92) at the same date (June 30, 1901), we have the net debt as it stood at the close of the last fiscal year, \$1.044,739,119 97. To bring down the *interest-bearing* debt to April 1, 1902—which, as stated, was \$987,141,040 on June 30, 1901—we must deduct the following: From the Loan of 1908-1918 \$2,105,360, from the Funded Loan of 1907, \$24,199,000, from the Refunding Certificates, \$1,130, from the Loan of 1925, \$27,321,200, and from the Loan of 1904, \$2,443,750 (a deduction of \$56,070,340), to reach the total of the interest-bearing debt April 1, 1902, which was \$931,070,700. For later and future details of the debt, see the same as issued every month in the CHRONICLE, the first or a later Saturday. We now add, first, references to and citations from the laws which are the authority for the debt as it stands to-day, including the new 2 per cent loan authorized March 14, 1900; second, the two tables on the next page, which exhibit all the particu-

the new 2 per cent loan authorized March 14, 1900; second, the two tables on the next page, which exhibit all the particu-lars of the total debt of the United States on June 30 of each year from 1876 to 1901, and on April 1, 1902; third, the Pacific Railroad bonds, which are never included in the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4<sup>1</sup>2 per cents, continued at 2 per cent. The bonds of this issue were issued in exchange for the 4<sup>1</sup>2 per cent funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at the pleasure of the Government. Amount issued \$25,364,500, but May 18 all were called for redemption on August 18, when interest ceased.

Bonds (2 per cent payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," etc. (for copy of Act see CHRONICLE, March 3, 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5 per cent payable Feb. 1, 1904; (2) bonds bearing interest at 4 per cent payable July 1, 1907, and (3) bonds bearing interest at 3 per cent payable August 1, 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in CHRONICLE, March 17, 1900, page 509. Of these 2 per cents there were outstanding April 1, 1902, according to debt statement, \$445,940,750.

page 509. Of these 2 per cents there were obtaining April 1, 1902, according to debt statement, \$443,940,750. "LOAN OF 1908-1918."—(Column 7.) The bonds included under this head are an issue of \$200,000,000 3 per cents. They were authorized by Act of June 13, 1898, and are known as the "War loan." The law provided that in allotting said bonds the individual subscrip-tions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in CHRONICLE of June 18, 1898, page 1168,) inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and regis-tered form, coupons in denominations of \$20, \$100, \$500 and \$1,000, and registered in denominations of same amounts, and also in \$5,000 and \$10,000, dated August 1, 1898, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable August 1, 1918. See circular for further details. Subscriptions reached]the amount of \$1,325,000,000. The amount now outstanding (April 1, 1902) is \$97,516,160. " EUNDED LOAN OF 1907" (Column 2) 4 per cents. The act of July 14, 1870 authorized the issue of 1,000 million dollars of bonds at 4.

"FUNDED LOAN OF 1907" (Column 2) 4 per cents. The act of July 14, 1870, authorized the issue of 1,000 million dollars of bonds at 4 per cent, payable in coin of the present standard value, at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds to be applied to the redemption of outstanding 5-20s, par for par. Outstanding (April 1, 1902), \$233,177,050.

<sup>42</sup> REFUNDING CERTIFICATES" (Column 3).—Act of February 26, 1879, authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4 per cent, and convertible at any time, with accrued interest, into the 4 per cent bonds described in the Refunding act; the money so received to be applied only to the payment of the bonds bearing interest at a rate not less than 5 per cent. On March 12, 1879, the issue of these certificates and their exchange into 4 per cent bonds were authorized; the certificates were to draw 4 per cent interest from April 1, 1879, and were convertiole in sums of \$50 or its multiples. The amount issued at the close of the fiscal year (June 30, 1879), was \$39,308,110, but they had been converted so rapidly that there were outstanding at that date only \$12,848,210. On October 31, 1879, the entire authorization had been reached, the maximum amount of the issue being \$40,012,750. Of these there were still outstanding on April 1, 1902, a total of \$32,900. maximum amount of the issue being \$40,012,750. Of these there were still outstanding on April 1, 1902, a total of \$32,190. "LOAN OF 1925."-(Column 5.) Sales of bonds included under this designation were effected (1) in February, 1895, to the amount of \$62,315,400 and (2) in February 1896, to the amount of \$100,000,000. In a message to Congress under date of February 8, 1895 (published in the CHRONICLE February 9, 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statues the details of an arrangement have this day been concluded whereby bonds authorized under the act of July 14, 1875, payable in coin at the pleasure of the United States after the first day of Feb., 1925, with interest at the rate of 4 per cent per annum, to the amount of \$62,315,400, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of \$65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than \$100, 000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3% p. e. per annum. At least one-half of thegold to be obtained is to be supplied from abroad. Section 3700 of the Revised Statutes is as follows: "Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest." For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see CHRONICLE, February 18, 1893, page 265. The issue in February, 1896, was an ordinary offering, open to all bidders, of \$100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which

"LOAN OF 1904."-(Column 4.) The act of January 14, 1875, authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the act of July 14, 1870, for the purpose of redeeming on and after January 1, 1879, in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less an fifty dollars. Under this authorization, and for the purpose mentioned, there were issued in Feb., 1894, payable in 10 years, \$50,000,000 of 000 of 5 per cents and in Nov., 1894, there were issued \$50,000,000 more for similar bonds for same purpose. Now outstanding \$19,410,350.

# STATE AND CITY SUPPLEMENT.

In April, 1895, we gave a table showing the debt of the United States on the first day of July, 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1876, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of October 1, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds. Note 2.—The figures for July 1, 1879, were made up assuming pending funding operations to have been completed. \* Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of \$150,000,000 as a separate item, and not included it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt-we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific Railroads, giving likewise in the statement the debt already paid and the balance due to the Government.

or \$2,037,176 94 less than the company's indebtedness. NOTE.—The Government has been reimbursed for \$27,236,512 principal and \$31,211,711 75 interest, being the total indebtedness of the Union Pacific Bailroad Company to Nov. 1, 1897, and for the principal of the Kansas Pacific indebtedness, amounting to \$6,303,000- Subse-quently under the final decree for the distribution of the assets of the Union Pacific Bailroad, made by Judge Sanborn at St. Paul, October 24, 1899, the United States received an additional \$821,898 on its claim. Under settlement agreement of Feb. 1, 1899, twenty notes of the Central Pacific Bailroad Company were deliv-red to the Treasurer of the United States, aggregating \$58,812,715 60, which amount represented the unpaid balance of the total indebtedness of the Central Pacific and Western Pacific Bailroad companies to the United States on February 1, 1899. On March 10, 1899, in pursuance of agreement, the first four of said notes, aggregating \$11,762,543 12 (with accrued interest amount-ing to \$35,771 02) were transferred in consideration of a full cash payment into the Treasury of the principal and interest thereon; another note which, with interest, amounted to \$2,946,194 79 was paid in February, 1900. Payments in 1901 aggregated \$,4885,304 29, as follows: \$2,956,317 95 in February, \$1,496,090 41 in March and \$432,895 93 in July; and in 1902 have been \$222,552 49; leaving the balance unpaid March 31, 1902, \$39,147,010 07, and accrued interest, less transportation earnings.

DEBT LIMITATIONS.-Constitutional and statutory limitations restricting municipal indebtedness have become quite a feature since the crisis of 1873. In the States where these limitations are provisions of the Constitution of course debts contracted in excess of such limitation are absolutely void. In Maine the amendment to the Constitution took effect January 2, 1878, and is in the following form and words: "Article XXII. Limitation of Municipal Indebtedness. No city or town "shall create any debt or liability which, singly or in the aggregate, "with previous debts or liabilities, shall exceed five per centum of the "last regular valuation of said city or town; provided, however, that "the adoption of this article shall not be construed as applying to any "fund received in trust by the said city or town, nor to any loan for the "purpose of renewing existing loans, or for war, or to temporary loans "to be paid out of money raised by taxation during the year in which "they are made."

SAVINGS BANKS' INVESTMENTS-POWERS AND RESTRIC-TIONS.-The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Public Laws 1895, Chapter 161, Public Laws 1893, Chapter 170, and Revised Statutes, Chapter 47, Sections 102 and 103.

All the provisions referred to above have been compiled by the Bank Examiner, and we give his compilation below in full. Maine Savings banks and institutions for savings are restricted to and hereafter may invest their deposits in manner following, to wit:

Public Funds.—Aggregate of Investments Unlimited.— Public funds of the United States. Public funds of the District of Columbia. Public funds of any of the New England States. Bonds of the cities, counties and towns of any of the New England States

HISTORY OF DEBT. - New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at \$4,169,818, con tracted exclusively for war purposes. June 1, 1869, the total outstanding was \$3,213,962 22, against which the Treasurer reported an asset of \$77,082 89. The situation of the State debt now is as below:

CONSTITUTIONAL CONVENTION.—At the November (1900) election, it was voted to hold a convention to revise the State Consti-tution. The convention for this purpose will convene in the fall of 1902.

CONSTITUTIONAL CONVENTION, -At the November (1900) election. The convention for this purpose will convene in the fail of 1902. DEBT LIMITATION, -There is no restriction in the Constitution of New Hampshire upon the debt-making power of the people through the "General Court," except the following, which is the last clause of Article 5 of Part Second of that instrument. *Provided*, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds. The above is an amendment to the Constitution, which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and indus-trial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "diffes," the words being "any dow." In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts: Sec. 1. The term "municipal corporation "means town, eity, school dis-trict, village district and village precinct. Sec. 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6 per cent, may be payable in gold coin. If made payable in less than 20 years, may be extended but never beyond 20 years from time of issue. Sec. 3. Bonds (except of citles) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. Sec. 4. City bonds must be authorized by resolu-tion of City Council passed by at least two-thirds of members elected to governing Board. Sec. 4. City bonds must be authorized by resolu-tion of thy council passed by at least t

The tax rate for 1902 is \$1.75 per \$1,000, which includes State school and State highway taxes of 50 cents each per \$1,000, collected and re-distributed to towns on a basis of the number of schools and road mileage.

DEBT LIMITATIONS .- There appears to be nothing in the Constitution or in the Statutes of Vermont providing a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. Railroad subscriptions by towns are authorized by Section 2760, chapter 132 of the Revised Statutes, the section being as follows:

SECTION 2760. A town may aid in the construction of a railroad or-ganized under the general law by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs, but the liability so assumed shall not exceed eight times the grand list of the town at the time. Such aid shall be given in the way provided in this chapter. in this chapter.

It will be noticed that this section contains a limit to the power granted of making subscriptions in aid of railroads-to wit: That the subscriptions shall not exceed eight times "the grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done "the grand list" is made up by taking one per cent of that amount, according to Section 317, Chapter 25, of the Revised Statutes, which is as follows: "All taxable property shall be set in the list at one "per cent of its value in money on the first day of April of the year "in which the list is made."

Following Section 2760, above cited, which authorizes subscriptions in aid of railroads, are other sections describing the method in which these subscriptions must be made, by calling a town meeting, voting, &c., &c. Then follows Section 2766, authorizing the issue of bonds.

SECTION 2766. Such town may issue bonds, with coupons payable semi-annually, at a rate of interest not exceeding seven per cent, to aid such road.

The only other general authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes. The Sections which grant this power are Sections 2769, 2775 and 2776, Chapter 132 of the Revised Statutes, Sections 2769 and 2776 are as follows:

SECTION 2769. A town which has outstanding and unpaid negotiable

SECTION 2769. A town which has outstanding and unpaid negotiable notes or bonds, issued to pay for stock subscribed to a railroad com-pany, under any act of the general assembly, may issue other nego-tiable notes or bonds to pay or retire such outstanding notes or bonds. SECTION 2,775. A town having outstanding and unpaid orders, notes, bonds or coupons, issued under any act of the Legislature, for the pur-pose of the erection of public buildings, or in aid of public improve-ments, or for the payment of soldiers' bounties, may issue other negotiable notes or bonds for the purpose of retiring the outstanding orders, notes, bonds and coupons, in the same manner that it may issue new notes or bonds to pay or retire outstanding notes or bonds issued in aid of a railroad; and the powers, restrictions, duties and liabilities of the town and town officers in the matter shall be the same as is provided by law in the case of the refunding by a town of town bonds issued in aid of a railroad; and the interest on such new notes or bonds shall be provided for in the same manner. By Section 2776 municipal corporations other than towns have the

By Section 2776 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns by the two sections last above cited.

The only other section which we need quote is Section 2751 of Chapter 130, which names the objects for which towns may vote money. If money is appropriated for any other object, the Charter or a special statute must be looked to for the authority.

SECTION 2751.—Towns in town meetings may vote such sums of money as they judge necessary for the support of the poor; for laying out and repairing highways; for the prosecution and defense of the common rights and interests of the inhabitants, and for other necessary incidental town expenses incidental town expenses.

SAVINGS BANKS INVESTMENTS-PRIVILEGES AND RE-STRICTIONS.-The provisions of law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066-to 4131 inclusive, as amended from time to time. The first section having reference to investments is Section 4096, which treats of real estate mortgages. It authorizes the investment of 70 p.c. of the assets in such mortgages, one-sixth at least of which "shall be upon real estate in this State"-that is Vermont. A proviso adds that only 50 per cent of the assets may be invested in mortgages on real estate outside of Vermont. Sections 4097 and 4098 relate only to obtaining and paying for insurance. Section 4099 is as follows, and has reference to investment on personal security.

SECTION 4099—No loans or investments on personal security shall be made except upon at least two approved names, not less than two of whom reside in this State or within fifty miles of the institution making such investment, and such personal loans or investments shall not be for a longer time than one year; and not more than one-third of the assets of a savings bank, savings institution or trust company shall be invested in personal securities.

4

Section 4100 only covers a single point; that is to say it restricts to five per cent of the deposits the amount which a savings bank may invest in the lot and building for the transaction of its business, and adds that a revenue may be derived from portions of the building not required for the bank's use. The next section (Section 4101) covers the most important of the provisions relating to investments that are contained in the law. We give the section in full below. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own.

SECTION 4101—With the foregoing exceptions, the moneys deposited in Savings Banks, Savings Institutions and Trust Companies, and the income therefrom, shall be invested only as follows: (1.) In the public funds of the United States, or public funds for the payment of principal and interest of which the faith of the United States is pledged.

payment of principal and interest of which the faith of the United States is pledged; (2.) In the bonds or notes of the counties, cities, towns, villages and school districts of the New England States, New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa; (3.) In the stock of any national bank in the New England States, New York and the cities of Detroit, Chicago, St. Paul and Minneapolis; in the stock of any banking association or trust company incorporated under the authority of and located in this State; (4.) in the stock of any banking association or trust company incorporated under the authority of and located in this State;
(4.) In the municipal bonds, not issued in aid of railroads, of counties, cities and towns of five thousand or more inhabitants in the States of New Jersey, Wisconsin, Minnesota and Missouri, and in counties, cities and towns of the thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota. South Dakota, Oregon and Washington, but no investment shall be made in any of the counties, cities or towns in the States above named, except in cities of fifty thousand or more inhabitants, where the municipal indebtedness of such county, city or town exceeds five per cent of its assessed valuation, and when not issued in aid of railroads;
(5.) In the school bonds and independent school district bonds of New Jersey, Wisconsin, Minnesota and Missouri; and in the school bonds and independent school districts of two thousand or more inhabitants in the States of Kansas, North Dakota, South Dakota, Oregon and Washington, where the amount of such bonds issued does not exceed five per cent of the assessed valuation of the respective cities, towns and school districts.
(6.) In the public funds of any of the States named in this section; in notes with a pledge of any of the aforesaid securities, including deposit books or deposit receipts, issued by a savings bank, savings institution or trust company or banking association located in this State, as collateral, such notes not to exceed the par or market value of such security;
(7.) But no savings bank, savings institution or trust company shall

State, as collateral, such notes not to exceed the par or market value of such security; (7.) But no savings bank, savings institution or trust company shall hold, by way of investment or as security for loans, more than ten per cent of the capital stock of any one bank, nor invest more than ten per cent of its deposits, nor more than thirty-five thousand dollars in the capital stock of any one bank; and no such investments shall be made in the capital stock of any such banks, owned or loaned upon, to exceed in the aggregate one-fourth of the deposits of any savings bank, savings institution or trust company. savings institution or trust company.

The amount of loan which can be made to one person or corporation &c., is restricted by the next section, and we give it in full. It is as follows:

SECTION 4102—No savings bank, savings institution or trust company shall loan to any one person, firm or corporation, or the individual members thereof, more than five per cent of its deposits, nor more than thirty thousand dollars; nor shall such loans on personal security exceed ten thousand dollars, until its deposits amount to one million dollars, after which the sums so loaned may be in reased one per cent of the deposits in excess of the one million dollars; but this section shall not apply to United States bonds or municipal bonds, or notes with such bonds as collateral.

We also give Section 4106 in full. It confers authority upon savings banks to make deposits on call in banks and trust companies in certain States and cities, and is as follows.

certain States and cities, and is as follows. SECTION 4106.—The words "trust company" in this chapter shall be construed to include savings banks and trust companies. A savings bank, savings institution or trust company may deposit on call in banks, banking associations or trust companies in this State, or in the cities of New York, Boston, Chicago, Albany, Philadelphia, or Concord, New Hampshire, or in any other legal designated depository under the laws of the United States, or in national banks in the cities of St. Paul, Minneapolis and Kansas City, with or without interest, as may be agreed upon, sums not exceeding in the aggregate twenty per cent of the assets of such savings bank, savings institution or trust company. company.

Section 4107 enacts that savings banks may hold real estate acquired on foreclosure or otherwise taken to secure debt, but it must be sold within five years, unless certain prescribed steps are taken, when an extension may be granted by the inspector of finance for not exceeding three years additional. Section 4108 authorizes savings banks to demand and receive on loans 6 per cent interest.

DEBT LIMITATIONS .- There seems to be no provision in the Constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to Cities and Towns. All of these are found incorporated in Chapter 27 of the Revised Statutes, a new edition of which embodying all the laws passed down to the 1st of January, 1902, has just been issued. The important sections of this chapter are cited below:

chapter are cited below: SECTION 1-Cities and towns shall not incur debts, except in the manner of voting and within the limitations as to amount and time of payment prescribed in this chapter. SECTION 2-The indebtedness of a city or town under the provisions of this chapter not inconsistent herewith shall be its net indebtedness\* as defined in clause twelve of section five of chapter eight; but debts created in aid of railroad corporations, except as herein otherwise provided, and water scrip, issued by a town under special statutes for the indebtedness of a fire district, and all other debts excepted by general or special statutes shall be excluded. \* For meaning of "net indebtedness" see bottom of page 17. SECTION 3-A city shall not become indebted in an amount exceed-ing two and one-half per cent on the average of the assessors' valua-tions of the taxable property therein for the three preceding years, the valuation of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment.

the year preceding said assessment. SECTION 4 - A town shall not become indebted in an amount exceeding three per cent on the last preceding valuation, for the assessment of taxes, of the taxable property therein.

of taxes, of the taxable property therein. SECTION 5—A city or town which establishes, purchases, reconstructs, extends or enlarges a gas or electric lighting plant within its limits may incur debt outside the debt limit prescribed in this chapter in payment therefor to an amount not exceeding, in a town, five per cent and, in a city, not exceeding two and one-half per cent of the last preceding State valuation. SECTION 6—Cities and towns may by a majority vote incur debts for termenty leaves in containing of the terms of the municipal reserves.

Such loans shall be payable within one year after the date of their incurrence, and shall not be reckoned in determining the authorized limit of indebte iness.

authorized limit of indebtedness. SECTION 7—Cities and towns may by a majority vote incur debts for temporary loans for the payment of any land damages or any propor-tion of the general expense of altering a crossing which they are re-quired primarily to pay under the provisions of sections one hundred and forty-nine to one hundred and sixty, inclusive, of chapter one hundred and eleven. Such loans shall not be reckoned in determining the authorized limit of indebtedness, and when ony money so paid is repaid, it shall be immediately applied to the discharge of the loan.

The sections referred to above in chapter 111 provide for the abolition of Grade Crossings.

Sections 8-Debts other than those mentioned in the two preceding sections shall be incurred only by a vote of two-thirds of the voters present and voting at a town meeting, or of two-thirds of all the members of each branch of the city council, taken by yeas and nays, and subject to the approval or disapproval of the mayor.
Sections 9-A city or town which has incurred a debt within the limitations as to amount and time of payment prescribed by this chapter may issue bonds, notes or scrip therefor, properly denominated on the face thereof, signed by its treasurer and, if issued by a councersigned by its mayor, or if issued by a town countersigned by a majority of it selectment, with interest payable semi annually at such rate as it deems proper, and may sell said bonds, notes or scrip, not less than par, at public or private sale or may use the same in pay ment of such debts.
Sections 10-Ha dity or town votes to issue bonds, notes, scrip or other certificates of indebtedness in accordance with the provisions of this chapter, the officers authorized to negotiate the same may, in the name of such city or town, make a temporary loan for a period of not more than one year in anticipation of the money to be derived from he sale of such be extended by reason of the making of such temporary loan teepond the time fixed in the vote authorizing the issue of such soutes, notes, scrip or other certificates of indebted hess; but the time within which such securities shall become due and payable shall not be extended by reason of the making of such temporary loan teepond the time fixed in the vote authorizing the issue of such city of Boston, within twenty years.

towns.

SECTION 12—The interest on all debts shall annually be raised by taxation. If a debt is payable at a period exceeding ten years, the city or town shall, and in all other cases may, at the time of contracttakaton, if a boot is physical at a point of any other years, the given of the same, establish a sinking fund to be used for no other purpose than the payment of such debt, and shall annually raise by taxation and contribute thereto an amount sufficient with its accumulations to extinguish the debt at maturity; and if payable at a period not ex-ceeding ten years, the city or town shall raise by taxation annually not less than eight per cent of the principal thereof, and shall set it apart for a sinking fund until an amount has been raised sufficient with its accumulations to extinguish the debt at maturity; and shall, in the year before the maturity of the debt, raise by taxation, any bal-ance necessary for its extinguishment. SECTION 13—A city or town, instead of establishing a sinking fund, may vote to provide for the payment of any debt by such annual proportionate payments as will extinguish the same at maturity, and thereupon such annual proportion shall, without further vote, be assessed under the provisions of section thirty-seven of chapter twelve until such debt is extinguished. SECTION 14 to 19, inclusive, and sections 22, 24 and 25 relate to the election and duties of the commissioners of the sinking fund and various other matters we cannot enter upon here.

the election and duties of the commissioners of the sinking fund and various other matters we cannot enter upon here. SECTION 21-A city which at a meeting of its voters held for that purpose has accepted, by a vote of two-thirds of the legal voters pres-ent and voting thereon, any Act to supply said city with water may, by a yea and n v vote of the majority of the members of each branch of the city council, contract debts and issue bonds for the purposes and to the extent authorized by such Act, in the manner provided in, and subject to the provisions of, the preceding sections. SECTION 23-No city or town shall, for the purpose of subscribing in aid of a railroad corporation, increase its indebtedness to an amount which, with its existing net indebtedness incurred for any purpose, excluding temporary loans, exceeds three per cent of the valuation of the taxable property therein as ascertained by the last preceding city or town valuation for the assessment of taxes.

In addition to these General Provisions there are various Special Laws which contain exceptions to the general law as to debt limitation, which apply to Cambridge, Lynn, Newburyport, Waltham, Worcester, &c., &c.

Worcester, &c., &c. SAVINGS BANK INVESTMENTS—POWERS AND RESTRIC-TIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in Massachusetts are con-tained in Section 26, Chapter 113, of the Revised Statutes. SECTION 2. Chapter one hundred and seventy-eight of the Acts of the year eighteen hundred and eighty-five and Chapter two hundred and eighty one of the Acts of the year eighteen hundred and eighty-seven are hereby repealed.

eighty one of the Acts of the year eighteen hundred and eighty-seven are hereby repealed. The new law, in repealing Chapter 178 of the Laws of 1885, repealed a special Act limiting the indebtedness of the City of Boston to 2 per cent of the assessed valuation, etc., etc. Boston consequently is now subject to Section 2, Chapter 312, Laws of 1885 (Sec. 3, Chap. 27 of the 1902 edition Revised Statutes), which places the debt limitation at 2<sup>1</sup>/<sub>2</sub> per cent of the average assessors' valuations of the taxable property for the preceding three years. Reference to this section of the Revised Statutes will be found in debt limitations for State of Masschusetts. The foregoing limitation is of course exclusive of debts created for The foregoing limitation is of course exclusive of debts created for water supply, and further exceptions have been made from year to year by different legislatures, authorizing bonds outside of the debt

In addition to above, loans have been authorized outside of debt limit without limit as to amount, for Charlestown Street improve-ment, Cambridge Bridge, sewerage charges and Atlantic Avenue extension. The amounts issued to date are \$465,000, \$350,000, \$415,-000 and \$25,000 respectively.

The sinking fund receives yearly a sum sufficient with accumulations of interest on sinking fund investments to retire entire debt at matur-ity. In 1901 \$334,118 65 was paid into sinking funds other than the water bonds sinking fund. The water sinking fund on Feb. 1, 1902, amounted to \$1,341,129 76.

CITY PROPERTY.—The city owned property in 1901 valued at \$13,900,164, including water works costing \$3,729,545. Receipts from water assessments in year 1900-01 were \$259,429 06; interest on water loans, \$138,125; paid to water sinking fund, \$4,500.

ASSESSED VALUATION.—The city's assessed valuation and tax rate have been as follows, real estate being taken at "its full and fair eash value":

HISTORY OF DEBT.—For a brief history of the Rhode Island State debt see STATE AND CITY SUPPLEMENT of April 13, 1895, page 33. The bonds outstanding at present are described as follows:

MUNICIPAL INDEBTEDNESS LIMITATIONS.—There is nothing in the Constitution of Rhode Island limiting the amount of city debts. The following, however, are two sections taken from Title 7, Chapter 36 (page 157) of the Revised Statutes of the State of 1896. Since 1878 these provisions have been in force, and consequently 3 per cent of the taxable property has been the limit of the power of each town (which includes city) to create debt.

includes city) to create debt. SECTION 20. "The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted, and all in lebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority therefor. SECTION 21. No town shall, without special statutory authority therefor, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight, but the giving of a new note or bond, for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

A proposed new constitution, containing certain limitations as to State and other debts, failed of adoption at the November election in 1898, was again submitted to popular vote in 1899 and again defeated. There was a Constitutional Amendment adopted in 1900, but it did not relate to municipal indebtedness.

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.-In the Revised Statutes of Rhode Island (which were revised in 1896)-Sections 54, 55, 56, etc., of Chapter 178, Title 19 (on page 548), will be found the provisions of law with reference to Savings Bank Investments. Section 54, which recites in detail the stocks, bonds, etc., these institutions are allowed to put their money in is as follows:

SECTION 54. Institutions for savings shall invest their receipts-

In public stocks or bonds of any State or of the United States, Or in any bank stock, or in notes or bonds of any town or city, Or in notes of any school district or fire district in any New Eng-(1)(2)

(6) Or the notes, bonds or draits of individuals or corporations secured by the public notes, stocks or bonds of any State of the United States, or of any town or city or of any school district or fire district in any New England State, or by the stock or bonds of any corporation which may be deemed to be safe, or by mortgage on real estate.

Concerning Sections 55 and 56, the first appears to give savings institutions quite extensive powers as to making and keeping deposits in commercial banks. When so kept, however, they are to be kept "payable on demand whether drawing interest or not." The two sections are subjoined.

sections are subjoined. SECTION 55.—No such institution shall have an amount exceeding one-half of its receipts invested in notes, bonds or drafts of individuals or corporations, unless secured by some public notes, bonds or stocks as aforesaid, or by mortgage on real estate: but the preceding section shall not be so construed as to forbid any such institution from placing and holding on deposit in any bank such reasonable amount of their re-ceipts as is customary and they may deem proper, payable on demand, whether drawing interest or not. SECTION 56.—No money shall be loaned by any institution for sav-ings to any trustee, director or other officer of such institution. For the other provisions of the law as they now are we would refer

For the other provisions of the law as they now are we would refer our readers to the Revised Statutes of 1896.

Under Chapter 106, as amended by Chapter 165, Laws of 1901, the State collects the tax on every bank, national banking association, trust, insurance, investment and bridge companies whose stock is not exempt from taxation, and remits the amount so collected to the va-rious city and town treasurers. As the value of such stocks was in-cluded in the grand list of each town heretofore, this will explain the apparent reduction in values in the 1901 returns.

the Revised Statutes, " when any town shall have made appropriations "or incurred debts, or shall hereafter make appropriations or incur "debts exceeding ten thousand dollars, it may issue bonds, either regis-"tered or with coupons attached, or other obligations, payable at such "times and at such annual rate of interest not exceeding 6 per cent, "payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

have had no such general authority conferred upon them. Exemption from Taxation has been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to-redeem the railroad aid bonds above referred to. This exemption is found in Section 3,820 Chapter 241 of the Revised Statutes (last clause of Section), and the bonds there named are those "issued by any town or city in aid of the "construction of the railroads of the Connecticut Western Railroad "Company, the New Haven Middletown & Willimantic Railroad Com-"pany, the Shepaug Valley Railroad Company, the Connecticut Valley "Railroad Co.. the Connecticut Central Railroad Company, or either of "them." All railroads which are in whole or in part in the State are taxed by the State under Section 3920, Chapter 244 of the Revised Statutes, so that the tax on these bonds is paid by the railroads. *Exemption from tax* of new bonds issued to redeem or to provide a fund to redeem the railroad aid bonds, or to redeem or to provide a fund to redeem any reissue of the same, is conferred fully by an act approved June 19, 1889, and found in the "Public Acts" for that year. SAVINGS BANKS INVESTMENTS-PRIVILEGES AND RE-STRICTIONS.-At the session in 1899 material changes were made in the provisions regulating the investment of the deposits of the savings banks of Connecticut, and at the session in 1901 the scope of such investments was still further enlarged. We give below the law as thus amended, and which is known on the statute book as Chapter 48, Laws of 1901. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs we have inserted so that those who need to refer to or use any particular portion of the section can more readily find the part desired. We also indicate by means of a black-faced bracket [ ] the parts of the law which were added by the Act of 1901; otherwise we give the section as it reads and was passed.

SECTION 1.—Section 1800 of the General Statutes, as amended by chapter CCXXIX of the Public Acts of 1893, chapter CCXVII of the Public Acts of 1897, and by section one of chapter 146 of the Public Acts of 1899 is hereby amended to read as follows: Savings banks may invest

(1) Notexceeding twenty per centum of their deposits and surplus in notes secured by the pledge of stocks or bonds as collateral security; provided, said stocks or bonds shall have paid dividends or interest of not less than three per centum per annum during the two years next preceding that in which the respective loan is made; or by the pledge of any stocks, bonds, or other obligations which, under the provisions of this Act, can be purchased by savings banks; and may invest not exceeding twenty per centum of their deposits and surplus in notes, each of which shall be the joint and several obligation of two or more parties, all residents of this State.
(2) And may invest in the bonds of the United States, the District of Columbia, any of the New England States, or any of the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, Kentucky, Michigan, Indiana, Illinois, Iowa, Wisconsin, Minnesota, Missouri, Nebraska, Kansas, California, Colorado, and Oregon;
(3) In the bonds of any city in the New England States, or in the State of New York; of Newark, Paterson and Trenton in the State of New Jersey; of Philadelphia in the State of Pennsylvania; of Cincinnati, Cleveland, Columbus, Dayton, and Toledo in the State of Michigan; of Chicago in the State of Missouri; of Omaha in the State of Nebraska:
(4) Or in the obligations of any of the counties, towns, cities, boroughs and school districts in this State. (1) Notexceeding twenty per centum of their deposits and surplus

Wisconsin: of St. Louis in the State of Missouri; of Omaha in the State of Nebraska:

(4) Or in the obligations of any of the counties, towns, cities, boroughs, and school districts in this State;
(5) Or in the capital stock of any bank or trust company located in this State, or in the city of New York in the State of New York, or in Boston in the State of Massachusetts;
(6) Or in the bonds of any other incorporated city located in any of the States mentioned in this Act, having not less than twenty thousand inhabitants, as ascertained by the United States or State Census, or any municipal census taken by authority of the State, next preceding such investment; provided, the amount of the bonds of said city, including the issue in which such investment is made and its proportion, based on the valuations contained in the assessment for taxation next preceding such investment, of the county and town debt, after deducting the amount of its water debt and the negotiable securities in the sinking funds which are available for payment of its bonds, does not exceed seven per centum of the valuation of property in said city as assessed for taxation next preceding such investment; provided, always, that the State or city issuing said bonds has not defaulted payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this Act shall not be held to authorize the investment of any of its runded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this Act shall not be held to authorize the investment of any of its runded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this Act shall not be held to authorize the investment of any of its runded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but th

(7) Or in the bonds of any railroad company organized under the laws of any of the States mentioned in this Act, and which bonds are secured by a first mortgage (as the only mortgage security) given by said railroad company upon some portion of the railroad owned by it, or given by a railroad company (a majority of the capital stock in which is owned by the railroad company issuing said bonds) upon some portion of the railroad owned by it but leased or operated by the railroad company issuing said bonds, and which portion of said railroad in either case shall be located wholly or in part in one or more railroad in either case shall be located wholly or in part in one or more of the States mentioned in this Act. *provided* the entire railroad of said company is located wholly within the United States; or in the consolidated bonds of any railroad company incorporated by this State and authorized to issue such bonds to retire the entire funded debt of said company; *provided*, that in every case the railroad com-pany in the bonds of which an investment is made shall have paid each year, for a period of not less than five years next previous to such investment, in addition to the interest on its funded indebted-ness, dividends of not less than four per centum per annum upon its entire capital stock outstanding; and *provided*, *further*, that said outstanding capital stock at the time of such investment equals or exceeds in amount one-third of the entire outstanding issue of said bonds; also in the bonds of the following-named railroad corpora-tions, viz: tions, viz: Boston & Albany Railroad Company, Boston & Lowell Railroad Company, Boston & Maine Railroad Company, Concord & Montreal Railroad Company, Fitchburg Railroad Company, Harlem River & Port Chester Railroad Company,

CONSTITUTIONAL CONVENTION.—A convention has been in session for some months undertaking a revision of the Constitution of this State.

DEBT LIMITATION.-The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows

No County, City, Town, Borough or other Municipality, shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be con-strued to prohibit the General Assembly from authorizing any Town or City to protect by additional appropiations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to section 140, chapter 23 of

SEC. 2-This Act shall take effect upon its passage.

It would seem according to the foregoing amendment of section 1800 that only forty per cent of the deposits and surplus of any savings bank may be employed on personal security, but that no limit is placed upon the amount which may be invested in the other securities mentioned in the section.

The subjoined sections, 1803, 1804, 1805 and 1806, provide certain restrictions with reference to loans-section 1803 restricting loans on Mortgage Security to Manufacturing Corporations and Ecclesiastical Societies; section 1804 restricting amount of loans to one party on personal security; section 1805 forbidding loans on single names.

SEC. 1803. No loan shall be made by any savings bank to any corpor-ation or association or ecclesiastical society, secured by mortgage upon their property, unless the same shall be accompanied by the individual guarantee of some responsible party or parties, or by other collateral security of equal value to the amount of the sum loaned, and the directors or trustees of any such bank consenting to any loan contrary to the provisions of this section shall be held individually responsible to the full extent of such loan. SEC, 1804. No savings bank having more than twenty-five thousand dollars deposits shall loan on personal security to any one person, company, or interest, more than three per cent of its deposits at the

company, or interest, more than three per cent of its deposits at the time of making such loan. SEC. 1805. No savings bank shall buy, or lend any money upon, any obligation on which only one person or firm shall be holden, without taking additional security for the same equivalent to the guaranty or indorsement of some other responsible party.

loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city, or borough of this State, or in any bonds, stocks, or other securities which the savings banks in this State are or may be authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

ments given below, see "Additional Statements" at the end of this State. The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 168. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. There are ten cities, each with one exception bearing the same name as the town in which it lies. Of late several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the city and town of Hartford, which previous to April, 1896, reported their debts separately. The city and town of New London have been consolidated and also Bridgeport city and town. On December 7, 1897, city, town and school district of New Haven were likewise consolidated. The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a

The borough stands as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting **a** tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for though distinct town and city, wherever they bear the same name, for though distinct corporations, their debts are to a greater or less extent the debts of a single community.

### AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and coun-ties in the State was in 1900 \$27,624 827 42. In the following table we show the funded indebtedness, the floating debt and the total in-debtedness of all the civil divisions of the State at quadrennial periods:

Besides the ordinary safeguards which are in all savings bank laws there is one of no little importance that ought to aid materially in preventing incautious loans. We refer to the provision below.

SEC. 1806 .- When any loan or investment is made by any savings bank, the names of the directors or trustees consenting thereto shall be entered upon the records of said bank, and said record shall be at all times open to the inspection of the corporators and auditors of said bank and the Bank Commissioners, and be *prima facie* evidence of the truth of the statements therein contained.

TRUST FUNDS-HOW LOANED OR INVESTED-We find in Section 495 of the General Statutes the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 495.—Trust funds, unless it is otherwise provided in the instru-ment creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State, double in value the amount

DEBT LIMITATION-STATE. —The new Constitution has in some measure modified the provisions of the fundamental law restricting the power of the Legislature over the issue of debt, &c These provisions are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject. State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

association or corporation.

sociation or corporation. State debts, power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, con-tract debts; but such debts, direct or contingent, singly or in the aggre-gate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so con-tracted, and to no other purpose whatever. State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money aris-ing from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

whatever.

for which it was raised, or to repay such debts, and to no other purpose whatever. Limitation of legislative power to create debts.—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be dis-tinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within eighteen years from the time of the con-tracting thereof. No such law shall take effect until it shall, at a gen-eral election, have been submitted to the people, and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursu-ance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law, shall remain in force and be irrepealable, and be annually collected, until the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The money arising from any loan or stock creating such debt or liability, shall be applied to the work or object specified in the act authorizing such debt or liability, or for the repayment of such law shall be submitted to be voted on, within three months after its passage, or at any general election when any other law, or any bill, or any amendment to the Constitution, shall be submitted to be voted for regainst. Sinking Fund, h inking Fund, how kept and invested.—SEC. 5. The sinking funds wided for the payment of interest and the extinguishment of the ncipal of the debts of the State shall be separately kept and safely ested, and neither of them shall be appropriated or used in any man-other than for the specific purpose for which it shall have been vided. EBT LIMITATION.—CITIES, COUNTIES, TOWNS AND VILLAGES.— e new Constitution of New York State puts a general and form limit to the power of all counties and cities of the State to conthe new Constitution of New York State puts a general and iform limit to the power of all counties and cities of the State to con-act and put out their obligations, leaving to the Legislature to fix the bt-making power of villages and towns only. These provisions are und in Article 8, Section 10. We give that section in full. The paration into paragraphs and the figures in parenthesis which num-r and begin the paragraphs are our own, we having inserted them so at those who need to refer to or use any particular portion can the more addly find the part desired. With that exception we give Section 10 Article 8 as it reads, preserving even the punctuation. (1) No county, city, town or village shall hereafter give any money property, or loan its money or credit to or in aid of any individual, sociation or corporation, or become directly or indirectly the owner stock in, or bonds of, any association or corporation; nor shall any ch county, city, town or village be allowed to incur any indebtedness cept for county, city, town or village purposes. This section shall t prevent such county, city, town or village from making such pro-sion for the aid or support of its poor as may be authorized by law. (2) No county or city shall be allowed to become indebted for any propose or in any manner to an amount which, including existing debtedness, shall exceed ten per centum of the assessed valuation of e real estate of such county or city subject to taxation, as it appeared the assessment rolls of said county or city on the last assessment for

State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.
(3) No county or city whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.
(4) This section shall not be construed to prevent the issuing of certif.

(4) This section shall not be construed to prevent the issuing of certifleates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained

collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.
(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the terms of the bonds issued to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

(6) All certificates of indebtedness or revenue bonds issued in an-

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted.
(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. [At the November 1899 election an amendment to the Constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any county wholly included within such city to become indebted shall cease, but the debt of the county, the power of the purposes of this section, be reckoned as a part of the city debt.]
(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of such county or city, to be ascertained as preseribed in this section in respect to county or city, debt.
(9) The terms of the foregoing section, Paragraph (1), every " County, City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in hearring "any lasse the other paragraphs include only Counties and Cities.

tion of the real estate. Towns and Villages are not limited in their debt-making power by the Constitution. Those municipalities will be governed by general or special statutes.

The 1895 Legislature passed an act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the CHRONICLE of June 8, 1895, V. 60, p. 1023.

EXEMPTION FROM TAXATION.—In the Tax Law of 1896 (Sec-tion 4, Sub-division 6,) there is a general provision exempting from taxation "bonds of a municipal corporation heretofore issued for the purpose of paying up or retiring the bonded indebtedness of such corporation." It will be seen that the reference is to bonds heretofore issued for the Municipal Bond Law of 1802 or amonded by corporation." It will be seen that the reference is to bonds heretofore issued, &c. In the Municipal Bond Law of 1892, as amended by Chapter 466 of the Laws of 1893, there is also a tax-exempting clause, but one much broader in its scope, as it seems to apply to the funding of any bonds heretofore or hereafter put out—see editorial article in STATE AND CITY SUPPLEMENT for April, 1894. The Tax Law of 1896 contains a schedule of the laws repealed by it, but we do not find Chapter 466, Laws of 1893, in the list; hence it is presumably still in force force

force. In the case of New York City the existing provision of law govern-ing the matter will be found in the revised City Charter which went into effect Jan. 1, 1902. This provides that "such corporate stock and all assessment bonds and revenue bonds, as well as all bonds hereafter to be issued by the City of New York by virtue of this Act or of any other Act, whether general or special, shall be fr-e and exempt from all taxation, except for State purposes—Section 16<sup>3</sup>, Title 2. It remains to add that under special laws some New York City bonds are exempt from *all* taxes, including those for State purposes. Such

are exempt from *all* taxes, including those for State purposes. Such is the case as regards the public-library bonds (Bryant Park) author-ized by Chapter 627, Laws of 1900.

SAVINGS BANK INVESTMENTS-POWERS AND RESTRIC-TIONS.-In 1898 the New York Legislature passed an amendment to paragraph 6, Sec. 116, of the Savings Bank law of 1892. The amendment extended investments of savings banks to first mortgage railroad bonds the principal part of whose railroad is located within this State, and in 1899 the field of railroad investments was still further enlarged, In 1900 the Chicago & Alton RR. was added to the list and other changes made in paragraph 6. In 1902 paragraph 6 was again amended by adding the bonds of certain other railroad corporations.

5. In the stocks or bonds of the following cities: Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Helyoke, in the State of Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati and Toledo, in the State of Ohio; Detroit and Grand Rapids, in the State of Michigan; Providence, in the State of Rhode Island; New Haven and Hartford, in the State of Connecticut; Portland, in the State of Maine; Philadelphia, Pittsburg, Alleghany, Reading and Scranton, in the State of Pennsylvania; Minneapolis and St. Paul, in the State of Minnesota; Des Moines, in the State of Iowa; Milwaukee, in the State of Wiscon-sin; Louisville, in Kentucky; Paterson, Trenton, Newark and Camden, in New Jersey; Baltimore, in Maryland. If at any time the indebted-ness of any of said cities, less its water debt and sinking fund, shall ex-ceed seven per centum of its valuation for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be re-duced to seven per centum of the valuation for the purposes of taxa-tion, cease to be an authorized investment for the moneys of savings banks, but the Superintendent of the Banking Department may, in his discretion, require any savings bank to sell such bonds or stocks of said city as may have been purchased prior to said increase of debt. 6. 6. In bonds and mortgages on unincumbered real property situated in this State [to the extent of sixty per centum of the value thereof] (previously 50 per cent was the limit). Not more than sixty-five per centum of the whole amount of deposits shall be so loaned or invested. If the loan is on unimproved and unproductive real property, the amount loaned thereon shall not be more than forty per centum of its actual value. No investment in any bonds and mortgages shall be made by any savings bank except upon the report of a committee of its trustees charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged or to be mortgaged. certify to the value of the premises mortgaged or to be mortgaged, according to their best judgment, and such report shall be filed and preserved among the records of the corporation.

[Under date of June 10, 1899, F. D. Kilburn, Superintendent of the State Banking Department, issued a circular naming the bonds in which savings banks might invest under the amendment of 1899. For list of, such bonds see CHRONICLE, V. 68, p. 1111. The opinion of Attorney General J. C. Davies, declaring the refunding bonds of the Chicago & Alton RR. Co. a legal investment for savings banks, will be found in full in the CHRONICLE V. 70, p. 1260.]

We give section 116 below as it stands after these various amendments. The changes and additions made by the 1902 enactment we indicate by means of brackets [ ].

Sec. 116. In what securities deposits may be invested.—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as follows:

1. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, in-cluding the bonds of the District of Columbia. 2. In the stocks or bonds or interest-bearing obligations of this

2. In the stocks or bonds or interest-bearing obligations of this State, issued pursuant to the authority of any law of the State.
3. In the stocks or bonds or interest-bearing obligations of any State of the United States which has not within ten years previous to making such investment by such corporation defaulted in the payment of any part of either principal or interest of any debt authorized by the legislature of any such State to be contracted; and in the bonds or interest-bearing obligations of any State of the United States, issued in pursuance of the authority of the legislature of such State, which have, prior to the passage of this act, been issued for the funding or settlement of any previous obligation of such State theretofore in default, and on which said funding or settlement obligation there has been no default in the payment of either principal or interest since the interest of such funded or settlement obligations has been paid regularly for a period of not less than ten years next preceding such in larly for a period of not less than ten years next preceding such investment

4. In the stocks or bonds of any city, county, town or village, school district bonds and union free school district bonds issued for school purposes, or in the interest-bearing obligations of any city or county

7. In real property subject to the provisions of the next section.

It will be noted that subdivision 7 (the last paragraph of the above) refers to the "next section" for the provisions applicable. This reference is to section 117 of the law of 1892; we omit that section as it relates only to real estate. Sections 118, 119 and 120 of the law of 1892 (the first-mentioned section as amended in 1901) we subjoin.

SECTION 118. The trustees of every such corporation shall as soon as practicable invest the moneys deposited with them in the securities authorized by this article; but for the purpose of meeting current payments and expenses in excess of the receipts, there may be kept an available fund not exceeding ten per centum of the whole amount of

deposits with such corporation, on hand or deposit in any bank in this State organized under any law of this State or of the United States, or with any trust company incorporated by any law of the State; but the sum so deposited in any one bank or trust company shall not exceed twenty-five uer centum of the paid-up capital and surplus of any such bank or company; or such available fund, or any part thereof, may be loaned upon pledge of the securities or any of them named in sub-divisions one, two, three, four and five of the preceding section but one, or upon the first mortgage bonds, or any of them, of the railroads men-tioned and described in sub-division six of said preceding section but one, but not in excess of ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value, after making any loan thereon, the trustees shall require the immediate payment of such loan or of a part thereof, or ad-ditional security therefor, so that the amount loaned shall at no time exceed 90% of the market value of the securities pledged for the same. SECTION 119. Every such corporation may also deposit temporarily

exceed 90% of the market value of the securifies pledged for the same. SECTION 119. Every such corporation may also deposit temporarily in the banks or trust companies specified in the last section the excess of current daily receipts over the payments, until such time as the same can be judiciously invested in the securities required by this article. Whenever it shall appear to the superintendent of banks that the trustees of any such corporation are violating the spirit and intent of this provision by keeping permanently uninvested all or an undue proportion of the moneys received oy them, he shall report the facts to the Attorney-General, who shall proceed against such corporation in the manner provided in section eighty-two of this chapter.

SECTION 120. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mort-gage thereon, shall be required of the borrower, and all the expenses of searchers,\* examinations and certificates of title or appraisal of value, and of drawing, perfecting and recording papers, shall be paid by the borrower.

### HEMPSTEAD.-Smith Cox, Supervisor.

HAMDEN .- This town is in Delaware County.

HEMPSTEAD.—SMITH COX, Supervisor. Hempstead is now a town in Nassau County, but was formerly a town in Queens Co., then including Far Rockaway, Hempstead, Inwood, Law-rence, Rockaway Beach and Seaford villages. On Jan. 1, 1898, that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantic Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April, 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December, 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the supreme Court of the Third Judicial District at Albany Dec. 9, 1899. See V. 69, p. 1357. See V. 69, p. 1357.

### DETAILS OF INDEBTEDNESS.

The tables which follow give full details regarding the indebtedness of the consolidated city and the various boroughs and other divisions forming part of it. We show first the bond issues made since the Greater New York Charter went into effect. Then we add statements reporting at length the indebtedness of the separate boroughs; all the districts towns and other divisions being in each case groups the districts, towns and other divisions being in each case grouped under the borough to which they belong :

### COUNTY OF QUEENS.

The debt of the county of Queens is reported under the county's own name on a subsequent page; the amount of the original debt which was chargeable to the city of New York was adjudicated finally to be \$3, 796,032 11, leaving \$1,011,967 89 as Nassau County's share of the old indebtedness. The old debt will not be apportioned but the city of New York will pay all obligations as they mature, looking to Nassau County for reimbursement of its proportion of the debt. The amount of Queens County bonds outstanding on 1 an. 1, 1902, was \$4,763,000, of which \$3,760,503 53 was chargeable to New York City.

# QUEENS CO.—CHAS. L. PHIPPS, Treasurer.

QUEENS CO.—CHAS. L. PHIPPS, Treasurer. County seat is Long Island City. A good part of the old County of Queens is now included in the Greater New York, and a law changing the name of that portion of the old county outside of Greater New York to Nassau County went into effect January 1, 1899. The mount of the outstanding bonds of this county which will be charge-able to the city of New York has been finally determined by the supreme Court (V. 71, p. 875.) Under this decision the city of New York is liable for \$3,796,032 11 of the old debt of Queens County as it stood at the date of division and the remaining \$1,011,967 89 becomes an obligation of Nassau County. Instead of apportioning certain bonds to New York City and to Nassau County, the debt and interest will not be divided, but will be paid by New York City, Nassau County paying over its proportion as it becomes due. New York City pays '78952414973 of the principal and interest as it becomes due, and Nassau County '210473802". The statement below shows the obligations of the old County of Queens which remained outstanding on Jan. 1, 1902. DEBT, RESOURCES, ETC.

10 and 0 and 0 Admitted as a State One of Original Thirteen Total area of State (square miles) T. Manataratar 7,815 State Capital Trenton Governor (term exp. Mon. bef. 2d Tues. Jan. '05) - F. Willard Morgan Legislature meets annually the second Tuesday of January,

and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a his-tory of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The Constitution of 1844 forbade the creating of a State debt exceeding one hundred thousand dol-lars except for purposes of war, &c., as will more fully appear in the item below with respect to "debt limitation." This exception, under which it was allowable to exceed the hundred-thousand dollars which it was allowable to exceed the hundred-thousand-dollar limit became operative on the occasion of the breaking out of our Civil War. Quite a debt was created at that period. The last of these war bonds were retired on Jan. 1, 1902, and the State is now practically free from debt.

DEBT LIMITATIONS.—The provisions of law limiting and regulat-ing the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply

(1) THE STATE is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, paragraphs 3 and 4, the whole subject is disposed of. The third paragraph forbids a loan of the State's credit, and the fourth paragraph forbids the creation of debt. These provisions are as follows. 3. The credit of the State shall not be directly or indirectly loaned in any case.

These provisions are as follows. 3. The credit of the State shall not be directly or indirectly loaned in any case. 4. The Legislature shall not in any manner create any debt or debts, Hability or Habilities of the State, which shall singly or in the aggregate with any previous debts or Habilities at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or Hability as it falls due, and also to pay and discharge the principal of such debt or Hability within thirty-five years from the time of the contracting thereot, and shall be irrepealable until such debt or Hability and the interest thereon are fully paid and dis-charged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to re-fer to any money that has been, or may be, deposited with this State by the Government of the United States. According to the foregoing (4th paragraph), the power of the State for making debt is limited to \$100,000, except (1) for purposes of war etc., and (2) when the authorization is for some single object of work speci-fied therein, etc. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution. (2) *OITIES*, *OOUNTIES*, *TOWNS*, *Etc.*, are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of

fied therein, etc. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution. (2) *CITIES*, *COUNTIES*, *TOWNS*, *Etc.*, are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the Constitution. We give the paragraph in full. 19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for or be directly or indirectly the owner of any stock or bonds of any association or corporation. 20. No donation of land or appropriation to or for the use of any society, association or corporation to or for the use of any society, association or corporation whatever. It will be noted that the above prohibition relates to the giving of money, property or credit of cities, &c., to individuals, associations, or corporations, &c., and that the prohibition is absolute, forbidding the doing of such acts in any form, shape or manner. There is one other restriction of the State Constitution, and that is found in Article IV. Section VII., paragraph 11, which forbids the Legislature passing any *special* laws "regulating the internal affairs of *towns and counties*"; in this and in all other cases in which according to the judgment of the Legislature general laws are feasible, the Constitution states that general laws must be provided. In compliance with this last provision the Legislature has passed many general laws covering bonded indebtedness of cities, towns, etc. They are so numerous they cannot be cited here. We would refer the reader to the Revised Statutes of New Jersey pulsed in 1896 under the heading "Municipal Bonds" pages 693 to 716 both inclusive; and also to the same heading ("Municipal Bonds") pages 2220, etc.

TAX EXEMPTION.—The State of New Jersey passed in 1893 a general statute which exempts from taxation the bonds, securi-ties and other evidences of indebtedness of municipal corpora-tions; the provision covers not only the bonds, etc., to be hereafter issued, but those as well that have been heretofore issued. It is a sweeping statute, and one which is of decided interest to the holders of the municipal securities of the State. The full text of it may be found in the STATE AND CITY SUPPLEMENT for October, 1898, page 58.

	SAVINGS BANKS' INVESTMENTS-POWERS AND RESTRIC-
1	TIONSThe last general savings bank law of New Jersey was
	passed in 1876. Since then the legislative tendency in the matter of
	investments has been in the direction of allowing the management of
	these institutions a wider choice and a larger discretion. In 1878 the
1	limits of the 1876 law were broadened in several particulars by a new
	act of two sections, the first taking the place of section 26 of the act of
	1876. In 1886 still another law was passed in place of the first section
	of the law of 1878. Again in 1889 an act was passed extending ma-
	terially the provisions of section two of the law of 1878, which cov-
	ered the same subject matter contained in section 29 of the original law
l	of 1876, and thereby section 26 of the law of 1876 was superseded by

TOTAL DEBT.—With the exception of \$48,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13, 1895, the State is now clear from debt. At previous dates the debt was:

Nov. 1, 1901	\$71,000	Nov. 1, 1895	\$660.400
Nov. 1, 1899	71,000	Nov. 1, 1894	735,400
Nov. 1, 1898	194,000	Nov. 1, 1880	1,996,300
Nov. 1, 1897	394.000	Nov. 1. 1866	3,395,200
Nov. 1, 1896	593,400		

On Nov. 1, 1901, the cash balance on hand in the State Fund was \$2,351,683 17; this fund also held on the same date 1,887 shares (par value \$188,700), of the joint stock of the Delaware & Raritan Canal and Camden & Amboy Railroad and Transportation companies.

.

1896) to the law of 1876, making school district bonds an authorized investment, went into effect. In 1897 an act was passed (approved April 9) authorizing investments in bonds issued by commissioners appointed by the Supreme Court of the State. In 1899 a further supplement extending the permissible line of municipal investments so as to include the bonds of townships and boroughs was approved March 24. An attempt to add such securities to the list was made in 1898, but the measure then failed to receive the approval of the Governor. The 1899 law is as follows:

the law of 1886, and section 29 was superseded by the law of 1889. In 1901 Section two was further amended in the way specified below. In 1896 a supplement approved March 30, 1896 (Chapter 139, laws of

SECTION 1. It shall be lawful for any savings bank in this State te SECTION 1. It shall be lawful for any savings bank in this State to invest its funds in the bonds of any city, county, town or township of this State issued pursuant to the authority of any law of this State, or in the bonds of any borough or village or school district of this State issued pursuant to the authority of any law of this State; provided, such borough, village or school district shall not, within the ten years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; and provided further, that the total indebtedness of any such borough or village does not exceed ten per centum of its assessed valuation, and village does not exceed ten per centum of its assessed valuation, and

such school district bonds are by law charged upon all the property of the inhabitants of such district, or in any interest-bearing obligation (other than obligations commonly known as improvement certificates) issued by the city, county, town, township, borough or village in which such bank or institution is situated.

The following is the law of 1897 (approved April 9, 1897):

"Sec. 1. It shall be lawful for any bank, trust company, savings bank or savings institution \* \* incorporated under the laws of this State, to invest moneys belonging to or deposited with any such com-panies in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State by virtue of any law of this State."

We omit the law of 1896 with reference to school district bonds because its provisions are included in the laws of 1899, quoted above.

Next we give the leading provisions of the general law as to invest-

ments. SECTION 1. That the first section of the act of which this is a supple-ment be and the same is hereby amended so as to read as follows:

That it shall not be lawful, from and after the passage of this act, for any savings bank or other savings institution, whether chartered or incorporated under a general or special act of the legislature of this State, and any provision contained in the charter, or any supplement thereto, of such savings bank or savings institution to the contrary, to invest the moneys deposited with the same in any manner, except as follows, to wit:

I. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

distinctly pledged to provide for the payment of the principal and interest thereof; II. In the interest-bearing bonds of this State: III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank or institu-tion, defaulted in the payment of any part of either principal or interest of any debt authorized by any legislature of such State to be contracted. IV. In the stocks or bonds of any city, town, county or village of this State, issued pursuant to the authority of any law of this State, or of the cities of New York, Brooklyn and Philadelphia, or in any interest-bearing obligations (other than those commonly known as improve-ment certificates) issued by the city, town or borough in which such bank or institution shall be situated ; *(See below for provision including the bonds of* certain cities and counties of *any* State in the U. S). V. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed eighty per centum of the whole depos-its shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than thirty per centum of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, directors or trustees of any such bank or institution, and a majority of which committee shall certify to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be tiled and preserved among the records of the institution; We do not reprint the real estate provisions as they cover a matter

visions

We do not reprint the real estate provisions, as they cover a matter not germane to our present subject. It is sufficient to say that they are two in number, marked (a) and (b), and may be summarized as below :

(a) authorizes the holding of a plot for erection of a banking building or buildings, portions of which may be rented, but the cost of lot and buildings must not exceed 50% of the net surplus of the corporation;
(b) all purchases under foreclosure sales upon mortgages owned by the corporation or sales under judgments or decrees obtained for debts due, etc.; and all such real estate must be sold within five years unless, on application to the State Board having supervision of Savings Banks, time shall be extended. time shall be extended.

But the character of permissible investments was further greatly enlarged by the law of 1886, which is as follows :

SECTION 1. That it shall be lawful for any savings bank or savings in-stitution, incorporated under any law of this State, to invest moneys deposited with it in the bonds of any city or county of any State of the United States of America, which have been or may be issued pursuant to the authority of any law of any such State; *provided*, no such city or county has, within ten years previous to making such investment by any such savings bank or savings institution of this State, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; and provided, fur-ther, that the total indebtedness of any such city or county is limited by law to ten percentum of its assessed valuation.

By another act the banks also have the right to invest in railroad bonds under certain restrictions. The authorization was given by Section 2 of an act approved February 22, 1888. Subsequently (April 27, 1888,) this Section 2 was repealed. On March 27, 1889, however, it was again re-enacted. The section is as follows :

SECTION 2. That it shall be lawful for any savings bank in this State to invest its funds in first mortgage bonds of any railroad company which has paid dividends of not less than four per centum per annum regularly, on their entire capital stock, for a period of not less than five years next previous to the purchase of such bonds, or in any con-solidated mortgage bonds of any such company authorized to be issued to retire the entire bonded debt of such company.

The other law referred to above passed in 1889 amending section 2 of the law of 1878 is as below. It relates to loans on collaterals. As noted above, a slight but very important alteration in the phraseology of this section was made by a law approved March 22, 1901, and which forms chapter 148 of the laws of 1901. ELIZABETH.— {P. J. RYAN, Acting Mayor. A. B. CARLTON, Comptroller. This city got into financial difficulties through making extensive local improvements. Interest was defaulted February 1, 1879, and a compromise was finally effected with the bondholders, by which new 4 per cent bonds dated July 1, 1882, were issued in exchange for the old 7 per cent bonds turned in at 50 per cent of their face value. The sinking fund on December 1, 1901, held the following securities Allegheny Valley Railroad bonds, \$800,000; interest on same, \$11,000; United States 4 per cent consols, at par, \$2,775,000; cash, \$2,695,964, and \$26,000 approximate interest due from State depositories; total, \$6,307,964.

1. State indebtedness .- With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found n Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the Constitution, and are as follows.

ARTICLE IX, Sec. 4. No debt shall be created by, or on behalf of, the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. All laws authorizing the borrowing of money by, and on behalf of, the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose speci-fied and no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

company, association or corporation. SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insur-rection, no part of the said sinking fund shall be used or applied other-wise than in the extinguishment of the public debt. SECTION 12. The moneys of the State, over and above the necessary re-

SECTION 12. The moneys of the State, over and above the necessary re-serve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be se-cured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misde-meanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

State loans in Pennsylvania, whether created for original indebtedness or authorized to fund existing indebtedness, are usually negotiated through the Governor and Commissioners of the sinking fund.

The last act of the Pennsylvania Legislature authorizing a public loan was the act of June 8, 1881, when a thirty-year loan was effected to fund existing indebtedness at a lower rate of interest.

The earliest date at which the last of the existing indebtedness of Pennsylvania will mature is February 1, 1912, and under existing arrangements the accumulations in the sinking fund will at that time pay the total State indebtedness.

(2) County and Municipal Indebtedness.-Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected tri-ennially under the minority system of voting, by which the minority party in each County usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations.

ARTICLE IX, Sec. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, associ-ation, institution or individual.

ation, institution or individual. SECTION 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebted-ness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum, in the aggregate at any one time, upon such valuation. SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repeal invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebted-ness.

ness.

SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

(3) Townships and School Districts.-In the various school districts of the State the school directors have the power to create loans, subect to the limitations of Section 10 above guoted, to provide for the edemption of the same within thirty year

The unfunded debt mentioned in the above table consists of relief notes in circulation, interest certificates unclaimed, interest certificates outstanding, and bonds past-due upon which interest has ceased.

The above does not include valuation of railroad property.

DEBT LIMITATION-In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State Constitution.

In townships, the only authority, except that of the school directors to borrow money, is in the road supervisors, who have no power to create bonded indebtedness, but simply to make a temporary loan for necessary expenses, which must be provided for by an assessment of sufficient township tax rate, known as road tax.

POPULATION OF STATE.-The population of Pennsylvania has been reported as follows in the years named

SAVINGS BANKS INVESTMENTS-POWERS AND RESTRIC-
TIONSPhiladelphia is, we believe, entitled to the distinction.
of starting the first savings institution in the United States. The
name this association bore was the "Philadelphia Savings Fund
Society," and it still exists, bearing the same name. Originally the
bank was not incorporated, but was a voluntary organization, such

societies in Great Britain being at that time of a like character. The date of the organization was November 27, 1816, and the bank was

.

opened for business December 2, 1816. Mr. Hutchinson, who, not holds the office of President, states that the oldest ledger of the compan goes back to the time of opening, and shows a deposit on that da (December 2, 1816) of five dollars. The company was not incom porated until February 25, 1819.

It is surprising that Pennsylvania, although engaged in such an earl venture in the department of savings institutions, should have mad so little progress in the same department since. Indeed, the secon organization does not bear date until 1847, and we think there ha only been 10 mutual savings institutions organized in the whole Stat from 1816 down to the early part of 1890. We may assume, howeve that this slow development was in no measure due to a lack of desir for savings banks on the part of the people of that common wealth. That such institutions were sought and needed sufficiently evident from the fact that nine of the ten companies re ferred to above reported in 1890 that they held \$63.957,341 c deposits. In 1889 a general law, facilitating the incorporation of say ings banks, was passed by the Legislature. Since then there has been a small addition to the number of institutions, the total doing busines in the State in November, 1901, being 16, with deposits aggregating \$114.033.933 29.

The provisions of the special charters are all liberal as to invest ments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special char ters, contains the following.

"Provided also, that no \* \* \* Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, EXCEPT first mortgage or lien upon real estate within this commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, town-hip or school district within this commonwealth, or any other good and valid securities." "Provided also, that no \* \* \* Savings Institution or Saving

Authority to loan on any "good and valid security "appears to con fer about as broad a discretion upon the managers as could be expressed in a statute.

It was not funtil 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. That law of 1889 is indeed well adapted not only for facilitating, but for stimulating, the growth of the system. Its influence in the latter direction would seem to be assured under the liberality of the provisions respecting investments. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.-It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

 $\mathbb{P}$  (1.) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corpo-ration, defaulted in the payment of any part of either principal or in-terest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States, issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate, situated in this State.

It will be noted that according to the foregoing (sub-division four), Pennsylvania savings banks are allowed to invest their deposits in the bonds and stocks of any city, county town or village in any of the United States. Furthermore, by the fifth subdivision bonds and mortgages are left to the discretion of the trustees in all purchases, except that they must be first mortgages on improved real estate in Pennsylvania. The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiclously invested in the securities named above.

ASSESSED VALUATION.-The total assessed valuation of the State in 1890 was \$74,134,401; in 1897 it was \$77,632,079.

DEBT LIMITATION.-Neither the new Constitution (adopted June 4, 1897,) nor the old Constitution nor the State statutes contain any general provisions authorizing bond issues or limiting the debt-making power, except that the new Constitution-

power, except that the new Constitution—

Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."
Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."
Forbids any corporation (Article 9, Sec. 1) to be created, etc., by special act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," etc.
The above indicates that the authority as regards municipalities [except as already specified in number (2)] rests with the General Assembly, and the General Assembly always passes special acts to provide for special occasions and needs.

The tax rate for 1902 has been fixed at \$1.70 per \$1,000.

DEBT LIMITATION .- There is nothing in the Constitution of Maryland limiting the power of the Legislature to authorize bond issues either by the State or by its municipalities. No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which cities and towns can issue bonds. This power is lodged in the Legislature, and is dele. gated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the loan with respect to which he may need information.

INTEREST on the consolidated loan of 1890, Western Maryland Railroad loan of 1887, Patterson Park loan due 1920, and on con-duit loan of 1922, is payable at the Citizens' National Bank of Baltimore; on the refunding 1940, the four-million-dollar loan of 1945 and McDonough Extension loan of 1893, at the National Exchange Bank of Baltimore; on the West. Maryland loans of 1882 and 1902 at the Merchants' National Bank of Baltimore; on internal improve-ment loan, Harford Run loans, paving bonds of 1881 and the funding loan of 1878, at the Farmers' & Merchants' National Bank of Balti-more; on water loans and funding 1936 loan at the National Me-chanics' Bank of Baltimore. chanics' Bank of Baltimore.

SAVINGS BANKS INVESTMENTS.—There are in this State gen-eral banking laws under which savings banks may be organized, and yet we notice that even in 1890 a special charter was granted incorporgeneral and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

Any savings institution incorporated under this article shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposit of money which shall be invested or loaned out on good security in the discretion of the directors; provided that no part of the funds of said corporation shall be loaned to any officer or director of such corporation.

In the special law passed in 1890, which we have referred to above, the power to loan the deposits is made a little more definite. The sec-tion referring to that subject states that the "corporation shall have "power to borrow money, receive money on deposit, loan money taking such security therefor, either real or personal, as the Board of Directors may deem sufficient; provided that no part of the funds of said corporation shall be loaned to an officer or director thereof." We cannot discover any marked difference in the two provisions

cited, except that the enactment in the case of the new Baltimore bank states distinctly that the security can be either real or personal. But as aruch as that would, we think, be assumed as authorized under the gen-oral provision, since no limit is made and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

TAX EXEMPT.—The issues marked with an x above are exempt from State of Maryland taxes. Holders residing in other States are exempt on all issues. None of the bonds are liable for city taxes.

SECTION 5. [No assumption of debts by the State.] The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debt shall have been created to

The foregoing sections complete the limitation as to State debt and oredit. Sections 7, 8, 9, 10 and 11 of Article 8 cover the matter of sink-ing funds referred to in Section 2 above. But they need not be published here.

SECOND, As to Cities, Towns, Counties, &c., so far as the Constitution affects the power of the Legislature to authorize these municipali-ties to create debt, the limitations are found in section 6 of article 8 and in sections 1, 2 and 6 of article 13. (1) Section 6 of article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of article 13 forbid the passing of special acts and require general acts for conferring cor-porate powers. (3) Section 6 of article 13 provides that the General Assembly make provision for the organization of citles, &c., by general laws and restrict their debt-making power. These sections are as follows: ARTICLE 8, Section 6. [Counties, cities, towns or townships not author-ized to become stockholders, dc.] The General Assembly shall never authorize any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint stock company, corpora-tion or association whatever; or to raise money for, or loan its credit to, or in aid of, any such company, corporate powers]. The General Assembly shall pass no special act conferring corporate powers. Section 2. [Corporations how formed]. Corporations may be formed under general laws; but all such laws may from time to time be altered or repealed. Section 6. [Organization of cities dc.] The General Assembly shall

The State tax (per \$1,000) for 1901 was \$2.89 and \$2.90 for 1900.

DEBT LIMITATION.—Ohio has very carefully guarded the debt-making power of the State. This could not be said while the Constitu-tion of 1802 was in force; for under that instrument it was competent for the Legislature to construct works of internal improvement on behalf of the State, or to aid in their construction by subscribing to the capital stock of corporations created for that numbers or to authorize capital stock of corporations created for that purpose, or to authorize in other ways the creation of debt in unlimited amounts. But since the adoption of the Constitution of 1851 the whole situation in these par-ticulars has changed, the legislative power with respect to the State having been limited. The same is in large measure true also of the municipalities.

or repealed.

Section 6. [Organization of cities, &c.] The General Assembly shall provide for the organization of cities and incorporated villages by gen-eral laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from section 6 article 8 above cited that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker vs. The City of Cincinnati, a case which arose under an act of the General Assembly of Ohio entitled "An Act relating to cities of the first class," Assembly of Ohio entitled "An Act relating to cities of the first class," authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that act purports to give, Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legal-ity of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language "of the section it is quite evident that it was not intended to prohibit "the construction of railroads nor indeed to prohibit any species of

<sup>44</sup> public improvements. The section contains no direct reference to <sup>44</sup> railroads nor to any other special classes of improvements or enter-<sup>44</sup> prises. The inhibitions are directed only against a particular manner <sup>45</sup> or means by which under the Constitution of 1802 many public im-<sup>46</sup> provements had been accomplished." <sup>47</sup> In compliance with section 6, article 13 (cited above), which provides for the organization of cities etc. by general law, the Legislature has made an elaborate classification of municipal corporations. First they are divided into cities, villages and hamlets. Then cities are divided into two classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. Cities in the FIRST CLASS—First grade includes all cities of more than 200,000 inhabitants; second grade all less than 200,000 and more than 30,000 inhabitants.

200,000 inhabitants; second grade all less than 200,000 and more than 31,-500 inhabitants. Cities in the SECOND CLASS—First grade includes all cities of less than 31,500 and more than 30,500 inhabitants; second grade all less than 30,500 and more than 20,000 inhabitants; third grade all less than 20,000 and more than 10,000 inhabitants; fourth grade all less than 10,000 and more than 5,000 inhabitants. VILAGES—Of the first class include all having less than 5,000 and more than 3,000 inhabitants; the second class includes all having less than 3,000 and more than 200 inhabitants. VILAGES—Of the first class include all having less than 5,000 and more than 3,000 inhabitants; the second class includes all having less than 3,000 and more than 200 inhabitants. HAMLETS—According to section 1550 of the Revised Statutes all ex-disting corporations organized as "incorporated villages for special "purposes shall be hamlets until advanced to villages." It is impossible to make any satisfactory generalization with regard to the bonding power the Legislature has granted these municipalities. There are a few sections of the Revised Statutes authorizing bond dssues which have a universal application, such as the provision granting power to issue bonds in anticipation of special assessments, but most of the laws for that purpose cover only one class of cities, and many of them are so worded as to apply only to one city, and granting an issue of bonds for a specific purpose. No general laws limiting the powers of municipalities to incur indebtedness have been passed, al-though section 6, article 13, appears to require it. And yet is it not a question whether that section calls for any legislation of a general nature except a general law "for the organization of cities, &c."? POPULATION OF STATE—The population of Ohio has been as volume in the wage a named

Cincinnati is situated in Hamilton County. In 1895 the villages of Avondale, Clifton, Linwood, Riverside and Westwood were annexed to Cincinnati and their indebtedness was assumed by that city. The Legislature of 1900 passed a bill providing for the annexation of a number of surrounding villages, subject to a vote of the places affected. The annexation project proceeded so far that the Board of Legislation had passed an ordinance providing for an election in the territory affected, but later this ordinance was re-pealed (V. 71, p. 1060) and the matter has since been in abeyance The Cincinnati Southern Railway bonds due in 1902 will be refunded with new 3<sup>1</sup>/<sub>2</sub> per cent 30·50-year (optional) bonds by the Sinking Fund Trustees. The new bonds are offered for sale May 22.

the general bonds. CITY PROPERTY.—The city owns the Cincinnati Southern Railroad. The rental received for the road was (under the old lease) \$1,090,000 till 1901 and then \$1,250,000 till 1906, when lease expires. A new lease was submitted to a vote of the people at the 1901 election and ratified. Under its terms the lease is extended to Oct. 12, 1966, at an annual rental of \$1,050,000 for the first 20 years, \$1,100,000 for the second period of 20 years and \$1,200,000 for the remaining 20 years. The railroad company is also to pay the interest on \$2,500,000 bonds to be issued for terminal facilities, as well as a sum annually in addition for a sinking fund. V. 72, p. 499; V. 73, p. 628. The legality of the lease was affirmed in a decision handed down by the Superior Court on Feb. 6, 1902 (V. 74, p. 392), and affirmed upon appeal by the State Supreme Coort. V. 74, p. 741. The water-works pays the inter-est and sinking fund on all water bonds. ASSESSED VALUATION. FTC.—The net debt on Dec. 31, assessed

LOANS- When Due. IMP. AND PARK BONDS-Total valuation 1901...\$1,589,848 Tax rate (per \$1,000) 1901.\$24'60 Solution in 1890 was.....,3501 Total debt Sept. 1, 1901. \$80,000 Total debt Sept. 1, 1901. \$80,000 These bonds have been repudiated by the City Council on the ground that they were illegally issued. The interest due September 1, 1896. was not paid. It seems that the Ohio statutes allowed only 8 mills tax levy. This was insufficient to pay regular running city expenses and the interest on these bonds. The courts were accordingly appealed to and have decided, we are informed, that the 8 mill limit could be ex-ceeded if that was necessary to pay the interest. It is understood that the city will shortly arrange to resume payment.

in their discretion may incur obligations necessary for the public pro-tection and defense to such an amount as may be requested in such petition

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder beyond the *z* per cent limit, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the Constitution. (See editorial in STATE AND CITY SUPPLEMENT for October, 1899, page 3.) *THIRD, counties* (but no other kind of municipality) are prohibited from subscription. The section which covers this subject is section 6 of article 10, and is as follows. Counties cannot take stock. No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incor-porated company, nor borrow money for the purpose of taking stock in any such company; nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever. The prohibition subject is a salready stated

any corporation whatever

any corporation whatever. The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to author-ize cities to subscribe to the stock of railroads, as it did by a general law passed in 1867 granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law too which authorizes counties bordering on the State line to subscribe for railroad stock and to issue bonds for the purpose of paying the subscription. In view of the above section this grant of power extended to counties would seem to be at least questionable. questionable.

*OOUNTIES are apparently restricted* by statute to a lower than the Constitutional limit of 2 per cent in the matter of creating certain kinds of debt. For instance, Section 5749 of the Revised Statutes authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that pur-pose not exceeding 1 per cent on assessed valuation and issue bonds therefor therefor.

Limit of one per cent may be exceeded in counties for funding pur-poses in certain cases where the aggregate indebtedness in 1879 exceeded one per cent (see Revised Statutes, Section 816); also for temporary loans (see Revised Statutes, Section 5818). Also (if the laws that have been passed are constitutional), the limit of 2 per cent may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns of fifteen thousand inhabitants or over to issue bonds for legitimate corporate purposes, subject, however, to the Constitutional limit of 2 per cent on valuation. But we have not the space to set out here the details, or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as water works, &c. BILL LEGALIZING GRAVEL ROAD BONDS.—The Legislature

BILL LEGALIZING GRAVEL ROAD BONDS. —The Legislature in 1901 passed a bill (Chapter 136) legalizing all bonds, sold or un-sold, issued under an act of the Legislature, approved March 3, 1893, as amended by Acts approved March 7, 1895, and Feb. 24, 1899. All acts and orders of the Board of County Commissioners passed under these laws are by this new law legalized and made valid.

POPULATION OF STATE.-The population of Indiana has been as follows in the years named.

DEBT LIMITATION.—In the present Constitution of Indiana, which went into effect November 1, 1851, superseding the Constitution adopted in 1816, there are explicit provisions limiting the power of both the State and its municipalities to contract debt. FIRST, as to the State, Section 5 of article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel inva-sion &c. can be contracted. The section in full is subjoined. CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on the State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense. In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows.

The clause referred to reads as follows. Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever

SECOND. as to municipalities, the provision contained in the Constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2 per cent of the valuation. It is article 13 of that instrument which relates to this subject, and we give the article in full below.

LIMITED - EXCESS VOID. - No political or municipal corporation in this State shall ever become indebted in any manner or for any pur-pose to an amount in the aggregate exceeding two per centum on the valuation of the taxable property within such corporation, to be ascer-tained by the last assessment for State and County taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; *Pro-vided*, That in time of war, foreign invasion, or other great public calamity, on petition of a majority of the property owners in number and value within the limits of such corporation the public authorities and value, within the limits of such corporation, the public authorities

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the STATE AND CITY SUPPLEMENT of April 1894, page 91.

BONDED DEBT.—This State had on April 1, 1902, no bonded debt, except \$18,500 bonds which have ceased to draw interest, but have not yet been surrendered for payment.

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate for 1901 was \$5.00.

\* For explanation as to the falling off of values in the year 1900 see letter of State Auditor in V. 74, p. 741. Under a law passed Feb. 25, 1898, there will be a general assessment of real estate but once in every four years instead of annually; per-sonal property will be listed every year. The law also provides that property shall be appraised at full value but assessed at only one-tifth of such value.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present Constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the Constitution of 1818. The Constitution of 1848 contains no reference to numicipalities, but has in it stringent restrictions limiting to \$50,000 the power of the Legislature to create State debt, except in case of war, invasion, etc., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the Constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled. basis settled.

FIRST, as to the State, the provisions are not very unlike the provis-lons of the Constitution of 1848, except that as to the limit for casual de floits of the constitution of 1943, except that as to the mint for casha de floits and failures of revenue, the aggregate which can be created is very properly raised to \$250,000. But with that exception and with the further exception for the purpose of repelling invasion etc. no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues and previous potice of the election be given by iterest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice of election are only found in the 1870 Constitution. The sections which cover these matters are as fol-lows; we omit the first portion of Section 18, which relates only to appropriations and payment of appropriations out of funds belonging to the State : to the State: SECTION 18. \* \* \* \* \* *Provided*, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the ag-gregate \$250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no other purpose; and no other debt except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election The General Assembly shall provide for the publication of said law for three months at least before the vote of the people shall be taken upon the same: and provision shall be made at the time for the payment of the interest annually as it shall accrue, by a fax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax, shall be irrepealable until such debt be paid: And provided further, that the law levying the tax shall be sub-mitted to the people with the law authorizing the debt to be contracted. SECTION 20. The State shall never pay, assume or become responsible SECTION 20. The State shall never pay, assume or become responsible for the debts or liabilities of, or in any manner give, loan, or extend-its credit to or in aid of any public or other corporation, association or individual

tained. See Vol. 70, page 242. The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V. 74, p. 741, throws some light on these changes. WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the earnings of the Water Department without regard to the bonded indebtedness. Several municipa ities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attem: ted to issue bonds under this law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5 per cent limit could not be exceeded.—V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 491. IMPROVEMENT BONDS.—There is a kind of improvement bond author-ized in some cases which is made a special lien on the land benefited and to which the 5 per cent limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject "to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improve-ment district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in instal-rents or otherwise, and such city or village may issue houds sufficient

and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in instal-ments or otherwise and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots. locks or parts thereof which shall be designated therein; but before the issue the owner of the lots, etc., to be charged must endorse upon the back of such bond his consent. under seal, in substance as follows: "I hereby indorse the within bond "and consent that the lot or lots or parts thereof therein designated "shall become liable for the interest and principal therein namea and "the same shall be a lien upon said property from this date until paid "off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the recorder's office in the county, and such record shall be a notice of the lien created to the in the county, and such record shall be a notice of the lien created to the

in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice. We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in the Revised Statutes of Illinois, the 1889 edition, page 303. To understand the real cause and occasion for all this machinery, one should study also the previous statute (page 99, &c.) which authorizes cities, &c., to protect themselves from over-flow and inundation and control private levees, &c. After having read the two laws it will be found that the district improvement bond has been devised as a relief measure, and that it affords a wise and ingenious method for helping those in more moderate circumstances who have been taxed for a very necessary improvement to pay the tax by instal-ments.

SECOND, municipal indebtedness is regulated only in the Constitution

### PERRY COUNTY.-J. G. TAFFER, Clerk.

PERRY COUNTY. .-...J. G. TAFFER, Clerk. County seat is Pinckneyville. The bonds below described are registered with the State Auditor. The United States Supreme Court has established the validity of Chester & Tamaroa railroad-aid bonds of this county and has declared the \$100,000 B. & S. S. railroad-aid bonds invalid. At the November (1899) election, a proposition to issue bonds to re-fund the Chester & Tamaroa bonds together with accrued interest, amounting in all to about \$190,000, was voted upon and defeated. Since then the county has been mandamused to pay indebtedness to the amount of about \$162,000 as follows. All interest due and accrued up to June 1, 1900, and 10% of principal to be paid in 1900. Interest and 15% of the remaining principal in 1901; interest and 20% of principal then remaining in 1902; interest and 25% outstanding principal in 1903; interest and 30% principal in 1904; interest and 50% principal in 1905, and the remaining amount due in 1906. In accord-ance with the above order 10 per cent of the judgments and accrued interest have been paid, and the county is now paying the 1901 in-stalment. There was on March 1, 1901, due on judgments about \$125,000 and the accrued interest thereon brought the aggregate up to about \$15,000. Retunding bonds to the amount of \$150,000 were voted upon at the November, 1900, election, but were defeated. The

### PULASKI CO.-E. W. McClelland, Clerk.

This district has no bonds outstanding. A levee district was organ-ized in 1870 and \$648,500 of bonds were issued, which the Supreme Court of Illinois has declared illegal, and this decision has been affirmed by the United States Circuit Court of Appeals, which Court has denied a rehearing. See CHRONICLE, V. 64, p. 343; V. 69, p. 1192 and V. 70, p. 494. The case was taken to the Supreme Court of the United States, (V. 71, p. 957) which Court has confirmed the opinion of the lower Court.

County seat is Carmi. The bonds are all registered with the State Auditor

The Cairo & Vincennes Railroad bonds have been in litigation for some time, but the matter has been compromised by the county agree-ing to pay \$16,500 in three annual instalments, to be accepted in full for both principal and overdue interest.

Admitted as a State (Act June 15, 1836) Jan. 26, 1837 - 58,915 Total Area of State (square miles) - -State Capital - - - -Lansing - --Governor (term expires Jan., 1903) -Aaron T. Bliss Secretary of State (term ex's Jan., 1903) Fred. M. Warner Treasurer (term expires Jan., 1903) - - Daniel McCoy Legislature meets biennially in odd years the first Wednesday in January, and there is no limit to the length of sessions, excepting special sessions, in attending which members can receive no more than 20 days' pay.

HISTORY OF DEBT.—The historical details of Michigan's State debt will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 98. In 1864 the State Treasurer reported the funded debt at \$3,880,399, and \$1,450,472 additional "Trust fund debt." The bonded debt July 1, 1901, consisted of \$416,800 war loan bonds of 1898. The \$19,000 of "past-due part-paid \$5,000,000 loan bonds" which were ad-justable at \$578.57 per \$1,000, amounting to \$10,992.83, have never been presented for payment and bear no interest. These latter bonds

not having been presented for redemption prior to May 31, 1900, were forfeited to the State as per notice given to the holders at that time. The "Trust fund debt" on July 1, 1901, amounted to \$6,437,607 63. The term "Trust Fund Debt" is, however, a misnomer. In explana-tion it should be said that the United States Government set aside certain lands in the State of Michikan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law pro-vides, however, that a certain specified rate of interest must be an nually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation. The sinking fund applicable to the retirement of the war bonds on July 1, 1901, amounted to \$288,739 99.

In 1900 the assessed valuation of real estate was \$1,006,453,013; per-sonal property, \$310,997,015; total valuation, \$1,317,450,028.

sonal property, \$310,997,015; total valuation, \$1,317,450,028. DEBT LIMITATION. — Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So to be abreast with the times, instead of putting any limit on the power of the State to create debt, it put into its Constitution **a** notice to the Legislature to go to work at once and make provision for "ascertaining the proper objects of improvement in relation to roads, " canals and navigable waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible. That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another Constitution. Dur-ing the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be. Nothing will illustrate this change in spirit and purpose more clearly than the following limitations respecting the creation of State indebtedness which were inserted. These sections are all found in article 14 of the 1850 Constitution. which Constitution is still in force. SECTION 3. The State may contract debts to meet deficits in revenue. Such debts shall not in the aggregate at any one time exceed fifty thousand dollars. The moneys so raised shall be applied to the pur-poses for which they were obtained or to the payment of the debts so contracted. SECTION 4. The State may contract debts to repel invasion, suppress

contracted.

SECTION 4. The State may contract debts to repel invasion, suppress insurrection or defend the State in time of war. The money arising from the contracting of such debts shall be applied to the purpose for

from the contracting of such debts shall be applied to the purpose for which it was raised or to pay such debts. SECTION 6. The credit of the State shall not be granted to or in aid of any person, association or corporation. SECTION 7. No scrip, certificate, or other evidence of State indebted ness shall be issued except for the redemption of stock previously issued or for such debts as are expressly authorized in this Constitution. SECTION 8. The State shall not subscribe to, or be interested in the stock of any company association or corporation

stock of any company, association or corporation. SECTION 9. The State shall not be a party to, or interested in, any work of internal improvement, nor engage in carrying on any such work ex-cept in the expenditure of grants to the State of land or other property. The foregoing sections appear to cover every branch and phase of the subject; and compared with the Constitution of 1837 what a contrast they afford !

they afford! Cities and villages, however, were left by the 1850 instrument to the discretion of the Legislature in the matter of restrictions upon their bor-rowing power. The provision which relates to this subject is found in Article 15, Section 13, and is as follows: SECTION 13.—The Legislature shall provide for the incorporation and organization of cities and villages, and shall restrict their powers of taxation, borrowing money, contracting debts and loaning their credit. In the exercise of the power granted by this section the Legislature has passed general laws governing the incorporation, taxation and bonding of cities and villages. With regard to cities the chief provisions with respect to taxation and bond issues will be found in the second volume of the 1890 revision of Howell's Annotated Statutes of Michi-gan, Chapter 22, on "Finance and Taxation," pages 629 to 702, Sections 2693 to 2730. The sections which mainly cover these points are the following—we give the substance not the words of the section :— **Taxes**, And in what amount they can be laid, are defined in Section 2697 to Section 2701.

2697 to Section 2701. Section 2697 provides that the maximum amount which the council

may raise by general tax for all general purposes (except schools and school house purposes and except as otherwise provided below) shall not exceed in any one year-

election. The amount that may be so raised in any year shall not ex-ceed two per cent of assessed valuation. BECTION 2,713. The proposition to raise such additional amount must be submitted by an ordinance distinctly stating the purpose of proposed expenditure, the amount proposed, and whether to be raised by tax or loan. Such ordinance shall be passed, published in one newspaper of city, and copies posted in five most public places in each ward of city, at least two weeks before the election - vote shall be by ballot. SECTION 2,717. No loans made exceeding amounts prescribed in this act. For loans lawfully made bonds of the city may be issued bearing a legal rate of interest. Record to be kept by city clerk. When deemed necessary by council new bonds may be issued in place of former bonds falling due. Each bond shall show upon its face the class of indebted-nees to which it belongs and from what fund payable. The foregoing provisions apply to cities. The law relating to villages with reference to the same subject is so nearly of a like character 'as not to need reciting.

## State of Wisconsin.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act. Apr. 20, 1836) - July 3d, 1836 May 29th, 1848 Admitted as a State (Act. Aug. 6, 1846) -56,040 Total area of State (square miles) Madison State Capital - - -Governor (term expires 1st Monday, Jan. 1903), R.M. La Follette Secretary of State (1st Mon. Jan. 1903), - W. H. Froehlich Treasurer (1st Monday Jan. 1903) - - J. O. Davidson Legislature meets bi-ennially in odd years on the second Wednesday in January, and there is no limit to length of

HISTORY OF DEBT. For a brief history of the Wisconsin debt SEE STATE AND CITY SUPPLEMENT of April, 1895.

At present the State has no indebtedness except the trust funds, as follows

Do	do	School Fund	515,700
Do	do	University Fund	111,000
Do	do	Agricultural College Fund	60,600

DEBT LIMITATION.-The constitutional provisions of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, cities &c., as well as the State, are definitely limited by that instrument. We will give the provisions first which relate to the State and after that those which have reference to cities. &c.

(1) STATE indebtedness is confined within very close bounds. It

SECTION 7. State may borrow money, when. The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.
SECTION 9. Evidences of debt. No scrip, certificate, or other evidence of State debt, whatsoever, shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.
SECTION 10. Internal improvements—avails of grants. The State shall never contract any debt for works of internal improvement, or be a party in carrying on such works, but whenever grants of land or other property shall have been made to the State, especially dedicated by the grant to particular works, and shall devote thereto the avails of such works in aid of their completion.
(2) OUTLES counties forms rillaged for works in such property shall be and sevent for such arous the such a party in a such works.

(2) CITIES, counties, towns, villages, &c., were unrestricted except by legislative enactment until 1874. Since that amendment was adopted five per cent on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before or at the time when it incurs any indebtedness, to make provision for an annual tax sufficient to pay the interest and also sufficient to pay the principal within twenty years from the time of contracting the debt. We give below the amendment referred to in full.

Limitation of Municipal Indebtedness-Adding to Section 3, Article 11, the words:

11, the words: No county, enty, town, village, school district, or other municipal cor-poration, shall be allowed to become indebted in any manner or for any purpose, to any amount, including existing indebtedness in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes pre-vious to the incurring of such indebtedness. Any county, eity, town, village, school district, or other municipal corporation incurring any indebtedness, as aforesaid, shall before or at the time of doing so pro-vide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. On April 20, 1893, a new law passed by the Legislature of Wiscongin

On April 20, 1893, a new law passed by the Legislature of Wisconsin was approved by the Governor which gives general authority for the issuance of bonds to cities operating under special charters granted by the State, and containing a population of three thousand or more inhabitants, as follows. This authority is of course subject to the foregoing provisions of the Constitution.

seems as if the framers of the Constitution must have taxed to the extreme their ingenuity for forms in which to express their determination to inhibit debt-making. The sections which cover the subject are sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. Credit of State, for what not given. The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

SECTION 4. Contracting debts. The State shall never contract any

SECTION 4. Contracting debts. The State shall never contract any public debt, except in the cases and manner herein provided. SECTION 6. Limitation on public debt. For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed one hundred thousand dollars). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House, to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

For the erection and construction of a city hall and the purchase of a site for the same.

For the construction and extension of water works or the purchase of the same, and for constructing sewers, and for the improvement and maintenance of the same.

For the erection, construction and completion of school buildings and the purchase of school sites.

For the purchase of sites for engine houses, for fire engines and other equipments of the fire department, and for the construction of engine

houses. For the purchase of sites for police stations and for the construction if buildings thereon for the use of the police department. For the construction of viaducts, bridges, and for repairs of the same. For the erection and construction of library and museum buildings and the purchase of sites for the same. For the establishment of public baths and hospitals and the purchase

of sites for the same.

For the purchase of lands for public parks and improvements thereof and for the payment of purchase money and interest thereon which may be or become due for park lands already acquired or contracted for.

For permanently improving streets in such city, and for creating a fund out of which to advance the cost of repairs to sidewalks in antic-ipation of the collection of special assessments for such cost of repairs by the Treasurer of such city. For the construction or purchase of electric or gas light plants for lighting streets and public buildings. For refunding existing indebtedness.

The law further provides that bonds issued under this act shall bear interest, payable annually or semi-annually, at a rate not exceeding 6 per cent per annum; that the Common Council shall annually levy a tax upon all the taxable property sufficient to pay the annual interest thereon, and to provide a sinking fund each year equal to 5 per cent on the principal of said bonds; that no bonds shall be issued so that the amount thereof, together with all the other indebtedness of the city, shall exceed 5 per cent of the assessed valuation of the city and also that the bonds shall show on their face the amount of indebted-ness of the city issuing the same, the annual amount of the assessment of the taxable property therein for the five years next preceding the issue, and the average amount thereof, and they shall not be sold for less than their par value and accrued interest.

No system could be devised better adapted for keeping municipal debt at a minimum than the foregoing amendment establishes.

ASSESSED VALUATION.—The total assessed valuation of the State, as determined by the State Board of Assessors, and the tax rate for State purposes, have been as follows for the years named below :

SUPERIOR.-A. REEDFORS, Comptroller

This city is situated in Douglas County. Most of the special street and sewer bonds, issued at 6%, have been extended or exchanged for 5s due in 1908. Several suits have been instituted recently which involve the legality of some \$600,000 or \$700,000 special improve-ment bonds. V. 73, p. 801, 1124, and V. 74, p. 110 and 590. When This

The total taxes levied in the above table includes the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and besides the tax of \$1.80. as given above, for 1901 there was a tax of \$1.23 for school and university purposes.

DEBT LIMITATION .- Minnesota has protected the State from extravagant expenditures through restrictions which its Constitution puts on every kind of debt making. That instrument fixes the limit at \$250,-000 "for the purpose of defraying extraordinary expenditures;" and an amendment, ratified in 1879, extended this power to \$250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and blind asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the Constitu-tion which relates to that subject, and that has reference to making railroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

ject are in article 9, sections 5, 6, 7, 8 and 14. SECTION 5. (Public debt may be contracted.) For the purpose of de-fraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the journals of each House, respectively; and every such law shall levy a tax, annually, sufficient to pay the annual interest of such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed, or diminished, until the principal and interest of such debt shall have been wholly paid. The State shall never contract any debts for works of internal improvement, or be a party in carrying on such works, except in cases where grants of land or other property shall have been made to the State, especially dedicated by the grant to specific purposes; and in such cases the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenues de-rived from such works in aid of their completion. SECTION. 6.—(Public debt how contracted.) All debts authorized by the

SECTION 6 .- (Public debt how contracted.) All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five hundred dollars each, on interest, payable within ten years after the final passage of the law authorizing such debt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall be kept by the Treasurer in numerical order, so as al-ways to exhibit the number and amount unpaid and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(Appropriation of money received from loan or State bonds.) The money arising from any loan made, or debt or liability con-tracted, shall be applied to the object specified in the act authorizing such debt or liability, or to the repayment of such debt or liability, and

to no other purpose whatever.

to no other purpose whatever. SECTION 14.—(State debt for public buildings). For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may by law increase the public debt of the State to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt al-ready heretofore authorized by the Constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State and appropriate the money only for the purpose aforesaid; which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality the only restriction on the debt making power in the Constitution is the following, found in article 9, section 15.

SECTION 14.—(Municipal debts in aid of railroads.) The Legisla-ture shall not authorize any county, township, eity or other municipal corporation to issue bonds or to become indebted in any manner to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, eity, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made for the purpose of State and county taxation previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to ssue bonds in aid of railroads to ten per cent of valuation. Hence the

amendment consisted in simply changing the word ten and making it five.

This is all the Constitution contains with reference to the debts of municipalities. The Legislature, however, has made some general provisions governing bond issues, which will be found in the STATE AND CITY SUPPLEMENT for October, 1899, and in previous numbers of that publication.

The maintenance of this sinking fund for the payment of the principal of the bonds is "de-clared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept inviolate." In ac-cordance with this provision there was raised by taxation for the sink-ing fund in 1901 \$147,180. The sinking fund is invested in city of Minneapolis 4 and 4b per cept bonds. Minneapolis 4 and 412 per cent bonds.

BOND LIMIT.—The city of Minneapolis is restricted in all legisla-tive acts authorizing the issue and sale of bonds, and is required to keep within the following limit: From the total issue of all city bonds shall be deducted the total amount of funds and securities in the sink-ing fund, and this balance shall not exceed 5 per cent of the aggregate value of the taxable property of the city as assessed and determined for the number of taxation for the purpose of taxation.

WATER RECEIPTS.—The receipts from water in 1901 were \$295,078; current expenses for water works, \$272,297.

VALUATION AND INDEBTEDNESS.—The city's assessed valua-tion (property being assessed about 40% to 50% of its actual value), tax rate and bonded debt have been as follows on December 31 of the years given:

TAX RATE.-The State tax (per \$1,000) for 1901 was \$2.90; this includes general State tax, \$2.70, and special tax, 20 cents, for educational purposes.

DEBT LIMITATION .- Iowa's Constitution restricts the creating of debt, both State debt and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded-(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below.

ARTICLE 7, Section 1. [Limitation of State indebtedness.] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association, or corporation; and the State shall never assume, or become responsible for, the debts or liabilities of any individ-ual, association or corporation, unless incurred in time of war for the benefit of the State. SECTION 2. [Same ]. The State may contrast debts to supply essent

benefit of the State. SECTION 2. [Same.] The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more acts of the General Assem-bly or at different periods of time, shall never exceed the sum of two hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever. whatever.

obtained, or to repay the debts so contracted, and to no other purpose whatever. SECTION 4. [For what other purposes State may contract debt.] In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the debts so contracted shall be applied for the purpose for which it was raised, or to repay such debts, and to no other purpose whatever. SECTION 5. [Other debts to be authorized.]—Except the debts hereinbe-fore specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of contracting thereof; but no such law shall take effect until at a general election it shall have been submitted to the people, and have received a majority of all the votes cast for and against it at such election; and all money raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be published in at least one newspaper in each county, if one is published therein, throughout the State, for three months preceding the election at which it is submitted to the people. to the people.

ARTICLE VIII, Section 3. [State not to be a stockholder.]—The State shall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war for the benefit of the State.

There can be but little fear that a State or city will ever create debt in any larger amount than it can easily pay where the law, as in the above case, requires a tax to be levied at the time of its creation sufficient to pay the interest annually and the principal when due.

SECOND, as to municipal indebtedness, the limit is fixed absolutely

in the Constitution. The provisions covering the subject are as follows:

ARTICLE VIII, Section 4. [Corporation not to be a stockholder.] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI, Section 3. [To what amount county may become indebted. No county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding five per centum on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list previous to the incurring of such indebtedness. [The Legislature, however, has fixed a lower limit, as stated below.]

The above (section 3 of article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (approved April 6, 1900,) fixing the limit of indebtedness of counties or other political or municipal corporations at only 14 per cent of the actual value of property in cities or towns as returned by the last tax

Gilbertson Auditor (1st Monday Jan. 1903) -F. F. Merriam . Legislature meets biennially in even years, the 2d Monday in January, and there is no limit to length of sessions.

HISTORY OF DEBT .- For history of Iowa's debt see STATE AND CITY SUPPLEMENT of April 1894, page 110.

TOTAL DEBT.-Iowa has a bonded debt of only \$10,937. On July 1, 1901, there were no warrants outstanding and the State had cash in the general revenue fund amounting to \$1,114,159 and a claim on the United States Government for Spanish war expenses amounting to \$55,226 69 and also's claim for interest on Civil War bonds amounting to \$456,000.

list. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. We present this bill in full.

SECTION 1.—That Section thirteen hundred and six (1306) of the Code be and is hereby repealed, and the following enacted in lieu thereof. SEC. 2.—" No county or other political or municipal corporation, including cities acting under special charters, shall be allowed to become indebted, in any manner or for any purpose, to an amount in the aggregate exceeding one and one-fourth per centum on the actual value of the property within such county or corporation, to be ascer-tained by the last State and county tax list previous to the incurring of such indebtedness." of such indebtedness.

SEC. 3.-This Act being deemed of immediate importance shall be in force from and after its publication in the Des Moines "Register" and the Des Moines "Leader," newspapers published in Des Moines, Iowa,

CONSTITUTIONAL AMENDMENTS—The Legislature of 1901 passed various resolutions involving amendments to the State Constitution. Several of the amendments relate to taxation; one permits the city of St. Louis to frame a new charter, while another amends Article 10, Section 12, by exempting water debt of St Louis and Kansas City in computing the indebtedness of those cities. The amendments will be submitted to a vote at the November (1902) election.
DEBT LIMITATION.—Missouri has made provision in its Constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44, 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit for the payment of liabilities of any individual, association or corporation.

The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10, Section 12. These sections make clear (1) that a municipality cannot loan its credit; (2) that It cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election avor it, and then only to an aggregate of 5 per cent of valuation, except that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or lail, and finally (4) that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and orm a sinking fund to pay the debt within 20 years. These provisions are certainly very conservative. The sections above referred to will be found in the STATE AND CITY SUPPLEMENT for April, 1901, on pages 117 and 118.

POPULATION OF STATE.—The population of Missouri has been as follows in the years named.

19003, 106, 665   1	1860	1,182,012	1830140,455
1890 2,679,184	1850	682,044	1820 66,557
1880 2,168,380	1840	383,702	1810 20.845
18701.721.295			

The proportion of the colored population was 6.70 per cent in 1880, 5.75 per cent in 1890, and 5.2 per cent in 1900. In number blacks were 90,040 in 1850; 118,503 in 1860; 118,071 in 1870; 145,350 in 1880, 154,131 in 1890, and 161,234 in 1900.

Net debt .........\$3,241,186 \$3,314,000 \$3,415,000 \$3,540,000

The figures of total debt include the water debt, amounting Oct. 1, 1901, to \$3,024,000. The city has no floating debt and the surplus income received by it from the water works, after paying all operating expenses and the annual interest on the entire water debt, is now about \$152,000. A sinking fund is provided by the laws of Missouri calculated to extinguish the total debt of the city in about 20 years without reduc-ing the amount appropriated for current expenses and improvements and without increasing taxation.

CONSTITUTIONAL AMENDMENT-An amendment to the State Constitution will be voted upon at the November (1902) election, which will in effect exempt the water debt mentioned above from figuring in the limit of indebtedness.

#### KANSAS CITY PARK DISTRICTS.—Geo. E. Kessler, Secretary.

Park fund certificates are not a debt of the city and the city is not liable for their payment. The certificates are issued by the City Treas-urer under the provisions of Article X of the city charter. They are to pay for land taken for park purposes and are payable in annual in-stalments by means of special assessments on lands in the various park districts. An election to vote an issue of certificates is not necessary.

TAX RATE.-In 1901 the tax rate (per \$1,000) was \$3.20.

DEBT LIMITATION.—South Dakota has incorporated into its Constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XIII., and are as follows.

SECTION 1. Neither the State nor any county, township or munici-pality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; provided, that the State may assume or pay such debt or liability when in-curred in time of war for the defense of the State. Nor shall the State engage in any work of internal mprovement.

SEC. 2. For the purpose of defraying extraordinary expenses and SEC. 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate \$100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing in-surrection, or defending the State or the United States in war, and pro-vision shall be made by law for the payment of the interest annually, and the principal when due, by tax levied for the purpose, or from other sources of revenue; which law providing for the payment of such interest and principal by such tax tax or otherwise shall be

N.

irrepealable until such debt is paid; provided, however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South

124

Dakota. SEC. 3. That the indebtedness of the State of South Dakota, limited by section 2 of this article, shall be in addition to the debt of the Territory of Dakota, assumed by and agreed to be paid by South

SEC 4. The debt of any county, city, town, school district, civil town-ship or other sub-division shall never exceed *five per centum* upon the assessed value of the taxable property therein. In estimating the amount of indebtedness which a municipality or sub-division may in-cur, the amount of indebtedness contracted prior to the adoption of this Constitution shall be included this Constitution shall be included.

By a constitutional amendment adopted in 1896 the following ad dition was made to Section 4:

dition was made to Section 4: Provided, That any county, municipal corporation, civil township, district or other sub-division may incur an additional indebtedness not exceeding ten per centum upon the assessed value of the taxable property therein for the purpose of providing water for irrigation and domestic uses. Provided further, That no county, municipal corpora-tion or civil township shall be included within any such district or sub-division without a majority vote in favor thereof of the electors of the county, municipal corporation or civil township, as the case may be, which is proposed to be included therein, and no such debt shall ever be incurred for any of the purposes in this section pro-vided; unless authorized by a vote in favor thereof of a majority of the electors of such county, municipal corporation, civil township, district or sub-division incurring the same. (See also note below.) Sec. 5. Any city, county, town, school district or any other sub-division incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances p oviding for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid. NOTE.—A further amendment to Section 4 is to be voted upon at

NOTE .- A further amendment to Section 4 is to be voted upon at the next general election. This amendment aims to include sewerage as well as water among the purposes for which an additional indebtedness of 10 per cent may be incurred. It also provides that cities of 8,000 or more may incur indebtedness not exceeding 8 per cent of the assessed valuation "for the purpose of constructing street railways. electric lights or other lighting plants."

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. 1900.401,570 1890.328,808 1880.98,268 1870.\*14,181 1860.\*4,837

	Legislature meets biennially in odd years on the 1st Tuesday
	of January, and sessions "shall not be less than sixty days,"
	but are not otherwise limited. Members of the Legislature
	"shall not receive pay for more than 60 days at any one
	sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For history of the State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 122. This State has no *bonded* indebtedness at present. The bonded debt, which on Dec. 1, 1892. amounted to \$549,267, was gradually re-duced until June 3, 1900, when the last remaining \$35,000 was paid off. On Dec. 1, 1901, the general fund warrants outstanding amounted to \$2,037,406. The cash in the treasury on the same date was \$553,474.

PERMANENT SCHOOL FUND.—The investments of the school funds on Dec. 1, 1901, amounted to \$4,967,456, held as follows: Permanent school fund, \$4,680,640 73; University fund, \$88,791 73; Agricultural College endowment fund, \$158,024 42, and the Normal College endowment fund, \$40,000.

ASSESSED VALUATION.-The total assessed valuation (about 20 per cent of true value) and tax rate per \$1,000 have been:

DEBT LIMITATION.--Nebraska has carefully provided in its Con-stitution against creating State indebtedness, but has left city and other municipal indebtedness chiefly in the care of the Legislature. *STATE* indebtedness is restricted to \$100,000 to meet casual defi-cits in revenues, except in case of invasions, &c., while the loaning by the State of its credit is prohibited. The sections of the Constitution which have reference to these matters will be found in the STATE AND CITY SUPPLEMENT of April, 1895, pages 124 and 125.

POPULATION OF STATE	The population of Nebraska has
been as follows in the years named	:
1900	1870 122,993
	1860 28,841
1880 452,402	

We give below the bonded debt, warrants outstanding, and cash in treasury on July 1, 1901, the assessed valuation for the year 1901, and the population in 1900 of all counties in South Dakota reporting a debt of \$10,000 or over, which are not included among the foregoing. Borrowed

INCIDENTS IN STATE ORGANIZATION, ETC .- See STATE AND CITY SUPPLEMENT of April, 1893, page 124, for the facts and statements heretofore given under this head.

HISTORY OF DEBT.-When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of \$150,000. The Constitution of 1859 limited the debt-making power to one million dollars (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was \$630,775, of which the State owned \$28,650. In 1878 the total bonded debt was \$1,181,975, of which the State owned \$713,600. The bonded debt March 10, 1901, was \$667,000, all held by State funds. At present the debt is:

DEBT LIMITATION,- Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed \$1,000,000. This limit, however, has two exceptions. First, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. Second, the section following provides that the State may borrow money to repel invasion, &c. We give these sections in full and also the subsequent one which forbids the State being a party to internal improvements.

ments. Debts, annual tax; proceeds. For the purpose of defraying extraordin-ary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed one million dollars, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt and the principal thereof when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropri-ation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid. *Other debts.* No debt shall be contracted by the State except as here-in provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election; and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the pre-ceding sention of this article.

debt, subject to all the provisions and restrictions provided in the pre-ceding section of this article. Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

*Oities.* Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. The reader will, however, find the ground very fully covered in a series of articles which were published in the CHRONICLE, Vol. 53, pages 854 and 942, and Vol. 54, pages 42 and 128.

POPULATION OF STATE.-The population of Kansas has been as follows in the years named.

**1900**.....1,470,495
 **1870**.....364,399

 **1890**....1,427,096
 **1860**.....107,206

 **1880**.....996,096
 **107**,206

The proportion of the colored population was 4.33 per cent in 1880, 3.59 per cent in 1890 and 3.7 per cent in 1900. In number blacks were 627 in 1860; 17,108 in 1870; 43,107 in 1880, 51,251 in 1890 and 52,003 in 1900.

### State of Montana. ITS

### STATE AND CITY SUPPLEMENT.

DEBT LIMITATION .- The Constitution of Montana was adopted by popular vote October 1, 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and city, and we gave those sections in full on page 135 of the STATE AND CITY SUPPLEMENT of April, 1895. It may be mentioned that the restrictions and limitations are distinctly and fully stated.

POPULATION OF STATE.-The population of Montana has been as follows in the year named :

 $1900, \dots 243, 329 \mid 1890, \dots 132, 159 \mid 1880, \dots 39, 159 \mid 1870, \dots .20, 595$ The population in 1900 included Indians and whites on Indian res. ervations not previously counted in the enumeration. In 1890 there were 10,765, and in 1880 31,650 such persons, which number should be added to the total for those years in making accurate comparisons.

\*Under the Revenue Law of 1901 property is required to be as-sessed at its full value. This accounts for the large increase in values in 1901, as property was assessed at a very much lower basis in earlier years.

In addition to the tax rate as above there is a poll tax of \$1.00 per capita. Prior to 1880 this poll tax was 50 cents per capita.

DEBT LIMITATION.— Colorado's Constitutional provisions with reference to the creation of debt are of considerable length, and strike one at first as quite elaborate. After a brief study of the provisions their good qualities stand out so plainly as wholly to disarm criticism. No State has placed the debt-making power on a more reasonable basis. All the regulations with reference to public indebtedness are found in article 11 of the Constitution. See STATE AND CITY SUPPLEMENT of April. 1895, pages 140 and 141.

POPULATION OF STATE.—The population of Colorado has been as follows in the year named:

### HINSDALE CO.-I. P. HIX, County Clerk.

County seat is Lake City. This county had outstanding in 1899 \$43,-000 8 per cent and \$65,000 5 per cent funding bonds, which are to be exchanged for \$108,000 4 per cent bonds, the holders of the old bonds to waive all claims for overdue interest, amounting to about \$60,000. —See V.70, p.469. Up to Mar. 1, 1902, \$101,600 had been so exchanged.

INTEREST is payable at the office of the County Treasurer or at the office of Kountze Bros., New York.

### LAKE COUNTY.-J. A. LAMPING, Treasurer.

County seat is Leadville. The bonds of this county have been in litigation, receiving decisions favorable to the bondholders. A plan was submitted at the Nov., 1900, election under which the debt was to be compromised through an issue of \$645,000 4% 10-20-year refund-ing bonds. but it was voted down. At the fall/election in 1901 compro-mise bonds were voted and have been issued as below, retiring all county obligations except the judgment 7s.

INTEREST on the bonds of 1892 is payable at the Deseret National Bank, Salt Lake City, or at the office of Wells, Fargo & Co., New York; on the bonds of 1896, 1898 and 1900 at the U. S. Mortgage & Trust Co., New York City, or the State Bank of Utah, Salt Lake City.

DEBT LIMITATION.—The indebtedness of this State is limited by its Constitution. The following is Article XIV. of that instru-ment, entitled "Public Debt":

by its Constitution. The following is Article XIV. of that instru-ment, entitled "Public Debt": "To meet casual deficits or fallures in revenue, and for necessary ex-penditures for public purposes, including the erection of public build-ings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding in the aggregate at any one time the sum of \$200,000 over and above the amount of the Territorial indebtedness assumed by the State. But when the said Territorial indebtedness assumed by the State. But when the said Territorial indebtedness, except as in the next section provided, in excess of the sum of two hundred thousand dollars, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they are obtained." The "next section" mentioned above refers to debt contracted " to repel invasion, suppress insurrection, or to defend the State in war." Title 40, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded. Under Senate Bill No. 15, passed by the State Legislature in 1901, school districts are permitted to incur indebtedness up to 4 per cent of the assessed valuation of property. Previously the limit was 2 per cent of the valuation.

cent of the valuation.

BONDED DEBT on Oct. 1, 1901, was \$900,000.

TAX VALUATION,—In 1901 the total assessed valuation was \$112,580,296; in 1900 it was \$104,970,253; in 1897 it was \$102,437,-183; in 1896 it was \$107,508,076. The State tax rate (per \$1,000) in 1901was \$5.00. School tax (additional) \$3.00.

County seat is Santa Fe. A committee of citizens, appointed to adjust the bonded and other indebtedness of the county on the basis of 25 cents on the dollar (V. 70, p. 242), failed to effect such compromise. On January 7, 1902, the Board of County Commissioners passed a resolution offering to compromise the debt on the basis of 50 cents on the dollar, issuing in payment 3 p. c. bonds. Nothing further, how-ever, has been done, as this compromise was not acceptable to the bondholders. V. 74, p. 110. See V. 71, p. 303 and 1183, for suit instituted by Bird 8. Valuation in 1900 includes real estate \$942,353,309; personal property \$238,227,393 and railroad property \$47,711,755.

DEBT LIMITATION.—Municipal indebtedness as well as State debt is carefully regulated in the Constitution of California. The section relating to the bonding of counties, eities, towns, etc., was altered by constitutional amendment adopted February 25, 1891. Nothing in explanation of the provisions needs to be said, as the sections of the Constitution treating of this subject are all very plain and comprehen-sive; they will be found in the STATE AND CITY SUPPLEMENT of April, 1895, page 146. 1895, page 146.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

#### LIMIT OF INDEBTEDNESS.

SEC. 4.-No city, town, or municipal corporation shall incur an indebtedness for public improvements which shall in the aggregate exceed 15 per cent of the assessed value of all the real and personal property of such city, town or municipal corporation.

This new law is given in full in the CHRONICLE, Aug. 10, 1901, p. 303.

 SACRAMENTO.-A. L. FROST, Treasurer. SACRAINEIN IC.—A. I. FROST, Treasurer. This city is the county seat of Sacramento County and the capital of the State. The original debt was a little less than \$1,600,000, being four series of 6 per cent bonds, issued in 1858, and falling due in 1888, 1893, 1898 and 1903 The flood of 1861-1862 destroyed half of the property values, and the coupons had been delinquent for a dozen years. In 1872 a Funded Debt Commission (abolished by Legislative Act of 1899) was created and received from the city a gift, or capital, of \$212,080 80. With this it bought bonds and coupons, and collected from the city as other creditors did and re-invested in more bonds and coupons. In 1899 the Commission was ordered by decree of Court to cancel \$1,411,167 60 of the bonds and coupons at par. ation. The amount of taxes levied in 1901-02 for city and county purposes (exclusive of railroads assessed by the State Board of Equalization, \$288,427) was \$4,445,782; for State purposes was \$1,988,879; total amount of taxes, \$6,434,662. POPULATION-In 1900 (Census) was 342,782; in 1890 it was 298,997; in 1880 it was 233,959; in 1870 it was 149,473. Sinking fund ..... 39,200 SACRAMENTO CO.-{W. B. HAMILTON, Clerk. A. S. \* The Legislature does not always canvass the vote for Governor immediately upon its meeting, and the Governor's term runs until his successor is declared elected.

Legislature meets biennially in odd years on the second Mon-

day in January, and there is no limit to length of sessions; but members of the Legislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For history of Oregon's State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 147. To-day Oregon practically has no debt. There are some little left-over lots that go by that name, in the aggregate amounting to \$1,238.58, which the State is ready and would be very glad to pay, but cannot get them in. Interest on these ceased prior to December 31, 1896. On January 1, 1902, \$16,352 of Scalp Bounty fund warrants were outstanding, in addition to which there are \$38,482 of swamp land warrants, payable out of the proceeds of sales of swamp lands, re-deemable on call of the Treasurer. On Jan. 1, 1901, the amounts held in the irreducible trust funds were as follows: School fund, \$3,637.-951; Agricultural College fund, \$157,302, and University fund, \$103,046.

VALUATION.—The gross valuation according to the returns of the county boards of equalization for 1901 was \$149,743,882; exemptions, \$8,345,359; net taxable valuation, \$141,398,523. State tax rate (per \$1,000) for 1902 is \$6.329.

DEBT LIMITATION.—Oregon framed and adopted its Constitution in 1857. It is quite a notable fact that the people of the State are to-day living under that instrument in the precise form in which it was originally adopted, for there never has been an amendment made to it. The provisions with respect to debt limitation will be found on pages 150 and 151 of the STATE AND CITY SUPPLEMENT of April, 1895.

### PORT OF PORTLAND.-E. T. C. STEVENS, Clerk.

The Port of Portland was incorporated in 1891 and given authority to issue bonds to the amount of \$500,000 for river and harbor im-provements. This was reduced to \$350,000 (the amount outstanding) by the Legislature of 1901, which at the same time authorized an issue of \$400,000 for the purpose of acquiring a site for, and building, a dry dock. The limits of the Port include the consolidated City of Portland and all but about one-tenth of the territory in Multnomah County County.

DEBT LIMITATION.-Nevada has in its Constitution limited the State to a nominal indebtedness, except for the purpose of "defray. ing extraordinary expenses" arising from invasion, war, etc.; and in such cases the law shall provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty-years. Further the State is forbidden ever to assume the debt of any county, city, etc., or to donate or loan its money or credit, or to subscribe to the stock of any company, etc.

Counties, cities, towns etc. cannot become stockholders in any company, or loan their credit, etc. But other than that the Constitution omits to put any limit on county, city, etc., debts; but provides that the Legislature shall make general laws restricting their borrowing power. The Constitutional provisions referred to are as follows:

The Constitutional provisions referred to are as follows: ARTICLE IX., SECTION 3. [State debt limited.] For the purpose of enabling the State to transact its business upon a cash basis from its organization, the State may contract public debts, but such debts shall never in the aggregate, exclusive of interest, exceed the sum of three hundred thousand dollars, except for the purpose of defraying extra-ordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly speci-fied therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually and the principal within twenty years from the passage of such law, and shall specially appro-priate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and lia-bilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threat-ened, to provide for the public defense. SECTION 4. [State prohibited from assuming debts of cities, &c.] The

CONSTITUTIONAL CONVENTION.—At a special session of the Legislature in January, 1901, a resolution was passed providing for a Constitutional Convention. This convention is now (April 1, 1902,) in session, and has been since June. One of the provisions adopted provides a limit of indebtedness based on the assessed value of real estate, unless the issue be authorized by a majority of the qualified votes. votes.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the STATE AND CITY SUPPLEMENT of April, 1893, pages 151 and 152. Other items of interest with reference to the Virginia debt will be found in the CHRONICLE as follows: Vol. 56, p. 636, 802; V. 57, p. 155, 190, 565, 733, 950, 1053; V. 58, p. 232, 274, 315, 357.—V. 66, p. 392.—V. 67, p. 333.—V. 68, p. 196, 241; V. 70, p. 1202, 1211; V. 71, p. 408; V. 72, p. 150. 1882	3	J	& J	July 1. 1932	\$6.329.554

The Virginia Legislature re-enacted the Funding Act of Feb. 20, 1892, and under its provisions all old Virginia bonds were allowed to be brought in and funded into new Century bonds, upon the same terms as the Olcott settlement, provided they were presented for funding prior to December 31, 1896. By the Act of January 25, 1898, however, another opportunity to fund the bonds was given. By this Act bondholders had until July 1, 1898, to come in and accept the terms, and power was given the Commissioners of the Sinking Fund to extend the time until Dec. 31, 1898. By Act of Feb. 3, 1900, the time was again extended, this time to July 1, 1900, with authority to still further extend it to Jan. 1, 1901. And on Feb. 16, 1901, the Legislature in extra session again extended the time until June 30, 1901. Bonds funded under any amendment or extension to the Act of Feb. 20, 1892, carry interest from the semi-annual period next preceding the date of funding. Under the old law coupon bonds once converted into registered certificates were not re-convertible into coupon bonds, but under the Acts of 1882 and 1892 coupon and registered bonds are interchangeable.

WEST VIRGINIA CERTIFICATES .- In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is \$15,239,370 out of the total debt of \$45,718,112. To represent, therefore, West Virginia's share of bonds funded "deferred certificates" were issued. All efforts, however, to induce West Virginia to take recognition of these certificates have thus far been unavailing. In 1885 the holders of about \$8,000,000 certificates united for the purpose of obtaining a compromise, and deposited their holdings with the Farmers' Loan & Trust Company, which gave its trust receipts therefor. This attempt came to nothing, and in 1890 Messrs. C. Satterthwaite & Sons, of No. 30 Throgmorton Street, London, E. C., started another movement to bring about a settlement.

An adjustment company, with the Mercantile Trust & Deposit Company of Baltimore at its head, was formed late in 1893 for the purpose of making an attempt at the settlement of the West Virginia certificates. See CHRONICLE, Vol. 57, page 819; Vol. 58, pages 51, 314 and 444.

In August, 1898, another movement was started, this time under the leadership of Messrs. Brown Bros., with the same object in view, and that movement continues actively in progress. The plan provides for ascertaining the exact amount of the old Virginia debt with which West Virginia is justly chargeable (subject to certain limitations), and then compromising that amount at the same percentage at which Vir-ginia compromised the two-thirds of the original Virginia debt, namely 60 per cent for principal and 30<sup>4</sup> per cent for interest. (See the edi-torial article in STATE AND CITY SUPPLEMENT for April, 1899.) The Legislature of Virginia in March, 1900, passed a bill authorizing the State Debt Commission to take such action and institute such pro-ceedings as may be deemed proper to protect the State's interests and to bring about a settlement with West Virginia. (V. 70, p. 494.) The purpose of this Act was to enable Virginia to bring suit against West Virginia in the U. S. Supreme Court. Application was made June 3, 1900, and granted by the Governing Committee June 13, 1900, to list Brown Bros. & Co.'s Virginia deferred certificates on the New York Stock Exchange. The amount listed on April 4, 1902, was \$7,505,426 issue of 1871, with power to add thereto from time to time as additional compromisin that amount at ne same per Stock Exchange. The amount listed on April 4, 1902, was \$7,505,426 issue of 1871, with power to add thereto from time to time as additional certificates may be issued under the plan of settlement. After about three-fourths of the old Virginia bonds had been sur-rendered, and "deferred certificates" been given to represent West Virginia's one third, under the acts of 1871 and 1879, these acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the *principal* of the old bonds brought in for funding, but gave "non-interest-bearing certificates" to represent one-third the *interest* on old bonds. The fol-lowing shows the amounts of each issue.

TOTAL DEBT, SINKING FUNDS, ETC.-The subjoined statement shows Kentucky's bonded debt on the following dates,

Jan. 1,1902. Jan. 1,'01. Jan. 1,'99. Tot. bonded debt (exclusive of bonds held by the Board of Education).\$1,171,394 \$1,171,394 \$1,171,394

On Jan. 1, 1902, the sinking fund amounted to \$1,146,130.

The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the six per cent semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1, 1870, \$1,327,000; county bonds, issued Jan. 1, 1885, \$378,946; new school bonds, issued March 12, 1892, \$606,650. The \$165,000 military bonds are also irredeemable; the interest is paid to the A. & M. College and the State normal school for colored persons.

Memphis is the County seat of Shelby County. A yellow fever epidemic in 1878 rendered the city unable to meet its obligations, and in 1879 the city's charter was repealed and the Taxing District of Shelby County was organized for the purpose of securing a compromise with the bondholders on such terms as the city feit able to make. The courts, however, held that the Taxing District was liable for the entire debt of the city, and a compromise at 50 per cent was then arranged for under the act of March 1883. This act was amended in 1885. The old debt has been all retired and interest payments on the new fissues are promptly made. In 1891, by an act of the Legislature, this dis-trict was again incorporated as a city.

PAR VALUE OF BONDS.-The 6s due 1915 and the stamped Flippins are \$1,000 each.

INTEREST-Interest is payable in New York and Memphis. The Flippin bonds carry tax-receivable coupons.

FREEDOM FROM TAXATION.-Bonds are free from local tax.

TOTAL DEBT, ETC.—The city's bonded debt on Jan. 1, 1902, was \$2,980,000; sinking fund, \$121,673; net debt, \$2,858,327. An annual tax of \$1:00 per \$1,000 is levied for the retirement of the bonds. A tax sufficient to meet the interest is also required by law. The funding act of 1883 provides that every part thereof shall be considered a contract between the State, the Taxing District and the bondholders, and no part material to the rights of the bondholders shall be modified while the bonds remain outstanding.

ASSESSED VALUATION.—The assessed valuation and tax rate have been as follows, the assessment being about 35 actual value:

### NASHVILLE.--{J. M. HEAD, Mayor. J. P. BYRNE, City Recorder.

NASH VILLE. — {J. P. BYRNE, City Recorder. Nashville is the capital of the State and the county seat of Davidson County. At an election on Dec. 15, 1900, \$1,000,000 bonds were voted in aid of the Nashville Florence & Northern RR. (see CHRONICLE, V. 71, p. 1283). In February, 1901, injunction proceedings were insti-tuted to prevent the issuance of these bonds (see V. 72, p. 302) and in April, 1901, a preliminary injunction was granted. See V. 72, p. 787. A decree has now been drawn and signed by all parties in interest, relinquishing all claim to the subscription to the stock of this road At an election on Aug. 8, 1901, it was decided to subscribe for \$1,000,000 stock of the Nashville & Clarksville RR. One-half of the bonds to be issued for this purpose will be turned over when the road has been built to a certain point and the remaining \$500,000 when road is finally completed and in operation. It is thought probable that it will be several years before any bonds are issued. LOANS— When Due, | WATER BONDS-(Con.)—

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time pres-cribed for the exchange having been extended to January 1, 1903. These laws provided for the issue of (1) consolidated 4 p. c. bonds due in 1910 to fund old ante-war bonds at 40 per cent of face value, "New" railroad bonds recognized as valid at 25 per cent, and b onds of 1866 and 1868 at 15 per cent, nothing being given for overdue coupons; and (2) for new consolidated 6 per cent bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The new bends, both 4s and 6s, carry tax-receivable coupons, and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880, forbids che General Assembly to pay or recognize as valid the following bonds : Special tax bonds \$11,366,000; bonds to Chatham RR., 1868, \$1,030,000, and to Williamston & Tarboro RR., \$150,000; Penitentiary bonds of 1868 \$44,000. The special tax bonds are in 3 classes, class 1 bearing the

coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April, 1870 Holders of the special tax bonds brought suit to establish the validity of their bonds and the case was decided in favor of the State. The recognized debt which had been adjusted up to Dec. 1, 1901, stood as follows:

INTEREST on the consolidated 4s and 6s is payable in New York at the First National Bank and in Raleigh.

TOTAL DEBT RECOGNIZED AND TOTAL ADJUSTED.-The funding act of March 4, 1879, was extended to Jan. 1, 1903. The recognized fundable debt which has been funded and the recognized fundable debt which has not been funded are as follows: Not funded Funded. Not funded

\$22,000 218,420

To the foregoing we should add the further fact that the State does To the foregoing we should add the further fact that the state does not have to raise money for the interest on the six per cent bonds for the reason that the lease of the North Carolina Railroad provides a fund for the payment of the interest thereon, and the State holds three millions in the stock of the road, which if sold would much more than pay the principal. In addition the State holds other stocks and bonds to the value of \$1,400,000; total, \$4,400,000.

ASSESSED VALUATION.—The State's assessed valuation (about 60 per cent of cash value) and tax rate have been as follows: Tax

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893 see the STATE AND CITY SUPPLEMENT of April, 1893, pages 163 and 164. Attorney-General Griggs, of the United States, in July, 1900, brought suit against the State of South Carolina to re-cover on \$125,000 principal and \$123,750 over-due interest on bonds issued in 1856 to complete the State House. The Sundry Civil Act of June 6, 1900, however, repealed the Act of 1899 under which the suit was brought, and the action was discontinued. See V. 71, p. 875. The bonds matured in 1881, and principal and interest were never paid. See V. 71, p. 147. They came into the possession of the United States, but South Carolina refuses to recognize them. The State debt on Jan-uary 1, 1902, consisted of the following items:

STATE PROPERTY.—The State owns valuable deposits of phos-phates, but its revenue from the mining of them, after increasing from \$196.698 in 1886 to \$237,149 in 1890, fell to \$23,460 in 1900. This is the result of a reduction in royalties from \$1.05 per ton in 1886 to 25 cents per ton in 1900. The revenue from this source in 1901 was about \$25,000.

POPULATION OF STATE.—The population of South Carolina has been as follows in the years named:

1900	1.340.316	1860. 1850.		1820 1810	
1880	995.5771	1840	594.398		345,591

The proportion of the colored population was 60.70 per cent in 1880 60.16 per cent in 1890 and 58.4 per cent in 1900. In number blacks were 393,944 in '1850, 412.320 in 1860; 415,814 in 1870; 782.321 in 1900; 604,332 in 1880; 692,503 in 1890.

### Vol. LXXIV

TAX FREE.-All of the city's bonds are exempt from taxation. INTEREST on the railroad bonds is payable at Winston; on others at Baltimore, Md.

Wright Legislature meets annually in October, and sessions are

### limited to fifty days.

\*Section 49 of the Code says: "The Governor-elect shall begin the dis-charge of his duties from the time of his inauguration. The ceremony of inauguration shall take place during the first week of the session of the General Assembly next after the election, and on such day of that week as the General Assembly by joint resolution appoints. On failure of appointment, it takes place at 12 o'clock, meridian, on Saturday of that week, unless prevented by providential causes." Article V., section 2, paragraph 1 of the Constitution says that the Secretary of State, Comp-troller-General and Treasurer shall "hold their offices for the same time as the Governor."

HISTORY OF DEBT.—The details of Georgia's early history in debt-making will be found in the STATE AND CITY SUPPLEMENT for April, 1893, pages 165 and 166. The debt of the State is now being steadily reduced, \$100,000 being devoted each year to that purpose. Moreover the State Constitution adopted in December, 1877, provides against the creation of any bonded debt "except to repel invasion, suppress insurrection, or defend the State in time of war," \$200,000 being made the limit for floating in-debtedness which may be temporarily incurred in case of deficiency in the revenues. -Interest -- Dringing

MUNICIPAL BOND ISSUES.—In December, 1897, a very im-portant law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given, the bonds thereafter can never be called in question. See CHRONICLE of January 15, 1898.

\* Including railroads. The tax rate (per \$1,000) in 1901 was \$5.44.

On Jan. 1, 1902, the city's sinking fund amounted to \$256,295. The city charter requires that bonds to the amount of \$3,500 be pur-chased annually by the sinking fund and retired. In addition to this requirement a sinking fund has been established consisting of money set aside from taxes of \$80,544 67 per annum.

CITY PROPERTY.—The city owns its water works, which are valued at \$3,000,000, and other property valued at \$2,633,200. DEBT LIMITATION.- Charter forbids increase of city's debt. INTEREST is payable in Augusta, and all coupons are tax-receivable TOTAL DEBT, ETC.—The city on Jan. 1, 1902, had a bonded debt of \$1,748,000 and a floating debt of \$223,000. The following statement shows Augusta's total bonded debt (including the water debt) on the first of January of each of the years mentioned.

DEBT LIMITATION.—The Constitution of the State of Georgia adopted in 1877, limits municipal indebtedness in this State to 7 per cent on the amount of taxable property. Augusta's debt at that time was in excess of that limitation and still is. Therefore under no cir-cumstances can the debt of the city be increased. No bonds can be lawfully issued except for the purpose of retiring old issues as they fall due No obligation of this city has ever been repudiated or scaled.

CITY PROPERTY.—The city owns its water works, valued in 1902 at \$1,000,000, the Augusta Canal, valued at \$2,000,000, and \$300,000 in other good real estate within city limits. The net annual in-come from water rents (canal and water works) was reported in 1901 as \$93,311 and increases yearly from new industries and new extensions of water mains. This income more than meets the interest (\$90,838 in 1902) on the bonded debt. The city also receives \$12,000 yearly for certain street railway franchises.

ASSESSED VALUATION.—The city's assessed valuation and tax rate have been as given below. In 1897 the assessed valuation of all real estate was reduced 10 per cent and in 1898 and in 1900 5 per cent was deducted. Assessment is said to be about 75 per cent of actual value

After January, 1903, the Legislature will meet quadrennially on the second Tuesday in January. Session limited to 50 days,

\* This is date when the Mississippi Constitutional Convention com-pleted its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed " a Constitution and State Government for that part of the Mississippi "Territory lying west of the territory herein described." † Term is two years from time of installation in office.

HISTORY OF DEBT.-For history of Alabama's State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 168. Under an Act of the State Legislature approved Feb.18,1895, all bonds authorized to be exchanged under the Act approved Feb. 23, 1876, were barred if not exchanged by July 1, 1896. The amount thus barred was \$185,400. Another Act also approved Feb. 18, 1895, and amended Feb. 16, 1899, authorized the Governor to refund the bonds outstanding with new securities bearing such rates of interest as may be deemed best, and maturing in not more than 50 years from date of issue.

Countries are limited by Section 224 to 3<sup>1</sup>2 per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the constitution in excess of 3<sup>1</sup>2 per cent, either created or authorized by existing laws to be created. Such counties already indebted in excess of 3<sup>1</sup>2 per cent are permitted to incur an additional debt of 1<sup>1</sup>2 per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness. Tries, Towns, etc., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works, gas or electric light plants or sewerage. This limitation does not affect any delt now authorized by law to be created or any temporary loans to be paid within one year, made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town. Tries AND TOWNS of 6,000 or over inhabitants, al·o GADSDEN, ENSLEY, DECATUR and NEW DECATUR, are limited in their debt making powers to 7 per cent of the assessed valuation. The following described classes of indebtedness are nor to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues; bonds or other obligations already issued, or which may hereafter be issued for the purpose of acquiring, providing or constructing school houses, water works and sewers; and obligations incurred and bonds issued for street or sidewalk improvements; where the cest of the same, in whole or in part, is to be assessed against the property abuting said improvements; provided, that the proceeds of all obligations issued as herein provided, in excees of said obligations were issued. Nothing contained in this Article is to prevent the funding or refunding of existing indebtedness. Nor is the Section to apply to the eities of SHEFFIELD and TUSCUMBIA. allowed to become indebted in any further amount, except as otherwise provided in this Constitution, until such indebtedness shall be reduced within such limit; provided, however, that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law; provided, further, this Sec-tion shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

has recently been annexed. An adjustment of this city's debt was affected in 1900, new 20-year bonds being issued in exchange for old bonds. The new bonds bear 2% interest for the first five years, 3% for the next five years, 5% for the third five years and 6% for the remaining five years. Bonds are tax exempt. \$306,400 of the new bonds have been exchanged (March 1, 1902) for the same amount of old ones. The remainder outstanding, \$36,578, will not be exchanged, but interest will be paid at same rate as on the new bonds.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11, 1901, and became effective Nov. 28, 1901. The new instrument makes radical changes in relation to debt and taxation, an outline of which was furnished in an editorial in our STATE AND CITY SUPPLEMENT of October, 1901. We have only

in our STATE AND CITY SUPPLEMENT of October, 1901. We have only room to indicate a few of its features. STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt, except to repel invasion or suppress in-surrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deticiences, the latter, though, being limited to \$300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent. The sections relating to taxation of counties and municipalities are also given in Article XI., being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to. LIMIT OF INDEBTEDNESS.—The debt incurring power of counties and municipalities in the new Constitution are contained in Sections 222 to 226 inclusive, forming part of Article XII.

to 226 inclusive, forming part of Article XII. BOND ISSUES TO BE VOTED.—Under Section 222 all bonds proposed to be issued under general laws must first be authorized by a ma-jority vote of the qualified voters of the county, city, town, village or other political sub-division desiring to issue such securities. There are exceptions to this, however. See the section in full in the above-men-tioned editorial tioned editorial.

### BIRMINGHAM.-

BIRMINGHAM.— Birmingham is in Jefferson County. In 1899 an amendment to the State Constitution was passed permitting an increase of one-half per cent in the tax rate, the proceeds to be applied exclusively to the payment of interest on the city's bonds and for the creation of a sink-ing fund. On Aug. 13, 1895, the old bondholders by arrangement with the city agreed for a term of five years to defer their claim for one-half of the interest coupons. The whole amount withheld, how-ever, together with 5 per cent interest thereon, was paid on Aug. 13, 1900, and the original contract with the bondholders thus fully com-plied with. Since the latter date all interest has been paid regularly and in full.—See CHRONICLE, Vol. 69, p. 194. I OANS— When Due. PUBLIC IMPROVEMENT—

INTEREST on funding bonds is payable in New York City at the Mercantile National Bank; in Mobile at the First National Bank; on the water and sewer bonds and the improvement bonds at the Amer-ican Exchange National Bank, New York, and First National Bank, Mobile. The funding bonds carried 4 per cent interest to Jan. 1, 1901, and 5 per cent since that date.

and 5 per cent since that date. TOTAL BONDED DEBT Sept. 1, 1901, was \$2,252,878, notineluding the water or improvement bonds. Of the funding bonds of 1881 about \$250,000 are endorsed with the statement that they represent the pur-chase money for certain wharf property and are secured by a vendor's lien on said property. Of the original issue, about \$200,000 are out-standing, the balance having been drawn under the provisions of the Act, from the proceeds arising from the rent of said wharves. An Act of the Legislature requires the city to levy a tax of  $\frac{3}{4}$  of one per cent on its valuation to provide for the payment of principal and interest of the bonds of 1881. After the payment of interest the sur-plus remaining from this tax is applied to the redemption of the bonds, after drawing by lot, at par, bonds so redeemed being canceled. ### TROY.-JOHN GAMBLE, Clerk and Treasurer.

County seat of Pike County. The city (March 1, 1902), is in default in the payment of interest to the amount of \$20,000, owing to in-sufficient revenues. The Constitution of 1901 authorizes (subject to vote of citizens) an additional 42 of 1 per cent to be used sxclusively in paying interest on bonded debt. This provision, however, is not sufficient to pay the interest. Suits are now threatened against the city city. LOANS

## NEW ORLEANS. PAUL CAPDEVIELLE, Mayor.

NE W ORLEANS. V. TUJAGUE, Comptroler. New Orleans is co-extensive with the parish of Orleans. An amendment to the Louisiana Constitution authorizing the city to refund its debt at a lower rate of interest was adopted in 1892, and up to July 1, 1901, the city had issued 4 per cent 50-year bonds to the amount of \$9,982,000, thus enabling it to pay all its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louisiana Constitution, in effect May 12, 1898, confirmed these arrangements. On June 6, 1899, the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 millions bonds. As this required an amendment to the State Constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and the bonds were aw arded in Dec., 1900. These bonds, however, will not be issued in one lump sum, but will be put out as the improvement progresses. Up to Jan. 1, 1902, \$2,400,000 had been issued. LOANS- When Due. LOANS- When Due.

TOTAL DEBT.—The subjoined statement shows New Orleans's debt on the dates named.

PREMIUM BONDS.—The premium bonds (\$20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15, 1875. They also get a premium if they happen to draw a prize, 2,352 prizes aggregating \$100,000 being distributed yearly among the drawn bonds. From 1892 to 1895 inclu sive 21,000 bonds (par value \$420,000) were paid each year, in sive 21,000 bonds (par value \$420,000) were paid each year, in two instalments of 10,500 bonds each, on January 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually-20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place January 31 and April 15 next preceding. The drawings to determine the bonds payable January 15 take place July 31 and October 15. The drawings to determine which bonds shall receive prizes (ranging from \$20 to \$5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.

HISTORY OF DEBT.—For history of the Arkansas State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 173. By Act of Congress approved April 29, 1898, a compromise was effected between the United States and the State. In accordance with the terms of this settlement the United States authorities on May 27, 1898, delivered to the State Arkansas bonds and coupons amounting to \$1,505,160, and carrying besides a large sum of overdue interest. This operation wiped out the entire debt of the United States against the State except \$160,000, which has since been paid.

except \$160,000, which has since been paid. REFUNDING.—Under the Legislative Act of 1899 the entire deb t has been refunded by an issue of 3 per cent 30-year bonds, denomina-tions \$500 and \$1,000, except \$15,000 in bonds of 1869 and 1870, and the estimated interest thereen, amounting to \$24,300, which have not been presented for refunding. All valid 6 per cent funding bonds were called for payment Dec. 1, 1901, those not presented up to that time being now null and void. The total amount of bonds issued up to Sept. 15. 1901, was \$1,271,-000, of which \$1,117,500 are held by the State's School Fund; \$88,500 by the treasury of Washington County, Ark., and \$65,000 by individ-ual parties.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the STATE AND CITY SUPPLEMENT of April, 1895, page 178.

1895, page 178. Where the fact is known to us we have marked with a star (\*) in the returns below the issues put out *prior* to the enactment of the above law.

above law. A law went into effect Aug. 26, 1899, compelling counties and incor-porated towns and cities to submit propositions for the issuance of bonds [all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city;" also excepting bond issues for less than \$2,000, when "issued for the purpose of repairing buildings or structures, for the building of which bonds are allowed to be issued,"] to a vote of the qualified taxpayers before the issue can be submitted to the Attorney General for approval as required by the law of 1893—V. 69, p. 509. POPLIL ATION —The population of Texas has been as follows:

POPULATION.-The population of Texas has been as follows:

Of the total population in 1900, 620,722 were blacks, which compares with 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1900 being only 20.4 per cent, against 22.04 per cent in 1890, 24.71 per cent in 1880 and larger percentages in previous decades.

AUSTIN.— {B. E. WHITE, Mayor. JOHN O. JOHNSON, City Clerk. This is the capital of the State and the county seat of Travis County. \$52,500 of General Revenuebonds issued prior to 1890 are in litigation. See CHRONICLE, Vol. 69, p. 91. The Jan., 1900, interest on the water and light bonds was not paid when due—see CHRONICLE, V. 70, p. 46. On June 4 the City Council, however, authorized an appropriation for the payment of overdue interest for the quarters ending January 1 and April 1, 1900—see CHRONICLE V. 71, p. 45. Since April, 1960, no interest has been paid. The Austin dam, water-works, electric light and power houses, for the building of which the water and light bonds below were issued, were destroyed by the disastrous floods that visited Texas in April, 1900.-V. 70, p. 755. An adjustment of this debt on the basis of \$1,492,000 new bonds bearing 3% for 10 years, 4% for the second decade and 5% for the final 10 years has been reached between the city and the bondholders' committee. #### GALVESTON.-I. H. KEMPNER Cor Fir.& R v.

Galveston is the county seat of Galveston County. This city was badly injured by a hurricane on Sept. 8, 1900. it being completely inundated by the waters of the Gulf of Mexico. The loss of life reached several thousands, while the property loss ran high into the millions. -V. 71, p. 564. All interest on outstanding bonds was promptly paid until Dec. 1, 1901, when default was made. V. 73, p. 1275. The city authorities endeavored to effect a compromise based on a reduction of the interest rate, which was met by a counter proposition of the bond-holders' committee offering to *mestrone* the payment of part of the inholders' committee offering to *postpone* the payment of part of the in-terest temporarily. Neither proposition was successful and the mat-ter remains open. V. 74, p. 222, 281 and 339.

### FORT WORTH.-{T. J. POWELL, Mayor. J. J. NUNNALLY, Auditor.

This city is the county seat of Tarrant County. The validity of some of the city bonds was the subject of litigation, but a recent decision of the Court of Civil Appeals confirms their legality. See Vol. 66, p. 775 and Vol. 67, p. 1072. The city failed to pay its interest due in Sep-tember and November, 1899 (see V. 60, p. 711), but in January, 1900, paid all arrears. In December, 1900, an appeal was made to holders of the bonds to consent to refunding the debt into new 4s and a reso-of the process was passed by the City Council See lution to aid in the process was passed by the City Council. See CHRONICLE V. 72, p. 100. The Legislature of 1901 authorized \$1,883,-000 4 p. c. 40-year bonds to take up the old issues, and up to Jan. 10, 1902, \$276,000 had been so refunded.

In addition to the sinking fund, as given above, the city owned in 1901 \$622,000 of wharf company stock, (the income of which is pledged to secure its Limited Debt 5 per cent bonds), a water works plant valued at about \$1,550,000, an electric-light plant, sewer plant, etc., etc., the total value of its public property being \$3,306,800. The sinking fund receives yearly an amount equal to 2 per cent of the outstanding bonds.

DEBT LIMITATION.—The city can issue bonds only with legisla-tive authority and is forbidden to make loans for railroad aid.

ASSESSED VALUATION.-The city's assessed valuation "for real estate 60 p. c. and personal property 40 p. c.," and tax rate have been as follows:

		Personal	Total Ass'd	Oity Tax
Years.	Real Estate.	Property.	Valuation. 7	per \$1,000
