DATE OF ISSUE OF THIS PUBLICATION.

As explained in previous numbers, this periodical. owing to the great pressure for space, is now issued in two parts. The first part, comprising the New England and the Middle and the Central States (the latter embracing Ohio, Indiana, Illinois and Michigan), is published in the first half of the year and appears in May or June. The second part, comprising the rest of the country, is published towards the close of the year, and is sent to our subscribers to-day.

The change has been forced upon us by the constant addition to the number of municipal bond issues and the inability to compress the information concerning the same within the limits of a single number. Not only are the older and more important civic corporate bodies uninterruptedly putting out further bonded obligations, but many of the minor places, previously free from debt, have also entered the ranks of borrowing communities and are constantly creating new issues. Besides this, in the newer sections of the country where expansion and development are such noteworthy characteristics of affairs, new civil divisions are all the time springing up. The result is that the demands for additional space have outgrown our ability to provide for them in the customary way, leaving no alternative but to issue the Supplement in two parts and to assign a portion of the country to each part.

AVAILABILITY OF MUNICIPAL BONDS AS SECURITY FOR DEPOSITS OF POSTAL SAVINGS FUNDS.

In recent years municipal bonds have gained important advantages through their exemption from the Federal income tax and through the further fact that they are eligible within certain limits and under certain regulations and restrictions as security for deposits of Postal Savings Funds. The Postal Savings system was established by Act approved June 25 1910, but the growth of the system has been greatly stimulated by amendments made by an Act of Congress approved May 18 1916, and by another amendment made by Act of July 2 1918. Under these amendments certain limitations In the original law upon the aggregate of the deposits of individuals have been greatly curtailed and the law liberalized. By the first amendment, the provision in the original law that the balance to the credit of any one person should never be allowed to exceed five hundred dollars, exclusive of accumulated interest, and the further provision that "no one shall be permitted to deposit more than \$100 in any one calendar month" were both eliminated, the only limitation imposed being that "the balance to the credit of any person, upon which interest is payable, shall not exceed \$1,000 exclusive of accumulated interest"; a succeeding section provided "that the Board of Trustees may, in their discretion, and under such regulations as such Board may promulgate, accept additional deposits not to exceed in the aggregate \$1,000 for each depositor, but upon which no interest shall be paid." The amendment of 1918 is contained in the Postal Service Appropriation Act for 1919, approved July 2 1918, and provides that the credit of any one person in a postal savings depository, exclusive of accumulated interest, shall not exceed \$2,500 and that non-interest-paying deposits shall not be accepted.

Under the Postal Savings Law the funds received at Postal Savings depository offices in each city, town, village or other locality, must be deposited in solvent banks located therein, provided these banks qualify to receive the deposits. One of the qualifications is the pledging by the banks against the deposits of "such security in public bonds or other securities authorized by Act of Congress or supported by the taxing power as the Board may prescribe, approve and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand." In accordance with this requirement the Board of Trustees, consisting of the Postmaster General, the Secretary of the Treasury and the Attorney General, has prescribed the terms and conditions and the figures at which different classes of municipal obligations, meeting the requirements of the law, will be accepted. These regulations are general in character and were promulgated Aug. 16 1916, the rules being subdivided in 28 sections, of which Sections 8 to 12, inclusive, appertain to the securities to be pledged for the deposits. Section 8 of these regulations was amended in 1917 by the Board of Trustees so as to include Federal Farm Loan bonds. Some other but minor amendments were also approved by the Board of Trustees during 1917. These are all incorporated in the transcript of the rules given below.

As far as prices are concerned, State bonds and also bonds of the Territory of Hawaii are accepted at their market

value, but not above par; bonds of any city or county having a population of over 30,000 are accepted at 90% of their market value, but if such market value is above par they will be accepted at only 90% of the par value; bonds of any city, town, borough or village in the United States having a population running between 20,000 and 30,000 are accepted at 80% of their market value, provided said market value is not in excess of par; while bonds of any other city, town, county or other legally constituted municipality or district in the United States, otherwise eligible, are accepted at 75% of their market value, but not to exceed 75% of the par value. The eligibility of the securities is fixed by Sections 9 to 12 of the regulations. In the "Chronicle" of Jan. 27 1917 (page 315) we published some very interesting facts concerning the legal acceptability of bonds offered as security for Postal Savings deposits, as contained in the report of the Postmaster General and the Solicitor of the Post Office Department for the fiscal year ending June 30 1916. We now give Sections 8 to 12 of the Board's regulations in full with all amendments included:

United States Debt and the Congressional Acts Authorizing It.

In the following detailed statement of the debt of the United States, we give references to the laws authorizing each of the issues of bonds outstanding to-day. In 1917 the country entered upon an entirely new era in its debt history. In the prosecution of the war against the Imperial German Government, new obligations have been issued on a scale of unparalleled magnitude; and although hostilities have now ceased, and peace is virtually assured, at least one further issue of Liberty bonds will be necessary and is now being arranged for. By the Act of April 4 1917 authority was conferred upon the Secretary of the Treasury to issue \$5,000,000,000 long-term bonds at not to exceed 31/2% interest (\$3,000,000,000 of this being for the purpose of establishing credits in the United States for the foreign Governments enlisted in the war against Germany), and \$2,000,000,000 certificates of indebtedness, the latter running for periods not exceeding one year. By the further Act of Sept. 24 1917, authority was conferred to issue \$7,538,945,460 convertible 4% bonds to retire the \$3,000,-000,000 non-taxable 31/2% issue authorized to cover loans to the Allies, and to provide for new Allied credits of \$4,000,000,-000, the remaining \$538,945,460 to be used for converting certain outstanding bonds, including the Danish West Indies, Alaskan Railway, Panama Canal and naval construction issues. The bill also provided for the issuance of \$2,000,000,000 each of one-year Treasury certificates of indebtedness and five-year war savings certificates. The interest rate on the certificates the Secretary of the Treasury was left to fix. By the further Act of April 4 1918, amending the Act of Sept. 24 1917, authority was conferred to issue \$12,000,000,000 of bonds at not exceeding 41/4% interest, the 12 billion dollars, however, to include the bonds issued under the Second Liberty Loan, and \$3,638,945,460 being in lieu of corresponding amounts of unissued bonds authorized by previous notes. Under the same Act the limit upon the amount of certificates of indebtedness that may be outstanding at any one time was raised from \$4,000,000,000 to \$8,000,000,000. By the further Act of July 9 1918, amending previous Liberty bond enactments, the limit of issue was raised to \$20,000,000,000 at not exceeding 41/4%; but including bonds theretofore issued and increasing from \$5,500,000,000 to \$7,000,000,000 the additional loans or credits that may be extended to the Allies, making \$10,000,000,000 altogether that may be loaned to the Allies. By the Liberty Bond Exemption Bill of Sept. 24 1918, the total of War Savings Certificates that might be issued was raised from \$2,000,000,000 to \$4,000,000,600.

In June 1917 \$2,000,000,000 of 3½% bonds were offered under the Act of April 24 1917. The subscriptions amounted to \$3,036,226,850, but only \$2,000,000,000 was accepted. In October 1917 an offering of \$3,000,000,000 4s under the Act of Sept. 24 1917 was made. Subscriptions reached an aggregate of \$4,617,532,300. In accordance with previous announcement, one-half of the over-subscription was accepted, making the total of bonds put out under this offer \$3,808,766,150. In April 1918 \$3,000,000,000 of 4½% non-convertible bonds (Third Liberty Loan) were offered under the Act of April 4 1918. The subscriptions amounted to \$4,176,516,850, all of which were accepted. In Sept.-Oct. 1918 \$6,000,000,000 of 4½% non-convertible bonds (Fourth Liberty Loan) were offered under the Act of July 9 1918. The subscriptions amounted to \$6,989,047,000, all of which were accepted.

The Act authorizing the First Liberty Loan was given in the "Chronicle" of April 28, page 1649, with further particulars in the issue of May 12 1917, page 1849, and the text of the Treasury circular in the issue of May 19, page 1959; and of the Second Loan the full text of the bill as it became a law in the "Chronicle" of Sept. 29 1917, page 1252, and the text of the Treasury circular in the issue of Oct. 6, page 1355. The Act authorizing the Third Liberty Loan was presented in the "Chronicle" of April 6 1918, page 1404, and the text of the Treasury circular in the issue of April 13, page 1517. The Act authorizing the Fourth Liberty Loan appeared in the "Chronicle" of July 13 1918, page 131, the Treasury circular in the issue of Oct. 5, page 1328, and the text of the Liberty Bond Exemption Bill on Oct. 5, page 1327. Certificates of indebtedness have been issued from time to time under the Act of April 24 1917 and the amendatory Acts of Sept. 24 1917, April 4 1918 and July 9 1918, always for short periods.

In the following we present a full detailed statement of the debt of the United States as reported by the Treasurerat the close of business on June 30 1918, this being the very latest monthly return issued at the time of going to press.

The Government debt on June 30 1918 was made up of (1) interest-bearing debt, \$11,985,882,436 42, of (2) debt on which interest has ceased, \$20,242,550 26, of (3) debt bearing no interest, \$237,503,732 69, making total gross debt \$12,-243,628,719 37; subtracting from the total the net cash balance in the Treasury (\$1,319,347,364 14) at the same date (June 30 1918), the net debt is seen to be \$10,924,281,355 23.

We now add, first, references to and citations from the laws which are the authority for the debt as it stands to-day; second, the two tables on page 12, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1878 to 1918:

"FUNDED LOAN OF 1891" (Column 11) 4 48, continued at 2%. The bonds of this issue were issued in exchange for the 4 5% funded loan or 1891 by agreement between the Scoretary of the Treasury and the holders, and were made redeemable at pleasure of the Government. Amount issued \$25,364,500, but May 18 1900 all were called for redemption on Aug. 18 1900, when interest ceased.

"CONSOLS OF 1930."—Column 19.) Bonds (2% payable at the pleasure of the Government after 30 years) authorized in "Act to define and ax the standard of value," &c. (for copy of Act see "Chronicie," March 3 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5% payable Feb. 1 1904; (2) bonds bearing interest at 4% payable July 1 1907; and (3) bonds bearing interest at 3% payable August 1 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in "Chronicle," March 17 1900, page 500. Of these 2%s there were outstanding June 30 1918, \$509,724,050.

"LOAN OF 1908-1918."—(Column 17.) The bonds included under this head are of an issue of \$198,792,860 3%s. They were authorized by Act of June 13 1898 and are known as the "War Loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in "Chronicle" of June 18 1898, page 1168, inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and registered form, coupon in denominations of \$20, \$100, \$500 and \$1,000, and registered in denominations of same amounts, and also in \$5,000 and \$1000, dated August 1 1898, redeemable in soin at the pleasure of the United States after ten years from date of issue, and due and payable August 1 1918. See circular for further details. Subscriptions reached the amount of \$1,325,000,000.

"FUNDED LOAN OF 1907" (Column (12) 4s. The Act of July 14 1870, authorized the Issue of 1,000 million dollars of bonds at 4%, payable in coin of the present standard value at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds applied to redemption of outstanding 5-20s, par for par. Outstanding (June 30 1918), \$487,900. Included in debt upon which interest has ceased.

"REFUNDING CERTIFICATES" (Column 13).—Act of February 26 1879 authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4%, and convertible at any time, with accrued int. On March 12 1879 the issue of these certificates and their exchange into 4% bonds were authorized, the certificates were to draw 4% interest from April 1 1870 and were convertible in sums of \$50 or its multiples. The amount issued at the close of the first year (June 30 1879) was \$39,308,110, but they had been converted so rapidly that there were outstanding at that date only \$12,848,210. On Oct. 31 1879 the entire authorize: amount had been reached, the maximum of the issue being \$40,012,750. Of these there were still outstanding on June 30 1918 a total of \$11,200, included in debt bearing no interest.

"LOAN OF 1925,"—(Column 15.) Sales of bonds included under this designation were effected (1) in February 1895 to the amount of \$62,315,400 and (2) in February 1896 to the amount of \$100,000,000. In a message to Congress under date of February 8 1895 (published in the "Chronicle" February 9 1895, page 244). President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statutes, the details of an arrangement had that day been concluded whereby bonds authorized under the Act of July 14 1875, payable in cola at the pleasure of the United States after the first day of Feb. 1925, with interest at the rate of 4% per annum, to the amount of \$62,315,400, were to be issued for the purchase of gold cola amounting to a sum slightly in excess of \$65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold then held in the reserve would so restore such reserve as to make it amount to something more than \$100,000,000. Such a premium was to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3 ½% per annum. At least one-half of the gold to be obtained was to be supplied from abroad. Section 3700 of the revised Statutes is as follows:

supplied from abroad. Section 3700 of the revised Statutes is as follows:

"Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rate and upon such terms as he may deem most advantageous to the public interest."

For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see "Chronicle," February 18 1893, page 265.

The issue in February 1896 was an ordinary offering, open to all bidders, of \$100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which there were outstanding June 30 1918 \$118,489,900."

Under this authorization, and for the purposes mentioned, there were issued in Feb. 1894, parable in 10 years, \$50,000,000 of 5%s and in Nov, 1894 there were issued \$50,000,000 more for similar bonds for same purpose. The bonds matured Feb. 2 1904, and the amount outstanding June 30 (\$13,050) is included on that date in "debt on which interest has ceased.

The sum of such certificates outstanding was not at any one time to exceed in the aggregate \$4,000,000,000, but this was increased under the Act of April 4 1918 to \$8,000,000,000. Under the authority thus granted the Secretary has issued varying amounts of these certificates from time to time, through the Federal Reserve banks, all for short periods, the rate of interest being at first fixed at 4%, then raised to 4½% and finally to 4½%. There were outstanding June 30 1918 \$1,706,204,500 at various rates of interest.

Subscriptions totaled \$4,617,532,300. or \$1,017.532,300 more than the minimum sought, and on the basis of 50% of the oversubscriptions, the amount issued was \$3,808,760,150; all those up to \$50,000 were allotted to full. and may be redeemable before maturity, upon such terms and conditions as the Secretary of the Treasury may prescribe. Note.—No Fourth Liberty Lean bonds yet issued, but subscriptions reached \$6,989,047,000. I Continued at 315%. I Continued at 3%.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, and is exclusive of interest charge on Pacific Railway bonds, but is incorrectly swelled to a small extent by interest on Thrift Stamps which are not separately stated.

Note 2.—The figures for July 1 1879 were under up assuming pending funding operations to have been completed.

Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold reserve fund as a separate item, and not included it in the available cash balance. In the above statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

a Under the new form of statement issued by the Treasury Department the gold reserve (\$152,979,025.63 on June 30) is deducted from the total of United States notes outstanding, decreasing to that extent the debt be aring no interest and consequently making a similar reduction in the balance of cash available to pay maturing obligations.

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

SECTION 15.—(Municipal Debts in A(d of Railroads.)—The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all callroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county staxation, previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to ten per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it fire.

This is all the constitution contains with reference to the debts of municipalities.

consisted in simply changing the word ten and making it fire.

This is all the constitution contains with reference to the debts of municipalities.

The Legislature, however, has made some general provisions governing bond issues which are contained in Sections 1851, 1862, 1903, 1907 and 1932 of the General Stabutes, 1913.

Section 1851 provides that "no city of the first class shall hereafter incur or be subject to a net indebtedness in excess of 5% of the assessed value, nor shall any other municipal corporation except school districts become so indebted beyond 10% of such values." It is provided also "that if the net indebtedness of any municipality, at the time when the Revised Laws take effect, shall exceed the limit herein fixed, or if any village thereafter organized as a city under a home rule charter shall be subject to such excess when so organized, either may be such and sell new bonds sufficient in amount to refund all or any part of such existing indebtedness, but the same shall not thereby be increased.

Section 1862 relating to independent school districts situated wholly or in part within any city having a population of more than 50,000, states that "no such school district shall have power to issue bonds or any evidences of indebtedness running more than two years, whenever the aggregate of the outstanding bonds and evidences of indebtedness of such district equals or exceed 3½% of the assessed value of all taxable property within such school district."

Section 1903 refers to cities having a population of 20,000 or less and provides that bonds may be issued for such purposes as permanent improvement, bridge, shipping terminal, water and light, city hospital, school and general fund, but stipulates that "none of such bonds above described shall be issued whereby the aggregate bonded indebtedness of the city, ercluding any funds, bonds or balances held in a sluking fund, shall be made to exceed 10% of the purpose of Acquiring, constructing, improving, operating or purchasing water power or light

\$25,000, and according to Section 1907 "the bonds authorized by Section 1 of this Act (Section 1906) or any portion thereof, may be issued and sold by any such city notwithstanding any limitation contained in the charter of such city or in any law of this State, prescribing or fixing any limit upon the bonded indobtedness of such city, but the full faith and credit of any such city shall at all times be pledged for the payment of any bonds issued under this Act and for the current interest thereon, and the city council and common council of such city shall each year include in the tax levy for such city a sufficient amount to provide for the payment of such interest and for the accumulation of a sinking fund for the redemption of such bonds at their maturity."

Section 1932 provides that villages in Minnesota having a floating indebtedness may issue bonds for the purpose of refunding the same; but no such bonds shall be issued, or sold which, with bonds already issued shall exceed 15% of the assessed valuation of real estate of sald village.

The value of moneys and credits amounting to \$303,504.592 are not included in the valuation figures for 1916, as they are now taxed as a separate item at a flat rate of 5 mills on the dollar of actual value. See following item.

*These figures represent the values as ordered by the executive council in July 1916 and are subject to change when adjusted and spread upon tax lists by the various counties in the State.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at full value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of this value the same as other

TAX RATE.—The State tax (per \$1,000) for 1915 was \$4.50; this included \$2.22 general tax, \$2.11 for educational institutions and 17 cents for Capitol ground extension.

DEBT LIMITATION.—Lowa's Constitution restricts the creating of debt, both State and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

ARTICLE 7 Section 1. [Limitation of State indebtedness.] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual in the second of the State.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the Saate or any of its municipalities were exempt from taxation, we were advised under date of December 8 1911 by the Secretary of State that "bonds or notes or other evidences of indebtedness issued by this State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation."

TAX ON SECURED DEBTS,—The Legislature of 1017 enacted a law providing for a tax on secured debts, in which are included, among other things, any and all bonds of any State or political subdivision thereof. The new law levies a tax for State purposes of 5 cents per \$100 face value, or fraction thereof, for each year the secured debt is to run, up to four years; where the bond runs for five years or over, the tax is a lump sum of 25 cents per \$100. Taxes not exceeding this rate are authorized for county purposes, and further taxes not exceeding the same rate may be levied by cities and incorporated towns in the State. The city of \$t\$. Louis, though not in a county, is authorized to levy taxes as a county and as a city. It is provided that any person paying the taxes so levied shall be exempt from further taxation by the State of Missouri or any political subdivision thereof, except that remarks of any secured debt shall be taxed as though a new debt had been created. limited the debt-making power to \$1,000,000 (with certain restrictions and

\$630,775, of which the State owned \$213,800. The bonded debt
was \$1,181,975, of which the State owned \$713,800. The bonded debt
which on Jan: 1 1916 amounted to \$211,000, has all been retired. Permanent School Funds Jan. 1 1917 amounted to \$9,707,698,99.

DEBT LIMITATION.—The constitution of Montana was adopted by popular vote Oct. I 1889. Article XIII of the constitution of Montana, in relation to Public Indebtedness, is as follows:

Sec. I. Neither the State, nor any county, city, town, municipality, nor other subdivision of the State shall ever give or loan its credit in aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or a joint owner with any person, company or corporation, except as to such ownership as may accrue to the State by operation or provision of law.

Sec. 2. The Legislative Assembly shall not in any manner create any debt except by law which shall be irrepealable until the indebtedness therein provided for shall have been fully paid or discharged; such law shall specify the purpose to which the funds so raised shall be applied and provide for the levy of a tax sufficient to pay the interest on, and extinguish the principal of such debt within the time limited by such law for the payment thereof; but no debt or liability shall be created which shall singly, or in the aggregate with any existing debt or liability exceed the sum of one hundred thousand dollars (\$100,000) except in case of war, to repel invasion or suppress insurrection, unless the law authorizing the same shall have been submitted to the people at a general election and shall have been submitted to the people at a general election and shall have been submitted to the people at a general election and shall have been submitted to the people at a general election and shall have been submitted to the people at a general election and shall have been submitted to the people at a general election and shall have been submitted to the people at a general election and shall have been submitted to the people at a general election.

Sec. 3. All moneys borrowed by or on behalf of the State or any county, city, town, municipality, or other subdivision of the State, shall be used only for the purpose specified in the law authorizing the loan.

Sec. 4. The State shall not assume the debt, or any part thereof, of any county, city, town or municipal corporation.

Sec. 5. [The State Supreme Court on June 4, 1917 handed down a declaration of the debt.]

debt.

The State Supreme Court on June 4 1917 handed down a decision reaffirming its decision of March 13 1917 in the Lewis and Clark County case
holding that money cannot be borrowed by counties on refunding bonds
by a sale thereof without a vote of the people. See V. 104, D. 2570.

In a decision which had to do with the adjustment of the indebtedness
between Custer and Fallon counties, the State Supreme Court on Dec. 19
1916 ruled that bridges are not county property, but public property.

See V. 103, p. 2445.]

COUNTY FUNDING AND REFUNDING BONDS VALIDATED BY ACT OF LEGISLATURE.—At the special session of the Montana Legislature in 1918 an Act was passed (Chapter 5) legalizing and validating bonds saued by counties for the purpose of funding or refunding outstanding indebtedness issued by counties without the question of issuing the same, or funding or refunding such indebtedness, having been submitted to and approved by the electors. V. 106, p. 1257.

TAXATION OF MUNICIPAL BONDS.—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, the Attorney-General advised us under date of Dec. 22 [911 that there is no legislative enactment expressly exempting such securities from taxation.

SAVINGS BANK INVESTMENTS.—Section 33 of the laws of Monana, relating to banks and banking corporations, reads:
Sec. 33. No commercial bank shall purchase, agree to purchase, or underwrite any bond issue in excess of 10% of its assets, except bonds of the United States, of the State of Montana, of the cities, towns, counties, or school districts of this State.

DENVER.

Denver is situated in Denver Co. Incorp. Nov. 7 1861. All bonds are taxable. Under Rush Amendment to constitution (Chap. 46. Laws of 1901), adopted Nov. 1902. this city and various suburban towns have been united to form what is known as City and County of Denver. V. 76. p. 554. New Counties of Adams and South Arapahoe (the latter is now known as Arapahoe Co.) were formed out of portions of old county of Arapahoe not incl. in new city and co. of Denver. State Supreme Ct. on Feb. 27. 1903 upheld constitutionality of Rush Amendment. On May 16 1916 an amendment to the city charter was adopted doing away with the commission government and substituting the mayoralty form of sovernment. V. 102. p. 1913.

Wals Works.—The \$8,000,000 municipal water-plant bonds voted some time ago were upheld by U. S. Supreme Court on Oct. 15 1917. V. 105, p. 1726. These bonds will not be issued, however, we are informed, except possibly to amount of \$100,000 for which the city had obligated itself in the building of a new plant. A deal was consummated with the Denver Union Water Company, whereby the city purchased that company's plant and issued in payment the \$10,506,000 bonds below.—V. 107, p. 919.

The \$3,000,000 Mofrat Tunnel bonds voted Feb. 17 1914 were declared void by the State Supreme Court on July 8 1914. V. 99, p. 137. Supreme Court on Apr. 3 1916 upheld increase in assessed valuation. See "Chronicle" of Apr. 15 1916, page 1461.

of that instrument, being Nos. 1, 2, 5 and 6. We quote these sections below: SECTION 1. To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding las amended in 1910 in the aggregate at any one sine as amount equal to one and one-half per centum of the value of the taxable property of the State, as shown by the last assessment for State purposes previous to the incurring of such Indebtedness. But the State shall never contract any indebtedness, except as in the next section provided, in excess of such amounts, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.

SECTION 5. All moneys borrowed by, or on behalf of the State, or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.

the law authorizing the loan.

SECTION 6. The State shall not assume the debt, or any part thereof of any county, city, town or school district.

Title 47, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Countles, Cities, Towns, &c.—The constitutional provisions relating to the debt of countles, cities, towns, school districts and other municipal corporations will be found in Sections 3, 4, 5 and 7 of Article XIV. Section 5 is quoted above. We give Sections 3, 4 and 7 below.

Begins and the second of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivision thereof, in this State; unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein, in the year preceding such election, and a majority of those voting thereon, shall have voted in favor of incurring such debt

shall have voted in favor of incurring such debt

SECTION 4 When authorized to create indebtedness as provided in
Section 3 of this Article, no county shall become indebted to an amount
including existing indebtedness, exceeding 2%. No city, town, school
district or other municipal corporation shall become indebted to an amount,
including existing indebtedness, exceeding 4% of the value of the tarable
property therein, the value to be ascertained by the last assessment for
State and county purposes previous to the incurring of such indebtedness,
except that in incorporated cities the assessment shall be taken from the
last assessment for city purposes; provided, that no part of the indebtedness
allowed in this section shall be incurred for other than sericity county,
city, kown or school district purposes; provided further, that any city of
the first and second class, when authorized as provided in Section 3 of this
Article, may be allowed to incur a larger indebtedness, not to exceed four
per centum and any city of the third class, or town, not to exceed four

such water, light and sewers shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted, in accordance with the laws of Utab Territory, by any county, city, town or school district, or to prevent she contracting of any debt or the issuing of bonds therefor, in accordance with said laws, upon any proposition for that purpose, which, according to said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this constitution takes effect.

Section 308 of the Compiled Laws of Utah, 1907, which provides for the incurring of indebtedness by cities and towns for the supply of water, artificial light, or sewers, was amended in 1917 and now stands as follows (V, 105, p. 1330):

(V. 105, p. 1330):

Sec. 30S. Any city or town in this State is hereby authorized to incur an indebtedness not exceeding in the aggregate, with all other indebtedness, 8% of the value of the taxable property therein for the purpose of supplying such city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, provided that gites of the third class, and towns, may become indebted to an amount not exceeding in the aggregate, with all other indebtedness, 12% of the value of the taxable property for the purpose of supplying such city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, when the proposition to create such debt shall have been submitted to the vote of such qualified electors as shall have paid a property tax in the year preceding such election and a majority of those voting thereon shall have voted in favor of incurring such debt

TAXATION OF MUNICIPAL BONDS.—The Secretary of State advised us under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, counties, school districts and municipalities. The constitution, however, exempts all property owned by such political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages, and therefore not taxable. The Legislature of 1911 passed two Acts providing for bond issues (\$250,000 road and bridge and \$300,000 university) and in both of these Acts it was expressly stipulated that the bonds should be exempt from taxation for any purpose within the State.

SAVINGS BANK INVESTMENTS.—There are no stipulated securities for investment by Utah savings banks. Section 429 of Chapter 9, Title 14, Compiled Laws of Utah, 1907, prescribes the bonds which are legal investments for loan, trust and guaranty associations.

SANTA FE COUNTY.
County seat is Santa Fe.
The present debt is \$473,000, consisting of what are known as Refunding Bonds of the State of New Mexico, Series "B." Santa Fe County. While these bonds are bonds issued by the State and are primarily its obligation. Santa Fe County is responsible for the interest, which is at 44 %, payable semi-ann. (M. & S.), and is also responsible for the principal, but in case of default upon the parts of the county. the State would have to take care of them, having recourses then on the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unaid coupons, and possibly a judgment or so. The amount of these latter is estimated at 21,000. Over \$1,000,000 of the old debt represented by bonds issued in aid of railroad construction, the coupons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its bonds in payment therefor without any recourse on the county, the U. S. Countress having made a large land donation to the State for the ultimate payment of these bonds. The assess, val. in 1913 was about \$70. SAN FRANCISCO.

San Francisco is in San Francisco County. Financial statement given below is for both city and county.

Question of purchasing certain properties of Spring Valley Water Co. for \$34,500,000 was defeated Apr. 20 1915. V. 100, p. 1526.

The Board of Supervisors on Jan. 5 1914 passed an ordinance formally accepting the water supply and power rights in the Hetch-Hetchy Valley, granted in the bill passed by Congress in 1913. V. 97, p. 1838, and V. 98, p. 250. Board of Supervisors upheld Mayor in vetoing resolution offering for sale \$43,287,000 Hetch-Hetchy water supply bonds. See "Chronicle" of Dec. 11 1915, p. 1998.

The \$4,600,000 5% exposition bonds given in table below are the remaining outstanding portion of an issue of \$5,000,000. These bonds, which were voted Nov. 15 1910, are not figured in the 15% debt limit. See remarks under State of California or constitutional amendments giving authority to issue these and other bonds.

While the water bonds are direct liabilities of the city, provision is made in the law for axing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a sinking fund that, by annual retirement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

DEBT LIMITATIONS.—A new Constitution went into effect in July 1902. Section 127 of Article 8 fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a siming fund to extinguish the debt in thirty-four states of indebtedness by the State with certain exceptions and Section 184 of Article 13 prohibits the contraction of debts and issue of evidences of indebtedness by the State with certain exceptions and Section 185 of the same article prohibits the lending of credit to, or subscription to stock of, corporations or persons by State, county, city or town; and that the State shall become interested in no work of internal improvement except public roads. Exceptions are made as to counties, cities and towns. All the provisions regulating the incurring of indebtedness follow:

Sec. 127.—Article 8. No city or town shall issue bonds or other interestable article protection and the second service of the second service percentage of indebtedness, there shall sear the counties, cities and towns. All the provisions regulating the incurring of indebtedness follow:

Sec. 186. All taxes, licenses, and other revenue of the State shall be collected by its proper officers and paid into the State treasury. No money shall be paid out of the State treasury except in pursuance of appropriations made by law; and no such appropriation shall be made which is payable more than two years after the end of the session of the General Assembly, at which the law is enacted authorizing the same; and no such appropriation shall be made for the payment of any debt or obligation created in the name of the State during the warm between the Confederate States and the United States. TAXATION OF MUNICIPAL BONDS.—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

Under an Act of the Legislature approved Mar. 13 1912 (Chapter 229) Boards of Supervisors of the several counties and councils of the several cities and towns of the Commonwealth of Virginia, are authorized to exempt from local taxation, obligations issued by such counties, cities and towns for the purposes of building or improving the public roads or bridges therein.

STATE DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April 1893, pages 151 and 152.

ginla, however, refused to recognize these certificates. After lengthy litigation, the U.S. Supreme Court on June 14 1915 decided that West Virginia stould assume liability for a debt of \$12.393,929 50, of which the principal is \$4.215,622.28 and interest \$8,178.307.22. See "Chronicle" for June 19 1915, page 2099, and editorial on page 2037 of the same issue. Also see "Chronicle" for Oct. 23 1915, page 1394. In June 1916 the U.S. Supreme Court denied the petition of Virginia for a writ of execution of judgment on the ground that the West Virginia Legislature had not met in regular session since the Judgment was entered. The Legislature met in regular session in January 1917, but no provision was made by it for the payment of the Judgment.

sion in January 1917, but no provision was made by it for the payment of the judgment.

The case came before he U. S. Supreme Court again in April 1918 on a petition from Virginia for a mandamus to compet the West Virginia Legislature to levy a tax for the payment of the judgment, the court, however, held that it would not force payment now believing that as a sovereign State, West Virginia would take steps to meet the judgment. For a summary of the Court's ruling, see V. 196, p. 2358. The Legislature will meet again in regular session in Januar, 1919.

After about three-fourths of the old Virginia bonds had been surrendered and West Virginia "deferred certificates" been given to represent West Virginia's one-third, under the Acts of 1871 and 1879, these Acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the principal of the old bends brought in for funding, but gave "mon-interest-bearing certificates" to represent one-third the interest on old bonds. The following shows the mount of each refunding issue:

State of West Virginia. DEBT, RESOURCES, &c.

Admitted as a State (Act Dec. 31 1862)_____June 20 1863 Total area of State (square miles)_____24,780 State Capital__ ___Charleston

Governor (term expires Mar. 4 1921)____John J, Cornwell Sec'y of State (term exp. Mar. 4 1921)_ Houston G. Young Treasurer (term expires Mar. 4 1921)____Wm. S. Johnson Auditor (term expires Mar. 4 1921)........................J. S. Darst Attorney-General E. T. England

LEGISLATURE meets blennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt, the U. S. Supreme Court on June 14 1915, after lengthy littles, attention, decided that West Virginia should assume liability for a debt of \$12,-393,929.50, of which the principal is \$4,215,622.23 and interest \$8,178, 307.22. See "Chronicle" of June 19 1915, page 2099; and elitorial on page 2037 of the same issue. Also see "Chronicle" for Oct. 23 1915, page 1394. The petition of the State of Virginia for execution of judgment against West Virginia was denied by the U. S. Supreme Court in June 1916 on the ground that the West Virginia Legislature had not met in special session since the judgment was entered. The Legislature met in regular session in January 1917 but no provision whatever was made for the payment of the judgment. Shortly after the Legislature had onvened mandamus proceedings were begun in the U. S. Supreme Court by the State of Virginia to compel the Legislature to provide for the payment of the judgment either by a bend issue or the levying of a tax. The court in April 1918, however, held that it would not force payment now believing that as a sovereign State West Virginia would take steps to meet the judgment. For a summary of the courts rolling see V. 106, p. 2358. The Legislature will meet again regular session in January 1919.

The amounts in the various State funds and in banks on Nov. 1 1918 sagregated \$3,708.913 49. In addition, the State School Fund had invested 399,900 and the Workmen's Compensation Fund \$4,959,000. Total of all funds invested and in banks on Nov. 1 1918 was \$9,667,813 49.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and railroad property. Under the tax law passed in 1904 assessments are said to be made at about actual value. This accounts for

STATE DEBT.—The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, \$1,327,000; county bonds, issued Jan. 1 1885, \$331,986; new school bonds, issued March 12 1892, \$606,641. The \$165,000 school bonds are also irredeemable; the interest is paid to the State University and the State normal school for colored persons. DEBT LIMITATION.—State.—Under Section 31. Article 2. State Constitution, 1870, the credit of this State shall not be hereafter loaned or given to or in aid of any person, association, company, corporation or municipality; nor shall the State become the owner in whole or in part of any bank or a stockholder with others in any association, company, corporation or municipality.

Section 33. Article 2. No bonds of the State shall be Issued to any rall-road company which at the time of its application for the same shall be in default in paying the interest upon the State shall be reviously loaned to it or that shall hereafter and before such application sell or absolutely dispose of any State bonds loaned to it for less than par.

Section 29. Article 2. Counties, Cities and Towns.—The General Assembly shall have power to authorize the several counties and incapporated towns in this State to impose taxes for county and corporation purposes, respectively, in such manner as shall be prescribed by law; and all property shall be taxed according to its value, upon the principles established in regard to State taxation. But the credit of no county, city or town shall be diven or loaned to or in aid of any person, company, association or corporation, except upon an election to be first held by the qualified voters of such county, city or town, and the assent of a like majority.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 230,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue not exceeding \$250.000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us under date of January 24 1912 that "under our c

maser-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us under date of January 24 1912 that "under our constitution, it is not competent for the Legislature to exempt from taxation State, county or municipal bonds, although occasionally, in providing for and issuing consty or municipal bonds, it is provided that they shall not be subject to county or municipal taxation. In 1903, by Chapter 258 of the Acts of that year, it was attempted to practically exempt from taxation State bonds held by banks in this State, but the Supreme Court in the case of the State National Bank against the City of Memphis, 116 Tennessee 641, held that it was not competent for the Legislature under our constitution to exempt from taxation that class of property."

The State Supreme Court holds unconstitutional that provision of the refunding bond bill passed by the Legislature which exempts the bonds from taxation. This reverses the ruling of the Chancellor, who on March of 1913 decided that the State had power to exempt from taxation bonds issued by it. V. 96, p. 1033.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that there are "no legal restrictions" as to investments for savings banks.

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the Issuance of (1) consol. 4% bonds due in 1910 (now replaced by refund, bonds due in 1950) to fund old ante-war bonds at 40% of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consol. 6% bonds due in 1919, for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The 6s due in 1919 carry tax-receivable coupons and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of Issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 is given in full in V. 98, p. 1676.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1964. North Carolina on April 1 1905 paid to the State of South Dakota 527,400, representing the judgment obtained by the latter State on \$10,000 bonds donated to the State of South Dakota for the serpress purpose of beinging suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. INTEREST is payable in New York at the National Park Bank and at any bank in Raleigh.

The State does not have to raise money for the interest on the 8% bonds for the reason that the isaae of the North Carolina RR, provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds 12.666 shares of atock in the Atlantic & North Carolina RR, valued at \$1,266,600 also \$645,247.56 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the cash value; in 1903, however, the attempt was to assess at true value.

SALE OF BOND 5.—Permanent bonds must be sold at not less than par, and, unless the sale is to a local sinking fund or is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. cient. Temporary bonds or notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than permanent bonds is limited (1) by prohibitions against incurring such debts except for meeting appropriations of revenues of the current fiscal year or appropriations of the proceeds of permanent bonds actually authorized; and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of permanent bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a debt statement filed by the chief financial officer either (a) that the net bonded debt outstanding or authorized but missued or about to be authorized, plus any outstanding floating debt incurred before the Act took effect (March 7 1917) does not exceed 10% of the average assessed valuation for the three years in which taxes were last levied, or (b) that the net bonded debt incurred or authorized since March 7 1917, whether paid or not, does not exceed 3% of the assessed valuation for 1916; or unless (2) the proposed bond issue is for water supply or for funding or refunding debt outstanding on March 7 1917. PROCEDURE.—Permanent bonds must be authorized by an ordin-ance, which takes effect immediately upon its passage, or after it has been approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the bond issue.

bond issue.

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date thirty days after the last publication of the ordinance (publication being required once a week for four successive weeks). It is further provided that bonds reciting that they are issued under the Act shall be incontestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorising the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

SAVINGS BANK INVESTMENTS.—The State of North Carolina does not provide any special regulations whereby the deposits of savings banks doing business in that State shall be invested.

sessions are not limited, but pay of members is confined to forty days.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and deciared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 31.800,000 of the scrip had been issued. V. 80. p. 725. Thirty South Carolina bonds 6% of \$1,000 each, issued in 1889, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampshire, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99. p. 1545. The State debt on Oct. 25 1918 consisted of the following items:

LOANS—
Consold. Brown, 1878-1879.

Seedemp'n Brown Consols 1892.

1-1 \$58,539 39elresdeemable

Redemp'n Brown Consols 1892.

1-2 \$13 \$55,539 39elresdeemable

Refunding Bonds.

amounted to \$80,012.20.

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to \$37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it and later the U. S. Supreme Court sustained this decision. In 1914 the General Assembly also passed an Act requiring the State Treasurer to remove from the books all wholly invalid 6% Greene Consolidated bonds, amounting to \$224.640.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by \$14,500.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

DEBT LIMITATION.—State.—The State Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows:

DEDITION AND COLORS AND ADDRESS AND ADDRES

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State simil never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipalities have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting). Alken, Anderson, Bishopville, Camden, Charleston School District, Cheraw, Chester, Clinton, Darlington, Edgefield, Florence, Kershaw Co. Sch. Dist. No. 1, 8th. Matthews, Sumter and Yorkville School District. An amendment to Section 6 of Article X adopted in Nov. 1910 allows townships in Greenwood County and Saluda County to issue railroad ald bonds provided the amount of such bonds shall not exceed the 8% limit—see Sec. 6 above.

Ten amendments to the Constitution were submitted to the voters on Nov. 5 1918, all of which were adopted. Among them were:
Amendment to Section 7, Article VIII, of the constitution, relating to municipal bonded indebtedness, by adding a proviso thereto as to the cities of Rock Hill and Florence from the provisions thereof, amendment to Section 7 of Article VIII of the constitution, so as to exempt the cities of Rock Hill and Florence from the provisions thereof, amendment to Section 7 of Article VII of the constitution, relating to bonded indebtedness; by adding a special proviso as to Greenville County.

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 exempting all school and municipal bonds from taxation. Previously the only bonds which were non-taxable were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. I 1911 on \$600,000 bonds sold in July 1910, on the ground that should the bond-holders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of \$600,000 bonds, \$338,000 were redeemed between Jan. I and Jan. 15 1912, while the remaining \$264,000 were exchanged for new bonds.

Bonds are subject to call July 1 1939, or on any interest data there-after, at par and accrued interest, on 30 days' notice.

INT. on bonds of 1917 is payable at office of Board of Liquidation, Clty Hall, and in N. Y. Ulty at Harris, Forbes & Co; on other bonds at City Hall by Board of Liquidation, at the fiscal agency of the Board in New Orleans and in New York by Winslow, Lanier & Co.

TOTAL DEBT— June 30 '18. June 30 '17. Total bd. dt. \$37,057,678 \$37,317,780

Total bd.dt.\$37,057.678 \$37,317,780
In addition to the figures of total debt given above, there are outstanding \$300,000 5% public belt railroad bonds. These bonds are not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer, Neither do the figures of bonded debt include the amount of accrued interest on premium bonds, which on June 30 1918, was \$3.054,462 and June 30 1918, as \$3.054,462 and Jun

pear. They are issued for various public improvements.

PREMIUM BONDS.—The premium bonds (\$20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2,322 prizes, asgregating \$100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value \$420,000) were paid each year, in two installments of 10,500 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place July 31 and April 15 next preceding. The drawings to determine the bonds payable July 31 and Oct. 15.

The drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.

The drawings to determine which bonds shall receive prizes (ranging from \$20 to \$5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.

At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. 1 1875. This sction was taken in reply to a letter received from Benjamin Ory, who holds five of the bonds, which are for \$20 each. See V. 94, p. 223.

HISTORY OF DEBT.—For early history of the Arkansas State debt see "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3%, 30-year bonds, denominations \$590 and \$1,000, except \$15,000 in bonds of 1859 and 1870, and the estimated interest thereon, amounting to \$24,300, which have not been presented for refunding. All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now will and vold. The total amount of bonds outstanding Sept. 23 1916 was \$1,250,500.of which \$1,134,500 are held by the State's School Fund and \$116,000 by the permanent endowment fund of the University of Arkansas.

DEBT LIMITATION.—The provisions of the constitution concerning State and municipal indebtedness are contained in Secs. 1, 2 and 9 of Art. 16. This section prohibits the creation of debt by either the State of its sub-divs. It is proper to state, though, that there are numerous improvement districts, such as schools, levees, bridges, drainage, &c., which, under special Acts, have been allowed to borrow money or issue bonds for their completion. Bonds of this character, we are told, do not seem to come clearly under the prohibitory mandate of the constitution, and for that reason these districts are allowed to proceed in this manner.

Sections 1, 2 and 9, referred to above, follow:

Section 1. Neither the State nor any city, county, town or other municipality in this State shall ever loan its credit for any purpose whatever; nor shall any county, city, town or municipality ever issue any interest-bearing evidences of indebtedness, except such bonds as may be authorized by law to provide for and secure the payment of the present existing indebtedness, and the State shall never issue any interest-bearing Treasury warrants or scrip.

Sec. 2. The General Assembly shall from time to time provide for the

and the State shall never issue any interest-bearing Treasury warrants or scrip.

Sec. 2. The General Assembly shall from time to time provide for the payment of all just and legal debts of the State.

Sec. 9. No county shall levy a tax to exceed one-half of 1% for all purposes, but may levy an additional one-half of 1% to pay indebtedness existing at the time of the ratification of this constitution.

[At the general election Sept. 14 1914, a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebteness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast on that particular subject, it did not receive a majority of the votes cast for State officers, and therefore failed of adoption. V. 100, p. 11851.

[An amendment to the Constitution, providing that the credit of the State might be leaned to an amount not exceeding 2% of the assessed valuation of property in the State upon the security of farm lands within the State, was defeated at the Nov. 1918 election.]

The State Supreme Court upheld the road building law passed by Legislature in 1915. See "Chronicle" of May 6 1916, page 1733.

TAXATION OF MUNICIPAL BONDS.—As indicated above, the State is not allowed to issue bonds. Other evidences of indebtedness are subject to taxation.

SAVINGS BANK INVESTMENTS.—The State Bank Commissioner informed us under date of Sept. 24 1917 that there is no law in Arkansas regulating the way in which savings institutions are permitted to invest their funds.

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1894, pages 174 and 175.

At the time of the panic in 1907 State was for a few days obliged to suspend cash payments, but merely because of its inability to secure cash from the 31 State depositories with which the State had on deposit at the time \$1.504.637.45. See V. 85, p. 1289, and V. 86, p. 240.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the Department of Insurance and Banking wrote us in part as follows concerning the law regulating the investment of funds of savings institutions in Texas

"* * * While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established wint is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and unningled with the commercial business of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than 85% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.

3. In bonds of the State of Texas, or of any State of the Union that has not within the last five years previous to making such investment defaulted in the payment of any paet of other principal or interest thereof.

4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicile in the State.

5. In bonds or notes secured by first mortgage, deed of trust or other valid lien on unincombered, improved real estate to run for a term of not longer than ten years, situated in the State, worth at least twice the amount loaned thereon, such bonds or notes to be always accompanied by a complete abstract of title to the property mortgaged and an attorney's certificate or title insurance policy in some company incorporated under the laws of this State, certifying said bonds or notes to be the first lien on the laud mortgaged.

It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above described.

The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND ESTABLISH IRRIGATION DISTRICTS.—Chapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the issuance of bonds after the same have been passed by the District Court. See teem under Cameron County Trigation District No. 1, on page 1812, of the "Chronicle" for Oct. 31 1914.

POPULATION.—The population of Texas has been as follows:

1910. 3,896,542 1880. 1,591,749 1860 604,215
1900. 3,048,710 1870. 818,579 1850 213,592
1890. 2,235,523

Of the total population in 1910, 690,020 were blacks, which compares with 620,722 in 1900, 492,837 in 1890, 393,384 in 1830, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1910 being only 17.7%, against 20.4% in 1906, 22.04% in 1890 and larger percentages in previous decades.

AUSTIN.

This is the capitol of the State and the county seat of Travis. County, First incorp. Dec. 27 1839. On Dec. 29 1908 a new charter was favorably voted providing for a commission form of government.

The Austin dam, water-works, electric-light and power houses, for the building of which bonds were issued, were destroyed by the disastrous flood that visited Texas in April 1900 (V. 70, p. 755), but a new, larger and better dam has now been completed at a cost to the city of \$1,720,000. An adjustment of the old debt on the basts of new bonds bearing 3%, for 5 years, 4% for the next 10 years and 5% for the final 15 years was reached between the city and the bondholders' committee in August 1901. For details see V. 73, p. 459. All these bonds have been refunded. See table below.

FORT WORTH.
This city is county seat of Tarrant
Co. Incorp. 1873. The validity of
some of the city bonds was the sub-
fect of litigation, but decisions of the
Court of Civil Appeals have con-
firmed their legality. See V. 66, p.775;
V. 67, p.1072, and V.78, p. 223. The
city falled to pay its interest due in
September and November 1899 (see
V. 60, p. 711), but in January 1900
paid all arrears. In December 1900
an appeal was made to holders of the
bonds to consent to refunding the
debt into new 4s and a resolution to
aid in the process was passed by the
City Council. See "Chronicle," V.
72. p. 100. The Legislature of 1901 authorized \$1,883,000 4% 40-year
bonds to take up the old issues and
\$754,000 were refunded; remainder of
\$101.000 were retunded; remainder of
