NEW YORK, NOVEMBER 30 1907

No. 2214.

STATE AND CITY SECTION.

The State and City Section, issued semi-annually on the last Saturday of May and November, is furnished without extra charge to every annual subscriber of the Commercial and Financial Chronicle.

The Railway and Industrial Section, issued quarterly on the last Saturday of January, April, July and October, is also furnished without extra charge to every subscriber of the Chronicle.

The Street Railway Section, issued three times a year, in February, June and October, is likewise furnished without extra charge to every Chronicle subscriber

The Bank and Quotation Section, issued monthly, is also furnished without extra charge to every subscriber of the Chronicle.

Terms for the Chronicle, including the four Sections above named, are Ten Dollars per annum within the United States and Thirteen Dollars (which includes postage) in Europe, and Eleven Dol ars and Fifty Cents in Canada.

File covers of the Chronicle are sold at 50 cents each; postage on the me is 18 cents. File covers for Sections can be had at same price.

ANOMALIES OF SAVINGS BANK LAW CON-CERNING RAILROAD SECURITIES.

A most cursory examination of the savings bank laws of various States with regard to investments cannot fail to show the advisability of uniformity, by the adoption of the best features found in the laws of some of the States. That railroad securities are barred from Colorado and permitted—under certain conditions—to enter New York, while Kansas insists on not the slightest qualifying restriction, is a state of things provocative of injury to banks and to investors alike; for where they are so used by any State they are called "investment securities" and mislead buyers of bonds and stocks so characterized.

Ten States permit their savings banks to invest in railroad securities, provided certain stipulations are observed, but no two of these agree as to the conditions under which such investment way be made. Nine States have laws which prohibit entirely the acquisition by savings bank officials of railroad bonds or stocks. Throughout the remaining States railroad securities are admitted without restraint. Surely it is pertinent to inquire why mortgage bonds which are eligible in the States of New York or Massachusetts, Connecticut or New Jersey may not be considered equally desirable in Colorado, and, conversely, that if Massachusetts and New York require in many showing minimum gross earnings of \$10,000,000 per

for ten years, there must be great laxity in the laws of Maine and Missouri, where, with one exception (later to be noted), there are absolutely no dividend qualifications at all.

Much has been accomplished in recent years toward adding to the safety of deposits of savings institutions in various States. The New York legislation of 1905 is particularly admirable; Maine has this year added provisions which, if they admit additional securities, at least provide for the enforcement of certain restrictions; the State of Wisconsin has now savings bank statutes identical with those of New Jersey, and in Michigan, where formerly no railroad securities were admitted, they are now allowed under laws of a fairly stringent character. But much remains yet to be done in order to deal wisely, safely, and at the same time progressively, with funds accumulated mostly from the classes of moderate means.

A short comparison of the statutes of the various States may be of use in order to arrive at some comprehension of the differences which at present exist. In Alabama, Arkansas, Georgia, Illinois, Kansas, Kentucky, Louisania, Maryland, South Dakota, Utah and Washington there are no prohibitive statutes. California and Pennsylvania limit investment in railroad securities to banks having a capital stock. North Carolina permits institutions organized under the Savings Bank Law of 1887 to invest in "the first mortgage bands of railroads which have paid interest for two years previous." Rhode Island leaves the investment of savings bank funds to the judgment of the trustees. In Colorado, Indiana, Iowa, Nebraska, Ohio, Tennessee, Virginia, West Virginia and Vermont railroad securities are not admitted. Interest therefore centres chiefly in the States of New York, Massachusetts, Connecticut, New Jersey, New Hampshire, Maine, Michigan, Minnesota, Missouri, and Wisconsin, all of which, to a certain extent, admit such securities, under laws of varying character. Those enacted by the States of Massachusetts, New York and Connecticut ensure the greatest measure of safety, and New Jersey also has for many years possessed statutes which adequately guard the interests of depositors. Restrictions enjoined on investment in railroad securities in New York State, particularly by the laws of 1905 require that these must be first mortgage bonds of a corporation owning at least 500 miles of road, or instances, a dividend record of at least four per cent annum, thereby eliminating the liability to adverse

circumstances which local conditions might impose upon the smaller road. The company must have paid for five years an amount equal to four per cent of its capital stock, which is required to be at least one-third the amount of all bonded indebtedness. One important provision is that gross earnings shall be not less than five times the amount of fixed charges. The older statutes require dividend payments of four per cent for five years in the case of corporations of New York State and ten years for all others, and the only weak joint in the armor is that of sub-divisions (d) and (e) which permit investment in two railroads of the State without question as to their financial standing.

In Massachusetts the Fitchburg, Old Colony, Boston & Lowell (all subsidiary roads) and Boston Revere Beach & Lynn railroad companies gain admittance without challenge; and special leniency is shown toward corporations of New England States. This, however, is a matter of little moment in view of the splendid record of the majority of such roads, and insistence that the security shall be a first mortgage of a road which has paid four per cent on all issues of capital stock for a period of ten years, and can show a due proportion of stock to bonded indebtedness, amply guards against any features of an undesirable character in the case of corporations of other States. Further, the exclusion-save in the New England States-of all companies but those which are specifically named, and in each case of the highest grade, is yet another guaranty of absolute safety.

Connecticut, which ranks with New York and Massachusetts, shares with the latter State the provisions limiting investment to bonds of railroads incorporated within certain States, and insists that security must be a first mortgage given by a railroad company which has paid interest on all of its funded indebtedness and dividends of four per cent per annum for a period of five years. Also-in the case of subdivision 10, dealing with specifically named roadsthe share capital must equal or exceed one-third of the entire bonded indebtedness, but in all other clauses it is only required to be "one-third of the entire outstanding issue of said bonds," a wording which easily may be construed as applying only to such securities as at the time of purchase might be under consideration. A proposed revision of the statutes with reference to savings bank investments came before the Connecticut Legislature this year, but did not become law.

New Jersey exacts that securities seeking admission to the banks of that State shall be first mortgage bonds, (by which is meant a mortgage which is entirely a prior lien), or refunding mortgage bonds "of an issue to retire entire funded debt." The company must also have paid, regularly, dividends of not less than four per cent on entire capital stock for five years prior to investment.

Michigan, Minnesota and Wisconsin also exact a dividend record of four per cent for five years and stipulate that securities shall be first mortgage or refunding mortgage bonds, Michigan adding the additional proviso as to proportion of bonded indebtedness, and, in common with Minnesota, permitting investment in first mortgage bonds guaranteed as to principal and interest by a company fulfilling the necessary requirements. The laws of these States are simple,

but of a fairly satisfactory nature, although it is easily conceivable that where the only restriction is failure to pay dividends, a savings bank might accumulate securities which, through passing of dividends by the issuing corporation, would subsequently cease to be legal, and could only be disposed of at a loss.

The laws affecting savings banks in New Hampshire are less stringent. Under certain conditions stocks are legal, and only a three years' dividend payment is necessary to secure the legality of bonds. Guaranteed bonds also are admitted. That the ratio of stocks to bonds must be 33 1-3 per cent is insisted upon, and further security is assured by a clause which states that, save in the case of a company whose bonds are guaranteed, the issuing corporation shall be "in operation and possession of its own road."

The States of Maine and Missouri evince considerable laxity in their endeavors to safeguard the interest of savings bank depositors. Until this year the only Maine requirements were that the securities should be first mortgage bonds of completed roads in New England or certain other States, no question being raised as to the financial conditions of the issuing corporation, and bonds and stocks of leased roads were legal if terms of lease were such as to guarantee payment of regular dividends and interest; but recent legislation has extended the field for investment to include bonds, stocks and notes of New England roads earning and paying dividends of five per cent on a capital stock equivalent to one-third of the bonded debt for a period of ten years. So loosely, however, is the new section worded, that at first sight it would appear to penalize the railroad corporations of New England by an insistence in their case upon dividend requirements which are not of obligation for companies whose articles of incorporation are filed in Kansas or Kentucky.

Were brevity and simplicity the only considerations, Missouri would certainly be awarded the palm for successful legislation. The first mortgage bonds of a completed road located wholly of partly within the Western States "which has paid interest on its bonds for three years next preceding such investment," such is the sole requirement. Yet this is in advance of sub-division (b) of Article 3 of the statutes of the State of Maine, which makes no mention even of interest.

Such, in brief, are the salient features of the laws affecting investment in railroad securities enacted by the several States, but so short an outline hardly serves to convey an accurate impression of their manifold inconsistencies. That guaranteed bonds of, say, a leased road of the New York New Haven & Hartford should be legal in New Hampshire and ruled out of New Jersey; that another leased corporation paying regular dividends whose bonds are not so guaranteed should be excluded from New Hampshire and yet be eligible for many other States; that first mortgage bonds of a non-dividend-paying company may form a perfectly legal investment for Maine and Missouri, while thoroughly sound junior liens of a road which for years has rendered to its stockholders the satisfactory return of 10% are ineligible; that even in the more conservative States bonds of certain specifically named roads not at present in the dividend class are regarded as legal; that it is even possible in some instances to include bonds on which the interest is in default—is a

condition of affairs inexplicable to the average intelligence, and calling for some measure of recognition from the keener intellects which are the pride of our various senates and assemblies.

That there must be considerable divergence in the laws of the several States is inevitable. It does not, however, need to be said that whatever makes for safety in the statutes of one State may with advantage be copied by another. Full discussion by bankers of the points at issue and joint meetings of officials of the States having such matters in charge would tend to encourage wise and beneficent legislation on the part of the various States, and be productive of a greater degree of safety in savings bank laws.

The "man in the street" is being educated gradually to the desirability of "legal investments." He is withdrawing his hard-earned savings for the purchase of such securities. Is he to invest his \$500 or \$1,000 in worthless bonds or stocks because he is assured by some irresponsible man-or by any one who may interpret literally some carelessly worded statutethat they are in truth a "legal investment" for banks of the State perhaps in which he resides?

EXEMPTION OF CITY PROPERTY FROM TAXATION.

Certain court decisions rendered this year and last year have extended very greatly the application of the constitutional provision in Kentucky under which property owned by a city and used for public purposes is exempt from State and county taxes. These decisions have attracted the more attention because in reaching its present conclusions the Kentucky Court of Appeals was obliged to reverse its former rulings on the same point. The new ruling has been applied thus far in two separate cases. One was the case of the City of Frankfort, decided in June 1906, and which brought out the change of views referred to on the part of the Court of Appeals. The other was the case of the City of Louisville. This last came up the present year in June, and the lower courts very naturally felt bound by the ruling laid down in the City of Frankfort case. Additional interest has also been directed towards the Frankfort case by the fact that, though decided last year, a petition was made for a re-hearing by the State of Kentucky, and this petition was definitely overruled in May of the present year, shortly before the question of the exemption of certain property held by the City of Louisville came up for consideration.

Section 170 of the Kentucky Constitution contains these words: "There shall be exempt from taxation public property used for public purposes." In the Frankfort case the city owned certain bonds, the income from which it had set aside to be used in paying the expense of lighting the streets. In deciding the question of exemption in favor of the city, it became necessary to overrule a long line of former decisions, holding water-works property owned by cities to be liable for taxes, and this was expressly done. In the Louisville case the city was the owner of the stock and property of the Louisville Water Company, and the county court of Jefferson County held that under the City of Frankfort case the property of the Louisville Water Company was not liable for State and county taxes. Accordingly, Louisville is now relieved of the on its waterworks and also on its wharf property. These State and county taxes against the Louisville water-works have, according to the local papers, amounted annually to about \$35,000, and those against the wharf property to several thousand dollars more.

It seems desirable, therefore, to examine into the facts and principles of the Frankfort case. The specific question involved in that action was whether \$40,000 bonds of the Capital Gas & Electric Company, owned by the City of Frankfort, for the purpose of lighting the streets of the city, are public property used for public purposes within the meaning of the Constitution. The City of Frankfort owned a gas-plant, but deeming it to the best interest of the city to sell it, it did so, and in the sale acquired the bonds in question, the income from which is devoted solely to the purpose of paying the expenses of lighting the streets of the city. The bonds are non-negotiable and are to be held by the City of Frankfort for the purpose of carrying out its contract, now held by the Capital Gas & Electric Light Company. The conclusion of the Kentucky Court of Appeals was that where non-negotiable bonds acquired by a city as a part of the consideration for the sale of a gas plant are held by the city solely for the purpose of devoting the income to paying the expenses of lighting the streets, they are used for public purposes within the meaning of the Constitution, and therefore exempt from taxation.

As already stated, the previous decisions of the Court of Appeals were authority for a wholly different conclusion. The Court goes at length into an explanation of the reasons for its change of views, and shows that the circumstances themselves have greatly changed since the earlier decisions supporting the contrary view, besides which the words in the Constitution are plain and seem to sustain the later construction. The Court says that the Legislature authorizes municipalities to levy and collect taxes for the purpose of building and maintaining water-works and lighting plants. They are acquired for public purposes and maintained for public purposes. They are paid for with money that arises from the levy and collection of taxes which can only be levied and collected for public purposes. Water is essential to the comfort, health and safety of the citizens of the municipalities. It is also essential to the safety and protection of the citizens of the municipalities that their streets should be lighted. Experience has taught that the streets of cities should be lighted, not only for the protection of the citizens, but the property as well. Therefore, the Legislature has recognized water-works and lighting plants as public necessities. The right of municipalities to tax their inhabitants for the purpose of raising money to build and maintain these plants was not even questioned, and the Court has repeatedly recognized that it can be done.

'In the case of the City of Owensboro vs. Commonwealth, the Court had under consideration Section 170 of the Kentucky Constitution, and held that a public park owned by the city was in the meaning of the Constitution "property used for public purposes." It also held that the property connected with the fire department of the city, including engine house, fire engines, ladders, &c., was property held for public purposes and exempt from taxation. In another case it was necessity of any longer paying State and county taxes also held that a provision in a city charter authorizing

taxation for the purpose of sprinkling the streets was constitutional, and that taxes thus collected were for publi purposes. In discussing the question in that case it was said that whatever is necessary for the preservation of the public health and safety is a public purpose within Section 171 of the Constitution. The words were:

For the purpose of furnishing the citizens with pure water, water works may be established, and public wells dug and maintained; that the public highways may without peril be traveled at night, they may be lighted at the public expense; that the people may have convenient and wholesome places for resort, public parks may be established and kept. For the education of the young, public schools are conducted. For the support of the indigent aged, almshouses are provided. For the reformation of vicious young, reformatories are maintained. For the relief of the sick, hospitals are provided. For the protection of the public health, nuisances are abated, streets and sewers are flushed and cleaned. As a protection against conflagration, fire departments are established; and as a safeguard for life and property police departments are organized. It cannot be successfully denied that the dust upon the streets of large cities is a fruitful source of disease as well as of annoyance to the citizens. The same principle which authorizes the streets to be cleaned for the purpose of preventing noisome odors and epidemic of disease authorizes them to be . . Whatever public service the municipal corporation may itself perform, it may hire others to perform for it, if it appears that the latter method is the cheapest, and the best, unless there be some constitutional or statutory inhibition.

It had been contended that a water-works plant is not public property in the meaning of the Constitution-rather that it is private property, and ought not to be exempt from taxation, because it sells water to the inhabitants of the municipality. But the Court reasons that the city is authorized to acquire and own water-works plants, because water is needed for the purpose of flushing sewers of the city, and carrying off the material which would accumulate in the city and cause sickness and produce death. The Court argues that if a city can build sewers at public expense because they are a public necessity, it would seem that the ame necessity exists for acquiring water works for the purpose of making the sewers useful and accomplishing the purpose for which they are built. Likewise water is needed by the inhabitants of the town to carry away the effete matter from the various residences to the subject to taxation for county and State purposes.

sewers in the street. The public is just as much interested in carrying such matter from the homes of the citizens as it is in carrying it through the sewers of the city after it reaches them. The same necessity rests upon the city to see that the inhabitants are supplied with water for that purpose as it does to see that a sewer is constructed for the purpose of carrying the matter away after it has flowed into it. Above everything else it is the duty of the Commonwealth to look after the public health of the citizens. It has made the municipality its agent for that purpose. In some instances the State requires the cities to maintain boards of health at their own expense. If a smallpox epidemic breaks out in a municipality the expenses are not paid by the State, but by the municipality, the agency which the State has selected to perform a public duty which it owes to the citizens.

The view of the Court hence is that the water is not sold for private purpose but for public purposes. It is not sold to make a profit for the benefit of the city in its private capacity, but for public purposes. The municipality, by reason of its agency of the State government, is required to look after the health of its citizens, and it supplies water to them for compensation as the best means of accomplishing that purpose, and any excess of income over the expenses of maintaining the water works goes, not to the municipality in its private capacity, but to it in its public capacity, for the relief of the citizens of public burdens.

The same course of reasoning is applied to the ownership of a lighting plant. Such a plant is necessary for the safety of the citizens and their property, and therefore can be maintained at the expense of the citizens of the municipalities. Accordingly the city of Frankfort had the right to acquire the gas plant it sold and for which the bonds, the question of whose exemption from taxation was at issue, were given. The bonds are preserved for the purpose of aiding the city in doing that which it is authorized to do-in furnishing lights to the city. They are not held for any other purpose and they were created under a law that authorizes the production of a fund which the city was empowered to create by levying and collecting taxes. The bonds being thus in the estimation of the Court held for public purposes, it follows that they are not

Its History. States United Debt and

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, first, the details as they stood at the close of the last fiscal year ending June 30 1907; second, the changes in those details since June 30 1907 down to Nov. 1 1907; third, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1878; jourth, we publish in the "Chronicle" every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

INTEREST-BEARING DEBT OUTSTANDING JUNE 30 1907

Loan of 1904, matured Feb. 2 Old debt matured at various of Aggregate June 30 1907 o United States notes July National Bank notes: July Redemption account July	2 1964 lates prior to Jan. 1 1861, and o of debt on which interest has cear	G NO I	NTEREST JU	NE 30 1907.				\$1,086,815 26 \$1,086,815 26 \$3,282 56 47,658,804 56 \$6,863,994 28	

The foregoing shows that the Government debt on June 30 1907 was made up of (1) interest-bearing debt, \$894,834,280, of (2) debt on which interest has ceased, \$1,086,815 26, of (3) debt bearing no interest, \$401,257,097 28, making total gross debt, \$1,297,178,192 54; subtracting from the total the net cash balance in the Treasury (\$418,581,437 51) at the same date (June 30 1907), we have the net debt as it stood at the close of the last fiscal year, \$878,596,755 03. To bring down the interest-bearing debt to Nov. 1 1907—which, as stated, was \$894,834,280 on June 30 1907—we must deduct the Refunding Certificates and the Funded Loan of 1907 to reach the total of the interest-bearing debt Nov. 1 1907, which was \$858,685,510, or \$36,148,770 less than on June 30.

For later and juture details of the debt, see the same as issued every month in the "Chronicle," the first or a later Saturday. We now add, first, references to and citations from the laws which are the authority for the debt as it stands to-day; second the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1878 to 1907, and on Nov.1 1907; third, the Pacific Railroad bonds, which are never included in the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4½s, continued at 2% The bonds of this issue were issued in exchange for the 4½% funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at pleasure of the Government. Amount issued \$25,364,500, but May 18 1900 all were called for redemption on Aug. 18 1900, when interest ceased.

"CONSOLS OF 1930."—(Column 10.) Bonds (2% payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," &c. (for copy of Act see "Chronicle," March 3 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5%, payable Feb. 1 1904; (2) bonds bearing interest at 4% payable July 1 1907; and (3) bonds bearing interest at 3% payable August 1 1908 (the "ten-twenties of 1888"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in "Chronicle," March 17 1900, page 509. Of these 2% sthere were outstanding Nov 1 1907, according to debt statement, \$646,250,150.

bonds bearing interest at 5%, payable Feb., 1 1004; (2) bonds bearing interest at 4% payable July 1 1007; and (3) bonds bearing interest at 5% payable and sugnat 1 1008; (the "enteredies of 1808"). Por details of arrangement see Secretary Gage's circuity frequency to the refunding provisions of the bill in "Chronicle," March 17 1000, page 509. Of these 2% sthere were outstanding Nov. 1 1007, according to debt state—"LOAN OF 1008-1018,"—(Column 8). The bonds included under this head are an issue of \$100,75,2600 3 5%. They were authorized by Act of June 13 180, gage 1165) inviting must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular fornocite)" of June 18 180, gage 1165) inviting \$20, 8100, 8500 and \$1,000, and registered in denominations of same amounts, and also in \$5,000 and \$1,000, dated Agreen. 1808, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable June 1 1000, dated Agreen. 1808, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable June 1 1000, dated Agreen. 1808, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable June 1 1000, dated Agreen. 1808, redeemable in coin at the pleasure of the United States after the years from date of issue, and due and payable states. 1 1018. Bonds to be sold at not less than par in coin, and proceeds applied to redemption of outstanding 5-05, par for par. Outstanding (Nov. 1 1007), \$5,528,150, included in deet upon which interest has ceased.

"TOAN OF 1028."—(Column 6) Sales of bonds included under this sub of the Secretary of the Treasury to Issu

In April 1895 we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1878, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of Novber, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of \$150,000,000 as a separate item, and not
lided it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison
the previous years.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific railroads, giving likewise in the statement the debt already paid and the balance due to the Government.

BONDS ISSUED TO PACIFIC RAILROADS-THEIR STATUS NOVEMBER 1 1907.

	1	Railroad Liabilit	y.	Repaid by (Companies in Full	l Settlement.	Balance

Totals	\$64,623,512 00	\$82,511,594 36	\$147,135,106 36	\$27,295,070 55	\$108,314,060 59	\$135,609,131 14	\$3,683,237 9

• Government accepted principal of bonds of Kansas Pacific RR.—\$6,303,000—for indebtedness, but subsequently received an additional \$821,-898 on distribution of assets of Union Pacific, as mentioned in "note" below. The remainder (\$5,785,560 34) represents the loss to Government under the settlement. a Government realized the sum of \$2,122,841 24 from sale of claim against Sloux City & Pacific RR., or \$2,057,176 96 less than the company's indebtedness.

**Note.—The Government has been reimbursed for \$27,236,512 principal and \$31,211,711 75 interest, being the total indebtedness of the Union Pacific Railroad Company to Nov. 1 1897, and for the principal of the Kansas Pacific indebtedness, amounting to \$6,303,000. Subsequently under the final decree for the distribution of the assets of the Union Pacific Railroad, made by Judge Sanborn at St. Paul, Oct. 24 1899, the United States received an additional \$821,898 on its claim. Under settlement agreement of Feb. 1 1899, twenty notes of the Central Pacific Railroad Company (bearing interest at 3% per annum), payable respectively on or before the expiration of each successive six months for ten years, and aggregating \$58,812,715 48, which amount represented the unpaid balance of the total indebtedness of the Central Pacific and Western Pacific Railroad companies to the United States on Feb. 1 1899, were delivered to the Treasurer of the United States. Sixteen of the notes have been paid with accrued interest, leaving the debt on Nov. 1 1907, \$8,821,907 34 and accrued interest, less transportation earnings, for which first refunding mortgage 4% gold bonds (five in number) of the Central Pacific Railroad Company are held as collateral security

The next note matures Feb. 1 1908.

This section reads as follows:

Section 14, Article 9, of the State Constitution. This section reads so follows:

SECTION 14. The credit of the State shall not be directly or indirectly lability or liabilities, on behalf of the State, which shall singly or in the aggregate, with previous debts and liabilities hereafter incurred, at any one time exceed \$300,000, except to suppress insurrection, to repel invasion, or for purposes of war; but this amendment shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States, or to any fund which the State shall hold in trust for any Indian tribe.

MUNICIPAL.—The following amendment to the Maine Constitution took effect January 2 1878;

ARTICLE XXII. Limitation of Municipal Indebtedness. No city or town shall create any debt or liabilities, shall exceed five per centum of the last regular valuation of said city or town provided, however, that the adoption of this article shall not be construed as applying to any fund received in trust by the said city or town, nor to any loan for the purpose of renewing existing

oans, or for war; or to emporary loans to be paid out of money raised by axation during the year in which they are made.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Sections 23 to 26, inclusive, of Chapter 48 of the Revised Statutes of 1903. The Legislature of 1907 made several changes which we have incorporated

banks and Institutions for savings in the State of Maine are contained in Sections 23 to 26, inclusive, of Chapter 48 of the Revised Statutes of 1903. The Legislature of 1907 made several changes which we have incorporated below.

SECTION 23. Savings banks and institutions for savings are restricted to and hereafter may invest their deposits as follows:

First, a. In the public funds of the United States and District of Columbia.

For the Pennsylvania, a way and, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington.

Second, a. In the bonds of the counties, cities and towns of any of the New England States.

b. In the bonds of cities and districts in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, having a population of seventy-five thousand or more, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein

c. in the bonds of counties of twenty thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, when issued for municipal purposes and which are a direct obligation on all the taxable property the property therein of the assessment of taxes.

d. In the bonds of countries of twenty thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein for the assessment of taxes.

d. In the bonds of any city of ten thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minneso

stated dividend upon the stock of such leased road and the interest on its bonds.

e. Street railroad companies are not railroad companies within the meaning of the foregoing clauses of this section.

f. In the bonds of street railroads constructed in this State prior to April 27 1895, and in the bonds of street railroads in this State constructed after said date, and in the first mortgage bonds of any completed street railroad in the States of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas and Nebraska; provided, that in the case of street railroads constructed in this State after April 27 1895, and in the case of street railroads in the States above named, an amount of capital stock equal to 33 1-3% of the mortgaged debt shall have been paid in, in cash, and expended upon the road, evidenced by a certificate of the railroad commissioners of the State were the road is located, filed in the office of the Secretary of State of this State, that said percentage has been so paid in and expended in addition to the amount of the bonded debt, provided, further, that in such of the above States as have no railroad commissioners having supervision of street railroads the bank examiner of this State may ascertain the facts and if they meet the foregoing requirement may file certificate thereof with the Secretary of State; provided, further, that when, for any reason, it is impossible to obtain a certificate that an amount of capital stock equal to one-third of the bonded debt has been paid in, in

cash, in lieu thereof such bonds may be certified as leval for the purpose hereof, on satisfactory proof to the bank examiner that annual dividends in amount equal to five per centum per annum on an amount of capital stock equal to one-third of the bonded debt has been carned and paid for a period of five years next prior thereto; and all the expenses and compensation of the bank examiner for such service shall be paid by the railroad company the same are admitted or not. No bonds secured by an open mortgage shall be legal under this section unless the mortgage provides that the total amount of bonds certified and outstanding under it shall at no time exceed seventy-live per cent of the amount of cash expended upon the road-citive the entire funded debt under the conditions as applied to first mortgage bonds in clauses b. c and f of this sub-division, and which are secured by a first mortgage on the whole or any part of the system.

Fourth. In the mortgage bonds of any water company in the New Fourth. In the mortgage bonds in clauses b. c and f of this sub-division, and which are secured by a first mortgage on the whole or any part of the system.

Fourth. In the mortgage bonds of any water company in the New Fourth. In the mortgage bonds in clauses b. c and f of the extinguishment of fires, whenever such company is earning more than its fixed charges and interest on its debts and its running expenses.

To such a sub-division of the main railroads and water companies incorporated under the authority of this State and actually conducting in this State the business for which such corporation was created, which are earning and are paying a regular dividend of not less than 5 % 2 year.

Year. In the stock of any bank or banking association incorporated under the authority of the State.

In the stock of any bank or banking association incorporated under the authority of the State.

In the stock of any bank or banking association incorporated under the authority of the State.

In the stock of any bank or banking assoc

ont exceeding 5 % of its deposits or to an amount not exceeding its recording fund.

SECTION 25. No such bank or institution shall hold by way of investment, or as security for loans, or both, more than one-fith of the capital stock of any corporation, nor invest more than 10 % of its deposits not exceeding \$60,000, in the capital stock or notes of any corporation, nor have more than 50 % of its deposits in mortgages of real estate. This section and the two preceding do not apply to real estate, or other assets, acquired by the foreclosure of a mortgage thereon, or upon judgment for debts, or in settlements to secure debts. This section does not apply to bonds enumerated in the first five sub-divisions of Section 23 of this Chapter.

Chapter.

SECTION 26. Savings banks and institutions for savings may deposit on call in banks or banking associations incorporated under the authority of this State, or the laws of the United States, and receive interest for the same.

SECTION 27. The trustees shall see to the proper investment of deposits and funds of the corporation in the manner hereinbefore prescribed. No loan shall be made directly or indirectly to any officer of the corporation or to any firm of which such officer is a member.

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the Constitution which was ratified in

The above is an amendment to the Constitution which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town."

In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts:

Sec. 1. The term "municipal corporation" means town, city, school district, village district and village precint. Sec. 2. Bonds issued must be payable in gold coin. If made payable in less than 20 years, may be extended but never beyond 20 years from time of issue. Sec. 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting if properly celled, &c. (for which see Act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. Sec. 4. City bonds must be authorized by resolution of City Council passed by at least two-thirds of members elected to each branch, taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. Sec. 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in Act—which see. In case bonds be made subject to call, they must contain statement to that effect as given in Act. "The validity of any bonds shall not be affected by any variation from the forms herein prescribed." Sec. 6. Treasurer to keep a book in which he shall register bonds issued, &c. Sec. 7. "All bonds purporting to be lessued by virtye of this Act and signed and sealed as hereinbefore

stances, such as in the case of \$100,000 high-school bonds of the city of Portsmouth authorized by Chapter 202, Laws of 1903. This chapter pro-vides that Section 9 of the municipal bond law of 1895 does not apply in

AN ACT TO REGULATE AND LIMIT THE INVESTMENTS OF SAVINGS BANKS.

Be it enacted by the Senate and House of Representatives in General Court convened:

convened:
SECTION 1. On and after the passage of this Act, savings banks and savings departments of banking and trust companies shall make investment of their funds in the following classes of securities only:

1st. In notes secured by first mortgage of real estate situated in New Hampshire, but not over 70% of the value of the property covered shall be seloaned, and not exceeding 70% of the deposits shall be so invested.

2d. In notes secured by first mortgage of real estate situated outside of New Hampshire which is at the time improved, occupied and productive, but not over 50% of the value of the property covered shall be so loaned, and not exceeding 25% of the deposites shall be so invested.

3d. In notes secured by collateral in which the bank is at liberty to invest of a value at least 10% in excess of the face of the note. The amount of any one class of securities so taken as collateral, added to that which the bank may own at the time, shall not exceed the total limit of that class of security, but not exceeding 25% of the deposits shall be so invested.

4th. In notes secured by collateral securities which are dealt in on the Stock Exchanges of Boston and New York, the Stock Exchange price of which shall at all times be at least 20% in excess of the face of the note while held by the bank, but not exceeding 25% of the deposits shall be so invested.

5th. In notes of individuals or corporations with two or more signers, or one or more indorsers, but not exceeding 5% of the deposits shall be loaned any one person or corporation in this class of security, and not exceeding 25% of the deposits shall be so invested.

6th. In the public funds of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal.

7th. In the bonds and notes of this State, or of any county, city, town, ecinct or district of this State.

7th. In the bonds and notes of this State, or of any county, city, town, precinct or district of this State.

8th. In the authorized bonds or notes of any State or Territory of the United States; and in the bonds or notes of any city of the States of Maine, Vermont, Massachusetts, Rhode Island, Connecticut or New York, whose net indebtedness does not exceed 5% of the last preceding valuation of the property therein for taxation, or of any county, town, village, precinct or district in said States whose net indebtedness does not exceed 3% of such valuation.

9th. In the authorized bonds of any county, city, town, school district or other municipal corporation of any other of the United States or Territories whose net indebtedness at the time of such investment does not exceed 5% of the last preceding valuation of the property therein for taxation; and in the authorized bonds of any city of 100,000 inhabitants of any of said States whose net indebtedness does not exceed 7% of the last preceding valuation of the property therein for taxation. The term "net indebtedness" hall be construed to denote the indebtedness of any city, town or other municipal corporation, omitting the debt created for supplying the inhabitants with water and deducting the amount of any sinking fund available for the payment of the municipal indebtedness. Provided, however, that such bonds shall not have been Issued in aid of railroads or for special assessment purposes. Provided, also, that the bonds of any county, city or town of less than 10,000 inhabitants, or of any school district or other municipal corporation of less than 2,000 inhabitants in any State or Territory other than those named in Paragraph 8 of Section 1 of this Act shall not be authorized investments. Provided, further, that such bonds are issued by municipalities that are permitted by law to levy taxes sufficient to pay the interest and to provide sinking funds for their debt; otherwise such bonds shall not be authorized investments. But not exceeding 50% of the deposit

wise such bonds shall not be authorized investments. But not exceeding 25% of the deposits shall be so invested ways, incorporated under the laws of this State, whose road is located wholly or in part in the same; but not exceeding 25% of the deposits shall be so invested.

11th. In the bonds of any railroad company, except street railways, incorporated under the authority of any of the New England States, whose road is located wholly or in part in the same, and which is in possession of and operating its own road, and has earned and paid regular dividends of or assumed by such railroad company; but not exceeding 25% of the deposits shall be so invested.

12th. In the bonds of any railroad company, except street railways, incorporated in the bonds of any railroad company, except street railways, incorporated in the paid regular dividends of not less than 4% per annum on its capital stock for the three years next preceding such investment; provided, such capital stock on which it earns and pays dividends equals in amount one third of a sumed by such railroad; but not exceeding 25% of the deposits shall be so invested.

13th. In the first markage bonds of corporations of this State, except as the time of such investment does not exceed its capital stock actually paid in and remaining unimpaired; but not exceeding 10% of the deposits shall be so invested.

14th. In the first markage bonds of corporations of this State, except shall be so invested.

14th. In the bonds of street railway corporations incorporated under the bonds of street railway corporation located wholly or in part in cities of 30,000 inhabitants or more, in any of the other New England States, and in the bonds of street railway corporations located wholly or in part in cities of 30,000 inhabitants or more, in any of the other New England States, and in the bonds of street railway corporations located wholly or in part in cities of 30,000 inhabitants or more, in any of the other New England States, and in the bonds of street railway corporation loc

There was no direct tax for State purposes levied in either 1903, 1904, 7125

There was no direct tax for State purposes levied in either 1903, 1904, 7125

Or 1906. A tax of \$1 30 per \$1,000, however, consisting of a State school tax of \$0 cents and a State highway tax of 50 cents was collected and re-distributed to towns on a basis of the number of schools and road mileage, the State, for the sake of equalizing its distribution, acting as agent in the matter. Prior to 1902 this tax was \$1 per \$1,000.

DEBT LIMITATIONS.—There appears to be nothing in the Constitution or in the Statutes of Vermont providing for a general limit to the debt making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. Rallroad subscriptions by towns are authorized by Section 3102, Chapter 141, of the Revised Statutes of 1894 the section being as follows.

SECTION 3102. A town may aid in the construction of a rallroad or-

the Revised Statutes of 1894 the section being as follows.

SECTION 3102. A town may aid in the construction of a railroad organized under the general law by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs, but the liability so assumed shall not exceed eight times the grand list of the town at the time. Such aid shall be given as provided in this chapter.

It will be noticed that this section contains a limit to the power granted of making subscriptions in aid of railroads—to wit: That the subscriptions shall not exceed eight times "the grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal of each individual with valuations entered at their real value. in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done "the grand list" is made up by taking 1% of that amount, according to Section 360, Chapter 26, of the Revised Statutes of 1894, which is as follows: "All real and personal "estate shall, except as otherwise provided, be set in the list at 1% of its "value in money on the first day of April of the year of its appraisal."

Following Section 3102, above cited, which authorizes subscriptions in aid of railroads, are other sections describing the method in which these subscriptions must be made, by calling a town meeting, voting, &c., &c. Then follows Section 3108, authorizing the issue of bonds.

SECTION 3108. Such town may issue bonds, with coupons payable semi-annually, to aid such road.

The only other general authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes and for road-making apparatus. The Sections which grant these powers are Sections 3111 to 3120, inclusive, Chapter 141 of the Revised Statutes of 1894. Section 3111 is as follows:

SECTION 3111. A town which has outstanding and unpaid orders, notes, bonds or coupons lawfully issued, may issue other negotiable notes or bonds to pay or retire the same.

SECTIONS 3112 to 3115, inclusive, give the method of issuing such bonds.

bonds to pay or retire the same.

SECTIONS 3112 to 3115, inclusive, give the method of issuing such bonds. By Section 3116 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns by the two sections last above cited.

SECTION 3118. A town, city or incorporated village may issue bonds to an amount not exceeding three times its grand list, for the purpose of purchasing road-making apparatus and for building permanent highways within the limits of such town, city or village.

Sections 3119 and 3120 provide for the method of issuing such bonds.

The only other section which we need quote is Section 3083 of Chapter 139, which names the objects for which towns may vote money. If money is appropriated for any other object, the Charter or a special statute must be looked to for the authority.

SECTION 3083. Towns may vote such sums of money as they deem necessary for the support of the poor, for laying out and repairing highways, for the prosecution and defense of the common rights and interests of the inhabitants, and for other necessary incidental town expenses.

SAVINGS BANKS INVESTMENTS-PRIVILEGES AND RESTRIC-TIONS.—The provisions of the law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066 to 4131, inclusive, as TIONS.—The provisions of the law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066 to 4131, inclusive, as amended from time to time. The first section having reference to investments is Section 4096, which treats of real estate mortgages. As amended in 1904 it authorizes the investment of 80% of the assets in such mortgages, one-sixth at least of which "shall be upon real estate in this State"—that is, Vermont. A proviso adds that only 60% of the assets may be invested in morgtages on real estate outside of Vermont. If the investment is on mortgage of unimproved or unproductive real estate, the amount of such investment is limited to 40%. Sections 4097 and 4098 relate only to obtaining and paying for insurance. Section 4099 (as amended in 1906) is as follows, and has reference to investment on personal security.

SECTION 4099. No loans or investments on personal security shall be made except upon at least two approved names, not less than two of whom reside in this State or within fifty miles of the institution making such investment, or upon notes or accepted drafts given by individuals, firms or corporations residing without the State for goods manufactured within the State, and payable to individuals, firms or corporations located within the State, and such personal loans or investments shall not be for a longer time than one year; and not more than one-third of the assets of a savings bank, savings institution or trust company shall be invested in personal securities.

Section 4100 only covers a single point; that is to say, it restricts to five per cent of the deposits the amount which a savings bank may invest in the lot and building for the transaction of its business, and adds that a revenue may be derived from portions of the building not required for the bank's use. The next section (Section 4101) covers the most important of the provisions relating to investments that are contained in the law. We give the section in full below. The separation into paragraphs ar

SECTION 4101. With the foregoing exceptions, the moneys deposited in Savings Banks, Savings Institutions and Trust Companies, and the income therefrom, shall be invested only as follows:

(1.) In the public funds of the United States, or public funds for the payment of principal and interest of which the faith of the United States is pledged;

(2.) In the bonds or notes of the counties, cities, towns, villages and school districts of the New England States, New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa;

(3.) In the stock of any national bank in the New England States, New York, and the cities of Detroit, Chicago, St. Paul and Minneapolls; in the stock of any banking association or trust company incorporated under the authority of and located in this State;

(4.) In the municipal bonds, not issued in aid of railroads, of counties, cities and towns of five thousand or more inhabitants in the States of New Jersey, Wisconsin, Minnesota and Missouri, and in counties, cities and towns of the thousand or more inhabitants in the States and towns of the thousand or more inhabitants in the States and towns of the thousand or more inhabitants in the States above named, except in cities of fifty thousand or more inhabitants, where the municipal indebtedness of such county, city or towns in the States above ramed, except in cities of fifty thousand or more inhabitants, where the municipal indebtedness of such county, city or town exceeds five per cent of its assessed valuation, and when not issued in aid of railroads;

(5.) In the school bonds and independent school district bonds of New Jersey, Wisconsin, Minnesota and Missouri; and in the school bonds and independent school district bonds of school districts of two thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, where the amount of such bonds issued does not exceed five per cent of the assessed valuation of the respective cities, towns and school districts;

(6.) In the public funds o

The amount of loan which can be made to one person or corporation, &c. is restricted by the next section, and we give it in full. It is as follows:

SECTION 4102. No savings bank, savings institution or trust company shall loan to any one person, firm or corporation, or the individual members thereof, more than five per cent of its deposits, nor more than thirty thousand dollars; nor shall such loans on personal security exceed ten thousand dollars, until its deposits amount to one million dollars, after which the sums so loaned may be increased one per cent of the deposits in excess of the one million dollars; but this section shall not apply to United States bonds or municipal bonds, or notes with such bonds as collateral.

We also give Section 4106 in full. It confers authority upon savings banks to make deposits on call in banks and trust companies in certain States and cities, and is as follows:

SECTION 4106. The words "trust company" in this chapter shall be construed to include savings banks and trust companies. A savings bank, savings institution or trust company may deposit on call in banks, banking associations or trust company may deposit on call in banks, banking associations or trust companies in this State, or in the cities of New York, Boston, Chicago, Albany, Philadelphia or Concord, New Hampshire, or in any other legal designated depository under the laws of the United States, or in national banks in the cities of St. Paul, Minneapolis and Kamsas City, with or without interest, as may be agreed upon, sums not exceeding in the aggregate twenty per cent of the assets of such savings bank, savings institution or trust company.

Section 4107 enacts that savings banks may hold real estate acquired no foreclosure or otherwise taken to secure debt, but it must be sold within five years, unless certain prescribed steps are taken, when an extension may be granted by the Inspector of Finance for not exceeding three years additional. Section 4108 authorizes savings banks to demand and receive on loans 6% The amount of loan which can be made to one person or corporation,

DEBT LIMITATIONS.—There seems to be no provision in the Constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to Cities and Towns. All of the general provisions are found incorporated in Chapter 27 of the Revised Statutes, edition of Jan. 1 1902. The important sections of this chapter are cited below:

SECTION 1. Cities and towns shall not incur debts, except in the manner of voting and within the limitations as to amount and time of payment prescribed in this chapter.

SECTION 2. The Indebtedness of a city or town under the provisions of this chapter not inconsistent herewith shall be its net indebtedness of a sedened in clause twelve of section five of chapter eight; but debts created in aid of railroad corporations, except as herein otherwise provided, and water scrip, issued by a town under special statutes for the indebtedness of a fire district, and all other debts excepted by general or special statutes shall be excluded.

"For meaning of "het indebtedness" see bottom of this page.

SECTION 3. A city shall not become indebted in an amount exceeding two and one-half per cent on the average of the assessors' valuations of the taxable property therein for the three preceding years, the valuation of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment.

SECTION 4. A town shall not become indebted in an amount exceeding the second of t

the axable proper tiered in the faverage of the assessors' valuations of each year being first reduced by the amount of all abatements allowed thereon previous to the last day of December in the year preceding said assessment.

SECTION 4. A town shall not become indebted in an amount exceeding three per cent on the last preceding valuation for the assessment of taxes, of the taxable property therein.

SECTION 5. A city or town which establishes, purchases reconstructs, extends or enlarges a gas or electric-lighting plant within its limits may incur debt outside the debt limit prescribed in this chapter in payment therefor to an amount not exceeding, in a town, five per cent, and, in a valuation.

SECTION 6. Cities and towns may by a majority vote incur debts for temporary loans in anticipation of the taxes of the municipal year in which such debts are incurred and expressly made payable therefrom by such vote. Such loans shall be payable within one year after the date of their incurrence, and shall not be reckoned in determining the authorized limit of indebtedness. [Notes may be non-interest bearing and sold at a discount. See Chapter 153 Laws of 1904.]

See Chapter 153 Laws of 1904.]

See Chapter 153 Laws of 1904.]

To appear the provisions of sections one hundred and forty-nine to one hundred and sixty, inclusive, of chapter one hundred and eleven. Such loans shall not be reckoned in determining the authorized limit of indebtedness, and when any money so paid is repaid, it shall be immediately applied to the discharge of the loan.

The sections referred to above in chapter 111 provide for the abolition of Grade Crossings.

Betts of the discharge of the loan.

The sections referred to above in chapter 111 provide for the abolition of Grade Crossings.

ECCTION 9. A city or town which has incurred a debt within the flame therefore the above and may be non-intered and subject to the approval or disapproval of the mayor.

The sections referred to above in chapter 111 provide for the abolition of Grade Crossings.

gas and electricity.]

gas and electricity.]

SECTION 12. The interest on all debts shall annually be raised by taxation. If a debt is payable at a period exceeding ten years, the city or town shall, and in all other cases may, at the time of contracting the same, establish a sinking fund to be used for no other purpose than the payment of such debt, and shall annually raise by taxation and contribute thereto an amount sufficient with its accumulations to extinguish the debt at maturity; and if payable at a period not exceeding ten years, the city or town shall raise by taxation annually not less than eight per cent of the principal thereof, and shall set it apart for a sinking fund until an amount has been raised, sufficient, with its accumulations, to extinguish the debt at maturity; and shall, in the year before the maturity of the debt, raise by taxation any balance necessary for its extinguishment.

SECTION 13. A city or town, instead of establishing a sinking fund, may vote to provide for the payment of any debt by such annual proportionate payments as will extinguish the same at maturity, and thereupon such annual proportion shall, without further vote, be assessed under the provisions of Section 37 of Chapter 12 until such debt is extinguished.

Sections 14 to 19. inclusive, and sections 22, 24 and 25, relate to the elec-

tion and duties of the Commissioners of the Sinking Fund and various other matters we cannot enter upon here

matters we cannot enter upon here.

SECTION 21. A city which at a meeting of its voters held for that purpose has accepted, by a vote of two-thirds of the legal voters present and voting thereon, any Act to supply said city with water may, by a yea and nay vote of the majority of the members of each branch of the City Council, contract debts and issue bonds for the purposes and to the extent authorized by such Act, in the manner provided in, and subject to the provisions of, the preceding sections.

SECTION 23. No city or town shall, for the purpose of subscribing in aid of a railroad corporation, increase its indebtedness to an amount which, with its existing net indebtedness incurred for any purpose, excluding temporary loans, exceeds 3% of the valuation of the taxable property therein as ascertained by the last preceding city or town valuation for the assessment of taxes.

In addition to these General Provisions there were a supplementation.

leed by such Act. in the manner provided in, and subject to the provisions "SECTION 23". No city or town shall, for the purpose of subscribing in add of a ralironad corporation, increase its ludebtedness to an amount which properly therein as ascertained by the last preceding city or town valuation for the assess—In addition to these General Provisions there are various Special Laws which contain exceptions to the general law as to debt limitation, which apply to Cambridge, Lynn, Newburyport, Wallam, Worcester, &c., &c., A further exception in favor of Metropolitan Park assessment loans issued in 1900 and 1901 was made by Chapter 235. Laws of 1902.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTION—SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTION—SAVINGS IN MASSACHUSETS are contained in Section 26. Chapter 113, of the Revised Statutes of 1901, and in Chapter 453 of the Laws addition the 1904 Lepislaure amended sub-division (d) of clause second by admitting investments in bonds and notes of water districts. In 1905 clause wealth with a pickage scolateral of shares of the Boston & Albany, of the North Albany and the North Albany a

thereof.

• "Net indebtedness" as used above shall mean the indebtedness of a county, city, town or district, omitting debts created for supplying the inhabitants with water and other debts exempted from the operation of the law limiting their indebtedness, and deducting the amount of the sinking funds available for the payment of the indebtedness included. Revised Statutes Chapter 8 Section 5 Clause 12.

(I) In the note or notes of a citizen of this Commonwealth with a pledge as collateral of shares of the capital stock of a railroad company incorporated in any of the New England States, and whose road is located wholly or in part therein, and which is in possession of and is operating its own road and has earned and paid regular dividends of not less than 5% per annum on all its issues of capital stock for five years last preceding the date of such note or notes, or a renewal thereof, and at no more than 75% of the market value thereof, such note or notes to be made payable on demand and to be paid or renewed within one year from the date thereof.

(m) In the note or notes of a citizen of this Commonwealth with a pledge as collateral of shares of the capital stock of the Boston & Lowell Railroad Corporation, of the Boston & Providence Railroad Company, of the Connecticut River Railroad Company, of the Postdence & Worcester Railroad Company, of the Boston & Albany Railroad Company, of the Norwich & Worcester Railroad Company and of the Providence & Worcester Railroad Company notwithstanding the road of each of said companies may be leased to another railroad company; but such note or notes shall not in any case exceed 75% of the market value of the securities pledged and shall be payable on demand and be paid or renewed within one year from the date thereof.

FOURTH.—(a) In the bonds of the New York & New England Railroad Company issued according to law, and for the payment of the principal and interest of which first mortgages, made as provided in Chapter 301 of the Acts of the year 1888, are held as collateral security under an indenture of trust duly made and entered into for that purpose; provided, that the amount of the bonds so issued shall not exceed the amount of the mortgages so held in trust, and that no one of said mortgages shall exceed in amount of the produce of the value of the real estate thereby mortgaged; and no investment in said bonds shall be made by such corporation, except upon the report

shall equal to exceed in amount one-third of the par value of its bonded indebtedness.

(d) In the legally authorized bonds of a railroad company incorporated under the authority of the States of New York, Pennsylvania, Ohio, Indiana, Illinois, Michigan or Iowa, whose road is located wholly or in part within the limits of said States, and has earned and paid regular dividends of not less than 4% per annum on all its issues of capital stock for the ten years last preceding such investment; provided that said bonds shall be secured by a first mortgage of the whole or a part of the railroad and railroad property of such company, and be guaranteed, both principal and interest, by one or more of the companies named in the preceding paragraph.

(e) In the note or notes of a citizen of this Commonwealth, with a pledge as collateral of any of the securities mentioned in the two preceding paragraphs at no more than the par value thereof. (See below for law permitting loans with street railway bonds as collateral.)

(f) In the bonds of the Bostol. Terminal Company authorized by the provisions of Section 4 of Chapter 516 of the Acts of the year 1896 and in the note or notes of a citizen of this Commonwealth, with a pledge as collateral of the first mortgage bonds of said company at no more that the par value thereof.

(g) Street railway companies are not railroad companies within the

visions of Section 4 of Chapter 516 of the Acts of the year 1300 alia m note of notes of a citizen of this Commonwealth, with a pledge as collateral of the first mortgage bonds of said company at no more that the par value thereof.

(g) Street railway companies are not railroad companies within the meaning of the third and fourth clauses of this section. (See below for law permitting street railway investments.)

FIFTH—Bank Stock.—In the stock of a bank incorporated in this Commonwealth, or in the stock of a banking association located in the New England States and incorporated under the authority of the United States, or in the stock of a trust company incorporated under the laws of and doing business within this Commonwealth, as provided in Chapter 116 or of those trust companies incorporated as such by special charters granted under the laws of and doing business within this Commonwealth whose special charters require them to provide the same security as prescribed in sections 28 and 30 of said chapter, or in the notes of a citizen of this Commonwealth, with a pledge as collateral of any of the aforesaid scurities at no more than 80 % of the market value and not exceeding the par value thereof; but such corporation shall not hold, both by way of investment and as security for loans, more than 35 % of its deposits in the stock of such banks, associations or companies, nor in any one such bank, association or company. Such corporation may deposit not more than 5% of its deposits in, nor more than one hundred thousand dollars nor more than one-quarter of the capital stock of such bank, association or company. Such corporation may deposit not more than 5% of its deposits in any one such bank, association or company. Such corporation may deposit not more than 5% of its deposits and any one such bank, association or company to the corporation as collateral security for the payment of such corporation as collateral security for the payment of such corporation as collateral security for the payment of such loan. SEV

preparation of a suitable building for the convenient transaction of its business.

NINTH—Real Estate by Foreclosure.—Such corporation may hold real estate, acquired by the foreclosure of a mortgage owned by it, or by purchase at sales made under the provisions of such mortgage, or upon judgments for debts due to it, or in settlements effected to secure such debts. All such real estate shall be sold by the corporation within five years after the title thereof is vested in it; but the board of commissioners of savings banks may, upon the petition of the board of investment of such corporation, and for cause, grant an additional time for the sale of the same of the securities mentioned in the following clause.

TENTH—Securities Acquired in Settlement of Debt.—Such corporation may hold stocks, bonds or other securities acquired in settlements effected to secure loans or indebtedness, but unless the time during which such securities may be held is extended as provided in the preceding paragraph, they shall be sold within five years after being acquired. A corporation holding such securities on the 8th day of March in the year 1898 shall not be required to sell the same before the 1st day of February in the year 1903.

ELEVENTH.—The provisions of this chapter shall not invalidate or impair the title of a corporation to securities which have been or may be held by it in pledge or as security for a loan or indebtedness; and the same shall be held for the purposes for which they were pledged. Such corporation shall not be required to change investments made before the 1st day of October in the year 1876.

STREET RAILWAY BONDS.

STREET RAILWAY BONDS.

STREET RAILWAY BONDS.

As stated above, street railway bonds are included in the list of legal investments by Chapter 483 of the Laws of 1902. This Act was amended by Sections 147, 148 and 149, Part III., Chapter 463, Laws of 1906, the only change, however, being the substitution of the words "bank commissioner" for "board of commissioners of savings banks" wherever they occur, The sections as they now stand are as follows:

SECTION 147. In addition to the investments authorized by Section 26 of Chapter 113 of the Revised Laws, savings banks and institutions for savings may invest their deposits and the income derived therefrom in the bonds, approved by the bank commissioner, as hereinafter provided for, of any street railway company incorporated in this Commonwealth the railway of which is situated wholly or partly therein, and which has earned and paid annually for the five years last

preceding the certification hereinafter provided for, of the board of railroad commissioners, dividends of not less than 5% per annum upon all of its outstanding capital stock. In any case, where two or more companies have been consolidated by purchase or otherwise during the five years prior to the certification aforesald, the payment severally from the earnings of each year of dividends equivalent in the aggregate to a dividend of 5% upon the aggregate capital stocks of the several companies during the years preceding such consolidation shall be sufficient for the purpose of this Section. Dividends paid to the stockholders of the West End Street Railway Company by way of rental shall be deemed to have been earned and paid by said West End Street Railway Company within the meaning of this section.

SECTION 148. The board of railroad commissioners shall on or before the 15th day of January of each year transmit to the bank commissioner a list of all street railway companies which appear from the returns made by said companies to have properly paid, without impairment of assets or capital stock, the dividends required by the preceding section. SECTION 149. The bank commissioner shall, as soon as may be after the receipt of the lists provided for in the preceding section, prepare a list of such bonds issued by any street railway company and certified by the board of railroad commissioners, in accordance with the provisions of the preceding section, as the bank commissioner shall deem good and safe securities for the investments of savings banks and institutions for savings. Such lists shall at all times be kept open to the inspection of the public.

According to the requirements of Section 2 of the above Act, the Board of Railroad Commissioners in January 1907 announced the following roads as meeting the demands of the Act (V. 84, p. 461):

Athol & Orange Street Ry. Co.
Boston Elevated Ry. Co.
Cltizens' Elec. St. Ry. of Newburyp't.
Dartmouth & Westport St. Ry. Co.
East Middlesex Street Ry. Co.
Fitchburg & Leominster St. Ry. Co.

With the above as a basis, the Bank Commissioner has prepared a list of the bonds of the foregoing roads which he deems good and safe investments for the banks. See V. 84, p. 826.

In 1904 savings banks were also authorized to make loans with street rallway bonds as collateral. This law follows:

SECTION 1. Savings banks and institutions for savings may invest their deposits and the income derived therefrom in the note or notes of any citizen of this Commonwealth, with a pledge as collateral, at nor more than the par value thereof, of the bonds of a street rallway company in which the savings banks of the Commonwealth are authorized by law to invest.

CITIES, COUNTIES AND TOWNS IN THE STATE OF MASSACHUSETTS.

Note.—For places not given in alphabetical order among the following statements, see "Additional Statements" at the end of this State.

Aggregate Municipal Indebtedness.

The gross interest-bearing debt of all municipalities of the State was \$212,951,718 on May 1 1906.

The following table shows the aggregate assessed valuation as returned by the local assessors, the aggregate net debt of all the municipalities of the State, and the percentage of the same, for the years indicated:

	.———Aggregate———		
Year.	Valuation.	Net Debt.	Percentage.
	\$3,404,893,165	\$150,998,898	4.4
1905		147,508,003	4.4

^{*} Total debt. T .- Town.

State of Rhode Island.

DEBT, RESOURCES, &c.

Admitted as a State____One of Original Thirteen Total area of State (square miles)_____ 1.250 State Capital -------Providence Governor (term exp. first Tues. Jan., 1908) James H. Higgins Sec. of State (term exp. first Tues Jan. '08)_Chas. P. Bennett Treasurer (term exp. first Tues. Jan. 1908) __ Walter A. Read

As the result of an amendment to the Constitution which was adopted at the election held in November 1900, the Legislature now meets annually the first Tuesday in January. There is no limit as to the length of session, but compensation of the legislators is limited to sixty days' attendance in any calendar year.

HISTORY OF DEBT. For early history of the Rhode Island State debt e "State and City Supplement" of April 13 1895, page 33. The bonds

outstanding at present are describ	ed as follows:
LOANS— When Due.	LOANS— When Due.
State House Loan	Highway Improvement Bonds

STATE AND MUNICIPAL INDERTEDNESS LIMITATIONS.—Under Section 13, Article IV., of the State Constitution, the General Assembly has no power to incur State debt to an amount exceeding \$50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to pledge the faith of the State for the the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to pledge the faith of the State for the payment of obligations of others without the approval of the people. In reference to city debts, there is nothing in the Constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 7. Chapter 36 (page 157) of the Revised Statutes of the State of 1896. Since 1878 these provisions have been in force, and consequently 3% of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20. "The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be presecuted shall be prosecuted and all indebt-edness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority therefor.

SECTION 21. No town shall, without special statutory authority therefor, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight, but the giving of a new note or bond for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

SAVINGS BANK INVESTMENTS AND RESTRICTIONS—In the

computing such indebtedness."

SAVINGS BANK INVESTMENTS AND RESTRICTIONS—In the Revised Statutes of Rhode Island (which were revised in 1896) Sections 54, 55, 56, &c. of Chapter 178, Title 19 (on page 548), will be found the provisions of law with reference to Savings Bank Investments. Section

54, which recites in detail the stocks bonds, &c., these institutions are allowed to put their money in, is as follows:

SECTION 54. Institutions for savings shall invest their receipts—
(1) In public stocks or bonds of any State or of the United States,
(2) Or in any bank stock, or in notes or bonds of any town or city,
(3) Or in notes of any school district or fire district in any New England

(4) Or in such corporate stocks or bonds as they may deem safe and

(d) Or in such corporate stocks or bonds as they may deem safe and secure.

(3) Or they may discount notes, bonds or drafts of individuals or corporations, with two other responsible endorsers, sureties or guarantors (6) Or the notes, bonds or drafts of individuals or corporations secured by the public notes, stocks or bonds of any State of the United States, or of any town or city or of any school district or fire district in any New England State, or by the stock or bonds of any corporation which may be deemed to be safe, or by mortgage on real estate

Concerning Sections 55 and 56, the first appears to give savings institutions quite extensive powers as to making and keeping deposits in commercial banks. When so kept, however, they are to be kept "payable on demand whether drawing interest or not." The two sections are subjoined.

SECTION 55. No such institution shall have an amount exceeding one-half of its receipts invested in notes, bonds or drafts of individuals or corporations, unless secured by some public notes bonds or stocks as aforesaid, or by mortgage on real estate; but the preceding section shall not be so construed as to forbid any such institution from placing and holding on deposit in any bank such reasonable amount of their receipts as is customary and they may deem proper, payable on demand, whether drawing interest or not.

SECTION 56. No money shall be loaned by any institution for savings to any trustee, director or other officer of such institution.

For the other provisions of the law as they now are we would refer our readers to the Revised Statutes of 1896.

Walter L. Clarke, Treasurer; Philip S. Chase, Auditor.

The city is situated in Providence County, which has no debt. On June 1 1898 a portion of the town of Johnston, representing about five sevenths of the assessed valuation, was annexed to the city of Providence, and the latter was to assume $255,720 64 of the net debt of the old town of Johnston. City was incorporated 1832.

PROPOSED NEW CONSTITUTION DEFEATED .- After a Constitutional Convention occupying over four months, the document drafted by that body was defeated at a popular election on June 16 1902. Another amendment in the form of a general revision of the Constitution was also

defeated at an election held Oct. 7 1907. See V. 85, p. 1038.

DEBT LIMITATION.—The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any town or city to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality.

There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling Acts and in city charters.

and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to Section 1931, Chapter 121 of the Revised Statutes of 1902, "when any town shall have made appropriations or incurred debts, or shall hereafter make appropriations or incur debts exceeding \$10,000, it may issue bonds, either registered or with coupons attached, or other obligations, payable at such times and at such annual rate of interest not exceeding 6%, payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred

snan determine, "&c. Chies have had no such general authority conherred upon them.

TAX EXEMPTION.—Exemption from Taxation has been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to redeem the railroad aid bonds above referred to. This exemption is found in Section 2315, Chapter 144 of the Revised Statutes of 1902 (latter part of Section), and the bonds there named are those "issued by any town or city in aid of the construction of the railroads of the Connecticut Western Railroad Company, the New Haven Middletown & Willimantic Railroad Company, the Shepaug Valley Railroad Company, the Connecticut Valley Railroad Co., the Connecticut Central Railroad Company, or either them." All railroads which are in whole or in part in the State are taxed by the State under Section 2424, Chapter 147 of the Revised Statutes, so that the tax on these bonds is paid by the railroads.

Exemption from tax of new bonds issued to redeem or to provide a fund to redeem any reissue of the same, is conferred fully by an Act approved June 19 1889,

3429) [see section below] worth double the amount of the loan secured thereon.

Street Railway Bonds.—As stated above, street railway bonds are included for the first time by chapter 171, Laws of 1903. This Act was amended in 1905 and now reads as follows:

Savings banks may invest their deposits and surplus in the first mortgage bonds of the Hartford Street Railway Company and the Fair Haven & Westville Railroad Company, and in all bonds of the Consolidated Railway Company and in the Connecticut Railway & Lighting Company. [Under ruling of the State Attorney General the 30-year 5 % gold bonds of the Meriden Horse Railroad Co. assumed by the Consolidated Railway Co. are legal investments for Connecticut savings banks. See V. 82, p. 292.]

p. 292.]

SECTION 3429—When Mortgages May Be Made in Adjoining States.—
Any savings bank.In the towns of Putnam, Brooklyn and Killingly may loan on land located in the County of Providence in the State of Rhode Island; any savings bank. In the town of Ridgefield may loan on land located in the County of Westchester in the State of New York; any savings bank in the town of Enfield or in the town of Stafford may Joan on land located in the County of Hampden in the State of Massachusetts; and any savings bank.in the town of Stonington may loan on land located in the County of Washington in the State of Rhode Island.

The subscinct sections 3431 3432 3433 and 3434 provide certain

County of Washington in the State of Rhode Island.

The subjoined sections, 3431, 3432, 3433 and 3434, provide certain restrictions with reference to loans—section 3431 restricting loans on Mortgage Security to Manufacturing Corporations and Ecclesiastica Societies; section 3432 restricting amount of loans to one party on person a security; section 3433 forbidding loans on single names.

SECTION 3431—Loans to Corporations and Societies Regulated.—No loan shall be made by any savings bank to any corporation or association or ecclesiastical society, secured by mortgage upon its property, unless the same shall be accompanied by the individual guaranty of some responsible party or parties, or by other collateral security of value equal to the amount of the sum loaned. The directors or trustees of any such bank consenting to any loan contrary to the provisions of this section shall be held individually responsible for any loss to the full extent of such loan.

to any loan contrary to the provisions of this section shall be held individually responsible for any loss to the full extent of such loan.

SECTION 3432—Loans Restricted.—No savings bank having more than twenty-five thousand dollars of deposits shall loan on personal security to any one person, company, or interest, more than three per cent of its deposits at the time of making such loan.

SECTION 3433—Obligations of One Person or Firm Not to Be Taken.—No savings bank shall buy, or lend any money upon, any obligation on which only one person or firm shall be holden, without taking additional security for the same equivalent to the guaranty or indorsement of some other responsible party.

Besides the ordinary safeguards which are in all savings bank laws, there is one of no little importance that ought to aid materially in preventing incautious loans. We refer to the provision below.

SECTION 3434—Record of Names of Directors Consenting to Loans.—When any loan or investment is made by any savings bank, the names of the directors or trustees consenting thereto shall be entered upon the records of such bank, and said record shall be open at all times to the inspection of the corporators and auditors of such bank and the Bank Commissioner and be prima facie evidence of the truth of the statements therein contained.

INVESTMENT OF SAVINGS DEPOSITS OF BANKS AND TRUES.

tained.

INVESTMENT OF SAVINGS DEPOSITS OF BANKS AND TRUST COMPANIES. The Legislature of 1907 passed a law requiring banks and trust companies holding savings deposits to invest these deposits under the same restrictions as savings institutions—at least one-fifth part to be so invested each year, and the operation to be completed by Oct. 1 1912. The law is as follows:

SECTION 1.—All banks and trust companies maintaining a savings department, or soliciting or receiving deposits as savings, shall invest all such

deposits hereafter so received according to the requirements of the statute laws of this State concerning the investment of deposits in savings banks, and said investments shall be for the exclusive protection of the depositors in said savings department and shall not be liable for or used to pay any other obligations or liability of said bank or trust company until after the payment of all the deposits in said savings department.

SEC. 2.—Said banks and trust companies shall pay to the State on all savings deposits the same tax which is required to be paid by savings banks by Section 2422 of the General Statutes as amended by Chapter 189 of the Public Acts of 1903 on the savings deposits held by them, and such savings deposits shall be exempt from all other taxation and said banks and trust companies shall also transmit to the Bank Commissioners on refore October 1 in each year, and oftener if required by said Commissioners asworn statement of the amount of such deposits and the securities in which they are invested, together with such other information as may be required to be given to said Commissioners in the annual statements of banks and trust companies.

SEC. 3.—All savings deposits which are not now invested in accordance with the provision of Section 1 of this Act shall be so invested before October 1 1912.

SEC. 4.—The reserve fund required by Section 3400 of the General Statutes in the case of State banks and trust companies shall not apply to the deposits mentioned by Section 1 of this Act.

SEC. 5.—This Act shall in no way limit the right of any trust company to receive deposits and invest its funds upon such terms and conditions as are provided for in its charter, except as to deposits in its savings department as provided in this Act.

TRUST FUNDS—HOW LOANED OR INVESTED—We find in Section 254 of Chapter 22 of the Revised Statutes the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 495.—Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city or borough of this State, or in any bonds, stocks or other securities which the savings banks in this State are, or may be, authorized by law to invest in, or may be deposited in savings banks neorpora ted by this State.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT.

STATE OF CONNECTICUT.

NOTE.—For debts of minor civil divisions, not found among the statements given below, see "Additional Statements" at the end of this State.

The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 159. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. There are ten cities, each, with one exception, bearing the same name as the town in which it lies. In recent years several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the city and town of Hartford, which previous to April 1896 reported their debts separately. The city and town of New Britain and the city and town of Bridgeport. On December 7 1897 city, town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for though distinct corporations, their debts are to a greater or less e

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and counties in the State was in 1904 \$32,520,460 61. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

	Funded debt.	Floating debt.	*Total debt.
1904	\$26,906,859 05	\$5,269,101 56	\$32,520,460 61
1900	22,142,993 58	5,005,323 09	27.624.827 42
1896	19,749,667 08	4,384,980 56	24.581.066 55
1892	16,023,832 46	4,473,571 36	20,627,058 48
1888	15,569,818 67	3,759,642 86	19,392,804 89
1884	14,655,903 75	2,980,386 15	17,636,289 91
1880	15,388,375 69	1,967 623 60	17,355,999 29
1877	14.437.742 93	2.713.584 35	17.151.327 28

*County debt (\$344,500 in 1904) not divided into funded and floating debt, and therefore included only in total debt column.

State of New York.

New York City.

STATE DEBT FOR A SERIES OF YEARS.—Below we give the amount of the State debt on Sept. 30 in the years named.

1907 \$17,290,660 | 1898 \$9,340,660 | 1870 \$38,641,606 | 1906 10,630,660 | 1897 6,265,660 | 1865 50,861,349 | 1905 11,155,660 | 1893 660 | 1865 34,182,975 | 1904 9,410,660 | 1892 763,160 | 1850 23,537,874 | 1903 9,665,660 | 1891 2,927,655 | 1840 18,385,309 | 1902 9,920,660 | 1890 4,964,304 | 1830 8,635,035 | 1902 9,020,660 | 1885 9,461,854 | 1820 2,983,500 | 1900 10,120,660 | 1885 8,114,054 | 1816 2,965,535 | 1899 10,185,660 | 1875 28,328,686 |

1899 ______ 10,185,660 | 1875 ______ 28,328,686 | TAX VALUATION, TAX RATE, &c.—Large increase in values for 1904 due mainly to New York City's real estate property being assessed about full value. The Constitutional Amendment adopted in 1905 permits interest and sinking fund requirements to be met out of funds in the Treasury instead of by means of a direct tax as heretofore. No direct State levy, therefore, was made in 1906, revenue being entirely raised through the operation of mortgage, stock transfer. liquor. inheritand and corporation taxes. Mortgages now are not subject to taxation of any kind, the only charge being a recording tax of ½ of 1 %.

1859 ___ 1.097,564,524 307,349,155 1,404,913,679 2 50 3.512,284 DEBT LIMITATION—STATE.—The new Constitution has in some measure modified the provisions of the fundamental law restricting the power of the Legislature over the issue of debt, &c. These provisions are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted, and to no other purpose whatever.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Limitation of legislative power to create debts.—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or in behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and discharge the principal of such debt within lifty* years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people, and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law; but t

*This section originally provided for "eighteen" years as the time in which the principal of the debt must be discharged, but an amendment

which the principal of the debt must be discharged, but an amendment adopted at the election held in November, 1905, extended the time to "fifty" years.

Sinking Fund, how kept and invested.—SEC 5.—The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

Bonds for Highways.—[Adopted at the November 1905 election.] Section 12. This section—an entirely new one—provides for a debt of not exceeding \$50,000,000 for highway purposes. See V. 82, p. 1494, for full text.

full text.

Amendment to Public Highways Improvement Law.—The Legislature of 1907 passed an amendment to Chapter 469 of the Laws of 1906, fixing the Interest rate on Issues of State highway-improvement bonds at 3, 3½ or 4%, instead of at a rate not exceeding 3½ %. The amendment also makes changes in the apportionment of the cost of the construction of highways as between the State and counties and towns, and also in the rate of taxation imposed to provide for interest and sinking funds. See V. 85, p. 359.

ation imposed to provide for interest and sinking funds. See V. 85, p. 359.

DEBT LIMITATION—CITIES, COUNTIES, TOWNS AND VILLAGES.

—The new Constitution of New York State puts a general and uniform limit to the power of all counties and cities of the State to contract and put out their obligations, leaving the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Article 8, Section 10. We give that section in full. The separation into paragraphs and the figures in parentheses which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to or use any particular portion can the more readily find the part refer to or use any particular portion can the more readily find the part desired. With that exception we give Section 10 of Article 8 as it reads, preserving even the punctuation.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stockin, or bonds of, any association or corporation, nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village purposes. This section shall not prevent or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed 10% of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment rolls of said

county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds 10% of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the term of the bonds issued to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted.

[An amendment adopted at the November 1905 election adds these words to the above paragraph: "except that debts incurred by the City of New Vork after the first day of Lanavar. 1004 to prayide for the supply of water, and any contentions in the content of water which were the first day of the supply of water, and any contentions in the contention of the collection of taxes which are n

to the above paragraph: "except that debts incurred by the City of New York after the first day of January 1904 to provide for the supply of water shall not be so included." (Still another amendment was voted on at the November 1907 election. By this amendment the following words are added to the foregoing; "and debts incurred by any city of the second class after the 1st day of January 1908 to provide for the supply of water shall not be a lackback of the supply of water shall

added to the foregoing; "and debts incurred by any city of the second class after the 1st day of January 1908 to provide for the supply of water shall not be so included.")

(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. [At the November 1899 election an amendment to the Constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.]

(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over 100,000 inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year 2% of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt. By the terms of the foregoing section, Paragraph (1), every "County City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in "incurring any indebtedness except for County, City, Town or Village purposes." Most of the other paragraphs include only counties and cities.

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 that the sinking fund was not a part of the city debt.

gation begun in July 1885 that the sinking fund was not a part of the city debt within the meaning of the above provision of the Constitution limiting the creation of debt to 10% of the assessed valuation of the real estate.

Towns and villages are not limited in their debt-making power by the Constitution. Those municipalities will be governed by general or special

The 1895 Legislature passed an Act "for the protection of bona fide pur-

The 1895 Legislature passed an Act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the "Chronicle" of June 8 1895, V. 60, p. 1023.

EXEMPTION FROM TAXATION.—In the Tax Law as given in Birdseye's Revised Statutes for 1901 (Section 4, Sub-division 6) there is a general iprovision exempting from taxation "Bonds of this State to be hereafter ssued by the Comptroller to carry out the provisions of Chapter 79 of the Laws of 1895" (the Canal Law] and "bonds of a municipal corporation here-tofore issued for the purpose of paying up or retiring the bonded indebtedness of such corporation." It will be seen that the reference is to municipal bonds heretofore issued, &c. In Section 7, however, of the "general municipal law there is also a tax-exempting clause, but one much broader in its scope, as it seems to apply to the funding of any bonds heretofore or hereafter put out. after put out.

In the case of New York City the existing provision of law governing the matter will be found in the revised City Charter, which went into effect Jan. 1 1902. This provides that "such corporate stock and all assessment bonds and revenue bonds, as well as all bonds hereafter to be issued by the City of New York by virtue of this Act or of any other Act, whether general or special, shall be free and exempt from all taxation, except for State purposes"—Section 169, Title 2.

It remains to add that under special laws some New York City bonds are exempt from all taxes, including those for State purposes. Such is the Such is the

case as regards the public-library bonds (Bryant Park) authorized by Chapter 627, Laws of 1900. Under an Act of 1906 all Buffalo bonds issued after June 30 1906 are

Under an Act of 1906 all Buffalo bonds issued after June 30 1906 are exempt from taxation except for State and county purposes.

TAX LAW RELATIVE TO INVESTMENTS IN STATE BONDS BY SAVINGS BANKS, TRUST COMPANIES AND INSURANCE COMPANIES.—A new section (Section 187c) was added to the Tax Law by an amendment passed by the Legislature of 1907. This amendment provides that every corporation, company or association required by Section 187, 187a or 187b of Chapter 908 to pay to the State an annual tax equal to a percentage of its gross premiums, capital stock, surplus, undivided profits or undivided carnings for the privilege of exercising its corporate franchise, or carrying on its business in such corporate or organized capacity, which shall own any State bonds, shall have credited to it annually an amount equal to 1% of the par value of such bonds bearing interest at a rate not exceeding 3% annually, and owned and held in the name of such corporation, company or association. The text of this bill was given in V. 84, p. 1216.

corporation, company or association. The test V. 84, p. 1216.

Constitutional Amendment Changing Classification of Cities.—At the November 1907 election an amendment was proposed to Section 2 of Article 12 of the Constitution. This amendment alters Section 2 by changing the population of cities of the first class from "two hundred and fifty thousand or more" to "one hundred and seventy-five thousand or more," and the population of cities of the second class from "fifty thousand and less than two hundred and fifty thousand" to "fifty thousand and less than one hundred and seventy-five thousand." This section was printed in full in V. 85, p. 359.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS
 —In 1898 savings banks were for the first time given authority to invest in first mortgage railroad bonds. The railroad list, at first very much restricted, was gradually added to, and in 1905 a further amendment was

made fixing general standards for future additions, both in the case of the rainroad and the minicipal list. This amendment was approved by the rainroad and the minicipal list. This amendment was approved by the These are incorporated below.

We give herewith the law in full as it now stands, indicating by means of brackest in 1904 additional compositions of the property of the passage of the property of the passage of the trustees any savings banks may invest the moneys deposited therein and the income any savings banks may invest the moneys deposited therein and the income of the passage of the passage of the Linded States, or those for which the faith of the United States is pickered by the passage of the Linded States, or those for which the faith of the United States is pickered to the passage of the passage of the state of the United States, or those for which the faith of the United States is pickered than the passage of the United States which has on the Interest of the United States which has not within the passage of the United States which has not within the passage of the Act, bear the principal or interest of any debt authorized by the Legislature of a under the United States which has not within the pay previous obligation of such the United States which has one still the payment of either principal or interest of any debt authorized by the Legislature of such State, which have, prior to the passage of this Act, been issued for the funding or settlement of any previous obligation of such the Linded States of the funding or settlement of any previous obligation of such the Linded States of the funded or settlement obligations have been placed in the payment of either principal or interest hearing obligations of any close to the interest of any the state of the payment of either principal or interest of any debt authorized by the Legislature of any either the payment of either principal or interest of any such state of the payment of the principal or interest of any such states of the principal or i

of an issue to retire all prior morteage debts of said railroad company, provided that the bonds antiorized by his subdivision are secured by a mort.

We The morteage bonds of any railroad corporation incorporated under 100 miles of standard-gauge railway, excitative of adings, within the United 100 miles of standard-gauge railway, excitative of adings, within the United States, provided that at no time within five years next preceding the date and punctually to pay the matured principal and interest of all its morteage and punctually to pay the matured principal and interest of all its morteage and punctually to pay the matured principal and interest of all its morteage indebtedness and in addition thereto required yand punctually to have paid in additional to the pay of the pay o

shall proceed against such corporation in the manner position of this chapter.

SECTION 120. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mortgage thereon shall be required of the borrower, and all the expenses of searchers,* ex-

aminations and certificates of title or appraisal of value, and of drawing, perfecting and recording papers, shall be paid by the borrower.

* So in the original.

TRUST FUNDS—How Loaned or Invested.—Chapter 295, Laws of 1902, approved April 2, permits executors, administrators, guardians, &c., to invest in the same securities as savings banks. We quote the provision

below:

INVESTMENT OF TRUST FUNDS.—An executor, administrator guardian, trustee or other person holding trust funds for investment may invest the same in the same kind of securities as those in which savings banks of this State are by law authorized to invest the money deposited therein, and the income derived therefrom, and in bonds and mortgages on unincumbered rall property in this State worth 50% more than the amount loaned thereon.

| POPULATION OT STATE.—New York ranks first in population among the States of the Union. The following gives the U. S. Census figures, except 1905 returns, which were compiled under State supervision: 1905 _____8.067,308 | 1860 _____3.880,735 | 1820 ______1.372,812 | 1900 _____7.268,894 | 1850 _____3.097,394 | 1810 ______959,049 | 1890 _____5.997,853 | 1840 ______2.428,921 | 1800 ______589,051 | 1880 ______5.072,871 | 1830 _______1918,608 | 1790 ________340,120 | 1870 _______4.382,756 |

51 NEW YORK CITY. George B. McClellan, Mayor; Herman A. Metz, Comptroller.

The consolidation provided under the Greater New York Charter became effective Jan. 1 1898, and New York City now includes Kings County Richmond County, and the following portions of Queens County, namely Long Island City, the towns of Newtown, Flushing and Jamaica, and part of the town of Hempstead. For comparative purposes we give below a statement of the debt of the various boroughs forming Greater New York as it stood at the date of consolidation, Jan. 1 1898.

DEBT OF GREATER CITY AT CONSOLIDATION, JAN. 1 1898.

Boroughs. Tot. Fund. Debt. Sinking Fund. Net Debt. Manhattan and The Bronx\$226,079,678 79 \$85,654,317 52 \$140,425,361 27 Brooklyn.

PAR VALUE OF BONDS.—Under the provisions of the city charter, registered bonds may be issued in denominations of \$10 or any multiple thereof.

WATER DEBT.—Constitutional Amendment.—An amendment to the Constitution adopted at the election held Nov. 7 1905 amends Section 10, Article 8, by exempting debts of New York City incurred after Jan. 1 1904 for water purposes, in figuring the debt limit. V. 76, p. 1046.

GENERAL FUND BONDS.—A new kind of bond (known as the "General Fund Bonds") was created by the Legislature in 1903. It is issued for the purpose of releasing the surplus revenues of the shiking fund of the old city of New York, and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund of redemption of the city debt No. 1. See V. 76, p. 610. Up to date \$40,750,000 of these bonds have been issued.

APPROPRIATIONS.—The total appropriation for Greater New York in 1898 was \$77.550,332,37; in 1898 decreases. the purpose of releasing the surplus revenues of the sinking fund of the old city of New York, and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund for redemption of the city debt No. 1. See V. 76, p. 610. Up to date \$40,750,000 of these bonds have been insued. IONS.—The total appropriation for Greater New York in 1808 was \$47,7559,332 for 1901 it was \$93,820,082.082 to 11000 it was \$90,778,972 48; for 1901 it was \$93,820,082.082 to 11000 it was \$90,778,973.03 city for 1906, \$110,805,490 37; for 1907, \$130,421,505 56; and for 1908, \$143,872,266 17.

POPULATION.—The population of Greater New York, according to the U. S. Census of 1900, was \$4,347,202, and according to State Census returns for 1905 was \$4,014,403. Health Department extinate for 1907, 4,285,435.

The tables which follow give full details regarding the indebtedness of the econsolidated city and the various boroughs and other divisions forming part of it. We show first the bond issues made since the Greater New York Charter went into effect. Then we add statements reporting at length the indebtedness of the separate boroughs; all the districts, towns and other divisions being in each case grouped under the borough to which they belong GREATER NEW YORK.—Bonds issued since consolidation.

GREATER NEW YORK —Bonds issued since the divisions forming part of its divisions being in account of the property of the prope

			OLD CITY OF	BROOKLYN.	

OLD CITY OF BROOKLYN.

The old city of Brooklyn covered the entire area of the county of Kings, the county government being consolidated with that of the city on Jan. 1 1896 under the provisions of Chapter 954 of the Laws of 1895. Under the provisions of this Act, "the debt of the said county shall not be deemed to be or be included as a part of the debt of the City of Brooklyn, within the meaning of the provision of the Constitution of the State of New York limiting the power of cities to incur indebtedness." (See "Chronicle," Vol. 62, p. 49.) The towns of Flatbush, New Utrecht and Gravesend were annexed to the City of Brooklyn in 1894 and the town of Flatlands became a ward of the city on the first day of January 1896.

SINKING FUND.—The sinking	fund is invested in Brooklyn's own

SINKING FUND.—The sinking fund is invested in Brooklyn's own bonds, those issues marked with "st" in the table above being held entirely by this fund.

TAX FREE.—Certain loans of the city of Brooklyn are exempt from taxation, and where the fact is known to us we have added a section mark (§) to the title of the loan.

INTEREST.—Interest is payable by the city of New York. Registered interest at the office of the Chamberlain and coupons at the Nassau National Bank, Brooklyn.

ASSESSED VALUATION.—(Borough of Brooklyn.) There was no assessment or tax in 1898.

Borough of Brooklyn-Old City of Brooklyn.-(Con.)
  Borough of Queens.—(Concludea.)
TOWN OF JAMAICA.
   The debt of the county of Queens is reported under the county s own name on a subsequent page; the amount of the original debt which was chargeable to the city of New York was adjudicated finally to be $3,796,032 11, leaving $1,011,967 89 as Nassau County's share of the old indebtedness. The old debt will not be apportioned but the city of New York will pay all obligations as they mature, looking to Nassau County for reimbursement of its proportion of the debt. The amount of Queens County bonds outstanding on Oct. 1 1907 was $4,508,000, of which $3,559,174 88 was chargeable to New York City.
Chargeable to New York City.

State of New Jersey.

DEBT, RESOURCES, ETC.

Admitted as a State____One of Original Thirteen Total area of State (square miles)_____7,815 Trenton State Capitol __ Governor (term exp. Mon. bef. 3d Tues., Jan. '08) Ed.C. Stokes Secretary of State (term exp. Apr. 1'12)_Col. S. D. Dickinson Treasurer (term expires Feb. 11 1910)_Daniel S. Voorhees Comptroller (term expires Feb. 20 1908)__J. Willard Morgan LEGISLATURE meets annually the second Tuesday of January, and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The Constitution of 1844 forbade the creating of a State debt exceeding one hundred thousand dollars except for purposes of war, &c. This exception, under which it was allowable to exceed the hundred-thousand-dollar limit, became operative on the occasion of the breaking out of our Civil War. Quite a debt was created at that period. The last of these war bonds was retired on Jan. 1 1902.

DEBT LIMITATIONS.—The provisions of law limiting and regulating the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply.

(1) THE STATE is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, paragraphs 3 and 4 the whole subject is disposed of. The third paragraph forbids a loan of the State's credit and the fourth paragraph forbids the creation of debt. These provisions are as follows:

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any mapper create any debt.

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts. Isability or Isabilities of the State, which shall singly or in the aggregate with any previous debts or liabilities at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes east for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for

According to the foregoing (4th paragraph), the power of the State for making debt is limited to \$100,000, except (1) for purposes of war, &c., and (2) when the authorization is for some single object of work specified therein, &c. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution.

(2) CITIES, COUNTIES, TOWNS, &c., are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the Consti-

of certain kinds of debt by Article I, paragraphs 19 and 20, of the Constitution. We give the paragraph in full.

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

tion or corporation whatever.

It will be noted that the above prohibition relates to the giving of money, property or credit of cities, &c., to individuals, associations, or corporations, &c., and that the prohibition is absolute, forbidding the doing of such acts in any form, shape or manner. There is one other restriction of the State Constitution, and that is found in Article IV. Section VII., paragraph 11, which forbids the Legislature passing any special laws "regulating the internal affairs of turns and counties", in this and in other lating the internal affairs of towns and counties": In this and in all other cases in which according to the judgment of the Legislature general laws are

cases in which according to the judgment of the Legislature general laws are feasible, the Constitution states that general laws must be provided. In complance with this last provision the Legislature has passed many general laws covering bonded indebtedness of cities, towns, &c. They are so numerous they cannot be cited here. We would refer the reader to the Revised Statutes of New Jersey published in 1896 under the heading "Municipal Bonds," pages 693 to 716 both inclusive; and also to the same heading ("Municipal Bonds") pages 2220, &c.

In 1904 a law was passed limiting the power of cities to issue bonds to 15% of the taxable value of real and personal property. This Act also defines the method of issuing bonds. See V. 78, p. 1565, for bill in full.

ATTORNEY-GENERAL TO APPROVE SCHOOL BONDS.—The school law passed at the special session of the Legislature convened Oct. 15 1903

provides that whenever any bonds are authorized by townships, incorporated town or borough school districts, the district clerk must transmit certified copies of the record of proceedings to the State Attorney-General for his approval as to the legality of the same.

TAX EXEMPTION.—The State of New Jersey passed in 1893 a general statute which exempts from taxation the bonds, securities and other evidences of indebtedness of municipal corporations; the provision covers not only the bonds, &c., to be hereafter issued, but those as well that have been heretofore issued. It is a sweeping statute, and one which is of decided interest to the holders of the municipal securities of the State. The full text of it may be found in the "State and City Supplement" for October 1898, page 58.

1898, page 58.

LIMITATION TO TAX RATE.—Under Chapter 116. Laws of 1906, an ultimate maximum tax rate is provided for in all taxing districts in the State of \$17 50 for each \$1,000 of assessed valuations for county, school district and local purposes. The Act provides that the tax rate for 1906 must not exceed that levied in 1905 and must be reduced at least \$1 00 per \$1,000 each year after 1906 if the rate is over \$20 00 per \$1,000 and 50 cents yearly if under \$20 00, until a rate of \$17 50 be reached, which is to be the maximum rate thersefter. In the access of counties the 1906 rate must maximum rate thereafter. In the cases of counties the 1906 rate must not exceed the 1905 rate and a 50-cent reduction yearly is provided for until the rate reaches the limit of \$5.00 per \$1,000 of assessed valuation. This limitation does not apply to the tax rate required to raise any State tax or State school tax or to pay judgments, all of which may be in addition to the limited rate fixed in the Act.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.

—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. We give below in full the investment sections of the new law.

VI. DEPOSITS—HOW INVESTED.

of the new law.

VI. DEPOSITS—HOW INVESTED.

SECTION 33. No savings bank shall invest the moneys deposited with the same in any manner except as follows, to wit:

1. In stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State; or in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State, by virtue of any law of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank, defaulted in the payment of any part of either principal or interest in any debt authorized by any law of such State to be contracted.

IV. In the bonds of any county, township, municipality or school district of this State issued pursuant to the authority of any law of this State isred, such county, township, municipality or school district shall not, within the five years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof and provided further, the total indebtedness of any borough or village does not "xeed 10% of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district or in a 1y interest-bearing obligation (other than obligations commonly known as improvement certificates) issued by the city, county, town, township, borough or village lows in the such bank is situated;

V. In the bonds of any city or county of any other State of the Union issued pursuant to the authority of any law of any such State; provided, no such city or county has, within ten years previous to making such investment, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; and provided further,

of such bonds, or in any consolidated mortgage bonds of any such company authorized to be issued to retire the entire bonded debt of such company;

VII. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed 80% of the whole deposits shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than 30% of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, and two members of which committee shall certify in writing to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the bank;

VIII. In real estate strictly in accordance with the following provisions:

(a) A plot whereon is erected, or may be erected, a building or buildings requisite for the convenient transaction of its business, and from portions of which not required for its own use a revenue may be derived; the costs of such building or buildings and lot shall in no case exceed 50% of the net surplus of such bank except with the written approval of the Commissioner of Banking and Insurance; provided, the limitations as to the cost of such lot and building contained in this subdivision shall not apply to a affect any such investment heretofore made by a savings bank organized under a special charter;

(b) Such as shall have been purchased or acquired by it at sales upon the foreclosure of mortgages owned by such corporation, or upon judgments or decrees obtained or rendered for debts due to it, or in settlements effected to secure such debts, or in satisfaction of such mortgages; and all such real estate shall be sold by such bank within five years after the same shall have been so purchased, unless, upon application by such corporation to the Commiss

shall act in the investment of moneys and the sactor.

Securities.

Securities.

Securities.

Securities are a not part thereof, upon notes, bills of exchange or drafts, except upon the additional piedge of collateral security, which shall be of the same nature and character as those in which the money deposited may be invested as directed in the preceding section, or the capital stocks of national and State banks, or the capital stock or bonds of other corporations of this State, which have not defaulted in the payment of interest or dividends upon the collateral loaned upon, within two years next preceding the time of such loan, and then only to the extent of 80% of the market value of such collaterals; provided, the total amount of such loans shall not exceed 15% of the total deposits held by such savings bank.

INVESTMENT OF TRUST FUNDS. An amendment to the law relating to the investments of funds by trustees, executors, administrators, &c., was made in 1907. The law will be found in the "Chronicle of Nov. 23 1907, page 1352.

The above does not include valuation of railroad property. The State makes no general tax. Income is derived from tax on capital stock, on money at interest, on collateral inheritances, on corporate loans on bonus on charters, &c., &c.

DEBT LIMITATION.—In Pennsylvania the limit to the indebtedness

of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State Constitution.

1. State indebtedness.—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections
4 5, 6, 11, 12, 13 and 14 of Article IX of the Constitution, and are as

follows:

ARTICLE IX, SEC. 4. No debt shall be created by, or on behalf of, the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. A laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified and no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any

part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

State loans in Pennsylvania, whether created for original indebtedness or authorized to fund existing indebtedness, are usually negotiated through the Governor and Commissioners of the sinking fund.

The last Act of the Pennsylvania Legislature authorizing a public loan was the Act of June 8 1881, when a thirty-year loan was effected to fund existing indebtedness at a lower rate of interest.

The earliest date at which the last of the existing indebtedness of Pennsylvania will mature is February 1 1912, and under existing arrangements the accumulations in the sinking fund will at that time pay the total State indebtedness.

(2) County and Municipal Indebtedness.—Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons elected triennally under t e m nority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE IX, Sec. 7. The General Assembly shall not authorize any county, city, borough, township, or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property ther

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the ime of a like character. The date of the organization was November 27 1816, and the bank was opened for business Dec. 2 1816. The oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 a general law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department shows that in November 1906 the total number of savings banks within the State was only ten. The aggregate deposits of these banks at that date was \$151,246,468.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters. contains the following.

following.

"Provided also, that no * * * Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, except first mortgage or lien upon real estate within this commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, township or school district within this commonwealth, or any other good and valid securities."

Authority to loan on any "good and valid security" appears to confer about as broad a discretion upon the managers as could be expressed in a statute

In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and imunicipal bonds, notwithstanding any provisions of their charters. The

Imunicipal bonds, notwithstanding any provisions of their charters. The aw Iollows:

CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth issued pursuant to the authority of any law of this Commonwealth issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889 as already stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17. which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or bonds or interest bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any City, county, town or village of any State of the United States is seen and the principal of the United States is seen and the payment of any part of either principal or interest of any State of the United States is seen becommended.

the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate situated in this State.

It will be noted that, according to the foregoing sub-division four), Pennsylvania savings banks are allowed to invest their deposits in the bonds and stocks of any city, county, town or village in any of the United States, Furthermore, by the fifth sub-division, bonds and mortgages are left to the discretion of the trustees in all purchases, except that they must be first mortgages on improved real estate in Pennsylvania. The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

DEBT LIMITATION.—There is nothing in the Constitution of Maryland imiting the power of the Legislature to authorize bond issues either by the State or by its municipalities, except that in Section 34, Article 3, we find that "the credit of the State shall not in any manner be given, or loaned to, or in aid of any individual association or corporation: nor shall the General Assembly have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto which shall involve the faith or credit of the State." No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which cities and towns can issue bonds. This power is lodged in the Legislature, and is delegated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the oan with respect to which he may need information.

oan with respect to which he may need information.

SAVINGS BANKS INVESTMENTS.—There are in this State general banking laws under which savings banks may be organized, and yet we notice that as late as 1890 a special charter was granted incorporating the Germania Savings Bank of Baltimore. However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

Any savings institution incorporated under this article shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposit of money which shall be invested or loaned out on good security in the discretion of the directors; provided that no part of the funds of said corporation shall be loaned to any officer or director of such corporation.

In the special law passed in 1890, which we have referred to above, the power to loan the deposits is made a little more definite. The section referring to that subject states that the "corporation shall have power to bornow money, receive money on deposit, loan money, taking such security therefor, either real or personal, as the Board of Directors may deem "sufficient, provided that no part of the funds of said corporation shall be "loaned to an officer or director thereof."

We cannot discover any marked difference in the two provisions cited, except that the enactment in the case of the new Baltimore bank states distinctly that the security can be either real or personal. But as much as that would, we think, be assumed as authorized under the general provision, since no limit is made and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

LEGISLATURE meets biennially in even years on the first Monday January. There is no limit to length of sessions.

HISTORY OF DEBT.—The historical details of Ohio's State debt from 25 to 1894 will be found in the "State and City Supplement" of April

1825 to 1894 will be found in the "State and City Supplement" of April 1894, page 75.

TOTAL DEBT, ETC.—With the exception of \$1,665 domestic loan bonds, interest on which has ceased, Ohio has no funded State debt at present, the last \$200,000 bonds having been retired on July 1 1903. The total bonded debt on Nov. 15 1902 was \$201,665; in 1901 it was \$451,665; in 1900 was \$701,665; in 1885, \$3,720,229; in 1889, \$6,476,805; in 1871 \$9,022,721; in 1861, \$14,897,273; in 1851, \$17,563,329. The State tax (per \$1,000) for 1903, 1904, 1905 and 1906 was \$1.35; for 1907, \$1.345; for 1901, \$2.89.
CONSTITUTIONAL AMENDMENT EXEMPTING BONDS FROM TAXES.—The voters of this State on Nov. 7 1905 adopted an amendment to Section 2, Article XII., of the State constitution, which exempts municipal bonds from taxation. V. 80, p. 1985. The amendment took effect Jan. 1 1906.

DEBT LIMITATION.—Ohio has very carefully guarded the debt-making power of the State. This could not be said while the Constitution of 1802 was in force; for under that instrument it was competent for the Legislature to construct works of internal improvement on behalf of the State, or to aid in their construction by subscribing to the capital stock of corpora-tions created for that purpose, or to authorize in other ways the creation of debt in unlimited amounts. But since the adoption of the Constitution of 1851 the whole situation in these particulars has changed, the legislative power with respect to the State having been limited. The same is in large

power with respect to the State having been limited. The same is in large measure true also of the municipalities.

FIRST, As to the State's power to contract debt, this is regulated under the first five sections of Article 8 of the Constitution. Section 1 limits the power to the supply of "casual deficits in revenues or to meet expenses not otherwise provided for," but in the aggregate debts for even the purposes named cannot exceed \$750,000. Section 2 contains an exception to the foregoing; it grants the power to contract debt in case of invasion. of insurrection, of war, or of the redemption of the then existing indebtedness. Section 3 reaffirms the limit, except as above specified. Section 4 forbids the loaning of the State credit. Section 5 further forbids the assumption of debts by the State. We insert these five sections in full.

SECTION 1. (Debt Limited to Seven Hundred and Fifty Thousand Dollars.)
The State may contract debts to supply casual deficits or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted and to no other purpose whatever.

SECTION 2. (Additional and for What Purpose.) In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for as the same shall accumulate.

SECTION 3. (The State to Create No Other Debt.) Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter be created by or on behalf of the State.

SECTION 4. (Credit of State; the State Shall Not Become Joint Owner or Stockholder). The credit of the State is hall not n any manner be given or loaned to or in aid of any individual association or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

any company or association in this State or eisewhere formed for any purpose whatever. SECTION 5. (No Assumption of Debts by the State.) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever unless such debt shall have been created to repel invasion, suppress insurrection or defend the State in war.

The foregoing sections complete the limitation as to State debt and credit.

The foregoing sections complete the limitation as to State debt and credit. Sections 7, 8, 9, 10 and 11 of Article 8 cover the matter of sinking funds referred to in Section 2 above. But they need not be published here. SECOND, As to Cities, Towns, Counties, &c., so far as the Constitution affects the power of the Legislature to authorize these municipalities to

Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 and in Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are as

general laws and restrict their debt-making power. These sections are as follows:

ARTICLE 8, SECTION 6. (Counties, Cities, Towns or Townships Not Authorized to Bedome Stockholders, &c.) The General Assembly shall never authorize any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint stock company, corporation or association whatever: or to raise money for, or loan its credit to, or in aid of, any such company, corporation or association.

ARTICLE 13, SECTION 1. (Corporate Powers.) The General Assembly shall pass no Special Act conferring corporate powers.

SECTION 2. (Corporations—How Formed.) Corporations may be formed under general laws; but all such laws may from time to time be altered or repealed.

SECTION 6. (Organization of Cities, &c.) The General Assembly shall provide for the organization of cities and incorporated villages by general laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from Section 6, Article 8, above cited, that cities could not subscribe to the stock of or loan money to railroads, as

One at first sight would infer from Section 6, Article 8, above cited, that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker vs. The City of Cincinnati, a case which arose under an Act of the General Assembly of Ohio entitled "An Act relating to cities of the first class," authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that Act purports to give, Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language of the section, it is guite evident that it was not intended to "the language of the section, it is quite evident that it was not intended to "prohibit the construction of railroads nor indeed to prohibit any species of "public improvements. The section contains no direct reference to railroads "nor to any other special classes of improvements or enterprises. The "inhibitions are directed only against a particular manner or means by "which under the Constitution of 1802 many public improvements had "been accomplished."

"been accomplished."

In compliance with Section 6, Article 13 (cited above), which provides for the organization of cities, &c., by general law, the Legislature made an elaborate classification of municipal corporations, which was in existence for years. First they were divided into cities, villages and hamlets.

Then cities were divided into two classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. In addition many special laws found their way on to the statute books, nominally general in their scope but really so worded as to apply to only one city. In June 1902, however, the State Supreme Court handed down several decisions declaring such laws special legislation and therefore unconstitutional. The decisions were considered to be of such broad application that the Governor called an extra session of the Legislature for the purpose of framing a new general municipal code. The extra session convened Aug. 25 1902 and after a session of nearly two months passed a new "municipal code"—a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the "Chronicle," Nov. 1 1902, wherein will be found at length the more salient points of this important measure.

It remains to be said that at the regular session of the Legislature in 1902 an Aet popularly known as the "Longworth Omnibus bill" was passed and subsequently upheld by the State Supreme Court. This Act (which was amended at the 1906 session) amends Sections 2835, 2836 and 2837. Revised Statutes of Ohlo, relating to the issuance of bonds by cities, villages and other municipal corporations. Under the new law the municipal boards of legislation, councils, &c., may by two-thirds vote issue bonds for certain specified purposes to the extent of 1% of the assessed valuation yearly (but not exceeding 4% in the aggregate) without submitting the question to a vote of the people. Bonds issued under this Act in excess of 1% in any one year, or in excess of 4% in the aggregate, must first be submitted to a vote of the people and carried by two-thirds of those voting on the proposition; but a net debt (bonds less sinking fund) of not more than 8% in the aggregate can be authorized in any eve

   | WESTWOOD. | Town Hall Bonds | State 
 Net debt $36,214,984 $32,487,078 $29,908,931 $27,112,880 Water debt (included) $8,919,400 $6,817,500 $5,828,600 $4,856,700 There were outstanding on Jan. 1 1907 street bonds for $1,230,725.49 payable by special assessment and not included in the above statement of total debt. Of this sum bonds to the amount of $892,326 86, together with $92,500 bonds of the Board of Education and $4,752,058 39 city bonds, were held by the sinking fund, these, and the cash on hand amounting to $475,772 61—a total of $6,212,657 86—being applicable to the payment of the general bonds. Bonds marked thus—sf—are held in the sinking fund.
ing to $475,772 ol—a total of expressions are the state of the general bonds. Bonds marked thus—sf—are held in the sinking fund.

CITY PROPERTY.—The city owns the Cincinnati Southern Rallroad. The rental received for the road was (under the old lease) $1,090,000 till 1901 and then $1,250.000 till 1906, when lease would have expired. A new lease was submitted to a vote of the people at the 1901 election and ratified. Under its terms the lease is extended to Oct. 12 1966, at an annual rental of $1,050,000 until Oct. 12 1906, and for the 20 years following; $1,100,000 for the second period of 20 years and $1,200,000 for the remaining 20 years. The rallroad company is also to pay the interest on $2,500,000 bonds to be issued for terminal facilities, as well as a sum annually in addition for a sinking fund. V. 72. p. 499; V. 73. p. 628. The legality of the lease was upheld in a decision handed down by the Superior Court on Feb. 6 1902 (V. 74, p. 392), and affirmed upon appeal by the State Supreme Court. V. 74, p. 741. The water-works pays the interest and sinking fund on all water bonds.

ASSESSED VALUATION, &c.—The net debt on Dec. 31, assessed valuance of the state of the

The total tax rate (per \$1,000) for 1906 was \$3.135, including Benevo-lent Institution tax \$0.50, school tax \$1.16, and Educational Institution tax \$0.275, in addition to the general fund tax of \$1.20 as given above.

DEBT LIMITATION.—In the present Constitution of Indiana, which tent into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to

FIRST, as to the State, Section 5 of Article 10 provides that no debt

except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defence.

In the slath section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation.

The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever."

SECOND, as to municipalities, the provision contained in the Constitu-

tion seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 Constitution adopted March 14 1881) which relates

amendment to the 1851 Constitution adopted March 14 1881) which relates to this subject, and we give the article in full below.

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebteded in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such in debtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; Provided, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporation, the public authorities in their discretion may incur obligations necessary for the public protection and defence to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March been enacted since the foregoing constitutional limit was adopted (Marca 14 1881), and bonds have been issued by counties thereunder beyond the 2% limit, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the Constitution. (See editorial in "State and City Supplement" for October

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is Section 6 of Article 10, and is as follows:

COUNTIES CANNOT TAKE STOCK.—No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company; nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869, granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law, too (Section 5377, Burns's Annotated Statutes, revision 1901), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the Constitution), though by the succeeding section (Section 5378) cities are given authority to issue such bonds. bonds

bonds.

COUNTIES are apparently restricted by statute to a lower than the Constitutional limit of 2% in the matter of creating certain kinds of debt. For instance, Section 7834 of Burns's Annotated Statutes, 1901, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jall or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 7920 it appears, moreover, that whenever the aggregate in-

debtedness, funded or otherwise, of any county having a voting population of over 20.000 amounts to or exceeds $1\,\%$, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans in anticipation of the revenue of the then current fiscal year and not exceeding two-thirds of the amount of the county tax duplicate of the preceding

Limit of 1% may be exceeded in countles for funding purposes in certain asses where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1901, Section 7918); also for temporary loans (see Burns's Revised Statutes, 1901, Section 7920).

Also (if the laws that have been passed are constitutional), the limit of 2% may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Sec.

In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the Constitutiona limit of 2% on valuation. But we have not the space to set out here the details, or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as water-works, &c.

BILL LEGALIZING GRAVEL ROAD BONDS .- The Legislature in BILL LEGALIZING URAVEL KOAD BONDS.—The Legislature in 1901 passed a bill (Chapter 136) legalizing all bonds, sold or unsold, issued under an Act of the Legislature approved March 3 1893, as amended by Acts approved March 7 1895 and Feb. 24 1899. All Acts and orders of the Board of County Commissioners passed under these laws are by this new law legalized and made valid.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section

SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidences of indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal corporations pay interest shall be exempt from taxation.

The above Act became effective April 23 1903.

State of Illinois.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act Feb. 3 1809) ____ March 1 1809 Admitted as a State (Act April 18 1818) _____ Dec. 3 1818 Total area of State (square miles)_____ __56.650 State Capital_____Springfield Governor (term ends 2d Mon., Jan. 1909)__Chas. S. Deneen Sec. of State (term ends 2d Mon., Jan. 1909)__James A. Rose Auditor of Public Accounts_____James S. McCullough Treasurer (term ends 2d Mon. Jan. 1909) John F. Smulski

LEGISLATURE meets blennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the "State and City Supplement" of April 1894, page 91.

BONDED DEBT.—This State has no bonded debt, except \$17,500 bonds which have ceased to draw interest, but have not yet been surrendered for

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate (per \$1,000) for 1907 is \$5.00.

Ollows in the years named. The tax rate (per \$1,000) for 1907 is \$5.00.

*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74, p. 741. Under a law passed Feb. 25 1898 there will be a general assessment of real estate but once in every four years instead of annually; personal property will be listed every year. The law also provides that property shall be appraised at full value, but assessed at only one-fifth of such value.

DEBT LIMITATION.—No State has developed a greater repugnance to

erty will be listed every year. The law also provides that property shall be appraised at full value, but assessed at only one-fifth of such value.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present Constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the Constitution of 1818. The Constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to \$50,000 the power of the Legislature to create State debt, except in case of war, invasion, &c., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the Constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled.

FIRST, as to the State, the provisions are not very unlike the provisions of the Constitution of 1848, except that as to the limit for casual deficits and failures of revenue, the aggregate which can be created is very properly raised to \$250,000. But with that exception and with the further exception for the purpose of repelling invasion, &c., no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prioto such election. These last two restrictions as to interest and notice on election are only found in the 1870 Constitution. The sections which cover these matters are as follows; we omit the first portion of Section 18 of Article IV. which relates only to appropriations and payment of appropriations out of funds belonging to the State:

SECTION 18. * * * Provided, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the aggregate \$250,000, and moneys thus borrowed shall be applied to the purpose for which they were

1870. In that instrument the subject is dealt with in all its phases. First is a provision in Article 8, Section 3, forbidding the General Assembly and every municipality from making any appropriation in aid of any sectarian purpose. Second is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c., or to loan its credit. Third is the broad and general provision, Section 12, Article 9, which limits the indebtedness of all municipalities to 5% "on the value of the taxable property therein," &c. We give these sections below:

ARTICLE 8, Section 3. Neither the General Assembly nor any county city, town, township, school district or other public corporation shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, acadeny, seminary, college, university or other literary or scientific institution controlled by any church or sectarian denomination whatever; nor shall any grant or donation of land, money or other personal property ever be made by the State or any such public corporation to any church or for any sectarian purpose.

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes, previous to the Incurring of such indebtedness. Any county, city, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city

been authorized, under existing laws, by a vote of the people of such municipalities prior to such adoption.

The foregoing limitation to 5% is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the City Council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for water works, &c.; and the county board of any and consolidating debt, for water works, &c.; and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after submitting the matter to the legal voters of the county at a general election at which a majority vote is required as a prerequisite of the issue. An attempt was made to limit "any county city, township, school district or municipal corporation" in counties containing 125,000 or more inhabitants to 2½% of the assessed value, but Jan. 12 1900 the State Supreme Court ruled that this was an arbitrary and unpartural classification of municipalities which could not be systained. unnatural classification of municipalities which could not be sustained. See Vol. 70, p. 242.

The matter of the amount of bonds that might be issued on the basis of

the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V. 74, p. 741, throws some light on these changes.

p. 741, throws some light on these changes.

WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the earnings of the Water Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded-V. 73, p. 94. This decision was confirmed by Supreme Court. V.74, p. 491.

IMPROVEMENT BONDS.—There is a kind of improvement bond IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lien on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed the severant may be paid in intributors or otherwise, and such selection. the assessment may be paid in instalments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, &c., to be charged must endorse upon the back of such bond his consent, under seal, in submust endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indorse the within bond and consent that the lot or lots or parts thereof therein designated shall become liable for the interest and principal therein named, and the same shall be a lien upon said property from this date until paid off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the Recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

is a notice.

We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in the Hurd's Revised Statutes of Illinois, the 1901 edition, pages 337 and 338.

CANAL BONDS.—At the general election in November 1908 the people will vote on an amendment to the State Constitution which provides for the issuance of not exceeding \$20,000,000 bonds, to construct a deep waterway or canal, and to erect, equip and maintain power plants, locks, bridges, dams and appliances suitable for the development and utilization of the water power. See V. 85, p. 1289.

World s Fair Bonds.

48' 91 J-J $4,293,000c_ Jan 1 1921

Bonds of 1803 and all subsequent issues are payable in gold.
        Bonds of 1893 and all subsequent issues are payable in gold.

INTEREST.—Interest on the Chicago city bonds is paid in New York by the American Exchange National Bank.

TOTAL DEBT.— July 1 '07. Jan. 1 '07. Jan. 1 '06. Oct. 4 '05.

Total bonded debt.— $25,490,000 $25,555,000 $24,618,000 $24,368,000 Water bonds outstanding on Jan. 1 1907 aggregated $3,570,000, and are included in above total. World's Fair bonds ($4,293,000) are outside of debt limit under ruling of State Supreme Court.

Sinking fund on July 1 1907 aggregated $3,363,111 49.

Floating debt on July 1 1907 was $1,051,086 23.

CITY PROPERTY.—The city owns buildings and real estate of the
             Floating debt on July 1 1907 was $1,051,080 23.

CITY PROPERTY.—The city owns buildings and real estate of the value of $104,047,575, including water works which cost $42,156,989 and an electric-light system.

EQUALIZED VALUATION AND TAX RATE.—

        170,553,854

        1888
        123,292,358

    *Includes railroad property to the value (1905) of $21,058,562 and capital stock to the value of (1905) $12,097,270. r Valuation on a new basis beginning with 1899; see page 102.

The tax rate above given is that for city purposes only. In addition to this the three districts of which the city is composed are assessed for their proportion of State and county taxes, and for certain improvements, the city in its corporate capacity not being assessable for these purposes. The total tax rate for all purposes in 1906 was $69.83.

CONSTITUTIONAL AMENDMENT.—A new section to Article 4 (Section 34) of the State Constitution proposed by the 1903 Legislature, was ratified by the voters of the State at the general election Nov 8 1904. This amendment permits the Legislature to form a new charter for the local government of the city of Chicago; authorizes the consolidation in the mucicipal government of the powers now vested in the city, Board of Education, township, park and other local governments (V. 77, p. 989). The amendment also limits to 5% of the rule value of the taxable property the indebtedness of the city, including the existing debt, the debt of all municipal gororations lying wholly in the city, and also the city's proportion of the debt of the county and sanitary district. New bond issues under the amendment must be submitted to the voters for approval. The question of a new city charter was defeated by the voters on Sept. 17. See V. 85, P. 745.

OITY'S GROWTH.—The city's growth in population, wealth and indebtedness on Dec. 31 of the years named appears from the following: (Parts of six townships annexed since 1890.)
                                                             | — Population. | Valuation. | $2,300,500 | $426,263,296 | $407,991,625 | $(Census) | 1,698,575 | 276,565,880 | 503,185 | 117,133,643 | 306,605 | 275,986,550 | 199,206 | 37,053,512 | 28,269 | 7,220,249 |

DEBT, RESOURCES, ETC.

Organized as a Territory (Act Jan. 11 1805) __ June 30 1805 Admitted as a State (Act June 15 1836)____Jan. 26 1837 Total area of State (square miles)_____58,915 State Capital_____ Governor (term expires Dec. 31 1908) ___ Fred M. Warner Secretary of State (term exp. Dec.31 1908)_Geo.A.Prescott Treasurer (term expires Dec. 31 1908) - Frank P. Glazier LEGISLATURE meets biennially in odd years the first Wednesday in January, and there is no limit to the length of sessions, excepting special sessions, in attending which members can receive no more than 20 days' pay.

HISTORY OF DEBT.—The historical details of Michigan's State debt up to 1894 will be found in the "State and City Supplement" of April 1894, page 98. In 1864 the State Treasurer reported the funded debt at \$3,880,399 and \$1,450,472 additional "trust fund debt." The State has no bonded debt at present. The "trust fund debt" on June 30 1907 amounted \$6,810,542.20. The term "trust fund debt" is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation.

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes for every fifth year since 1846. The State tax rate for 1905 was 1.692 mills and for 1906 1.740 mills on each dollar of valuation as equalized by the State Beard of Equalization.

merous an edamin	non ny on	c proces pour	or ridagirancion

	Equalized Val \$1,734,100,000 1,578,100,000 1,105,100,000	Equalized Val Tax Rate \$1,734,100,000 \$1.95 1,578,100,000 2.430 1,105,100,000 1.871	Equalized Val Tax Rate Year. \$1,734,100,000 \$1,95 1876 1,578,100,000 2,430 1866 1,105,100,000 1.871 1856	$\begin{array}{cccccccccccccccccccccccccccccccccccc$

In 1907 the assessed valuation of real estate was \$1,248,066,836; personal property, \$355,868,770; total valuation, \$1,598,935,606.

DEBT LIMITATION.—Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So to be abreast with the times, instead of putting any limit on the power of the State to create debt, it put into its Constitution a notice to the Legis-

the State to create debt, it put into its Constitution a notice to the Legislature to go to work at once and make provision for "ascertaining the 'proper objects of improvement in relation to roads, canals and navigable "waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible.

That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another Constitution. During the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be. Nothing will illustrate this change in spirit and purpose more clearly than the following limitations respecting the creation of State indebtedness which were inserted. These sections are all found in Article 14 of the 1850 Constitution, which Constitution is still in force.

sections are all found in Article 14 of the 1850 Constitution, which Constitution is still in force.

SECTION 3. The State may contract debts to meet deficits in revenue. Such debts shall not in the aggregate at any one time exceed fifty thousand dollars. The moneys so raised shall be applied to the purposes for which they were obtained or to the payment of the debts so contracted. SECTION 4. The State may contract debts to repel invasion, suppress insurrection or defend the State in time of war. The money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to pay such debts.

SECTION 6. The credit of the State shall not be granted to or in aid of any persons, association or corporation.

SECTION 7. No scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock previously issued or for such debts as are expressly authorized in this Constitution.

SECTION 8. The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 9. The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 9. The State shall not be a party to, or interested in, any work of internal improvement, nor engage in carrying on any such work except in the expenditure of grants to the State of land or other property.

The foregoing sections appear to cover every branch and phase of the

The foregoing sections appear to cover every branch and phase of the subject; and compared with the Constitution of 1837 what a contrast they

afford!

Cities and villages, however, were left by the 1850 instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 15, Section 13, and is as follows:

SECTION 13. The Legislature shall provide for the incorporation and organization of cities and villages, and shall restrict their powers of taxation, borrowing money, contracting debts and loaning their credit.

In the exercise of the power granted by this section the Legislature has passed general laws governing the incorporation, taxation and honding of

passed general laws governing the incorporation, taxation and bonding of cities and villages. The provisions, however, are too extensive to make it feasible to summarize them here. They may be found in the Compiled Laws of Michigan, edition of 1897.

Secretary of State (1st Mon. Jan. 1909)James A. Frear
Treasurer (1st Monday Jan. 1909)
LEGISLATURE meets blennially in odd years on the second Wednesday

ASSESSED VALUATION.—The total assessed valuation of the State as determined by the State Board of Assessors, and the tax rate for State purposes, have been as follows for the years named below:

		rersonue	10000	State Lax	1 uites
Year.	Real Estate.	Property.	Valuation.	Rate (per M.)	Raised.
	\$	\$	\$.	S	8
1907	1,780,265,161	476 034,839			
1906	1,671,142,204	453,657,796	2,124,800,000		
1905	1,513,335,382	439,364,618	1,952,700,000		None
1904	1,422,621,485	420,219,515	1,842,841,000		None
1903	1,309,504,464	443,667,536	1,753,172,000	.585920	1,027,220
1902	1,226,376,973	277,969,027	1,504,346,000	1.546131	2,325,916
	1,186,349,139	249,934,861	*1,436,284,000	1.572010	2,805,639
1900	503,690,767	126,309,232	630,000,000		1,345,570
1899	505,263,975	119,736,025	625,000,000		1,340,570
1897	475,631,287	124,368,713	600,000,000		1,995,070
1895	482,799,128	120,674,398	603,473,526		1,372,713
1890	464,782,237	128,108,482	592,890,719		891,660
1880	344,788,721	94,183,030	438,971,751	1,4858	662,058

*The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237, Laws of 1901, which has construed the meaning of the existing law to be a command to assess at full value whereas former boards did not so construe the Act.

DEBT LIMITATION.—The constitutional provisions of Wisconsin re-

stricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities, &c., as well as the State, are definitely limited by that instrument. We give the provisions first which relate to the State and after that those which have reference to cities, &c.

(1) STATE indebtedness is confined within very close bounds. It seems

(1) STATE indebtedness is confined within very close bounds. It seems as if the framers of the Constitution must have taxed to the extreme their Ingenuity for forms in which to express their determination to inhibit debt-making. The sections which cover the subject are Sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. Credit of State, for what not given. The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

SECTION 4. Contracting debts. The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. Limitation on public debt. For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed \$100,000). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House, to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

SECTION 7. State may borrow money, when. The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

SECTION 9. Evidences of debt. No scrip, certificate or other evidence of State debt whatsoever shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. Internal improvements—avails of grants. The State shall never contract any debt for works of internal improvement, or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the State, especially dedicated by the grant to particular works of Internal improvement, the State may carry on such particular works of Internal improvements, the State may carry on such particular works of Internal improvements, the State may carry on such particular

appropriate the revenues derived from such works in aid of their completion.

(2) CITIES, counties, towns, villages, &c., were unrestricted except by jegislative enactment until 1874. Since that amendment was adopted 5% on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before, or at the time when it incurs any indebtedness, to make provision for an annual tax sufficient to pay the interest and also sufficient to pay the principal within twenty years from the time of contracting the debt. We give below the amendment referred to in full. full.

Limitation of Municipal Indebtedness .- Adding to Section 3, Article 11.

CITIES, COUNTIES AND TOWNS

STATE OF WISCONSIN.

1861_	33,350,057	5,914,683	39,264,740	658,358	4 00
	-				

*The total taxes levied in the above table include the amounts rais not only for State purposes, but also all taxes raised by the various min divisions of the State. The tax rate, however, is for State purposes, a in 1905 it was \$1.80; adding the tax of \$1.23 for school and universi purposes, the total tax rate was \$3.03. The total rate for 1906 has be fixed at \$2.78.

in 1905 it was \$1 80; adding the tax of \$1 23 for school and university purposes, the total tax rate was \$3 03. The total rate for 1906 has been fixed at \$2 78.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its Constitution puts on every kind of debt-making. That instrument fixes the limit at \$250,000 "for the purpose of defraying extraordinary expenditures"; and an amendment, ratified in 1879, extended this power to \$250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and billing asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the Constitution which relates to that subject, and that has reference to making rallroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

SECTION 5. (Public Debt May Be Contracted.) For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the journals of each House, respectively; and every such law shall levy a tax, annually, sufficient to pay the annual interest on such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed or diminished until the principal and interest of such debt shall have been wholly paid. The State shall never contra

to exhibit the number and amount unpaid and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(Appropriation of Money Received from Loan or State Bonds.) The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the Act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(State Debt for Public Buildings.) For the purpose of erecting and completing buildings for a hospital for the Insane, a deaf, dumb and blind asylum, and State prison, the Legislature may by law increase the public debt of the State to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the Constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State and appropriate the money only for the purpose aforesaid; which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND. as to city, county or other municipality, the only restriction on

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the Constitution is the following, found in article 9, section 15:

article 9. section 15:
SECTION 15.—(Municipal Debts in Aid of Railroads.) The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds or to become indebted in any manner to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said oroperty made for the purpose of State and county taxation previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adop-tion the section read so as to authorize municipal corporations to issue bonds

tion the section read so as to authorize municipal corporations to issue bonds in aid of railroads to ten per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it fire.

This is all the Constitution contains with reference to the debts of municinalities. The Legislatute, however, has made some general provisions governing bond issues which we have not the space to give here.

CONSTITUTIONAL AMENDMENTS.—Four amendments to the State Constitution were adopted at the November 1902 election. Two of these relate to taxation, a third to school fund loans and the fourth to a State road and bridge fund. In 1906 three further amendments were adopted, one of which greatly enlarges the powers of the Legislature with reference one of which greatly enlarges the powers of the Legislature with reference to taxation. The other two amendments of 1906 relate to State roads and to the sale of farm and garden products without a license. At the November 1907 election a further amendment was adopted to Section 16 of Article 9, relating to an annual tax levy for the construction of roads and bridges.

9, relating to an annual tax levy for the construction of roads and bridges. V. 85, p. 1289. Three amendments to the Constitution will be voted on at the November 1908 election. V. 85, p. 1289.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law, which became effective April 30 1907, imposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage or real property located within the State, recorded or registered on or after April 30 1907. The full text of this law will be found on page 1194 of the "Chronicle" of May 18 1907.

SAVINGS BANK INVESTMENTS.—The Legislature in 1903 enacted a law—Chapter 108—amending the Act relating to the investments of savings banks. This Act will be found in full on page 877 of the "Chronicle" April 18 1903.

each year. These on Jan. 1 1907 amounted to \$676,000.

SINKING FUND.—It is provided by the city's charter that in addition to raising a tax sufficient to pay the interest on all its bonds, the city shall levy a tax of one mill on each dollar of the assessed valuation to provide for the principal of the bonds when due. The maintenance of this sinking fund for the payment of the principal of the bonds is "declared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept inviolate." In accordance with this provision there was raised by taxation for the sinking fund in 1905 3168,264. The sinking fund is largely invested in bonds of the city of Minneapolis.

The city of Minneapolis is restricted in its debt-making power to 5% of the assessed valuation after deducting the sinking fund from the debt; exception is made by Chapter 204, Laws of 1893, as amended by Chapter 128. Laws of 1895, wherein it is provided that debt created for the purchase of water works shall be considered outside of the 5% limit, and also that an additional 5% debt may be created for certain purposes, provided the same be authorized by a two-thirds vote of the people. We have marked above with a section (§) those issues put out in excess of the 5% limit.

WATER RECEIPTS.—The receipts from water rents, &c., in 1906 were \$322,801; current expenses for water works, \$179,330.

VALUATION AND INDEBTEDNESS.—The city's assessed valuation, tax rate and bonded debt have been as follows:

Years—	7	ax Valuation	Tax Rate	
	1906\$		\$26 50	\$9,534,000
December 31	1905	138,690,490	29 75	9,384,000

Net debt	\$9,671,925 \$2,370,000 \$710,500	\$9,138,547 \$2,352,000 \$705,261

CITY PROPERTY.—The water-works owned by St. Paul are self-sus, taining and cost \$6,603,641. The water debt is to be met by the Board of Water Commissioners, who, according to the city charter. "shall establish such water-rates as will at all times insure to the city a sufficient income to pay interest and to provide a fund to pay principal upon all the bonds, etc., issued for water purposes." The value of all property owned by the city including the water works, in Feb. 1907 was estimated at \$19,000.

VALUATION AND INDEBTEDNESS.—The city's assessed valuation is said to be about 60 % of actual value.

State of Iowa.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act June 12 1838)...July 3 1838
Admitted as a State (Act Aug. 4 1846)...Dec. 28 1846
Total Area of State (square miles)...56,025
State Capital...Des Moines
Governor (term expires Jan. 1909)...Albert B. Cummins
Secretary of State (1st Monday Jan. 1909)...W. C. Hayward
Treasurer (1st Monday Jan. 1909)...W. W. Morrow
Auditor (1st Monday Jan. 1909)...B. F. Carroll
Under the "blennial election" amendment adopted in 1904, the General
Assembly meets blennially in odd years on the second Monday in January.
There is no limit to length of session.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1894, page 110.

FINANCIAL CONDITION.—Iowa has no bonded debt. On July 1 1907 there were \$204, 494.85 warrants outstanding and the State had cash in the general revenue fund amounting to \$872,877.31. The Permanent School Fund on July 1 1907 aggregated 4,778,369.46.

EQUALIZED VALUATION.—The equalized assessed valuation (¼ actual value) has been as follows in the years named

			Express

TAX RATE.—The State tax (per \$1,000) for 1907 is \$3 40; this includes general State tax, \$2 90, and special tax, 50 cents; for educational purposes for 1906 it was \$3, made up of a general State tax of \$2 50 and the special tax of 50 cents for educational purposes.

DEBT LIMITATION.—Iowa's Constitution restricts the creating of debt, both State debt and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

ARTICLE 7, Section 1. (Limitation of State indebtedness.) The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association or corporation, and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the beneit of the State.

Section 2. (Same.) The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for: but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly or at different periods of time, shall never exceed the sum of \$250.000; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

Section 4. (For what other purposes State may contract debt.) In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war, but the money arising from the debts so contracted shall be applied for the purpose whatever.

Section 5. (Other debts to be authorized.) Except the debts hereinbefore specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt within twenty years from the time of contracting thereof; but no such debt within twenty years from the time of contracting thereof; but no such law shall be appli

The above (Section 3, Article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900), fixing the limit of Indettedness of counties or other political or municipal corporations at only 1¼ % of the actual value of property there as returned by the last tax list. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. In 1904, and again in 1906 the Act was amended, the important sections now read. and again in 1906 the Act was amended, the important sections now read-

Ing as follows:

Section 1. That section thirteen hundred and six-b (1306-b) of the supplement to the code and chapter forty-three (43) of the Acts of the 30th General Assembly be and the same are hereby repealed, and the following enacted in lieu thereof:

"No county or other political or municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount exceeding in the aggregate the amount of one and one-fourth per centum of the actual value of the taxable property within such county or corporation, except that cities and incorporated towns may, for the purpose of purchasing, erecting or maintaining and operating waterworks, electric light and power plants, gas works and heating plants, or of building and constructing sewers, incur an indebtedness not exceeding in the aggregate, added to all other indebtedness, five per centum of the actual value of the taxable property within such city or incorporated town. The amount of such taxable property shall be ascertained by the last State and county tax list previous to the incurring of such indebtedness.

"Section 2 Provided, that before such indebtedness can be contracted

in excess of one and one-quarter per centum of the actual value of the taxable property ascertained as above provided in this Act, a petition signed by a majority of the qualified electors of such city or town shall be filed with the Council of such city or town, asking that an election shall be called, stating the purposes for which the money is to be used and that the necessary waterworks, electric light and power plants, gas works, heating plants or sewers, cannot be purchased, erected, built or furnished within the limit one and one-quarter per centum of the valuation. And provided, that in cities having a population of more than ten thousand, the petition need not be signed by more than two hundred qualified electors.

Sections 3, 4, 5 and 6 prescribe manner of holding elections, issuance of bonds &c.

In 1904 an Act passed the Legislature, approved March 30, which per mits independent school districts containing or contained in any incorporated town or city of the second class of 3,000, or less, population to become indebted for the purpose of building and furnishing school houses and procuring sites, to an amount not exceeding 2½% of the actual value of taxable property. It is provided, however, that any excess above the 1¼% limit must be authorized by a vote of the people. See V. 78, p. 1408.

CEDAR RAPIDS. G. S. Lightner, Mayor; T. Devendorf, Treasurer.

Cedar Rapids is in Linn County. Charter granted 1856. On July 1 1903 the city took over the management and operation of the water works formerly owned by the Cedar Rapids Water Co., and assumed all the outstanding obligations, amounting to \$450,000. of which \$95,000 has been paid, leaving outstanding \$355,000. Judge J. H. Rothrock of the Superior Court has handed down a decision upholding the validity of the \$125,000 4% city-hall bonds, given below, awarded on Apr. 5 1907 to G. M. Bechtel & Co. of Davenport. The case was appealed to the Supreme Court. V. 85, p. 1532. LOANS— When Due. Funding Bonds.

State of Missouri.

LEGISLATURE meets blennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed \$5.00 per day for 120 days. A session of this kind was held in 1899.

The State of Missouri contains 114 counties and the City of St. Louis, the latter being a separate civil division subject to no county government.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c., on Jan. 1 1865 was \$36,094,908. At present the State has no indebtedness except the school and seminary bond certificates, which on Jan. 1 1907 were as follows:

1	NTERE	ST on the State school as	nd t	seminary	certificates is payable at
	te Treas				2

INTEREST on the State school and seminary certificates is payable at State Treasury.

TOTAL DEBT, ETC.—On Jan. 1 1907 the school and seminary fund certificates amounted to \$4,398,839 42. The total cash in the treasury to the credit of all State funds on Jan. 1 1907 amounted to \$2,308,286 04. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary (University) fund. As stated above, the State has no general bonded debt at the present time, the last remaining bonds of the State amounting to \$487,000, having been called in and redeemed on Feb. 28 and 1903.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1906 to \$148,920,925, or of machinery, tools merchandise, &c., as taxed on "merchants and manufacturers' tax books," which amounted in 1906 to \$103,139,292.

This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

CONSTITUTIONAL AMENDMENTS.—Eight amendments to the State Constitution were adopted at the November 1902 election. Several of the amendments relate to taxation; one permits the city of \$5. Louis to frame a new charter, while another amends Article 10, Section 12, by exempting water and assumed county debt of \$5. Louis and water debt of Kanasa Gity in computing the Indebtedness of those cities. Article X is also amended by adding a new section (Section 12a) which permits cities of not less than 2,000 nor more than 30,000 inhabitants to issue water and light bonds to the amount of 5% of the taxable property in excess of the debt limit. A two-thirds vote at an election held for the purpose is necessary to authorize. See V. 75, p. 1165.

At the November 1906 election an amendment to Section 12, Article X, of the State Constitution was ratified by the voters. This amendment provides that the 5% debt limit (see below) may be exceeded by counties "for the grading, constructing, paving or maintaining of paved, gravel ed, macadamized or rock roads and necessary bridges and culverts therein, provided such indebtedness be authorized by a two-thirds vote. Eight amendments to the State Constitution will be voted on at the general election to be held in November 1008. See V. 85, p. 173.

DEBT Limita-Trion—Missouri has made provision in its Constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is prouble and of the small particle

Dec. 30 1904 to vote upon the question of compromising the county debt at 18 cents on the dollar, as finally agreed to by the creditors; the compromise was defeated. See V. 80, p. 179. In his report to the State Auditor, under date of July 1 1906, the County Clerk had the following to say: There is no bonded debt against Macon County except the Missouri & Mississippi RR. debt, all of which has been reduced to judgments, and is setimated to be about \$1,600,000. The county has been resisting the payment of this debt for about 33 years. Some of the judgments have been sold	
nent of this debt for about 33 years. Some of the judgments have been sold ecently as low as 8 cents on the dollar. The county repudiates the debt and refuses to make a levy sufficient to pay same. In this it has been susalined by the State and Federal Courts." On the other hand, the judgment iolders are determined to continue the litigation until they find a way of ecovery which the county cannot avoid. The following are given by the younty Clerk as the issues outstanding:	BONDED DEBT Nov 1907.\$40,000 Population in 1905

| Compared ST. LOUIS. Rolla Wells, Mayor; James Y. Player, Compt'r.

St. Louis was formerly in St. Louis County, but city and county were separated in 1877 and the city is now subject to no county government. The County of St. Louis remains, but the city lies outside of it. City was incorporated in 1822. Propositions to issue \$11,200,000 bonds carried at election held on June 12 1996 The Supreme Court has handed down a decision in favor of the city in the suit instituted by Herman A. Haeussler and Robbert M. Hubbard, taxpayers, to restrain the issuance of the \$3,500 the \$2,000,000 bonds mentioned below, \$843,000 were sold to Nov. 18, 1907.

000 improvement bonds voted on June 12 1906. See V. 85, p. 173. Of the \$2,000,000 bonds mentioned below, \$843,000 were sold to Nov. 18, 1907. LOANS— When Due. Renewals.

1893			82,351,987	4 50

*The assessed valuation of personal property as given above includes the valuation of railroad property, express companies and telegraph and telephone companies; in 1904 these amounted to \$22,835,483; in 1903, \$21,861,555; in 1902, \$20,484,955; and in 1901, \$18,518,894.

a Since 1901 a special tax of \$1 00 has been levied for the maintenance of expressional institutions of the State. This is included in the total tax given above.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its Constitution. The provisions with reference to the matter are complete and stringent, and are as follows:

and stringent, and are as follows:

SECTION 182. The State may, to meet casual deficits or failure in the revenue, or in case of extraordinary emergencies, contract debts, but such debts shall never in the aggregate exceed the sum of two hundred thousand dollars, exclusive of what may be the debt of North Dakota at the time of the adoption of this Constitution. Every such debt shall be authorized by law for certain purposes, to be definitely mentioned therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax discontinued until such debt, both principal and interest, shall have been fully paid. No debt in excess of the limit named shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war, or to provide for public defense in case of threatened hostilities, but the issuing of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

SECTION 183. The debt of any county, township, city, town, school

public defense in case of threatened hostilities, but the issuing of new bonds to refund existing indebedness shall not be construed to be any part or portion of said two hundred thousand dollars.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed five (5) per centum upon the assessed value of the taxable property therein; provided, that any incorporated city may, by a two-thirds vote, increase such indebtedness three (3) per centum on such assessed value beyond said five (5) per centum control in the control of the con

Cassill LEGISLATURE meets blennially in odd years on the Tuesday after the first Monday in January, and sessions are limited to sixty days. the first Monday in January, and sessions are ilmited to sixty days.

HISTORY OF DEBT.—For history of State debt see "State and City Supplement" of April 1894, page 120.

TOTAL-DEBT, ETC.—The State has no bonded debt; the floating debt on July 1 1907 was \$250,000; sinking fund and other funds available for payment of debt, \$66,937. On the same date the State had taxes due and unpaid to an amount estimated at \$200,000, which, when collected, will be available for the payment of current expenses.

EQUALIZED VALUATION—The following statement shows the total valuation of real estate, personal, railroad property, telegraph, telephone express and sleeping-car companies, as equalized by the State Board of Assessment and Equalization.

Year. Valuation. | Year. Valuation, 1906. \$222,426,469 | 1899. \$158,330,111 | 1905. 219,647 674 | 1898. 118,580,496 | 1904. 214,239,028 | 1897. 120,175,431 | 1903. 211,030,698 | 1896. 119,391,156 | 1902. 187,531,381 | 1895. 121,751,151 | 1901. 173,206,733 | 1894. 128,046,765 | 1902. 187,531,381 | 1895. 121,751,151 | 1901. 173,206,733 | 1894. 128,046,765 | 1900. 172,255,085 | 1893. 136,032,840 | TAX RATE.—In 1907 the tax rate (per \$1,000) was \$4,25. DEBT LIMITATION—South Dakota has incorporated into its Constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XIII and are as follows: State and its municipalities. All these provisions are found in Article XIII and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible tor the debt or liability of any Individual, association or corporation, provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvement,

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate \$100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection, or defending the State or the United States in war, and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose, or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided, however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota. Section 4 amended in 1896 and again in 1902 now reads as follows:

SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision, shall never exceed five (5) per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred.

"In estimating the amount of the lindebtedness contra and are as follows:

INTEREST is payable at the Chemical National Bank New York	as equalized by Scale Board.

The large increase in the valuation for 1904 and 1905 is the result of a new general revenue law passed by the 1903 Legislature—Chapter 73. Under this law property is assessed at 20 % actual value, whereas in earlier years the proportion seems to have been much lower.

CONSTITUTIONAL AMENDMENTS.—Two amendments to the constitution will be voted on at the general election in 1908. See V. 85, p. 817.

DEBT LIMITATION.—Nebraska has carefully provided in its Constitution against creating State indebtedness, but has left city and other municipal indebtedness chiefly in the care of the Legislature.

STATE indebtedness is restricted to \$100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited. CITIES, COUNTIES AND TOWNS IN THE STATE OF NEBRASKA. Note.—For places not given in alphabetical order among the following statements, see "Additional Statements" at the end of this State.

1902	363,163,630	5.50	1870	92,528,099	8.75

cept as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levyling an annual tax sufficient to pay the annual interest of such debt and the principal thereof when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid.

Other debts. No debt shall be contracted by the State excent as herein

wholly paid.

Other debts. No debt shall be contracted by the State except as herein provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election; and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instru-

only provision for the regulation of such matters contained in that instru-

only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

Cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. In 1903 a bill (approved March 7) passed the Legislature fixing 15 % of the assessed value of taxable property as the limit of bonded debt of any city of 50.000 or more—special improvement and sewer bonds (assessed on property benemore-special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, including special improvement bonds, shall not exceed 30% of the assessed value. The Act was published in full in V. 76, p. 667. Chapter 101, Laws of 1905, however, permits cities of the first second and third classes to issue bonds beyond this limit for natural gas, water, light and beatler suggested. light and heating purposes. The validity of this Act has been sustained by the Supreme Court in case of Belleville vs. Wells. -V. 83, p. 1604.

CITIES, COUNTIES AND TOWNS IN THE

STATE OF KANSAS.

NOTE.—For reports not given in alphabetical order among the following see "Additional Statements" at end of this State.

The National Park Bank of New York City is fiscal agent for the State of Kansas, and all bonds or coupons of minor civil divisions of the State, which by their terms are payable in New York, will be paid at the above-named bank.

by their terms are payable in New York, will be paid at the above-landsbank.

ABILENE. M. H. Mallott, Treasurer.

Abilene is in Dickinson County.

Bonds all optional. In May 1905 the City Council paid to Corneil University \$2,500 in compromise settlement of the gas bonds issued in 1888, and which have been in contest for ten years. The interest and principal amount to over \$10,000. This cleans up all litigation against the city. V. 80, p. 2472.

State of Montana.

DEBT, RESOURCES. &c.

Organized as a Territory (Act May 26 1864) May 26 1864
Admitted as a State (Act of Feb. 22 1889)Nov 8 1889
Total area of State (square miles)146,080
State CapitalHelena
Governor (term expires 1st Mon. Jan. 1909)Jos. K. Toole
Secretary of State (term exp. 1st Mon. Jan. 1909)_A.N. Yoder
Treasurer (term expires 1st Monday Jan. 1909) J. H. Rice
Auditor (term exp 1st Mon. Jan. 1909)H. R Cunningham
LEGISLATURE meets blennially in odd years on the inrst Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT, &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The State of Montana has no bonded debt at present, the loans given below being educational loans issued on land grants. The \$350,000 Capitol building bonds are also issued against land grants. a decision was rendered in the State Supreme Court, and later sustained by the United States Supreme Court, holding invalid bonds issued by the State the United States Supreme Court, holding invalid bonds issued by the State Board of Land Commissioners, under the name of the State University, State Normal School, Agricultural College and Deaf and Dumb School of the State of Montana. A list of bonds declared invalid and a resume of the situation are contained in a letter of the State Attorney-General in the "Chronicle" of Jan. 27 1906, page 231. The State has no desire to repudlate these bonds, and in 1907 passed an Act appropriating moneys for interest due up to Jan. 1 1909 and making provision for the calling of these bonds or part of them, out of surplus revenues in the general fund. See "Chronicle" of April 13 1907. The cash on hand in all funds on Sept. 1 1907 amounted to \$756,458. The permanent school fund on Sept. 1 1907 held cash and securities amounting to \$1,259,668, and other school funds on hand aggregated \$881,756.

aggregated 5001,750.

ASSESSED VALUATION.—In 1907 the total assessed valuation was \$251,226,747, of which real estate was \$116,167,719, personal \$91,242,993 and railroads \$43,816,035. In 1905 and 1906 the State tax (per \$1.000) was \$2.50. Property is supposed to be assessed at full cash value

was \$2.50. Property is supposed to be assessed at full cash value

DEBT LIMITATION.—The Constitution of Montana was adopted by
popular vote October 1 1889. Article XIII. contains the Sections which
regulate the debt-making powers of State, county and city. Counties are
allowed to become indebted to an amount not exceeding five (5) per centum
and cities, towns, townships and school districts to an amount not exceeding
three (3) per centum of the value of taxable property; but in the latter case
the Legislative Assembly may permit debt in excess of this limit for sewer
or water purposes, provided the question is submitted to a vote of the taxpayers. All the provisions in full and also those relating to the power of
the State itself to create indebtedness may be found on page 135 of the
"State and City Supplement" of April 1895.

POPULATION OF STATE—

POPULATION OF STATE—
1900 ____243,329 | 1890 ____ 132,159 | 1880 ____39,159 | 1870 ____20,559
The population in 1900 included Indians and whites on Indian reservations not previously counted in the enumeration. In 1890 there were 10,765 and in 1880 31,659 such persons, which number should be added to the total for those years in making accurate comparisons.

State of Idaho.

Organized as a Territory (Act March 3 1863) March 3 1863
Admitted as a State (Act July 3 1890) July 3 1890
Total Area of State (square miles) 84,800,
State Capital Boise

DEBT HISTORY.—Idaho as a Territory always kept its debt within moderate limits. When it became a State the bonded debt of the Territory was \$146,715 06. Of that amount \$46,715 06 was issued to pay floating debt, \$80,000 to pay for Capitol building and \$20,000 for an asylum. The condition of the State's debt now is set out with all the details below.

INTEREST on Idaho normal school bonds is payable at the Chase National Bank, New York; on the Capitol building of 1905, the refunding and Idaho improvement bonds at the office of the State Treasurer; on the Lewiston Normal School bonds of 1899 at Kountze Bros. New York; interest on all other bonds is payable at the Hanover Nationel Bank, New York; TOTAL DEBT, &c.—The total bonded debt on Aug. 1 1907 was \$1.280,000. The floating debt Aug. 1 1907 was estimated at \$250,000.

EQUALIZED VALUATION AND TAX RATE.—
1907 897,441,446 \$5 131 1902 61,296,743 \$4 60 1996 80,707,903 4 47 1901 \$51,440,758 4 75 1905 75.281.087 1900 47,545,905 52 1904 67,473.886 4 60 1899 46,719,909 52 4 1903 65,974,708 4 16 1897 29,951,920 85 DEBT LIMITATION.—The State is prohibited from creating debts which in the aggregate (exclusive of the debt of the Territory) exceed the sum of 145 % upon assessed valuation (except in case of war. &c.) unless the same shall be authorized by law for some single work therein specified; no such law shall take effect until it is submitted to the people and it receives a majority of the votes cast. No county, city, town or other subdivision shall nour indebtedness "exceeding in that year the income and revenue provided for the for such year" without the assent of two-thirds of the qualified electors voting at an election. The credit of the State or any sub-division shall not be loaned to any individual, association, municipality or corporation.

For a digest of the laws respecting debt limitation in Idaho, see "State and City Supplement" of Arril 1895, pages 138 and 139.

Salt Lake City, or at the office of Wells, Fargo & Co., New York; on the bonds of 1896, 1898 and 1900 at the U.S. Mortgage & Trust Co., New York City, or the State Bank of Utah, Salt Lake City.	43				
BONDED DEBT on Sept. 4 1907 was \$900,000; on the same date the cash	at				
on hand amounted to \$554,173.	113				
TAX VALUATION. In 1906 the total assessed valuation was \$145.	1				

BONDED DEBT on Sept. 4 1907 was \$900,000; on the same date the cash on hand amounted to \$554,173.

TAX VALUATION. In 1906 the total assessed valuation was \$145, 95,949, as follows: Real estate, \$81,193,601; personal property, \$36,683,-639; rai roads, &c., \$23,478,495; telegraph and telephone companies, \$1,481,770, and net proceeds of mines, \$3,158,444. In 1904 it was \$132,994,-247; in 1903 it was \$128,241,243; in 1902 it was \$118,047,216; in 1901 twas \$102,629,041; in 1897 it was \$122,624,519; in 1896 it was \$107,291,083. The State tax rate (per \$1,000) in 1905 is \$5 00. School tax (additional) \$3 00.

DEBT LIMITATION.—The indebtedness of this State is limited by its Constitution. The sections relating to State debt are found in Article XIV. of that instrument, being Nos. 1, 2, 5 and 6. We quote these sections below \$ECTION 1. To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State the State may contract debts not exceeding in the aggregate at any one time the sum of \$200,000 over and above the amount of the Territorial indebtedness assumed by the State. But when the said Territorial indebtedness assumed by the State shall never contract any indebtedness, except as in the next section provided, in excess of the sum of \$200,000, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.

SECTION 5. All moneys borrowed by or on behalf of the State, or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.

SECTION 6. The State shall not assume the debt, or any part thereof, of any county, city, town or school district.

Title 40, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

tor any purpose. Under the provisions of this Act several Territorial bond Issues have been refunded.

Counties, Cities, Towns, &c.—The Constitutional provisions relating to the debt of counties, cities, towns, school districts and other municipal corporations will be found in Sections 3, 4, 5 and 7 of Article XIV. Section 5 is quoted above. We give Sections 3, 4 and 7 below.

SECTION 3. No debt in excess of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivision thereof in this State; unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein in the year preceding such election, and a majority of those voting thereon shall have voted in favor of incurring such debt.

SECTION 4. When authorized to create indebtedness as provided in Section 3 of this Article, no county shall become indebted to an amount, including existing indebtedness, exceeding 2%. No city, town, school district or other municipal corporation shall become indebted to an amount, including existing indebtedness, exceeding 4% of the value of the taxable property therein, the value to be ascertained by the last assessment for tax and county purposes previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes; provided, That no part of the indebtedness; allowed in this section shall be incurred for other than strictly county, city, town or school district purposes. Provided, further. That any city or town when authorized, as provided in Section 3 of this Article, may be allowed to incur a larger indebtedness, not exceeding 4% additional, for supplying such city or town with water, artificial lights or sewers, when the works for supplying such water, light and sewers shall be so construed as to impair or add to the obligation of any debt heretofore cont

municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted in accordance with the laws of Utah Territory, by any county, city, town or school district, or to prevent the contracting of any debt, or the issuing of bonds therefor, in accordance with said laws, upon any proposition for that purpose, which, according to said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this Constitution takes effect.

SECTION 1884. Chapter 14, of the Revised Statutes, limited the indebtedness of school districts to 2% of the assessed valuation of property, but this limit was raised to 4% by Chapter 17, Laws of 1901—that is, to the Constitutional figure.

INTEREST payable at the County Treasurer's office in Tucson or at the First National Bank in New York City.

State of Oklahoma.

DEBT, RESOURCES, ETC.

Organized as a Territory under Act of May 2 1890. Admitted as a State (Act June 16 1906)____Nov. 16 1907
Total area of State (square miles) _____73,820 State Capital____ State Capital ______ Guthrie Governor (term expires Jan. 1 1911) ______ C. N. Haskell

TOTAL DEBT.—The bonded debt of Oklahoma Territory, which on July 1 1903 amounted to \$48,000, was paid off in May 1904. The total amount of outstanding warrants on the general revenue fund on July 1 1906 was \$590,330 76. The cash in all funds on July 1 1907 amounted to \$907,583 37.

\$907.583 37.

ASSESSED VALUATION for Oklahoma Territory in 1906 was \$96,625.
694; for 1903 it was \$84,134,472; for 1902 it was \$72,677,423; in 1901 it was \$60,464,696; and in 1900 it was \$49,338,661; tax rate (per \$1,000) in 1907 \$6 50. Property was assessed at about 16 2-3% of its actual value.

STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 provision is made for the union of the Territory of Oklahoma and of Indian Territory, the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a Constitution by the people on Sept. 17 1907. See V. 55. p. 745, and 1289.

state was admitted by proclamation of the President Nov. 16 1907 after the adoption of a Constitution by the people on Sept. 17 1907. See V. 85, p. 745, and 1289.

DEBT LIMITATION.—The Constitution contains the following regarding public indebtedness:

SECTION 23. The State may, to meet casual deficits or failure in revenues, or for expenses not provided for, contract debts; but such debts direct and contingent, singly or in the aggregate, shall not at any time exceed \$400,000 and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this Article, no debts shall be authorized by law for some work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as, it falls due, and also to pay and discharge the principal of such debt as the state effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either House of the Legislature the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?"

SECTION 26. No county, eity, town, township, school district or other House of the Legislature the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall

to the incurring of such indebtedness; provided, that any county, city, town, township, school district or other political corporation or subdivision of the State incurring any indebtedness requiring the assent of the voters as aforesald, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same. SECTION 27.—Public Utilities.—Any incorporated city or town in this State may, by a majority of the qualified property tax-paying voters of such city or town, voting at an election to be held for that purpose, be allowed to become indebted in a larger amount than that specified in Section 26, for the purpose of purchasing or constructing public utilities, or for repairing the same, to be owned exclusively by such city: Provided, That any such city or town incurring any such indebtedness requiring the assent of the voters as aforesald, shall have the power to provide for, and, before or at the time of incurring such indebtedness, shall provide for, and, before or at the time of incurring such indebtedness requiring the assent of the voters as aforesald, shall have the power to provide for by this Constitution, sufficient to pay the interest on such indebtedness at falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same. SECTION 28. Counties, townships, school districts, cities and towns shall evy sufficient additional revenue to create a sinking fund to be used, first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for the payments of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bond or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate

POPULATION.—Population of State 1907 (Census), 1,416,732. The expulation of the Territory in 1890 was 61,834; in 1900, 398,331.

CONSTITUTIONAL AMENDMENTS.—Fourteen amendments to the State Constitution will be voted on at the general election in November 1908. V. 85. p. 235

DEBT LIMITATION .- Municipal indebtedness as well as State debt is DEBT LIMITATION.—Municipal indebtedness as well as State debt is carefully regulated in the Constitution of California. The section relating to the bonding of counties, cities, towns, &c., was altered by constitutional amendment adopted February 25 1891. Nothing in explanation of the provisions needs to be said, as the sections of the Constitution treating of this subject are all very plain and comprehensive; they will be found in the "State and City Supplement" of April 1895, page 146.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

and is as follows:

and is as follows:

SECTION 4. No city, town or municipal corporation shall incur an indebtedness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city, town or municipal corporation.

This new law was given in full in the "Chronicle," Aug. 10 1901, p. 303.

TAX EXEMPT AMENDMENT.—At the November 1902 election the following amendment to Article 13 of the State Constitution was favorably voted upon. V. 74, p. 916; V. 75, p. 1366.

SECTION 134. All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation and irrigation districts) within said State,

shall be free and exempt from taxation. See editorial article in "Stave and City Supplement" of October 1902.

CITIES, COUNTIES, AND TOWNS IN THE STATE OF CALIFORNIA.

NOTE.—For debts of civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

Many of the countles in this State levy a special tax on property outside incorporated cities and towns for making, repairing and sprinkling of roads, and the tax rate as given below under these counties is made up of the State tax rate and the county tax rate including special road tax.

ALAMEDA. F. E. Browning, City Clerk.

This city is in Alameda County. This city was re-incorporated in 1884. Serious damage was done in this city by the earthquake of April 18 1906. LOANS— When Due. City Hall.

 This city is the county seat of Sacramento County and the capital of the state and was re-incorporated April 23 1863. The original debt was a title less than $1,600,000, being four series of 6% bonds, issued in 1858, and alling due in 1888, 1893, 1898 and 1903. The flood of 1861-1862 destroyed all of the property values, and the coupons had been delinquent for a lozen years. In 1872 a Funded Debt Commission (abolished by Legistive Act of 1899) was created and received from the city a gift, or capital, $212,080.80. With this it bought bonds and coupons, and collected rom the city as other creditors did and re-invested in more bonds and oupons. In 1899 the Commission was ordered by decree of Court to cancel 1,411,167,60 of the bonds and coupons at par.
 ACRAMENTO COUNTY. L. P. Williams, Auditor.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act Aug. 14 1848)...Aug 14 1848 Admitted as a State (Act Feb. 14 1859).....Feb. 14 1859 Total area of State (square miles)......96,030 Salem Governor (term ex. 2d* Monday Jan. 1911) G.E.Chamberlain Secretary of State (term ends 2d Mon. Jan. '11), F.W.Benson Treasurer (term ends 2d Monday Jan. 1911) Geo. A. Steel

*The Legislature does not always canvass the vote for Governor immediately upon its meeting, and the Governor's term runs until his successor is declared elected.

LEGISLATURE meets biennially in odd years on the second Monday January, and there is no limit to length of sessions; but members of the egislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For the early history of Oregon's State debt see "State and City Supplement" of April 1894, page 147.
To-day Oregon has no bonded debt.
On July 1 1907 the amounts held in the irreducible trust funds were as follows: School fund, \$4,892,612; Agricultural College fund, \$196,419 and University fund, \$104,205. On the same date the cash on hand amounted to \$959,084.

DEBT LIMITATION .--Constitutional inhibitions as to the creation of

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI, sections 5 to 10 inclusive, of the Constitution of 1857. We quote these sections in full.

SECTION 5.—Restriction upon Municipal Corporations.—Acts of Legislative Assembly incorporating towns and cities shall restrict their powers of taxation, borrowing money, contracting debts, and loaning their credit. SECTION 6.—State not to be Stockholder in Company.—The State shall not subscribe to or be Interested in the stock of any company, association or corporation.

SECTION 7.—Credit of State not to be Loaned—Limitation upon Powers of Contracting Debts.—The Legislative Assembly shall not loan the credit of the State, nor in any manner create debts or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of fifty thousand dollars, except in case of war, or to repel invasion or suppress insurrection, and every contract of indebtedness entered into or assumed by or on behalf of the State, when all its liabilities and debts amount to said sum, shall be void and of no effect.

SECTION 8.—State not to Assume County Debt, Except in What Case.—The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repel invasion. Section 9.—Prohibition upon Municipal Corporations.—No county, city, town, or other municipal corporation, by vote of its citizens or otherwise, shall become a stockholder in any joint-stock company, corporation or association whatever or raise money for, or loan its credit to, or in aid of any such company, corporation or association.

SECTION 10.—Limitation upon Powers of County to Contract Debts.—No county shall create any debts or liabilities which shall singly or in the aggregate exceed the sum of five thousand dollars, except to suppress insurrection or repel invasion; but the debts of any county at the time this constitution takes effect shall be disregarded in estimating the sum to w

of municipalities has been relegated to the Legislative Assembly. In 1903 the Legislature, acting under this authority, passed the following Act—Section 2722 of Billinger & Cotton's Annotated Codes and Statutes.

The common council (of cities and towns) shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum.

The above limitation does not apply to bonds issued in anticipation of the collection of street and sewer assessments under the authority of any charter of any city of 2,500 or more inhabitants.—See sections 2727 to 2735 of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Billinger and Colton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "in no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1.000 children of school age) located in

State of Washington.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act March 2 1853)__March 2 1853 Admitted as a State (Act Feb. 22 1889)...........Nov. 11 1889 Total area of State (square miles)_____69,180 State Capital____Olympia Governor (term ends Wed.aft. 2d Mon.Jan. '09)_A. E. Mead Secretary (term ends Wed. aft. 2d Mon. Jan. '09)S.H. Nichols Treasurer (term ends Wed. aft. 2d Mon. Jan. '09) Geo.G. Mills Auditor (term ends Wed. aft. 2d Mon. Jan. '09) C.W. Clausen LEGISLATURE meets biennially in odd years on the first Wednesday after the first Monday in January. Sessions are limited to sixty days.

STATE DEBT.—The Washington State debt is described in detail below.

LOANS— When Due. All bonds subject to call at any school Fund Bonds.

3½s s-an \$1,000,000 * time.

*Bonds issued from time to time as money is required in the general fund. They are taken by the school fund and run 20 years.

INTEREST is payable at the office of the State Treasurer in Olympia. TOTAL DEBT.—The only bonded indebtedness of the State Oct. 1907 was the \$1,000,000 school-fund bonds, all of which are held in the State Permanent School Fund. Cash in the general fund on the same date was \$225,000.

\$225,000.

ASSESSED VALUATION. The assessed valuation, equalized by State Board, for 1906, of real estate, was \$416,631,168; personal property, \$82,-151,507; railroads, \$31,427,207; total, \$530,209,882. The following statement shows the total assessed valuation of the State for the years indicated. The tax rate (per \$1,000) for 1907 was \$6.70, including \$3.00 for school purposes.

* These officials are elected by the General Assembly and hold office for four years.

MUNICIPAL INDEBTEDNESS.—A new Constitution went into effect in April 1902. One of its provisions fixes a limit of indebtedness in the cases of cities and towns of 18 % of the assessed value of real estate, unless the issue be authorized by a majority of the qualified voters. V. 74, p. 741.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April, 1893, pages 151 and 152. Other items of interest with reference to the Virginia debt will be found in the "Chronicle" as follows: Vol. 56, p. 636, 802; V. 57, p. 155, 190, 565, 733, 950, 1053; V. 58, p. 232, 274, 315, 357; V. 66, p. 392; V. 67 p. 333; V. 68, p. 196, 241; V. 70, p. 1202, 1211; V. 71, p. 408; V. 72, p. 150; V. 75, p. 624; V. 76, p. 446, 770; V. 81, p. 1623; V. 82, p. 584; V. 84, p. 641; In January 1903 an adjustment was effected of the claims of the State against the National Government on account of the War of 1812 and of the counter claims for interest and principal on bonds against the State by the National Government. See V. 76, p. 119.

On April 1 1907 Virginia's debt stood as shown below:
LOANS—

When Due.

Riddleberger Bonds, Act of 1882.

3s J-J \$5,945,954,16-July 1 1932; Subject to call after 1900.)

The Literary Fund on April 1 1907 held \$370,200 Century bonds and \$1,579,927,28 of Riddlebergers; total, \$1,950,127,28. These, being held alive in the Fund, form part of the outstanding amounts in the table.

Of the \$16,989,184,81 Century bonds, \$5,713,000 are coupon, \$11,271,200 registered and \$1,962,88 fractional certificates; of the \$5,945,954,16 Riddlebergers, \$1,802,000 are coupon, \$4,142,800 are registered and \$1,154,16 Percentage of the \$16,989,184,81 Century bonds, \$5,760,000 are coupon, \$4,142,800 are registered and \$1,154,16 Percentage of the \$1,980,100 are coupo

Total ______\$16,989,184.81 Total Act of Feb. 14 1882_______5,945,954.16

Bonds funded under any amendment or extension to the Act of Feb. 20
1802 carry interest from the semi-annual period next preceding the date of funding. Under the old law coupon bonds once converted into registered certificates were not re-convertible into coupon bonds, but under the Acts of 1882 and 1892 coupon and registered bonds are interchangeable.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is, \$15,239,370 out of the total debt of \$45.718,112. To represent, therefore, West Virginia's share of bonds funded, "deferred certificates" were issued. All efforts, however, to induce West Virginia to take recognition of these certificates have thus far been unavailing. In 1883 the holders of about \$8,00,000 certificates united for the purpose of obtaining a compromise, and deposited their holders of the purpose of obtaining a compromise, and deposited their holders of the purpose of obtaining a compromise, and deposited their holders of the purpose of obtaining a compromise, and deposited their holders of the purpose of making an attempt at the settlement of the West Virginia certificates. See "Chronicie, V. 57, p. 819; V. 85, p. 51, 314, 444.

In August 1898 another movement was started, this time under that any mention of the west virginia debt with which West Virginia is justly chargeable (subject to certain limitations), and then compromising that amount at the same percentage at which Virginia compromised the two-thirds of the original Virginia debt, manely, 60% for principal and 30 ¼% for interest. (See the editorial article in the "State and City Supplement" for April 1899. The Legislature of Virginia in March 1900 passed a bill authorizing the State Debt Commission to take such action and its little such proceedings as may be deemed proper to protect the State's interest. The remaining bloom of the Advisory Board. A conference was held in Richmond on Dec. 14 1904 between Brown

*It has been ascertained that \$564,259 bonds were issued under the Act of 1879.

STAUNTON. Arista Hoge, City Treasurer. This is the county seat of Augusta County. Small-Pox Bonds. \$	1867 —
5s '96	SECTION 6.—The credit of the State shall not be granted to, or in add of, any county, city, township, corporation, or person; nor shall the State ever assume, or become responsible for the debts or ilabilities of any county, city, township, corporation, or person, nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever. SECTION 7.—County authorities shall never assess taxes, in any one year the aggregate of which shall exceed nincty-five cents per one hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon created under the succeeding section, unless such assessment, with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for
INTEREST is payable in Staunton. The coupons are all receivable in payment for the city taxes and dues. CITY PROPERTY.—The total value of all property owned by the City of Staunton, as assessed by the commission appointed by the City Council on June 2 1891, was \$281,400, including the water-works, valued at \$173,000. Since June 2 1891 the city has acquired property valued at \$45,700, making the total value of city property at this time about \$327,100. SUFFOLK. R. S. Boykin, Treasurer. This town is in Nansemond County. Bonds are tax exempt. LOANS— When Due. General Improvement Bonds. 58 \$-8 \$2,500,000	and against it. [Note.—The legislature of 1904 passed a tax measure limiting county levies after 1905 to 60 cents per \$100 of valuation.] SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtendess, in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within and not exceeding thirty-four years: Provided That no debt shall be contracted under this section unless all questions connected with the same
5s s-a 750r	Shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same. [Note.—The Legislature of 1905 passed an Act prohibiting indebtedness exceeding 2½ per centum on the value of taxable property. This Act went into effect Jan. 1 1906. debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon.

Cities, Towns, Etc.—Cities, towns, counties, taxing districts and other municipalities are limited by Sections 157 and 158 of the Constitution. Section 157 provides that no debt of any kind may be created to an amount exceeding in any year the income and revenue provided for such year unless authorized by a two-thirds vote of those voting at an election held for the purpose. In Section 158 we find the following limits to the debt-making power of municipalities. Cities having over 15,000 population 10% of the taxable property; cities and towns of 3,000 or more inhabitants but less than 15,600,5%; cities and towns of less than 3,000 population, 3%; counties, taxing districts and other municipalities, 2%. Some exceptions are made to these limits. For instance, indebtedness may be contracted in excess of the limit when same has been authorized under laws in force prior to the adoption of the Constitution (Sept. 28 1891) or when necessary for the completion of a public improvement undertaken but not finished at the time of the adoption of the Constitution. A further exception is made in the case of such places as had exceeded the prescribed limit at the time the Constitution went into effect. In such instances permission is given further increase debt in an amount not exceeding 2% in the case of cities and towns and not exceeding 1% in the case of counties, taxing districts or other municipalities—"until the aggregate of its indebtedness shall have been reduced below the limit herein fixed, and thereafter it shall not exceed the limit, unless in case of emergency the public health or safety should so require Nothing herein shall prevent the issue of renewal bonds or bonds to fund the floating indebtedness of any city, town, county, taxing district or other municipality."

MEMPHIS. James H. Malone, Mayor; Ennis M. Douglass,
City Register.

Memphis is the county seat of Shelby County. A yellow fever epidemic
In 1878 rendered the city unable to meet its obligations, and in 1879 the
city's charter was repealed and the Taxing District of Shelby County was
organized for the purpose of securing a compromise with the bondholders
on such terms as the city felt able to make. The courts, however, held that
the Taxing District was liable for the entire debt of the city, and a compro-
mise at 50 % was then arranged for under the Act of March 1883. This Act
was amended in 1885. The old debt has been all retired and interest pay-
ments on the new issues are promptly made. In 1891, by an Act of the
Legislature, this district was again incorporated as a city.
The water-plant-purchase bonds mentioned below are part of an issue of
$3,500,000. The $1,250,000 sold May 29 1903 was mainly used to pay the
stockholders of the Arteslan Water Co. for their plant. Another $1,250,000
was placed with the Memphis Trust Co., as trustee, to provide for the re-
demption of the water company's bonds due in 1909: the balance will be
held in reserve for future betterments (see "Chronicle, May 16, May 2,
Feb. 7 1903; Dec. 20 1902); of these latter, $200,000 was sold April 14 1904,
$200,000 July 17 1906 and $200,000 on June 17, July 15 1907. City Charter
was amended by Legislature in 1907, but on June 22 1907 the 5tate Supreme
Court declared the same unconstitutional. See V. 84, p. 1563.

LEGISLATURE meets blennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but sessions are continued longer than 60 days members "shall serve without impensation."

compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time prescribed for the exchange having been extended to January 1 1909. These laws provided for the issue of (1) consolidated 4% bonds due in 1910 to fund old antewar bonds at 40% of face value, "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consolidated 6% bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The new bonds, both 4s and 6s, carry tax-receivable coupons, and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." The 4s of 1903 are also exempt from taxation.

and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." The 4s of 1903 are also exempt from taxation.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904, North Carolina on April 1 1905 paid to the State of South Dakota \$27,400, representing the judgment obtained by the latter State on \$10,000 bonds (donated to the State of South Dakota \$27,400, representing the judgment obtained by the latter State on \$10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V.78, p. 594; V.79, p. 1728; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders is endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds, \$11,366,000; bonds to Chatham RR., 1868, \$1,030,000, and to Williamston & Tarboro RR., \$150,000; penitentiary bonds of 1868, \$44,000, "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the Sta e at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869: class 3 bearing the coupon of April 1870.

The recognized debt which had been adjusted up to Dec 1 1906 stood as fo

STATE PROPERTY.—The State owns valuable deposits of phosphates but its revenues from the mining of them, after increasing from \$196,698 in 1886 to \$237,140 in 1890, fell to \$11,584 in 1906. This is partly the result of a reduction in royalties from \$1.05 per ton in 1886 to 25 cents per ton

DEBT LIMITATION.—State.—The State Constitution of 1895 imposes several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as

Section 7 provides that no scrip, certificate or other evidence of State in-Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this Constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election. Two-thirds vote necessary to authorize.

COUNTIES, CITIES, & —The constitutional limitations as to the in-

COUNTIES, CITIES, &c.—The constitutional limitations as to the indebtedness of countles, municipalities. &c., are covered by Section 7 of Article VIII. and Section 5 of Article X of the State Constitution of 1895.

These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund should be established to redeem bonds at maturity. Under an amendment authorized by vote in 1900 and ratified by the Assembly in 1901, the 8% limit does not apply to the bonded debt incurred by the cities of Columbia, Rock Hill, Charleston and Florence, where the proceeds of said bonds are applied solely for the purchase, establishment, maintenance or increase of water-works plant and sewerage system; nor does the limit apply to the City of Georgetown, where the proceeds of the sale of nance or increase of water-works plant and sewerage system; nor does the limit apply to the City of Georgetown, where the proceeds of the sale of bonds are applied solely to the purchase, establishment, maintenance or increase of water-works plant, sewerage system, or gas and electric light plants. By a vote in 1906, ratified by the Legislature in 1907, the city of Bennettsville may also increase its indebtedness beyond the 8 % limit, where the proceeds are applied solely to the purchase, establishment and maintenance of a water-works-plant, or sewerage system, provided the question of incurring such indebtedness is submitted to the voters of said municipality.

municipality.

A provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein." of the assessed value of al the taxable property therein.'

  Section VII, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows:

"The debt hereafter incurred by any county, municipal incorporation or political division of this State, except as in this Constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipalities or division, shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof, at an election for that purpose to be held as may be prescribed by law; but any city the debt of which does not exceed seven per centum of this Constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation." Paragraph 2 of the same article and section is as follows: Paragraph 2, County and city bonds, how pald. Any county, municipal corporation or political division of this Constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given, the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898.

TAX FREE.—The State Supreme Court on Aug. 9 1907 handed down a decision holding that bonds issued by any municipal corporation within the State of Georgia are not taxable by that State or any county thereof. V. 85, p. 676.

POPULATION.—The population of Georgia has been as f
                                                                                                                                                               CITIES, COUNTIES AND TOWNS IN THE STATE OF GEORGIA.

a This is date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and "State Government for that part of the Mississippi Territory lying west of "the territory herein described."

b Term is four years from time of installation in office.
c Term expires on first Monday after second Tuesday in Jan. 1911.
LEGISLATURE.—Under the new Constitution the Legislature meets quadrennially on the second Tuesday in January or on such other day as may be prescribed by law. Session convened Jan. 8 1907.

HISTORY OF DEBT—Err the early history of Alabama's State debt see. session convened Jan. 8 1907.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1894, page 168. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was \$185 400. By another Act also approved Feb. 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series "A." "B." and "C") with new securities. LOANS— When Due. Sub'n Bonds, Renew Class "C" | 48 Funded Bonds 1906. Sub'n Bonds, Renew Class "C" | 48 Funded Bonds to Retire 6s of 1906. Sub'n Bonds of 1906 \$1,000 each. INTEREST.—Interest is payable in New York at the Trust Company of America and in Montgomery.

TOTAL DEBT.—Total bonded debt Nov. 1907 \$9,057,000.

ASSESSED VALUATION, TAX RATE, ETC.— DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11 1901 and became effective Nov. 28, 1901. The new instrument makes radical changes in relation to debt and taxation, an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901. We have only room to indicate a few of its features. Assessed valuation 1906. 1,330,082 | Population in 1906 (est.) ... 5,500 ORLANDO. J. H. Smith, Mayor; A. B. Johnson, Clerk. County seat of orange County. Incorporated 1875. Bonds are exempt from taxsiton.

Publish mprovement. When Due. Publish 1917 of the State of an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901. We have only room to indicate a few of its features.

STATE DEBT.—Under Section 213 (Article X1) the State is prohibited from creating any new debt, except to repel invasion or suppress insurrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies, the latter, hough, being limited to \$300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution are contained in Sections 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qual fied voters of the county, city, town, village or other political sub-division desiring to issue such securities. There are exceptions to this, however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3½ per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the constitution in excess of 3½ per cent of the assessed valuation. Counties already indebted in excess of 3½ per cent are permitted to incur an additional of the constitution in excess of section of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

Cities Towns, etc., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works, gas or electric light plants or sewerage. This limitation does not affect any debt now author collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN, ENSLEY, DECATUR and NEW DECATUR, are limited in their debt-making powers to 7 per cent of the assessed valuation. The following-described classes of indebtedness are not to be considered in figuring the debt limit: temporary loans to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues; bonds or other obligations already issued, or which may hereafter be issued, for the purpose of acquiring, providing or constructing school houses, water-works and sewers; and obligations incurred and bonds issued for street or sidewalk improvements where the cost of the same, in whole or in part, is to be assessed against the property abutting said improvements; provided, that the proceeds of all obligations issued as herein provided, that the proceeds of all obligations issued as herein provided, that the proceeds of all obligations issued as herein provided, to said 7 per cent, shall not be used for any purpose other than that for which said obligations were issued. Nothing contained in this Article is to prevent the funding or refunding of existing indebtedness. Nor is the Section to apply to the cities of SHEFFIELD and TUSCUMBIA.

Section 226 provides that no city, town or village whose present indebtedness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this Constitution, until such indebtedness shall be reduced within such limit; provided, however that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law; provided, further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

CITIES, COUNTIES AND TOWNS IN THE STATE OF ALABAMA.

ANNISTON. Thos. E. Kilby, Mayor.

ANNISTON. Thos. E. Kilby, Mayor.

Anniston is in Calhoun County. Oxanna has recently been annexed.
An adjustment of this city debt was effected in 1900, new 20-year bonds being issued in exchange for old bonds. The new bonds bear 2% interest for the first five years, 3% for the next five years, 3% for the next five years, 5% for the third five years and 6% for the remaining five years. Bonds are tax exempt. \$359.500 of the new bonds have peen exchanged for the same amount of old ones. The remainder outstanding, \$6,500, will not be exchanged, but interest will be paid at same rate as on the new ones.

MOBILE. Pat. J. Lyons, Mayor.

Mobile is the county seat of Mobile County. Incorporated 1814. This city has paid its interest regularly since the compromise with its bondholders in 1881. The city in 1906 purchased the plants of the Bienville Water Supply Co. for $350,000, payments to be made in thirty annual installments—deferred payments carrying 3% interest. V. 83, p. 175. The entire water supply is now controlled by the city.

LOANS— When Due. Funding Bonds of 1881.

4s M-S $60,000.— Mar. 1 1921 INTEREST on the water and sewer bonds and the improvement bonds is payable at the American Exchange National Bank, New York, and First National Bank, Mobile.

TOTAL BONDED DEBT Oct. 1 1907, $3,838,000, including the water and improvement bonds. Of the funding bonds of 1881 about $250,000 are endorsed with the statement that they represent the purchase money for certain wharf property and are secured by a vendor's lien on said property. Of the original issue, about $200,000 are outstanding, the balance having been drawn under the provisions of the Act, from the proceeds arising from the rent of said wharves. An Act of the Legislature requires the city to levy a tax of ½ of one per cent on its valuation to provide for the payment of principal and interest of the bonds of 1881. After the payment of interest the surplus remaining from this tax is applied to the redemption of the bonds. after drawing by lot at par, bonds so redeemed being canceled. ASSESSED VALUATION for 1907 of real and personal, $22,481,197; for 1904 of real estate and personal property was $19,000,000; 1897 was $15,716,922; for 1896, of real estate, was $19,303,555; of personal property was $24.50.

Baby bonds (3s) and certificates (Act of 1880), exclusive of coupons

Ocupons

Ploating debt, warrant and interest account

1226,046

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but \$308,500 consols so issued (\$303,500 being consols of 1874 and \$5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also \$421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to \$3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, \$875,000; 8% State bonds issued to said road, \$2,500,000; 8% bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000 bonds issued to the Mississippi & Mexican Guif Ship Canal Constitution and the constitution of the cons

bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., \$260,000, &c.

The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no littgation on the matter since the Act of 1894, under which holders of \$364,295 bonds have disposed of same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any furthep urchases of these bonds. See V. 80, p. 1382.

CONSTITUTIONAL AMENDMENTS.—At the November 1906 election eleven amendments to the State Constitution were voted. Two of the amendments relate to the issuance of \$8,000,000 sever and \$200,000 school teachers' salary bonds by the city of New Orleans. See V. 83, p. 1306.

ASSESSED VALUATION.—The assessed valuation is estimated at

ASSESSED VALUATION.—The assessed valuation is estimated at out 60% of the actual value. The State tax (per \$1,000) for 1906 was

NEW ORLEANS. Martin Behrman, Mayor; Chas. R. Kennedy, Comptroller

New Orleans is co-extensive with the parish of Orleans. It was incorporated July 1 1852. An amendment to the Louislana Constitution authorizing the city to refund its debt at a lower rate of interest was adopted in 1892, and the city has issued 4% 50-year bonds to the amount of \$10,000, 000, thus enabling it to pay all its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louislana Constitution, in effect May 12 1898, confirmed these arrangements.

On June 6 1899 the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 million bonds. As this required an amendment to the State Constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and the bonds were awarded in Dec. 1900. These bonds, however, were not issued in a lump sum, but are being put out as the improvement progresses. Up to June 30 1907 36,500,000 had been issued. In March 1903 the validity of this Act was tested in the Civil District Court and affirmed. V. 76, p. 770. The case was taken to the State Supreme Che Nov. 100 election two amendments to the State Constitution in relation to the City of New Orleans were ratified by the voters; one of these authorizes the city to issue \$8,000,000 sewer bonds and the other \$200,000 teachers' salary bonds. V. 33, p. 1306.

When Due. Loans were ratified by the voters; one of these authorizes the city to issue \$8,000,000 sewer bonds and the other \$200,000 teachers' salary bonds each, on Jan. 15 and July 15 isnice 1895 bonds to the number of 10,300 bonds each, on Jan. 15 and July 15; since 1895 bonds

Yates LEGISLATURE meets blennially in odd years on the second Monday in January, and sessions are limited to sixty days, unless by a two-thirds vote of the members a longer time is decided on.

HISTORY OF DEBT—For early history of the Arkansas State debt see "State and City Supplement" of April 1894, page 173. By Act of Congress approved April 29 1898 a compromise was effected between the United States and the State. In accordance with the terms of this settlement the United States and the State. In accordance with the terms of this settlement the United States and thorities on May 27 1898 delivered to the State of Arkansas bonds and coupons amounting to \$1,505,160, and carrying besides a large sum of overdue interest. This operation wiped out the entire debt of the United States against the State excepting \$160,000, which has since been paid. LONG PRAIRIE LEVEE DISTRICT.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful oblimust receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out prior to the enactment of the above law.

A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except] "finaling bonds issued or to be issued of any valid outstanding bonds of

"funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city;" also excepting bond issues for less than \$2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued"] to a vote of the qualified

tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

CONSTITUTIONAL AMENDMENTS.—Three amendments to the State Constitution were adopted at the November 1904 election. One of these amendments permits legislation in aid of internal improvements, another relates to the payment of pensions to Confederate soldiers, while a third amends Section 16 of Article 16 of the State Constitution relating to the Incorporation of State banks. The internal improvement amendment was given in full on pages 641 and 642 of the "Chronicle" of Aug. 6 1904.

STATE SUSPENDS PAYMENT.—The State Treasury was compelled to

given In full on pages 641 and 642 of the "Chronicle" of Aug. 6 1904.

STATE SUSPENDS PAYMENT.—The State Treasury was compelled to suspend payment on Nov. 9 1907, owing to its inability to obtain cash from the State depositaries. V. 85, p. 1289.

POPULATION.—The population of Texas has been as follows: 1900. 3,048,710 | 1880. 1,591,749 | 1850. 604,215 | 1890. 2,235,523 | 1870. 818,579 | 1850. 212,592 | Of the total population in 1900, 620,722 were blacks, which compares with 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1900 being only 20.4%, against 22.04% in 1890, 24.71% in 1880 and larger percentages in previous decades.

AUSTIN. F. M. Maddox, Mavor; John O. Johnson, City Clk.

This is the capital of the State and is the county seat of Travis County.

Incorporated Dec. 27 1839.

The Austin dam, water-works, electric-light and power houses, for the building of which the water and light bonds were issued, were destroyed by the disastrous floods that visited Texas in April 1900. V. 70, p. 755. An adjustment of this debt on the basis of new bonds bearing 3% for 5 years, 4% for the next 10 years and 5% for the final 15 years was reached between the city and the bondholders' committee. For details see V. 73, p. 459.

All these bonds have been refunded, and we are advised that all interest has been paid to July 1 1907.
