

# RAILWAY EARNINGS

SECTION OF THE

## COMMERCIAL & FINANCIAL CHRONICLE

Copyrighted in 1909 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

VOL. 89.

NEW YORK, OCTOBER 23, 1909.

NO. 2313.

**T**HIS entire publication is devoted to a presentation of the reports of earnings and expenses of United States railroads for the latest month (August) and for the fiscal year to date, including said month. The tables embrace every steam *operating* railroad in the country which is obliged to make monthly reports to the Inter-State Commerce Commission at Washington—over 800 roads or systems altogether—comprising, roughly, 230,000 miles of road. Whether a road earns \$1,000 a month or \$10,000,000, it will be found in the list. Leased lines not operating their own road, do not make returns.

**Sworn Returns.** The figures are a transcript of the sworn returns on file at Washington. They have the further advantage of uniformity of method and classification. Every company is obliged to make up its return on the same basis and in the same way as every other company.

**Earnings Our Specialty.** The "Chronicle" has always made a specialty of weekly and monthly reports of railroad earnings, and for forty years or more its weekly and monthly summaries have been everywhere accepted as authoritative. The present publication is in continuation of this work and to aid the Inter-State Commerce Commission in the one direction in which lies its chief usefulness—the field of publicity. By our own unaided efforts we succeeded in collecting returns covering 200,000 to 205,000 miles, out of a possible 225,000 to 230,000 miles. The action of the Inter-State Commerce Commission enables us to give the remaining mileage, all except that inconsequential portion which is confined wholly within State boundaries.

**Full Details.** These Inter-State Commerce returns also make it possible for us to take one further step in advance, namely to present the details of both the revenues and the expenses. Besides reporting total gross earnings, we show separately the passenger and the freight revenues. In the case of the expenditures, we report the outlays for both maintenance of way and maintenance of equipment as well as the traffic and transportation expenses. We also show the revenue from outside operations, gross as well as net. Lastly we give the miles of road on which earnings are based. To get in all these facts, we have had to extend the figures for each road across two pages.

**Cents Discarded.** The cents we have necessarily been obliged to discard altogether, and if in any case the results should happen to vary a dollar, one way or the other, from exact proof, the reason for the variance will be found in that circumstance.

**Former Returns to be Continued.** The matter contained in this elaborate new publication is entirely additional to the comprehensive reports of earnings we have been furnishing in the "Chronicle" from week to week. Large numbers of companies have long supplied monthly statements of their own. Some of these differ in essential respects from the returns required by the Inter-State Commerce Commission. These statements we will print in the future as in the past just as received, and in the week in which they appear. We shall also continue our weekly figures of earnings. But in addition to all this, we shall issue once a month—say about the 20th—this special publication devoted entirely to the Inter-State Commerce returns and confined exclusively to them.

**Only For Subscribers.** As in the case of our numerous other Supplements or "Sections," all of which are expensive publications, the "Railway Earnings Section" will be furnished only to "Chronicle" subscribers. These will receive it free of charge, one copy going with each subscription. It will be impossible to obtain copies in any other way, as none will be printed for general sale.

For index to roads not appearing in alphabetical order, but given under some other system, see last page

Table with columns: NAME OF ROAD, TOTAL EXPENSES, NET FROM RAILROAD, OUTSIDE OPERATIONS, TAXES, FINAL NET, MILES. Rows list various railway companies and their financial data for 1909 and 1908.

For index to roads not appearing in alphabetical order, but given under some other system, see last page.

Table with 15 columns: NAME OF ROAD, FREIGHT (This Year, Last Year), PASSENGER (This Year, Last Year), TOTAL EARNINGS (This Year, Last Year), MAINTENANCE EXPENSES (This Year, Last Year), TRAFFIC (This Year, Last Year), and TRANSPORTATION EXPENSES (This Year, Last Year). Rows include various railway lines such as Pa W & O River, Peoria & Eastern, etc.

For index to roads not appearing in alphabetical order, but given under some other system, see last page.
