#### MUNICIPAL BOND SALES THUS FAR IN 1915.

Notwithstanding demand upon the investment markets made by the countries of Europe, among which chief place must be given to the \$500,000,000 Anglo-French loan negotiated here last month, sales of municipal bonds during 1915 thus far have been on an exceptionally large scale. It will be recalled that in 1914 the aggregate of such sales reached unprecedented proportions in face of the fact that following the outbreak of war in Europe all the investment markets became completely demoralized for a time, so much so that the Stock Exchanges were kept closed from the end of July up to December. For 1915 the high record of 1914, it seems likely, will be fully maintained, if it is not actually surpassed. For the ten months to Oct. 31 the total this year actually runs slightly larger than for the ten months of last year.

To afford a comprehensive survey of the course of municipal bond offerings in recent periods, we furnish the following monthly record covering the years from 1910 to 1915, inclusive. It will be observed that the total of municipal bond issues of a permanent character placed for the ten months of 1915 reaches \$424,443,586 against \$423,171,790 in the first ten months of 1914; and as indicating the magnitude of these figures it should be noted that in the corresponding ten months of 1913 the total was only \$327,902,805 and in the first ten months of 1910 no more than \$258,958,249.

While on the one hand the disposals have been unusually large, on the other hand there has been of late, and particularly since the close of September, a marked improvement in the municipal bond market as evidenced by rising prices. The appreciation in value has been, it is true, coincident with a rise in bond prices generally, the better class of railroad iss ues, for instance, having also moved up several points in the interval. The placing here of the

\$500,000,000 Anglo-French loan on an income basis of 5½@5¾% might have been expected to have a distinctly adverse effect on investment values as a whole. Instead the anomaly has been presented of an advance in high-grade bonds generally and on an income basis yielding a very much smaller return than that afforded by the Anglo-French loan.

As an illustration of the improvement in municipal bond prices, we may instance the results in the case of this city. New York City on June 29 put out \$46,000,000 4½% 50-year stock at an average price of 101.253 (the income basis being 4.437%) and \$25,000,000 15-year serial bonds at an average price of 101.306, an income basis of about 4.297%. About two-thirds of the bonds went to a syndicate which offered the long-term issue to the public at 102. As recently as Oct. 1 these bonds sold on the Stock Exchange at 101¾. The present month 105¾ has been paid for the same issue. As another illustration of the improvement which has occurred in prices, we may note that on Aug. 20 Newark, N. J., disposed of \$500,000 4½% 45-year dock bonds at 102.08. On Monday of the present week Newark awarded \$250,000 of the same dock bonds at 108.31.

Our table of sales above includes only permanent loans and it also covers only places located in the United States. In addition, large amounts of municipal obligations of other kinds have been placed as usual, and to show the full total of the sales for the ten months we insert the following:

Municipal Bond	Ten Months—

Includes temporary securities (revenue bonds and corporate stock notes) issued
 by New York City: \$147,870,700 in 1915, \$293,542,014 in 1914, \$321,469,781 in
 1913, \$218,923,432 in 1912 and \$156,478,472 in 1911.

It will be noted that while the aggregate of permanent loans for the ten months of 1915 was fully equal to that of 1914, the amount of temporary loans negotiated greatly diminished, indicating that resort to temporary borrowing was not found necessary to the same extent as a year ago. As a matter of fact, however, practically the entire difference is due to the diminished temporary borrowing of New York City, which in the ten months of 1915 placed only \$147,870,700 of temporary loans, against \$293,542,014 in the ten months of 1914. It will be recalled that New York City in the autumn of 1914, when the disorganization of the investment market was at its acutest point, was obliged to place 100 million dollars of 1 to 3-year obligations at an interest rate of 6% per annum. It is proper to say that of the \$71,000,000 long-term bonds floated in June the present year, no less than \$57,000,000 was to take up a corresponding amount of these 6% obligations of last year.

#### United States History. Debt Its and

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, first, the details as they stood at the close of the last fiscal year ending June 30 1915; second, the changes in those details since June 30 1915 down to Nov. 1 1915; third, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1878; fourth, we publish in the "Chronicle" every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

"CERTIFICATES OF INDEBTEDNESS" OF 1908, Authorized by Act of June 13 1898. \$15,436,500 of the certificates were issued in denominations of \$50, payable to bearer; dated Nov. 20 1907; interest at the rate of 5% per annum, payable with the principal sum on and after Nov. 20 1908, on presentation of the certificates for redemption. For details, "Chromide," Nov. 23 1907, page 1311—the certificates have all been retired.

In April 1895 we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1878, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of Orsober. For which the total is of that date, and is exclusive of interest charge or Pacific Railway bonds.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund as a separate trem, and not included it in the available cash balance. In the above statement, however, we have continued to include the item so as not to embarrass comparison with previous years. Total cash Nov. I includes disbursing officers' balances (about \$60,000,000), which it was the former practice to deduct in arriving at the net cash and the not dobt.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own. In the following we bring together the details respecting the issues to the Pacific railroads, giving likewise in the statement the lebt already paid and the balance due to the Government. DEBT LIMITATIONS.—STATE.—The debt of the State is now limited by Secs. 14 and 17, Article 9, of the State constitution. Sec. 17 and the words italicized below in Section 14 were added by an amendment adopted in Sept. 1912. V. 95, p. 765.

SECTION 14. The credit of the State shall not be directly or indirectly loaned in any case. The Legislature shall not create any debt or debts, ilability or liabilities, on behalf of the State, which shall singly or in the aggregate, with previous debts and liabilities hereafter incurred, at any one time exceed \$300,000 except for the purposes of building and maintaining State highways, to suppress insurrection, to repel invasion, or for purposes of war; but this amendment shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States, or to any fund which the State shall hold in trust for any Indian tribe.

SECTION 17. The Legislature may authorize the issuing of bonds not axceeding two million dollars in amount at any one time, payable within forty-one years, at a rate of interest not exceeding four per centum per annum, payable semi-annually, which bonds or their proceeds shall be devoted solely to the building and maintaining of State highways; provided, however, that bonds issued and outstanding under the authority of this section shall never, in the aggregate, exceed two million dollars; the expenditure of said money to be divided equitably among the several counties of the State.

MUNICIPAL.—At an election held Sept. 11 1911 the voters adopted an amendment to Article XXII. of the constitution increasing the debt limit of cities of 49.000 or more (which concerns Portland alone) from 5% to 7.5%% of the assessed valuation. We print Article XXII. below, italicizing the part added and placing in brackets the words eliminated.

the part added and placing in brackets the words eliminated.

Article XXII. Limitation of Municipal Indebtedness. No city or nown having less than forty housand inhabitants, according to the last Census taken by the United States, shall hereafter create any debt or ilability which, singly or in the aggregate, with previous debts or liabilities, shall exceed five per centum of the last regular valuation of said city or town, provided, however, that cities having a population of forty thousand or more, according to the last Census taken by the United States, may create a debt or itability which, singly or in the aggregate, with previous debts or liabilities, shall exact seven and one-half per centum of the last regular valuation of said city, that cities of forty thousand inhabitants or over may, by a vote of their city government, increase the present rate of five per centum by one-fourth of one per centum in any one municipal year, until, in not less than ten years, the maximum rate of seven and one-half per centum is reached, that any city failing to take the increase in any one municipal year, then the increase for intulyear is lost and no increase can be made until the next year, as provided aboves; and provided, further, that the adoption of this Article shall not be construed as applying to any fund received in trust by the said city or town, nor to any loss for the purpose of renewing existing loans or for war; or to temporary loans to be paid out of money raised by taxation during the year in which they were fared made.

EXEMPT FROM TAXATION.—The Lexislature of 1909 approved

EXEMPT FROM TAXATION.—The Legislature of 1909 approved an Act exempting from taxation all bonds issued after Feb. 1 1909 by the State or any country municipality, village, corporation or water district therein. Banks and trust companies holding such securities are allowed to deduct the same from the assessment of their shares. See V. 88, p. 1451, for Act in Inii.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Sections 23 to 26, inclusive, of Chapter 48 of the Revised Statutes of 1963. At the 1915 session the law was amended by adding clause h to Suddivision 3d of Section 23 authorizing investment in bonds of certain bridge companies. Clause f of Subdivision 6th of Sec. 23 was also amended so that the stock of a corporation (other than railroad and water companies) which sells its property to a voluntary association to carry on the same business may continue as a legal investment.

SECTION 23. Savings banks and institutions for savings are restricted to and hereafter may invest their deposits as follows:

First, a. In the public funds of the United States and District of Columbia. b. In the public funds of any of the New England States and of the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington.

Second, a. In the bonds of the counties, cities and towns of any of the New England States.

New England States.

b. In the bonds of cities and districts in the States of New York, Pennsylvania, Maryland, Ohlo, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, having a population of seventy-five thousand or more, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein.

c. In the bonds of counties of twenty thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohlo, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Kansas, Nebraska, California, Oregon and Washington, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein, except when issued in aid of railroads, proxided, that the net municipal indebtedness of such county does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

d. In the bonds of any city of ten thousand inhabitants or more in the

of such county does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

d. In the bonds of any city of ten thousand inhabitants or more in the States of New York, Pennsylvania, Maryland, Ohio, Indiana, Kentucky, Michigan, Wisconsin, Minnesota, Iowa, Illinois, Missouri, Ransas, Nebraska, California, Oregon and Washington, when issued for municipal purposes, and which are a direct obligation on all the taxable property therein except when issued in ald of railroads, provided that the net municipal indebtedness of such city does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

e. In the refunding bonds of counties and cities above enumerated issued to take up at maturity bonds which were legal and constitutional when issued, provided that the interest has been fully paid on such original bonds for at least five years last prior to such refunding; provided, further, that such counties and cities can otherwise meet the foregoing conditions.

f. Treasurer (term expires (Jan. 1917) \_\_\_\_\_J. W. Plummer LEGISLATURE meets blennially in odd years on the first Wednesday in January, and length of session is not limited.

HISTORY OF DEBT.—New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were tssued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at \$4,169,816, contracted exclusively for war purposes. June I 1869 the total outstanding was \$3,213,962.22, against which the Treasurer reported an asset of \$77,082.89. The State debt at the present time is as follows:

TAXATION OF MUNICIPAL BONDS.—Chap. 55 of the Laws of 1907 provides that any city, town, precinct or village district may exempt from taxation any future issue of its bonds, provided such exemption shall apply only to bonds owned and held by citizens of said city, town, precinct or village district. State bonds are subject to taxation unless exempted by the terms of the Act under which they are issued.

In 1913 the privilege of exemption was extended by Chapter 51 of the Acts for that year to future bond issues by school districts when held by residents. Another Act of 1913 (Chapter 112) exempts from taxation all the bonds or notes of the State or any of its minor civil divisions bearing not exceeding 5% interest.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND DESTRICT.

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The savings bank investment laws of New Hampshire were completely revised and materially altered in many respects at the Legislative session of 1901. The new law was approved by the Governor March 22 1901 and went into effect on its passage. Further amendments were made at the Legislature sessions of 1907, 1909 and 1915. The law now reads as follows:

AN ACT TO REGULATE AND LIMIT THE INVESTMENTS OF SAVINGS BANKS.

Be it enacted by the Senate and House of Representatives in General Court convened.

Be it enacted by the Senate and House of Representatives in General Court concened.

DEBT, RESOURCES, &c.

Admitted as a State (Act Feb. 18 1791) March 4 1791
State Capital Governor (for 

LEGISLATURE had been meeting blennially since 1870 in even years, the first Wednesday in October. On March 4 1913 an amendment was adopted providing for the convening of the Legislature in odd years on the first Mednesday after the first Monday in January. V. 96, p. 810. Length of session is not limited.

State Treasurer's booles.

INTEREST is payable at the State Treasury.

Interest is payable at the State Treasury.

In the 1915 session of the Legislature the State Treasurer was authorized to issue on July 1 1915, to the Trustees of the Permanent School Fund, certificates of registered loans of this State to the amount of \$234,900.34 certificates of registered loans of this State to the amount of \$234,900.34 redeemable in 1925 on which the interest must be 4% annually on July 1 to the Trustees of the Permanent School Fund.

ASSESSED VALUATION AND TAX RATE.—In addition to the valuations below, the State assessed (1914) \$100,707,681 deposits in savings banks, national banks and trust companies at the rate of 7-10 of 1%; also appraised the value of railroad property at \$47.767,600, such property paying a tax of 1½% on valuation.

There was no direct tax for State purposes levied in either 1903, '04, '05, '05, '07, '08, '09, '10 or '11. In 1912 the Legislature levied a direct tax of 10 cents on the dollar of the grand list (\$10 per \$1,000 of assessed value), one-half payable Nov. 10 1913 and one-half June 10 1914. The 1915 Legislature levied a direct tax of 5 cents on the dollar of the grand list for the year 1916, no tax being levied for the year 1917. A tax of \$13 per \$1,000, however, consisting of a State school tax of \$8 and a State highway tax of \$5, was collected and re-distributed to towns on a basis of the number of schools and road mileage, the State, for the sake of equalizing is distributed, acting as agent in the matter, Prior to 1902 this tax was \$10 per \$1,000. The Legislature of 1915 increased the State school tax from \$8 to \$10, but this change does not take effect until the assessment of 1916.

DEBT LIMITATIONS.—There appears to be nothing in the coastitution

DEBT LIMITATIONS.—There appears to be nothing in the constitution providing for a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. The laws relating to municipal debt limitation which have been passed by the Legislature from time to time are contained in Sections 3556, 3557, 3558, 3574 and 3575. Chapter 157, of the Revised Statutes of 1906. Section 3556, embodying a law passed in 1904, prohibits a municipality, unless otherwise provided in its charter, from borrowing, except for refunding purposes, an amount in excess of five times its grand list as last taken. An additional amount, not exceeding five times its grand list, may be borrowed, providing the loan is approved by a two-thirds vote. The next section (3557), covering laws passed in 1904 sewer or electric lights, and temporary loans, may be eliminated. The two sections follow:

SECTION 3556. No municipal except the containing the debt init, loans created for water supply.

sewer or electric lights, and temporary loans, may be eliminated. The two sections follow:

SECTION 3556. No municipal corporation shall create an indebtedness, unless to refund outstanding bonds or orders, to an amount exceeding five times its grand list last taken; provided, that it may, by a two-thirds vote by ballot of the voters present and voting at a meeting called for that purpose, increase such indebtedness an additional amount not exceeding five times such grand list. And no municipal corporation shall create an indebtedness to an amount exceeding 10% of its grand list laken, unless there is present and enting at a meeting called for that purpose at least 25% of the legal colors of such municipal corporation, as determined by the check list, and, in the absence thereof, by the moderator. Bonds or obligations given or created in excess of the limit antiborized by this section and contrary to its provisions shall be void.

[Words given above in italies added by Legislature in 1915.]

SECTION 3557. In determining the amount of municipal indebtedness permitted by the preceding section, obligations created for current expenses, for a water supply, sewers or electric lights, and temporary loans created anticipation of the collection of taxes and necessary for meeting current expenses, shall not be taken into account; provided, that no such temporary loan shall be extended beyond the fiscal year for which it is made and shall not exceed in amount 90% of the amount of taxes levied for such year, nor shall the provisions of this and the preceding section apply when the charter of a municipal corporation limits its indebtedness,

[Words given above in italies added by Legislature in 1915.]

Section 3558 covers laws passed in 1872 and relates to railroad subscriptions by towns:

tions by towns:

tions by towns:

SECTION 355S. A town may aid in the construction of a railroad organized under the general law, by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs; but the liability so assumed shall not exceed eight times the grand list of the town. Such aid shall be given as provided in this chapter.

The other sections referred to (Sections 3574 and 3575) cunbrace a law passed in 1892, and allow towns or villages, not already bonded to an amount exceeding five times the grand list, to borrow an amount not exceeding three times the grand list for highway improvement. The two sections read as follows:

follows:

SECTION 3574. A town or incorporated village may issue bonds to an amount not exceeding three times its grand list for the purpose of purchasing road-making apparatus and for building permanent highways within the limits of such town or village

SECTION 3575. Such town or incorporated village may vete to issue such bonds at a meeting of the corporation, duly warned for that purpose, by a two-thirds majority of all the votes cast, and may stipulate in such

vote by whom and in what manner the proceeds of such bonds shall be expended; but no town or incorporated village shall issue such bonds if it is already bonded to an amount exceeding five times its grand ilst.

It will be noticed that the preceding sections refer in each instance to the "grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done, the "grand list" is made up by taking 1% of that amount, according to Section 494, Chapter 30, of the Revised Statutes of 1006, which is as follows: "All real and personal estate shall, except as otherwise provided, be set in the list at 1% of its value in money on the first day of April of the year of its appraisal."

The only other general authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes. The sections which grant these powers are Sections 3567 to 3573 incitisive, Chapter 157 of the Revised Statutes of 1906. Section 3567 is as follows:

Inclusive, Chapter 157 of the Revised Statutes of 1906. Section 3567 is as follows:

SECTION 3567. A town which has outstanding and unpaid orders, notes, bonds or coupons lawfully issued, may issue other negotiable notes or bonds to pay or retire the same.

SECTIONS 3568 to 3573, inclusive, give the method of issuing such bonds. By Section 3572 municipal corporations other than towns have the same refunding powers granted them that are conferred upon towns.

EXEMPTION FROM TAXATION.—Subdivision XII. of Section 496 of the Public Statutes of 1906, as amended by Act 23 of the Laws of 1908, provides that the following municipal securities shall be tax-exempt: XII. Notes, bonds or orders issued after Peb. 1 1907 as evidences of obligations for money loaned to a town, village, incorporated school or fire district, at a rate of interest not exceeding 4% per annum, for the purpose of constructing, purchasing, or repairing water, sewer,or lighting systems, permanent highways, bridges, walks or public buildings, or for the purpose of refunding a debt contracted for any of the foregoing purposes.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—By Act No. 158 of the Vermont Legislature, approved Jan. 27 1911. Sections 4515 to 4592, inclusive, of the Public Statutes of 1906, relating to savings banks and trust companies, were completely revised. Many material changes were made in that part of the law concerning investments by savings banks, an entirely new section having been added which allows livestments is given in full on pages 12 and 13 of the "State and City Section" for Nov. 1914. No changes were made in this section at the 1915 session of the Legislature.

The latest list of railroad bonds which are considered legal investments for savings banks was issued by the Bank Commissioner on March 1 1915. This list was printed in full in the "Chronicle" of Sept. 18, 1915, page 957.

The above debt is of two classes: the Direct Debt, for the payment of which the Commonwealth is directly and entirely responsible; and the Nominal or Centingent Debt, for which the Commonwealth has found its redit to sundry clies and towns for various purposes, the payment of which is guaranteed by sinking funds (sufficient to pay the debt at maturity) provided by a direct annual tax on the cities and towns for which the debt has been incurred. On Dec. 1 1914 these classes and the sinking funds applicable thereto were as follows:

Direct Debt. Nominal Debt. Grand Total.

The larger portion of the State's revenue is derived from corporations, national bank stocks, savings bank and inheritance taxes. In 1914 the tax assessed aggregated \$15,337,920.09, of which \$7,813,954.61 accross to the Commonwealth and the balance is apportioned to cities and towns. Of the total of \$15,537,920.09, \$962,809.49 was assessed upon street railway companies, \$2,984,287,37 upon other public service corporations, \$4,031,548.50 upon domestic business corporations, \$1,857,664.82 national banks and \$2,222,702.44 inheritances.

CONDEMNATION OF PRIVATE PROPERTY ADJACENT TO IMPROVEMENTS.—An amendment adopted November 7 1911 adds
the following to Article 10 of part 1 of the constitution. The Legislature may by special Acts, for the purpose of laying out, wideling or relocating highways or streets, authorize the taking in fee by the Commonwealth, or by a county, city or town, of more land and property than are
needed for the actual construction of such highway or street; provided
however, that the land and property authorizes to be taken are specified
in the Act and are no more in extent than would be sufficient for suitable
building lots on both sides of such highway or street; and after so much of
the land or property has been appropriated for such highway or street; as
needed therefor, may authorize the sale of the remainder for value with or
without sultable restrictions. See V. 93, p. 1547.

DEBT LIMITATIONS.—There seems to be no provision in the constitution of Massachusetts limiting the power of the Legislature to create
State indebtedness, or limiting its power to authorize municipal indebtedness. Statutes general and special have, however, been passed on this
subject with respect to chies and towns.

The tatest legislation resarding the matter is known as Chapter 719 of the
Laws of 1913, approved May 26 1913. The limit of indebtedness for cities
and towns (excepting Boston) is fixed by Sections 6 and 12 of this law.
These sections follow:

Section 6. Cities and towns may incur debt, vusside the limit of indebtedness prescribed in this Act, for the following purposes and payable within
the periods bereinarter specified:

(1) For temporary loans under the provisions of Sections 3, 4 or 9,

Opinion of Automer-General Reparting Legality of N. Y. N. H. & H. RR. Bonds as Sasings Bank Insestments.)—Attorney-General James M. Swift rendered an opinion in Feb. 1911 with reference to the Act passed by

the Legislature in June 1910 to validate bonds and stocks of the New York New Haven & Hartford RR. Co., and for the purpose of determining whether or not the assets were sufficient to show the road a solvent corporation. As stated in V. 92, p. 482, the report of the Commission appointed under the Act referred to was flied with the Legislature on Feb. 17 1911. The Act stated that "nothing herein contained shall authorize the investment by savings banks in the securities aforesald unless they are otherwise legal investments under the provisions of Chapter 590, Acts of 1809," and the Attorney-General finds that "no matter what the finding of the Commission appointed under the Act with reference to assets and liabilities was, it would not in and of itself make any change in the standing of securities for savings bank investments." STATE AND MUNICIPAL INDEBTEDNESS LIMITATIONS.—Under Section 13, Article 1V of the State constitution, the General Assembly has no power to facur State debt to an amount exceeding \$50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to niedge the faith of the State for the payment of obligations of others without the approval of the people. In reference to city debts, there is nothing in the constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 8, Chapter 45 (page 221) of the Revised Statutes of the State of 1909. Since 1878 these provisions have been in force, and consequently 3% of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20.—The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tener thereof, and all public works now authorized to be prosecuted shall be prosecuted and all indebtedness now authorized to be prosecuted shall be prosecuted and all indebtedness now authorized to be incurred on account thereof may be incurred. SECTION 21.—"No town shall, without special statiory authority therefor, there any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight; but the giving of a new note or bond for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

TAXATION OF BONDS.—Bonds or notes of the State are not subject to taxation. Loans of municipalities, we were advised Dec. 12 1911 by J. F. Parker, Sec. of S

DEBT LIMITATION.—The constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality shall ever subscribe to the capital stock of any failroad corporation, or become the purchaser of the bonds, or make donation to, or local its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construct to prohibit the General Assembly from authorizing any town or city to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes: whatever restrictions have been made from time to time are contained in enabling Acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to Section 1931, Chapter 121, of the Revised Statutes of 1962, "when any town shall have made appropriations or incurred debts, or shall hereafter make appropriations or incur debts.

TAX EXEMPTION.—The following securities are exempt from all State and local taxation against the owner. #### CITIES COUNTIES AND TOWNS IN THE

#### STATE OF CONNECTICUT.

STATE OF CONNECTICUT.

NOTE.—For dests of minor civil distatons not found among the statements given below, see "Additional Statements" at the end of this State.

The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 168. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is elevied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. Many towns and cities however, whose limits were about identical, have been consolidated (including Stratford, Bridgeport, New Britain, New London and New Haven), and the outstanding bonds of both town and city are reported together without distinction.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city, it is necessary to take into school of the town the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for, though distinct corporations, their debts are to greater or less extent the debts of a single community.

POPULATION OF STATE.—New York ranks first in population among the States of the Union. The following gives the U. S. Census agures, except 1908 returns, which were compiled under State supervision:

1910. 9.113.614 1890. \*6.003.174 1850. 3.997.394 1810. ... 959.049 1905. \$.067.308 1880. -5.982.871 1840. 2.428.921 1800. ... 589.051 1900. -7.268.894 1870. -4.382.759 1830. -1.918.608 1790. ... 340.120 1860. 3.880.735 1820. 1.372.812 \*\*

\*Includes population (5.321) of Indian reservations, specially enumerated.

\*CANASERAGA CREEK IMPROVEMENT BONDS.—On July 1 1910 the State Water Supply Commission sold under authority of Chap. 54. Consolidated Laws of 1909, and on behalf of the Canaseraga Creek, Improvement District in Livingston County, \$200.000 5% bonds, due \$5.000 yearly from 1915 to 1954, incl. V. 91, p. 110. These bonds are payable by assessment upon the lands and properties in such improvement district. CONSTITUTIONAL AMENDMENT CHANGING CLASSIFICATION OF CITIES.—At the Nov. 1907 election an amendment to Sec. 2 of Art. 12 of the constitution was adopted by a vote of 309,169 "for" to 123.919 "against." This amendment alters Sec. 2 by changing the population of cities of the first class from "50,000 or more" to "175,000 or more," and cities of the second class from "50,000 or more" to "175,000 or more," and cities of the second class from "50,000 or more "to "175,000 or more," and cities of the second class from "50,000 or more "to "175,000 or more," and cities of the second class from "50,000 or more "to "175,000 or more," and cities of the second class from "50,000 or more," to "175,000 or more," and cities of the second class from "50,000 or more," to "175,000 or more," and cities of the second class from "50,000 or more," to "175,000 or more," and cities of the second class from "50,000 or more," to "175,000 or more," and cities of the second class from "50,000 or more," to "1

law restricting the power of the Legislature over the issue of debt under the Constitution of 1894 are contained in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given — SECTION 1. The credit of the State shall not nany manner be given or loaned to or in sid of any individual, association or corporation.

State debts—power to contract.—SEC 2. The State may, to meet casual dedicts or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly on in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted and to no other purpose whatever.

State debts to repel invasions.—SEC 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which the was raised, or to repay such debts, and to no other purpose for which the was raised, or to repay such debts, and to no other purpose for which it was raised, or to repay such debts, and to no other purpose for which the was raised, or to repay such debts, and to no other purpose for which it was raised, or to repay and three of this article, no debts shall be earthorized by a law, for some single work or object, to be distinctly specified in sections two and three of this article, no debts shall be authorized by a law, for some single work or object, to be distinctly specified the fall and shall be well as the fall suc, and also to pay and discharge the principal of such debt within aftry years from the time of the contracting thereof. By the terms of the foregoing section, Paragraph (1), every "County, City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in "incurring any indebtedness except for County, City, Town or Village purposes " Most of the other paragraphs include only counties and cities.

In May 1886 the New York Court of Apneals decided at the end of a littgation begun in July 1885 that the sinking hand was not a part of the city debt within the meaning of the above provision of the constitution limiting the creation of debt to 10% of the assessed valuation of the real estate.

Towns and villages are not limited in their debt-making power by the constitution. Those municipalities are governed by general or special statues.

The 1895 Legislature passed an Act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the "Chronicle" of June 8 1895. V. 60. p. 1023. HOME RULE BILL.—On April 10 1913 a bill was signed (given in full in V. 96, p.1108), conferring on all cities full powers of local self-government.

HOME RULE BILL.—On April 10 1913 a bill was signed (given in full in V. 96, p.1108), conferring on all clies full powers of local self-government.

BILL PERMITTING LEGALIZING OF MUNICIPAL BONDS BY SUPREME COURT.—The 1911 Legislature passed a bill amending the general municipal law by providing that proceedings heretofore or hereafter taken by municipal corporations in relation to bond issues, pursuant to statute authorizing such procedure, may be legalized and confirmed by the Supreme Court instead of requiring legislative enactments. This bill was given in full in V. 93, p. 1619. See also V. 94, p. 316. The Appellate Division of the Supreme Court at the July 1913 term declared the Act to be constitutional. V. 97, p. 211.

EXEMPTION FROM TAXATION.—Sec. S. Article Two, Chapter 24-Consol. Laws of 1909 (p. 403) provides that "all bonds of a municipal corporation, until payable, shall be exempt from taxation for town, county, municipal or State purposes." Chapter 24 here mentioned provides that the term 'municipal corporation' as used in this chapter includes only a county, town, city and village. "This differs from the definition given in the General Corporation Law (Chapter 23, Consolidated Laws of 1909) whilch in Section 3 of Article I says that "A 'municipal corporation' includes a county, town, school district, village and city and any other territorial division of the State established by law with powers of local government."

TAX ON SECURED DEBTS.—In July 1911 the Legislature passed a bill providing for a tax of 16 of 1% on bonds and other obligations secured by property located outside the State (and also on unsecured debt.) and for exemption of the same from the annual tax on personal property. The 1915 Legislature suspended the operation of he law referred to until May 1 1915 and also passed a bill increasing the registration fee on secured debts was also extended so as to include such proportion of a bond, &c. secured by mortgage or deed of trust recorded in the State of New York, and covering also prope

and covering also property outside the State, as the value of the property. The law as it now stands will be found in the "Chronicle" of May 1 1915, page 1470.

TAXATION OF MORTGAGES.—Mortgages now are not subject to taxation of any kind, the only charge being a recording tax of ½ of 1%. If or opinion of Attorney-General on attempt to evade this tax, see V. 95. p. 93.) A bill was passed at the 1913 session but vetoed by the Governor, extending the mortgage recording tax law so that this tax could be paid upon the full value of mortgages when part of the real property was outside the State; and exempting to their full value bonds secured by such mortgage.

CONDEMNATION OF PRIVATE PROPERTY FOR PUBLIC USE.—In Nov. 1911 a proposed constitutional amendment relating to the taking of private property for public use was defeated. V. 93, p. 1679. A similar amendment permitting municipalities to condemn property in excess of the amount actually needed for public parks and streets was ratified at the general election in Nov. 1913 (V. 97. p. 1837).

TAX 1.AW RELATIVE TO INVESTMENTS IN STATE BONDS BY SAVINGS BANKS, TRUST COMPANIES AND INSURANCE COMPANIES.—Section 190 of the Tax Law (Chapter 60, Consolidated Laws) provides that every corporation, company or association required by Section 187, 188 or 189 of this Chapter, to pay to the State an annual tax equal to a percentage of its gross premiums, capital stock, surplus, undivided profits or undivided earnings for the privilege of exercising its corporate franchise, or carrying on its business in such corporation, company or association. Tequired by apply upon or in lieu of the payment of such such such corporation, company or association. The text of this bull was given in V. 84, p. 1216.

At the 1913 session a law was passed proposing to increase the credit to 1½ of 1½ of

to the following restrictions:

1. The stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia. The State Altorney-General ruled that this sub-division does not authorize savings banks to invest in the land purchase bonds of the Philippine Islands. V. 78, p. 298.1

2. The stocks or bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of the State.

2. The stocks or bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of the State.

3. The stocks, bonds or interest-bearing obligations of any State of the United States upon which there is no default and upon which there has been no default for more than 90 days, provided that within 10 years immediately preceding the investment such State has not been in default for more than 90 days in the payment of any part, principal or interest, of any debt duly authorized by the Legislature of such State to be contracted by such State since Jan. 1 1878.

[On July 24 1909 the Attorney-General rendered an opinion to the effect that bonds of the State of Oklahoma are legal investments for savings banks under the terms of this sub-division. The right of the banks to invest in these bonds was questioned for the reason that Oklahoma had not existed as a State for ten years. The Attorney-General, however, was of the opinion that this does not prevent its bonds from fulfilling the requirements of the law so long as there has been no default within ten years on any of the obligations. V. 89, p. 298.

[On Aug. 11 1909 the Attorney-General held that Port Commission 5% bonds of the State of Louisiana "maturing at any time between July 1 1924 and July 1 1959" were not legal investments for New York State savings banks. The Attorney-General mentioned as a ground of objection to the Port Commission bonds that they are not a direct obligation of the State authorities, for on Oct. 23 1911, B. P. Goodwin, Assistant Attorney-General for the Post Offics Department, rendered an opinion holding that the bonds referred to are an obligation of the State of Louisiana, and in accordance with this advice Lee McClung, Treasurer of the United States, on

In determining the amount of the assets of any savings bank under the provisions of this subdivision, its securities shall be estimated in the manner prescribed for determining the per centum of par value surplus by Section 257 of this article. Street railroad corporations shall not oe considered railroad corporations within the meaning of this subdivision.

The last two sub-divisions (8 and 9) of Section 239 relate to promissory notes and real estate in which investments may be made.

SUPERINTENDENT MUST FURNISH SAVINGS BANKS LIST OF LEGAL INVESTMENTS,—Section 22 of Article II of the General Banking Law reads as follows:

On or before the first day of January, 1915, and on or before the first day of January in each and every year threeafter, the Superintendent of Banks shall mall to each savings bank in the State a list containing the names of States and municipalities, the bonds of which, in his judgment, if legally issued and properly executed, conform to the requirements of Section 239 of this Chapter, and also as complete a list as is practicable of railroad bonds which, in his judgment, if legally issued and properly executed, conform to the requirements of Section 239 of this Chapter, and also as complete a list as is practicable of railroad bonds which, in his judgment, if legally issued and properly executed, conform to the provisions of said Section.

In the preparation of such list he may employ such expert assistance as he deems proper and apportion the expense thereof among the savings banks of the State, or he may rely upon information contained in publications which he may deem authorisative in reference to such matters. He shall be in no way liable for the omission from such list of the name of any State or municipality the bonds of which conforms to the provision of said Section, or of any railroad bond which conforms to the provision of said Section, or of any railroad bond which does not conform to the provisions of said Section, or of any railroad bond which does not conform to the pro

WEST SENECA.  This town is in Eric Co. Incorp. 1851. The decrease in the valuation for 1909 was caused by a division of the town, cutting off the city of Lackawanna. While the bonds be- low are considered a lien upon the whole town, the referee appointed to apportion the debts has decided that they are to be paid by the city of Lackawanna, the sewer having been built in that city. # State of New Jersey.

DEBT, RESOURCES, ETC.

Admitted as a State\_\_\_\_One of Original Thirteen State Capital .. Gov. (term exp. Mon. bef. 3d Tues., Jan. '17) James F. Fielder Secretary of State (term exp. Apl. 1 '20) \_\_Thos. F. Martin Treasurer (term expires Mar. 1 1916)\_\_Edward E. Grosscup Comptroller (term expires Feb. 20 1917) ... Edw. I. Edwards

LEGISLATURE meets annually the second Tuesday of January, and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The constitution of 1844 forbade the creation of a State debt exceeding one hundred thousand dollars except for purposes of war, &c. This exception, under which it was allowable to exceed the hundred-thousand-dollar limit, became operative on the occasion of the breaking out of the Civil War. Quite a debt was created at that period. The last of these war bonds was retired on Jan. 1 1002.

TOTAL DEBT .- With the exception of \$116,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13 1895, the State is now clear from debt, and has been since Jan. 1 1902. At previous dates the debt was:

Nov. 1		
Nov. 1		1866

On Nov. 1 1914 the cash balance on hand in the State Fund was \$1.085,-605 61; this fund also held on the same date 1,887 shares (par value \$188,-700) of the stock of the Delaware & Raritan Canal and Camden & Amboy RR. & Transportation companies, the market value of which amounts to about \$450,000. The State School Fund on Nov. 1 1914 held securities to the amount of \$5,850,527 09; cash balance on hand for investment. \$59,227.45

ASSESSED VALUATION.—The assessed valuation for a series of years has been as below. Under new tax laws the assessment beginning with 1906 has been at surposes full value—a much higher basis than formerly.

In addition to the above, valuation of railroad and canal property in 1900 was \$219.656.014, in 1902 \$223.486.392, in 1903 \$227.195.115, in 1904 \$231.655.525, in 1905 \$236.720.371, in 1906 \$194.532.459, in 1907 \$200.745.173, in 1908 \$272.182.490, in 1909 \$279.059.611, in 1919 \$286.546.453 and in 1911 \$284.542.181. The values of railroad and canal property from 1906 to 1911 incl. do not include 2d class RR, property, the latter being given in the totals shown above for those years. No general tax is imposed in New Jersey, the State deriving its revenue from other sources.

DEBT LIMITATIONS.—The provisions of law limiting and regulating the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply.

(1) THE STATE is restricted as to its debt-making power by the State constitution. In Article IV. Section VI. paragraphs 3 and 4 the whole subject is disposed of. The third paragraph forbids a loan of the State's credit and the fourth paragraph forbids a loan of the State's credit and the fourth paragraph forbids the creation of debt. These provisions are as follows:

3. The gradit of the State of the S

3. The credit of the State shall not be directly or indirectly loaned in any

case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State which shall singly or in the aggregate, with any previous debts or liabilities, at any time exceed one hundred thousand dollars, except for purposes of war, or to repel luvasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt

bither hand, it could be accepted by villages and townships. This doubt was set at rest by an amendment adopted by the Legislature at the session cable to cities, towns, townships, boroughs, villages and municipallities governed by boards of commissioners and improvement commissions, and to these only, so that it is now clear that counties and school districts are not affected. The Act was further amended and supplemented by P. L. 1913, pp. 197, 333 (permitting boads to be issued without an election, 1975, pp. 170 (providing for preferential voiting) and 253 (granting home rule), pp. 170 (providing for preferential voiting) and 253 (granting home rule), and P. L. 1915, pp. 92, 145 (validating elections for adoption of Act), 40, 622 (providing for recall). Of the larger municipalities in New Jessey, the cities of Trenton, Passaic, Altantic City, Jersey City, Long Branch, Hobokon and Bayonne, have accepted the Walsh Act, and while submitted to the oviess of a number of other cities, such as Camden, Paterson, Elizadia the net bonded debt of cities accepting it to 10% of the assessed valuation of report y therein, unless authorized by the voters at a special election. The amendment of 1912 provides that such net bonded debt shall be determined by deducting from the gross bonded debt all water bonds, cash and investments held in sinking funds, and all bonds the payment of which is provided the network of the provided that the payment of which is provided that the contract of the contract of the provided that they should not be subject any laws of the State "except laws applicable to all municipalities of this amendment of the state "except laws applicable to all municipalities of the same and provided that they should not be subject any laws of the State "except laws applicable to all municipalities of the same and provided that they should not be subject to any laws of the State "except laws applicable to all municipalities of the same and provided that they should not be subject of any laws of the

SALE OF BONDS.—By the Act of Apr. 9th 1910, P. L. 1910, p. 347, Comp. Stat of 1910, p. 3685, all municipal bonds must be sold for not less than par at public sale on ten days' notice, unless the statute under which they are issued expressly authorizes private sale. By an amendment to this Act, passed in 1911 (P. L. 1911, p. 218), the notice must be given by two insertions in a local paper, and private sale to the sinking fund is allowed. The School Law of 1903 and the Borough Law of 1897 expressly authorize private sale, as does the Grade Crossing Act of April 1 1912 and the County Funding Act of the same date which last Act authorizes the funding of floating debt of counties existing Jan. 1 1912. A supplement to the School Law, P. L. 1911, p. 514, prohibits the issuance of school bonds except after public sale on ten days' notice, unless previously offered to and rejected by the School Fund. This Act also requires all School Bonds to be signed, sealed, delivered and paid for in the State of New Jersey, such payment to be made by cash or certified check to the order of the custodian of school moneys, who is the Treasurer of the city, town, township or borough, as the case may be.

TAX EXEMPTION.—By Sec. 3 of the General Tax Act of 1903, Comp-Stat. of 1910, p. 5075, bonds and other securities of the United States and of the State of New Jersey or any Country, taxing district or school district of the State are exempt from taxation. This makes all New Jersey municipal bonds tax-exempt in that State.

LIMITATION OF TAX RATE.—Chap. 118, Laws of 1905, limiting the

LIMITATION OF TAX RATE.—Chap. 116. Laws of 1906, limiting the tax rate, was repealed by Chapter 9. Laws of 1914.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. In 1913 the law was further amended to permit investment in certain bonds secured by first mortzage on terminal or dock property. See V. 96, p. 1169. We give below in full the investment sections of the new law.

sections of the new law.

VI. DEPOSITS—HOW INVESTED.

SECTION 33. No savings bank shall invest the moneys deposited with the same in any manner except as follows, to wit:

I. In stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereot.

II. In the interest-bearing bonds of this State; or in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State, by virtue of any law of this State:

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank, defaulted in the payment of any part of either principal or interest in any debt authorized by any law of such State to be contracted.

IV. RAHWAY.

This city, of Union County, was declared bankrupt in 1882, and a compromise of the debt, exclusive of the water debt (1855,000), was forth-with agreed to with most of the leading creditors at 35 cents on the dollar, the debt, exclusive of water debt, then amounting to about \$1,200,000. This settlement was completed in 1894, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4%, an agreement having been made in 1890 by which all accrued interest at 7% was adjusted at the 35% rate. Interest on these water bonds is also now promptly paid. Incorporated 1858. Commission government defeated Sept 26 1911 and again Sept. 9 1913.

A member of the Dept. of Internal Affairs in a letter addressed to us under date of June 2 1914 suggests the following reasons for the great increase in assessed values in 1913:

1. There has been a general movement for increase in assessments for taxation purposes of all coal lands in the State. Coal in place has been tremendously increased in assessments in many counties of the State.

2. The constitution of our State restricts the borrowing possibility of ties to? &. Recently many of the cities have been close to the limit of the borrowing capacity and have been compelled to increase assessed values trey largely. It has been easy to do this as the rule for assessment of real estate throughout the State has been, very generally, to assess real estate at but 50% to 60% of its real value.

DEBT LIMITATION.—In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the claims of the State, and to the indebtedness of the claims of the State, and to the indebtedness of the claims of the State, and to the indebtedness of the claims of the State, is fixed by the State constitution.

1. State Indebtedness.—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the constitution, and are as follows:

ARTICLE IX, SEC, 4. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repul invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars.

SECTION 5. All laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified, and no other.

SECTION 6. The credit of the Commonwealth shall not be asset.

and no other.

SECTION 8. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accuraing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and recoveres that hay be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and ourrent expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the shaking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States of of this State.

SECTION 13. The moneys had as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be limited by law to the amount of such moneys, where the same are deposited, and how secured.

how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such unishment shall be disqualification to hold office for a period of not less than ave years.

(2) County and Municipal Indebtainess.—Under the laws of Pennsylvania the power to create county losses is in the Board of County Commissioners, which consists in each county of three persons, elected blennially under the minority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in consents, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE 1X, SEC, 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.

SECTION 8 (as amended Nov. 2 1915—Sec V. 191, p. 1297).—The debt of any county, city, borough, township, school district, or other municipality or incorporated district assessed value of the taxable property therein, any increditability or district incur any new debt, or increase its indebtedness to an amount exceeding two per contain upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law, but any city the debt of which on Jan. 1 1874 exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation.

The city of Philadelphia, upon the conditions herelasticer set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes, to wit. For the construction and improvement of subways, timels, railways, levated railways, and other transit facilities; for the construction and improvement of subways, timels, railways, levated railways, and other transit facilities for the construction and improvement of subways, and other transit facilities for the construction of wharves and docks, owned or to be owned by said city. Such increase, however, stail only be made with the asse

quired by section ten of article nine of the Constitution of Pennsylvania until the expiration of said period of one year after the completion of such work.

SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or towasulp, unless such debt shall have been contracted to enable the State to repel invasion, suppress domestic insurrection, defond itself in time of war, or to assist the State in the discharge of any portion of its present indentedness.

SECTION 10. Any county, township, school district or other municipality lourring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

At the general election in November 1913 the voters approved an amendment which adds Section 15 to Article IX and provides that no obligations issued by any county or municipality, other than Philadelphia, to provide for the construction or acquisition of water-works, subways, underground railways or street railways, or the appurtenances thereof, shall be considered as a debt of a municipality, within the meaning of Section 8 of Article IX, or of this amendment, if the net revenue derived from said property for a period of 5 years, either before or after the acquisition thereof, or, where the same is constructed by the county or municipality, after the completion thereof, shall have been sufficient to pay interest and sinking fund charges during said period upon said obligations, of if the said obligations on municipalities or counties may also issue obligations to provide for the construction of property, as herein provided, said municipalities or counties may also issue obligations to provide for the interest and sinking fund charge accruing thereon until said properties shall have been completed and in operation for a period of one year, and said municipalities and counties shall have been assented to by three-fitties or manificipalities or countie

indebtedness shall have been assented to by three-fifths of the electors voting at a public election.

TAXATION OF MUNICIPAL AND SCHOOL BONDS.—All bonds issued by municipalities, counties and school districts in Penusylvania are subject to a State tax of four mills, which is paid by the place issuing the bonds and deducted from the remittance of interest to the bondholder, unless the bonds are issued as "tax-free," when the municipality itself assumes the tax. See V. 93, p. 359.

SCHOOL CODE.—The school laws of this State were codified in the new School Code approved May 18 1911. One of the important provisions of this law is (Sec. 508) that the Directors of school districts may licur debt and issue bonds "only at the time of assessing and lavying the annual school taxes." Thus school bonds can only be issued at the time of the school tax levy, which must be in April or May.

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Sayings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the time of a like character. The date of the organization was November 21 1816, and the bank was opened for business Dec. 2 1816. The oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1859 a general law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department of Nov. 1914 shows that the total number of savings banks was passed by the Legislature. Still, the report of the Banking Department of Nov. 1914 shows that the total number of savings ba

thorizing the extension for twenty years in special content of the prolowing:

"Provided also, that no \* \* \* Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and framchises, under the provisions of this Act, shall thereafter be allowed and framchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, except upon that mortgage or lien upon real estate within this Commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school district, or any other good and satid securities."

Authority to loan on any "good and valid security" appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

about as broad a discretion upon the management statute,
In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and municipal bonds, notwithstanding any provisions of their charters. The law follows:
CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may, notwith-

standing any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth Issued pursuant to the atthority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are piedged.

It was not until 1889, as aircedy stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or honds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is piedged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

pledged to provide for the payments.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgaces on unincumbered, improved real estate situated in this State.

The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

PITTSBURGH.

E. S. Morrow, Comp.

This city, now iknown as "Greater Pittsburth," is situated in Allegheny County. Legislature of 1905 passed an Act providing for the annexation of Allegheny; on Nov. 18 1907 the U. S. Supreme Court held the law valid (V. 85, p. 1352), and annexation became effective Dec. 9 1907. The boroughs of Sheraden and Montooth were also annexed in 1907. Beechview annexed on Jan. 1 1909. All bonds issued in coupon form with privilege of registration.

On July 3 1915 the State Supreme Court handled down a decision bearing upon the computation of debt subject to the 2% limit on "councilmanic" debt, that is, debt incurred by the City Council without a vote of the electors, as distinguished from "electoral" debt, which is not subject to the 2% limit. See "Chronicle" of Aug. 7 1915, page 465.

## State of Delaware.

ITS

DEBT, RESOURCES, ETC.

Admitted as a State. One of Original Thirteen. Total area of State (square miles)\_\_\_\_\_2,050 State Capital\_ Governor (term expires Jan. 1917).....Charles R. Miller Auditor (term expires Jan. 1917) \_\_\_\_\_Chas. J. Luff

LEGISLATURE meets blennially in odd years on the first Tuesday in January, and pay is limited to 60 days.

HISTORY OF DEBT.—The historical details of Delaware's State debt from 1865 to 1894 will be found in the "State and City Supplement" of April 1894, page 72. The present extent and condition of the debt and resources of the State are given below, showing that Delaware now holds good assets more than equaling its liabilities.

LOANS— When Duscott to the College Experiment of the College Experimen

INTEREST.—On bonds of 1906 is payable at the office of School Fund Trustee; refunding bonds of 1897 at the Philadelphia National Bank in Philadelphia on \$230,000 4s at the Farmers' Bank of Dover, on Hospital and farm-purchase 4s and 10,000 4s at the Farmers' Bank in Wilmington

TOTAL DEBT. &c.—The total liabilities on Jan. 11 1915 were \$\$26,785 The assets on Jan. 11 1915 were \$2.3×6.834 80; assets in excess of liabilities, \$1,560.049 80. The total assets include bank stocks, \$769,622 (market value); mortgages on railroads, \$385.000; bonds, \$321,785; real estate, \$880.000, and cash in treasury, \$30.421.

ASSESSED VALUATION.—The total assessed valuation of the State in 1914 was \$108.439.104. No tax is levied for general State purposes.

DEBT LIMITATION.—Neither the new constitution (adopted June 4 1897) nor the State statutes contains any general provisions authorizing bond issues or limiting the debt-making power, except that the new constitution-

(1) Forbids the State (Article 8, Sec. 3) to borrow money or create debt. "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."

(2) Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lead its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."

(3) Forbids any corporation (Article 9, Sec. 1) to be created, &c., by Special Act. "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," &c.

4

The above indicates that the authority as regards municipalities [except as already specified in number (2) rests with the General Assembly, and the General Assembly always passes Special Acts to provide for special occasions and needs.

INVESTMENT OF TRUST FUNDS.—The provisions of the law governing the investment of trust funds will be found in the "State and City" Section for May 29 1915, page 80.

TAXATION OF BONDS.—Charles S. Richards, Secretary of State, advised us Dec. 18 1911 that "no law has been passed relative to taxation of bonds and notes; therefore they are exempt from taxation."

District of Columbia.
(INCLUDING THE LATE CORPORATION OF WASHINGTON.)

On July 1 1878 the duties of the Sinking Fund Commissioners of the District of Columbia were transferred to the Treasurer of the United States, and since that date Congress has appropriated annually a sum sufficient to pay not only the interest on the District's bonds, but also, it is believed, sufficient to extinguish the entire debt of the District upon the maturity of the 3.65% loan, in 1924. Honds are tax-exempt.

LOANS——Interest ——Principal—Name and Purpose, District of Columbia,

\*The faith of the United States was pledged to secure the payment of the interest on these bonds and to maintain a staking fund sufficient to redeem them all by maturity. The issue was limited to \$15,000,000 and is exempt from taxation by Federal. State or municipal authority. Of the \$15,000,000 bonds authorized, \$14,997,300 were issued, of which \$3,476,300 have been retired to date, leaving \$6,521,000 outstanding. The coupon bonds are for \$50 and \$500 each, the registered bonds \$1,000 and \$5,000 each.

INTEREST on the bonds is paid at the United States Treasury in Wash-ington and at the Sub-Treasury in New York.

COINCIDENTAL TAX AMENDMENT. Section 2 of Article XII., which took effect Jan. 1 1913, requires the taxing authority of any political subdivision of the State proposing to issue bonds to provide at the time the issue of bonds is authorized for levying and collecting annually by taxation an amount sufficient to pay the interest on the bonds proposed to be issued and to provide for their final redemption at maturity. See V. 98, p. 704, for Supreme Court decision concerning this section.

TAXATION OF MUNICIPAL BONDS.—State and municipal bonds issued since Jan. 1 1913 are taxable under Sec. 2 of Article XII of the State constitution. Issues made prior to Jan. 1 1913 are exempt from taxation. A constitutional amendment exempting from baxation municipal bonds issued subsequent to Jan. 1 1916 was defeated Nov. 2 1915.

DEBT LIMITATION.—FIRST. As to the State's power to contract debt, this is regulated under the first five sections of Article 8 of the constitution. We insert these five sections in full.

SECTION 1. (Debt Limited to Seven Hundred and Fifty Thousand Dollars.) The State may contract debts to supply casual deficits or failures in revenue or to meet expenses not otherwise provided for; but the aggregate amount of such debts shall be applied to the purpose for which it was obtained or to repay the debts so applied to the purpose for which it was obtained or to repay the debts so contracted and to no other purpose whatever.

SECTION 2. (Additional and for What Purpose.) In addition to the above limited power, the State may contract debts to repail invasion, sup-

SECTION 2. (Additional and for What Purpose.) In addition to the above limited power, the State may contract debts to repel invasion, sup-

press insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to repay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for as the same shall accumulate.

SECTION 3. (The State to Create No Other Debt.) Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter be created by or on behalf of the State.

SECTION 4. (Credit of State; the State Shall Not Become Joint Owner or Ioaned to or in aid of any individual, association or corporation whatever; nor shall the State ever hereafter become a Joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

SECTION 5. (No Assumption of Debts by the State).

purpose whatever.

SECTION 5. (No Assumption of Debts by the State.) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debt shall have been created to repel invasion, suppress insurrection or defend the State in war.

SECOND, As to Cities, Towns, Counties, &c., so far as the constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in Section 6 of Article 8 and in Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are as follows:

thirds vote Issue bonds for certain specified purposes to the extent of 1% of the assessed valuation yearly (but not exceeding 4% in the aggregate) without submitting the question to a vote of the people. Bonds Issued under this Act in excess of 1% in any one year or in excess of 4% in the aggregate must first be submitted to a vote of the people and carried by two-thirds of those voting on the proposition; but a net debt (bonds less sinking fund) of more than 8% in the aggregate cannot be authorized in any event. The Act as amended in 1906 will be found in the "Chronicle" May 26 1906, page 1224. In May 1910 the law was further amended so as to limit the bonding power of townships and municipal corporations to 5%, instead of 8%, of the tax duplicate. This was done by amending Sections 3942, 3948, and 3954 of the General Code, making them read as follows:

Sec. 3942. The net indebtedness incurred by any township or municipal corporation for the purposes thentioned in sections 3295 and 3939 of the General Code shall never exceed 2½% of the total value of all the property in such corporation or township, as listed and assessed for taxation, unless the excess of such amount is authorized by vote of the qualified electors of the township or corporation in the manner hereinafter provided.

Sec. 3948. Such limitation of 1% and 234% hereinbefore prescribed shall not affect bonds lawfully issued for such purposes, upon the approval of the electors of the township or corporation.

Sec. 3948. Before any bonds in excess of such limitations of 1% and 234% are issued and tax levied, the question of issuing them shall be submitted to the voters of the township or corporation at a general or special election.

of the township excessions and of 1% and 25% hereinbefore preserbed, shall not affect bonds tawifully send for such purpose, upon the approval of the electors of the township or corporation.

Sec. 3048. Hefore any honds in excess of each imitations of 1% and mitted to the voters of the township or corporation at a general or special election.

Sec. 3048. No municipal corporation or township shall create or incer net indebtedness under the authority of this chapter in excess of 5% of the total value of all the property in such township or corporation as listed and assessed for taxation. Bonds lassed in good faith for such purposes which is not all the property in such township or corporation as listed and assessed for taxation. Bonds lassed in good faith for such purposes which is used them. In ascertaining the limitations of such 5% and of such 25% all such bonds shall be considered except these specifically exceptions and the such as the s

The old lease expired in 1906, and in 1898 legislation was secured under which, on June 7 1902, the lease was modified and extended to Oct. 12 1966 at an annual rental of \$1,050,000 for the first 20 years, \$1,100,000 for the first 20 years, \$1,100,000 for the first 20 years, \$1,100,000 for the remaining 20 years. At the time of the extension, there remained of the original term four years, the rental of which was so modified that the sum of \$200,000 thereof per annum was extended and made payable at the rate of \$40,000 per annum, with 3% interest on the remaining deferred payment until fully paid. The legislation under which the lease was extended and made payable at the rate of \$40,000 per annum, with 3% interest on the remaining deferred payment until fully paid. The legislation under which the lease was extended and provided for the issuance of \$2.500,000 bonds of the city by the trustees of the railway for terminal facilities and permanent betterments, upon the lessee agreeing to pay an additional rontal equal to the annual interest thereon and 15% per annum for a sinking fund for the final redemption of the bonds. Legislation has since been secured under which there have already been issued \$200,000 in bonds also known as terminal facilities and permanent betterments bonds, and a similar provision has been made for the payment of sinking tund and interest by the leasing company. LEGISLATURE meets blennially in odd years on the Thursday after the first Monday in January, and sessions are limited to sixty-one days.

HISTORY OF DEBT.—The historical details of Indiana's State debt from 1832 up to 1894 will be found in the "State and City Supplement" of April 1894, pages 85 and 86. The details of the State's outstanding obligations are as follows:

DEBT LIMITATION.—In the present constitution of Indiana, which went into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

contract debt.

FIRST, as to the State, Section 5 of Article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the sixth section of the same article in the sixth section of the same article.

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation.

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation. Whatever."

SECOND, as to municipalities, the provision contained in the constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 constitution adopted March 14 1881) which relates to this subject, and we quote the article as follows:

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebted in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; Provided, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporarcion, the public authorities in their discretion may incur obligations necessary for the public protection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder beyond the 2% limit, for the construction of 'Tree gravel, stone or other macadamized roads.' Several such laws were passed at the 1893 session of the Legislature. But in the case of Sirieb vs. Cox, Treas. 111 Ind., the Supreme Court of Indians held that gravel road bonds are not properly indebtedness of the county—hence do not come within the labilition of Section 13 of the constitution. Ges editorial in 'State and City Supplement' for October 1899, page 3.)

THERD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporated ompany, nor borrow money for the purpose of taking stock

by the succeeding section (Section 5378) cities are given authority to issue such bonds.

\*\*COUNTIES are apparently restricted by statute to a lower than the constitutional limit of 2%, in the matter of creating certain kinds of debt. For instance, Section 5991 of Burns's Annotated Statutes, 1914, authorized any county to issue bonds when necessary to construct, complete or repair court house, fall or other county buildings, or to fund existing debt. In those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 6094 it appears, moreover, that whenever the apprent indebtedness, funded or otherwise, of any county having a voting population of over 20,000 amounts to or exceeds 1%, it is not lawful to increase such indebtedness in any manner or form exceeding year and not exceeding two-thirds of the amount of the county tax duplicate of the preceding year.

\*\*Limit of 1%\* may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1914, Section 6093); also for temporary loans (see Burns's Revised Statutes, 1914, Section 6094).

\*\*Also the limit of 2%\* may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 7725a) is 4%.

\*\*In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the constitutional limit of 2% on valuation. But we have not the space to set out here the details or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes

and smaller population, and covering specific purposes, such as water-works, &c.

CONSTITUTION ACT OF 1911 DECLARED VOID.—An Act of the Legislature approved by the Governor on March 4 1911, providing for the submission to a vote of the people of a proposed new State constitution, in the view that it might be considered as a series of amendments to the existing constitution, was declared unconstitutional. V. 93, p. 893; V. 95, p. 126, 1143. U. S. Supreme Court denied a petition for a writ of error on Dec. 11013, V. 97, p. 1676; V. 95, p. 1485.

GRAVEL ROAD LAW OF 1905.—The State Supreme Court in November 1909 decided that this Act was unconstitutional on the ground that it contained provisions which were such as to make it a local and special Act. The decision was based on that part of the law which provides that "whenever a petition si ned by fifty or more fresholders and voters of any township in any county in this State includes any incorporated town or city in such township having a population of less than 39,000 inhabitants, praying," &c., the commissioners shall proceed to carry out the provisions of the Act. Upon rehearing, however, it was pointed out that this section as printed contained a clerical error, and the Court on Jan. 25 1910 reversed liself and upheld the contention that the word "includes" should be read "including", thereby making eligible to become petitioners for gravel roads any freeholder and voter in any township with the exception of those residing in incorporated towns and cities of over 30,000 inhabitants, which latter should be neither taxed nor eligible to participate in such proceeding. See V. 90, p. 316.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section follows:

SECTION 1, Be it enacted by the General Assembly of the State

section follows:

SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidences of Indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal corporations pay interest shall be exempt from taxation.

The above Act became effective April 23 1903.

Another law passed by the Legislature, and which became effective March 4 1911, provides that all bonds hereafter authorized by any county or township for the construction of free gravel or macadamized roads, and

which bear not higher than 45% interest, shall be exempt from taxation. Section 1 of the Act reads as follows:

"Section 1. Be is enacted by the General Assembly of the State of Indiana that all bonds hereafter authorised by any county or township in the State of Indiana, for the purpose of building, constructing and paying for the construction of any free gravet, macadamized or other improved roads, shall be exempt from taxation; Provided, said bonds shall not bear a greater rate of interest than four and one-half (4½%) per cent interest per annum, payable semi-annually.

\*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74. p. 741. z Property now assessed at 1-3 true value instead of 1-5—see remarks below.

Under a law passed Feb. 25 1898 there is a general assessment of real estate but once in every four years instead of annually; personal property is listed every year. The law also provided that property shall be appraised at full value, but assessed at only one-fifth of such value. This law was changed, however, by an Act passed in 1999 which provides for the assessment of property at one-third of the actual value. The new basis of assessment went into effect in 1909, with the result that values for that year showed large increases while the tax rates were decreased correspondingly.

INVESTMENT OF TRUST FUNDS.—Chapter 140B of the Revised Statutes of 1911 provides that Investments of trust funds by trustees may, when not otherwise provided by the will, deed, decree, gift, grant, or other instrument creating or fixing the respective trust, be in the bonds of the United States, or of any of the States of the United States, or in the first mortgages upon real estate in any State, or in the bonds of any county, city or municipality in any State, or in the first mortgage bonds of enveronment of any State upon which no default in payment of interest shall have occurred, for a period of five years, but no trustee shall be authorized by this act to invest trust funds in any bonds in which cautious and intelligent persons do not invest their own money, and any trustee may continue to hold any investment received by him under the trust, or any increase thereof.

to noid any investment received by the control of 1909 passed a series of bills, believed by the Various municipalities in the State by fixing the assessed value of property at one-third of the actual value instead of one-fifth, as before. With the exception of counties a proportional decrease is made in the maximum rate of taxation.

The amendments to the tax law providing for a decrease in the maximum rate of taxation mentioned above were held constitutional by the State Supreme Court in January 1910. See V 90, p. 387.

NEW BONDS MUST BE SUBMITTED TO A VOTE.—At the 1909 season the Legislature also passed the Jones referendum bill, which provides that all bond issues, excepting those for refunding purposes, must be submitted to a vote and ratified by a majority of those voting on the proposition,

WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the carnings of the Water-Department without regard to the bondad indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded. V. 73, p. 91. This decision was confirmed by Supreme Court. V. 74, p.

V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 191.

IMPROVEMENT BONDS.—There is a kind of improvement band authorized in some cases which is made a special ilen on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of dealning, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in installments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lieu on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, i.e., to be charged must endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indoess the within bond and consent that the lot or lots or parts thereof therein designated shall become liable for the interest and principal therein named, and the same shall be a lieu upon said property from this date until paid off and dicharged. The bond when executed by the city or village and sy substances below. The bond when executed by the city or village and sy substances below. We tave room to give only this very brief and imperfect outline of this status. The whole law will be found in Hurd's Revised Statutes of of Illinots, the 1911 edition, pages 345, 346 and 347.

1875. City on Apr. 5 1904 voted in favor of municipal ownership of street railways (V. 78, p. 1408). At election held Apr. 3 1906 propositions for the ownership of street railways and for the issuance of \$75,000,000 street railways and for the issuance of \$75,000,000 street railways failed. V. 82, p. 824. In a decision handed down in the Chrenit Court on Sept. 15 1906 the legality of these certificates was infield. The case was inken to the Supreme Court (V. 83, p. 712), and by a decision handed down Apr. 18 1907 the certificates were deciared invalid. V. 84, p. 949 and 967. At the April 1907 election ordinances granting franchises to the present street railways were railfied by a vote of the people. V. 84, p. 829.

HISTORY OF DEBT.—A brief summary of the early history of the Wisconsin debt will be found in the "State and City Supplement" for April 1895.

The bonded debt of the State, created for war purposes in 1861-63, has all been paid or else converted into certificates of indebtedness, which are held by the various trust funds. The amounts due the several funds on March 1915 were as follows:

Certificates of indebtedness, School Fund.

St.553.700

Normal School Fund.

University Fund.

Agricultural College Fund.

60.600

ASSESSED VALUATION.—The total assessed valuation of the state as determined by the State Board of Assessment, and the tax rate for State purposes, have been as follows for the years named below:

SECTION 3. Credit of State, for what not given. The credit of the State all never be given or loaned in aid of any individual, association or corrections.

poration.

SECTION 4. Contracting Debts. The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. Limitation on Public Debt. For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed \$100,000). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein, and the vote of a majority of all the members elected to each House to be taken by yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal within five years from

the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest, and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

SECTION 7. State may berrow money, when. The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to he object for which the loan was authorized or to the payment of the debt thereby created.

SECTION 9. Polymer of table V.

thereby created.

SECTION 9. Evidences of debt. No scrip, certificate or other evidence of State debt whatsoever shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. Internal improvements—avails of grants. The State shall never contract any debt for works of internal improvement or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the State especially dedicated by the grant to particular works and shall devote thereto the avails of such grants, and may piedge or appropriate the revenues derived from such works in aid of their completion. Provided that the State may appropriate moneys for the purpose of acquiring, preserving and developing the water power and forests of the state; but there shall not be appropriated under the authority of this section in any one year an amount to exceed two cenths of one mill of the taxable property of the State as determined by the last preceding that assessment.

taxable property of the State as determined by the last preceding State assessment.

(2) CITIES, counties, towns, villages, &c., were unrestricted except by legislative enactment until 1874. Since that amendment was adopted 5% on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before, or at the time when it increas any indebtedness, to make provision for an annual tax sufficient to pay the interest and also sufficient to pay the principal within 20 years from the time of contracting the debt. The voters in Nov. 1912 adopted an amendment to Section 3 of Article XI. extending the time to fifty years within which cities or counties having a population of 150,000 or over shall pay debts incurred for the acquisition of land. The section referred to now reads as follows:

cities or counties having a population of 150,000 or over shall pay debte incurred for the acquisition of land. The section referred to now reads as follows:

Section 3, Article XI.—"It shall be the duty of the Legislature, and they are hereby empowered to provide for the organization of cities and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessments and taxation, and in contracting debts by such mucicipal corporations."

"Necounty city, town, village, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose, to any amount, including existing indebtedness in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, town, village, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so provide for the collection of a direct annual tax sufficient to pay the interest on such obb as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same, except that when such indebtedness is incurred in the acoultation of lands by cities, or by counties having a population of one hund ed and fifty thousand or over, for public, municipal purposes or for the permanent improvement thereof, the city or county incurring the same had, before or at the time of so doing, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within the period not exceeding fifty years from the time of contracting the same.

The Legislature has from time to time passed laws providing for the issuance of bonds for various specified purposes, but these laws are too numerous to be given here

## State of Minnesota.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act March 3 1849) \_\_ March 3 1849 Admitted as a State (Act Feb. 26 1857) ..... May 11 1858 Total Area of State (square miles)\_\_\_\_\_83,365 State Capital ... St. Paul Governor (term expires 1st Mon. Jan. 1917) W. S. Hammond Secretary of State (1st Mon. Jan. 1917) Julius A. Schmahl Treasurer (1st Monday Jan. 1917) Walter J. Smith Auditor (1st Monday Jan. 1917) J. A. O. Preus

LEGISLATURE meets blennially in odd years on the Tuesday after the first Monday in January, and sessions are limited to ninety days.

HISTORY OF DEBT.—For the early history of Minnesota's debt see "State and City Supplement." April 1893, page 103. The State has no bonded debt, but certificates of indebtedness have been authorized by the Legislature for various purposes. Many are held by the school and other State funds. They run only a few years. The certificate debt Dec. 11914 was as follows: \$1,125,500 prison buildings; \$51,000 inebriate hospital; \$221,000 educational buildings; \$120,000 mational guard armories and \$125,000 tasca Park. Of the total (\$1,642,500), \$542,000 are held by State funds.

Payment of the above certificates are all provided for by special tax levies except the inebriate hospital certificates, which are payable from the income from the 2% received from liquor licenses issued by local municipalities.

INTEREST on all certificates, with the exception of the hospital certificates, is payable at State Treasurer's office.

PERMANENT SCHOOL, EUND.—The school fund on July 31, 1914

PERMANENT SCHOOL FUND.—The school fund on July 31 1914 amounted to \$24.668,248.59 including \$127,775.85 in cash, \$6.038,043.48 in land contracts and \$18,502.429.26 inbonds. The permanent university fund on July 31 1914 amounted to \$1.605,356.62; swamp land fund to \$457,601.57.

TAXABLE VALUATION.—The taxable valuation, total tax levied and the rate of State tax bave been as follows for the years named:

\*Taxable Valuation \*\* Total \*\* Levied per \$1,000 1914. \$1,264.638.014 \$222.2001.827 \$1.487.539.841 \$447.637.041 \$3.52 1912. \$1.154.269.735 \$185.489.012 \$1.339.758.747 \$7.162.528 \$2.35 1919. \$1.154.269.735 \$185.489.012 \$1.339.758.747 \$7.162.528 \$2.35 1919. \$1.013.542.817 \$18.149.495 \$1.194.962.312 \$3.373.921 \$1.47 1908. \$93.993.781 \$166.016.420 \$1.065.019.201 \$2.732.636 \$2.10 1905. 708.304.220 \$144.729.315 \$853.033.535 \$22.355.336 \$2.10 1905. \$708.304.220 \$144.729.315 \$853.033.535 \$2.355.326 \$1.80 1900. \$49.213.453 \$08.803.235 \$88.016.888 \$1.496.399.1 \$1.60 1895. \$556.135.887 \$5.114.394 \$611.250.281 \$1.47.05.864 \$1.80 \$1.870. \$67.221.148 \$10.912.525 \$87.133.673 \$2.783.756 \$5.60 \$1.860. \$33.350.057 \$5.914.853 \$9.264.740 \$658.358 \$4.00 \$1.861. \$33.350.057 \$5.914.853 \$9.264.740 \$658.358 \$4.00 \$1.861. \$33.350.057 \$5.914.853 \$9.264.740 \$658.358 \$4.00 \$1.861. \$33.350.057 \$5.914.853 \$9.264.740 \$658.358 \$4.00

This is exclusive of \$196.173.719, representing moneys and credits, which are assessed at their full cash value.

The total taxes levied in the above table include the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and in 1814 it was \$3.62; adding the tax of \$1.23 for school and university purposes, the total tax rate was \$4.75.

ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature in 1913 passed a new law known as Chapter II., General statutes, 1913, under which the county assessor sassesses platted real estate at 40% of its full value and unplatted at 33 1-3%, where heretofore it was customary to assess real property at 60% of its full valuation and any improvement thereon at 50%. The personal property under this new law is now being assessed at 33 1-3% and 25% of its full valuation, where formerly about 50% was assessed.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its constitution puts on every kind of debt-making. That instrument fixes the limit at \$250,000 "for the purpose of defraying extraordinary expenditures"; and an amendment, ratified in 1879, extended this power to \$250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and blind

asylum, and State prison." Besides the foregoing, it s also provided that the State credit shall not be loaned, &c. With regard to the debt o municipalities there is but one section in the constitution which relates to that subject, and that has reference to making railroad debt.

municipalities there is but one section in the constitution which relates to that subject, and that has reference to making railroad debt.

FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

SECTION 5.—(Public Debt May Be Contracted.)—For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each branch of the Legislature, to be recorded by the yeas and mays on the journals of each House, respectively; and every such law shall lavy a tax annually sufficient to pay the annual interest on such debt, and also a tax sufficient to pay the principal of such debt which ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such debt which ten years from the final passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such debt shall have been wholly paid. This State shall never contract any debts for works of internal improvements, or be a party in carrying on such works, except to cases where grants of and or other property shall have been made to the State, especially dedicated by the grant to specific purposes, and in such cases the State shall evolve thereto the avails of such works in aid of their completion.

SECTION 6.—(Bonds for Public Debt.)—All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five hundred dollars each on interest, payable within ten years after the final passage of the law authorizing such dobt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds sinal backept by the Treasurer,

to exhibit the number and amount unpaid, and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel lavasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(Application of Loans.)—The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the Act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(Public Debt for State Buildings.)—For the purpose of receting and completup buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may, by law, increase the public debt of the State, to an amount not exceeding two hundred and fifty thousand dollars in addition to the public debt already hereutofor authorized by the constitution, and for that purpose any provide by law for issuing and negotiating the bonds of the State, and appropriate the money only for the purpose aforesaid, which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other numicipality, the only restriction

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

on the debt-making power in the constitution is the following, found in article 9, section 15:

SECTION 15.—(Annicipal Debt in Aid of Railroads.)—The Legislature shall not authorize any county, township city or other manicipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness.

The foregoing was adopted as an ammendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to fen per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it fits.

This is all the constitution contains with reference to the debts of municipalities. The Legislature, bowever, has made some general provisions governing bond issues which we have not the space to give here.

COUNTY DITCH BONDS, THEIR SECURITY AND METHOD OF ISSUANCE.—For illustration of method of issuing ditch bonds and the security back of them, see "Chronicle" of Oct. 30 1915, page 1490.

DRAINAGE BONDS DIRECT OBLIGATIONS OF COUNTY.—The State Supreme Court holds that drainage bonds issued under Sec. 18.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law, which became effective April 30 1907, imposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage or real property located within the State, recorded or registered on or after April 30 1907. The full text of this law will be found on page 1194 of the "Chronicle" of May 18 1907.

TAXATION OF MONEY AND CREDITS.—In 1911 the Legislature passed a bill (Chapter 285) levying a tax of 3 mills on each dollar of the "Tair cash value" of "money" a

Legislature.

BONDS TAX-FREE.—The 1911 Legislature passed a bill exempting all future State, county, school and municipal bonds from tax. V.92,p.1263.

There is no limit to length of session.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893, page 108.

FINANCIAL CONDITION.—Iowa has no bonded debt. On June 30 1915 there were \$218,143 91 warrants outstanding and the State had cash in the general revenue fund amounting to \$855,045 10. The Permanent School Pund on June 30 1015 aggregated \$4,805,897 81.

During Dec. 1913 and the early part of 1914 the State issued and disposed of \$675,000 5% certificates, the proceeds of which are to be used for the extension of the Capitol grounds.

EQUALIZED VALUATION.—The equalized assessed valuation (14 appraised value) has been as follows in the years named:

See following Item.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act Cohapter 63) requiring that moneys and credits be taxed at full value with a flat levy of 5 mills. Previously moneys and credits be raved at full value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of this value the same as other property.

property.

TAX RATE.—The State tax (per \$1,000) for 1915 is \$4.50; this included \$32.22 general tax, \$2.11 for educational institutions and 17 cents for Capital ground extension.

assessed at full value and sales at 22 and property.

TAX RATE.—The State bax (per \$1,000) for 1015 is \$4.50; this included \$2.22 general tax, \$2.11 for educational institutions and 17 cents for Capitol ground extension.

DEBT LIMITATION.—Lowa's constitution restricts the creating of debt, both State debt and municipal debt. We have not the space here to give all the provisions relating to the State and municipal indebtedness, but they may be found in full by referring to the State and City Section for Nov. 1913. page 119. First as to the State lebt, the limit is placed at \$250,000 to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or defend the State in war. The State is also permitted to incur other debt if authorized by some law for some single specified work; but this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the voice cast. Scont., as to municipal indebtedness, the limit is fixed absolutely in the constitution. No political or municipal corporation shall be adome at beckholder in any banking corporation, directly or indirectly, and no county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding 5% on the value of the taxable propercy within such county or other political or municipal corporations shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding 5% on the value of the taxable property within such county for corporations or by assertance of the such as the property of the second class of 3,000, or less, population

OPINION REGARDING MUNICIPAL IMPROV'T BONDS.—The Department of Justice, in Nov. 1911 rendered an opinion to the effect that municipal improvement bonds or certificates issued in anticipation of the collection of taxes need not be considered in determining the constitutional limit of indebtedness as fixed by Section 74-v of the Supplement to the Code, 1907. V. 94, p. 355.

BONDS TAX FREE.—The 1909 Legislature passed an Act providing for the exemption from taxation of municipal, school and drainage bonds or certificates hereafter issued. It is expressly provided, however, that banks or trust companies holding such bonds or certificates shall not be permitted to make any deduction from the assessment of fair shares by reason of that fact. V. 88, p. 1329.

INVESTMENT OF TRUST FUNDS is regulated by Section 364 of the Code of 1897, as amended by Laws of 1913, which is as follows:

Sec. 364.—Investments—In What to be Made.—Where investments of funds are to be made, including those to be made by executors, administrators, trustees and guardians, and no mode of investment is pointed out by stattle, they may be made in the stocks or bonds of this State, or of those of the Daited States, or in bond or mortgage upon real property of the clear, uncumbered value of twice the investment, or under order of court in bonds issued by or under the direction of cities, towns, counties, school or drainage districts of this State.

#### ADDITIONAL STATEMENTS.

In the table below we give statistics regarding places in Iowa which have reported a bonded indebtedness of over \$25,000 and which are not represented among the foregoing detailed reports. The figures of tax levy value given below represent 14 of the appraised value by the assessors. These figures do not include valuation of moneys and credits which are assessed separately at their full value at 5 mills on the dollar. We add the population from the U. S. Census of 1910.

# State of Missouri.

State Capital Jefferson City
Governor (term expires Jan. 1917) Elliott W. Major
Secretary of State (term expires Jan. 1917) Cornelius Roach
Treasurer (term expires Jan. 1917) Edwin P. Deal
Auditor (term expires Jan. 1917) John P. Gordon
LEGISLATURE meets bleunially in odd years on the first Wednesday
after the first day of January, and there is no limit to length of sessions; but
after the first seventy days members can draw only a dollar a day for their
services, except every tenth year, when the statutes are revised, at which
session members are allowed \$5.00 per day for 120 days. A session of this
kind was held in 1909.

The State of Missouri contains 114 counties and the City of St. Louis,
the latter being a separate civil division subject to a dual government with
a full set of both county and city officers.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interests, &c., on Jan. 1 1856 was \$36,094,908. The indebtedness of the State at present is as follows:

INTEREST on the State Capitol refunding bonds is payable at State Treasurer's office or at Mercantile Trust Co., St. Louis; on the State school and seminary certificates at State Treasury.

TOTAL DEBT. ETC.—On Oct. 1 1915 the bonded debt of the State was \$2,625,000. On Oct. 1 1915 the school and seminary fund certifs, amounted to \$4,398,339. The total cash held in the treasury to the credit of all of the State funds on Oct. 1 1915 amounted to \$4,285,586 08. These school

and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary

non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary (University) fund.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1914 to 3195,761,841, or of machinery, tools, merchandise, &c., as taxed on "merchants and manufacturers' tax books," which amounted in 1914 to \$127,958,298.

This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

\*\*DEBT LIMITATION.\*\* Missouril has made provision in its constitution restricting the creation of debt both on behalf of the State and of its minipipalities. That part relating to the State found in Article 4, Sections 44, 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to piedge its credit for the payment of liabilities of any individual, association or corporation. The sections 12 and 12a. These sections make clear (1) that a numbicipalities are found in Article 4, Section 47, Article 9, Section 6, and Article 10. Sections 12 and 12a. These sections make clear (1) that a numbicipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation, except that with such assent any county may be allowed to become indebted in a larger amount for the e

tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exampt from taxation, we were advised under date of December 8 1911 by the Secretary of State that "bonds or notes or other evidences of indobtedness issued by this State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation."

ST. LOUIS. James Y. Player,
Comptroller.
St. Louis was formerly in St. Louis
County, but on Aug. 22 1876 an election was held to separate city and
county. This was declared carried
Dec. 30 1876 and city is now a separate civil division subject to a dual
government with a full set of county
and city officers. The County of St.
Louis remains, but the city lies outside of it. City was incorporated in
1822. A new city charler with provisions for the initiative, reforendum
and recall was adopted on June 30
1914. V. 99, p. 62. Bonds are

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its constitution. The provisions with reference to the matter are complete and stringent, and are as follows:

SECTION 182. The State may, to meet casual deficits or fallure in the revenue, or in case of extraordinary emergencies, contract debts but such debts shall never in the aggregate exceed the sum of two hundred thousand dollars, exclusive of what may be the debt of North Dakota at the time of the adoption of this constitution. Every such debt shall be authorized by law for certain purposes, to be definitely mentioned therein, and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax discontinued until such debt, both principal and interest, shall have been fully paid. No debt in excess of the limit named shall be incurred except for the purpose of repelling invasion, suppressing insursection, defending the State in time of war or to provide for public defense in case of threatened hostilities; but the issuing of new bonds to refund existing indebtedness shall not be construed to be any part or portion of said two hundred thousand dollars.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed files (5) per centum upon the assessed value of the taxable property therein: provided, that any incorporated city may, by a two-thirds sole, increase such indebtedness three (3) per centum on such assessed value beyond and fire (5) per centum on the assessed value without regard to the existing indebtedness, whet

no other purpose whatever. All bonds or obligations in excess of the amonnty of indebtedness permitted by this constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county, township, town, school district, or any other political subdivision, incurring indebtedness, shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185. Neither the State nor any county, city, bownship, town, school district, or any other political subdivision, shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor shall the State engage in any work of internal improvement unless authorized by a two-thirds vote of the people. Provided, (in accordance with an amendment adopted in 1914) that the State may appropriate money in the treasury or to be thereafter raised by taxation for the construction or improvement of public highways.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.
SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate algored by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt is seven pursuant to law and is within the debt limit.

TAXATION OF MONEY AND CREDITS.—The 1915 Legislature passed an Act (Chapter 255) making "money" and "creditar subject to an annual tax of two mills on the dollar. The Act is given in full in the "Chronicle" for Aug. 14 1915, page 542.

I The State constitution requires that all property shall be assessed at full value, but until 1913 there was no real attempt to comply with this requirement. By virtue of the powers vasted in the Tax Commission created by an Act passed at the 1913 Legislature (Chapter 352) a vigorous effort has been made to have all property in the State assessed at full value, and this will account for the great increase in the 1913 total of the assessments. Prior to 1913, assessments were on a basis of from 15% to 40% of the actual value.

TAN RATE.—The tax rate (per \$1,000) for 1914 was \$1.00.

DEBT LIMITATION.—South Dakota has incorporated into its constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XII and are as follows:

and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make donation to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State. Nor shall the State engage in any work of internal improvements.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the argressate \$100,000, and no greater indebtesiness shall be incurred except for the purpose of repelling lavasion, suppressing insurrection or defending the State or the United States in war, and provision shall be made by law for the payment of the inferest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt a paid; provided however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota.

of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota SECTION 3. That the indebtedness of the State of South Dakota assumed by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota. Section 4 amended in 1896 and again in 1992, now resids as follows:

SECTION 4. The debt of any county, city, town school district, civil township or other subdivision shall never exceed fire (5) percentum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred.

"In estimating the amount of the Indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of the constitution shall be included:

"Provided, That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation, domestic uses sewerage and other purposes: and "Provided, further. That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is incurred, for the purpose of constructing street rallways, electric lights or other lighting plants:

## State of Nebraska. ITS

DEBT, RESOURCES, &c.
Organized as a Territory (Act May 30 1854) May 30 1854
Admitted as a State (Act April 19 1864) March 1 1867
Total area of State (square miles) 77,510

State Capital. Lincoln Gov. (term exp. Th. aft. 1st Tu. Jan. '17) J. H. Moorehead Sec. of State (till Thur, aft. 1st Tu. Jan. '17) Chas. W. Pool Treasurer (till Thurs, after 1st Tu. Jan. '17) Geo. E. Hall Auditor (term expires January 1917) Wm. H. Smith LEGISLATURE meets blennially in odd years on the 1st Tuesday of January, and sessions "shall not be less than sixy days," but are not otherwise limited. Members of the Legislature "shall not receive pay for more than 60 days at any one sitting, nor more than 100 days during their term." HISTORY OF DEBT.—For early history of the State debt see "State,

than 60 days at any one sitting, nor more than 100 days during their term."

HISTORY OF DEBT.—For early history of the State debt see "State, and City Supplement" of April 1893, page 119.

This State has no bonded indebtedness at present. The bonded debt, which on Dec. 1 1892 amounted to \$549.267, was gradually reduced until June 3 1900, when the last remaining \$35,000 was paid off. The amount of the general fund on Oct. 1 1914 was \$48.210.08.

STATE TREASURER FISCAL AGENCY FOR STATE MUNICIPALITIES, ETC.—Chapter 15, Laws of 1913, approved March 27 1913, provides that the State Treasurer shall be the State fiscal agent, and all bonds and coupous issued by the State or any county, township, precinct, city, village or school district shall be made payable at the State Treasurer's office. The Act repeals laws previously passed providing a State fiscal agency in N. Y. City, but makes provision for the continuance of the payment by this agency of the interest on and principal of any bonds herelofore issued and made payable at such agency. See V. 98, p. 249.

PERMANENT SCHOOL FUNDS.—The investments of the school fund on Dec. 1 1914 amounted to \$9,606,582.83, held as follows: Permanent School fund, \$5.744.296.29; University fund, \$226.241.54; Agricultural Collect endowment fund, \$556,795, and the Normal College endowment fund, \$79,250.

The amount of cash on hand in these various funds on Oct. 1 1914

The amount of cash on hand in these various funds on Oct. 1 1914 amounted to \$9,791.42.

TAXATION OF MUNICIPAL BONDS.—Bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities are subject to taxation, according to information received by us from the office of the Secretary of State under date of Dec. 9 1911.

ASSESSED VALUATION.—Under laws of 1905 all real estate is assessed by a Tax Commissioner for city tratition at its actual value. All personal property is assessed by County assessor at its actual value for State county and school purposes, and such valuation is also copied by City Tax Commissioner for city purposes. The law provides that the assessment shall be at actual value, but we are informed that in practice property is valued at not more than 80%.

Section 196. The bonded indebtedness of the city, exclusive of district grading bonds, district improvement bonds, public library bonds, rement bonds, public library bonds, rement bonds, bonds issued for the purpose of funding or taking up and making payment of the floating in debtedness and liabilities of the city, or bonds for the erection or purchase of a city hall, anditorium or freengine houses, or the construction or and maintenance, of subways and conduits, or for park purposes, or for the purchase, construction or appropriation of gas works, water-works, electric-light plants or power plants, shall not at any time exceed in the aggregate 5% of the actual value of the taxable property within the corporate limits of the city, such actual value to be determined by reference to the assessment of property in said city.

There are also other provisions and restrictions. The full text of the law as passed by the Legislature will be found in V. SS, p. 955.

VALUATION.—In Nebraska the law requires assessors to find the full value of property, but in making the tax levy to take only one-diffic (1-5) of such value and to fix the rate on that basis. In the following we show both the full appraised value and the valuation (City and School District) for tax lovy:

\* While this district includes all of
the City of Omaha, it will be noticed
that the valuations are considerably
lower. This is due to the fact that
railroad property is not assessed the
same in the school district as it is in
the city. The assessment for city
purposes is made by valuing the railroad property within the city limits.
The assessment for school purposes is
made by taking the entire property
of the railroad in the State, dividing
that by the number of miles of main
line the railroad has in the State, and
multiplying this by the main line
milease within the school district.

OTOE COUNTY.

County seat is Nebraska City.
Some years ago the precinct of
Nebraska City was formed, and included the city of that name and adjoining lands. Bonds to the amount
of \$40,000 were issued and interest
paid for some years. The County
Commissioners then declared the precont lilegally organized and refused
to levy a tax. Lityation resulted
and the courts have ordered a tax
sufficient to pay debt to be levted on
territory covered by the precinct in
1886, the year the bonds were sold.
See V. 72, p. 302. New bonds were
issued in 1901. Pop'n 1910, 19,323.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of April 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kausas was admitted into the Union as State (in 1861) it had a bomied debt of \$150,000. The Constitution of 1895 limited the debt-making power to \$1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was \$630,775, of which the State owned \$28,650. In 1878 the total bonded debt was \$1.181,975, of which the State owned \$713,600. The bonded debt Oct. 5 1915 was \$1.59,000, all held by the State Permanent School Fund. Permanent School Funds.

BONDS TAX FREE.—By Section 15 of Chapter 408, Laws of 1907, all bonds or other evidences of indebtedness hereafter issued by this State, of any county, city or school district contained therein, are exempt from taxa-tion.

MORTGAGE TAX LAW.—The 1915 Legislature passed a measure substituting a registration fee in lieu of taxation of mortgages. V. 100, p. 1371

ASSESSED VALUATION.—For 1915 the total assessed valuation is \$439.785,918, of which real estate is \$242.647.599, personal property \$71,707,000. Bye stock \$46,235,368 and railroads \$79,195,951; in 1914 total assessed valuation was \$412,361,919. The State tax rate (per \$1,000) in 1915 is \$2.50.

In 1915 is \$2.50.

DEBT LIMITATION.—The constitution of Montana was adopted by popular vote Oct. I 1889. Article XIII. contains the Sections which regulate the debt-making powers of State, county and city. Counties are allowed to become indebted to an amount not exceeding five (5) per centum and cities, lowns, townships and school districts to an amount not exceeding three (3) per centum of the value of taxable property; but in the latter case the Legislative Assembly may permit debt in excess of this limit for sewer or water purposes, provided the question is submitted to a vote of the tax payers. All the provisions in full and also those relating to the power of the State itself to create indebtedness may be found on page 135 of the "State and City Supplement" of April 1895.

TAXATION OF MUNICIPAL BONDS—Concerning the taxation of

TAXATION OF MUNICIPAL BONDS.—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, the Attorney-General advised us under date of Dec. 22 1911 that there is no legislative enactment expressly exempting such securities from taxation.

POPULATION OF STATE—
1910. 376,053 | 1900. 243,329 | 1890. 132,159 | 1880. 39,159 | 1870. 20,599
In 1890 there were 10,765 Indians and whites on Indian reservations, and
In 1880 31,650 such persons, which number should be added to the total for
those years in making accurate comparisons. In 1900 and 1910 these
figures were not reported. The number of Indians alone included in the
population for 1900 and 1910 was 10,076 and 10,766, respectively.

TAX RATE.—The total State tax (per \$1,000) in 1914 was \$2.85.

CREATION OF A COMMISSIONER OF TAXATION.—The 1909
Legislature pressed an Act (Chapter 66, Laws of 1909) creating the office of
Commissioner of Taxation. This official is appointed by the Governor with
the advice and consent of the Senate. The new Commissioner is given
power and authority to exercise general supervision over the administration
of all assessment and tax laws, over all county, town and city fra assessors
and boards of equalization, levy and assessment, to the end that taxation
of all property, real, personal and mixed, shall be made relatively just and
uniform, and at its true and full cash market value. Assessors of boards
failing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Herefofore property in the
State is understood to have been assessed at 33 1-3% of its actual value.

V. 88, p. 956.

State is understood to have been assessed at 33 1-3% of its actual value. V. 83, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the constitution with respect to debt contraction and limitation are quite voluminous. They are all found in Article 16 of that instrument, and prohibit the State from creating any indebtedness esceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, cities, towns or villages, or any subdivision thereof, are limited to 2% on the assessed valuation. An additional indebtedness of not exceeding 4% is permitted in the cases of cities, towns or villages for the purpose of building sewers therein. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or sive its credit or make donations to, or in aid of, any individual, association or corporation.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an act exempting municipal bonds from taxation provided certain conditions are compiled with. The Act follows:

CHAPTER 17, LAWS OF 1995.—Be 11 Engeled, Elg.; "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their

assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt'."

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chap. 72) exempts from taxation all mortgages upon property within the State, whether real or chattel, together with the indebtedness thereby accrued, provided that the mortgaged property, whether real or personal, shall be taxed at its true value in money. V. 93, p. 1054.

ASEESSMENTS NOW MADE ON NEW BASIS.—The Legislature of 1913 passed practically a new revenue law (Chapter 68) which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property, the actual cash value of which was \$1,000 would be assessed for \$1,000, but only \$400 would be taken as a basis of making the levy. V. 97, p. 1149.

DEBT LIMITATION.—Section 1 of Article 8 of the Constitution as amended by the voters in Nov. 1912 reads:

The Legislature shall not in any manner create any debt or debts, liability or liabilities which shall, singly or in the asgregate, exclusive of the debt of the Territory at the date of its admission as a State, and exclusive of debts or liabilities incurred subsequent to January 1 1911, for the purpose of completing the construction and furnishing of the State Capitol at Boise, Idaho, and exclusive of debt or debts, liability or liabilities, incurred by the Eleventh Session of the Legislature of the State of Idaho, exceed in the aggregate the sum of two million dollars, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law, for some single object or work, to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt or liability as it falls due, and also for the payment and discharge of the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged. But no such law shall take effect until at a general election it snall have been submitted to the people, and shall have received a majority of all the votes cast for or against it at such election, and all moneys raised by the aut

time after the approval of such law, by the people, if no debts shall have been contracted in pursuance thereof, repeal the same,

No county, city, town of other subdivision shall incur indebtedness exceeding in that year the income and revenue provided for it for such year without the assent of two-thirds of the qualified electors voting at an election. The credit of the State or any subdivision shall not be loaned to any individual, association, municipality or corporation.

Section 2315 of the Revised Codes of Idaho, as amended by an Act approved March 10 1915 (Chapter 44, Laws of 1915) limits the borrowing capacity of cities, towns and villages to 6% and specifies for what purposes bonds may be issued. The law as it now reads was published in full in the "Chronicle" for Aug. 14 1915, page 542.

TAXATION OF MUNICIPAL BONDS,—We were advised Dec. 11 1911 by the Secretary of State's office that the laws of Idaho do not tax bonds or notes or similar evidences of indebtedness.

POPULATION OF STATE—
1910 —— 325.594 [1890 —— 88.548 [1870 —— 14.999 1990 —— 325.594 [1890 —— 32.610]

In 1870-80 increase was 17.611, or 117.41%; in 1880-90, 55.938, or 171.54%. In 1890-1900 the increase was 73.24, or 82.70%, a part of which is due to the fact that the 1990 aggregate embraced Indians and whites an Indian reservations not theretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons. No report was made in 1910 of the Indians and whites. In 1900-10 the increase in population was 163,822, or 101.3%. The number of Indians alone included in the 1910 population was 3,985.

This accounts for the large increase in values in 1901 and 1913, as property was assessed at a very much lower basis in earlier years.

Denver ls situated in Denver Co. Incorp. Nov. 7 1861. All bonds are taxable. Under Rush Amendment to constitution (Chap. 46. Laws of 1901), adopted Nov. 1902. this city and various suburban towns have been united to form what is known as City and County of Denver. V. 76. p. 554. New Counties of Adams and South Arapahoe (the latter is now known as Arapahoe (the latter is now known as Arapahoe Co.) were formed out of portions of old county of Arapahoe not incl. in new city and co. of Denver. State Supreme Ct. on Feb. 27. 1903 upheld constitutionality of Rush Amendment. On Mar. 29. 1904 a new charter was adopted. (V. 78, p. 1408). but was amended on Feb. 14 1913 so as to provide for a commission form of government. V. 96. p. 580. This amendment was upheld by State Supreme Ct. Acapted Hill Sever. Fourteenth St. Viadiot, Broadway Storm Sewer and Eighth Ave. Paving bonds are a charge upon property-owners, paysble by assessments. V. 76, p. 2221. Water-Works.—The value of plant of Benver Union Water Co. was ared at \$14.400.000. V. 88, p. 355. On May 17 1910 a proposition to grant a new franchise to the company was defeated, and on Sept. 6. 1910 \$3,000.000 bonds for a municipal plant were voted. V. 91, p. 1625. V. 92, p. 1386; V. 96, p. 1589, 1784. These bonds were offered without success Sept. 8.1915 (V. 101, p.1734). The voters on Feb. 17 1914 rejected the plan formulated by the Retail Merchanta Sasm. of Denver for the purchase of the local plant at a valuation to be fixed by a board of arbitration. V. 98, p. 704.

The voters on Feb. 17 1914 were declared void by the State Supreme Court on July 8 1914. V. 99, p. 1.37. On July 8 1914. V. 99, p. 1.37. On July 8 1914. V. 99, p. 137. On July 8 1914. V. 99, p. 137. City, and at Deseret National Bank, Salt Lake City; and on the bonds of 1914 at the State Treasurer's office or in New York City.

BONDED DEBT Oct. 2 1915 was \$3,060,000. Sinking fund Oct, 2 1915, \$550,000.

TAN VALUATION.—In 1915 the total assessed valuation is \$228,095,-737; in 1914 it was \$221,611,412; in 1913, \$213,859,715; in 1912, \$200,299,-207; in 1910, \$186,354,505; in 1903, \$168,019,855; in 1903, \$145,095,949; in 1904, \$132,994,247; in 1900, \$105,623,041. The State tax (per \$1,000) in 1914 was \$8.00.

237. in 1914.10 was \$221.611.412. in 1913. \$213.855.715. in 1912. \$203.290.297. in 1910. \$186.354.505. in 1908. \$185.010.855 in 1903. \$185.935.940 in 1904. \$132.994.247. in 1900. \$105.623.041. The State tax (pur \$1.003) in 1914 was \$8.00.

DEBT LIMITATION.—The indebtedness of this State is limited by its constitution. The sections relating to State debt are found in Article XIV. of that instrument, being Nos.1, 2, 5 and 5. We quote these sections below? SECTION 1. To meet casual deficits or failures in revenue, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding jas amended in 1910 in the aggregate at any one time an amount equal to one and one-half per contum of the value of the faxable property of the State, as shown by the its assessment for State purposes previous to the incurring of such indebtedness. But the State shall never contract any indebtedness, except as in the next section provided, in excess of such amount, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.

SECTION 5. All moneys borrowed by, or on behalf of the State, or any legal subdivision thereof, shall be asset and dot, or any part thereof of any county, city, town or school district.

Title 47, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Counties, Cities, Towns, etc.—The constitutional provisions relating to the debt of counties, city town or school districts and other municipal croposition to be exected by any cou

such water, light and sewers shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heresofore contracted, in accordance with the laws of Utah Territory, by any county, clay, town or school district, or to prevent the contracting of any debt or the issuing of bonds therefor, in accordance with the laws of Utah Territory, by any county, clay, town or school district, or to prevent the contracting of any debt or the issuing of bonds therefor, in accordance with said laws, upon any proposition for that purpose, which according to said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this constitution takes effect.

SECTION 1834, Chapter 15, of the Revised Statutes, limits the indebtedness of school districts to 4 %—that is, to the constitutional figure.

TAXATION OF MUNICIPAL BONDS.—The secretary of State advised us under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, countles, school districts and municipalities. The constitution, however, evenpts all property owned by each political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages, and therefore not faxable. The Legislature of 1911 passed two Acts providing for bond issues (\$260,000 road and bridge and \$300,000 university) and in both of these Acts it was expressly subulated that the bonds ahould be exempt from taxablen for any purpose within the State

ASSESSED VALUATION.—The assessed valuation for 1914 was \$27.65,500.

ASSESSED VALUATION.—The assessed valuation for 1914 was \$272, 717.165.

STATEHOOD,—On Aug. 21 1911 the President signed the joint resolution passed by Cources admitting the Territories of New Mexico and Arizona into the Union. This resolution suggested an amendment to be submitted to the voters at the first State election making their constitution easier of amendment. This amendment was adopted Nov. 7 1911. V. 94. p. 148. The proclamation admitting New Mexico to Statehood was signed by the President on Jan. 6 1912. V. 94, p. 148.

DEBT LIMITATION.—Article IX, of constitution contains the sections which regulate the date of State, county, city, &c. The State may borrow money not exceeding the sum of \$200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract dehies to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 50 years.

No school district shall ever become indebted in an amount exceeding six (6) per centum on the assessment.

The 1915 Legislature passed an Act on March 12, now known as Chap-

by the preceding general assessment.

The 1915 Legislature passed an Act on March 12, now known as Chapter 54, Laws of 1915, creating a State Tax Commission and also providing that the indebtedness of a county, incorporated city, town or village (except debt created by a city, town or village for the construction or purchase of a water or sever system) shall not exceed one and one-third per centum of the actual value of taxable property. Herotofore the limit was placed at four per centum on the value of the taxable property. The section giving the limitations as regards counties, cities, &c., now reads as follows:

SECTIVE 13. No Dility orincorporated city, town or village, shall ever become indebted to an amount in the aggregate, including existing indebtedness, exceeding one and one-third per centum on the actual value of the taxable property within such county, city, town or village, as shown by the last preceding assessment roll, and all bonds and obligations issued or contracted in excess of such amount, after the time this Act shall go into effect, shall be void but such limitation shall not apply to indebtedness for the construction or purchase of a system for supplying water of a sewer system for such city, town or village.

All the provisions of this Article (X. in full will be found on page 141 of the "Chronicle" for Nov. 18 1911.

SANTA FE COUNTY.

County seat is Santa Fe.

The present debt is \$479,000, consisting of what are known as Refunding Bonds of the State of New Mexico, Secies 'B,'' Santa Fe.

County. While these bonds are bonds issued by the State and are primarily its obligation, Santa Fe.

County is responsible for the interest, which is at \$15 %, payable semi-ann. (M. & S.), and is also responsible for the principal, but in case of default upon the part of the county, the State would have to take care of them, having recourse then on the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unpaid coupons, and possibly a judgment or so. The amount of these latter is estimated at \$21,000, Over \$1,000,000 of the old debt represented by bonds issued in ald of railroad construction, the coupons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its bonds in payment therefor without any recourse on the county, the U. S. Congress having made a large land donation to the State for the uitimate payment of these bonds. The assessed valuation in 1913 was \$3,110,797, and the total State and county tax per thousand in 1913 was about \$70.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any pc. son, company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for city or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and controlled by the municipality. In Nov. 1912 an amendment to this section was adopted so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred by a city or town without the assent of the voters for municipal water, light or sewer works is increased from 5% to 15% of the taxable value.

State of Oklahoma.

DEBT, RESOURCES, ETC.

Organized as a Territory under Act of May 2 1890.

Admitted as a State (Act June 16 1906) Nov. 16 1907

Total area of State (square miles) 73,820 Governor (term expires Jan. 11 1919) R. L. Williams Secretary of State (term expires Jan. 11 1919) J. L. Lyon Treasurer (term expires Jan. 11 1919) W. L. Alexander

STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 provision was made for the union of the Territory of Oklahoma and of Indian Territory; of the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a constitution by the people on Sept. 17 1907. See V. 85, p. 745 and 1289.

and of Indian Territory; the two to form the State of Okiahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a constitution by the people on Sept. 17 1907. See V. 85, p. 745 and 1289.

DEBT LIMITATION.—Article X. of the constitution contains the following regarding public indebtedness:

SECTION 23. The State may, to meet cissual deficits or failure in revenues, or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed \$400.000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were tained or to repay the debts so contracted, and to no other purpose wh. ever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose for which is was raised, or to repay such debts, and to no other purpose for which it was raised, or to repay such debts, and to no other purpose for which it was raised, or to repay and additionally and the state in war, but the money arising from the contracting of such such debts, and to no other purpose for which it was raised, or to repay such debt, and herafter be contracted by or on behalf of this State, unless such debt as it falls due and also to pay and discharge the first state, unless such debt as it falls due and also to pay and discharge the principal of such debt within 25 years from the time of the contracting thereof. No such debt within 25 years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and saint it as such election. On the final passage of such bill in either House of the Legislature, the question shall be taken by yeas and nays, to be duly ente

first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for the payment of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bonds or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate, signed by the Auditor and Attorney-General of the State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or any other political subdivision of any county, shall be valid unless the same shall have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the County Attorney of the county, stating that said bond or evidence of debt is issued pursuant to law, and that said issue is within the debt limit.

SECTION 30. The Legislature shall require all money collected by taxation, or by fees, fines and public charges of every kind, to be accounted for by a system of accounting that shall be uniform for each class of accounts, State and local, which shall be prescribed and audited by authority of the State.

TAXATION OF MUNICIPAL BONDS.—In remy to our inquiry as to

State:

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised, under date of Dec. II 1911, by the office of the Secretary of State, that "the only evidences of indebtedness issued by this State that are exempt from taxation are the public-building fund bonds." For opinions regarding territorial and municipal bonds being exempt from taxation are the public-building fund bonds. "For opinions regarding territorial and municipal bonds being exempt from taxation, see V. 85; p. 1534; V. 85, p. 249; V. 87, p. 111, and V. 98, p. 1258.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—The Attorney-General in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for purpose of purchasing seed wheat for farmers. V. 93, p. 423.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved by Attorney-General. V. 90, p. 1114.

POPULATION.—Population of State 1910 (Census), 1,657,155; in 1907 (Census), 1,414,177. The population of the Territory in 1890 was 61,834; in 1900, 398,331.

TOTAL DEBT.—The total bonded debt of the State in Oct. 1915 was \$30,459,500, including \$4,000 civil bonds on which interest has ceased. The warrant debt on Sept. 1 1915 was \$973,558.83. Cash in treasury on Sept. 1 1915 amounted to \$17,492,630.23. The sinking fund in October 1915 amounted to \$815,940. The \$2,000,000 sea-wall bonds (\$1,800,000 now outstanding) issued for San Francisco are not included in the total indebtedness of the State; these bonds are payable out of a sinking fund receiving its revenue from moneys collected by the San Francisco Harbor Commissioners.

ness of the State, since a collected by the San Francisco Harton its revenue from moneys collected by the San Francisco Harton sloners.

The bonds of 1873 (\$2,277,500) matured in 1893. No sinking fund having been provided for their payment, they were taken over by the State for its school funds and have been so held since 1893.

The State Treasurer on Sept. 1 1915 held bonds aggregating \$7,642,-512 42 for the benefit of the State School Fund; this includes \$1,526,550 of the funded debt bonds of 1873. The State Treasurer also holds \$4,495.85 50 for the benefit of State funds other than the School Fund. This includes \$751,000 of the funded debt bonds of 1873 held in trust for the University Fund referred to above.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger & Cotton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "In no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed \$100,000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

TAXATION OF MUNICIPAL BONDS.—No legislation has been enacted, we were advised Dec. 12 1911, by the Board of State Tax Commissioners, exempting from taxation bonds or other obligations of the State or its counties and municipalities.

While the water bonds are direct liabilities of the city, provision is made in the law for fixing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a slaking fund that, by annual retrement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

\*These bonds were issued to provide water for the cities of Oregon
City and West Linn, which latter city
pays \$125,000 of the cost by issuing
its bonds and turning them over to
Oregon City (under special legislative
Act), where they are held as additional security to this issue. West
Linn has an assessed valuation of
\$2.435,574 and a total debt of \$200,000. This arrangement makes the
actual total indebtedness of Oregon
City only \$390,000, including water

The State tax rate (per \$1,000) for 1914 was \$6.00.

DEBT LIMITATION.—Nevada has in its constitution limited the State to \$300,000 debt, except for the purpose of "defraying extraordioary expenses" arising from invasion, war, &c.; and in such cases the law must provide an annual tax sufficient to pay the interest semi-annually and the principal within twenty years. Further, the State is forbidden ever to assume the debt of any county, city, &c., or to donate or loan its money or credit, or to subscribe to the stock of any company, &c.

Counties, lowns, cities, &c., cannot become stockholders in any company, or doan their credit, &c. But other than that the constitution omits to put any limit on county, city, &c., debts; though it provides that the Legislature shall make general laws restricting their borrowing power. The constitutional provisions referred to will be found in full in the State and City Section for Nov. 21 1914, page 168.

TAXATION OF MUNICIPAL BONDS.—The Department of State advised us under date of Dec. 29 1911 that bonds or other evidences of indebt.

LEGISLATURE meets biennially in even years on the second Wednesday in January, and sessions are limited to 60 days, but may be extended for a further period not exceeding 30 days, provided three-fifths of the members elected to each house concur.

MUNICIPAL AND COUNTY INDEBTEDNESS,—A new Constitution went into effect in April 1902. One of its provisions fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate, unless the issue be authorized by a majority of the qualified voters. V. 74, p. 741. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a shiking fund to extinguish the debt in thirty-four years.

rears.

TAXATION OF MUNICIPAL BONDS,—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April, 1893, pages 151 and 152.

# State of West Virginia.

IT8	
DEBT, RESOURCES, &c	
Admitted as a State (Act Dec. 31 1862)	June 20 1863
Total area of State (square miles)	24,780
State Capital	Charleston_
Governor (term expires Mar. 4 1917) Dr.	H. D. Hatfield
Secretary of State (term exp. Mar. 4 1917).	
Treasurer (term expires Mar. 4 1917)	
Auditor (term expires Mar. 4 1917)	

LEGISLATURE meets blennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no dobt. In the settlement of the Virginia dobt, the U. S. Supreme Court on June 14 1915, after lengthy litigation, decided that West Virginia should assume liability for a dobt of \$12,393,929,50, of which the principal is \$4,215,622,28 and interest \$8,178,397,22. See "Chronicle" of June 19 1915, page 2099; also editorial on page 2037 of the same issue. Also see "Chronicle" for Oct. 23 1915, page 1394.

The amounts in the various State funds and in banks on June 30 1915 aggregated \$989,18672. In addition, the State School Fund had invested \$987,800 and the Workmen's Compensation Fund \$474,500. Total of all funds invested and in banks on June 30 1915 was \$2,451,486 72.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and railroad property. Under the taxiaw passed in 1904 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns for earlier years having been on a much lower basis.

TAX RATE.—Total Stat	d tax rate (per	\$1,000) in 1915	is \$1.40.

DEBT LIMITATION.—Provisions limiting the debt-making power of the State and the various sub-divisions are found in Article X of the State constitution of 1872; the sections pertaining thereto being as follows:
SECTION 4.—No debt shall be contracted by this State, except to meet casual deficits in the revenue; to redeem a previous liability of the State, to suppress insurrection, repel invasion, or defend the State in time of war; but the payment of any liability other than that for the ordinary expenses of the State shall be equally distributed over a period of at least twenty years.

years.

SECTION 6.—The credit of the State shall not be granted to, or in aid of, any county, city, township, corporation or person, nor shall the State ever assume, or become responsible for the debts or liabilities or any county, city, township, corporation or person, nor shall the State ever hereome a joint owner or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

SECTION 7.—County authorities shall never assess taxes in any one year the aggregate of which shall exceed ninety-five cents per one hundred deliars valuation, except for the support of free schools; payment of indebteness existing at the time of the adoption of this Constitution; and for the payment of any indebteness with the interest thereon created under the successing section, unless such assessment with all questions involving the increase of such aggregate, shall have been submitted to the vote of the people of the county, and have received three-fifths of all the votes cast for and against it.

[Note.—The legislature of 1904 passed a tax measure limiting counts.]

people of the county, and have received three-lites of all the voice case for and against it.

[Note.—The legislature of 1904 passed a tax measure limiting county peles after 1905 to 60 cents per \$100 of valuation.]

SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be assertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness, nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within and not exceeding thirty-four years; Provided, That no debt shall be contracted under this section unless all questions connected with the same shall have been first submitted to a vote of the people and have received three-fifths of all the votes cast for and against the same.

[Note.—The Legislature of 1905 passed an Act prolibiting indebtedness

[Note.—The Legislature of 1905 passed an Act prohibiting indebtedness exceeding 234 per centum on the value of taxable property. This Act went into effect Jan. 1 1906. See V. 80, p. 1930.]

TAXATION OF MUNICIPAL BONDS.—Bonds of municipalities are assessed as personal property against the person holding them, if he be a resident of the State. Bonds held by banks are not subject to tax. There is no provision regarding the taxation of State bonds.

POPULATION OF STATE.—The population of the State has been as follows:

STATE DEBT.—The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, \$1,327,000; county bonds, issued Jan. 1 1885, \$331,986; new school bonds, issued March 12 1892, \$606,641. The \$165,000 school bonds are also irredeemable; the interest is paid to the State University and the State normal school for colored persons. The balance in the sinking fund in Oct. 1914 aggregated \$13,838.71.

TAX RATE.-In 1914 the State tax rate (per \$1,000) was \$5.00.

MUNICIPAL BONDS EXEMPT FROM TAXATION.—On Nov. 2 1915 an amendment to the constitution was adopted concerning taxation and exempting therefrom bonds of the State and its subdivisions. See "Chronicle" of Nov. 20 1915, page 1733.

and exempting therefrom bonds of the State and its subdivisions. See 'Chronicle' of Nov. 20 1915, page 1735.

DEBT LIMITATION.—The constitutional provisions relating to the creation of dabt by the State are found in Sections 49 and 50 of the Constitution of 1891. We quote these sections sellow:

Section 49. The General Assembly may contract debts to meet casual deficits or failures in the revenue; but such debts, direct or configent, singly or in the aggregate shall not at any time exceed five hundred thousand dollars, and the moneys arising from loans creating such debts shall be applied only to the owners arising from loans creating such debts shall be applied only to the provided. The General Assembly may contract dobts to repel invasion, suppress insurrection, or, if hostilities are threatened, provide for the public defense.

Section 50. No act of the General Assembly shall authorize any debt to be contracted on behalf of the Commonwealth except for the purposes mentioned in Section 49 unless provision be made therein to levy and collect an annual tax sufficient to pay the interest stipulates, and to discharge the debt within thirty years; nor shall such Act take effect until it shall have been submitted to the people at a general election and shall have received a majority of all the votes cast for and against it. Provided, The General Assembly may contract debts by borrowing money to pay any part of the debt of the State without submission to the people and without making provision in the Act authorizing the same for a tax to discharge the debt so contracted or the interest thereon.

Cities, Towns, Etc.—Cities, towns, counties, taxing districts and other municipalities are limited by sections 157 and 158 of the constitution.

Cities, Towns, Etc.—Cities, towns, counties, taxing districts amount exceeding in any year the income and revenue provided for such year unless than 15,000,5%; cities and towns of 3,000 or more inhabitants but less than 15,000,5%; cities and towns of 3,000 or more inhabitants but le

INVESTMENT OF TRUST FUNDS.—Section 4168 of the Statutes of 1909 provides as follows:

SEC. 4168.—Investment of Funds by Fiduciary.—That it shall be lawfu for persons or corporations bolding funds in a fiduciary capacity for loan or investment to invest the same in real estate, mortgage notes or bonds, or in such other interest-bearing or dividend-paying securities as are regarded by prudent business men as safe investments, and to make loans with such securities as collateral; but such funds shall not be invested in the bonds or securities of any railroad or other corporation, has been in operation more that ten years, and, during that time, has not defaulted in the payment of principal or interest on its bonded debt, or be invested in the bonds of a county, district, town or city that, within ten years, has defaulted in the payment of the interest or principal or its bonded debt; and a fiduciary shall account for all interest or profit received.

DEBT LIMITATION.—State.—Under Section 31, Article 2, State Constitution, 1870, the credit of this State shall not be hereafter loaned or given by or in aid of any person, association, company, corporation or mucipality, nor shall the State become the owner in whole or in part of any bank or a stockholder with others in any association, company, corporation or municipality.

Section 33, Article 2. No bonds of the State shall be issued to any rail-road company which at the time of its application for the same shall be in default in paying the interest upon the State bonds proviously loaned to it or that shall hereafter and before such application sell or absolutely dis-pose of any State bonds loaned to it for less than par.

pose of any State bonds loaned to it for less than par.

Section 29, Article 2. Counties, Cities and Towns,—The General Assembly shall have power to authorize the several counties and incorporated towns in this State to impose taxes for county and corporation purposes, respectively, in such manner as shall be prescribed by law; and all property shall be taxed according to its value, upon the principles established in regard to State taxation. But the credit of no county, city or town shall be given or loaned to or in aid of any person, company, association or corporation, except upon an election to be first held by the qualified voters of such county, city or town, and the assent of three-fourths (%) of the voters cast at said election. Nor shall any county, city or town become a stockholder with others in any company, association or corporation except upon a like election, and the assent of a like majority.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to Issue at not exceeding \$250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us under date of January 24 1912 that "under our constitution, it is not competent for the Legislature to exempt from taxation State, county or municipal bonds, although occasionally, in providing for and issuing county or municipal bonds, it is provided that they shall not be subject to county or municipal taxation. In 1903, by Chapter 258 of the Acts of that year, it was attempted to practically exempt from taxation State bonds held by banks in this State, but the Supreme Court in the case of the State National Bank against the City of Memphis, 116 Tennessee 641, held that it was not competent for the Legislature under our constitution to exempt from taxation that class of property.

The State Supreme Court holds unconstitutional that provision of the refunding bond bill passed by the Legislature which exempts the bonds from taxation. This reverses the ruling of Chancellor Allison, who on Mar. 6 1913 decided that the State has power to exempt from taxation bonds issued by it. V. 96, p. 1038.

MEMPHIS.

Memphis is the county seat of Shelby County. A yellow lever epidemic in 1875 rendered city unable to meet its obligations, and in 1879 city charter was repealed and Taxing District of Shelby County was organized for purpose of securing a compromise with bondholders on such terms as city felt able to make. The courts however, held that Taxing District was liable for entire debt of city, and a compromise of 50% was them arranged for under Act. of March 1883. This Act was amended in 1885.

## State of North Carolina.

DEBT, RESOURCES, &c.

if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1870. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the issuance of (1) consol. 4% bonds due in 1910 (now replaced by refend, bonds due in 1950) to fund old ante-war bonds at 40% of face value. "new "railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for owe consol. 6% bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par. holders of construction bonds were made exchangeable at par. holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The 6s due in 1919 carry tax-receivable coupons and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special."

The Legislature of 1913 passed at Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 9s of the Laws of 1879. The Act of 1913 is given in full in V. 98. p. 1676.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904. North Carolina on April 1 1905 paid to the State of South Dakota \$27.40), representing the indigmont obtained by the latter State on \$10,000 bends (dorated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 stares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1332; and also editorials on the subject, V. 78, p. 1248; V. 80, p. 1332.

unfunded bonds, Issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100. A committee of bondholders also offered to donate to the State of New York a large amount of these bonds for the purpose of bringing suit, but the offer was declined. V. 86, p. 121. A similar offer was made to the State of Rhode Island, but was rejected. V. 90, p. 249. Offers to the States of Michigan (V. 92, p. 610) and Nevada (V. 92, p. 477) were also refused.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds. \$11.366, -000; bonds to Chatham RR., 1868. \$1,030,000, and to Williamston & Tarboro RR., \$150,000; pentientiary bonds of 1868. \$44,000; "unless the proposing to pay the same shall have first been submitted to the people and by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1859 and since; class 2 bearing the coupon of April 1859 and since; class 2 bearing the coupon of April 1859 and since; class 3 localized the topic of the State of States of Sta

INTEREST on the consolidated 4s and 6s. South Dakota, judgment and Schaef or bonds, the 1909, 1910, 1911 and 1913 bonds is payable in New York at the National Park Bank and at any bank in Raleigh.

The State does not have to raise money for the interest on the 6% bonds for the reason that the lease of the North Carolina RR. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds 12,666 shares of stock in the Atlantic & North Carolina RR. valued at \$1,268,600 and \$240,500 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the eash value; in 1903, however, the attempt was to assess at true value.

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 5, Section 4.—State Indebtedness.—Until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill lovy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

Article 7. Section 7.—Counties, Cities, Tongs, &c.—No country, city.

and be approved by a majority of those who shall vote thereon.

Article 7. Section 7.—Counties, Cities, Towns, &c.—No county, city, town or other municipal corporation shall contract any debt, pledge its faith or loan its credit, nor shall any tax be levied or collected by any officers of the same except for the necessary expenses thereor, unless by a vote of the majority of the qualified voters therein.

Section 13.—No county, city, town or other municipal corporation shall assume to pay, nor shall any tax be levied or collected for the payment of any debt, or the interest upon any debt, contracted directly or indirectly n aid or support of the rebellion.

Article 8, Section 4.—It shall be the duty of the Legislature to provide for the organization of cities, towns and incorporated villages, and to restrict their powers of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessments and in contracting debts by such municipal corporations.

STATE PROPERTY.—The State formerly owned valuable deposits of phosphates, but its revenue from the mining of them, after increasing from \$196.698 in 1886 to \$237,149 in 1890, fell to \$4,362,12 in 1909. This was partly the result of a reduction in royalties from \$1.05 per ton in 1886 to 25 cents per ton in 1900. Under date of April 3 1914 we were advised that the deposits were no longer being mined.

the deposits were no longer being mined.

DEBT LIMITATION.—State.—The State-Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows:

Section 6 states that the credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation, &c. This section was amended in Nov. 1910 and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a

Joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purposes, to build and repair public roads, buildings an opposed to a suppose the purposes, to build and repair public roads, buildings an opposed to a suppose the purposes, to build and repair public roads, buildings an opposed to the purposes, to build and repair public roads, buildings an opposed to the purpose, to build and support prisoners, pay jurous, county officers, and for litigation and support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Saluda, and shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of State insolvedness shall be issued except for the redemption of stock, bonds or expressivelence of indebtedness previously issued, or for such debts as are apprehended by this constitution. Section 11 forbids the General Assembly will be such assembly selected by this constitution and the section of the County and current business, yendorsement or otherwise, except for the ordinary and current business, yendorsement or otherwise, except for the credit of the State, and the state of the credit of the State and the section of the section of

bonds provided the amount of such bonds shall not exceed the 8% limits see Sec. 6 above.

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 exempting all school and municipal bonds from taxation. Heretofore the only bonds which were non-taxatic were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

DEBT LIMITATION — State — Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the state shall not be pleiged or loaned to any individual, company, corporation or association, nor shall the State become a Joint owner or stockholder many company, association or corporation. Provided the advisors—Title X (First Division), Revised Statutes 1906, prohibits cities and Lowus from issuing bonds in excess of five per cent (5%) of the assessed value of real and personal property within their corporate limits. Before any such bonds are put out, the question of issuing the same, as well as the amount to be issued, must be approved by two-thirds (2-3) of the registered voters actually votins. Any city or town may issue bonds in excess of the five per cent (5%) limit for gas or electric plants, provided the additional amount does not exceed seven per cent (7%) of the total valuation of real and personal property. The maturity of such bonds shall not exceed thirty (30) years and the interest rate may not exceed by a majority of the votes cast at an annual or special election to be called for such a purpose. It is also required that the interest and a sinking fund for their payment at maturity shall be provided for.

Counties.—Title IX, Section 786 (First Division), Revised Statutes 1906, states that countless may issue bonds for highways, buildings and for funding purposes, provided the proposition to sixue such bonds is authorized by a majority of the voters. A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election hold Nov. 11 1901 and became effective Nov. 28 1901. The new instrument makes radical changes in relation to dobt and taxation, an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new diebt except to repel invasion or suppress insurrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies, the latter, though, being limited to \$300.000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution is set out in Sections 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bends proposed to be issued under general laws must first be authorized by a majority vote of the qualifired voters of the county, city, town, village of other political sub-division descring to Issue such securities. There are exceptions to this however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 35, per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the Constitution in excess of 315 per cent of the assessed valuation. Counties are allowed to find or refund any existing laws to be created. Such counties already indebted in excess of 315 per cent or every every counties are allowed to find or refund any existing indebtedness.

CITTES, TOWNS.&c., having a population

lection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also GADSDEN, ENSLEY, DECATUR and NEW DECATUR, are limited in their debternating powers to 7 per cent of the assessed valuation. The following described classes of indebtedness are not to be considered in figuring the debt limit, temporary leans to be paid within one year, made in anticipation of the collection of caxes, and not exceeding one-fourth of the general revenues; bonds or other obligations already issued, or which may horeafter be issued, for the purpose of acquiring, prividing or constructing school houses, water-works and sewers, and obligations incurred and bonds issued or street or sidewalt improvements, where the cost of the same, in whole or in part, is to be assessed arginst the property abutting said lappovements, provided, that the proceeds of all obligations issued as herein provided, in excess of said 7 per cent, small not be used for any purpose other than that for which said obligations were issued. Nothing contained in this Article is to prevent the funding or refunding of existing indebtedness. Nor is the Section to apply to the cities of SHEFFIELD AND TURCUMBIA.

Section 226 provides that no city, town or village whose present indebtedness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this constitution until such indebtedness shall be reduced within such limit, provided, however, that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law, provided, interest the contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law, provided, further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

INVESTMENT OF TRUST FUNDS.—Sections 6076 and 6077 of the

INVESTMENT OF TRUST FUNDS.—Sections 6076 and 6077 of the Code of 1907 provide as follows:

SEC. 6076.—Trustees May Invest in State or United States Securities.—A trustee, having moneys to invest or lend, may invest them in the purchase of the interest-bearing securities of the State, or of the United States; but for such investment his liability is governed by the general rules of the law. SEC. 6077.—Investment Without the State.—If the cesting que trust, or any of them, reside without the State, and the trustee has funds to lend or invest, the loan or investment whereof in the State of their residence is desirable, the trustee may there lend and invest them, under the authority of a decree of the Court of Chancery.

BONDS TAX-FREE.—By Section 13 of an Act approved March 31 1911, entitled "To further provide for the revenues of the State of Alabama," the following securities are exempted from taxation: "All bonds of the United States and of this State, and all county and municipal bonds issued by counties or municipalities of this State."

POPULATION OF STATE.—
910 2,138,093 | 1870 996,992 | 1830 309,527

holders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of \$500,000 bonds, \$336,000 were redeemed between Jan. 1 and Jan. 15 1912, while the remaining \$264,000 were exchanged for new bonds.

Floating debt, warrant and interest account

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but \$308, 500 consols so issued (\$303,500 being consols of 1874 and \$5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also \$421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to \$3,953,000. These include New Orleans Mobile & Texas 8%, bonds, endorsed, \$875,000; 8%, State bonds issued to said road, \$2,500,000 & bonds issued to the Mississippi & Maxican Gulf Ship Canal Co., \$280,000. &c.

The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in redring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no life; gation on the matter since the Act of 1894 under which holders of \$364,295 bonds have disposed of the same to the State at an average price of 41.25 cents on the dollar. In recent years the State has no ofered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p. 1263.

ASESSED VALUATION.—The assessed valuation is estimated at about 60% of the actual value.

ASSESSED VALUATION.—The assessed valuation is estimated at about 60% of the actual value. The State tax (per \$1,000) for 1914 was \$5.00. In addition to the 1914 State tax there was a special Confederate veteran pension fund tax of \$1.00 and a special road tax of 25 cents.

its maturing loans and all those upon which it had option. The amendment provides that the interest tax collected in excess of requirements shall be divided between city schools and city improvements. The new Louistana constitution, in effect May 12 1898, confirmed these arrangements.

On June 5 1809 A.

Louisiana constitution, in effect May 12 1898, confirmed these arrangements.

On June 6 1899 the city voted a special tax of 2 mills for water, sewer and drainage purposes, intended to provide for an issue of from 12 to 18 million bonds. As this required an amendment to the State constitution, the Legislature, in special session, passed a bill for its submission to a vote of the people of the State. At this election the amendment was approved and \$12,000,000 of the bonds were awarded in Dec. 1900 (V. 71, p. 1283), to be issued from time to time as the improvement progressed. The whole amount is out. In March 1903 the validity of this Act was tested in the Civil District Court and affirmed. V. 76, p. 770. The case was taken to the State Supreme Court and the validity of the Act was again upheld. V. 76, p. 989. At the Nov. 1906 election two simendments to the State constitution in relation to the City of New Orleans were ratified by the voters; one of these authorized the city to issue \$5,000,000 sewer bonds and the other \$200,000 teachers' salary bonds V. S3, p. 1306, and V. S7, p. 1110. 1434 and 1556. \$1,000,000 of the sewer bonds were sold on May 21 1909 (V. S8, p. 1388) and the remainder (\$7,000,000) were sold on May \$1911. V. 92, p. 1331. Of the teachers' salary bonds, only \$198,000 were issued.

in January, and sessions are limited to sixty days.

HISTORY OF DEBT,—For early history of the Arkansas State debt see "State and Clip Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3%, 30-year bonds, denominations \$500 and \$1,000, except \$15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to \$24,300, which have not been presented for refunding. All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now null and void. The total amount of bonds outstanding Jan. 1 1916 was \$1.250,500, of which \$1,134,500 are held by the State's School Fund and \$116,000 by the permanent endowment fund of the University of Arkansas.

TOTAL DEBT, ETC.—The bonded debt Jan. 1 1916 consisted only of refunding bonds (referred to above) as follows:

63,102,304 DEBT LIMITATION.—The provision of the constitution concerning State and municipal indebtedness are contained in Sec. 1 of Art. 16. This section prohibits the creation of debt by either the State of its sub-divisions.

It is proper to state, though, that there are numerous improvement districts, such as schools, levees, bridges, drainage, &c., which, under special Acts, have been allowed to borrow money or issue bonds for their completion. Bonds of this character, we are told, do not seem to come clearly under the prohibitory mandate of the constitution, and for that reason these districts are allowed to proceed in this manner.

[At the general election Sept. 14 1914, a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towas under certain conditions to issue bonds and other evidences of indebteness. The State Suprema Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast for State officers, and therefore falled of adoption. V. 190, p. 1185.

TAXATION OF MUNICIPAL BONDS.—As indicated above, the State

TAXATION OF MUNICIPAL BONDS.—As indicated above, the State is not allowed to issue bonds. Other evidences of indebtedness are subject to taxation.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (\*) in the returns below the issues put out prior to the enactment of the above law. A law went into effect Ang. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuence of bonds (all except "Innding bonds issued or to be issued or any valid outstanding bonds of said county, town or city"; also excepting bond issues for less than \$2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued" to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

The Attorney-General's Department in May 1913 rendered opinions holding (1) that no town or less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. V. 97, p. 310.

Issue bonds and (2) that road and school bonds are subject to taxation.

V. 97, p. 310.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's Department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State of any municipal.

pality.

F DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts and drainage districts, see V. 87, p. 112, 1244, 1557; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788; V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; and V. 97, p. 310.

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND ESTABLISH IRRIGATION DISTRICTS.—Chapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the Issuance of bonds after the same have been passed by the District Court. See

Item under Cameron County Irrigation District No. 1, on page 1312, of the "Chronicle" for Oct. 31 1914.

INVESTMENTS FOR SAVINGS BANKS.—The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364.

POPULATION.—The population of Texas has been as follows:

1910. 3,896,542 | 1880. 1,591,749 | 1860. 604,215 | 1890. 2,235,523 | 1850. 212,592 | 1850. 212,592

Of the total population in 1910, 690,020 were blacks, which compares with 620,722 in 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1910 being only 17,7%, against 20,4% in 1900, 22,04% in 1890 and larger percentages in previous decades.

AUSTIN.

This is the capitol of the State and the county seat of Travis County. First incorp. Dec. 27 1839. On Dec. 29 1908 a new charter was favorably voted providing for a commission form of government.

The Austin dam, water-works, electric-light and power houses, for the building of which the water and light bonds were issued, were destroyed by the disastrons flood that visited Texas in April 1900 (V. 70, p. 755). But a new, larger and better dam has now been completed at a cost to the city of \$1.720,000. An adjustment of this old debt on the basis of new bonds bearing 3% for 5 years, 4% for the next 10 years and 5% for the final 15 years was reached between the city and the bondholders' committee in August 1901. Bonds are also redeemable at option of city on any interest payment date. For details see V. 73, p. 459. All these bonds have been refunded and interest is being regularly paid.

FORT WORTH.

This city is country seat of Tarrant
Co. Incorp. 1873. The validity of some of the city bonds was the subject of libration, but de islons of the Courty of Civil Appeals have confirmed their legality. See V. 60, p.775; V. 67, p. 1072, and V. 76, p. 223. The city failed to pay its interest due in September and November 1899 (see V. 60, p. 711), but in January 1900 paid all arrears. In December 1900 an appeal was made to holders of the bonds to consent to refunding the debt into new 4s and a resolution to

aid in the process was passed by the City Council. See "Chronicle." V. 72, p. 100. The Legislature of 1901 authorized \$1,883,900 4% 40-year bonds to take up the old issues and \$754,000 were refunded; remainder of new issue was then canceled and all further efforts to refund stopped. The water debt (inc) in above) on Sept. I 1915 amounted to \$550,000. INT, on bonds of 1914 payable in N. Y. City: on others in Galveston. The State of Texas in 1902 donated its ad valorem taxes in Galveston County for 17 years to create in part an interest and sinking fund for bonds to be issued for raising the grade of the City of Galveston, and known as grade-raising bonds, series "A." B" and "C." aggregating \$2,000,000. This donation, with only a nominal tax in the beginning, has been sufficient to pay the interest and retire \$763,000 of the bonds up to Feb. 28, 1913, reducing the amount outstanding to 1,237,000.

In addition to the sinking fund as given above, the city owns \$822,200 wharf company stock. Also owns a water-works plant valued at \$1,800,000. Sinking fund receives yearly an amount equal to 2% of outstanding bonds.

amount equal to 2% of outstanding bonds.

The city holds in its special reserve rund, which can only be used in special or unlooked-for emergencies, the sum of \$24,851. The city holds in what is called water and sewer-extension fund \$19,000; revenue of present sewer system will pay, over and above operating expenses; int. on entre \$300,000 bonds outstanding. Further work on sewers is being done as graderalsing is finished in different districts.

DEBT LIMITATION.—The city can issue bonds only with lexislative authority and is forbidden to make loans for railroad aid.

PORTO RICO.

One of the island possessions of the United States ceded by Spain following the war of 1898. San Juan is the capital.

The borrowing capacity of the various municipal corporations in the Island of Porto Rico is now governed by Act. No. 4 of the laws of 1913. The provisions of this Act will be found in V. 97, p. 541. Only \$141.000 of municipal bonds are held outside of the Insular Government, which will probably continue to absorb all such issues and issue refunding bonds to cover.
