THE MAY DEPARTMENT STORES COMPANY—(Continued.

CHARTER.

The charter of the Company, copies of which may be seen at the office of the undersigned, contains special features safeguarding the security of the preferred stock.

The organization of the Company and the due and lawful issue of the preferred stock will be certified by Messrs. Guggenheimer, Untermyer & Marshall, and Messrs. Sullivan & Cromwell on behalf of the Bankers.

Application will be made in due course to list the preferred stock of the Company on the New York Stock Exchange.

A LARGE PART OF THE ABOVE 7 PER CENT CUMULATIVE PREFERRED STOCK HAVING BEEN SOLD, THE UNDERSIGNED WILL RECEIVE SUBSCRIPTIONS FOR THE UNSOLD BALANCE (IF AND WHEN DELIV-ERED TO THE UNDERSIGNED) AT 99½ PER CENT, DELIVERABLE ON JULY 1, 1910, AND PAYABLE IN NEW YORK FUNDS AT THE NEW YORK OFFICE OF GOLDMAN, SACHS & CO.

The subscription will be closed at 3 P. M. on Monday, June 20th, 1910, or earlier, the right being reserved to reject any application and to award a smaller amount than applied for. The undersigned reserve the right to close the subscription at any time without notice.

A first payment of \$10 in New York funds for each \$100 share subscribed for must accompany all subscriptions. The balance of the amount due on shares allotted upon subscriptions will be payable in New York funds on July 1, 1910, at the New York office of Goldman, Sachs & Co., when the shares will be delivered upon surrender of the allotment letter duly endorsed.

If no allotment be made, the first payment will be repaid in full, and if only a portion of the amount applied for be allotted, the balance of the first payment will be applied toward the amount due on July 1, 1910. No interest will be allowed on such first payment. Failure to pay the balance of the subscription price when due will render the previous payment liable to forfeiture.

April 6th, 1910.

To the Holders of Preferred Stock of The Hocking Valley Railway Company:

Notice is hereby given that in the exercise of the power reserved by THE HOCKING VALLEY RAILWAY COMPANY, and specifically stated in its Articles of Incorporation and Regulations, and also declared in every outstanding stock certificate, the Company has duly determined to retire the Preferred Stock, and the same will be duly retired in whole, at par, upon the 30th day of April, 1910.

Accordingly, each and every holder of Preferred Stock is notified to present and to surrender his certificate for such Preferred Stock, at the office of J. P. Morgan & Company, No. 23 Wall Street, New York City, on or after the 30th day of April, 1910, and upon such surrender such holder will receive payment in cash of the par amount thereof, together with a proportionate amount of the annual 4% dividend thereon from the date when the last dividend accrued, viz.: December 31st, 1909, to April 30th, 1910.

No holder of any certificate for Preferred Stock shall or will have any right after April 30th, 1910, as a stockholder of the Company, nor any claim against the Company, except to receive payment for the certificates surrendered at the rate above stated

By order of the Board of Directors.

WM. N. COTT, Secretary.

23 Wall Street, New York, June 15, 1910. Referring to the above notice, we are prepared until further notice, upon surrender to us of certificates of Hocking Valley preferred stock, properly endorsed, to pay an amount equal to the par value of the stock surrendered, together with the proportionate amount of the annual four per cent dividend thereon from the date when the last dividend accrued, namely, DECEMBER 31, 1909, TO APRIL 30, 1910, and also interest at said rate of four per cent per annum from said last-mentioned date up to, but not after, the date of payment, nor after JUNE 20, 1910. Holders of our trust receipts for Hocking Valley preferred stock, upon presentation of such receipts properly endorsed, may receive the cash payment as above indicated in the same manner as holders of certificates for preferred stock.

J. P. MORGAN & CO.

CONSISTENTLY adhering to legitimate commercial banking, confining its loans to reputputable manufacturers and dealers in salable merchandise,

THE NATIONAL BANK OF THE REPUBLIC

OF CHICAGO

located in the heart of the business district at the northeast corner of La Salle and Monroe Streets, continues to offer to conservative business men and bankers the advantages of its facilities developed and perfected by nearly twenty years of close personal relations with a constantly growing list of depositors.

\$250,000

Kansas Gas and Electric Co.

5% First Mortgage Gold Bonds

Dated March 1, 1910 Due March 1, 1922

Now Outstanding, \$1,600,000 Total Authorized, \$6,000,000

Interest in New York March 1 and Sept. 1

Coupon bonds of \$1,000 each; may be registered as to principal. Redeemable as a whole or in part on any interest date on 4 weeks' notice at 105 and interest up to Dec. 31, 1917; at 104 and interest in 1918; at 103 and interest in 1919; at 102 and interest in 1920, and at 101 and interest in 1921.

This company controls the entire gas and electric lighting and power business in the cities of Wichita and Pittsburg, Kansas, with a combined population of about 75,000, operating under franchises which extend beyond the maturity of the bonds.

By the terms of the mortgage, the bonds cover as the first lien all property of the company, real and personal, whether now owned or hereafter acquired.

Earnings for 2 years to February 28 are reported as follows:

Gross earnings	1910. \$751.571	1909. \$618 ,926	Increase.
Net earnings	250,127	176.244	\$132,645
Bond interest	200,127	110,244	73,883

The property is controlled by General Electric Company interests who retain a very large cash investment in the property over and above the amount of the outstanding First Mortgage Bonds.

Issue of additional bonds is restricted to 80% of certified cash expenditures when electric light net earnings for 12 out of 13 months preceding any proposed issue have been 1½ times interest charges on bonds outstanding and to be issued, and total gas and electric net earnings are at least twice such charges.

In a letter addressed to us, copies of which will be furnished upon application at any of our offices, Mr. F. G. Sykes, Vice-President of the Kansas Gas and Electric Company, and President of the American Power and Light Company, which owns all the common stock, gives full particulars of the property and the bonds.

The principal features may be summarized as follows:

- 1. Large equity for the bondholders in replacement values and capital investment.
- 2. Net earnings now three times interest charges and estimated for 1910 at four times charges.
- 3. Conservative and competent management, and ownership by General Electric Co. interests.
- 4. Control, without competition, of gas and electric light and power business in a prosperous territory, with diversified agricultural, manufacturing, mining and industrial interests.
- 5. Franchises extending beyond the maturity of the bonds.
- 6. Conservative restriction of issue of additional bonds.

Price 96 and Interest. To Net 51/2%

There is not the slightest evidence of any shrinkage, either in railroad traffic or in railroad gross revenues. On the contrary, the record is still one of continued growth and expansion. On the other hand, a sharp distinction must be made between the results as to net earnings and those as to gross. This is the conclusion enforced by the compilations which we present to-day for the month of April and comment on in a separate article on a subsequent page. Special interest, of course, attaches to the results for the separate roads, where heavy losses in net are shown in many instances. These will all be found (together with full details of both earnings and expenses) in the special supplement called our "Railway Earnings Section," which we send to our subscribers with to-day's issue of the "Chronicle". This supplement gives the figures of every operating steam railroad in the United States, big and little, which makes monthly returns to the Commission—over 800 companies altogether, covering more than 235,000 miles of road.

THE FINANCIAL SITUATION.

There seems reason for taking a favorable view of the situation, notwithstanding some untoward developments this week-chiefly of a political nature. Controlling factors in the industrial world are encouraging, and hence undue importance should not be given to adverse happenings which are significant chiefly as reflecting the political tendencies of the times. For ourselves, we are not oblivious of the fact that these political tendencies may eventually portend considerable changes in affairs, provided the country's electorate when passing judgment upon the same shall be found in accord with them. But we are not at all convinced that the people of the United States will ever deliberately declare in favor of subverting our fundamental law or the principles upon which it is founded, or will in the long run sanction any acts destructive of established rights or calculated to violate the obligation of contract secured under the Constitution. In the meantime moves in the political world have very much the appearance of attempts to make political capital intended to elevate their authors in the eyes of the populace. At a time when rest and quiet are so much needed to promote a revival of confidence, they are plainly disconcerting; but it is a long step between the fulminations of politicians and the decrees of legislative bodies reflecting the genuine will of the people.

According to our way of thinking, this week's political developments must be interpreted in the light of the foregoing statements. No one can tell what position the U. S. Supreme Court will ultimately take in construing the Anti-trust Law of twenty years ago in its application to the industrial combinations which are the outgrowth of modern-day trade requirements. As the members of the Court are themselves evidently hopelessly divided on the question, there is as much warrant for taking a favorable view of the ultimate outcome as the reverse. The unfortunate feature, of course, is that the law itself remains and hence exists as a convenient weapon to employ in demonstrating hostility to corporate interests and to collective action

in the carrying on of trade and business. But that is a state of things which has existed for many years, and obviously it possesses no more alarming possibilities to-day than at the inception of the movement.

We dwell upon the Anti-Trust Law because this week it has been made to do further duty in various directions, coming in, therefore, again as an unsettling factor in the eyes of those inclined to take despondent views. Attorney-General Wickersham has been busy in attempts to give new life to the statute, and Congress on its part has not been inactive. At Chicago, on Monday of this week, in the United States Circuit Court, the Federal Government filed a bill asking for the dissolution of the Chicago Butter and Egg Board on the ground that it is a combination of trade under the Sherman Law. The Board is charged with arbitrarily fixing prices through the medium of quotation committees and with maintaining an illegal monopoly of the butter and egg market. The Court is asked to dissolve the Board and to enjoin its officers and directors and its members from holding further meetings or from further entering into any combination or agreement to fix quotations or prices. On Thursday the Department of Justice filed a bill at Birmingham, Ala., against the Southern Wholesale Grocers' Association asking for the dissolution of the Association and enjoining its further operation. It is alleged, among other things, that this Association was organized for the purpose of preventing manufacturers from selling the necessaries of life to any retail or wholesale grocer in the Southern States unless such grocer was duly listed in a book published and distributed by the Association. This allegation might be true without implying the commission of a crime.

It may be, though, that there is an intrinsic basis for these proceedings. Certainly attempts on the part of traders to establish a monopoly and exact inordinate prices for the necessaries of life should be strongly punished and would be declared illegal by the courts even if there were no Sherman Anti-Trust Law. In view of recent experience, however, better evidence is needed than a proceeding of the Federal Government to convince the public that there is merit in such moves. Only two weeks ago the Anti-Trust Law was employed to secure a writ of injunction against the proposed advance in railroad rates, but the law was quickly cast aside after it had served its purpose. At all events, it will be a long time before these new suits reach a final determination at Washington, and should the Attorney-General contemplate, as rumored, other similar actions, basing his proceedings on the Anti-trust Law, they will have to go through the same course, and there is no occasion for feeling unduly worried until the Supreme Court judges speak the last word and condemn what would otherwise be considered innocuous combinations.

Nor need the public give itself any concern regarding the resolution adopted on Thursday by the House of Representatives at Washington with reference to the United States Steel Corporation. Under this resolution the Attorney-General is called upon to report to Congress, "if not incompatible with public interests," "all facts in his possession which show, or tend to show, whether or not there exists at this time, or heretofore within the last twelve months has existed, a combination, agreement or conspiracy between the Carnegie

Steel Co., the Federal Steel Co., the American Tin Plate Co., the National Tube Co., the American Bridge Co., the American Steel & Wire Co., the American Steel Hoop Co., or any of said companies, and the United States Steel Corporation or others, in violation of the Sherman Act, the Inter-State Commerce Act of 1887", &c., &c. This resolution, it will be observed, is so worded as to carry its own answer and condemn the Steel Corporation in advance. For all the companies named in the resolution are constituent properties of the Steel Corporation and the latter, of course, controls and directs their affairs. The fact is known to the whole world and its recital in a Congressional resolution can have no other purpose than an attempt to make political capital. The fact is equally well established that the Steel Corporation does not embody a monopoly or a conspiracy. On the contrary, it is one of the most wisely administered industrial corporations in the world, and its efforts from the first have been directed towards preventing undue advances in prices. Another cardinal feature in its policy has been its enlightened treatment of its employees, who have been dealt with in an exceptionally liberal manner in the matter of wages. A resolution of the House of Representatives cannot disturb the operations or the business of such a perfectly organized and administered industrial undertaking. It will continue to make money for its stockholders and its employees, and no one need give himself any uneasiness concerning the outcome of this new attack upon it.

In the meantime, the really favorable factors in the situation—those of controlling importance—should not be lost sight of. Even the political situation is being modified for the better, notwithstanding the new outcroppings of the hostile spirit enumerated above. The conference committees of the two Houses of Congress reached an agreement on the Railroad Bill much quicker than expected, and the Senate yesterday adopted the conference report by a vote of 50 to 11. The House is scheduled to do the same thing. It is undeniable that the measure in the form in which it is now to become a law contains many radical and objectionable features, but the bill is not nearly so bad as it at one time seemed likely to be, and in that fact there is reason for encouragement. Another week, when the conference report shall have passed both Houses, and we can be sure of the exact text of the measure, we may endeavor to indicate some of the objectionable things that have been escaped. It should also be remembered that, with the passage of this Railroad Bill, the early adjournment of Congress is near and that this will remove one of the sources of political disturbance. Moreover, as a protection against antagonistic action to business interests from both governmental and legislative action, we are all the time having evidence that the higher courts can be depended upon as a safe reliance. A case we review to-day in a separate article on a subsequent page furnishes a new illustration of the truth of this statement. The case concerned the attempt of the City of Omaha to get possession of the property of the local water works company without the payment of just compensation for the same. The water company had to appeal to the courts for protection, and it has been accorded to it.

Then, too, the agricultural promise continues very encouraging, affording assurance of large crops, and these, of course, lie at the bottom of everything else. Unless meteorological conditions shall prove unfavorable the next two or three months, we are to have abundant harvests of grain and also a large cotton crop. This latter, coming after the diminished yield of last season, ensures a good level of values for the staple. A large crop, joined to good prices, means continued, even exceptional, prosperity for the planters, and it also means export shipments big in money value. This last brings us to another feature of the situation, which is now taking on a roseate view. The foreign trade statement for the month of May submitted by the Government this week, is the best we have had the present year. The value of the merchandise exports was the largest ever reached in any month of May with the single exception of the year 1907. As a consequence there is a balance of exports on the merchandise movement for the first time since January. This is the situation, too, while shipments of agricultural products are at a low ebb. With exports of grain and cotton large, as a result of good crops, what may we not expect in the way of export values and a favorable trade balance? Most assuredly, these are potent factors in the situation, and they must be take into account in any survey of the situation intended to take in all the elements necessary to a complete summary on which to base accurate conclusions.

One resolution has been introduced in Congress this week which it would be highly creditable for Congress to pass. We regret very much that there does not not seem to be any probability that the resolution will meet with a favorable reception. We refer to the joint resolution introduced in the upper branch "by request," postponing until Jan. 1 next the payment of the Federal Corporation tax. Such postponement would be merely fair dealing towards those liable to the tax. The Constitutionality of the taxing Act is in grave doubt. Administration officials affect to believe that no such doubt exists, but even the members of the Supreme Court seem not to be agreed as to that, for otherwise why should the cases involving the validity of the statute have been assigned for a re-hearing, putting off a decision until the October term of the Court. The President, however, is averse to having payment of the tax deferred. One reason for the President's course undoubtedly is that the Governtax.

Under the law the tax must be paid by the end of this month, and the Government has announced its purpose to enforce the penalties provided in the statute on failure to pay the tax within the appointed time. According to the calculations of the Treasury Department, the tax will yield between \$26,000,000 and \$27,000,000. Up to the present time only a little over \$1,000,000 of the tax has been turned into Government coffers. It follows, therefore, that very large payments into the Treasury will, in all probability, be made in a rush at the close of the month, presenting the possibility of a temporary flurry in the money market, for that will be the time when preparations will have to be made for the first of July interest and dividend payments by railroad and industrial

corporations, which are always large at the beginning of the half-year. Accordingly, the absorption by the Government of 25 million dollars or more would be likely to be felt. Fortunately, our Clearing-House banks are in a comfortable situation, having reported last Saturday surplus reserves of \$24,489,975, and this amount may be increased by the statement to be made to-day.

Now the New Jersey commuters have arisen, in their turn, to protest against any increase in rates, and to call upon any Hercules in the official skies to save them from it, in disregard of reasons or consequences. Addressing a meeting on Saturday evening, Gov. Fort, who had been urged to call a special session forthwith, told those appearing before him that it would not serve them. What they need, he said, is to organize in advance, to fight in the campaign and elect a Legislature of men expressly pledged to give them such a Public Service Commission as they want. The keynote of his address was that whatever is wanted seriously enough can be had from legislators elected to furnish it; but it is useless to expect it otherwise.

The first point of interest in this is that it further shows that the real and almost the sole intent of regulation of transportation is to put down or keep down the rates. The same purpose continues to appear in the current struggle over insurance rates, for the "trial" of the underwriters who were arrested as conspirators in the Newport News matter, already told, has begun, and Gov. Campbell of Texas has asked this week the Commissioner of Insurance in that State to resign, apparently because he is not sufficiently zealous in the repressive direction. On Wednesday he issued the call, previously intimated, for a special session of the Legislature to meet July 19, to repeal the rating law as inefficient and enact something which will be more so.

In the case of the Jersey commuters Gov. Fort, to show that he is right, said that for several years past he has been trying to secure a Commission law, and has failed because his hearers have not, until now, shown sufficient interest in getting it. While he did not say so in positive terms, he clearly implied that if the Commission only existed it would now do what the people want; but the question is also suggested, who are "the people," and is it quite clear that the majority are really opposed to rate increases where they are clearly justified? The fact that the Legislature has thus far failed to follow New York in this particular matter is a pretty good indication that the majority of the New Jersey electorate do not care for (if they do not also positively disapprove) attempted control of public utilities by another Commission. The near-by commuters are undoubtedly excited and noisy; but an excited fraction can always make a temporary appearance of being the State, while the majority may remain silent because of having no occasion to express itself.

One member of the New Jersey Senate has responded in an open letter somewhat tartly, particularly objecting to the Governor's intimation that the Legislature is under any corporate control. If a special session is called, he says, he promises his own efforts for "enactment of the best bill that can be proposed," and also for a searching investigation, which he desires to have dispose of the charge of domination by a "most

special interest." He also suggests that commutation fares are inter-State and therefore cannot come under jurisdiction of any body constituted by New Jersey. The existing Railroad Commission of New Jersey has the same view, for while it has cited the railways for an explanation of reason, it carefully states that it is without power to make any orders on the subject.

Eliciting publicly the explanation of reasons for increase will, however, be of itself a useful service. The cogency of those reasons (which reduce themselves to a single one, arithmetical necessity in the circumstances) will be brought out. What we have at present about the increase of both freight and passenger rates is responsive excitement, which can make a transient disturbance, yet cannot prevail long. In the end, adjustment must and will come, according to reason.

Nothing is so conclusive as actual facts; and as far as these facts are concerned they are "dead against" the commuters. Taking at random a place 23 miles from this city on one of the Jersey roads, we find that the present commutation charge is \$6 35 per month and that the proposition is to increase this to \$7.85. Now if the commuter had to pay the customary rate of two cents a mile (certainly not an excessive figure), it would cost him 46 cents for the trip each way, or 92 cents for the round trip per day. The excursion rate to this place at present is 75 cents per round trip and is to be increased to 90 cents. A commutation ticket is good for thirty round trips a month. Hence, if the commuter were traveling as an ordinary passenger he would pay \$27 00 per month, and if he paid the full two cents a mile both ways, the cost per month to him would be \$27 60. He is actually being charged, as we have already seen, only \$7 85 per month on his commutation ticket, even after increase. Has he any right to grumble under such circumstances?

Some recent remarks by Senator Burkett of Nebraska made in course of a speech in memory of a late member of the House from Washington are worthy of rescue from the obscurity of the "Record," being unusually calm and foreseeing, and, withal, apropos of the present trend of events. All legislation, he said, must needs partake of compromise, and such was the Constitution itself; it was the resultant of many forces and conflicts of interests, and all those forces are as much conflicting to-day. The speaker has not shown any marked reverence for that old document; he has fallen in somewhat with centralizing tendencies; but the interesting thing in his remarks is that he deems the real resistant to any permanent centralization to lie in the vastness and diversity of the country rather than in any limitations on the Federal power imposed by the Constitution.

We are a large country, he said. Under stress of circumstances, "we could change the Constitution; but we never can change the fact that it is 3,000 miles from New England to California; that we are living in the Tropical and the Temperate and the Arctic Zone; that we are living in agricultural regions and in mining districts; that we are dependent in some sections on manufactures and in some on agriculture."

It is easy to see how, in the very rapid development of the last thirty years and the great desire to get many things of national importance accomplished, men have looked to the Central Government as the means of getting those things and have not cared,

even if they have noticed, that a great central machine was being built up which might sometime lead to trouble. But now the unalterable variety in local character and industrial conditions is ready to interpose a barrier which no mere written document could interpose.

The diversity which Senator Burkett cites means, in his belief, that the less the General Government has to do with the internal affairs of a State the better that State will be satisfied. He would not shrink from a single duty of the Central Government, but he so believes in home rule that he would hesitate to lessen State authority. Federal incorporation laws, insurance laws and divorce laws do not appeal to him as they do to some others. The less New York and New England have to do with making laws for Nebraska the better will Nebraska be satisfied; "but in every Federal law all the States are represented, and the broader the territory covered the more difficult it is to satisfy any particular community."

So his conclusion is that "because our people are so divergent in their industries, so different in their interests, and so widely disagreeing in their thinking; because of their differences of nationality and of environment and of political education, we shall never be able to concentrate successfully in one central government the control of local affairs in the different communities of this country."

This argument does not come from a college professor. (who, to some persons, is a mere closet theorist) or from a New Englander, but from a Nebraskan. It is not from a strict constructionist, nor does it state what, in the speaker's mind, ought to be; it is a statement of what is, and what is unalterably so. We can amend fundamental law (and we have seen, within the past year or two, how much more readily and quickly constitutions can be changed than we formerly supposed), but we cannot change these semi-centrifugal conditions. The argument can, however, be carried a step further. For in the hasty rush to get things arranged as we suppose we want them by turning them over to commissions, we are overloading the commissions. More complete control, and more variety and extension of control, is put on the Public Service Commission in this State; other States, admiring such a promised solution of all difficulties, are moving to copy the example; and now we are preparing to load more on the Inter-State Commerce Commission. They may all of them be "willing" and even eager; their self-confidence may grow with their exaltation; but they cannot escape their human limitations. We do not make supermen of them by demanding that they shall perform labors which are more than human. We shall break them down, as inanimate machinery is broken down, by imposing too much "load" upon them. Then we shall discover that still we are not happy, after all the laws we have tumultuously enacted to make ourselves so.

There may come a change in this respect, but just now people do not seem to be concerning themselves about economic and industrial principles; rather, they ask whether the immediate results are not likely to be desirable. The means do not count now as against ends. So it is helpful and encouraging to be reminded that a reaction towards State rights, State responsibility and State activity and duty must come, because centralization will not work out successfully; it is I that the importations of materials used in manufacture

practice once more cited as against theory. There is suggestiveness in this view and there is encouragement in it also. Senator Burkett has done well in giving this turn to our thinking.

The feature of our foreign trade statement for May, and reflecting favorable conditions in our manufacturing industries as a whole, was the comparatively full volume of exports, the outward flow of merchandise for the month having been larger than in the corresponding period of any year except 1907. Concurrently imports of commodities reached a smaller value than in any month since August last, and recorded only a very moderate increase over May of 1909. The net result is a balance of exports for the first time since January; a balance greater than in the month a year ago. In considering the trade figures from month to month, the fact that exports have decreased or that the balance is shrinking or running against us receives chief attention, and thus the favorable features that the detailed statements reveal are largely lost sight of. Short supplies of our principal crops, and, incidentally, the high prices demanded for them, have for some months past acted in a detrimental way to the volume of our foreign export trade, but in other directions there has been quite steady expansion, and especially in manufactures. It is this growth in our manufacturing exports that constitutes a decidedly gratifying feature in our intercourse with foreign nations. Unfortunately it does not run through all our manufactured products, our trade in cotton goods with the outside world having made no noticeable progress of late years. But in the aggregate of manufactures, shipped the eleven months' total for the current fiscal year largely exceeds that for the like period of 1908-09.

With exports of manufactures increasing, exports of breadstuffs, provisions and cattle, &c., continued to exhibit declines from a year ago in May, and exports of cotton were also much less in quantity, but, owing to the high prices, only 3¾ millions of dollars lower in value. Mineral oils, on the other hand, gave a slight increase. Against the decline of 8 millions of dollars from May 1909 these leading items show, there is an increase of 16 millions in other commodities exported, making the total of all for the month this year \$131,145,428, which compares with \$123,322,778 in 1909 and \$113,610,378 in 1908. For the five months of the calendar year the merchandise outflow was 6½ millions of dollars greater than for the like period of 1909 and for the eleven months there is a gain of $71\frac{1}{2}$ millions, as contrasted with 1908-09; but a decline of 1281/4 millions compared with 1907-08.

Imports of merchandise during May, although about 14 millions of dollars less than in April, were nevertheless of relatively full volume for the season of the year. They reached \$119,929,608, against \$116,-060,535 in the month of 1909, only 84 millions in 1908 and the record May total of 126½ millions in 1907. For the five months the importations of commodities aggregated 680½ millions, showing an excess of 87¼ millions over the corresponding period of 1909; and for the eleven months of the fiscal year 1909-10 they were \$1,438,169,502, comparing with 1,187 millions in 1908-09 and 1,102 millions in 1907-08. With our exports of manufactures largely expanding, it is not surprising to learn from the Government compilations

have greatly increased. Statistics show that the inflow of hides and skins, wool, silk, India rubber, iron ore, lumber, wood pulp and chemicals used in manufacture for the elapsed portion of the current fiscal year is far in excess of the like period of 1908-09, and in fact makes a new record in the importation of manufacturers' materials.

As to the export balance on our foreign trade for May, this reached 111/4 millions of dollars for May the present year, against 71/4 millions for May 1909 For the five months of the calendar year 1910, however, an import balance of 334 millions is exhibited, this contrasting with an export balance of 7714 millions in 1909 and 332 millions in 1908. Finally for the eleven months of the fiscal year 1909-10 the export balance reaches only 179 millions, against 358 millions in 1908-09 and 643 millions in 1907-08.

The gold movement of the month was light in either direction and resulted in a net import balance of \$2,425,660. For the eleven months of the fiscal year 1909-10, however, we sent out net \$78,199,880 and in the like period of the previous year \$41,549,118; but in 1907-08 there was a balance of imports of \$81,-081,442, due to the large inflow of gold at the time of the panic.

The Transvaal, with the steady gain in the force of laborers in the mines, continues the augmentation in gold production noted in March and April. The May result, in fact, can be stated to have been the best in the rate of production per day in the history of the African mines. It is true, of course, that in December 1908 the aggregate output at 660,643 fine ounces exceeded this latest total by 26,473 fine ounces, but in that closing month of 1908 was not only included the gold obtained in the annual clean-up of the mines, but also 33,593 fine ounces taken from the reserve stocks. Clearly, then, the actual yield in December 1908 was little, if any, more than 610,000 fine ounces against which we have for May 1910 a total of 634,170 fine ounces, or an average of 24,391 fine ounces per business day, which compares with a similar average for April of 23,810 fine ounces.

The recent improvement in the volume of the yield of the mines encourages expectations that for the full year 1910 the Transvaal's contribution of gold to the world's new supply will be at least moderately greater than in 1909. Already a small excess is shown, the five months' total of 3,037,324 fine ounces this year comparing with 3,019,430 fine ounces for the like period of 1909 and 2,824,984 fine ounces in 1908. Rhodesia also is doing a little better this year than last, but this improvement is offset thus far by a decreasing output from West African mines. As regards the native labor force in the Transvaal mines, a steady and at times large increase in number is to be reported of late and the hands are becoming more efficient. At the close of October 1909 the total force (including 3,199 Chinese) was 148,077; at the end of April it had risen to 183,814, all natives, a gain of 32,538 in six months.

Curtailment of production in the cotton mills of the United States, which has been operative to a greater or less extent since October last, has been materially extended this week in New England, and both there

on has been arranged for. The Fall River Iron Works Company's cotton mills at Fall River, controlled by M. C. D. Borden, equipped with 467,000 spindles, is closed this week, and will be idle on alternate weeks until further notice. B. B. & R. Knight Co., operating overchalf a million spindles in Rhode Island and Massachusetts have placed their establishments on a four-day-per-week running basis, and a number of mills at various points in New England have given notice of a two-weeks stoppage in July. Meanwhile curtailment is still in progress at Fall River and a strike is on at Lowell. At the South, in addition to the existing short-time, the mills included in the South Carolina Cotton Manufacturers' Association are expected to close July 2 and 4, and one week in each July and August. Explanation for this further resort to curtailment is doubtless to be found in the high cost of cotton as compared with the level of value upon which demand for goods is based.

Discount rates in all European cities, excepting in London, have been firmer. In London, owing to the easiness of the money market and large gold holdings by the Bank of England, rates are fractionally lower. The Bank of England's minimum discount rate remains unchanged at 3%. Bills to arrive were quoted yesterday at $2\frac{1}{2}\%$ for 90 days and $2\frac{5}{8}\%$ for 60 days. Spot bills were 25/8% for 90 days and 23/4% for 60 days. At Paris the rate advanced to 21/4%, from $2\frac{1}{8}\%$ last week. Berlin was quoted at $3\frac{1}{2}\%$, against $3\frac{1}{8}\%$ a week ago. Amsterdam has advanced from $3\frac{1}{2}\%$ last week to $4\frac{1}{4}\%$. Brussels was higher earlier in the week at 3% but closed at $2\frac{3}{4}\%$. The rate of discount at the Bank of Bengal at Calcutta was reduced from 5 to 4% on Thursday.

The Bank of England secured half of the £800,-000 South African gold offered in the open market on Monday, India and Russia dividing the remainder. According to our special cable from London, the Bank of England's proportion of reserve to liabilities advanced from 51.07% last week to 51.90% this week. The Bank showed a gain of £891,393 bullion and held at the close of the week £42,388,921, the largest since the autumn of 1896. This large holding of bullion is considered as eliminating the probability of a renewal of gold exports from here to London. Our correspondent further advises us that the movement into the Bank was made up in greatest measure of receipts from the interior of Great Britain, but there were also purchases in the open market and moderate imports, almost wholly from Egypt. Exports were mainly to South Africa. The details of the movement into and out of the Bank were as follows: Imports, £534,000 (of which £130,000 from Egypt, £12,000 from Australia and £392,000 bought in the open market); exports, £155,000 (of which £100,000 to South Africa, £50,000 to Java and £5,000 to Batavia), and receipts of £512,000 net from the interior of Great Britain.

Money on call remains abundant, but for time purposes, owing chiefly to the light demand and the low rates, it is not offered so freely. Western banks, being unable to find profitable use for their funds at home, are loaning out on call through New York financial institutions. On the Stock Exchange the ruling rate and at the South a further resort to short-time later for call loans the most of the week has been 23/4%, with brokers borrowing very little. The maximum for the week, which was also the highest each day, was 3%. On Wednesday the low quotation of 1½% was reached. On Friday the range was 2¾@3%, with the ruling rate 2¾%.

For time money, as already stated, the demand is light, while offerings are not excessive. A fair amount of business has been done at 4½% in loans extending beyond the year. The detailed range at the close of the week was as follows: 60 days, 3%; 90 days, 3¼%; 4 months, 3½%; 5 months, 3¾@4%; 6 months, 4@4¼% and over-the-year bills 4½% bid. Commercial paper has been offered in increased quantities. The city demand has not been very heavy, but out-oftown sales have been fair. Dry goods bills have been quite scarce and lumber bills receivable quite plentiful. The range for choice 4 to 6 months' single name bills is 4¾@5%, for less desirable names, 5@6%, and for 60 to 90 days endorsed bills receivable 4¾@5%.

The foreign exchange market has again been subject to violent fluctuations. After demand sterling had fallen to 48645 Tuesday morning, owing to small holders selling out their accumulations, consisting mostly of cotton and grain bills, a firmer tendency set in and continued throughout the remainder of the week. On Tuesday the official announcement was made that negotiations had been completed concerning the sale of \$25,000,000 of Southern Pacific Co. San Francisco terminal first mortgage 4% bonds to a European syndicate. Towards the end of the week very little business was transacted and few bills were offered for sale. Some buying was done for the requirements at the end of the first six months and for the payment of coupons and dividends on American securities held abroad. Our foreign trade during the month of May shows smaller imports than in any month since August and larger exports than in May in any year with the exception of one. The total imports for the month, as shown by the Bureau of Statistics of the Department of Commerce and Labor, were \$119,929,608. The total exports for the month were \$131,145,428, making an excess of exports over imports of \$11,215,820. Continental rates were firm, due mostly to the decline in sterling rates in Paris and Berlin.

Compared with Friday of last week, sterling on Saturday was unchanged, with the exception of cable transfers. These declined from 4 8720@4 8730 to 4 8715@4 8725; demand was quoted at 4 8675@4 8685 and 60-day bills at 48435@48440. On Monday 60-day bills advanced to 4 8440@4 8445, while demand declined to 4 8675@4 8680 and cable transfers fell to 4 8705@4 8715. On Tuesday demand fell to 4 8645 in the morning, recovered 10@15 points and closed at 4 8655@4 8660; cable transfers fell to 4 8685@4 8690 and 60 days to 4 8425@4 8430. Wednesday demand and cable transfers were unchanged and 60 days declined to 48420@48425. On Thursday demand advanced to 48665@48670, cable transfers to 487@ 4 8705 and 60 days to 4 8445@4 8450. On Friday 60-day quotations advanced to 4 8460@4 8465, demand to 4 8675@4 8680 and cable transfers to 4 8710 @4 8720.

The following shows the daily posted rates for sterling exchange by some of the leading drawers.

Term will amb?	weeks Mento	Frt., June 11	Mon., June 13	Tues., June 14	Wed., June 15	Thurs., June 16

THE NICARAGUAN IMBROGLIO.

The sanguinary civil war in Nicaragua, which has engaged the close attention of our State Department almost since the beginning of the present Administration, appears now to be approaching some sort of crisis which will necessitate a new step in the policy of our Government. In many respects the episode up to date has been extremely unfortunate. The specific facts in view of which our State Department, on Dec. 1 of last year, broke off relations with Zelaya, the dictator of Nicaragua, were, as most people will remember, Zelaya's violation of the conventions between the Central American States and his baleful influence on the other republics of that region. Furthermore, the Department declared its judgment bluntly that "under the regime of President Zelaya, republican institutions have ceased in Nicaragua to exist except in name," and that our Government was "convinced that the revolution represents the ideals and will of the majority of the Nicaraguan people more faithfully than does the Government of President Zelaya."

This was a somewhat novel procedure in itself and the general comment, especially among people identi-

fied in a business way with Central America, was that assumption of a position of this sort could justify itself only by speedy solution of the Nicaraguan situation in such way as to demonstrate the correctness of the Department's view. But the subsequent course of events was most unsatisfactory. Zelaya resigned the Presidency after vainly endeavoring to get a formal hearing of his case at Washington; but he was immediately succeeded by one of his close associates, Madriz, so that the obvious wish of our Government, to be able to formally recognize the revolutionary government under General Estrada, actually was further from gratification than before.

Since that time desultory fighting between the two Nicaraguan factions has continued almost uninterruptedly. Business was all but suspended in the contested territory, and the struggle seemed at times likely to degenerate into a mere campaign of extermination between the various armed bodies controlled by Madriz and those controlled by Estrada. Towards the close of May affairs seemed to take a turn in favor of Zelaya's successor and against the insurgent troops. The port of Bluefields was besieged by the troops of the de facto Government, and for a time the downfall of the Estrada stronghold seemed to be at hand. This did not happen-partly, it must be confessed, because the United States gunboats refused to permit bombardment of the city, and because marines were landed to protect American interests. After a week of very determined fighting, the army of Madriz was forced to withdraw from its campaign.

Its leader took this step in no very placable frame of mind, the cables quoting Madriz as commenting with the utmost bitterness on the attitude of the United States Government. On the other hand, the Estrada faction manifestly began to entertain the hope of direct intervention by our Government, possibly in favor of a protectorate or possibly in the shape of recognition for the insurgent government. These hopes were promptly quenched by official statement at Washington that our Government had no present intention of assuming a protectorate over Nicaragua, or "in any way intervening or recognizing either party to the controversy until one faction or the other has obtained full control, one way or the other, by consent of the people."

Thus, so far as regards actual diplomatic moves, the situation cannot be said to have changed materially. In theory, at all events, our State Department seems to be bound to wait until a decisive victory which shall settle the question as to who rules in Nicaragua. The matter is complicated by the fact that at least one important European Government has continued diplomatic relations wth the de facto administration of Madriz. Under such circumstances it is of the highest necessity that the Government at Washington should be scrupulously correct in all its moves. Nor is it to be overlooked that any action even indirectly savoring of a compulsory protectorate by the United States would react in a most unfortunate way on our Government's relations with the other Central American States, already notoriously jealous of our country's intervention and predominance.

It is not easy to say precisely what turn of circumstances might warrant now a decisive step. The difficulty at present, as in all previous stages of this Central American civil war, is that the fighting has

resulted in nothing better than a series of drawn battles. It is conceivable that the fighting will be brought to a close through outright exhaustion of one or both contestants. One would suppose that such a state of things was already near at hand, for some of the losses have been exceedingly severe when the small population of the country is considered. This very week official advices from Nicaragua show in detail what should have been expected on general principles, that the country's trade is in a state of chaos. The paper money of the Government has depreciated in a way which reminds one of the Southern Confederacy's issues towards the close of the Civil War. Gold is at a premium of more than 1,000—a fact which in itself is correctly declared to be ruinous for all interests in the country.

Financial exhaustion sometimes puts an end to a struggle of this sort when physical exhaustion seems unable to stop it. Taking into consideration all the circumstances, it would seem reasonable to suppose that the fighting in Nicaragua cannot continue very much longer. It is to be hoped that it may end through a truce between the rival commanders themselves, which will make possible the reference of the whole governmental question to the people of Nicaragua without requiring any further interference by the United States.

COURTS PROTECTING CONTRACTS AND PROPERTY RIGHTS.

At the present time, when a wave of radical emotionalism is spreading over the country, and when legislators, national and State, are prone to treat contract obligations and property rights rather lightly, it is comforting to find that our higher courts are still faithfully upholding contracts and adhering to old-fashioned principles of equity and justice. One of the very last decisions handed down two weeks ago by the United States Supreme Court before its final adjournment until next October was that delivered in the case of the City of Omaha vs. Omaha Water Co. That case was certainly one where there was need for the assertion of simple ideas of justice, and it is gratifying to note that the Supreme Court in its opinion lays down the rules applicable in such cases in plain and unmistakable language. We regret to say it is not altogether unusual for municipalities to seek to get the better of a water company when the municipality wants to take over the property; but the Omaha proceeding stands out as pre-eminent even among cases of that kind.

Over a long term of years the City of Omaha has been engaged in an almost uninterrupted series of attempts to deprive the Omaha Water Co. of its just dues, making it necessary for the company to appeal to the courts over and over again to get its rights. For the most trivial cause and on the flimsiest grounds the City has refused to perform its obligations or to carry out its agreements and contracts with the company. It has persistently withheld moneys owing by it to the company and has made payment only under compulsion of the courts, obliging the company to bring a separate action for each amount due. It has refused to abide by awards to which it was legally bound and which were conducted and obtained as the result of proceedings to which it was properly a party and the meaning and covenants of which it

fully understood. There is, hence, occasion for real rejoicing that by the decision just handed down it has been so signally defeated in its efforts, though in view of past experience it would be a little venturesome to say that the litigation has been finally ended and that there will not be interposed some further legal obstacles before the company can count upon getting payment of all the various sums owing to it.

The case also attracts attention by reason of the fact that the Omaha Water Co. is one of the largest private water corporations in the United States, the systems in operation at San Francisco and at Denver being, we believe, the only ones exceeding it in size. It was organized back in 1879 and its water-works system is admittedly one of the best in the country. It passed through serious financial difficulties before the city heaped additional burdens upon it, and in 1896 was reorganized under the present name, the original name having been the American Water-Works Co. It has about 1½ million dollars of first and second preferred stock outstanding, on neither of which dividends have been paid for several years, and \$4,805,000 of bonds. All of this represents actual cash invested in the property, the common stock (authorized amount \$2,500,000) never having been issued. As to the treatment to which the company has been subjected at the hands of the city, we gave full facts in an article two years ago ("Chronicle" of July 18 1908, pp. 132 and 133) at the time of a previous court decision, which we then reviewed. There is no occasion, therefore, for going into the details again here. As a sort of synopsis, however, of the City's various acts antagonistic to the company, we may note that in the first place the City availed of an option it had under the contract with the company to purchase the company's property and then refused to be bound by the appraisement arrived at in accordance with the method provided in the contract. While the value of the property was still in process of determination the City undertook to cut down the rates which the company was allowed to charge to private consumers, also fixed in the contract. Then it withheld payment of hydrant rental year after year. If the purpose of all this was not to depreciate the value of the company's property with the idea of gaining possession at less than its true value, then the proceedings could not have been better directed to that end.

The case reached the United States Supreme Court in the present instance on a writ of certiorari from the United States Circuit Court of Appeals for the Eighth Circuit and dealt with the question of the appraisement of the company's property by which the City refused to abide. Under the contract with the company, which was entered into in 1880, the City had the right to purchase and acquire the water-works of the company and a method of determining their value was provided in the contract. The City named one of the appraisers, the company named the second appraiser, and these two selected a third. The men were all hydraulic engineers. After three years' work they submitted their report on July 7 1906, fixing the aggregate value of the property at \$6,263,295 49. The report was signed by two of the appraisers; the third appraiser, representing the City, refused to concur in the report or in the value fixed therein. He gave no reason for his action. The com-

on by the appraisers. In the Circuit Court for the District of Nebraska, Judge Munger dismissed its bill of complaint. On appeal, however, to the United States Circuit Court of Appeals all the contentions of the company were upheld, and the United States Supreme Court now affirms the judgment of the Court of Appeals.

Whether the City authorities had faith in the soundness of all the objections urged against the appraisement may perhaps be doubted. Their previous actions had abundantly shown that they meant to contest every inch of ground, whether they had any legal standing or not. At all events the Supreme Court was called upon to consider three main points urged against the appraisement on behalf of the City: (1) That the appraisement was not concurred in by all the appraisers; (2) That the appraisers heard certain evidence without notice or giving the City an opportunity to hear or rebut; and (3) That the property valued includes a distributing system beyond the corporate limits of Omaha by which certain suburban villages are supplied, and that to that extent the City made no contract to buy, and if it did, had no power to do so.

The United States Sapreme Court can see no merit in any of these contentions. The opinion is by Justice Lurton, who quite recently succeeded Justice Peckham, and it is evident that this new member of the Court is as sound in his judicial views as his associates. On the first point Justice Lurton holds that a majority of appraisers is binding where the matter affects a public concern. When a matter of purely private concern is submitted to the determination of either arbitrators or appraisers, the rule seems to be, he says, that there must be unanimity of conclusion by such board unless otherwise indicated by the terms of the submission. The rule is, however, otherwise when the submission is one which concerns the public. In such submissions, whether it be the arbitration of a difference or the ascertainment of a value, a majority may act unless otherwise indicated by the agreement for submission. Justice Lurton also points out that in the present case the matter was in no proper sense an arbitration. The contract was in all of its terms agreed upon. One party was to sell and the other to buy at a valuation determined by the Board of Appraisers, and unanimity was not stipulated for. Moreover, unanimity was hardly to be expected in a board made up as this board was.

On the second point the Court holds that appraisers have the widest scope in examining the property and determining its value, and that an appraisal is not akin to a judicial proceeding, such as an arbitration. The great bulk of the evidence was heard or submitted in the presence of counsel representing both sides. This, however, did not preclude the appraisers from enlightening their judgment as experts, it is stated, by either personal inspection or by informing themselves in any other way of the value of the plant without calling in counsel if they desired further information. The thing complained of was that the valuers called upon the company for its books and had these books gone over by an expert auditor of their own selection. The Court could find not the slightest evidence in the record of partiality, bad motive or misconduct affecting the action of the board. Its members were men of high pany sought to compel purchase at the price fixed character, professionally and otherwise. The conclusion is that the appraisers were not rigidly required to confine themselves either to matters within their own knowledge or those submitted to them formally in the presence of the parties, but might reject if they saw fit evidence so submitted and inform themselves from any other source, as experts who were at last to act upon their own judgment.

But the point of greatest importance raised was the third one, namely that the valuation included property not within the terms of the submission and which the City did not have power to buy. For this was nothing more nor less than an attempt to have the property split up and its value thereby depreciated so that the City could buy it in cheap. It appears that the place from which the water is taken by the existing water plant is beyond the corporate limits of Omaha. In the immediate suburbs of the City there are several villages outside the corporate limits. The distributing system of the Omaha Water Co. has from time to time been extended to these outlying suburban towns and it was claimed that the appraisers had valued these outlying distributing systems as a part of the plant to be acquired by the City. But the Court shows that acquisition of the system as it existed at the time the City made its election to purchase was within the contemplation of both the City and the Water Co. and that the valuation of the system as an entirety was the matter which the appraisers were required to do.

The most weighty fact, Justice Lurton says, is that the system was one single system having a common source of supply and common main connections therewith. Its dismemberment is not to be thought of, he declares, unless it is clear that the ordinance exercising the option is so plainly limited to the purchase of only so much of the distributing system as lies wholly within the corporate limits as to admit of no other meaning. Proceeding, he says:

"A presumption against dismemberment is not overthrown even if the City had no power to sell water to people or municipalities beyond its limits. If these outside distributing pipes could not be lawfully used by the City for the purpose for which the Water Co. had used them, it does not follow that a contract to buy would be thereby any the less a contract to buy the plant as a unitary system. Aside from contract obligation which may pass with the plant, the City might cut off the supply of water to such outlying environs if it saw fit, whether it could or could not legally supply water through the distributing pipes which had theretofore reached them. Certain it is that as the several towns adjacent had no source of supply, no pumping station of their own, disintegration would leave the Water Co. with no means of supplying them with water. The distributing pipes underground would, separated from the ownership of the pumping station, reservoir, filling or settling basins, necessarily lose much of the value attached to them as a part of a going plant."

The reference to "going value" in the concluding portion of the above extract should not be overlooked. For one of the facts established by this decision is that "going value" must be taken into account in determining the value of a plant. The appraisers, in making their estimate of valuation, included \$562,-712 45 for the going value. They did this at the direction of the lower Court, which held that this was an element contributing to the value of the plant as a whole. The Supreme Court upholds this view, and what it says on this point is particularly strong. The appraisers, it should be understood, in their estimate

allowed nothing for the value of the franchise, as it was distinctly provided in the contract that the City should not be obliged to pay anything for the unexpired franchise. This, however, only gives additional force to Justice Lurton's remarks on the point of making allowance for the "going value." Here is what he says: "The option to purchase excluded any value on account of unexpired franchise; but it did not limit the value to the bare bones of the plant, its physical properties, such as its land, its machinery, its water-pipes or settling reservoirs, nor to what it would take to reproduce each of its physical features. The value in equity and justice must include whatever is contributed by the fact of the connection of the items making a complete and operating plant. The difference between a dead plant and a live one is a real value and is independent of any franchise to go on or any mere goodwill as between such a plant and its customers."

Altogether there is much in this opinion, it will be seen, affording encouragement to owners in public service corporations. The decision shows that our highest Court will protect such corporations in their rights, and, furthermore, that in taking private property compensation therefor must be based on something more than the "bare bones." These conclusions, one would think, should be heeded by the people of Denver, where at this very moment the City is engaged in an attempt to get the system of water-works owned by the Denver Union Water Co. for \$7,000,000, though it has been appraised at \$14,400,000. The Public Utilities Commission of that city, however, is defiant, and says: "Why not bring a suit for specific performance at once to test the question?" According to the Denver "Republican," "the Commission takes the position that the water company is at the mercy of the City and ought to be willing to accept the \$7,000,000 and be thankful." In the light of the above decision, is it not clear that Denver will be defeated in the end, just as Omaha has been?

RAILWAY TRAFFIC ASSOCIATIONS.

Not least among the numerous specific legacies which the Administration of William H. Taft received from Theodore Roosevelt was the laudable purpose to give formal statutory sanction to traffic agreements among competing railways. We say "was" and not "is," for after last week's performance of Attorney-General Wickersham, in attacking proposed rates of the Western trunk lines on the ground, not that they were unreasonable, excessive or unjustly discriminatory, but that they had been reached by agreement, a performance said to have had the approval of the President—it is uncertain, at least, whether this purpose still persists.

Mr. Roosevelt's opinion on the subject was neither hesitating nor doubtful and it was unequivocally and officially expressed. Referring to the supposed prohibition of all agreements as to rates between competitive points, in his Message to Congress of Dec. 6 1906 the former President said:

This means that the law as construed by the Supreme Court is such that the business of the country cannot be conducted without breaking it. I recommend that you give careful and early consideration to this subject; and, if you find the opinion of the Inter-State Commerce Commission justified, that you amend the law so as to obviate the evil disclosed.

And two years later, in another message to Congress submitted under date of Dec. 8 1908, President Roosevelt said:

The railways of the country should be put completely under the Inter-State Commerce Commission and removed from the domain of the Anti-Trust Law.

Power to make combinations and traffic agreements should be explicitly conferred upon the railroads, the permission of the Commission being first gained and the combination or agreement being published in all its details.

The validity of the legacy thus left to the new Administration was attested by the Republican National Convention of 1908; and in the declaration of principles contained in the platform on which President Taft's candidacy was conducted, and his election secured, it was declared:

We believe, however, that the Inter-State Commerce Law should be further amended so as to give railroads the right to make and publish traffic agreements, subject to the approval of the Commission, but maintaining always the principle of competition and avoiding the common control of such lines by any means whatsoever.

In pursuance of his announced purpose to "clinch the Roosevelt policies" and to promote the enactment of measures which would perfect the statutes previously adopted in execution of those policies, President Taft soon after his inauguration caused a bill tobe prepared which, among other things, provided that:

Agreements between common carriers subject to the Act specifying the classifications of freight, and the rates, fares and charges for transportation of freight and passengers agreed upon shall not be unlawful under the Commerce Act or under the Sherman Anti-Trust Act, if a copy of the agreement be filed with the Inter-State Commerce Commission within twenty days after it is made; but that all provisions of the Commerce Act shall be applicable to such agreements.

The foregoing statement of the terms of the proposed law is from the report of the Committee on Inter-State Commerce of the Senate, recommending its passage. Concerning this bill, President Taft, speaking on Feb. 12 1910 at the Lincoln banquet in New York City, expressed himself as follows:

The bill was prepared by the Attorney-General, after a full conference with the Inter-State Commerce Commission with the representatives of the shippers and with the representatives of the railroads, and while it was not the result of an agreement between all the parties in interest, it was drafted with a view to meeting all the fair objections and suggestions made by every one of them.

So much is history. It has also passed into history that the provision so long advocated by President Roosevelt, based upon recognition of a principle universally admitted by students of transportation, was subjected to bitter attack in the Senate of the United States by men claiming to be adherents of the policies of the former President, and was finally eliminated from the bill. Thus there passed out of the pending measure the only provision based upon a wise apprehension of the conditions of the railway industry, and the only portion of the whole scheme of additional statutory regulation which could have been productive of improvement rather than of detriment to the business of the nation. The next step was for the Attorney-General of the United States to take technical advantage of the unmodified existence of the statute so long, in its application to railways, officially conupon desirable changes in the rate schedules which, it is evident, he did not regard as subject to direct assault.

We are far from agreeing that the Sherman Anti-Trust Law can be applied to railways in the manner and for the purpose attempted by the Attorney-General. There is nothing in the state of facts attending the promulgation of the proposed changes in rates which necessarily indicates an agreement or any purpose to restrain trade or to hamper or control freedom of initiative on the part of any carrier. Nothing is plainer than that efficient competition must finally find expression in uniform charges, and such expression, when attained, subtracts nothing from the power of each competitor to continue the competition or even to change his basis of charges in furtherance thereof. Readiness to make such changes—reservation of the complete right to make them—is the essential thing, and there is no suggestion that this essential was in any degree impaired by any agreement or that there was any attempt at its impairment.

But whatever the technical legal conclusion must be, there can be no legitimate dispute as to the necessity and desirability of just such agreements as Presidents Roosevelt and Taft have had in mind in making their successive recommendations. As early as 1888 the Inter-State Commerce Commission (and it is worth noting that its membership then consisted of Thomas M. Cooley, William R. Morrison, Augustus M. Schoonmaker, Aldace F. Walker and Walter L. Bragg) reported to Congress as follows:

But the voluntary establishment of such extensive responsibility would require such mutual arrangements between the carriers as would establish a common authority which should be vested with power to make traffic arrangements, to fix rates and provide for their steady maintenance, to compel the performance of mutual duties among the members, and to enforce promptly and efficiently such sanctions to their mutual understanding as might be agreed upon. Something fairly resembling this, as heretofore, has been done through the railroad associations, but the only effectual sanction which they have as yet contrived whereby the observance of good faith in their mutual dealings could be enforced was through the device of pooling their freight or earnings.

Even this was imperfect, because the arrangement could always be withdrawn from at pleasure; but pooling is now out of their power, being forbidden by law.

Without legislation to favor it little can be done beyond the formation of consulting and advisory associations, and the work of these is not only necessarily defective, but it is also limited to circumscribed territory. . . . But the evils arising from the want of friendly business associations between the railroads fall largely upon the public also. . . . The public has an interest in being protected against the probable exercise of any such power. But its interest goes further than this; it goes to the establishment of such relations among the managers of roads as will lead to the extension of their traffic arrangements with mutual responsibility just as far as may be possible, so that the public may have in the service performed all the benefits and conveniences that might be expected to follow from general federation. There is nothing in the existence of such arrangements which is at all inconsistent with earnest competition.

In the year 1900, ten years after the enactment of the Sherman Anti-Trust Law, and after it had been held applicable to railways, in its fourteenth annual report the Commission said:

long, in its application to railways, officially condemned, and to make it the basis of an indirect attack making or maintaining of inter-State rates a crime. But if carriers are to make public their rates and to charge all shippers the same rate, they must, as a practical matter, agree to some extent with respect to those rates.

A year later, again reporting to Congress, the Commission used the following language:

Such associations, in fact, exist now as they did before these decisions, and with the same general effect. In justice to all parties, we ought probably to add that it is difficult to see how our inter-State railways could be operated, with due regard to the interest of the shipper and the railway, without concerted action of the kind afforded through these associations.

None of the foregoing expressions has been subsequently withdrawn or modified. They are the solemn declarations of a body of public experts, reporting, as was its duty, on the conditions and needs of the great industry in connection with which the public has seen fit to delegate to it the largest and most farreaching powers. They make inevitable this conclusion, viz.: either (first) such associations are not forbidden by the Anti-Trust Law or (second) if they are forbidden, the railway industry is conducted at the grace of the Administration and its Attorney-General. And if it must be admitted that the railways are tenants at the will of the Attorney-General of their privilege to perform services "with due regard to the interest of the shipper and the railway," the latter's attack on the Western trunk lines would indicate that their tenure is by no means stable.

RAILROAD GROSS AND NET EARNINGS FOR APRIL.

The conspicuous feature in the returns of railroad earnings for the month of April is the great increase in the expenses of the roads. With each succeeding month this feature is becoming more prominent. The matter is of much significance in view of the fact that railroad managers are seeking to advance rates, but have for the time being been defeated in their purpose. Cost of operations has been enormously augmented and the advances in wages so generally granted have tended to make a still further addition to the same. In April, it would seem, the higher wage schedules must have counted in part, but they could not have counted in full, as these wage schedules have in some instances not even yet been definitely adjusted.

What is encouraging, of course, is that gross revenues keep expanding in a very satisfactory way. Our compilations are based upon the returns of earnings which the roads are obliged to file with the Inter-State Commerce Commission at Washington each month. In the monthly number of our "Railway Earnings Section," which accompanies to-day's issue of the "Chronicle," will be found the detailed reports of earnings and expenses of all the separate roads. In the present article we deal with the summaries derived from these statements of the separate roads. Our summaries, of course, are very comprehensive, since every operating steam railroad in the United States is obliged to render monthly reports to the Commission. Altogether the figures cover 690 companies and comprise 228,973 miles of road, or 96% of the railroad mileage of the country.

Stated in brief, United States railroads added \$27,164,096 to the total of their gross earnings, as

compared with the same month last year, being a gain of 14%; but this large gain in gross revenues yielded an addition of no more than \$3,578,548 to the net earnings (5.81%), owing to an increase in the expenses of \$23,585,548. In the case of many of the separate roads, as we shall presently see, the augmentation in expenses has reached such proportions as to wipe out completely the gains in the gross, leaving actual losses in the net.

\$65,149,311 \$61,570,763 Inc. \$3,578,548 The reader need not be told that treating the railroad system as a whole, comparison is with results in 1909 which had shown very substantial improvement in both gross and net earnings, following the tremendous losses of the year preceding. Our own compilation for April last year showed \$21,299,025 gain in gross and \$11,351,009 gain in the net. These results covered 224,625 miles of road. The Inter-State Commerce Commission subsequently got returns for the rest of the mileage of the country and its completed results, covering 233,828 miles, recorded \$21,-921,500 gain in gross and \$11,593,087 gain in net. In 1908, however, the losses were of prodigious magnitude. As registered by our tables, there was a decrease then of \$30,544,943 in the gross and of \$10,-095,121 in the net. But this by no means represented the full amount of the loss, as the aggregates were based on only 153,007 miles of road, whereas the total railroad mileage of the country was close to 230,000 miles. Careful computation made by us later in the year indicated that for the whole railroad system of the country the loss in gross in April 1908 must have been no less than \$45,000,000 and the loss in net about \$16,000,000. In the following we give the April figures back to 1896. For 1909 we use the Inter-State Commerce totals, but for preceding years we give the results just as registered by our own tables each year—a portion of the railroad mileage of the country being always unrepresented in the totals, owing to the refusal of some of the roads to furnish monthly figures for publication.

Note.—Includes for April 129 roads in 1896; 127 in 1897; 134 in 1898; 124 in 1899; 127 in 1900; 127 in 1901; 120 in 1902; 109 in 1903; 96 in 1904; 96 in 1905; 91 in 1906; 91 in 1907; 100 in 1908; 744 in 1909; 690 in 1910. Neither the Mexican roads nor the coal-mining operations of the anthracite coal roads are included in any of these totals.

As examples of roads where the rise in expenses has been of such magnitude that gains in gross have been converted into losses in the net, a number of leading systems may be cited. The Atchison is most conspicuous of all, recording \$1,357,392 increase in gross, with \$432,304 decrease in net. The Rock Island system has added \$416,053 to gross, but falls \$676,193 behind in the net. The New York Central, with \$363,189 increase in gross, has \$314,149 loss in the net. This covers the New York Central proper. For all

the New York Central lines combined there was, for the month, \$1,737,376 gain in gross, but an actual loss in the net, though only of small amount-\$5,514. The Northern Pacific has enlarged its gross by no less than \$905,294 and yet is obliged to report \$236,945 decrease in the net. The St. Louis & San Francisco, with \$191,620 addition to gross, loses \$204,919 in the net. Many other illustrations of the same kind might be mentioned.

Besides these, there are even more cases where a very large gain in gross has yielded only comparatively small increases in the net. The Pennsylvania, on the Eastern and Western lines combined, gained no less than \$2,092,272 in gross; the increase in the net is only \$154,780; the Baltimore & Ohio, with \$1,449,457 gain in gross, has only \$262,623 gain in the net; the Great Northern has added \$1,309,736 to gross and only \$199,821 to net; the Union Pacific, with \$1,081,039 increase in gross, has \$98,609 increase in net, and the Southern Pacific, with \$964,408 gain in gross, has \$12.574 decrease in the net. In the following we show all changes for the separate roads for amounts in excess of \$100,000, whether increases or decreases, both in the gross and in the net. There is only one decrease for a sum exceeding that amount, it will be observed; this shows how satisfactory is the situation as far as the gross receipts of the rail-carriers are concerned. In the net earnings, on the other hand, not only is there a considerable number of decreases. but the increases are relatively small in amount (having regard to the expansion in the gross), not a single company or system showing a gain in net for the month reaching half a million dollars.

Pennsylvania ______ y154,780 in our compilation __ \$2,941,556

a These figures cover merely the operations of the New York Central itself. For the New York Central System the result is a loss of \$5,514.

cThese figures are furnished by the company.

yThese figures represent the lines directly operated cast and west of Pittsburgh, the Eastern lines showing \$218,615 increase and the Western lines \$63,835 decrease. For all lines owned, leased, operated and controlled, the result is a gain of \$62,350.

The conspicuous part played by rising expenses is also revealed when the roads are arranged in groups or geographical divisions. As would be expected, every geographical division records improvement in the gross—in relatively large amounts, too. In contrast to this, one of the seven divisions records an actual falling off in the net, while in the case of three of the remaining divisions, though there is an increase in the net, the increase is very slight. The geographi cal division showing a loss in net is that comprising groups VIII and IX, made up chiefly of Southwestern roads. Here an addition of \$3,794,483 to gross has been attended by a shrinkage of \$971,059 in the net. Our summary by groups is as follows.

NOTE.—Group I. includes all of the New England States. Group II. Includes all of New York and Pennsylvania except that portion west of Pittsburgh and Buffalo; also all of New Jersey, Delaware and Maryland, and the extreme northern portion of West Virginia.

Group III. includes all of Ohio and Indiana; all of Michigan except the northern peninsula, and that portion of New York and Pennsylvania west of Buffalo and Pittsburgh.

Groups IV. and V. combined include the Southern States south of the Ohio and east of the Mississippi River.

Groups VI. and VII. combined include the northern peninsula of Michigan, all of

Minnesota, Wisconsin, Iowa and Illinois; all of South Dakota and North Dakota, and Missouri north of St. Louis and Kansas City; also all of Montana, Wyoming and Nebraska, together with Colorado north of a line parallel to the State line passing through Denver.

Groups VIII. and IX. combined include all of Kansas, Oklahoma, Arkansas and Indian Territory; Missouri south of St. Louis and Kansas, Okariona, Akansas and Indian Territory; Missouri south of St. Louis and Kansas City; Colorado south of Denver; the whole of Texas and the bulk of Louisiana; and that portion of New Mexico north of a line running from the northwest corner of the State through Santa Fe and east of a line running from Santa Fe to El Paso.

Group X. includes all of Washington, Oregon, Idaho, California, Nevada, Utah and Arizona, and the Western part of New Mexico.

-Internal Revenue Commissioner Royal E. Cabell has decided that corporations owned by municipalities, and in which no shares are sold, are not liable to the Federal Corporation Tax. The decision was given under date of May 27, in the following communication to H. A. Rucker, Collector at Altanta, in response to an inquiry of the latter: TREASURY DEPARTMENT.

Washington, D. C., May 27, 1910.

Sir:-Yours of the 24th inst. is received, inquiring whether municipal corporations—that is corporations absolutely owned by municipalities. and in which no shares are sold—are liable to tax under the Federal Corporation Tax Law.

In reply, you are advised that in the opinion of this office it is clear that such corporations are not subject to this tax.

As a general rule, public property, whether belonging to the Federal Government, the various States, or the political sub-divisions of such States, or municipalities, is not subject to taxation. It has been held frequently that the exemption in favor of municipalities extends to gas works, water works and electric-light plants. While these public utilities may be, and frequently are, conducted by municipalities at a profit, the making of profit is not the main purpose, but rather the public service. They are not corporations "organized for profit." Moreover, they are not corporations "having a capital stock represented by shares."

In order to render a corporation taxable under the Act of Aug. 5 1909. it is necessary that it be such a corporation as is primarily organized for profit and has a capital stock represented by shares. Therefore, a State. county or city furnishing its population with water, gas or electric light would not, although charging for such service and acquiring a profit therefrom, be taxable under this Act.

Respectfully

ROYAL E. CABELL, Commissioner

Mr. H. A. Rucker, Collector Internal Revenue, Atlanta, Ga.

-A report bearing on the bill of lading question, and containing a resolution urging the immediate enactment by Congress of the Stevens bill, which holds railroads and transportation companies liable for the validity of bills of lading issued by their agents, was adopted by the Executive Committee of the New York Chamber of Commerce on the 13th inst. The report was presented by a special committee of five members of the Chamber, designated the Special Committee on Bills of Lading, which had been appointed by the President of the Chamber to investigate the subject of bills of lading in view of the irregularities which have recently developed, and to report its conclusions to the Executive Committee. The committee to whom the matter was referred consists of Anton A. Raven, James G. Cannon, Welding Ring, Henry Hentz and Henry Schaefer, and its report as adopted by the Chamber says in part:

At our first meeting, held on Friday, the whole subject was reviewed. It soon appeared that it developed problems difficult of solution and requiring further time for consideration, with the view of suggesting such changes in existing methods as would serve to eliminate or reduce opportunities for fraud, and at the same time delay the movement and marketing of the cotton and grain crops as little as possible.

The subject as it appeared to us involves two main problems:

The fixing of the responsibility of the carriers, and
 The prevention of fraud.

The first of the problems appears to be amply covered, so far as it affects transportation companies in this country, by the Stevens bill (H. R. 25,335),

which has passed the House of Representatives.

Inasmuch as this bill is now pending in the Senate, and as its passage is important to any remedying of existing imperfect and dangerous trade conditions, your committee report in favor of the adoption by the executive committee, under the authority conferred upon it at the last meeting of the Chamber, of the following resolution:

Resolved, That the Chamber of Commerce of the State of New York urges upon the Congress of the United States the immediate enactment of Stevens Bill, H. R. 25,335, relating to bills of lading, holding that such a law is necessary for the orderly conduct of business and the movement of the great crops of the country, and is fundamental to the prevention of fraud.

Your committee will continue its study of the problems involved, and, in co-operation with the railroads and the bankers, seek a practical method of reducing frauds in the issue and negotiation of bills of lading to a minimum.

—The Memphis Cotton Exchange has also signified its approval of the Stevens bill, governing the issuance of bills of lading, in the adoption on the 10th inst. of the following resolutions reported by a committee which had been assigned to consider the matter of continuing the use of through bills of lading for export cotton shipped from inland markets:

W. J. Abston, Esq., President Memphis Cotton Exchange:
Dear Str:—The committee appointed by you to consider the matter of through bills of lading for export cotton submit the following preamble and resolutions for the consideration of a general meeting of the Cotton Ex-

change:

Whereas, In view of the recent frauds perpetrated in the cotton trade through the instrumentality of fraudulent bills of lading, alleged to have been issued by certain railroads, and the consequent lack of confidence, uncertainty and fear on the part of the trade to accept through bills of lading, and

Whereas. We deplore that these frauds have occurred and that the entire trade should be made to suffer for the rascality of a few individuals, and

Whereas, Certain ports are trying to discredit through bills of lading and are urging that only port or custody bills of lading be recognized in the cotton trade, and

Whereas. Such a step would manifestly hamper cotton shipments from the interior, delay the movement, increase the cost of handling cotton, which necessarily comes out of the producer, and cause unnecessary hardship upon the shipper, in fact, it would be utterly impossible to finance the crop without a through bill of landing, and

Whereas. We believe that a bill of lading issued by a railroad company can be made just as secure and negotiable as one issued by a ship agent;

therefore, be it

Resolved. That we severely condemn and place the stamp of disapproval upon the parties who were guilty of the issue of fraudulent bills of lading and that we assure the cotton trade, banking interests, railroad and steamship lines that we stand ready to safeguard and protect their interest in every way and take any steps that may be necessary to restore their confidence.

Resolved. That we approve the bill now in Congress known as H. R. No. 25,335, introduced by Congressman Stevens, as a movement in the right direction, and urge our Senators and Representatives to support said bill.

Resolved. That the bank at the point of issue of bills of lading stamp upon the face or back of such bills of lading the following clause:

"We hereby certify that the agent whose name is signed to this bill of lading has acknowledged to us that same is his signature, and that the railroad is in possession of the cotton."

This is to be signed by the bank. Respectfully submitted.

CLELAND K, SMITH, Chairman.

Under another resolution adopted by the Exchange, trading in bills of lading or expense bills between factors and buyers is prohibited, a penalty of \$100 being imposed upon members for the first offense, with expulsion for the second offense.

—The action of the Greenwich Savings Bank of this city in deciding a week ago to pay interest at the rate of 4% on all accounts of \$1,000 or less, and on larger accounts 4% on the first \$1,000 and $3\frac{1}{2}\%$ on balances in excess of \$1,000, has been followed by the Manhattan Savings Institution, at 644 Broadway, the trustees of the latter having decided to adopt this plan at their meeting on Tues-

day. The July disbursement of the Bowery Savings Bank, the North River Savings Bank, the Union Square Savings Bank and the Italian Savings Bank is at the same rate as that for the previous six months, namely $3\frac{1}{2}\%$ per annum. Last week the Bank for Savings and the Citizens' Savings Bank reduced their rate from 4 to $3\frac{1}{2}\%$, and a similar reduction for the current six months was made in May by the Union Dime Savings Bank. The New York Savings Bank, with deposits of \$27,500,000 and surplus of \$2,600,000, announces the usual dividend at the rate of 4% for the half-year ending July 1, and there have been no other reductions from the 4% rate besides those enumerated above. There has as yet been no reduction in the rate by any Brooklyn institution.

-Coincident with the expiration, this week, of the agreement under which the voting power of the Equitable Life Assurance Society of this city was lodged in a trusteeship, there has been made public correspondence which has passed between J. P. Morgan, who owns a majority interest in the society, and the surviving trustees, Morgan J. O'Brien and George Westinghouse. The voting trust was executed on June 15 1905, after Thomas F. Ryan had acquired a controlling interest in the company; it was to run for five years, and at the expiration of this term might be renewed, at the option of the trustees, for a further five-year period. The late Grover Cleveland was appointed to act with Messrs. O'Brien and Westinghouse as trustees under the agreement, and Mr. Cleveland's place has remained unfilled since his death. Mr. Morgan secured the stock ownership last year, through the purchase of Mr. Ryan's holdings. The company has a capital of \$100,000. Mr. Morgan's acquisition of control, it was announced, was subject to the trust. In their letter to Mr. Morgan under date of May 6, and which we publish below, the trustees, while recommending that the agreement be continued, left Mr. Morgan (in the event of its continuance) free to select such trustees as he might desire. Mr. Morgan, in his response, does not make known his intentions in the matter, although Mr. O'Brien has been quoted as stating that he has been "credibly informed" that Mr. Morgan has concluded to execute a new voting trust agreement. Mr. Morgan is now on his way home from Europe, and it is expected that his plans will be divulged upon his arrival. The following is the letter addressed to Mr. Morgan by the trustees:

J. Pierpont Morgan, Esq.: New York City, May 6 1910.

Dear Sir:—On June 15 1905 the trust agreement between Thomas F. Ryan and Grover Cleveland. Morgan J. O'Brien and George Westinghouse, trustees, was executed and the ninth paragraph thereof provided as follows: "Ninth. This agreement shall continue in force for the full period author-

Ninth. This agreement shall continue in force for the full period authorized by Section 20 of the General Corporation Law of the State of New York, viz.: Five (5) years from the date hereof. It shall be continued thereafter as long as the trustees shall deem advisable, and the party of the first part hereby agrees that, upon the expiration of any period of five (5) years he will, upon the request of the trustees, execute an instrument continuing for a further period of five (5) years this agreement, and the powers of the trustees hereunder, including said power to require an extension hereof. This agreement may, however, be terminated by the trustees in their discretion, whenever in their opinion its purposes have been accomplished, or for any reason its termination is, in their opinion, advisable."

As the five years therein mentioned will expire on the 15th of next month, it is imperative that the undersigned, who because of the death of Mr. Cleveland are acting alone as trustees, should acquaint you with their pres-

ent attitude and views regarding the trust.

The purpose which was sought to be subserved by the trust is fully set forth in the correspondence which passed between Mr. Ryan and the trustees, a copy of which is herewith sent you. In view of the results accomplished, though the labor was gratuitous, we feel that we are amply repaid in that we were of service in putting an end to the conditions which existed in the company at the time of our appointment, and it was largely due to the wisdom and judgment of our late chairman, the Hon. Grover Cleveland, that the loss of public confidence, which affected a great public trust of more than \$400,000,000, representing the savings of over six hundred thousand policyholders, has been restored, and the society placed again in its rightful position as one of the largest and strongest of the insurance companies of the United States.

We advert to this, not to enhance the value of our services, but to point out the wisdom of the plan devised by Mr. Ryan of placing in a board of trustees the voting power, with a view of giving policyholders representation in the board of directors, a plan approved by the then Superintendent

of Insurance.

Although it was provided that the policyholders should in each year make known their preference for directors of their own class, their position after the first year under the agreement was to commit the selection of the policyholding directors to the judgment exclusively of the trustees. The result, therefore, has been that all the directors elected during the five years have been those selected by the trustees, thus showing the confidence which not only the stockholders but the policyholders had in the plan devised of promoting the welfare and progress of the society.

With such an experience, we cannot but feel that it would be wise to continue the voting trust agreement. The change in ownership, and the rights which you have secured as the owner of a majority of the stock of the society, have altered the situation to some extent, and while we would recommend that the plan of a voting trust agreement should be continued, we do not feel that you should be embarrassed in carrying it out by trustees not of your own selection, and that you should be entirely free to adopt that course which in your judgment seems wise and best, If, therefore, you have other plans, or should you deem it advisable to continue the voting trust, we will leave you entirely free to select such trustees as you may think

proper by failing to make a request upon you to execute an agreement continuing it for a further period of five years, as provided in the ninth paragraph above quoted.

It would be impossible, in view of our relation to the society, not to be deeply interested in its welfare, and we shall at all times be ready and willing to do what we can to promote its success and prosperity. Your interest, because of your ownership of a majority of the stock, will necessarily in the future be exceedingly great, and this, added to the knowledge we possess of your high position in the public esteem, and your broad public spirit, which would influence you to do that which you believed was for the best interests of the society and its policyholders, has led us to conclude that we should relegate to you the right and power of doing what in the premises you think is proper and just.

We regret that your absence in Europe has prevented our stating our views to you personally, but in sending this communication we beg to add that if there is any further information or expression that you desire from

us we will gladly furnish it upon your request. With sentiments of respect and esteem, we beg to subscribe ourselves,

Yours very truly, MORGAN J. O'BRIEN, GEORGE WESTINGHOUSE.

The reply from Mr. Morgan is as follows:

June 14 1910.

J. PIERPONT MORGAN.

The Hon. Morgan J. O'Brien, George Westinghouse, Esq., Voting Trustees, Equitable Life Assurance Society, New York City:

Gentlemen-I received your communication in relation to the future of the Equitable Life Assurance Society, and to your administration of the trust under which you have for five years voted upon the stock of the

The delay in answering this communication has been due to my absence from the country, in consequence of which I did not receive your letter until a short time ago.

I wish to assure you of my high appreciation of the disinterested and valuable services that you, in connection with your deceased colleague, ex-President Cleveland, have rendered to the company and its policyholders by your administration of the trust, and personally to thank you for your devotion, which resulted so advantageously to the company and its policy-Very truly yours,

—The directors of the Knickerbocker Trust Co. of this city on Tuesday declared a quarterly dividend of 3%, payable to stockholders of record June 30. This is the first distribution to the stockholders since the rehabilitation of the institution in March 1908. The last payment was made July 1 1907 (the company closed its doors in the following October) when a semi-annual dividend of 25% was paid on the capital of \$1,200,000. The company's complete rehabilitation was effected in March last, with the final discharge of the claims of depositors to whom it was indebted at the time of its suspension in 1907. Since the reorganization of the company the capital has been increased and the dividend which has just been declared is on a capital of \$3,181,000.

-Lawrence L. Gillespie, Vice-President of the Equitable Trust Co. of this city, has been elected a trustee of the Greenwich Savings Bank.

-Application for authority to change its name to the Security Bank of the City of New York will be made by the European-American Bank of this city to the Supreme Court on July 8. Previous reference to the proposed change was made in this department May 14.

-The Union Exchange Bank of this city has declared a semi-annual dividend of 4% payable June 30 to holders of record June 30. The last previous dividend was 5% paid January 3 1910.

-The Fulton Trust Co. of this city has declared an extra dividend of 2% along with its 36th consecutive semi-annual dividend of 5%, both payable July 1 to holders of record

-The Bronx National Bank of New York City has this week declared its first dividend, being 4%, payable July 1 to holders of record June 21.

-At the general meeting of the stockholders of the Societe Financiere Franco-Americaine, held in Paris on June 8, a dividend at the rate of 6% on the paid-up capital was declared for the fiscal year ended December 31 1909, as compared with 5% for 1908. The dividend is payable in New York on and after June 15th at the office of Speyer & Co., and after deducting the French tax amounts to fr.72 per share. The preliminary report of the Societe shows net profits for the year 1909 aggregating about fr.1,800,000. After setting aside 5% thereof to the statutory reserve account, and after writing off the entire balance of the discount on the Societe's outstanding debentures, there remained a net surplus for the year of about fr.1,480,000. The balance, after payment of the above dividend of 6% and other deductions, is about fr.600,000, which, added to the surplus of previous years, brings the total surplus carried forward to fr.1,680,000. This does not include the statutory reserve, which now stands about fr.200,000. The Societe Financiere Franco-Americaine was organized in 1905 by Speyer & Co. of New York and the Banque de l'Union | of the board and Second Vice-President of the Corn Exchange

Parisienne of Paris, with the primary object of investing its funds in American securities. The New York Committee of the Societe is composed of James Speyer, Adrian Iselin Jr., Norman B. Ream and Richard Schuster.

The directors of the Banco Mexicano de Comercio e Industria, at a meeting recently held in the City of Mexico, declared a dividend of 6% for the year 1909. This is the third consecutive dividend at the rate of 6%, that rate having been maintained since the organization of the institution in the latter part of 1906 by Speyer & Co. of this city, the Detusche Bank of Berlin and the Banco Nacional de Mexico.

The March 1910 edition of "The Bankers' Encyclopedia", published by the Anthony Stumpf Publishing Co. of 22 Pine Street, this city, has just been issued. The new number of this comprehensive work contains several special features, one of these being the collection rules in force by the various clearing houses of the country, which, it is stated, has never before been attempted by any bank directory published. Some of the other data to be found in the book are the following: a complete list of banks, bankers, trust companies and savings banks in the United States and Canada, with the names of officers, figures of resources and liabilities, &c.; a list of the foreign banks and bankers in the principal cities of the world; information regarding States, such as officers, when the legislature meets, rates of interest, and legal holidays; a synopsis of the banking laws of each State and Territory in the United States and Canada, revised to date; a list of cashiers and assistant cashiers of national, State and private banks; for the use of trust companies and bond houses, a list of city officers and information concerning meetings of city councils, &c., &c.

The People's National Bank of Brooklyn has declared a second dividend of 2%, payable July 1. The first dividend of 2% was paid March 1 1910, though hereafter dividends will be paid semi-annually in January and July.

-The sale of the property occupied by the Seventeenth Ward Branch of the failed Union Bank of Brooklyn Borough to the Corn Exchange Bank of New York was approved by Supreme Court Justice Crane on the 16th inst. The purchase price is \$95,000. The branch is located in the Greenpoint Section of Brooklyn, in which the Corn Exchange Bank already has a branch; the newly acquired site, however, is said to be more desirably located. The organizers of the proposed Greenpoint National Bank are also said to have been engaged negotiating for the property.

—The recent sale of 348 shares of stock of the Marine Trust Co. of Atlantic City, N. J., at \$113,100, or \$325 per share, is reported. The holdings were sold by William Riddle and James B. Reilly, who, it is stated, had for the past few months been buying up the stock in an attempt to obtain controlling interest from President Louis Kuehnle and his associates. The purchase of the holdings of Messrs. Riddle and Reilly was made in the names of Harry Bacharach and William H. Burkard, who, it is understood, acted in the interest of a syndicate composed of officials of the company. The institution has a capital of \$100,000.

-A warrant for the arrest of C. S. Heller, Assistant Cashier of the Mount Holly National Bank of Mount Holly, N. J., was sworn out this week. The accused is said to be charged with a shortage of \$18,000 reported to have been discovered on the 14th inst., when the bank's safe was finally opened through the use of drills, which were resorted to after a two days' effort to effect its opening in the ordinary way. Heller, who is under surety bonds of \$15,000, has been missing since last Sunday night. The latest advices indicate that the defalcation will amount to \$20,000 or more. The shortage, it is stated, will in no way affect the stability of the institution.

-On the 11th inst. the stockholders of the Lincoln National Bank of Bath, Maine, approved the action of the directors with respect to consolidating the institution with the First National Bank. The stockholders of the latter have ratified the consolidation, which is to take place under the name of the First National.

—Horace H. Lee has been elected Secretary and Treasurer of the Philadelphia Stock Exchange to succeed the late J. Bell Austin. Mr. Lee has been a member of the Exchange since 1884. He was a member of its Governing Committee for more than fifteen years, and was President from 1902 to 1905. He is one of the trustees of the Exchange elected for lifera madenna e no tra templial con

-William W. Supplee was this week elected Chairman

National Bank of Philadelphia. Mr. Supplee had heretofore been First Vice-President, and in this office he has been succeeded by Charles S. Calwell, who had officiated as Second Vice-President and Cashier. M. N. Willits Jr. has been chosen to the Cashiership, Newton W. Corson replacing Mr. Willits as Assistant Cashier.

—Action on the question of changing the par value of the stock of the Tradesmen's National Bank of Philadelphia from \$50 to \$100 per share will be taken by the stockholders on July 12. No change will be made in the capital. The movement to increase the par value of the shares arises from the desire to place the stock on the same basis as that of the majority of the Philadelphia national banks. The Tradesmen's National has a capital of \$500,000 and surplus and profits of \$799,144.

—The surplus fund of the Mellon National Bank of Pittsburgh, which was increased to \$3,000,000 in May through the addition of \$100,000 from undivided profits, has been enlarged to \$3,100,000 through the transfer of another \$100,000 from the undivided profits account.

The resignation of E. H. Jennings as President and a director of the Columbia National Bank of Pittsburgh was accepted at a meeting of the board on the 9th inst. Mr. Jennings was recently sentenced to two months in the Allegheny County Jail on charges growing out of the naming of the bank as a city depositary. His brother, John G. Jennings, has been elected to succeed him in the presidency of the institution. R. J. Davidson has been elected Second Vice-President of the bank, a newly created office, and has also been chosen to take the place of E. H. Jennings on the directorate. Mr. Davidson is President of the Guarantee Title & Trust Co. of Pittsburgh.

—The remaining assets of the failed Iron City Trust Co. of Pittsburgh have been disposed of to the Assets Realization Co. of New York for \$325,000. The institution suspended on Oct. 23 1907; the depositors were paid in full, the final payment to them having been made July 10 1908, and the stockholders are said to have received \$105 per share. The company had a capital of \$2,000,000.

—According to the Baltimore "Sun," in the recent merger proceedings between the Baltimore Trust & Guarantee Co. and the International Trust Co. of Baltimore there were 819 shares of the first-named company which declined to enter the consolidation. A cash settlement was made with these non-assenting shares, the consolidated institution, the Baltimore Trust Co., paying for the same \$165 per share, it is stated. These shares have been offered to the stockholders of the new company at the price paid, and any not taken by the shareholders will go to an underwriting syndicate formed by the consolidated company. The Baltimore Trust & Guarantee Co. had a paid-in capital of \$800,000, in \$100 shares; its shareholders were allotted \$500,000 of the \$1,000,000 capital of the new company (par value \$50), or at the rate of 1½ \$50 shares of new stock for one \$100 share of old

—U. G. Walker, former President of the South Cleveland Banking Co. of Cleveland, Ohio, entered upon his five-year term of imprisonment on the 11th inst. The sentence was imposed on May 16, the charges against him having concerned the making of false statements to the State Banking Department. A new trial was refused by the Circuit Court on May 31, and on the 7th inst. the State Supreme Court denied the motion of the defendants to file a petition in error from the lower Court. The institution assigned in January last following the failure of the Werner Publishing Co., to which it was stated the bank had loaned over \$1,000,000. President Walker was a director of the publishing company.

-In the plans for the unification and consolidation of the interests of four banking institutions in Chicago, arrangements for which have been made known during the past week, a combination of mammoth proportions will be evolved. The institutions concerned in the proceedings are the Continental National Bank, the Commercial National Bank, the American Trust & Savings Bank and the Commercial Trust & Savings Bank. The Continental National and the American Trust & Savings became affiliated last year, when a unification of their interests was effected. The Commercial Trust & Savings Bank was organized by interests in the Commercial National the present year, but has not actively begun operations. The latest undertaking provides for the consolidation of the Continental and Commercial national banks under the name of the Continental & Commercial National Bank of Chicago, the new institution

to have a paid-up capital of \$20,000,000 and surplus and undivided profits of \$10,000,000. The American Trust & Savings Bank and the Commercial Trust & Savings Bank will consolidate under the name of the Continental & Commercial Trust & Savings Bank. The capital of this institution will be \$3,000,000, and it will continue to be trusteed for and owned by the stockholders of the Continental & Commercial National Bank. The total capital stock of all these banks will be \$23,000,000, and their surplus and undivided profits will be \$10,000,000, making the combined capital, surplus and profits \$33,000,000. The total deposits, as represented in the latest statements, will be \$185,000,000, those for the Continental National having been \$98,258,998 on March 29, the Commercial National \$72,886,928 on the same date and the American Trust \$13,297,430 on March 30. The resources aggregate \$218,-000,000. The commercial business will be transacted through the Continental & Commercial National Bank, and the savings, trust and bond business through the Continental & Commercial Trust & Savings Bank. Of the \$20,-000,000 capital of the new Continental & Commercial Na tional, \$10,800,000 will go to the shareholders of the Continental. The present capital of the latter is \$9,000,000 and on this capital a stock dividend of 20%, or \$1,800,000, will be declared out of the surplus of \$4,500,000. The amount of stock to be allotted to the shareholders of the Commercial National will be \$9,200,000—\$1,200,000 more than the capital of that institution. The stockholders of the Commercial National are to pay \$200 per share for the additional \$1,200,000 of stock, in order to equalize the book value of the two institutions, which has been fixed at \$165 per share. The plans outlined above were ratified by the directors on the 11th inst. The legal formalities necessary to complete the proposed arrangements will require the time intervening between now and Aug. 1, after which date all of the banks will occupy the new building now owned and occupied by the Commercial National at Clark and Adams streets. In the meantime the various banks will continue at their respective locations. A circular issued by the different banks says that the present head of the Continental National, George M. Reynolds, will be President of the Continental & Commercial National, and that "the other officers and directors of the several banks will continue to be officers and directors of the consolidated banks." Mr. Reynolds became President of the Continental National in January 1906, having previously served as its Vice-President and earlier as its Cashier. The Continental was organized in 1883 and the Commercial National in 1864. Reports of the possible consolidation of these two institutions have cropped up on numerous occasions during the past seven years or more, and in 1907 negotiations to this end seemed likely to be carried out, but were eventually abandoned. At about the time the Continental National and American Trust & Savings entered into the plan for the unification of their interests last year, the Bankers' National was consolidated with the Commercial National. George E. Roberts, who had been President of the latter, continued in the presidency of the enlarged bank, and Edward S. Lacey, President of the Bankers' National, became Chairman of the board. The Commercial National increased its capital several months ago from \$7,000,000 to \$8,000,000; through the new stock, offered to the shareholders at \$220 per share, provision was made for the \$1,000,000 capital of the Commercial Trust & Savings Bank.

—R. H. Brunkhorst has been appointed Assistant Cashier of the North West State Bank of Chicago. The institution has declared its third quarterly dividend of 1%, payable July 1 to stockholders of record June 25. It has a capital of \$200,000, and on March 30 had undivided profits of \$13,022. The deposits, which on that date were \$646,000, increased to \$765,000 on June 13. The bank was founded in 1905 as the North West Savings Bank, and was organized as a State institution in 1909.

—The Washington Park National Bank of Chicago is reported to have accummulated deposits of close to \$200,000 since it succeeded on May 1 to the business of the Washington Park Bank, a private institution. The Washington Park National is located at Evans Avenue and 63rd Street and the interests identified with it are laregly the same as those controlling the Woodlawn Trust & Savings Bank of Chicago. As noted March 26, the organizers of the Washington Park National used as a basis for the establishment of the new institution the charter of the Oakland National Bank, having secured authority from the Comptroller of the Currency to

change the corporate title of the Oakland to the Washington Park National. Although the business of the Oakland National was consolidated in 1909 with that of the Drexel State Bank, the national charter was not surrendered. The Washington Park National has a capital of \$100,000 and a surplus of \$5,000. Of the \$10,000 realized through the sale of its stock at \$110 per share, \$5,000 was used in the purchase of the fixtures of the Washington Park Bank. The officers of the Washington Park National Bank are Louis C. Wagner, President; A. W. Tobias, Vice-President, and A. E. Olson, Cashier.

—The Peoples' Trust & Savings Bank of Chicago, which is being formed by interests in the People's Gas Light & Coke Co., was chartered by the Auditor of Public Accounts on the 6th inst. The new institution is to have a capital of \$500,000 and a surplus of \$125,000. Former National Bank Examiner Charles H. Bosworth will be President of the projected bank and Assistant National Bank Examiner Griffin will be Cashier. Earle H. Reynolds, son of George M. Reynolds, President of the Continental National Bank of Chicago, is one of the incorporators of the People's Trust & Savings Bank, and is to be its Assistant Cashier. The bank is to open in the fall.

—The directors of the Harris Trust & Savings Bank of Chicago have declared a quarterly dividend of 3%, payable July 1st. This compares with the previous quarterly dividend in April of 2½% and places the stock on a 12% dividend basis. The capital is \$1,250,000.

—The State authorities of Illinois have granted a charter for the organization of The Saving Bank & Trust Co. of the Republic, with headquarters in Chicago. The capital will be \$1,000,000, and ownership will be held by the stockholders of the National Bank of the Republic, in connection with which stalwart financial institution the new company will be operated. Its location will doubtless be in the New York Life Building, in intimate association with the controlling bank; and it is expected that this new auxiliary trust and savings bank will commence operations by early fall.

—J. B. Pollard, heretofore Vice-President of the Gate City Bank of Kansas City, Missouri, has become President of the institution, succeeding J. P. Kanoky.

—Frederick E. Nolting, at present Vice-President of the Bank of Richmond at Richmond, Va., has been elected Second Vice-President of the First National Bank of that city, and will assume his new office on July 1. Mr. Nolting has been identified with the Bank of Richmond as First Vice-President ever since its formation in 1904, through the consolidation of the Metropolitan Bank of Virginia and the Richmond Trust & Safe Deposit Co., and before that had been Vice-President of the latter. As is known, the Bank of Richmond is to consolidate with the National Bank of Virginia.

—John E. McMillan has replaced C. M. Cooley as Cashier of the Third National Bank of Knoxville, Tenn., Mr. McMillan had previously been Assistant Cashier.

—The conversion of the Broadway Bank & Trust Co. of Nashville into the Broadway National Bank was perfected on the 8th inst. With the change to the Federal system the institution has increased its capital from \$100,000 to \$200,000. W. T. Hardison continues as President, with J. H. Bradford as Vice-President and A. E. Potter, Cashier. The bank began business in July 1906.

—A consolidation, it is stated, has been arranged between the National Bank of Commerce of El Paso, Texas, and the First National Bank of that city, under the name of the latter. The union is to become effective July 15. The First National has a capital of \$500,000 and the National Bank of Commerce a capital of \$200,000.

—The City National Bank of El Paso is reported to have increased its capital from \$150,000 to \$300,000.

—The conversion of the banking institution of Dexter Horton & Co. of Seattle, Wash., into the Dexter Horton National Bank is under way. The trustees of the concern on the 3rd inst. authorized the officials to proceed with the steps to perfect its nationalization. The intention to change to a Federal institution became known in January, when an application for its conversion was approved by the Comptroller of the Currency. The bank was established in 1870. In 1908 it increased its capital from \$200,000 to \$1,000,000 through a conversion of the surplus, then amounting to \$800,000. It has since accumulated surplus funds of \$200,000 and has undivided profits of \$190,345. Its deposits on March 29 were \$11,536,200, while its aggregate

resources were \$12,926,545. The capital will be continued at \$1,000,000 under the national system. W. M. Ladd is President of the bank and N. H. Latimer, manager.

—The First National Bank of Portland, Ore., has increased its capital from \$500,000 to \$1,500,000. It is stated that the additional stock has all been subscribed and paid for, each of the existing shareholders taking a pro rata share of the new issue. The combined capital and surplus of the institution now amounts to \$2,500,000. Under the latest call of the Comptroller of the Currency (March 29), the bank's deposits were \$14,038,961.

—Jefferson W. Schriber, formerly Cashier of the failed Farmers' & Tarders' National Bank of La Grande, Ore., was convicted on May 27 by the jury in the Federal Court on four indictments against him. The specific charges on which he was found guilty, according to the "Oregonian," are embezzlement, misapplication of the bank's funds, the making of false entries in his reports and in the bank's books. The bank suspended in October 1908. There is said to have been a shortage of about \$135,000.

Monetary Commercial English News

[From our own correspondent.]

London, Saturday, June 11 1910. At the beginning of the week the stock markets were very depressed and business very stagnant. Mainly, the break in New York was the cause. But there were local circumstances which accentuated the influence of the fall in prices in New York. The fortnightly settlement began on Tuesday morning, and it was reported that an outside broker who did a very large business through certain members of the Stock Exchange was in difficulties, and that he would involve most of the regular brokers through whom he acted. Furthermore, there was a report of difficulties in Glasgow, and for some days last week, as well as at the beginning of this week, securities included in a couple of large accounts that were being closed were being sold both here and in Paris.

The satisfactory result of the interview between President Taft and representatives of the railway interests relieved the situation here very much, and when, on Thursday, the Bank of England reduced its rate of discount from 3½% to 3%, a decidedly more favorable feeling was induced. Still, there has been very little increase of business, and only a moderate recovery in quotations, everybody waiting to see whether the anticipated failures in the Stock Exchange would take place. No failures, however, were announced, and the general impression now is that we shall see a steady recovery. The Bank of England is lending readily to all who need accommodation, and the funds in the open market, though by no means sufficient, are yet large enough to have enabled borrowers to pay off a good deal to the Bank of England. Therefore, there is a decidedly more hopeful feeling. Furthermore, the first batch of Treasury Bills will fall due on the 18th, and a further batch will fall due on the 25th, making about 5½ millions sterling payable from the Exchequer to the open market within the current month. Against this, however, there will be a very large demand for banking accommodation in the last week of the month and half-year, while the interest upon the national debt will not be paid until the 5th of July.

Up to the 5th of July, therefore, money will probably not be plentiful, although, the Bank rate now being only 3%, it will certainly not be dear. After the 5th of July the expectation is that money will become increasingly plentiful, and that probably the Bank of England will put down its rate to 2%. In August the anticipation is that money will not be as plentiful and cheap. It has been a notable fact that even during the recent depression, caused by the break in New York, consols have somewhat recovered. The recovery has not been quite maintained the last day or two, but the impression is that there will be a further advance. The feeling is very favorable, likewise, to British railway securities. But at the present time the most marked recovery has been in rubber shares. They have fallen during the past few weeks very seriously, and have helped, no doubt, to bring about the difficulties of the operators above referred to, and of others who, though able to meet their differences, are reported to have been hard hit. During the past day or two there has been a remarkable recovery in rubber shares. Oil shares are likewise better, and there is a good demand once more for gold shares, not merely those of the Transvaal, but Rhodesian and West African as well, especially Rhodesian.

As the speculative feeling is thus asserting itself so notably, the best judges are of the opinion that we shall see a steady broadening of markets and an advance in prices. In Paris it is likewise believed that, although the new issues have been on a very large scale, and have absorbed a great deal of money, yet the unemployed capital is so plentiful that there is sure to be a revival of activity if there is a revival in London. Some operators in Paris have been hit by the fall in copper and the fall in Americans, but the feeling is that the liquidation in these cases is now completed and that we shall witness a steady recovery.

In Berlin business has been quiet during the week, for weakness in New York almost always produces weakness

on the German bourses. There is a better feeling, however now that the railway troubles in America are arranged and the Bank of England rate of discount is reduced. The Berlin exchange upon London is still very high, and until the reduction of the Bank of England rate on Thursday there continued to be apprehensions that gold might be taken out of the Imperial Bank for London. Now it is hoped that the danger is at an end. In fact, it is believed that the Bank of England feels itself strong enough and therefore will not give encouragement of any kind to persons desiring to bring gold from Berlin.

The India Council offered for tender on Wednesday 40 lacs of its bills and the applications amounted to nearly 2551/2 lacs, at prices ranging from 1s. 3%d. to 1s. 3 29-32d. per rupee. Applicants for bills at 1s. 3 29-32d. and for telegraphic transfers at 1s. 3 15-16d. per rupee were allotted about 27% of the amounts applied for.

Messrs. Pixley & Abell write as follows under date of June 2. GOLD.—The arrivals from South Africa this week were large, and altogether there was £1.067,000 for disposal. The demand for India was much smaller, and under £60,000 was taken. Russia, on the other hand, was a larger buyer, taking about £300,000, and the balance of about £700,000 was secured by the Bank of England. In addition to this, the Bank has received from Paris in bars £480,000. Owing to the improved position the Bank rate was lowered to-day to 3½%, the previous rate of 4% having been in force since March 17. The Bank of England during the week set aside for the Straits Settlements note-guarantee fund £69,785, as the note circulation in the Colony continues to expand. Since our last the Bank has received, including the gold from Paris mentioned above, £931,000 in bars, £300,000 from Germany and £26,000 from Australia, all in sovereigns, and £136,-573 which has been released from the Straits Settlements gold standard reserve, while £22,000 has been withdrawn for South Africa. Next week we expect £507,000 from South Africa and £150,000 from India and Australia. Arrivals—South Africa, £1,005,000; West Africa, £38,000; West Indies, £11,000; Brazil, £10,000; Australia, £3,000; total, £1,067,000. Shipments—Bombay, £147,250; Calcutta, £30,000; total, £177,250.

SILVER.—For the greater part of this week silver was a quiet market. The buying has again been chiefly for one quarter, but in the absence of any competition this was not sufficient to maintain prices. There was some disappointment, too, at the Bazaars sending no orders for this week's mail (the amount to be shipped will probably be under £100,000). The market accordingly dropped to 24%d. or cash. At this level a better tone was given to the market by the steadiness of China, where exchanges have not followed silver, and the difference has shortened to less than 1%, and to-day, on buying supposed to be for the Continent, the price has recovered to 24%d., the same price as last week, while forw Messrs. Pixley & Abell write as follows under date of June 2.

Messrs. Pixley & Abell write as follows under date of June 9.

Messrs.Pixley & Abell write as follows under date of June 9. GOLD.—This week there was £730,000 in the market, and the outside demand was small, India taking under £40,000, and after satisfying Russian and other requirements the balance of about £450,000 will probably go into the Bank of England in the absence of any other buyer. Following the reduction of last week to 3½%, the Bank rate was lowered to-day to 3%, the Bank return being again very satisfactory. Since our last the Bank has received £685,000 in bars, of which £100,000 came from Paris and £123,000 in sovereigns, of which £110,000 were from Egypt, and £13,000 from Australia, while sovereigns to the value of £16,000 have been withdrawn for South America. Next week we expect £619,000 from South Africa. For the week arrivals—South Africa, £542,000; New Zealand, £45,000; Australia, £10,000; India, £110,000; Brazil, £14,500; West Indies, £7,500; total, £729,000. Shipments—Bombay, £56,125. For the month of May, arrivals—Germany, £21,000; France, £422,000; Egypt, £663,000; U. S. A., £4,175,000; India, £180,000; Brazil, £39,000. Shipments—Russia, £303,000; Germany, £813,000; France, £100,000; Holland, £501,000; India, £1,073,000; Brazil, £593,000. SILVER.—There is still no sign of any revival in business either in the Bazaars or in China, and with only a limited demand here the market has sagged to 249-16d., after having been down to 24½d. Offerings have been on a small scale, but have been quite sufficient to satisfy the restricted demand. There are reports from Bombay that the monsoon has broken, but it is described as weak. The market shows no great confidence for the present and stocks there amount to £864,000, the offtake \$1000,000. The price in Shanghai has kept very steady in spite of our fall, and is now barely ½% under silver, but trade reports are far from satisfactory, and there is no sign yet of any activity in exports. Stocks in London amount to upwards of £1,000,000. The price in India is 63½d. Rs. per 100 tolahs. For the week arrivals—New York

Statement of New York City Clearing-House Banks.—The detailed statement below shows the condition of the New York Clearing-House banks for the week ending June 11. The figures for the separate banks are the averages of the daily results. In the case of the totals, the actual figures at the end of the week are also given:

For definitions and rules under which the various items are made up, see "Chronicle," V. 85, p. 836.

We omit too eiphers (00) in all cases.

Banks. 00s omitted.	Capital.	Surplus.	Loans. Average.	Specte. Average.	Legals. Average.	Deposits. Average.	Re 8'04

On the basis of averages, circulation amounted to \$48,129,400 and United States deposits (included in deposits) to \$1,685,700; actual figures June 11, circulation, \$48,320,000; United States deposits, \$1,666,500.

The State Banking Department also now furnishes weekly returns of the State banks and trust companies under its charge. These returns cover all the institutions of this class in the whole State, but the figures are compiled so as to distinguish between the results for New York City (Greater New York) and those for the rest of the State, as per the

For definitions and rules under which the various items are made up, see "Chronicle," V. 86, p. 316.

⁺ Increase over last week. - Decrease from last week.

+ Increase over last week. — Decrease from last week.

Note.—"Surplus" includes all undivided profits. "Reserve on deposits" includes, for both trust companies and State banks, not only cash items, but amounts due from reserve agents. Trust companies in New York State are required by law to keep a reserve proportionate to their deposits, the ratio varying according to location as shown below. The percentage of reserve required is computed on the aggregate of deposits, exclusive of moneys held in trust and not payable within thirty days, and also exclusive of time deposits not payable within 30 days, represented by certificates, and also exclusive of deposits secured by bonds of the State of New York. The State banks are likewise required to keep a reserve varying according to location, but in this case the reserve is computed on the whole amount of deposits, exclusive of deposits secured by bonds of the State of New York.

The Banking Department also undertakes to present separate figures indicating the totals for the State banks and trust companies in the Greater New York not in the Clearing House. These figures are shown in the table below, as are also the results (both actual and average) for the Clearing-House banks. In addition, we have combined each corresponding item in the two statements, thus affording an aggregate for the whole of the banks and trust companies in the Greater New York.

+ Increase over last week. — Decrease from last week.

a These are the deposits after eliminating the item "Due from reserve depositories and other banks and trust companies in New York City"; with this item included, deposits amounted to \$1,252,305,300, a decrease of \$117,200 from last week. In the case of the Clearing-House banks, the deposits are "net" both for the average and the actual figures. b Includes bank notes. c Of this amount State banks held \$15,440,000 and trust companies \$136,183,500.

The averages of the New York Clearing-House banks combined with those for the State banks and trust companies in Greater New York outside of the Clearing House compare as follows for a series of weeks past:

as follows for a series of weeks past:

GOMBINED RESULTS OF BANKS AND TRUST COMPANIES IN GREATER NEW YORK.

We omit too ciphers in all these figures.

THOMAS H. HUBBARD, President.

Bankers' Gazette.

Wall Street, Friday Night, June 17 1910.

The Money Market and Financial Situation.—Stock Exchange operations have been characterized throughout the week by a limited volume of business and a narrow range of prices. Evidently they have been carried on almost exclusively by professional traders on the floor of the Exchange, the public manifesting no interest therein. Persistent efforts to depress the market have, notwithstanding the absence of an investment demand, proved unavailing, and practically all the issues traded in show an advancing tendency.

Among the important events of the week was the Government statement of our international trade for the month of May, which shows a large increase in exports and a large decrease in imports when compared with recent months. Crop reports continue to be of a favorable character and crop prospects are, at the moment, one of the strongest influences in he gene al situation. There is a hope, entertained by leaders in practically every department of activity, that good crops will do much to relieve us from a situation which for some time past has been more or less unsatisfactory

The Bank of England's weekly report was a decidedly favorable one and the local bank statement on Saturday showed a substantial addition to the surplus reserve, so that the financial outlook at home and abroad is a hopeful one.

The open market rates for call loans at the Stock Exchange during the week on stock and bond collaerals have ranged from 1½ to 3%. To-day's rates on call were 2¾@3%. Commercial paper quoted at 4¾@5% for 60 to 90-day endorsements, 4¾@5% for prime 4 to 6 months' single names and 5@6% for good single names.

The Bank of England weekly statement on Thursday showed an increase in bullion of £801 303 and the correct

showed an increase in bullion of £891,393 and the percentage of reserve to liabilities w s 51.90, against 51.07 last week.

The rate of discount remains unchanged at 3%, as fixed June 9. The Bank of France shows an increase of 3,800,000 francs gold and a decrease of 1,750,000 francs silver.

Note.—The Clearing House now issues a statement weekly showing the actual condition of the banks on Saturday morning as well as the above averages. These figures, together with the returns of separate banks, also the summary issued by the State Banking Department, giving the condition of State banks and trust companies not reporting to the Clearing House, appear on the second page preceding.

Foreign Exchange.—The foreign exchange market opened the week lower but closed firm at about the same level as last Friday.

To-day's (Friday's) nominal rates for sterling exchange were 4 8434 for sixty day and 4 87 for sight. To-day's actual rates for sterling exchange were 4 84 1/2 @ 4 8465 for sixty days, 4 86 3/4 @ 4 8685 for cheques and 4 8710 @ 4 8720 for cables. Commercial on banks 4 8334@4 84 and documents for payment 4 84@4 84¼. Cotton for payment 4 83½@4 83¾ and grain for payment 4 84¼@4 84½. To-day's (Friday's) actual rates for Paris bankers francs

were 5 20 less 1-16@5 20 for long and 5 181/8 less 1-16@ less 1-32 for short. Germany bankers' marks were 945/8@943/4 for long and 95 3-16 less 1-32@95 3-16 for short. Amsterdam bankers' guilders were 40 5-16 less 1-16@40 5-16

Exchange at Paris on London, 25f. 24c.; week's range, 25f. 26½c. high and 25f. 23½c. low.

Exchange at Berlin on London 20m. 47pf.; week's range, 20m. 50 pf. high and 20m. 46½pf. low.

The range of foreign exchange	ge for the week fo	ollows:

The following are the quotations for domestic exchange at the under-mentioned cities at the close of the week: Chicago 20c. per \$1,000 discount, Boston par. San Francisco, sight 5c. per \$1,000 premium, telegraphic 7½c. per \$1,000 premium. Charleston, buying par; selling 1-10 premium. New Orleans, commercial 25c. per \$1,000 premium; bank \$1 per \$1,000 premium. St. Louis, bid 5c. per \$1,000 discount; asked, 5c. per \$1,000 premium. St. Paul 70c. per \$1,000 premium. Montreal 31 1/4c. per \$1,000 discount.

State and Railroad Bonds.—No sales of Stat bonds have been reported at the Board this week.

No change in the general characteristics of the railway bond market has occurred worthy of note. The volume of business is somewhat smaller than last week and prices have remained unusually steady. Only one active issue shows a net change amounting to 1 point, other changes being represented by minor fractions, and at least 6 out of a list of 25 active bonds close without net change. Such results of the week's trading show, of course, that the market has been practically featureless.

Erie conv. 4s, series A and B, have been more active than usual and the Bs have declined ½ point. Chicago Burlington & Quincy 4s joint bonds, Atlantic Coast-L. & N. Col. 4s and Wabash ref. and ext. 4s have been relatively strong.

United States Bonds.—Sales of Government bonds at the Board include \$5,000 3s coup. at $101\frac{34}{4}$, \$3,000 3s, reg., at $102\frac{14}{4}$ and \$5,000 4s co p. at $114\frac{1}{2}$. The following are the daily closing quotations; for yearly range see third page follow-

			1		1	1	1
	Interest Periods	June 11	June 13	June 14	June 15	June 16	June 17

* This is the price bid at the morning board; no sale was made.

Railroad and Miscellaneous Stocks.—The market for shares has, in sympathy with other departments, been exceptionally dull and narrow. The transactions averaged but a trifle more than 300,000 shares per day, as against 756,000 shares last week. To-day's business, amounting to only 176,165 shares, was the smallest in many months. Only 3 or 4 active issues have fluctuated over a range of 3 points, while in most cases the movement has been relatively much narrower. Moreover, there has been practically no change in the tone of the market from day to day, so that throughout the week it has been a very tame affair

There have been, however, a few exceptional features. Toledo St. Louis & Western, at 22 to-day, shows a drop of over 8 points since Wednesday of last week. St. Louis & San Francisco 2d preferred has been unusually active, and when at its highest, near which it closes, showed an advance of 61/2 points. Reading, Northern Pacific and General Electric have covered a range of 4 points and Consolidated Gas 31/2

For daily volume of business see page 1606.

The following sales have occurred this week of shares not represented in our detailed list on the pages which follow:

STOCKS. Week ending June 17.	Sales for	Range for Week.			Ran	ge sin	ce Jan	. 1.

Outside Market .- "Curb" business this week has been very light, though the market on the whole maintained a firm tone. Prices have improved fractionally. British Columbia Copper moved down from 53% to 5 and up to 5½. Butte Coalition sold up from 18 to 18½. Chino Copper gained about half a point to 11½, dropped to 107% and recovered to 11¼. Giroux weakened from 7 to 6¾, advanced to 7⅓ and ends the week at 7. Greene Cananea eased off from 7⅓ to 7½, rose to 8 and closed to-day at 7¾. Miami Copper improved from 19½ to 20¼ but reacted to 19%. Ohio Copper moved down from 2 to 1% and sold up to 2 1-16. The announcement of the merger of the Dolores Mines and El Rayo Mines in the Mines Co. of America attracted some attention, the last named advancing from 64 cents to 75 cents, then dropping to 61 cents, with a recovery to 70 cents. The close to-day was at 68 cents. El Rayo sold up from 3¾ to 4½, the final figure to-day being 4¼. Goldfield Consolidated advanced from 8¾ to 93-16. La Rose improved from 41/4 to 41/2 and finished to-day at 47-16. There was little doing in miscellaneous securities. American Tobacco rose 3 points to 428, fell to 423 and sold up to 427. Intercontinental Rubber was strong and ran up from 2034 to 231/2. Standard Oil was quiet, losing 10 points to 610 and selling up to 615. It yielded subsequently to 612½. In United Cigar common a sale at 72 was reported, a loss of a point from last week's close. Bonds were dull. Western Pacific fluctuated between 931/2 and 937/8 and finished to-day at the low figure.

Outside quotations will be found on page 1606.

RAILROAD GROSS EARNINGS.

The following table shows the gross earnings of every STEAM railroad from which regular weekly or monthly returns can be obtained. The first two columns of figures give the gross earnings for the latest week or month, and the last two columns the earnings for the period from July 1 to and including such latest week or month. We add a supplementary statement to show the fiscal year totals of those roads whose fiscal year does not begin with July, but covers some other period The returns of the electric railways are brought together separately on a subsequent page.

	Latest G	ross Earn	ings.	July 1 to 1.	atest Date.		Latest (tross Earn	ings.	July 1 to L	aissi Date.

Net Earnings Monthly to Latest Dates.—In our "Railway Earnings" Section, which accompanies to-day's issue of the "Chronicle" as a special Supplement, we print the April returns of earnings and expenses (or in the absence of the April figures those for the latest previous month) of every steam-operating railroad in the United States which is obliged to make monthly statements to the Inter-State Commerce Commission at Washington.

The Inter-State Commission returns are all on a uniform basis, both as to revenues and expenditures, and possess special utility by reason of that fact. In a number of instances these figures differ from those contained in the monthly statements given out by the companies themselves, for publication, and in which the accounts are prepared in accordance with old methods of grouping and classification pursued in many instances for years. We bring together here (1) all the roads where there is a substantial difference between the two sets of figures, so that those persons who for any reason may desire to turn to the company statemnets will find them readily available. We also give (2) the returns of such roads (even where the figures correspond exactly with those in the Inter-State Commerce reports) which go beyond the requirements of the Commission and publish their fixed charges in addition to earnings and expenses, or (3) which have a fiscal year different from that of the Inter-State Commerce Commission, in which latter case we insert the road so as to show the results for the company's own year. We likewise include (4) the few roads which operate entirely within State boundaries, and therefore do not report to the Federal Commission, and (5) Mexican and Canadian companies. We add (6) the roads which have issued their own statements for April, but have not yet filed any returns for that month with the Commission. Finally (7) we give the figures for any roads that have already submitted their May statement.

a Net earnings here given are after deducting taxes.
b Net earnings here given are before deducting taxes.
c Includes the New York & Ottawa, the St. Lawrence & Adirondack and the Ottawa & New York Ry., the latter of which, being a Canadian road, does not make returns to the Inter-State Commerce Commission.
e Includes the Northern Ohio RR.
g These results are in Mexican currency.
h For April 1910 additional income is given as showing a deflict of \$13,138, against a deficit of \$676 in 1909, and for period from July 1 to April 30 was a deficit of \$40,219 in 1910, against a deficit of \$59,142 last year.
f The company now includes the earnings of the Atch. Top. & Santa Fe Ry., Gulf Colo. & Santa Fe Ry., Eastern Ry. of New Mexico System, Santa Fe Prescott & Phoenix Ry., Southern Kansas Ry. of Texas, and Texas & Gulf Ry. in both years. For April taxes amounted to \$324,155, against \$272,651 in 1909; after deducting which, net for April 1910 was \$2,380,115, against \$2,927,110 last year. For period from July 1 to April 30 taxes were \$3,116,719 in 1910, against \$2,426,508 in 1909.
k For April 1910 additional income was \$8,371, against \$18,117 in 1909, and for period from July 1 to April 30 was \$116,433 in 1910, against \$123,589 last year.
n These figures represent 30% of gross earnings.

n These figures represent 30% of gross earnings. r After allowing for miscellaneous receipts and net from coal and other departments, total net earnings for March 1910 were \$333,498, against \$210,154 in 1909.

Interest Charges and Surplus.

Electric Railway Net Earnings.—The following table gives the returns of ELECTRIC railway gross and net earnings reported this week. A full detailed statement, including all roads from which monthly returns can be obtained, is given once a month in these columns, and the latest statement of this kind will be found in the issue of May 28 1910. The next will appear in the issue of June 25 1910.

ANNUAL REPORTS.

Annual Reports.—An index to annual reports of steam railroads, street railways and miscellaneous companies which have been published during the preceding month will be given on the last Saturday of each month. This index will not include reports in the issue of the "Chronicle" in which it is published. The latest index will be found in the issue of May 28. The next will appear in that of June 25.

Havana Electric Railway, Havana, Cuba.

(Report for Fiscal Year ended Dec. 31 1909.)

President Warren Bicknell, New York, May 1910, wrote: "The gross earnings increased in 1909 \$211,840, or 9.3%; the net earnings from the stage lines show an increase of \$21,763, or 33.8%; the gross earnings per track mile in 1909 were \$40,908; in 1908, \$38,448; and the ratio of operating expenses to gross earnings was reduced from 50.15% in 1908 to 45.34% in 1909."

Information from Report of Gen. Man. F. Steinhart, Havana, Feb. 1 1910.

Owing to the increasing requirements for car service, it was decided to increase the power plant capacity by 1,500 kilowatts (2,000 h. p.) of generating machinery, at an estimated cost of \$150,000; more than 75% of this has been contracted for at an actual investment of much less than that proportion. The plans for this year contemplate considerable activity. The service in the down-town portion of Havana has become so congested that additional trackage is absolutely imperative, especially as new outlying lines are about to be built. Therefore it has been decided to construct a new line on Luz St. from Egido to San Pedro, and also a connection on Cuba St. from Sol St. to Luz St. The growth of the Concha-Luyano and the Puentes Grandes districts necessitates the early building of lines to serve them, and these are among the first works to be undertaken during the ensuing year (1910).

less legal expenses; \$700 gain in Mariano real estate; sundries, \$525.

Note.—The dividends deducted above in 1909 include four consecutive quarterly payments, viz., 1% each paid Aug. and Nov. 1909 and Feb. 1910 and 1½% May 1910. In the company's pamphlet report the last-named dividend is not shown, although the dividend paid May 1909 was paid from the earnings of 1908.

Rio de Janeiro Tramway, Light & Power Co., Ltd.

(Report for Fiscal Year ending Dec. 31 1909.)

President F. S. Pearson, Toronto, May 25, wrote in substance (see also V. 90, p. 843):

stance (see also V. 90, p. 843):

Construction.—During the year construction has been largely confined to the extension in the Federal District of the light and power distribution systems and also to the reconstruction of the tramways for electric operation. Additional duct lines, aggregating 225,950 lineal feel, and five large transformer vaults have been installed for the light and power service, giving a total of 1,598,945 lineal feet of ducts, 79 transformer vaults and 309 manholes completed up to Dec. 31 1909. In the reconstruction of the mule tramways there have been laid during the year 73.34 miles, including 3.68 miles of the Villa Isabel system reconstructed. On Dec. 31 there only remained to be completed the Saude lines, a small amount of work on the Cascadura line and the extensions to the suburbs of Penha and Iraja. During the year 132 passenger cars were put into service. Of these 41 were built complete in the company's shops at a less cost than they can be imported for, and in consequence all future rolling stock will be so constructed. The Corcovada rack raliway has been electrically equipped and should prove more attractive and profitable.

Telephone Service.—When additions in progress are completed, the company will possess three stations with a total capacity of 8,700 lines, viz: Central Exchange, 6,300; Villa Isabel Exchange, 1,600; South 800.

Gas Service.—The revision of the concession for the supply of gas and electric light in the Federal District and the City of Rio de Janeiro has been concluded on terms very satisfactory to the company (V. 90, p. 843). It is expected that the new plant will be ready for operation by Dec. 31 1900.

Operation.—The electric tramway service is proving very satisfactory to the public, and when all the lines are electrically operated, the suburban service should show a large increase in earnings. The light and power business has grown in a very satisfactory manner; on Dec. 31 1909 the company had contracts for the supply of 25,719 h. p., as against 15,619 h.

Gas.—The strike at the gas works in June enabled the company permanently to settle the labor question by dispensing with all disaffected employees and placing the service on a satisfactory basis. The expenses attendant on the strike materially reduced the net income. Since the strike, a much better quality of gas has been produced and a larger quantity per ton of coal used, with the operation of only one-third of the retorts formerly required.

ton of coal used, with the operation of only one-third of the retorts formerly required.

Jardim Botanico Co.—While the Rio Company now holds about 75% of the shares of the Jardim Botanico Co., that company during the past year has been operated as an independent concern. Arrangements have now been concluded for operating the property as an integral part of the tramway system, and its gross and net revenues in future will be included in the accounts of this company. The earnings for the past year were: Gross, \$2,039,172; net, \$958,108.

Financial.—During the year the company issued at par \$6,250,000 stock, thus making the total capital outstanding \$31,250,000. Compare V. 88, p. 1374. [In March 1910 a further \$6,250,000 was offered. See V. 90, p. 848.] There were also sold during the year a further portion of the 50-year mortgage bonds, viz., 12,530,000 francs of the French issue and \$451,300 of the sterling issue, making the total amount outstanding of this bond issue £3,151,300 (compare V. 90, p. 1364).

Earnings.—The net revenue from operation, after deduction of operating expenses, maintenance, taxes and other expenses in Rio de Janeiro, was \$3,438,495; the charges of the company and its subsidiaries together amount to \$2,288,887, leaving a net surplus of \$1,149,607. From this surplus a first dividend of 1% upon the paid-up capital, amounting to \$311,908, was paid on Nov. 1 1909 (V. 89, p. 779), leaving a balance of \$837,699, which, being added to the surplus in 1908 of \$870,237, leaves an undistributed bet profit of \$1,707,936.

United Shoe Machinery Corporation.

(Report for Fiscal Year ending March 1 1910.)

President S. W. Winslow, June 11 1910, wrote (see extra dividend in "Investment News" Department):

dividend in "Investment News" Department):

The past fiscal year has been marked by an uninterrupted improvement in our business. Each succeeding month has shown an increase over the corresponding month of any preceding year in the amounts received from royalties, rentals and sales. The volume of business for the year was 14% greater than for the year preceding, and there was likewise a substantial increase in net earnings.

The number of machines out on lease in the United States on March 1 1910 was 80,734, an increase for the year of 10,381, or 14 ½%.

The business of the foreign companies, in which the company is interested, shows a satisfactory increase over the business of the previous year.

The factory at Beverly is running on full time, and since May 1 1910 has been obliged to run night shifts. More hands are now employed at the factory than at any previous time. Contracts have been made for the immediate construction of an addition containing 91,200 square feet of floor space.

The company has continued its liberal expenditures for the improvement of existing machines and the development and purchase of new inventions. In the Goodyear department important new machines are at present undergoing practical tests; the result of which, it is already evident, will justify the company in offering them to the trade. These machines will greatly facilitate the operations upon Goodyear welt shoes and will enable the manufacturers using them to keep fully abreast of the demands of the trade. The Ideal clicking machine continues to fulfill the expectations aroused by its introduction. During the year over 1,600 machines were installed in factories, more than doubling the number in use by the company's lessees at the beginning of the year.

In view of the excellent condition of the company and in conformity with its established policy to furnish a better service and equipment year by year at less expense to its lessees, it has addressed to all lessees a letter announcing the company's decision to put into operation a plan long in contemplation which, it believes, will result in the further expansion of its own business through the increased business and prosperity of its customers.

Standard Screw Company.

(Report for Fiscal Year ending March 31 1910.)

Pres. W. B. Pearson, May 11 1910, wrote in substance:

The improvement in business continued in such substantial manner that the directors decided to provide for the increase by substantial additions to the plants at Hartford, Detroit and Chicago. To provide funds for this purpose, to supply additional working capital and to take up the outstanding \$224,000 of debentures maturing April 1 1910, it was decided to issue \$600,000 5% debentures maturing serially and payable at the rate of \$30,000 every 6 months, beginning April 1 1911 (V. 90, p. 563). These debentures have been issued and sold, the old debentures retired and the improvements practically completed. The results will soon be apparent. The returns from operation have been sufficient to warrant the setting up of a substantial reserve for depreciation.

Canadian General Electric Co., Ltd.

(Report for Fiscal Year ending Dec. 31 1909.)

President W. R. Brock, in the report submitted at the annual meeting held in Toronto on March 28 1910, said:

annual meeting held in Toronto on March 28 1910, said:

General Results.—The profit and loss statement, while showing that the dividend for the year has been earned, does not reflect our actual measure of prosperity. Owing to the industrial depression existing in 1908 and the first half of 1909, our financial year, showed discouraging results. However, the latter part of the year showed such decided improvement that we almost succeeded in equaling the earnings of the previous year. On Dec. 31 1909 we had more work in progress than since 1907, but as the company only inventories work in progress at the actual cost of labor and material, no estimated profits have been taken into account.

Outlook.—Since Jan. 1 1910 the marked improvement in volume of orders received has been maintained, and present trade conditions warrant the belief that this improvement will continue.

The company, within the last two or three months, has secured some of the most important contracts for electrical apparatus ever awarded in any country, totaling nearly 200,000 h.p. These include three generators of 15,000 h.p. each, three generators of 12,000 h.p. each and two of 11,000 h.p. Canada Foundry Co.—The Canada Foundry Co. has just satisfactorily

country, totaling nearly 200,000 h.p. These include three generators of 15,000 h.p. each, three generators of 12,000 h.p. each and two of 11,000 h.p. Canada Foundry Co.—The Canada Foundry Co. has just satisfactorily completed for the Canadian Government, at St. Andrew's Rapids, near Winnipeg, a movable dam of steel construction that is one of the most important engineering propositions yet undertaken in Canada, and has recently entered into a contract with the Dominion Iron & Steel Co. for the construction of their new blast furnace plant. All departments of the Canada Foundry Co. are now back to normal production, the structural steel department being over-taxed. As we have had to forego much business for this department, because of insufficient capacity, your directors decided to provide for a largely increased output, and negotiations are now pending for the acquirement of a suitable location for an extension.

Financial.—During the year our bank account was reduced below \$300,-000, at which time our accounts receivable amounted to nearly \$2,000,000, but the rapid influx of orders necessitated the purchase of large quantities of raw materials, no less than \$400,000 of such materials, principally iron, steel and copper, having been received during Becember, with the result of increased borrowings to a moderate amount.

Office in Calgary.—The great development of the Canadian Northwest made it increasingly difficult to handle the business of that district from either our Vancouver or Winnipeg branches, and the directors arranged to open a new branch office in Calgary, Alberta, which is now in operation.

b In addition to the liabilities above shown on Dec. 31 1909 there was a contingent liability on notes receivable discounted amounting to \$293,744.—V. 90, p. 916.

American Iron & Steel Manufacturing Co.

(Report for Fiscal Year ending Dec. 31 1909.)

President James Lord, Lebanon, Pa., Feb. 9 1910, wrote: The depression in the industry, so apparent throughout 1908, continued during a portion of the past year, with a return to normal conditions as to output during the last half.

Special dividends, amounting to \$221,625, were paid during the year in addition to the regular dividends.

Additions were made to plants and equipment amounting to \$181,888. The allowance for depreciation of plants and machinery now amounts to \$805,000.

* After deducting reserve for deprec'n, \$805,000 in 1909, against \$764,000 in 1908. [Dividends of 2% quarterly on the com. and 14% on the pref. stock were paid from April 1905 to Jan. 1907. Dividends of 2% on both classes of stock were declared payable April 1 1907, of which 14% was then paid and the remaining 4 of 1% on July 1 1909 after the decision was rendered holding that both classes are entitled to participate equally in dividends above 5%. A special dividend of 6% was also paid Sept. 17 1909 to equalize the dividends theretofore paid on the pref. stock for those years with those on the common. V. 89, p. 44, 780. Regular quarterly dividends of 14% have been paid since July 1907 on both classes of stock.—Ed.]—V. 90, p. 448.

Vulcan Detinning Company.

(Report for Fiscal Year ending March 31 1910.)

Pres. Eugene E. Spiegelberg says in substance:

Pres. Eugene E. Spiegelberg says in substance:

General Results.—The past fiscal year has, with the exception of the year 1902-03, been the most successful in our history. During the last three months, however, ending March 31 1910, increased competition was experienced through a newly established detinning company. Total net profits after deductions for depreciation and betterments were \$208,685. Four dividends were declared at the rate of 1½% quarterly, and, in addition thereto, two dividends of ½% each on account of accumulated dividends, a total of 6% for the year. The sum of \$118,685 was added to surplus. The accumulated dividends due the preferred stock amount to 19% (a further ½ of 1% on account of the accumulations was paid April 20 1910; V. 90, p. 918). The plants have been maintained in a state of high efficiency. Numerous improvements were made during the year.

Earnings.—The Court of Errors and Appeals of New Jersey, in its decision filed June 14 1909, modified the order for an accounting to us of all profits made by the American Can Co. through the use of our secret process of detinning, and decreed that the Vulcan Detinning Co. is entitled to an accounting of such profits only from the date of filling our bill of complaint, Sept. 16 1903, to the time of the taking of the account, July 31 1907. This proceeding is now pending before Hon. William J. Magle, Special Master. The ultimate result is a matter of uncertainty. (V.88, p.1626, 1005.)

GENERAL INVESTMENT NEWS.

RAILROADS, INCLUDING ELECTRIC ROADS.

American Cities Railway & Light Co.—Dividend Increased. -A semi-annual dividend of 13/4% (No. 3) has been declared on the \$10,761,165 common stock, payable July 1 to holders of record June 20, comparing with 11/2% in January last and 1% in July 1909.—V. 90, p. 1032, 915.

Astoria Seaside & Tillamook (Electric) Ry.—New Enter prise,—See National Public Utilities Corporation below.

Atchison Topeka & Santa Fe Ry.—Call on Syndicate.— The managers of the syndicate which underwrote abt \$39,-000,000 4% convertible bonds offered to stockholders last April (V. 90, p. 913, 1043) have called on the members of the syndicate for a first installment, amounting, it is said, to about 25%. It is commonly supposed that the shareholders took between 10 and 15% of the issue.—V. 90, p. 1489, 1043.

Bartlett-Florence RR.—Details of Bonds.—The \$116,500 bonds recently permitted to be registered by the Texas Railroad Commissioners are part of an issue of \$430,000 first 20-year \$500 gold 5s dated Nov. 1 1909.

The \$116,500 bonds were issued for the construction of 11 miles of road between Bartlett and Jarrell, Tex., and are now offered for sale. Interest May 1 and Nov. 1 at Dallas Bank & Trust Co., mortgage trustee. The company was incorporated Sept. 1 1909 and is building 23.3 miles of road. Capital stock, \$25,000. Pres., G W. Hubbard; Sec., John C. Collins; Treas., C. C. Balley. Office, Bartlett, Tex.—V. 90, p. 976.

Berkshire (Mass.) Street Ry.—Bill Signed—Extensions.-Governor Draper on June 10 signed the bill providing that the New Haven road may purchase the whole or any part of the capital stock of the company, subject to the approval of the Railroad Commissioners.

Railroad Commissioners.

The law provides that the New Haven road shall not, without the approval of the Commissioners, sell or dispose of any of the stock acquired or owned; that the rate of fare shall not be increased, nor the facilities for travel diminished. Also that the company shall, before Jan. 1 1913, construct the following new lines of street railway: From some convenient point in the town of Huntington to connect with the present line; a line to the summit of Greylock Mountain; a line from the present terminus in Great Barrington through the town of Ashfield to the boundary line between Massachusetts and Connecticut; a line connecting the town of Egremont with the road, and extensions, double-tracking and reconstruction in the cities of North Adams and Pittsfield as shall be requested by the mayors and boards of aldermen.—V. 90, p. 1553, 1295.

Boston & Albany RR — New Roads. The Public Services

Boston & Albany RR.—New Bonds.—The Public Service Commission, 2d District, at Albany, has authorized the company to issue \$2,000,000 25-year 4% debenture bonds, to be guaranteed, principal and interest, by the New York Central & Hudson River RR.

The bonds have been previously approved by the Massachusetts Rallroad Commission and are to be issued to pay for improvements and betterments.

—V. 90, p. 1169.

Boston Railroad Holding Co.—Bill Passed Permitting Issue of Non-Voting Guaranteed Preferred Stock.—The Massachusetts Senate on June 15 passed the bill previously approved by the House permitting the company to issue pref. stock, having no voting power, which is to be guaranteed by the New York New Haven & Hartford RR., to facilitate the making of desired improvements on the Boston hi is in accordance with the suggestions of the special message of Gov. Draper of April 22 last and is approved by the officials of the New Haven road. The pref. stock is to take the place of the bonds guaranteed by the

proved by the officials of the New Haven road. The pref. stock is to take the place of the bonds guaranteed by the New Haven road, and which are held in the latter's treasury. The amount of preferred stock and of every increase is to be approved by the Board of Raliroad Commissioners. The holders shall, in priority over all other stock, be entitled, on dissolution or liquidation of the company, or default in payment of any stipulated dividend thereon, to payment of the par value (\$100 per share) and accrued dividends, and, further, to semi-annual cumulative dividends at a rate to be approved by the Raliroad Commissioners, not to exceed 5% per annum. Said preferred stock shall not be entitled to participate in any increase or issue of new stock, common or preferred, which may be made by the company; shall not have any voting power, or counted with the common stock in questions of majorities and quorum, and shall be subject to such other restrictions, qualifications and limitations, and entitled to such other privileges and priorities, as shall be approved by the Board of Raliroad Commissioners.

Subject only to the rights of the Holding Company, said preferred stock shall be a charge and lien upon, and be secured by, all stock of the Boston & Maine RR. at any time held by the Holding Company, said preferred stock shall be a charge and lien upon, and be secured by, all stock of the Boston of If authority to sell the Boston & Maine RR. stock, as provided for by Section 3 of Chapter 519 of the Laws of 1909, shall be granted by the Legislature, the Holding Co. may forthwith retire and cancel the preferred shares on paying the holders compensation determined as provided in Section 7 of Part 2 of Chapter 463 of the Laws of 1906; but not less than the par value thereof and accrued dividends thereon; and after 30 days from the commencing of proceedings for such determination, the Supreme Judicial Court shall have jurisdiction to authorize the sale of said Boston & Maine RR. stock free from the lien of sale referred stoc until the Court shall be satisfied that the Legislature has had a sufficient opportunity to determine whether it will exercise the privilege to purchase the securities of the Holding Co. secured to it by Section 4 of said Chapter 519 of the Laws of 1909. In case of such sale, the proceeds shall be applied, after discharge of any claim which existed prior to the authorization of any of such preferred stock, to the payment of all accrued and unpaid dividends on the preferred stock, then to the payment in full, or pro rata partial payment, of the par value of said preferred stock, and the balance, if any, of the proceeds shall be paid to the Holding Co.

Section 5 of the Act provides that any railroad corporation owning any of the common stock of the Holding Co. may acquire, hold, own and sell any of the preferred stock and may guarantee the payment of the stipulated dividends thereon, and of the par value thereof in case of liquidation or distribution of said Holding Co., and of any deficiency resulting from a sale under the provisions of the Act.—V. 90, p. 770.

Burlington County Ry... Mt. Holly N. J.—Foreclassing

Burlington County Ry., Mt. Holly, N. J.—Foreclosure Sale.—The road was purchased at foreclesure sale on June 16 for \$120,000 by A. Merritt Taylor of Philadelphia. The only other bidder was Reginald Branch of Burlington, representing a Philadelphia syndicate.—V. 90, p. 1361, 236.

Central RR. of New Jersey.—Extra.—Along with the regular quarterly dividend of 2% payable Aug. 1 on stock of record July 1, the directors have declared an extra 2%, payable June 25 on stock of record June 17, out of the 61/2% dividend of Lehigh & Wilkes-Barre Coal Co., payable June 24.
The first special dividend of 2%, paid Dec. 15 1909, was also from a 6½% distribution by the coal company. Extra dividends if continued at the rate of 4% yearly would, with the regular 8% maintained since 1902, bring the stockholders 12% per annum and afford the Reading Company's from its stock holdings in the road \$1,740,480 yearly, an increase of \$580,160 over the regular 8% per annum.—V. 90, p. 1296, 976.

Chicago & Alton RR.—Doubt About Dividend on Common Stock.—The 2% semi-annual dividend on the \$19,542,800 common stock paid last year on Aug. 15 was not declared until July 13 and no action respecting the August dividend for the current year has been taken. There has, however, been a heavy decline in the price of the common shares, which is understood to reflect current doubts as to whether, in view of the falling off in the company's earnings for several months past, due chiefly to the coal miners' strike in Illinois, dividends on the common may not be reduced or suspended.

Chicago Blue Island & Joliet Electric Ry.—Bonds.—A mortgage was recently filed to the American Trust & Savings Bank of Chicago, as trustee, to secure \$500,000 bonds. The company was recently organized to construct an electric railway connecting the Chicago & Southern with the Joliet & Southern roads, near Frankfort. W. H. Conrad is President and W. H. Merrill Secretary.

Chicago Consolidated Traction Co — New Plan. — The Chicago Railways Co., "with a view to adjusting all complica-tions," &c., recently submitted to the leading interests the terms of a plan (see Chicago "Economist" of June 11 and 17), in accordance with which it is willing to purchase all the properties of the Chicago Consolidated Traction Co. system, free and clear of existing encumbrances, provided the necessary franchise ordinance shall be passed. The plan contemplates new securities on account of said system and their application as follows:

Totals _____\$13,283,000 \$3,693,000 \$4,890,000

* 50% of accrued interest to be paid in funding bonds.

x All of accrued interest to be paid in funding bonds.
y So stated with apparent authority, though the exact percentage is not given in official digest of plan.
z 42 ½% of accrued interest, it is understood, will be paid in funding bonds.

The holders of a large majority of the \$6,750,000 Chicago Consolidated Traction Co. 4½% bonds are reported to have signified their willingness to accept in exchange 50% in the new funding bonds, among the assenting holders being the widow of Charles T. Yerkes, who holds \$4,750,000 of 41/2% bonds. The plan is expected to go through, though it is for the time being held in abeyance for reasons stated by those friendly to the proposition to be substantially as follows:

1. The Harrity-Foreman group of bondholders, the interests which gained a judgment against the Railways Company in Judge Ball's Court for about \$1,300,000 of the old Consolidated bonds, will not come into the plan as at present outlined. Judge Payne, their legal representative, believes the judgment will be sustained by the higher courts, in which case the bondholders will receive dollar for dollar. The Railways Company will set aside \$1,500,000 to meet this possibility. Judge Payne personally favors the plan for the other security holders (V. 90, p. 1362, 1424).

2. A portion of the holders of the present outstanding participation certificates, represented by James Hamilton Lewis, threaten to enjoin the proposed merger on the ground that the new securities will take precedence over the participation certificates with reference to the earnings of the Rail-

posed merger on the ground that the new securities will take precedence over the participation certificates with reference to the earnings of the Railways Co., in contravention of the agreement at time of issue.

3. The holders of the \$2,000,000 Cleero & Proviso 5% consols point to the offer to the Ogden St. Ry. Co. of \$650,000 "purchase" and "funding" bonds in exchange for \$750,000 ist M. 6s, and claim that a similar offer should be made for their properties. This claim will probably not be granted, as the Cleero lines have a bonded debt per mile far in excess of the Ogden property, and are in wretched state. [There are also, it is stated outstanding \$381,200 C. & P. receiver's certificates that must be paid in cash.—Ed.]—V. 90, p. 1424, 1362.

Chicago Indianapolis & Louisville Ry.—Maturing Bonds-Option of Exchange.—The \$3,000,000 Louisville New Albany & Chicago Ry. first mortgage 6s of 1880, due July 1 1910, will be paid on and after that date at the Central Trust Co., 54 Wall St., New York, N. Y.

Referring to this fact, Potter, Choate & Prentice announce that they have purchased the \$3,000,000 Chicago Indianapolis & Louisville Ry. refunding mortgage 4s, due July 1 1947 which were reserved to retire the above bonds. Having sold over one-half of this issue, the firm has reserved \$1,000,000 of the same for purposes of exchange, and are now prepared to take the maturing 6% bonds up to that amount on a 3% basis, in exchange for these bonds on a 41/4% basis.—V. 90, p. 697.

City & Elm Grove RR., Wheeling, W. Va.—Control Sold.—President John A. Howard has sold his interest in the road, said to amount to about \$1,000,000 of the \$2,000,000 stock, to Joseph Speidel, A. S. List, J. N. Vance, Dr. J. L. Dickey, L. E. Sands and H. S. Sands.

Joseph Speldel has been elected President, Hal Spiedel, Vice-President, and A S List, Treasurer.-V. 85, p 654.

Cleveland Cincinnati Chicago & St. Louis Ry.—New Bonds. The new 4% debentures of 500 fr. each recently placed in France are due June 1 1930; interest payable J. & D., without deduction for taxes under any present or future laws in the U. S. or under the laws in force in France on May 1 1910.— V. 90, p. 1554, 1424.

Coal & Coke Ry.—West Virginia Two-cent Passenger Rate Held Illegal.—The West Virginia State Supreme Court of Appeals on March 8 affirmed the decision of the lower court, holding the 2-cent passenger rate law passed by the West Virginia Legislature in 1907 to be illegal and confiscatory as applied to the company.

The law, it is held, however, must be enforced in all cases except those in which the roads can show that they are wholly or partly prevented from earning a fair return on their investment. The Chesapeake & Ohlo, No.4 folk & Western and the Virginian Ry, have brought similar proceedings, each of which under the Court's ruling will have to be decided according to the particular facts in the case.—V. 88, p. 1499.

Consolidated Railway & Power Co., Fayetteville, N. C. -Re-sold.—At the second Commissioner's sale at Fayetteville on June 2 the franchise and all property whatsoever was bought by J. Sprunt Newton and associates of Fayetteville for \$65,500. Compare V. 90, p. 1170, 848.

Eastern Ohio Traction Co.—Sale of Cleveland & Eastern.— The Cleveland & Eastern division was bid in on June 10 at foreclosure sale for \$753,334 by H. P. McIntosh, representing the first mortgage bondholders of the division, and will be reorganized per plan in V. 89, p. 1596, under title, it is stated, of Cleveland & Eastern Traction Co. V. 90, p. 1238, 447.

Erie Railroad.—Bergen Hill Cut Open.—The open cut through Bergen Hill was placed in service June 12. The cut gives the road an open-air line from Jersey City to all suburban communities.—V. 90, p. 1425, 1362.

Forty-Second Street Manhattanville & St. Nicholas Ave. RR., New York.—Amendment of Foreclosure Decree.—Judge Lacombe has made an order amending the decree of foreclosure sale by directing that the successful bidder, irrespective of how much he may have deposited in the b dding, shall in making good his bid pay in c sh the sum of \$350,365, the amount of the surplus income invested by Receiver Whitridge in 75 convertible pay-as-you-enter cars.

The order for the purchase of these cars was granted on June 8 1909, and the cars, which were purchased from surplus income from operation, the Court said, will be necessary to the purchaser of the property. The amount of surplus income is to be segregated and held as a separate fund until it is determined to whom it shall be distributed.—V. 90, p. 1425, 1170.

Galveston-Houston Electric Co.—Pref. Stock Offfered.— Stone & Webster, Boston, &c., are offering at 93½, yielding 6.4%, \$225,000 (treasury) 6% cumulative pref. stock. Total auth., \$3,000,000; outstanding, including this offering, \$1,-600,000. Preferred as to dividends and in case of liquidation. Dividends M. & S. 15. Common stock outstanding \$3,000,000, paying dividends at rate of 3% per annum. A circular says:

The proceeds from the sale of this issue of pref. stock will provide part of the funds for the construction and equipment of the 45-mile interurban line now under construction between Galveston and Houston. Galveston-Houston Electric Ry. Co. has sold \$2,750,000 of its 1st M. guaranteed 5s to provide additional funds for this purpose (V. 90, p. 693). Interest on these bonds will be charged to "interest during construction" until the completion of the interurban line

Earnings (combined companies) for 12 months and the sale of the companies of th

Earnings (combined companies) for 12 months ending March 31 1910: Gross earnings, \$1,228,619; net earnings, \$493,784; interest charges and taxes, \$235,141, and sinking fund, \$32,985. Balance for dividends, \$225,-657. Dividend on \$1,600,000 pref. stock, including that now offered, requires \$96,000. Compare railway in V. 90, p. 697, 559.—V. 90, p. 372.

Great Northern Ry.—Decision as to Sleeping-Car Rates.— See Pullman Co. under "Industrials" below.-V. 90, p. 1490, 697.

Gulf & Northwestern Ry.—Bonds Authorized.—The Kansas Railroad Commissioners on March 16 authorized the company to issue \$1,500,000 stock and \$1,500,000 bonds, at the rate of \$20,000 per mile.

The company is controlled, it is stated, by ranchmen and farmers of western Kansas, its projected line extending from Oklahoma City, Okla., to Sterling, Colo., 620 miles, in the northern part of Colorado, with branches. If built it will traverse from north to south the counties in western Kansas, the latter having voted bonds aggregating \$695,000 in aid of the road. James A. Sprague of Selden, Kan., is Vice-President, the other incorporators being J. B. Dyatt, John A. Keenan, C. C. Evans and J. F. Kimmel of Goodland, Kan.; J. W. Tibbles, Dresden, Kan.; James A. Sprague, Selden, and R. B. Ketchum, Canon City, Col.

Hilo RR., Honolulu.—Extension—New Securities.—The shareholders on May 17 voted to extend from Hakalau, the end of the extension now being made from Hilo, to Paauilo (Hamakau Mill); also to authorize a bond issue of \$1,000,000, to increase the capital stock from \$2,150,000 to \$3,150,000, and to ratify contracts for carrying freight for the plantations from Hakalau and Hamakua. The bond issue has been sold to Theo. H. Davies & Co., Ltd. Compare V. 85, p. 283, and see V. 90, p. 1425.

Hocking Valley Ry.—Injunction Against Retirement of Preferred Stock Dissolved—Remainder of Injunction Temporarily in Force.—Judge Sater in the United States District Court at Columbus, O., on June 13 dissolved that part of the injunction granted by the State Court which prevented the retirement of the \$15,000,000 pref. stock, called for payment at par on April 30 last. J. P. Morgan & Co., who have resumed the purchase of the stock for retirement, which was temporarily interrupted by the restraining order, by advertisement on another page, offer the holders of preferred stock or trust receipts therefor upon surrender of the same to them to pay an amount equal to the par value thereof, together with the proportionate amount of the annual 4% dividend thereon from the date when the last dividend accrued, namely Dec. 31 1909 to April 30 1910, and also interest at 4% per annum from said last-mentioned

date up to the date of payment, not later than June 20 1910. Over \$5,000,000 of the stock, it is stated, had been redeemed at the time of the service of the order.

-It is held that the directors acted within their rights in seeking to retire the preferred stock under the terms of the company's charter. The Court, however, refused to vacate the part of the restraining order which prevents the issuance of new common stock and its sale and disposition until the merits of the matter have been determined. The Court says: Until it is determined whether the present holdings of the Chesapeake & Ohio are valid or not, it should not be permitted to increase these holdings, nor should the defendant company be suffered to increase its common stock and dispose of the same."—V. 90, p. 1363, 1296.

Hudson Companies.—Completion of Controlled Gimbel Building—Mortgage—Lease.—See Greeley Square Realty Co. under "Industrials" below and compare V. 90, p. 502, 627.

Hudson & Manhattan RR.—Completion of Gimbel Building —Lease, Mortgages, &c.—See Greeley Square Realty Co. under "Industrials" below.—V. 90, p. 1425, 1296.

Illinois Light & Traction Co., Streator, Ill.—Sale.—See Illinois Valley Gas & Electric Co. under "Industrials" below.—V. 82, p. 280.

Metropolitan Street Ry., New York.—Receivers' Certificates Authorized.—Judge Lacombe in the U.S. Circuit Court on Monday authorized the receivers to issue \$3,000,000 nine months 5% receivers' certificates to pay back special franchise taxes, ranking ahead of the refunding mortgage of 1902 and the general collateral trust mortgage of 1897; also, on Tuesday, \$3,500,000 nine months 5% certificates to replace the \$3,500,000 $4\frac{1}{2}\%$ certificates which matured June 15, the last-named certificates also ranking ahead of the \$12,500,000 general collateral trust and \$16,604,000 refunding mortgage bonds. Of the \$3,000,000 issue, \$2,750,000, together with all the \$3,500,000 issue, have been sold to a syndicate consisting of Kuhn, Loeb & Co., the Central Trust Co., Guaranty Tr. Co. and Farmers' Loan & Tr. Co. See also New York & Harlem RR. below.—V. 90, p. 1554, 1491.

Mexico (Mo.) Santa Fe & Perry Traction Co.—Mortgage.-The company has filed a mortgage to the Fidelity Trust Co. of Kansas City, as trustee, to secure an issue of \$1,600,-

The bonds, it is stated, are issuable at \$15,000 per mile and an additiona amount for power houses. The road is partly constructed between Mexico and Perry, about 27 miles, and is projected north to Hannibal, Mo., a total length of 103 miles. The company was incorporated in April 1907 with \$850,000 authorized stock. A mortgage was filed in April 1908 to the Carnegie Trust Co. of New York, as trustee, to secure an authorized issue of \$850,000 6% gold bonds, but no bonds are presumably outstanding thereunder. President, M. Crum; Secretary, C. W. Gaither; Treasurer, W. W. Botts.

Michigan Central RR.—Settlement of Michigan Litigation. —The important litigation (V. 83, p. 213) which has been pending a number of years between the company and the State of Michigan has been adjusted. We have been favored with the following:

The railroad company has filed a satisfaction and release of all claims against the State in the suit for damages for the repeal of its special charter, in which suit the amount of the damages laid in the declaration was \$6,000,000. In consideration of the entry of a decree for \$125,000 in favor of the State in the counter suit brought by the State against the railroad company for alleged delinquency in the payment of taxes during the years 1855 to 1893, in which suit the State claimed that the unpaid taxes with interest amounted to about \$4,000,000. The railroad company has paid the amount of the decree, which is the estimated expense incurred by the State in the litigation.—V. 90, p. 1554, 710, 691.

Mobile & Ohio RR.—Dividends Resumed.—The company has declared a dividend of 4% on its \$6,070,600 capital stock (\$5,670,200 owned by Southern Ry.), payable June 24 to holders of record June 18, from the earnings of the fiscal year ending June 30 1910, comparing with 4% for the fiscal year 1908-09, paid semi-annually. The last disbursement (2½% semi-annual) was made just one year ago. Compare V. 90, p. 503.

National Public Utilities Corporation, Philadelphia.-Preferred Stock Offered-Plan to Finance Astoria Seaside & Tillamook (Electric) Ry.—Haines & Co., Philadelphia, are offering at par (\$10 a share) the unsold portion of the present issue of \$25,000 7% cum. pref. stock.

Condensed Extracts from Letter of F. L. Smart, Vice-President National Public Utilities Corporation.

Organized under laws of Delaware. Capital stock, \$2,000,000, viz.: \$250,000 7% cum. pref. stock, pref. as to dividends and assets, retirable at any time after 3 years at 105, and \$1,750,000 common stock, full paid and non-assessable. Par, \$10 per share. Corporation Guarantee & Trust Co. of Pennsylvania, Registrar; transfer office at company's headquarters,

and non-assessable. Par, \$10 per share. Corporation Guarantee & Trust Co. of Pennsylvania, Registrar; transfer office at company's headquarters, 536 Real Estate Trust Building, Philadelphia.

The company owns all except a few shares of the \$2,000,000 capital stock of the Asotria Seaside & Tillamook (Electric) Ry. now under construction from Astoria, Ore., to Seaside, Ore., about 20 miles. The Astoria Seaside & Tillamook Ry. Co. is the owner of franchises in Astoria and the rights of way through Clatsop County to Seaside. The National Public Utilities Corporation further controls valuable real estate in Astoria, and other assets.

The purpose of this issue is (1) to finance the construction of the Astoria Seaside & Tillamook Ry. up to the date of the issue of bonds by said company; (2) to secure and exploit real estate holdings. [The company was incorporated in Oregon about June 1908 with \$2,000,000 authorized stock.—Ed.] The rallway is being built from Astoria through Warrington, Ore., and thence southward along the Pacific Coast to Seaside, Ore. After this portion is completed, it will be extended to Tillamook, Ore., about 50 miles, making a total of about 70 miles of road. The preliminary engineering has cost several thousands of dollars. It is expected that theroad will be in operation within 12 months. Estimated earnings, 20 miles, first year: Passengers, \$205,000; freight, \$24,000; lumber, \$18,000; total earnings, \$247,000; net earnings, \$98,000; interest on bonds, \$45,000; net earnings to the National Public Utilities Corp., \$53,800. Officers: John K. Tener, Pres., Charlerol, Pa.; Thomas Bromley Jr., Sec.; F. L. Smart and W. L. Chrisman, Vice-Presidents, Philadelphia, Pa.; Simeon Merrell, Treas., Meadville. Pa.

New York Central & Hudson River RR.—Decision.—The Court of Appeals yesterday affirmed the decision of the lower Court holding that issues of equipment trust certificates are subject to the approval of the Public Service Commission. Compare V. 90, p. 1239.—V. 90, p. 1491, 1296.

New York & Harlem RR .- Reimbursement .- The order of Judge Lacombe providing for the sale of an issue of \$3,- Reading Company.—Increase in Other Income.—Se 000,000 Metropolitan St. Ry. receivers' certificates (see that ral RR. of New Jersey above.—V. 90, p. 1555, 1297.

company above) provides that from the proceeds of the same and other moneys there be repaid to this company the sum of \$400,000 advanced by it for the payment of special franchise taxes, with interest at 6% per annum from Nov. 19 1909. Compare V. 90, p. 560, 110.—V. 90, p. 110, 560.

New York & Long Island RR.—Governor Hughes on June 14 signed the Hart bill permitting the property of the company to be transferred to another corporation.

The company had a perpetual franchise which, it was claimed, was lost by its default. Under the terms of the bill the successor to the ownership of the property will have to obtain a new franchise for a limited period under the present general laws. Compare V. 90, p. 1554.

New York New Haven & Hartford RR. -Boston RR. Holdng Co. Preferred Stock to be Guaranteed.—See that co. above.
Acquisition of Street Ry. Authorized.—See Berkshire St.

Validation Bill Passed in Massachusetts.—The Massachusetts Senate on June 15 accepted the House amendments to the bill validating the securities of the company, the officials of the company having decided to accept the House amendment imposing the cost of the investigation on the railroad without fixing any limit of expense.

without fixing any limit of expense.

The purpose of the bill, passed at the request of President Mellen, is to have declared valid the present outstanding securities of the company after an examination of its property, so as to save any further question in future. The first section provides that the Board of Raliroad Commissioners, Tax Commissioner and Bank Commissioner are made a commission, whose duty it shall be to examine the assets and liabilities of the company, to ascertain whether and to what extent the aggregate corporate assets are sufficient to secure its outstanding obligations.

The commission shall file a certificate of its findings with the Secretary of State on or before January 1 1911. Upon the filing of the certificate, the capital stock and indebtedness of the company is authorized to be such an amount, not exceeding its present outstanding capital stock and indebtedness as the commission shall upon examination find to be warranted by the property of the company, as stated therein.

The commission is, on or before Feb. 15 1911, to report to the General Court, and recommend such legislation as to it shall seem wise for the future regulation of issues of capital stock and other obligations by railroad companies incorporated and to do business in this and other States.

Section 4 provides that nothing contained in the Act and nothing done under the authority thereof shall be held to be a walver of, or to abridge or enlarge, any existing rights of either the Commonwealth of Massachusetts or of the company with respect to the Massachusetts charter of the company, or as to any future capitalization of said company, and nothing therein contained shall authorize the investment by savings banks in the securities aforesaid, unless they are otherwise legal investments under the provisions of Chapter 590 of the year 1908.—V. 90, p. 1554, 1425.

Norfolk & Portsmouth Traction Co.—Plan Operative.—

Norfolk & Portsmouth Traction Co .- Plan Operative .-The directors have declared the financial plan operative and call for deposits of stock with the Trust Co. of North America in Philadelphia. See plan in V. 90, p. 1425.

Northampton Traction Co., Easton, Pa.—New Control— Merger Proposed.—A press despatch from Easton on June 11 announced that, preparatory to a merger of the properties, large interests in this company and the Easton & Washington Traction Co. of New Jersey had been acquired by the McGrath-Hay interests in connection with P. W. Brooks & Co. of New York. Parties interested are quoted as saying:

Co. of New York. Parties interested are quoted as saying:

The firm named has an arrangement with the present owners and projectors of these properties looking to their development, extension and unification, and on Thursday last certain changes were made in the directorate of the Northampton Trac. Co resulting from the new ownership of stock. So far as the companies themselves are concerned, they yet continue to retain their present corporate identity, though arrangements have been made for their united operation. The existing mileage, with the completion of a few miles at the eastern end of the Jersey line, is practically 50 miles, while further developments may ultimately about double this.

The authorized amount of new first mortgage sinking fund 40-year 5% bonds covering all properties of both companies now owned or hereafter acquired, which can be put out under very conservative restrictions, is \$5,000,000, of which something less than \$1,000,000 will be at present issued. These bonds will be issued in \$100, \$500 and \$1,000 denominations, with the Bankers Trust Co. of New York as trustee. Both the physical value and the net earnings of the two companies are now substantially twice the amount of the outstanding bonds which have been arranged for in the financial plan now being developed, and the interest thereon, respectively. As the result of the plan, it is expected that the net earnings will largely increase.—V. 80, p. 1972.

Pacific & Eastern Ry.—Hill Interests in Control.—The

Pacific & Eastern Ry .- Hill Interests in Control .- The Hill (Great Northern) interests, which, it is stated, have acquired the greater part of the 40% minority interest, and now own nearly all the stock, have elected the following officers:

Pres., John F. Stevens, in place of John R. Allen, who resigned; Vice-Pres. and Gen. Mgr., William Gerig (re-elected); Sec., J. W. Lawlor, who succeeds G. P. Humphrey.—V. 89, p. 847.

Philadelphia & Chester Street Ry.—Sale Confirmed.—The sale of the company's property to Messrs. Eisenthal, From & Ashbridge, representing the bondholders' committee, was confirmed on June 15 in the United States Circuit Court at Philadelphia.—V. 90, p. 1102.

Pittsburgh Cincinnati Chicago & St. Louis Ry.—Bonds Sold.—The \$4,000,000 4% consolidated mortgage bonds recently purchased by Speyer & Co. and Kuhn, Loeb & Co. of New York have all been sold. Compare V. 90, p. 1555.

Public Service Corporation of New Jersey.—New Subsidiary to Manage Electric Lighting Interests.—The Public Service Electric Co. was incorporated at Newark, N.J., on June 13, with \$15,000,000 of auth. capital stock, in \$100 shares, to manage all the electric-light and power properties of the corporation, in accordance with the plan for separating its departments of service. Thomas N. McCarter is Pres.; Edwin W. Hine, Sec. The "Newark News" June 13 said:

The amount of capital of the new company is fixed by the amount of cash actually paid into the electric properties by the Public Service Corporation since 1903. With the exception of directors' shares, all of the stock will be held by the Public Service Corporation. The electric properties include 23 generating plants and 40 sub-stations, with a generating capacity of 105,000 k.w., serving 146 municipalities, with an approximate population of 1,750,000. The leases held by the corporation on the electric properties will be taken over by the new company, which will begin operations July 1. The Public Service Corporation will now act as a holding and financing company for the three departments of its activities, the railway, gas and electric companies. Compare V. 90, p. 1293, 1301.

Reading Company.—Increase in Other Income.—See Cen-

Richmond (Va.) & Henrico (Electric) Ry.—Mortgage.— The company has filed a mortgage to the Union Trust Co of Toronto, Canada, as trustee, to secure an issue of \$2,500,-.000 bonds to build its proposed line.

The predecessors of the company on March 28 1902 obtained a franchise from the Richmond City Council to construct an elaborate system of street railways in the City of Richmond, and at different times some grading and other work was done. On June 22 last year the franchise was extended on certain conditions. The Burton Construction Co., Ninth and Broad streets, Richmond, has the contract for 8 miles of road, and construction is stated to be in progress. W. S. Forbes is President and John C. Hagan, Sec.

St. Louis & San Francisco RR.—Traffic Agreement.—See Southern Pacific Co. below. V. 90, p. 1426, 1297.

Sedalia (Mo.) Light & Traction Co.—Default—Committee.
—In view of the default June 1 in the payment of interest then due on the first mortgage 5s of 1906, a (second) protective committee, consisting of Otto T. Bannard and Robert T. Shaldon — A. Wall St. as Socretary. T. Sheldon, with David H. Clark, 45 Wall St., as Secretary, requests the deposit of bonds with the New York Trust Co. as depositary. The authorized issue is \$1,500,000; amount outstanding at last accounts, \$710,000. Receivers were appointed on June 6. Compare V. 86, p. 481, 1226, and see V. 90, p. 1555.

Southern Pacific Co.—Sale of Bonds Abroad.—Kuhn, Loeb & Co. announced on Tuesday that they have closed a negotiation covering \$25,000,000 of Southern Pacific Co. San Francisco terminal 1st M. 4% bonds with a European syndicate, consisting of Direction der Disconto Gesellsshaft, Berting of Direction der Disconto Gesellsshaf liner Handels Gesellschaft, National Bank für Deutschland, Berlin; M. M. Warburg & Co., Norddeutsche Bank, Hamburg; Hope & Co., Amsterdam; Schweizerischer Bank-verein, Basel; J. Henry Schroeder & Co. and Bonn & Co., London. These bonds are to be issued for the purpose of reimbursing the Southern Pacific Co. for moneys which it has expended in acquiring terminal properties and lines in San Francisco. An international public issue will shortly be made. The United States Mortgage & Trust Co., N. Y. has been appointed trustee for the mortgage securing these

"San Francisco Terminal first mortgage bonds."

The bonds are 40-year gold 4s due April 1 1950, but subject to call at 105 on April 1 1915 or any interest day thereafter. Denominations \$100, \$500, \$1000, &c. (c*&r*). In the case of bonds payable in Eu opean money of ly, 20 pounds 8 shillings sterling, or 514 francs or 416 marks or 247½ guilde. shall be deemed the equivalent of \$100.

Agreement.—On June 15 there went into effect with the St. Louis & San Francisco RR. a close 10-year traffic agreement which gives to the Southern Pacific system preferential traffic relations with the St. Louis & San Francisco system traversing Oklahoma, Arkansas, &c., to St. Louis, Kansas City and other Northern points; and, on the other hand, will afford the St. L. & S. F. advantageous connections with numerous Gulf ports, Texas cities, &c. The agreement does not carry with it trackage rights.

The formal statement given out by the So. Pac. follows:
The north and south lines of the Southern Pacific system extend from Galveston, Houston, Port Arthur, Sabine Pass and Beaumont on the Gulf, to Dallas, Fort Worth, Sherman, Denison and other north Texas cities; but we have no lines crossing the northerly border of Texas Formerly these lines received considerable business from the Missouri Kansas & Texas, with which they connect at Denison, and from the Rock Island system and the Colorado & Southern system, with which they connect at Fort Worth. But the Missouri Kansas & Texas for some years has had its own line to the Gulf, and some two or three years ago the Rock Island system and the Colorado & Southern jointly constructed a line from Fort Worth to the Gulf. The Frisco system has lines from St. Louis and from Kansas City through Missouri, Kansas and Oklahoma to Denison, Dallas and Fort Worth, where they connect with our lines. An agreement has been made by which these lines and the east and west lines of the Frisco system in south Texas shall work preferentially for traffic between South and Central Texas and St. Louis, Kansas City, Oklahoma and other points north. It is a traffic agreement wholly, neither party having any running rights on the lines of the other, and no financial commitments of any character being involved. The lines connect directly and their interests seem to be identified in working together for the business mentioned against the several other systems having through lines from St. Louis to the Gulf, which neither of these alone has.—V. 90, p. 1555, 978.

Third Avenue RR., New York.—Authorized to Make Con-

Third Avenue RR., New York.—Authorized to Make Connections with Queensboro Bridge Tracks to Long Island City -Judge Lacombe in the United States Circuit Court on June 14 made an order authorizing Receiver Whitridge to enter into an agreement with the Third Avenue Bridge Co., a company formed May 29 1909 to construct a railroad from the tracks of the Third Avenue RR, through 59th and 60th streets and across Queensboro Bridge to Jackson Ave., in

Long Island City.

Under the agreement, the receiver or the company is to construct connections and switches at 59th and 60th streets between the tracks of the Bridge company and those of the Third Avenue system, and to carry passengers on any of the lines of the Third Avenue system in Park Row, Amsterdam Avenue, Third Avenue and 125th Street to or from Jackson Ave., Long Island City, for a single fare of 5 cents, and will either run through cars or give transfers at 59th and 60th St. Receiver Whitridge made a contract with the Bridge company on June 8 last by which the Bridge company assigned to him and his successors in title all rights to the franchise, he agreeing to construct and maintain the railroad of the Third Avenue Bridge Co. and to operate cars for the period ending May 1 1920.

The contract has been approved by the bondholders' committee of the Third Avenue Railroad Co. and by the new Third Avenue Ry. Co. The proceedings were approved by the Public Service Commission yesterday.—V 90, p. 1297, 1103.

Toledo St. Louis & Western Ry.—First Quarterly Dividend. Long Island City.

Toledo St. Louis & Western Ry.—First Quarterly Dividend. -In accordance with the announcement that future dividends would be paid quarterly instead of semi-annually, the company has declared its first quarterly dividend of 1%, payable July 15 to holders of record June 30.—V. 90, p. 772.

Western Ohio Ry.—New Securities.—The shareholders will vote June 24 (1) on authorizing the proposed 2d mtge. of \$500,000, (2) on increasing the capital stock from \$3,400,-000 to \$4,000,000, the new stock to be divided into \$500,000 7% 1st cum. pref., into which the new bonds will be convertible, and \$100,000 additional pref., ranking pari passu with the existing \$400,000 pref. as 6% cum. 2d pref. stock;
3) on leasing the property to the Western Ohio RR. Co. Par, all shares, \$100. Compare V. 90, p. 1556, 1492.

West Penn Traction Co.-Initial Dividend.-The first quarterly dividend of 11/2% on the pref. stock was announced on June 7, payable on June 15 out of the net earnings of the first quarter of the fiscal year beginning Jan. 1 to stockholders of record June 10. W.S. Kuhn is President, Pittsburgh.—V. 90, p. 1556, 1364.

Whatcom County Railway & Light Co., Bellingham, Wash.—New Stock and Bonds.—The authorized amount of the 6% cumulative pref. stock having been increased from \$750,000 to \$1,350,000, all shareholders of record May 16 were permitted to subscribe for the new stock at par (\$100 a share), on or before May 31, to the extent of 500-1187 of a share for every share, whether com. or pref., standing in their names. (The common stock remains at \$750,000)

The shareholders on May 16, besides authorizing the aforesaid increase in the pref. stock (1) approved the use of the proceeds for the purchase of the stock of a new company (the Bellingham-Skagit Ry. Co., recently incorporated in Maine), which is to build a railway from Bellingham to Mt. Vernon and Sedro-Woolley, &c., and (2) in that connection sanctioned the issuance or guaranty of an issue of not exceeding \$5,000,000 new bonds. The resolution says in substance:

To approve the purchase of all the capital stock or of all except shares to qualify directors of a new corporation proposed to be formed for the purpose of constructing and operating a line of railway between the city of Bellingham and the cities of Mt. Vernon and Sedro-Woolley and branches and extensions thereof; the payment for said stock, either partially or completely; by this company with 6,000 shares of the pref. capital stock of this company or the proceeds thereof; and the issue by this company of such amount, not exceeding \$5,000,000 bonds of this company, secured by a mortgage upon any or all of the then owned and future-acquired property of such new corporation, and the delivery of such bonds or the proceeds thereof, to such new corporation upon its assuming payment of the same, as to principal, income and sinking fund, and all obligations of this company thereunder; or the guaranty by this company of such amount, not exceeding \$5,000,000,000, of bonds of such new corporation secured by mortgage as aforesaid.—V. 85, p. 1144.

INDUSTRIAL, GAS AND MISCELLANEOUS.

American Gas Co., Philadelphia.—Correction.—In the digest of the report for 1909 published in V. 90, p. 1423, the first of the two paragraphs showing the companies in which the American Gas Co. is interested includes those properties in which it owns the entire stock, the second those in which less than the entire stock is owned.—V. 90, p. 1423, 1556.

American Manufacturing Co. (Manufacturers of Bagging for Baling Cotton and of Cordage) .- Re-incorporation Plan. In reply to an inquiry from the "Chronicle," an officer of the company writes:

The company was incorporated in West Virginia in 1889, and has been doing business in this immediate district ever since. A \$10,000 corporation has been organized in Massachusetts with the view of increasing the capital stock later and transferring the business to that State. It will be some months before this plan can be carried out, as we first desire to pay all liabilities of the old company and transfer the property with no debts outstanding. This company has \$6,000,000 capital stock, all of one class and no bond or mortgage indebtedness of any kind. Officers: John D Filley, Pres.; Anderson Gratz, Vice-Pres.; L. F. Jones, Treas.; W. W Childs, Sec. New York office, 63-65 Wall St.; St. Louis office, Rialto Bldg [The company will on July 1 pay to shareholders of record June 15 its 57th dividend, a quarterly distribution of 1½%, being the 54th at that rate. Several extra divs. have been paid, one of 1% on Jan. 1 1910.—Ed.

American Sugar Refining Co.—Verdict against Officers.— A jury in the Criminal Branch of the United States Circuit Court, before Judge Martin in this city on June 10, after a trial lasting several weeks, rendered a verdict of guilty against Charles R. Heike, Secretary of the company, on one of six indictments charging complicity in underweighing frauds at the Williamsburg docks in connection with customs duties due to the Government.

The former superintendent at the refinery was found guilty on all six counts and several other employees pleaded guilty. Sentence was suspended until Aug. 30 pending a motion for arrest of judgment on appeal. The jury disagreed as to another employee and several employees previously convicted were sentenced to varying terms —V. 90, p. 769, 701.

Bush Terminal Co.—Initial Common Dividend.—The company has declared an initial dividend of 2% on its \$3,500,000 common stock, payable July 15 to holders of record July 1.

—V. 90, p. 1427, 1167.

Chicago Junction Railways & Union Stock Yards Co.— Suit by Federal Authorities.—United States District Attorney Sims by direction of Attorney-General Wickersham on June 13 filed a suit in the United States Circuit Court at Chicago to enjoin the company, the Union Stock Yard & Transit Co. and the Chicago Junction Ry. from engaging in inter-State commerce, for failure to comply with the requirements of the inter-State Commerce Act by filing a tariff of rates.

The firm of Louis Pfaelzer & Sons are made co-defendants in the sult on the ground that they have received \$50,000 from the Stock Yards company under a contract with the company, this payment constituting in effect a rebate and unlawful discrimination. It is alleged that while trune-line carriers are charged for loading and unloading live-stock at the platforms in the stock yards, the specific sums paid are not published or filed with the Inter-State Commerce Commission.

The important question to be settled by the suit is whether a road operating railroads within a State but in connection with lines doing an inter-State business is subject to regulation by the Inter-State Commerce Commission.

State business is subject to regulation by the Inter-State Commerce Commission.

The Government, it seems, depends largely upon what is known as the belt railway decision, given by the United States Circuit Court of Appeals at Chicago in Oct. 1908, and which is now on appeal to the U.S. Supreme Court, in which Judges Grosscup and Baker held that the switching of cars between railroads and industries formed an essential part of the through transportation service, and that switching companies should be regarded in the light of agents of the trunk lines. Judge Seaman dissented from this opinion and held the act of switching was an independent one.

District Attorney Sims is quoted as saying: "We have not as yet contemplated bringing charges against these concerns on the grounds of conducting a monopoly, as rumored, and can't say as to whether or not such charges will be made."—V, 90, p. 444, 55.

Childs (Restaurant) Co., New York.—Mortgage.—The company has filed a 4½% 5-year mortgage for \$850,000, dated May 1 1910, to Central Trust Co. of New York, covering the property Nos. 194 and 196 Broadway, aggregating about 46 feet front and running back about 160 feet.-V. 90,

Colts Arms Co., Hartford, Conn. Dividend Increased. The company has declared a quarterly dividend of 11/2% on its \$2,500,000 capital stock, payable July 1 to stockholders of record June 20. This increases the annual rate to 6% comparing with 4% from Oct. 1 1902 to April 1 1907, incl., and with 5% from July 1907 to date.

New Director. Sylvester Dunham, President of the Travelers' Insurance Co. of Hartford, has been elected to the board

of directors.

Seventy (\$70,000) of the collateral trust 5s due July 1 1931 have been retired, leaving 2353,000 now outstanding. V. 89, po 1544:

Oramp (Wm.) & Sons Ship & Engine Bldg. Co.—To Anticipate Payment of Notes.—The company has authorized Messrs. Drexel & Co., Phila., to anticipate payment of the serial notes due Jan. 1 1911, provided such notes are presented on July 1 or before July 15 1910.—V 90, p. 916.

Orucible Steel Go., Pittsburgh.—Payment on Deferred Dividends.—The directors on June 16 declared on the preference (\$24,436,500) the regular quarterly dividend of 1%, also an additional 58% in cash and a scrip dividend of 10%, all negable June 30 to 10 all payable June 30 to holders of record June 21. The 10% represents the first payment on account of the 26 1/8% deferr d dividends. The scrip bears 3% interest, payable annually, and redeemable at any time p ior to June 30 1920, at the company's pleasure.

Dunlan-Connellsyille Coke Co. Connellsyille Page Bondo

Dunlap-Connellsville Coke Co., Connellsville, Pa.—Bonds Offered.—Barr, Lyon & Co., Pittsburgh, are offering at prices to net 53/4% the unsold portion of \$200,000 first mtge. 6% sinking fund gold bonds (closed mortgage; tax-free in Pennsylvania), dated April 1 1910 and due in eight series of \$25,000 each, A to H, one series maturing each April 1 from 1912 to 1919 inclusive, but redeemable, all or any part, at 105 and int. after Oct. 1 1911 upon 60 days' notice. Par, \$1,000 (c*). Interest A. & O. at Union Trust Co., Pittsburgh, trustee. A circular says in brief:

burgh, trustee. A circular says in brief:

A Pennsylvania corporation (incorporated in 1908), its property consist ing of (a) 155 acres of "Lower Connelisville" basin Pittsburgh vein, average thickness 7½ ft., which will produce 7,500 tons of coke to the acre, or a total of 1,162,500 tons; (b) 33 acres of surface with ovens, tipples, houses, &c. Designed for 121 ovens, of which 31 are completed, 26 almost completed and 64 more will be in blast Dec. 31 1910. The plant as it stands to-day cost \$432,572. The shaft is only 116 ft. to the bottom of the coal, heavily timbered, and equipped with hoisting machinery, &c., a slope entrance supplies ventilation and entrance for supplies and animals; railroad side track, 20 mine cars and larry; brick buildings; 200-h.-p. engine; coal tipple with daily capacity of 500 cars of coal; houses for miners, blacksmith's shop, &c. Excellent shipping facilities. Coke analysis: volatile, 2.77%; carbon, 87%; ash, 10 to 12%; sulphur, 0.97%; phosphorous, 0.016%. Adjacent are the H. C. Frick Coke Co., &c.

Capitalization.—capital stock auth., \$500,000; issued, \$240,097; auth. bonded debt (this issue), \$200,000. Minimum mandatory annual sinking fund of \$25,000 to retire bonds begins April 15 1911; maximum sinking fund of \$25,000 to retire bonds begins April 15 1911; maximum sinking fund of 22c. a ton, run-of-mine coal, equal to 33c. a ton for coke.

Expert estimate of value of security: "Coal at 30c. per ton of coke, \$348,750; 33 acres of surface at \$100 per acre, \$3,300; improvement to date, \$115,000; cost to build 24 ovens, \$5,000; cost to build 64 ovens, \$24,000; total, \$496,050." When the 121 ovens are all built and in operation, the output will be 72 000 tons of coke per annum; at this rate it will take about 16 years to work out the coal. Owned and operated by men of means and with long experience. (Pres., W. A. Bishop; Sec., G. W. Campbell; Treas., J. B. Millard. Office, Connelisville, Pa.)

(E. I.) du Pont de Nemours Powder Co.—Bonds Called. One hundred and twenty-four 1st mtge. 5% collateral trust gold bonds have been drawn for redemption on July 1 and will be paid at the Metropolitan Trust Co. of New York. —V. 90, p. 1365.

Eastern Michigan Edison Co.—Initial Dividend.—See Detroit Edison Co. above.—V. 84, p. 751.

Economy Light & Power Co.—New Ally.—See Illinois Valley Gas & Electric Co. below.—V. 90, p. 979.

Enid (Okla.) Electric & Gas Co.—Notes Called.—H. M. Byllesby & Co., Chicago, recently announced the calling of the \$300,000 6% notes, dated 1908 and due Dec. 1 1911, for payment at 101 and interest at the American Trust & Savings Bank, Chicago, interest ceasing June 11 1910.

Arrangements have been made to issue \$0,000,000 first mtge. 000% bonds, part of an authorized issue of \$0,000,000.

Re-incorporated.—The company was re-incorporated on May 12 in Oklahoma with the old name and \$3,000,000 of auth. capital stock. H. M. Byllesby & Co., Chicago, furnish the following information;

Bonds authorhed. \$1,500,000; dated May 14 1910 and due May 1 1920, but redeemable May 1 1911 at 102 % and int. Int. M. & N. at American Trust & Savings Bank, Chicago. Amount out. \$600,000 Reserved for extensions, improvements, &c., on basis of 80% cost. \$00,000 [The old Enid Gas. & Electric Co., it is said unofficially, has changed its name to the Garfield County Gas. & Electric Co. and its capital stock to \$200,000.—Ed. | Compare V. &8, p. 233.

General Railway Signal Co. Decision. See Union Switch & Signal Co. below. -- V. 90, p. 1489.

Greeley Square Realty Co., New York Completion of Gimbel Building Lease Control by Hudson Companies—Morlyages. This company, incorporated in New York in April 1909, with \$2,000,000 of authorized capital stock, as successor of the Manhattan-Hudson Realty Co. (V. 82, p. 616, 419, 350,) and controlled by the Hudson Companies (forming the chief part of their \$4,500,000 equity in New York real estate—compare V. 88, p. 748; V. 90, p. 502), has just had completed for it by the Thompson-Starrett Co. over a month shead of time, the great Gimbel Bullding at 33d and 34th streets and Broadway, New York City, the basement of which will be used as a station by the Hudson & Manhattan RR. (V. 90, p. 1041). The building (including land) is understood to have cost about \$12,000,000, and it has been leased to Gimbel Brothers, a New York corporation, for use as a department store (V. 88, p. 1132, 751).

for use as a department store (V. 88, p. 1132, 751).

The "Real Estate Record & Gulde" says: "Some idea of the magnitude of the work may be gathered from the fact that the property has a 200-foot frontage, and a depth of 400 ft., while the building is 12 stories high, with 3 stories below grade; has a total floor space of 27 acres, and contains 48 passenger elevators, a freight escalator, an immense fur vault, 1,070 telephone stations," &c., &c. See also Hudson Companies, V. 88, p. 748.

On April 24 1909 the Greeley Square Realty Co. made a mortgage to the Title Guarantee & Trust Co., as trustee, to secure an Issue of \$3,500,000 5% gold bonds; denominations \$1,000 and \$500; dated April 1 1909 and due April 1 1929, but subject to call on interest days (A, & O.) on and after April 1 1914 at 102 and int. This mortgage follows and is subject to two prior mortgages aggregating \$6,500,000, namely: (a) Hudson-Manhattan Realty Co. 5% mortgage to Mutual Life Insur. Co., due July 1 1911, \$3.000,000 (V. 87, p. 350); (b) Greeley Square Realty Co. building loan mortgage made April 23 1909 to Title Guarantee & Trust Co., trustee, int. 6% till building completed; thereafter 5%—\$3,500,000.

On April 23 1909 the Greeley Square Realty Co. leased the property subject to the aforesald mortgages to Gimbel Bros. for the term of 21 years ending July 31 1931 at rentals ranging from \$605,000 to \$655,000, with the right to four renewals of 21 years each, the annual rental for each renewal to be not less than \$655,000, and for the first renewal not over \$705,000.

Hartford (Conn.) Electric Light Co.—New Stock.—Stockholders of record June 20 are entitled to subscribe at par (\$100 a share) at o fice of Richter & Co., Hartford, Conn., until noon July 20 for the \$600,000 new stock, to the extent of one share of new for four shares of old stock, payable in full at the office of Richter & Co. (who will adjust fractional shares) as to one-third of the shar s Aug. 8, for one-half the remaining share Nov. 8 1910 and for the final lot Feb. 8 1911. See also V. 90, p. 1298.

Harwood Electric Co., Hazleton, Penn.—Bonds Offered.— Redmond & Co., New York and Philadelphia, and Warner, Tucker & Co., Boston, are offering at 99 and interest the unsold portion of their block of \$350,000 first mortgage 5% sinking fund gold bonds, dated July 1 1909 and due July 1 1939, but redeemable at option of company on July 1 1914 or on any interest date thereafter, on sixty days' notice, at 107½ and int. Girard Trust Co. of Philadelphia, trustee. Interest J. & J. Denominations \$1,000, \$500 and \$100 (c*). Tax free in Pennsylvania.

Abstract of Letter from Alfred D. Pardee, President of the Company, Dated July 29 1909.

These bonds are part of an authorized issue of \$3,000,000 and have a first lien upon all the franchises, rights and property now owned or hereafter acquired by the company, or by any of its constituent companies, including the entire capital stock of the Harwood Coal Co., Harwood Store Co. and the Minesville Water Co. exclusive of shares qualifying directors.

first lien upon all the franchises, rights and property now owned or hereafter acquired by the company, or by any of its constituent companies, including the entire capital stock of the Harwood Coal Co., Harwood Store Co. and the Milnesville Water Co., exclusive of shares qualifying directors.

Within a radius of 25 miles from Harwood there is a population of 275,000 and an approximate consumption of 260,000 h.p., and the company, which has now in operation electrical apparatus of 2,600 k.w. capacity, has sold its output at remunerative rates, has under negotiation several important contracts with large consumers of light and power, and is diligently pushing the enlargement of the plant to a total of 10,000 k.w. capacity. The company supplies the city of Hazleton (3 miles distant) with all its municipal lighting under a 10-year contract and has built up a large lighting business in Hazleton and the surrounding towns.

The Harwood mine has been in successful operation for upwards of 40 years. In the early days only the highest grades of anthractic were shipped to market, the remainder being stored in piles. The Harwood coal piles contain about 1,600,000 tons, a large proportion pure coal. In order to utilize these banks the electrical plant has been installed in such a way that coal can be delivered to it at a nominal cost.

The net earnings of the combined companies for the past ten years have averaged \$130,865 annually, and the company is at present earning from its electrical plant alone more than 1½ times the \$17,500 interest on the bonds now outstanding, and the mortgage provides that no further bonds may be issued unless the net earnings from the electrical department amount to at least twice the interest charge on the total amount of bonds outstanding, including those applied for.

One-half of the dividends from the Harwood Coal and Harwood Store Companies must be used for the extension of the electrical plant and 10% of the gross earnings of the electrical business must be expended upon repairs, renewals

mining equipment, \$198,185; Harwood Store Co., \$22,136; real estate, &c., \$65,090. The franchises are all unlimited in time, except in McAdoo, where the local plant is leased for 25 years.—V. 85, p. 471.

Illinois Valley Gas & Electric Co. Merger Pref. Stock Offered .- Russell, Brewster & Co., Chicago and New York, are offering the 6% cumulative prefestock of this new company, of which Samuel Insull of Chicago is President, at \$85 a share (netting 7.06%), with a bonus of 25% of common stock. A preliminary circular, subject to change, says in substance:

Just incorporated under Illinois laws, and has acquired the gas and electric generating plants and distributing systems located in Streator, Ottawa, Morris and numerous other communities in the Illinois Valley and the street railway lines in Streator. Franchises uniformly free from burdensome restrictions, and in almost all the cities and towns served were granted for a period of 50 years. This territory adjoins that of the Economy Light & Power Co., which also joins the North Shore Electric Co. Samuel Insul (President of the Commonwealth Edison Co. of Chicago is President of the three companies. The territory of the Illinois Valley Co. is capable of profitable development, and the prospects of a very large growth are excellent; present population about 59,000; engaged in manufacturing, agriculture and coal mining.

Capitalization: \$750,000 ist M. 5% bonds, \$500,000 6% cumulative pref. stock, \$3,500,000 common stock.

The combined net earnings of the separate companies in 1909, as certified by chartered public accountants, were \$71,141, which is more than sufficient to pay the interest on the bonds and 6% dividend on the pref. stock. Consolidation under aggressive management with modern equipment and methods will bring largely increased earnings.

Official Estimate—

Official Estimate-Official Estimate 1911. 1912. 1913. Gross earnings \$342,800 \$418,000 \$489,800 Net earnings 144,500 179,400 212,400

[Total auth, stock, \$3,000 000 pref, and \$3,250,000 common Bonds auth., \$10,000,000, the remaining bonds not to be issued in excess of 75%; of the cost of capital investment. Pres., Samuel Insuli: V.-P., Charles A. Munroe; Sec. and Treas; John H. Gullek. The plants acquired, it is stated, include, with others, the properties of the United Electric Co. of Morris and Seneca; Morris Gas Light Co., Ottawa Gas Light & Coke Co. Illinois Light & Traction Co. of Streator (embracing the total street railway), Odell Electric Light Co., Dwight electric light plant, Gardner electric light plant, the Wilmington Light & Power Co., &c.]

Lackawanna Steel Co.—New Offices.—The company will move its principal office from New York to its works at Lackawanna, near Buffalo, next fall, or as soon as the necessary additions to its office building at Lackawanna can be completed.—V. 90, p. 985, 980.

Lehigh Coal & Navigation Co.—Elected to Board.—C.S.W. Packard has been elected a member of the board of managers, to succeed the late Joseph S. Harris.

New Voting Trust—Deposits.—There has been deposited under the new voting trust \$15,894,950 out of a total issue of \$24,153,150 stock, or about 66%. The time limit for deposits expired May 31.

The holders of 7,039 of the old trust certificates have failed to exchange them for stock certificates, and the company, it is stated, will decline to pay dividends thereon until the exchange is made.—V. 90, p. 1242, 1174.

Lehigh Valley Coal Co.—Decision.—Judge Staake in the Common Pleas Court of Philadelphia on June 15 decided not to relieve the company from making further sinking fund payments of at least \$30,000 yearly on the \$1,082,000 5% 40-year bonds issued by the Delano Land Co., due Jan. 1'32.

The sinking fund payments now amount to \$1,089,000, invested in interest-bearing securities, and \$4,655 cash, or more than the principal, of the outstanding bonds. The company pointed out that the sinking fund, if payments are continued, with interest compounded at 4%, would amount in all on Jan 1 1932 to \$2.634,354.

Judge Staake says that the vicissitude and uncertainty of the 22 years to come might endanger the investment of the bondholders, and therefore refused the injunction.—V. 89, p. 1414.

Manhattan-Hudson Realty Co.—Successor.—See Greeley Square Realty Co. above.—V. 87, p. 616.

Massachusetts Gas Companies, Boston.—Dividend Rate of Common Stock Increased from 3% to 4%.—The annua dividend of the common stock (\$25,000,000), which for three y ars past has been 3% per annum, payable in three annual in tallments of 1% each, was on June 17 increased to 4%. payable in quarterly installments beginning Aug. 1 on stock of record July 16. The trustees voted to set aside \$1,000,000 to cover the distributions on this account for the 12 months.

Total Net Earnings of Operating Companies for 11 Months end. May 31. 1909-10. 1908-09. 1907-08. 1906-07. Net available for divs___\$2,041,384 \$1,731,166 \$1,651,632 \$1,689,649 Net available for divs___\$2,041,384 \$1,731,166 \$1,651,632 \$1,689,649 Increased income for the Massachusetts Gas Companies is indicated by the following dividend changes: New England Coal & Coke Co., initial dividend of 10%, payable June 30 (stock, in Nov. 1909 \$499,000, all owned by Mass. Gas Co., V. 89, p. 1221); New England Gas & Coke Co., annual dividend of 3 ½% on \$17,500,000 stock (all owned), contrasting with 3% yearly for previous three fiscal years; Citizens' Gas Co. of Quincy, regular quarterly dividend of 1% on \$33,000 stock (dividends begun three months ago); Newton & Watertown Gas Co., regular quarterly 2% and extra dividend 2%, making 10% for the year, as against 8% for previous fiscal year. The East Boston Gas Co. has declared regular quarterly dividend of 2½% and 1% extra, making 11% for the fiscal year, compared with 12% in 1908-09; and the Boston Consol. Gas Co. has declared a dividend of 3%, making 9% for the year, the same as in 1908-09 The Federal Coal & Coke Co. [is the only subsidiary not paying dividends.]

The New England Coal & Coke Co. recently purchased the six barges, from 1,800 to 2,600 tons capacity, and three large tugs heretofore owned by the Baltimore & Boston Barge Co.

This acquisition, together with the Collier Coastwise recently completed, increases the carrying capacity of the fleet of the New England C. & C. Co. to over 50,000 tons at any one time. The cost of the purchase above stated is said to have been about \$400,000.

Land Sales .- The Boston Consol. Gas Co. on March 4 asked the Mass. Gas & El. Lt. Comm. to approve the payment of \$568,000 of obligations out of the proceeds of sales of land, chiefly lands on which stood the electric plant recently sold.—V. 90, p. 1242.

May Department Stores Co., New York.—New Company Takes Over Prosperous Department Stores in St. Louis, Denver and Cleveland—Pref. Stock Offered.—This company was incorporated at Albany on June 4 1910 with \$20,000,000 of authorized capital stock, in \$100 shares, of which \$5,000,000 is 7% cumulative pref. stock, to take over three prosperous and long-established department stores in St. Louis, Denver and Cleveland. The company was financed by Lehman Brothers and Goldman, Sachs & Co., both of N. Y. City, who, on another page, offer the unsold portion of the pref. stock, deliverable July 1, at 99½%, subscriptions to be paid at the office of the last-named firm, 60 Wall St., in N. Y. funds. F. I. Lisman & Co., 30 Broad St., are also offering the pref. shares, to yield over 7%. A circular says in substance: 107 (Elimina orli

Pref. stock entitled to 7% cumulative pref. dividends, payable quarterly, beginning Oct. 1 1910, and pref. both as to assets and dividends; also redeemable at the company's option, all or any part, at any time on three mos. notice at 125 and ao crued dividends

Under its charter (a) the company has no power to mortgage or encumber its property except by consent of 75% of each class of stock given separately; (b) there shall be set apart in each year out of profits not less than \$150,000 per annum as a "special surplus account" before any dividends shall be declared on the common stock. During the first three years this fund may either be added to general surplus or used for the acquisition of pref. stock; in every succeeding year to be used to retire and cancel \$150,000 par value of pref. stock at the lowest prices obtainable but in no event exceeding a premium of 25%; (c) no dividend whatever shall be declared on the common stock until \$250,000 is in the "special surplus account" nor more than 4% in any one year until the "special surplus account" shall amount to \$1,000,000; (d) the aggregate salaries of the efficers shall not at any time during the first three years exceed \$60,000 per annum, and shall not thereafter be increased beyond a total sum equal to ½ of 1% of the net sales for the year next preceding without the previous assent of at least a majority of the pref. stock. least a majority of the pref. stock.

least a majority of the pref. stock.

Statement by President David May, St. Louis, June 9 1910.

The May Shoe & Clothing Co. of Denver was founded in 1889. Three years subsequently the same owners acquired the "Famous," which business had been established in St. Louis 20 years prior to that date; and in 1899 established the May Co. of Cleveland, also as a general department store. All occupy central retail locations.

During the last five years the business has increased from \$6,307,553 in 1905 to \$12,783,873 in 1909, and the net earnings from \$712,899 in 1905 to \$1,271,728 in 1909. For the four months since Feb. 1 1910 the combined sales were \$4,470,079, against \$3,817,974 for a similar period in 1909, showing an average increase of 17%. I believe that a conservative estimate of sales for 1910 is \$14,000,000 or more. There has been expended for publicity in excess of \$5,000,000, all of which has been charged off to operating cost. We conduct what is known as the popular priced business, dealing largely in the more staple lines, with, however, some of the better grades. Our losses in the past have been less than 1-10 of 1% on our total sales.

Northwest Corporation. Walla Walla. Wash.—Sale of

Northwest Corporation, Walla Walla, Wash.—Sale of Properties.—This company was acquired by H. M. Byllesby & Co., Chicago, some 30 days ago, and the Pendleton, Walla Walla and North Yakima properties were disposed of to the Electric Bond & Share Co. (see Pacific Power & Lt. Co.)

The Willamette Valley Co. properties, including Dallas, Monmouth, Independence, Corvellis, Albany, Eugene, Springfield, & (Orogan), was taken as the properties.

Springfield, &c. (Oregon), were taken over by the Northern Idaho & Montana Power Co., which company is under the control and management of Byllesby & Co.—V. 90, p. 1102, 1240.

Ohio Fuel Supply Co.—Report.—For year ending April 30: Year-1909-10---

Omaha (Neb.) Water Co.—Decision Ordering City to Purchase.—See editorial on a previous page.—V. 90, p. 1494.

Pacific Power & Light Co.—New Subsidiary for American Power & Light Co.—This company was incorporated June 16 1910 under the laws of Maine with a capitalization of \$7,500,-000, divided into \$1,500,000 7% cum. pref. and \$6,000,000 common stock, and has taken over (compare V.90, p.1556):

Gas properties in Walla Walla and North Yakima, Wash.; Lewiston, Ida., and Astoria and Pendleton, Ore. (compare Northwestern Gas & Electric Co., V. 82, p. 632; V. 89, p. 352, and Northwestern Corporation above; also in V. 89, p. 924; V. 90, p. 1102, 1240).

Electric properties in Walla Walla, Astoria, Pendleton and Athena.

Local trolley situation in Astoria and in Walla Walla and interurban line running from Walla Walla to Milton (see Walla Walla Valley Traction Co., page 115 "Electric Rallway Section.")

Strahorn properties, consisting of electric light, power and water systems in North Yakima and along the valleys of the Columbia and Yakima rivers (Northwest Light & Water Co.).

The Pacific Power & Light Co. is controlled through ownership of its common stock by the American Power & Light Co., which in turn is controlled by Electric Bond & Share interests.

The American Power & Light Co. also controls through ownership of entire common stocks: Kansas Gas & Electric Co. (see advertisement on another page and V. 90, p. 1046); Wichita and Pittsburg, Kansas; Portland (Ore.) Gas & Coke Co. (V. 90, p. 1176). With the acquisition of the Pacific Power & Light Co. its gross earnings, we are informed, will approximate \$2,300,000.

Pullman Co.—Federal Court Denies Injunction—Re-hearing Asked.—The United States Circuit Court at Chicago (Judges Grosscup, Baker and Seaman) on June 11 denied the application of the company for an injunction restraining the Inter-State Commerce Commission from enforcing its order (to be effective July 1 as now fixed) to reduce rates (at different amounts as between upper and lower berths) between various Western points. V. 90, p. 1047. Judge Grosscup says:

The company has brought to our attention a certain specific route from St. Paul to Fargo on which, it appears by the bill, its profits of operation

will be very small under the order of the Commission. But that service is small when compared with the entire service rendered by the company and regarding which the company has presented no figures. The Court could not, therefore, grant a restraining order upon the grounds of ill effect upon the entire revenues of the company.

[The opinions of the Inter-State Commerce Commission were given at length in the "Railroad-Age Gazette" of April 15 1910.—Ed.]

The application of the Great Northern Ry. was denied on the ground that the matter had not been fully presented to the Commission, and at the suggestion of the Court applications for a re-hearing were made to the Commission by both companies on June 16.—V. 90, p. 1176, 1047.

Reo Motor Car Co., Lansing, Mich.—Dividend.—The company has declared a dividend of 30% on its \$2,000,000 capital stock (par value \$10), payable June 18 to stockholders of record June 15. See statement of company in V. 90, p. 1300.

Rotary Ring Spinning Co., Boston.—New Stock.—Share-holders of record June 4 1910 were given the right to subscribe at par, \$10 a share, until and including June 15 for 7,500 shares of treasury stock, in the proportion of one share for

shares of treasury stock, in the proportion of one share for each nine shares of their respective holdings, payable at office of company, State Mutual Bldg., in two equal installments—June 15 and July 11. Pres. Charles. S. Smith says:

Since the last annual meeting the company has had added a convincing proof of the commercial value of the spinning ring which it controls, evidenced by the endorsement of the ring by competent experts in the cotton-manufacturing business, and also by additional orders for rings from mills where there have been experimental frames heretofore. It is advisable that the company should provide itself with a reasonable working capital in order to continue the manufacture and sale of rings, instead of contracting for the same with some already established cotton machinery corporation. By the sale of this stock the floating debt will be liquidated and ample working capital provided for the present. The entire issue has been underwritten.—V. 86, p. 1104.

Springfield (O.) Light. Heat & Power Co.—Ontion.—

Springfield (O.) Light, Heat & Power Co.—Option. According to local pipe's, an option on the controlling interest in the stock was given last week, but the sale had not been closed.—V. 90, p. 1494, 1106.

Sunday Creek Co.—New Officers.—The following new officers are announced:

E. A. Cole, for several years a director, has temporarily accepted the presidency, to succeed W. K. Field, who has become President of the Pittsburgh Coal Co.; and S. C. Galley, Auditor, has been elected Vice-President.

Bonds Called.—\$43,000 of the 5% sinking fund bonds of 1905 have been called for paym nt at 102½ at the Central Trust Co. of New York, trust e, on July 1.—V. 89, p. 1355.

Texas Company, Houston.—Stock Dividend 50%.—The directors have declared a dividend of 50% (\$9,000,000), payable on June 30 in new stock dated July 1 1910, along with the regular quarterly cash dividend of 3%, to shareholders of record June 23. This distribution of stock increases the amount outstanding to \$27,000,000. creas s the amount outstanding to \$27,000,000, the \$2,000,-000 recently sold to a syndicate participating in the stock dividend, but being entitled to only 1% in cash as accrued dividend to June 30. Compare V. 90, p. 1494, 1366.

Union Switch & Signal Co., Pittsburgh.—Favorable Decision.—Judge Ray in the United States Circuit Court in this city on June 10, in a suit by the company against the General Railway Signal Co., held that the latter has infringed a patent obtained by acob B. Strubble, now the property of the Union company.

A perpetual injunction is issued restraining the General Railway Signal Co. from making or seiling any of the infringed signal devices. John A. Shields is named as master to appraise the amount of damages to be paid to the complainant.—V. 90, p. 624, 528.

United Shoe Machinery Corporation.—See "Ann. Reports." Extra Dividends of 10% in Stock and 4% in Cash on Common Stock.—The directors on June 11 declared, along with the usual quarterly dividends of 2% (50 cents) on the \$24,631,695 common and $1\frac{1}{2}\%$ (37½ cents) on the \$9,434,075 pref., an extra cash dividend of 4% (\$1 per share) on the common stock, and also a stock dividend of 10%, all payable July 5 to stockholders of record June 16.

Plan for Benefit of Lessees.—President S. W. Winslow in circular of June 10 addressed to the lessees of the United Shoe

Machinery Co. says in substance:

Machinery Co. says in substance:

When the company was organized in 1899 it adopted the policy: "To furnish a better service and equipment year by year at a constantly diminishing expense to its lessees." To this policy it has consistently adhered. It has substituted improved machines for those out of date. It has substantially done away with payments for installation of machines. It has reduced its rentals and royalties, sometimes directly, sometimes indirectly, by furnishing auxiliary machines without additional royalty charge. In order to give better service, it has increased its factory facilities from year to year and has just begun to build an addition containing more than two acres of floor space.

Although the company has expended several million dollars in improving the machines with which its lessees have been supplied, the average royalty, direct and indirect, now received by the company for all classes of shoes is less than 2 2-3 cents per pair, including all charges for depreciation and the

Although the company has expended several million dollars in improving the machines with which its lessees have been supplied, the average royalty, direct and indirect, now received by the company for all classes of shoes is less than 2 2-3 cents per pair, including all charges for depreciation and the maintenance of machines, the company maintaining the entire outfit of the manufacturer at the highest point of efficiency. In its general department alone there has been a reduction in the price of 755 commodities, comprising findings and shoemakers' supplies, averaging 25.6%.

Every year the company has expended from \$300,000 to \$750,000 in the purchase and development of new inventions. Nearly 100 new and better machines have been produced, 16 of them performing operations which, before their introduction, required skilled hand workmen. The "ideal clicking machine" recently introduced should alone save the manufacturer a sum equal to the average royalty now paid for the use of all machines leased by him from the company. The economies resulting from the use of other new machines range from 10% to 50%. Under the lease premium formerly in force machines for making 500 pairs of Goodyear welt shoes per day required an initial payment of \$2,845 for installation; under the loan lease now in force this payment has been replaced by a yearly rental of only \$106. There is a corresponding saving in connection with machines of all other departments; substantially the last of these payments was removed recently. Thus the shoe manufacturers, and through them the public, have benefited substantially from the fact that several companies of limited scope were gathered into a single large company.

Always recognizing that it has a common interest with its lessees, the company has long had in contemplation the following plan, which it believes will result in the expansion of its own business through the increased business of its customers: Beginning with Jan. 1 1910 the company will create a fund by investing each year, for three

each lessee of these classes of machines to receive a share of the entire fund proportionate to the amounts paid by him for the use of such machines. The beneficial interest of each lessee in the stock held in the fund, while undistributed, shall not be assignable by his own act or by operation of law, or be subject to attachment on mesne process, execution or any legal process, and in the distribution thereof the company will only recognize the lessees and their executors and administrators as entitled to share therein. In the determination of all questions which may arise concerning the said fund and the distribution thereof, the company reserves to itself the right of final decision. Of the amount received from the use of Goodyear welters and stitchers in the United States during the calendar year 1910, not less than 15% will be invested in accordance with the foregoing plan, and of the amount so received from the use of the Goodyear turn-sewing machines, not less than 10% will be so invested.—V. 89, p. 1546.

United States Motor Co. New York Stock Increase

United States Motor Co., New York.—Stock Increase. The shareholders on June 15 authorized the increase in the auth. capital stock from \$16,000,000 to \$30,000,000 (onehalf 7% cum. pref.), in part to finance the acquisition of the Dayton Motor Co., provide additional working capital, &c. An exchange says:

The Dayton organization is valued at \$2,500,000 and, it is understood, will be taken over by an exchange of stock. For the five months the U. S. Motor Co. has been in existence it has done a business of between \$15,000,000 and \$18,000,000, and there are still some 7,300 orders to be filled this season. [In addition to the acquisitions recently announced the Providence (R. I.) Engineering Works has lately been purchased. Compare V. 90, p. 1494.]

United States Steel Corporation.—Resolution.—The House of Representatives at Washington on June 16 passed the resolution offered by Mr. Stanley of Kentucky requesting the Attorney-General to report to the House all facts in his possession tending to show whether there exists, or has within the last 12 months existed, a combination, agreement or conspiracy between the Carnegie Steel Co., Federal Steel Co., American Tin Plate Co., National Tube Co., American Bridge Co., American Steel & Wire Co., and American Hoop Steel Co., in violation of the anti-trust laws.—V. 90, p. 1495, 1177, 1166.

United Wireless Telegraph Co.—Prosecution by Federal Authorities.—President C. C. Wilson and Vice-President S. S. Bogart were arrested on Wednesday at the instigation of the Federal authorities on the charge of "using the mails to promote a scheme to defraud." Commissioner Shields set the examination for July 12. The Federal Grand Jury

set the examination for July 12. The Federal Grand Jury in this city on Thursday began an investigation.

The statement put out by Chief Post Office Inspector Walter S. Mayer says that while the selling price of the stock was boosted from time to time by artificial means up to as high as \$50 per \$10 share, the actual value of the "real assets, consisting of land stations, patents, manufacturing plants and real estate of all kinds appear to be, on a conservative basis, about \$400,000. The authorized stock is \$20,000,000 (divided equally between common and 7% and participating preferred), of which, as per balance sheet of Dec. 31 1909 (V. 90, p. 1488), \$4,823,460 was held in the treasury.

The statement of the Government official says: "There are about 23,000 stockholders in the United States. The operating expenses have been much greater than the receipts, and the total accumulated surplus of \$6,582,330, as shown in the balance sheet of Dec. 31 1909, is fictitious. The asset, "stocks and bonds in other companies, \$14,148,610," shown in the latter refers to the "defunct American DeForest Wireless stock" (total authorized, \$15,000,000), which was received in exchange on the basis of ten shares for one share of United Wireless stock. The Treasurer of the company has admitted that \$300,000 of the "\$317,449 cash" is fictitious. The patent and patent rights, placed by a firm of licensed accountants at \$20,233, was arbitrarily increased to \$5,520,233. While the officers of the company were privileged to sell their stock, the outside purchasers were, it is said, required to accept stock certificates stamped "not transferable until Feb. 11 1911," thus enabling the officers to make improperly an enormous amount of profits.

The company on Thursday gave out a statement contro-

The company on Thursday gave out a statement controverting most of the allegations of the Government official,

which says in part:

which says in part:

No literature issued under the present management stated that the company had a controlling interest in other wireless companies or large holdings in the Marconi Co., the Marconi holdings being comparatively small. At intervals the market value of the stock was advanced in view of increasing business. The stamped stock was that issued in exchange for securities of the American De Forest Co. All purchasers of United Wireless stock received stock transferable on the books at any time, and a large amount has been transferred. The stock issued to officers for their salaries was based on the selling price at the time and was also issued for cash advanced by the officers, reaching at one time to \$167,120.

There was a surplus of receipts from operations which has been invested in additional stations and equipment.

The Treasurer never stated that \$300,000 of the \$317,488, representing cash in the treasury, as shown in the balance sheet of Dec.31 1909, was fictitious. "The estimate [of \$5,520,233 for patent and patent rights] is conservative, taking into consideration the number of patents owned and their great commercial value," and the future of wireless telegraphy.

The real assets consist of land stations, patents, manufacturing plans and real estate, as stated by Mr. Mayer, but he omits a very important asset—the number of ships equipped. "It is absurd in the extreme that any one officer or all the officers put together have cleaned up \$5,000,000 and possiby \$10,000,000. The statement is utterly false."

The company has equipped 310 ships plying the waters of the Atlantic and Pacific oceans and the Great Lakes, and 100 land stations.—V. 90, p.1488.

90, p. 1488. Westinghouse, Church, Kerr & Co., Ltd.—New President. -Henry H. Westinghouse has been elected President, to succeed the late Walter C. Kerr.-V. 86, p. 113.

Wm. A. Read & Co., bankers, are offering on another page Kansas Gas & Electric Co. first mortgage 5% gold bonds dated March 1 1910, due March 1 1922. The company controls the entire gas and electric lighting and power business in the cities of Wichita and Pittsburg, Kansas, with a combined population of about 75,000, operating under franchises which extend beyond the maturity of the bonds. The statement of earnings shows a large surplus over the interest requirement. The property was very fully described in the "Chronicle," issue of April 16, page 1046.

-William S. Gilmore & Co. have opened a new bond office in The Rookery, Chicago, to deal in carefully eslected securities for conservative investments. Mr. Gilmore has had considerable experience in the bond business in Chicago. He was with Redmond, Kerr & Co. for a time and for the past six years was manager of the Chicago office of Spencer Trask & Co.

-Blake Bros. & Co. offer at 106 (carrying July 15 dividend not yet declared) a small block of Associated Merchants Co. second 6% cumulative preferred stock with participation in profits, now paying 7% per annum.

The Commercial Times.

COMMERCIAL EPITOME.

Friday Night, June 17 1910.

Though railway earnings continue to show important gains over those for the corresponding period last year, and the feeling is generally hopeful, there is never theless a leaven of conservatism which prevents over-trading. The crop outlook on the whole seems to be steadily improving. Curtailment of production in texitle industries is still noticed.

LARD on the spot has been easier, owing to some weakness of late in the market for live hogs, due to increased arrivals. The market for lard futures has been heavy at times, too, and trade has been quiet. Prime Western 12.75c., Middle Western 12.70c. and City steam 12½c. Refined lard has been quiet and without marked change in quotations. Refined Continent 13.20c., South America 14.25c. and Brazil in kegs 15.25c. The speculation in lard futures here in New York has been mainly nominal. At the West prices have fluctuated in an irregular manner. The feeling in the market there has become more bearish of late, owing to an expanding movement of live hogs.

PORK on the spot has been quiet and prices have ruled steady. Mess \$24@\$24 50, clear \$24 50@\$26 and family \$26@\$26 50. Beef has been dull, with mess easy and other grades firm. Mess \$15@\$16, packet \$16@\$17, family \$19 50 and extra India mess \$30. Cut meats have been quiet and generally steady. Pickled hams 15½@16c., pickled bellies, clear, \$16@\$18½, and pickled ribs 15½@17½c. Tallow quiet and steady at 6¾c. for City. Stearines quiet, with oleo weak at 11½@12c. and lard steady at 14@15c. Butter easier, with trade quiet and receipts liberal; creamery extras 27¼@27½c. Cheese quiet with slight changes in prices; State, whole milk, colored, fancy, 14c.; white, 13¾c. Eggs quiet and easy; Western firsts, 19@19½c.

OIL.—Linseed has declined for domestic, owing to increasing arrivals of seed and larger supplies of oil. Trade has been more active, but purchases have been limited as a rule to small lots. Crushers have offered car lots, it is stated, at prices considerably lower than published quotations. City, raw, American seed, 78@79c.; boiled, 79@80c. Calcutta quiet and steady at 90c. Cotton seed quiet and easier; winter 8.25@8.40c.; summer white 8.15@8.45c. Lard quiet and steady, with supplies small; prime \$1@\$1.04; No. 1 extra 62@63c. Cocoanut quiet and firmer; Cochin 10@10½c.; Ceylon 9¼@9½c. Olive quiet and steady at 78@80c. Cod in good demand and firm; domestic 40@42c.; and Newfoundland 43@45c.

COFFEE on the spot has been firm, with trade quiet as a rule, though at times of late there has been a somewhat

COFFEE on the spot has been firm, with trade quiet as a rule, though at times of late there has been a somewhat better inquiry for Santos grades. Rio No. 7, 8½ @83/3c.; Santos No. 4, 85/3@83/4c. West India growths have been quiet and steady; fair to good Cucuta 93/4@10½c. The speculation in future contracts has been quieter and fluctuations in prices have not been marked. The undertone of the market, however, has been firm. The European markets have displayed unexpected strength at times. On the other hand, Europe has sold here on a small scale. Spot interests have been the principal buyers. Closing prices were as follows:

June 6.45c. Sept 6.50c. December 6.70c. March 6.79c. July 6.50c. October 6.70c. January 6.74c. April 6.80c. August 6.60c. November 6.70c. February 6.76c. May 6.82c.

SUGAR.—Raw has been more active and easier. Centrifugal 96-degrees test, 4.18c.; muscovado, 89-degrees test, 3.68c., and molasses, 89-degrees test, 3.43c. Refined has been quiet and steady. Granulated 5.15c. Teas firm and in good demand, though purchases have been limited to moderate-sized lots. Spices steady, with a moderate demand for grinders. Wool dull and easy:

PETROLEUM.—Refined has declined, owing to weakness in crude. Trade has been moderately active for domestic and export account. Refined, barrels, 7.65c., bulk 4.15c. and cases 10.05c. Gasoline has been active and firm; 86-degrees, in 100-gallon drums, 18%c.; drums \$8.50 extra. Naphtha has been in moderate demand and steady; 73@76-degrees, in 100-gallon drums, 16%c.; drums \$8.50 extra. Spirits of turpentine quiet but firmer at 62c. Rosin in light demand but stronger; common to good strained \$4.90.

TOBACCO.—The situation in the market for domestic leaf has shown no change during the week. Cigar manufacturers have continued to report trade quiet and they show no disposition to depart from the policy of buying sparingly. Prices, however, have ruled firm. Sumatra has been moderately active at firm quotations. Havana has been quiet but firm.

COPPER has been easy, with consumers buying sparingly. It is reported that purchases of electrolytic can be made at current prices for delivery through the balance of the year. Lake 125/60123/4c.; electrolytic 12.30012.40c. and casting 121/60121/4c. Lead dull and steady at 4.4004.50c. Spelter has been dull and weak at 5.1505.25c. Tin quiet and easy; spot 321/2c. Pig. iron has been quiet and steady; No. 1 Northern \$16.750\$17; No. 2 Southern \$15.750\$\$16.25.

COTTON.

Friday Night, June 17 1910.

THE MOVEMENT OF THE CROP as indicated by our telegrams from the South to-night is given below. For the week ending this evening the total receipts have reached 23,779 bales, against 26,832 bales last week and 36,392 bales the previous week, making the total receipts since Sept. 1 1909 7,061,451 bales, against 9,640,610 bales for the same period of 1908-09, showing a decrease since Sept. 1 1909 of 2,579,159 bales.

Speculation in cotton for future delivery has been quiet at lower prices. The decline was attributable largely to generally favorable weather, the spread of the curtailment of production in this country and evidences that this policy is beginning to react upon the English trade. Certainly the spot market at Liverpool of late has shown a sudden, and what seems to many a significant, falling off in transactions. Also Manchester has reported trade to be in a less favorable condition. In other words, the cable dispatches have been disappointing to the advocates of higher prices. Newspaper reports have put the condition of the crop in Texas at 8.8% better than last year and that of Oklahoma at 7.7% better. Opinions vary as to the precise amount of increase of the acreage, but West of the Mississippi River it is believed to be large. The reports are all in substantial accord on that point. Rumors, too, that the anti-option bill is likely to pass the House of Representatives, even if it should be blocked in the Senate, have had more or less effect, though the other factors mentioned have undoubtedly been more potent. It is said, too, that the Grand Jury has reached some conclusion in regard to the so-called cotton pool. Meantime speculation has been dull and liquidation has been more or less of a feature. The favorable character of most of the weather and crop reports of late leads some to the conclusion that the July Government report is likely to be in the main favorable. Southern spot markets, moreover, have been generally quiet. Support by the leading bulls has been necessary to prevent prices from sagging to a lower level than they have actually reached. Rallies have occurred from time to time, owing to the covering of shorts, and it is insisted that the uncovered bear interest in July is of rather large proportions. Moreover, the certificated stock here has been rapidly decreasing. The falling off thus far this month amounts to about 89,000 bales. Heavy rains have been reported in Georgia and the Carolinas, and the last weekly Government report stated that the precipitation in these States has recently been above the normal. Liverpool has sent buying orders to some extent and large spot interests have also purchased on the decline. Some reports have been in circulation, too, to the effect that weevil was doing more or less damage in Mssissippi, Louisiana and Alabama. The statistical position, according to the bulls, is strong. Others maintain that its strength is merely superficial, since it is offset by the curtailment policy among the mills of this country, which is plainly spreading. Large mills at Fall River have decided to shut down every other week. As these mills are under the control of M. C. D. Borden, the action is taken to be distinctly worthy of note. In other words, the evidences seen to multiply that consumption is being affected by the high price of cotton and also the high cost of living, notably the high ruling prices for food. If the outlook for the next crop should continue promising, it is probable that the mills will be more than ever determined to carry out their policy of hand-to-mouth buying. To-day prices broke on reports that leading bulls had been indicted, weakness in Liverpool, small spot sales there and at the South, and general selling. Spot cotton here has been moderately active. Middling uplands closed at 15.05c., a decline for the week of 35 points.

The rates on and off middling, as established Nov. 17 1909 by the Revision Committee, at which grades other than middling may be delivered on contract, are as follows:

THE VISIBLE SUPPLY OF COTTON to-night, as made up by cable and telegraph, is as follows. Foreign stocks, as well as the afloat, are this week's returns, and consequently all foreign figures are brought down to Thursday evening. But to make the total the complete figures for to-night (Friday), we add the item of exports from the United States, including in it the exports of Friday only.

Continental imports for	the nest	t week h	ave heen	63 000

Continental imports for the past week have been 63,000 bales.

The above figures for 1910 show a decrease from last week of 133,030 bales, a loss of 769,616 bales from 1909, a decrease of 134,439 bales from 1908, and a loss of 1,057,-749 bales from 1907.

AT THE INTERIOR TOWNS the movement—that is, the receipts for the week and Since Sept. 1, the shipments for the week and the stocks to-night, and the same items for the corresponding period for the previous year—is set out in detail below.

WEATHER REPORTS BY TELEGRAPH.—Advices to us by telegraph from the South this evening are, in the main, of a favorable character. In Texas and Oklahoma there has been little or no precipitation, and it is claimed that in some sections of the former State showers are needed. Elsewhere rain has been quite general, but light or moderate, except in a few districts in the Eastern Gulf States and along the Atlantic. Crop reports are favorable as a rule.

Galveston, Texas.—Temperatures continue too low at night for health and rapid growth of plant. Hot weather and showers are needed. There has been rain on one day of the week, the rainfall being twelve hundredths of an inch. The thermometer has averaged 77, the highest being 86 and the lowest 68.

Abilene, Texas.—We have had no rain the past week. The thermometer has averaged 73, ranging from 54 to 92.

Brenham, Texas.—There has been rain on one day during the week, the precipitation being one hundredth of an inch. Thermometer has ranged from 53 to 91, averaging 72.

Cuero, Texas.—Dry all the week. Average thermometer 76, highest 92 and lowest 59.

Dallas, Texas.—There has been no rain the past week. The thermometer has averaged 73, the highest being 92 and the lowest 54.

Fort Worth, Texas.—We had no rain the past week. The thermometer has averaged 73, ranging from 56 to 90.

Henrietta Texas.—There has been no rain during the week. Thermometer has ranged from 51 to 90, averaging 71.

Huntsville, Texas.—Dry all the week. Average thermometer 76, highest 95, lowest 56.

Kerrville, Texas.—There has been no rain during the week. The thermometer has averaged 71, the highest being 90 and the lowest 52.

Lampasas, Texas.—There has been no rain the past week. The thermometer has averaged 73, ranging from 50 to 95.

Longview, Texas.—Dry all the week. The thermometer

has ranged from 59 to 95, averaging 77.

Luling, Texas.—Rain has fallen on one day of the week.

The rainfall reached six hundredths of an inch. Average

the rainfall reached six hundredths of an inch. Average thermometer 76, highest 95 and lowest 57.

Nacogdoches, Texas.—There has been no rain during the week. The thermometer has averaged 72, the highest being

week. The thermometer has averaged 72, the highest being 87 and the lowest 57.

Palestine, Texas.—We have had no rain the past week.

The thermometer has averaged 73, ranging from 60 to 86.

Paris, Texas.—There has been no rain during the week.

Thermometer has ranged from 56 to 91, averaging 74.

San Antonio, Texas.—We have had rain on one day of the past week, the rainfall reaching twelve hundredths of an inch. Average thermometer 76, highest 92, lowest 60.

Taylor, Texas.—There has been no rain during the week. The thermometer has averaged 75, the highest being 90 and the lowest 60.

Weatherford, Texas.—It has been dry all the week. The thermometer has averaged 74, ranging from 54 to 94.

Ardmore, Oklahoma.—Dry all the week. The thermometer has ranged from 52 to 95, averaging 74.

Holdenville, Oklahoma.—We have had rain on one day the past week, the rainfall reaching ten hundredths of an inch. Average thermometer 69, highest 90, lowest 48.

Marlow, Oklahoma.—There has been no rain during the week. The thermometer has averaged 72, ranging from

Oklahoma, Oklahoma.—It has rained on one day of the week, the rainfall reaching one hundredth of an inch. thermometer has ranged from 53 to 88, averaging 70.

Alexandria, Louisiana.—We have had rain on one day during the past week, the rainfall being six hundredths of an

inch. Average thermometer 75, highest 94, lowest 55.

Amite, Louisiana.—It has been dry all the week. The thermometer has averaged 75, the highest being 91 and the

New Orleans, Louisiana.—There has been rain on two days during the week, to the extent of one inch and fifty-four hundredths. The thermometer has averaged 78, ranging

Shreveport, Louisiana.—It has rained on one day of the week, the rainfall reaching two inches and thirty hundredths. The thermometer has ranged from 60 to 88, averaging 74.

Columbus, Mississippi.—We have had rain on two days of the past week, the rainfall reaching one inch and eight hundredths. Average thermometer 73, highest 90, lowest 56. Meridian, Mississippi.—We have had rain on two days of the week, the rainfall reaching one inch. The thermometer has averaged 74, the highest being 88 and the lowest 60.

Vicksburg, Mississippi.—There has been rain on one day during the past week, the precipitation being four hundredths of an inch. The thermometer has averaged 73, ranging

Eldorado, Arkansas.—We have had rain on one day the past week, the rainfall being twelve hundredths of an inch. The thermometer has ranged from 56 to 90, averaging 73.

Fort Smith, Arkansas.—We have had rain on one day the past week, the rainfall reaching six hundredths of an inch.

Average thermometer 70, highest 86, lowest 54. Helena, Arkansas.—Good farming weather. had rain on one day of the week, the rainfall reaching twenty-two hundredths of an inch. The thermometer has averaged 70, the highest being 86 and the lowest 57.

Little Rock, Arkansas.—There has been rain on one day during the past week, the precipitation being forty hundredths of an inch. The thermometer has averaged 73, ranging from 59 to 87.

Dyersburg, Tennessee.—There has been rain on one day during the week, the rainfall reaching forty hundredths of an inch. Thermometer has ranged from 55 to 89, aver-

Memphis, Tennessee.—The crop is progressing well. We have had rain on two days the past we k, the rainfall reaching fifty-eight hundredths of an inch. Average thermometer 70.9, highest 87, lowest 60.

Nashville, Tennessee.—It has rained on one day during the week, the rainfall having reached seventy hundredths of an inch. The thermometer has averaged 71, the highest being 88 and the lowest 54.

Mobile, Alabama.—Good and beneficial rains in the interior early in the week and warm later. The cotton plant is small in most sections, but is growing well. There has been rain on three days during the week, to the extent of two inches and fifty-one hundredths. The thermometer has averaged 76, ranging from 64 to 91.

Montgomery, Alabama.—Cotton crop reports are favorable. We have had rain on two days during the week, the rainfall reaching one inch and forty-eight hundredths. The thermometer has ranged from 64 to 89, averaging 74.

Selma, Alabama.—On uplands work is progressing nicely,

but bottom lands are still too wet to work and grass has taken possession. We have had rain on four days of the week, the precipitation being eighty-three hundredths of an inch. Average thermometer 76.5, highest 90, lowest 63.

Madison, Florida.—The week's rainfall has been nine inches

and sixty-five hundredths, on six days. The thermometer

has averaged 74, the highest being 85 and lowest 67.

Tallahassee, Florida.—There has been rain on six days during the week, the rainfall reaching four inches and eightyseven hundredths. The thermometer has averaged

ranging from 65 to 86. Atlanta, Georgia.—We have had rain on six days the past week, the rainfall being one inch and forty-four hundredths. The thermometer has ranged from 59 to 82, averaging 70.

Augusta, Georgia.—We have had rain on six days during the past week, the rainfall being two inches and forty hundredths. Average thermometer 74, highest 85, lowest 63. Savannah, Georgia.—There has been rain on five days

during the week, to the extent of two inches and fifty-two hundredths. The thermometer has averaged 74, the highest being 87 and the lowest 64.

Washington, Georgia:—We have had rain on five days during the week, the precipitation being one inch and forty-seven hundredths. The thermometer has averaged 72, ranging from 58 to 85.

Charleston, South Carolina.—There has been rain on six days the past week, the rainfall being two inches and fifty-one hundredths. The thermometer has ranged from 67 to 85,

Greenville, South Carolina.—Rain has fallen on six days of the week, the rainfall being two inches and eighty-five hundredths. Average thermometer 68, highest 78, lowest 58.

Greenwood, South Carolina. - We have had rain on five days during the week, the precipitation being two inches and ten

hundredths. The thermometer has ranged from 59 to 88, averaging 74.

Spartanburg, South Carolina.— t has rained on six days of the week, the rainfall reaching four inches and fifty hundredths. The thermometer has averaged 71, the highest

being 85 and the lowest 57.

Thomasville, Alabama.—There has been rain on three days the past week, the rainfall being one inch and seventythree hundredths. indication more rain. The thermometer has averaged 75, ranging from 61 to 90.

Charlotte, North Ca olina.—Sunshine and warmer nights needed. There has been rain on six days of the week, to the extent of four inches and fifty-four hundredths. The thermometer has averaged 69, the highest being 80 and the lowest 58.

BREADSTUFFS.

Friday, June 17 1910.

Prices for wheat flour have ruled steady, with the trading dull and featureless. Consumers in not a few cases are reported to be well supplied, and those that are not are buying as sparingly as possible until new crop quotations have been made. At the Northwest the market has been more active. The output at Minneapolis during the past week showed a noteworthy increase over the previous week, and some business was done for export. Reports from the Southwest and the West, on the other hand, have been unfavorable, reporting trade at practically a standstill. Rye flour and

corn meal have been quiet and easy.

Wheat has been irregular, declining on the July option and advancing slightly on later months. The decline in July was due mostly to liquidation, prompted by increasing offers of new wheat from the Southwest, large receipts of old wheat and dulness on the spot in most sections of the country. The Southwestern flour markets have been dull. At Kansas City it is said that millers have been offering flour at 75 cents under quotations current at Minneapolis. Hungarian crop is officially estimated at 198,400,000 bush., against 113,852,000 last year. Another estimate puts the Hungarian yield at 205,000,000 bush. The foreign crop prospects are generally favorable. It is said that in Southern Minnesota the crop is above the average for this time of the year. Cutting of wheat has commenced in Southern Missouri and Kansas. Two cars of new Texas wheat grading No. 3 hard have arrived at St. Louis. The outlook for the crop in the Southwest is reported more favorable, and according to some authorities there is ground for expecting a larger yield than was at one time estimated. It is said that France will carry 44,000,000 bushels of the old crop over into the new season. On the other hand, dry weather is complained of in the Northwest, and the effect is perceptible in the steadiness of late in the distant months. It is even asserted that unless the dry weather conditions in that section are relieved in the near future by the fall of copious rains, the drought may become a distinct factor in the market. The world's available stocks, too, decreased last week approximately 8,000,000 bushels, a falling off nearly eight times as great as that for the corresponding week last year. Within a day or two also there has been some increase in the demand for flour at Minneapolis. Manitoba has been offering wheat less freely in Europe, and from parts of Russia, Roumania and Argentina the crop reports have been somewhat less favorable than they were recently. To-day prices advanced on continued dry weather in most parts of the Northwest. strong cables, small. Argentine shipments, commissionhouse buying and covering of shorts.

Indian corn futures in New York have been nominal. At the West the speculation has been active with the trend of prices downward in the main, owing to improved weather conditions, rains having ceased in most sections and temperatures having risen. Crop accounts are more favorable. At times rallies have occurred. The cash markets at the West have ruled firm on moderate receipts and a good shipping demand. There have been some unfavorable crop reports, the plant in some sections still being very small. But large interests have sold freely and the buying has been merely to cover as a rule. It is expected that receipts will increase materially when farmers catch up with field work. To-day prices advanced on the strength of wheat and cover-

ing of shorts.

Oats for future delivery at the West have been irregular within narrow limits. The action of the corn market has had a depressing effect at times, but the undertone of the oats market has on the whole been firm. Many people are disposed to buy, especially on recessions, on the idea that the present prices are low enough for this stage of the season. The crop movement has been moderate. A good shipping demand has been reported at the West at firm or higher prices. To-day prices advanced on reports of insufficient moisture in some sections, commission-house buying and covering of shorts.

THE DRY GOODS TRADE.

New York, Friday Night, June 17 1910. Trade in dry goods was quiet last week and the market showed little change from the conditions that have prevailed for the last few weeks. The weather was unfavorable and the market merely marked time. Perhaps the most noteworthy feature in the situation is that stocks of dry goods in hands of the secondary distributors are so light that it is doubtful if any June clearance sales of importance will be arranged, quite in contrast with previous years. The jobbers' supplies are now understood to be the smallest in the history of the trade and there is no disposition to replenish stocks apparent. This is due to various reasons, chiefly that there is an expectation of cheaper cotton all around. The mills are waiting for lower-priced raw material and jobbers are hesitating, pending the success the mills have in this regard. The latter are entering upon a policy of widespread curtailment because of the high price of raw and the unsatisfactory conditions in the finished goods trade. It is figured that 50,000 operatives in the New England States are on short-time and that by mid-summer the number will be greatly increased. Conditions, according to some manufacturers, are more unsatisfactory than at any time since the depression following the panic in 1907. Another development of much interest last week was the purchase by Marshall, Field & Co. of five large cotton and woolen mills at Spray, N. C. This is a matter of considerable importance to jobbers as they fear it marks the beginning of a movement whereby retailers will become producers and thus eliminate the middle men entirely. It is believed to be the intention of Marshall, Field & Co. to cover all lines of goods handled by them, evidently intending to become wholly independent. The question that is now troubling the local trade is whether other jobbers will do likewise. One of the main reasons advanced by officials of Marshall, Field & Co. for this action is to save the consumer about 10% on his purchases. There is, however, one line in the trade which shows improved conditions, namely cotton yarns. They are stronger and more active and spinners are turning down orders for forward delivery largely because they do not wish to commit themselves over a period in which conditions may possibly change.

DOMESTIC COTTON GOODS.—The exports of cotton goods from this port for the week ending June 11 were 2,541 packages, valued at \$192,490, their destination being to the points specified in the table below:

		1910		909
New York to June 11-		Since		Since

Total	9 541	104 700	45.050	1-1-1-1

15,358 176,946 The value of these New York exports since Jan. 1 has been \$7,196,204 in 1910, against \$9,845,071 in 1909.

The demand for domestics continues dull, buyers merely meeting their immediate requirements and showing no disposition to anticipate their needs beyond Sept. 1. On spot goods prices are quoted low and some attractive lots can be picked up, especially on branded goods. Print cloths, which were reduced 5½c. per yard some time ago, have failed to move as freely as the selling agents had hoped, either for domestic or export account. Converters are buying gray goods very sparingly and seem unwilling to increase their supplies until the situation on finished goods shows an improvement. Advices received from Manila are more favorable. Stocks in that market are well cleaned up and buyers are preparing to place orders here. Sheetings and drills are decidedly quiet for both spot and forward delivery. On ticketed goods for spot delivery prices are easy; on goods to be made, however, manufacturers are firm. Prices of both regulars and standard wide goods remain unchanged and the trade is quiet.

WOOLEN GOODS.—Few lines of men's fabrics for 1911 have been opened so far and it looks as if the season would be delayed until after July 4. Buyers of woolens and worsteds are undecided. Serges are inactive, the large interests, especially the American Woolen Co., awaiting the turn of the month, Prices are heavy on fall lines and several efforts have been made to move stocks at reduced prices. Dress goods are moving slowly, only light business being done, and this mainly on the better grades, such as broadcloths.

FOREIGN DRY GOODS.-Importers of worsted and woolen goods are proceeding slowly, as the situation on foreign goods is much the same as on domestic goods. There was a quiet inquiry for linens but little actual business developed. The market for burlaps was quiet and unchanged.

Importations and Warehouse Withdrawals of Dry Goods.

The importations and warehouse withdrawals of dry goods at this port for the week ending June 11 1910 and since Jan. 1 1910, and for the corresponding periods of last ve

STATE AND CITY DEPARTMENT.

News Items.

Arizona-New Mexico. - Statehood Bill Passed. - The bill admitting the Territories of Arizona and New Mexico to separate Statehood was passed by the U.S. Senate on June 16. The bill, being a substitute for the measure passed by the House some weeks ago, now goes to a conference committee. It is expected, however, that an agreement will be reached and enabling Acts passed before this session of Congress adjourns.

Cincinnati-Delhi, Ohio.—Annexation.—An ordinance formally annexing Delhi to Cincinnati was passed by the City Council on June 13. As already reported, the proposition was ratified by the voters on Nov. 2 1909.

Denver, Colo.—Water Company Refuses Offer of City to Purchase Plant for \$7,000,000.—The Public Utilities Commission created under the charter amendment adopted on May 17 (V. 90, p. 1502) submitted to the Denver Union Water Co. on May 31 the offer, provided in the amendment, to purchase the plant of that company for \$7,000,000, payment to be made in $4\frac{1}{2}\%$ city bonds. This offer was declined by the water company, its reply to the Commission being as follows:

being as follows:

To the Public Utilities Commission of the City and County of Denver Hon.

Armour C. Anderson, President, Denver, Colo.:

Sirs—The Denver Union Water Co. acknowledges receipt of your communication bearing date of May 31 1910.

In that communication you, on behalf of the city and county of Denver, make to this company a formal offer of \$7,000,000 in bonds, as and for the purchase price of "all the property of every description included and embraced in the appraisement made under Ordinance 163, Series of 1907, free and clear of all liens, encumbrances, claims and demands of every kind and character." We understand that the bonds so offered are bonds of the city and county of Denver not yet issued or authorized, to bear 4½% interest per annum, and to be of such date and in such form and maturing at such times as may hereafter be prescribed by you.

We would respectfully advise you that the property which you propose to purchase is subject to certain mortgages and deeds of trust securing outstanding bonds aggregating several million dollars in excess of your offer, and this company is not authorized to act for the holders of such bonds.

We would also call your attention to the following facts:

1. That the appraisement mentioned in the charter provision quoted by you was made at the instance of the city and pursuant to formal contract between the city and the company, and under Section 11 of Ordinance 44, Series of 1890, supplemented by Ordinance 163, Series of 1907.

2. That said appraisement was made by five disinterested, competent and experienced men, non-residents of Denver, two of whom were chosen by the city, two by this company and the fifth by the four others chosen as aforesaid.

3 That the five appraisers not only received evidence submitted by both the city and the company, but also personally examined with great care all

as aforesaid.

3 That the five appraisers not only received evidence submitted by both the city and the company, but also personally examined with great care all of the property of the company in detail, and heard arguments for both parties, the work of said appraisers in hearings, examinations and in making their report extending over a period of more than 16 months.

4. That as a result of the hearing and of their investigations the five appraisers were unanimous in fixing a valuation of \$10,354,075 on the physical plant, including land and structures, after due deductions for depreciation; and were also unanimous in fixing the business and going concern value at \$1,200,000, making a valuation for these factors of \$11,554,075, to which the appraisers agreed; and that four of the five appraisers fixed the value of water rights owned by the company (the same now being part of the property covered by your offer) at \$2,845,925.

5. That the same property for which you now offer \$7,000,000 in bonds was valued by said appraisers at \$14,400,000 in cash, an amount which this company then believed and now believes to be much less than its real value.

this company then believed and now believes to be much less than he real value.

6. That since the date to which said appraisement relates this company, in making new additions, extensions and betterments of its property for the purpose of meeting the growing needs of the city and its inhabitants, has expended not less than the sum of \$676,000.

Considering the facts above set forth, surely neither your honorable commission nor the people of the city and county of Denver would expect to acquire said property, free of encumbrance, for the sum of \$7,000,000.

In view of all the facts and circumstances affecting the proposition, the Denver Union Water Co. cannot accept the offer contained in your communication of May 31 1910.

This response to your offer, and the statements hereinabove made, are without prejudice to any rights held by this company under Ordinance 44, Series of 1890, or under Ordinance 163, Series of 1907, or otherwise.

Very respectfully yours,

THE DENVER UNION WATER CO.,

By D. H. MOFFAT, President.

Harris County Drainage District No. 2, Tex.—Injunction Dismissed.—On May 26 Judge Chas. E. Ashe of the Eleventh District Court decided that the temporary injunction which had previously been granted to J. C. Parker, et al., restraining this district from proceeding with drainage work, should not be made permanent. It is said that the case will be carried to the Court of Civil Appeals. As stated in V. 89, p. 1177, \$165,000 of an issue of \$200,000 bonds of this district was awarded on May 3 1909 to Kinnaer Bros.

Massachusetts.—Legislature Adjourns.—The Legislature of this State was prorogued at 9:18 p. m. June 15. As previously stated, both branches took action at the session just ended on the proposed Income Tax Amendment to the Federal Constitution, refusing to ratify the same.

Minnesota.—Death of State Treasurer.—Clarence C. Dinehart, State Treasurer, died on June 8 at Luther Hospital in St. Paul following an operation for appendicitis. Mr. Dinehart will be succeeded by Elias S. Pettijohn, who has been Deputy Treasurer since 1901.

New York City.—Bonds Listed.—The \$50,000,000 41/4% 20-50-year (optional) gold registered or coupon corporate stock awarded on March 22 (V. 90, p. 869) was admitted to the list of the New York Stock Exchange on June 17.

Oklahoma.—Special Election Results in Favor of Removal of State Capital.—Returns from the special election held June 11 to vote on a permanent location for the State Capital indicate the choice of Oklahoma City. The three cities named on the ballot as candidates for the location were Guthrie, the present location, Oklahoma City and Shawnee.

Upon learning the result of the election, the Governor and Secretary of State immediately opened offices in Oklahoma

in that city under the original State Seal, while Assistant Secretary of State Meyer has a duplicate seal and is transacting official business at Guthrie. The citizens of Guthrie are opposing the removal of the capital on the ground that such action is prohibited until the year 1913 by the terms of the Enabling Act of Congress under which the Territory of Oklahoma was admitted into the Union as a State. The Act referred to provides in Section 2 that

"The capital of said State shall temporarily be at the city of Guthrie, in the present Territory of Oklahoma, and shall not be changed therefrom previous to Anno Domini nineteen hundred and thirteen, but said capital shall after said year be located by the electors of said State at an election to be provided for by the Legislature."

The terms and conditions of the Enabling Act were accepted in an ordinance adopted by the Constitutional Convention of the proposed State of Oklahoma on April 22 1907.

On June 16 Judge A. H. Huston of the County District Court at Guthrie overruled the demurrer of Governor Haskell to the petition of County Attorney Hepburn for an injunction preventing the removal of the capital from Guthrie to Oklahoma City. The temporary injunction issued June 13 was continued in force until further order. The Court, it is said, held that the enabling Act was valid in imposing the condition that the capital should remain in Guthrie until 1913; that the Court had jurisdiction over the person of the Governor in matters where he had no discretion, and that the County Attorney had the power to file application for an injunction. The Governor in his demurrer took the position that as Chief Executive he was not amenable to the State

A proclamation was issued by the Governor on June 16 declaring the capital location bill carried and officially announcing that Oklahoma City had received the greatest number of votes.

In addition to the capital removal bill there was also submitted to the voters on June 11 a proposed amendment to Article 9 of the State Constitution. This amendment, which, according to partial returns, was defeated, would have added a new section to Article 9, to be known as Section 49, giving greater privileges to railroad construction in the State.

Texas.—Extra Session of Legislature.—A call was issued on June 15 for a special session of the Legislature to convene July 19. The reason for the extra session, as stated in the call, is to repeal the fire insurance rating board law and to enact such other legislation as will prevent a combination or trust of fire insurance companies.

Bond Proposals and Negotiations this week have been as follows:

Ainsworth School District (P. O. Ainsworth), Brown County, Neb.—Bonds Voted.—This district on May 31 voted, it is stated, to issue \$12,000 high-school bonds.

Akron School District (P. O. Akron), Ohio.—Bond Offering. -Proposals will be received until 2 p. m. June 25 by J. F. Barnhart, Clerk Board of Education, for the \$150,000 4% high-school bonds voted on May 17. See V. 90, p. 1435.

Denomination \$1,000. Date June 30 1910. Interest semi-annually at the office of the Treasurer of the Board. Maturity \$10,000 in each of the years 1920, 1921 and 1922 and \$30,000 in each of the years 1924, 1925, 1926 and 1927.

Albany, N. Y .- Additional Sale of Bonds .- Reports state that \$100,000 more of the \$563,200 4% bonds offered on June 7 have been disposed of to the Binghamton Bank at par and interest, leaving a balance of \$95,050 unsold. The sale of \$368,150 worth of the bonds was reported in V. 90,

Amesbury, Mass .- Temporary Loan .- The Town Treasurer, it is said, has borrowed \$25,000 from F. S. Moseley & Co. of Boston at 4.23% discount. Loan matures \$15,000 May 15 1911 and \$10,000 June 9 1911.

Amite City, Tangipahoa Parish, La.—Bond Election.—A school bond proposition amounting to \$35,000 will be voted upon by this city on June 20.

Argo Independent School District, Tex.—Bond Sale.— This district awarded \$2,000 5% bonds to the State Permanent School Fund at par and accrued interest on June 4

Armstrong County Common School District, Tex.—Bond Sale.—We are informed that the State Permanent School Fund purchased \$8,000 5% bonds on June 4 at par and accrued interest.

Ashboro, Randolph County, No. Car.—Bond Offering.— Proposals will be received until 8:30 p. m. June 22 by the Mayor and the Board of Commissioners for \$50,000 5% water-works and sewerage bonds mentioned in V. 90, p. 645. Interest semi-annual. Maturity 30 years. Certified check for 1% of bonds bid for is required.

Augusta, Oneida County, N. Y.—Bond Offering.—Proposals will be received until June 21 by A. W. Strong, Town Supervisor (P. O. Vernon Center), for \$10,000 41/2% highwayimprovement bonds.

Denomination \$500. Interest annually on April 1 at the First National Bank of Oriskaney Falls. Maturity \$2,000 on Mch. 1 in each of the years 1914, 1918, 1922, 1926 and 1930. Bonds to be paid for by not later than June 29.

Belgrade, Nance County, Neb.—Bonds Voted.—On May 31 this village voted, it is stated, to issue \$18,000 electric-light and water-works-system bonds.

Bowling Green, Wood County, Ohio.—No Bonds Sold.— We are informed that the newspaper reports that this place City, and it is said that they are transacting official business | had sold \$11,000 street bonds (V. 90, p. 1568) are erroneous. Boyne City, Charlevoix County, Mich.—Bond Sale.— It is stated that \$25,000 water bonds have been awarded to H. W. Noble & Co. of Detroit.

Bratenahl School District (P. O. Cleveland), Cuyahoga County, Ohio.—Bond Sale.—The \$4,000 5% 20-year coupon bonds described in V. 90, p. 1436, were sold on June 3 to the First National Bank of Cleveland at 110.988 and accrued interest—a basis of about 4.184%. Following are the bids: First Nat. Bk., Cleveland...\$4,439 55 | Stacy & Braun, Toledo....\$4,388 Hayden, Miller & Co., Clev...4,392 00 | Otis & Hough, Cleveland...4,244 00

Broken Bow School District (P. O. Broken Bow), Custer County, Neb.—Bonds Not Sold.—This district failed to sell the \$35,000 4½% 5-20-year (optional) high-school-building bonds offered on June 6. For description of these bonds, see V. 90, p. 1503.

Brookline, Mass.—Temporary Loan.—This town, it is stated, has borrowed \$100,000 from the First National Bank of Boston.

Burkburnett Independence School District (P. O. Burkburnett), Wichita County, Tex.—Bond Offering.—Proposals will be received until June 25, by W. W. Grahm, Secretary of School Board, for the \$16,000 10-40-year (optional) school-building bonds voted on March 5. See V. 90, p. 865. Certified check for \$1,000 required. These bonds were registered by the State Comptroller on June 2.

Burlington, Alamance County, No. Caro.—Bonds Not Sold.—We are advised that no satisfactory bids were received for the \$60,000 5% coupon street and sidewalk bonds offered on June 6 and described in V. 90, p. 1503.

Bushnell, McDonough County, Ill.—Bond Sale.—On June 14 H. T. Holtz & Co. of Chicago were awarded the \$25,000 5% coupon sewer bonds described in V. 90, p. 1503, at 101.564 and accrued interest. The following bids were received:

H. T. Holtz & Co., Chic_\$25,391 00 | N. W. Halsey & Co., Chic_\$25,010 00 S. A. Kean & Co., Chic__*25,400 00 | Cole's Tr.&S.B., Bushnell_ 25,000 00 C. H. Coffin, Chicago___ 25,121 00 | A. B. Leach & Co., Chic__ 25,000 00 Harris Tr. & S. Bk., Chic_ 25,078 00 | Farson, Son & Co., Chic__ 24,750 00 Coffin & Crawford, Chic__ 25,062 50 | A.G.Edwards & Sons, St.L_ 24,000 00

* Said to be irregular.

Maturity \$2,500 yearly on June 1 from 1916 to 1925 inclusive, all bonds being subject to call after June 1 1916.

Butler School District (P. O. Butler), Mo.—Bond Election.
—The electors of this district on June 21 will vote on the question of issuing \$35,000 bonds for a new high-school building.

Canton, Ohio.—Bond Sale.—On June 6 the 8 issues of 4½% bonds aggregating \$45,800, described in V. 90, p. 1504, were awarded to Hayden, Miller & Co. of Cleveland for \$46,960 (102.532) and accrued interest. Following are the bids:

Clarkfield, Yellow Medicine County, Minn.—Bond Sale.— The \$4,000 5% village-hall-building bonds, proposals for which were asked until May 27 (V. 90, p. 1436), were sold on June 6 to Kane & Co. of Minneapolis at par. The bonds are in denominations of \$750 and \$1,000 and mature \$750 yearly on July 1 from 1926 to 1929 inclusive and \$1,000 in 1930.

Clinton, Mass.—Loan Offering.—Proposals will be received until 10:30 a. m. June 23 by Chas. E. Shaw, Town Treasurer, for the following 4% loans:

\$15,000 coupon school bonds. Denomination \$1,000.
14,000 coupon High St. widening notes. Denomination \$1,400.
Interest is payable at the First National Bank of Boston. Maturity part of each issue yearly, beginning July 1 1911

Coeur d'Alene Independent School District No. 1 (P. O. Coeur d'Alene), Idaho.—Bond Sale.—The \$55,000 10-20-year (optional) coupon high-school-improvement bonds offered on May 23 (V. 90, p. 1378) have been awarded to the Woodmen of the World, Pacific Jurisdiction, for \$56,085 (101.972) for 5s.

Coldwater, Mercer County, Ohio.—Bonds Not Sold—Bond Offering.—The \$14,000 street-improvement bonds mentioned in V. 90, p. 1190, were offered without success as 4s on June 11. They are now being re-offered at 5% interest.

Cottle County Common School District No. 1, Tex.—Bond Sale.—The \$19,000 5% 20-40-year school-house bonds, proposals for which were asked until May 1 (V. 90, p. 1190), were sold on June 4 to the State Permanent School Fund at par and accrued interest.

Court House Township School District No. 1, Chester County, So. Caro.—Bond Offering.—Proposals will be received until 12 m. June 24 by J. C. McLure, Secretary Board of Trustees (P. O. Chester), for \$15,000 4½% coupon school-building bonds.

Denomination \$100, \$500 or \$1,000, at option of purchase. Date July 1 1910. Interest semi-annual. Maturity 40 years, subject to call after 20 years. Bonds are exempt from all taxes. Certified check for 2% of amount bid for is required. Bonded debt, not including this issue, \$18,000. No floating debt. Assessed valuation 1909, \$1,905,702.

Covington, Kenton County, Ky.—Bond Offering.—Proposals will be received until 5 p. m. June 20 by H. G. Klostermann, City Clerk, for an issue of 4% gold coupon refunding bonds that will produce, when sold, the sum of \$281,000. Mention of these bonds was made in V. 90, p. 1504.

Authority, Chapter 3107 Kentucky Statutes. Denomination \$1,000. Date Aug. 1 1910. Interest semi-annually at the city depository or the American Exchange National Bank in New York City. Maturity 40 years, subject to call after 30 years. Bonds are exempt from city taxes. Certified check for \$1,000, payable to the "City of Covington," is required.

Crooksville, Perry County, Ohio.—Bond Offering.—Proposals will be received until 12 m. June 20 by Fred Cooke, Village Clerk, for \$3,500 5% coupon State Street paving assessment bonds.

Autlo ity, Section 1536-213, Revised Statutes, being Section 53, Municipal Code, and Sections 3819 to 3822, General Code. Denomination \$500, Date April 1 1910. Interest semi-annually in Crooksville. Maturity \$500 yearly from 1912 to 1918 inclusive. Certified check for 10% of bonds bid for, payable to the Treasurer, is required. Purchaser to pay accrued interest and furnish blank bonds at his own expense.

Custer County School District No. 1 (P. O. Miles City), Mont.—Bond Offering.—Proposals will be received until 2 p. m. June 25 by J. B. Collins, Clerk of the Board of School Trustees, for \$12,000 coupon school bonds at not exceeding 5% interest.

Authority, election held April 2 1910. Denomination \$1,000. Date July 1 1910. Interest on March 1 and Sept. 1. Maturity \$4,000 in each of the years 1919, 1924 and 1929. Certified check for 5% of bid is required.

Cuyahoga County (P. O. Cleveland), Ohio.—Bond Offerings.—Proposals will be received until 11 a.m. June 18 by the Board of County Commissioners, John F. Goldenbogen, Clerk, for \$300,000 4% coupon bonds.

Authority, Sections 2434, 2435 and 2438, General Code. Denomination \$1,000. Date June 1 1910. Interest semi-annually at the County Treasurer's office. Maturity \$15,000 yearly on Oct. 1 from 1910 to 1929, inclusive. Certified check for 1% of bid, payable to the County Treasurer, is required. Purchaser to pay accrued interest.

Dallas, Gregory County, So. Dak.—Bond Sale.—This city has disposed of an issue of \$13,500 5% water bonds. These bonds, we are advised, take the place of the \$14,500 bonds sold in November 1909. See V. 89, p. 1496. It was found that the assessed vaulation would only permit the city to issue the smaller amount.

Dayton, Ohio.—Bond Sale.—On June 7 the \$20,000 4% water, the \$6,700 5% sewer and the \$8,300 5% intersection bonds described in V. 90, p. 1437, were awarded to the Dayton Savings & Trust Co. of Dayton at 101.205. The following bids were received:

· · · · · · · · · · · · · · · · · · ·	\$6,700	\$8,300	\$20,000	For the
	sewer	intersec'n	water	three

and the 5% bonds mature part ye	arly on Ju	ine 1 begin	ning 191	2.

Dickey County (P. O. Ellendale), No. Dak.—Bonds Voted.
—The proposition to issue the \$50,000 court-house bonds, submitted to the electors on May 28 (V. 90, p. 1437), was favorably voted upon.

Dixon School District, Solano County, Cal.—Bond Sale.—An issue of \$25,000 5% school-house bonds was disposed of on June 6 to the State of California at 102.83.

Drummer Township School District, Ford County, Ill.— Bonds Voted.—Reports state that the electors of this district on June 7 authorized the issuance of high-school bonds by a vote of 343 to 101.

East Sparta School District (P. O. East Sparta), Stark County, Ohio.—Bond Offering.—Proposals will be received until 2 p. m. to-day (June 18) by John T. Rice, Clerk, for an issue of 5% coupon school-building-addition bonds.

Denominations \$200 to \$500. Interest annually in East Sparta. Maturity part yearly on July 1 from 1912 to 1919 inclusive. Bonded debt, including this issue, \$3,000. Assessed valuation \$338,000.

El Dorado Special School District (P. O. El Dorado), Union County, Ark.—Bond Offering.—Proposals will be received until June 18 by W. J. Pinson, Secretary of the Board of Education, for \$20,000 6% coupon building bonds.

Denomination \$500. Interest semi-annually in El Dorado. Maturity part yearly for 20 years after 1912. Bonds are exempt from all taxes.

Elloree, Orangeburg County, So. Caro.—Bond Election. On June 23 this town, according to reports, will vote upon a proposition to issue \$10,000 electric-light-and-water-worksconstruction bonds.

CITY OF NASHVILLE, TENN.

BOND CALL

An ordinance approved December 7th, 1895, provided for the redemption of Centennial Bonds of the City of Nashville at the expiration of ten years from the date of the issuance thereof, or any time after their issuance, before maturity, at the option of said city.

Said city, by resolution of May 26th, 1910, has ordered and directed that said bonds shall be redeemed on July 1st, 1910, and that interest upon said bonds so called in for redemption shall cease from said date. By virtue of said ordinance and resolution and the city charter of Nashville, Tennessee, I, Chas. Myers, Treasurer of the City of Nashville, have caused this advertisement to be made for the redemption of said bonds, and upon receipt of said bonds at the place provided for their payment, to wit: either at the office of Latham, Alexander & Company of New York, or the Fourth National Bank, Nashville, Tennessee, the same will be taken up and satisfied by me as Treasurer of Nashville, Tennessee.

CHAS. MYERS,

City Treasurer.

City Treasurer.

Commercial & Financial Chronicle Front Pine and Depeyster Streets. NEW YORK.

Pelham Township, Ont.—Debenture Offering.—Proposals will be received until 12 p. m. June 25 by A. N. Armbrust, Clerk and Treasurer (P. O. Ridgeville), for \$17,000 5% school-building debentures, \$8,000 to have interest coupons attached.

Denominations \$200 and \$585 45. Date Sept. 1 1910. Interest annually on Dec. 30 at the Township Treasurer's office. Payments can be made by check through the Imperial Bank in Fonthill or Union Bank in Fenwick. Maturity \$8,000 Dec. 30 1940 and \$9,000 in 30 annual installments. The township has no debt at present. Assessed valuation, \$1,145,899.

Penticton, B. C .- Debenture Sale .- This place has awarded \$4,000 5\% 5-year sidewalk debentures to Brent, Noxon & Co. of Toronto.

Peterborough, Ont.—Debentures Voted.—A \$30,000 4½% 20-year sewerage debenture by-law was favorably voted upon at an election held May 30.

Prince Albert, Sask.—Debenture Election.—An election will be held June 25 at which time the ratepayers will decide the question of issuing \$5,000 5% 10-year and \$22,500 5%30-year debentures.

Red Deer, Alberta.—Debenture Election.—By laws will be voted upon June 20 to issue \$5,500 30-year cementsidewalk and \$2,500 5-year plank sidewalk 5% debentures.

Regina, Sask.—Debenture Offering.—Proposals will be received until 12 m. July 11 by A. E. Chivers, City Clerk, for the following 4½% coupon debentures:

\$16,000 Market-building debentures. Maturity 30 years.

10,000 water-works extension debentures. Maturity 30 years.

10,000 sewer-extension debentures. Maturity 30 years.

25,000 Agricultural Industrial Exhibition debentures. Maturity 20 years.

41,000 Albert St. subway (city's portion) debentures. Maturity 30 years.

10,000 sidewalk debentures. Maturity 15 years.

10,000 sidewalk debentures. Maturity 20 years.

18,000 isolation-hospital debentures. Maturity 30 years.

26,500 collegiate-institute debentures. Maturity 30 years.

25,000 general-hospital debentures. Maturity 30 years.

25,000 general-hospital debentures. Maturity 30 years.

25,000 trunk-sewer-debentures. Maturity 40 years.

The first six issues given above were to have been sold on June 6 (V. 90. p. 1260) but the date was subsequently changed.

Above debentures are dated July 1 1910. Interest semi-annually at the Bank of Montreal in London, England, New York, Montreal, Toronto, or Regina.

St. Vital (P. O. Riel), Man .- Price Paid for Debentures .-

We are advised that the price paid for the \$6,000 5% 20-year debentures disposed of on June 4 (V. 90, p. 1574) was 101.70 and accrued interest. This is on an interest basis of about 4% 30-year debentures.

4.867%. The securities were awarded to the Toronto General Trust Corporation, representing Wood, Gundy &

Co. of Toronto. A list of the bids received follows:
Wood, Gundy & Co., Toronto_\$6,102 | Oldfield, Kirby & Gardner, Win.\$6,050
J. G. Mackintosh, Winnipeg_ 6,093 | J. Addison Reid & Co., Regina 6,017
Brent, Noxon & Co., Toronto_ 6,081 | W. A. Mackenzie & Co., Tor_ 5,975
All bidders offered accrued interest in addition to their bids.

Scarboro Township, Ont.—Purchasers of Debentures.—Aemilius Jarvis & Co. of Toronto were the successful bidders on June 4 for the \$16,000 4½% public-school debentures, the sale of which was mentioned in V. 90, p. 1574. Maturity part yearly for thirty years. Total debenture debt, this issue. Assessment \$2,597,426.

Smith's Falls, Ont.—Debenture Offering.—Proposals will be received on or before June 20 by J. A. Lewis, Town Clerk, for the following 5% debentures: \$16,000 water-works debentures due part yearly for thirty years. 10,000 hospital debentures due in twenty years. 4,660 local-improvement debentures due in twenty years.

Southampton, Ont.—Price Paid for Debentures.—We are advised that the price paid for the \$12,000 5% town-hallconstruction debentures awarded on May 28 to Brent, Noxon & Co. of Toronto (V.90, p. 1574) was \$12,021, or 100.175 Date July 1 1910. Interest annual. Maturity part yearly on July 1 from 1911 to 1930 inclusive.

Summerland, B. C.—Debenture Sale.—An issue of \$150,000 5% 30-year debentures has been awarded, it is stated, to C. Meredith & Co. of Montreal.

Taber School District No. 933, Alberta.—Debenture Sale.— During the month of May this district sold \$45,000 5% debentures to Nay & James of Regina. Maturity part yearly for 30 years.

Tay County (P. O. Hanover), Ont.—Debentures Proposed.
-On June 22 the County Council will consider a by-law to issue \$20,000 $4\frac{1}{2}\%$ local-improvement debentures.

Valley River School District No. 825, Man.—Debenture Offering.—Proposals will be received by Thos. J. Brown, Secretary-Treasurer (P. O. Box 83, Grand View), for \$1,000 5% debentures, due part yearly for 10 years.

Windsor, Ont.—Debenture Election.—On June 20 there will be submitted to the voters a by-law to issue \$100,000
