WHEN WATER BONDS AND OTHER SIMILAR BONDS ARE NOT A MUNICIPAL OBLIGATION.

A decision has recently been rendered by the Supreme Court of the State of Washington involving some features and some questions of general interest concerning the status of water bonds issued by a municipality but dependent entirely for their security upon a special fund. The matter came up in connection with an issue of bonds made by the city of Port Townsend. Obviously the ruling in this instance is of application in other cases only so far as the courts in other States may follow the doctrine laid down in Washington and so far as the circumstances are the same. Of course where water bonds are a direct obligation of the municipality, as happens in many-and may we not say most-cases, the question raised in this instance does not present itself. On the other hand, the objections found on the present occasion would appear to hold good against bonds other than water, where the faith and credit of the city are not pledged as security for the bonds, and where, as with the water bonds of Port Townsend, the city authorities, acting in pursuance of law, create a bond which, though put out in the name of the municipality and nominally an obligation of the same, is yet dependent entirely for payment of principal and interest upon the proceeds of some special fund or funds.

The naked question raised as regards the Port Townsend water bonds was whether, in the circumstances under which they were created, they could be called a "municipal" security. The judicial tribunal of final authority in the State.of Washington answers this question decidedly in the negative. It appears that by an Act passed March 16 1901 the corporate authorities of cities in the State of Washington are endowed with certain powers in relation to water-

works, sewerage and works for lighting, heating, fuel and power purposes. In payment for such undertakings two forms of indebtedness are provided in the Act. The one provides for a general indebtedness under which regular municipal bonds may be issued to an amount not exceeding 5% of the taxable property of the city. By the second method a special fund may be created for the sole purpose of defraying the cost and expense of construction, together with such interest as shall accrue upon the obligations issued therefor. Into said funds the authorities may obligate and bind the city or town to pay a fixed proportion of the revenue or proceeds to be derived from the plan or system of which the said improvement forms the whole or part. Bonds or warrants are allowed to be issued against any such special fund to the amount of the cost or charges to be met therefrom. It is provided that each such bond or warrant shall state upon its face, that it is payable from a special fund, and give the name of the fund and the ordinance creating it.

No. 2109.

Acting under the authority conferred by the Act named, the city of Port Townsend undertook the construction of a system for supplying the city and its inhabitants with water at an estimated cost of \$250,-000. The city was in no position to create any general indebtedness for this purpose, since it was at the time indebted to the full limit fixed by the State Constitution. So necessarily recourse was had to the second form of indebtedness provided under the Act of 1901. Accordingly the ordinance authorizing the bonds provided for the creation of a fund called "The Olympic Gravity Water Works Fund of Port Townsend," into which it was proposed to pay 75% of the gross receipts of the waterworks plant when completed, and such further sum as the city should from time to time by ordinance transfer from the receipts of the plant, or from its general revenues. In other words, the city authorities undertook to provide for the construction of a system of water works for the benefit of the city and to pay for the same out of a special fund derived from the revenues of the system.

The bonds having been authorized and duly approved by the electors, the city authorities on March 20 1905 tendered them to the State of Washington as an investment for its permanent school fund. The Board of State Land Commissioners, in whom the statute vests the power to invest this fund, accepted the tender, and by resolution (as required by law) directed that the entire issue be purchased at the par value thereof, and that \$150,000 of the amount of the purchase be taken and paid for immediately and the

VOL. LXXXI.

balance within six months. The city thereupon offered the bonds to the State Auditor and demanded that he issue to it a warrant on the State Treasurer for the sum of \$150,000. The Auditor refused to issue the warrant and then the city made an application for a writ of mandamus to compel him to draw it. The Auditor based his refusal to issue the warrant on several grounds, but the only objection the Court deemed it necessary to consider was that the attempted investment was in violation of Article 16, Section 5, of the State Constitution. This, as amended in 1894, provides that "none of the permanent school fund of this State (Washington) shall ever be loaned to private persons or corporations, but may be invested in national, State, county, municipal or school district bonds." It was the contention of the Auditor that the water-works bonds of the city of Port Townsend are not "municipal" bonds.

It will be seen that the specific question presented for consideration of the Court was whether the Port Townsend bonds were "municipal" obligations within the meaning of the provisions of the State Constitution just cited. But determination of that point obviously involved the broader question as to what constitutes municipal bonds per se in the general acceptation and common meaning of the term. Herein is where the decision of the Washington Supreme Court possesses interest outside of the confines of that State. It had been urged that the supplying of water to the inhabitants of a municipality for domestic and other purposes is within the general powers of the municipality, is a public purpose, and obligations created for that purpose are of necessity public and municipal obligations, no matter whether the provisions made for paying them binds the municipality generally or binds only some special fund created by the municipality for that purpose; and that when these obligations take the form of bonds they are of necessity "municipal" bonds. Answering this argument, the Court urges that if it be true at all that bonds issued by a municipality which are payable out of a special fund created for that purpose are municipal bonds, it is true only in a qualified and limited sense.

The Court, speaking by Justice Fullerton—in whose views all the other members of the Court concurred said that the framers of the Constitution, in the use of the words already quoted, must have had in their minds a fixed and definite meaning. By the terms "national, State, county, municipal and school district bonds" they must have meant instruments generally known to be such-instruments which the common mind then understood to be defined by those terms. But bonds issued under the direction of a municipality, payable solely out of a special fund and for the payment of which its general credit is not pledged or otherwise bound, cannot be considered municipal bonds within the meaning of that term.

Justice Fullerton well says that bonds of this character are of comparatively recent origin. At the time of the adoption of the Washington Constitution they were practically unknown. No text work on municipal securities then in existence contained a discussion of them, and but few if any courts had then been called on to pass upon their constitutionality. They are the outgrowth of recent municipal exigencies. Hedged in as municipal corporations are by constitutional limitations as to the amount of indebtedness they can lawfully incur, they have been compelled in order to procure some needed public conveniences to resort to pledges of the income to be derived from such con- ity, not being bound for them in any way, and the only

veniences when constructed, and even the conveniences themselves, to raise the funds for their construction. But though the Legislature may lawfully authorize the issuance of such pledges, prescribe their form, and give them such name as it chooses, that fact does not make them municipal obligations. The very term "municipal bond" imports a municipal debt or obligation. The common mind understands from the fact that a municipal bond is issued that a municipal debt has been created and that the faith and credit of the municipality issuing the bond is pledged to its payment. The opinion proceeds as follows:

"The term, it seems to us, can admit of no other definition. Certainly it cannot have been so loosely used as to include every form of obligation that the ingenuity of the Legislature might devise and call municipal bonds. Yet if bonds payable out of a special fund are such simply because a municipality is instrumental in creating that fund, this proposition must stand admitted; for there is no limitation upon the power of the Legislature to authorize the creation of special funds by municipalities nor is there any limitation as to the source from which the money to create the special fund may be drawn. Indeed, if bonds of the character here described are municipal bonds there can be no form of obligation, either public or private, in which the Legislature might not, by the legerdemain of making it a municipal special fund, lawfully authorize the investment of the permanent school fund. Measured by these tests the bonds in question are clearly not municipal bonds. Not only does the statute law which authorizes their issuance and the ordinance which carries that authorization into execution expressly declare that the bonds are not obligations of the City of Port Townsend, but it is shown that if, by any form of reasoning, they could be held so to be, they would be void for want of power on the part of the city to incur such an obligation."

Should the reasoning applied in Washington commend itself to the courts of other States, it is easy to see that the decision in the Port Townsend case may have wide bearing and far-reaching consequences. As already stated, the objections found to exist against the Port Townsend bonds would obviously hold good against any bonds made solely dependent upon a special fund and for which the credit and faith of the municipality are not pledged. Yet there is no feature in the modern financial history of our municipalities which is more palpable than the tendency to call into being the very class of obligations which by the interpretation of the Supreme Court of Washington cannot be deemed to be "municipal" bonds at all.

Our municipalities are constantly assuming new functions, and the effort is to find the financial means for sustaining these new activities. The creation of special obligations outside of the debt limit would furnish a way out of the dilemma. Moreover, if the movement for the acquisition of public utilities by our municipalities should continue to make progress, we may be sure that the attempt will be to extend very materially the practice of creating these special forms of obligations. As Justice Fullerton says in the extract we have quoted above, there is no limitation upon the power of the Legislature to authorize the creation of special funds by municipalities, nor is there any limitation as to the source from which the money to create the special fund may be drawn.

But if bonds thus secured, even where issued in the name of the municipality, cannot be termed "municipal" bonds, then the market for the same will necessarily be very much restricted. Real municipal bonds may have a wide investment field. These special bonds would have a much narrower field, in many instances being barred out altogether. Moreover, the municipal-

recourse of the holder being to the special fund or lien provided for them, the bonds would be dependent in each case upon the solidity and sufficiency of said fund or lien. If that proved inadequate or became impaired, the bond would in like manner suffer. The name of the city on the face of the obligation would add nothing to its strength or character. Under such circumstances what stability could be claimed for such bonds, and what rate of interest would the municipality have to pay for money borrowed on such conditions? Altogether, does not this suggest that there are inherent limits to the assumption by municipalities of new functions involving the expenditure of large sums of money?

#### THE INVESTMENTS OF THE NEW YORK STATE SAVINGS BANKS.

It is always interesting to have the figures showing the investments of the savings institutions of this State, as they comprise totals of such great magnitude. Furthermore, the enactment of a new law at the last session of the Legislature altering in some material particulars the provisions regulating these investments gives to the subject additional importance. The latest data available are for January 1 1905, and these furnish some useful and instructive contrasts with the corresponding figures for earlier years, besides affording an indication of the way and the extent to which the trustees of these savings institutions have availed of the privileges granted them in recent years by legislative amendments widening the scope and extending the character of the permissible line of investments.

As the reader knows, the amendment the present year is only one of a series of changes that have been made by our Legislature in recent periods. The controlling consideration in all these cases was the need of providing an adequate body of investments in which the savings institutions might find safe employment for their expanding volume of deposits. These deposits were growing at such a rate that it became absolutely necessary to provide new outlets for the moneys of the institutions. Hence the important departure made in permitting purchases of railroad mortgage The 1905 amendment to the law-or, perbonds. haps, reconstruction of the law would better describe the change actually made—had for its object one other purpose, namely the prescribing of regular and distinctly enumerated standards to which the different classes of securities must conform. Previously a haphazard kind of selection had been made by the Legislature itself, one security being added one year and another security another year, while perhaps others of equal merit were overlooked because they had no friends to urge their claims. This method and arrangement were of course objectionable in every way.

While the new law was under discussion in the Legislature, we commented at length in the columns of the "Chronicle" on the changes that were to be made in the provisions relating to the railroad investments. and we shall therefore confine ourselves on this occasion to the alterations made in the provisions respecting the municipal investments. The changes here have been quite as important as in the other particular. Whereas previously the municipal securities (outside of New York State we mean) deemed suitable were designated in the law itself, now the name of no city is given, but certain general requirements are specified, and the bonds of all cities which fulfill such requirements are brought within the reach of the banks. Before going into an analysis of these requirements, it will be desirable to see to what extent the banks at present have their funds invested in municipal securi- undertaking to provide an adequate body of invest-

ties. Contrary to what many perhaps may suppose to be the case, the banks have not discriminated against municipal obligations since they have been accorded the privilege to place their money in railroad mortgage bonds. We gave some figures in an article in a previous issue of our "State and City" Section confirmatory of the truth of this statement, and the statistics presented further below are quite as conclusive on the same point.

The subject of the railroad investments has been so actively and widely discussed that to those who have not kept count of time it will doubtless be a surprise to hear that it is only a little over seven years since the savings institutions of this State have had authority to purchase railroad mortgage securities. It was in 1898 that the banks were first granted permission to invest in railroad bonds. The privilege then given was a very limited one, it extending only to railroad bonds where the principal part of the road is located within this State. The very next year, however, the field of railroad investments was further enlarged, and after that other extensive additions to the list were made, and now, in 1905, as already stated, the scope of the Act in that particular has been further enlarged.

It may be recalled that originally much opposition to enlarging the scope of the investment field by admitting to it railroad securities came from municipal authorities who were apprehensive lest the market for municipal bonds be narrowed as a result. The truth is, however, that deposits have been growing so fast that our savings institutions have had funds enough to add considerably to the volume of their holdings of municipal issues, while yet buying large amounts of railroad mortgage bonds. In the following we compare the various items of their investments on January 1 1905 with the corresponding items for January 1 1898.

Investments of Savings Banks in New York State—	January 1 1905. \$	Per Cent.	January 1 1898.	Per Cent.
United States bonds District of Columbia	15,257,180	$\substack{1.25\\0.26}$		$\substack{12.92\\ \cdot 0.72}$
State bonds—New York Other States City bonds—Of this State	53,601,084	$0.06 \\ 4.41 \\ 14.15$	973,000 55,209,576 128,855,349	0.13 -7.08 16.53
Of other States County bonds—Of this State	112,303,399	9.24 1.67	52,300,426 23,352,572	6.70 2.99
Town bonds—Of this State Village bonds—Of this State School district bonds	7,378,866 13,611,280 3,644,098	$0.60 \\ 1.11 \\ 0.29$	9,758,064	$1.13 \\ 1.25 \\ 0.41$
Railroad bonds		16.21		
Total par value Premium paid	598,125,009 46,581,948	$49.25 \\ 3.83$	388,799,777 31,996,960	$49.86 \\ 4.13$
Total cost Real estate mortgages	644,706,957 570,200,542		420,796,737 358,943,901	$\begin{array}{c} 53.99\\ 46.01 \end{array}$
Grand total	1,214,907,499	100.00	779,740,638	100.00
Aggregate deposits Aggregate resources			766,684,916 869,751,244	

It will be seen from the foregoing that in the seven years the savings institutions of this State have added over 42 million dollars to their holdings of city bonds of this State, the total of the same having risen from \$128,855,349 January 1 1898 to \$170,911,421 January 1 1905, and have added over 60 million dollars to their holdings of city bonds of other States, the total of which between the same two dates has advanced from \$52,300,426 to \$112,303,399. In other words, the banks now hold \$283,214,820 of city bonds of all kinds, as against only \$181,155,775 on January 1 1898. Evidently, therefore, the municipal field has not been neglected. Moreover, the proportion of these city bond holdings to the total has been fully maintained, and even slightly increased. The percentage of city bonds of this State is not so large as at the earlier date, but the percentage of city bonds of other States is larger, and the two together now form 23.39% of the whole against 23.23% in 1898.

Examining the other items in the table, we get an idea of the urgent situation our savings bank managers and our law-makers alike have had to deal with in

ments for these institutions. In the seven years the aggregate of deposits has risen from \$766,684,916 to \$1,198,583,142, and the aggregate of resources from \$860,751,244 to \$1,311,993,505. Here, then, there has been an addition of 442 million dollars to the amount of money to put out at interest. But that does not tell the whole story. Certain of the old forms of investments have at the same time been disappearing or been getting beyond the reach of the banks. will be seen that the holdings of State bonds are smaller in amount than seven years ago and very much smaller in ratio. The reason for this is of course axiomatic. Old issues of State bonds are being paid off, while there are no considerable additions of new State bonds. Then it will be seen that the holdings of United States bonds (including those of the District of Columbia) have been reduced from \$106,298,250 on January 1 1898 to only \$18,551,980 on January 1 1905. The reason for the contraction here is also perfectly plain. Owing to the refunding operations of the Government and the fact that there has been such an urgent demand for United States bonds as security for circulation and for public deposits, this class of bonds has advanced to prices where it became unprofitable for the banks to buy or to hold them.

Allowing for the increase in resources, therefore, and for the reduction in the holdings of United States and State securities, the banks were obliged to find employment altogether for over 530 million dollars additional funds. Railroad bonds provided lodgment for \$196,982,385 of the amount, and all the rest of the sum went into the old forms of investment. For instance, over 211 million dollars was added to the real estate mortgages, the aggregate holdings of which have increased in the seven years from \$358,943,901 to \$570,200,542. Here, too, it will be observed, the ratio to the whole has been slightly increased, although the change has been on the whole remarkably small, the real estate mortgages forming now 46.92% of the security investments, as against 46.01% in 1898.

Altogether, therefore, the trustees of our savings institutions in the extra latitude allowed them have apparently exercised a wise discretion and appear not to have discriminated against or in favor of any particular line or class of investments. Railroad bonds have in large measure supplied the void created by the disappearance of State bonds and the passing out of reach of United States bonds-otherwise there has been relatively little alteration.

We have stated above that the changes in the law made the present year provide general standards for the municipal list (the previous rule having been to designate particular cities by name), and this will no doubt help the managers to maintain  $\mathbf{the}$ proportions now existing between municipal securities and the other classes of investments. The additions however, which will be made to the list through the fixing of general requirements are not as extensive as might be supposed. Prior to the 1905 amendment the law allowed the banks to invest their moneys in the stocks or bonds of the following cities: Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Holyoke, in the State of Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati and Toledo, in the State of Ohio; Detroit and Grand Rapids, in the State of Michigan; Providence, in the State of Rhode Island; New Haven and Hartford, in the State of Connecticut; Portland, in the State of Maine; Philadelphia, Pittsburgh, Allegheny, Reading and Scranton, in the State of Pennsylvania; Minneapolis and St. Paul, in the State of Minnesota; Des Moines, in the State of Iowa; Milwaukee, in the State of Wisconsin; Louisville, in the State of Kentucky; Pater- the extra privilege granted in that respect.

son, Trenton, Newark and Camden, in the State of New Jersey; Baltimore, in the State of Maryland; and Los Angeles in the State of California.

The law as it now stands reads as follows:

The law as it now stands reads as follows: In the stocks or bonds of any incorporated city situated in one of the States of the United States which was admitted to Statehood prior to January first, eighteen hundred and ninety-six, and which, since January first, eighteen hundred and sixty-one, has not repudiated or defaulted in the payment of any part of the principal or interest of any debt authorized by the Legislature of any such State to be contracted, provided said city has a population, as shown by the Federal Census next preceding said investment, of not less than forty-five thousand inhabitants, and was in-corporated as a city at least twenty-five years prior to the making of said investment, and has never defaulted for more than ninety days in the payment of any part, either of principal or interest, of any bond, note or other evidence of indebtedness, or effected any compromise of any kind with the holders. If at any time the indebtedness of any such city, together with the indebtedness of said city, less its water debt and sinking funds, shall exceed seven per centum of the valuation of said city for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to seven per centum of the valu-ation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks, but the Superintendent of the Banking Department may, in his discretion, require any savings bank to sell such bonds or stocks of said city as may have been purchased prior to said increase of debt. Cbserve now what the requirements here are—we

Observe now what the requirements here are-we mean aside from the old requirements that the aggregate debt less water debt and sinking funds was not. to exceed 7 per cent of the city's valuation for purposes: of taxation. In the first place, the State in which the city is located must have been admitted to Statehood prior to January 1 1896. In the second place, the State must not since January 1 1861 have repudiated or defaulted in the payment of any part of the principal or interest of any debt authorized by the Legislature of any such State. This, of course, rules out the numerous Southern States which in this period of forty-four years have been obliged to go through the process of debt reduction or debt compromise. Then the city must not have less than 45,000 inhabitants. Furthermore, it must have been incorporated as a city at least twenty-five years prior to the making of the investment. Finally, it must never have defaulted for more than ninety days "in the payment of any part either of principal or interest of any bond, note or other evidence of indebtedness or effected any compromise of any kind with the holders thereof."

It is conceivable that this last provision might have a very much wider application than would appear at first glance. Default in the payment of "any bond, note or other evidence of indebtedness" might be construed to have a broad meaning. It has been suggested that the language might include temporary omission to take care of warrant indebtedness. As is known, a warrant if issued and properly stamped has no fixed date of payment, but can run on for an indefinite period if not called. But obviously it cannot run on forever. The question, then, is: When is such a warrant in default On that point we should imagine opinions will differ onsiderably. In the case of State warrants the contention has been advanced that a warrant issued to meet an appropriation authorized by a Legislature is in default if that Legislature does not provide the means to pay it—in other words, is in default if the Legislature authorizes an appropriation and leaves it to the next Legislature to make provision for its payment. But municipal warrants also cannot run on forever, and a somewhat similar rule might be applied to them—that is, they might be regarded in default if provision for their payment had not been made during the life of the municipal body authorizing. them. It can readily be seen that if this view should hold good some cities would fall under the ban which could not in any other sense be claimed ever to have defaulted in the payment of any debt.

However, even if some cities should be excluded by reason of a technicality of this kind, the new law in any event affords a somewhat larger list of municipal investments than did the old law, and we have no doubt that the banks will avail to the full extent of

# United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, FIRST, the details as they stood at the close of the last fiscal year ending June 30, 1905; SECOND, the changes in those details since June 30, 1905, down to Nov. 1, 1905; THIRD, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1, 1878; FOURTH, we publish in the CHRONICLE every month-usually the first or second Saturday-the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt. INTEREST-BEARING DEBT OUTSTANDING JUNE 30, 1905.

	04, of debt bearing no inte							

The foregoing shows that the Government debt on June 30, 1905, was made up of (1) interest-bearing debt, \$895,158,340, of (2) debt on which interest has ceased, \$1,370,245 26, of (3) debt bearing no interest, \$385,828,509 59, making total gross debt, \$1,252,357,094 84; subtracting from the total the net cash balance in the Treasury (\$292,490,32 87) at the same datc (June 30, 1905), we have the net debt as it stood at the close of the last fiscal year, \$989,866,771 97. To bring down the (June 30, 1905), we have the net debt as it stood at the close of the last fiscal year, \$989,866,771 97. To bring down the interest-bearing debt to Nov. 1, 1905—which, as stated, was \$895,158,340 on June 30, 1905—we must add to the Consols of 1930 \$37,519,050 and deduct from the Refunding Certificates \$750, from the Loan of 1908 \$8.346,300, and from the Funded Loan of 1907 \$29,271,400, to reach the total of the interest-bearing debt Nov. 1, 1905, which was \$395,158,940, or \$600 more than on June 30.

For later and future details of the debt, see the same as issued every month in the CHRONICLE, the first or a alter Saturday. We now add, first, references to and citations from the laws which are the authority for the debt as it stands to-day; second, the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1875 to 1905, and on Nov. 1, 1905; third, the Pacific Railroad bonds, which are never included n the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4<sup>1</sup><sub>2</sub> per cents, continued at 2 per cent. The bonds of this issue were issued in exchange for the 4<sup>1</sup><sub>2</sub> per cent funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at pleasure of the Government. Amount issued \$25,364,500, but May 18, 1900, all were called for redemption on Aug. 18, 1940, when interest ceased.

4's per cent funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at pleasure of the Government. Amount issued \$25,364,500, but May 18, 1900, all were called for redemption on Aug. 18, 1900, when interest ceasel. "CONSOLS OF 1930."--(Column 9.) Bonds (2 per cent payable at the pleasure of the Government after 30 years) anthorized in "Act to define and fix the standard of value," etc. (for copy of Act see CHRONICLE, March 3, 1900, page 411), for the purpose of refunding till outstanding United States bonds bearing interest at 3 per cent payable for carrying out the refunding provisions of the bill in CHRONICLE, March 17, 1900, page 509. Of these 2 per cents there were outstanding Nov. 1, 1905, according to debt statement, \$530,429,000. "(LOAN OF 1908-1918.")-(Column 7.) The bonds included under this head are an issue of \$198,726,660 3 per cents. They were anthorized by Act of June 13, 1898, and are known as the "War loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in CHRONICLE of \$10,00, and registered in denominations of same amounts, and also in \$5,000 and \$1,000, and registered in denominations of same amounts, and also in \$5,000 and registered form, compons in denominations of \$20, \$100, \$500 and \$1,000, and registered in denominations of losue, and due and payable Angust 1, 1918, see circular for further details. Subscriptions reached the amount of \$1,325,000,000. The amount now outstanding involutions are applied in coin of the present standard value, at the pleasure of the United States after thirty years; these bonds to be excempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal of losue and alloe and payable Angust 1, 1918, 18, 1907. (Column 2) 4 per cents. The act of July 14, 1870, anthorized the issue of 1,000 million dollars

maximum amount of the issue being \$40,012,750. Of these there were still outstanding on Nov. 1, 1905, a total of \$26,780. "LOAN OF 1925."-(Column 5.) Sales of bonds included under this designation were effected (1) in February, 1895, to the amount of \$62,315,400 and (2) in February 9, 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statues the details of an arrangement have this day been concluded whereby bonds authorized under the act of July 14, 1875, payable in coin at the pleasure of the United States after the first day of Feb., 1925, with interest at the rate of 4 per cent per annum, to the amount of \$62,315,400, are to be issued for the purchase of gold coin anounting to a sum slightly in excess of \$65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than \$100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the annount of gold realized at 3% p.c. per annum. At least one-half of thegold to be obtained is to be supplied from abroad. Section 3700 of the Revined Statues is as follows: "Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest." For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see CHRONICLE, February 18, 1893, page 265. The issue in February, 1896, was an ordinary offering, open to all bidders, of \$100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest are of the result of 1870", same in rate of interest." for a construction of the "Refunding Act of 1870" and of the "Result of \$100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in

"LOAN OF 1904."-(Column 4.) The act of January 14, 1875, authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the act of July 14, 1870, for the purpose of redeeming on and after January 1, 1879, in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less an fifty dollars. Under this authorization, and for the purpose mentioned, there were issued in Feb., 1894, payable in 10 years, \$50,000,000 of 5 per cents and in Nov., 1894, there were issued \$50,000,000 more for similar bonds for same purpose. The bonds matured Feb. 2, 1904, and the amount outstanding Nov. 1 (\$181,750) is included on that date in "debt on which interest has ceased."

#### UNITED STATES DEBT.

In April, 1895, we gave a table showing the debt of the United States on the first day of July, 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1878, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined. PRINCIPAL OF THE PUBLIC DEBT OF THE UNITED STATES FROM JULY 1, 1878, TO NOV. 1, 1905.

NOTE 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of Nov 1, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds. NOTE 2.—The figures for July 1, 1879, were made up assuming pending funding operations to have been completed. \* NOTE 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of \$150,000,000 as a separate item, and not included it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

PACIFIC RAILROAD DEBT. - One other class of bonded debt must be referred to which has never been included in the total of Government debt-we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific Railroads, giving likewise in the statement the debt already paid and the balance due to the Government.

or \$2,057,176 96 less than the company's indebtedness.

Nore.—The Government has been reimbursed for \$27,236,512 principal and \$31,211,711 75 interest, being the total indebtedness of the Union Pacific Railroad Company to Nov. 1, 1897, and for the principal of the Kansas Pacific indebtedness, amounting to \$6,303,000 Subse-quently under the final decree for the distribution of the assets of the Union Pacific Railroad, made by Judge Sanborn at St. Paul, October 24, 1899, the United States received an additional \$821,898 on its claim. Under settlement agreement of Feb. 1, 1899, twenty notes of the Central Pacific Railroad Company (hearing interest at 3 per cent per annum), payable, respectively, ou or before the expiration of each successive six months for ten years, and aggregating \$58,812,715 48, which amount represented the unpaid balance of the total indebtedness of the Central Pacific and Western Pacific Railroad companies to the United States on February 1, 1899, were delivered to the Treasurer of the United States. Thirteen of the notes have been paid with accrued interest, leaving the debt on Nov. 1, 1905, \$20,584,450 46 and accrued interest, less transportation earnings, for which first refunding mortgage 4 per cent gold bonds of the Central Pacific Railroad Company are held as collateral security. The next note matures Feb. 1, 1906.

DEBT	LIMITATIO	NSSTATE	-The debt	of the St	ate is limited

by Section 14. Article 9, of the State Constitution. This section reads as follows:

by Section 14. Article 9, of the State Constitution. This section reads as follows: Section 14 The credit of the State shall not be directly or indirectly loaned in any case. The Legislature shall not create any debt or debts, liability or liabilities, on behalf of the State, which shall singly or in the aggregate, with previous debts and liabilities hereafter in-curred at any one time exceed \$300,000. except to suppress insures-tion, to repel invasion, or for purposes of war; but this amendment shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States, or to any fund which the State shall hold in trust for any Indian tribe. MUNICIPAL—.The following amendment to the Maine Constitution took effect January 2, 1878. "Article XXII. Limitation of Municipal Indebtedness. No city or town "shall oreate any debt or liabilities, shall exceed five per centum of the "last regular valuation of said city or town; provided, however, that "the adoption of this article shall not be construed as applying to any fund received in trust by the said oity or town, nor to any loan for the "purpose of renewing existing loans, or for war, or to temporary loans "to be paid out of money raised by taxation during the year in which

"to be paid out of money raised by taxation during the year in which they are made."

SAVINGS BANKS' INVESTMENTS-POWERS AND RESTRIC-TIONS.—The provisions regulating the investments and loans of sav-ings banks and institutions for savings in the State of Maine are con-tained in Sections 23 to 26, inclusive, of Chapter 48 of the Revised Statutes of 1903. The Legislature of 1905 made several slight changes which we have incorporated below. Section 23. Savings banks and institutions for savings are restricted to and hereafter may invest their deposits as follows:

First, a : In the public funds of the United States and District of

Columbia. b: In the public funds of any of the New England States and of the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Ken-tucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kan-sas and Nebraska. Science of the counties, eitles and towns of any of

sas and Nebraska.
Second. a: In the bends of the counties, eitles and towns of any of the New England States.
b: In the bonds of eitles and districts in the States of New York, Pennsvlvania, Maryland Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois. Missouri, Kansas and Nebraska, having a population of seventy-five thousand or more, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein.
c: In the bonds of countles of twenty thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois. Missouri, Kansas and Nebraska, having a population of seventy-five thousand or more, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein.
c: In the bonds of countles of twenty thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohie, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas and Nebraska, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein except when issued in aid of railroads, provided that the net municipal indebted less of such county does not exceed five per cent of the last preceding valuation of the property therein for the assessment of taxes. taxes.

taxes. d: In the bonds of any city of ten thousand inhabitants or more in the States of New York, Ponnsylvania, Maryland, Ohio, Indiana, Ken-tucky, Michigan. Wiscensin, Minnesota, Iowa, Illinois, Missouri, Kan-sas and Nebraska, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein except when issued in aid of railroads, *provided* that the net municipal indebted-ness of such city does not exceed five per cent of the last preceding valuation of the property therein for the a-sessment of taxes. e: In the refunding bonds of counties and cities above enumerated

e: In the refunding bonds of counties and cities above enumerated issued to take up at maturity bonds which were legal and constitu-tional when issued, provided that the interest has been fully paid on such original bonds for at least five years last prior to such refunding: provided, further, that such counties and cities can otherwise meet the foregoing conditions the foregoing conditions f: In the bonds and obligations of school dist ict boards, boards of

f: In the bonds and obligations of school dist let boards, boards of education and other corporate bodies within such cities, authorized to issue bonds payable minarily from taxes levied on all the taxable property in said district; provided that the population of the district is ten thousand or more, and the population and assessed valuation of the district are equal to at least ninety per cent of the population and the assessed valuation of the city within which such district is located; provided, further, that the net municipal indebtedness of such district

does not exceed five per cent of the last preceding valuation of the property therein for the assessment of taxes. g: In the bonds or obligations of any municipal or quasi munici-pal co-poration of this State, when such securities are a direct obliga-tion on all the taxable property of said corporation. Third. a: In the railroad bonds of this State. b: In the first mortgage bonds of any completed railroads of the States of New Hampshire, Vermont, Massachusetts. Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, towa, Illinois, Missouri, Kansas and Nebraska. c: In the first mortgage bonds of the Central Pacific, Union Pacific

c: In the first mortgage bonds of the Central Pacific, Union Pacific and Northern Pacific railroads. d: In the mortgage bonds of any railroad leased to any dividend-paying railroad in New England upon terms guaranteeing the pay-ment of a regular stated dividend upon the stock of such leased road and the interest on its honds

paying railroad in New England upon terms guaranteeing the pay-ment of a regular stated dividend upon the stock of such leased road and the interest on its bonds. e: Street railroad companies are not railroad companies within the meaning of the foregoing clauses of this section. f: In the bonds of street railroads constructed in this State prior to April twenty-seven, eighteen hundred and ninety-five, and in the bonds of street railroads in this State constructed after said date, and in the first mortgage bonds of any completed street railroad in the States of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas and Nebraska; provided that in the case of street railroads constructed in this State after April twenty-seven, eighteen hundred and ninety-five, and in the case of street railroads in the States above named, an amount of capital stock equal to thirty-three and one-third per cent of the mortgaged debt shall have been paid in in cash. and expended upon the road evidenced by a certificate of the railroad commissioners of the State of this State, that said percentage has been so paid in and expendad in addition to the amount of the bonded debt. provided, farther, that in such of the above States as have no railroad commissioners having supervision of street railroads the bank ex-aminer of this State may ascertain the facts and if they meet the fore going requirement may file certificate thereof with the Secretary of State, and all the expenses and compensation of the bank ex-aminer of this State may ascertain the facts and if they meet the fore going requirement may file certificate thereof with the Secretary of-State, and all the expenses and compensation of the bank examiner for such service shall be paid by the railroad company seeking to uake its bonds a legal investment under this section, whether the same are admitted or not. Fourth; In the mortgage

Fourth; In the mortgage bonds of any water company in the New England States actually engaged in supplying any city or cities, town or towns, village or villages or other municipal corporations, with water for domestic use and for the extinguishment of fires, when-

with water for domestic use and for the extinguishment of nees, when-ever such company is earning more than its fixed charges and interest on its debts and its running expenses. *Fifth*: In bonds of any corporation other than rallroads and water companies, incorporated under the authority of this State and actu-ually conducting in this State the business for which such corpora-tion was created, which are earning and are paying a regular dividend of not here five five or corporation are paying a regular dividend of not less than five per cent a year.

Sixth, a: In the stock of any bank or banking association incorporated under the authority of the State. b: In the stock of any bank or banking association incorporated under the authority of the United States, if located within the New England States.

In the stock of any railroad company of this State unencumbered

by mortgage.
d: In the stock of any dividend-paying railroad in New England.
e: In the stock of any railroad leased to any dividend-paying railroad in New England upon terms guaranteeing the payment of a regular stated dividend upon the stock of such leased road and the interest on its bonds.

f: In the stock of any corporation other than railroad and water companies, incorporated under authority of this State, and actually conducting in this State the business for which such corporation was created, which earns and is paying a regular dividend of not less than five per cent a year.

Seventh, a: In loans secured by first mortgages of real estate in this State and New Hampshire to an amount not exceeding sixty per cent of the value of such real estate.

cent of the value of such real estate.
b: In notes with a pledge as collateral of any public funds or bonds of any kind or of any stocks which the bank or iustitution would by this section be authorized to purchase.
c: In notes with a pledge as collateral of any savings bank deposit book issued by any eavings bank in this State.
d: In notes with a pledge as collateral of the stock of any railroad or railroads mentioned in this section to an aucunt not exceeding seventy-five per cent of the market value of such stock.
e: In leans to any municipal corroration in this State.
f: In leans secured by a mortgage of such personal property as in the judgment of the trustees it is safe and for the interest of the bank to accept. to accept.

g: In loans to any corporation owning real estate in this State and actually condicting in this State the business for which such corporation was created.

tion was created.
Eighth, a: The term "net municipal indebtedness of counties," as used in this section, shall be construed to include all bonds which are a direct obligation of the county less the amount of any sinking fund available in the reduction of such debt.
b: The term "net municipal indebtedness of cities and districts," as used in this section, shall be construed to include in the case of either not only all bonds which are a direct obligation of the districts or boards within the same, as above enumerated, exclusive of any such debt created for a water supply and of the amount of any sinking fund available in reduction of such debt.

c: The number of inhabitants of citles and counties shall be de-termined by the last previous official census thereof, as established by the last United States or State census or city or county census taken in the same manner as United States or State census and duly certified to by the clerk or treasurer of such city or the auditor or treasurer of such county. Ninth: All investments shall be charged and entered on the books

of the bank at their cost to the bank or at par when a premium is paid.

SEC. 24. Any such bank or institution may hold real estate in the eity or town in which such bank or institution is located, to an amount not exceeding five per cents<sup>\*</sup> its deposits, or to an amount not exceed-

not exceeding five per cents ' its deposits, or to an amount not exceed-ing its reserve fund. SEC 25. No such bank ox institution shall hold by way of invest-ment, or as security for ioans, or both, more than one-fifth of the capital stock of any corporation, nor invest more than ten per cent of its deposits, not exceeding sixty thousand dollars, in the capital stock of any corporation, nor have more than fifty per cent of its deposits in mortgages of real estate. This section and the two preceding do not apply to real estate, or other assets, acquired by the foreclosure of a mortgage thereon, or upon judgment for debts, or in settlements to secure debts. secure debts.

SEC. 26. Savings banks and institutions for savings may deposit on call in banks or banking associations incorporated under the authority of this State, or the laws of the United States, and receive interest for

the same. SEC. 27. The trustees shall see to the proper investment of deposits and funos of the corporation in the manner hereinbefore prescribed. No loan shall be made directly or indirectly to any officer of the cor-poration or to any firm of which such officer is a member.

# New Hampshire.

#### DEBT, RESOURCES, ETC.

Admitted as a State - - - One of Original Thirteen - 9,305 Total area of State (square miles) - - - -Concord State Capital -Governor (term expires 1st Wed. Jan., 1907) - John McLane Secretary of State { Chosen by Legislature; } Edw. N. Pearson Treasurer - - { term expires Jan., 1907. } Solon A. Carter Legislature meets biennially in odd years on the first Wednes day in January, and length of session is not limited.

HISTORY OF DEBT.- New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at \$4,169,818, con-tracted exclusively for war purposes. June 1, 1869, the total out standing was \$3,213,962 22, against which the Treasurer reported an asset of \$77,082 89. The State debt at the present time is as follows

CONSTITUTIONAL CONVENTION.—The Constitutional Con-vention, held in 1902, submitted several amendments to the Constitu-tion, of which four were approved at the election on March 10, 1903. One of these refers to franchise and inheritance taxation and another to trust regulation. V. 76, p. 610.

DEBT LIMITATION.—There is no restriction in the Constitution of New Hampshire upon the debt-making power of the people through the "General Court," except the following, which is the last clause of

Article 5 of Part Second of that instrument. *Frovided*, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the Constitution, which was ratified in 377. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and indus trial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town." 1877 any town.

In addition to the foregoing is the "Municipal Bond Act of 1895." In addition to the foregoing is the "Multicipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation "may do, what it must do, and what it cannot do. The law enacts: Sec. 1. The term "municipal corporation" means town, city, school dis-trict, village district and village precinct. Sec. 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6 per

-DEBT OF STATE. [VOL. LXXXI. eent, may be payable in gold coin. If made payable in less than 20 years, may be extended but never beyond 20 years from time of issue. Sec. 3. Bonds (except of oldles) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting if properly called, &c. (for which see act). Bonds must be signed by a majority of the Governing Board, countersigned by Troasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. Sec. 4. City bonds must be authorized by resolu-tion of City Council passed by at least two-thirds of members elected to each branch taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. Sec. 5. Bonds shall be pay-able to bearer or to registered holder by name, and must be in form set out in act—which see. In case bonds be made subject to call they must prescribed." Sec. 4. Treasurer to keep a book in which he shall register bonds issued, &c. Sec. 7. "All bonds purporting to be issued by virtue of this act and signed and sealed as hereinbefore provided shall in favor of bona ide holders be conclusively presumed to have been duly and regularly authorized and issued in accordance with the set to the existence of the purpose of the issue or to the regularity of any of the proceedings or to the application of the proceeds. All such bonds shall be negulable in all respects and to the same oxtent as se-orities negotable by the law merchant." Sec. 8. Annual tax must be levied and collected sufficient to pay interest and provide a sthing fund sufficient to pay principal within 20 years. Sec. 9. No bonds can be issued which shall increase the net debt of corporation to an amount exceeding 5 per cent of the value of the taxable property three in as hast appraised for assessing taxes. To ascertain net debt, all debts must be inc

SAVINGS BANKS' INVESTMENTS-PRIVILEGES AND RE-STRICTIONS. The savings bank investment laws of New Hamp-shire were completely revised and materially altered in many respects at the Legislative session of 1901. The new law was approved by the Governor March 22, 1901, and went into effect on its passage. In 1905 parsgraphs 9 and 18 were amended (see V. 80, p. 1190), the law now reading as follows:

AN AOT. TO REGULATE AND LIMIT THE INVESTMENTS OF SAVINGS BANKS. Be it enacted by the Senate and House of Representatives in General **Oouri** convened :

Be if enacted by the Senale and House of Representatives in General Gouri convened: Section 1. On and after the passage of this Act, savings banks and savings departments of banking and trust companies shall make in-vestment of their funds in the following classes of securities only: Ist. In notes secured by first mortgage of real estate situated in New Hampshire, but not over seventy per cent of the value of the property covered shall be so loaned, and not exceeding seventy per cent of the deposits shall be so invested. 2d. In notes secured by first mortgage of real estate situated out-side of New Hampshire which is at the time improved, occupied, and productive, but not over 50 per cent of the value of the property covered shall be so loaned, and not exceeding 25 per cent of the de-posits shall be so invested. 3d. In notes secured by collatoral in which the bank is at liberty to invest of a value at least 10 per cent in excess of the face of the note. The amount of any, one class of securities so taken as collateral, ndded to that which the bank may own at the time, shall not exceed the total limit of that class of security, but not exceeding 25 per cent of the deposits shall be so invested. 4th. In notes secured by collateral securities which are dealt in on the Stock Exchanges of Boston and New York, the Stock Exchange price of which shall at all times be at least 20 per cent in exceeding 25 per cent of the deposits shall be so invested. 5th. In notes of individuals or corporations with two or more signers, or one or more indorsers, but not exceeding five per cent of the deposite shall be so invested. 5th. In notes of individuals or corporations with two or more signers, or one or more indorsers, but not exceeding five per cent of the deposite shall be loaned any one person or corporation in this class of security, and not exceeding 25 per cent of the deposite shall be so invested. 6th. In the public funds of the United States, or those for which the

6th. In the public funds of the United States, or those for which the faith of the United States is pledged to provide for the payment of the Interest and principal. 7th. In the bonds and notes of this State, or of any county, city, town,

7th. In the bonds and notes of this State, or of any county, city, town, precinct, or district of this State. 8th. In the authorized bonds or notes of any State or Territory of the United states, and in the bonds or notes of any city of the States of Mane, Vermont, Massachusetts, Rhode Island, Connecticut, or New York, whose net indebtedness does not exceed five per cent of the last preceding valuation of the property therein for taxation, or of any county or town in said States whose net indebtedness does not exceed three per cent of such valuation. 9th. In the authorized bonds of any county, city, town, school dis-trict, or other municipal corporation of any other of the United States or Territories whose net indebtedness at the time of such investment does not exceed 5 per cent of the last preceding valuation of the prop-erty therein for taxation; and in the authorized bonds of any city of 100,000 inhabitants of any of said States whose net indebtedness does not exceed 7 per cent of the last preceding valuation of the propdoes not exceed 7 per cent of the last preceding valuation of the property therein for taxation The term "net indebtedness" shall be construed to denote the indebtedness of any city, town, or other municipal corporation, omitting the debt created for supplying the inhabitants with water and deducting the amount of any sinking fund available for the payment of the municipal indebtedness. Provided, however, that such bonds shall not have been issued in aid of railroads or konever, that such bonds shall not have been issued in aid of railroads of for special assessment purposes. *Provided, also,* that the bonds of any county, city, or town, of less than 10,000 inhabitants, or of any school district or other municipal corporation of less than 2,000 in-habitants in any State or Territory other than those named in para-graph 8 of section 1 of this Act shall not be anthorized investments. *Provided, further,* that such bonds are issued by municipalities that are permitted by law to levy taxes sufficient to pay the interest and to provide sinking funds for their debt; otherwise such bonds shall not be authorized investments. But not exceeding 50 per cent of the deposits shall be so invested.

10th. In the bonds or notes of any railroad company, except street railways, incorporated under the laws of this State, whose road is located wholly or in part in the same; but not exceeding 25 per cent of the deposits shall be so invested.

 NEW HAMPSHIRE

 Ith. In the bonds of any railroad company, except street rail' ways, incorporated under the authority of any of the New England States whose road is located wholly or in part in the same, and wide is in possession of and operating its own road, and has earned and paid regular dividends for the two years next preceding such investment, or in the bonds guaranteed or assumed by such railroad company; but not exceeding twenty-five per cent of the deposits shall be so invested. Teth. In the bonds of any railroad company, except street railways, incorporated under the authority of any of the United States or Terri-tories, which is in possession of and operating its own road, and has earned and paid regular dividends of not less than four per cent per amum on its capital stock for the three years next preceding such in-vestment; provided such capital stock on which it earns and pays dividends equals in amount one-third of the entire bonded indebted-ness of said road; or in the bonds guaranteed or assumed by such railroad; but not exceeding twenty-five per cent of the deposits shall be so invested.

 Tath. In the first mortgage bonds of corporations of this State, ex-cept street railways, located and doing business therein, whose net fin-dibtedness at the time of such investment does not exceed its capital stock actually paid in and remaining uninpaired; but not exceeding ten per cent of the deposits shall be so invested.

 Tath. In the bonds of street railway corporations incorporated under the baws of this State and located wholy or in part in the same; and in states; and in the bonds of street railway corporations located wholy or in part in oities of 30,000 inhabitants or more, in any of the other New England States; when the net indebtedness of such street railway corporations does not exceed the capital stock actually paid in and remaining un-impaired at the time of su

apon its capital stock or shares for five years previous to such investment, but not exceeding ten per cent of the deposits shall be so invested.
a 16th. In the capital stock of any banking or trust company incorporated under the laws of this State and doing business therein, but the amount of such stock held by any savings bank as an investment and as collateral for ioans shall not exceed one-tenth of the total capital stock of such banking or trust company, and not exceeding ten per cent of the deposits shall be so invested.
a Toth. In the stock of any national bank or trust company in the New England States and in the State of New York, but the amount of such stock held by any savings bank as an investment and as collateral for ioans shall not exceed one-tenth of the total capital stock of such halonal bank or trust company, and not exceeding ten per cent of the deposits shall be so invested.
a 18th. In the stock of any railroad corporation, exclusive of street railways, located in any part of the United States or Territories, that has earned and paid regular dividends of not less than four per cent ger annum on its capital stock for five years next preceding such investment; provided, such capital stock on which it pays dividends equals in amount one-third of the entire bonded indettedness of said corporation; or in the stock of any other railroad corporation whose railroad and railroad property are leased to such railroad upon an annual rental of not less than four per cent per annum non the capital stock for any manutaturing company in the New England States that has paid regular dividends on its capital stock for five years previous to such investion and manual result of the deposits shall be so invested.
a Sth. In the stock of any other railroad a pon an annual rental of not less than three per cent per annum npon the capital stock for a y manufacturing company in the New England States that has paid regular dividends on its capital stock for five years previ

for its banking-room, the total cost of which shall not exceed 10 per cent of its deposits. SEC. 2. Any savings bank may hold and lease real estate acquired by foreclosure of mortgages owned by the bank; tut all taxes, foreclosure expenses, and cost of maintenance shall be paid out of the income of the bank. SEC. 3. Deposits of cash on call, or subject to check, shall be made in some authorized banking or trust company incorporated under the laws of this State or Massachusetts, or in some national bank located in the New England States, or in the cities of New York or Philadelphia. SEC 4. The special deposits or gnaranty fund of a guaranty savings bank shall not be included in the amount of deposits on which the percentage of any investment is reckoned.

### State of Vermont.

#### DEBT, RESOURCES, &c.

Admitted as a State (Act February 18 1791) March 4, 1791 Total area of State (square miles) 9.565Montpelier State Capital Governor (term expires Oct. 1906) - Charles J. Bell

Governor (term expires Oct. 1906) - - - Charles J. Bell Sec. of State(term expires Oct. 1906) - Frederick G. Fleetwood Treasurer, (term expires Oct. 1906), -- John L. Bacon Legislature meets biennially in even years the first Wednes-

day in October, and length of session is not limited.

HISTORY OF DEBT.—For a brief history of the Vermont State debt see STATE AND CITY SUPPLEMENT of April, 1895, pages 15 & 16. The liabilities of the State on July 1, 1905, were as follows:

LOANS-	In	terest.	Princ	ipal	
NAME AND PURPOSE.	Rate.	Payable.	When Due.	Outstand'a.	ł
Agricultural College Fund	6	J & D	June1, 1910.	\$135,500 <b>0</b> 0

1890	. 112,895,125	65,157,388	· 178,052,513	

There was no direct tax for State purposes levied in either 1903 or 1904. A tax of \$1:30 per \$1,000, however, consisting of a state school tax of S0 cents and State highway tax of 50 cents was collected and re-distributed to towns on a basis of the number of schools and road mileage, the State, for the sake of equalizing its distribution, acting as agent in the matter. Prior to 1902 this tax was \$1 per \$1,000.

DEBT LIMITATIONS.-There appears to be nothing in the Constitution or in the Statutes of Vermont providing a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. Railroad subscriptions by towns are authorized by Section 3102, chapter 141 of the Revised Statutes of 1894, the section being as follows:

SECTION 3102, A town may aid in the construction of a railroad organized under the general law by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs, but the liability so assumed shall not exceed eight times the grand list of the town at the time. Such aid shall be given as provided in this chapter.

It will be noticed that this section contains a limit to the power granted of making subscriptions in aid of railroads-to wit: That the subscriptions shall not exceed eight times "the grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done "the grand list" is made up by taking one per cent of that amount, according to Section 360, Chapter 26, of the Revised Statutes of 1894, which is as follows: "All real and personal estate shall, "except as otherwise provided, be set in the list at one per cent of its

value in money on the first day of April of the year of its appraisal." Following Section 3102, above cited, which authorizes subscriptions in aid of rallroads, are other sections describing the method in which these subscriptions must be made, by calling a town meeting, voting, &c., &c. Then follows Section 3108, authorizing the issue of bonds.

SECTION 3108. Such town may issue bonds, with coupons payable semi-annually, to aid such road.

The only other general authority granted for the issue of bonds by municipal corporations in Vermout is that given for refunding outstanding bonds and notes, and for road-making apparatus. The Sec tions which grant these powers are Sections 3111 to 3120, inclusive, Chapter 141 of the Revised Statutes of 1894. Section 3111 is as follows:

SECTION 3111. A town which has outstanding and unpaid orders, notes, bonds or coupons lawfully issued, may issue other negotiable notes or bonds to pay or retire the same. Sections 3112 to 3115, inclusive, give the method of issuing such

bonds. By Section 3116 municipal corporations other than towns have the

same refunding powers granted them which are conferred upon towns by the two sections last above cited.

SECTION 3118. A town, city or incorporated village may issue bonds to an amount not exceeding three times its grand list, for the purpose of purchasing road-making apparatus and for building permanent hig h-ways within the the limits of such town, city or village. Sections 3119 and 3120 provide for the method of issuing such bonds.

The only other section which we need quote is Section 3083 of Chapter 139, which names the objects for which towns may vote money. If money is appropriated for any other object, the Charter or a special statute must be looked to for the authority.

SECTION 3053.—Towns may vote such sums of money as they deem necessary for the support of the poor, for laying out and repairing highways, for the prosecution and defense of the common rights and interests of the inhabitants, and for other necessary incidental town expenses.

SAVINGS BANKS INVESTMENTS-PRIVILEGES AND RE-STRICTIONS.-The provisions of law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066 to 4131 inclusive, as amended from time to time. The first section having reference to investments is Section 4096, which treats of real estate mortgages. As amended in 1904 it authorizes the investment of 80 p. c. of the assets in such mortgages, one-sixth at least of which "shall be upon real estate in this State"-that is Vermont. A proviso adds that only 60 per cent of the assets may be invested in mortgages on realestate outside of Vermont. If the investment is on morrgage of unimproved or upproductive real estate the amount of such investment is limited to 40 p. c. Sections 4097 and 4098 relate only to obtaining and paying for insurance. Section 4099 is as follows, and has reference to investment on personal sceurity:

SECTION 4099-No loans or investments on personal security shall be made except upon at least two approved names, not less than two of whom reside in this State or within fifty miles of the institution making such investment, and such personal loans or investments shall not be for a longer time than one year; and not more than one-third of the assets of a savings bank, savings institution or trust company shall be invested in personal securities invested in personal securities.

Section 4100 only covers a single point; that is to say it restricts to five per cent of the deposits the amount which a savings bank may invest in the lot and building for the transaction of its business, and adds that a revenue may be derived from portions of the building not required for the bank's use. The next section (Section 4101) covers the most important of the provisions relating to investments that are contained in the law. We give the section in fullbelow. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own.

into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own.
SECTION'4101-With the foregoing exceptions, the moneys deposited in Savings Banks, Savings Institutions and Trust Companies, and the income therefrom, shall be invested only as follows:

(1.) In the public funds of the United States, or public funds for the payment of principal and interest of which the faith of the United States is pledged;
(2.) In the bonds or notes of the counties, cities, towns, villages and school districts of the New England States, New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa;
(3.) In the stock of any national bank in the New England States, New York and the cities of Detroit, Chicago, St. Paul and Minneapolis; in the stock of any banking association or trust company incorporated under the authority of and located in this State;
(4.) In the municipal bonds, not issued in aid of railroads, of counties, cities and towns of five thousand or more inhabitants in the States of New Jersey, Wisconsin Minnesota and Missouri, and in counties, cities or towns in the States above named, except in cities of fifty thousand or more inhabitants in the States of such county, city or town exceeds five per cent of its assessed valuation, and when not issued in aid of railroads;
(5.) In the school bonds and independent school districts bonds of New Jersey, Wisconsin, Minnesota and Missouri; and in the school bonds and independent school districts of such count of such and washington, where the amount of such of school districts of two thousand in dependent school district bonds of school districts.
(6.) In the school bonds and independent school districts.
(6.) In the school bonds and independent school districts of two thousand in dependent school district bonds of school districts.
(6.) In the public funds of any of the States named in this section; in notes with a pledge of any of the aforesaid secu

of such security; (7.) But no savings bank, savings institution or trust company shall

(7.) But no savings bank, savings institution or trust company shall hold, by way of investment or as security for loans, more than ten per cent of the capital stock of any one bank, nor invest more than ten per cent of its deposits, nor more than thirty-five thousand dollars in the capital stock of any one bank; and no such investments shall be made in the capital stock of any such banks, owned or loaned upon, to exceed in the aggregate one-fourth of the deposits of any savings bank, savings institution or trust company.

The amount of loan which can be made to one person or corporation &c., is restricted by the next section, and we give it in full. It is as follows:

SECTION 4102-No savings bank, savings institution or trust company shall loan to any one person, firm or corporation, or the individual members thereof, more than five per cent of its deposits, nor more than thirty thousand dollars; nor shall such loans on personal security exceed ten thousand dollars, until its deposits amount to one million dollars, after which the suns so loaned may be increased one per cent of the deposits in excess of the one million dollars; but this section shall not apply to United States bonds or municipal bonds, or notes with such bonds as collatered with such bonds as collateral.

We also give Section 4106 in full. It confers authority upon savings banks to make deposits on call in banks and trust companies in certain States and cities, and is as follows.

certain States and citles, and is as follows. SECTION 4106.—The words "trust company" in this chapter shall be construed to include savings banks and trust companies. A savings bank, savings institution or trust company may deposit on call in banks, banking associations or trust companies in this State, or in the cities of New York, Boston, Chicago, Albany, Philadelphia, or Concord, New Hampshire, or in any other legal designated depository under the laws of the United States, or in national banks. In the cities of St. Paul, Minnaapolis and Kansas City, with or without interest, as may be agreed upon, sums not exceeding in the aggregate twenty per cent of the assets of such savings bank, savings institution or trust company. company.

Section 4107 enacts that savings banks may hold real estate acquired on foreclosure or otherwise taken to secure debt, but it must be sold within five years, unless certain prescribed steps are taken, when an extension may be granted by the Inspector of Finance for not exceeding three years additional. Section 4108 authorizes savings banks to demand and receive on loans 6 per cent interest.

\* Nominal or contingent debt except "parks," of which \$2,242,500 is a direct state obligation. See below.

PUBLIC SALES OF BONDS—A bill passed the Legislature in 1904 directing the Treasurer to advertise all future sales of State bonds instead of disposing of the same at private sale, as had been the practice for several previous years. (V. 78, p. 1565).

PAR VALUE OF BONDS.—The coupon bonds are in \$1,000 pieces and the registered \$1,000 and upward. INTEREST on all sterling bonds is payable by Baring Brothers London; on all others at State Treasury, at Boston.

TOTAL DEBT. SINKING FUNDS, ETC.-Nov. 1, 1905. Jan. 1, 1905. Nov. 1, 1904. Jan. 1, 1904. Tot. funded debt \$98,194,162 \$95,799,162 \$95,759,162 \$91,283,912 Sink. funds, etc.. 23,822,8+8 21,464,032 20,649,662 19,918,042

....\$74,371,274 \$74,335,130 \$75,109,500 \$71,365,870 Net debt ... The above debt is of two classes: the Direct Debt. for the payment of which the Common wealth is directly and entirely responsible; and the Nominal or Contingent Debt, for which the Common wealth has loaned her credit to sundry cities and 'owns for various purposes, the pay-inent of which is guaranteed by sinking funds (sufficient to pay the debt at maturity) provided by a direct annual tax on the cities and towns for which the debt has been incurred. On Nov. 1, 1905, these classes and the sinking funds applicable thereto were as follows:

٩

	Direct Debt.	Nominal Debt.	Grand Tolat
Bonded debt	\$31,569,750 0	0 \$66,524,412.00	\$98,1 4,162.00

DEBT LIMITATIONS .- There seems to be no provision in the Constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to Cities and Towns. All of the general provisions are found incorporated in Chapter 27 of the Revised Statutes, edition of Jan. 1, 1902. The important sections of this chapter are cited below:

SECTION 1-Cities and towns shall not incur debts, except in the

SECTION 1-Cities and towns shall not incur debts, except in the manner of voting and witbin the limitations as to amount and time of payment prescribed in this chapter. SECTION 3-The indebtedness of a city or town under the provisions of this chapter not inconsistent herewith shall be its net indebtedness" as defined in clause twelve of section five of chapter eight; but debts created in aid of railroad corporations, except as herein otherwise provided, and water scrip, issued by a town under special statutes for the indebtedness of a fire district, and all other debts excepted by general or special statutes shall be excluded. *\*For meaning of "met indebtedness" see bottom of page* 20. SECTION 3-A city shall not become indebted in an amount exceed-ing two and one-half per cent on the average of the assessors' valua-tions of the taxable property therein for the three preceding years, the valuation of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment.

the valuation of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment. SECTION 4—A lown shall not become indebted in an amount exceed-ing three per cent on the last preceding valuation, for the assessment of taxes, of the taxable property therein. SECTION 5—A city or town which establishes, purchases, reconstructs, extends or enlarges a gas or electric lighting plant within its limits may incur debt outside the debt limit prescribed in this chapter in payment therefor to an amount not exceeding, in a town, five per cent and, in a city, not exceeding two and one-half per cent of the last preceding State valuation. SECTION 6—Cities and towns may by a majority vote incur debts for temporary loans in anticipation of the taxes of the municipal year in which such debts are incurred and expressly made payable therefrom by such vote. Such loans shall bo payable within one year after the date of their incurrence, and shall not be reckoned in determining the authorized limit of indebte lness. [Notes ma. be non-interest bearing and sold at a dis ount. See Chapter 153 Laws of 190.] Section 7—Cities and towns may by a majority vote incur debts for temporary loans for the payment of any land damages or any propor-tion of the general expense of altering a crossing which they are re-quired primarily to pay under the provisions of sections one hundred and forty-nine to one hundred and sixty, inclusive, of chapter one hundred and eleven. Such loans shall not be reckoned in determining the authorized limit of indebtedness, and when any money ro paid is repaid, it shall be immediately applied to the discharge of the loan. The sections referred to above in chapter 111 provide for the abotition of *Grade Orosanage*.

The sections referred to above in chapter 111 provide for the abotition

the authorized limit of indebtothess, and when any money so paid is repaid, it shall be immediately applied to the discharge of the loan. The sections referred to above in chapter 111 provide for the aboition of ande Orossugs. Sections 8-Delbts other than those mentioned in the two preceding present and voting at a town meeting, or of two-thirds of all the mem-bers of each branch of the city council, taken by yeas and nays, and subject to the approval or disapproval of the uary. Sections 9-A eity or town which has incurred a debt within the limitations as to amount and time of payment preservibed by this chap-tor may issue bonds, notes or scrip therefor, properly denominated on the face thereof, signed by its treasurer and, if issued by a oity, coun-lersigned by its mayor, or if issued by a town, countersigned by a ma-lority of its selectment, with interest payable semi-annually at such rate as if deems proper, and may sell said bonds, notes or scrip, not used to such debt. Bectrons 10-11 a city or town votes to issue honds, notes, serip or other schulter, the officers anthorized to negotiate the same may, in the name of such bonds, notes, scrip or other certificates of indebted rown to the advect of the money to be derived from the sale of such bonds, notes, scrip or other certificates of indebted rown be shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the making of such tem-payable shall not be extended by reason of the makin

with its accumulations to extinguish the debt at maturity; and shall, in the year before the maturity of the debt, raise by taxation, any bal-ance necessary for its extinguishment. SECTION 13—A city or town, in-tead of establishing a sinking fund, may vote to provide for the payment of any debt by such annual proportionate payments as will extinguish the same at maturity, and thereupon such annual proportion shall, without further vote, be assessed und+r the provisions of section thirty-seven of chapter twelve until such debt is extinguished. SECTIONS 14 to 19, inclusive, and sections 22, 24 and 25 relate to the election and duties of the commissioners of the sinking fund and various other matters we cannot enter upon here.

the election and duties of the commissioners of the sinking fund and various other matters we cannot enter upon here. SECTION 21-A city which at a meeting of its voters held for that purpose has accepted, by a vote of two-thirds of the legal voters pres-ent and voting thereon, any Act to supply said city with water may, by a yea and nay vote of the majority of the members of each branch of the city council, contract debts and issue bonds for the purposes and to the extent authorized by such Act, in the manner provided in, and subject to the provisions of, the preceding sections. SECTION 23-No city or town shall, for the purposes of subscribing in ald of a railroad corporation, increase its indebtedness to an amount which, with its existing net indebtedness incurred for any purpose, excluding temporary loans, exceeds three per cent of the valuation of the taxable property therein as ascertained by the last preceding city or town valuation for the assessment of taxes. In addition to these General Provisions there are various Special

In addition to these General Provisions there are various Special Laws which contain exceptions to the general law as to debt limitation, which apply to Cambridge, Lynn, Newburyport, Waltham, Worcester, &c., &c. A further exception in favor of Metropolitan Park assessment loans issued in 1900 and 1901 was made by Chapter 325, Laws of 1902.

SAVINGS BANK INVESTMENTS-POWERS AND RESTRIC-TIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in Massachusetts are con-tained in Section 26, Chapter 113, of the Revised Statutes of 1901, and in Chapter 483 of the Laws of 1902, this latter giving authority to invest in street railway bonds. In addition the 1904 Legislature mended sub-division (d) of clause see ind by admitting investments in bonds and notes of water districts. In 1905 clause "m" was amended by permitting loans in notes of a citizen of the commonwealth with a pledge as collateral of shares of the Boston & Albany, of the Norwich & W reester and of the Providence & Worcester railroad companies. The 1905 change we underscore in the law below. Section 26,—Deposits and the Income derived therefrom shall be invested only as follows:

invested only as follows:

FIRST-LOANS ON REAL ESTATE.-In first mortgages of real estato situated in this Commonwealth not to exceed sixty per cent of the valuation of such real estate; but not more than seventy per cent of the whole amount of deposits shall be so invested. A loan on mortgage shall not be made except upon the report of not less thau two members of the board of investment, who shall certify according to their best judgment to the value of the premises to be mort-gaged, and such report shall be filed and preserved with the records of the corporation of the corporation

SECOND-PUBLIC FUNDS.-(a) in the public runns of the United States, or of any of the New England States, or of the State of New

York. (b) In the bonds or notes of a county, city or town of this Common-

(c) In the bonds or notes of an incorporated district in this Com-monwcalth whose net indebtedness\* does not exceed five per cent of the last preceding valuation of the property therein for the assessment of taxes

the last preceding valuation of the property therein for the assessment of taxes. (d) In the bonds or notes of any city of Maine, New Hampshire, Ver-mont, Rhode Island or Connecticut whose "net indebtedness does not exceed five per cent of the last preceding valuation of the property therein for the assessment of taxes; or of any county or town of said States whose "net indebtedness does not exceed three per cent of such valuation; or of any incorporated water district of said States whose bends or notes are a direct obligation on all the taxable property of such district and whose "net indebtedness does not exceed three per centum of such valuation. (e) In the notes of a citizen of this commonwealth with a pledge of any of the aforessid securities at no more than the par value thereof. (f) In the legally authorized bonds of the States of Pennsylvania, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesosa, Missouri and Iowa and of the District of Columbia, and in the legally authorized bonds for municipal purposes, and in the refunding bonds issued to take up at maturity bonds which have been issued for other than mu-nicipal purposes, but on which the interest has been fully paid, of any city of the aloresaid States and of the State of New York, which has at the date of such investment more than thirty thousand inhabitants, as established by the last national or State Census or city Census, certified to by the City Clerk or Treasurer of said city, and taken in the same mant er as a national or State Census, preceding such investment, and whose uet indebtedness\* does not exceed five per cent of the valuation of the taxable property therein, to be assessment of taxes; and in the note or notes of a citizen of this Commonwealth, with a pledge as collateral of any of the aforesaid securities, the amount invested in such note or notes not to exceed in any case eighty per cent of the market value of the securities pledged. market value of the securities pledged.

THIRD - RAILEOAD BONDS AND NOTES.—(a) In the first mort-gage bonds of a railroad company incorporated in any of the New England States and whose road is located wholly or in part in the same, whether such corporation is in possession of and is operating its own road, or has leased it to another railroad corporation, and has earned and paid regular dividends of not less than three per cent per annum on all its issues of capital stock for the two years last preced-ing such investment.

(b) In the first mortgage bonds of a railroad company incorporated in any of the New England States and whose road is located wholly or in part in the same, guaranteed by a railroad company described in the preceding paragraph which is in possession of and is operating its own road its own road.

(c) In the bonds or notes of a railroad company incorporated in this Commonwealth, and whose road is located wholly or in part therein, and is unencumbered by mortgage, and which has paid a dividend of not less than five per cent per annum for two years last preceding such investment.

In the bonds and notes of the Fitchburg Railroad Company, issued according to law

(c) In the bonds and notes of the Old Colony Railroad Company, issued according to law, notwithstanding the mortgages on that part of its railroad formerly helonging to the Boston Clinton Fitchburg & New Bedford Railroad Company.
 (f) In the bonds and notes of the Boston & Lowell Railroad Corpora-tion of the portuging to the mortgages on these

tion, issued according to law, notwithstanding the mortgages on those portions of its railroad formerly belonging to the Salem & Lowell Rail-road Company and the Lowell & Lawrence Railroad Company. In the bonds and notes of the Boston & Maine Railroad, issued

\* "Net indebtedness" as used above shall mean the indebtedness of a county, elty, town or district, omitting debts created for supplying the inhabitants with water and other debts exempted from the opera-tion of the law limiting their indebtedness, and deducting the amount of the sinking funds available for the payment of the indebtedness in-cluded. Revised Statutes, Chapter 8, Section 5, Clause 12.

according to law, notwithstanding any mortgages on that part of its railroad, franchises and property formerly belonging to the Eastern Railroad Company, the Eastern Railroad in New Hampshire or the Portsmouth Great Falls & Conway Railroad. (h) In the bonds and notes of the New York New Haven & Hartford Railroad Company, issued according to law, notwithstanding the ex-istence on the twenty-first day of March in the year 1896 of a mort-gage indebtedness not then matured upon the whole or a part of the road of said company.

(i) In the first mortgage bonds of the Concord & Montreal Railroad,

(i) In the first mortgage bonds of the Concord & Montreal Railroad, although such company may be formed by the union of two or more com-panies only one of which has paid regular dividends for the two years last preceding such investment on all its issues of capital stock, and notwithstanding a mortgage indebtedness on that part of its road formerly belonging to the Boston Concord & Montreal Railroad: provided, however, that said bonds shall be issued in whole or in part to renew and refund said existing mortgage indebtedness, and that an amount of such bonds equal at the par value to the amount of such existing mortgage indebtedness shall, by the terms of the mortgage se-curing the same, be made applicable exclusively to the payment. such existing mortgage indebtedness and, for the purpose of securing such payment at the maturity of the same, shall be deposited with and held by such trust company, incorporated in this Common wealth and doing business in the city of Boston as may be approved by the board of com-missioners of savings banks.

business in the city of Boston as may be approved by the board of com-missioners of savings banks. (j) In the bonds of the Maine Central Railroad Company, known as the Consolidated Mortgage Bonds, notwithstanding the existence of a mortgage indebtedness not matured upon the whole or a part of the road of said railroad company: provided, however, that said bonds be issued in whole or in part to renew and refund said existing first mortgage indebtedness, and that an amount of such bonds equal at the par value to the amount of such existing mortgage indebtedness shall, by the terms of the mortgage securing the same, be made applicable exclusively to the payment of such existing mortgage indebtedness; and to secure such payment at the maturity of the same, said bonds shall be deposited with and held by such trust company incorporated in this Commonwealth and doing business in the city of Boston as may be approved by the board of commissioners of savings banks.

savings banks. (k) In the note or notes of a citizen of this Commonwealth with a pledge as collateral of any of the aforesaid securities at no more than the par value thereof. (l) In the note or notes of a citizeneous securities at no more than

(1) In the note or notes of a citizen of this Commonwealth with a pledge as collateral of shares of the capital stock of a railroad company incorporated in any of the New England States, and whose road pany incorporated in any of the New England States, and whose road is located wholly or in part therein, and which is in possession of and is operating its own road and has earned and paid regular dividends of not less than five per cent per annum on all its issues of capital stock for five years last preceding the date of such note or notes, or a renewal thereof, and at no more than seventy-five per cent of the market value thereof, such note or notes to be made payable on demand and to be paid or renewed within one year from the date thereof (m) In the note or notes of a cuizen of this Commonwealth with a pledge as collateral of shares of the capital stock of the Boston & Lowell Railroad Corporation, of the Roston & Providence Railroad Company, of the Connecticut River Railroad Company, of the Old Colony Railroad Company, of the Boston & Albany Railroad Com-pany, of the Norwich & Worcester Railroad Company and of the Providence & Worcester Railroad Company, notwithstanding the road

Provinence & Worcester Railroad Company, notwithstanding the road of each of suid companies may be leased to another railroad company; but such note or notes shall not in any case exceed seventy-five per centum of the market value of these curities plotged and shall be pay-able on demand and be paid or renewed within one year from the date thereof.

thereof.
FOURTH—(a) In the bonds of the New York & New England Railroad Company issued according to law, and for the payment of the principal and interest of which first mortgages, made as provided in chapter three hundred and one of the Acts of the year eighteen hundred and eighty-eight, are held as collateral security under an indenture of trust duly made and entered into for that purpose: *provided*, that the amount of the bonds so issued shall not exceed the amount of the mortgages so held in trust, and that no one of said mortgages shall exceed in amount sixty per cent of the value of the roal estate thereby mortgaged; and no investment in said bonds shall be made by such corporation, except upon the report of not less than two inembers of the board of investment, who shall, according to their best judgment, certify to the value of the premises covered by each of said mortgages, and such report shall be filed and preserved with the records of the Boston Revere Beach & Lynn Railroad Company, issued according to law.

the records of the corporation.
(b) In the bonds of the Boston Revere Beach & Lynn Railroad Company, issued according to law.
(c) In the legally authorized bonds of the New York Central & Hudson River Railroad Company, of the Michigan Central Railroad Company, of the Lake Shore & Michigan Southern Railway Company, of the Lake Shore & Michigan Southern Railway Company, of the Delaware Lackawanna & Western Railroad Company, of the Chicago Burlington & Quincy Railroad Company, of the Chicago & North Western Railway Company and of the Delaware & Hudson Canal Company: provided that all such bonds shall be secured by a first mortgage of the whole or a part of the ruilroad and railroad property actually in the possession of and operated by such company; and that each railroad whose bonds are hereby authorized for investment shall have earned and paid regular dividends on all its issues of capital stock of not less than four per cent each fiscal year for the ten years last preceding such investment, and that such capital stock shall equal or exceed in amount one-third of the par value of its bonded indebtedness.
(d) In the legally authorized bonds of a railroad company incorporated under the authority of the States of New York, Pennsylvania, Ohio, Indiana, fillinois, Michigan or Iowa. whoseroad is located wholly or in part within the limits of sald States, and has earned and paid regular dividends of not less than four per cent per annum on all its issues of capital stock for the ten years last preceding such investment: provided that said bonds shall be secured by a first mort-gage of the whole or a part of the ten ilroad and railroad property of such company, and be guaranteed, both principal and interest, by one or more of the companies named in the preceding paragraph.</l

ceding paragraphs at no more than the par value thereof. (f) In the bonds of the Boston Terminal Company authorized by

the provisions of section four of chapter five hundred and sixteen of the Acts of the year eighteen hundred and hinety-six and in the note or notes of a citizen of this common wealth, with a pledge as collateral of the first mortgage bonds of said company at no more than the par value thereof,

(g) Street railway companies are not railroad companies within the meaning of the third and fourth clauses of this section. (See below for law permitting street railway investments.)

FIFTH-BANK STOCK. In the stock of a bank incorporated in this common wealth, or in the stock of a banking association located in the commonwealth, or in the stock of a banking association located in the New England States and incorporated under the authority of the United States, or in the stock of a trust company incorporated under the laws of and doing business within this Commonwealth, as pro-vided in chapter one hundred and sixteen, or of those trust companies incorporated as such by special charters granted under the laws of and doing business within this Commonwealth whose special charters require them to provide the same security as prescribed in sections twenty-eight and thirty of said chapter or in the notes of a citizen of this commonwealth, with a piedge as collateral of any of the aforesaid securities at no more than eighty per cent of the market value and

0

not exceeding the par value thereof; but such corporation shall not hold, both by way of investment and as security for loans, more than thirty-five per cent of its deposits in the stock of such banks, associa-tions or companies, nor in any one such bank, association or company more than three per cent of its deposits in, nor more than one hun-drod thousand dollars nor more than one quar er of the capital stock of such bank, association or company. Such corporation may deposit not more than five per cent of its deposits in any one such bank, asso-clation or company, but such deposit shall not exceed twenty-live per cent of the capital stock and surplus of such depositary. SIXTH-LOANS TO DEPOSITORS, - In loans to a depositor of such half of his deposit; and the deposit and the book of the depositor shall be held by the corporation as collateral security for the payment of

be held by the corporation as collateral security for the payment of

half or his deposit; and the deposit and the book of the depositor shall be held by the corporation as collateral security for the payment of such loan. SEVENTH-LOANS ON PERSONAL SECURITY.—If such deposits and income cannot be conveniently invested in the modes hereinbe-fore prescribed, not exceeding one-third part thereof may be invested in bonds or other personal securities, payable and to be paid at a time not exceeding one year, with at least two sureties, if the principal and surcies are all citizens of this Commonwealth and resident therein; provided, that the total liabilities to such corporation of a person, partnership, company or corporation for money borrowed upon per-sonal security, including in the liabilities of a partnership or company not incorporated the liabilities of the several members thereof, shall not exceed five per cent of such deposits and income. EIGHTUT-REAL ESTATE FOR EANKING PURPOSES—Five per cent of the deposits of such corporation, not exceeding two hundred thousand dollars, may be invested in the purchase of a suitable site and the erection or preparation of a suitable building for the conven-ient transaction of its business. NINTH-REAL ESTATE BY FORECLOSURE.—Such corporation may hold real estate, acquired by the foreclosure of a mortgage owned by it, or by purchase at asles made under the provisions of such mort-gage or upon judgments for debts due to it, or in settlements effected to secure such debts. All such real estate shall be sold by the tor-poration within five years after the title thereof is vested in it, but the board of investment of such corporation, and for cause, grant an add-tional time for the sale of the same or of the securities mentioned in the following clause. TENTM-SECURITIES ACQUIRED IN SETTLEMENT OF DEBT.— Such corporation may hold stocks, bonds or other securities acquired in settlements effected to secure loans or indobtedness, but unless the time during which such securities may be held is extended aspro-vided in the preceding paragraph they s

seventy-six.

STREET RAILWAY BONDS. As stated above, street railway bonds are included in the list of legal investments by Chapter 483 of the Laws of 1902. This Act is

As stated above, street railway bonds are included in the list of legal investments by Chapter 483 of the Laws of 1902. This Act is given below in full: SECTION 1. In addition to the investments authorized by section twenty-six of chapter one hundred and thirteen of the Revised Laws, savings banks and institutions for savings may invest their deposits and the income derived therefrom in the bonds, approved by the board of commissioners of savings banks, as hereinafter provided for, of any street railway company incorporated in this Commonwealth, the railway of which is situated wholly or partly therein, and which has earned and paid annually for the five years last preceding the certifi-oation hereinafter provided for, of the board of railroad commission-ers, dividends of not less than five per ceut per annum upon all of its outstanding capital stock. In any case where two or more companies have been consolidated by purchase or otherwise during the five years prior to the certification aforesaid the payment severally from the earnings of each year of dividends equivalent in the aggregate to a dividend of five per cent upon the aggregate capital stocks of the sev-eral companies during the years preceding such consolidation, shall be sufficient for the purpose of this act. Dividends paid to the stock-holders of the West End Street Raiiway Company by way of rental shall be deemed to have been earned and paid by said West End Street Railway Company within the meaning of this section. SECTION 2. The board of railroad commissioners shall on or before the fifteenth day of January of each year transmit to the board of commissioners of savings banks a list of all street railway companies which appear from the returns made by said companies to have prop-erly paid, without impairment of assets or capital stock, the dividends way company and certified by the board of railroad commissioners, in accordance with the provision- of the preceding section, as the board of commissioners of savings banks shall deem good and sa

lic. [Approved June 16,1902.] According to the requirements of Section 2 of the above Act, the Board of Railroad Commissioners early in January, 1905, announced the following roads as meeting the demands of the Act (V. 80, p. 234).

Athol & Orange St. Ry. Co.	H
Dartmouth & Westport St. Ry. Co.	Pi
East Middlesex St. Ry. Co.	Sι
Fitchburg & Leominster St. Ry. Co.	U
Holyoke St. Ry. Co.	Ŵ

toosac Valley St. Ry. Co. ittsfield Electric St. Ry. Co. pringfield St. Ry. Co. Inion St. Ry. Co. Vest End St. Ry. Co.

With the above as a basis, the Commissioners of Savings Banks have prepared alist of the bonds of the foregoing roads which they deem good and safe investments for the banks. See V. 80, p. 610. In 1904 savings banks were also authorized to make loans with street railway bonds as collateral. This law follows:

SECTION 1. Saving + banks and institutions for savings may invest their deposits and the income derived therefrom in the note or notes of any citizen of this Commonwealth, with a pledge as collateral, at not more than the par value thereof, of the bonds of street railway companies in which the savings banks of the Common wealth are authorized by law to invest.

INTEREST is payable in Boston on water bonds at the Old Colony Trust Co. and on to wn-hall bonds at the Mercantile Trust Co.

BOSTON. — { D. A. WHELTON. Acting-Mayor. GEO. U. (RO'KER, City Treasurer. J. ALFRE ) MITCHELL, Auditor. City was incorporated Feb. 23, 1822. The county of Suifolk, in which Boston is situated, contains also the city of Chelsea and the towns of Revere and Winthrop. Boston, however, receives all the county income, pays all the county expenses, owns the county hulldings, and is responsible for the county debt, which amounted on O t 31, 1905, to \$3,431,000. The details of this county debt are included in the following financial report for this eity. LOANS— When Due. HIGHWAYS—(Con.) -

acout and included in the following j	manetal report for this city.

county tax, \$0.93; the city tax proper, \$13.20; total, \$16.00. DEBT AND TAX LIMITATIONS.—Taxes in Boston are limited by Chapter 399 of the Acts of 1900 as follows (*approved June* 26, 1900): SECTION 1. The taxes assessed on property, exclusive of the State tax, county tax and sums required by law to be raised on account of the city debt, shall not exceed in any year in the city of Bos-ton ten and one-half dollars, and in any other city twelve dollars, on every one thousand dollars of the average of the assessors' valua-tions of the taxable property therein for the preceding three years, the valuation for each year being first reduced by the amount of all abate-ments allowed thereon previous to the thirty-first day of December in the year preceding said assessment, and any order or appropriation requiring a larger assessment than is herein limited shall be void. SECTION 2. Chapter one hundred and seventy-eight of the Acts of the year eighteen hundred and eighty-tive and Chapter two hundred and eighty one of the Acts of the year eighteen hundred and eighty seven

year eighteen hundred and eighty-five and Chapter two hundred and eighty one of the Acts of the year eighteen hundred and eighty seven are hereby repealed. The new law, in repealing Chapter 178 of the Laws of 1885, repealed a special Act limiting the indebtedness of the City of Boston to 2 per cent of the assessed valuation, etc., etc. Boston consequently is now subject to Section 2, Chapter 312, Laws of 1885 (Sec. 3, Chap. 27 of the 1902 edition Revised Statutes), which places the debt limitation at 2<sup>1</sup>/<sub>2</sub> per cent of the average assessors' valuations of the taxable property for the preceding three years. Reference to this section of the Revised Statutes will be found in our remarks under the State of Massachusetts. The foregoing limitation is of course exclusive of debts created for

The foregoing limitation is of course exclusive of debts created for water supply, and further exceptious have been made from year to year by different legislatures, authorizing bonds outside of the debt limit for various purposes, especially enumerated. It is proper to state that under Chapter 93, Acts of 1891, the city is without a cation of the superior of the purpose within its debt

authorized to anticipate its authority to borrow money within its debt limit for any current municipal year.

NEW LOANS AUTHORIZED.—The following is a summary of loans authorized but not issued as of Oct. 31, 1905:

	Inside	Outside
	Debt Limit.	Debt Limit.
School houses, etc	\$937,000

STATE AND MUNICIPAL INDEBTEDNESS LIMITATIONS.-Under Section 13, Article IV., of the State Constitution, the General Assembly has no power to incur State debt to an amount exceeding \$50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to pledge the faith of the State for the payment of obligatious of others without the approval of the people. In reference to city debts, there is nothing in the Constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 7, Chapter 36 (page 157) of the Revised Statutes of the State of 1896. Since 1878 these provisions have been in force, and consequently 3 per cent of the taxable property has been the limit of the power of each town (which includes city) to create debt.

includes city) to create debt. SECTION 20. "The outstanding notes, bonds 2nd contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted, and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority therefor. SECTION 21. No town shall, without special statutory authority therefor, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight, but the giving of a new note or bond, for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness." SAVINGS BANK INVESTMENTS AND RESTRICTIONS.-In

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.—In the Revised Statutes of Rhode Island (which were revised in 1896) Sections 54, 55, 56, etc., of Chapter 178, Title 19 (on page 548), will be found the provisions of law with reference to Savings Bank Investments. Section 54, which recites in detail the stocks, bonds, etc., these institutions are allowed to put their money in is as follows:

SECTION 54. Institutions for savings shall invest their receipts— (1) In public stocks or bonds of any State or of the United States, (2) Or in any bank stock, or in notes or bonds of any town or city, (3) Or in notes of any school district or fire district in any New Eng-land State,

(4) Or in such corporate stocks or bonds as they may deem safe and

seeure, (5) Or they may discount notes, bonds or drafts of individuals or corporations, with two other responsible endorsers, sureties or guarantors. (6) Or the notes, bonds or dratts of individuals or corporations secured by the public notes, stocks or bonds of any State of the United States, or of any town or city or of any school district or fire district in any New England State, or by the stock or bonds of any corporation which may be deemed to be safe, or by mortgage on real estate.

Concerning Sections 55 and 56, the first appears to give savings institutions quite extensive powers as to making and keeping deposits in commercial banks. When so kept, however, they are to be kept "payable on demand whether drawing interest or not." The two sections are subjoined.

sections are subjoined. SECTION 55.—No such institution shall have an amount exceeding one-half of its receipts invested in notes, bonds or drafts of individuals or corporations, unless secured by some public notes, bonds or stocks as aforesaid, or by mortgage on real estate: but the preceding section shall not be so construed as to forbid any such institution from placing and holding on deposit in any bank such reasonable amount of their re-ceipts as is customary and they may deem proper, payable on demand, whether drawing interest or not. SECTION 56.—No money shall be loaned by any institution for sav-ings to any trustee, director or other officer of such institution. For the other provisions of the law as they now are we would refer

For the other provisions of the law as they now are we would refer our readers to the Revised Statutes of 1896.

## WESTERLY.—JAMES M. PENDLETON, Treas.

This town is in Washington County. Incorporated 1669. The town has extended its water system to Watch Hill, R. I. Ou Oct. 17, 1903, the town assumed the debts of the several school districts therein and purchased all the properties for \$103,868. This accounts for the increase of floating debt in 1904 over 1903.

Interest on compon bonds is payable at United States Mortgage & Trust Co., New York.

WOONSOCKET. .-... {W. O. PARK, Acting Mayer. Woonsocket is in Providence County. I. acorporated 1867. Aside from the following obligations Woonsocket endorses first mortgage bonds of the Woonsocket & Pascoag RR. to the amount of \$100,000. Bonds below are for \$1,000 each.

1897	534,465,257		

Under Chapter 106, as amended by Chapter 165, Laws of 1901, the State collects the tax on every bank, national banking association, trust, insurance, investment and bridge companies whose stock is not exempt from taxation, and remits the amount so collected to the va-rious city and town treasurers. As the value of such stocks was pre-viously included in the grand list of each town, the reduction in val-ues in 1901 followed from that cause.

PROPOSED NEW CONSTITUTION DEFEATED .- After a Constitutional Convention occupying over four months, the document drafted by that body was defeated at a popular election on June 16, '02.

DEBT LIMITATION.-The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows :

No County, City, Town, Borough or other Municipality, shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be con-strued to prohibit the General Assembly from authorizing any Town or City to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes: whatever restrictions have been made from time to time are contained in enabling acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to section 1931, chapter 121 of the Revised Statutes of 1902, "when any town shall have made appro-" priations or incurred debts, or shall hereafter make appropriations or "inear debts exceeding ten thousand dollars, it may issue bonds, either "registered er with coupons attached, or other obligations, payable at "such times and at such annual rate of interest uot exceeding 6 per "cent, payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

Exemption from Taxation has been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to redeem the railroad aid bonds above referred to. This exemption is found in Section 2315. Chapter 144 of the Revised Statutes of 1902 (latter part of Section), and the bonds there named are those "issued by any town or city in aid of the "construction of the railroads of the Connecticut Western Railroad "Company, the New Haven Middletown & Willimantic Railroad Com-"pany, the Shepaug Valley Railroad Company, the Connecticut Valley "Railroad Co., the Connecticut Central Railroad Company, or either of "them." All railroads which are in whole or in part in the State are taxed by the State under Section 2424. Chapter 147 of the Revised Statutes, so that the tax on these bonds is paid by the railroads. *Exemption from lux* of new bonds issued to redeem or to provide a fund to redeem the railroad aid bonds, or to redeem or to provide a fund to

to redeem the railroad aid bonds, or to redeem or to provide a fund to redeem any reissue of the same, is conferred fully by an act approved June 19, 1889, and found in the Revised Statutes of 1902, Section 2315, Chapter 144.

POPULATION OF STATE.—Population has been as follows:			
1900908,420	1860	275,248	
	1850		
	1840		
1870537,454	1830	237,946	

SAVINGS BANKS INVESTMENTS-PRIVILEGES AND RE-STRICTIONS.—At the session in 1899 material changes were made in the provisions regulating the investment of the deposits of the savings banks of Connecticut, and at the sessions in 1901, in 1903 and in 1905 the scope of such investments was still further enlarged. One of the departures in the 1903 amendments was that street railway bonds were then included for the first time, and the list was still further enlarged in 1905. We give below the law as It is found in sections 3,428 and 3,429, General Statutes of Connecticut, Revision of 1902, with the later amendments included.

SECTION 3,428-Investments by Savings Banks.-Savings banks may Invest their deposits and surplus as follows:

(1) Not exceeding twenty per cent thereof in notes secured by the pledge of stocks or bonds as collateral, *provided*, such stocks or bonds shall have paid dividends or interest of not less than three per cent per annum during the two years next preceding that in which the respective loan is made; or by the pledge of any stocks, bonds, or other obligations which, under the provisions of this section, can be pur-chased by savings banks;

(2) Not exceeding twenty per cent thereof in notes, each of which shall be the joint and several obligation of two or more parties all residents of this State;

(3) In the bonds of the United States, the District of Columbia, any Jersey, Pennsylvania, Delaware, Maryland, Ohio, Kentucky, Michigan, Indiana, Illinois, Iowa, Wisconsin, Minuesota, Missouri, Nebraska, Kansas, California, Colorado, and Oregon;

(4) In the bonds of any city in the New England States, or in the State of New York, of Newark, Paterson, and Trenton in the State of New Jersey, of Philadelphia in the State of Penusylvania, of Cincin-nati, Cleveland, Columbus, Dayton, and Toledo in the State of Ohio; of Louisville in the State of Kentucky, of Detroit in the State of Mich-igan, of Chicago in the State of Illinois, of Milwaukee in the State of Wisconsin. of St. Louis in the State of Missouri, or of Omaha in the State of Newarka State of Nebraska;

(5) In the obligations of any of the counties, towns, cities, boroughs, and school districts in this State;

(6) In the capital stock of any bank or trust company located in this State, or in the city of New York in the State of New York, or in Boston in the State of Massachusetts;

(7) In the bonds of any other incorporated city located in any of the States mentioned in this section having not less than twenty thousand Inhabitants, as ascertained by the United States or State Census, or any municipal census taken by authority of the State, next preceding such

investment; provided, the amount of the bonds of such city, including the issue in which such investment is made, and its proportion, based on the valuations contained in the assessment for taxation next pre-ceding such investment, of the county and town debt, after deducting the amount of its water debt and the negotiable securities in the sink-ing funds which are available for payment of its bonds, does not exceed seven per cent of the valuation of property in such city as assessed for taxation next preceding such investment; and provided, further, that the State or city issuing such bonds has not defaulted payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this section shall not be held to authorize the investment of any funds in any "special assessment bonds" or "improvement honds," so called, which are not direct and primary obligations of the city issuing the same; city issning the same;

city issuing the same;
(8) In the bonds of any railroad company organized under the laws of any of the States mentioned in this section, and which bonds are becured by a first mortgage as the only mortgage security given by such railroad company upon some portion of the railroad owned by it, or given by a railroad company, a majority of the capital stock in which is owned by the railroad company issuing such bonds, upon some portion of the railroad owned by it but leased or operated by the railroad company issuing such bonds, upon some portion of the railroad owned by it but leased or operated by the railroad company issuing such bonds, upon some portion of the railroad owned by it but leased or operated by the railroad company issuing such bonds, and which portion of such railroad in either case shall be located wholly or in part in one or more of the States mentioned in this section, provided the entire railroad of Each company is located wholly within the United States; in the consolidated bonds of any railroad company incorporated by this State and authorized to issue such bonds to retire the entire funded Gebt of such company; provided, that in every case such company shall have paid each year, for a period of not less than flve years next previous to such investment, in addition to the interest on its funded indebtedness, dividends of not less than four per cent per annum upon its entire capital stock at the time of such investment equals or watereds in amount one-third of the entire outstanding issue of such onds; onds;

(9) In the bonds of the following-named railroad companies, viz:

Gulf Division, first mortgage 4 p. c. bonds due May 1, 1933. The Buffalo & Busquehanna Railroad Company first mortgage 4 per cent gold bonds due in 1951.
(10) In any general or consolidated mortgage bonds issued by any of

The Builaio & Susquehanna Kaliroad Company first morigage 4 per cent gold bonds due in 1951. (10) In any general or consolidated mortgage honds issued by any of the following-named railroad companies to retire all of the out-standing prior mortgage honds secured upon the property covered by said general or consolidated mortgage:--Chicago & North Western Railway Company, Chicago Burlington & Quincy Railroad Company, Chicago Milwaukee & St. Paul Railway Company, Chicago Rock Island & Pacific Railway Company, Chicago Rock Island & Company, Chicago Burlington & Quincy Railroad Company, Chicago Rock Island & Company, Morris & Essex Railroad Company, Morris & Essex Railroad Company, Morris & Essex Railroad Company, Bt. Paul Minneapolis & Manitoba Railway Company, Eastern Railway C sapany of Minnesota, Northern Division, Louisville & Nazaville Railroad Company and in the mertgage bonds hitherto issued which such consolidated or general mortgage bonds are to retire at maturity; provided, that at no

and in the mcrtgage bonds hitherto issued which such consolidated or general mortgage bonds are to retire at maturity; *provided*, that at no time within five years next preceding the date of such investment in such general or consolidated mortgage bonds issued by any of the railroad corporations last named shall such railroad corporation have failed to pay regularly and punctually the principal, at maturity or as extended, and intereston all its mortgage indebtedness, and, in addition thereto, dividends upon all its outstanding capital stock during the preceding five years; and *provided further*, that at the state of every such dividend the outstanding capital stock of such railroad corporation shall have been equal to at least one-third of the iotal mortgage indebtedness of such railroad corporation, including all bonds issued or to be issued under any mortgage securing any bonds in which such investment shall be made. No bond of any rail-road corporation named in this section shall be a legal investment for a savings bank when such corporation, or the system of which it is a a savings hank when such corporation, or the system of which it is a part, shall fail to pay dividends on all of its capital stock; and this section shall not be held to authorize any investment in the bonds of any corporation operating its rallroad exclusively by any means other than steam as a motive power, or in the bonds of any street

railway company. [Added by chapter 204 Laws of 1905.] The first mortgage gold four per centum bonds of the Southern Indi-ana Railway Company, due 1951, are hereby declared legal invest ruents for savings banks for the State of Connecticut.

All other investments shall consist of deposits in incorporated banks or trust companies located in this State, or in the States of New

York, Massachusetts, or Rhode Island, or of loans secured by mort-gage on unincumbered real estate situated in this State (except as provided in §3429) [see section below], worth double the amount of the loan secured thereon.

Street Railway Bonds.—As stated above, street railway bonds are included for the first time by chapter 171, Laws of 1903. This Act was amended in 1905 and now reads as follows: Savings banks may invest their deposits and surplus in the first mortgage bonds of the Hartford Street Railway Company and the Fair Haven & Westville Kailroad Company, and in all bonds of the Consolidated Railway Company and the Connecti...t Railway & Lighting Company Lighting Company.

Lighting Company. SECTION 3429-When Mortgages May be Made in Adjoining States.-Any savings bank in the towns of Putnam. Brooklyn, and Killingly may loan on land located in the County of Provi-dence in the State of Rhode Island; any savings bank in the town of Ridgefield may loan on land located in the County of West-chester in the State of New York; any savings bank in the town of Enfield or in the town of Stafford may loan on land located in the County of Hampden in the State of Massachusetts; and any savings bank in the town of Stonington may loan on land located in the County of Washington in the State of Rhode Island.

The subjoined sections, 3431, 3432, 3433 and 3434, provide certain restrictions with reference to loans-section 3431 restricting loans on Mortgage Security to Manufacturing Corporations and Ecclesiastical Societies; section 3432 restricting amount of loans to one party on personal security; section 3433 forbidding loans on single names.

SECTION 3431-Loans to Corporations and Societies Regulated.-No SECTION 3431-Loans to Corporations and Societies Regulated.-No loan shall be made by any savings bank to any corporation or associa-tion or ecclesiastical society, secured by mortgage upon its property, unless the same shall be accompanied by the individual guaranty of some responsible party or parties, or by other collateral security of value equal to the amount of the sum loaned. The directors or trus-tees of any such bank consenting to any loan contrary to the pro-visions of this section shall be held individually responsible for any loss to the full extent of such loan.

SECTION 3432-Loans Restricted.—No savings bank having more than twenty-live thousand dollars of deposits, shall loan on personal secu-rity to any one person, company, or interest, more than three per cent of its deposits at the time of making such loan.

SECTION 3433-Obligations of One Person or Firm Not to be Taken.-No savings bank shall buy, or lend any money upon, any obligation on which only one person or firm shall be holden, without taking ad-ditional security for the same equivalent to the guaranty or inderse-ment of some other responsible party.

Besides the ordinary safeguards which are in all savings bank laws, there is one of no little importance that ought to aid materially in preventing incautious loans. We refer to the provision below.

SECTION 3434—Record of Names of Directors Consenting to Loans.— When any loan or investment is made by any savings bank, the names of the directors or trustees consenting thereto shall be entered upon the records of such bank, and said record shall be open at all times to the inspection of the corporators and auditors of such bank and the Bank Commissioners, and be prima facic evidence of the truth of the statements therein contained.

TRUST FUNDS-HOW LOANED OR INVESTED-We find in Section 254 of Chapter 22 of the Revised Statutes the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 495.-Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State, double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city, or borough of this State, or in any bonds, stocks, or other securities which the savings banks in this State are or may be authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

## CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT.

NOTE.-For debts of minor civil divisions not found among the state-ments given below, see "Additional Statements" at the end of this State.

ments given below, see "Additional Statements" at the end of this State. The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 168. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. There are ten cities, each with onc exception bearing the same name as the town in which it lies. In recent years several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the eity and town of Hartford, which previous to April, 1896, reported their debts separately. The eity and town of New London have been consolidated and also Bridgeport city and town. On December 7, 1897, city, town and school distriet of New Haven were likewise consolidated. The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting **a** tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are enumowered to issue bouds.

tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for though distinct corporations, their debts are to a greater or less extent the debts of a single community.

### AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and coun-ties in the State was in 1904 \$32,520,460 61. In the following table we show the funded indebtedness, the floating debt and the total in-debtedness of all the civil divisions of the State at quadrennial periods:

-	Funded debt.	Floating debt.	*Totat debt.
1904	\$26,906,859 05	\$5,269,101 56	\$32,520,460 61
1900		5,005,323 09	27,624,827 42
1896	19,749,667 08	4,384 980 56	24,581,066 55
1892	16.023,832 46	4,473,571 36	20,627,058 48
1888	15,569,818 67	3,759,642 86	19,392.804 89
1884	14,655,903 75	2,980.386 15	17,636,289 91
1880	15,388,375 69	1,967,623 60	17,355,999 29
1877	14,437,742 93	2,713,584 35	17,151,327 28

One of Original Thirteen Admitted as a State Total area of State (square miles) 50,203 Albany State capital Governor (term expires Dec. 31, 1906) - Frank W. Higgins Sec'y of State (term expires Dec. 31, 1906) - John F. O'Brien Treasurer (term exp. Dec. 31, 1906) John G. Wallenmeier Jr. Comptroller (term expires Dec. 31, 1906) - Otto Kelsey

Legislature meets annually the first Wednesday in January, and length of sessions is not limited.

HISTORY OF DEBT.—The historical details of New York's State debt from 1817 to 1894 will be found in the STATE AND CITY SUPPLE-MENT of April, 1894, page 41. During a period of eleven years ending in 1893 the State debt was paid at the average of \$1,000,000 per year, and practically wiped out. At the November election in 1895 the proposition to issue bonds of the State to the amount of \$9,000,000, for the purpose of enlarging and improving the Erie Canal, the Champlain Canal, and the Oswego Canal, was submitted to the voters and carried. These bonds were all issued, but \$499,334 have been paid off from the proceeds of the tax levied for a sluking fund, leaving outstanding Oct. 1, 1905, \$8,500,666. In 1903 a further i-sue of \$101,000,000 canal bonds was authorized and up to date \$2,000,000 of these bonds have been sold. The State's total bonded deot on Oct. 1, 1905, was \$11,155,660 and the sinking fund \$4 607,457 97. Details of loans follow:

79	DISTRICT OF COLUM	BIA.	••••••	Page	81		

are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts, power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted, and to no other purpose whatever.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money aris-ing from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose metatore. whatever.

for which it was raised, or to repay such debts, and to no other purpose whatever. *Limitation of legislative power to create debts.*—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be dis-tinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within eighteen 'years from the time of the con-tracting thereof. No such law shall take effect until it shall, at a gen-eral election, have been submitted to the people, and have received as majority of all the votes cast for and against it at such election. On the shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursu-forbid the contracting of any further debt or liability under such law, shall when may have been contracted, in pursuance of such law, shall the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The unney arising from any loan or stock creating such debt or liability, shall be applied to the work or object specified in the act authorizing such debt or no other purpose whatever. No such all be submitted to be voted on, within three months after its passage, or at any general election when any other law, or any bill, or any amendment to the Constitution, shall be submitted to be voted for or against.

\* An amendment submitted to a vote at the November, 1905, election extends from "eighteen" to "fifty" years the time in which the principal of debt must be discharged. See V. 80, p. 1494, for texts of Section 4 with the proposed changes indicated therein. Up to November 21 (time of going to press) result of vote was not known. Sinking Fund, how kept and invested.—SEC. 5. The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any man-ner other than for the specific purpose for which it shall have been provided. Proposed Issue of Bonds for Highways.

Proposed Issue of Bonds for Highways.—At the November, 1905, election, a constitutional amendment providing for an entirely new section—Section 12—to Article 7 was submitted to the people for approval. This section provides for a debt of 50 millions for high ways. See V. 80, p. 1494, for full text of this new section. Up to November 21 (time of going to press) result of vote was not known.

21 (time of going to press) result of vote was not known. DEBT LIMITATION.—CITIES, COUNTIES, TOWNS AND VILLAGES,— The new Constitution of New York State puts a general and uniform limit to the power of all counties and cities of the State to con-tract and put out their obligations, leaving to the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Article 8, Section 10. We give that section in full. The separation into paragraphs and the figures in parenthesis which num-ber and begin the paragraphs are our own, we having inserted them so that those who need to refer to or use any particular portion can the more readily find the part desired. With that exception we give Section 10 of Article 8 as it reads, preserving even the punctuation. (1) No county, city, town or village shall hereafter give any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any

of stock in, or bonds of, any association or corporation; nor shall any

such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such pro-vision for the aid or support of its peer as may be authorized by law

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or eity whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent he issuing of certif icates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the term of the bonds issued to provide the supply of water; but the term of the bonds issued to provide the supply of water shall not exceed twenty years, and a sink-ing fund shall be created on the issuing of the said bonds for their re-demption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

(6) All certificates of indebtedness or revenue bonds issued in an ticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted.

[An amendment voted upon at the November, 1905, election adds these words to the above paragraph: "except that debts incurred by the City of New York after the first day of January, 1904, to provide for the supply of water shall not be so included." At nour of going to press sufficient returns not received at office of Scienctary of State to

10) The sufficient returns not received at office of Scerctary of State to inducate result.]
(7) Whenever hereafter the boundaries of any eity shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. [At the November 1899 election an amendment to the Constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any eity shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county or when any eity shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.]
(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or indirectly or indirectly the owner of stock in or bonds ot any association or corporation," (20) in becoming "directly or indirectly the owner of stock in or bonds ot any association or corporation," and (3) in "inentring any indebtadness except for County, City, Town or Village" is fircluded in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in "inentring any indebtadness except for County, City,

tion of the real estate. Towns and Villages are not limited in their debt-making power by the Constitution. Those municipalities will be governed by general or special statutes

Bpecial statutes.
The 1895 Le. islature passed an act "for the protection of bona fide purchastrs and holders of coupon bonds and of numicipal corporations against misfeasance, malfeasance or negligence of public officers."
The full text of this law was published in the CHRONICLE of June 8, 1895. V. 60, p. 1023.

EXEMPTION FROM TAXATION.—In the Tax Law as given in Birdscyc's Revised Statutes for 1901 (Section 4, Sub-division 6,) there is a general provision exempting from taxation "Bonds of this State is a general provision excempting from taxation "Bonds of this State to be hereafter issued by the Comptroller to carry out the provisions of chapter Soventy-nine of the laws of clighteen hundred and ninety-five" (the Caus) Law] and "bonds of a municipal corporation hereto-fore issued for the purpose of paying up or retiring the bonded indebtedness of such corporation." It will be seen that the reference is to municipal bonds heretofore issued, &c. I section 7, however, of the "general municipal law there is also a tax-exempting clause but one much broader in its scole, as it seens to apply to the funding of any bonds heretofore or hereafter put out. In the case of New York City the existing provision of law govern ing the matter will be found in the royised City Charter which went into effect Jan. 1, 1902. This provides that "such corporate stock and all assessment bonds and revenue bonds, as well as all bonds hereafter to be issued by the City of New York by virtue of this Act or of any other Act, whether general or special, shall be tree and exempt from all taxation, except for State purposes—Section 169, Title 2.

It remains to add that under special laws some New York City bonds are exempt from all taxes, including those for State purposes. Such is the case as regards the public-library honds (Bryant Park) author-ized by Chapter 627, Laws of 1900.

SAVINGS BANK INVESTMENTS-POWERS AND RESTRIC TIONS.-In 1893 savings banks were for the first time given authority to invest in first mortgage railroa i bonds. The railroad list, at first very much restricted, was graduall added to, and in 1905 a further amend ment was made tixing general standards for future additions, both in the case of the tailroad and the municipal list This amendment was approved by the Governor on May 16, 1905.

We give below the law in full as it now stands. We indicate by means of black-taced [ ] brackets the new portions added in 1905 and underscore those parts of the old law which have been omitted. by the 1905 amendment.

Sec. 116. In what sceurities deposits may be invested.—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as follows:

of any saving the budden of the end of the states of the states of the budden of the states of bonds of interest-bearing notes of obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia. [The State Attorney-General raled that this sub-division does not authorize savings bonks to invest in the land purchase bonds of the Philippine Islands. V. 78, p. 293 ] 2. In the stocks or bonds or interest-bearing obligations of this State, issued pursuant to the authority of any law of the State.

3. In the stocks or bonds or interest-bearing obligations of any State of the United States which has not within ten years previous to mak-ing such investment by such corporation defaulted in the payment of any part of either principal or interest of any debt authorized by the legislature of any such State to be contracted; and in the bonds or in-terest-bearing obligations of any State of the United States, issued in pursuance of the authority of the legislature of such State, which have, prior to the passage of this act, been issued for the funding or settlement of any previous obligation of such State theretofore in de-fault, and on which said funding or settlement obligation there has been no default in the payment of either principal or interest since the interest on such funded or settlement obligation, and provided the larly for a period of not less than ten years next preceding such inlarly for a period of not less than ten years next preceding such investment.

4. In the stocks or bonds of any city, county, town or village, school district bonds and union free school district bonds issued for school purposes, or in the interest-bearing obligations of any city, county, town or village of this State, issued pursuant to the authority of any law of the State for the payment of which the faith and credit of the purposed. municipality issuing them are pledged.

5. In the stocks or bonds of the following cities: Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Holyoke, in the State of Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati and Toledo, in the State of Ohio; Detroit and Grand Rapids, in the State of Michigan; Providence, in the State of Rhode Island: New Haven and Hartford, in the State of Connection; Portland, in the State of Maine; Philadelphia, Pittsburgh, Alleghauy, Reading and Scranton, in the State of Pennsylvania; Minneapolis and St. Paul, in the State of Minnesota; Des Moines, in the State of Jowa; Milwaukee, in the State of Wisconsin; Louisville, in the State of Kentucky; Paterson, Trenton, Newark and Camden, in the State of New Jersey; Balti-more, in the State of Maryland; Los Angeles in the State of California; Cany incorporated city situated in one of the States of the California; [any incorporated city situated in one of the States of the United States which was admitted to Statehood prior to January first, eighteen hundred and ninety-six, and which, since January first, eighteen hundred and sixty-one, has not repudiated or defaulted in the payment of any vart of the principal or interest of any debt au-thorized by the legislature of any such State to be contracted, pro-vided said city has a population, as shown by the Federal Census next preceding said investment of not less than forty-five thousan' inhab-itants, and was incorporated as a city at least twenty-five years prior to the making of said investment, and has never defaulted for more than ninety days in the payment of any part either of princithan ninety days in the payment of any part either of princi-pal or interest of any bond, note or other evidence of indebted-noss, or effected any compromise of any kind with the holders thereof.] If at any time the indebtedness of any district, or other municipal corporation or subdivision except a county, which is wholly or in part included within the bounds or limits of said city] less its water debt and sinking [funds,] fund shall exceed seven per countum of the lits valuation for said civit for purposes of taxation less its water debt and sinking [funds,] fand shall exceed seven per centum of [the] its valuation [of said chy] for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to seven per centum of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of sav-ings banks, but the Superintendent of the Banking Department may, in his discretion, require any savings bank to sell such bonds or stocks of said city as may have been purchased prior to sold increase of debt.

6. In bonds and mortgages on unincumbered real property situated in this State to the extent of sixty per centum of the value thereof. Not more than sixty-five per centum of the whole amount of deposits shall be so loaned or invested. If the loan is on unimproved and un-productive real property, the amount loaned thereon shall not be more than forty per centum of its actual value. No investment in any bonds and mortgages shall be made by any savings bank except upon the re-port of a committee of its trustees charged with the duty of investigat-ing the same, who shall certify to the value of the premises mortgaged or to be mortgaged, according to their best judgment, and such report. shall be filed and preserved among the records of the corporation.

Also in the following securities:

Also in the following securities: (a) The first mortgage bonds of any railroad corporation of this State the principal part of whose railroad is located within this State, or of any railroad corporation of this or any other State or States connecting with and controlled and operated as part of the system of any such railroad corporation of this State, and of which connecting railroad at least a majority of its capital stock is owned by such a railroad corporation of an issue to retire all prior mortgage debt of such railroad corporation of an issue to retire all prior mortgage debt of such railroad corporation of this State, or in the mortgage honds of any such railroad corporation of an issue to retire all prior mortgage debt of such railroad corporation of this State of any such in vest-ment shall such railroad corporation of this State of any such in vest-ment shall such railroad corporation of this State of such connecting railroad corporation, respectively, havefailed regularly and punctually to pay the [matur-d] principal and interest of all its mortgage indebt-edness, and in addition thereto regularly and punctually to have paid dividends upon all its outstanding capital stock during the preceding five years, at the rate of not less than four por centum per annum; five years, at the rate of not less than four per contain per annum; Ein dividends to its stockholders ouring cach of said five years an In dividends to its successfullers our ingle cach of sold rive years an amount at least equal to four percentum upon all its outstanding capital stock;] and provided, further, that at the date of every such dividend the outstanding capital stock of such railroad corporation, or such con-necting railroad company, respectively, shall have been equal to atleast [one third] one-half of the total mortgage indebtedness of such railroad corporations respectively, including all bonds issued or to be is-sued under any mort sage securing any bonds, in which such investment shall be made.

(b) The mortgage bonds of the following railroad corporations: The Chicago & North Western RR. Co., Chicago Burlington & Quiney RE Co., Michigan Central RR. Co., Illinois Central RR. Co., Pennsyl-vania RR. Co., Delaware & Hudson Canal Co., Delaware Lackawanna & Western RR. Co., New York New Haven & Hartford RR. Co., Boston & Maine RR. Co., Maine Central RR Co., the Chicago & Alton RR. Co., Morris & Essex Railroad Co., Central Railroad of New Jer-sey, United New Jersey Railroad & Canal Company; also in the mort-gage bonds of railroad companies whose lines are leased or operated solves the second state of the second state of the second state of the state of the second state of the state nineteen hundred and five.]

(c) The mortgage bonds of the Chicago Milwaukee & St. Paul Railway Co. and the Chicago Rock Island & Pacific Ratiway Co., 50

long as they shall continue to carn and pay at least four per centum dividends per annum on their outstanding capital stock, and provided their capital stock shall equal or exceed in amount one-third of the par varie of all their bonded indebtedness, and further provided that all bonds of either of said companies hereby authorized for investment shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad or railroad property actually in the possession of and operated by said company, or that such bonds shall be mortgage bonds of an issue to retire all prior debts of said railroad company; [provided, further, that the mortgage which se-ences the bon ds authorized by this sublivision is dated, exceuted and recorded prior to January first, nineteen hundred and five.] (d) The first mortgage bonds of the Fonda Johnstown & Gloversville

recorded prior to January first, nineteen hundred and five.] (d) The first mortgage bonds of the Fouda Johnstown & Gloversville Railroad Co., or in the mortgage bonds of said railroad company of an issue to retire all prior mortgage debts of said railroad company, and provided the capital stock of said railroad company shall equal or ex-ceed in amount one third of the par value of all its bonded indebted-mess, and provided, also, that such railroad be of standard gauge of four feet eight and one-half inches, and in the mortgage bonds of the Buffalo Creek Railroad Company of an issue to retire all prior mort-gage debts of said railroad company, Cprovided that the bonds au-thorized by this subdivision are secured by a mortgase dated, exe-outed and recorded prior to January first, nineteen hundred and five.] Not more than twenty-live per centum of the deposits of any bank shall be loaned or invested in railroad bonds, and not more than ten per be loaned or invested in railroad bonds, and not more than ten per centum of the deposits of any bank shall be invested in the bonds of any one railroad corporation described in paragraph "a" of this sub-division, and not more than five per centum of such deposits in the bonds of any other railroad corporation. Street railroad corporations shal not be considered railroad corporatious within the meaning of this sub-division.

this sub-division. T(e) The morecage bonds of any railroad corporation incorporated under the laws of any of the United States which actually owns in fee not less than five hundred miles of standard-gauge railway, exclusive of sidings, within the United States, provided that at no time within five years next preceding the date of any such investment shall such railroad corporation have failed regularly and punctually to pay the matured principal and interest of all its morturage indebtedness and in addition thereto regularly and punctually to have paid in dividends to its stockholders during each of said five years as amount at least equal to four per centum upon all its outstanding capital stock; and provided, further, that during said five years the gross earnings in each year from the operations is all company, including therein the gross earnings of all railroads leased and operated or controlled and operated by said company, and also including in said earnings the amount received directly or indirectly by said company from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable during that year upon its entire outstanding indebtedness, and the rentals for said year of all leased lines, and further provided that all bonds authorized for investment by this subdivision shall be see cured by a mortgage which is at the time of making said investment, or was at the date of the execution of said mortgage, il) a first mort-gage npon not less than seventy five per centum of the railway owned in fee by the company issuing said bonds exclusive of sidings at the or was at the date of the execution of said mortgage, (1) a first mort-gage upon not less than seventy five per centum of the railway owned in fee by the company issuing said bonds exclusive of sidings at the date of said mortgage or (2) a refunding mortgage issued to retire all prior lien mort-age debts of said company outstanding at the time of said investment and covering at least seventy five per centum of the railway owned in fee by said company at the date of said mortgage. But no one of the bonds so secured shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which together with all outstanding prior debts of said company, after deducting therefrom in case of a refunding mortgage the bonds re served under the provisions of said mortgage to retire prior debts at maturity, shall exceed three times the outstanding eapital stock of said company at the time of making said investment. And no mort-gage is to be regarded as a refunding mortgage, under the provisions of this Act, unless the bonds which it secures mature at a later date than any bond which it is given to refund, nor unless it covers a mile age at least twenty-five per centum greater than is covered by any one of the prior mortgages so to bo r-funded. [(f) Anv railway mortrage bonds which would be a legal investment under the provisions of subdivision (e) of this section, except for the fort the the provisions of subdivision (e) of this section, except for the

age at least twenty-inveper centulin greater than is covered by any one of the prior mortgages so to bo r-funded. [(f) Anv raiway mort rage bonds which would be a legal investment under the provisions of subdivision (e) of this section, except for the fact that the railroad corporation issuing said bonds actually owns in fee less than five hundred miles of road, provided that during five years next preceding the date of any such investment the gross earn-ings in each year from the operations of said corporation, including the gross earnings of all lines leased and operated or controlled and operatel by it, shall not have been tess than ten million dollars.] [(g) The mortgage bonds of a railroad corporation described in the foregoing subdivisions (e) or (f) or the mortgage bond of a railroad owned b. such or poration, assumed or guaranteed by it by indorse-ment on said bonds, provided said bonds are prior to and are to be re-funded by a general mortgage of said corporation, the bonds secured by which are made a legal investment under the provisions of said subdivisions (e) or (f); and provided, further, that said general mort-ga-e covers all the real or per upon which the mortgage securing said underlying bonds is a iten ] [(h) Any railway mortgage bonds which would be a legal investment under the provisions of subdivisions (e) or (g) of this section, except for the fact that the railroad corporation issuing said bonds actually owns in fee lees than five hundred miles of road, provided the pay-ment of principal and int-rest of said bonds is guaranteed by endorse-neut th reon by, or provided said bonds have been assumed by, a oorporation whise first mortgage securing the same shall anthor-ize a total issue of bonds which. together with all the outstanding prior debts of the corporation making said guaranty or so assuming said bonds, including therein the authorized amount of all previously guaranteed or assumed bond swinch. Together with all the outstanding prior debts of the c

(i) of this section, provided the parment of principal and interest of said bonds is guaranteed by endorsement thereon by the company so owning and operating said road, and further provided the mortgage securing said bonds does not authorize an issue of more than twenty thousand dollars in bonds for each mile of road covered thereby. But no one of the bonds for each mile of road covered thereby. But no one of the bonds so guaranteed shall be a legal investment in case the mortzage securing the same shall authorize a total issue of bonds which, together with all the outstanding prior debts of the company making said guaranty, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the cap-ital stock of said company at the time of making said investment. Not more than twenty-five are centum of the assets of any bank shall be It al stock of said company at the time of making said investment. Not more than twenty-five per centum of the assets of any bank shall be loaned or invested in railroad bonds, and not more than ten per centum of the assets of any bank shall be invested in the bonds of any one railroad corporation described in paragraph a) of this subdivision, and not more than five per centum of such assets in the bonds of any other railroad corporation. In determining the amount of the scrute form that have near both the subdivision its sector. assets of any back under the provisions of this subdivision its securi-ties shal be estimated in the manner prescribed for determining the per centum of surplus by section one hundred and twenty four of this Act. Street railroad corporations shall not be considered railroad cor-porations within the meaning of this subdivision.] 7. In real property subject to the provisions of the next section.

It will be noted that subdivision 7 (the last paragraph of the above) refers to the "next section" for the provisions applicable. This reference is to section 117 of the law of 1892; we omit that section as it relates only to real estate. Sections 118, 119 and 120 of the law of 1892 (the first-mentioned section as amended in 1901) we subjoin.

1892 (the first-mentioned section as amended in 1901) we subjoin. SECTION 118. The trustees of every such corporation shall as soon as practicable invest the moneys deposited with them in the securities authorized by this article; but for the purpose of meeting current payments and expenses in excess of the receipts, there may be kept an available fund not exceeding ten per centum of the whole amount of deposits with such corporation, on hand or deposit in any bank in this State organized under any law of this State or of the United States, or with any trust company incorporated by any law of the State; but the sum so deposited in any one bank or trust company shall not exceed twenty-five per centum of the paid-up capital and surplus of any such bank or company; or such available fund, or any part thereof, may be loaned upon pledge of the securities or any of them named in sub-divisions one, two, three, four and five of the preceding section but one, or upon the first mortgage bonds, or any of them. of the railroads men-tioned and described in sub-division six of said preceding section but one, but not in excess of ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value, after making any loau thereon, the trustees shall require the immediate payment of such loan or of a part thereof, or ad-ditional security therefor, so that the amount loaned shall at no time exceed 90% of the market value of the securities pledged for the same. SECTION 119. Every such corporation may also deposit temporarily in the hearks or trust companies encetified in the last section the parage

exceed 90% of the market value of the securities pledged for the same. SECTION 119. Every such corporation may also deposit temporarily in the banks or trust companies specified in the last section the excess of current daily receipts over the payments, until such time as the same can be judiciously invested in the securities required by this article. Whenever it shall appear to the superintendent of banks that the trustees of any such corporation are violating the spirit and intent of this provision by keeping permanently uninvested all or an undue proportion of the moneys received oy them, he shall report the facts to the Attorney-General, who shall proceed against such corporation in the manner provided in section eighty-two of this chapter. SECTION 120. The trustees of any savings bank shall not loan the

SECTION 120. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mort-gage thereon, shall be required of the borrower, and all the expenses of searchers,\* examinations and certificates of title or appraisal of value, and of drawing, perfecting and recording papers, shall be paid by the borrower.

GREENBUSH .- In May, 1897, the name of Greenbush was changed to Rensselaer, which see for present amount of debt.

HEMPSTEAD.—H. LUTHER WEEKS, Town Clk. Hempstead is now a town in Nassau County, but wasformerly a town in Queens Co., then including Far Rockaway, Hempstead, Inwood, Law-rence, Rockaway Beach and Seaford villages. On Jan. 1, 1898, that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantio Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April, 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December, 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the supreme Court of the Third Judicial District at Albauy Dec. 9, 1899. See V. 69, p. 1357. LOANS- When Due. Road Bonds- 370,886 4s,J&J, \$293,000 e&r. July 1, 1923 HEMPSTEAD.-H. LUTHER WEEKS, Town Clk

NEW YORK CITY. {GEO. B. McCLELLAN, Mayor. The consolidation provided under the Greater New York Chartor became effective January 1, 1898, and New York City now includes Kings County, Richmond County, and the following portions of Queens County, namely, Long Island City, the towns of Newtown, Flushing and Jamaica, and part of the town of Hempstead. For comparative purposes we give below a statement of the debt of the various boroughs forming Greater New York as it stood at the date of consolidation, Jan. 1, 1898 DEBT OF GREATER CITY AT CONSOLIDATION AND ADD

registered bonds may be issued in denominations of \$10 or any multi-le thereof. WATER DEBT-Constitutional Amendment Proposed.—An amend-ment to the Constitution voted upon at the election held Nov. 7, 1905, amends Sec. 10. Art. 8, by exempting debts of N. Y. City incurred atter Jan. 1, 1904, for water purposes, in figuring the debt limit. V.76, p. 1046. Result of vote not known at time of going to press, Nov. 21. GENERAL, FUND BONDS—A new kind of bond (known as the "General Fund Bonds") was created by the Legislature in 1903. It is issued for the purpose of releasing the surp us revenues of the sinking fund of the old city of New York (amounting to upwards of 8 millions yearly), and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund for re-demption of the eity debt No. 1. See V.76, p. 610. APPROPRIATIONS—The total appropriation for Greater New York in 1898 was \$77.559,332 37; in 1899 it was \$93,520,082 03; in 1900 it was \$90,778,972 48, for 1901 it was \$98,096,413 43, for 1902 it was \$95,619,600 38; for 1903, \$97,119,031 10; for 1904, \*106,674,-955 09; for 1905, \$10,9317,593 03, and for 1906, \$116,805,490 37. POPULATION—The population of Greater New York, according to the U. S. Census of 1900, was 3,437,202, and according to State Cen-sus returns for 1905 was 4,014,304. DETAILS OF INDEBTEDNESS. The tables which follow give full details recording the indebted

DETAILS OF INDEBTEDNESS. The tables which follow give full details regarding the indebtedness of the consolidated city and the various boroughs and other divisions forming part of it. We show first the bond issues made since the Greater New York Charter went into effect. Then we add statements reporting at length the indebtedness of the separate boroughs; all the districts, towns and other divisions being in each case grouped under the borough to which they belong: under the borough to which they belong :

**GREATER** NEW VORK.—Bonds issued since consolidation. The loans marked (S. F.) are held wholly in the sinking fund. The paragraph mark ( $\P$ ) indicates exempt from taxation except for State purposes: the double paragraph mark ( $\P$  ¶) indicates bonds are exempt from all taxation *including* that for State purposes. See page 44 under head of "exemption from taxatiou" for charter provisions rela-tive to tax exemptions. \$12,500,000 bonds offered on Nov. 23, 1905.

OUNTY OF QUEENS.

The debt of the county of Queens is reported under the county's own name on a subsequent page; the amount of the original debt which was chargeable to the city of New York was adjudicated finally to be \$3,-796,032 1<sup>+</sup>, leaving \$1,011,967 89 as Nassau County's share of the old indebtedness. The old debt will not be apportioned but the city of New York will pay all obligations as they mature, looking to Nassau County for re-mbursement of its proportion of the debt. The amount of Queens County bonds outstanding on Oct. 1, 1905, was \$4,643,009, of which \$3,669,70; 26 was chargeable to New York City.

LONG ISLAND CITY.

## QUEENS CO.—

County seat is Long Island City. A good part of the old County of Queens is now included in the Greater New York, and a law changing the name of that portion of the old county ordside of Greater New York to Nassau County went into effect January 1, 1899. The amount of the outstanding bonds of this county which will be charge-able to the city of New York has been ilnally determined by the Supreme Court (V. 71, p. 875.) Under this decision the oity of New York was made liable for \$3,796,032 11 of the old debt of Queens County as it stood at the date of division and the remaining \$1,011,-967 89 became an obligation of Nassau County. Instead of apportion-ing certain bonds to New York City and to Nassau County, the debt and interest will not be divided, but will be paid by New York City, Nassau County paying over its proportion as it becomes due. New York City pays '78952114973 of the principal and interest as it becomes due, and Nassau County '21047585027. The statement below shows the obligations of the old County of Queens which remained outstanding on Oct. 1, 1905.

RENSSELAER.—PHILIP J. GOMPH, Treasurer. This city, formerly the village of Greenbush, was incorporated April, 1897, and is in Rensselaer County. A bill passed by the Legislature of 1901 annexed to the city the village of Bath-on-the-Hudson and most of the former with the set of manufacture of Bath-on-the-Hudson and part of the town of East Greenwich.

WATER BONDS.—The interest and principal of the water works bonds are provided for by the Water Department from water rents.

ASSESSED VALUATION.—By provisions of Chapter 550, Laws of 1901, the taxable personal estate of sharcholders in banks was relieved from city taxation, bank shares being now subject only to a tax of 1 per cent for all purposes, which tax is collected by the County Treas-nrer, and a share of the same returned to the city in eash. This accounts for the reduction in personal property in 1901. The assess-ment since 1885 has been made on a basis of about full value.

<sup>\*</sup>The city has several different tax rates, and the figures given since-1901 are the rates for all purposes -State, county and city, in the old city of Troy. In the old city of Troy the tax for 1904 was \$16:10: in Sycaway School District, \$15:30; in St. Mary's School District, \$13:50; in annexed territory of North Greenbush, \$13:50, and in wards 15, 16 and 17 (formerly Lansingburg), \$11:70. The State and County tax in all districts for 1904 was \$4:26.

POPULATION.—In 1905, 76,861; in 1900 it was 60,651, excluding the sections annexed in 1901, which brought the aggregate up to about 75,000; in 1890 it was 60,956; in 1880 it was 56,747.

County seat is Kingston. LOANS— When Duc. State of New Jersey.

DEBT, RESOURCES, ETC.

- -Admitted as a State One of Original Thirteen Total area of State (square miles) 7,815 State Capital Trenton Governor (term exp. Mon. bef. 3d Tues. Jan. '08) Ed. C. Stokes Secretary of State (term expires Apr. 1,'07) Col. S. D. Dickinson Treasurer (term expires Feb. 11, 1908) - - Frank O. Briggs Comptroller (term expires Feb. 20, 1908) - J. Willard Morgan Legislature meets annually the second Tuesday of January,

and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a his-tory of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The Constitution of 1844 forbade the creating of a State debt exceeding one hundred thousand dol-lars *except* for purposes of war, &c., as will more fully appear in the item below with respect to "debt limitation." This exception, under which it was allowable to exceed the hundred-thousand-dollar limit became operative on the occasion of the breaking out of our Civil War. Quite a debt was ereated at that period. The last of these war bonds were retired on Jan. 1, 1902.

TOTAL DEBT.—With the exception of \$116,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13, 1895, the State is now clear from debt, and has been since Jan. 1, 1902. At previous dates the debt was:

1, 1905, the each balance on hand in the State Fund was

82,858.398 13; this fund also held on the same date 1,887 shares (par value \$188,700), of the joint stock of the Delaware & Ravitan Canal and Camden & Amboy Railroad and Transportation companies. The State School Fund on Nov. 1, 1905, held securities to the amount of \$4.220.241 10.

ASSESSED VALUA	TION.—The assessed va	aluation, etc., has been
1900\$1,153,682,961	1898\$\$44.354.193	1884\$554.828.114

1899 864,516.527	1886 573,256,303	
In addition to the abo	to the media strange of the in	and the state of the second se

In addition to the above the valuation of railroad and canal property in 1900 was \$219,656,014. in 1902 \$223.486.392. in 1903 \$227,195,115, in 1904 \$231,655,523, and in 1905 \$237.026,414. No general tax is im-posed in New Jersey, the State deriving its revenue from other sources.

DEBT LIMITATIONS.—The provisions of law limiting and regulat-ing the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply.

(1) THE STATE is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, paragraphs 3 and 4, the whole subject is disposed of. The third paragraph forbids a loan of the State's credit, and the fourth paragraph forbids the creation of debt. These provisions are as follows. 3. The credit of the State shall not be directly or indirectly loaned in

These provisions are as follows. 3. The credit of the State shall not be directly or indirectly loaned in any case. 4. The Legislature shall not in any manner create any debt or debts, Hability or Habilities of the State, which shall singly or in the aggregate with any previous debts or Habilities at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be anthorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or Hability as it falls due, and also to pay and discharge the principal of such debt or Hability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and dis-charged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to re-fer to any money that has been, or may be, deposited with this State by the Government of the United States. According to the foregoing (4th paragraph), the power of the State for making debt is limited to \$100,000, except (1) for purposes of war etc., and (2) when the authorization is for some single object of work speci-fied therein, etc. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution. (2) OITIES, COUNTIES, TOWNS, Etc., are also restricted in the making debt is limids of debt by Article L. paragraphs 19 and 20, of

ided therein, etc. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution.
(2) OITIES, OOUNTIES, TOWNS, Etc., are also restricted in the making of certain kinds of delt by Article I, paragraphs 19 and 20, of the Constitution. We give the paragraph in full.
19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for or be directly or indirectly the owner of any stock or bonds of any association or corporation.
20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation to or for the use of money, property or credit of citles, &c., to individuals, associations, or corporations, &c., and that the prohibition relates 'to the giving of money, property or credit of citles, &c., to individuals, associations, or corporations, &c., and that the prohibition is absolute, forbidding the doing of such acts in any form, shape or manner. There is one other restriction of the State Constitution, and that is found in Article IV. Section VII., paragraph 11, which forbids the Legislature passing any special laws "regulating the internal affairs of lowns and counties"; in this and in all other cases in which according to the judgment of the Legislature general laws are feasible, the Constitution states that general laws covering bonded indebtedness of cities, towns, etc. They are so numerous they cannot be cited here. We would refer the teadard "Municipal Bonds" pages 693 to 716 both inclusive; and also to the same heading ("Municipal Bonds") pages 2220, etc.
In 1904 a law was passed limiting the power of cities to issue bonds to 15 p.e. of the taxable value of real and personal property. This Act also defines the method of issuing bonds. See V. 78, p. 1565 for bill in fall.</li

in full.

LIMITATION TO TAX RATE.—Under Chapter 83, Laws of 1905, the rate of taxation for county, school and local purposes in cities with a population of over 50,000 is limited to \$17 per \$1,000 of as-sessed valuation, and in all other cities, boroughs, villages, to was and townships to \$15 per \$1,000 of valuation. Exception is made, however, whenever the governing body shall by resolution adopt a higher rate and the same be approved by a majority of the legel voters at the general election next preceding the year in which the tax is to be collected, in which case the limit may be exceeded. See V. 80, p. 2473. 2473

ATTORNEY-GENERAL TO APPROVE SCHOOL BONDS.—The school law passed at the special session of the Legislature convened Oct. 15. 1903, provides that whenever any bonds are authorized by townships, incorporated town or borough school districts, the district clerk must transmit certified copies of the record of proceedings to the State Attorney-General for his approval as to the legality of the same

TAX EXEMPTION.—The State of New Jersey passed in 1893 a general statute which exempts from taxation the bonds, securi-ties and other evidences of indebtedness of municipal corpora-tions; the provision covers not only the bonds, etc., to be hereafter Issued, but those as well that have been heretofore issued. It is a sweeping statute, and one which is of decided interest to the holders of the municipal securities of the State. The full text of it may be found in the STATE AND CITY SUPPLEMENT for October, 1898, page 58.

SAVINGS BANKS' INVESTMENTS-POWERS AND RESTRIC-TIONS.-The last general savings bank law of New Jersey was passed in 1876. Since then the legislative tendency in the matter of investments has been in the direction of allowing the management of these institutions a wider choice and a larger discretion. In 1878 the limits of the 1876 law were broadened in several particulars by a new act of two sections, the first taking the place of section 26 of the act of 1876. In 1886 still another law was passed in place of the first section of the law of 1878. Again in 1889 an act was passed extending ma terially the provisions of section two of the law of 1878, which covthe law of 1878, which cov-ered the same subject matter contained in section 29 of the original law of 1876, and thereby section 26 of the law of 1876 was superseded by the law of 1886, and section 29 was superseded by the law of 1889. In 1901 Section two was further amended in the way specified below. In 1896 a supplement approved March 30, 1896 (Chapter 139, laws of 1896) to the law of 1876, making school district bonds an authorized investment, went into effect. In 1897 an act was passed (approved April 9) authorizing investments in bonds issued by commissioners appointed by the Supreme Court of the State. In 1899 a further supplement extending the permissible line of municipal investments so as to include the bonds of townships and boroughs was approved March 24. An attempt to add such securities to the list was made in 1893, but the measure then failed to receive the approval of the Gov-ernor. The 1899 law is as follows:

1893, but the measure then failed to receive the approval of the Gov-ernor. The 1899 law is as follows: SECTION 1. It shall be lawful for any savings bank in this State to invest its funds in the bonds of any city, county, town or township of this State issued pursuant to the authority of any law of this State, or in the bonds of any borough or village or school district of this State issued pursuant to the authority of any law of this State; *provided*, such borough, village or school district shall not, within the ten years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; and provided further, that the total indebtedness of any such borough or village does not exceed ten per centum of its assessed valuation, and village does not exceed ten per centum of its assessed valuation, and

such school district bonds are by law charged upon all the property of the inhabitants of such district, or in any interest-bearing obligation (other than obligations commonly known as improvement certificates) issued by the city, county, town, township, borough or village in which such bank or institution is situated.

The fellowing is the law of 1897 (approved April 9, 1897):

"See. 1. It shall be lawful for any bank, trust company, savings bank or savings institution \* \* \* incorporated under the laws of this State, to invest moneys belonging to or deposited with any such com-panies in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State by virtue of any law of this State."

We omit the law of 1896 with reference to school district bonds because its provisions are included in the laws of 1899, quoted above. Next we give the leading provisions of the general law as to investments.

SECTION 1. That the first section of the act of which this is a supple-ment be and the same is hereby amended so as to read as follows: That it shall not be lawful, from and after the passage of this act, for any savings bank or other savings institution, whether chartered or incorporated under a general or special act of the legislature of this State, and any provision contained in the charter, or any supplement thereto, of such savings bank or savings institution to the contrary, to invest the moneys deposited with the same in any manner, except as follows, to wit: follows, to wit:

I. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank or institu-tion, defaulted in the payment of any part of either principal or interest of any debt authorized by any legislature of such State to be contracted.

of any debt authorized by any legislature of such state to be contracted. IV. In the stocks or bonds of any city, town, county or village of this State, issued pursuant to the authority of any law of this State, or of the cities of New York, Brooklyn and Philadelphia, or in any interest-bearing obligations (other than those commonly known as improve-ment certificates) issued by the city, town or borough in which such bank or institution shall be situated; (See below for provision including the bonds of certain cities and counties of any State in the U.S).

V. In bonds secured by mortgages which shall be a first lien on real V. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed eighty per centum of the whole depos-its shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than thirty per centum of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, directors as trustees of any such bank or institution, and a majority of which committee shall certify to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the institution;

VI. In real estate strictly in accordance with the following provisions.

visions.
We do not reprint the real estate provisions, as they cover a matter not germane to our present subject. It is sufficient to say that they are two in number, marked (a) and (b), and may be summarized as below:
(a) authorizes the holding of a plot for crection of a banking building or buildings, portions of which may be rented, but the cost of lot and buildings must not exceed 50% of the net surplus of the corporation;
(b) all purchases under forcelosure sales upon mortgages owned by the corporation or sales under judgments or decrees obtained for debts due, etc.; and all such real estate must be sold within five years unless, on application to the State Board having supervision of Savings Banks, time shall be extended. time shall be extended.

But the character of permissible investments was further greatly enlarged by the law of 1886, which is as follows :

SECTION 1. That it shall be lawful for any savings bank or savings in-SECTION 1. That it shall be lawful for any savings bank or savings in-stitution, incorporated under any law of this State, to invest moneys deposited with it in the bonds of any city or county of any State of the United States of America, which have been or may be issued pursuant to the authority of any law of any such State; provided, no such city or county has, within ten years previous to making such investment by any such savings bank or savings institution of this State, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be ontracted; and provided, fur-ther, that the total indebtedness of any such eity or county is limited by law to ten percentum of its assessed valuation.

By another Act the banks also have the right to invest in railroad bonds under certain restrictions. The authorization was given by Section 2 of an Act approved February 22, 1888. Subsequently (April 27, 1888.) this Section 2 was repealed. On March 27, 1889, however, it was again re-enacted. The section is as follows:

SECTION 2. That it shall be lawful for any savings bank in this State to invest its funds in first mortgage bonds of any railroad company which has paid dividends of not less than four per centum per annum regularly, on their entire capital stock, for a period of not less than five years next previous to the purchase of such bonds, or in any con-solidated mortgage bonds of any such company authorized to be issued to retire the entire bonded debt of such company. The other law referred to above passed in 1889 amending section 2

The other law referred to above passed in 1889 amending section 2 of the law of 1878 is as below. It relates to loans on collaterals. As noted above, a slight but vory important alteration in the phraseology of this section was made by a law approved March 22, 1901, and which forms chapter 148 of the laws of 1901. The new words introduced are indicated by brackets [] below.

SECTION 2. Hereafter it shall not be lawful for any saving insti-tution in this State to loan the money on deposit with the same, or any part thereof, upon notes, bills of exchange or drafts, excepting upon the additional pledge of collateral security or securities, which collat-eral security or securities shall be of the same nature and character as those in which the money deposited may be invested as directed in the those in which the moncy deposited may be invested as directed in the first section of this Act, or the capital stocks of national and State banks, or [the capital stock or bonds of] other corporations of this State, which nave not defaulted in the payment of interest [or] dividends within two years next preceding the time of such loan, and then only to the extent of *eighly* per centum of the *market* value of such collater-als; *provided*, that the total amount of such loans shall not exceed fifteen per centum of the total deposits held by such institution.

In addition to the foregoing (according to section 27 of the general law of 1876) the managers can keep on hand or on deposit in any bank in the State, or in any trust or safe deposit company in New Jersey. New York or Pennsylvania, an available fund of not exceeding ten per cent of the whole amount of deposits with such corporation, or loan the same on pledge of the scentities named in the first section cited above. Also (according to section 28 of the general law of 1876) they can deposit temporarily in banks the excess of daily receipts over payments until such time as they may be judiciously invested.

ELIZABETH.— {SAMUEL J. BERRY, Mayor. PETER BONNETT, Comptroller. This city got into financial difficulties through making extensive local improvements. Interest was defaulted February 1, 1879, and a compromise was finally effected with the bondholders, by which new 4 per cent bonds dated July 1, 1882, were issued in exchange for the old 7 per cent bonds turned in at 50 per cent of their face value. Elizabeth is in Union County. Incorporated a town March 26, 1796; a city March 12, 1855. [The refunding of the adjustment 4s is being considered.] \_LOANS-\_\_\_\_\_When Duc 1

JERSEY CITY.— {MARK M. FAGAN, Mayor. 4EORGE R. HOUGH, Comptroller. Jersey City formerly suffered greatly from difficulty in collecting taxes and assessments. On February 13, 1900, the citizens author-ized the purchase of a water plant for the sum of \$7,595,000. V 70, p. 344. A contract was signed in 1899 with Patrick II. Flynn (subsequently assigned to the East Jersey Water Co. and by them to the Jersey City Water Supely Co.) to build the water works, the same to be completed by Dec. 25, 1903. The time was further ex-tended to March 1, 1904, but it was not until Nov. 16, 1904, that the contractors wrote the city that the plant had been completed. The city has paid nothing on this plant and has two years in which to test its workings before accepting it. Jersey City is in Hudson County.

This city, of Union County, was declared bankrupt in 1882, and a com- promise of the debt exclusive of the water debt (\$135,000) was forth- with agreed to with most of the leading creditors at 35 cents on the dollar, the debt, exclusive of water debt, then amounting to about \$1,200,000. This settlement was completed in 1894, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4 per cent, an agreement having been made in 1890 by which all accrued interest at 7 p. c. was adjusted at the 35 p. c. rate. Interest on these water bonds is also now promptly paid. Incorporated 1853. LOANS- When Due Bonded debt July 1, 1905.\$776,198 ADJUSTMENT BONDS 1882- Staking fund

# DEBT, RESOURCES, ETC.

Admitted as a State One of Original Thirteen -Total area of State (square miles) 45,215 -State Capital - - - -Harrisburg Gov'or (term expires 3d Tues. Jan., 1907) - S. W. Pennypacker

Secre'y of State\* (term expires Jan. 1907) - Robert McAfee Treasurer (term expires May, 1906) - William L. Mathues Legislature meets biennially in odd years on the first Tues-

day in January, and there is no limit to the length of the sessions.

\* Appointed by Governor, and holds his office at Governor's pleasure. HISTORY OF DEBT.-For a history of Pennsylvania's State debt from 1789 to 1893, see the STATE AND CITY SUPPLEMENT of 1893, pages 63 and 64. The details of the debt as it now exists are subjoined.

LOANS- NAME AND PURPOSE.	Interest	Principal,
NAME AND PURPOSE.	P.Cl. Payable.	When Due. Outstand'g.
Agricultural College b'ds, '72	r 6 F & A	Feb. 1. 1922 \$500.000
Funding loan, 1881	r4 F&A	Feb. 1, 1912 3,372,250
do 1881	r 34 F & A	Feb. 1. 1912 695.450
Proceeds of farm sale, 1887	. 6 Quar.	Held in State 17,000
Unfunded debt and debt upo	n which interest	thas ceased 134,117

PAR VALUE OF BONDS.—These bonds are in pieces of \$50, \$100 and multiples of \$100.

INTEREST on the Agricultural College loan is payable at the State Treasurer's office in Harrisburg; on all other bonds at Farmers' & Mechanics' Bank in Philadelphia.

TOTAL DEBT, ETC D Total public debt	ec. 1. 1904. 54,718,817 4,541,217	$\begin{array}{c} Dec. \ 1, 1903.\\ \$4,718,817\\ 4,439,822 \end{array}$	Dec. 1, 1902. \$4,806,649 4,432,024
Net debt.	\$177,600	\$278,995	\$374,625

bt (incl'd above). \$134,117 \$134,117 \$134,149 The sinking fund on December 1, 1904, held the following securities: Allegheny Valley Railroad bonds, \$500,000; interest on same, \$10,000; cash, \$4,031,217; total, \$4,541,217. Balance in Treasury Doc. 1, 1904, was \$15,822,368 64

The unfunded debt mentioned in the above table consists of relief notes in circulation, interest certificates unclaimed, interest certifi-cates outstanding, and bonds past-due upon which interest has ceased. ASSESSED VALUATION has been as follows:

		Assessed Valuation.	
Years.	Real.	Personal.	Total.
1904	\$ 3,476,059,800	\$1,016,870,979	\$4,492,930,779
1903	3,359,159,344	846,483,115	4,205,642,459

1899		859,979,331	3,588.142,667
1898		846,751.853	3,431,951,565
1897 1895	2,531,568,640	826.134,137	3,357,702,777
1894	2,471,018,204	770,049,820	3,241,068,024
1892.	2,389,232,748 2,308,767,431	658,341,105	3,047,573,853
	2,000,101,401	591,007,558	2,899,774,989

The above does not include valuation of railroad property. The State makes no general tax. Income is derived from tax on capital stock, on money at interest, on collateral inheritances, on corporate loans, on bonus on charters, etc., etc.

DEBT LIMITATION-In Penusylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State Constitution.

1. State indebtedness .- With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the Constitution, and are as follows.

ARTICLE IX, See. 4. No debt shall be created by, or on behalf of, the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, delend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars. SECTION 5. All laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose speci-fied and no other. SECTION 6. The credit of the Commonwealth shall not be pledged or

be used, and the money so borrowed shall be used for the purpose speci-fied and no other. SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation. SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insur-rection, no part of the said sinking fund shall be used or applied other-wise than in the extinguishment of the public debt. SECTION 12. The moneys of the State, over and above the necessary re-serve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States or of this State. SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be se-

except the bonds of the United States or of this State. SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be se-cured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured. SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misde-meanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years. not less than five years.

State loans in Pennsylvania, whether created for original indebtedness or authorized to fund existing indebtedness, are usually negotiated through the Governor and Commissioners of the sinking fund.

The last act of the Pennsylvania Legislature authorizing a public loan was the act of June 8, 1881, when a thirty-year loan was effected to fund existing indebtedness at a lower rate of interest.

The earliest date at which the last of the existing indebtedness of Pennsylvania will mature is February 1, 1912, and under existing arrangements the accumulations in the sinking fund will at that time pay the total State indebtedness.

(2) County and Municipal Indebtedness .- Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected tri-ennially under the minority system of voting, by which the minority party in each County usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations.

The creation of county, city and other multicipal indebtedness is
subject to the following constitutional limitations.
ARTICLE IX, Sec. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.
SECTION 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed soven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum, in the aggregate at any one time, upon such valuation.
SECTION 9. The Commonwealth shall not assume the debt, or any part thereof. of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repeal invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.
SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.
(3) Townships and School Districts.—In the various school districts of the State the school directors have the power to create loans, sub iset of the limitations of Section.

of the State the school directors have the power to create loans, sub ject to the limitations of Section 10 above quoted, to provide for the redemption of the same within thirty years.

In townships, the only authority, except that of the school directors to borrow money, is in the road supervisors, who have no power to create bonded indebtedness, but simply to make a temporary loan for necessary expenses, which must be provided for by an assessment of sufficient township tax rate, known as road tax.

SAVINGS BANKS INVESTMENTS-POWERS AND RESTRIC-TIONS .- Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at that time of a like character. The date of the organization was November 27, 1816, and the bank was opened for business Dec. 2, 1816. The oldest ledger of the company

goes back to the time of opening, and shows a deposit on that day (December 2, 1816) of five dollars. The company was not incor porated until February 25, 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 a general law faeilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department shows that in November, 1904, the total number of savings banks within the State was only ten. The aggregate deposits of these banks at that date was \$135,151,848.

The provisions of the special cuarters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following.

ters, contains the following. "Provided also, that no \* \* \* Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, EXCEPT first mortgage or lien upon real estate within this commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, town-hip or school district within this commonwealth, or any other good and valid securities."

Authority to loan on any "good and valid security "appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

In 1897 an Act was passed allowing savings institutions and saving; banks chartered under special acts to invest in Pennsylvania county and municipal bonds notwithstanding any provisions of their charters. The law follows:

The law follows: CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under special acts of this Commonwealth of Pennsylvania, may, notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth, issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889, as already stated, that a general law facili-tating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows: (1.) In the stocks or bonds or interest-bearing notes or the obliga-tions of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the minimal principal. (2) In the stocks or bonds of the Commonwealth of Pennsylvania

(3) In the stocks of bolds of the commonwealth of remisjivania bearing interest.
(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted. contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States, issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.
(5) In bonds and mortgages on unincumbered, improved real estate, situated in this State.

situated in this State. It will be noted that according to the foregoing (sub-division

four), Peunsylvania savings banks are allowed to invest their deposits in the bonds and stocks of any city, county town or village in any of the United States. Furthermore, by the fifth subdivision bonds and mortgages are left to the discretion of the trustees in all purchases, except that they must be first mortgages on improved real estate in Pennsylvania. The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current dally receipts over the payments until such time as the same can be judleiously invested in the securities named above.

# CITIES, COUNTIES AND TOWNS

IN THE

STATE OF PENNSYLVANIA.

NOTE.—For debt of counties not mentioned below see "Additio na Statements" at the end of this State.

ALLEGHENY .- JAMES BROWN, Comptroller. Allegheny is situated in the county of the same name. Incorporated Apr. 13, 1840.

# PHILADELPHIA. -- { JOHN WEAVER, Mayor. JOHN M. WALTON, Comptrol'r.

Philadelphia, co-extensive with the county of the same name, is the third city of the United States, and has an area of over 130 square miles. Fhe city was founded in 1631 by William Penn, chartered in 1787, and consolidated in 1854 with numerous outlying districts and boronghs. Many sections of the city of Philadelphia still retain their old names and are constantly referred to as such. Among these may be in intone' Germantown. Manayants, Frankford, Bridesburg, Rox-borough, West Philadelphia, Richmond, etc., etc. The county is under eity control and has no separate debt. [This city on Nov. 7, 1905, voted to issue,\$4,000,000 grade-crossing bonds.]

Outstand.warrants (addit'l) \$254,050	\$1,963,857	\$1,387,906
The cash on hand in the city treasury	Aug. 1, 1905,	was \$17,259,-
534 03, exclusive of the cash in the sin	king fund, which	h aggregated

\$1,940,553 34.

\$1,940,553 34. The amount of bonded debt redeemed by the Sinking Fund Commission during the year 1904 was \$2,501,125. Among the assets held by the city for many years were 45,000 shares of Philadelphia & Erie RR. stock, par value \$50 per share, market value \$49 per share. This stock was offered for sale on Nov. 15, 1904, and subsequently awarded to Drexel & Co., the highest bidders, at \$58 63 per share. CITY PROPERTY—The real estate owned by the city Jan. 1, 1905, was valued at \$78,769,019, an increase over that of Jan. 1, 1904, of \$11,981,650. ASSESSED VALUATION, ETC.—The following shows the annual payments to the sinking fund, amount of bonded debt and outstanding warrants, assessed value of property, and the tax rate, for years ind-cated. Property in this city up to and including 1903 was assessed at about 80% of its actual value. In 1904, however, values were increased to about real value, resulting in a decreased tax rate. Paum'ts to Tolal Municipal Assessed real and Tax rate.

# State of Delaware.

DEBT, RESOURCES, ETC.

l	Admitted as a State One of Original Thirteen
	Total area of State (square miles) 2,050
l	State Capital, Dover
	Governor (term expires Jan., 1909) Preston Lea
	Secretary of State (term expires with Gov.) - Joseph L. Cahall
	Treasurer (term expires Jan., 1907) - Thos. N. Rawlins
	Auditor (term expires Jan., 1907) Geo. H. Dick
l	Legislature meets biennially in odd years on the first Tues-
	daý in January, and pay is limited to 60 days.
ł	LUCTORY OF RERT. The bistories) details of Delements State

HISTORY OF DEBT.—The historical details of Delaware's State debt from 1865 to 1894 will be found in the STATE AND CITY SUPPLE-MENT of April, 1894, page 72. The present extent and condition of the debt and resources of the State are given below, showing that Delaware now holds good assets more than equaling its liabilities. The historical details of Delaware's State

	LOANS-			Princi	
1	NAME AND PURPOSE.	Rate	Payable.	When Due.	Outstand'g.
I	Bond iss. to school fund 1881.	6	July	July 1, 1906	\$156,750
ļ	Cer. to Delaware College1877	6	J & J		83,000
-	Hospital improvement 1895.				35,000
l	Subject to call				
	Part of ser. "B" refund. 1887				\$250,000
	Subject to call	l on or	rafter Ju	ne 1, 1897.	

Refunding, 1897 245,000

INTEREST.—On bonds of series "B" and the Refunding bonds of 1897 is payable at the Philadelphia National Bank in Philadelphia; on bonds of 1895 at Farmers' Bank at Wilmington.

TOTAL DEBT, ETC.—The total liabilities on Jan. 1, 1905, were \$811.750, including \$42,000 "guarantee railway deposits." The assets on Jan. 1, 1905, were \$1,459,561; assets in excess of liabil-ities \$646,811. The total assets include bank stocks \$766,772 (mar-ket value); mortgages on railroads \$385,000; bonds, \$150,750, real e-tate, \$83,000, and cash in treasury, \$67,039.

ASSESSED VALUATION.-The total assessed valuation of the State in 1904 was \$73,064,716. No tax is levied for general State purposes.

DEBTLIMITATION.-Neither the new Constitution (adopted June 4, 1897,) nor the old Constitution nor the State statutes contain any general provisions authorizing bond issues or limiting the debt-making power, except that the new Constitution -

power, except that the new Constitution –

Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."
Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."
Forbids any corporation (Article 9, Sec. 1) to be created, etc., by special act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," etc.
The above indicates that the authority as regards municipalities [except as already specified in number (2)] rests with the General Assembly, and the General Assembly always passes special acts to provide for special occasions and needs.

DEBT LIMITATION.-There is nothing in the Constitution of Maryland limiting the power of the Legislature to authorize bond lssnes either by the State or by its municipalities, except that in Section 34

Article 3, we find that "the credit of the State shall not in any manner be given, or loaned to, or in ald of any individual association or cor poration; nor shall the General Assembly have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto, which shall involve the faith or credit of the State." No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which olties and towns can Issue bonds. This power is lodged in the Legislature, and is delegated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the loan with respect to which he may need information.

POPULATION OF STATE .--

19001,188,044	1860687,049	1820407,350
	1850	
	1840	
	1830	
Of the total nonulation	on in 1880 22.49 per cen	t was colored, in 1890

20.92 per cent and in 1900 19.8 per cent. In number, blacks were 165,091 in 1850; 171,131 in 1860; 175,391 in 1870; 210,230 in 1880; 218,004 in 1890 and 235,064 in 1900.

SAVINGS BANKS INVESTMENTS.—There are in this State gen-eral banking laws under which savings banks may be organized, and yet we notice that as late as 1890 a special charter was granted incor-porating the Germania Sav Bank of Baltimore. However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

Any savings institution incorporated under this article shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposit of money which shall be invested or loaned out on good security in the discretion of the directors; provided that no part of the funds of said corporation shall be loaned to any officer or director of

the funds of said corporation shall be loaned io any officer or director of such corporation. In the special law passed in 1890, which we have referred to above, the power to loan the deposits is made a little more definite. The sec-tion reforring to that subject states that the "corporation shall have "power to borrow money, receive money on deposit, loan money "taking such security therefor, either real or personal, as the Board of "Directors may deem sufficient; provided that no part of the funds of "said corporation shall be loaned to an officer or director thereof." We cannot discover any marked difference in the two provisions cited, except that the encoment in the case of the new Baltimore bank states distinctly that the security can be either real or personal. But as much as that would, we think, be assumed as authorized under the gen-eral provision, since no limit is made and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

\* The falling off in the sinking fund for Dec. 31, 1904, was caused by the transfer from the general sinking fund to a special fund for use in the Burnt District of  $\pm 4.422,460$  74 (plus accumulated interest) of the sum received from the sale of the stock of the Western Maryland. This was done under authority of Chapter 87, Laws of 1904. The eity's holdings in the Western Maryland were sold early in May, 1902, for  $\pm 5.751,370$  45. V. 74, p. 999. The disposition made of this sum was fully given in V. 75, p. 202— $\pm 4.263,000$  being deposited with several local banks and trust companies, for a fixed period of 25 years at 314 per cent interest, and  $\pm 65,909$  66 invested in city loans, these sums being set aside to meet the Western Maryland bonds for the payment of which the city is responsible. The remainder was de-posited at 312 per cent, subject to withdrawal on 30 days' notice, and was withdrawn after the big fire.—see note above. The sale of this stock accounts for the great increase in 1902 in sinking fund assets. Against the net debt of  $\pm 25,570,078$  on Dec. 31, 1904, the city reports productive assets amounting to \$9,850,019, \$8,627,500 of this representing the outstanding water loans. On Dec. 31, 1904, besides the above assets, the city held unproductive assets to the amount of \$2,750,000, representing the cost of the new Court House. The value of city property, excluding the new Court House, was \$11,500,000. INTEREST CHARGE.—Of total debt Dec. 1904, (\$39,962,883)

INTEREST CHARGE.—Of total debt Dec. 1904, (\$39,962,883) interest was payable from taxation on only \$24,853,300.

# District of Columbia.

(INCLUD'G THE LATE CORPORATION OF WASHINGTON.)

On July 1, 1878, the duties of the Sinking Fund Commissioners of the District of Columbia were transferred to the Treasurer of the United States, and since that date Congress has appropriated annually a sum sufficient to pay not only the interest on the District's bonds but also, it is believed, sufficient to extinguish the entire debt of the District upon the maturity of the 3.65 per cent loan, in 1924. Bonds are tax exempt.

-Principal. Due. Outstand'g. LOANS-Interest .--NAME AND PURPOSE. P. Ot. Payable. When Due.

\*Fifty-yr. funding 1874 c & r 3.65 F & A Aug. 1, 1924 \$11,835,000 \*They-yr. funding 1874 c & r 365 F & A Aug. 1, 1924 \$11,835,000 \*The faith of the United States was pledged to secure the payment of the interest on these bonds and to maintain a sinking fund sufficient to redeem them all by maturity. The issue was limited to \$15,000,000 and is exempt from taxation by Federal, State or municipal authority. Of the \$15,000,000 bonds authorized. \$14,997,300 were issued, of which \$3,162,300 have been retired to date, leaving \$11,835,000 outstand-ing. The coupon bonds are for \$50 and \$500 each, the registered bonds \$1,000 and \$5,000 each.

INTEREST on the bonds is paid at the United States Treasury in Washington and at the Sub-Treasury in New York.

TOTAL DEBT.-Oct. 1, 1905. Apr. 1, 1905. Apr. 1, 1904. Apr. 1, 1903. Total fund. debt..\$11,835,000 \$12,051,350 \$12,493,750 \$12,917,250 On July 1, 1878, when the duties of the Sinking Fund Commissioners of the District were transferred to the Treasurer of the United States the total debt was \$22,106,650. On Oct. 1, 1905, stock and bonds to the amount of \$3,780 on which interest has ceased were still outstanding; funds for their pay-ment are deposited in the United States Treasury.

CONSTITUTIONAL AMENDMENT TO EXEMPT BONDS FROM TAXES.—The Legislature of 1904 passed a bill providing for an amendment to Section 4, Article XII, of the State constitution by exempting municipal bonds from taxation. V. 80, p. 1985. From uncilial returns this amendment was adopted at the election held

November 7, 1905, and will take effect Jan. 1, 1906.

DEBT LIMITATION.—Ohio has very carefully gnarded the debt making power of the State. This could not be said while the Constitu-tion of 1802 was in force; for under that instrument it was competent for the Legislature to construct works of internal improvement on behalf of the State, or to aid in their construction by subscribing to the capital stock of corporations created for that purpose, or to authorize in other ways the creation of deht in unlimited amounts. But since the adoption of the Constitution of 1851 the whole situation in these partionlars has changed, the legislative power with respect to the State having been limited. The same is in large measure true also of the

municipalities. FIRST, As to the State's power to contract debt, this is regulated under the first five sections of article 8 of the Constitution. Section 1 limts the

SECOND, As to Ollies, Towns, Counties, &c., so far as the Constitution affects the power of the Legislature to anthorize these municipali-ties to create debt, the limitations are found in section 6 of article 8 and in sections 1, 2 and 6 of article 13. (1) Section 6 of article 8 forbids the General Assembly to authorize eltles, &c., to become stockholders in or to raise money or loan oredit to aid corporations, &c. (2) Sections 1 and 2 of article 13 forbid the passing of special acts and require general acts for conforring cor-porate powers. (3) Section 6 of article 13 provides that the General Assembly make provision for the organization of citles, &c., by general laws and restrict their debt-making power. These sections are as follows: ARTICLE 8, Section 6. [Ournies, cities, towns or townships not author-ized to become stockholders, &c.] The General Assembly shall never authorize any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint stock company, corpora-tion or association whatever; or to raise money for, or loan its credit to, or in aid of, any such company, corporation or association. ARTICLE 13, Section 1. [Orporate powers]. The General Assembly shall pass no special act conferring corporate powers. Section 2. [Orporations how formed]. Corporations may be formed under general laws; but all such laws may from time to time be altered or wavelable.

under general laws; but all such laws may from time to time be altered

under general laws; but all such laws may from time to time be altered or repealed. Section 6. [Organization of cilies, '&c.] The General Assembly shall provide for the organization of cilies and incorporated villages by gen-eral laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the buse of such power. One at first sight would infer from section 6 article 8 above cited that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker vs. The City of Cincinnati, a case which arose under an act of the General Assembly of Ohio entitled "An Act relating to cities of the first class," authorizing any such city to construct a line of railroad therefrom to any' other terminus in that State or in any other State. In pursuance of the authority that act purports to give, Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legal-ity of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language " of the section it is quite evident that it was not intended to prohibit" "the construction" of railroads nor indeed to prohibit in the section contains no direct reference to "railroads nor to any other special classes of improvements or enter-"railroads nor to any other special classes of improvements or enter-

"prises. The inhibitions are directed only against a particular manner "or means by which under the Constitution of 1802 many public im-"provements in deen accomplished." In compliance with section 6, article 13 (elted above), which was in ex-istence for years. First they were divided into citles, villages and hamlets. Then citles were divided into two classes, the first class being subdivided into three grades and the second class being sub-divided into four grades; the grade being determined by population according to the last Federal Census. In addifion many special laws found their way on to the statute books, nominally general in their scope, but really so worded as to apply to only one city. In June, 1902, however, the State Supreme Court hunded down several de-cistons declaring such laws special lexislation and therefore unconsti-tutional. The decisions were considered to be of such broad applica-tion that the Governor called an extra session of the Lexislature for the purpose of framing a new general municipal code. The extra session convened Aug 25, 1902, and after a session of nearly two months passed a new "municipal code" a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the CHRONICLE, Nov. I, 1902, wherein will be found at length the more salient points of this important measure. It remains to be said that at the regular session of the Legislature in 1902 an Act popularly known as the "Longworth Omnibus bill" was passed and 2ubsequently upleid of the funda of the averta gene to solve a sub systifts while solve and the suboriting a new solve of the sub-tor the graves of the assessed valuation yearly (but not exceeding 4% in the aggregate) without submitting the question to a vote of the people. Bouds issued under this sol in excess of 1% in any one year, or in excess of 4% in the aggregate, must first be submitted to a vote of the people and carried by two thirds of those voting on the provision of this statute, which therefore re

# 

Cincinnati is situated in Hamilton County.

In 1895 the villages of Avondale, Clifton, Linwood, Riverside and Westwood were annexed to Cincinnati and their indebtedness was assumed by that city. In 1903 the villages of Hyde Park, Evanston, Bond Hill and Winton Place were annexed.

INTEREST on bonds is payable at the American Exchange National Bank of New York and the Third National Bank of Cincinnati, which are the authorized agents of the trustees of the sinking fund. TOTAL DEBT SINKING FUND ETC .-

Jan., 1905.	Jan., 1904.	Jan., 1903.	Jan., 1902.
Gen'l bond. debt. 8: 5,483,142	\$32,884, 42	\$30,280,952	\$30,740,176
Sinking fund 5,574,211	5,771.253	4.851,1*9	5.293,004
Net debt \$29,908,931	\$27.112.889	\$25 4 29 763	\$25 446 272

Net debt.....\$29,908,931 \$27,112,8\*9 .\$25,429,763 \$25,446,272 Water debt (incl'd) 5.823,600 4,856,700 \$3,025,000 \$2,719,900 There were outstanding on Jan.1,1905, street bonds for \$1,334,997 95 payable by special assessment and nov included in the above statement of total debt. Of this sum bonds to the amount of \$857,448 35, together with \$92,500 bonds of the Board of Education and \$3,363,558 39 eity bonds, were held by the sinking fund, these, and the cash on hand amounting to \$760,704 63 - a total of \$5,574,211 37-being applicable to the payment of the general bonds. Bonds marked thus—s. f.-are held in the sinking fund.

held in the sinking fund. CITY PROPERTY.—The city owns the Cincinnati Southern Railroad. The rental received for the road was (under the old lease) \$1,090,000 till 1901 and then \$1,250,000 till 1906, when lease would have expired. A new lease was submitted to a vote of the people at the 1901 election and ratified. Under its terms the lease is extended to Oct 12, 1966, at an annual rental of \$1,050,000 until October 12, 1906, and for the 20 years following; \$1,100,000 for the second period of 20 years and \$1,200,000 for the remaining 20 years. The railroad company is also to pay the interest on \$2,500,000 bonds to be issued for terminal facilities, as well as a sum annually in addition for a sinking fund. V. 72, p. 499; V. 73, p. 628. The legality of the lease was upheld in a decision havded down by the Superior Court on Feb. 6, 1902 (V. 74, p. 392), and affirmed upon appeal by the State Supren e Court. V. 74, p. 741. The water-works pays the inter-est and sinking fund on all water bonds. ASSESSED VALUATION. ETC.—The net debt on Dec. 31, assessed

(Subject to call after Mar. 1, 1913,)
48, 04, A&O, \$2,000, r. Oct. 1, 1924
(Subject to call after Oct. 1, 1914.)

INTEREST is payable in part at the National Park Bank, New York City, and part at office of the City Treasurer.

\* Includes bonds purchased by the sinking fund from the city, of which about \$2,021.000 had not been paid for Oct. 1. As the bonds are held by the sinking fund, the amount has been included by the city authorities in the sinking fund as ets The total bonded debt as given for Oct. 1, 1905, included street improvement bonds, payable by special assessment to the amount of \$1,960,000. The sinking fund receives yearly about \$275,000, which does not include assessments for street improvement bonds. ASSESSED VALUATION. FTC.—The city's net bonded debt on

# State of Indiana.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act May 7, 1800) - July 4, 1800
Admitted as a State (Act Apr. 19, 1816) - Dec. 11, 1816
Total Area of State (square miles) 36,350
State Capital Indianapolis
Governor (term exp. 2d Monday, Jan., 1909), J. Frank Hanly
Secretary of State (term expires Jan., 1997), Daniel E. Storms
Treasurer (term expires Feb., 1907) N. U. Hill
Legislature meets biennially in odd years on the Thursday
after the first Monday in January, and sessions are limited
to sixty-one days.

HISTORY OF DEBT.—The historical details of Indiana's State debt from 1832 up to 1894 will be found in the STATE AND CITY SUPPLEMENT of April, 1894, pages 85 and 86. Indiana's credit stands high now, about all of its debt being in 3 and 3<sup>1</sup>/<sub>2</sub> per cent bonds; the details of the State's outstanding obligations are as follows:

	FOREIGN DEBL.			
LOAN	IS Interest Princ	ipal.		
NAME AND P	URPOSE, P. Ot. Payable, When Due,	Outstand'g.		
School fund	refunding (reg.) 3 J & D June 18, 1909	\$154,000		
	Optional after June 18, 1899			
Stock certif	leates int. ceased past due	3,470		
	lo int. ceased past due	2,145		
Temporary	loan (ref.) (reg.) 3 <sup>1</sup> 2 A & O Apr. 1, 1915	300,000		
	Optional after Apr. 1, 1910			
Do	do (ref.)(reg.) 312 M & N May 1, 1915	500,000		
Optional after May 1, 1910.				
	DOMESTIC DEBT-NON-NEGOTIABLE,			

Held by Purdue University.. 5 Held by Indiana University.. 5 \$340,000 144,000 Q.—J. M & N . . . . . . . . . . . . . . . INTEREST and principal of foreign debt bonds are payable at the office of Winslow, Lanier & Co., New York. Interest on the \$144,000 at Bloomington, Ind.

Total debt\$1,902,615 Int. on foreign debt\$1,902,615 Int. on domestic debt

The total tax rate (ner \$1,000)	

The total tax rate (per \$1,000) for 1904 was \$3.075, including Benevolent Institution tax \$0.50, school tax \$1.10, State debt sinking fund tax \$0.30, and Educational Institution tax \$0.275, in addition to the general fund tax of \$0.90 as given above. By an Act of the Leg-islature of 1905 the General Fund tax has been fixed at \$1.20 per \$1,000 for each of the years 1905, 1906, 1907 and 90 cents per \$1,000annually thereafter: the law also stops levy for sinking fund until 1908.

annually thereafter: the law also stops levy for sinking fund until 1908. DEBT LIMITATION.—In the present Constitution of Indiana, which went into effect November 1, 1851, superseding the Constitution adopted in 1816, there are explicit provisions limiting the power of both the State and its municipalities to contract debt. FIRST, as to the State, Section 5 of article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel inva-sion &c. can be contracted. The section in full is subjoined. CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on the State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense. In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows. "Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever." SECOND. as to municipalities, the provision contained, in the

SECOND. as to municipalities, the provision contained in the Constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2 per cent of the valuation. It is article 13 of that instrument which relates to this subject, and we give the article in

full below. LIMITED — EXCESS VOID.— No political or municipal corporation in this State shall ever become indebted in any manner or for any pur-pose to an amount in the aggregate exceeding two per centum on the pose to an amount in the aggregate exceeding two per centum on the valuation of the taxable property within such corporation, to be ascer-tained by the last assessment for State and County taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; *Pro-vided*, That in time of war, foreign invasion, or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporation, the public authorities in their discretion may incur obligations necessary for the public pro-tection and defense to such an amount as may be requested in such petition. petition.

petition. It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder beyond the 2 per cent limit, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the constitution. (See editorial in STATE AND CITY SUPPLEMENT for October, 1899, page 3.) THIRD, counties (but no other kind of municipality) are prohibited from subscription. The section which covers this subject is section 6 of article 10, and is as follows.

COUNTIES CANNOT TAKE STOCK. No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county lean its credit to any incor-porated company, nor borrow money for the purpose of taking stock in any such company; nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of

portated company; nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.
The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869 granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice oue law, too ((Section 5377 Burns's Annotated Statutes, revision 1901), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the Constitution), though by the succeeding section (Section 5378) cites are given authority to issue such bonds. *OOUNTIES are apparently restricted* by statute to a lower than the Constitutional limit of 2 per cent in the matter of creating certain kinds of debt. For instance, Section 7834 of Burns's Annotated Statutes, 1901, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may horrow for that purpose not exceeding 1 per cent on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made indet the provisions of the Act shall remain unpaid. From Section 7920 it appears, moreover, that whenever the *augregale* indebtedneas, funded or otherwise, of any county h ving a voting population of over 20,000 amounts to or exceeds one per cent, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans i

Section 7920).

Section 7920). Also (if the laws that have been passed are constitutional), the limit of a per cent may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 6910) is 4 per cent. In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the Con-stitutional limit of 2 per cent on valuation. But we have not the space to set out here the details, or the details of the other legislation appli-cable to cities of larger and smaller population, and covering specific purposes, such as water works, &c.

BILL LEGALIZING GRAVEL ROAD BONDS.—The Legislature in 1901 passed a bill (Chapter 136) legalizing all bonds, sold or un-sold, issued under an act of the Legislature, approved March 3, 1893, as amended by Acts approved March 7, 1895, and Feb. 24, 1899. All acts and orders of the Board of County Commissioners passed under these laws are by this new law legalized and made valid

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, etc., hereafter issued by State or municipal corporations. The section follows:

SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidences of indebtednesss hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal cor-porations pay interest shall be exempt from taxation.

POPULATION OF	STATE.—	
1900 $2.516.462$	18601,350,428	1820147,178
		1810 24,520
		1800
	1830	
1010	1000	

Between 1860 and 1870 the increase was 330,209, or 24.45 per cent, between 1870 and 1880 297,664, or 17.71 per cent, and between 1880 and 1890 214,103, or 10.82 per cent. Between 1890 and 1900 it was 14.8 per cent.

The city had a sinking fund balance of \$2.690 78 on Jan. 1, 1905. In addition to the above debt there were outstanding on Jan. 1, 1905, \$827,504 49 street improvement bonds, commonly known as "Barret Law Bonds." These bonds are a first lien on abutting property and are not obligations of the city.

CITY PROPERTY.-The value of eity property on Jan. 1, 1905, was about \$2,100,000.

ASSESSED VALUATION.—The city's assessed valuation (about 66 per cent of cash value) and tax rate have been as follows:

		Personal	Totat Assessed	Tolal Tax
Yeurs.	Real Estate.	Property.	Valuation.	per \$1,000
1905	\$108,951,605	\$39,289,210	\$148,240,815	\$21.40
1904	105,128,590	38,438,359	143,566.949	21.40

# State of Illinois.

# DEBT, RESOURCES, &c.

Organized as a Territory (Act Feb. 3, 1809) - March 1, 1809 Admitted as a State (Act April 18, 1818) -- Dec. 3, 1818 56,650 Total area of State (square miles) - -State Capital -- Springfield Governor (term ends 2d Monday Jan. 1909) - Chas. S. Deneen Sec. of State (term ends 2d Mon. Jan. 1909) - James A. Rose Auditor of Public Accounts - - - James S. McCullough Treasurer (term ends 2d Mon. Jan. 1909) - - - Len Small Legislature meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to

length of sessions.

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the STATE AND CITY SUPPLEMENT of April 1894, page 91.

BONDED DEBT.—This State had on October 1, 1905, no bonded debt, except \$17,500 bonds which have ceased to draw interest, but have not yet been surrendered for payment.

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate (per \$1,000) for 1904 is \$5.50.

Years. Equalized Val.	Years. Equalized Val.	Years. Equalized Val.
1904 .\$1,082,744,083	1895\$833,188,467	1886 \$793,563,498

1897 799,695,853	1888 784,911,874	1878 857,235,762
1896 816,679,620	1887 796,752,888	1873 1,355,401,317
* For explanation as	to the falling off of val	ues in the year 1900 see

\* For explanation as to the failing on of values in the year 1900 see letter of State Auditor in V. 74, p. 741. Under a law passed Feb. 25, 1898, there will be a general assessment of real estate but once in every four years instead of annually; per-sonal property will be listed every year. The law also provides that property shall be appraised at full value but assessed at only one-fifth of such value.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present Constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the Constitution of 1818. The Constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to \$50,000 the power of the Legislature to create State debt, except in case of war, invasion, etc., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the Constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled

basis settled FIRST, as to the State, the provisions are not very unlike the provis-tons of the Constitution of 1848, except that as to the limit for casual de-ficits and failures of revenue, the aggregate which can be created is very properly raised to \$250,000. But with that exception and with the further exception for the purpose of repelling invasion etc. no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice of election are only found in the 1870 Constitution. The sections which cover these matters are as fol-lows: we omit the first portion of Section 18, of Article IV., which relates only to appropriations and paymeut of appropriations out of funds belonging to the State: funds belonging to the State :

funds belonging to the State: SECTION 18. \* \* \* \* Provided, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the ag-gregate \$250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no other purpose; and no other debt except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election The General Assembly shall provide for the publication of said law for three months at least before the vote of the people shall be taken upon the same: and provision shall be made at the time for the payment of the interest annually as it shall accrue, by a tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax, shall be irrepealable until such debt be paid: And provided further, that the law levying the tax shall be sub-mitted to the people with the law authorizing the debt to be contracted. SECTION 20. The State shall never pay, assume or become responsible

SECTION 20. The State shall never pay, assume or become responsible for the debts or liabilities of, or in any manner give, loan, or extend its credit to or in aid of any public or other corporation, association or individual.

SECOND. municipal indebledness is regulated only in the Constitution of 1870. In that instrument the subject is dealt with in all its phases. First is a provision in Article 8, Section 3, for bidding the General Assembly and every municipality from making any appropriation in aid of any sec-tarian purpose. Second is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c.. or to loan its credit. Third is the broad and general provision Section 12, Article 9, which limits the indebtedness of all municipali-ties to 5 per cent "on the value of the taxable property therein," &c. We give these sections below: We give these sections below :

ARTICLE 9. Section 3. Neither the General Assembly nor any county city, town, township, school district, or other public corporation, shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, academy, seminary, college, university, or other literary or scientific institution controlled by any church or sectarian denomination whatever; nor shall any grant or donation of land, money or other personal property ever be made by the State, or any such public corporation, to any church or for any sectarian purpose. ARTICLE 9. Section 12. No county, city, township, school district or

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any other municipal corporation shall be allowed to become indebted in any manner or for any purpose, to an amount, including existing indebted-ness, in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness. Any county, city, school district or other municipal corporation incur-ring any indebtedness as aforesaid shall before, or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city, township, school district, or other municipal corporation, from issuing their bonds in compliance with any vote of the people which may have been had prior to the adoption of this Constitution in pursuance of any law providing therefor.

been had prior to the adoption of this constitution in pursuance of any law providing therefor. SEPARATE Sections. [Municipal subscriptions to railroads etc.] No county, etty, town, township or other municipality shall ever become subscriber to the capital stock of any railroad or private corporation, or make donation to or loan its credit in aid of such corporation, *provided*, *however*, that the adoption of this article shall not be construed as affect-ing the right of any such municipality to make such subscriptions where the same have been authorized, under existing laws, by a vote of the people of such municipalities prior to such adoption. The foregoing limitation to 5 per cent is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the city council in eities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for water works, etc.; and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after sub-mitting the matter to thelegal voters of the county at a general election, at which a majority vote is required as a prerequisite of the issue. An attempt was made to limit "any county, city, township, school dis-trict or municipal corporation" in counties containing 125,000 or more inhabitants to 2's per cent of the assessed value, but Jan. 12, 1900, the State Supreme Court ruled that this was an arbitrary and unnatural classification of municipalities which could not be sus-tained. See Vol. 70, page 242. The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by ehanges in the method of assessing property. Aletter of the State

unnatural classification of municipalities which could not be sus-tained. See Vol. 70, page 242. The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V, 74, p. 741, throws some light on these changes. WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to lssue (for the improvement of water-works) certificates against the earnings of the Water Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Jollet, however, which attempied to issue bonds under this law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5 per cent limit could not be exceeded.—V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 491. IMPROVEMENT BONDS.—There is a kind of improvement bond author-tzed in some cases which is made a special lien on the land benefited and to which the 5 per cent limit has no reference. We refer to cases which come under the law entitled "To divide cities and vilages subject "to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improve-ment district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in instal-ments or otherwise and such city or village may issue bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, etc., to be charged must endorse upon the back of such bond his consent, under scal, in substance as follows: "I hereby indorse the within bond "the same shall be a lien upon said property from this date unti

1888...... 123,202,358 37,349,369 160,611,727 35'63 \*Includes railroad property to the value (1904) of \$20,125,788 and capital stock to the value (1904) of \$11,987,812. ‡ Valuation on a new basis, beginning with 1899, see page 101. The tax rate above given is that for city purposes only. In addition to this the three districts of which the city is composed are assessed for their proportion of State and county taxes, and for certain improve-ments, the city in its corporate capacity not being assessable for these purposes. The total tax rate for all purposes in 1904 was \$65'01. CONSTITUTIONAL AMENDMENT —A new section to Article 4 (Section 34) of the State Constitution proposed by the 1903 Legislature, was ratified by the voters of the State at the general election Nov. 8, 1904. This amendment permits the Legislature to form a new charter for the local government of the city of Chleago; authorizes the consolidation in the municipal government of the jowers now vested in the city, board of education, township park, and other local governments (V. 77, p. 989). The amendment also limits to 5% of the *full value* of the taxable property the indebt-edness of the city, including the existing debt, the debt of all municipal corporations lying wholly in the city, and also the city's proportion of the debt of the county and sanitary district New bond issues under the amendment must be submitted to the voters for approval. CITY'S GROWTH.—The city's growth in population, wealth and

# PERRY COUNTY.-J. G. TAFFEE, Clerk.

PERRY COUNTY.--J. G. TAFFEE, Clerk. County seat is Pinckneyville.
The bonds below described are registered with the State Auditor.
The United States Supreme Court has established the validity of Chester & Tamaroa railroad-aid bonds of this county and has declared the \$100,000 B. & S. S. railroad-aid bonds invalid.
At the November (1899) election, a proposition to issue bonds to refund the Chester & Tamaroa bonds together with accrued interest, amounting in all to about \$190,000, was voted upon and defeated.
Subsequently the county was mandamused to pay indebtedness to the amount of about \$162,000 as follows: All interest due and accrued up to June 1, 1900, and 10% of principal in 1901; interest and 20% of principal in 1903; interest and 30% principal in 1904; interest and 50% principal in 1905, and the remaining amount due in 1906. Payments are now being made in accordance with the above order. There was about \$30,000 remaining on judgments, as per above statement, on sept 1, 1905.

SNY ISLAND LEVEE DRAINAGE DISTRICT .- A. J. THOMAS (P. O. Pl asan Hil),

S c. of Commissioners.

S C. O' Comminscionary, Situated in Adams, Pike and Calhoun Cos. This district has no bonds outstanding. A levee district was organ-ized in 1870 and \$648,500 of bonds were issued, which the Supreme Court of Illinois declared illegal, and this decision was affirmed by the United States Circuit Court of Appeals, which Court denied a rehearing. See CHRONICLE, V. 64, p. 343; V. 69, p. 1192 and V. 70, p. 494. The case was taken to the Supreme Court of the United States, (V. 71, p. 957) which Court confirmed the opinion of the lower Court.

SPRINGFIELD.-JAS. A. HALL, City Compt.

This city is in Sangamon County. Incorporated Feb. 3, 1840; re-incorporated April 6, 1882. All the 5s are Registered with the State Auditor. No further indebtedness of any description will be incurred by this city until the valuation exceeds \$18,000,000 or the present debt is largely reduced by payment. All bonds are tax exempt.

# State of Michigan.

# DEBT, RESOURCES, ETC.

Organized as a Territory (Act Jan. 11, 1805) - June 30, 1805 Admitted as a State (Act June 15, 1836) - Jan. 26, 1837 58,915 Total Area of State (square miles) -State Capital -Lansing Governor (term expires Dec. 31, 1906) - Fred. M. Warner

Secretary of State (term ex's Dec. 31, 1906) Geo. A. Prescott Treasurer (term expires Dec. 31, 1906) -Frank P. Glazier Legislature meets biennially in odd years the first Wednes-

day in January, and there is no limit to the length of sessions, excepting special sessions, in attending which members can receive no more than 20 days' pay.

HISTORY OF DEBT.—The historical details of Michigan's State debt will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 98. In 1864 the State Treasurer reported the funded debt at \$3,880,399, and \$1,450,472 additional "Trust fund debt." The State has no bonded debt at present. The "Trust fund debt" on June 30, 1905, amounted to \$6,745,268 73. The term "Trust Fund Debt" is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lauds in the State of Mich-igan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational in-stitutions specified. The amount of interest to be so paid is raised by taxation. by taxation.

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes for every fifth year since 1846. The State tax rate for 1903 was 2.536 mills and in 1904 1.872 mills on each dollar of valuation as equalized by the State Board of Feuelization of Equalization.

Year. E	Ignatized Vat.	Tax Rate	Year.	Equatized Val.	Tax Rate
1901\$1	,578,100,000	\$2.430	1871	\$630,000,000	\$1.201
18961	,105,100,000	1.871	1866	307,965,843	1.889
18911	,130,000,000	1.277	1861	172,055,809	2.697
1886	945,450,000	1.272	1856	137,663,009	0.472
	810,000,000	1.411	1851		3.421
1876	630,000,000	1.144	1846	29,369,065	2.20
In 1904 t	he assessed val	wation ofr	eal estate r	was \$1 189 238	299 ner-

299; personal property, \$347,731,051; total valuation, \$1,529,969,350.

sonal property, \$347,731,051; total valuation, \$1,529,969,350. DEBT LIMITATION. — Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So to be abreast with the times, instead of putting any limit on the power of the State to create debt, it put into its Constitution a notice to the Legislature to go to work at once and make provision for "ascertaining the proper objects of improvement in relation to roads, " canals and navigable waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible. That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another Constitution. Dur-ing the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be. Nothing will illustrate this change in spirit and purpose more clearly than the following limitations respecting the creation of State indebtedness which were inserted. These sections are all found in article 14 of the 1850 Constitution, which Constitution is still in force. Section 3. The State may contract debts to meet deficits in revenue.

SECTION 3. The State may contract debts to meet deficits in revenue. Such debts shall not in the aggregate at any one time exceed fifty thousand dollars. The moneys so raised shall be applied to the pur-

poses for which they were obtained or to the payment of the dobts so

poses for which they were obtained or to the payment of the dobts so contructed. SECTION 4. The State may contract debts to repel invasion, suppress insurrection or defend the State in time of war. The money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to pay such debts. SECTION 6. The credit of the State shall not be granted to or in aid of any person, association or corporation. SECTION 7. No scrip, certificate; or other evidence of State indebted-ness shall be issued except for the redemption of stock previously issued or for such debts as are expressly authorized in this Constitution. SECTION 8. The State shall not subscribe to, or be interested in the stock of any company, association or corporation. SECTION 9. The State shall not be a party to, or interested in, any work of internal improvement, nor engage in carrying on any such work ex-cept in the expenditure of grants to the State of land or other property. The foregoing sections appear to cover every branch and phase of the subject; and compared with the Constitution of 1837 what a contrast they afford ! Cities and villages, however, were left by the 1850 instrument to the

they afford! Clties and villages, however, were left by the 1850 instrument to the discretion of the Legislature in the matter of restrictions upon their bor-rowing power. The provision which relates to this subject is found in Article 15, Section 13, and is as follows: SECTION 13.—The Legislature shall provide for the incorporation and organization of citles and villages, and shall restrict their powers of taxation, borrowing money, contracting debts and loaning their credit. In the exercise of the power granted by this section the Legislature has passed general laws governing the incorporation, taxation and bonding of cities and villages. The provisions, however, are too ex-tensive to make it feasible to summarize them here. They may be found in the Compiled Laws of Michigan, edition of 1897. POPULI ATION OF STATE.—

From 1860 to 1870 increase was 434,946. or 58.06 per cent; from 1870 to 1880, 452,878, or 38.25 per cent; from 1880 to 1890, 456,952, or 27.92 per cent. From 1890 to 1900 the increase was 327,093, or 15.6 per cent.

#### DEBT, RESOURCES, ETC.

Organized as a Territory (Act. Apr. 20, 1836) - July 3d, 1836 Admitted as a State (Act. Aug. 6, 1846) - May 29th, 1848 Total area of State (square miles) -56,040 - -Madison State Capital - -- -Governor (term expires 1st Monday, Jan. 1907), R.M. La Follette Secretary of State (1st Mon. Jan. 1907), - - W. L. Houser Treasurer (1st Monday Jan. 1907) - - John J. Kempf

Legislature meets biennially in odd years on the second Wednesday in January, and there is no limit to length of sessions.

HISTORY OF DEBT. For a brief history of the Wisconsin debt 966 STATE AND CITY SUPPLEMENT of April, 1895.

The borded dobt of the State, created for war purposes in 1861-63, has all been value or else converted into certificates of indebtedness, which are held by the various trust funds. The amounts due the several funds in April, 1905, were as follows: Ce

ertificates	of indebtedness.	School Fund\$1	1.563.700
Do	do	Normal School Fund	515,700
Do		University Fund.	111.000
Do	do	Agricultural College Fund	60,600

\$2,251,000 Total... ASSESSED VALUATION .- The total assessed valuation of the State, as determined by the State Board of Assessors, and the tax rate for State purposes, have been as follows for the years named below :

		Personat	Total	State Tax	Taxes
Year.	Real Estate.	Property.	Valuation.	Rate(per M.)	Raised.
	\$		\$	\$	\$

* The	large inerea	se in values f	or 1901 and sin	nee that date	ta due to

\* The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237. Laws of 1901, which has construed the meaning of the existing law to be a command to assess at *full value*, whereas former boards did not so construe the Act.

DEBT LIMITATION.-The constitutional provisions of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities &c., as well as the State, are definitely limited by that instrument. We give the provisions first which relate to the State and after that those which have reference to citles. &c.

(1) STATE indebtedness is confined within very close bounds. It seems as if the framers of the Constitution must have taxed to the

extreme their ingenuity for forms in which to express their determination to inhibit debt-making. The sections which cover the subject are sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below. SECTION 3. Oredit of State, for what not given. The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

State shall never be given or loaned in aid of any individual, associ-ation or corporation. SECTION 4. Oontracting debts. The State shall never contract any public debt, except in the cases and manner herein provided. SECTION 6. Limitation on public debt. For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregato exceed one hundred thousand dollars). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House, to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid. State in time of war; but the money thus raised shall be applied exclus-ly oly to the object for which the loan was authorized, or to the repay-ment of the debt thereby created. Section 9. Evidences of debt. No scrip, certificate, or other evidence of State debt, whatsoever, shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article. Section 10. Internal improvements-avails of grants. The State shall never contract any debt for works of internal improvement, or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the State, especially dedicated by the grant to particular works, and shall devote thereto the avails of such property shall have been made to the State, especially dedicated by the grant to particular works, and shall devote thereto the avails of such

grant to particular works of internal improvement, the State may earry on such particular works, and shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

(2) OITIES, counties, lowns, villages, de., were unrestricted except by legislative enactment until 1874. Since that amendment was adopted five per cent on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before or at the time when it incurs any indebtedness, to make provision for an annual tax sufficient to pay the interest and also sufficient to pay the principal within twenty years from the time of contracting the debt. We give below the amendment referred to in full.

Limitation of Municipal Indebtedness-Adding to Section 3, Article 11, the words:

No county, city, town, village, school district, or other municipal cor-poration, shall be allowed to become indebted in any manner or for any poration, shall be allowed to become indebted in any manner or for any purpose, to any amount, including existing indebtedness in the aggregate exceeding tive per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes pre-vious to the incurring of such indebtedness. Any county, city, town, village, school district, or other municipal corporation incurring any indebtedness, as aforesaid, shall before or at the time of doing so pro-vide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. The Lagraduring from time to time has passed laws moviding for the

The Legislature from time to time has passed laws providing for the issuance of bonds for various specified purposes, but these laws are too numerous to be given here. Such authority is of course subject to the foregoing provisions of the Constitution.

POPULATION of Wisconsin has been as follows: 

#### CITIES, COUNTIES AND TOWNS IN THE

#### STATE OF WISCONSIN.

#### JPERIOR.-J. J. SURCH, Comptroller.

JPERIOR.—J. J. SURCH, Comptroller. his city is situated in Douglas County. Incorporated March 25, 9. There has been much litigation involving the legality of the \$600,000 or \$700,000 special improvement bonds. V. 73, p. 1124, and V. 74, p. 110 and 590. Under date Feb. 18, 1903, the City orney issued a dircular letter setting forth at length the situation t then stord. The main features of this statement will be found 7.6, p. 770. We are advised that not only has the Supreme Court Visconsin decided that the improvement bonds are not a general 'liability, being payable only from assessments levied on prope ty efited, but also that the Federal Court of the Western District of consin has also rendered a similar decision in the case of the White er Savings Bank vs. the city of Superior. A decision was handed or in the U. S. Circuit Court of Appeals in October, 1904, in the of H. L. Jewell of Chicago to recover on some \$15,000 of these bessment bonds. The Court held the city limble only for the amount ussessments collected, less interest paid on bonds. See V. 79, p. 7. Refunding operations are now in progress, and up to Sept. 1, 5, 5 and 6 per cent bonds to the amount of \$52,4642 had been ex-nged for a like amount of 3'2s and 4s. See V. 79, p. 2807, and V. pp. 1569 and 1001. p. 1569 and 1001. Special Assessment Loans-

# State of Minnesota.

#### DEBT, RESOURCES, ETC.

Organized as a Territory (Act March 3, 1849) - March 3, 1849 Admitted as a State (Act Feb. 26, 1857) - May 11, 1858 Total Area of State (square miles) 83,365 State Capital - - -St. Paul Governor (term expires 1st Monday 1907) - John A. Johnson Secretary of State (1st Monday Jan. 1907) - P. E. Hanson Treasurer (1st Monday Jan, 1907) -J. H. Block Auditor (1st Monday Jan. 1907) - S. G. Iverson

Legislature meets biennially in odd years on the Tuesday after the first Monday in January, and sessions are limited to ninety days.

HISTORY OF DEBT.-For the history of Minnesota's debt see STATE AND CITY SUPPLEMENT, April, 1893, page 103. The details of Minnesota's debt are given in the following statement:

-Interest. LOANS. Rate. Payable. When Duc. Outstand'g. Principal. NAME AND PURPOSE. NAME AND FORFORD SET TRACT J & J July 1, 1921...r \$850,000 (Subject to call at any time; limit, \$150,000 yearly.)
Certificates of indebtedness... 3 J & J J'y1.'06 to '28..e 2,950,000 (Subject to call before maturity.)
do do ... 3<sup>1</sup>2 seni-an, I'y1,'28 to '35... 1,100,000

INTEREST on the bonds is payable in New York; on the certificates of indebtedness at the office of the State Treasurer.

TOTAL DEBT.—On Aug. 1, 1905, the total bonded debt of the ate was \$850,000, and of this amount \$334,000 of State bonds was ald in various Minnesota State funds. On the same date there was held in various Minnesota State funds. On the same date there was outstanding \$1.050,000 certificates of indebtedness, of which all but \$10,000 was held in the State Funds. PERMANENT SCHOOL FUND.—The investments of the school fund on Aug. 1, 1905, it is e-timated, amounted to \$16,535,000.

TAXABLE VALUATION.—The taxable valuation, total tax levied and the rate of State tax have been as follows for the years named. -Tarable Valuation + Total Tares State T

861 33,350,057	5,914,683			4.00

\* The total taxes levied in the above table include the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and in 1905 it was \$1.80; adding the tax of \$1.23 for school and university purposes, the total tax rate is \$3.03.

DEBT LIMITATION .- Minnesota has protected the State from extravagant expenditures through restrictions which its Constitution puts on every kind of debt making. That instrument fixes the limit at \$250,-000 "for the purpose of defraying extraordinary expenditures;" and an amendment, ratified in 1879, extended this power to \$250,000 additional "for erecting and completing buildings for the insane, a deaf dumb and blind asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the Constitu tion which relates to that subject, and that has reference to making railroad debt.

railroad debt. FIRST, as to State indebtedness, the sections which treat of the sub-ject are in article 9, sections 5, 6, 7, 8 and 14. SECTION 5. (Public debt may be contracted.) For the purpose of de-Iraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the journals of each House, respectively; and every such law shall levy a tax, annually, sufficient to pay the annual interest of such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed, or diminished, until the principal and interest of such debt shall have been wholly paid. The State shall never contract any debts for works of internal improvement, or be a party in carrying on such works, except in cases where grants of land or other property shall have been mude to the State, especially dedicated by the grant to specific purposes; and in such cases the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenues de-rived from such works in aid of their completion. SECTION 6.—(Public debt how contracted.) All debts authorized by the principal of amounts

SECTION 6.—(Public debt how contracted.) All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five hundred dollars each, on interest, payable within ten years after the final passage of the law authorizing such debt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall be kept by the Treasurer in numerical order, so as al-ways to exhibit the number and amount unpaid and to whom severally made marghle made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(Appropriation of money received from loan or State bonds.) The money arising from any loan made, or debt or liability con-tracted, shall be applied to the object specified in the act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

to no other purpose whatever. SECTION 14.—(State debt for public buildings). For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may by law increase the public debt of the State to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt al-ready heretofore authorized by the Constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State and appropriate the money only for the purpose aforesaid; which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State. SECOND as lo give construction of the state.

SECOND, as to city, county or other municipality the only restriction on the debt-making power in the Constitution is the following, found in article 9, section 15.

SECTION 15.—(Municipal debts in aid of railroads.) The Legisla-ture shall not authorize any county, township, eity or other nunicipal corporation to issue bonds or to become indebted in any manner to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, eity, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made for the purpose of State and county taxation previous to the incurring of such indebtedness. The foregoing was adouted as an amendment in 1879. Before its

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to len per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it Avc.

This is all the Constitution contains with reference to the debts of municipalities. The Legislature, however, has made some general provisions governing bond issues, which we have not the space to give here.

CONSTITUTIONAL AMENDMENTS,-Four amendments to the State constitution were adopted at the November, 1902 election. Two of these relate to taxation, a third to school fund loans and the fourth to a State road and bridge fund. One of the tax amendments increases the amount of taxes to be collected by the State upon railroad property from 3% to 4% upon the gross earnings of lines operated in the State; the other tax measure provides for a tax on real estate mortgages franchises, incomes of corporations and individuals, etc.

SAVINGS BANK INVESTMENTS .- The Legislature in 1903 enacted a law-Chapter 108-amending the Act relating to the investments of savings banks. This Act will be found in full on page 877 of the CHRONICLE April 18, 1903.

Water debt (incl.)	.\$1,930,000	\$1,930,000	\$1,930,000	\$1,830,000

The bonded debt as given above does not include the new City Hall and Court-House bonds, for the payment of which a special tax is levied each year. These securities on Sept. 9, 1905, amounted to \$670,000.

SINKING FUND.—It is provided by the city's charter that in addi-tion to raising a tax sufficient to pay the interest on all its bonds the city shall levy a tax of one mill on each dollar of the assessed valuation to provide for the principal of the bonds when due. The maintenance of this sinking fund for the payment of the principal of the bonds is "de-elared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept inviolate." In ac-cordance with this provision there was raised by taxation for the sink-ing fund in 1904 \$145,732. The sinking fund is largely invested in bonds of the city of Minneapolis. The city of Minneapolis is restricted in its debt-making power to 5 per cent of the assessed valuation after deducting the sinking fund from the debt; exception is made by Chapter 204, Laws of 1893, as amended by Chapter 128, Laws of 1895, wherein it is provided that debt created for the purchase of water works shall be considered out-side of the 5 per cent limit, and also that an additional 5 per cent debt may be created for certain purposes, provided the same be authorized by a two-thirds vote of the people. We have marked above with a see-tion (§) mark those issues put out in excess of the 5 per cent limit, WATER RECENTS.—The receipts from water rents, etc., in

WATER RECEIPTS.—The receipts from water rents, etc., in 1904 were \$282,527; current expenses for water works, \$176,677. VALUATION AND INDEBTEDNESS.—The city's assessed valua-tion, tax rate and bonded debt have been as follows:

		Tax Rate,	Total Bonded
Years.	Tax Valuation.	per \$1,000.	Debt.
December 31, 1904	.\$135,708,902	\$28.56	\$9,434,000

POLK COUNTY.—N. A. HOFFARD, Auditor. County seat is Crookston. This county was divided in 1896, a por-tion being taken to form Red Lake County. Part of the debt below (viz., \$9,339 13) rightly belongs to Red Lake County, which has created a sinking fund to meet its share of the bonded debt. The ditch bonds are payable by special assessment and are not considered as part of the county debt.

State of lowa. DEBT, RESOURCES, &c.

Organized as a Territory (Act June 12, 1838) -July 3, 1838 Admitted as a State (Act August 4, 1846) - Dec. 28, 1846 Total Area of State (square miles) - - -56,025 -- - Des Moines State Capital - - - - - -Governor (term expires Jan. 1907) - - Albert B. Cummins Secretary of State (1st Monday Jan. 1907) - - W. B. Martin Treasurer (1st Monday Jan. 1907) - - G. S. Gilbertson Auditor (1st Monday Jan. 1907) - - B. F. Carroll Under the "biennial election" amendment adopted in 1904,

the General Assembly will meet in regular session on the second M nday in January, 1906, and also on the second Monday in January, 19 7, and biennially thereafter. There is no limit to length of session.

HISTORY OF DEBT.—For history of lowa's debt see STATE AND CITY SUPPLEMENT of April 1894, page 110. FINANCIAL CONDITION.—Iowa has no bonded debt. On July 1 1905, there were 72,490 warrants outstanding and the State had cash in the general revenue fund amounting to \$1,37,032 27. The Per-manent School Fund on July 1, 1905, aggregated \$4,760,820 54. EQUALIZED VALUATION.—The equalized assessed valuation (14 actual value) has been as follows in the years named:—

	Personat		Telephone	đ

TAX RATE.—The State tax (per \$1,000) for 1905 is \$3.70; this includes general State tax 3.20 and special tax, 50 cents, for educational purposes; for 1904 it was \$3.50, made up of a general State tax of \$3.00, and the special tax of 50 cents for educational purposes.

DEBT LIMITATION.—Iowa's Constitution restricts the creating of debt, both State debt and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded-(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below.

ARTICLE 7, Section 1. [Limitation of State indebtedness.] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association, or corporation; and the State shall never assume, or become responsible for, the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the

ual, association or corporation, unless incurred in time of war for the benefit of the State. SECTION 2. [Same.] The State may contract debts to supply casual deficits or failures in revenues; or to meet expenses otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more acts of the General Assembly or at different periods of time, shall never exceed the sum of two hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever. whatever.

obtained, or to repay the debts so contracted, and to no other purpose whatever. SECTION 4. [For what other purposes State may contract debt.] In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the debts so contracted shall be applied for the purpose for which it was raised, or to repay such debts, and to no other purpose whatever. SECTION 5. [Other debts to be authorized.]—Except the debts hereinbe-fore specified in this writele, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of contracting thereof; but no such law shall take effect until at a general election it shall have been submitted to the people, and have received a majority of all the votes cast for and against it at such election; and all money raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be published in at least one newspaper in each county, if one is published therein, throughout the State, for three months preceding the election at which it is submitted to the people. to the people.

ARTICLE VIII, Section 3. [State not to be a stockholder.]—The State snall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war for the benefit of the State.

SECOND, as to municipal indebtedness, the limit is fixed absolutely in the Constitution. The provisions covering the subject are as follows

ARTICLE VIII, Section 4. [Corporation not to be a stockholder.] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI, Section 3. To what amount county or other corporation may become indebiat. No county or other political or municipal corpo-ration shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding five per centum on the value of the taxable property within such county or corporation— to be ascertained by the last State and county tax list provious to the incurring of such indebtedness. [The Legislature, however, has fixed a lower limit, as stated below.]

The above (section 3 of article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900,) fixing the limit of indebtedness of counties or other political or municipal corporations at only 1 4 per cent of the actual value of property therein as returned by the last tax list. This change was made because, under a revision of the Revenue which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. We present this bill in full.

oh a much higher basis than formerly. We present this bir in furt, SECTION 1.—That Section thirteen hundred and six (1306) of the Code be and is hereby repealed, and the following enacted in licu thereof. SEC. 2.—"No county or other political or municipal corporation, including citics acting under special charters, shall be allowed to become indebted, in any manner or for any purpose, to an amount in the aggregate exceeding one and one-fourth per centum on the actual value of the property within such county or corporation, to be ascer-tained by the last State and county tax list previous to the incarring of such indebtedness."

of such indebtedness." SEC. 3.—This Act being deemed of immediate importance shall be in force from and after its publication in the Des Moines "Register" and the Des Moines "Leader," newspapers published in Des Moines, Iowa In 1904 an Act passed the Legislature, approved March 30, which permits independent school districts containing or contained in any incorporated town or city of the second class of 3,000, or less, population to become indebted for the purpose of building and furnishing school houses and procuring sites, to an amount not exceeding 21,5% of the actual value of taxable property. It is provided, however, that

any excess of the 14% limit provided by Chapter 41 Laws of 1900 (see above) must be authorized by a vote of the people. See V. 78, p. 1408. Another Act of the 1904 Legislature (Chapter 43) amends Chapter 41, Laws of 1900, by permitting incorporated towns and cities of the second class to issue bonds for the erection or purchase of waterworks and a system of sowers; provided that the debt so created, together with all other indebtedness, shall not exceed 212% of the actual value of the property within said city or town, and provided also that all debt above the 114% limit prescribed by Ohapter 41, Laws of 1900 must first be authorized by vote of the people.

# State of Missouri.

DEBT, RESOURCES. ETC.

Organized as a Territory (Act June 4, 1812) - Dec. 7, 1812
Admitted as a State (Act March 6, 1820) - Aug. 10, 1821
Total area of State (square miles) 69,415
State Capital, Jefferson City
Governor (term expires Jan., 1909), - Joseph W. Folk
Sec'y of State (term expires Jan., 1909), - John F. Swanger
Treasurer (term expires Jan., 1909), - Jacob J. Gmelich
Auditor (term expires Jan., 1909) - William W. Wilder

Legislature meets biennially in odd years on the first Wednesday after the first Monday of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed \$5.00 per day for 120 days. A session of this kind was held in 1899.

HISTORY OF DEBT.—The interesting details of Missouri's event-ful history in debt-making and debt-paying will be found on page 111

$1900 \dots 1.001.766.464 \dots 2.50$	

Of the tax rate per\$1,000 for 1905 (\$1.70) 20 cents is to pay interest on the school and seminary fund certificates, 50 cents is for the common schools and \$1 for the support of the State Government. This latier includes the higher institutions of learning, the eleemosynary institu-tions and salaries, criminal costs and all other expenses of the State Government.

CONSTITUTIONAL AMENDMENTS—Eight amendments to the State Constitution were adopted at the November 1902 election. Several of the amendments relate to taxation; one permits the city of Several of the amendments relate to taxation; one permits the city of St. Louis to frame a new charter, while another amends Article 10, Section 12, by exempting water and assumed county debt of St Louis and water debt of Kansas City in computing the indebtedness of those cities. Article X is also amended by adding a new section (Section 12a) which permits cities of not less than 2,000 nor more than 30,000 inhabitants to issue water and light bonds to the amount of 5 p. c. of the taxable property in excess of the debt limit. A two-thirds vote at an election held for the purpose is necessary to authorize. See V. 75 p. 1465 75, p. 1165.

at an election here for the purpose is necessary to authorize. See V. 75, p. 1165. DEBT LIMITATION.—Missouri has made provision in its Consti-tution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Ar-ticle 4, Sections 44, 45 and 46. These sections provide that the Gen-eral Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation. The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10, Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it can-not get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5 per cent of valuation, *except* that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, and except also per the amendment of 1902 (Section 12a referred to above), cities of from 2,000 to 30,000 inhabitants may by vote exceed the limit by an additional 5 per cent for water and light purposes; finally (4) that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest; and form a sinking fund to pay the debt within 20 years. These provisions are certainly very conservative. POPULI ATION OF STATE are certainly very conservative.

 POPULATION OF STATE.

#### MACON COUNTY .- NICK M. MOODY, Clerk.

MACON COUNTY......NICK M. MODY, CIEFK. County seat is Macon City. The bonds of this county have been in default for many years, and there seems to be no inclination on the part of the county authorities to pay the debt. A special election was held Dec. 30, 1904, to vote upon the question of compromising the county debt at elightsen cents on the dollar, as finally agreed to by the creditors, the compromise was defeated. See V. 80, p 179. In his report to the State Auditor, under date of July 1, 1904, the County Clerk has the following to say: "There is no bonded debt against Macon County except the Missouri & Mississippi Railroad debt, all of which has been reduced to judgments, and is estimated to be about \$1,600,000. The county has been resisting the payment of this debt for over 30 years. Some of the judgments have been sold recently as low as eight cents on the dollar. The county repudiates the debt and refuses to make a levy sufficient to pay same. In this u has been sus-tained by the State and Federal Courts." On the other hand the judg-ment holders are determined to continue the litigation until they find a way of recovery which the county cannot avoid. The following are given by the County Clerk as the issues outstand ng: LOANS— When Due. [58, .... \$9,350 ..... Sept. 16, 1872

GOLD BONDS.—All the city's bonds are payable, principal and in-terest, in gold, except the \$245,000 6s issued for purchase of Block 121. INTEREST on all bonds is payable in New York City—on the Pur-chase of Block 121 6s, at the First National Bank. Interest on the bonds payable in £ sterling, on those maturing in 1912, 1914, 1915 and 1922, on the 3<sup>1</sup><sub>2</sub>s of 1909, 1918 and 1925, is payable at the National Bank of Commerce, New York, or at the National Bank of Scotland (Limited), London, at the rate of \$4\*8665 per pound sterling. Interest on all other bonds is payable at the National Bank of Commerce, New York, or at the office of J. S. Morgan & Co., London, at the option of the holder.

 
 TOTAL DEBT, SINKING FUNDS, ETC.—The subjoined statement shows St. Louis's total municipal debt and the water debt, &c. Sep', 1, 1905. April 11, 1904. April 1, 1903.

 Total bonded debt
 \$22,489,278
 \$23,539,278
 \$23,736,278

 Water, debt included
 5,808,000
 5,808,000
 5,808,000
 Note.—Under the charter the Municipal Assembly must appropriate \$1,200,000 annually with which to pay debt and the interest thereon. That portion of each annual appropriation not required for the pay-ment of the interest constitutes the sinking fund for redemption of the debt existing April 7, 1890, and bonds issued in renewal thereof. On the basis of renewing the eity's bonded debt at 4 per cent, the debt for which this sinking fund was established will be extinguished in 1927. The sinking fund on Sept.1, 1905, was \$407,465 01.

CONSTITUTIONAL AMENDMENTS.—By Constitutional amend-ments adopted November, 1902, the city is empowered to levy an addi-tional tax of 35 cents for municipal purposes; to make a new charter through a board of freeholders to be elected by the people, and to exempt the county indebtedness of \$6,111,000 and the water works indebtedness of \$5,508,000 in determining the limit of indebtedness. AMENDMENTS TO CHARTER. - Under the above constitutional amondments the charter was amonded on June 22.

CITY PROPERTY.—The city owns its water works, the revenue from which for water rates, permits, etc., for the fiscal year 1904-1905 was \$2,011,655 and uet operating expenses and cost of collecting water rates were \$952,957. In addition to the water works the city owns its hospitals, insane asylums and poor house, city hall, court house, jail, house of correction and work house, engine houses, markets, police stations, parks, etc.

ASSESSED 'VALUATION.—The city's assessed valuation, includ-ing real estate, personal property and railroad, bridge, telegraph, ex-press and street railway property (about 23 cash value), and tax rate have been as follows:

		-Oiln	lax per \$1,	000-	Bonded
	Assessed	New	New limit	Old	Debt.
Years.	Valuation.	Limits.	Increased	Limits	in A pril.
1905	\$468,930,700	\$1470	\$14 70	\$1470	\$22,439 278
1904	458,944,290	14 70	14 70	14 70	23,539,278
1903	445,530,210	14.70	1470	14 70	23,73+,278
1902	418,044,475	13 00	13 00	13 00	18,916,278
1901	394,722,704	1210	$12\ 10$	1210	18,916,278
1900	380,542,073	9 00	$12\ 80$	$12\ 80$	18,916,278
1895	330,402,263	10 00	13 80	$13\ 80$	21.024,711
1890	248,820,455	9 00	$15\ 00$	$15\ 00$	21,873,100
1886	218,260,493	500	10 00	17 50	22,942,000
1884	210,817,755	5 00		17 50	22,507,000
1879	165,035,398	5.00		17 50	22,604,000

Total tax rate (per rate \$1.000) for 1905 is \$21.90, which includes \$1.70 State, \$5.50 School, in addition to the \$14.70 Clty Tax mentioned above.

POPULATION.—In 1905 (est.) is 715,000; In 1900 (Census) it was 575,238; in 1890 it was 451,770; in 1880 it was 350,518; in 1870 it was 310,864.

The World's Fair bonds were authorized by Constitutional Amend ment adopted in 1900.

\*These bonds are held by the Permanent School Fund. INTEREST and principal of the above bonds are payable at the Chemical National Bank in New York.

TOTAL DEBT .--July 1, '05. July 1, '04. July 1, '03. July 1, '02. Bonded debt......\$494,600 \$692,300 \$692,300 \$722,300 The bonded debt given above does not include the \$245,000 of bonds tssued by State institutions; also does not include \$169,000 bonds of the 1 wine & Cordage Factory. The investments of the permanent school fund on Nov. 1, 1904, amounted to \$1,897,510.

ASSESSED VALUATION.—The State's assessed valuation (about 's actual value) has been as follows :

			Total Ass'd	State taxs
Years.	Real Estate.	Personal Property		
1904	.\$98,355,197	\$57,150,072	\$155,505,269	\$5 50
1903	. 91,616,090	54,921,354	146,537,444	5 50
1902	. 85,433,334	48.447.042	133,880,376	5.50
	. 77,996,178	46,603,691	124,599,869	7.00
1900		43,629,991	117.204.485	4.50
	. 64,722,092	28,676,886	93,398,978	4.30
			82,351,987	4.50
			0_,001,001	200

\* The assessed valuation of personal property as given above in-cludes the valuation of railroad property, express companies and tele-graph and tele-phone companies; in 1904 these amounted to \$22,835,-458; in 1903, \$21,861,555; in 1902, \$20,484,953, and in 1901, \$18,518,894.

§ Since 1901 a special tax of \$1.00 has been levied for the mainten-ance of educational institutions of the State. This is included in the total tax given above.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its Constitution. The provisions with reference to the matter are complete and stringent, and are as follows:

SECTION 182. The State may, to meet casual deficits or failure in the revenue, or in case of extraordinary emergencies, contract debts, but such debts shall never in the aggregate exceed the sum of two hundred thousand dollars, exclusive of what may be the debt of North Dakota lair Co......46,500 1,500,000 4-5-6 5,966 at the time of the adoption of this Constitution. Every such deb shall be authorized by law for certain purposes, to be definitely men-tioned therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax discontinued until such debt, both principal and interest, shall have been fully paid. No debt in excess of the limit maned shall be incurred except for the purpose of repelling invasiou, suppressing insurrection, defending the State in time of war, or to provide for public defense in case of threatened hostilities, but the issuing of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

of said two hundred thousand dollars. SEC. 183. The debt of any county, township, city, town, school district or any other political subdivision, shall never exceed fice(5) per centum upon the assessed value of the taxable property therein; provided, that any incorporated city may, by a luo-thirds role, increase such in-debtedness three (5) per centum on such assessed value beyond said five (5) per cent limit. In estimating the indebtedness which a city, county, township, school district or any other political subdivision may incur, the entire amount of existing indebtedness, whether contracted prior or subsequent to the adoption of thus Constitution shall be in-cluded; provided, further, that any incorporated city may become in-debted in any amount not exceeding four (4) per centum on such assessed value without regard to the existing indebtedness of such city, for the purpose of constructing or purchasing water works for furnishing a supply of water to the inhabitants of such city, or for the purpose of constructing sewers, and for no other purpose whatever. All bonds or obligations in excess of the amount of indebtedness per-mitted by this Constitution given by any eity, county, township, town, school district, or any other political subdivision, shall be void. SEC. 184, Any city, county, township, town, school district, or any

SEC. 184. Any city, county, township, town, shoel district, or any other political subdivision, incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufi-clent to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SEC. 185. Neither the State nor any county, city, township, town school district, or any other political subdivision, shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corpor-ation, nor shall the State engage in any work of internal improvement unless authorized by a two-thirds vote of the people.

unless authorized by a two-thirds vote of the people. SEC. 187. No bond or evidence of indeptedness of the State shall be valid unless the same shall have endorsed thereon a certificate, signed bp the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

POPULATION OF STATE.—The population of North Dakota in 1905 was 437,070; in 1900 it was 319,146; in 1890, 182,719; in 1880, 36,909; in 1870 14,181; in 1860, 4.837. The figures for 1860 and 1870 are for both North and South Dakota

TOTAL DEBT, ETC The bonded debt on Oot. 1, '05, was \$237,000; the floating debt was \$300,000; total debt. \$1,037,000; sinking 'und and other funds available for payment of debt, \$512,000; net debt Oot. 1, 1905, \$525,000 Ou the same date the State had taxes due and unpaid to an amount estimated at \$225,000, which, when collected, will be available for the payment of bonded indebtedness as well as current expenses expenses.

EQUALIZED VALUATION.—The following statement shows the total valuation of real estate, personal, railroad property, telegraph, telephone, express and +leeping-car companies, as equalized by the State Board of Assessment and Equalization.

Year.	Valuation.	Ycar. Valuation.
1904.	\$214,239,028	1898\$118,580,496
		1897 120,175,431
1902.		1896 119.391.156
1901.	173,206.733	1895
1900.	172,255,085	1894
		1893 136,032,840

TAX RATE.—In 1904 the tax rate (per \$1,000) was \$3.00. DEBT LIMITATION.—South Dakota has incorporated into its Constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in trial VIII Article XIII., and are as follows.

SECTION 1. Neither the State nor any county, township or muuici-pality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; pro-vided, that the State may assume or pay such debt or liability when in-curred in time of war for the defense of the State. Nor shall the State

curred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvement. SEC. 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract dobts never to exceed with previous debts in the aggregate \$100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing in-surrection, or defending the State or the United States in war, and pro-vision shall be made by law for the payment of the interest annually, and the principal when due, by tax levied for the purpose, or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided, however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

Dakota. SEC. 3. That the indebtedness of the State of South Dakota, limited by section 2 of this article, shall be in addition to the debt of the Territory of Dakota, assumed by and agreed to be paid by South

SEC. 4. This Section was amended in 1896 and again in 1902. In the following we indicate by means of black-faced brackets [] the parts of the law added by the 1902 amendment:

DEDI OF DIATE.
Stell OF DIATE.
Stell The demonstrate county, city, town, school district, civil town-but or other such division, shell never exceed *lice* (5) per cendium upon the assessed valuation of the taxable property therein [for the year pro-ceding has to when sold in orderloss is locurred].
In estimating the anomum of Likel indeptedness which a municipal-ity or sub division may ment, the abount of indebtedness contracted prior to the adoption of the 'onstitution shall be included;
"Frovined That any county, ounicipal corporation, civil township, district or other such civision may incur an additional indebtedness indexce eding to correction upon the assessed valuation of the taxable procerty therein [for the purpose of providing water [and sewerage]
"[Provided, further, That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is in-curred, for the p.-rpose of constructing street railways, electric lights or other lighting plants.]
"Provided, further, That in county, municipal corporation, civil towns: ip [district or sub-division] shall be included within such dis-trict or sub-division y anajority vote in favor thereof of the electors of the county, municipal corporation, civil township, [dis-trict or other sub-division] shall be east of such county, municipal corporation, civil township, district or any other sub-division incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepeatable until such debt be paid.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include ludians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. State Census 1905, 435,922. 1900.401,570 1890.328,808 1880.98,268 1870.\*14,181 1860.\*4,837

\* This is the total for both North and South Dakota.

#### ADDITIONAL STATEMENTS.

We give below the bonded debt, amount borrowed from school fund, warrants outstanding, cash in treasury, the equalized valuation, and the population in 1905 of all counties in South Dakota reporting a debt of \$25,000 or over which are not included among the foregoing. The amount "borrowed from the school fund," in the following table, represents money advanced to the different county auditors, who in turn loan it on real estate mortgages, municipal and school district bonds, etc. The various counties remain at all times responsible to the school fund for the amount so received.

DEBT. RESOURCES, ETC.

Organized as a Territory (Act May 30, 1854) - May 30, 1854 Admitted as a State (Act April 19, 1864) -March 1, 1867 Total area of State (square miles) 77,510 - -Lincoln State Capital, Governor (term exp. Th. aft. 1st Tu. Jan.'07) - John H. Mickey Sec. of State (till Thur. after 1st Tues. Jan. '07) - A. Galusha Treasurer (till Thurs. aft. 1st Tues. Jan.'07) - Peter Mortensen

Auditor (term expires January 1907) - - E. M. Searle, Jr. Legislature meets biennially in odd years on the 1st 'Tuesday of January, and sessions "shall not be less than sixty days," but are not otherwise limited. Members of the Legislature "shall not receive pay for more than 60 days at any one sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For history of the State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 122. This State has no bonded indebtedness at present. The bonded debt, which on Dec. 1, 1892, amounted to \$549,267, was gradually re-duced until June 3, 1900, when the last remaining \$35,000 was paid off. OnApril 1, 1905, the general fund warrants outstanding amounted to about \$2,200,000. The cash on hand Dec 1, 1904, amounted to \$336,854.

PERMANENT SCHOOL FUND.—The investments of the school funds on Oct. 1, 1905, amounted to \$6,671,638 33, held as follows: Permanent school fund, \$6,082,711 66; University fund, \$145,488 04; Agricultural College endowment fund, \$372,563 65, and the Normal College endowment fund, \$70,874 98.

ASSESSED VALUATION.-The total assessed valuation and tax rate per \$1,000 have been:

# AR AGNALIZAND hr State	Doond			

s equalized by State Board.

The large increase in the valuation for 1904 and 1905 is the result of a new general revenue law passed by the 1903 LegIslature—Chapter 73. Under this law property is assessed at 20 p. c. actual value, whereas in earlier years the proportion seems to have been much lower.

DEBT LIMITATION.—Nebraska has carefully provided in its Con-stitution against creating State indebtedness, but has left city and other municipal indebtedness chiefly in the care of the Legislature.

STATE indebtedness is restricted to \$100,000 to meet casual defi-outs in revenues, except in case of invasions, &c., while the loaning by the State of its credit is prohibited.

† Of this issue \$20,000 refunded muturing water bonds.
‡ Of this issue \$47,000 refunded maturing water bonds.

EXPLANATORY OF BONDS.—Many of the bonds are subject to call before maturity, certain of these being indicated in the table above. All are exempt from taxation.

PAR VALUE.-Bonds are mostly for \$1,000 each.

INTEREST.—Interest is payable in New York at Kountze Bros. ASSESSED VALUATION—Under Chapter 16, Laws of 1901, all city property is now assessed by a Tax Commissioner for *city laxation* at its *actual* value. County assessors fix the valuation for State, county and school taxes. The *city* valuation for 1904 is \$29,-195,695; for 1903 it was \$22,380,834; for 1902 it was, real, \$16,155,-185; personal, \$5,133,996; total, \$21,289,681. The city tax rate (per \$1,000) in 1903 was \$10.00 and f r 1904. \$8 00. The valuation for State, county and school purposes for 1903 was only \$4,100,732 and the tax rate (per \$1,000) was: State tax, \$8.50; county tax, \$23.30, and school tax, \$25.00. INTEREST.-Interest is payable in New York at Kountze Bros.

NOTEUnd	00 1. 10	Laws of 190	1, assessments	in cities of

NOTE.—Under Chapter 16, Laws of 1901, assessments in cities of over 40,000 are required to be made at "fair each value." This ac-counts for the large increase in values from 1903. The assessed valuation of personal property for 1903 as above does not include personal property of railroad companies to the amount of \$23,457,550; this amount was placed on the books of the Tax Com-missioner, but was tied up by injunctions before final action had been been taken by the City Council. The sum of \$3,781,430 was assessed and is included in personal property as given above, but the city is enjoined from collecting taxes on the same. No decision had been rendered in regard to the matter up to Sept. 1, 1905.

POPULATION.—In 1905 (est.), 125,000; in 1900 (Census), 102,555; in 1890 it was 140,452; in 1880 it was 30,518; in 1870 it was 16,083.

OMAHA SCHOOL DISTRICT -A. H. Hennings, Treas.

## OTOE COUNTY.-CHAS. H. BUSCH, Co. Clerk.

County seat is Nebraska City. Some years ago the precinct of Nebraska City was formed, and included the city of that name and adjoining lands. Bonds to the amount of \$40,000 were issued and interest paid for some years. The County Commissioners then declared the precinct illegally organized and refused to levy a tax. Litigation resulted and the Courts have ordered a tax sufficient to pay debt to be levied on territory covered by the precinct in 1886, the year the bonds were sold. See V.72, p.302. New bonds were issued in 1901.

New bonds were issued in 1901. LOANS- When Due. Legislature meets biennially in odd years on the 2d Tuesday in January. There is no limit to length of sessions, but members can receive pay for only 50 days services in the aggregate.

# INCIDENTS IN STATE ORGANIZATION, ETC.—See STATE AND OITY SUPPLEMENT of April, 1893, page 124, for the facts and statements heretofore given under this head.

heretorore given under this head. HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of \$150,000. The Constitution of 1859 limited the debt-making power to one million dollars (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was \$630,775. of which the State owned \$28,650. In 1878 the total bonded debt was \$1,181,975. of which the State owned \$713,600. The bonded debt July 1, 1905, was \$632,000, all held by State funds. The Permanent School Fund on July 1, 1905, aggregated \$7,555,530.09. The \$210,000 4 p. c. bonds authorized by the Legislature in 1905 for an oil refinery in connection with a branch penitentiary were offered for sale on March 31, 1905, but all bids were rejected—the State offi-cials having determined to have the Supreme Court pass upon the validity of the issue. See V. 80, p. 1384, 1254 and 1073. The Supreme Court on July 7, 1905, declared the Act unconstitutional. See V. 81, p. 224, also editorial on page 182.

1900	328,729,008	5.20	1880	. 160,570,761	5.20
* As rece	ived from Coun	ty Clerks.	1876	. 133,832,316	5.50

DEBT LIMITATION,- Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed \$1,000,000. This limit, however, has two exceptions. First, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. Second the section following provides that the State may borrow money to repel izvasion, &e. We give these sections in full and also the subsequent one which forbids the State being a party to internal improve ments.

ments. Debts, annual tax; proceeds. For the purpose of defraying extraordin-ary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed one million dollars, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt and the principal thereof when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropri-ation shall not be repealed nor the taxes postpoued or diminished until the interest and principal of such debt shall have been wholly paid. Other debt. No debt shall be contracted by the State excent as here-

the interest and principal of such debt shall have been whony paid. Other debts. No debt shall be contracted by the State except as here-in provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election; and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the pre-ording section of this urticle. ceding section of this article.

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby ereated.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebiedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

Oilies. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. In 1903 a bill (approved March 7) passed the Legislature flxing 15 p. c. of the assessed value of taxable property as the limit of bonded debt of any city of 50,000 or more-special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, including special improvement bonds, shall not exceed 30 p. c. of the assessed value. The Act was published in full in V. 76, p. 667.

POPULATION OF STATE .-

996.096 107.206

The proportion of the colored population was 4.33 per cent in 1880, 3.59 per cent in 1890 and 3.7 per cent in 1900. In number blacks were 627 in 1860; 17,108 in 1870; 43,107 in 1880, 51,251 in 1890 and 52,003 in 1900.

#### CITIES, COUNTIES AND TOWNS IN THE

#### STATE OF KANSAS.

-For reports not given in alphabelicat order among the following NOTE.

see "Additional Statements" at end of this State. The National Park Bank of New York City is fiscal agent for the State of Kansas, and all bonds or coupons of minor civil divisions of the State, which by their terms are payable in New York, will be paid at the above-named bank.

#### ABILENE.-M. H. MALOTT, Treasurer.

Ablene is in Dickinson County. Bonds all optional. In May, 1905, the City Council paid to Cornell University \$2,500 in compromise settle-ment of the gas bonds issued in 1888, and which have been in contest for ten years. The interest and rincipal amount to over \$10,000. This cleans up all litigation against the city. V. 80 p 2472

Ronded Rale of

# State of Montana.

#### 1'1'8

#### DEBT, RESOURCES, ETc.

Organized as a Territory (Act May 26, 1864) - May 26, 1864 Admitted as a State (Act of Feb. 22, 1889) -- Nov. 8, 1889 Total area of State (square miles) -146,080 -. . . . State Capital -- Helena Governor (term expires 1st Mon. Jan. 1909) - - Jos. K. Toole Secretary of State (term exp. 1st Mon. Jan. 1909) A. N. Yoder Treasurer (term expires 1st Monday Jan. 1909) - J. H. Rice Auditor (term exp. 1st Mon. Jan., 1909) - H. R. Cunningham Legislature meets biennially in odd years on the first Mon-

day in January, and sessions are limited to 60 days.

SITUATION AS TO DEBT, ETC.—For facts with reference to the distory of Montana's State debt see STATE AND CITY SUPPLEMENT for April 1893, page 130. The State of Montana has no bonded debt at present, the loans given below being educational loans issued on land grants. The status of these educational loans was set forth at length in V. 81, p. 1059, the State not being in any way liable for their pay-ment. The registered general fund warrants outstanding on Dec. 1, 1904, amounted to \$503,145, but within the month of December \$43,-369 of this amount was called in and paid, leaving only about \$20,000 outstanding against the general fund. On the same date the State institutions had a warrant indebtedness of \$63,166. The State is not liable for the latter. The cash on hand in all funds on Dec. 1, 1904, amounted to \$562,34<sup>3</sup>. The permanent schoel fund on Dec. 1, 1904, held cash and securities amounting to \$800,021. held cash and securities amounting to \$800,021.

Date of

ASSESSED VALUATION.—In 1965 the total assessed valuation was \$209,912,340; in 1904 it was \$201,748,063, of which real estate was \$95,020,032, personal property \$69,963,204 and railroads \$36,759,827. In 1904 the State tax (per \$1,000) was \$2.50. Property is supposed to be assessed at full cash value.

DEBT LIMITATION.-The Constitution of Montana was adopted by popular vote October 1, 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and eity. Counties are allowed to become indebted to an amount not exceeding five (5) per centum and cities, towns, townships and school districts to an amount not exceeding three (3) per centum of the value of taxable property, but in the latter ease the Legislative Assembly may permit debt in excess of this limit for sewer or water purposes, provided the question is submitted to a vote of the taxpayers. All the provisions in full and also those relating to the power of the State itself to create in debtedness may be found on page 135 of the STATE AND CITY SUPPLE-MENT of April, 1895.

**POPULATION OF STATE.-**

1900....243,329 | 1890.....132,159 | 1880....39,159 | 1870.....20,595 The population in 1900 included Indians and whites on Indian res-ervations not previously counted in the enumeration. In 1890 there were 10,765, and in 1880 31.650 such persons, which number should be added to the total for those years in making accurate comparisons.

TAX RATE-The tot	tal State tax (per \$1.000) in 1905 was \$6.10	

EXEMPTION & FROM TAXATION.-The Legislature of 1905 passed an Act exempting municipal bonds from taxation, provided certain conditions are complied with. # The Act follows:

CHAPTER 17, LAWS OF 1905.- Be it Enacted, Etc.: "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State provided that the owner or owners of such securitles shall list the same annually ou their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt.'"

such schedule 'exempt.'" DEBT LIMITATION.—In Wyoming the provisions of the Constitu-tion with respect to debt contraction and limitation are quite volumin-ous. They are all found in Article 16 of that instrument, and prohibit the State from creating any indebtedness exceeding one per centum of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, eities, towns or villages, or any sub-di-vision thereof, are limited to two per centum on the assessed valuation An additional indebtedness of not exceeding four per centum is per-mitted in the cases of eities, towns or villages for the purprese of build-ing sewerage therein. Neither the State nor any sub-division shall loan or give its credit or make donations to, or in aid of, any individual, association or corporation. Citations from the laws of the State re-specting debt limitation will be found on page 137 of the STATE AND CITY SUPPLEMENT of April, 1895.

INTEREST on the asylum improvement and normal school bonds is payable at the Chase National Bank, New York; on the capitol build-ing, the refunding and Idaho improvement bonds at the office of the State Treasurer; on the Lewiston Normal School bonds of 1899 at Kountze Bros., New York; interest on all other bonds is payable at the Hanover National Bank New York

TOTAL DEBT, ETC. —The total bonded debt on Nov. 1. 1905, was \$1,099.000. The floating debt in Nov., 1905, was estimated at \$250,000.

POPULATION OF STATE.— 1900 ......161,772 | 1880.....32,610 | 1870.....14,999 1890 ......84,385 | 1890...

In 1870-80 increase was 17,611, or 117.41 per cent, and in 1880-90 51,775, or 158.77 per cent. In 1890-1900 the increase was 77.387, or 91.7 per cent, a part of which is due to the fact that the 1900 aggregate embraces Indians and whites on Indian reservations not heretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons.

#### CITIES, COUNTIES AND TOWNS IN THE STATE OF IDAHO.

ADA COUNTY .- W. L. CUDDY, Auditor. County seat is Boise City. Canyon County, created from part of Ada Co., is liable for 35.8 per cent of the court-house bonded debt.

	115,420,193 90	$5.562_{3}$	814,494 66
	73,698,746 29	6.00	213,484 76
	43,453,946 36	5.60	227,709 18
*Under the	Revenue Law of	1901 property	is required to be pa-

\*Under the Revenue Law of 1901 property is required to be as-sessed at its full value. This accounts for the large increase in values in 1901, as property was assessed at a very much lower basis in earlier years. In addition to the tax rate as above there is a poll tax of \$1.00 per capita. In 1880 and prior to that date this poll tax was 50 cents per capita.

capita.

DEBT LIMITATION.—Colorado's Constitutional provisions with reference to the creation of debt are of considerable length, and strike one at first as quite elaborate. After a brief study of the provisions their good qualities stand out so plainly as wholly to disarm criticism. No State has placed the debt-making power on a more reasonable basis. All the regulations with reference to public indebtedness are found in article 11 of the Constitution. See STATE AND CITY SUPPLEMENT of April, 1895, pages 140 and 141.

POPULATION OF STATE .-

#### CITIES, COUNTIES AND TOWNS

IN THE STATE OF COLORADO.

NOTE - For debts of minor civil divisons not found among the state-ments given below, see "Additional Statements" at end of this State.

## 

DEINVER. -- {CHAS. F. WILSON, City Auditor. Denver is situated in Denver County. Under the Rush Amend-ment to the Constitution (Chapter 46, Laws of 1901), adopted Nov., 1902, the city of Denver and various suburban towns have been united to form what is known as the City of Denver. V. 76, p. 554. New counties of Adams and South Arapahoe are formed out of portious of the old County of Arapahoe not included in the new City of Denver. The State Supreme Court on Feb. 27 unbeld the constitutionality of the Rush Amendment. On Mar. 29, 1904, a new charter was adopted. See V p. 78, 1408. Under decisions of the State Supreme Court handed down in November, 1904, Capitol Hill sewer, Fourteenth Street viaduct. Broadway storm sewer and Eighth A venue paving bonds are a charge upon the property owners, pavable by assessments V. 79, p. 2221 [\$400,000 Auditorium, \$758, 759 50 refund ug and \$540,722 77 funding bonds were voted May 17, 1904; the refunding and funding bonds are being issued as the war-rants come in.4 rants come in.

INTEREST is payable at the office of the County Treasurer or at the office of Kountze Bros., New York.

#### LAKE COUNTY.-

Leadville is the county seat. There was some litigation regarding old bonds of this county, but the matter has been settled with the bondholders, and the taxpayers at an election held in November, 1901, authorized an issue of \$700,000 bonds to take up all the county obligations except the judgment 7s. Of the amount autuorized, \$671,-900 have been put out up to the date of our statement, and it is not likely that the entire amount will ever be lasued, as it is probable that quite a number of warrants has been lost and destroyed. An issue of 7% judgment bonds was put out on April 16, 1891. The amount originally was \$60,000, but \$40,000 has since been redeemed and retired. and retired.

INTEREST on 4s due 1921 is payable at Kountze Bros, New York.

#### DEBT, RESOURCES, &c.

Organized as a Territory (Act Sept. 9, 1850) -Sept. 9, 1850 Admitted as a State -- Jan. 4, 1896 -Total area of State (square miles) - -84,970 Salt Lake City State Capital -. - -Governor (term expires 1st Monday Jan. 1909) John C. Cutler Secretary (term expires 1st Monday Jan., 1909) - C. S. Tingey Treas. (term exp. 1st Monday Jan., 1909) - James Christiansen Legislature meets biennially in odd years on the second Monday in January, and sessions are limited to 60 days.

LOANS-NAME AND PURPOSE. Refunding bonds....c...1598 31<sub>3</sub> J & J July 1, 1918 \$150,000 do do ....c..1598 31<sub>4</sub> J & J July 1, 1918 \$150,000 State bonds (gold) .....1896 4 J & J July 2, 1920 300,000 State bonds (gold) .....1892 5 J & J July 1, 1916 200,000 Territorial bonds....c...1892 5 J & J July 1, 1912 250,000 All bonds are non-taxable.

PAR VALUE.-Bonds are in pieces of \$1,000 each.

INTEREST on the bonds of 1892 is payable at the Deseret National Bank, Salt Lake City, or at the oiliee of Wells, Fargo & Co., New York; on the bonds of 1896, 1898 and 1900 at the U. S. Mortgage & Trust Co., New York City, or the State Bank of Utah, Salt Lake City.

BONDED DEBT on Jan. 1, 1905, was \$900,000; on the same date the cash on hand amounted to \$643,603 36.

TAX VALUATION.—In 1904 the total assessed valuation was \$132,994.247, as follows: Real estate, \$75,935.215: personal property, \$30,662,203: railroads, etc., \$20,904,655: telegraph and telephone companies, \$775,889, and net proceeds of mines, \$4,716,285. In 1903 it was \$128,241,243; in 1902 it was \$118,047,216; fin 1901 it was \$112,603,655: in 1900 it was \$105,629,041; in 1897 it was \$102,-362,519; in 1896 it was \$107,291,083. The State tax rate (per \$1,000) in 1903 is \$5:00. School tax (additional) \$3:00.

DEBT LIMITATION .- The indebtedness of this State is limited by its Constitution. The sections relating to State debt are found in Article XIV. of that instrument, being Nos. 1, 2, 5 and 6. We quote these sections below

 SECTION 1.—To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public bulldings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding in the aggregate at any one time the sum of \$200,000 over and above the amount of the Territorial indebtedness assumed by the State. But when the said Territorial indebtedness, except as in the next section provided, in excess of the sum of two hundred thonsand dollars, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.
 SECTION 2.—The State may contract debts to repel invasion suppress insurrection or to defend the State in war, but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.
 SECTION 5.—All moneys borrowed by or on behalf of the State, or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.
 SECTION 6.—The State shall not assume the debt, or any part thereof, of any county, city, town or school district. SECTION 1.- To meet casual deficits or failures in revenue, and for

Title 40, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Counties, Cilics, Towns, Etc.-The constitutional provisions relating to the debt of counties cities, towns, school districts and other municipal corporations will be found in Sections 3.4, and 5 and 7 of Article XIV. Section 5 is quoted above. We give Section 3, 4 and 7 below.

SECTION 3.-- No debt in excess of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivisior thereof in this State; unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein, in the year preceding such election, and a majority of those voting thereon shall have voted in favor of incurring such debt. Section 4.--When authorized to create indebtedness as provided in Section three of this article, no county shall become indebted to an

Section 4.—When authorized to create indebtedness as provided in Section three of this article, no county shall become indebted to an amount, including existing indebtedness, exceeding two per cent-um. No city, town, sohool district or other municipal corpor-ation shall become indebted to an amount, including existing indebtedness, exceeding four per centum of the value of the taxable property therein, the value to be ascertained by the last assessment for State and county purposes, previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes; provided. That no part of the indebtedness allowed in this Section, shall be incurred for other than strictly county, city, town or

school district purposes. Provided, further. That any city or town, when authorized, as provided in Section three of this Article, may be allowed to incur a larger indebtedness, not exceeding four per centum additional, for supplying such eity or town with water, artificial lights or severs, when the works for supplying such water, light and sewers shall be owned and controlled by the municipality. SECTION 7.-Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted in accord-ance with the laws of Utah Territory, by any county, city, town or school district, or to prevent the contracting of any debt, or the issu-ing of bonds therefor, in accordance with said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this constitution takes effect. SECTION 1884. Chapter 14, of the Revised Statutes, limited the fin-debtedness of school districts to 2 p. c. of the assessed valuation of property, but this limit was raised to 4 p. c. by Chapter 17, Laws of 1901-that is, to this constitutional figure. ## Indian Territory.

Total area of Territory (square miles)

Tams Bixby, Minnesota -	Commissioner to the Five Civilized Tribes.
Douglas H. Johnston -	Governor Chickasaw Nation
John F. Brown	- Governor Seminole Nation
Pleasant Porter	Principal Chief, Creek Nation
W. C. Rogers	Principal Chief Cherokee Nation
Green McCurtain	Principal Chief Choctaw Nation

GOVERNMENT.—The Territory has no general government, as have other Territories, but is divided into five nations, each of which has a "principal chief" or governor. This form of government will cease March 4, 1906. Towns and cities, however, under laws of Congress, have been incorporated and several of these we give below.

DEBT LIMITATION.—Under Chapter 316 of the Laws of the Fifty-seventh Congress, approved May 19, 1902, any incorporated town or city in the Territory having a population of 2,000 or more is anthorized to issue bonds for severs, water works and school houses. anthorized to issue bonds for sewers, water works and school houses. Such bonds must not "exceed an amount the interest on which at 5 per cent would be liquidated by a tax of 5 mills upon the dollar of the val-nation of the taxable property of each eity or town." A further re-quirement is made that such bonds must be authorized by a two-thirds vote at an election held for the parpose, and also that a judge of the United States Court for the judicial district in which such musicipality is located must determine to his satisfaction that all requirements of the Act have been met. Bonds that may have been authorized under any special Act are to be included as part of the debt limit—that is, only such additional bonds as shall not bring the total above the limit may be issued. The Act also provides that any mudicipality incur-ring any indebtedness therein provide for shall by ordinance which shall be *irrepealable* provide for the collection of an annual tax suf-ficient to pay the interest on such bonds as the same falls due, and also to pay an discharge the principal thereof within twenty years. **POPULI** ATION—The population in 1900 was 392.060, including

POPULATION - The population in 1900 was 392,060, including 52,500 Indians. In 1890 it was 180,182.

1897	1,089,373,316	5.10	1855	103.887.193	6.00
1896	1,266,593,065	4.29	1850	57,670,689	5.00

1896.... 1,266,593,065 4.29 [1850.... 57,670,689 5.00 DEBT LIMITATION.—Municipal indebtedness as well as State debt is earefully regulated in the Constitution of California. The section relating to the bonding of counties, cities, towns, etc., was altered by constitutional amendment adopted February 25, 3891. Nothing in explanation of the provisions needs to be said, as the sections of the Constitution treating of this subject are all very plain and comprehen-sive; they will be found in the STATE AND CITY SUPPLEMENT of April, 1895, page 146. A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SEC. 4.-No city, town, or muntcipal corporation shall incur an indebtedness for public improvements which shall in the aggregate exceed 15 per cent of the assessed value of all the real and personal property of such city, town or municipal corporation.

This now law was given in full in the CHRONICLE, Aug. 10, 1901, p. 303. TAX EXEMPT AMENDMENT.-At the November 1902 election the following amendme: t to Article 13 of the State Constitution was favorably voted upon. V. 74, p. 916; V. 75, p. 1366.

SECTION 13. All bonds hereafter issued by the State of California, or by any county, city and county, mulicipal corooration, or district (including school, reclamation and irrigation districts) within said State, shall be free and exempt from taxatlon. See editorial article in STATE AND CITY SUPPLEMENT of October, 1902.

POPULATION OF STATE-

CITIES, COUNTIES AND TOWNS IN THE STATE OF CALIFORNIA.

NOTE. - For debts of civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

Many of the counties in this State levy a special tax on property out-side incorporated eities and towns for making, repairing and sprink-ling of roads, and the tax rate as given below under these counties is made up of the State tax rate and the county tax rate including special road tax.

SACRAMENTO.— {W. D. COMSTOCK, Aud & Assessor. M. R. BEARD, DEPUTY. This city is the county seat of Sacramento County and the capital of the State and was re-incorporated April 23, 1863. The original debt was a little less than \$1,600,000, being four scries of 6 per cent bonds, issued in 1858 and falling due in 1888, 1893, 1893 and 1903. The flood of 1861-1862 destroyed half of the property values, and the coupons had been delinquent for a dozen years. In 1872 a Funded Debt Commission (abolished by Legislative Act of 1899) was created and received from the city a gift, or capital, of \$212,080 80. With this it bought bonds and coupons, and collected from the city as other creditors did and re-invested in more bonds and coupons. In 1899 the Commission was ordered by decree of Court to cancel \$1,411,167 60 of the bonds and coupons at par. LOANS— When Due | Bonded debt Apr. 1, 1905,\$537,000

Organized as a Territory (Act Aug. 14, 1848) - Aug. 14, 1848 Admitted as a State (Act Feb. 14, 1859) Feb. 14, 1859 96,030 Total area of State (square miles) ---Salem State Capital

Governor (term ex. 2d\* Monday Jan. 1907), G. E. Chamberlain Secretary of State (term ex. 2d Mon. Jan. 1907), F. I. Dunbar Treasurer (term ex. 2d Mon. Jan. 1907) C.S. Moore -

\* The Legislature does not always canvass the vote for Governor immediately upon its meeting, and the Governor's term runs until his successor is declared elected.

Legislature meets biennially in odd years on the second Monday in January, and there is no limit to length of ses-sions; but members of the Legislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For history of Oregon's State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 147. To-day Oregon has no bonded debt. On Oct. 1, 1915, the amounts held in the irreducible trust funds were as follows: School fund, \$4,545,334; Agricultural College fund, \$195,-029, and University fund, \$101,585. On the same date the cash on hand amounted to \$538,185.

VALUE OF TAXABLE PROPERTY AND TAX RATE.

1898	133,533.577		1875 41,436,080	

DEBT LIMITATION.—Oregon framed and adopted its Constitution in 1857. It is quite a notable fact that the people of the State are to-day living under that instrument in the precise form in which it was originally adopted, for there uever has been an amendment made to it. The provisions with respect to debt limitation will be found on pages 150 and 151 of the STATE AND CITY SUPPLEMENT of April, 1895.

 POPULATION OF STATE.

## State of Washington.

#### DEBT, RESOURCES, &c.

Organized as a Territory (Act March 2, 1853) - March 2, 1853 Admitted as a State (Act. Feb. 22, 1889) Nov. 11, 1889 Total area of State (square miles) -69,180 Olympia -State Capital --Governor (term ends Wed. aft. 2d Mon. Jan. '09) - Alb't E. Mead Secretary (term ends Wed. aft. 2d Mon. Jan.'09) - S. H. Nichols Treasurer (term ends Wed. aft.2d Mon. Jan.'09) - Geo. G. Mills Auditor(term ends Wed. aft.2d Mon.Jan.,'09), C. W. Clausen

STATE DEBT.-The Washington State debt is described in detail below.

-Principal. Outstand'g. \$1,470,000

\*Bonds issued from time to time as money is required in the general fund. They are taken by the school fund and run 20 years.

INTEREST is payable at the office of the State Treasurer in Olympia. TOTAL DEBT.—The only bonded indebtedness of the State Freasurer in Olympia. Nov., 1905, was the \$1,470,000 school-fund bonds, all of which are held in the State Permament School Fund. The floating debt on Oct. 1, 1905, was \$45,724. Cash in the general fund on the same date was \$116,801.

ASSESSED VALUATION.—The assessed valuation, equalized by State Board, for 1905, of real estate, was \$244,0-9,870; personal prop-erty, \$64,096,500; railroads, \$20,356,155; total, \$328,542,525. The following statement shows the total assessed valuation of the State for the years indicated. The tax rate (per \$1,000) for 1905 was \$7.60, including \$5:00 for school purposes including \$5.00 for school purposes.

		Years.	
1905	\$345,481,715	1895	204.190.377
1904		1894	212,430,511
		1893	
		1892	
		1890	
		1885	
		1880	23,708,587
		1875	14,569,156
1896	204,677,668	1870 1860	4,394,735

DEBT LIMITATION.-Like so many of the younger States, Wash ington has taken a conservative position with respect to State and municipal indebtedness. The provisions of the Constitution with reference to creating debt are so comprehensive and plain that it is necessary to do no more than copy the sections relating to the subject.

FIRST, with reference to the State, there are three sections; the first limits the debt, the second names exceptions to the limit and the third provides the method in which additional debt may be created. These

provides the method in which additional debt may be created. These sections are all found in article 8, and were given in the STATE AND CITY SUPPLEMENT of April, 1895; page 152. SEOOND, Counties, Cities, Towns &c. are more rigorously guarded. The whole system as to municipalities is found in section 6 of article 8, though section 7 is also important, as it forbids counties, cities &c. giving money or loaning credit to any corporation &c. Sections 6 and 7 will be found on page 152 of the April, 1895, SUPPLEMENT.

DEBT LIMITATION .- Nevada has in its Constitution limited the State to a nominal indebtedness, except for the purpose of "defraying extraordinary expenses" arising from invasion, war, etc.; and in such cases the law shall provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty-years. Further the State is forbidden ever to assume the aebt of any county, city, etc or to donate or loan its money or credit, or to subscribe to the stock of any company, etc.

Counties, cities, towns etc. cannot become stockholders in any company, or loan their credit, etc. But other than that the Constitution omits to put any limit on county, city, etc., debts; but provides that the Legislature shall make general laws restricting their borrowing power The Constitutional provisions referred to are as follows

The Constitutional provisions referred to are as follows: ARTICLE IX., SECTION 3. [State debt limited.] For the purpose of enabling the State to transact its business upon a cash basis from its organization, the State may contract public dolts, but such debts shall never in the aggregate, exclusive of interest, exceed the sum of three hundred thousand dollars, except for the purpose of defraying extra-ordinary expenses, as bereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly speci-fied therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually and the principal within twenty years from the passage of such law, and shall specially appro-priate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes he postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and lia-bilities amount to said sum before mentioned, shall be void and of no effect, except in cases of moncy borrowed to repol invasion, suppress hasurrection, defend the State in time of war, or, if hostilities be threat-ened, to provide for the public defense. SECTION 4. [State prohibiled from assuming debts of cities, &c.] The

SECTION 4. [State prohibited from assuming debts of cities, &c.] The State shall never assume the debt of any county, town, city, or other

corporation whatever, unless such debts have been created to repel invasion, suppress insurrection or to provide for the public defense. ARTICLE VIII., SECTION 9. [State shalt not loan its money or credit &c.] The State shall not donate or loan money or its credit, subscribe to or be interested in the stock of any company, association or corporation, except corporations formed for educational or charitable purposes.

ARTICLE XVII., SECTION 7. [State lo assume debis of the Territory.] All debts and llabilities of the Territory of Nevada lawfully incurred, and which remain unpaid at the time of the admission of this State into the Union, shall be assumed by and become the debt of the State of Nevada *Provided*, That the assumption of such indebtedness shall not prevent the State from contracting the additional indebtedness, as provided in section 3 of article 9 of this Constitution.

ARTICLE VIII., SECTION 10. [County, city, town &c. not to be stockholders, &c.] No county, city, town, or other municipal corporation, shall become a stockholder in any joint-stock company, corporation or association whatever, or loan its credit in aid of any such company, corporation or association, except railroad corporations, companies or associations.

associations. SECTION 8. [Oilies and towns to be restricted by general laws]. The Legislature shall provide for the organization of cities and towns by general laws; and restrict their powers of taxation, assessment, bor-rowing money, contracting debts, and loaning their credit, except for procuring supplies of water. POPULATION OF STATE.—Though Nevada has some good grazing land, the mining industry, more particularly silver mining, has had ohief attention, and, with the decline of this, population has also deelined, the Census of 1900 showing a total of only 42,335 persons, as against 45,761 in 1890 and 62,266 in 1880. The famous Constock lode is located within Nevada, but the silver production of the State has undergone great contraction within the last decade. The full record of population is as follows: The 1900 figures include persons on Indian reservations, not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880. 1900..42,335 | 1890..45,761 | 1880. 62,266 | 1870.42,491 | 1860.6,357

1900..42,335 | 1890..45,761 | 1880.62,266 | 1870.42,491 | 1860.6,857

#### ITS

DEBT, RESOURCES, ETC.

One of Original Thirteen Admitted as a State -Total area of State (square miles) -42,450State Capital - - - - - -- - Richmond Governor (term expires Feb. 1, 1906) - Andrew J. Montague Secy. of Com'wealth (term\_exp. Feb. 1, 1906) D. Q. Egglestou Auditor of Pub. Acc. (term exp. \*Mar. 1, 1908) Morton Marye Treasurer (term expires Feb. 1, 1906) - A. W. Harman Jr. Second Auditor (term exp. \*Mar. 1, 1908) - John G. Dew

Legislature meets biennially in even years on the second Wednesday in January, and sessions are limited to 60 days, but may be extended for a further period not exceeding 30 days, provided three-fifths of the members elected to each house concur.

\* These officials are elected by the General Assembly and hold office for four years.

MUNICIPAL INDEBTEDNESS —A new Constitution went into effect in April, 1902. One of its provisions fixes a limit of indebted-ness in the case of eities and towns of 18 per cent of the assessed value of real estate, unless the issue be authorized by a majority of the qualified votere. V. 74, p. 741.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the STATE AND CITY SUPPLEMENT of April, 1893, pages 151 and 152. Other items of interest with reference to the Virginia debt will be found in the CHRONICLE as follows: Vol. 56, p. 636, 802; V. 57, p. 155, 190, 565, 733, 950, 1053; V. 58, p. 232, 274, 315, 357.—V. 66, p. 392.—V. 67, p. 333.—V. 68, p. 196, 241; V. 70, p. 1202, 1211; V. 71, p. 408; V. 72, p. 150; V. 75, p. 628; V. 76, p. 446, 770. In January, 1903, an adjustment was effected of the claims of the State against the National Government on account of the War of 1812 and of the counter claims for interest and principal on bonds against the State by the latms for interest and principal on bonds against the State by the ational Government. See V. 76, p. 119. On Oct. 1, 1905, Virginia's dobt stood as shown below: National Government.

LOANS-Interest .--

-Principal. P. Cl. Payable. When Due. Outstand'g. NAME AND PURPOSE. Riddleberger Bonds, Act of 1882..... 3

J & J July 1, 1932 \$5,984,354 16 Subject to call after 1900. J & J July 1, 1991 17,087,009 99 Contury bonds, Act of 1892 3 The Literary Fund on Oct. 1, 1905, held \$316,100 Century bonds and 1,564.927 28 of Riddlebergers; total, \$1,881,027 28. These, being held alive in the Fund, form part of the outstanding amounts in the table.

Of the \$17,087,009 99 Century bonds, \$6,101,000 are coupon, \$10,-984,100 registered and \$1,909 99 iractional certificates, and of the \$5,984,354 16 Riddlehergers, \$1,182,000 are coupon, \$4,101,200 are registered and \$1,154 16 are fractional certificates.

The interest on the Century bonds was 2 per cent for the first 10 years (or until July 1, 1901,) and 3 per cent thereafter. Both issues are exempt from taxation.

School and College debt (additional)\$2,383,656-6s School and College debt (additional) 82,800-4s-	- \$2,466,456

NOTE.—The school and college debt here mentioned does not repre-sent any obligations outstanding in the hands of the public. It con-sists entirely of amounts owing the educational institutions, and is evideneed by certificates of indebtedness issued under Chapter 344, Laws of 1892. These certificates are redeemable at pleasure of the State and are non-transferable. State and are non-transferable.

The Virginia Legislature re-enacted the Funding Act of Feb. 20, 1892, and under its provisions all old Virginia bonds were allowed to be brought in and funded into new Century bonds, upon the same terms as the Olcott settlement, provided they were presented for funding prior to December 31, 1896. By the Act of January 25, 1898, however, bond-holders were given until July 1, 1898, to come in and accept the terms, and the time has been repeatedly extended since then, the latest exten-sion having been until June 30, 1904 (no further extension can be made until the next meeting of the Legislature in 1906). Bonds funded under any amendment or extension to the Act of Feb. 20, 1892, carry interest from the semi-annual period next preceding the date of fund-ing. Under the old law coupon bonds once converted into registered certificates were not reconvertible into coupon bonds, but under the Acts of 1882 and 1892 coupon and registered bonds are interchangeable. of 1882 and 1892 coupon and registered bonds are interchangeable.

of 1882 and 1892 coupon and registered bonds are interchangeable. WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the prin-cipal and interest of the then existing debt, that is \$15,239,370 out of the total debt of \$45.718,112. To represent, therefore, West Vir-ginia's share of bonds funded "deferred certificates" were issued. All efforts, however, to induce West Virginia to take recognition of these certificates have thus far been unavailing. In 1885 the holders of about \$3,000,000 certificates united for the purpose of obtaining a comprom-ise, and deposited their holdings with the Farmers' Loan & Trust Com-pany, which gave its trust receipts therefor. This attempt came to nothing, and in 1890 Messrs. C. Satterthwaite & Sons, of No. 30 Throg-morton Street, London, E. C., started another movement to bring about a settlement. a settlement.

An adjustment company, with the Mercantile Trust & Deposit Com-pany of Baltimore at its head, was formed late in 1893 for the purpose of making an attempt at the settlement of the West Virginia certificates. See CHRONICLE, Vol. 57, page 819; Vol. 58, pages 51, 314 and 444. In August, 1898, another movement was started, this time under the leadership of Messrs. Brown Bros. & Co., with the same object in view, and that movement continues actively in progress. The plan provided for ascertaining the exact amount of the old Virginia debt with which West Virginia is justly chargeable (subject to certain limitations), and and that the vertex control of the old Virginia debt with which West Virginia is justly chargeable (subject to certain limitations), and then compromising that amount at the same percentage at which Vir-ginia compromised the two-thirds of the original Virginia debt, namely 60 per cent for principal and 304 per cent for interest. (See the ed-torial article in STATE AND CITY SUPPLEMENT for April, 1899.) The Legislature of Virginia in March, 1900, passed a bill authorizing the State Debt Commission to take such action and institute such pro-ceedings as may be deemed proper to protect the State's interests and to bring about a settlement with West Virginia. (V. 70, p. 494.) The original plau has been somewhat amended to meet present require-ments; see digest in V. 76, p. 770, wherein will also be found the names of the members of the Advisory Board. A conference was held in Richmond on Dec. 14, 1904, between Brown Bros. & Co. of New York and the Virginia Joint Commission on the State Debt Settlement to consider a proposition made by the New York com-miltee, whereby the State of Virginia is to proceed to bring suit avainst the State of West Virginia, with a view of ming the latter's liability as regards the old Virginia debt. V. 79, p. 2759. No final conclusions were arrived at, the meeting being merely advisory and preliminary. Application was made June 3, 1900, and granted by the preliminary. Application was made June 3, 1900, and granted by the Governing Committee June 13, 1900, to list Brown Bros. & Co.'s Virginia deferred certificates (representing the originals of the 1871

issue only) on the New York Stock Exchange. The amount listed up

issue only) on the New York Stock Exchange. The amount listed up to Nov. 1, 1905, was \$10,416,565. After about three-fourths of the old Virginia bonds had been sur-rendered, and "deferred certificates" been given to represent West Virginia's one third, under the acts of 1871 and 1879, these acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the *principal* of the old bonds brought in for funding, but gave "non-interest-bearing certificates" to represent one-third the *interest* on old bonds. There is something less than \$500,000 of bonds and interest yet outstanding, which is fundable under the eurrent law of 1892. The following shows the amount of each refunding issue. the amount of each refunding issue.

## State of West Virginia.

#### DEBT, RESOURCES, ETC.

Admitted as a State (Act Dec. 31, 1862) June 20 1863 Total area of State (square miles) 24,780 Charleston State Capital State Capital - Charleston Governor (term expires March 4, 1909) - Wm. M. O. Dawson Secretary of State (term exp. March 4, 1909) Chas. W.Swisher Treasurer (term expires March 4, 1909) - Newton Ogdin Auditor (term expires March 4, 1909) - Ari old C. Scherr Legislature meets biennially in odd years on the second

Wednesday in January: sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt one-third was set apart as the share belonging to West Virginia, but this has never been recognized by the latter State. Various movements to secure recognition have been started from time to time, and one such movement is now in progress; for details see remarks Inder State of Virginia. The amounts in the various State funds aggregated on Sept. 1, 1905,

\$2,060,000.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and railroad property.

		Personal	Railroad
Years.	Real Estate.	Property.	Property.
1904	\$164,535,169	\$77,649,223	<b>\$30,</b> 043,171
1903	160,602,584	69,380,047	30,043,170
1902	147,784,852	65,983,459	25,707,837
1901	158,433 343	66,727,740	23,588,620
1900		59,773,064	22,976,974
1895		53,905,180	22,447,495
1890		48,725,222	17,237,766
1885	119,982,350	46,707,755	13,268,229
1880	105,000,358	34,622,399	7,368,983
1875		38,606,277	6.648.044
1870		38,032,395	7,362,844
1867	00001000	32,597,938	6,568,103

TAX RATE—The State tax rate (per \$1,000, in 1904 was \$2.50; school tax (per \$1,000) was \$1.00.

DEBT LIMITATION.—Provisions limiting the debt-making power of the State and the various sub-divisions are found in Article X of the State Constitution of 1872, the sections pertaining thereto being as follows:

follows: SECTION 4.—No debt shall be contracted by this State, except to meet casual deficits in the revenue, to redeem a previous liability of the State. to suppress insurrection, repel invasion, or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State shall be equally distributed over a period of at least twenty years. SECTION 6.—The credit of the State shall not be granted to, or in aid of, any county, eity, township, corporation, or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, eity, township, corporation, or person, nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever. whatever.

\* The Marietta & Cincinnati bonds (\$5,000) included in above debt matured in 1860, and have been carried on the books as unpaid for many years. Recently a search of the city's books revealed the fact that the bond had been paid in 1874, an incorrect entry having been made of the transaction. The city council has directed the closing of this account as of Jan. 1, 1905.

TAX FREE.-Bonds issued by this city are exempt from city tax.

INTEREST on the 6s is payable at Frankfort and in New York, and on the 4s in New York.

on the 4s in New York. STATE DEBT.—The educational bonds are not, strictly speaking, a debtof the State. They are irredeemable; the fund is inviolate, and the 6 p. o. semi-annual int. drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan, 1, 1870, \$1,327,000; county bonds, issued Jan, 1, 1885, \$378,946; new school bonds, issued March 12, 1892, \$606,650. The \$165,000 military bonds are also irredeemable; the interest is paid to the A. & M. College and the State normal-school for colored persons. In March, 1903, the State received \$1,-323,999 from the National Government on account of Civil War inter-est claims. V. 76, p. 670. This sum is being used to take up redeem-able bonds of the State, and on June 30, 1905, only \$26,000 of the redeemable bonds '(those due in 1907) remained outstanding. The sinking fund on hand June 30, 1905, aggregated \$542,446 52. ASSESSED VALUATION—

ASSESSED	VALUATION-		
Years.	Real Estate.	Personal Property.	Railroads.

1887		132.334.637	35.571.631

TAX RATE-In 1904 the State tax rate (per \$1,000) was \$5.00.

TAX RATE-In 1904 the State tax rate (per \$1,000) was \$5.00. DEBT LIMITATION-The constitutional provisions relating to the creation of debt by the State are found in Sections 49 and 50 of the Constitution of 1891. We quote these sections below: SEC 49. The General Assembly may contract debts to meet casual deticits or failures in the revenue; but such debts, direct or contin-gent, singly or in the aggregate, shall not at any time exceed five hun-dred thousand dollars, and the moneys arising from hoans creating such debts shall be applied only to the purpose or purposes for which they were obtained, or to repay such debts: *Provided*, The General Assembly may contract debts to repel invasion, suppress insurrec-tion, or, if hostilities are threatened, provide for the public defense. SEC 50. No Act of the General Assembly shall authorize any debt to be contracted on behalf of the Commonwealth except for the purposes mentioned in Section forty-nine unless provision be made therein to levy and collect an annual tax sufficient to pay the interest stipulated, and to discharge the debt within thirty years; nor shall such Act take effect until it shall have been submitted to the people at a general election and shall have received a majority of all the votes cast for and against it: *Provided*, The General Assembly may contract debts by borrowing money to pay any part of the debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon. *Chies Tourse Ele* —Cities towns counties taying districts and other

submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon. *Olites, Towns, Ele.*—Cities, towns, counties, taxing districts and other municipalities are limited by Scotions 157 and 158 of the Constitution. Section 157 provides that no debt of any kind may be created to an amount exceeding in any year the income and revenue provided for such year *unless* authorized by a two-thirds vote of those voting at an election held for the purpose. In Section 158 we find the follow-ing limits to the debt-making power of municipalities. Cities having over 15,000 population, 10 per cent of the taxable property: cities and towns of 3,000 or more inhabitants but less than 15,000, 5 per cent; cities and towns of less than 3,000 population, 3 per cent; coun-ties, taxing districts and other municipalities, 2 per cent. Some ex-ceptions are made to these limits. For instance, indebtedness may be contracted in excess of the limit when same has been authorized under laws in force prior to the adoption of the Constitution (Sept. 28, 1891) or when necessary for the completion of a public improvement under-taken but not finished at the time of the adoption of the Constitution. A further exception is made in the case of such places as had exceeded the prescribed limit at the time the Constitution went into effect. In such instances permission is given to further increase debtin an amount not exceeding 2 per cent in the case of cities and towns and not ex-ceeding 1 per cent in the case of counties, taxing districts or other municipalities—"until the aggregate of its indebtedness shall have been reduced below the limit therein fixed, and thereafter it shall not exceed the limit, unless in case of emergency, the public health or safety should so require. Nothing herein shall prevent the issue of rerewal bonds or bonds to fund the floating indebtedness of any city, town, county, taxing district or other municipality." town, county, taxing district or other municipality.

NASHVILLE.- {T. O. MORRIS, Mayor. H. S. BAUMAN, City Recorder. LAKE COUNTY LEVEE DISTRICT.-Nashville is the capital of the State and the county seat of Davidson County. At an election on Aug. 8, 1901, it was decided to subscribe for \$1,000,000 stock of the Nashville & Clarksville RR. (now Tennessee Central RR) One-half of the bonds to be issued for this purpose were to be turned over when the road had been built to a certain point and the remaining \$500,000 when road was finally completed and in operation. Judge Clark, of the U.S. District Court, on June 12, 1903, granted an injunction temporarily restraining the city officials from issuing the above-mentioned \$1,000,000 bonds. The question hinges upon whether or not illegal votes were cast at the election sufficient in number to have changed the result. (See V. 76, p. 1419.) The Legislature of 1903, it is proper to add, passed an Act (Chapter 28) ratifying the action of the city looking to the issuance of these bonds. but the plaintiff's attorneys do not regard the Act as legal. The case was still in the courts at the time of going to press. See V. 81, p. 739, for status of litigation. County. JUDGE HARRIS, President Levee Comm'rs. P. O. Address Tiptonville.

The Flippin bonds earry tax-receivable coupons. going.

FREEDOM FROM TAXATION.—Bonds are free from local tax.

TOTAL DEBT, ETC.—The city's general bonded debt on May 1, 1905, was \$2,980,000; sinking fund, \$173,673; net debt, \$2,806,327. In addition there was outstanding on the same date \$1,450,000 water bonds, \$60,000 market house and \$250,000 park bonds. An annual tax of \$100 per \$1,000 is levied for the retirement of the bonds. A tax sufficient to meet the interest is also required by law. The funding act of 1893 provides that every part thereof shall be considered a contract between the State, the Taxing District and the bondholders, and no part material to the rights of the bondholders shall be modified while the bonds remain outstanding. The city sets aside \$26,000 a year to its sinking fund. aside \$26,000 a year to its sinking fund.

## State of North Carolina.

DEBT, RESOURCES, ETC.

Admitted as a State One of Original Thir	teen
Total area of State (square miles) 52	,250
State Capital Rale	eigh
Governor (term expires Jan., 1909) Robert B. Gl	lenn
Secretary of State (term exp. Jan., 1909) - J. B. Gri	mes
Treasurer (term expires Jan., 1909) B. R. La	icey

Legislature meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time pres-cribed for the exchange having been extended to January 1, 1905. These laws provided for the issue of (1) consolidated 4 p. c. bonds due in 1910 to fund old ante-war bonds at 40 per cent of face value, "New" railroad bonds recognized as valid at 25 per cent, and bonds of 1866 and 1868 at 15 per cent, nothing being given for overdue coupons; and (2) for new consolidated 6 per cent bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The new bonds, both 4s and 6s, carry tax-receivable coupons, and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." The 4s of 1903 are also exempt from taxation. Incompliance with a decision of the United States Supreme Court handed down Feo. 1, 1904, North Carolina on April 1, 1905, paid to the State of South Dakota \$27,400 representing the judgment ob-tained by the latter State on \$10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina Railroad Co, and the hold-crs of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1382; and also

funded bonds, issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment. An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880, forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds \$11,366,000; bonds to Chatham RR, 1868, \$1,030,000, and to Williamston & Tarboro RR., \$150,000; Penitentiary bonds of 1868 \$44,000, "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a major-ity of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in 3 classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April, 1870. Holders of the special tax bonds brought suit to establish the validity of their bonds and the case was decided in favor of the State. The recognized debt which had been adjusted up to May, 1905, stood as follows:

Interest paid from carnings of State Prison.
PAR VALUE OF BONDS.—The consolidated 4s are \$50, \$100, \$500 and \$1,000; the consolidated 6s \$1,000 each. The prison bonds are for \$500 and \$1,000 each. The bonds of 1903 are for \$500 and \$1,000 each.

INTEREST on the consolidated 4s and 6s and South Dakota judg-ment and Schafer bonds is payable in New York at the National Park Bank and in Raleigh.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 23 of the cash value; in 1903, however, the attempt was to assess at true value, which accounts for the large increases in that year.

Years.	Rcat Estate.	Personal.	Railroads. etc.	Total.

WILKES COUNTY.—O. F. BLEVINS. Clerk Wilkesboro is the county seat. The county refused to pay the interest on the bonds given below on the grounds that the railroad company had not complied with its contract. The case was taken to the courts and after lengthy litigation the U.S. Circuit Court of Ap-peals early in 1902 gave an opinion in favor of the bonds. On May 18, 1903, the United States Supreme Court also decided the case in favor of the validity of the bonds. See V. 76, p. 1313.

Legislature meets annually on the second Tuesday in January; sessions are not limited, but pay of members is confined to forty days.

BIENNIAL SESSIONS. The Legislature of 1904 passed a joint resolution to submit to a vote a Constitutional amendment providing for biennial sessions of the State Legislature, instead of annual, as is the case at present. Proposition carried, but was not ratified at session of 1905.

HISTORY OF DEBT.--For history of South Carolina's debt from 1794 to 1893 see the STATE AND CITY SUPLEMENT of April, 1893, pages 163 and 164. The United States held \$125,000 principal and \$123,750 over-due interest on bonds issued in 1856 to complete the state H 140 fa M arch, 1913, they were successful over to the State part settlement of claims of South Carolina against United States growing out of the war of 1812. The bonds have been canceled. The State also received in settlement \$89,137 86 in cash. On Dec. 19, 1904, the Supreme Court of the United States affirmed the declaion of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2, 1872, \$1,800,000 of this scrip was issued, and since the year of its issue its v alidity has constantly been before the courts. By this decision the State is forever relieved of the Hability to redeem the \$1,800,000 of scrip outs' anding V 80, p.725 The State debt on January 1, 1905, consisted of the following items:

1880. 76,583,666	36,574,858	7,392,900	120,551,624	4.75

STATE PROPERTY.—The State owns valuable deposits of phos-phates, but its revenue from the mining of them, after increasing from \$196,695 in 1836 to \$237,149 in 1890, fell to \$23,460 in 1900. This is the result of a reduction in royalties from \$1.05 per ton in 1886 to 25 cents per ton in 1900. The revenue from this source in 1904 was about \$12,077 75.

DEBT LIMITATION-*state.*—The State Constitution of 1895 im-poses several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows:

stated as follows: Section 7 provides that no serip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebte iness previously issued, or for such debts as are expressly authorized by this Constitution. Section 11 forbids the General Assembly to create any further debt or obligation either by the loan of the credit of the State, by guaranty, endorse ment, or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified votors of the State at a general State election. Two-thirds vote necessary to authorize. authorize

authorize. COUNTIES, CITIES, ETC.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Sec. 7 of Article VIII, and Sec. 5 of Article X of the State Constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-di-vision of the State shall never exceed 8 p. c. of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund should be established to redeem bonds at maturity. Under an amendment authorized by vote in 1900, and ratified by the Assembly in 1901, the 8 p c. limit does not apply to the bonded debt incurred by the cities of Columbia, Rock Hill, Charleston and Florence, where the proceeds of said bonds are ap-plied solely for the purchase, establishment, maintenance, or increase, of water-works plant and sewerage system; nor does the limit apply to the City of Georgetown, where the proceeds of the sale of bonds are ap-plied solely to the purchase, establishment, maintenance, or increase of water-works plant, sewerage system; nor gas and electric light, plants. A provision is made in Section 5 of Article X, that "whereare there plants.

plants. A provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations, cover-ing or extending over the territory or portions thereof, possessing a power to levy a tax or contract a dobt, then each of such political di-visions or municipal corporations shall so exercise its power to in-crease its debt under the foregoing 8 p. c limitation that the aggregate debt over and upon any territory of this State shall never exceed 15 per centum of the value of all taxable property in such territory as valued for taxation by the State. Provided, that nothing herein shall prevent the issue of bonds for the purpose of paying or ration ing any valid municipal debt heretofore contracted in excess of 8 per centum of the assessed value of all the taxable property therein." centum of the assessed value of all the taxable property therein."

PAR VALUE OF BONDS.—The 4 p. c. bonds are for \$100, \$500 and \$1,000, the  $4\frac{1}{28}$  for \$500 and the 5s for \$500 each.

INTEREST.-Interest is payable at Charleston City Treasury; coupons are all tax-receivable.

DEBT LIMITATION.—Under the present constitution the debt cannot be increased, the limitation being 8 her cent of the assessed valuation. For the purpose of water supply and sewerage only, the city can issue bonds when authorized by a two-thirds vote of City Council, accepted and confirmed by a two-thirds vote of the qualified electors at a popular election.

ASSESSED VALUATION. —The city's assessed valuation (about 50 per cent of cash value) and tax rate have been as follows:

#### COLUMBIA. - T. H. GIBBES, Mayor.

Columbia is the capital of the State and the county seat of Richland County. In 1880 the city funded the entire amount of its debt (prin-cipal and overdue interest) into the first issue of bonds below de-scribed. The canal bonds montioned below have been assumed by a water-power company, but interest is guaranteed by the city.

PAR VALUE OF BONDS is \$100, \$500 and \$1,000.

INTEREST.—The funded debt bonds bore 2 per cent interest till July 1, 1891, 3 per cent till July 1, 1900, and now bear 4 per cent. This interest is payable at the City Treasury. The coupons are tax. receivable except for water rents.

### GREENVILLE.- {G. H. MAHON, Mayor W B. McDANIEL, City Clerk & Tr.

#### This city is the county seat of Greenville County.

TAX FREE.-All bonds of this city are exempt from city tax.

INTEREST on the \$20,000 school district bonds is payable at Fourth National Bank, New York City.

#### GREENVILLECO.-W. P. HICKS, Co. Auditor. County seat is Greenville.

## State of Georgia.

DEBT, RESOURCES, ETC.

Admitted as a State Jan. 2, 1788. One of the Original Thirteen Total area of State (square miles) - - -59.475 State Capital -State Capital - - - - - - Atlanta Governor (term expires \*June 1907) - - Joseph M. Terrell Atlanta Secretary of State (term expires \*June 1907) - - Philip Cook Treasurer (term expires \*June 1907) - - R. E. Park Comptroller (term expires \*June 1907) - William A. Wright

Legislature, under Act of 1902, meets annually on Fourth Wednesday in June.

\*Section 49 of the Code says: "The Governor-elect shall begin the dis-charge of his duties from the time of his inauguration. The coremony of inauguration shall take place during the first week of the session of the General Assembly next after the election, and on such day of that week as the General Assembly by joint resolution appoints. On failure of appointment, it takes place at 12 o'clock, meridian, on Saturday of that week, unless prevented by providential causes." Article V., section 2, paragraph 1 of the Constitution says that the Secretary of State, Comp-troller-General and Treasurer shall "hold their offices for the same time as the Governor."

HISTORY OF DEBT.—The details of Georgia's early history in debt-making will be found in the STATE AND CITY SUPPLEMEN for April, 1893, pages 165 and 166. The debt of the State i now being steadily reduced, \$100,000 being devoted each year to that purpose. Moreover the State Constitution adopted in December, 1877, provides against the creation of any bonded debt "except to repel invasion, suppress insurrection, or defend the State in time of war," \$200,000 being made the limit for floating in-debtedness which may be temporarily incurred in case of deficiency in the revenues. the revenues

State University bonds fall due as follows: \$3,000 July, 1932; \$61,-000 April, 1933; \$1,000 May, 1933; \$96,000 April, 1934; \$86,000 June, 1935; \$6,000 July, 1935; \$1,000 January, 1936; \$1,000 April, 1936; \$15,000 February, 1939; \$3,000 October, 1940; \$2,500 July, 1942, and \$7,000 in July, 1946.

PAR VALUE OF BONDS.-Bonds are in pieces of \$500 and upwards. INTEREST on the university bonds is payable at the State Treasury in Atlanta, and all others at Atlanta, Ga., and at the National Park Bank, New York City.

Bank, New York City. BonDS TAX FREE.—The State Attorney General in 1903 gave an opinion that State bonds are not subject to taxation. V. 76, p. 667. BONDED DEBT.—The valid bonded debt of the State of Georgia on Dec. 31, 1904, was \$7,435,000, of which \$7,431,500 was interest-bearing and \$3,500 was past due and non-interest bearing. In addition to the above the State pays the University trustees 7 per cent interest annually on \$90,202 of Land Scrip Fund not funded. Cash on hand Dec. 31, 1904, \$1,013,712 75. STATE PROPERTY.—The State owns the Western & Atlantic RR., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 29 years from December 27, 1890, to the Nashville Chatta-nooga & St. Louis RR. Company at a rental of \$420,012 per annum. It also holds 186 shares of the Georgia RR. & Bk'g Co. and 440 shares of the Southern & Atlantic Tolegraph Co. CONSTITUTIONAL AMENDMENTS.—Several amendments to the State Constitution were adopted at election held Oct. 5, 1904. One of these limits State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, etc. See V. 79, p. 746. DEBT LIMITATION.—"The bonded debt of the State shall never be

of these limits State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, etc. See V. 79, p. 746. DEBT LIMITATION.—"The bonded debt of the State shall nover be increased except to repel invasion, suppress insurrection or defend the State in time of war." (Constitution of 1877, Art. VII, Sec. 12, Par. 1. COUNTIES, CITIES, &c.-The State Constitution of 1877, Article VII, Section VII, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows: "The debt hereafter incurred by any county, municipal incorporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable prop-erty therein, and no such county, municipalities or division, shall ineur any new debt, except for a temporary loan or loans to supply easual deficiencies of revonue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof, at an election for that purpose to be held as may be prescribed by law; but any eity the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this Constitution may be authorized by law to increase, at any time, the amount of said debt, three per centum upon such assessed valuation." Paragraph 2 of the same article and section is as follows: Paragraph 2, County and city bonds, how paid. Any county, municipal corporation or political division of this State which shall incur any bonded indebted-ness under the provisions of this Constitution, shall, at or before the time of so doing, provide for the assessment and collection of an annual tax, sufficient in amount to pay the principal and interest of said debt, within thirty years from the date of the lneurring of said indebtedness."

MUNICIPAL BOND ISSUES.--In December, 1897, a very im-portant law governing issues of bonds by countles, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given, the bonds thereafter can never be called in question. See CHRONICLE of Jan.15,'98.

PAR VALUE OF BONDS.-The bonds of this city are in pieces of \$100, \$500 and \$1,000 each.

TAX FREE.—All of the city's bonds are exempt from city tax.

OPTIONAL .- None of the bonds are payable before maturity. INTEREST is payable in Augusta, and all coupons are tax-receivable. TOTAL DEBT, Erc.—The city on Jau. 1, 1905, had a bonded debt of \$1,742,900 and a floating debt of \$127,996. The following statement shows Augusta's total bonded debt (including the water debt) on the first of January of each of the years mentioned.

Years.	Bonded debt.	Years	Bonded debt.	Years.	Bonded debt.	
1905:	\$1,742,900	1899	\$1,749,800	1892	. \$1,751.300	
1904	1,743,300	1898	1,750,800	1891	1,748,800

DEDT	LIMITATION	The Co	natitution of	the State	of Cloomedo	

1900...... 1,749,800 | 1893...... 1,750,800 | 1872...... 1,383,750 DEBT LIMITATION.—The Constitution of the State of Georgia adopted in 1877, limits municipal indebtedness in this State to 7 por cent on the amount of taxable property. Augusta's debt at that time was in excess of that limitation and still is. Therefore under no cir-cumstances can the debt of the city be increased. No bonds can be lawfully issued except for the purpose of retiring old issues as they fall due. No obligation of this city has ever been repudlated or scaled. CITY PROPERTY.—The city owns its water works, valued in 1905 at \$1,000,000, the Augusta Canal, valued at \$2,000,000, and \$300,000 in other good real estate within city limits. The net annual in-come from water rents (canal and water works) was reported in 1904 as \$99,825 99 and increases yearly from new industries and new extensions of water mains. This income more than meets the interest (\$83,762 75 in 1904) on the bonded debt. The city receives \$15,600 yearly for certain railway franchises, which will be increased by op-eration of the new State franchise tax law. The city also receives \$12,000 per annum from corporations for use of certain streets. ASSESED VALUATION.—The city's assessed valuation and tax

ASSESSED VALUATION.—The city's assessed valuation and tax rate have been as given below. In 1897 the assessed valuation of all real estate was reduced 10 per cont and in 1899 and in 1900 5 per cent was deducted. Assessment is said to be about 80 p. c. of actual value.

	Real	Personal	Total Assessed	Oity tax.
Years.	Estate.	Property.	Valuation.	per \$1000
1905	\$13,975,546	\$6,362,527	\$20,338,073	\$12.50
1904	13,852,350	6,089,934	19,942,284	12.50
1903	13,658,125	5,902,078	19,560,203	12.50
1902	13,537,680	6,127,060	19,664,740	12.50
1901	13,409,383	5,958,239	19,367,622	12.50
1900	13,063,301	5,498,375	18,561,676	12.50

COLUMBUS.— {L. H. CHAPPELL, Mayor. M. M. MOORE, City Clerk. County seat of Muscogce Co. Incorporated 1828. An Issue of \$250,000 4% 25-year bonds was voted Dec. 4, 1902, to build a new water plant; but the issuance of these bonds has been delayed by hitgation. Sev-eral suits have been instituted chellenging the right of the site to the eral suits have been instituted challenging the right of the oity to build the water works. The first of these raised a point as to the validity of the bonds and involved the question as to whether interest which has not yet become due should be considered in figuring the debt limit The State Supreme Court on Mar. 12, 1903, held that unaccrued interest is not part of the debt; V. 76, p. 667. Another suit was brought, this time in the United States Circuit Court by the Mercantilo Trust & Deposit Co. of Baltimore (trustee for the bondholders of the Columbus Water Works Co.), to prevent the issuance of the above-mentioned water bonds. On April 22, 1905, Judge Newman of the United States Circuit Court dismissed this suit for want of jurisdic-lon. An appeal was taken to the Supreme Court of the United States, but the case had not been heard up to Nov. 1, 1905. See V. 77, p. 311 and 262; V. 79, p. 2163 and 2599; V. 80, p. 1985. LOANS When Due. ANNISTON,-Anniston is in Calhoun County. Oxanna

has recently been annexed. An adjustment of this eity's debt was effected in 1900, new 20-year bonds being issued in exchange for old bonds. The new bonds bear 2% interest for the first five years, 3% for the next five years, 5% for the third five years and 6% for the remaining five years. Bouds are tax exempt. \$306,400 of the new bonds have been exchanged for the same amount of old ones. The remainder outstanding, \$36,578 will not be exchanged, but interest will be paid at same rate as on the new bonds.

PAR VALUE OF BONDS—The funding bonds and the 5 per ceut paving bonds are for \$500 cach, water and sewer bonds for \$1,000 each. INTEREST on funding bonds is payable in New York City at the Mercantile National Bank; in Mobile at the First National Bank; ou-the water and sewer bonds and the improvement bonds at the Amer-ican Exchange National Bank, New York, and First National Bank, Mobile. The funding bonds carried 4 per cent interest to Jan. 1, 1901, and 5 per cent since that date. TOTAL BONDED DEBT May 1, 1905. \$3,447,000, including the water and the improvement bonds. Of the funding bonds of 1881 about \$250,000 are endorsed with the statement that they represent the pur-chase money for certain wharf property and are secured by a vendor's lien on said property. Of the original issue, about \$200,000 are our-standing, the balance having been drawn under the provisions of the Act, from the proceeds arising from the rent of said wharves. An Act of the Legislature requires the city to levy a tax of \$4 of one per cent on its valuation to provide for the payment of principal and interest of the bonds of 1881. After the payment of interest the sur-plus remaining from this tax is applied to the redemption of the bonds, after drawing by lot, at par, bonds so redeemed being canceled. ASSESSED VALUATION for 1904 of real estate and personal property was \$10,303,555, of personal property, \$4,252,872; total, \$14,556,427. The total tax rate (per \$1,000) for 1904 was \$25:00, including State tax \$2:50, county tax \$4:50, city tax \$13:50, city school tax \$3:00, county school tax \$1:00 and veterant tax \$1:00. Property is assessed at less than 25% actual value. POPULATION—The population in 1905 (est.) was 65,000; in 1900 (Census) it was 38,469; in 1890 it was 31,076; in 1880 was 29,132; in 1870 was 32,034.

TALLADEGAW.	C. McMillan, City Clerk.
Talladega is the county seat of	Talladega County

INTEREST is payable at Nat. Park Bank New York City.

TROY.-JOHN GAMBLE, Clerk and Treasurer.

County seat of Pike County. Incorporated Feb. 4, 1843. The city (Dec. 1, 1902) was in default in the payment of interest to the amount of \$24,200, owing to insulficient revenues. The Constitution of 1901 authorizes (subject to vote of citizens) an additional ½ of 1 per cent to be used exclusively in paying interest on bonded debt. This provision, however, is not sufficient to pay the interest. WATER BONDS-6s, M&S, \$50,000 .... Mar. 1, 1924 Bunded dobt Dec. 1, '04. \$131,300 20,720

State of Mississippi.

#### DEBT, RESOURCES, ETC.

Organized as a Territory (Act Apr. 7 1798) -\*Apr. 7, 1798 Admitted as a State (Act March 1 1817) -Dec. 10, 1817 Total area of State (square miles) 46,810 State Capital Jackson Governor (term exp. January 1908) - - J. K. Vardaman Secretary of State (term exp. January 1908) - J. W. Power Treasurer (term expires January 1908) - - W. J. Miller

Legislature meets quadrennially in leap years the Tuesday after the first Monday in January, with a special session the second year following the leap year. Regular or quadrennial sessions are not limited, but special sessions are limited to 30 days, unless the Governor by proclamation shall extend the sitting, and only revenue and appropriation bills can be considered, "except such other matters as may be acted upon at an extraordinary session called by the Governor."

"This is the date of the organization of the old Mississippi Territory, which was divided up into two parts when the State was created. HISTORY OF DEBT .- For history of the State debt of Mississippi

is payable at office of State Treasurer.

TOTAL DEBT.—Mississippi's indebtedness on October 1, 1905 (including \$2,318,120 of debt for school funds, &c., on which interest alone has to be paid), was \$3,434,120, and of this amount a large pro-portion was held by various State funds. The floating debt (warrants and certificates of indebtedness) on the same day was \$10,430, the total debt Oct. 1, 1905, being \$3,445,000. The Constitution of the State interdicts the payment of the so-called "Union Bank" and "Planters' Bank" bonds.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows. The valuation of railroads, telegraphs, etc. (not included below), for 1903 was \$34,989,279; for 1902 was \$30,622,121; for 1901 was \$28,295,228; for 1900 was \$27,049,788; for 1899 it was \$26,337,353; for 1898 it was \$25,224,507 and for 1897 it was \$24,682,876.

INTEREST payable at U. S. Mortgage & Trust Co., New York.

NEWORLEANS. MARTIN BEHRMAN, Mavor. New Orleans is co-extensive with the parish of Orleans. It was in-eorporated July 1, 1852. An amendment to the Louisiana Constitution authorizing the eity to refund its debt at a lower rate of interest was adopted in 1892, and the city has issued 4 per cent 50-year bonds to the amount of \$10,000,000, thus enabling it to pay all its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louisiana Constitution, in effect May 12, 1898, confirmed these arrangements. On June 6, 1899, the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 millions bonds. As this required an amendment to the State Constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and the bonds were awarded in Dec., 1900. These bonds, however, were not issued in a lump sum, but are being put out as the improvement progresses. Up to 'Jan. 1, 1905, \$3,900,000 had been issued. In March, 1903, the validity of this Act was tested in the Civil District Court and affirmed; V. 76, p. 770. The case was taken to the State supreme Court and the validity of the Act was again upheld. V. 76, p. 989. LOANS- When Due. PREMIUM BONDS, 1875-

LOANS- When Due. CONSTITUTIONAL BONDS-4s,J&J, \$10,000,000 c&r.July 1,'42 FLOATING DEBT BONDS.-4s, A&O, \$233,000...Oet. 1, 1948 GOLD BONDS, D. S. & G. S.-7s, J&J, \$117,000....July 1, 1922 INTER & Sewer See above. 4s, J&J, \$3,900,000. July 1, 1950 Subject to call July 1, 1942.

INTEREST is payable at City Hall by Board of Liquidation City Debt and in New York City by Winslow, Lauier & Co. TOTAL DEBT.—The subjoined statement shows New Orleans's debt on the dates named.

In addition to the above there was a judgment debt on Jan. 1, 1905, of \$1.025 52. PREMIUM BONDS.—The premium bonds (\$20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15, 1875. They also get a premium if they happen to draw a prize, 2,352 prizes aggregating \$100,000 being distributed yearly among the drawn bonds. From 1892 to 1895 inclu-sive 21,000 bonds (par value \$420,000) were paid each year, in two instalments of 10,500 bonds each, on January 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually— 20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place January 31 and April 15 next preceding. The drawings to determine the bonds payable January 15 take place July 31 and October 15. The drawings to determine which bonds shall receive prizes (ranging from \$20 to \$5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.

Legislature meets biennially in old years on the 2d Monday

in January, and sessions are limited to 60 days, unless by a two-thirds vote of the members a longer time is decided on.

two-thirds vote of the members a longer time is decided on. HISTORY OF DEBT.—For history of the Arkansas State debt see STATE AND CITY SUPPLEMENT of April, 1894, page 173. By Act of Congress approved April 29, 1898, a compromise was effected between the United States and the State. In accordance with the terms of this settlement the United States authorities on May 27, 1898, delivered to the State Arkansas bonds and coupons amounting to \$1, 505, 160, and earrying besides a large sum of overdue interest. This operation wiped out the entire debt of the United States against the State except \$160,000, which has since been paid. REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3 per cent 30-year bonds, denomina-tions \$500 and \$1,000, except \$15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to \$24,300, which have not been presented for refunding. All valid 6 per cent funding bonds were ealled for payment Dee. 1, 1901, those not presented up to that time being now null and void. The total amount of bonds outstanding October 1, 1905, was \$1,256,000, of which \$1,128,500 are held by the State's School Fund; \$115,000 by the permanent endowment fund of the University of Arkansas and \$12,500 by individual parties. TOTAL DEBT, ETC.—The bonded debt on Oct. 1, 1905, eonsisted only of refunding bonds (referred to above) as follows: Interest. When payable. Maturity. Amount. Refunding bonds..... 3 Sept. 1929 \$1,256,000 DEBT NOT RECOGNIZED, HOLFORDS, ETC.—A summary of

MUNICIÓN	AND COUNT	TV DOND LA	M -A State law	onnroved

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the boud is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the STATE AND CITY SUPPLEMENT of April, 1905 Page 175 1895, page 178.

Where the fact is known to us we have marked with a star (\*) in the returns below the issues put out prior to the enactment of the above law.

A law went into effect Aug. 26, 1899, compelling counties and incor-porated towns and cities to submit propositions for the issuance of bonds [all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city;" also excepting bond issues for less than \$2,000, when "issued for the purpose of repairing buildings or structures, for the building of which bonds are allowed to be issued,"] to a vote of the qualified tax payors before the issue can

be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 569.

CONSTITUTIONAL AMENDMENTS.—Three amendments to the State Constitution were adopted at the November, 1904, election. One of these amendments permits legislation in aid of internal improve-ments, another relates to the payment of pensions to Confederate soldiers, while a third amends Section 16 of Art. 16 of the State Constitution relating to the incorporation of State Banks. The internal improvement amendment was given in full on pages 641 and 642 of the CHRONICLE of Aug. 6, 1904.

# CITIES, COUNTIES AND TOWNS

IN THE

# STATE OF TEXAS.

NOTE. -- For statements not given in alphabetical order, see "Additional Statements" at the end of this State.

AUSTIN.— {W. S. SHELLEY, Mayor. JOHN O. JOHNSON, City Clerk. This is the capital of the State and is the county seat of Travis County. Incorporated Dec. 27, 1839. The January, 1900, interest on the water and light bonds was not paid when due—see CHEONICLE, V. 70, p. 46. On June 4 the City Council, however, authorized an appropriation for the payment of overdue interest for the quarters ending January 1 and April 1, 1900 (see V. 71, p. 45), but since that date no interest has been paid on these bonds, the city having arranged to issue new bonds for the same as below.

these bonds, the city having arranged to issue new bonds for the same as below. The Austin dam, water-works, electric light and power houses, for the building of which the water and light bonds were issued, were destroyed by the disastrous floods that visited Texas in April, 1900. V. 70, p. 755. An adjustment of this debt on the basis of \$1,492,000 new bonds bearing 3% for 5 years, 4% for the next 10 years and 5% for the final 15 years has been reached between the eity and the bondholders' committee. For details see V. 73, p. 459. Up to Apr. 1905, \$1,283,500 had been refunded, being por-tions of all issues. Some of the holders of the old issues who refused to agree to the adjustment brought suit to compel payment of interest on their bonds, and Mar. 5, 1902, were accorded a decision in their favor. V. 74, p. 590. A movement is on foot to lease the water, light and power plant. See V. 79, pp. 502 and 519. LOANS— When Due. | REFUNDING BONDS—

LOANS- When Due. WATER AND LIGHT GOLD (1890)-5 g., Q.-J., \$320,000\*.July 1,'30 Subject to call after June 30, 1910. PAR VALUE OF BONDS.-Most of the bonds are \$1,000 each.

INTEREST on water and light bonds is payable at the Nat. City Bank, New York City. Interest on other bonds in New York and Austin. TOTAL BONDED DEBT Apr., 1905, was \$1,617,000. The ing fund in Apr., 1905, was \$45,000 and the net debt, \$1,572,000. The sink-
