MUNICIPAL BOND SALES IN 1913.

The year 1913 has not been favorable to the placing of new bond issues by States and municipalities. Yet the amount of bonds disposed of during the first ten months of the year reaches an aggregate which, while not up to the exceptional figures of the corresponding dates of 1912 and 1911, is nevertheless of large proportions. The explanation is found in the fact that in many cases where the public offerings were originally a failure, the bonds were some time subsequently floated successfully, either by raising the rate of interest, waiting for a more propitious occasion, or selling the bonds at private sale or over the counter or to the sinking funds.

The difficulty experienced during many months in finding takers for new issues will be appreciated when we say that in January and February about \$7,000,000 bonds altogether (including \$3,000,000 4s of the State of Oklahoma and \$2,000,000 4s of Cleveland School District, Ohio) proved unsuccessful, and in March a total of \$15,500,000 met this fate; that in April the total of unsuccessful offerings increased to \$18,000,000, in May to \$19,000,000 and in June to \$25,500,000. After that conditions improved, but even in July \$15,000,000 of new offerings proved unsuccessful; in August the amount was reduced to \$7,000,000, in September to \$5,500,000, while in October the amount of bonds offered but not sold aggregated no more than \$2,500,000. Notwithstanding all this, however, the bond sales for the ten months to Oct. 31 reached \$319,001,494, as against \$345,871,920 in 1912, \$341,092,191 in 1911, but against \$258,958,249 in the ten months of 1910 and \$288,767,287 in the ten months of 1909, as will be seen by the following tabular statement:

In the foregoing we have included, as is our custom, only permanent loans made by places located in the United States. In addition, large amounts of municipal obligations of other kinds have been placed as usual and to show the full total of sales for the ten months we insert the following:

			Ten Months—			
	1913.	1912.	1911.	1910.	1909.	
Perm't Loans (U. S.). Tempor'y loans(U.S.). Canadian l'ns (perm't) Bonds U.S.possessions Panama bonds Gen'l fd. bds.(N.Y.C.)	398,613,061 117,719,406 1,000,000 None	256,610,947 72,408,552 1,600,000 None	188,782,112 39,707,499 1,625,000 50,000,000	212,091,382 83,720,802 425,000 None	127,907,520 100,841,432 5,700,000 None	
Total all I'ns (10 mos.)	846,333,961	681,491,419	635,206,802	564,195,433	535,216,239	

Exaggerated importance may be given to the total of temporary loans, which for 1913 appears as \$398,-613,061, as against \$256,610,947 in 1912 and \$188,-782.112 in 1911. Persons not acquainted with the facts will draw the conclusion that enormous amounts of temporary loans by States and municipalities were put out in 1913 because of the difficulty of negotiating long-term obligations. As a matter of fact, however, the total has been swelled in relatively small measure in that way. New York State in June sold \$27,000,000 notes due Feb. 1 1914 because conditions were unfavorable for the placing of longterm obligations and the State of Tennessee in June sold \$9,401,000 of 1-year notes and in August sold \$1,600,000 more; but that represents about all the forced borrowing of this nature.

Temporary loans by municipalities ordinarily represent merely borrowing in anticipation of taxes, and the total of this in any one year will always reach a considerable amount for all the municipalities in the country. The greater portion of the increase in the temporary loans during the last two years has occurred in New York City. Under a law passed in June 1911 this city was given authority to issue short-term notes to provide funds pending the sale of corporate stock. Thus far in 1913 no less than \$119,069,614 of such corporate stock notes have been put out, this comparing with only \$82,-332,570 in the same ten months of 1912 and but \$10,197,167 in 1911. New York City also has multifarious ways of issuing revenue bonds, and put out \$203,943,166 in 1913, against \$136,690,865 in 1912 and \$146,381,407 in 1911. Altogether, New York City has placed \$323,012,780 of temporary obligations in 1913, against only \$218,923,435 in 1912 and but \$156,578,574 in 1911. Thus the great increase in the amount of temporary loans for the whole country is mainly explained by the activity of New York City supplemented by the \$38,000,000 of shortterm notes floated by New York State and Tennesse

United States History. Debt and.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, first, the details as they stood at the close of the last fiscal year ending June 30 1913; second, the changes in those details since June 30 1913 down to Nov. 1 1913; third, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1878; fourth, we publish in the "Chronicle" every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

"CERTIFICATES OF INDEBTEDNESS" OF 1908, Authorized by Act of June 13 1898. \$15,436,500 of the certificates were issued in denominations of \$50, payable to bearer; dated Nov. 20 1907; interest at the rate of 5% per annum, payable with the principal sum on and after Nov. 20 1908, on presentation of the certificates for redemption. For further details see circular of Secretary Cortelyou in "Chronicle," Nov. 23 1907, page 1311—the certificates have all been retired.

In April 1895 we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1878, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of November, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of \$150,000,000 as a separate item, and not included it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific railroads, giving likewise in the statement the debt already paid and the balance due to the Government BONDS ISSUED TO PACIFIC RAILROADS-THEIR STATUS NOVEMBER 1 1913.

^{*}Government accepted principal of bonds of Kansas Pacific RR.—\$6,303,000—for indebtedness, but subsequently received an additional \$821,898 on distribution of assets of Union Pacific, as mentioned in "note" below. The remainder (\$5,785,560 34) represents the loss to Government under the settlement. a Government realized the sum of \$2,122,841 24 from sale of claim against Sloux City & Pacific RR., or \$2,057,176 96 less than the company's indebtedness.

*Note:—The Government has been reimbursed for \$27,236,512 principal and \$31,211,711 75 interest, being the total indebtedness of the Union Pacific Rallroad Co. to Nov. 1 1897, and for the principal of the Kansas Pacific indebtedness, amounting to \$6,303,000. Subsequently, under the final decree for the distribution of the assets of the Union Pacific RR., made by Judge Sanborn at St. Paul. Oct. 24 1899, the United States received an additional \$821,898 on its claim. Under settlement agreement of Feb. 1 1899, twenty notes of the Central Pacific Rallroad Co. (bearing interest at 3% per annum), payable respectively on or before the expiration of each successive six months for ten years, and aggregating \$58,812,715 48, which amount represented the unpaid balance of the total indebtedness of the Central Pacific and Western Pacific rallroad companies to the United States on Feb. 1 1899, were delivered to the Treasurer of the United States. The balance of the total indebtedness was paid in full July 28 1908.

taken by the United States, shall hereafter create any debt or liability which, singly or in the aggregate, with previous debts or liabilities, shall exceed five per centum of the last regular valuation of said city or town, provided, however, that cities having a population of forty thousand or more, according to the last Census taken by the United States, may create a debt or itability which, singly or in the aggregate, with previous debts or itabilities, shall equal seven and one-half per centum of the last regular valuation of said city, that cities of forty thousand inhabitants or over may, by a vote of their city government, increase the present rate of five per centum by one-fourth of one per centum in any one municipal year, until, in not less than ten years, the maximum rate of seven and one-half per centum is reached, that any city failing to take the increase in any one municipal year, then the increase for that year is lost and no increase can be made until the next year, as provided above; and provided, further, that the adoption of this Article shall not be construed as applying to any fund received in trust by the said city or town, nor to any loan for the purpose of renewing existing loans or for war; or to temporary loans to be paid out of money raised by taxation during the year in which they were [are] made.

EXEMPT FROM TAXATION.—The Legislature of 1909 approved an Act exempting from taxation all bonds issued after Feb. 1 1909 by the State or any county municipality, village, corporation or water district therein. Banks and trust companies holding such securities are allowed to deduct the same from the assessment of their shares. See V. 88, p. 1451, for Act in full.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Sections 23 to 26; inclusive, of Chapter 48 of the Revised Statutes of 1903. As amended in 1907, 1909 and 1912, these sections read as follows:

LEGISLATURE meets blennially in odd years on the first Wednesday in January, and length of session is not limited.

HISTORY OF DEBT.—New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at \$4,169,816. contracted exclusively for war purposes. June 1 1869 the total outstanding was \$3,213,962.29, against which the Treasurer reported an asset of \$77,082.89. The State debt at the present time is as follows:

The preceding values are simply the aggregate of the inventories of the various towns in the State. In addition the State taxes at different rates savings banks and trust companies, insurance capital, raliroads, building and loan associations, telegraph and telephone companies, parlor car and express companies. These latter were valued in 1912 at \$154,765.810

*Chapter 169, Laws of 1911, creates a permanent tax commission of whose duties it is to equalize valuations in the year 1912 and every sey year thereafter, so that the same shall represent the "true and myalue" of property. This will account for the year increase in valuation 1912, not only for the State itself, but for the various civil divisions, as by the returns of the different municipalities on this and following pages.

DEBT LIMITATION.—There is no restriction in the constitution of New Hampshire upon the debt-making power of the people through the "General Court," except the following, which is the last clause of Article 5 of Part Second of that instrument. The Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the constitution which was ratified in

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the beneft of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the constitution which was ratified in 1877. The amendment would appear to be intended as a complete estopped to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town." In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts:

Sec. 1. The term "municipal corporation" means town, city, school district, village district and village precinct. Sec. 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6%, may be payable in gold coin. If made payable in less than 20 years, may be extended, but never beyond 20 years from time of issue. Sec. 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting properly called, &c. (for which see Act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board, countersigned by Treasurer and have seal of edeparted to Governing Board, countersigned by Treasurer, rate of interest and sale may be delegated to Treasurer. Sec. 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in Act—which see. In case bonds be made subject to call, they must contain statement to that effect as given in Act. "The validity of any bends shall not be affected by any variation from the forms herein prescri

in this instance.

TAXATION OF MUNICIPAL BONDS.—Chap. 55 of the Laws of 1907 provides that any city, town, precinct or village district may exempt from taxation any future issue of its bonds, provided such exemption shall apply only to bonds owned and held by citizens of said city, town, precinct or village district. State bonds are subject to taxation unless exempted by the terms of the Act under which they are issued.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The savings bank investment laws of New Hampshire were completely revised and materially altered in many respects at the Legislative session of 1901: The new law was approved by the Governor March 22 1901 and went into effect on its passage. In 1907 clauses 8, 14, 18, 19 and 20 were amended. The Legislature of 1909 passed an Act adding clause 22 and amending clause 17. The law is printed in full in our "State and City Section" for Nov. 1912, page 12.

There was no direct tax for State purposes levied in either 1903, '04, '05, 06, '07, '08, '09, '10 or '11. In 1912 the Legislature levied a direct tax of 10 cents on the dollar of the grand list (\$10 per \$1,000 of assessed value, me-half payable Nov. 10 1913 and one-half June 10 1914. A tax of \$13 er \$1,000, however, consisting of a State school tax of \$8 and a State higher \$4,000, however, consisting of a State school tax of \$8 and a State higher \$40,000, however, consisting of the state school tax of \$6,000, and a basis of the number of schools and road mileage, the State, for the sake of equalizing its listribution, acting as agent in the matter. Prior to 1902 this tax was \$10 per \$1,000.

DEBT LIMITATIONS.—There appears to be nothing in the constitution providing for a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. The laws relating to municipal debt limitation which have been passed by the Legislature from time to time are contained in Sections 3556, 3557, 3558, 3574 and 3575, Chapter 157, of the Revised Statutes of 1906. Section 3556, embodying a law passed in 1904, prohibits a municipality, unless otherwise provided in its charter, from borrowing, except for refunding purposes, an amount in excess of five times its grand list as last taken. An additional amount, not exceeding five times the grand list, may be borrowed, providing the loan is approved by a two-thirds vote. The next section (3557), covering laws passed in 1904 and 1906, provides that in figuring the debt imit, loans created for water supply, sewer or electric lights, and temporary loans, may be eliminated. The two sections follow:

1906, provides that in figuring the debt imit, loans created for water supply, sewer or electric lights, and temporary loans, may be eliminated. The two sections follow:

SECTION 3556.—Limit.—No municipal corporation shall create an indebtedness, unless to refund outstanding bonds or orders, to an amount exceeding five times its grand list last taken; provided that it may, by a two-thirds vote by ballot of the voters present and voting at a meeting called for that purpose, increase such indebtedness an additional amount not exceeding five times such grand list. Bonds or obligations given or created in excess of the limit authorized by this section shall be void.

SECTION 3557.—Determination.—In determining the amount of municipal indebtedness permitted by the preceding section, obligations created for a water supply, sewers or electric lights, and temporary loans created in anticipation of the collection of taxes, and necessary for meeting current expenses, shall not be taken into account; provided, that no such temporary loans hall be extended beyond the fiscal year for which it is made, and shall not exceed in amount 90% of the amount of taxes levied for such year; nor shall the provisions of this and the preceding section apply when the charter of a municipal corporation limits its indebtedness.

Section 3558 covers laws passed in 1872 and relates to railroad subscriptions by towns:

SECTION 3558. A town may aid in the construction of a railroad organized under the general law, by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs; but the liability so assumed shall not exceed eight times the grand list of the town. Such aid shall be given as provided in this chapter.

The other sections referred to (Sections 3574 and 3575) embrace a law passed in 1892, and allow towns or villages, not already bonded to an amount exceeding five times the grand list for highway improvement. The two sections read as follows:

follows:

SECTION 3574. A town or incorporated village may issue bonds to an amount not exceeding three times its grand list for the purpose of purchasing road-making apparatus and for building permanent highways withia the limits of such town or village.

SECTION 3575. Such town or incorporated village may vote to issue such bonds at a meeting of the corporation, duly warned for that purpose, by a two-thirds majority of-all the votes cast; and may stipulate in such vote by whom and in what manner the proceeds of such bonds shall be expended; but no town or incorporated village shall issue such bonds if it is already bonded to an amount exceeding five times its grand list.

It will be noticed that the preceding sections refer in each instance to the "grand list." To evolve the "grand list" in Vermont, the authorities first

prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done, the "grand list" is made up by taking 1% of that amount, according to Section 494, Chapter 30, of the Revised Statutes of 1906, which is as follows: "All real and personal estate shall, except as otherwise provided, be set in the list at 1% of its value in money on the first day of April of the year of its appraisal."

The only other general authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes. The sections which grant these powers are Sections 3567 to 3573 nelusive, Chapter 157 of the Revised Statutes of 1906. Section 3567 is as follows:

and notes. The sections which shall grant the spewtrates of 1906. Section 3567 is notes, chapter 157 of the Revised Statutes of 1906. Section 3567 is as follows:

SECTION 3567. A town which has outstanding and unpaid orders, notes, bonds or coupons lawfully issued, may issue other negotiable notes or bonds to pay or retire the same.

SECTION 3568 to 3573, inclusive, give the method of issuing such bonds, By Section 3572 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns.

EXEMPTION FROM TAXATION.—Subdivision XII. of Section 496 of he Public Statutes of 1906, as amended by Act 23 of the Laws of 1908, provides that the following municipal securities shall be tax-exempt. XII. Notes, bonds or orders issued after Feb. 1 1907 as evidences of obligations for money loaned to a town, village, incorporated school or fredistrict, at a rate of interest not exceeding 4% per annum, for the purpose of constructing, purchasing, or repairing water, sewer, or lighting systems, permanent highways, bridges, walks or public buildings, or for the purpose of refunding a debt contracted for any of the foregoing purposes.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—By Act No. 158 of the Vermont Legislature, approved Jan. 27 1911, Sections 4615 to 4692, inclusive, of the Public Statutes of 1906, relating to savings banks and trust companies, were completely revised. Many material changes were made in that part of the law concerning investments by savings banks, an entirely new section having been added which allows with investments, is given in full on page 14 of our "State and City Section" for Nov. 1912. The larger portion of the State's revenue is derived from corporations, national bank stocks, savings bank and inheritance taxes. In 1912 the tax assessed aggregated \$16, 183,989,74, of which \$8,225,170.97 accrues to the Commonwealth and the balance is apportioned to clies and towns. Of the total of \$16,183,989.74, \$1,195,946.87 was assessed upon street railway companies, \$4,379,592.51 upon other public service corporations, \$3,604.-046.95 upon domestic business corporations, \$1,808,454.73 upon savings banks, \$1,563,515.93 upon national banks and \$2,154,406.85 upon inheritances.

CONDEMNATION OF PRIVATE PROPERTY ADJACENT TO IMPROVEMENTS.—On Nov. 7 1911 a proposed amendment to the State constitution was adopted which increases the power of the Legislature to authorize the taking of land and property for highways or streets. The latter adds the following to Article 10 of part 1 of the constitution: The Legislature may by special Acts, for the purpose of laying out, widening or re-locating highways or streets, authorize the taking in fee by the Commonwealth, or by a county, city or town, of more land and property than are needed for the actual construction of such highway or street; provided, however, that the land and property authorized to be taken are specified in the Act and are no more in extent than would be sufficient for suitable building lots on both sides of such highway or street; and after so much of the land or property has been appropriated for such highway or street as is needed therefor, may authorize the sale of the remainder for value with or without suitable restrictions. See V. 93, p. 1547.

DEBT LIMITATIONS.—There seems to be no provision in the constitution.

without suitable restrictions. See V. 93, p. 1547.

DEBT LIMITATIONS.—There seems to be no provision in the constitution of Massachusetts limiting the power of the Legislature to create State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this subject with respect to clites and towns.

The latest legislation regarding the matter is known as Chapter 719 of the Laws of 1913, approved May 26 1913. The limit of indebtedness for cities and towns (excepting Boston) is fixed by Sections 6 and 12 of this law. These sections follow:

Section 6. Cities and towns may incur debt, outisde the limit of indebtedness prescribed in this Act, for the following purposes and payable within the periods hereinafter specified:

(1) For temporary loans under the provisions of Sections 3, 4 or 9, one year.

(2) For establishing or purchasing a system for supplying the inhabitants of a city or town with water, or for the purchase of land for the protection of a water system, or for acquiring water rights, 30 years.

(3) For the extension of water mains and for water departmental equipment, 5 years.

(4) For establishing, purchasing, extending or enlarging a gas or electric

(2) For establishing or purchasing a system for supplying the inhabitants of a city or town with water, or for the purchase of land for the protection of a water system, or for acquiring water rights, 30 years.

(3) For the extension of water mains and for water departmental equipment, 5 years, so that the protection of the protection of a water system, or for acquiring water rights, 30 years.

(3) For the extension of water mains and for water departmental equipment, 5 years, within the limits of a city or town, 20 are but the indebtedness of incurred shall be limited to an amount or exceeding 15% and in a city 214% of the last preceding assessed valuation of such town or city.

(3) For acquiring land for the purposes of a public playground, as specified in Section 19 of Chapter 28 of the Revised Laws and amendments amount not exceeding 14 of 1% of the last preceding assessed valuation of the city or town.

Debts for all of the purposes mentioned in this section snall be payable within the periods above specified from the date of the first issue of bonds or notes on account thereof, and may be incurred in accordance with the with the provisions of the section of the city of the ci

EXEMPTION FROM TAXATION.—Clause 15, Sec. 5, Part I, Chapter 490, of the Acts of 1909, provides that the following securities shall be exempt from taxation: "Bonds or certificates of indebtedness of the Commonwealth issued since the first day of January in the year 1906, and bonds, notes and certificates of indebtedness of any county, fire district, water supply district, city or town in the Commonwealth which may be issued on or after the first day of May in the year 1908, stating on their face that they are exempt from taxation in Massachusetts."

SAVINGS BANK INVESTMENTS—POWER AND RESTRICTIONS.—Investment by savings banks in Massachusetts is governed by Chap. 590 of the Acts of 1908, referred to in V. 87, p. 257, and in an editorial article on pages 5 and 6 of the "State and City Supplement" for May 29 1909. The law was further amended in 1909 and 1912 (see "Chronicle" of May 25 1912, "State and City Department"), and Clause "Fourteenth" was added in 1913, the law at present reading as follows:

SECTION 68. Deposits and the income derived therefrom shall be

1913, the law at present reading as follows:

SECTION 68. Deposits and the income derived therefrom shall be invested only as follows:

FIRST—First Mortgages of Real Estate.—In first mortgages of real estate located in this Commonwealth not to exceed 60% of the value of such real estate; but not more than 70% of the whole amount of deposits shall be so invested. If a loan is made on unimproved and unproductive real estate, the amount loaned thereon shall not exceed 40% of the value of such real estate. [For conditions that must be observed in making such loans see law in full in V. 87, p. 257.]

SECOND—Public Funds.—(a) In the public funds of the United States or of any of the New England States.

(b) In the bonds or notes of a county, city or town of this Commonwealth.

(c) In the bonds or notes of an incorporated district in this Commonwealth whose net indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

(d) In the bonds or notes of any city of Maine, New Hampshire, Vermont, Rhode Island or Connecticut whose net indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes; or of any county or town of said States whose net indebtedness does not exceed 3% of such valuation; or of any incorporated water district of said States which has within its limits more than five thousand inhabitants, and whose bonds or notes are a direct obligation on all the taxable property of such district and whose net indebtedness does not exceed 3% of such valuation. Provided, that there is not included within the limits of such water district, either wholly or in part, any city or town the bonds or notes of which are not a legal investment.

(e) In the legally authorized bonds of the States of New York, Pennsyllania, Ohlo, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Missouriand Iowa, and of the District of Columbia, and in the legally authorized bonds for municipal purposes, and in the refunding bonds issued to take up at maturity bonds which have been issued for other than municipal purposes, but on which the interest has been fully paid, of any city of the aforesaid States, which has at the date of such investment more than thirty thousand inhabitants, as established by the last national or State census or city census, certified to by the city clerk or treasurer of said city, and taken in the same manner as a national or State census, preceding such investment, and whose net indebtedness does not exceed 5% of the valuation of the taxable property therein, to be ascertained by the last preceding valuation of property therein for the assessment of taxes.

(f) In the legally authorized bonds of the States of California, Delaware, Nebraska, New Jersey, Oregon and Washington,

Provided, that during each of the ten fiscal years of such railroad corporation next preceding the date of such investment—

(1) Such railroad corporation owned in fee not less than five hundred miles of standard-gauge railroad, exclusive of sidings, within the United States, or if such corporation owned in fee less than five hundred miles of such railroad, the gross earnings of such corporation, reckoned as hereinafter provided, shall have been not less than fifteen million dollars:

(2) Such railroad corporation shall have paid the matured principal and interest of all its mortgage indebtedness;

(3) Such railroad corporation shall have paid in dividends in cash to its stockholders an amount equal to at least four per cent upon all its outstanding capital stock.

(4) The gross earnings from the operation of the property of such railroad corporation, including therein the gross earnings of all railroads leased and operated or controlled and operated by said corporation, and the gross earnings from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable upon its entire outstanding indebtedness, the rentals of all leased lines, and the interest and rentals interest and dividends received from the stocks, bonds or notes of railroad corporations not operated by said corporation, which have been deposited with a trustee as the only security to secure the payment of bonds or notes issued by said corporation, but not in excess of the interest on said last-named bonds or notes.

And turther provided, that—

the only section, but not in excess of the interest on said later and corporation, but not in excess of the interest on said later and the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of the issuing or assuming corporation, including all bonds not issued that may legally be issued under any of its prior mortgages or of its assumed prior mortgages, after deducting therefrom, in case of a refunding mortgage, the bonds reserved under the provisions of said mortgage to retire prior lien debts at maturity, shall exceed three times the outstanding capital stock of said corporation at the date of such investment.

(6) No bonds shall be made a legal investment by subdivision t or f in case the mortgage securing the same shall authorize a total issue of bonds which, added to the total debt of the guaranteeing corporation as defined in paragraph five, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of such guaranteeing corporation outstanding at the date of such investment; nor in case at said date the total debt of the corporation which issued said bonds shall exceed three times its outstanding capital stock.

In the case of a mortgage executed prior to the passage of this Act, under which the total amount of bonds which may be issued is not specifically stated, the amount of bonds outstanding thereunder at the date of such investment shall be considered, for the purposes of paragraph five and of this paragraph, as the total authorized issue.

(7) Any railroad corporation which is mentioned in subdivision c of clause fourth of section twenty-six of chapter one hundred and thirteen of the Revised Laws shall be considered as having complied with all the requirements of this subdivision preceding paragraph five up to and including the fiscal year of said corporation in which this Act is passed.

LIST OF BONDS TO BE PREPARED.

THIRTEENTH.—Not later than the first day of February in each rear

the same. For the provisions of these clauses, see V. 87, p. 257, where the law was printed in full.

LIST OF BONDS TO BE PREPARED.

THIRTEENTH.—Not later than the first day of February in each year the Commissioner shall prepare a list of all the bonds and notes which are then legal investments under the provisions of clauses third, fourth, fifth and sixth. Said list shall at all times be open to public inspection and a copy thereof shall be sent to every savings bank.

The report of the Bank Commissioner for 1912 contains a list of bonds considered legal under clauses third, fourth, fifth and sixth of the above Act. This list appeared in State & City Dept. of "Chronicle" April 26 1913.

FOURTEENTH.—Bonds which at any time hereafter have been for ten successive years legal investments under the provisions of subdivisions a, b, c or d of Clause 3, Clause 5 or Clause 6 of this section shall not be rendered illegal although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive years to comply, as to dividends on its capital stock, with the requirements of the clauses specified above; but no further investment in the bonds issued, assumed or guaranteed by such corporation shall be made during said period.

If after the expiration of said period, such corporation couplies for the following fiscal year with the requirements of the clauses specified above, it shall be regarded as having complied therewith during said period; provided that it shall not have so failed to comply during any other period within the next preceding ten years.

[Optimion of Attorney-General Regarding Legality of N. Y. N. H. & H. RR. Bonds as Savings Bank Investments.]—Attorney-General James M. Swift rendered an opinion in Feb. 1911 with reference to the Act passed by the Legislature in June 1910 to validate bonds and stocks of the New York New Haven & Hartford RR. Co., and for the purpose of determining whether or not the assets were sufficient to show the road a solvent corporation. As stated in V. 92, p. 462, the report of the Commission appointed under the Act referred to was filed with the Legislature on Feb. 17 1911. The Act stated that "nothing herein contained shall authorize the investment by savings banks in the securities aforesaid unless they are otherwise legal investments under the provisions of Chapter 590, Acts of 1909," and the Attorney-General finds that "no matter what the finding of the Commission appointed under the Act with reference to assets and liabilities was, it would not in and of itself make any change in the standing of securities for savings bank investments." See V. 92, p. 541.

State Capital Providence Governor (term exp. first Tues. Jan. 1915) Aram J. Pothier Sec. of State (term exp. first Tues Jan. '15) J. Fred Parker Treasurer (term exp. first Tues. Jan. 1915) Walter A. Read LEGISLATURE.—As the result of an amendment to the constitution which was adopted at the election held in Nov. 1900, the Legislature now meets annually the first Tuesday in January. There is no limit as to the length of session, but compensation of the legislators is limited to sixty days' attendance in any calendar year. On Nov. 7 1911 the voters adopted a proposition to amend the State Constitution so as to provide for blennial, instead of annual, elections of Governor, Lieutenant-Governor, Secretary of State, Attorney-General, General Treasurer and Senators and Representatives. V. 93, p. 1338.

STATE AND MUNICIPAL INDEBTEDNESS LIMITATIONS.—Under Section 13, Article IV of the State constitution, the General Assembly has no power to incur State debt to an amount exceeding \$50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to piedge the faith of the State for the payment of obligations of others without the approval of the people. In reference to city debts, there is nothing in the constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 8, Chapter 46 (page 221) of the Revised Statutes of the State of 1909. Since 1878 these provisions have been in force, and consequently 3% of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20.—"The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority thereof."

SECTION 21.—"No town shall, without special statutory authority therefor, larger than the second of the statutory authority thereof."

according to the tenor of the authority thereof."

SECTION 21.—"No town shall, without special statutory authority therefor, Incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight; but the giving of a new note or bond for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

TAXATION OF BONDS.—Bonds or notes of the State are not subject to exation. Loans of municipalities, we were advised Dec. 12 1911 by J. F. arker, Sec. of State, are taxable.

IAXATION OF BONDS.—Bonds or notes of the State are not subject to taxation. Loans of municipalities, we were advised Dec. 121911 by J. F. Parker, Sec. of State, are taxable.

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.—At the 1911 session of the Legislature the laws concerning Rhode island savings bank investments were completely revised and materially altered in many respects. In 1912 a further amendment was made. See V. 94, p. 1397. Investment in public securities is regulated by Clause I, a digost of which follows:

Clause I. Permits investments in (a) bonds or notes of the United States or any State or Territory which has not, in the ten years next preceding the time of investment, defaulted in the payment of its debt (b) Bonds or notes of any city or town of the New England States or New York State which has not defaulted in the payment of its debt does not exceed 7% of the last preceding assessed valuation; or of any incorporated district of said States having over 5,000 inhabitants, or in New Hampshire, with a population of over 2,500, whose bonds are a direct obligation on all the taxable property of such district, and whose net debt does not exceed 5% of such valuation, and which bonds are provided for by a sinking fund or serial retirement.

(c) Bonds or notes of any city of the United States other than the New England States and New York State which has not defaulted during ten years, has 30,000 or more inhabitants and a net debt of not exceeding 7% of the last preceding assessed valuation, or the bonds and obligations of any incorporated school district within such city, payable primarily from taxes levied on all taxable property in such district, providing the population of the district is 30,000 or more, and the population and assessed valuation of the district are equal to at least 75% of the population and assessed valuation of the district are equal to at least 75% of the population and assessed valuation of the district are equal to a least 75% of the population and assessed valuation of the ci

The aggregate investment of such deposits and not such telephone company at par value shall not exceed two per centum of said deposits held by it."

Under Clause VII a bank may invest in the capital stock of any bank or trust company incorporated under the laws of any of the New England States, or New York State, or of any national banking association doing business in said States. Holdings both by investment and as security for loans are limited to not more than 25% of a bank's deposits. No more than 3% of the deposits shall be invested in the stock of any one such corporation, nor shall such corporation hold, both by investment and as security for loans, more than one quarter of the capital stock of any one such bank, trust company or national banking association.

Clause VIII concerns limit of deposits in any one bank. Clauses IX, X, XI and XIII concern real estate loans and personal securities. The full text of these sections will be found in the "Chronicle" of May 20 1911, page 1388.

Clause XII permits investment in the note or notes of a gas, water, electric light or power, telephone, electric railroad or street railway company incorporated, or doing business, in this State, which has paid dividends of at least 4% in each fiscal year upon all its issues of capital stock for 5 years ext preceding the date of such investment; Provided, the principal of said note or notes matures at a time not exceeding 3 years from the date of investment therein; and provided, further, that said note or notes in a said note or notes of any such corporation, together with the bonds and other securities of such corporation, together with the bonds and other securities of such corporation, together with the bonds and other securities of such corporation held, shall not exceed 2% of said deposits held by it.

Securities acken in settlement of debt may be held under Clause XIV, but the non-legal securities so obtained shall be sold within five years after creing acquired, unless the time is extended.

"General Provisions.—Claus

Securities taken in settlement of debt may be held under Clause XIV, but the non-legal securities so obtained shall be sold within five years after greing acquired, unless the time is extended.

"General Provisions.—Clause XV. (a) Securities acquired after the passage of this Act, which were legal investments when acquired, need not be disposed of if it happens afterwards that the net income of the corporation issuing such securities shall fall below the limit fixed by this Act, or in the case of a city, county, town or district, if the debt limit is exceeded, unless, in the judgment of the Commissioner, it is hazardous to retain the same, in which case said Commissioner may give directions in writing requiring the disposal of such securities, and when such directions are given, such securities shall be disposed of within one year from the date of such nortice, unless an extension of time is granted by said Commissioner.

"(b) Bonds which are legal investments under the foregoing provisions of this chapter and are secured by a mortgage which provides for payments to a sinking fund shall cease to be legal investments if the corporation issuing such bonds shall at any time fall to make such payments. And such bonds shall not be legal investments under the provisions of this section so long as any such payment is in arrears and unpaid.

"(c) If a corporation is formed by a consolidation or merger of two or more corporations, and it is desired to ascertain the legality of the bonds of the successor corporation for investment of savings deposits, the earnings and income of the several predecessor and constituent corporations shall be regarded as that of one and the same continuous corporation represented by the successor corporation; or, if a corporation shall acquire by purchase the property and franchises of another corporation shall be property and franchises of another corporation shall be property and franchises of another corporation shall be ascertained by the sune process as in the case of a consolidation or

requirements during said period, but during the period of failure to earn the required amount no investment shall be made in the bonds of a corporation so situated.

"(e) Serial maturities of bonds shall be considered equivalent to sinking fund provisions.

"Of the Segregation of Assets.—Clause XVI. (a) Every bank or trust company which maintains a savings or participation department, or solicits or receives deposits as savings or on participation department, or solicits or receives deposits as savings or on participation department, and such deposits, invested or uninvested, shall be set apart for the exclusive protection of the deposits in said savings or participation department, and shall not be liable for, or be used to pay, any other obligation or liability of such bank or trust company until after the payment of all the deposits in the foregoner provision department and payment of the foregoner provision department of the foregoner provision of the foregoner provision department of the foregoner provision department of for non-legal character made prior to May 26 1908 which, in the opinion of the Bank Commissioner, are hazardous and unsafe for the investments of such department of the foregoner provision of the foregoner provision department of savings deposits, said Commissioner may, by giving notice in writing, require such bank or trust company to dispose of such investments of such the foregoner provision of the foregoner provision of the fo

amount of the deposits of such savings bank.

"Defaulted Bonds.—Clause XVIII. If any bonds held by any savings bank shall be in default either in principal or interest, such investment shall promptly be reduced in its book value approximately to the market value of the same."

Clause XIX relates to "loans to officers of savings banks."

Clause XX provides that bonds bought below par shall be entered on the books and returns of the corporation holding the same at the actual cost price thereof, and the discounts in the price thereof may, by an equal annual amortization, be extinguished so as to gradually bring the book value thereof to par at maturity.

Under Clause XXI it shall not be lawful for any savings bank to borrow money for the purpose of investing or loaning the same, but this shall not be so construed as to prevent any savings bank from borrowing for the purpose of meeting a run or unusual withdrawals by its depositors, and in no case shall such borrowing exceed 10% of the deposits of any such savings bank.

State of Connecticut.

DEBT LIMITATION.—The constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any town or city to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling Acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to Section 1931, Chapter 121, of the Revised Statutes of 1902, "when any town shall have made appropriations or incurred debts, or shall hereafter make appropriations or incurred debts, or shall hereafter the security and at such annual rate of interest not exceeding 6%, payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

TAX EXEMPTION.—The following securites are exempt from all State and local taxation against the owner: United States bonds; any bonds issued under a statute of this State which specifically exempts them from taxation; bonds issued by any city or town in the aid of the construction of railroads, and bonds issued to redeem the same as provided in Section 2315 of the General Statutes; bonds and other choses in action of Connecticut railroads and notes, on which the borrower agrees to pay the taxes, secured by mortgage on real estate in this State to an amount equal to the assessed valuation of such real estate.

All other bonds, notes and choses in action, including those of all water, lighting, heating, power and other manufacturing, mercantile, and municipal corporations, are laxable locally, as provided in Section 2323 of the General Statutes, or to the State at four mills per annum in accordance with Section 2325.

SAVINGS BANK INVESTMENTS—DIVILEGES AND DESCRIPTION.

tion 2325. SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—

All other bonds, notes and closes in action, including those, of all water, plotting, hearing, power and other manufacturing, mercanicis, and municipal inshingh, hearing, power and other manufacturing, mercanicis, and municipal inshingh, early of the State of Jour mills per annum in accordance with Section 23:5.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTS—A Complete revision of the law concerning investments by savings banks was made by the 1913 Legislature. A digest (Sections 2, 3, 4 and 5) of his ner law governing investment in municipal obligations is given below. Sections 2 and 5 contern State loans and permit investment in bonds of the United States or any State admitted to Statehood prior to Jan. 1 1596, which has not, within 10 years previous to such investment, defaulted for more than 80 days in the payment, or Tiste which at time of investment have been outstanding for at least 10 years, and which have been such as the second of the payment of any previous obligation of such statement have been outstanding for at least 10 years, and which have been seed to the second of the payment of any previous obligation of such statement have been outstanding for at least 10 years, and which have been seed to default on said funding or refunding bond since issuance. Sec. 3. In obligations of auty incorporated city, borough, school distributed to the second of the payment of the payment of any of the funded the city issuing such bonds, or other second of the state of the payment of any of the funded the city issuing such bonds, or other payment of any of its funded indebtedness or the interest thereon, within 15 years next preceding the purchase of such bonds. The provisions of this section shall not authorize investment the city section which are not the interest obligations of the city issuing the same, and for which have not the funded by the payment of any of its funded indebtedness or the interest thereon, within 15 years next preceding the purchase of such torics, or which have a contract the payment o

be mortgage securing the bonds is a prior lien to a refunding mortgage described above, on some part of the railroad or railroad property covered by said refunding mortgage, provided the bonds issued under such mortgage by said prior lien mortgage is operated by, and its operations included in those of the railroad or proparation issuing said refunding mortgage.

Sec. 16. No bond shall be made a logal investment by read, which cogether with all outstanding prior debts of the issuing or assuming corporation, including all bonds not issued that may legally be issued under any of the control of the con

trust notes, bonds or certificates, shall exceed 3 times the capital stock of such railroad corporation outstanding at the time of making said investment.

Sec. 22. Savings banks may invest not exceeding 2% of their deposits and surplus in bonds issued by any street railway corporation incorporated in this State the railway of which is located wholly or in part therein, provided such bonds are secured by a mortgage which was at the date of the investment a first mortgage on not less than 75% of the railway of such corporation owned in fee at the date of the mortgage, and provided the gross earnings of said corporation each fiscal year for the 5 years next preceding the date of such investment were not less than \$100,000, and that said corporation in each of said years earned and paid in dividends in cash an amount equal to at least 4% per annum upon the outstanding capital stock, and provided, at the date of any such dividend, the outstanding capital stock is equal to at least ½ of the debt of such corporation.

Sections 23, 24 and 25, given below, add the bonds of [water companies and telephone companies to the list of securities in which banks may invest. Sec. 23. Savings banks may invest not exceeding 2% of their deposits and surplus in mortgage bonds and other interest-bearing obligations of any water company supplying water for domestic use to communities in this State having a population of not less than 50,000 whose franchise is an exclusive one and unlimited in time, provided the amount of all the outstanding debts of such company does not exceed its capital stock, and provided such water company has earned each year and paid in cash from its stock, for a period of 4 years next preceding the making of the investment. Sec. 24. Savings banks may invest not exceeding 2% of their deposits and surplus in bonds of any telephone company incorporated in this State, whose property is located chiefly in this State, which are secured by a first mortgage upon at least 75% of the property of such company, including

New England States, or in the State of New York, and secured by a first mortgage upon at least 75% of the property of such telephone company, or by the deposit with a trust company incorporated under the laws of one of the New England States or of the State of New York of bonds and shares of stock of other telephone corporations under an indenture of trust which limits the amount of bonds so secured to 75% of the value of the securities deposited as stated and determined in said indenture, and provided the gross income of such telephone company shall have been not less than \$25,000,000 per annum during each of the 5 fiscal years of such telephone company next preceding the date of such investment. No bond of a telephone company shall be made a legal investment under sections 24 and 25 unless during each of the 5 fiscal years of such telephone company next preceding the date of such investment said telephone company next preceding the date of such investment said telephone company shall have paid, during each of said years, in cash dividends an amount equal to not less than 6% per annum on all its outstanding issues of capital stock, and the dividends paid on the capital stock of such telephone company shall not have been less than the total amount necessary to pay the interest upon its entire outstanding indebtedness.

Sec. 26 permits savings banks to invest in the capital stock of any bank or trust company located in Connecticut or in New York City or Boston, Mass. The old law granted this authority, but the new law goes further and limits the amount to be invested in this security. It says: "No savings bank shall hold by way of investment and as security for loans more than 20% of its deposits in the stocks of such banks or trust companies, at par value, nor more than 3% or its deposits, nor more than \$100,000 of par value in, nor more than 3% or its deposits, nor more than \$100,000 of par value in, nor more than 3% or its deposits, nor more than \$100,000 of par value in, nor more than 3% or its deposits, nor

any such investments now owned by any bank or trust company."

Loans secured by real estate are regulated by Sections 27 and 28 of the new law. These sections were printed in the "Chronicle" of Sept. 27 1913, page 899.

Sec. 29. Savings banks may invest not exceeding 20% of their deposits and surplus in notes secured by pledge of stocks or bonds as collateral, provided the corporation issuing such stock or bonds shall have paid thereon dividends or interest at the rate of not less than 4% (3% in old law) per annum during the 2 years next preceding the time when such loan is made; or by the pledge of any stocks or bonds or other obligations which under the provisions of this Act may be purchased by savings banks; but the market value of any securities given to secure any collateral loan shall be at least 20% in excess of the amount of the loan and not more than 5% of the aggregate deposit in any savings banks shall be loaned on the stocks, bonds or other obligations of one corporation, or by the pledge of deposit account.

Sec. 30. Savings banks in this State to an amount not exceeding the balance due from said savings banks on such deposit account.

Sec. 30. Savings banks may invest not exceeding 10% (20% in old law) of their deposits and surplus in notes, each of which shall be the joint and several obligations of two or more parties, all residents of this State; but no savings bank shall loan on personal security to one person more than 3% of its deposits at the time of making such loan. No savings bank shall buy or lend any money upon any obligations on which only one person or firm shall be holden without taking additional security for the same equivalent to the guaranty or endorsement of some other responsible party.

Sec. 31 subjects the amounts which may be expended to purchase or construct any building for the purpose of accommodating the business of such bank to the approval of the bank commissioners.

Sec. 32. Savings banks may deposit in incorporated bank or trust companies located in this State or t

in one list in said certificate are authorized as legal investments by the provisions of this Act, and that the bonds and obligations specified in a second list therein are authorized as legal investments under the provisions of sec. 36.

For list of bonds issued in compliance with above section, see V.97, p. 1523 |
Sec. 39. Within the first ten days of the month of November 1913 and of the months of May and November in each year thereafter, said bank commissioners shall send to each savings bank and to each trust company having a savings department a similar certificate.

Sec. 40. Said certificate shall be prima facte evidence of the correctness of the findings of said Commissioners, and shall so continue until the issuance of the next certificate of said Commissioners, or of an intermediate certificate correcting and changing the list of legal investments in the certificate last issued. The purchase of any bond or obligation specified in any such certificate made before said respective bonds or obligations are withdrawn or omitted by the Bank Commissioners in a subsequent certificate issued by them shall be a legal investment under this Act.

Sec. 41. Any person financially interested in any finding of the Bank Commissioners as to any bond or obligation may take an appeal therefrom to the Superior Court next to be holden at Hartford, which Court shall have power to inquire into and render a judgment whether said bond or obligation comes within the provisions of this Act as an authorized investment for savings banks. In case of such an appeal, due service thereof shall be made upon the Bank Commissioners at least 12 days before the return day of said appeal.

Sec. 42. In the sections of this Act which relate to railroad bonds the word "debt" shall be construed to mean obligations issued or assumed evidenced by a series of bonds or other interest-bearing instruments which mature at a time or times exceecing 3 years after their date, and the term "vailroad corporation" shall be construed to mean a corporation wh

CITIES, COUNTIES AND TOWNS IN THE

STATE OF CONNECTICUT.

NOTE.—For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

The relation which the towns, ettles and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State

is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 168. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. In recent years several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together with out distinction. This is the case with the city and town of Hartford, which previous to April 1896, reported their debts separately. The city and town of New Britain and the city and town of Bridgeport. On Dec. 7 1897 the city, town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the

town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for, though distinct corporations, their debts are to greater or less extent the debts of a single community.

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and countles in the State was in 1912 \$43,540,230 69. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

LEGISLATURE meets annually the first Wednesday in January, and length of sessions is not limited.

HISTORY OF DEBT.—The early historical details of New York State's debt from 1817 to 1894 will be found in the "State and City Supplement" of April 1893, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of \$1,000,000 per year, and practically wiped out.

In Nov. 1895 the voters approved a bond issue of \$9,000,000, for the purpose of enlarging and improving the Erle, Oswego and Champlain canals. These bonds were all issued and have since been redeemed. In 1903 a further issue of \$101,000,000 canal bonds was authorized, and up to date \$63,000,000 of these bonds have been sold. [A bill, signed by the Governor Apr. 17 1912, authorizes the State Comptroller to issue canal improvement bonds made payable in foreign currency. V. 94, p. 1131.] At the 1905 election a constitutional amendment was adopted giving authority to create an aggregate debt of \$50,000,000 for highway purposes, and up to date \$34,000,000 of these bonds have been sold. The question of issuing an additional \$50,000,000 bonds for highways received a favorable vote in Nov. 1912. In Nov. 1909 the voters approved the issuance of \$7,000,000 bonds for the Cayuga and Seneca canals. Of this latter issue \$3,600,000 have been sold. In 1910 the voters approved the issuance of \$2,500,000 bonds, all of which have been sold, for the acquisition of the Palisades Intersaction of issue and Seneca canals. Under the provisions of Chap. 569, Laws of 1909, as amended by Chap. 394, Laws 1911, \$950,000 bonds were authorized for a State Reservation at Saratoga Springs. These bonds were all issued, but \$95,000 hove been redeemed, leaving outstanding at this time \$355,000. A proposition to issue \$19,800,000 bands canal terminal bonds was adopted Nov. 7 1911, and of these \$5,000,000 have been sold. The State's bonded debt on Sept. 30 1913 was \$108,355,660 and the sinking fund \$26,013,597.40. Loans outstanding at time of going to press were as follows:

TAX VALUATION, TAX RATE, &c.—Large increase in values for 1904, due mainly to New York City's real estate being assessed about full value. The constitutional amendment adopted in 1905 permits interest and sinking fund requirements to be met out of funds in the Treasury instead of by means of a direct tax as heretofore. No direct State levy, therefore, was made in 1906 to 1910, revenue being entriely raised through the operation of mortgage, stock transfer, liquor, inheritance and corporation taxes In July 1911, however, the Legislature again imposed a direct tax of 6-10 of a mill on each dollar of real and personal property. In 1912 the Legislature made provision for a direct tax levy of one mill. At the 1913 session,

in order to avoid the levying of a direct tax, a bill was introduced to permit the transfer to the general fund of a part of the sinking fund. This measure, however, failed to pass both houses. V. 96, p. 1435. On Sept. 17 1913, while the Legislature was in extra session, a bill was passed authorizing the levy of a direct tax of 5805-10000 of a mill.

Legislature may provide for the issue of bonds of the State to run for a period of not exceeding fifty years in lieu of bonds heretofore authorized but not issued, and shall impose and provide for the collection of a direct annual tax for the payment of the same as hereinbefore required. When any sinking fund created under this section shall equal in amount the debt for which it was created, no further direct tax shall be levied on account of said sinking fund and the Legislature shall reduce the tax to an amount equal to the accruing interest on such debt. [Ah amendment adopted by the voters on Nov. 2 1909 adds the following to Section 4: "The Legislature may from time to time alter the rate of interest to be paid upon any State debt which has been or may be authorized, pursuant to the provisions of this section, or upon any part of such debt, provided, however, that he rate of interest shall not be altered upon any part of such debt or upon any bond or other evidence thereof, which has been or shall be created or issued before such alteration. In case the Legislature increase the rate of interest upon any such debt or part thereof, it shall impose and provide for the collection of a direct annual tax to pay and sufficient to pay the increased or altered interest on such debt as it falls due, and also to pay and discharge the principal of such debt within fifty years from the time of the contracting thereof, and shall appropriate annually to the sinking fund moneys in amount sufficient to pay such interest and pay and discharge the principal of such debt when it shall become due and hayable.]

Stakting Fund, how kept and invested.—SEC 5.—The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided. [In 1913 it was planned to avoid the levying of a direct tax to meet the sinking fund requirements by diverting a part of the sinking funds which were said to be in excess of requirements. Bills permitting the transfer of this alleged surplus to the general fund failed to pass, however, and at the extra session provision was made for a direct tax levy (see remarks above).]

DEBT LIMITATION—CITIES, COUNTIES, TOWNS AND VILLAGES.—The constitution of 1894 puts a general and uniform limit to the power of counties and cities of the State to contract and put out their obligations, leaving the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Art. 8, Sec. 10. We give that section in full below. The separation into paragraphs and the figures in parentheses which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to any particular portion can the more readily find the part desired.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village prom making such provision for the aid or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed 10% of the assessed valuation of the real estate of such county or city subject to taxation as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely vold, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds 10% of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the term of the bonds issued to provide for the supply of water shall not exceed twenty years, and a sinking fund shall be for the supply of water shall not exceed twenty years, and a sinking fund shall be for the supply of water shall not exceed twenty years, and a sinking fund shall be for the supply of water shall not exceed twenty years, and a sinking fund shall be represented in the sum of the principal and interest of said bonds at their maturity.

At the 1909 election a very important constitutional amendment, with reference to the exclusion of debt incurred for rapid transit and dock purposes by New York City, and with reference to the exclusion after Jan. I 1910 of water bonds issued by third class cities, was ratified by the voters. The amendment referred to changes sub-division (6), making it read as follows, the new parts being printed in tailers, was ratified by the voters. The amendment referred to changes sub-division (6), making it read as follows, the new parts being printed in tailers, and any debt hereafter incurred by any portion or part of a city, if the water and any debt hereafter incurred by any portion or part of a city, if the water and any debt hereafter incurred by any portion or part of a city, if the water and any such debt, shall be included in ascertaining the power of the city to become otherwise indebted; except that debts incurred by the City of New York after the first day of January, nineteen hundred and four, and debts incurred by any city of the third class and the provided that the city of the county in the city of the county in the city of the cou

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 that the sinking fund was not a part of the city debt within the meaning of the above provision of the constitution limiting the creation of debt to 10% of the assessed valuation of the real estate.

EXEMPTION FROM TAXATION.—Sec. 8, Article Two, Chapter 24, Consol. Laws of 1909 (p. 403) provides that "all bonds of a municipal corporation, until payable, shall be exempt from taxation for town, county, municipal or State purposes." —The provisions of the law defining securities in which savings banks may invest their depoits are contained in Section 146 of Chapter 2 of the Consolidated Laws of 1909 as amended by Chapter 416, Laws of 1913. We give this section in full below:

Sec. 146. In what securities deposits may be invested.—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as followers: the entire of or obligations of the United States is pledged to provide or the payment in the interest and principle of the property of the content of the United States is pledged to provide or the payment in the interest and principle of the provide of the District of Columbia. Attorney-General on Oct. 22 1913. In previous opinions (July 3 1912 and Aug. 11 1909, as noted above), it was held that inasmuch as Louisiana had defaulted in the payment of the "baby bonds," other obligations of the State could not be legally purchased by savings bank trustees. In reversing these former rulings Attorney-General Carmody says that it now appears that these "baby" bonds were not bonds for the payment of which the credit of the State was pledged, but were issued against certain revenues of the State, namely unpaid taxes, and were payable out of these revenues only. Therefore the failure to pay the same does not, according to the Attorney-General, constitute such a default as would make other bonds of the State improper investments. SECTION 150. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mortgage thereon shall be required of the borrower, and all expenses of searches, examinations and certificates of title, and of drawing, perfecting and recording papers, shall be paid by the borrower.

TRUST FUNDS.—How Loaned or Invested.—Sec. 21, Chap. 41, Consol. Laws of 1909, permits executors, administrators, guardians, &c., to invest in the same securities as savings banks. We quote the provision below:

INVESTMENT OF TRUST FUNDS.—A trustee or other person holding trust funds for investment may invest the same in the same kind of securities as those in which savings banks of this State are by law authorized to invest the money deposited therein, and the income derived therefrom, and in bonds and mortgages on unincumbered real property in this State worth 50% more than the amount loaned thereon.

NEW YORK CITY. John Purroy Mitchel, Mayor-elect; Wm. A. Prendergast Comptroller.

The consolidation provided under the Greater New York Charter became effective Jan. 1 1898, and New York City now includes Kings County, Richmond County and the following portions of Queens County, namely Long Island City, the towns of Newtown, Flushing and Jamaica, and part of the town of Hempstead. The Legislature in 1912 passed a bill providing for the creation of the County of The Bronx out of what is now the Borough of The Bronx. The bill was subject to referendum of the citizens of the proposed Bronx County in November 1912 and was favorably passed upon at that time. V. 95, p. 1288. On Jan. 17 1913 the Act was declared unconstitutional by the Appellate Division of the Supreme Court. V. 96, p. 299. This decision was reversed, however, by the Court of Appeals on Mar. 14 1913. V. 96, p. 810. The following statement includes all of the funded debt of the former City of New York and of the municipalities in Brooklyn, Queens and Richmond which was recorded at the date of consolidation; also such additional amounts as were recorded in subsequent years as being funded obligations of said former municipalities to be assumed by the City of New York. These figures do not include \$2.007,600 revenue bonds of the former City of New York outstanding Jan. 1 1898 and redeemable from its tax levy of 1897 nor \$4,060,000 of revenue bonds or certificates of indebtedness of the former city of Brooklyn outstanding Jan. 1 1898, but redeemable from its tax levy for the year 1898.

ASSESSED VALUES.—The assessed valuation of property in the consolidated city for the year 1913 follows:

Manhat. & Real Estate. Personal Estate. Total. Tax Rates.

The Br'nx.\$5,767,283,188 \$270,603,495 \$6,037,886,683 \$18.10

*No assessment or tax in 1898.

In 1903 the assessment of real estate was made on the basis of about real value; 1903 and subsequent values, therefore, are greatly in excess of those for previous years, and consequently the tax rate is much lower.

(Under a law passed by the 1911 Legislature, the collection of taxes takes place semi-annually instead of annually, as heretofore. V. 93, p. 63.]

PAR VALUE OF BONDS.—Under the provisions of the city charter, registered bonds may be issued in denominations of \$10 or any multiple thereof.

place semi-annually instead of annually, as heretotore. V. 93, p. 63.1
PAR VALUE OF BONDS.—Under the provisions of the city charter, registered bonds may be issued in denominations of \$10 or any multiple thereof.

EXEMPTION FROM TAXATION.—Section 8, Article 1, General Municipal Law, Consolidated Laws of 1909, provides that "all bonds of a municipal corporation, until payable, shall be exempt from taxation for town, county, municipal or State purposes."

DEBT LIMIT.—At the general election in Nov. 1909 the voters passed on a constitutional amendment which permits the city, in ascertaining its borrowing capacity, to exclude bonds heretofore issued for any rapid transit or dock investment, as well as bonds hereafter issued for any rapid transit or dock investment, as well as bonds hereafter issued for a public improvement which provides a revenue in excess of the interest and amortization charges. The rapid transit and dock bonds may be excluded only in proportion to the extent to which the current net revenues received from these improvements shall meet the interest and amortization charges. See the amendment in full under general remarks for New York State.

ISSUANCE OF SHORT-TIME NOTES IN ANTICIPATION OF SALE OF CORPORATE STOCK.—A law was passed in 1911 authorizing the City Comptroller to issue short-term notes to provide funds pending the sale of corporate stock. See V. 92, p. 1577.

ISSUANCE OF CORPORATE STOCK IN FOREIGN CURRENCY.—The 1911 Legislature also passed a bill permitting the City Comptroller to make corporate stock payable in the currency of foreign countries. See V. 93, p. 63.

GENERAL FUND BONDS.—A new kind of bond (known as the "General Fund Bonds") was created by the Legislature in 1903. It is issued for the purpose of releasing the surplus revenues of the sinking fund of the old City of New York, and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund for redemption of

The tables which follow give full details regarding the indebtedness of the consolidated city and the various boroughs and other divisions forming part of it. We show first the bond issues made since the Greater New York Charter went into effect. Then we add statements reporting at length the indebtedness of the separate boroughs; all the districts, towns and other divisions being in each case grouped under the borough to which they belong.

name on a subsequent page; the amount of the original deot which was chargeable to the City of New York was adjudicated finally to be \$3,796,032 11, leaving \$1,011,967 89 as Nassau County's share of the old indebtedness. Instead of apportioning certain bonds to N. Y. City and to Nassau County, the debt and interest is not divided, but N. Y. City pays .7895241493 of the principal and interest as it becomes due, and Nassau County .21047585027. The Comptroller of N. Y. City acts as agent in the payment of the debt. The amount of Queens County bonds outstanding on Oct. 31 1913 was \$4,408,000, of which \$3,480,222 was chargeable to New York City.

DEBT, RESOURCES, ETC.

Admitted as a State_____One of Original Thirteen Total area of State (square miles) Gov. (term exp. Mon. bef. 3d Tues., Jan. '14). Leon Taylor Secretary of State (term exp. Apl. 1 '17). David S. Crater Treasurer (term expires Mar. 1 1916). Edward E. Grosseup Comptroller (term expires Feb. 20 1914). Edw. I. Edwards State Capital__ LEGISLATURE meets annually the second Tuesday of January, and there is no limit to the length of the session.

there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The constitution of 1844 forbade the creation of a State debt exceeding one hundred thousand dollars except for purposes of war, &c. This exception, under which it was allowable to exceed the hundred-thousand-dollar limit, became operative on the occasion of the breaking out of the Civil War. Quite a debt was created at that period. The last of these war bonds was retired on Jan. 1 1902.

Inhaddition to the above, valuation of railroad and canal property in 1900 was \$219,656,014 in 1902 \$223,486,392, in 1903 \$227,195,115, in 1904 \$231,655,525, in 1905 \$236,720,571, in 1906 \$194,532,469, in 1907 \$200,045,173, in 1908 \$272,182,490, in 1909 \$279,059,611, in 1910 \$286,546,453 and in 1911 \$284,542,181. The values of railroad and canal property from 1906 to 1911 incl. do not include 2d class RR. property, the latter being given in the totals shown above for those years. No general tax is imposed in New Jersey, the State deriving its revenue from other sources.

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State which shall singly or in the aggregate, with any previous debts or liabilities, at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein, which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for making debt is limited to \$100.000, except (1) for purposes of war, &c., and (2) when the authorization is for some single object of work specified therein, &c. In the latter case the mode of procedure is, as will be scenarious of certain kinds of debt by Article I naragraphs 10 and 20 of the constitution.

therein, &c. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the constitution.

CITIES, COUNTIES, TOWNS, &c., are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the constitution. We give these paragraphs in full:

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for, or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

It will be noted that the above prohibitions are absolute.

Article IV, Section VII, Paragraph II, of the constitution, forbids the passage by the Legislature of any special laws "regulating the internal affairs of towns and counties," the constitution directing that in this and all other cases where general laws are feasible, general laws shall be provided, in compliance with this last provision the Legislature has passed many general laws relating to the bonded indebtedness of the different kinds of municipalities existing in New Jersey, which are counties, cities, towns, townships, boroughs, villages, school districts, and certain anomalous municipalities existing in New Jersey, which are counties, cities towns, townships, boroughs, villages, school districts, and certain anomalous municipalities governed by Boards of Commissioners, or Improvement Commissions, and not specifically named as villages, which they really are. See Compiled Statutes of New Jersey 1910, under the following headings? Chosen Freeholders, Cities, Towns, Townships, Boroughs, Villages and Municipal Corporations.

There is no general debt limit for New Jersey municipalities, either constitutional or statutory.

The most important law applicable to the debt of

or other legal indebtedness. A supplement to this Act passed in 1912 provides that the failure to pay interest or principal of bonds the validity of which is contested by the municipality in pending litigation is not to be deemed a default under said Act.

The constitutional prohibition above referred to against special legislation relating to the internal affairs of towns and counties has been so construed by the highest Court in New Jersey as to prevent special legislation relating to the internal affairs of any municipality. The word "towns" as used in the constitutional provision is construed in the broadest possible sense, so as to include cities, towns, townships, boroughs, villages, school districts and municipalities of every kind. The result of this is that while the Legislature may, and does, incorporate municipalities by Special Laws, naming them and defining their boundaries, Special Laws as to the government and powers of such municipalities cannot be passed. The old special charters, which many cities have and which were granted before Sept. 1875, when this constitutional provision was adopted, remain in force except so far as amended or repealed by general laws, as the constitutional prohibition prevents the amendment or repeal of these old special charters by a special law. Consequently, at almost every session of the Legislature in recent years, one or more laws have been passed providing generally for the government of cities, or some other class of municipalities, which laws, while general in form, are really passed for the benefit of some particular municipality. To avoid the amendment or repeal of the old special charters, the new laws by their terms do not take effect until accepted by the voters at an election held for that purpose, and usually only the particular municipality at whose solicitation a law is passed accepts it. This makes it necessary to inquire as to any municipality whether or not it has accepted any such laws in order to know how it is governed. These referendum charters

villages are mostly governed by the General Village Act of 1891, Comp. Stat. of 1910, p. 5727, which is known as The Winton Act.

The Act of Mar. 26 1896, appearing in the Comp. Stat. under the heading of "Municipal Corporations," Sec. 20 and 21, p. 3462, provided that thereafter no borough or village should be incorporated except by special Act of the Legislature. While this Act operated to prevent the incorporation of boroughs and villages by referendum proceedings under previous general laws, it does not prevent subsequent action by the Legislature permitting such incorporation. It is however, a declaration by the Legislature of its policy to incorporate municipalities by special Act. which policy has been pursued as to all municipalities since that date. This course has many advantages, the principal one of which is, that as to municipalities so incorporated there can be no question as to their corporate existence, name, and boundaries, which are fixed by the special Act. When the Legislature desires to incorporate a town, township, borough or village, it now does so by a special Act fixing the name and boundaries of the new municipality, and the new municipality thereupon becomes subject to the general laws affecting the class to which it belongs. In the case of new cities, the situation is more complicated, because there is no general Act relating to all cities and furnishing a form of government therefor which takes effect without acceptance by the voters or governing body of the city. Therefore, when the Legislature incorporates a new city, as it cannot by the Act of incorporation provide for its government, but can only fix its name and boundaries, the new city would be without any frame of government unless it should proceed to accept one of the general referendum charters. Cities under 12,000 population are governed by the Act of March 24 1897, Comp. Stat. of 1910, p. 1297, unless they have a special charter or have adopted a referendum charter. This is the course generally pursued, and frequently th

generally pursued, and frequently the Legislature has simultaneously incorporated a new city and passed a new referendum charter ostensibly for all cities, but which was intended to be, and was, accepted only by the new city. The effect of this is practically the same as if a special charter had been passed for the new city.

At the session of 1911 the Legislature adopted an Act providing for the commission form of government in cities, generally known as The Walsh Act, being Chap, 221 of the Laws of that year. This Act, (which only applies to municipalities accepting it at an election) provides that it may be so accepted by 'cities, towns, boroughs and other municipalities. The commission of the commission of the municipalities and townships. This on the other hand, it could be accepted by villages and townships. This on the other hand, it could be accepted by villages and townships. This one so to make it applicable to citized when, townships, boroughs, villages and municipalities governed by boards of commissioners and improvement commissions, and to these only, so that it is now clear that counties and school districts are not affected. The Act was further amended and supplemented by Chapters 179 and 282 of the Acts of 1913. Only five of the larger municipalities in New Jersey, i. e., the cities of Trenton, Passaic, Atlantic City, Jersey City and Long Branch have accepted the Walsh Act, and, while submitted to the voters of a mumber of other cities, such as Camdon, Paterson, Hoboken, Elizabeth and Body once, has been rejected by them. The Walsh Act limited the net border of the commission of property therein, purses accepting it to 10% of the assessed valuation of property therein, purses accepting it to 10% of the assessed valuation of property therein, purses accepting it to 10% of the assessed valuation of property therein, purses accepting it to 10% of the assessed valuation of property therein, purses accepting it to 10% of the assessed valuation of property therein, purses and the provides that the cu

districts under Art. VII must be submitted to the Attorney-General for his approval before the bonds are issued.

SALE OF BONDS.—By the Act of Apr. 9th 1910, P. L. 1910, p. 347, Comp. Stat. of 1901, p. 3685, all municipal bonds must be sold for not less than par at public sale on ten days' notice, unless the statute under which they are issued expressly authorizes private sale. By an amendment to this Act, passed in 1911 (P. L. 1911, p. 218), the notice must be given by two insertions in a local paper, and private sale to the sinking fund is allowed. The School Law of 1903, the Borough Law of 1897 and the Funding Act of March 23 1899, Comp. Stat. of 1910, p. 3681 (which last Act as amended applies to all municipalities except sehool districts and counties), expressly authorize private sale, as does the Grade Crossing Act of April 1 1912 and the County Funding Act of the same date which last Act authorizes the funding of floating debt of counties existing Jan. 1 1912. A supplement to the School Law, P. L. 1911, p. 514, prohibits the issuance of school bonds except after public sale on ten days' notice, unless previously offered to and rejected by the School Fund. This Act also requires all School Bonds to be signed, esaled, delivered and pald for in the State of New Jersey, such payment to be made by cash or certified check to the order of the custodian of school moneys, who is the Treasurer of the city, town, township or borough, as the case may be.

TAX EXEMPTION.—By Sec. 3 of the General Tax Act of 1903, Compstat. of 1910, p. 5075, bonds and other securities of the United States and of the State are exempt from taxation. This makes all New Jersey municipal bonds tax-exempt in that State.

LIMITATION OF TAX RATE,—Chap. 116, Laws of 1906, provides that the ultimate maximum tax rate for all taxing districts of the State

and of the State of New Jersey of any colors, and district of the State are exempt from taxation. This makes all New Jersey municipal bonds tax-exempt in that State.

LIMITATION OF TAX RATE.—Chap. 116, Laws of 1906, provides that the ultimate maximum tax rate for all taxing districts of the State for county, school district and local purposes, shall be \$17.50 for each \$1,000 of assessed valuation, and requires a gradual reduction to said ultimate rate in taxing districts where the rate in 1905 exceeded that amount. The Act further provides an ultimate rate of taxation for county purposes of \$5.00 per \$1,000 of assessed valuation, and for a similar gradual reduction to said ultimate rate in counties which had a higher rate in 1905. This limitation does not apply to taxes required to raise any State tax or State school tax, or to pay judgments, all of which may be in addition to the rate limited by said Act. Therefore, any holder of bonds or other obligations of any New Jersey municipality, while he might not be able to compel the immediate levy of a tax to pay such obligations, if such a levy would exceed the limit, could finally reach the same result by first reducing his claim to a judgment, and then compelling the levy of a tax to pay that judgment. These limitations are, therefore, not of much importance to investors in New Jersey municipal securities except as they limit the tax burden on the taxable property for other purposes.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRIC-

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRIC-TIONS.—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. In 1913 the law was further amended to permit investment in certain bonds secured by first mortgage on terminal or dock property. See V. 96, p. 1169. We give below in full the investment sections of the new law,

DEBT LIMITATION.—In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State constitution.

1. State Indebtedness.—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the constitution, and are as follows:

7. 9. 0. 11, 12, 13 and 14 of Article IX of the constitution, and are as follows:

ARTICLE IX, SEC. 4. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. All laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified, and no other.

SECTION 6. The credit of the Communication of the state shall be used for the purpose specified.

used, and the money so borrowed shall be used for the purpose specified, and no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruling interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars: the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the saled sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary

applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bond of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

(2) County and Municipal Indebtedness.—Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected blennially under the minority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE IX, SEC. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.

SECTION 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which now exceeds seven per centum of such assessed valuation may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. [At the Nov. 1911 election the voters adopted an amendment to the above section which allows the city of Philadelphia, in ascertaining its borrowing capacity, to exclude such debt as may be incurred for the construction of development of subways for transit purposes or for the construction of development of subways for transit purposes or for the construction where the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia, and which shall yield to the city and county of Philadelphia, and which shall yield to the city and county of Philadelphia, and which shall yield to the city and county of Philadelphia, and which shall yield to the city and county of Philadelphia, and which shall pled to the city and county of Philadelphia, and which shall pled to the city and county of Philadelphia, and which shall pled to the city and county of Philadelphia, and which shall pled to the city and county of Philadelphia as to become otherwise indebted? Provided, That a sinkling fund for their cancellation shall be establi

debt and issue bonds "only at the time of assessing and levying the annual school taxes." Thus school bonds can only be issued at the time of the school tax levy, which must be in April or May.

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the time of a like character. The date of the organization was November 27 1816, and the bank was opened for business Dec. 2 1816. The oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 ageneral law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department of May I 1913 shows that the total number of savings banks within the State was only eleven. The aggregate deposits of these banks at that date was \$207,756.767.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following:

"Provided also, that no * * Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, except upon first mortings or lien upon real estate within this Commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, t

In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and municipal bonds, notwithstanding any provisions of their charters. The

law follows:
CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may, notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:
SECTION 17.—It shall be lawful for the trustees of any savings bank to

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate situated in this State.

The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

PHILADELPHIA (Con.)

TOTAL DEET, SINKING FDS., &C.—The subjoined statement shows Philadelphia's total municipal debt, and present borrowing capacity. By a decision of the Supreme Court of Pennsylvania, filed May 31 1894, it is held that, within the meaning of the word "Debt" in Section VIII Article IX, of the Constitution of Pennsylvania, the real debt of the city is the authorized debt less the amount of the city certificates purchased and uncanceled in the sinking fund. Under a decision of the Court of Common Pleas No. 4, dated April 12 1913, the net school debt is deductable in a manner similar to the sinking fund debt in arriving at the net debt of the city.

DEBT LIMITATIO	N There is n	othing in th	e constitution	of Mary-

DEBT LIMITATION.—There is nothing in the constitution of Maryland limiting the power of the Legislature to authorize bond issues either by the State or by its municipalities, except that in Section 34, Article 3, we find that "the credit of the State shall not in any manner be given, or loaned to, or in aid of, any individual, association or corporation; nor shall the General Assembly, have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto, which shall involve the faith or credit of the State. No general limit for cities and towns has been fixed by the Legislature, nor is there any general authorization to be found in the statutes under which cities and towns can issue bonds. This power is lodged in the Legislature, and is delegated to the municipalities from time to time for specific purposes as the occasion may arise. It is necessary, therefore, for the investor to study the law in each case on this as well as on other points affecting the loan with respect to which he may need information.

TAXATION OF BONDS.—N. Winslow Williams, Secretary of State, advised us under date of Dec. 8 1911 that, while there was no general Act exempting State and municipal bonds from taxation, this provision is usually contained in each separate Act authorizing the issuance of such securities.

SAVINGS BANKS INVESTMENTS.—There are in this State of the security of the securities.

securities.

SAVINGS BANKS INVESTMENTS.—There are in this State general banking laws under which savings banks may be organized, but a number of the savings institutions have been incorporated under special charter. However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law

However, in both the general and special laws there appears to be a pretty general authority granted for investing the deposits. The general law states that—

Any savings institution incorporated under this article shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposits of money, which shall be invested or loaned out on good security in the discretion of the directors, provided that no part of the funds of said corporation shall be loaned to any officer or director of such corporation.

In a special charter granted to the Germania Savings Bank of Baltimore in 1890, the power to loan the deposits is made a little more definite. The section referring to that subject states that the "corporation shall have power to borrow money, receive money on deposit, loan money, taking such security therefor, either real or personal, as the board of directors may deem "sufficient, provided that no part of the funds of said corporation shall be "loaned to an officer or director thereof."

We cannot discover any marked difference in the two provisions cited except that the enactment in the case of the Germania Savings Bank states distinctly that the security can be either real or personal. But as much as that would, we think, be assumed as authorized under the general provision, since no limit is made, and loaning on bond and mortgage is always a legitimate part of the business of savings banks.

District of Columbia.

(INCLUDING THE LATE CORPORATION OF WASHINGTON.) On July 1 1878 the duties of the Sinking Fund Commissioners of the District of Columbia were transferred to the Treasurer of the United States, and since that date Congress has appropriated annually a sum sufficient to pay not only the interest on the District's bonds, but also, it is believed, sufficient to extinguish the entire debt of the District upon the maturity of the 3.65% loan, in 1924. Bonds are tax-exempt.

*The faith of the United States was pledged to secure the payment of the interest on these bonds and to maintain a sinking fund sufficient to redeem them all by maturity. The issue was limited to \$15,000,000 and is exempt from taxation by Federal, State or municipal authority. Of the \$15,000,000 bonds authorized, \$14,997,300 were issued, of which \$\$,052,650 have been retired to date, leaving \$6,944,650 outstanding. The coupon bonds are for \$50 and \$500 each, the registered bonds \$1,000 and \$5,000 each.

bonds are for 500 and \$500 each, the registered bonds \$1,000 and \$5,000 each.

INTEREST on the bonds is paid at the United States Treasury in Washngton and at the Sub-Treasury in New York.

Treasurer (term exp. 2d Mon. Jan. '15)___J. P. Brennan-LEGISLATURE.—The State constitution provides that the Legislature shall meet biennially in even years on the first Monday in January. There is no limit to length of sessions. The requirement being that State elections must be held in even years. this would make it impossible for legislators to convene until the second January after their election. Nevertheless, an amendment for the purpose of relieving this situation by changing the time for convening the Legislature was defeated in 1908; V. 87, p. 1435. (Report of Secretary of State, page 574.) The Legislature in 1910, however, passed an Act providing for the beginning of the regular session on the first Monday in January after members are elected. See V. 91, p. 894. (V. 101, O. L., page 137.) A session held in 1911 under this law was declared legal by the Supreme Court on March 28 1911. See V. 92, p. 673. (V. 83, O. 8., page 412.)

HISTORY OF DEBT.—The historical details of Ohio's State debt from 1825 to 1894 will be found in the "State and City Supplement" of April 1894, page 75.

1894, page 75.

TOTAL DEBT, ETC.—With the exception of \$1,665 domestic loan bonds, interest on which has ceased, Ohio has no funded State debt at present, the last \$200,000 bonds having been retired on July 1 1903. The total bonded debt on Nov. 15 1902 was \$201,665; in 1901 it was \$451,665; in 1900 was \$701,665; in 1885, \$3,720,229; in 1880, \$6,476,805; in 1871, \$9,022,721; in 1861, \$14,897,273; in 1851, \$17,563,329.

NEW TAX BILL.—The "Smith Tax Bill," signed by the Governor on June 2 1911, provides that the levy for any governmental unit, such as the city, the schools or the like, shall not be more than the levy of 1910; also that the total levy shall not be more than 1% of the tax duplicate. In order to raise sufficient revenue under these decreased rates of taxation, assessment of property was generally raised to its full value.

TAXATION OF MUNICIPAL BONDS.—The voters of this State on Nov. 7 1905 adopted an amendment to Section 2, Article XII., of the State constitution, which exempts municipal bonds from taxation. V. 80, p. 1985. The amendment took effect Jan. 1 1906. On Nov. 3 1908 the voters defeated an amendment to the same article whereby the tax-exemption feature on State and municipal bonds was to have been left optional with the Legislature. V. 87, p. 1372. On Sept. 3 1912, however, an

amendment was adopted, to take effect Jan. 1 1913, providing for the taxation of future issues of State and municipal bonds. The amendment will be found in full V. 95, p. 766. The question of again exempting bonds from taxation was defeated Nov. 4 1913. See V. 97, p. 1444.

bonds from taxation was defeated Nov. 4 1913. See V. 97, p. 1444.

DEBT LIMITATION.—Ohio has very carefully guarded the debtmaking power of the State. This could not be said while the constitution
of 1802 was in force; for under that instrument it was competent for the
Legislature to construct works of internal improvement on behalf of the
State or to aid in their construction by subscribing to the capital stock
of corporations created for that purpose, or to authorize in other ways
the creation of debt in unlimited amounts. But since the adoption of the
constitution of 1851 the whole situation in these particulars has changed,
the legislative power with respect to the State having been limited. The
same is in large measure true also of the municipalities.

FIRST. As to the State's power to contract debt, this is regulated under

FIRST. As to the State's power to contract debt, this is regulated under the first five sections of Article 8 of the constitution. We insert these five sections in full.

SECTION 1. (Debt Limited to Seven Hundred and Fifty Thousand Dollars.)
The State may contract debts to supply casual deficits or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one of more Acts of the General Assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars; and the money arking from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted and to no other purpose whatever.

A proposed amendment to the above section permitting the Legislature to issue \$50,000,000 bonds (not more than \$10,000,000 in any one year) for a system of inter-county wagon roads was defeated on Sept. 3 1912.

Sec V. 95, p. 766.

SECTION 2. (Additional and for What Purpose.) In addition to the above limited power, the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to repay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for as the same shall accumulate.

SECTION 3. (The State to Create No Other Debt.) Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter br created by or on behalf of the State.

SECTION 4. (Credit of State; the State Shall Not Become Joint Owner or Stockholder.) The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

purpose whatever.

SECTION 5. (No Assumption of Debts by the State.) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debt shall have been created to repel invasion, suppress insurrection or defend the State in war.

corporation whatever, unless such debt shall have been created to reper invasion, suppress insurrection or defend the State in war.

The foregoing sections complete the limitation as to Statedebt and credit. Sections 7, 8, 9, 10 and 11 of Article 8 cover the matter of sinking funds referred to in Section 2 above. But they need not be published here. SECOND, As to Cities, Towns, Counties, &c., so far as the constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in Section 6 of Article 8 and in Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are as follows:

ARTICLE 8, SECTION 6. (Counties, Cities, Towns or Townships Not Authorized to Become Stockholders, &c.) No laws shall be passed authorizing any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint-stock company, corporation or association whatever, or to raise money for, or loan its credit to, or in aid of any such company, corporation or association provided, that nothing in this section shall prevent the insuring of public buildings or property in mutual insurance associations or companies. Laws may be passed providing for the regulation of all rates charged by any insurance company, corporation or association organized under the laws of this State or doing any insurance business in this State for profit. [That part of the above section given in italics was added by an amendment adopted Sept. 3 1912. V. 95, p. 766.]

ARTICLE 13, SECTION 1. (Corporate Powers.) The General Assembly shall pass no Special Act conferring corporate powers.

SECTION 2. (Corporations—How Formed.) Corporations may be

SECTION 2. (Corporations—How Formed.) Corporations may be formed under general laws; but all such laws may from time to time be attered or repealed

SECTION 6. (Organization of Cities, &c.) The General Assembly shall provide for the organization of cities and incorporated villages by general

laws and restrict their power of taxation, assessment, borrowing money contracting debts and loaning their credit, so as to prevent the abuse of such power.

contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from Section 6, Article 8, above cited, tha cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker vs. The City of Cincinnati, a case which arose under an Act of the General Assembly of Ohio entitled "An Act relating to cities of the first class" authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that Act purports to give. Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brought. The Court's opinion is very full and explicit, the conclusion being that from "the language of the section, it is quite evident that it was not intended to "prohibit the construction of railroads nor indeed to prohibit any special classes of improvements or enterprises. The "inhibitions are directed only against a particular manner or means by "which under the constitution of 1802 many public improvements had "been accomplished."

In compliance with Section 6, Article 13 (cited above), which provides

"nor to any other special classes of improvements or enterprises. The "inhibitions are directed only against a particular manner or means by "which under the constitution of 1802 many public improvements had "been accomplished."

In compilance with Section 6, Article 13 (cited above), which provides for the organization of cities, &c., by general law, the Legislature made an elaborate classification of municipal corporations, which was in existence for years. First they were divided into cities, villages and hamlets. Then cities were divided into two classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. In addition many special laws found their way on to the statute books nominally general in their scope but really so worded as to apply to only one city. In June 1902, however, the State Supreme Court handed down several decisions declaring such laws special legislation and therefore unconstitutional. The decisions were considered to be of such broad application that the Governor called an extra session of the Legislature for the purpose of framing a new general municipal code. The extra session convened Aug. 25 1902 and after a session of nearly two months passed a new "municipal code"—a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the "Chronicle," Nov. 1 1902, wherein will be found at length the more salient points of this important measure.

It remains to be said that at the regular session of the Legislature in 1902 an Act popularly known as the "Longworth Omnibus bill" was passed and subsequently upheld by the State Supreme Court. This Act amends Section 2835, 2836 and 2837, Revised Statutes of Ohio, relating to the issuance of bonds by cities, villages and other municipal corporations. Under the new law the municipal corporations to 4% in the aggregate without submitting the question to a vote of the pe

mitted to the voters of the twinship or corporation at a general or special election.

Sec. 3954. No municipal corporation or township shall create or incur a net indebtedness under the authority of this chapter in excess of 5% of the total value of all the property in such township or corporation as listed and assessed for taxation. Bonds issued in good faith for such purposes which at the time of issue were within the limitations existing at the time of such issue shall be valid obligations of the township or municipal corporation which issued them. In assertaining the limitations of such 5% and of such 2 ½%, all such bonds shall be considered except those specifically excluded by Section 3946 of the General Code.

The new law was to have taken effect Jan. 1 1911, but as many cities complained that they could not raise funds for necessary improvements by applying the new rates upon the tax duplicate as it stood on Jan. 1, a bill was passed suspending the operation of the Act of 1910 until Oct. 1 1911. See V. 92, p. 673.

Note.—Some doubts having arisen as to whether old bonds as well as

was passed substantial and optotation as to whether old bonds as well as "Longworth" bonds should be counted in figuring the 8% debt limit, a "Longworth" bonds should be counted in figuring the 8% debt limit, a sult was brought and the State Supreme Court in May 1906 held that only such bonds as may have been issued subsequent to the enactment of the "Longworth" bill should be counted in considering the 8% limit provided for in that Act. V. 82, p. 1114. Furthermore, in the amended law of 1906, it is expressly provided that the 8% limit shall apply only to the bonds issued subsequent to the enactment of this Act.

ponds issued subsequent to the enactment of this Act.

[The Snyder Act, an emergency measure passed by the Legislature April 10 1913, permits the issuance of bonds to repair damage done by the floods of March and April, such bonds not to be counted in ascertaining any of the limitations of Sections 3939 to 3954-1 incl. of the General Code. The Act was printed in full in V. 96, p. 1714.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS—The provisions of the law defining securities in which savings banks in this State may invest their funds are contained in Sections 9765 and 9758 of the General Code. These sections read as follows:

Sec. 9765. A savings bank may invest the residue of its funds in, or loan money on, discount, buy, sell or assign promissory notes, drafts, bills of exchange and other evidences of debt, and also invest its capital, surplus and deposits in, and buy and sell, the following:

a. The securities mentioned in Section 9758 [we give Section 9758 below], subject to the limitations and restrictions therein contained, except that savings banks may loan not more than 75% of the amount of the paid-in capital, surplus and deposits on notes secured by mortgage on real estate. But all loans made upon personal security shall be upon notes with two or more signers, or one or more indorsers, payable and to be paid at a time not exceeding six months from the date thereof. In the aggregate not exceeding 30% of the capital, surplus and deposits of a savings bank shall be so invested.

b. Stocks which have paid dividends for five consecutive years next prior to the investment, bonds and promissory notes of corporations, when this is authorized by an affirmative vote of a majority of the board of directors or by the executive committee of such savings bank. No purchase or investment shall be made in the stock of any other corporation organized or doing business under the provisions of this chapter. The Superintendent of Banks may order any such securities which he deems undestrable to be sold within six months.

c. Promissory notes of Individuals, firms or corporations, when secured by a sufficient pledge of collateral approved by the directors, subject to the provisions of sections 9754 and 9755 (99 v. 282, Sec. 57).

[Note.—Section 9754 mentioned above limits the amoun

Including overdrafts, of a person, company, corporation or firm to any bank, either as principal debtor or as security or indorser for others, for money borrowed, shall not exceed 20% of its paid-in capital stock and surplus. The discount of bills of exchange drawn against actually existing values and the discount of commercial or business paper actually owned by the person, company, corporation or firm negotiating it, shall not be considered as money borrowed. Section 9755, also mentioned above, stipulates that the deposits of funds in a bank or trust company not duly designated as a depository by the board of directors shall be held to be a loan within the meaning of Section 9754.]

Sec. 9758. Subject to the provisions of the preceding section (Sec. 9757). commercial banks may invest their capital, surplus and deposits in or can them upon:

Sec. 9758. Subject to the provisions of the preceding section (Sec. 9758), commercial banks may invest their capital, surplus and deposits in or loan them upon:

a. Personal or collateral securities.
b. Bonds or other interest-bearing obligations of the United States or those for which the faith of the United States is piedged to provide payment of the interest and principal, including bonds of the District of Columbia; also in bonds or other interest-bearing obligations of any foreign government.
c. Bonds or interest-bearing obligations of any foreign government.
d. The legally issued bonds or interest-bearing obligations of any other State of the United States.
d. The legally issued bonds or interest-bearing obligations of any city, village, county, township, school district or other district or political subdivision of this or any other State or Territory of the United States and of Canada.
e. Mortgage bonds or collateral trust bonds of any regularly incorporated company which has paid, for at least four years, dividends at the rate of at least 4% on their capital stock. Such loan shall not exceed 80% of the market or actual value of such bonds, the purchase of which first has been authorized by the directors. The Superintendent of Banks may order that any such securities which he deems undesirable be sold within six months.
f. Notes secured by mortgage on real estate, where the amount loaned thereon, inclusive of prior encumbrances, does not exceed 40% of the value of the real estate if unimproved, and if improved 60% of its value, including improvements, which shall be kept adequately insured. Not more than 50% of the amount of the paid-in capital, surplus and deposits of such bank at any time shall be invested in such real estate securities (99 v. 280, Sec.50.)
FLOODS,—In March 1913 millions of dollars worth of property throughout the State was destroyed by floods. See V. 96, pages 963 and 1037.

ASSESSED VALUATION.—The following table shows the total valua-tion of real and personal property, including railroad and other property-also the State tax rate (per \$1.000) for the general fund for the years Indi-cated. By an Act of the Legislature of 1905 the General Fund tax was fixed at \$1.20 per \$1.000 for each of the years 1905, 1906, 1907 and 90 cents per \$1.000 annually thereafter; the law also stopped levy for sinking fund until 1908, when it was again resumed.

The total tax rate (per \$1,000) for 1912 was \$3.185, including Benevo-lent Institution tax \$0.50, school tax \$1.36, State Debt Sinking Fund tax \$0.15 and Educational Institution tax \$0.275, in addition to the general fund tax of \$0.90 as given above.

DEBT LIMITATION.—In the present Constitution of Indiana, which went into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

contract debt.

FIRST, as to the State, Section 5 of Article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever."

SECOND, as to municipalities, the provision contained in the constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 constitution adopted March 14 1881) which relates to this subject, and we give the article in full below.

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebteded in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; Provided, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporation, the public authorities in their discretion may incur obligations necessary for the public protection and defense to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder beyond the 2% limit, for the construction of 'free gravel, stone or other macadamized roads.' Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the constitution. (See editorial in "State and City Supplement" for October 1899, page 3.)

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is Section 6 of A

Article 10, and is as follows:

COUNTIES CANNOT TAKE STOCK.—No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company, nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869, granting the power to subscribe to the stock of any railroad passed in 1869, granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law, too (Section 5377, Burns's Annotated Statutes, revision 1901), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the constitution), though by the succeeding section (Section 5378) cities are given authority to issue

COUNTIES are apparently restricted by statute to a lower than the constitutional limit of 2% in the matter of creating certain kinds of debt. For instance, Section 7834 of Burns's Annotated Statutes, 1901, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 7920 it appears, moreover, that whenever the aggregate indebtedness, funded or otherwise, of any county having a voting population of over 20,000 amounts to or exceeds 1%, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans in anticipation of the revenue of the then current fiscal year and not exceeding two-thirds of the amount of the county tax duplicate of the pre-

Limit of 1% may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1901, Section 7918); also for temporary loans (see Burns's Revised Statutes, 1901, Section 7920).

Also the limit of 2% may be exceeded for the purpose of making gravel coads (see above), the Supreme Court having decided that gravel road conds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 6910) is 4%.

In addition to the foregoing, general statutes have been passed by the

Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the constitutiona limit of 2% on valuation. But we have not the space to set out here the details or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as water-

works, &c.

CONSTITUTION ACT OF 1911 DECLARED VOID.—An Act of the Legislature approved by the Governor on March 4 1911, providing for the submission to a vote of the people of a proposed new State constitution, in the view that it might be considered as a series of amendments to the existing constitution, was declared unconstitutional by Judge Remster of the Marion County Circuit Court on Sept 25 1911. V. 93, p. 893. Judge Remster's ruling was affirmed by the Supreme Court on July 5 1912. V. 95, p. 126. Petition for a re-hearing was denied Oct. 18 1912. V. 95, p. 1485.

p. 1485.
GRAVEL ROAD LAW OF 1905.—The State Supreme Court in November 1909 decided that this Act was unconstitutional on the ground that it contained provisions which were such as to make it a local and special Act. The decision was based on that part of the law which provides that "whenever a petition sixned by fifty or more freeholders and voters of any township in any county in this State includes any incorporated town or city in such township having a population of less than 30,000 inhabitants, praying," &c., the commissioners shall proceed to carry out the provisions of the Act. Upon rehearing, however, it was pointed out that this section as printed contained a clerical error, and the Court on Jan. 25 1910 reversed itself and upheld the contention that the word "includes" should be read "including", thereby making eligible to become petitioners for gravel roads any freeholder and voter in any township with the exception of those residing in incorporated towns and cities of over 30,000 inhabitants, which latter should be neither taxed nor eligible to participate in such proceeding. See V. 90, p. 316.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section follows:

SECTION 1. Be it enacted by the General Assembly of the State Indiana That all honds, notes and other avidences of indebtodness.

section follows:
SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidences of indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal corporations pay interest shall be exempt from taxation.
The above Act became effective April 23 1903.
Another law passed by the Legislature, and which became effective March 4 1911, provides that all bonds hereafter authorized by any county or township for the construction of free gravel or macadamized roads, and which bear not higher than 4½% interest, shall be e empt from taxation. Section 1 of the Act reads as follows:

"Section 1. Be it enacted by the General Assembly of the State of Indiana that all bonds hereafter authorized by any county or township in the State of Indiana, for the purpose of building, constructing and paying for the construction of any free gravel, macadamized or other improved roads, shall be exempt from taxation; Provided, said bonds shall not bear a greater rate of interest than four and one-half (4½%) per cent interest per annum, payable semi-annually.

HISTORY OF DEBT.—The historical details of the State debt of
Illinois from 1829 to 1870, when the debt was all paid off, will be found in
the "State and City Supplement" of April 1894, page 91.

BONDED DEBT.—This State has no bonded debt except \$17,500 bonds
which have ceased to draw interest, but have not yet been surrendered for
payment.

FOUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate for State purposes (per \$1,000) for 1912 was \$3.80.

*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74, p. 741. x Property now assessed at 1-3 true value instead of 1-5—see remarks below.

Under a law passed Feb. 25 1898 there is a general assessment of real estate but once in every four years instead of annually; personal property is listed every year. The law also provides that property shall be appraised at full value, but assessed at only one-fifth of such value. This law was changed, however, by an Act passed in 1909 which provides for the assessment of property at one-third of the actual value. The new basis of assessment went into effect in 1909, with the result that values for that year show large increases while the tax rates are decreased correspondingly. nondingly

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of its present constitution. We say developed, because this antagonism has apparently been progressive. Nothing of it is to be found in the constitution of 1818. The constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to \$50,000 the convergence. tion of 1818. The constitution of 1848 contains no reference to municipalities, but has in it stringent restrictions limiting to \$50,000 the power of the Legislature to create State debt, except in case of war, invasion, &c., unless the law proposing the issue of bonds is submitted to a vote of the people. But turning to the constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled.

First, as to the State, the provisions are not very unlike the provisions of the constitution of 1848, except that as to the limit for casual deficits and failures of revenue, the aggregate which can be created is very properly relied to \$250,000. But with that exception and with the further exception

and rained so \$250,000. But with that exception and with the further exception for the purpose of repelling invasion, &c., no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice of election are only found in the 1870 constitution. The sections which cover these matters are as follows: we omit the first portion of Section 18 of Article

these matters are as follows: we omit the list portion of section 18 of Articles 1V, which relates only to appropriations and payment of appropriations out of funds belonging to the State:

SECTION 18. * * * * Provided, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the aggregate \$250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no

other purpose; and no other debt, except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election. The General Assembly shall provide for the publication of said law for three months at least before the vote at the time for the payment of the interest annually as it shall accrue, by a tax devied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax shall be irrepealable until such debt be paid; And provided further, that the law levying the tax shall be seen that the time for the people with the law authorizing the debt to be contracted.

SECTION 20. The State shall never pay, assume or become responsible for debts of liabilities of, or in any manner give, loan or extend its credit to or in aid of, any public or other corporation, association or individual.

CANAL BONDS.—At the general election in November 1908 the people

for debts of liabilities of, or in any manner give, loan or extend its credi, to or in aid of, any public or other corporation, association or individual.

CANAL BONDS.—At the general election in November 1908 the people by a vote of 692.522 "for" to 195.177 "against" adopted an amendment to the State constitution which provides for the issuance of not exceeding \$20,-000,000 bonds, to construct a deep waterway or canal, and to erect, equipt and maintain power plants, locks, bridges, dams and appliances suitable for the development and utilization of the water power. See V 85, p. 1289-and V, 87, p. 1372. No action has yet been taken to avail of this amendment, and on Oct. 25 1911 the Illinois House of Representatives defeated a bill for the appointment of a deep waterway commission and for obtaining water-power sites between Lockport and Utica. See V. 93, p. 1211.

SECOND, municipal indebtedness is regulated only in the constitution of 1870. In that instrument the subject is dealt with in all its phases. *First is a provision in Article 8, Section 3, forbidding the General Assembly and every municipality from making any appropriation in aid of any sectarian purpose. *Second** is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c., or to loan its credit. *Third** is the broad and general provision, Section 12, Article 9, which limits the indebtedness of all municipalities to 5% "on the value of the taxable property therein," &c. We give these sections below:

ARTICLE 8, Section 3. Neither the General Assembly nor any county city, town, township, school district or other public corporation shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, academy, seminary, college, university or other literary or scientific institution controlled by any church or sectarian denomination whatever nor shall any grant or donation of land, money or o

or for any sectarian purpose.

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city, township, school district or other municipal corporation from issuing their bonds in compliance with any vote of the people which may have been had prior to the adoption of this constitution in pursuance of any law providing therefor.

SEPARATE Sections. [Municipal subscriptions to railroads, &c.] No

Suance of any law providing therefor.

SEPARATE Sections. [Municipal subscriptions to railroads, &c.] No county, city, town, township or other municipality shall ever become subscriber to the capital stock of any railroad or private corporation, or make donation to or loan its credit in aid of such corporation; provided, however, that the Adoption of this Article shall not be construed as affecting the right of any such municipality to make such subscriptions where the same have been authorized under existing laws by a vote of the people of such municipalities prior to such adoption.

The foregoing limitation to 5% is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the City Council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding

has passed general laws authorizing the City Council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for waterworks, &c., and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after submitting the matter to the legal voters of the county at a general election at which a majority vote is required as a prerequisite of the issue. An attempt was made to limit "any county city, township, school district or municipal corporation" in counties containing 125,000 or more inhabitants to 2½% of the assessed value, but Jan. 12 1900 the State Supreme Court ruled that this was an arbitrary and unnatural classification of municipalities which could not be sustained. See Vol. 70, p. 242.

unnatural classification of municipalities which could not be sustained. See Vol. 70, p. 242.

The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V. 74, p. 741, throws some light on these changes.

TAXATION OF MUNICIPAL BONDS.—J. S. McCullough, State Auditor, advised us under date of Dec. 11 1911 that there is no law exempting from taxation bonds, notes or other evidences of indebtedness issued by the State or any of its municipalities.

BUSSE BOND BILLS.—The Legislature of 1909 passed aseries of bills, known as the Busse Bond Bills, which enlarge the leeway for the creation of debt by the various municipalities in the State by fixing the assessed value of property at one-third of the actual value instead of one-fifth, as before. With the exception of counties a proportional decrease is made before. With the exception of counties a proportional decrease is made in the maximum rate of taxation.

The amendments to the tax law providing for a decrease in the maximum rate of taxation mentioned above were held constitutional by the State Supreme Court in January 1910. See V. 90, p. 387.

NEW BONDS MUST BE SUBMITTED TO A VOTE.—At the 1909 seession the Legislature also passed the Jones referendum bill, which provide

sion the Legislature also passed the Jones referendum bill, which provide that all bond issues, excepting those for refunding purposes, must be subs

that all bond issues, excepting those for refunding purposes, must be subs mitted to a vote and ratified by a majority of those voting on the proposition WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the mprovement of water-works) certificates against the earnings of the Water Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded, V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 491.

IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lien on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in installments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, and to designated therein; but before the issue the owner of the lots, co., to be charged must endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indorse the within bond and consent that the lot or lots or parts thereof therein designated shall be come liable for the interest and principal therein named, and the same shall be a lien upon said property from this date until paid off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the Recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

We have room to give only this very brief and imperfect outline of this

statute. The whole law will be found in Hurd's Revised Statutes of of Illinois, the 1911 edition, pages 345, 346 and 347.

Treasurer (term expires Dec. 31 1914) ______John W. Haarer LEGISLATURE meets biennially in odd years the first Wednesday in January, and there is no limit to the length of session, excepting special sessions, in attending which members can receive no more than 20 days pay. HISTORY OF DEBT.—The historical details of Michigan's State debt up to 1894 will be found in the "State and Oity Supplement" of April 1894, page 98. In 1864 the State Treasurer reported the funded debt at \$3,880,399 and \$1,450,472 additional "trust fund debt." The State has no bonded debt at present. The "trust fund debt." The State has no bonded debt at present. The "trust fund debt" is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation.

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes for every tenth year since 1846 and every fifth year since 1896. The State tax rate for 1907 was 2.84 mills, for 1908 2.41 mills, for 1909 3.42 mills, 1910 2.72, 1911 2.85 and 1912 2.38 on each dollar of valuation as equalized by the State Board of Education.

Detroit is situated in Wayne Co. Incorp. in 1806. Woodmere (population 4,474) annexed April 1 1906. The question of annexation of Highland Park was defeated Nov. 8 1910. V. 91. p. 1342. In a decision rendered Feb. 16 1912 the State SupremeCourt held that the Board of Education and the Library Commission are corporations separate from the city and therefore their bond issues should not be included in the 2% limit of indebtedness for municipal purposes specified in the city charter. V. 94. p. 575.

At an election held April 7 1913 under the Home Rule Act mentioned on a preceding page, a charter amendment was adopted authorizing the city to acquire by purchase, condemation or construction and to own and operate street railways and to provide the cost thereof by an issue of city bonds to the amount of 2% of the assessed valuation and other bonds upon the property and revenues of the street railway. At the same time amendments were also ratified increasing the city's general bonding limit from 2 to 4% and authorizing the board of water commissioners to issue \$2,000,000 bonds in excess of the present debt of the board. V. 96, p. 1107 and 1507. An entirely new charter, embodying, among other things, the municipal ownership amendment adopted Apr. 7 1913, will be submitted to a vote Feb. 10 1914. See V. 97, p. 1524.

LEGISLATURE meets biennually in odd years on the second Wednesday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—A brief summary of the early history of the Wisconsin debt will be found in the "State and City Supplement" for April 1895.

The bonded debt of the State, created for war purposrs in 1861-63, has all been paid or else converted into certificates of indebtedness, which are held by the various trust funds. The amounts due the several funds in Cott 1912, were as follows:

*The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237, Laws of 1901, which has construed the existing law to be a command to assess at full value, whereas former boards did not so construe the Act.

whereas former boards did not so construe the Act.

DEBT LIMITATION.—The constitutional provision of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities, &c., as well as the State, are definitely limited by that instrument. We give the provisions first which relate to the State and, after, those which have reference to cities, which cover the subject are Sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. Credit of State, for what not given. The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

poration.

SECTION 4. Contracting Debts. The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. Limitation on Public Debt. For the purpose of defraying sECTION 6. Limitation on Public Debt. For the purpose of defraying debts shall never in the aggregate exceed \$100,000. Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House to be taken by year and nays, shall be necessary to the passage of such law;

and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from the passage of such law, and shall specially appropriate the proceeds of such the taxes to the payment of such principal and interests, and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interests of such debt shall have been wholly paid.

SECTION 7. State may borrow money, when. The Legislature may also borrow money to repel lavasion, suppress insurection or defend the State of the object for which the loan was authorized or to the payment of the debt thereby created.

SECTION 9. Evidences of debt. No scrip, certificate or other evidence of State debt whatsoever shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. Internal improvements—casis of grants. The State shall have been made to the State especially dedicated by the grant to particular works of internal improvement, the State may carry on such particular works of internal improvement, the State may carry on such particular works of internal improvement, the State may carry on such particular works of internal improvement, the State may carry on such particular works of internal improvement, the State may carry on such particular works of internal improvement, the State may carry on such particular works of internal inprovement, the State may carry on such particular works of internal inprovement, the State and the state of the property of the State as determined by the last preceding State sate, but there shall not be appropriated under the authority of this section in any one year an amount to exceed two tenths of one mill of the taxable property of the State as determined by the last preceding State section in any one year an amount to exceed two tenths of one mill of the taxable proper

*The total taxes levied in the above table include the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and in 1912 it was \$2.35; adding the tax of \$1.23 for school and university purposes, the total tax rate was \$3.88. In 1910 the total tax rate was \$1.47; in 1909 it was \$2.80.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its constitution puts on every kind of debt-making. That instrument fixes the limit at \$250,000 "for the purpose of defraying extraordinary expenditures"; and an amendment. ratified in 1879, extended this power to \$250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and blind asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the constitution which relates to that subject, and that has reference to making rallroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject

municipalities there is but one section in the constitution which relates to that subject, and that has reference to making railroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

SECTION 5.—(Public Debt May Be Contracted.)—For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and nays on the fournals of each House, respectively; and every such law shall levy a tax annually sufficient to pay the annual interest on such debt, and also a tax sufficient to pay the principal of such debt within ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation and taxes shall not be repealed, postponed, or dimished until the principal and interest of such debt shall have been wholly paid. The State shall never contract any debts for works of internal improvements, or be a party in carrying on such works, except in cases where grants of land or other property shall have been made to the State, especially dedicated by the grant to specific purposes, and in such cases the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

SECTION 6.—(Bonds for Public Debt.)—All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts vears after the final passage of the law authorizing such dobt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall not be sold by the Stat

to exhibit the number and amount unpaid, and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(Application of Loans.)—The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the Act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(Public Debt for State Buildings.)—For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may, by law, increase the public debt of the State, to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State, and appropriate the money only for the purpose aforesaid, which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

SECTION 15.—(Municipal Debts in Aid of Railroads.)—The Legislature and county township, city or other municipal corp-

In article 9, section 15:

SECTION 15.—(Municipal Debts in Aid of Railroads.)—The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness.

The foregoing was adouted as an amendment in 1870. Refere its adorated

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to ten per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it five.

This is all the constitution contains with reference to the debts of municipalities. The Legislature, however, has made some general provisions governing bond issues which we have not the space to give here.

cipalities. The Legislature, however, has made some general provisions governing bond issues which we have not the space to give here.

DRAINAGE BONDS DIRECT OBLIGATIONS OF COUNTY.—The state Supreme Court holds that drainage bonds issued under Sec. 18, Chapter 230, of the general laws of 1905 as amended, are direct and general obligations of the county issuing the same. V. 94, p. 365.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law, which became effective April 30 1907, imposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage or real property located within the State, recorded or registered on or after April 30 1907. The full text of this law will be found on page 1194 of the "Chronicle" of May 18 1907.

TAXATION OF MONEY AND CREDITS.—In 1911 the Legislature passed a bill (Chapter 285) levying a tax of 3 mills on each dollar of the "fair cash value" of "money" and "credits" as the same are defined in Sec. 798, Revised Laws of 1905. It is provided, however, that nothing in the Act shall apply to money or credits belonging to any incorporated bank in Minnesota nor to any debt on which the tax is paid under Chap. 328, Gen. Laws of 1907 (mortgage tax law, referred to above). Section 798 of the Revised Statutes defines moneys and credits as follows:

1. "Money" or "moneys" shall mean gold and silver coin, treasury notes, bank notes, and other forms of currency in common use, and every deposit which any person owning the same, or holding in trust and residing in this State, is entitled to withdraw in money on demand.

2. "Credits" shall mean and include every claim and demand for money or other valuable thing and every annuity or sum of money receivable at stated periods, due or to become due.

SAVINGS BANK INVESTMENTS.—The law relating to the investment of savings banks will be found in full on page 1274 of the 'Chronicle' Nov. 4 1911. For amendments made in 1913, see "Chronicle" of May 24 1913, page 1508.

The bonded debt as given above ncludes the new City Hall and Court-House certificates, for the payment of which a special tax is levide each year. Thsee on Nov. 10 1913 amounted to \$516, 000.

SINKING FUND.—It is provided by the city's charter that in addition to raising a tax sufficient to pay the interest on all its bonds, the city shall evy a tax of one mill on each dollar of the assessed valuation to provide for the principal of the bonds when due. The maintenance of this sinking fund for the payment of the principal of the bonds is "declared to be part of the contract with the holder of any bonds of the city that may hereafter be issued and shall be kept involate." In accordance with this provision there was raised by taxation for the sinking fund in 1913 (which was collected in 1912) \$213, 398.51. The sinking fund is largely invested in city bonds.

The city of Minneapolls is restricted in its debt-making power to 5% of the assessed valuation atter deducting the sinking fund from the debt; but debt created for waterworks shall be considered outside of the 5% limit.

WATER RECEIPTS.—The reverue from water rents, &c., in 1912 was \$447,053 55; current expenses for water-works in 1912 were \$205, 16753.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893, page 108.

FINANCIAL CONDITION.—Iowa has no bonded debt. On Oct. 1 1913 there were \$165,184 22 warrants outstanding and the State had cash in the general revenue fund amounting to \$157,883 98. The Permanent School Fund on Oct. 1 1913 aggregated \$4,803,890 39.

*The value of moneys and credits amounting to \$188,773,772 are not included in the valuation figures for 1912, as they are now taxed as a separate item at a flat rate of 5 mills on the dollar of actual value. See following item.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at full value with a flat levy of 5 mills. Heretofore moneys and credits were assessed at full value and taxed at 25% of this value the same as other property.

TAX RATE.—The State tax (per \$1,000) for 1912 was \$3.90; this included \$3.40 general State tax and 50 cents for educational purposes; for 1911 and 1910 it was \$3.80, of which \$3.30 was for general State tax and 50 cents for educational purposes.

educational purposes.

CONSTITUTIONAL AMENDMENT.—On Nov. 3 1908 an amendment to the State constitution was adopted by the voters. The amendment, which is an addition to Section 18 of Article 1, provides for the construction of drains, ditches and levees, as well as the organization of drainage districts. V. 87, p. 1556.

DEBT LIMITATION.—Iowa's constitution restricts the creating of debt, both State debt and municipal debt.

debt, both State debt and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

APTICLE 7. Section 1. Unimitation of State indebtedness. The credit

ARTICLE 7 Section 1. [Limitation of State indebtedness.] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the benefit of the State.

or become responsible for the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the benefit of the State.

Section 2. [Same.] The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly or at different periods of time, shall never exceed the sum of \$250,000; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

Section 4. [For what other ourposes State may contract debts to repel invasion, suppress insurrection or defend the State in war; but the money arising from the debts so contracted shall be applied for the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Section 5. [Other debts to be authorized.] Except the debts herein before specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of contracting thereof; but no such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and amority of all the votes cast for and against it at such election; and all money raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be which it is submitted to the people and have received a majority of all the votes cast for and against it as such election; and all money

ARTICLE VIII, Section 3. [State not to be a stockholder.] The State shall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war or the benefit of the State.

SECOND, as to municipal indebtedness, the limit is fixed absolutely in the Constitution. The provisions covering the subject are as follows:

ARTICLE VIII, Section 4. [Corporation not to be a stockholder.] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI. Section 3. [To what amount county or other corporations may become indebted.] No county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding 5% on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list previous to the incurring of such indebtedness. The Legislature, however, has fixed a lower limit, as stated below.

The above (Section 3, Article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900) fixing the limit of indebtedness of counties or other political or municipal corporations at only 1¼% of the actual value of property therein as returned by the last tax list. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. In 1904 and again in 1906 the Act was amended, the important sections now reading as follows:

Section 1. That section thirteen hundred and six-b (1306-b) of the supplement to the code and chapter forty-three (43) of the Acts of the 30th General Assembly be and the same are hereby repealed, and the following enact

In 1904 an Act passed the Legislature, approved March 30, which permits independent school districts containing or contained in any incorporated town or city of the second class of 3,000, or less, population to become indebted for the purpose of building and furnishing school houses and procuring sites, to an amount not exceeding 2½% of the actual value of taxable property. It is provided, however, that any excess above the 1¼% limit must be authorized by a vote of the people. See V.78, p. 1408.

The 1913 Legislature passed an Act authorizing cities of the first-class to issue flood protection bonds up to 5% of the actual value of the taxable property as shown by the last preceding assessment roll. This Act shall be construed as granting additional power without limiting the power already existing in cities of the first class, including cities acting under the commission plan of government. See V. 96, p. 1241.

DECISION REGARDING DEBT LIMIT.—Judge Smith McPherson of the U. S. Circuit Court on Oct. 22 1909, in a case involving the right of the City of Council Bluffs to issue bonds for a municipal water system, sustained the city's contention that it could issue bonds up to 5% of the actual value of the property of the city and was not limited to 5% of the actual value of the property subject to taxation, and not the assessed value, which, by the State code, is fixed at only 25% of the actual value. In taking this position Judge McPherson referred to the opinion of the State Supreme (128 Iowa 467), which he says, puts at rest the question raised. V. 89, p. 1176.

OPINION REGARDING MUNICIPAL IMPROV'T BONDS.—The Department of Justice, in Nov. 1911 rendered an opinion to the effect that municipal improvement bonds or certificates issued in anticipation of the Code, 1907. V. 94, p. 365.

BONDS TAX FREE.—The 1909 Legislature passed an Act providing for the exemption from taxation of municipal, school and drainage bonds or certificates hereafter issued. It is expressly provided, however, that banks or trust companies h

ADDITIONAL STATEMENTS.

In the table below we give statistics regarding places in Iowa which have reported a bonded indebtedness of over \$25,000 and which are not represented among the foregoing detailed reports. The figures of tax levy value given below represent ½ of the appraised value by the assessors. These figures do not include valuation of moneys and credits which are assessed separately at their full value at 5 mills on the dollar. We add the population from the U.S. Census of 1910.

State of Missouri.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act June 4 1812) Dec. 7 1812
Admitted as a State (Act March 6 1820) Aug. 10 1821

LEGISLATURE meets biennially in odd years on the first Wednesday fterthe first day of January, and there is no limit to length of sessions; but ther the first seventy days members can draw only a dollar a day for their ervices, except every tenth year, when the statutes are revised, at which

session members are allowed \$5.00 per day for 120 days. A session of this kind was held in 1909.

The State of Missouri contains 114 counties and the City of St. Louis' the latter being a separate civil division subject to a dual government with a full set of both county and city officers.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c., on Jan. 1 1865 was \$36,094,908. The indebtedness of the State is as follows: I Cominger Funds (Con)

INTEREST on the State Capitol refunding bonds is payable at State Treasurer's office or at Mercantile Trust Co., St. Louis; on the State school and seminary certificates at State Treasury.

TOTAL DEBT, ETC.—In October 1913 the bonded debt of the State was \$3,500,000. On Mar. 17 1913 the school and seminary fund certis, amounted to \$4,398,839. The total cash held in the treasury to the credit of all of the State funds on Mar. 17 1913 amounted to \$5,700,609 32. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary (University) fund.

(University) fund.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1912 to \$191,230,106, or of machinery, tools, merchandise, &c., as taxed on "merchants and manufacturers' tax books," which amounted in 1912 to \$123,809,466.

Of the tax rate per \$1,000 for 1912 (\$1 90) 20 cents was to pay interest on the school and seminary fund certificates, 20 cents for the State Capitol bonds and 50 cents for the common schools and \$1 for the support of the State Government. This latter includes the higher institutions of learning the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

State Government. This latter includes the higher institutions of learning the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

DEBT LIMITATION.—Missouri has made provision in its constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44, 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforcessen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation. The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10, Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation, except that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, constructing, paving or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein"; and except, also, per the amendment of 1902 (Section 12a—see V. 75; p. 1165), cities of from 2,000 to 30,000 inhabitants may, by a two-thirds vote, exceed the limit, by an additional tax must be provided sufficient to pay interest and light purposes; finally (4), that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form asinking fund to pay the debt within 20 years.

KANSAS CITY PARK DISTS.

Park fund certificates (which are coupon in form) are not a debt of the city and the city is not liable for their payment. The certificates are issued by the City Treasurer under the provisions of Article-X, of the city charter. They are to pay for land taken for park purposes, and are payable in annual installments by means of special assessments on lands in the various park districts. Semi-annual distributions of the amounts collected upon the special assessments are made on the certificates at the office of the City Treasurer in Kansas City on the first days of Jan. and July. An election to vote on an issue of certificates is not necessary. Up to Jan. 1 1913 certificates to the amount of \$3,294,315 had been issued, of which amount \$317,793 were outstanding. Assessments are payable annually in May and interest at the rate of 15% is added on all overdue installments and overdue interest.

TOTAL DEBT, SINK. FUNDS, &c.—The subjoined statement shows St. Louis's total municipal debt and the water debt. &c.:

S

Tot. bond d't.23,806,691 25,856,690 Water dt.,incl. 3,424,000 3,425,000 Note.—Under the charter the Municipal Assembly must appropriate \$1,200,000 annually with which to pay debt and interest thereon. That portion of each annual appropriation not required for the payment of interest constitutes the sinking fund for redemption of debt existing Apr. 71890, and bonds issued in renewal thereof. On. the basis of renewing the city's bonded debt at 4%, the debt for which this sinking fund was established will be extinguished in 1925. The sinking fund on Apr. 71913 was \$1,936,258.

CONSTITUTIONAL AMEND-

1913 was \$1,936,258.

CONSTITUTIONAL AMENDMENTS.—By constitutional amendments adopted Nov. 1902, the city is
empowered to levy an additional tax
of 35 cents for municipal purposes; to
make a new charter (which was done
June 22 1903), and to exempt the
county indebtedness of \$5,211,000,
and water-works indebtedness of \$5,214,000,
and water-works indebtedness of \$3,426,000, in determining the limit of
indebtedness. V. 75, p. 1165.

indebtedness. V. 75, p. 1165.

CITY PROPERTY.—The city owns its water works, the revenue from which for water rates, permits, &c. (est.) for the fiscal year 1912-13 was \$2,421,914-16, and net operg expenses and cost of collecting water rates(est.) were \$1,150,480-23. In addition to the water works, the city owns its hospitals, insane asylums and poor house, city hall, court house, fall, house of correction and work house, engine houses, markets, clice stations, parks, &c.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its constitution. The provisions with reference to the matter are complete and stringent, and are as follows:

SECTION 182. The State may, to meet casual deficits or failure in the revenue, or in case of extraordinary emergencies, contract debts, but such debts shall never in the aggregate exced the sum of two hundred thousand dollars, exclusive of what may be the debt of North Dakota at the time of the adoption of this constitution. Every such debt shall be authorized by law for certain purposes, to be definitely mentioned therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax discontinued until such debt, both principal and interest, shall have been fully paid. No debt in excess of the limit named shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war, or

to provide for public defense in case of threatened hostilities; but the issuing of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed five (5) per centum upon the assessed value of the taxable property therein; provided, that any incorporated city may, by a two-thirds vote, increase such indebtedness three (3) per centum on such assessed value beyond said five (5) per cent limit. In estimating the indebtedness which a city, county, township, school district or any other political subdivision may incur, the entire amount of existing indebtedness, whether contracted prior or subsequent to the adoption of this constitution shall be included; provided, further, that any incorporated city may become indebted in any amount not exceeding four (4) per centum on such assessed value without regard to the existing indebtedness of such city, or for the purpose of constructing or purchasing water-works for furnishing a supply of water to the inabitants of such city, or for the purpose of constructing sewers, and for no other purpose whatever. All bonds or obligations in excess of the amount of indebtedness permitted by this constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county, township, town, school district.

of indeptedness permitted by this constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county, township, town, school district, or any other political subdivision, incurring indebtedness, shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185. Neither the State nor any county, city, township, town, school district, or any other political subdivision, shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor shall the State engage in any work of internal improvement unless authorized by a two-thirds vote of the people.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the County, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

TAXATION OF MUNICIPAL BONDS.—Under date of Dec. 11 1911, the Secretary of State advised us that "there is no specific exemption with relation to the matter of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities. These evidences of indebtedness issued by this State or an

TAX RATE.—The tax rate (per \$1,000) for 1912 was \$4.00.

DEBT LIMITATION.—South Dakota has incorporated into its constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XII,

State and its municipalities. All these provisions are found in Article XII, and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation, provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvements.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts hever to exceed with previous debts in the aggregate \$100.000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection or defending the State or the United States in war, and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota in the state of South Dakota.

of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota imited by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota. Section 4 amended in 1896 and again in 1902, now reads as follows:
SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision shall never exceed five (5) per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred.

"In estimating the amount of the indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of the constitution shall be included:

"Provided. That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation, domestic uses, sewerage and other purposes; and

"Provided, further, That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is incurred, for the purpose of constructing street railways, electric lights or other lighting plants:

"Provided, further, That no county, municipal corporation, civil township, district or subdivision shall be included within such district or subdivision without a majority vote in favor thereof, of the electors of the county, municipal corporation, civil township, district or other subdivision, as the case may be, which is proposed to be included therein, and no such debt shall ever be incurred for any of the purposes in this section provided, unless authorized by a vote in favor thereof by a majority of the electors of such county, municipal corporation, civil township, district or subdivision incurring the same."

SECTION 5. Any city, county, town, school district or any other

SECTION 5. Any city, county, town, school district or any other subdivision incurring indebtedness shall, at or before the time of so doing provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us, under date of Jan. 17 1912 that he did not know of any statute exempting from taxation bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities.

ness issued by the State or any of its municipalities.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Idian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. These figures were not reported for 1910. The number of Indians alone included in the population for 1910 was 20,303. 1910. 583,888 | 1890 348,600 | 1870 401,570 | 1880 98,268 | 1860 44,837

*This is the total for both North and South Dakota.

LEGISLATURE meets blennially in odd years on the 1st Tuesday of January, and sessions "shall not be less than sixty days," but are not otherwise limited. Members of the Legislature "shall not receive pay for more than 60 days at any one sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For early history of the State debt see "State delty Supplement" of April 1893, page 119.

This State has no bonded indebtedness at present. The bonded debt, which on Dec. 1 1892 amounted to \$549,267, was gradually reduced until June 3 1900, when the last remaining \$35,000 was paid off. The amount of the general fund on Sept. 1 1913 was \$15.897.

PERMANENT SCHOOL FUNDS.—The investments of the school funds on ept. 1 1913 amounted to \$9,231,231.14, held as follows: Permanent School fund, \$8,396,124.82; University fund, \$219,506.32; Agricultural College endowment fund, \$542,000, and the Normal College endowment fund, \$73,600.

The amount of cash on hand in these various funds on Sept. 1 1913 amounted to \$244.757.

ASSESSED VALUATION.—The total assessed valuation and tax rate per \$1,000 have been:

		1.				

The large increase in the valuation for 1904 and 1905 was the result of a new general revenue law passed by the 1903 Legislature—Chapter 73. Onder this law property is assessed at 20 % actual value, whereas in earlier rears the proportion seems to have been much lower.

METHOD OF ASSESSING.—Section 10911 of the Compiled Statutes of 1907 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued at its actual value, which shall be entered opposite each item and shall be assessed at twenty per cent (20%) of such actual value. Such assessed value shall be entered in a separate column opposite each item, and shall be taken and considered as the taxable value of such property, and the value at which it shall be listed and upon which the levy shall be made. Actual value as used in this Act shall mean its value in the market in the ordinary course of trade."

DEBT LIMITATION.—Section 1 of Article XIV. of the constitution of 1875 contains the following regarding public indebtedness.

1875 contains the following regarding public indebtedness.

STATE indebtedness is restricted to \$100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited.

As to city and other municipal indebtedness, this is left to the Legislature, except that it is provided by Sec. 2 of Article XIV. that no city, county, town, precinct, municipality or other subdivision of the State shall ever make donations to any railroad or other works of internal improvement, unless a proposition so to do shall have been first submitted to the qualified electors thereof at an election by authority of law, provided, that such donations of the county with the donations of such subdivisions in the aggregate shall not exceed ten per cent (10%) of the assessed valuation of such county; provided, further, that any city or county may, by a two-thirds (2-3) vote, increase such indebtedness five per cent (5%), in addition to such ten per cent (10%), and no bonds or evidences of indebtedness so issued shall be valid unless the same shall have endorsed thereon a certificate signed by the Secretary and Auditor of State, showing that the same is issued pursuant to law.

TAXATION OF MUNICIPAL BONDS.—Bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities are subject to taxation, according to information received by us from the office of the Secretary of State under date of Dec. 9 1911.

a Of this issue \$42,300 refunded maturing water bonds.

PUBLIC UTILITIES.—The city owns its water-works and lighting plant, the value of which is conservatively estimated at \$1,500,000 and \$125,000, respectively.

PAR VALUE.—General bonds are in denominations of \$500 and \$1,000; assessment bonds, various.

INTEREST AND PRINCIPAL payable at Kountze Bros., New York.

"ASSESSED VALUATION.—Under laws of 1905 all real estate is assessed by a Tax Commissioner for city taxation at its actual value. All personal property is assessed by County Assessor at its actual value for State county and school purposes, and such valuation is also copied by City Tax Commissioner for city purposes. The law provides that the assessment shall be at actual value, but we are informed that in practice property is valued at not more than 80%.

	DEBT LIMITATION.—The Leg- islature at its 1909 session amended the law relating to the debt limita- tions of this city so that the provision	
	now reads as follows: Section 196. The bonded indebt-	

now reads as follows:

Section 196. The bonded indebtedness of the otty, exclusive of disrict grading bonds, district improvement bonds, public library bonds, renewal bonds, bonds issued for the
purpose of funding or taking up and
making payment of the floating indebtedness and liabilities of the eity,
or bonds for the erection or purchase
of a city hall, auditorium or freengine houses, or the construction and
maintenance, of subways and conduits, or for park purposes, or for the
purchase, construction or appropriation of gas works, water-works, electric-light plants or power plants,
shall not at any time exceed in the aggregate 5% of the actual value to
be determined by reference to the assessment of property in said city.

There are also other provisions and
restrictions. The full text of the law
as passed by the Legislature will be
found in V.88, p. 955.

Tound in V. 88, p. 955.

VALUATION.—In Nebraska the law requires assessors to find the full value of property, but in making the tax levy to take only one-fifth (1-5) of such value and to fix the rate on that basis. In the following we show both the full appraised value and the valuation for tax levy:

* While this district includes all of the City of Omaha, it will be noticed that the valuations are considerably lower. This is due to the fact that railroad property is not assessed the same in the school district as it is in the city. The assessment for city purposes is made by valuing the railroad property within the city limits. The assessment for school purposes is made by taking the entire property of the railroad in the State, dividing that by the number of miles of main line the railroad has in the State, and multiplying this by the main line mileage within the school district.

LEGISLATURE meets blennially in odd years on the 2d Tuesday in January. There is no limit to length of sessions, but members can receive pay for only 50 days' service in the aggregate.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of Apr. 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of \$150,000. The Constitution of 1895 imited the debt-making power to \$1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bended debt was \$630,775, of which the State owned \$28,850. In 1878 the total bonded debt was \$1,181,975, of which the State owned \$713,600. The bonded debt Apr. 28 1913 was \$370,000, all held by the State Permanent School Fund. Permanent School Funds April 1913 amounted to \$9,396,698.18.

*The large increase beginning with 1908 followed from a law passed in 1907 (Chapter 408) creating a Tax Commission to take the place of the Board of Raliroad Assessors and State Board of Equalization. This law makes it the duty of the Tax Commission to require all townships and city assessors. County Commissioners and County Boards of Equalization, under penalty of forfeiture and removal from office as such assessors or boards, to assess all property of every kind and character at its actual and full cash market value. Previously property was assessed at only a fraction of its actual value. V. 87 p 1189

DEBT LIMITATION.—Kansas has by its Constitution given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed \$1,000,000. This limit, however, has two exceptions. First, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors, and if the proposed law be ratified by a majority of the votes cast. Second, the section following provides that the State may borrow money to repel invasion, &c. We give these sections in full, and also the subsequent one which forbids the State being a party to internal improvements.

State being a party to internal improvements.

Debts, annual tax; proceeds. For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed \$1,000,000, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal thereof, when it shall become due: and shall specifically appropriate the proceeds of such taxes to the payment of such brincipal and in terest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the interest and principal of such debt shall have been wholly paid.

Other debts. No debt shall be contracted by the State except as herein provided unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article.

Borrow money. The State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages.

Cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. The 1909 Legislature passed an Act limiting the creation of indebtedness in counties, cities, school districts and by boards of education. The new Act covers various laws contained in the General Statutes of 1909 and those passed subsequently affecting municipal borrowing capacity. V. 88, p. 1329. That part of the new law relating to cities of the first class having a popu-Inat part of the new law relating to cities of the first class flaving a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, including special improvement bonds, shall not exceed 10% of the assessed value. For limitations pertaining to other civil divisions, see

January and sessions are minted to so days.

SITUATION AS TO DEBT. &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The bonded debt of the State of Montana on May 10 1913 was \$658,000. The refunding bonds included in this debt were put out in 1908 to take up educational bonds issued under the name of the State University, State Normal School Agricultural College and Deaf and Dumb School of the State of Montana, and which in 1906 were held invalid. The Capitol Building bonds given below are issued against a land grant; they amounted to \$1,000,000 on May 10 1913, and then had a sinking fund for the payment of same of \$230,020 75. The cash on hand in all funds on May 10 1913 amounted to \$817,696 52. The permanent school fund on May 10 1913 held cash and securities amounting to \$3,209,786 67 and other

The State tax rate (per \$1,000) in 1912 was \$2.50. In 1911, 1910, 1908, 1908 and 1907 it was \$2.50. Property is supposed to be assessed at full cash value.

DEBT LIMITATION.—The Constitution of Montana was adopted by popular vote October 1 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and city. Counties are allowed to become indebted to an amount not exceeding five (5) per centum and cities, towns, townships and school districts to an amount not exceeding three (3) per centum of the value of taxable property; but in the latter case the Legislative Assembly may permit debt in excess of this limit for sewer or water purposes, provided the question is submitted to a vote of the tax

Payers. All the provisions in full and also those relating to the power of the State itself to create indebtedness may be found on page 135 of the 'State and City Supplement' of April 1895.

TAXATION OF MUNICIPAL BONDS.—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, the Attorney-General advised us under date of Dec. 22 1911 that there is no legislative enactment expressly exempting such securities from taxation.

TAX RATE.—The total State tax (per \$1,000) in 1913 is \$3.00.

lailing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Heretofore property in the State is understood to have been assessed at 33 1-3% of its actual value. V. 88, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the Constitution with respect to debt contraction and limitation are quite voluminous. They are all found in Article 16 of that instrument, and prohibit the State from creating any indebtedness exceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Countles, cities, towns or villages, or any subdivision thereof, are limited to 2% on the assessed valuation. An additional indebtedness of not exceeding 4% is permitted in the cases of cities, towns or villages for the purpose of building sewers therein. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or give its credit or make donations to, or in aid of, any individual, association or corporation. Citations from the laws of the State respecting debt limitation will be found on page 134 of the "State and City Supplement" of April 1895.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an Act exempting municipal bonds from taxation provided certain conditions are compiled with. The Act follows:

CHAPTER 17, LAWS OF 1905.—Be It Enacted, Etc.: "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt.'

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chap. 72) exempts from taxation all mortgage property, whether real or p

*ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature of 1913 passed preatically a new revenue law (Chapter 58) which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property the actual cash value of which was \$1,000 would be assessed for \$1,000, but only \$400 would be taken as a basis of making the levy. V. 97, p. 1149.

CONSTITUTIONAL AMENDMENTS.—An amendment to Section 1 of Article 8 was adopted by the voters in Nov. 1912 providing that the amount of debt which may be incurred by the State (except in case of war, &c.) shall not exceed \$2,000,000. The limit was formerly placed at 1½% of the assessed valuation. Section 1 now reads as follows:

or Argicle 8 was adopted by the State (except in case of war, &c.) shall not exceed \$2,000,000. The limit was formerly placed at 1½% of the assessed valuation. Section 1 now reads as follows:

DEBT LIMITATION.—

Sec. 1. The Legislature shall not in any manner create any debt or debts, liability or labilities which shall, singly or in the aggregate, exclusive of the debt of the Territory at the date of its admission as a State, and exclusive of debts or liabilities incurred subsequent to January 1 1911, for the purpose of completing the construction and furnishing of the State Capitol at Boise, Idaho, and exclusive of debt or debts, liability or liabilities, incurred by the Eleventh Session of the Legislature of the State of Idaho, exceed in the aggregate the sum of two million doaliars, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law, for some single object or work, to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt or liability as it falls due, and also for the payment and discharge of the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrepealable until the praicipal and interest thereon shall be paid and discharged. But no such law shall take effect until at a general election it shall have been submitted to the people, and shall have received a majority of all the votes cast for or against it at such election, and all moneys raised by the authority of such law shall be applied only to specified objects therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each country or city, and county, if one be published therein, throughout the State for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law, by the people, if no debts shall have

for, shall not run less than ten years, and the aggregate amount of debt so contracted shall not at any time exceed twice the rate upon the valuation last herein mentloned." Originally counties with a valuation of less than \$1,000,000 were not entitled to this privilege. The constitution also provides that, with the approval of the tax-paying electors, counties might issue bonds in liquidation of certain indebtedness existing prior to Dec. 31 1886. School districts cannot incur debt without first submitting the proposition to the tax-payers; otherwise there is no limit given in the State constitution in their case. In April 1909 an Act was approved providing that the bonded indebtedness of any school district of the first or second class shall never in the aggregate exceed 5%, or of any school district of the third class 3½%, of the assessed value of the property in such district for the year next preceding the date of said bonds.

Districts containing a school population of 1,000 or more are of the first class, districts of less than 1,000 and more than 350 are second class, and districts having a population of 350 or less are of the third class.

In the contracting of debts by cities and towns, provision must be made for a tax of not exceeding 12 mills on each dollar of valuation in order to pay annual interest and extinguish debt within 15 years and in not less than 10 years. No debt can be treated unless the question is first presented to the tax-paying electors, and the aggregate of the debt must never exceed 3% of valuation. Debts contracted for supplying water are excepted from the limit.

INTEREST on deficit loan bonds at State Treasurer's office; on refunding bonds of 1912 and 1913 at State Treasurer's office and at Seaboard Nat. Bank, N. Y.; on all others at the National Bank of Commerce, N. Y. City, and at Harris, Forbes & Co., N. Y.

TOTAL DEBT.—The total bonded debt Sept. 1913 was \$2,619,000

ASSESSED VALUATION.—The assessed valuation (about 1-5 cash value) for 1912 was \$72,457,454; the tax rate for 1912 was \$13.50.

STATEHOOD.—On Aug. 21 1911 President Taft signed the joint resolution passed by Congress admitting the Territories of New Mexico and Arizona into the Union. This resolution suggested an amendment to be submitted to the voters at the first State election making their constitution easier of amendment. This amendment was adopted Nov. 7 1911. V, 94. p. 148. The proclamation admitting New Mexico to Statehood was signed by President Taft on Jan. 6 1912. V. 94, p. 148.

DEBT LIMITATION.—Article IX. of constitution contains the sections which regulate the debt of State, county, city, &c. The State may borrow money not exceeding the sum of \$200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract debts to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 50 years.

work or object, which is a sinking fund to pay the principal within 50 years.

No school district shall ever become indebted in an amount exceeding six (6) per centum on the assessed valuation of the taxable property as shown by the preceding general assessment. The section giving the limitations of indebtedness of counties, cities, towns and villages reads as follows:

SECTION 13. No county, city, town or village shall ever become indebted to an amount in the aggregate, including existing indebtedness, exceeding four per centum on the value of the taxable property within such county, city, town or village, as shown by the last preceding assessment for State or county taxes; and all bonds or obligations issued in excess of such amount shall be volid; provided, that any city, town or village may contract debts in excess of such limitation for the construction or purchase of a system for supplying water, or of a sewer system, for such city, town or village. All the provisions of this Article IX. in full will be found on page 1412 of the "Chronicle for Nov. 18 1911.

*{We are advised by the Secretary State Tax Commission that that body has ordered the assessors to assess all property at its "full cash value", which has always been the law, but has never been carried out prior to 1913.]

*STATEHOOD.—President Taft on Aug. 21 1911 signed the Joint resolution passed by Congress admitting the Territories of Arizona and New Mexico into the Union. This resolution provided that the voters of Arizona must except judicial officers from the recall provision of their constitution before Statehood is granted. V. 93, p. 546. On Dec. 12 1911 an amendment to this effect was favorably voted. V. 93, p. 1736. At the session of the first State Legislature, however, a resolution was passed providing for an amendment to the constitution election. This amendment was favorably voted at the general election Nov. 5 1912. The State was admitted by proclamation of the President on Feb. 14 1912.

CONSTITUTIONAL AMENDMENTS.—An amendment is Section 8 of Article IX. was adopted by the voters on Nov. 5 1912, so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred by a city or town with the assent of the voters for municipal water, light or sewer works is increased from 5% to 15% of the taxable value. Below we give Section 8 as it now reads.

DEBT LIMITATION—BONDS TAX-FREE.—The power of

never exceed the sum of three hundred and lifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts, the State may borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan shall have been authorized or to the repayment of the debt thereby created. No money shall be paid out of the State Treasury except in the manner provided by law.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any person, company or corporation, or become a joint owner with any person, company or corporation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who mustalso in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to an amount exceeding ten per centum of such taxable property, as shown

State of California.

DEBT, RESOURCES, &c.

Admitted as a State (Act of Sept. 9 1850)____Sept. 9 1850 Total area of State (square miles)_____158,297 State Capital ... -- Sacramento Governor (term exp. 1st Mon.aft.Jan.1'15) .- H. W. Johnson Sec. of State (term exp. 1st Mon. aft.Jan. 1'15) F. C. Jordan Treasurer (term exp.1st Mon.aft.Jan.1'15). Edw. D. Roberts
Legislature meets biannually in odd years on the first Monday after
January 1, and sessions are not limited, though members shall only receive
for their services \$1,000 for each regular session and \$10 for each day while
in special session.

* Of which \$1,526,500 held by State School Fund and \$751,000 by University fund.

INTEREST is payable at the office of the Treasurer in Sacramento.

TOTAL DEBT.—The total bonded debt of the State on Sept. 22 1913 was \$13,806,500, including \$4,000 civil bonds on which int. has ceased. The warrant debt on that date was \$366,025.12. Cash in treasury on Sept. 22 1913 amounted to \$15,661,962.12. The \$2,000,000 see wall bonds issued for San Francisco are not included in the total indebtedness of the State; these bonds are payable out of a sinking fund receiving its revenue from moneys collected by the San Francisco Harbor Commissioners; \$200,-000 of this issue is held by the State in trust for the State School Fund.

The bonds of 1873 (\$2,277,500) matured in 1893. No sinking fund having been provided for their payment, they were taken over by the State for its school funds and have been so held since 1893.

The State Treasurer on Sept. 22 1913 held bonds aggregating \$7,470,400 for the benefit of the State School Fund; this includes \$1,526,500 of the funded debt bonds of 1873. The State Treasurer also holds \$3,794,800 for the benefit of State Funds other than the School Fund. This includes \$751,000 of the funded debt bonds of 1873. The State Treasurer also holds \$3,794,800 for the benefit of State Funds other than the School Fund. This includes \$751,000 of the funded debt bonds of 1873.

				ying into effect	Sec. 14 of

*Pursuant to Chap. 335, Laws of 1911, carrying into effect Sec. 14 of Art. 13. of the constitution as amended Nov. 8 1910 (see below) there is now no general tax, revenue being derived from the taxation of public service and other corporations, banks and insurance companies. The amount of tax placed upon these corporations by the State Board of Equalization for 1911 was \$10,454,125.46, 1912, \$10,922,405.72 and for 1913 \$12,971,541.80.

CONSTITUTIONAL AMENDMENTS.—At the general election on Nov. 8 1910 an amendment was adopted authorizing the City of San Francisco to vote on an amendment to its charter so as to allow the issuance of \$5,000,000 bonds, the proceeds of the same to be turned over to the Panama Pacific International Exposition Co. for an exposition to be held in San Francisco to celebrate the opening of the Panama Canal. In accordance with this authority, a special election was held in San Francisco on Nov. 15 1910 and the proposed charter amendment was accepted. Another amendment approved on Nov. 8 1910 creates a fund of \$5,000,000 for the use, establishment, maintenance and support of the Panama Pacific International Exposition. Still another amendment adopted provides for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. On Oct. 10 1911 the voters adopted constitutional amendments granting equal suffrage to women, allowing the recall of public officials, even the judiciary, and reserving to the people the powers of initiative an i referendum. See V. 93, p. 1337, for list of amendments adopted and defeated.

BOND PROPOSITIONS.—Propositions providing for the issuance of \$18,000,000 highway, \$1,500,000 San Diego sea-wall, \$1,000,000 India Basin and \$9,000,000 harbor-improvement 4% bonds for the city and county

of San Francisco were adopted at the general election on Nov. 3 1910 V. 92, p. 202. This latter issue was declared valid by the Supreme Court on Nov. 14 1911. V. 93, p. 1337. On May 23 1912 Judge Seawall in the Superior Court dismissed the order to show cause why an injunction should not be issued restraining the sale of the \$1,000,000 4% India Basin bonds. V. 94, p. 1519. The offering of these bonds, which was to have taken place July 22 1912, has been indefinitely postponed. V. 95, p. 312.

DEBT LIMITATION.—The limitations fixed in the constitution of California with reference to the creation of State debt, debts of counties, cities towns, &c., are as follows:

cornia with reference to the creation of State debt, debts of counties, cities, towns, &c., are as follows:

ARTICLE 16. Section 1. State Indebtedness.—The Legislature shall not in any manner create any debt or debts, liability or liabilities, which shall, singly or in aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars, except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within seventy-five years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law by the people if no debt shall have been contracted in pursuance thereof, repeal the same,

ARTICLE 12. Section 13. State Not to Loan Its Credit, &c.—The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association or corporation.

ARTICLE 12. Section 13. State Not to Loan Its Credit, &c.—The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association or corporation.

ARTICLE 4. Section 31.—Legislature Prohibited from Loaning Credit. &c., of State, City, County, &c.—The Legislature shall have no power to give or bo lend, or to authorize the giving or lending of, the credit of the State, or of any county, etry and county, etry, worship or other political compactive that the state of the county, etry, worship or other political compactive that the state in aid of or to any person, association or other political expectation that the state of the property of the state of the property

COUNTY DEBT RESTRICTIONS.—By a State law passed March 24 1893, all counties are restricted to the issuance of bonds running not longer than twenty years.

1893, all counties are restricted to the issuance of bonds running not longer than twenty years.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SECTION 4. No city, town or municipal corporation shall incur an indebtness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city, town or municipal corporation.

This new law was given in full in the "Chronicle," Aug. 10 1901, p. 303.

TAIS new law was given in full in the "Chronicle," Aug. 10 1901, p. 303.

TAX EXEMPT AMENDMENT.—At the November 1902 election the following amendment to Article 13 of the State constitution was favorably voted upon. V.74, p. 916; V.75, p. 1366.

SECTION 1%. All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation and irrigation districts) within said State shall be free and exempt from taxation. See editorial article in "State and City Supplement" of October 1902.

shall be free and exempt from taxation. See editorial article in "Stave and City Supplement" of October 1902.

MORTGAGES EXEMPT FROM TAXATION.—Among the amendments voted Nov. 8 1910 is one repealing Section 4 of Article 13 of the State constitution, thereby changing Section 1 so that hereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation. This section, as it now reads, will be found in full in V. 91, p. 974.

IRRIGATION BONDS AS SAVINGS BANK INVESTMENTS.—The Legislature in 1911 passed an Act (Chapter 157, Laws 1911) allowing investment by savings banks in bonds of irrigation districts. V. 93, p. 1131.

revealed a gross insurance loss of s222.836.307 and a net loss, after deducting reinsurance and estimated salvage, of \$132,823,067. See V. 82, p. 337.

An agreement has been reached between the city and the Spring Valley Water Co. on a plan of condemnation proceedings. See V. 96, p. 1169. During previous negotiations with the company, the voters defeated a proposition to buy the system for \$35,000.000, and instead ratified the issuance of \$45,000.000 bonds for a municipal system with a source at Lake Eleanor. V. 90, p. 254. Of the bonds authorized, \$1,125,000 have been sold. V. 94, p. 430.

At a special election held March 29 1912 the voters decided to refuse to assent to the suggestion that the city authorities permit the merger of the Home Telephone Co. with the Pacific Telephone & Telegraph Co. They declared in favor of the plan to call another special election to vote on the question of issuing \$6,000,000 bonds for the acquisition of the Home Telephone Co. V. 94, p. 1073.

The \$5,000,000 5% exposition bonds given in table below are not figured in the 15% debt limit. These bonds were voted Nov. 15 1910. See V. 91, p. 1398. Also see remarks under State of California for constitutional amendments giving authority to issue these and other bonds.

On Aug. 26 1913 the voters authorized the issuance of \$3,500,000 municipal-railway-system bonds. V. 97, p. 682.

LEGISLATURE meets biennially in odd years on the second Monda	y

in January, and there is no limit to length of sessions; but members of the Legislature can draw pay only for 40 days' services in the aggregate.

HISTORY OF DEBT.—For the early history of Oregon's State debt see "State and City Supplement" of April 1893, page 146.

To-day Oregon has no bonded debt.
On Jan. 1 1913 the amounts held in the irreducible trust funds were as follows: School fund, \$6,272,924.40; Agricultural College fund, \$201,683.99, and University fund, \$103,635.36. On the same date the cash on hand amounted to \$1,457,487.02.

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI., sections 5 to 10 inclusive, of the Constitution of 1857. We quote these sections in full.

SECTION 5.—Restrictions upon Municipal Corporations.—Acts of Legislative Assembly incorporating towns and cities shall restrict their power of taxation, borrowing money, contracting debts and loaning their credits. SECTION 6.—State not to be Stockholder in Company.—The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 6.—State not to be Stockholder in Company.—The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 7.—Credit of State not to be Loaned—Limitation upon Powers of Contracting Debts.—The Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of fifty thousand dollars, except in case of war or to repel invasion or suppress insurrection, or (according to an amendment of 1912) to build and maintain permanent roads; and the Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities to build and maintain permanent roads which shall singly or in the aggregate, with previous debts or liabilities incurred for that purpose, exceed two per cent of the assessed valuation of all the property in the State; and every contract of indebtedness entered into or assumed by or on behalf of the State in violation of the provisions of this section shall be void and of no effect.

SECTION 8.—State not to Assume County Debt, Except in What Case.—The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection or defend the State in war.

SECTION 9.—Prohibition upon Municipal Corporations.—No county, city, town or other municipal corporation, by vote of its citizens or otherwise, shall become a stockholder in any joint-stock company, corporation or association. Whatever or raise money for or loan its credit to, or in aid of, any such company, corporation or association.

SECTION 10.—Limitation upon Powers of County to Contract Debts.—No county shall create any debts or liabilities which shall singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed two per cent of the assessed valuation of all the property in the county.

It will be s

charter of any city of 2,500 or more inhabitants. See sections 2727 to 2735 of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger & Cotton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "In no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed \$100,000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

TAXATION OF MUNICIPAL BONDS.—No legislation has been enacted, we were advised Dec. 12 1911, by the Board of State Tax Commissioners, exempting from taxation bonds or other obligations of the State or its counties and municipalities.

POPULATION OF STATE.—The population of Oregon has been as follows in the years named:

DEBT LIMITATION.—Nevada has in its constitution the limited State DEBT LIMITATION.—Nevada has in its constitution the limited State to a nominal indebtedness, except for the purpose of "defraying extraordinary expenses" arising from invasion, war, &c.; and in such cases the law must provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty years. Further, the State is forbidden ever to assume the debt of any county, city, &c., or to donate or loan its money or credit, or to subscribe to the stock of any company, &c. Countes, towns, cities, &c., cannot become stockholders in any company, or loan their credit, &c. But other than that the constitution omits to put any limit on county, city, &c., debts; though it provides that the Legislature shall make general laws restricting their borrowing power. The constitutional provisions referred to are as follows:

ARTICLE IX., Section 3. (State Debt Limited.) For the purpose of

put any limit on county, city, &c., debts; though it provides that the Legislature shall make general laws restricting their borrowing power. The constitutional provisions referred to are as follows:

ARTICLE IX., Section 3. (State Debt Limited.) For the purpose of enabling the State to transact its business upon a cash basis from its organization, the State may contract public debts, but such debts sliall never in the aggregate, exclusive of interest, exceed the sum of three hundred thousand dollars, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein, and every such iaw shall provide for levying an annual tax sufficient to pay, the interest semi-annually and the principal within twenty years from the passage of such law, and shall especially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be vold and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, to provide for the public defense.

Section 4. (State Prohibited from Assuming Debts of Cities, &c.) The State shall never assume the debt of any county, town, city or other corporation whatever, unless such debts have been created to repel invasion, except corporations formed for educational or charitable purposes.

ARTICLE VIII., Section 9. (State Shall Not Loan its Money or Creati, &c.) The State shall not donate or loan money or its credit, subscribe to or be interested in the stock of any company, association or corporation, except corporations formed for e

TAXATION OF MUNICIPAL BONDS.—The Department of State advised us under date of Dec. 29 1911 that bonds or other evidences of indebtedness of State, county or municipalities are not assessed in Nevada.

TAXATION OF MORTGAGES.—See V. 97, p. 540, for an Act passed by the 1913 Legislature making provision for the taxation of mortgages, deeds of trust, &c.

POPULATION OF STATE.—The 1900 figures include persons on Indian reservations not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880. The number of Indians alone included in the 1900 and 1910 total were 8,321 and 6,192, respectively.

MUNICIPAL AND COUNTY INDEBTEDNESS—A new Constitution went into effect in April 1902. One of its provisions fixes a limit of indebt-edness in the cases of cities and towns of 18 % of the assessed value of real estate, unless the issue be authorized by a majority of the qualified voters.

V. 74, p. 741. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6 % interest for roads and bridges up to 10 % of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

TAXATION OF MUNICIPAL BONDS.—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April, 1893, pages 151 and 152. On Oct. 1 1913 Virginia's debt stood as shown below:

extended since then, the latest extension having been until December 31 1913. Bonds funded under any amendment or extension to the Act of February 20 1892 carry interest from the semi-annual period next preceding the date of funding. Under the old law coupon bonds one converted into registered certificates were not re-convertible into coupon bonds, but under the Acts of 1882 and 1892 coupon and registered bonds are interchangeable at a cost of 50 cents for each new bond issued in such exchange.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is, \$15,239,370 out of the total debt of \$45,718,112. To represent, therefore, West Virginia's share of bonds funded, "deferred certificates" were issued. West Virginia's share of bonds funded, "deferred certificates" were issued. West Virginia, however, refused to recognize these certificates. After lengthy litigation, the U. S. Supreme Court on March 6 1911 decided that West Virginia should assume liability for a debt of \$7, 182,507, not counting the interest, which was left for adjustment between the parties. V. 92, p. 674. On Oct. 30 1911 the U. S. Supreme Court, in an opinion expressed by Justice Holmes, denied without prejudice the motion made on behalf of the State of Virginia without prejudice the motion made on behalf of the State of Virginia to compel West Virginia to take immediate action to pay its share of the debt. The full text of the opinion will be found in V. 93, p. 1274. In accordance with a resolution passed by the 1913 Legislature, the Governor of West Virginia on April 18 1913 appointed a commission of eleven to take up the debt question. V. 96, p. 1242. The commissioners being unable to agree, motion was filed in the U. S. Supreme Court by the State of Virginia on Sept. 30 1913 asking for a final hearing. V. 97, p. 1067. The Court has set April 13 1914 for a final hearing. V. 97, p. 1067. The Court has set April 13 1914 for a final hearing. V. 97, p. 1067. The Court has set April 13 1914 for a final hearing. State of West Virginia.

DEBT, RESOURCES, &c.

Admitted as a State (Act Dec. 31 1862) _____June 20 1863
Total area of State (square miles) ______24,780
State Capital _____Charleston

LEGISLATURE meets blennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt one-third was set apart as the share belonging to West Virginia but the latter refused to assume the same. In March 1911, however, the U. S. Supreme Court held the State liable for a principal debt of \$7,182,507 and left the question of interest for adjustment between the parties. V. 92, p. 674. Justice Holmes of the U. S. Supreme Court in an opinion rendered Oct. 30 1911 denied without prejudice the motion made by the State of Virginia to compel West Virginia to take immediate action to pay its share of the debt. V. 93, p. 1274.

The Governor on April 18 1913 appointed a commission of eleven members in accordance with an Act passed by the 1913 Legislature to take up the debt question with the Virginia Debt Commission. V. 96, p. 1242. A motion was filed by the State of Virginia on Sept. 30 1913 in the U. S. Supreme Court asking for a final decree in the settlement of this suit. The commissioners appointed have been unable to agree, hence the application to the Court. V. 97, p. 967. The Court has set April 13 1914 for a final hearing. V. 97, p. 1444.

The amounts in the various State funds and in banks on Oct. 1 1913 aggregated \$1,045,158 46. In addition, the State School Fund had invested

\$903,900. Total of all funds invested and in banks on Oct. 1 1913 was \$1,949,058 46.

\$1,949,058 46.

ASSESED VALUATION —The following table gives the assessed valuation of real estate, personal property and railroad property. Under the tax law passed in 1903 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns for earlier years having been on a much lower basis.

TAX RATE.—The State tax rate (per \$1,000) in 1912 for all purposes was 10c. In 1911 it was 25c. and in 1910, 45c. In 1909, 1908 and 1907 it was 50c. In 1906 the State tax rate (per \$1,000) was 60c.; school tax (per \$1,000) was 25c.; State tax rate (per \$1,000) for 1905 was \$1.40; school tax (per \$1,000) was 60c.

DEBT LIMITATION.—Provisions limiting the debt-making power of the State and the various sub-divisions are found in Article X of the State Constitution of 1872; the sections pertaining thereto being as follows:

SECTION 4.—No debt shall be contracted by this State, except to meet casual deacits in the revenue; to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State shall be equally distributed over a period of at least twenty years.

SECTION 6.—The credit of the State shall not be granted to, or in ald of, any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation, or person, nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

SECTION 7.—County authorities shall never assess taxes in any one year the aggregate of which shall exceed ninety-five cents per one hundred dollars valuation, except for the support of free schools; payment of indebtedness existing at the time of the adoption of this Constitution; and for the payment of any indebtedness with the interest thereon created under the succeeding section, unless such assessment with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for and against it.

people of the county, and have received three-niths of all the votes cast for and against it.

[Note.—The legislature of 1904 passed a tax measure limiting county evies after 1905 to 60 cents per \$100 of valuation.

SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtendess, in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within and not exceeding thirty-four years; Provided That no debt shall be contracted under this section unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same.

[Note.—The Legislature of 1905 passed an Act prohibiting indebtedness

three-fifths of all the votes cast for and against the same.
[Note.—The Legislature of 1905 passed an Act prohibiting indebtedness exceeding 2½ per centum on the value of taxable property. This Act went into effect Jan. 1 1906. See V. 80, p. 1930.

TAXATION OF MUNICIPAL BONDS.—Bonds of municipalities are assessed as personal property against the person holding them, if he be a resident of the State. Bonds held by banks are not subject to tax. The constitution forbids the creation of State debt; therefore there is no provision regarding the taxation of State bonds.

INTEREST is payable in Frankfort.

STATE DEBT.—The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable: the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, \$1,327,000; county bonds, issued Jan, 1 1885, \$381,986; new school bonds, issued March 12 1892, \$606,641. The \$165,000 school bonds are also irredeemable; the interest is paiditto the A. & M. College and the State normal school for colored persons. The sinking fund on hand in Oct. 1913 aggregated \$10,306.57.

TAX RATE .- In 1912 the State tax rate (per \$1,000) was \$5.00. TAX RATE.—In 1912 the State tax rate (per \$1,000) was \$5.00.
CONSTITUTIONAL AMENDMENTS.—An amendment to the constitution was approved by the voters on Nov. 2 1909, permitting State aid to counties located therein for public roads and additional taxation by counties for the payment of same. V. 89, p. 1437.

DEBT LIMITATION.—The constitutional provisions relating to the creation of debt by the State are found in Sections 49 and 50 of the Constitution of 1891. We quote these sections below:

Section 49. The General Assembly may contract debts to meet casual deficits or failures in the revenue; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed five hundred thousand dollars, and the moneys arising from loans creating such debts shall

be applied only to the purpose or purposes for which they were obtained, or to repay such debts: Provided, The General Assembly may contract debts to repel invasion, suppress insurrection, or, if hostilities are threatened, provide for the public defense.

Section 50. No Act of the General Assembly shall authorize any debt to be contracted on behalf of the Commonwealth except for the purposes mentioned in Section 49 unless provision be made therein to levy and collect an annual tax sufficient to pay the interest stipulated, and to discharge the debt within thirty years; nor shall such Act take effect until it shall have been submitted to the people at a general election and shall have received a majority of all the votes cast for and against it: Provided, The General Assembly may contract debts by borrowing money to pay any part of the debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt to contracted or the interest thereon.

Cities, Towns, Etc.—Cities, towns, counties, taxing districts and other

provision in the Act authorizing the same for a tax to discharge the debt to contracted or the interest thereon.

Cities, Towns, Etc.—Cities, towns, countles, taxing districts and other municipalities are limited by Sections 157 and 158 of the constitution. Section 157 provides that no debt of any kind may be created to an amount exceeding in any year the income and revenue provided for such year unless authorized by a two-thirds vote of those voting at an election held for tegurpose. In Section 158 we find the following limits to the debt-making gower of municipalities. Cities having over 15,000 population 10% of the taxable property, cities and towns of 3,000 or more inhabitants but less than 15,000, 5%; cities and towns of 3,000 or more inhabitants but less than 15,000, 5%; cities and other municipalities, 2%. Some exceptions are made to these limits. For instance indebtedness may be contracted in excess of the limit when same has been authorized under laws in force prict to the adoption of the constitution (Sept. 28 1891) or when necessary for the completion of a public improvement undertaken but not finished at the time of the adoption of the constitution. A further exception is made in the case of such places as had exceeded the prescribed limit at the time the constitution went into effect. In such instances permission is given to further increase debt in an amount not exceeding 2% in the case of cives and towns and not exceeding 1% in the case of countles. taxing districts of other municipalities—"until the aggregate of its indebtedness shall have been reduced below the limit herein fixed, and thereafter it shall not exceed the limit, unless in case of emergency the public health or safety should so require. Nothing herein shall prevent the issue of renewal bonds or bones to fund the floating indebtedness of any city, town, county, taxing districts or other municipality."

TAXATION OF MUNICIPAL BONDS.—The State has no bonded debt (see above) but is authorized to issue interest.

TAXATION OF MUNICIPAL BONDS.—The State has no bonded debt (see above) but is authorized to issue interest-bearing warrants, which are not taxable for any purpose. The Auditor of Public Accounts, wrote us, under date of Dec. 23 1911, that most municipalities exempt their bonded debts from taxation but they would not be authorized to relieve them of State and county taxes.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us under date of January 24 1912 that, "under our constitution it is not competent for the Legislature to exempt from taxation State, county or municipal bonds, atthough occasionally, in providing for and issuing county or municipal bonds, it is provided that they shall not be subject to county, or municipal taxation. In 1903, by Chapter 258 of the Acts of that year, it was attempted to practically exempt from taxation State bonds held by banks in this State, but the Supreme Court in the case of the State National Bank against the City of Memphis, 116 Tennessee 641, held that it was not competent for the Legislature under our constitution to exempt from taxation that class of property."

The State Supreme Court holds unconstitutional that provision of the refunding bond bill passed by the Legislature which exempts the bonds from taxation. This reverses the ruling of Chancellor Allison, who on Mar. 6 1913 decided that the State has power to exempt from taxation bonds issued by it. V. 96,p. 1038.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue \$250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality.

V. 93, p. 301.

POPULATION.—The population of Tennessee has been as follows:

The proportion of the colored population was 26.14% in 1880, 24.57% in 1890, 23.8% in 1900 and 21.7% in 1910. In number blacks were 245.881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900 and 473,088 in 1910.

the first Monday in January, and there is no limit to length of sessions but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT — The old debt, excepting such as is not recognized, has mostly been funded under the funding laws of 1879, the time prescribed for the exchange having been extended to July 1 1910. These laws provided for the issuance of (1) consolidated 4% bonds due in 1910 (now replaced by refunding bonds due in 1950) to fund old ante-war bonds at 40% of face value, "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consolidated 6% bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The 68 due in 1919 carry tax-receivable coupons and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special."

In compilance with a decision of the United States Supreme Court handed down Feb. 1 1904, North Carolina on April 1 1905 paid to the State of South Dakota \$27,400, representing the judgment obtained by the latter state on \$10,000 bonds (donated to the State of South Dakota for the express purpose of bringing sult, an individual not being able to sue a State of state on \$10,000 bonds (donated to the State of South Dakota for the express purpose of bringing sult, an individual not being able to sue a State of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment:

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 8

bonds given above. V. 89, p. 677. PAR VALUE OF BONDS.—The consolidated 4s are \$50, \$100, \$500 and \$1,000; the consolidated 6s, \$1,000 each. The bonds of 1903 are for \$500 and \$1,000 each.

and \$1.000 each.

INTFREST on the consolidated 4s and 6s, South Dakota judgment and Schaefer bonds, the 1909, 1910, 1911 and 1913 bonds is payable in New York at the National Park Bank and at any bank in Raleigh.

The State does not have to raise money for the interest on the 6% bonds for the reason that the lease of the North Carolina RR. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds 12,666 shares of stock in the Atlantic & North Carolina RR. valued at \$1,266,600 and \$240,500 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the cash value; in 1903, however, the attempt was to assess at true value. Corpora-

The proportion of the colored population was 37.95% in 1880, 35.05% in 1890, 33.3% in 1900 and 31.6% in 1910. In number blacks were 316,011 in 1850; 361,522 in 1860; 391,650 in 1870; 531,277 in 1880; 567,170 in 1890, 624,469 in 1900 and 697,843 in 1910.

TAX ATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General, that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds and it is thought probable that, under the constitution, they cannot do so.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 \$1,800,000 of this scrip had been issued. V. 80, p. 725. The State debt on Nov. 12 1913 consisted of the following items:

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to \$37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U.S. Supreme Court sustained this decision.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by \$14,500. The 1912 Legislature passed an Act providing for the issuance of 4% gold coupon bond and certificates of stock for the refunding of outstanding Brown consol. bonds and stocks. In V. 94, p. 718, this Act was given in full. The validity of the Act has been upheld by the State Supreme Court. V. 97, p. 902

PAR VALUE OF BONDS.—The brown consols, the brown bonds exchangeable for the same and the blue bonds are all for \$500 and \$1 000.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

TOTAL DEBT.—The total valid bonded debt on Nov. 12 1913 was \$5,922,852, not including bonds which matured a great many years ago but have never been paid. The assets of the sinking funds on Jan. 1 1913 amounted to \$922,725; of this amount \$100,062 was ordinary sinking fund and \$822,663 "cumulative" sinking fund; this latter fund is for the reduction and payment of South Carolina Brown 4½% bonds and stocks.

STATE PROPERTY.—The State owns valuable deposits of phosphates but its revenues from the mining of them, after increasing from \$196,698 in 1886 to \$237,149 in 1890, fell to \$11,584 in 1906. In 1907 they amounted to \$8,340.25, in 1908 to \$6,899.75, in 1909 to \$4,362.12, in 1910, 1911 and 1912 to \$1,500. This is partly the result of a reduction in royalties from \$1.05 per ton in 1886 to 25 cents per ton in 1900.

DEBT LIMITATION.—State.—The State Constitution of 1895 imposes everal checks on the creation of debt by the State, all of which may be ound in Article X of that Instrument. Briefly, they may be stated as

follows:

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this Constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election. Two-thirds vote necessary to authorize.

COUNTIES, CITIES, &c.—The constitutional limitations as to the in-debtedness of counties municipalities &c., are covered by Section 7 of Article VIII. and Section 5 of Article X of the State Constitution of 1895. Article VIII. and Section 5 of Article X of the State Constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without sub-mitting the question to the qualified electors. It is also provided that a subling fund should be established to redeem bonds at maturity. Under mitting the question to the qualined electors. It is also provided that sinking fund should be established to redeem bonds at maturity. Under an amendment authorized by vote in 1900 and ratified by the Assembly in 1901, the 8% limit does not apply to the bonded debt incurred by the cities of Columbia, Rock Hill. Charleston and Florence, where the proceeds of said bonds are applied solely for the purchase, establishment, maintenance. cities of Columbia, Rock Hill. Charleston and Florence, where the proceeds of said bonds are applied solely for the purchase, establishment, maintenance or increase of water-works plant and sewerage system; nor does the limit apply to the City of Georgetown and Greenville, where the proceeds of the sale of bonds are applied solely to the purchase, establishment maintenance or increase of water-works plant, sewerage system, or gas and electric-light plants. By a vote in 1906, ratified by the Legislature in 1907, the city of Bennettsville may also increase its indebtedness beyond the 8% limit, where the proceeds are applied solely to the purchase, establishment and maintenance of a water-works-plant, or sewerage system, provided the question of incurring such indebtedness is submitted to the voters of said municipality. At the election Nov. 3 1908 a somewhat similar privilege was granted the town of Gaffney. V. 87, p. 1372.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable properting in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein." By the Constitutional amendments adopted in 1910, exceptions are made in the case of bonds for water, sewerage or lighting purposes—see below.

CONSTITUTIONAL AMENDMENTS.—Five amendments to Section 7 of Article VIII. of the constitution were favorably voted Nov. 8 1910. V.92.

tutional amendments adopted in 1910, exceptions are made in the case of bonds for water, sewerage or lighting purposes—see below.

CONSTITUTIONAL AMENDMENTS.—Five amendments to Section 7 of Article VIII. of the constitution were favorably voted Nov. 8 1910. V.92. p. 1449. Of these five, four provide that the limitations proposed by that section and Section 5 of Article X. shall not apply to bonded debt fincurred for certain specified purposes by the places named, while the fifth states that the limitations proposed by these two sections shall not apply to the bonded indebtedness of any municipal corporation when the proceeds are used for a water plant sewerage system or lighting plant. Another amends Section 6 of Article X. so as to allow townships in Greenwood County and Saluda County to issue railroad-aid bonds. In Nov. 1912 two amendments were adopted to Article X. by adding Sec. 14a and Sec. 15, empowering certain cities and towns to assess abutting property for street improvements. At the same election an amendment to Sec. 7 of Article VIII. and Sec. 5 of Article X. was adopted providing that the limitations imposed by these sections shall not apply to bonded debt incurred by the town of Bishopville n Lee County for railroad-aid purposes. V. 95, p. 1558.

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 exempting all school and municipal bonds from taxation. Heretofore the only bonds which were non-taxable were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

MUNICIPAL CORPORATIONS MAY ISSUE CERTIFICATES OF STOCK.—An Act to amend Article VI., Chapter XLIX., of the laws of this State relating to municipal corporations was passed by the 1908 session of the Legislature. This amendment authorizes the authorities of any incorporated city or town of this State te exchange certificates of this State relating to municipal corporations was passed by the 1908 session of the Legislature. This amendment authorizes the authorities of any incorporated city or town of this State

deficiencies in revenue, from \$200,000 to \$500,000. V. 95, p. 993. Section 3 now reads as follows:

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars, and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

COUNTIES, CITIES, &c.—The State constitution of 1877, Article VII. Section VII, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property at the time of the adoption of this constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation; except that the City Council of Augusta, from time to time, as necessary, for the purpose of protection against floods, may incur a bonded indebtedness upon its power-producing canal and municipal water-works, in addition to the debt shereinbefore in this paragraph allowed to be incurred, to an amount in the aggregate not exceeding fitty per centum

of the combined value of such properties, the valuation of such properties to be fixed as may be prescribed by law, but said valuation not to exceed a figure five per cent on which shall represent the net revenue per annum produced by the two such properties together at the time of said valuation, and such indebtedness not to be incurred except with the assent of two-thirds of the qualified voters of such city, at an election or elections for that purpose to be held as may be now, or may be hereafter, prescribed by law for the incurring of new debts by said the City Council of Augusta."

Paragraph 2 of the same article and section is as follows: Paragraph 2, "County and city bonds, how paid. Any county, municipal corporation or political division of this State which shall incur any bonded indebtedness under the provisions of this constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MINICIPAL BOND ISSUES.—In December 1897 a very important

from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in 'State and City Supplement' of May 29 1909.

BONDS TAX FD FE.—The State Supreme Court on Aug. 2 1007 hand.

BONDS TAX FREE.—The State Supreme Court on Aug. 9 1907 handed was a decision holding that bonds issued by any municipal corporation thin the State of Georgia are not taxable by that State or any county ereof. V. 85, p. 676.

No obligation of this city has ever been repudiated or scaled.

CITY PROPERTY.—The city, owns its water-works and a canal which furnishes water and pumping power for the former, besides supplying power for numerous industrial plants. These two municipal properties are valued at \$3,245,000. The city also owns other good real estate within the city limits valued at \$300,000. The net annual income from water rents (canal and water-works) was reported in 1911 as \$121,473, and it increases yearly from new industries and new tensions of water mains. This 1 ome more than meets the interest on bonded debt.

SAVANNAH.

Savannah is the county seat of Chatham County. Incorp. 1789.

Commission government defeated on Nov. 12. 1912. V. 95, p. 1421.

Prior to 1879 the city's bonds were all 7s, but, through a compromise, all were exchanged for 5s bearing 5% tax-receivable coupons except that \$3,300 have never turned up. All the bonds of 1879 except \$400 have been redeemed and canceled. Bonds are exempt from city taxes.

LEGISLATURE meets blennially in odd years on the Tuesday after the first Monday in April, and sessions are limited to 60 days.

OUTSTANDING LOANS.—The following loans were outstanding against the State of Florida on Dec. 31 1912:

INTEREST is payable in Tallahassee.

TOTAL DEBT &c.—The total bonded debt on Dec. 31 1912 was \$601,567.
All securities are in the form of registered manuscript bonds and carry 3% attents; they are all held in State Educational funds as investments.

ASSESSED VALUATION.—The taxvaluation of real estate (including railroads and telegraphs), personal property, total valuation and State tax rate per \$1,000, are given below for the years indicated:

DEBT LIMITATION.—State.—Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the State shall not be pledged or loaned to any individual, company, corpora-

tion or association, nor shall the State become a joint owner or stockholder in any company, association or corporation.

Cities and Towns.—Title X (First Division), Revised Statutes 1906, prohibits cities and towns from issuing bonds in excess of five per cent (5%) of the assessed value of real and personal property within their corporate limits. Before any such bonds are put out, the question of issuing the same, as well as the amount to be issued, must be approved by two-thirds (2-3) of the registered voters actually voting. Any city or town may issue bonds in excess of the five per cent (5%) limit for gas or electric plants, provided the additional amount does not exceed seven per cent (7%) of the total valuation of real and personal property. The maturity of such bonds shall not exceed thirty (30) years and the interest rate may not exceed seven (7) per cent. Authority for the issuance of the same must be granted by a majority of the votes cast at an annual or special election to be called for such a purpose. It is also required that the interest and a sinking fund for their payment at maturity shall be provided for.

Counties.—Title IX, Section 786 (First Division), Revised Statutes 1906, states that counties may issue bonds for highways, buildings and for funding purposes, provided the proposition to issue such bonds is authorized by a majority of the voters. A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

TAXATION OF MUNICIPAL BONDS.—Under Chap. 5596, Laws of 1907, relating to tax assessments and such such sections.

TAXATION OF MUNICIPAL BONDS.—Under Chap. 5596. Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by persons residing in this State.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopt at the election held Nov. 11 1901 and became effective Nov. 28, 190 The new instrument makes radical changes in relation to debt and taxatic an outline of which was furnished in an editorial in our "State and Ci Supplement" of October 1901. We have only room to indicate a few its features.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt except to repei invasion or suppress insurretion. This prohibition, however does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies the latter, thoug, being limited to \$300,000. Section 214 limits taxation for State purpoes to staty-five one hundredths of one per cent.

The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution is set out in Sections 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed

and municipalities in the new Constitution is set out in Sections 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON —Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qualified voters of the county, city, town, village or other politic alsub-division desiring to issue such securities. There are exceptions to this however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3½ per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the constitution in excess of 3½ per cent, either created or authorized by existing laws to be created. Such count is already indebted in excess of 3½ per cent are permitted to incur an additional debt of 1½ per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

CITIES TOWNS etc., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works gas or electric light plants or sewerage. This limitation does not affect any debt now authorized by law to be created or any temporary loans to be paid within one year made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN

collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN, ENSLEY, DECATUR and NEW DECATUR, are limited in their debimaking powers to 7 per cent of the assessed valuation. The following-described classes of indebtedness are not to be considered in figuring the debt limit: temporary loans to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues bonds or other obligations already issued, or which may hereafter be issued, for the purpose of acquiring, providing or constructing school houses, water-works and sewers; and obligations incurred and bonds issued for street or sidewalk improvements where the cost of the same, in whole or in part, is to be assessed against the property abutting said improvements provided, that the proceeds of all obligations issued as herein provided in excess of said 7 per cent, shall not be used for any purpose other than that for which said obligations were issued. Nothing contained in this Art elso to prevent the funding or refunding of existing indebtedness. Nor is the Section to apply to the cities of SHEFFIELD and TUSCUMBIA.

Section 226 provides that no city, town or village whose present indebted ness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this Constitution until such indebtedness shall be reduced within such limit; provided, nowever that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law, provided, further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

BONDS TAX-FREE.—By Section 13 of an Act approved Mch. 31 1911

edities of SHEFFELD and TUSCOMBIA

BONDS TAX-FREE.—By Section 13 of an Act approved Mch. 31 1911
entitled "To further provide for the revenues of the State of Alabama," the
following securities are exempted from taxation: "All bonds of the United
States and of this State, and all county and municipal bonds issued by counties or municipalities of this State."

BIRMINGHAM.

Birmingham is in Jefferson County. Incorp. 1871. The new State constitution, which went into effect Nov.28 1901, provides that this city may levy and collect a tax not to exceed ½ of 1% in addition to the tax of ½ of 1% (as provided in the 1889 amendment to the old constitution), to be applied exclusively to the payment of interest on bonds of this city tssued prior to Nov. 28 1901 (or which at that time were authorized to be issued), and for a sinking fund to pay off said bonds at maturity.

Greater Birmingham Act declared constitutional by State Supreme Court in 1910 (V. 90, p. 249 and 644). In 1911 Legislature authorized a commission form of government for this city. V. 92, p. 1049.

(On Oct. 22 1913 the Attorney-General of New York State rendered an opinion holding that bonds of the State of Louisiana are legal investments for New York State savings banks. See item under New York State in V. 97, p. 1227 and 1444; also item under Louisiana in V. 97, p. 1367.

In September 1889 it was discovered that a number of bonds had been fraudulently Issued. Part of these were subsequently recovered, but \$508,500 consols so Issued (\$303,500 being consols of 1874 and \$5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also \$421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to \$3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, \$875,000; 8% State bonds issued to add road, \$2,500,000; 8% bonds issued to the Mississippi & Mexican Guif Ship Canal Co., \$260,000, &c.

gitized for FRASER . p://fraser.stlouisfed.org/ The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxesdue the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of \$364,285 bonds have disposed of same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1882. See V. 90, p. 1376, V. 94, p. 1263.

ASSESSED VALUATION.—The assessed valuation is estimated atabout 60% of the actual value. The State tax (per \$1,000) for 1912 was \$5.45:

NEW ORLEANS. T. Wolfe Jr.,
See'y Board of Liquidation.
New Orleans is co-extensive with
the parish of Orleans. It was incorporated July 1 1852. Commission
form of government adopted Aug. 28
1912. V. 95, p. 634. An amendment to the Louisiana constitution
authorizing the city to refund its debt
at a lower rate of interest was adopted
in 1892, and the city has issued 4%
50-yr. bonds to the amount of \$10,000,000, thus enabling it to pay all
its maturing loans and all those upon
which it had option. The amendment provides that the interest tax
collected in excess of requirements
shall be divided between city schools
and city improvements. The new
Louisiana constitution, in effect May
12 1898, confirmed these arrangements.
On June 6 1899 the city voted a

and city improvements. The new Louisiana constitution, in effect May 12 1898, confirmed these arrangements.

On June 6 1899 the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 16 million bonds. As this required an amendment to the State constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and \$12,000,000 of the bonds were awarded in Dec. 1900 (V. 71, p. 1283), to be issued from time to time as the improvement progressed. The whole amount is out. In March 1903 the validity of this Act was tested in the Civil District Court and affirmed. V. 76, p. 770. The case was taken to the State Supreme Court and the validity of the Act was again upheld. V. 76, p. 989. At the Nov. 1906 election two amendments to the State constitution in relation to the City of New Orleans were ratified by the voters; one of these authorized the city to Issue \$8,000,000 sewer bonds and the other \$200,000 teachers' salary bonds V. 83, p. 1306, and V. 87, p. 1110. 1434 and 1556. \$1,000,000 of the sewer bonds were sold on May 2 1 1909 (V. 88, p. 1388) and the remainder (\$7,000,000) were sold on May 8 1911. V. 92, p. 1331. Of the teachers' salary bonds, only \$198,000 were issued.

TOTAL DEBT.—

Tot. bd. dt. \$33.646.000 \$33.841.860

In addition to the figures of total debt given above, there are outstanding \$300,000 5% public belt railroad bonds. These bonds are not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer. Netther do the figures of bonded debt include the amount of accrued interest on premium bonds, which on July 15 1913 was \$4,523.900; July 1 1912 it was \$4,757.941.

PREMIUM BONDS.—The premium bonds (\$20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July £1 875. They also get a premium if they happen to draw a prize, 2,352 prizes, aggregating \$100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. above, no evidences of indebtedness as mentioned by you are exempt from taxation.

"In 1907 we submitted a constitutional amendment to our people asking that municipalities be allowed to issue bonds. It failed of passage by an overwhelming vote. All bonds and indebtedness, the nature of which you mention, were subject to assessment and therefore liable for tax; however, I will state in this connection that we have numerous improvement districts, such as schools, levees, bridges, drainage, &c., which under special Acts are allowed to borrow money or issue bonds for their completion. Bonds of this character do not seem to come clearly under the prohibitory mandate of our Constitution and for that reason these districts are allowed to proceed in this manner, and while it is true these bonds are evidences of indebtedness, they are not exempt from taxation. For the above-mentioned constitutional reasons our Legislature has passed no law allowing State or municipalities to issue bonds."

LEGISLATURE meets blennially in odd years on the 2d Tuesday in January, and sessions are limited to 60 days at \$5 per day and \$2 per day thereafter without limit.

thereafter without limit.

HISTORY OF DEBT.—For history of the State debt see "State and City Supplement" of April 1894, pages 174 and 175.

At the time of the panic in 1907 State was for a few days obliged to suspend cash payments, but merely because of its inability to secure cash from the 31 State depositories with which the State had on deposit at the time \$1,504,637 45. See V. 85, p. 1289, and V. 86, p. 240.

Leaving amount outstanding——— \$1,300 \$1,300 \$1,300 On Aug. 7 1913 the Attorney-General's office held that of the \$2,000,000 penitentiary bonds, the sale of which was to have taken place June 2 1913, \$1,500,000 intended to pay the debts of the prison system were constitutional, while \$500,000 which it was proposed to expend for improvements were in violation of Section 9 of Article 3 of the constitution. V. 97, p. 463.

PERMANENT SCHOOL FUND.—This fund on Sept. 1 1913 contained \$104,441 27 in cash and \$18,815,195 70 invested in State, railroad, county

Note.—In 1908 there was a large increase in the assessed valuation, due to a new law which requires that property be assessed at its full value.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star. (*) in the returns below the issues put out prior to the enactment of the above law.

A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except funding bonds issued or to be issued of any valid outstanding bonds of paid county, town or city;" also excepting bond issues for less than \$2,000, when "issued for the purpose of repairing buildings or structures for the uilding of which bonds are allowed to be issued"] to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

The Attorney-General's department in May 1913 rendered opinions holding (1) that no town of less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. > 97, p. 310.

CONSTITUTIONAL AMENDMENTS.—In November 1904 an amendment to the State constitution was a second.

▶ 97, p. 310.
CONSTITUTIONAL AMENDMENTS.—In November 1904 an amendment to the State constitution was adopted permitting legislation in aid of internal improvements. This amendment was given in full on pages 641 and 642 of "Chronicle" of Aug. 6 1904. In Nov. 1908 an amendment to Section 3 of Article 7 of the constitution was adopted increasing the amount of tax that may be voted in school districts from 20 cents to 50 cents on the \$100 valuation, and also providing for a majority vote instead of a two-thirds of the property tax-paying voters of such district to vote such tax. V. 88, p. 243. A further amendment to this section was adopted on Aug. 3 1909. V. 89, p. 1022.

on aug. 3 1909. V. 89, p. 1022.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

notes or other evidences of indebtedness issued by the State or any municipality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts and drainage districts, see V. 87, p. 112, 1254, 1557; V. 90, p. 515, 1188, and 1313; V. 91, p. 1788; V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; and V. 97, p. 310.

DRAINAGE LAW AMENDED.—The Governor on Feb. 19, 1909 signed the bill passed by the Legislature providing for the various amendments to the law relating to the incorporation of drainage districts. V. 83, p. 578.

INVESTMENTS FOR SAVINGS BANKS.—The Bank Guaranty Lawpassed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364.

POPULATION.—The population of Texas has been as follows:

1910.—3,896,542 1880.—1,591,749 1860.—604,215
1900.—3,048,710 1870.—818,579 1850.—212,592

AUSTIN.

This is the capital of the State and the county seat of Travis County. Incorporated Dec. 27 1839.

The Austin dam, water-works, electric-light and power houses, for the building of which the water and light bonds were issued, were destroyed by the disastrous floods that visited Texas in April 1900. V. 70, p. 755. An adjustment of this debt on the basis of new bonds bearing 3% for 5 years, 4% for the next ten years and 5% for the final 15 years was reached between the city and the bondholders' committee. For details see V. 73, p. 459. All these bonds have been refunded and interest is being regularly paid. On Dec. 29 1908 the city voted in favor of a new charter providing for a commission government. V. 88, p. 115.

Floating debt_None None

Total debt. \$4,859,800 \$4,915,300 Sink. fds., &c. 494,736 \$485,000 Met debt. \$4,450,604 \$4,430,300 The water debt (included in above) on Feb. 28 1913 amounted to \$558. 1000; the water sinking fund falso included above) on same date aggregated \$132,827. The State of Texas in 1902 donated its ad valorem taxes in Galveston County for 17 years to create in part an interest and sinking fund for bonds to be issued for raising the grade of the City of Galveston, and known as grade-raising bonds, series "A", "B" and "C," aggregating "\$2,000,000. This donation, with only a nominal tax in the beginning, has been suffi-

clent to pay the interest and retire \$568,000 of the bonds to date, reducing the amount outstanding, as per above statement, to \$1,432,000.

In addition to the sinking fund as given above, the city owns \$622,200 wharf company stock. Also owns a water-works plant valued at \$1,630,000, an electric-light plant, sewer plant, &c. Total value of its public property at present is \$3,034,963.

Sinking fund receives yearly an amount equal to 2% of outstanding bonds.

Sinking fund receives yearly an amount equal to 2% of outstanding bonds.

The city holds in its special reserve fund, which can only be used in special or unlooked-for emergencies, the sum of \$25,000. The city holds in what is called sewer-extension fund \$2,929.81; revenue of present sewer system will pay, over and above operating expenses, int. on entire \$300,000 bonds outstanding. Further work on sewers is being done as grade-raising is finished in different districts.

DEBT LIMITATION.—The city can issue bonds only with legislative authority and is forbidden to make loans for railroad aid.

INT. on sea-wall and bridge bonds payable at Chase Nat. Bank, N. Y.; court-house and jail bonds payable at Co. Treas. office.
