You Wouldn't Start a Horse-Car Line

in this age of electric cars? Not if you wanted to make money out of the business of transportation.

Then why should you start a manual telephone exchange in this age of automatics, if you want to make money out of the telephone business?

The automatic system of telephony bears the same relation to the manual system that the electric car does to the horse car. It is the apotheosis of telephone development, as the electric car is of transportation development.

The automatic telephone system produces the best service more economically than indifferent service can be produced with manual equipment.

There is no more question as to the relative popularity of the automatic and manual telephone service where the two kinds are in competition than there is as to the relative popularity of the trolley car and the horse car.

And, as for the securities—the same comparison may be applied with the same results.

Our Automatic system has been adopted in the following cities:

ONE PIECE OF PAPER GOOD THE WORLD OVER

Are You a Money Order Bank ?

The standard, uniform Money Order of the Bankers' Money Order Association is now a familiar feature of American banking. This is the only system at the service of banks absolutely *Free of Charge*. Orders can be issued payable at any point in the United States, Canada, Mexico, Cuba, Europe, Asia, North Africa and Australia. The most flexible medium of exchange in use. All charges you make to the public are *your own profit*.

SEABOARD AIR LINE RAILWAY

EXTENSION OF THREE-YEAR FIVE PER CENT BONDS

NEW YORK, February 7, 1907.

NOTICE

This Company has made an arrangement with The Continental Trust Company of Baltimore, Maryland, to extend the issue of its Mortgage and Collateral Trust Five Per Cent Three-Year Gold Coupon Bonds issued under its Mortgage and Collateral Trust Agreement dated March 1, 1904, to and with The Continental Trust Company of the City of New York (now the New York Trust Company) and Willard V. King, maturing March 1, 1907.

According to the terms of this arrangement, the Railway Company is to extend the bonds from March 1, 1907, to May 1, 1911, with interest at the rate of five per cent per annum, payable semi-annually on the first days of September and March in each year (except that the final instalment shall be interest for two months, payable May 1, 1911), at the office of The New York Trust Company, the lien of said Mortgage and Collateral Trust Agreement dated March 1, 1904, now securing the said bonds to continue unimpaired.

The right to extend as above has been reserved to such of the present holders as shall deposit their bonds for that purpose with The Continental Trust Company, Baltimore, Maryland, on or before March 1, 1907. At the time of such deposit they shall also receive a compensation in cash of \$20 for each bond.

The interest due March 1, 1907, on the said bonds will be cashed at the time of the deposit of the bonds for extension, upon surrender to The Continental Trust Company of Baltimore, Maryland, of the coupons due March 1, 1907.

SEABOARD AIR LINE RAILWAY

By ALFRED WALTER,
PRESIDENT.

BALTIMORE, February 7, 1907.

Referring to the above notice, we are prepared to receive at our office on and after February 11, 1907, any of the above-mentioned bonds of the Seaboard Air Line Railway for extension, and to make the cash payment of twenty dollars (\$20) on each bond, and also the interest due March 1, 1907, as above indicated. The holders of such bonds desiring such extension should deposit the same promptly at our office, Baltimore, in order that the extension agreement and coupons for interest accruing thereunder may be attached thereto. Depositing holders will receive receipts, exchangeable for extended bonds as soon as the extension contract and coupons can be attached thereto. The right to extend such bonds will terminate on March 1, 1907, and after that date no bonds will be extended. All bonds not so extended will be purchased by the undersigned at par on March 1, 1907. Bonds not extended will not draw interest after March 1, 1907.

The New York Trust Company, New York, and E. H. Rollins & Sons, Boston, are authorized to accept deposit of the bonds.

Officially reported by Auditor of Company

Gross earnings.....	\$132,687.09
Operating expenses (including taxes).....	71,696.79
Net earnings (increase 57.22% over 1905).....	\$60,990.30

Balance.....	\$35,984.75

Since the new management took charge of the property on July 1, 1906, the output of gas increased from that time up to Jan. 1, 1907, 60% over the same period in 1905. On this basis the output for 1907 will be at the lowest calculation 125,000,000 cubic feet.

CAPITALIZATION.

Capital stock, authorized and issued.....	\$1,000,000
Total bonds outstanding.....	1,000,000

Of the above \$1,000,000 bonds, less than \$400,000 were outstanding from Jan. 1st to June 1st, 1906, the balance having been issued since the latter date in connection with new holder, benches and extensions of street mains.

The Tacoma Gas Light Company owns the entire gas-lighting business of the City of Tacoma. The franchise of the company is liberal and runs for a period of fifty years.

The Company's plant has been thoroughly examined by expert gas engineers whose report is on file at our offices.

Since the taking of the U.S. Census in 1900 the population of Tacoma has more than doubled. It is estimated that the city will have 100,000 people within its corporate limits before the close of another year. It handles more freight than any other city in the Pacific Northwest and with its superior harbor facilities is becoming the objective point of several trans-continental lines now under construction.

Legality of bond and mortgage approved by Messrs. Storey, Thorndike, Palmer & Thayer, Attorneys-at-Law, Boston.

We recommend Tacoma Gas Light Co. bonds as a safe investment and predict for them an early advance over the present issue price of 97½ (and interest).

Gas bonds are popular with investors for the reason that the record of this class of securities is exceptionally clear.

TRUST COMPANY REPORTS—NEW YORK,
BOSTON, PHILADELPHIA AND ST. LOUIS.

We give up to-day thirteen pages of our space to the comparative returns of the trust companies of New York, Brooklyn, Boston, Philadelphia and St. Louis. They will be found on pages 307 to 319.

THE FINANCIAL SITUATION.

According to the daily newspapers, something of a hitch has occurred in carrying out and perfecting the settlement of the difficulty between the Japanese and California announced to have been agreed upon at the meeting held last week Wednesday of the Congressional Representatives from California and the President with two of his Secretaries. Indeed, so far, according to rumor, have the parties drifted from the proposed arrangement, that a war between Japan and the United States has the current week been declared imminent, though both of the named belligerents have announced again and again that the rumor was baseless and silly, and that a full accord along the lines we announced last week was in sight. A long-distance view of this whole affair taken by an observer situated at this centre brings the subject of dispute down to trivial proportions; and if no one else and no other interests except California and Californians were involved, we should say that the best treatment the case could receive would be to let them stew in their own grease. We are far from wishing any harm to the good people on the Pacific shore; we only seek to enforce the fact that their interests are so wrapped up in the development of kindly relations with the East and its people that no teaching in the present dilemma could be so effective as to force the State and its inhabitants to endure without mitigation or relief the ills they are bringing upon themselves and are sure to be the chief sufferers from.

This agitation against the Japanese has led Mr. Thomas L. James, President of the Lincoln National Bank and formerly Postmaster-General of the United States, to recall, in an article published in the February "North American Review," some interesting incidents connected with a previous crusade, fifty years ago, against a sudden special enlargement of our immigration from Europe. The initiation of this movement was the famine in Ireland and the sending of shiploads of food from America to its starving peasantry, followed by a great inflow of the Irish to our shores. Once here they spread all over the land and supplanted native labor in excavating work in country and city, building railroads, opening ditches and trenches in streets, &c. These people were distinctly foreign, and largely spoke a language or dialect as unintelligible to Americans as the Italians speak to-day. They were of influence in politics as well as in the field of labor, and for both these reasons their coming was looked upon unfavorably and as a source of danger to the future of the United States. "This hostility became so wide-spread that in Massachusetts even convents were searched to discover the hiding place of some unhappy Irishmen. . . . In Pennsylvania opponents of the foreigners displayed their enmity to such an extent that riots and bloodshed occurred. In New York City this opposition resulted in the now traditional Astor Place riots, even threatening the life of the renowned English actor, Macready." At length the same spirit developed into a

distinct political organization, the "Know Nothing" party, the agitation reaching its culmination in 1856 in the nomination of Millard Fillmore for President and Andrew J. Donaldson for Vice-President, dropping the "Know Nothing" name and re-baptizing the party by calling itself the American party, with a platform summed up in the expression "Put none but Americans on guard."

There are many features of this "Know Nothing" episode which are on all fours with the California and Japanese involvement. We need not, though, dwell upon those matters to-day. It is a highly gratifying fact to be assured that *not all* California is imbued with the same disgruntled spirit San Francisco has shown. The brightest, sunniest and most charming section of the whole State sends a far more cheerful word. A Washington dispatch of Wednesday states, Feb. 6, that the President received that day a telegraphic copy of a resolution adopted yesterday by the Los Angeles, Cal., Chamber of Commerce on the Japanese school question which expresses the belief that the public sentiment of California, especially of the Southern part, upon the question of the exclusion of the Japanese from the general public-school system of the State has been to some extent misrepresented and is largely misunderstood. The sentiment is expressed that upon the main question, whatever may be the diversity of opinions upon the Constitutional and legal phases, the board is assured that "the general trend of public opinion in Southern California is decidedly adverse to any discrimination against the Japanese as a people in matters of public-school privileges, and they believe that this opinion is based upon considerations of equity and justice, and is held altogether independently of any attitude which the Japanese Government has assumed, or may assume, in regard to the question.

The gift of 32 millions to the General Educational Board by John D. Rockefeller, added to 11 millions already given by him to the same body and work, is not only the largest money contribution ever made by one individual for any social or philanthropic purpose, but is especially interesting and suggestive in the present situation of affairs. The good effects of the educational and uplifting work which this makes possible will be widespread and long enduring, reaching into generations to come, and no man can measure its fruits. But there is a lesson which ought to be gathered from it now in modifying—or, at least, in suggesting caution and reflection to—the popular habit of regarding accumulation as a probable, and large accumulation as certain, evidence that the people have been robbed. Are we quite sure of the soundness of the common notion that wealth means seizure from the many by the use of strength of hand, energy of purpose and hardness of heart? Is it not true that large fortunes come rather by producing an enormous volume of transactions at a small profit margin; by cutting out waste from processes, reducing the cost of necessities to consumers, and thus increasing consumption; so that the scale of common living really rises and the poorer classes are benefitted by the very vastness of scale and combination of effort which superficially bear the appearance of oppression? Hasty and popular notions are quite the contrary of this; but are

we sure that they are well founded? Is it certain that the current movement to assault and break up aggregations of capital is not really directed against an instrument of general popular well being?

Such a donation as Mr. Rockefeller now makes is hastily called "princely." This is an inaccurate term. It is democratic rather than prince-like, reflecting the natural disposition of the common man to recognize and obey the touch of nature which makes us all kin. It adds more evidence that the very rich man will re-distribute for the common good if he is left free; that he needs no pressure of any kind; that the "menace of vast fortunes" is imaginary; and that no scheme of inheritance taxes is necessary to protect the people. Evidence of this is added nearly every day, and it is timely to suggest, once more, that we Americans should counsel more with reason and less with unthinking impulse in our proposed dealing with the wealth which seems bad, not when we ourselves desire it, but when others have it.

The close of the present short session of Congress is now so near that, as one Washington dispatch phrases it, "mortuary lists" of pending measures are being made up and are already long. Some subjects upon which action is needed will surely go over, but there seems to be an agreeable prospect that currency reform will not be among those which wholly fail. The increased and more serious attention given to it in the bankers' conventions of last year was an encouraging sign, and the Senate Finance Committee, we now read, will report several propositions based upon the bill which passed the House in May last. This bill authorizes the issue of gold certificates down to a minimum of \$5, instead of \$20 as now, and removes the present proportionate restriction from the issue of \$5 bank-notes, which cannot now exceed one-third of the total in case of any bank. Discussion in the Senate Committee has been towards raising to 15 millions a month the present limit of 3 millions of circulation withdrawable by banks, and to make withdrawal in times of dulness more free obviously tends towards more elasticity of movement, because to hinder withdrawal necessarily hinders issue. Removal of present restrictions against depositing customs receipts in depository banks is also discussed. These measures, which seem to have a prospect of going through at this session, would not go deep enough to dispose of the subject of currency reform; but they would make desirable progress towards it.

The absence of any derangement in the London discount market this week attendant upon the renewal of exports of gold thence to New York, and the prospects at the moment of exports in greater volume, is a noteworthy circumstance. The decline in rates for exchange last week to points which permitted or made profitable imports of gold resulted from drawings of bills against the negotiation of railroad notes that had been placed in London. This fall in exchange made it so profitable for bankers to import gold that advantage was taken of the fact, as was then noted, to bring out the metal. Furthermore, as the movement excited no apprehensions at the British capital—as was shown by the unchanged discounts and the maintenance of the normal price of 77 shillings 9½

pence per ounce for gold bars—a further sum of \$1,000,000 of the metal was bought this week. The apparent indisposition either of the Bank or the bullion dealers to interpose obstacles to the additional withdrawal—the consignment from South Africa being about equally divided between the Bank, the India Council and the representatives of American bankers, without competition, seemed to make it probable that the latter would again next week endeavor to procure part of the metal that will arrive Monday from the Cape; the rise in exchange, however, on Wednesday will most likely delay such engagement another week. Credits have already been established in London and at Paris by American bankers, through the negotiation of railroad or industrial corporation notes, which credits, until they shall be drawn upon for the account of these corporations, will probably be employed in the markets where the obligations have been placed. If rates for money here shall be relatively lower than are discounts abroad, the loans of American credits may possibly not be disturbed; if, on the contrary, the monetary conditions shall be reversed, and if exchange rates shall be favorable, it seems likely that gold imports will continue at intervals. When the fact is considered, however, that Americans will seek to borrow foreign capital in large volume, through negotiations of rates of this character, it appears probable that drawing against credits created will be so adjusted that exchange rates will not be permitted to decline.

With the exception of a reduction by the Imperial Bank of Russia of its rate of discount from 7% to 6½%, there was no change in official rates by any of the European banks this week; unofficial or open market rates were, compared with last week, 1-16 of 1% higher at London and ⅛ of 1% at Berlin and at Frankfort and ⅛ of 1% lower at Paris.

The feature of the statement of the New York Associated Banks last week was a reduction in the surplus reserve by \$2,928,700, to \$12,634,100. This was the result of a decrease of \$501,600 in cash and of an increase of \$2,487,100 in reserve requirements, the latter due to an augmentation of \$9,708,400 in deposits. Loans were increased \$11,852,100. There was a transfer this week of \$200,000 to New Orleans through the Sub-Treasury.

The market for money was easier this week, partly because of a lighter demand, due to inactive speculation and continued liquidation in the stock market, and in part by more liberal offerings of time funds which had been withheld in expectation of the maintenance of firm rates. The dull speculation in stocks contributed to a small inquiry for call money from commission houses whose clients were observers of, rather than participants in, market movements. The engagements of gold in London had a sentimental influence, for they seemed to promise some direct relief to the market if they were to continue as the result of further negotiations abroad of collateral notes; moreover, borrowing through such notes would, it was thought likely, tend to relieve the tension in the time-loan branch of the market by providing foreign capital to meet extraordinary requirements.

Money on call, representing bankers' balances, loaned at the Stock Exchange during the week at

6% and at 2%, averaging about 2¾%; banks and trust companies loaned at 2¼% as the minimum. On Monday loans were at 3¼% and at 2½%, with the bulk of the business at 3%. On Tuesday transactions were at 3% and at 2% with the majority at 2½%. On Wednesday loans were at 3% and at 2½% with the bulk of the business at 2¾%. On Thursday transactions were at 3% and at 2¼% with the majority at 2½%; the higher rate was recorded in the last hour and it was probably due to belated borrowing and also to expectations of an unfavorable bank statement. On Friday loans were at 6% and at 2¾% with the bulk of the business at 3%. Time loans on good mixed Stock Exchange collateral were 4¾% for sixty and 5% for ninety days and 5¼@5½% for four to six months. One feature was the liberal supply of money on industrial collateral at 5½% for all periods from three to six months. Commercial paper is still quoted at 5¾@6¼% for sixty to ninety day endorsed bills receivable; 5¾@6¼ for prime and 6½ for good four to six months' single names.

The Bank of England rate of discount remains unchanged at 5%. The cable reports discounts of sixty to ninety day bank bills in London 4⅝%. The open market rate at Paris is 3% and at Berlin and Frankfort it is 4½@4⅝%. According to our special cable from London the Bank of England gained £1,224,645 bullion during the week and held £35,474,141 at the close of the week. Our correspondent further advises us that the gain was due to large imports from Egypt and heavy purchases in the open market, the export movement being very moderate, and receipts from the interior of Great Britain unimportant. The details of the movement into and out of the Bank were as follows: Imports, £1,338,000 (of which £603,000 from Egypt and £735,000 bought in open market); exports, £140,000 (wholly to South America), and receipts of £27,000 net from the interior of Great Britain.

The foreign exchange market was irregular though generally strong this week. There was an easy tone on Saturday of last week as the result of speculative selling, and this movement was observable at the opening on Monday. Then a demand for exchange to remit by Tuesday's steamer caused a sharp recovery, and as there were only moderate offerings of bills and no evidence of those against new negotiations of corporation notes, the tone grew stronger and it so continued thereafter, with re-buying of over-sold exchange contributing to the advance. There was a small supply of commodity bills with those against cotton largest in amount. The easier market for money was an important factor, as also was an inquiry for long sterling for investment.

Expectations last week of purchases of gold in London on Monday for shipment hither were realized and a consignment of the metal from South Africa which was offered in the bullion market on that day was apportioned in about equal amounts between the Bank, the India Council and representatives of American bankers, the latter securing \$1,000,000. There did not appear to be any competition for the gold, for there was no advance in the price, and it would seem that the engagement was not regarded with any concern, for the open market discount rate was not

affected. The recovery in exchange at New York on London this week seems to preclude the possibility of further importations. Moreover, bankers express the opinion that there is too much risk in the operation, in view of the possibility of an advance in the market price of the metal and of the interposition of other obstacles to the movement. Furthermore, attempts to procure gold in London for shipment hither, when efforts are being made to encourage foreign investments in corporation notes and in American securities, would seem to be impolitic.

Nominal quotations for sterling exchange are 4 81½ @4 82 for sixty day and 4 85½@4 86 for sight. On Saturday of last week the market was easy and, compared with the previous day, long advanced 5 points to 4 8070@4 8080, short fell 5 points to 4 8445@4 8455 and cables 15 points to 4 8510@4 8525. On Monday the tone was strong; long declined 15 points to 4 8060@4 8065, short advanced 25 points to 4 8475@4 8480 and cables 35 points to 4 8545@4 8550. On Tuesday the market was heavy until the afternoon, when there was a partial recovery and rates at the close were 20 points lower for long at 4 8040@4 8045, 20 points for short at 4 8455@4 8460 and 15 points for cables at 4 8530@4 8535. On Wednesday there was a rally, with long 10 points higher at 4 8050@4 8055 and cables 5 points lower at 4 8525@4 8530; short was unchanged. On Thursday the tone was strong and long advanced 20 points to 4 8070@4 8080, short 10 points to 4 8465@4 8475 and cables 15 points to 4 8535@4 8545. The market was steady on Friday with long 5 points lower and short and cables unchanged.

THE COUNTRY'S PIG IRON PRODUCTION IN 1906.

The official statistics of iron production in the United States for the calendar year 1906, as furnished by Mr. Jas. M. Swank, bear out the general estimates of the magnitude of the year's output. The year was one of marvelous activity and buoyancy in the iron and steel trades and the figures reflect that fact. Perhaps the best way to indicate the extent of the output and the great advance made is to say that in the twelve months of 1906 the country produced 25,307,191 tons of pig metal, that this compares with 22,992,380 tons in 1905 and but 16,497,033 tons in 1904. Thus the make in 1906 was over 50% larger than it had been only two years before, in 1904. It is true that 1904 had shown some falling off from the maximum of previous years, but it was by no means a period of very small production.

A very noteworthy feature connected with the iron and steel business in 1906 is that it was a year of sustained activity from beginning to end. At no time was there any setback or indication of any. Production was maintained at high figures throughout. We do not mean that there were no variations in the output from month to month. Local conditions always play more or less part in affecting the output and each furnace has special circumstances of its own to contend against, serving temporarily to reduce its make of the metal. Weather and temperature are also important factors at certain seasons, besides which furnaces are often obliged to blow out for repairs. Such fluctuations in the monthly output as occurred during 1906 seem to have been due to one or more of these causes. The demand for iron—and for that matter for all the products of iron and steel—was never interrupted and every furnace and mill devoted all its energies to meeting such demand, and never quite succeeded in the effort.

In the spring it did seem as if prospective suspension of coal mining over large areas of the United States might interfere with the obtaining of the necessary supplies of fuel by the makers of iron and perhaps throw the whole trade into disorder. But fortunately this possibility was averted through the compromise agreement reached between the mine operators and miners, under which mining was continued at a very large percentage of the coal collieries on the basis of a return to the wage scale of 1903. In several of the coal-producing States mining was actually suspended in considerable part for several weeks, but the fact that the remaining mines continued at work prevented any fuel scarcity. It is quite remarkable that the tone of the iron and steel trade never showed any unfavorable turn. In 1905, which was also an extremely prosperous year, there was at least a lull in the spring, namely in April and May. In that year the tone in those months was distinctly weak, and orders for the

time being were almost completely withheld, buyers fearing a relapse, which never really came. No such lull occurred in 1906, and the tone remained firm, even buoyant, from beginning to end.

The nearest approach to anything savoring of a let-up in the unrestrained buoyancy which prevailed occurred in June, when the dissolution of the Southern Furnace Association was announced and a block of No. 2 Birmingham pig iron was offered at a cut of \$1 per ton in price. But this affair had relation only to the foundry grades of iron—iron used in steel-making being unaffected—and an upward rebound quickly ensued, so the incident proved little more than a passing event. Dividing the last two years into six months periods, each six months shows an increase in the make of iron over the six months preceding. The last half of 1904, when things were rather quiet in the trade, the product had been 8,323,595 tons. From this there was an increase to 11,163,175 tons in the first half of 1905; in the second half a further increase to 11,829,205 tons; in the first half of 1906 an increase to 12,582,250 tons; and in the last half still another increase to 12,724,941 tons.

The further additions latterly, it will be seen, have been small, but that is simply because previously the output of the existing furnaces had been brought nearly to its maximum, while the building of additional furnaces is a slow matter. Mr. Swank reports the whole number of furnaces in blast on Dec. 31 1906 at 340, against 323 on June 30 1906 and 313 on Dec. 31 1905. Actually, there were 374 furnaces in blast in the second half of 1906, compared with 361 in the first half. In 1905 the number in blast during the last half was 349 and in the first half 334. Mr. Swank states that the aggregate of active furnaces at the end of 1906 was larger than at the close of any year since 1889, when 344 furnaces were in blast. He reports 89 idle furnaces at the close of 1906, but these were presumably mostly plants of obsolete types, unfitted to cope with iron-making under modern conditions. A more important fact bearing on future growth in production is that Mr. Swank states that on Dec. 31 1906 there were 27 furnaces in course of erection and 5 furnaces were being rebuilt. In addition, there were 23 furnaces projected and 1 furnace partly erected on Dec. 31. The demand for iron all through 1906 was so urgent that the production would have materially exceeded even the extraordinary output recorded had it been at all possible for the furnace plants to turn out more of the metal.

With home production and home supplies inadequate to meet home needs, consumers the latter part of the year turned to the foreign markets for a part of their needs. The Government trade statistics show that 379,828 tons of pig iron were imported in the twelve months of 1906, against only 212,465 tons in 1905 and but 79,500 tons in 1904. But the movement was limited to the crude material. Importations of

iron and steel in other forms did not increase materially. Taking all classes of iron and steel where quantities are reported by weight, the imports in 1906 (including the pig metal) were 584,410 tons, against 416,454 tons in 1905 and 266,398 tons in 1904. On the other hand, our exports of iron and steel, after a slight contraction in 1905, decidedly increased again in 1906, notwithstanding the exigencies of the demand in the home market. Moreover, in this case the movement is made up mostly of iron and steel in their higher forms. We exported only 95,059 tons of pig and scrap iron in 1906, as against 57,187 tons in 1905, but of iron and steel in all their different forms (including the pig and scrap iron just mentioned) we exported no less than 1,183,468 tons, against 1,010,384 tons in 1905. Of this, 328,036 tons consisted of steel rails, 192,616 tons of billets, 174,014 tons of wire, 112,555 tons of structural steel, 56,024 tons of bar iron, 46,237 tons of wire nails, &c.—from which an idea can be formed of the excellent character of our export trade in iron and steel. The figures given deal only with the articles and commodities where weights are reported. Including tools, machinery, typewriters, &c., where weights are omitted, the value of the exports of iron and steel in 1906 reached \$172,555,588, against \$142,930,513 in 1905 and \$128,553,613 in 1904. On the other hand, the value of our imports of iron and steel, reckoned in the same way, were only \$34,827,132, against \$26,401,283 in 1905 and \$21,621,970 in 1904. In the following we compare the imports and exports by weights for each of the last six years, showing how from an excess of imports in 1902 and 1903 there has been a change to an excess of exports in 1904, 1905 and 1906.

There is no longer any information regarding the stocks of iron on hand, the American Iron and Steel Association having in 1905 abandoned the collecting of statistics regarding unsold stocks. This makes it impossible to arrive at reliable figures of the actual consumption of iron. Presumably stocks of iron are now down to very small amounts. However, there is nothing tangible available in the shape of facts. In the following table, which, as originally conceived, was intended to furnish a clue to the consumption, we now disregard the stocks, but limit ourselves to the imports and exports.

^a No data as to stocks were furnished at this time; we have taken the amount the same as at the end of previous year.

In a study of the year's results, it is always interesting to see the distribution of the make of iron among the different States and geographical divisions. Chief attention in recent years has centred in the progress which the South records. Not so very long ago predictions were very confident that the South would soon surpass the other sections of the country. Nothing

of the kind has actually occurred. The South is increasing its product from year to year in common with the rest of the country, but at no unusual rate. In 1906 every State from which figures are furnished made an increase over 1905 with a single exception, and that exception was a Southern State, namely Virginia. The output of the whole South in 1906 was 3,467,216 tons, against 3,219,673 tons in 1905, 2,743,313 tons in 1904 and 3,237,079 in 1903. In the three years, therefore, the South added only 230,137 tons to its output, though the production of the whole country in the same three years rose from 18,009,252 tons to 25,307,191 tons. In 1900 the South's contribution was 2,604,671 tons. The increase to 3,467,216 tons in 1906 reflects substantial growth. In the same six years, however, Pennsylvania increased its product from 6,365,935 tons to 11,247,869 tons; Ohio from 2,470,911 tons to 5,327,133 tons; Illinois from 1,363,383 tons to 2,156,866 tons, and even New York has run up its production from 292,827 tons to 1,552,659 tons. The South contributed 18.89% of the country's production in 1900 but only 13.70% in 1906. In the following we show the production by States for each of the last six years.

The course of prices during 1906 was upward, not merely in the case of iron but in all classes of iron and steel products. Supplies were inadequate to meet the demand and there was a genuine basis for higher prices in the enhanced cost of labor and the other factors entering into production. The price of steel rails at the mills in Pennsylvania was kept unchanged throughout at \$28 per ton, which was the more noteworthy as the price of steel billets, out of which the rails are made, advanced from \$26 25 in January to \$29 50 in December. A slight shading of prices occurred in April or May, but the tone even then remained good, as already indicated. No. 1 foundry pig iron at Philadelphia was \$26 50 in December, against \$19 in January, and basic pig iron at the same point was \$23 25, against \$17 91. In the following we show the yearly averages of prices of certain staple articles from 1899 to 1906, inclusive. It will be noted that the averages for 1906, even after the advance established, remain in most cases below the level attained in 1902.

THE TRUST COMPANIES IN NEW YORK AND ELSEWHERE.

In continuation of a practice begun by us five years ago, we devote thirteen pages to-day (see pages 307 to 319) to a presentation of comparative returns of the trust companies of this city (Manhattan and Brooklyn boroughs) and also those in Boston, Philadelphia and St. Louis. We give the figures for all the separate companies in the cities referred to. These institutions have assumed such importance in the financial world and their operations are of such magnitude that an exhibit of this kind must necessarily possess wide interest.

In the case of the companies of Manhattan and Brooklyn, the returns selected for comparison are those for the last three annual dates. Semi-annual returns are no longer required. Under the law passed by the New York Legislature in 1905 the companies in this State now make returns at the call of the State Superintendent of Banking just like the State banks, the dates being left entirely at the option of the Superintendent. The latter has, however, wisely kept up the practice of calling for statements on Jan. 1 in the same form as previously, so that comparisons on a uniform basis may be maintained with the earlier years. For Boston, Philadelphia and St. Louis, the figures are entirely our own, having been obtained by us in each case directly from the trust companies themselves. The dates in these last instances are for Dec. 31 and June 30, except in those cases where the managements have found it inconvenient or were unwilling to make up statements for those dates and have furnished instead figures compiled a few weeks earlier.

It is not our purpose here to deal with the returns of the separate companies, but with the grand totals. We shall begin with the trust companies of New York and we shall take the aggregates for the entire State, rather than for New York alone, because in that way we get still more comprehensive figures, though the New York City companies contribute the bulk of the whole amount.

The feature of most interest in connection with the aggregates for this State is that they show that the business of these companies has again resumed its onward march. By that we mean that after the decided shrinkage in deposits which occurred in 1905 a good part of the loss has been recovered in 1906. As has been many times pointed out in these columns, the trust companies in recent years have been making tremendous strides, their growth and development having been almost phenomenal. If occasionally a semi-annual return should show a temporary shrinkage, the next return would be sure to record improvement again at an accelerating pace. But the loss in 1905 was of a different character and was really of large extent, proportioned, as it were, to the magnitude of the previous expansion. That this loss also is being recovered—has, in fact, in large part already been recovered—is therefore an important circumstance. It demonstrates that these institutions have by no means reached the limit of their growth even in the immediate present. Stated in brief, aggregate deposits Jan. 1 1905 were \$1,127,627,100, from which there was a drop during 1905 of over \$72,000,000 to \$1,055,128,422 on Jan. 1 1906. Now for Jan. 1 1907 the total has got back to \$1,084,376,517. The recovery of \$29,-

000,000 in 1906 has occurred in face of the fact that the conditions which in the main brought about the shrinkage in 1905 continued in full operation in 1906. These conditions were two in number, namely that the life insurance companies, which had been keeping enormous amounts of cash with the trust companies or at least with certain of them, had heavily reduced their deposits; and, secondly, that, owing to the high interest rates which money has been commanding, many individual depositors withdrew their money from the trust companies, where they had been getting a low rate of interest, and invested the same elsewhere at more remunerative figures. During 1906 these influences lost none of their potency. The life insurance companies did not raise their deposits to the old figures, and as far as the money market is concerned, rates advanced still higher, increasing the inducement for taking money out of the trust companies and employing it in other directions. The following, furnishing comparisons of the deposits back to 1898, will show how extraordinary has been the development of these institutions in this State.

Jan. 1 1903	823,797,857		

If we measure the position of the companies by the aggregate of their resources instead of by their deposits, it is correct to say that the whole of the 1905 loss was recovered in 1906, giving for Jan. 1 a higher aggregate even than the previously unexcelled total of Jan. 1 1905. The reason why the comparison is more favorable on that basis is that the institutions are all the time adding to their surplus and profits, leaving them additional money at command in that way as an offset to the loss in deposits. During the last year, for instance, surplus and profits were increased from \$159,487,990 to \$174,318,268. Aggregate resources, therefore, for Jan. 1 1907 are \$1,365,245,430 against \$1,312,799,130 Jan. 1 1906 and \$1,364,018,157 for Jan. 1 1905, as will be seen from the following.

AGGREGATE RESOURCES OF THE TRUST COMPANIES OF NEW YORK STATE.

Jan. 1 1903	1,039,956,625		

Another feature of interest in the New York returns is of course the increase in the holdings of cash by the companies in their own vaults. Under the law passed last year the holding of a certain cash reserve is made obligatory and the maximum figures of the requirement, that is 5% by the institutions in this city and 3% by those outside, became operative Jan. 1 1907. Accordingly, we find that now their specie holdings amount to \$43,861,609 against only \$20,733,816 on Jan. 1 1906 and they also have \$11,675,393 of legal tenders and bank notes against only \$4,083,239. Altogether, therefore, they held of cash \$55,537,002 Jan. 1 1907 against only \$24,817,055 Jan. 1 1906. Notwithstanding this large addition to the money on hand the trust companies on Jan. 1 1907 did not hold such a large amount of available cash as they did on either Jan. 1 1905 or July 1 1904. By available cash we refer to the deposits of money with the banks combined with the cash in their own vaults. The aggregate of the two for Jan. 1 1907 was \$199,832,255 as

against \$149,787,595 Jan. 1 1906 but as against \$213,367,788 Jan. 1 1905 and \$262,247,178 July 1 1904, as will be seen by the following.

CASH ON HAND AND ON DEPOSIT BY NEW YORK STATE COMPANIES.

Jan. 1 1907	\$199,832,255	July 1 1902	\$128,978,387

It is perhaps natural that the trust companies should keep very much less money subject to call in the banks than they formerly did, as on such deposits they get a low rate of return, while, as we have already seen, money has been commanding high figures in the market.

With reference to the various classes of investments held by the trust companies, there are no new features of importance. The so-called stock investments, the loans on collateral and the other items are all maintained at or near the maximum, so we simply annex the usual comparative summaries as follows.

TRUST COMPANIES AT OTHER POINTS.

As noted in previous reviews, no such comprehensive comparisons as those just made are possible in the case of the trust companies outside of this State. Our summaries for the other centres covered by our tables (namely, Philadelphia, Boston and St. Louis) are such as we have been able to prepare ourselves and necessarily are limited to a few leading items. Nor are the returns in these instances cast on uniform lines, nearly every company having its own distinct method of classification, making general footings out of the question except as regards those few common things treated alike by all and which have a definite established meaning, such as capital, surplus and profits, and deposits.

At Boston the number of companies has again been reduced and yet there has been further growth in the aggregate of their business. Three companies have disappeared from the list, reducing the number in existence to 16. The City Trust Co. absorbed the Mercantile Trust, the Old Colony absorbed the Adams Trust and the Beacon Trust took over the Washington Trust Co. Owing to these mergers, outstanding capital has been reduced, but it is noteworthy that the item of surplus and profits is larger than ever, being \$22,551,499 at Dec. 31 1906, against \$20,841,502 Dec. 31 1905. Deposits are \$158,213,825, against \$148,033,197 the year before and aggregate resources \$191,885,062, against \$181,397,833. In the following we show the Boston summaries back to Dec. 31 1900.

At Philadelphia 8 new companies have been organized during the year, increasing the number to 52, and this has brought with it an increase in aggregate capital. But deposits and aggregate resources have nevertheless been reduced. The falling off occurred entirely in the last six months, and may have been due in a measure to distrust created by the unfortunate developments connected with the Real Estate Trust Co. of that city and the suicide of its President, Frank K. Hipple. Deposits now at \$193,283,134,, compare with \$215,524,948 June 30 and \$209,213,067 Dec. 31 1905. Surplus and profits, however, during the twelve months increased about 4 million dollars, showing continued prosperity and increasing strength.

In St. Louis there are three new companies, namely, the Jefferson-Gravois, the Vandeventer and the West St. Louis. None of these, however, are large companies, the whole three combined having only \$250,000 capital. Deposits of the St. Louis institutions the previous year had fallen from \$78,706,702 to \$71,681,442. In 1906 the movement was again upward, the total rising to \$74,512,082.

RAILROAD GROSS EARNINGS FOR THE CALENDAR YEAR 1906.

The year 1906 adds another to the long series of years recording large and continuous gains in railroad earnings. And, as it happens, the latest year in the magnitude of its further increase surpasses all its predecessors, furnishing a fitting climax to the series. The amount of the improvement in gross revenues would itself be sure to attract attention; but, added to the noteworthy gains of previous years, it furnishes further testimony to the marvelous industrial expansion experienced in this country during the last decade, to which the railroads themselves have so largely contributed and in which they have been the most important single agency.

Our tables just as they stand show an increase for the twelve months of \$224,062,452. The totals are of huge proportions, the aggregate for 1906 being \$2,131,306,699 and for 1905 \$1,907,244,247. And yet this does not cover absolutely the whole railroad

system of the country. The mileage represented, embracing all the roads in the country from which we have been able to procure returns, is 186,687 miles. As there were probably about 210,000 to 215,000 miles of road in operation during the twelve months, this leaves 25,000 to 30,000 miles unrepresented in our tables. The earnings for much of this mileage it will not be possible to get at all for the calendar year, and the returns for the rest will not be available for some time to come. We should judge that if we could get results to cover the whole railroad system of the country the increase for the twelve months would be in the neighborhood of \$240,000,000, of which \$135,000,000 was made in the first six months and \$105,000,000 in the last six months.

Let the reader ponder well what such an addition—almost a quarter of a thousand million dollars—means. Let him recall further that in 1905 we put the increase for the full mileage at \$180,000,000 and that in the same way we estimated the increase for 1904 at \$10,000,000. Furthermore, that previously we computed the gain for 1903 at \$210,000,000, for 1902 at \$105,000,000, for 1901 at \$155,000,000, for 1900 at \$120,000,000, for 1899 at \$140,000,000, for 1898 at \$90,000,000 and for 1897 at \$75,000,000. It will be seen that we have here an aggregate improvement for the ten years from 1896 to 1906 in the prodigious sum of \$1,325,000,000. In other words, aggregate gross earnings of United States railroads for 1906 were \$1,325,000,000 larger than they had been in 1896, the year of trade prostration and of the silver campaign. In the following we furnish a summary of the yearly gain just as registered in our tables, and comprising, not the entire railroad mileage of the country, but only the roads from which we found it possible to get returns. The increases even in this way are of enormous extent, being, as already stated, \$224,062,452 for 1906 and following \$152,039,634 gain in 1905, \$11,137,487 gain in 1904, \$182,099,849 in 1903, &c., &c.

Note.—Neither the earnings of the Mexican roads nor the mining operations of the anthracite coal roads are included in this table.

It is within the knowledge of everyone that as far as business and trade conditions are concerned everything was favorable to large earnings during 1906. Through the whole range of industries the situation was one of great activity and of almost unalloyed prosperity. In the iron and steel industries, upon which so much depends, the tone was positively buoyant. There were other favoring circumstances. The harvests proved abundant and they succeeded bounteous harvests the previous year. Then there was an almost complete absence of the rigors of winter, January and February having been noted for the mildest weather experienced in those months for a very long while. This was undoubtedly a circumstance of great benefit to the roads, first, in avoiding the expense incident to the removal of snow, and, secondly, in permitting a free and unrestricted movement

of freight at a time when the facilities of the railroads were taxed to the utmost.

A few illustrations may be given here to show in how many different ways, as a result of the prosperous conditions ruling, the traffic of the railroads was added to. The shipments of coal and coke originating on the lines of the Pennsylvania Railroad east of Pittsburgh and Erie were 49,426,018 tons in 1906, against 46,329,562 tons in 1905 and only 40,245,935 tons in 1904. The shipments of iron ore by water from the Lake Superior region were 37,513,589 tons for 1906, as against 33,476,904 tons in 1905 and only 21,226,664 tons for 1904. All this tonnage had first to be moved from the mines to the upper lake regions and afterwards, on its arrival at the lower lake ports, had to be transported to the iron-making plants. Many other indications might be furnished of how the railroads were prospered through the sustained activity of the country's industries.

And yet conditions were not all favorable. The suspension of coal-mining during the spring months was an adverse feature, though the suspension was only partial. In the anthracite regions the mines were idle during the whole of April and for the first ten or twelve days of May. The anthracite carriers as a consequence suffered severely. The loss sustained at that time was never subsequently recovered, as will be evident when we say that the shipments of anthracite to market aggregated only 55,698,595 tons in 1906, against 61,410,201 tons in 1905. In the bituminous regions suspension of mining was not general. Nevertheless, in Pennsylvania and in most of the Middle Western and Southwestern States there was much idleness, and though eventually all the miners returned to work on the same terms as those who remained at work from the beginning, namely the acceptance of the wage scale of 1903, yet in several of the States it took quite a long time to bring the men to their senses.

It deserves also to be mentioned that, though the yield of the crops in both 1905 and 1906 was large, this brought comparatively little benefit to most of the Western roads. The grain movement was decidedly irregular both as between the different cereals and the different primary markets. A good idea of the general situation in that regard, however, will be gained when we say that at the Western primary markets as a whole the grain deliveries for the 52 weeks of 1906 were only 686,319,773 bushels, as against 690,180,164 bushels in 1905. As the grain deliveries at the Western points the first six months had been 283,933,868 bushels, as against only 245,120,288 bushels in 1905, the figures given make it plain that during the last half of the year there must have been a decided shrinkage in the Western grain receipts. That these receipts did fall off is beyond dispute. The reason for the falling off in face of the good crops raised is alleged to have been the inability of the railroads to furnish an adequate supply of cars to move the grain offering. The latter part of the year a fuel scarcity developed along the lines of the Great Northern Ry. and some other roads in that section, and this tended still further to handicap the railroads in supplying the necessary cars. Coal was rushed through on passenger-train schedules, tying up equipment in that way and intensifying the freight congestion. The following table furnishes the details of the grain receipts at the Western markets in our usual form.

The trunk lines to the seaboard seem to have fared much better in the matter of the grain traffic. At all events the receipts at the seaboard for the 52 weeks aggregated 289,148,931 bushels, as against 252,936,169 bushels in 1905, as will be seen by the following table. It remains true, however, even in this case, that in the latter half there was a falling off, for during the period from Jan. 1 to June 30 there had been an increase of 55,000,000 bushels in these seaboard receipts, the total for the first six months of 1906 having been 153,043,583 bushels, against 98,670,328 bushels.

The Western live-stock movement was also decidedly irregular. At the six leading markets, namely Chicago, Kansas City, Omaha, St. Louis, St. Joseph and Sioux City, 8,817,524 head of cattle were brought in in 1906 against 8,690,802 head in 1905, and 10,056,550 head of sheep against 9,708,107, but the arrivals of hogs were only 18,354,696 against 19,042,841.

Southern roads sustained a decided falling off in their cotton traffic. This was because of the shortage of the yield in 1905, which affected the cotton movement for the first nine months of 1906. The new season's yield, however, was prolific, and the last three months part of the previous loss was made good. For the full twelve months the receipts at the Southern ports were 8,597,130 bales against 9,024,470 bales in 1905, while the shipments overland were 1,406,558 bales against 1,437,094 bales

The gains in earnings continued through all the months of the year, speaking of the roads collectively. But during the later months they were of much smaller

magnitude, and some of the separate roads at that time, for reasons peculiar to themselves, recorded losses. A summary of the monthly increases is furnished in the table we now present. It will be noticed that the gains in January and February, on account mainly of the favorable meteorological conditions, were of unusual magnitude.

b Returns for December only partial as yet.

In the case of the separate roads, the improvement for the twelve months is as striking and noteworthy as in the case of the roads as a whole. In fact, the array of increases disclosed is of imposing extent and character. In the following we have brought together all the changes for the twelve months for amounts in excess of \$250,000, whether increases or decreases. There is really but one decrease, that of the Buffalo Rochester & Pittsburgh, and in that instance the falling off follows directly as a result of the strike of the bituminous coal miners.

ITEMS ABOUT BANKS, BANKERS AND TRUST CO.'S.

The public sales of bank stocks this week aggregated 285 shares, of which 257 shares were sold at auction and 28 shares at the Stock Exchange. The transactions in trust company stocks reach a total of 80 shares. A lot of 120 shares of stock of the Mechanics' Bank of Brooklyn was sold at \$25—an advance of 45 points over the price paid at the last previous public sale, which was made in December 1905.

The Committee on Finance and Currency, at its own request, has been discharged by the New York Chamber of Commerce from further consideration of the question of devising means for the better regulation of interest rates on call loans. The following is the report of the committee presented through its chairman, A. Barton Hepburn, at Thursday's meeting of the Chamber:

Your Committee on Finance and Currency, to whom was referred at the meeting of the Chamber in December last the following resolution:

Resolved, That it be referred to the Committee on Finance and Currency to examine into and report upon the practicability of devising means through which the interest rate beyond 6% upon call loans made at the New York Stock Exchange can be better regulated than is the case at present.

That to report that the committee has had several meetings, and fully discussed the scope and purport of the resolution, but finding the views of its members to be widely divergent as to possible remedies, has been unable to agree upon a report, and asks to be discharged from further consideration of the resolution.

The other members of the committee with Mr. Hepburn are Jacob H. Schiff, Edward King, James T. Woodward, H. C. Fahnestock, August Belmont and John I. Waterbury.

In view of the recent important changes in the executive personnel of the Liberty National Bank of this city, some reference to the institution's rapid growth and its rise in prominence and importance will be timely. The bank was organized Oct. 13 1891, and was first located at No. 143 Liberty Street, where it conducted its business with success up to 1902. In January 1903 the directors, desiring to broaden the scope of the bank's services, decided to move to No. 139 Broadway, near Liberty Street, where the bank erected a building of marked architectural beauty and fitted it up for its own exclusive use. A glance at the following comparative statement of published reports will give evidence of the growth of the institution:

	Capital.	Surplus.	Undivided Profits.	Discounts.	Deposits.
1892	\$500,000		\$1,805	\$929,654	\$718,400
1897	500,000		248,648	2,478,221	2,934,900
1902	500,000	\$500,000	329,290	6,735,130	9,110,562
1907	1,000,000	1,500,000	766,502	11,097,221	11,185,872

Thus there has been a steady increase of business. The bank has also been very successful with respect to its earning powers. Much credit for its initial success was due to Henry C. Tinker, who was its first President, and Henry P. Davison, who, after the first Cashier, James Christie, died, became Cashier of the institution and later President. E. C. Converse, who succeeded Mr. Davison as President in 1902, possessed a unique personality and attracted to the bank very desirable customers. Shortly thereafter Charles H. Stout, widely known to the bankers throughout the country on account of his former connection with the National Bank of the Republic and the First National Bank of this city, was elected Active Vice-President, which position he still retains. Through the combined ability and energy of these men the bank has won hosts of business friends. In 1901 its surplus had grown to over \$1,000,000. At that time the capital was increased from \$500,000 to \$1,000,000. Recently, in order to allow the bank to conform to the new law respecting loans (which must not exceed 10% of capital and surplus), the directors transferred from undivided profits to surplus account the sum of \$500,000. At the present time the capital of the bank is \$1,000,000, surplus \$1,500,000 and undivided profits \$766,500. The business of the bank is allied to no one particular line, and it handles both mercantile and bank accounts.

It will be interesting to the reader to learn that the recent election of Frederick B. Schenck, formerly President of the Mercantile National Bank of New York, was thought of only on the day preceding January 8 1907, on which date the national banks have their annual election of directors. At

that time it became known that he might not continue with the Mercantile National Bank, and he was immediately invited to become President of the Liberty National Bank. Mr. Schenck is a man of high character and excellent executive ability. His career in the Mercantile National Bank for the past twenty-six years, through different positions up to the cashiership and presidency, should make his services very valuable to the Liberty National. Mr. James V. Lott, who was last month appointed Cashier of the Liberty National Bank, was employed by the Mercantile National Bank for many years and has a large number of friends. While these two men have been with the Liberty National Bank for about only four weeks, the business of that institution, we understand, already shows a marked increase in point of deposits. The other officers of the bank are Daniel G. Reid, Vice-President, who, on account of his power in the Rock Island System and his influential connections throughout the West, must be a valuable member of the bank. Charles W. Riecks, the Second Vice-President, has been connected with the bank since its organization, as has Frederick P. McGlynn, the Assistant Cashier, and both are well known. The directors, in addition to President Schenck and Vice-President Stout, are: George F. Baker, E. F. C. Young, Arthur F. Luke, J. Rogers Maxwell, Francis L. Hine, T. A. Gillespie, Charles A. Moore, Henry P. Davison, Charles H. Warren, Daniel G. Reid, Ambrose Monell, E. C. Converse, Frederick G. Bourne and Henry C. Tinker.

The Lincoln National Bank of New York, Gen. Thomas L. James, President, has declared a quarterly dividend of 4%, which since the increase in the institution's capital stock from \$300,000 to \$500,000 is equivalent to a 33 1-3% increase over the former yearly rate of 20%. The increase in stock was effected in January by the declaration to shareholders of a 66 2-3% dividend on the \$300,000 capital out of surplus and profits. On the first of this month the bank's earned surplus was \$1,000,000, undivided profits \$509,000, deposits \$16,415,000 and total resources \$19,374,200.

We understand that the pamphlet on "The Responsibilities of Directors" issued by the Lincoln Trust Company of this city, to which we referred in our issue of Saturday last, was prepared by Frederick Phillips, Secretary of the company.

The initial statement of the Irving National Exchange Bank, on the southwest corner of Chambers and West Broadway, this city, shows the united strength of the New York National Exchange Bank and the Irving National Bank resulting from their recent consolidation. Its deposits on Jan. 26 were \$19,862,831, capital \$2,000,000, surplus \$1,000,000, undivided profits, \$25,571, and aggregate resources \$24,038,700, when the Comptroller of the Currency called for a report from all national banks. The officers of the consolidated institution are: Lewis E. Pierson, President; James E. Nichols, Charles L. Farrell and Rollin P. Grant, Vice-Presidents; and Benjamin F. Werner, Cashier.

Emil Seyd Jr. was elected active Vice-President of the Northern National Bank of this city at a meeting of the directors on Tuesday.

At a meeting of the trustees of the New York Life Insurance & Trust Company of this city on Tuesday Thomas Denny Jr. was chosen to fill a vacancy in the board.

Edw. H. Peaslee, who was elected to the board of the Second National Bank of this city at the annual meeting in January, has been elected a Vice-President of the institution. Mr. Peaslee is President of the Fidelity Bank of this city.

The following new directors have been chosen to the board of the Hamilton Bank of this city: E. R. Thomas, O. F. Thomas, Stanley Gifford, David A. Sullivan and LeRoy W. Baldwin. The new members replace Cyrus Clark, F. B. Schenck, W. S. Gray, John J. Lapham and Frederick G. Kinsman. No action has as yet been taken towards electing a successor to former President Frank W. Kinsman Jr., who is now President of the New Amsterdam National Bank. Mr. Kinsman's interest in the Hamilton Bank was purchased by E. R. and O. F. Thomas.

The officers for the proposed Montauk Bank of Brooklyn Borough were elected at a meeting on the 1st inst. Henry M. Randall has been chosen President; Adolph Heinemann

and William Lockett are the Vice-Presidents and H. B. Conlin the Cashier. The directors are Henry M. Randall, William Lockett, Adolph Heinemann, Stephen M. Griswold, Henry J. Straukamp, Guy Loomis, Dr. Charles D. Larkins, Dr. H. B. Bayles, J. S. Scully, John Sorensen, Gottfried Wildermuth, William H. Gieseler, Michael Furst, William M. Calder and William L. Newton. It is expected to open the bank for business at Fifth Avenue and Union Street on March 1. President Randall is also at the head of the Bank of Port Jefferson at Port Jefferson, L. I.

—The question of increasing the capital of the First National Bank of Albany, N. Y., from \$300,000 to \$600,000, and the several other propositions incident to the consolidation of the First National and National Exchange banks, will be submitted to the stockholders for ratification on March 1. The consolidation plan was mentioned in the "Chronicle" of January 26.

—On the 6th inst. Winton C. Garrison was elected a Vice-President of the Federal Trust Company of Newark, N. J., to succeed Benjamin Atha, resigned. Frank L. Luff having retired as Treasurer of the institution, the office has been combined with that of Secretary, and the present Secretary, John W. Crooks, continues in the office. James Smith Jr. has been re-elected President of the company and Joseph M. Byrne has also been re-elected a Vice-President. Edward T. McGuire has been chosen Trust Officer and Robertson S. Ward succeeds the late Daniel O'Day as a director.

—The Mechanics' Trust Company of Bayonne, N. J., was the scene of a run last week, the trouble, it is believed, arising through the circulation of false rumors. The institution met all obligations. It paid out about \$300,000 during the progress of the run on Friday and Saturday, keeping its doors open beyond the usual time in order to reassure the anxious depositors, many of whom were foreigners. With the resumption of business on Monday, there appeared little indication of the "scare" of the previous week, but few depositors withdrawing their accounts. The institution was organized in 1886 and has a capital of \$50,000 and a surplus of \$200,000.

—Chester W. Bliss was this week elected President of the Chapin National Bank of Springfield, Mass., to succeed W. F. Callendar, who declined re-election. The new President has been Chairman of the executive committee for the past two years. He is the grandson of Chester W. Chapin, organizer of the State bank which preceded the Chapin National, and who was its first President. Another new officer in the Chapin National, elected this week, is James Rumrill Miller, who has been chosen Vice-President. George B. Yerrall has been re-elected Cashier. Referring to these elections, the "Springfield Republican" says "it is understood that the organization of the bank is permanent and that the question of absorption by the Union Trust Company is thereby disposed of."

—A special meeting of the stockholders of the Union Trust Company of Maryland at Baltimore will be held on Feb. 25, when the proposition to reduce the capital from \$1,000,000 to \$500,000 will be submitted for ratification. It is the purpose to retire one-half the stock so that the capital will consist of 10,000 shares of the par value of \$50 each.

—Clarence F. Norment, President of the Central National Bank of Washington, D. C., was elected to succeed C. A. James as President of the National Bank of Washington at the late annual meeting. With regard to the reports of consolidation of these two institutions, we are advised that nothing has as yet been perfected in the matter. Clement W. Howard becomes successor to J. L. Norris as Vice-President of the National Bank of Washington and J. Frank White is the Assistant Cashier. Charles E. White has resigned as Cashier.

—Chicago had two rather notable bank openings the past week. On Monday the Harris Trust & Savings Bank opened its doors in the Marquette Building as the successor of the well-known Chicago bond and banking house of N. W. Harris & Co. Its initial deposits on the opening day were in excess of \$3,000,000. The new institution has as officers N. W. Harris, President; Albert G. Farr, Albert W. Harris and George P. Hoover, Vice-Presidents; Howard W. Fenton, Treasurer; Edward P. Smith, Secretary; Frank R. Elliott,

Cashier; and Joseph H. Vaill, Assistant Cashier. The list of stockholders includes such names of financial influence as J. Ogden Armour, President of Armour & Co.; John G. Shedd, President Marshall Field & Co.; William Deering, of International Harvester Co.; President, James T. Harahan of Illinois Central RR. Co.; J. M. and Geo. M. Studebaker, President and Vice-President of Studebaker Bros. Mfg. Co.. Cyrus H., Harold F. and Stanley McCormick, of International Harvester Co.; J. V. Farwell Jr., Treasurer John V. Farwell Co.; and the following bank officials: Edward S. Lacey, President Bankers National Bank; John A. Lynch, President National Bank of the Republic; George M. Reynolds, President Continental National Bank; L. A. Goddard, President Fort Dearborn National Bank; W. T. Fenton, Vice-President National Bank of the Republic; J. C. Craft, Vice-President Bankers National; Oliver C. Fuller, President Wisconsin Trust Co., Milwaukee; and Gustav Reuss, President Marshall & Ilsley Bank, Milwaukee.

—On Tuesday the new National City Bank of Chicago commenced business, and at the hour of closing had received \$2,192,311 in deposits. The institution has a capital of \$1,500,000 and surplus of \$300,000.

—The Monroe National Bank of Chicago has called a special stockholders' meeting for March 5th to increase the capital stock from \$200,000 to \$300,000. The new stock is to be put out at \$125, which will add \$25,000 to surplus and undivided profits. After the increase the bank will have \$300,000 capital and approximately \$50,000 in surplus and undivided profits. The bank has shown a steady growth since its conversion from a State to a National bank less than a year ago, its deposits having increased from about \$500,000 to \$1,387,000 at the time of the last call of the Comptroller.

—Interests in the Fort Dearborn National Bank of Chicago have secured a permit from the State Auditor to organize the Fort Dearborn Trust & Savings Bank. It is stated that it is not the purpose to proceed with the company's organization just at present, the charter having been obtained in order to prevent the use of the title by others.

—A permit has been issued to George H. Eckels, of the Commercial National Bank of Chicago, and others, to organize the Commercial Trust & Savings Bank, capital \$200,000. As in the case of the Fort Dearborn National Bank, which has taken out a charter for the organization of the Fort Dearborn Trust & Savings Bank, there is said to be no intention on the part of the Commercial National to start a new State institution just now; the object in securing the charter was to prevent the adoption of the title by interests outside the Commercial.

—John A. Creighton, President of the First National Bank of Omaha, Neb., died on the 7th inst. at the age of seventy-five years. Mr. Creighton was born in Ohio, but since 1868 had permanently resided in Omaha. He was a prominent factor in the financial and commercial interests of that city. Prior to his election as President of the First National last November (succeeding Herman Kountze) Mr. Creighton was Vice-President of the institution.

—John W. Harrison, a Vice-President of the Missouri-Lincoln Trust Company of St. Louis, Mo., was elected President on the 2nd inst., to succeed August Schlafly, resigned.

—At a meeting on the 2nd inst. the stockholders of the Virginia Bank & Trust Company, Incorporated, of Norfolk, Va., ratified a proposition to increase the capital from \$200,000 to \$600,000.

—H. P. Headley has been chosen Vice-President of the Third National Bank of Lexington, Ky., succeeding Y. Alexander, who has become Cashier of the bank in place of G. H. Barr.

—The stockholders of the Equitable Trust Company of Augusta, Ga., have agreed to accept an offer for the merger of their institution with the Merchants' Bank of that city. The Equitable Trust has a capital of \$285,000. Its shareholders are to receive for their holdings stock in the Merchants' Bank for 80% of the amount (the Merchants' stock being valued at \$200 per share) and 20% in cash. The bank's present capital of \$75,000 was increased from \$50,000 in June. It is understood that it will again be increased—this time in the sum of \$125,000.

—On Jan. 22 W. V. Davis, previously Secretary and Treasurer of the Savannah Trust Company of Savannah, Ga., was elected Vice-President. John H. Strouss succeeds to the office of Secretary and Treasurer, John H. Calais becoming Assistant Secretary and Treasurer.

—The business of the Merchants' & Planters' Bank of Natchez, Miss. (capital \$25,000) was transferred on the 19th ult. to the First National Bank of Natchez. The latter has a capital of \$250,000.

—F. Thornwell Fay and John M. Dorrance were elected additional Vice-Presidents of the Commercial National Bank of Houston, Texas, on the 8th ult.

—The directors of the Gaston National Bank of Dallas have elected to vice-presidencies R. C. Ayres and R. K. Gaston. J. Howard Ardrey has been chosen Cashier—the office formerly held by Mr. Ayres.

—The First National Bank of Fort Worth, Texas, increased its capital on January 8 from \$325,000 to \$500,000. The increase of \$175,000 was taken out of the accumulated profits without making any change in the surplus of \$200,000. Besides its new capital of \$500,000 and its surplus of \$200,000, the bank still has profits of about \$50,000. It reports 185 bid for the stock with none for sale.

—At the annual meeting of the stockholders of the City National Bank of Dallas, Texas, on January 8, the capital was increased from \$200,000 to \$500,000, through the issuance of 3,000 new shares, par \$100. Of the additional stock, 2,000 shares were paid for out of the earned surplus and profits, leaving a balance in the surplus fund of \$300,000. The remaining 1,000 shares were issued and taken by the stockholders at \$300 per share, of which \$100,000 was placed to capital and \$200,000 to surplus, making the capital \$500,000 and the surplus \$500,000. The January 26 statement also shows undivided profits of \$18,026. The deposits are \$5,755,081 and the total resources \$6,973,107. E. O. Tenison is President of the institution and B. D. Harris is Cashier.

Clearings by Telegraph—Sales of Stocks, Bonds, &c.—The subjoined table, covering clearings for the current week, usually appears on the first page of each issue, but on account of the length of the other tables is crowded out once a month. The figures are received by telegraph from the leading cities. It will be observed that, as compared with the corresponding week of 1906, there is an increase in the aggregate of 0.4%. So far as the individual cities are concerned, New York exhibits a gain of 3.4%, Boston 5.2%, Baltimore 1.0%, Chicago 10.5% and St. Louis 1.2%. Philadelphia records a loss of 1.8% and New Orleans 7.6%.

Trust Company Returns.

BOSTON, PHILADELPHIA, NEW YORK, BROOKLYN AND ST. LOUIS.

We furnish below complete comparative statements of the condition of all the trust companies in Boston, Philadelphia, New York and St. Louis. This is in continuation of a practice begun some five years ago. The statements occupy altogether thirteen pages.

No one needs to be told that the trust companies have become an exceedingly important body of financial institutions; nor yet that their operations have risen to great magnitude, and are assuming steadily increasing prominence in the financial world. As a matter of fact, the growth and expansion of these institutions have been one of the most noteworthy features of recent times. For these reasons the compilations we present ought to be interesting for present study as well as useful for reference.

The dates selected for comparison are December 31 1906, June 30 1906 and December 31 1905, or where, as in the case of the New York companies, the June 30 figures are no longer compiled, the dates of comparison are December 31 from each of the last three years. In the case of the Boston, the Philadelphia and the St. Louis companies, we have also sought to get figures for December 31 and June 30 and have quite largely succeeded. As, however, the fiscal period of these companies do not all correspond with those dates, and no returns for those dates are required by the State authorities, several of the Boston companies and a number of the Philadelphia and St. Louis companies have not found it convenient to compile statistics to December 31, but have furnished instead the latest complete figures available—usually either the close of November or the close of October.

Monetary and Commercial English News

(From our own correspondent.)

London, Saturday, January 26 1907.

Business on the Stock Exchange has been dull throughout the week. Up to the present everybody has been disappointed because the reduction in the Bank rate has given so little impetus to trade. Partly, no doubt, this is due to uncertainty respecting New York. The best opinion here all along has been that there was no real unsoundness in New York; that prices in many directions no doubt had been carried too high; and that there would be some setback. But there was a confident feeling that after a certain time liquidation would be found to have been carried far enough. The general public, however, being less well informed, has been more or less apprehensive, and consequently there has been little doing.

Another influence that checked business undoubtedly was the raising by the Bank of France of the rate it charges for advances on stocks from 3½ to 4%. The Bank of France so rarely makes a change in its rates, and the general public in London, not following very closely movements on the Paris Bourse, quite failed to see that during the past couple of months speculation on the Bourse had increased very materially. Consequently London was quite taken by surprise and some uneasiness was caused. There is little doubt, however, that the feeling will pass away. In the stock markets the tone is really hopeful, while markets are firm. Trade is wonderfully good. From every great centre of industry the reports are to the same effect, that never has the trade of the country been so large or so prosperous. There is, therefore, a very hopeful feeling and a general expectation that 1907 will be an even more active and more prosperous year than its immediate predecessor. The railway traffic returns and the Clearing-House returns all go to show that since the beginning of the new year trade has steadily increased. The railway dividends bear testimony, of course, more to the course of events in the second half of last year than to the immediate present. But it is hardly likely that the directors of the railway companies would have increased their dividends if they did not feel that they would be able at least to maintain those dividends. And the announcements made up to the present show general advances in dividends ranging from ¼ to ½%.

Over and above this, the chairmen, at the half-yearly meetings of shareholders of the banks, are for the most part giving assurances that each one recognizes the necessity for increasing the bank reserves, and that each one, therefore, is willing to do what is reasonable. All, however, are opposed to legislation. All declare that the banks in agreement with the Bank of England will make all the necessary arrangements and before very long introduce a plan which will insure the keeping of much larger reserves in the future. All this tends to reassure the public, especially as the gold production is increasing so enormously, and as the prospect now is that everybody in South Africa realizes the necessity for retaining the Chinese labor, that consequently the production of gold will continue to increase, and that there will be a steady recovery in South African values. Furthermore, there is an earnest belief that the Chancellor of the Exchequer will be able to give relief to the tax-payers in the coming Budget.

The hope is growing that the directors of the Bank of England will soon be able to put down their rate of discount to 4%. Below that nobody ventures to anticipate that the rate will be reduced; at all events until April. Whether it will be put down to 4% depends mainly upon the course of events in New York. As already said, the best opinion in the city is that the liquidation in New York is nearly ended; that therefore there will be comparatively little gold shipped to New York, and that consequently the Bank of England will have to consider in shaping its course only the demands for South America. The Indian Government, it is true, is selling drafts upon India in enormous amounts—at the rate of over a crore a week. Therefore the Indian Council has the means of buying silver, and is in consequence “ear-marking” gold. But gold is now coming back from Egypt. True, the return flow is small, for, owing to the wild speculation in Egypt, the country cannot spare very much of the metal; yet the return from Egypt, in addition to the large production in South Africa and Australia, is increasing so largely the supplies coming here that nobody doubts that the Bank of England will be able to meet the demand for South America and yet to put down its rate to 4% before very long. This week only a small amount of gold has been sent to South America, none of it being on Government account. Up to the present, during the month of January, only £1,200,000 was sent at the beginning of the month and £260,000 this week, making altogether a little less than a million and a half sterling.

The India Council offered for tender on Wednesday 100 lacs of drafts, and the applications exceeded 449 lacs at prices ranging from 1s. 4 1-16d. to 1s. 4 5-32d. per rupee. Applicants for bills at 1s. 4 3-32d. and for telegraphic transfers at 1s. 4 5-32d. per rupee were allotted about 31% of the amounts applied for.

Messrs. Pixley & Abell write as follows under date of January 24:

GOLD.—Arrivals have not been large this week, but the Bank has secured the greater portion, about £200,000, after satisfying the Indian and the trade demand. The movements are as follows: £562,000 has been received in bars while £385,000 has been withdrawn for South America, the net gain being £177,000. Next week we expect £996,000 from South Africa. Arrivals—Cape, £307,000; New Zealand, £18,000; Australia, £143,000; total, £468,000. Shipments—Bombay, £122,000; Singapore, £20,000; Calcutta, £2,500; Madras, £3,500; total, £148,000.

SILVER.—The tendency for silver has been better and we have risen ¾d. during the week. The Bazaars have been large buyers and there has also been some Continental buying, while holders are less inclined to sell. The price in India is Rs. 80½ per 100 Tola. Arrivals—Australia, £14,500; New York, £152,000; New Zealand, £2,000; total, £168,500. Shipments—Bombay, £28,400; Port Said, £600; Chittagong, £1,000; Calcutta, £42,500; total, £72,500.

MEXICAN DOLLARS.—There have been some further transactions in the se coins at their melting value.

DIVIDENDS.

We have changed the method of making up our weekly list of dividends. Heretofore our record has included only the dividends announced each week, but for the convenience of our readers we now enlarge the scope of the compilation so as to show also dividends previously declared, but the date of payment of which has not yet arrived. In the new form the statement indicates all the dividends announced for the future by all large or important corporations.

Dividends announced this week are printed in italics.

Table of dividends for various companies, including Railroads (Steam), Street Railways, and Miscellaneous. Columns include Name of Company, Per Cent., When Payable, and Books Closed Days Inclusive.

a Transfer books not closed. b Five per cent declared, payable in two installments. c Nine per cent declared for year, payable in quarterly installments. d On account of deferred payments. e Also 1 1/2% declared, payable June 20.

Auction Sales.—Among other securities the following, not regularly dealt in at the Board, were recently sold at auction:

Statement of New York City Clearing-House Banks.—The following statement shows the condition of the New York City Clearing-House banks for the week ending Feb. 2. It should be distinctly understood that as to all items except capital and surplus, the figures are the averages of the daily results, not the totals at the end of the week. In other words, in reporting loans and deposits and holdings of specie and legal tenders, the practice is to take the aggregate of the amounts for the several days of the week and divide this aggregate by the number of days.

We omit two ciphers (00) in all cases.

Wall Street, Friday Night, Feb. 8 1907.

The Money Market and Financial Situation.—A considerable portion of the limited amount of business reported at the Stock Exchange this week has evidently been the result of professional operations by board-room traders. No doubt the storm and subsequent condition of the streets had a tendency to restrict the volume of business during the early part of the week.

Prices moved irregularly and generally within narrow limits until Thursday, when a firmer tone prevailed; but the character of the operations remains practically unchanged and the absence of outside interest in the market continues to be a conspicuous feature.

The Bank of England reports a larger percentage of reserve, the latter being now within a small fraction of 50. The local money market continues easy, although call loan rates were temporarily run up to 6% before the close of business to-day. The close, however, was at 4½%. A hope that favorable currency legislation will be enacted before Congress adjourns is entertained in some quarters. As to the need of such, there is no difference of opinion in financial circles.

Although, as is well known, foreign exchange is selling at a point at which gold may be imported, only about \$1,000,000 has been reported engaged this week for shipment from London to this port.

The open market rates for call loans on the Stock Exchange during the week on stock and bond collaterals have ranged from 2 to 6%. To-day's rates on call were 2¾@6%. Prime commercial paper quoted at 5¾@6¼% for endorsements and 5¾@6¼% for best single names.

The Bank of England weekly statement on Thursday showed an increase in bullion of £1,224,645; the percentage of reserve to liabilities was 49.66, against 48.31 last week.

The discount rate remains as fixed Jan. 17 at 5%. The Bank of France shows an increase of 700,000 francs in gold and 150,000 francs in silver.

Charleston selling, \$1 per \$1,000 premium. New Orleans bank, 60c. per \$1,000 discount; commercial, 85c. per \$1,000 discount. Chicago, par. St. Louis, 10c. per \$1,000 discount. San Francisco, 50c. per \$1,000 premium.

State and Railroad Bonds.—Sales of State bonds at the Board are limited to \$10,000 Virginia 6s deferred trust receipts at 20 and \$3,000 Tennessee settlement 3s at 95½.

The transactions in railway and industrial bonds steadily increased from about \$1,500,000 par value on Monday to over \$2,000,000 later in the week, and in a few cases there has been some slight advance in values.

The various Japanese issues dealt in here have been more active than usual, and a few industrials have been more or less conspicuous in the week's transactions. Atchison convertibles, Brooklyn Rapid Transit, Rock Island, Interboro-Metropolitan and Distillers' Securities' Corporation issues have been the relatively strong features.

United States Bonds.—Sales of Government bonds at the Board include \$5,000 4s, coup., 1925, at 129¼ to 129½, \$6,000 4s, reg., 1925, at 129½, \$2,000 3s, coup., 1908-18, at 102¾, and \$20,000 2s, reg., 1930, at 105¾. Railroad and Miscellaneous Stocks.—Transactions in the stock market have been on a much smaller scale and the trend of prices has been, for the most part, in the opposite direction from that reported last week. The market was steady during the early part of the week, however, but on Thursday the tone became decidedly strong, and the upward movement carried practically the entire active list from 2 to 4 points higher than last week's close. To-day's market showed a tendency to react and in many cases closing quotations are fractionally lower than last night.

There have been very few exceptional features. Great Northern declined over 5 points early in the week and has only partially recovered. Missouri Pacific is the only other active railway stock that shows a net loss. Atchison, Anaconda Mining and Granby have been notably strong. The latter advanced over 20 points and Anaconda 15½ points within the week. Both close near the highest. Otherwise the active list falls within the limits first mentioned.

For daily volume of business see page 331.

Outside Market.—The market for unlisted securities has shown a tendency toward improvement and in some instances prices have made noteworthy advances. The general tone has been good, and while mining stocks, as usual, have received the most attention, trading in industrials has been well diversified. Butte Coalition was a prominent feature, the stock going down in the early part of the week from 35¾ to 34¼; but later it ran up to 39. The close to-day was at 38¼. United Copper common was also conspicuous, first moving up from 70 to 72½, then back to 71, and to-day advancing to 74¾. The close was at 73¾. Davis-Daly Estates from 17½ rose to 19, fell back to 17½ and to-day moved up again to 18¾, the close being at 18. Utah Copper sank from 35 to 33½ but subsequently displayed decided strength, rising sharply to 39¼. The close showed a reaction to 38½. Greene Consolidated Copper advanced from 30¼ to 32 and ends the week at 31½. Nevada Consolidated Copper lost a point to 17, but recovered finally to 17½. Tennessee Copper moved up from 47 to 48, dropped to 46¾ and to-day sold back to 48. Douglas Copper, after declining from 135¾ to 127½, advanced to-day to 153¾. Trinity Copper dropped from 39 to 36, subsequently recovering to 37¼. Newhouse moved up from 16¾ to 19½ and then eased off to 18¾. In the specialties, American Can stocks ruled strong, the common advancing from 4¾ to 6½ and the preferred from 50 to 55¼. Standard Oil moved up from 515 to 538. Consolidated Rubber Tire common rose from 4½ to 7 and the preferred from 15 to 20½. International Salt dropped from 19 to 15. Waterbury Company went up from 46¾ to 47¾, reacting to 47½. Chicago Subway advanced from 28½ to 31¾ and ends the week at 30¼.

RAILROAD GROSS EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from July 1 to and including such latest week or month. We add a supplementary statement to show the fiscal year totals of those roads whose fiscal year does not begin with July, but covers some other period. The returns of the street railways are brought together separately on a subsequent page.

Net Earnings Monthly to Latest Dates.—The table following shows the gross and net earnings of STEAM railroads reported this week. A full detailed statement, including all roads from which monthly returns can be obtained, is given once a month in these columns, and the latest statement of this kind will be found in the issue of Jan. 26 1907. The next will appear in the issue of Feb. 23 1907.

(Report for Fiscal Year ending Dec. 31 1906.)

President Carter at the annual meeting on Jan. 31 said:

Earnings.—The gross earnings from passenger traffic increased during 1906 4.44% and the net earnings decreased 11.9% or \$78,679. The decrease in net earnings was due to four principal causes: increase in taxes, in wages and in the price of materials and supplies, increased competition of the surface lines on the short distances, cost of operation during construction, cost of operating short portions of new lines. The increased competition is thought to be felt as much as it will be, and the new construction will soon be completed. The policy of maintaining the road and equipment in the best order from earnings has been strictly adhered to.

Construction.—The iron-workers' strike, which lasted 228 days, embarrassed the company in its new construction very much. The amount lost in interest alone was \$158,000. Since May 23 1906 a large amount of work has been accomplished, resulting in the completion of the third track, only excepting the straightening of the objectionable curve which we have so long desired to remove at Twelfth Street; this will be completed in about six weeks; the completion of the new steel constructed yard at 61st street, the completion of the Englewood main, or westerly line, and such substantial progress on the south branch, Englewood, that our Chief Engineer believes we will have that work finished by July 1. The Chicago Junction RR. is progressing rapidly with its elevation, and its Chief Engineer hopes to turn over ready for operation the east line to Lake Michigan in the early summer and the stock yards line in the autumn of this year. We feel sure that the whole construction, including many necessary and valuable additions, will be finished within the amount of the bond issue. This, of course, could not be done at present prices, but the principal contracts were made at the comparatively low prices of 1904.

The progress made with the Englewood main line is encouraging. In addition to the three stations opened last year, the station at Harvard Ave. and 63d Street was opened in November; Parnell Ave. and Halstead St. stations were opened in December and are doing well. Centre Ave. station and Loomis St. station will soon follow. The south branch, Englewood, is now being erected, and we hope to open 65th, 67th and 69th street stations successively in the spring, and to have them all in service by July. The express service and the through local trains to Englewood are well patronized.

Outlook for business on New Lines.—The new lines, when completed, will have eight stations on the main line, Englewood; three stations on the south branch, Englewood; five stations (two of these double) on the east line of the Junction RR., and seven stations on the stock yards line. A very modest patronage of these stations will amply take care of interest and present dividends. One thousand passengers per day each way per station will suffice. As the six stations now open average 1,100 passengers per day each way per station, and three of these have been open less than two months, we look confidently forward to the outcome. Similarly situated stations on the old lines are patronized by 2,000 to 5,000 passengers per day each way. The population is more dense on the new lines than on the old ones.

The earnings, charges, balance sheet, &c., are given below:

Northern Ohio Traction & Light Company.

(Report for Fiscal Year ending Dec. 31 1906.)

President H. A. Everett says in substance:

Earnings.—The gross revenue of the combined properties of the company from all sources shows an increase for the year 1906 of \$150,370, or 9.68%, and the net surplus over operating expenses and fixed charges was \$213,323.82, as against \$182,636.79 for 1905, showing an increase of \$30,687, or 16.8%. The total gross revenue from the railway increased \$146,033, or 10.2%, and the average earnings per mile of track from all divisions was \$7,885, as against \$7,209 for the year 1905. Gross revenue from lighting increased \$4,337, or 3.55%.

Bonds, &c.—The bonded debt Dec. 31 1906 is \$10,385,000, as follows:

Outstanding.		Outstanding.	
A. B. C. RR. Co. 5%	\$300,000	Lakev. Land & Imp. 5%	\$65,000
Nor. Ohio Traction Co. 5%	2,700,000	Canton-New Phil. Ry. 5%	565,000
N. O. T. & L. Co. 5%	1,000,000	Tuscarawas RR. Co. 6%	100,000
N. O. T. & L. Co. 4%	1,800,000	Tuscarawas Electric Co. 5%	100,000
Canton & Massillon 5%	850,000	Canton-Akron Con. Ry. 5%	1,025,000
Canton-Akron Ry. 5%	1,150,000	N. O. T. & L. 3-yr. notes,	
Canton-Akron Ry. 2d 5%	300,000	6%	430,000

In addition, the company has \$170,000 of 6% 3-year notes and \$200,000 4% bonds which have been certified by the trustee. It has also the right to issue \$143,000 additional bonds for money expended for additions, improvements and betterments during 1906. The company also has the following bonds which have been delivered to the trustee as collateral to the \$600,000 issue of 3-year notes:

N. O. T. & L. Co. 4% bonds	\$400,000
Canton-Akron Cons. Ry. 5% bonds	335,000
Akron Wadsworth & Western Tr. 1st mort. 5% bonds	200,000

This leaves \$962,000 in N. O. T. & L. Co. 4% bonds and \$635,000 in Canton-Akron Consolidated 5% bonds to be hereafter certified and issued for property that may be hereafter acquired or for improvements and betterments on existing lines.

The company has no floating debt excepting only accruing payrolls and vouchers.

Dividend.—In consideration of accumulated earnings for stock to the amount of \$619,636 re-invested in additions and betterments, a dividend of 2% was declared from the surplus earnings of 1905, at the rate of 1/2 of 1%, payable June 15, Sept. 15 and Dec. 15 1906 and March 15 1907.

Purchase of Canton Properties.—During the early part of the year negotiations were commenced by Mr. J. R. Nutt, Treasurer of this company, for the purchase of the Canton-Akron Ry. Co., Canton-New Philadelphia Ry. Co. and Tuscarawas Traction Co. from the Tucker-Anthony syndicate of Boston. After several months of negotiations, the deal was finally consummated whereby this company came into actual possession of the above properties on Oct. 1 1906. The companies referred to had a total mileage of 97.44 miles, consisting of interurban and city lines. The interurban lines operate from Akron to Uhrichsville and the city lines operate in Canton and Massillon.

Track Mileage.—With the above consolidation, this company owned and operated at the close of the year 1906 (exclusive of Wadsworth extension, not yet completed) 204.12 miles of track (main line 200.12 miles and car barns and storage yards 4 miles).

In addition the company is constructing, and expects to have in operation by March 1, an extension of its present Barberton line to the village of Wadsworth, a distance of 6 miles, built on private right of way.

Improvements.—In Akron an improvement has just been completed known as the Mill Street viaduct, which obviates the crossing of nine steam roads at grade. On the Kent, Ravenna and Barberton divisions extensive improvements have been completed in the way of paving and the renewal of ties and rails. On the A. B. C. division the company has double-tracked its lines through the village of Bedford, 1 1/2 miles, including paving, and in return the village granted us a renewal of franchise for 25 years. On this division improvements have also been made by the elimination of grades and curves, and by the renewal of several bridges and culverts and the replacing of about 5,000 ties with 6x8-8 ft. white oak standard railroad ties.

At the power-house in Akron the following additional units have been installed and placed in operation: One 1,500 k. w. A. C. turbine generator, one 1,000 k. w. motor generator, one 300 k. w. motor generator, one storage battery plant for Kent-Ravenna division, and one storage battery plant for the A. B. C. division. Additional electrical machinery consisting of 2,350 k. w. rotaries has been installed in the sub-station at Barberton also a high-tension line from our power plant in Akron to the sub-station at Barberton, about 7 miles.

Contracts have also been made for three additional rotaries and one storage battery for the purpose of having reserve power and also with a view of discontinuing the operation of the expensive power plants at Midvale, Ohio. With the addition of the above machinery in our various power plants, we expect to be able to show great economy in operation.

Rolling Stock.—The rolling stock and electrical equipment have been maintained in first-class condition. Contracts have been made for the addition of 25 cars, including equipment, these cars to be delivered during the current year.

Parks.—During the year the company secured a new lease for what is known as Lakeside Park in Akron for a term of 10 1/2 years from July 1 1906, and closed the contract for the replacement of the old theatre with a new building of double capacity. The company acquired an additional park at Canton, known as Meyers' Lake Park, containing about 272 acres, which is also supplied with a good, first-class, up-to-date theatre, including all such necessary buildings, &c., as add to the attractiveness of the place.

Limited Service.—The company has been operating for the year 1906 a limited service between Akron and Cleveland, and upon the acquisition of the Canton-Akron system placed an additional limited service between Canton and Cleveland.

Light Department.—We have contracted for the purchase of new arc lamps for street lighting in Akron. These lamps are known as the Magnatite arc lamp, and are guaranteed to give 30% more light than the lamps now in operation. We expect considerable saving in our operating expense by reason of this installation. At the close of the year we were furnishing Akron and Barberton with 462 city arc lamps for street lighting, and had installed in those cities 45,000 incandescent lamps.

Notwithstanding the strong competition in Akron and Barberton with natural and artificial gas, which is being furnished at 30c. per 1,000 feet, you will notice by the statement that this branch of the business increased for the year 1906.

Commencing Jan. 1 1907, the company adopted what is known as the two-rate system of charging for electricity under which 12c. per unit is charged until a use has been made equivalent to burning all the lamps connected to the meter 30 hours in each month; after this consumption the rate will be 5c. per unit for all additional electricity used in any one month. While this two rate system will reduce the price of electricity, we feel satisfied that this will be overcome by the additional business we will be able to secure, and, further, will eliminate to a considerable extent any desire for competition with our company.

Right of Way.—The policy adopted several years ago, to abandon tracks on highways and place them upon private right of way, has been carefully followed during the past year and plans are now being prepared for a greater change in the future.

Stockholders.—The company has 459 stockholders of record, an increase of 56 over the year 1905.

Outlook.—We feel that the business for 1907 will continue to show large increase over the past year.

Description of Property.—The company has a total of 204.12 miles of track; 73.71 miles are double and 130.41 miles are single. Of the total mileage, 51 miles are on private right of way, 16 miles are on perpetual rights and 137.12 miles are on franchises that have an average of about 17 years to run.

Weight	Character of Rails.				
	73-lb.	56-lb.	50-lb.	70-lb.	80-lb.
Miles	54.12	42.78	14.00	35.00	21.82
Shape	Girder	T	T	T	T

The company has traffic arrangement with the Cleveland Electric Ry. Co. for the operation of its cars from the city limits to the Public Square, Cleveland. The Stark Electric RR. Co. has a traffic arrangement with this company whereby it operates its cars to the Public Square in the centre of Canton.

The company has a total of 250 cars, 66 of which are double-truck interurban cars, 38 double-truck city cars, 136 single-truck cars used on the city lines, besides several baggage and work cars and 7 snow plows and sweepers.

In addition to its railway franchises, the company has perpetual rights in both Akron and Barberton for furnishing arc and incandescent lights and has contracts with both cities for all the arc lights used, necessary for lighting the streets.

The power-houses are located in Bedford, Cuyahoga Falls, Akron, Barberton, Canton and Midvale, with sub-stations located near Untontown, New Berlin, Massillon, Beach City and Canal Dover.

At Midvale the company owns and operates a coal mine, furnishing coal for the power-house located at this point. Also owns about 60 acres of coal land and a quantity of mining accessories. The company in addition owns all the coal underlying in 1,011 acres situated in Buffalo Township, Noble County, Ohio.

The population served by the company's lines is about 701,500, as follows:

Cleveland	500,000	Ravenna	6,000	Strasburg	1,000
Bedford	2,500	New Berlin	2,000	Canal Dover	6,000

American Can Company.

(Report for Fiscal Year ending Dec. 31 1906.)

President W. T. Graham says in substance:

The year 1906 was an eventful one with your company and brought in both favorable and unfavorable conditions, the favorable predominating, because the developments in that direction are lasting, while the unfavorable were passing incidents, unforeseen and unavoidable, and only temporarily interfering with your earnings.

The San Francisco disaster put the two largest and one smaller Pacific Coast factory out of operation, and of the three two were totally destroyed by the fire that followed, not only occasioning a large direct loss, which has been charged off, but a heavy loss through interruption to the natural course of business that cannot be estimated. Shipments were made against contracts for Pacific deliveries through the active season of the year from Eastern factories, to supply customers with goods, thus saving their business from interruption and loss, but entailing large extra expense and a material loss on this part of the business of your company that would otherwise have netted a profit. No other company had or has the facilities to meet such conditions and the prestige gained may compensate us in the future for the immediate loss.

Good progress in systematizing and organizing the several departments of the business has been made since your last annual meeting. Cost accounting has been improved and has become an efficient and correct guide.

Expenditures for new factories and improving old ones are shown to have been justified by results, so far as they have been completed and put into operation, both in respect to meeting the requirements of an increasing trade and reducing the cost of manufacture. The factories replacing the two at San Francisco and one at St. Paul, which were destroyed by fire, and new ones at New Orleans and Savannah, are nearing completion and will be in operation this spring. Another factory has been authorized at New Castle, Pa., and is partly under contract. All of these are necessary to properly and economically care for the increasing business.

In addition to \$184,327 written off for depreciation, there has been expended during the year and charged to operating cost as expended, \$420,582 in maintaining and \$99,757 in bettering the physical condition of your factories.

The volume of business for 1906 was greater and expenses were less than in any previous year, and these conditions promise to hold good through 1907.

The results from operations for the year ending Dec. 31 1906 and the 9 months ending Dec. 31 1905 and the years ending March 31 1905 and 1904 compare as follows:

GENERAL INVESTMENT NEWS.

RAILROADS, INCLUDING STREET ROADS.

Atchison Topeka & Santa Fe Ry.—*Issue of New Securities Awaits More Favorable Conditions.*—No action was taken at the meeting of directors this week regarding the issue of new stock or bonds under the recent authorization, and it is thought probable that such issue will be deferred for three or four months unless there is a decided change in money conditions.—V. 84, p. 269, 219.

Bangor (Me.) Railway & Electric Co.—*New Stock.*—This company has filed a certificate of increase of capital stock from \$1,250,000 to \$1,500,000.—V. 82, p. 1155, 333.

Canadian Pacific Ry.—*Sale of Preferred Stock.*—An official telegram from Montreal, replying to our inquiry as to the accuracy of the reported sale in London of a block of 4% non-cumulative preferred stock amounting to \$7,500,000 (another account had it \$6,250,000) says: "The company had a bid, which was accepted, of 101 and interest, London, but for a lesser amount than that mentioned (\$7,500,000). For other information, see last annual report." (V. 83, p. 500. The New York equivalent of this London price is about 98¼.—Ed.)—V. 83, p. 1098.

Chicago & Alton RR.—*Called Bonds.*—Nineteen (\$19,000) Mississippi River Bridge Co. bonds will be paid April 1 1907 at the office, No. 120 Broadway.—V. 84, p. 157.

Chicago City RR.—*New Company.*—The company was incorporated at Springfield, Ill., on Jan. 7 with a nominal capital stock (\$100,000) as a holding company for the North and West Chicago Street Railway lines in the event of the Union Traction Co. failing to accept or proceed under the terms of the traction settlement ordinances.

The new company was formed to meet the objectionable part of the charter of the Chicago City Railway, which does not permit it to extend its operations across the river. The incorporators are all employees of the Chicago City Railway Co. The capital stock is divided equally among T. E. Mitten, President of the Chicago City Railway Co.; Edward Morris the packer, and John P. Wilson, counsel for the Chicago City Ry. T. E. Mitten, President of the Chicago City Ry., is President, and R. B. Hamilton, Mr. Mitten's private secretary, is Secretary and Treasurer.

Chicago City Ry.—*Settlement Ordinance Passed.*—See Chicago Union Traction Co. below and Chicago City RR. above.—V. 83, p. 491.

Chicago Rock Island & Pacific Ry.—*Sale of Equipment Notes.*—Speyer & Co., New York, have purchased, and largely resold, \$6,500,000 equipment 4½% notes secured by equipment costing (about) \$7,400,000, towards which the railway company pays in cash (about) \$900,000, and will issue its equipment notes for the balance, \$6,500,000. These notes are a direct obligation of the railway company (old company), are dated Feb. 1 1907, coupon in form, in denominations of \$1,000 each, interest payable semi-annually. The issue matures in 20 semi-annual installments of \$325,000 each, from Aug. 1 1907 to Feb. 1 1917. Until all the notes have been paid, the title to the equipment remains in the vendors, with ample powers in the Bankers' Trust Co. (New York), trustee; for the protection of the note-holders. The equipment follows:

30 consolidation locomotives; 20 switching locomotives; 65 cars for passenger service; 2,550 steel underframe freight cars; 1,900 steel-frame hopper cars and dump gondolas; 550 ballast cars, caboose and furniture cars.

A Philadelphia firm is offering a block of the notes on a 5½% basis.—V. 84, p. 219, 157.

Chicago Union Traction Co.—*Settlement Ordinances Passed by City Council—Referendum.*—The City Council on Feb. 5 by a vote of 56 to 13 passed the Chicago Railways (Union Traction) and Chicago City Ry. ordinances providing for a settlement of their relations with the city. Neither ordinance becomes effective unless a majority of the votes cast thereon at the election on April 2 are in the affirmative nor unless the company affected shall file within 90 days from the date of passage "penal bonds and formal acceptance of the ordinance." It is generally expected that Mayor Dunne will veto the ordinances, but that they will be passed over his veto.

The franchises are without any fixed period of duration, the city having the right to purchase on six months' notice the properties at 15% above the valuation of \$29,000,000 and \$21,000,000 respectively for the Union Traction and Chicago City respectively (see V. 83, p. 1523) and the cost of improvements incurred in the rehabilitation scheme. The purchase can only be made within 20 years for municipal operation, and if made for parties other than the city 20% is to be added to the price agreed to be paid by the city. If purchased after the expiration of 20 years the roads may be used for municipal operation or otherwise as desired. Universal free transfers are to be given with the usual 5-cent fares.—V. 83, p. 1523.

Cleveland Cincinnati Chicago & St. Louis Ry.—*Rumor of Notes.*—The story that a note issue is impending is not confirmed, though credited by some.—V. 84, p. 270, 155.

Cleveland Southwestern & Columbus Railway Co.—*New Name.*—See Cleveland & Southwestern Traction Co. below.

Cleveland & Southwestern Traction Co.—*Consolidation—New Name.*—This company, which recently arranged to consolidate with the Cleveland Ashland & Mansfield and the Ohio Central, per plan in V. 83, p. 1590, will, it is announced,

change its name to the Cleveland Southwestern & Columbus Railway Co., a line to Columbus being projected, probably through the purchase of the Columbus Delaware & Marion, negotiations for which are said to be pending. The officers are:

President, F. T. Pomeroy; Vice-President, A. E. Akins; Second Vice-President, S. C. Smith; Secretary, E. F. Snyder; Treasurer, J. O. Wilson, and Assistant Treasurer, H. B. Cavanaugh; General Manager, C. N. Wilcoxson.—V. 83, p. 1590, 1228; V. 84, p. 157.

Columbus (O.) Railway & Light Co.—*Earnings.*—No annual report is issued, but the local newspapers in their report of the annual meeting give as follows the earnings for the calendar year 1906:

Year.	Gross.	Net.	Charges.	Div. (2%).	Bal. sur.	Renewals.	Tot. sur.
1906.	\$1,931,038	\$784,667	\$477,402	\$100,000	\$107,265	\$69,419	\$123,278
1905.	1,798,463					85,432	

The number of revenue passengers carried for the year was 42,329,204; transfer passengers, 11,600,432; total passengers, 53,929,636, an increase of 4,045,656 over 1905. [Something is said about the charges including some \$67,000 on account of renewals, but whether it means that such an item is embraced in the \$477,402 as above does not certainly appear.—Ed.]

Lease.—The shareholders on Jan. 30 approved the proposition to take over the Central Market lines, now owned by the Columbus Traction Co. under a 50-year lease with right of renewal. The traction company has outstanding \$500,000 common stock and \$250,000 of its \$500,000 preferred, all held "for the time being" by the Columbus Railway & Light Co. W. B. Jackson in the "Ohio State Journal" says:

The preferred stock is to be paid dividends at the rate of 1¼% quarterly on the common stock dividends of 1% are to be paid in January and July 1908 and January 1909; 1½% in July 1909 and January 1910; 2% in July 1910 and January 1911; thereafter 1¼% quarterly. The Columbus Railway & Light Co. does not assume the payment of the Central Market bonds, but only the interest charges of \$25,000 a year on them.—V. 84, p. 51, 157.

Columbus (O.) Traction Co.—*Lease.*—See Columbus Railway & Light Co. above.—V. 84, p. 51.

Danville Urbana & Champaign Ry.—*Guaranteed Bonds Offered.*—Baker, Ayling & Co., Boston, Philadelphia and Providence, are offering at 100 and interest, netting 6%, the \$328,000 6% serial bonds dated 1905, secured by second mortgage, and guaranteed principal and interest by Illinois Traction Co. These bonds mature in annual installments of \$50,000 each on Jan. 1 from 1908 to 1913, both inclusive, and the remaining \$28,000 on Jan. 1 1914.

Earnings of Illinois Traction Co. for Calendar Year 1906.

Gross	\$3,013,197	Bond interest	365,340
Operating exp. and taxes	1,651,155	Dividends, 6% preferred	196,458
Net	\$1,361,952	Surplus	\$509,134

Compare V. 81, p. 264.—V. 83, p. 435.

Delaware & Hudson Co.—*Guaranteed Loan.*—The loan reported to have been made by the United States Mortgage & Trust Co. to the Delaware & Hudson Co. was in fact made to the Quebec Montreal & Southern Ry. Co. to pay for the road and for the purpose of new construction and equipment already under contract. This is the property recently acquired by the Delaware & Hudson Co. "which will give that company the shortest and best line between New York and Montreal, New York and Quebec and Montreal and Quebec." The loan was made for these purposes exclusively and was guaranteed by the Delaware & Hudson Co. There is no other security and no notes are issued. It is simply a loan for \$6,000,000 as required during the year at a rate slightly less than 6%.—V. 84, p. 158, 51.

Detroit & Port Huron Shore Line Ry.—*Securities Pledged.*—See Detroit United Railway below.—V. 75, p. 134.

Detroit (Mich.) United Ry.—*Collateral Trust Notes Offered.*—William Salomon & Co. and Kean, Van Cortlandt & Co., both of New York, are offering at 95½ and interest the \$2,000,000 3-year 5% collateral trust gold notes of \$1,000 each (e.*), dated Feb. 15 1907 and due Feb. 15 1910, but redeemable at par and interest on any interest date upon thirty days' notice. Interest payable Feb. 15 and Aug. 15. Trust Company of America, New York, trustee. These notes are secured by collateral conservatively estimated to be worth \$2,891,900, viz.:

\$100,000	Detroit & Port Huron Shore Line preferred stock.
1,899,200	Detroit & Port Huron Shore line common stock for which the Detroit United Ry. paid \$1,500,000.
125,000	Detroit & Port Huron Shore Line first mortgage 5% bonds.
100,000	Detroit & Lake St. Clair first mortgage 5% bonds.
1,400,000	Detroit United Ry. consolidated 4½% bonds.

(Consol. 4½s. authorized \$25,000,000, of which outstanding, \$11,367,000; reserved to retire divisional bonds, \$9,020,000; reserved for improvements, &c., can only be issued at the rate of 75% of actual cost of extensions, betterments or improvements, \$4,613,000.)

Report.—The combined results of the Detroit United Ry., Rapid Railway System and the Sandwich Windsor & Amherstburg Ry. compare as follows:

Year—	Gross.	Net.	Op. Inc.	Charges.	(%) Dividends.	Bal. sur.
1906..	\$6,063,183	\$2,344,561	\$58,758	\$1,243,273	(5) \$625,000	\$535,046
1905..	5,125,563	2,084,040	44,076	1,113,293	(4½) 562,500	452,323
1904..	4,541,805	1,778,713	42,777	1,075,786	(4) 500,000	245,704
1903..	4,386,975	1,772,998	38,863	1,000,001	(4) 500,000	311,861

Status of Franchises.—The following has been furnished explanatory of the franchise situation:

The franchise which has been discussed in Detroit this year is that of the old Detroit Citizens' Street Ry., which expires in 1909. This franchise, however, does not extend beyond the old city limits, which were of narrow extent 20 years ago, when the franchise was granted. As a large majority of the population lives in the suburbs, it is evident that they will not be able to reach their destinations without transferring to lines owned by the present company, and paying double fares. This will be an extremely strong argument in favor of renewing that part of the Detroit United franchises (63.8 miles) which expires in 1909. Other portions of the route on which franchises expire within the next 8 years are favorably complicated by overlapping franchises and by the existence of franchises in adjacent parallel streets, which would enable the Detroit United to compete destructively with any concern entering the field, since the latter would have no through communications, but could only operate disconnected lines.—V. 84, p. 270, 51.

Evansville & Southern Indiana Traction Co.—Bond Issue.—This recent consolidation has filed a mortgage to the Trust Co. of North America, Philadelphia, as trustee, to secure an issue of \$4,000,000 5% 30-year bonds, a portion of which can be issued only upon retirement of the bonds of the constituent companies—the Evansville Electric Ry. Co. and the Evansville Princeton & Vincennes Traction Co.—V. 84, p. 158.

Great Northern Ry.—Possible Note Issue.—Rumors are current that the company is considering the advisability of issuing a block of perhaps \$25,000,000 notes shortly after a decision is handed down in the stock issue case by the appellate court. This decision is expected in the near future.—V. 84, p. 220, 158.

Hagerstown (Md.) Ry.—New Stock.—The stockholders have voted to increase the capital stock from \$200,000 to \$1,000,000, to provide for extensions, additions, &c. See page 46 of "Street Railway" section.

Henderson (Ky.) City Ry.—Sale Ordered.—At Henderson, Ky., on Feb. 4 Judge J. W. Henson, in the Henderson Circuit Court, entered an order directing the Master Commissioner to sell the property at auction, it is said, on Feb. 18. Upset price \$80,000. A special dispatch to the "Louisville Courier-Journal" says: "J. H. Lyne, the former proprietor, took a mortgage for \$59,500, and it was by him that the present suit was instituted."—V. 83, p. 380; V. 78, p. 1497.

Hocking Valley Ry.—New Issue Car Trusts Offered.—William Salomon & Co., New York, are offering at prices to yield the investor 5%, the unsold portion of a new issue of \$960,000 4% gold equipment obligations of \$1,000 each (c*), series B of 1907, principal and interest payable in New York City, dated Feb. 15 1907, interest Feb. 15 and Aug. 15; principal due in semi-annual installments of \$48,000 each from Aug. 15 1907 to Feb. 15 1917 inclusive.

These obligations will be issued for the payment of 1,000 steel gondola coal cars of 50 tons capacity, costing \$1,200 each. Of the purchase price, \$240,000 will be paid partly in cash and partly in material at cost to it, by the Hocking Valley Ry. Co., and the remainder from the proceeds of these obligations. Until delivery of the cars, the cash proceeds of the obligations remain on deposit with the Lincoln Trust Co., trustee, to be applied to such payment when due and the title to the cars remains with the trustee until all obligations are paid.

The \$458,000 4% equipment trust gold notes, series A, dated Feb. 1 1907, referred to last week (V. 84, p. 271) were purchased from the company by Brown Brothers & Co. of New York, who are offering them for sale.

These notes are a direct obligation of the railway company, and are secured by 500 steel under frame drop bottom gondola coal cars of fifty tons capacity, constructed by the Ralston Steel Car Co., the cost of which, fully equipped with air brakes and M. C. B. couplers, aggregates \$573,000. Denomination \$1,000 (c*). Interest payable Feb. 1 and Aug. 1. United States Mortgage & Trust Co. of New York, trustee.—V. 83, p. 271.

Huntingdon & Broad Top Mountain RR. & Coal Co.—Earnings.—For the year ending Dec. 31:

Year.	Gross.	Net.	Charges.	Prof. Dividends.	Bal. sur
1906	\$841,349	\$312,305	\$116,190	(7%) \$140,000	\$56,115
1905	797,467	353,153	106,190	(5½%) 110,000	136,963

—V. 82, p. 1207.

Illinois Central Traction Co.—Earnings.—Julius Christensen & Co., Philadelphia, Pa., in offering a block of first mortgage 5% sinking fund gold bonds (compare V. 82, p. 804), guaranteed by Illinois Traction Co., report:

Earnings of Illinois Central Traction Co. for Calendar Years.

Year—	Gross.	Expenses & Taxes.	Net.	Bond Interest.	Balance Surplus.
1906	\$229,691	\$126,201	\$103,490	\$65,000	\$38,490
1905	178,481	85,932	92,549	65,000	27,549

Compare Danville Urbana & Champaign Ry. above.—V. 82, p. 804.

Indiana Columbus & Eastern Traction Co.—Listed in Philadelphia.—The Philadelphia Stock Exchange has listed the \$5,321,000 "general and refunding mortgage" 5% gold bonds. Compare V. 83, p. 37 —V. 83, p. 1098.

Kanawha & West Virginia RR.—Guaranteed Bonds Offered.—Megargel & Co., 5 Nassau Street, New York, are offering at par and interest a block of the first installment of \$1,000,000 first mortgage 5% gold bonds, which alone of the issue are unconditionally guaranteed as to principal and interest by endorsement by the Blue Creek Coal & Land Co., \$800,000 thereof having already been sold. These bonds are dated July 1 1905 and due Jan. 1 1955, but subject to call after Jan. 1 1908 at 105 and interest. Interest payable Jan. and July at the Scranton Trust Co., Scranton, Pa., trustee. Denomination \$1,000 (c*). Authorized, \$5,000,000. These bonds, to be issued at the rate of not more than \$25,000 per mile, are secured by a first lien on the road already built and in operation (about 35 miles) and will cover that in course of construction in like manner. The mortgage covers the entire property of the company, including twelve acres of valuable terminal property and docks in Charleston, equipment and all other property now owned or hereafter acquired. See further particulars in V. 83 p. 1524.

Kansas City Terminal Ry.—Stock.—The shareholders will meet at the office, corner of 22d St. and Grand Av., Kansas City, Mo., on March 23, for the purpose of voting upon a proposition to increase the capital stock from \$30,000,000 to \$50,000,000. John M. Egan is President and C. C. Ripley Secretary.

Acquisition.—The company has purchased the Burlington tract of 2½ acres in Kansas City. President Egan on Jan. 30 said:

This tract of land closes the purchase of real estate wanted for the depot location and approaches to same between Grand Av. and the Southwest Boulevard, and consists of 115,740.27 square feet. Consideration, \$263,822.

827 82. The officials are ready to meet with the municipal authorities and discuss any features in the last ordinance.

The terminal company, it is said, now owns practically 45 acres, which have been acquired for station purposes, between Grand Av. and Broadway, this including the holdings of the Kansas City Belt Line Co.—V. 83, p. 323, 95, 153.

Kittanning & Cowanshanock Valley Street Ry.—Receivership—Suit.—The "Pittsburgh Gazette" of Jan. 31 says:

Subscribers to the stock of the Kittanning & Cowanshanock Valley Street Ry. Co., which has been placed in the hands of a receiver, will be sued for the amount of an assessment on their subscriptions. Judge Buffington, in the United States Circuit Court, made an order yesterday allowing Walter Morris, the receiver, to enter such suits. An assessment of the stock was ordered by the United States Court some time ago, but some of the subscribers claim the stock was not to be paid for until the road was completed.

Lima & Toledo Traction Co.—Earnings, &c.—E. H. Rollins & Sons, Boston, &c., when recently offering at par and interest \$50,000 Fort Wayne Van Wert & Lima Traction Co. first mortgage 5% gold bonds dated April 1 1905 and due July 1 1930 (of which \$1,400,000 are outstanding; see V. 82, p. 691, 804), gave the following:

The Fort Wayne Van Wert & Lima Traction Co. was leased on March 1 1906 to the Lima & Toledo Traction Co., which is the owner of a road from Lima to Toledo, 18 miles of which has just been placed in operation, the balance being under construction. Under the terms of the lease, the Lima & Toledo Traction Co. guarantees the payment of the interest on the bonds and agrees to make provision for the refunding of the principal at maturity. The Lima & Toledo Co. also leases the Lima Electric Railway & Light Co. under the terms of a lease through which it converts to its own use, after the payment of certain rentals, the surplus earnings of the Lima property, which surplus earnings are available for the payment of the interest on the Fort Wayne Van Wert & Lima Traction bonds, under the terms of the guaranty.

Earnings of Lima & Toledo Traction Co. for 11 Months ending Nov. 30 1906.

Gross earnings	\$380,144	Bond and other interest	\$115,579
Operating exp. (incl. taxes)	232,953	Bal., sur. "for rental pay-	
Net earnings	147,191	ments on stock and divs."	31,612

The operating expenses include 4% of the gross passenger earnings for accident fund. Included above for the entire 11 months are the earnings of the Fort Wayne Van Wert & Lima Traction Co., which during January and February 1906 was under a former management.—V. 83, p. 38.

Long Island RR.—Decision.—The Appellate Division of the Supreme Court in Brooklyn on Feb. 1 dismissed the application of the company, as lessee of the Nassau Electric RR., for authority to construct a surface trolley road on portions of Atlantic Ave. outside of the present right of way, where necessary for turnouts to get around the approaches to the depressed and elevated sections of its steam road. The decision is based on the ground that the company, having availed itself of the provisions of the Atlantic Avenue Improvement Act, has no legal right to construct a surface trolley road on the right of way formerly occupied by the steam road. An appeal will be taken to the Court of Appeals. Compare V. 74, p. 1139.—V. 82, p. 864, 868.

Michigan Central RR.—Lease of Tunnel.—Notice is given that an application will be made to the Canadian Railway Commission for a recommendation to the Governor in Council, for the sanction of an agreement dated Dec. 19 1906, leasing the rights and property of the Detroit River Tunnel Co. to the Michigan Central RR.—V. 84, p. 271.

Milwaukee (Wis.) Electric Railway & Light Co.—New Director—No Action on New Securities.—At the adjourned annual meeting on Feb. 4 George P. Miller, of the Mutual Life Insurance Co., was elected a director, succeeding Frank G. Bigelow.

The meeting took no action on the issue of additional stock contemplated in the notice sent out by the officers, but adjourned subject to call. Compare V. 84, p. 102, 221.

Mobile Jackson & Kansas City RR.—Change of Management.—As a result of negotiations conducted by Prince Poniatowski, the President of the French Finance Corporation of America, the management and control of the Mobile Jackson & Kansas City and its leased line, the Gulf & Chicago, have been vested in a voting trust consisting of John E. Borne, President of the Colonial Trust Co., the trustees of the Gulf & Chicago mortgage; Alexander McDonald, a director of the Cleveland Cincinnati Chicago & St. Louis Ry., and B. F. Yoakum of the Rock Island system. Messrs. McDonald and Yoakum are large stockholders in the Mobile Jackson & Kansas City and the Gulf & Chicago, and it is said that through these gentlemen the funds have been provided to take care of the floating debt, understood to be something over \$1,000,000. The further fact that Mr. Yoakum will supervise the operation of the road, it is thought, indicates that the line will eventually form a part of the Rock Island system as an outlet to the Gulf.

The argument on the appeal of the company from the order vacating the receivership for the Mobile Jackson & Kansas City pending such argument has been set for a hearing in the Supreme Court of Alabama on April 3. In view, however, of the change in the management brought about by the united action of the more important interests, and the further fact that there has been no default in payment of interest, it is thought that the arrangement just made will not be disturbed.—V. 84, p. 102 99.

National RR. of Mexico.—Second Dividend.—The directors on Jan. 29 declared the second regular semi-annual dividend of 1% on the first preferred stock, payable Feb. 11 to stockholders of record Feb. 5.—V. 83, p. 1471.

New Orleans Railway & Light Co.—Maturing Bonds.—The \$125,000 New Orleans & Carrollton Railway, Light & Power Co. 2d mortgage 6% bonds Nos. 226 to 350, aggregating \$125,000, matured Feb. 1 and are being paid on presentation at the Whitney-Central National Bank, New Orleans. Compare V. 82, p. 1502.—V. 83, p. 1411.

New York Central & Hudson River RR.—Retrenchment.—At a meeting of the directors of the New York Central and several of its subsidiary lines, including the Lake Shore, the Michigan Central and the Cleveland Cincinnati Chicago & St. Louis, held on Feb. 6, the question of limiting improvement work during the current year, it is learned, was informally discussed and generally approved. A director says:

We have determined not to do more improvement work this year than we see our way clear to pay for, and this means that we have got to limit such expenditures to a much smaller amount than we would do were it possible to sell stock or bonds advantageously. The New York Central has found it impossible to interest any one in new issues of either stock or bonds, and it was for this reason that we sold \$50,000,000 of notes. We do not feel justified, however, in going far with financing of this kind, and until permanent securities can be placed to better advantage than now, we shall have to go slowly in the matter of improvement work.

We have under contract now new equipment costing all told about \$30,000,000. The recent note issue was placed principally to cover the cost of this equipment and to provide \$10,000,000 for the continuation of the work on the New York City terminal. The balance is to be used for other general purposes. The orders for new equipment we cannot cancel, nor would we cancel them if we could. We believe that it will all be needed to handle the road's traffic, but other less essential expenditures will have to be curtailed.—V. 84, p. 271, 159.

New York New Haven & Hartford RR.—Offer for Steamship Lines.—Charles W. Morse has made a proposition to purchase this company's steamship lines with a view, it is supposed, to including them in his proposed amalgamation under the title of the Consolidated Steamship Lines (V. 84, p. 53, 161, 223).—V. 84, p. 271, 221.

Owensboro (Ky.) City RR.—New Stock.—A press dispatch says that the capital stock has been increased from \$50,000 to \$150,000, all the additional stock being 6% preferred, redeemable at the option of the company at the end of five years.—V. 79, p. 270.

Pennsylvania RR.—Payment Received for N. Y. Post Office Site.—On Jan. 28 a check for \$1,660,085, drawn on the Assistant Treasurer of the United States, was received by this company's subsidiary, the Pennsylvania New York & Long Island Ry. Co., in payment for the new Post Office site on the east side of 8th Av. between 31st and 33d streets, being part of the land acquired in connection with the building of the company's terminal station for its tunnel lines into the city.

Car Trust Leases Filed Under New Equipment Trust.—The "Philadelphia Record" of Feb. 5 said:

The managers of the "Pennsylvania general freight equipment trust," the recently organized \$100,000,000 perpetual car trust, yesterday placed on record in the Recorder of Deed's office, a series of leases covering 21,878 cars, leased by the trust to the Pennsylvania and involving the first issue, under the new trust, of \$25,000,000 of certificates in series of \$1,000,000 each. These certificates represent the costs of the cars ordered for 1906 delivery. Compare V. 84, p. 221.

Rock Island Co.—Probable Acquisition.—See Mobile Jackson & Kansas City RR. above.

Notes Sold.—See Chicago Rock Island & Pacific Ry. above.

Conditions Not Favorable for Extensions.—A press dispatch from Austin, Tex., on Feb. 5 states that B. F. Yoakum, Chairman of the executive boards of the Rock Island and St. Louis & San Francisco railroads, in an authorized interview said:

We are now completing the work we have been carrying on for three years, which includes the Trinity & Brazos Valley from Fort Worth and Dallas to Houston and Galveston, the line from Houston to New Orleans including the extension of the Rio Grande Northwestern to Newton and the Gulf Coast line. (The Trinity & Brazos Valley is a joint enterprise of the St. Louis & San Francisco and the Colorado Southern. See the last-named company, V. 84, p. 270.—Ed.)

We are not contemplating any new construction, although there is some building which should be undertaken within the next few years. Money conditions are such that we shall not undertake much new work.

While the tendency has been toward a reduction of rates and some objectionable legislation has been enacted, I believe a better and more friendly feeling between the people and the railroads is being brought around.

I think we fool ourselves if we think this great rush of prosperity is going to continue forever.—V. 83, p. 1591.

Rockland South Thomaston & Owl's Head Ry.—Sale March 8.—A press dispatch from Rockland, Me., announces that under decree filed in the Supreme Judicial Court of the State on Feb. 4 this property will be sold at Rockland to the highest bidder on March 8.

The receivers are Arthur S. Littlefield, S. Thayer Kimball and Joseph E. Moore. The line to Crescent Beach was completed in the summer of 1906.—V. 83, p. 97.

St. Louis & San Francisco RR.—Proposed Consolidation.—The Congressional Committee on Indian Affairs has approved the bill authorizing the consolidation of several lines owned by this company which are not parallel and competing, as follows: St. Louis San Francisco & New Orleans, from Hope, Ark., 280 miles; St. Louis & Oklahoma City, from Sapulpa, I. T., 105 miles; St. Louis Oklahoma & Southern, from Sapulpa, 193 miles; Oklahoma City & Western, from Oklahoma City, 182 miles.—V. 83, p. 1591.

Seaboard Air Line Ry.—Extension of Collateral Notes.—The Continental Trust Co. of Baltimore gives notice, by advertisement on another page of this issue, that the holders of the \$4,665,000 "mortgage and collateral trust" 5% 3-year gold bonds, dated March 1 1904, who shall deposit the same with said trust company in Baltimore, the New York Trust Co., New York, or E. H. Rollins & Sons, Boston, on or before March 1, will receive a cash payment of \$20 on each bond and have their bonds extended until May 1 1911. All bonds not so extended will be purchased by the Continental Trust Co. on March 1 1907. President Alfred Walter gives the following facts regarding the extension:

The company is to extend the bonds from March 1 1907 to May 1 1911, with interest at the rate of 5% per annum, payable semi-annually on Sept. 1 and March 1 in each year (except that the final installment shall be interest for two months, payable May 1 1911), at the office of the New York Trust Co., the lien of said "mortgage and collateral trust agreement" dated March 1 1904, now securing the said bonds, to continue unimpaired. The

interest due March 1 1907 will be cashed at the time of the deposit of the bonds for extension, upon surrender to the Continental Trust Co. of Baltimore, Md. of the coupons due March 1 1907.—V. 84, p. 272.

Southern Railway Co.—Application to List.—The New York Stock Exchange has been requested to list \$250,000 additional St. Louis Division 4% bonds of 1951, \$800,000 additional Memphis Division first mortgage 5% bonds of 1996 and \$1,351,000 additional first consolidated mortgage 5% bonds of 1994, making the amounts listed \$12,500,000, \$6,583,000 and \$48,137,000 respectively.—V. 84, p. 221, 159.

Transcontinental Electric RR.—A Huge Project.—This company, incorporated under the laws of Maine on Jan. 3, with \$50,000,000 of authorized capital stock, recently offered in this city \$5,000,000 of its stock at \$66 per \$100 share.

According to the prospectus the main line is to run from some point in the vicinity of New York City to a point in Illinois on the Mississippi River, with a branch parallel to the Mississippi from the Gulf of Mexico to Lake Michigan. The Treasurer, J. Lloyd Halgh, has had an office at 66 Broadway.

Underground Electric Railways Co. of London.—Final Call on Stock Subscriptions.—The directors on Jan. 30 issued a call on the stockholders for the final payment of 25% of their subscriptions, making the shares full paid. Compare "Annual Reports," in V. 84, p. 104.

Union Traction Co. of Indiana.—Dividend—Correction.—The dividend paid Jan. 10, we learn, was ½ of 1%, not 1% as stated in V. 84, p. 52.

United Railroads of San Francisco.—Application to List.—The New York Stock Exchange has been requested to list \$5,409,000 additional 4% sinking fund bonds of 1927, making the total listed \$25,409,000.—V. 84, p. 104.

Wallula & Oswegatchie RR.—Judgments.—On Jan. 28 two judgments aggregating \$2,150 were entered by default against this company, with office at 143 Liberty St., in favor of Victor H. Roedelheim on assigned claims of Edward S. Farron for salary as President for 1906, \$2,030, and rent of office, \$120.

Washington (D. C.) Railway & Electric Co.—Offering of Guaranteed Bonds.—See Potomac Electric Power Co. under "Industrials" below.—V. 83, p. 97.

Westchester (Pa.) Street Ry.—Bonds Offered.—George B. Atlee & Co., 119 South 4th St., Philadelphia, are offering a block of this company's first mortgage 5% gold bonds dated August 1902 at 99 and interest. A circular says:

Bonds authorized, \$1,000,000; outstanding, \$600,000; reserved for extensions and improvements, \$100,000. Earnings for calendar year 1906: Gross, \$93,738; net, \$44,563; interest charges and taxes, \$31,258; surplus, \$13,305. For the year ending June 30 1905 the gross earnings were \$66,531.—V. 78, p. 2444.

Western Pacific Ry.—Favorable Decision.—The United States Circuit Court of Appeals at San Francisco on Feb. 4, reversing the decision of Judge Morrow, held invalid the claim of the Southern Pacific to land extending out to the present bulkhead line on the Bay of San Francisco at Oakland, Cal. The result of the decision is to afford the Western Pacific the terminal facilities it desired on the Oakland water front.—V. 83, p. 689.

West India Electric Co., Kingston, Jamaica.—Condition of Property.—The Montreal agent of this company (which operates the trolley and electric plants at Kingston, Jamaica) received the following cable from Kingston regarding the effect of the recent earthquake on the company's property: "Dam and pipe all right; principal records safe; transformer station being repaired, track being cleared to start; loss in assets comparatively small."—V. 83, p. 152.

INDUSTRIAL, GAS AND MISCELLANEOUS.

American Radiator Co., Chicago.—Extra Dividend on Common Stock.—The directors on Feb. 5 declared, with the usual quarterly dividend of 1¾% on the \$3,000,000 preferred stock, payable Feb. 15, and the usual 1% quarterly on the \$4,922,300 common stock payable March 30, an extra dividend of 2% on the common shares, payable March 30, along with the regular distribution to holders of record March 23. The preferred shares have received their full 7% per annum regularly since the organization of the company in 1899 and the common shares have had 4% since December 1904.—V. 83, p. 381.

Baldwin Locomotive Works.—Fire.—On Jan. 29 fire destroyed the erecting shop, paint shop and drawing room for electric locomotives. The loss is estimated to be within \$500,000; insured for \$309,000, but "the principal loss is that all our drawings for electric locomotives and trucks were destroyed." Rebuilding is in progress. The company on Feb. 6 completed its 30,000th locomotive, 54 having been shipped during the fire week.—V. 84, p. 161.

Calumet & Arizona Mining Co.—Dividend Increase.—The directors have declared a quarterly dividend of 50¢ (\$5 per share) on the \$2,000,000 stock, contrasting with 40¢ paid in December 1906, 35¢ in September and 30¢ in June 1906. See V. 83, p. 438, 1100.

Chattanooga (Tenn.) Gas Co.—Successor Company—Bonds Sold.—Child, Hulswit & Co., of Grand Rapids, Mich., having purchased the Chattanooga Gas Light Co., took over the property as of Jan. 1 1907. A new 20-year franchise has been secured. A block of \$500,000 first mortgage sinking fund 5% bonds has been sold to the American Trust & Savings Bank, Chicago, and E. H. Rollins & Sons. Geo. B. Caldwell, Manager bond department of the American Trust

& Savings Bank, and Geo. H. Taylor, Vice-President of Rollins & Sons, are directors in the new company, which will be known as the Chattanooga Gas Co., capitalized at \$750,000 common and \$500,000 6% preferred, and with an authorized bond issue of \$1,500,000. The bonds will be ready for the market in February. Compare V. 83, p. 1349.

Chicago Railway Equipment Co.—Earnings.—President E. B. Leigh has addressed a letter to shareholders stating, it is said, that the net earnings on the \$2,500,000 stock, on which 7% dividends are paid, were last year a fraction over 28%.—V. 78, p. 1273.

Chicago & Western Telephone Co.—Incorporated.—The company was incorporated with \$100,000 stock at Springfield, Ill., on Jan. 30, to take over under lease the automatic telephone system operated by the Illinois Tunnel Co. The stock will be later increased and, it is stated, two or possibly three subsidiary companies incorporated to take charge of the long-distance business. E. L. Barber, connected with independent telephone companies in Ohio and Indiana, J. D. Powers of Louisville, Ky., and R. R. Conklin, of the Atlantic Telephone Co., are reported to be interested in the company. See Independent Telephone Co. of Chicago in V. 84, p. 162.

Citizens' Gas & Electric Co., Waterloo and Cedar Falls, Iowa.—Earnings.—H. L. Crawford & Co., New York, in offering a block of the outstanding \$550,000 5% sinking fund gold bonds, dated Jan. 1 1906, report:

The usual quarterly dividend, 2½%, has been declared, payable March 15 to holders of record March 5.—V. 83, p. 820.

Distillers' Securities Corporation.—Denatured Alcohol Subsidiary.—See United States Industrial Alcohol Co. below.—V. 83, p. 1349.

Federal Sugar Refining Co.—On Unlisted Sheet.—The New York Stock Exchange has admitted to quotation in the unlisted department \$3,322,800 preferred and \$6,677,200 common stock, par \$100. See V. 83, p. 326.

General Fire Extinguisher Co., Providence, R. I.—New Stock.—On Feb. 11 this company will issue \$500,000 additional common stock, all of which has been subscribed for; this will increase the total amount of the issue outstanding to \$3,000,000. Limit of authorized issue of common stock, \$5,000,000 (no preferred); par \$100. There is also outstanding \$1,000,000 8% debenture stock, par \$100, payable in case of liquidation "at par, subject to other liabilities, except capital stock;" interest payable quarterly (April 1, &c.) in Providence. The life of the corporation is fifty years, at the end of which time the stock may be paid off. No bonds authorized or issued.

The company was incorporated under the laws of New York in 1892. It manufactures and installs automatic sprinklers, hydrant piping and steam and hot-water heating. The main factory is located at 301 West Exchange St., Providence, and the executive offices are in the Union Trust Co. Building in that city. In addition the company has plants or offices in New York, Chicago, Boston, St. Louis, Philadelphia, Cleveland, Cincinnati, Buffalo, Warren, O., Atlanta, Ga., Charlotte, N. C., Montreal, Que., and Pittsburgh, Pa.

Directors.—President and General Manager, Frank H. Maynard; Vice-President, Russell Grinnell; Second Vice-President, W. A. Neracher; Treasurer, W. S. Hackney; Secretary, F. W. Hartwell; Chairman board of directors, O. C. Barber, Barberton, O.; G. Gunby Jordan, Columbus, Ga.; Charles Baird, Akron, O.; Edward O. Richards and Edward Holbrook, New York. Mr. Grinnell is a director and Mr. Richards is Secretary of the Automatic Fire Alarm Co. of New York. The company's dividend record is not reported but in November last the stock was quoted in Providence at 280 bid and 285 asked. Compare V. 80, p. 873; V. 76, p. 333.

Gorham Manufacturing Co.—Alliance.—See Silverware Stocks Co. below and in V. 83, p. 1292.

Illinois Brick Co., Chicago.—Report.—See "Annual Reports" on a preceding page.

New Officers.—Treasurer C. D. B. Howell has been elected President to succeed George C. Prussing. The other officials are: Vice-President and Auditor, C. B. Vernooy; Treasurer, J. H. Gray; Secretary, William Schlake. The retiring directors were re-elected, excepting A. J. Weckler, who was succeeded by John H. Gray. The changes, it is hoped, will lead to the end of the brick war. (Compare V. 82, p. 150.)—V. 83, p. 1101, 754.

Independent Telephone Co. of Chicago.—See Chicago & Western Telephone Co. above.—V. 84, p. 162.

International Mercantile Marine Co.—Southampton and the White Star Line.—The managers of the White Star Line, which is controlled by this company, on Jan. 7 announced their decision to transfer their express mail service from

Liverpool to Southampton in order to meet, in competition with the German lines, the growing demand of travelers for facilities to embark and disembark at either a Continental or British port, thus obviating for them the necessity of crossing the English Channel.—V. 83, p. 1232.

International Silver Co.—Extra Dividend.—The directors on Feb. 4 declared an extra dividend of 1% on the \$6,607,500 preferred stock, payable March 1 1907 to stockholders of record Feb. 16 1907.

The preferred shares have received dividends as follows: April 1900, 1¾%; 1901, none; Jan. 1902 to Jan. 1907, both inclusive, 4% yearly (1% Q.-J.); also in Jan. 1903 scrip for unpaid dividends, 2¼%.—V. 84, p. 223, 162.

Interstate Engineering Co., Cleveland.—New Stock.—This company, it is said, in November last increased its capital stock from \$500,000 to \$1,500,000.

Interstate Telephone Co., Ltd., Spokane, Wash.—President M. A. Phelps, Jan. 28, writes:

This company was organized in 1901 with an authorized capital of \$20,000. In September 1903 the capital was increased to \$100,000; Nov. 2 1906 it was further increased to an authorized amount of \$500,000 of common stock (par \$100), also an equal amount of 7% cumulative preferred stock (par \$25), with an authorized bond issue of \$500,000, secured by mortgage to the Spokane & Eastern Trust Co. as trustee. These bonds will be sold for extensions and improvements, and the company has no debt of any account. It is intended to sell about \$250,000 worth of bonds for construction during 1907. The bonds are first mortgage 20-year sinking fund 6% gold bonds dated Nov. 1 1906 and due Nov. 1 1926, but subject to call to any amount in [and presumably after—Ed.] 1912 at 106. Denominations \$100, \$500 and \$1,000. Interest payable May 1 and Nov. 1 at Chemical Nat. Bank, N. Y. City. Sinking fund after 5 years to retire issue.

This company has about 300 miles of toll line and does practically a toll line business, although it has about 500 'phones installed in different towns in Idaho.

Knickerbocker Ice Co., Chicago.—Injunction.—Judge Grosscup in the United States Circuit Court at Chicago on Wednesday granted the temporary injunction asked for by Lynden Evans of Chicago and Meyer H. Lehman of Lehman Bros., New York, (holders of 95 and 400 shares of stock respectively), acting in behalf of the stockholders protective committee (V. 83, p. 1527) restraining Thomas Maclay & Co. from voting on the 31,400 shares of stock of record in their names or in those of other holders in their interest. Accordingly the annual meeting which was to take place on Wednesday was adjourned for lack of a quorum to March 14.

The proceedings are based on the broad grounds (1) that the laws of Illinois, under which the Knickerbocker Co. is incorporated, forbid the holding of stock by a non-resident corporation, and (2) that the plan to turn over control to the Western Ice Co. is designed to bring alleged undue profit to Thomas Maclay & Co. at the expense of minority holders, such alleged profit consisting of \$2,350,000 in securities of the Western Ice Co. in excess of what other holders of a corresponding amount of Knickerbocker stock would receive under the terms of sale to the Western Ice Co.—V. 83, p. 1593, 1527.

Laurel Lake Mills, Fall River.—Stock Dividend.—The stockholders voted Feb. 5 to increase the stock from \$300,000 to \$600,000 (in shares of \$100 each), the new stock to be distributed as a 100% stock dividend.

In 1899 the stock was reduced from \$500,000 to \$200,000 and \$100,000 paid for in cash. This reduction is to be restored. During the year ending Oct. 1 1906 dividends amounting to 8% were paid, the last of 5% including 3% extra. Another dividend of 5%, including 3% extra, was paid Feb. 1 1907.

Manufacturers' Light & Heat Co., Pittsburgh.—Earnings.—For calendar year 1906:

Year—	Gross.	Net.	New Wells, &c	Bond Int.	Other Int.	Bal., sur.
1906	\$5,167,278	\$3,687,749	\$1,049,055	\$544,789	\$223,342	\$1,870,563
1905	5,003,292	-----	-----	-----	-----	-----
1904	4,762,989	6,709,782	1,215,358	1,142,670	-----	4,351,754

Note.—The above statement takes no account of the dividends paid, which for 1906 aggregated 4½% (\$945,000) and for the two years 1904 and 1905 were 6% yearly (\$2,520,000), nor of the bonds redeemed. During the year 1906 the bonded debt was decreased from \$8,785,000 to \$8,221,000 and the bills payable were increased from \$2,664,828 to \$4,029,519. The company sold during the year 39,088,478,000 cubic feet of gas, being an increase for the year over 1905 of 1,019,189,000 cubic feet, or an average increase per day of 2,240,000 cubic feet. Compare V. 83, p. 1594, 1527, and V. 82, p. 390.

New Directors.—At the annual meeting on Feb. 6 five new directors were elected, viz.: William Flinn, E. H. Jenkins and A. E. Succop of Pittsburgh and J. E. Gill and Thomas Alexander of Franklin, Pa., the first two named to represent the Colonial Trust Co. of Pittsburgh under the floating debt agreement and the last two to represent the minority interests:

J. E. Gill, F. N. Chambers, E. H. Jennings and William Flinn, three years; O. H. Strong, E. H. Meyers, H. B. Beatty and L. A. Meyran, two years; A. E. Succop, Thomas Alexander, James Kuntz, Jr., and H. I. Beers, one year.—V. 83, p. 1594.

Niles-Bement-Pond Co.—New Directors.—James P. McKinney and George T. Reiss have been elected directors to succeed W. S. McKinney, resigned, and Gordon Shillito, deceased.—V. 83, p. 1350.

North American Co.—New Subsidiary.—See remarks about St. Louis County Gas Co. in last week's "Chronicle" on page 278.—V. 84, p. 219, 269, 278.

Montana Coal & Coke Co., Boston, Mass.—Reorganization Committee.—At a meeting of the large stockholders, directors and creditors held on Jan. 31, the following reorganization committee was appointed: J. A. Coram, 60 State St., Boston; Joseph N. Lovell of Towle & Fitzgerald, Boston, and S. S. Rosenstamm, 42 Broadway, New York City. This committee expects to submit a plan shortly.—V. 83, p. 1415.

New York & Cuba Mail Steamship Co.—Old Bonds Paid.—The bond issue authorized in 1900 has been paid off, and there is now no funded debt. An officer of the company says that so far as he knows no new issue is contemplated. Capital stock at last accounts, \$2,500,000; par, \$100. The rumor of a sale of the property to Charles W. Morse is again pronounced premature.—V. 72, p. 187.

New York & Wilkes-Barre Coal Co.—Protective Committee.—Interest due Nov. 1 1902 on the \$478,000 first mortgage 6s being still in default, Otto T. Bannard, Sidney C. Borg and Gustavus Maas have agreed to act as a protective committee, and request deposits of the bonds with the New York Trust Co. on or before March 1. See V. 75, p. 1043.

Niagara Navigation Co., Toronto.—Debentures Offered.—Osler & Hammond, 21 Jordan St., Toronto, are offering on a basis to yield the purchaser 5% per annum \$120,000 4½% debentures due July 2 1916. These bonds are part of an issue of \$375,000, and are sold to refund \$111,000 old 4½% debentures paid Jan. 2 1907, being the only funded debt. Authorized capital stock \$1,000,000 in \$100 shares, of which \$701,700 is subscribed and paid up. The company has paid semi-annual dividends at the rate of 8% per annum for a number of years. E. B. Osler is President.

People's Gas Light & Coke Co. of Chicago.—Decision in Mills' Suit.—The United States Supreme Court on Feb. 4 affirmed the decision of Judge Grosseup in the action brought by D. O. Mills granting an injunction pending the trial of the case restraining the enforcement of the 75-cent gas ordinance passed by the City Council in Oct. 1900.

Justice Day, who writes the prevailing opinion, points out that the court merely decides the question of jurisdiction and not the merits of the case, stating that there was an entire lack of testimony of any collusive action at the time of the commencement of the suit. Chief Justice Fuller and Justice Harlan dissented. The question of the right of the city to fix the price of gas at 75 cents remains to be tried. The ordinance was repealed at the time of the settlement fixing the price at 85 cents for 5 years from Feb. 1 1906, without prejudice to the city's right to maintain its validity in the Mills suit. Compare V. 82, p. 574; V. 78, p. 346.—V. 84, p. 225.

Pikes Peak Hydro-Electric Power Co., Colorado Springs, Col.—Status.—The receivership proceedings have been dismissed, all overdue interest having been paid on the \$600,000 first mortgage 5% sinking fund gold bonds dated Jan. 1 1903, interest payable Jan. 1, &c.; New York Trust Co., trustee (as successor of Continental Trust Co.) The sinking fund payments of \$5,000 each are also being met. Compare V. 82, p. 1273.

Portland (Me.) Gas Light Co.—New Bonds.—A first mortgage has been filed to the Union Safe Deposit & Trust Co. of Portland, as trustee, to secure \$400,000 bonds, none of which has as yet been issued. Authorized capital stock \$400,000, par \$50. No bonds heretofore. Gross earnings in 1905 reported as \$195,487. Dividend rate at last accounts 5% per annum. Fred. N. Dow is President, William H. Moulton, Vice-President, and Burton Smart, Treasurer.

Potomac Electric Power Co.—Guaranteed Bonds Offered.—Earnings.—Brown Bros. & Co., New York, are offering at par and interest a block of the present issue of \$1,300,000 5% consols, dated June 30 1906 and guaranteed by the Washington Railway & Electric Co. The earnings of the Power Company for the eleven months ending Nov. 30 1906 were: Gross, \$902,744; net, applicable to interest, \$450,297. For the entire year 1905 the gross receipts were \$866,797; net \$455,828. See full particulars in V. 83, p. 100.

Quincy Mining Co.—Dividend Increased.—The directors on Feb. 5 declared a quarterly dividend of \$4 50 per share (18%), payable March 11 to stockholders of record Feb. 23, contrasting with \$2 50 per share Dec. 22, Sept. 5 and May 17 1906. The last semi-annual dividend (\$5) was paid Feb. 26

1906. The capital stock is \$2,500,000 in \$25 shares and this new rate of dividend, if continued, will increase the annual rate to 72%, contrasting with

Randolph-Macon Coal Co.—Default.—This company defaulted Feb. 1 upon the interest due on its outstanding \$2,100,000 5% bonds. The company's embarrassment is attributed to a combination of unfortunate developments which are described for the "New York Summary" as follows:

Within three months after the company was organized the sale of its slack coal was made impossible because oil had supplanted this product. At that time about 30% of the company's output was slack, which it was able to sell at 60c. a ton. About \$250,000 was expended in installing electrical mining apparatus, which enabled the company to reduce the percentage of slack to 10%. About that time, however, the miners refused to work under the new system and in many instances smashed the machinery. The difficulties with the miners were eventually settled, and the company is now operating, but the losses entailed made it impossible to meet the Feb. 1 bond interest.

The directors personally advanced some \$200,000 to meet the needs of the company, and then went to the bondholders for assistance to tide the company over. This was declined, and so it has been decided to institute receivership proceedings, and place the property in control of the bondholders.

The Metropolitan Life Insurance Co. holds \$1,000,000 of the bonds, but it is believed that "through the measures that will be taken the company will suffer no loss in its investment." See V. 82, p. 1045; V. 83, p. 276.

Republic Iron & Steel Co.—Payment on Deferred Dividend.—The directors on Feb 5 declared payable April 1 to holders of record March the regular quarterly dividend of 1¾% on the preferred stock and a dividend of 2% on account of deferred dividends on the preferred issue, leaving 2% accumulated dividends unpaid.

Acquisition.—The "Iron Trade Review" of Jan. 31 said: The Republic Iron & Steel Co., through its mining department, has just purchased three properties on the Mesabi Range, each of which contains, approximately, 500,000 tons of Bessemer ore, and from each of which it is expected at least 25,000 tons will be shipped during the season of 1907. Shaft sinking will be started within 30 days. The properties are the Onondaga mine, formerly controlled by the Onondaga Iron Co., and the Mariska and Monica mines, owned by the Mariska and Monica Iron companies. The royalty on the Onondaga property is to be 75 cents per ton and on the other two properties 55 cents per ton.—V. 83, p. 1417.

Richmond (Ind.) Natural Gas Co.—Decision as to Regulation of Prices.—The Supreme Court of Indiana on Feb. 1 held that the cities and towns Act of 1905 does not give cities power to regulate prices to be charged for gas by companies already occupying the streets under a franchise.

The court holds that it is only when making a new contract or granting a new franchise that a city can fix a minimum price to be fixed for gas and that therefore the ordinance passed Oct. 16 1905 by the Common Council reducing the price of natural gas within the city to 30 cents per 1,000 (the company's charge being 50 cents) is invalid. Any limitation on the price of gas furnished by companies which have laid their mains under existing franchises would therefore have to be made by the Legislature.

Richelieu & Ontario Navigation Co.—Proposed Bond Issue.—The "Toronto Globe" says:

The directors at the annual meeting will ask the shareholders for authority to issue \$2,000,000 of bonds. It is intended that of this amount \$500,000 shall be issued in the near future and \$500,000 later in the season, if the company's new steamers now being constructed are completed. The remainder will be left in the treasury.—V. 83, p. 1040.

Rubber Goods Manufacturing Co.—Proposed Merger.—A committee consisting of directors of the United States Rubber and Rubber Goods companies has been appointed to arrange for the liquidation in the near future of the Rubber Goods Co. Only about \$200,000 of the \$16,941,700 common and a small amount also of the \$10,351,400 preferred stock, it is reported, are outstanding. The leading minority holders, including, it is said, August Heckscher, who owned \$150,000 common and \$240,000 preferred stock, have lately turned in their stock for exchange on the basis of the offer of the United States Rubber Co.—V. 83, p. 690.

St. Louis County Gas Co.—New Subsidiary of North American Co.—See page 278 of last week's "Chronicle."

Scarsdale Estates, New York.—Coupon Payment.—Secretary J. W. Thayer on Jan. 25 notified the holders of the general lien 5% 10-year gold bonds that coupons Nos. 1 to 4 inclusive would be paid upon presentation at the Fourth National Bank in the City of New York. The company is a New York corporation, capital stock \$500,000, all out. James G. Cannon, President; Secretary, J. W. Thayer. Office, Scarsdale, N. Y.

Sears, Roebuck & Co., Chicago.—Income Account.—For half-year ending Dec. 31 1906:

Gross profits		\$6,196,711	
Wages, freight, &c.	\$2,151,508	Interest	\$207,149
Advertising	1,544,763	Repairs	78,915
Rents, taxes, insur., &c.	377,139	Preferred dividend (3½%)	349,982
Total deductions		\$4,709,456	
Balance, surplus, for 6 months (nearly 5% on common)		\$1,487,255	

The January sales amounted to \$3,278,435, as compared with \$2,742,236 in the same month of 1906, an increase of 19.5%.—V. 84, p. 106.

Silverware Stocks Co.—Stock Subscribed—Acquisitions.—This company's \$2,000,000 stock has all been subscribed by the stockholders of the Gorham Manufacturing Co. (per plan in V. 83, p. 1292), and most of the subscriptions have been paid, the remainder being due Feb. 15. While no official statement is obtainable, there is reason to believe that out of the proceeds it has been arranged to purchase the control of the Reed & Barton Company. In addition, the company, it is understood, controls the Whiting Mfg. Co., the William B. Durgin Co. and the William B. Kerr Co., the holdings of

the Gorham in those companies having been purchased under the aforesaid plan.

Tacoma (Wash.) Gas Light Co.—Earnings.—E. H. Gay & Co., Boston, New York, &c., are offering at 97½ and interest, by advertisement on another page of this issue of the "Chronicle," \$500,000 20-year refunding mortgage (first mortgage after July 1 1907) gold bonds dated June 1 1906 and due June 1 1926. The company does the entire gas-lighting business in the prosperous city of Tacoma, its status being quite fully set forth in V. 82, p. 1501. A circular says:

Since the new management took charge of the property on July 1 1906, the output of gas increased from that time up to Jan. 1 1907 60% over the same period in 1905. On this basis the output for 1907 will be at the lowest calculation 125,000,000 cubic feet.

Official Statement of Earnings for Years ending Dec. 31 1906 and 1905.

Year—	Gross.	Net.	Bond Interest.	Bal., Sur.
1906	\$132,687	\$60,990	\$25,005	\$35,985
1905	105,030	38,793	17,508	21,285

Capitalization: Capital stock, authorized and issued, \$1,000,000; total bonds outstanding, \$1,000,000 (issue limited to \$2,000,000). Of these bonds, less than \$400,000 were outstanding from Jan. 1 to June 1 1906, the balance having been issued since the latter date in connection with new holder, benches and extensions of street mains.—V. 82, p. 1501.

United Box Board & Paper Co.—Decision.—Vice-Chancellor Emery on Jan. 2 handed down a decision in the action brought by the objecting stockholders to prevent the carrying out of the plan under which the equity in the American Strawboard stock is to be sold to the new American Box Board Co. The court holds that the management has fully met the charges of fraud and conspiracy, and refuses to enjoin the sale of the American Strawboard stock to the American Box Board Co., but orders that the actual transfer of the Strawboard stock shall await the trial of the case or further order of the court. Compare V. 84, p. 164, 107.

Touching the suggestion of the Mitchell protective committee that the financial requirements of the company be met by the sale of general mortgage bonds (V. 84, p. 275), the directors say that they favor the sale of \$850,000 general mortgage bonds at 80, and to show their good faith are willing to take \$100,000 of the bonds on condition that the stockholders subscribe for the remaining \$750,000.—V. 84, p. 275, 164.

United Copper Co.—Exchange of Preferred Shares.—A circular dated Feb. 5 offers to the preferred shareholders the privilege of receiving for each \$100 of preferred \$125 of common stock, together with a bonus of 1% in case the proposal is accepted by Feb. 18. The offer may be accepted within 30 days from Feb. 5, but must be accepted prior to Feb. 18 in order to secure the 1% bonus. Assenting shares should be deposited with the Empire Trust Co., New York. The new stock will be delivered May 4. President Heinze points out that the company earned nearly 14% on its common stock last year while paying only 7%, and says:

Should you accept the company's offer to exchange your preferred stock for common stock, you would increase your income nearly 50%, irrespective of the probability of increased dividends which may be declared this year on the common stock, which is likely to be placed upon the same dividend basis as Amalgamated.—V. 84, p. 107.

United States Finishing Co.—Acquisition.—The company on Jan. 22 acquired the Apponaug (R. I.) Print Works. The property is subject to a mortgage of \$200,000 to the Union Trust Co. of Providence as trustee. The purchase price, although currently reported as \$500,000, has not been made public.—V. 83, p. 1175.

United States Independent Telephone Co.—Change in Control.—The offer noted last week for the purchase of this company's securities at 35 for the bonds, 5 for the common stock and 1 for the deferred stock is dependent upon a verification of the accounts and the deposit with the Security Trust Co. of Rochester on or before Feb. 28 of not less than 76% of the bonds and 67% of the stock. A large amount, if not the entire amount, required for the consummation of the deal, it is understood, has already been deposited, the depositors including, according to the circular issued:

George Eastman, Walter B. Duffy, Hiram W. Sibley, Thomas W. Finucane, James S. Watson, Edward Bausch, who signed the circular.
H. P. Brewster, W. Drescher, J. C. Powers, Abram J. Katz, Edward W. Peck, Advisory Committee.
Eugene Satterlee, Albrecht Vogt, J. Foster Warner, J. W. Taylor, William Eastwood, H. E. Ball, G. D. B. Bonbright, Charles T. DePuy, W. S. Hubbell, H. A. Strong, W. F. Balkam, H. K. Elston, G. A. Hollister, Franklin Miles, Max Brickner, C. P. Barry, J. C. Woodbury, M. D. Knapp, Albert O. Fenn, E. R. Willard, C. E. Angle, James G. Cutler, George A. Marlon, Louis Lowenthal, A. M. Lindsay, H. F. Atkinson, Isaac Adler, Max Lowenthal, Rufus A. Sibley, Julius M. Wile, H. Wheeler Davis, J. J. A. Burke, Jacob Gerling, H. F. Atwood. Compare V. 84, p. 275.

United States Industrial Alcohol Co.—New Subsidiary of Distillers' Securities Corporation.—This company was incorporated in West Virginia in October 1906 with \$18,000,000 authorized stock to manufacture denatured alcohol in the interest of the Distillers' Securities Corporation. A detailed authoritative statement will be given out in a month or two. Meantime, the following facts learned by us may be of interest. Of the \$12,000,000 common stock a majority is controlled through a voting trust by the Distilling Co. of America, more than 90% of whose stock is owned by the Distillers' Securities Corporation. The Distilling Co. guarantees the dividends on the \$6,000,000 7% preferred stock, all of which was sold for cash at par to acquire properties and \$4,000,000 working capital for the new company. The first quarterly dividend of 1¾% on the preferred stock was paid Jan. 15. Compare V. 83, p. 972, 1349.

The company, it is understood, took over several plants engaged in the wood alcohol business, and a number of plants

controlled by the Distilling Company best adapted to the purpose were turned over to it. The company has not issued any bonds, although there is some bonded debt on the properties acquired. The directors are:

Henry Siebert (President), E. J. Moore (Vice-President), Floyd Vail (Treasurer), R. T. Siebert, H. S. Kearney, John S. George and Wm. S. Gray. James P. McGovern is Secretary. Office, 100 William Street, N. Y.

Warwick Iron & Steel Co., Philadelphia.—Report.—For calendar year 1906:

Year.	Output (tons).	Sur. Profits.	Dividend.	Bal., Sur.	Tot. Sur.
1906	218,416	\$293,243	(4%) \$59,264	\$233,979	\$332,097
1905	205,788	147,672	—	147,672	249,895

During 1906 the funded debt was decreased from \$255,000 to \$240,000 and the bills and accounts payable were increased from \$456,128 to \$595,928. On the other hand, the bills and accounts receivable were increased from \$384,329 to \$443,395 and the materials on hand from \$366,973 to \$432,776. Compare V. 84, p. 107.

Western Ice Co.—Litigation.—See Knickerbocker Ice Co. above.

Reported Acquisition.—It was recently reported that the company had acquired the ice plants of Armour & Co. at Pewaukee, Wis., including the entire frontage of Pewaukee Lake along the tracks of the Chicago Milwaukee & St. Paul Ry. and the ice storage houses which were destroyed by fire about three years ago, and that 14 ice houses will be erected this spring. This report cannot be confirmed. The acquisition of the ice field at Eagle Lake, Racine Co., Wis., was also lately reported.—V. 83, p. 1541.

—Spencer Trask & Co. have published the 1907 edition of their statistical tables, copies of which are mailed to investors free of cost, in accordance with their custom for the past 25 years. The current edition comprises 76 pages, and gives capitalization, earnings, fixed charges, dividends, &c., of railroad, street railway and miscellaneous companies, including information on preferred stocks (whether cumulative or non-cumulative as to dividends), high and low prices for bonds and stocks during 1906, last recorded sale, approximate income yield, &c., &c.

—The Baltimore banking firm of Paine & Wilson, composed of Gordon P. Paine, J. Sawyer Wilson Jr. and Arthur L. Jones, was dissolved on the 1st inst. Gordon P. Paine will hereafter conduct a general banking and brokerage business at 306 Keyser Building, under the name of Gordon P. Paine & Co. J. Sawyer Wilson Jr. and Arthur L. Jones have entered into a co-partnership under the name of J. S. Wilson Jr. & Co. for the purpose of conducting a banking and brokerage business, with offices in the Calvert Building.

—Ackermann & Coles of this city have issued the latest number of their brochure giving statistics of New York City banks and trust companies. The work is compiled by W. C. Coles. It shows the date of organization of the various local institutions, capital, surplus and profits, deposits, par and book value of the stock, bid and asked prices in January 1907, and the dividend record in each instance. The changes which have occurred during the year through capital increase or merger are noted separately in the preface.

—The firm of Cumings & Marekwald, 45 Wall Street, was formed this week to transact a general commission bond business. The members are: J. Bradley Cumings, for sixteen years connected with Estabrook & Co. of Boston and New York, in which he was a partner six years, and Albert H. Marekwald, formerly connected with Harvey Fisk & Sons, and who entered the N. Y. Stock Exchange in 1904, devoting himself to its bond department. Mr. Marekwald will represent the new concern on the Exchange.

—Book No. 1, in a series of 5 books, issued from the office of Roger W. Babson, Wellesley Hills, Mass., is a compendium of corporation bond issues alphabetically arranged, showing the bankers, bond dealers or brokers who have offered these bonds in whole or in part. The book should prove a valuable medium for ascertaining the houses that have traded in a special issue. Book No. 3 is a similar publication devoted to the offering of municipal bonds during 1906.

—A. Lincoln Eglinton and John W. Curtis this week formed a co-partnership under the name of A. Lincoln Eglinton & Co., to deal in gas, electric street railway and other investment securities at 43 Exchange Place. Mr. Eglinton was formerly President and Mr. Curtis Vice-President of the corporation of Eglinton, Hammond & Andrews, from which they resigned to form the new company.

—The new concern of Bywater, Nesbitt & Co., 25 Broad Street, will start business on Monday. The firm members are: S. Bywater, formerly with Hayden, Stone & Co. of Boston and New York, and T. D. Nesbitt. The new firm will deal in investment securities, bonds and unlisted stocks.

—A. B. Leach & Co., 149 Broadway, are offering investors a traction bond yielding 5.30% of a company paying 4% on \$1,000,000 capital stock and earning, as they state, over 9%. A circular describing this bond can be had by writing the firm.

—The Montreal Financial Calendar for 1907 has been issued in attractive style by Harsthorne, Bogert & Battelle, 25 Broad St., and 160 St. James St., Montreal, and should prove useful to those interested in Canadian securities.

Speculation in cotton for future delivery has dwindled to smaller proportions than ever, partly, it would appear, by reason of the anti-option agitation which has still been in progress and partly because of a greater disinclination than ever on the part of the outside public to buy for a rise in the face of enormous receipts. Yet latterly the drift of prices has been upward, owing in part to some slight decrease in the crop movement, but more than all to distinctly strong advices from Liverpool, where the spot sales have suddenly increased materially, and where the near-by months have risen so noticeably as to suggest to many here the possibility of something like a "squeeze" in these deliveries, owing to the difficulty of securing cotton for delivery in accordance with the provisions of the Liverpool contract. In the absence of anything like a popular speculation for a rise, really the chief source of strength has been the persistent firmness of the spot markets both at home and abroad; or, in other words, the growing evidence, as it seems to many, of a world's consumption of American cotton transcending anything in the experience of the past. Liverpool people have continued to buy March here in liquidating straddles made some time ago at much narrower differences, and spot interests have been buying March and May. Continental spinners at times have bought the next-crop months, some Austrian mills making purchases on Thursday. Reports as to Manchester's trade have been in the main favorable, and similar reports are in circulation in regard to the cotton goods business in this country. Predictions have been rife of an early decrease in the movement at the Southwest, which, however, have thus far been only partially verified. The "into sight" movement for the week, however, shows some falling off, and an impression has prevailed in some quarters that the week's statistics of receipts, exports and spinners' takings would, on the whole, make a rather bullish exhibit, although the quantity brought into sight will still materially exceed that for the corresponding week even two years ago in the high-record crop season. To-day prices advanced, owing to the continued strength of the spot markets everywhere, and considerable buying of March and other near months, partly by spot interests, with a view, it was supposed, to exporting cotton that may be tendered on March contracts. Moreover, predictions of a decrease in receipts shortly also had some effect. The main influence, however, continued to be the rapid absorption of the actual staple. Spot cotton has been quiet and firm. Middling uplands closed at 11.10c., a rise during the week of 10 points.

The rates on and off middling, as established Nov. 21 1906 by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows:

BREADSTUFFS.

Friday, Feb. 8 1907.

Prices for wheat flour have been firm but not quotably changed as a rule, although several grades have advanced slightly, owing to the rise in wheat. Trading, however, has continued quiet, any advance having the effect of making a dull market still duller. At the principal milling centres of the Northwest trade has been stagnant. Some of the winter-wheat mills have reported larger transactions at times, but the improvement has proved of short duration as a rule. Exporters continue to hold aloof from the market, and the clearances from the seaboard have been small. Rye flour has been dull and steady. Corn meal has been dull and unchanged.

In wheat there has been a considerable expansion of speculation, partly under the stimulus of rising foreign markets and the strength of other grain. Moreover, the Northwestern receipts have continued small, cash prices in that part of the country have been noticeably strong, and very cold weather has prevailed in that section, together with snow blockades, which have made the work of marketing the crop more arduous than before. Then, too, the temperatures have been very low over the winter-wheat belt, even extending well into the south, while the snow protection, according to some advices, is but partial. But the one great source of strength in the foreign markets has been the further advices to the effect that the famine in Russia is so serious that the Government has been buying Durum wheat, rye, barley and maize for the stricken districts; while it is also intimated that in all probability Russia's export surplus will be materially reduced, if indeed there is any at all. To make matters worse, the weather in Southwestern Russia of late has been, according to some advices, distinctly bad. In our Northwestern section snows are so heavy that there is some talk as to the possibility of more or less delay in spring-wheat seeding, though it would seem somewhat early to form any conclusion on that point. An active demand for export sprang up here on Thursday, though during most of the week the foreign business has been small. Moreover, advices from various sources are to the effect that notwithstanding the recent severe weather the winter wheat in this country has suffered no serious injury, but is, on the contrary, doing very well, with adequate snow protection. The Argentine shipments, too, have increased somewhat. The dominant factors, however, have been the Russian news, rising European markets, the strong Northwestern situation, reflex influence of rising prices for corn and oats, a broadening speculation, and, within a day or two, large export sales, partly Durum wheat, it is stated, to Russia. To-day prices were easier in the main, owing to realizing, disappointing cables and a less active demand.

Indian corn futures have advanced under the stimulus of an increased speculative demand and the rise in wheat and oats. The cash market at the West has been active and rising. The receipts increased early in the week as a result of colder weather, which improved the roads, but of late the movement has again fallen to small proportions. The receipts of contract grade, moreover, have been insignificant, a fact which has caused more or less covering. Bulls have given support and commission houses have been good buyers at times. Some rain has fallen in Argentina, but the crop

advices from that country, as a rule, report serious damage from drought and locusts, and it is expected that the exports from that country this season will show a large reduction. To-day prices sagged under liquidation and a reaction in wheat and oats.

Oats for future delivery in the Western market have advanced, with the trading active and at times excited. Bulls have continued to manipulate the market, and 45c. is predicted for the May option in Chicago. Commission houses have been active buyers and shorts have covered freely. There has been an absence of aggressive resistance to the upward movement. The cash demand has been brisk at advancing quotations. The receipts have continued on a small scale, and although there has been free realizing of profits at times, the offerings have been readily absorbed. To-day the market was lower on realizing sales.

THE DRY GOODS TRADE.

New York, Friday Night, Feb. 8 1907.

The situation in the cotton goods market is almost without precedent, the strength of the consumptive demand being far and away above the output of goods; in fact, so much so that many mills are sold well up into 1908. Buyers are so eager for goods that they are paying the advances willingly in an effort to get near-by delivery, though contracts are being placed many months ahead. Purchasers from the South and West have been buying more freely than usual, finding an incentive in the light stocks in jobbers' hands. Many lines of fabrics are held at value, and advances are readily paid where deliveries can be guaranteed. Up to date there is no indication of a reaction in this branch of industry, though merchants recognize the possibility of higher prices curtailing consumption. It is significant in this regard that jobbers are making contracts with the mills for the entire year 1907, where possible, in staple goods. The whole trend is toward higher values, standard print cloths having been advanced, and the same being true of gray goods and colored cottons. The price of the raw material is not a factor in the steady rise, mills paying above current prices, besides taking more than the average waste. An influence which tends to further deplete stocks is the congestion on the railroads due to snowstorms, though the situation in this respect had previously been bad, particularly on the Southern roads. Orders from China are light, being mostly for small lots, but the depletion in stocks at Shanghai suggests an improvement later on. There is an active demand for the better class of woollens and worsteds in men's wear and dress goods.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending Feb. 2 were 13,504 packages, valued at \$695,823, their destination being to the points specified in the tables below:

New York to Feb. 2.	1907		1906	
	Week.	Since Jan. 1.	Week.	Since Jan. 1.
Great Britain	52	250	27	76

Other Countries	4,844	7,511	400	1,733
Total	13,504	30,246	13,506	41,993

The value of these New York exports since Jan. 1 has been \$1,827,132 in 1907, against \$2,189,546 in 1906.

The demand for heavy brown drills and sheetings has been exceedingly active, mills being sold up through the third quarter with prices firmly held, calls for sheeting purposes being urgent. Fortunately for the trade, the China movement is light, though constant depletion of Shanghai stocks does not argue for a continuance of this condition. Bleached goods are so scarce that a famine is talked of in ticketed lines during the next month, sellers being forced into the gray goods market in order to obtain material for completing orders. Some Southern mills have advanced the prices for wide sheetings 1/2 cent, the output being well taken during 1907. Supplies also of sheets and pillow cases are low, with prices firm. Coarse, colored cotton goods have been advanced over last year, both tickings and denims being quoted almost a cent higher, requests for fuller deliveries being frequent. Linings are active, with the finer grades having an exceptional call. Higher prices are being asked for leading dress gingham, with the supply inadequate. Requests for napped goods are being made to eke out depleted stocks. Print cloth regulars are 1/8 cent higher, but stocks are being held for full value, mills asking as high as 4 1/2 cents. Prints have continued active, in spite of recent advances, and mills are well sold ahead.

WOOLEN GOODS.—A more satisfactory business was reported in the men's wear department during the week, attending the opening of higher grade fabrics, buyers being reported as less conservatively inclined. However, the general developments were not especially pleasing, comparative quiet reigning in the lower grades. Large clothing houses were buyers on quite an extensive scale of the new lines of woollens, but the smaller operators still confine themselves to sample pieces. In the better-class fabrics stripes are apparently the favorites and fancy cloths seem most desired. Some houses report a better business in suitings than overcoatings. Mercerized fabrics find ready buyers in some lines, but this is not the general story. Dress goods have been in fair demand with the trend toward fancy grades.

FOREIGN DRY GOODS.—The imported woolen and worsted goods situation shows little change. Silks hold steady, while ribbons maintain recent advances. Linens are strong and in limited supply with burlaps steady.

Importations and Warehouse Withdrawals of Dry Goods.

The importations and warehouse withdrawals of dry goods at this port for the week ending February 2 1907 and since Jan. 1 1907, and for the corresponding periods of last year, are as follows:

STATE AND CITY DEPARTMENT.

MUNICIPAL BOND SALES IN JANUARY.

Sales of municipal bonds in January were very light, reaching only \$8,777,679, not counting \$22,179,500 temporary loans and \$604,125 disposals of Canadian securities.

The number of municipalities emitting bonds and the number of separate issues made during January 1907 were 134 and 168 respectively. This contrasts with 165 and 211 for December 1906 and with 126 and 196 for January 1906.

For comparative purposes we add the following table showing the aggregates for January for a series of years:

Table with 4 columns: Year, Amount, Year, Amount. Rows for 1907, 1906, 1905, 1904, 1903, 1902.

Owing to the crowded condition of our columns, we are obliged to omit this week the customary table showing the month's bond sales in detail. It will be given next week.

Bond Proposals and Negotiations this week have been as follows:

Albany County (P. O. Albany), N. Y.—Bond Offering.—Wm. P. Royland, County Treasurer, will offer for sale 12 m., Feb. 15, the following bonds:

- \$99,000 4% registered highway-improvement bonds. Maturity \$1,000 yearly on March 1 from 1908 to 1927 inclusive and \$79,000 March 1 1928.
50,000 4% registered toll-road-purchase bonds. Maturity \$1,000 yearly on March 1 from 1908 to 1926 inclusive and \$31,000 March 1 1927.

Interest semi-annual.

Alma, Gratiot County, Mich.—Bond Sale.—On Feb. 5 the \$10,000 5% 9-13-year (serial) coupon city-improvement bonds described in V. 84, p. 287, were awarded to Otis & Hough of Cleveland at 102.375 and accrued interest—a basis of about 4.72%.

Andalusia, Covington County, Ala.—Bond Offering.—Proposals will be received at any time for \$15,000 5% gold coupon school-building bonds. Authority, election held Jan. 14 1907. Denomination \$1,000. Date April 1 1907. Interest semi-annually at the Hanover National Bank in New York City. Maturity April 1 1937. Bonds are exempt from State, county or city taxes. Official circular states that there has never been any default in the payment of any obligations and that there is no litigation threatened or pending affecting the corporate existence or the boundaries of said municipality, or the titles of the present officials to their respective offices, or the validity of these bonds. Bonded debt, including this issue, \$25,000. The town has no floating debt. Total assessed valuation for 1906 \$600,000. Actual value (estimated) \$1,500,000. T. E. Henderson is Mayor.

Ardmore, Ind. Ter.—Bond Sale an Old One.—The report published in last week's "Chronicle" that this city recently awarded \$120,000 bonds to Mason, Lewis & Co. of Chicago came to us direct from one of the local officials. Upon further investigation, however, we learn that the sale is not a new one, having occurred some time ago, the bonds being those awarded to the above-named Chicago firm in May 1906. The sale was fully reported in V. 82, p. 1334.

Ashland, Ohio.—Bond Offering.—In addition to the \$26,600 5% Walnut Street improvement bonds to be offered 12 m., Feb. 11, proposals will also be received at the same time and place by the Village Clerk for \$9,200 5% Vine Street improvement bonds. Authority, Section 2835 of the Revised Statutes. Denomination \$460. Date Aug. 1 1906. Interest semi-annual. Maturity \$460 each six months from March 1 1908 to Sept. 1 1917 inclusive. Bids must be accompanied by a certified check for 5% of the bonds bid for, payable to the Village Treasurer. Accrued interest to be paid by purchaser.

Asotin County (Wash.) School District No. 7.—Bond Sale.—On Jan. 28 \$20,000 10-20-year (optional) coupon school-building bonds were awarded to the State of Washington at par for 4s. Denomination \$1,000. Date Jan. 28 1907. Interest annual. Bonded debt, including this issue, \$28,400. Assessed valuation for 1906, \$591,850.

Baltimore, Md.—Bonds Awarded in Part.—Of the \$1,000,000 3 1/2% registered sewer stock maturing Oct. 1 1980 and offered on Feb. 7, \$458,000 were awarded as follows:

Table with 2 columns: Name, Amount. Rows for Richard T. Gilpin, John C. Rose, Clarence R. Tucker, Comm'rs of Finance.

Bids for the entire amount offered were received as follows but were rejected:

Table with 2 columns: Name, Amount. Rows for Hambleton & Co., Mercantile Trust Co., N. W. Harris & Co., Wm. A. Read & Co.

See V. 84, p. 232, for description of bonds.

Bellefontaine School District, Ohio.—Bond Sale.—On Feb. 1 the six issues of 4% coupon bonds, aggregating \$60,000, described in V. 84, p. 116, were awarded to Rudolph Kleybolte & Co. of Cincinnati at 100.533 and accrued interest. The following bids were received:

Table with 2 columns: Name, Amount. Rows for E. Kleybolte & Co., Well, Roth & Co., Seasongood & Mayer, Breed & Harrison, Western German Bk., Wm. R. Compton Bond & Mortgage Co., Hayden, Miller & Co., Otis & Hough, New 1st Nat. Bk., E. H. Rollins & Sons, James C. Wonders, Maria E. Scott, Belle Centre.

Bellevue, Huron County, Ohio.—Bond Offering.—Proposals will be received until 12 m., Feb. 19, by George Lieber, Village Clerk, for \$1,168 94 5/8 Monroe Street improvement assessment bonds. Authority, ordinance passed Nov. 21 1906. Denomination \$116 89. Date Dec. 21 1906. Interest semi-annually at the office of the Village Treasurer. Maturity \$116 89 yearly on Dec. 21 from 1907 to 1916 inclusive. Certified check for 5% of the amount bid is required.

Bergen, Genessee County, N. Y.—Bond Sale.—On Feb. 1 \$20,000 registered water bonds were awarded to Isaac W. Sherrill of Poughkeepsie at 100.50 for 4.30s. Bids were also received from Lee, Higginson & Co. of Boston, W. J. Hayes & Sons of Cleveland, Otis & Hough of Cleveland, O'Connor & Kahl of New York, Union Savings Bank of Patchogue and W. S. & C. E. Housel of Bergen. Denomination \$1,000. Date Feb. 8 1907. Interest annually on Aug. 1. Maturity \$1,000 yearly on Aug. 1 from 1908 to 1927 inclusive. These bonds take the place of the 4 1/2% bonds offered on Jan. 25, but which were not awarded, they having then been advertised as 4 1/2% bonds; instead of having the bidder name the rate of interest, as required by law.

Bound Brook School District (P. O. Bound Brook), N. J.—Bond Offering.—Further details are at hand relative to the offering on Feb. 13 of the \$50,000 4% coupon school-building bonds mention of which was made in V. 84, p. 287. Proposals will be received until 8 p. m. on that day by E. H. Casterlin, District Clerk. Denominations: ten bonds of \$1,000 each and twenty of \$2,000 each. Date Feb. 1 1907. Interest semi-annually at the First National Bank in Bound Brook. Maturity \$1,000 yearly for ten years and \$2,000 yearly for the following twenty years.

Caldwell School District, Idaho.—Bond Sale.—This district has awarded \$20,000 5% 10-20-year (optional) bonds to the Harris Trust & Savings Bank of Chicago, which began business this week.

Cameron School District (P. O. Cameron), Marshall County, W. Va.—Bond Sale.—On Jan. 31 the \$35,000 5% coupon school-building bonds described in V. 84, p. 232, were awarded, it is stated, to E. H. Rollins & Sons of Chicago for \$36,034 90, the price thus being 102.956.

Cincinnati, Ohio.—Bond Sale.—On Feb. 8 the \$1,000,000 4% 20-40-year (optional) coupon additional water-works bonds described in V. 84, p. 117, were awarded to the Union Savings Bank & Trust Co., German National Bank, Atlas National Bank, Western German Bank, Kleybolte & Co. and Seasongood & Mayer, all of Cincinnati, at their joint bid of 103.811—this is on a basis of about 3.728% to the optional date and 3.814% to the full maturity.

Cleveland, Ohio.—Bond Sale.—Following are the bids received on Feb. 1 for the \$40,000 sewer-intersection fund and \$250,000 paving-intersection fund (city's portion) 4% 17-year coupon bonds, a description of which was given in V. 84, p. 61:

\$200,000

TOWN OF WEST NEW YORK

Hudson County, N. J.,

4½% Refunding Bonds

Sealed proposals will be received by the Council of the Town of West New York, in the County of Hudson, at the Town Hall, Bergenline Avenue, south of Seventeenth Street, in said town, on TUESDAY, THE NINETEENTH DAY OF FEBRUARY, 1907, AT EIGHT O'CLOCK P. M., for the purchase of an issue of Two Hundred Thousand (\$200,000) Dollars in bonds of said town, to be issued under authority of the Act of the Legislature of New Jersey entitled "An Act authorizing the incorporated Cities, Towns, Townships and Boroughs of this State to fund their floating indebtedness and their matured and maturing bonds," approved March 23rd, 1899, as amended by Chapter 3 of the Laws of 1901, and by virtue of an ordinance for that purpose adopted by the Town Council of said town on February 5th, 1907.

Said bonds are to be issued for the purpose of raising money to pay and redeem improvement certificates issued by said town which have matured and remain due and unpaid; will be in denomination of one thousand dollars each, dated May 1st, 1907, and become due and payable thirty years thereafter; will bear interest at the rate of four and one-half per cent per annum, payable semi-annually and may be either registered or coupon.

The bonds will be delivered May 1st, 1907, at the office of the Town Treasurer, on payment of the purchase price. Each proposal must be accompanied by a deposit of Five Thousand Dollars, either in money or a certified check on some responsible bank or trust company, drawn to the order of the Treasurer of the Town of West New York. The deposit of the successful bidder will be treated as a payment on account, or in case he shall fail or neglect to take the bonds at the date of delivery as above stated, will be retained by the Town Council and be applied to the cost and expense of re-advertising and to any deficiency of price that may arise on a re-sale of the bonds. No conditional bid will be received. All bids that do not comply with the terms stated herein will be considered informal and will be rejected, and the Council reserves the right to reject any and all bids if deemed for the interests of the town so to do.
