DATE OF ISSUE OF THIS PUBLICATION.

As explained in previous numbers, this periodical, owing to the great pressure for space, is now issued in two parts. The first part, comprising the New England and the Middle and the Central States (the latter embracing Ohio, Indiana, Illinois and Michigan), is published in the first half of the year and appears in June. The second part, comprising the rest of the country, is published towards the close of the year, and is sent to our subscribers to-day.

The change has been forced upon us by the constant addition to the number of municipal bond issues and the inability to compress the information concerning the same within the limits of a single number. Not only are the older and more important civic corporate bodies uninterruptedly putting out further bonded obligations, but many of the minor places, previously free from debt, have also entered the ranks of borrowing communities and are constantly creating new issues. Besides this, in the newer sections of the country where expansion and development are such noteworthy characteristics of affairs, new civil divisions are all the time springing up. The result is that the demands for additional space have outgrown our ability to provide for them in the customary way, leaving no alternative but to issue the Supplement in two parts and to assign a portion of the country to each part.

AVAILABILITY OF MUNICIPAL BONDS AS SECURITY FOR DEPOSITS OF POSTAL SAVINGS FUNDS.

In recent years municipal bonds have gained important advantages through their exemption from the Federal income tax and through the further fact that they are eligible within certain limits and under certain regulations and restrictions as security for deposits of Postal Savings Funds. The Postal Savings system was established by Act approved June 25 1910, but the growth of the system has been greatly stimulated by amendments made by an Act of Congress approved May 18 1916, and by another amendment made by Act of Under these amendments certain limitations July 2 1918. In the original law upon the aggregate of the deposits of individuals have been greatly curtailed and the law liberalized. By the first amendment, the provision in the original law that the balance to the credit of any one person should never be allowed to exceed five hundred dollars, exclusive of accumulated interest, and the further provision that "no one shall be permitted to deposit more than \$100 in any one calendar month" were both eliminated, the only limitation imposed being that "the balance to the credit of any person, upon which interest is payable, shall not exceed \$1,000 exclusive of accumulated interest"; a succeeding section provided "that the Board of Trustees may, in their discretion, and under such regulations as such Board may promulgate, accept additional deposits not to exceed in the aggregate \$1,000 for each depositor, but upon which no interest shall be paid." The amendment of 1918 which is contained in the Postal Service Appropriation Act for 1919, approved July 2 1918, went considerably facther in extending the aggregate of money an individual may keep on deposit. It provides that the amount to the credit of any one person in a postal savings depository, exclusive of accumulated interest, shall not exceed \$2,500, and that non-interestpaying depocise shall not be accepted. And this is the law as it now stands.

Under the Postal Savings Law the funds received at Postal Savings depository offices in each city, town, village or other locality, must be deposited in solvent banks located therein, provided these banks qualify to receive the deposits. One of the qualifications is the pledging by the banks against the deposits of "such security in public bonds or other securities authorized by Act of Congress or supported by the taxing power as the Board may prescribe, approve and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand." In accordance with this requirement the Board of Trustees, consisting of the Postmaster General, the Secretary of the Treasury and the Attorney General, has prescribed the terms and conditions and the figures at which different classes of municipal obligations, meeting the requirements of the law, will be accepted. These regulations are general in character and were promulgated Aug. 16 1916, the rules being subdivided in 28 sections, of which Sections 8 to 12, inclusive, appertain to the securities to be pledged for the deposits. Section 8 of these regulations was amended in 1917 by the Board of Trustees so as to include Federal Farm Loan bonds. Some other but minor amendments were also approved by th

Note 1.—The annual interest-charge is computed upon the amount of outstanding principal at the close of the fiscal year, and is exclusive of interest charge on Pacific Railway bonds, but is incorrectly swelled to a small extent by interest on Theirt Stamps which are not separately stated.

Note 2.—The tigures for July 1 1879 were made up assuming pending funding operations to have been completed.

Note 3.—Under the Act of March 14 1999 the Treasury Department has kept the gold reserve find as a separate item, and not included it in the available cash balance. In the above statement, however, we have continued to include the item as a such to embarrass comparison with previous years, a Under the new form of scatement issued by the Treasury Department the gold reserve (\$152,979.025 63 on June 30) is deducted from the total of United States under outstanding, decreasing to that extent the debt bearing no interest and consequently making a similar reduction in the balance igitized for FRASER.

"The large increase in	values for 190	I and since the		due to the
formation of a new State I		be a command		ws of 1901,

The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237, Laws of 1901, which has construed the existing law to be a command to assess at full value, whereas former boards did not so construe the Act.

The 1915 Legislature passed an Act (Chapter 407, Laws 1915) providing for the re-assessment of railroad companies so as to include certain docks and elevators omitted from prior valuations and for the distribution of the taxes collected from such docks and elevators to the clies, towns and villages in which they are located.

DEBT LIMITATION.—The constitutional provision of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities, &c., as well as the State, are definitely limited by that instrument. The sections which cover the subject are Sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 4. Contracting Debts. The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. Limitation on Public Debt. For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed \$100,000). Every such debt shall be authorized by law, for some purpose or purpose to be distinctly specified therein; and the vote of a majority of all the members elected to each House to be taken by years and manys, shall be necessary to the passage of such law; for ERASER

and every such law shall provide for levying an annual tax sufficient to pay the annual laterest of such debt, and the principal within five years shall the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest, and such appropriation shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

SECTION 7. State may barrow money, when. The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized or to the payment of the debt thereby created.

Provided that the State may appropriate moneys for the purpose of acquiring, preserving and developing the water power and forests of the State; but there shall not be appropriated under the authority of this section in any one year an amount to exceed two tenths of one mill of the taxable property of the State as determined by the last preceding State assessment.

State: but there shall not be appropriated under the anthority of this section in any one year an amount to exceed two tenths of one mill of the taxable property of the State as determined by the last proceding. State assessment.

BONDS OF MUNICIPALITIES—WHETHER TAXABLE OR NOT.

—By Chapter 516 of the Laws of Wisconsin for 1911, bonds baued by Wisconsin municipalities were made exempt from taxation within the State, V. 93, p. 607. Under date of April 7 1919, however, we were informed in a letter from John H. Leenhouts, Assossor of Incomes, that "under the Wisconsin law all intangible securities were exempt from local assessment as personal property, but in lieu of this exemption the income from such securities is taxable to the recipient. The only bonds or securities which are exempt under our law to-day are the issues of the Federal Government, such as Liberty Loan bonds, and bonds issued under the Federal Farm Loan Act." V. 108, p. 1533.

* ASESSMENTS NOW MADE ON NEW BASIS.—The Legislature in 1913 passed a new law, known as Chapter 483, General Laws, 1913, under which the county assessor assesses plated real estate at 40% of its full valuation and any improvement thereon at 50%. The personal property under this new law is now being assessed at 33 1-3%, and 25% of its full valuation, where formerly about 50% was assessed at 32 1-3% and 25% of its full valuation, where formerly about 50% was assessed at 33 1-3% and expenditures through restrictions which its constitution puts overy kind of debt-making. That instrument fixes the limit at \$250,000 every kind of debt-making the sections of the foregoing it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the constitution which relates to that subject, and that has refere

devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion.

SECTION 6.—(Bonds for Public Debt.)—All debts authorized by the preceding section shall be contracted by loan on State bonds of amounts not less than five bundred dollars each on interest, payable within ten years after the final passage of the law authorizing such debt; and such bonds shall not be sold by the State under par. A correct registry of all such bonds shall be kept by the Treasurer, in numerical order, so as always to exhibit the number and amount unpaid, and to whom severally made payable.

to exhibit the number and amount impaid, and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article.

SECTION 8.—(Application of Leans.)—The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified in the Act authorising such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(Public Debt for State Buildings.)—For the purpose of eracting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may, by law, increase the public debt of the State, to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State, and appropriate the money only for the purpose aforesaid, which bonds shall be payable in not less than ten our more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality, the only restriction

in not less than ten nor more than thirry years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

SECTION 15.—(Municipal Debts in Aid of Bailroads.)—The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner. In aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to ten per tent of valuation. Hence the amendment consisted in simply changing the word ten and making it fire.

This is all the constitution contains with reference to the debts of municipalities.

bonds in aid of railroads to ten per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it frie.

This is all the constitution contains with reference to the debts of municipalities.

The Legislature, however, has made some general provisions governing bond issues which are contained in Sections 1851, 1862, 1903, 1907 and 1932 of the General Statutes, 1913.

Section 1851 provides that "no city of the first class shall hereafter linear or be subject to a not indebtedness in excess of 5% of the assessed value, nor shall any other municipal corporation except school districts become so indebted beyond 10% of such values." It is provided also "that if the not indebtedness of any municipality, at the time when the Revised Laws take effect, shall exceed the limit herein fixed, or if any village thereafter organized as a city under a home rule charter shall be subject to such excess when so organized, either may issue and sell new bonds sufficient in amount to refund all or any part of such existing indebtedness, but the same shall not thereby be increased."

Section 1862 relating to independent school districts situated wholly or in part within any city having a population of more than 50,000, states that "no such school district shall have power to issue bonds or any evidences of indebtedness running more than two years, whenever the aggregate of the outstanding bonds and evidences of indetedness of such district equals or exceeds 34% of the assessed value of all taxable property within such school district. a population of 20,000 or less and provides that flux of the control of the second of the control of

DRAINAGE BONDS DIRECT OBLIGATIONS OF COUNTY.—The State Supreme Court holds that drainage bonds issued under Sec. 18. Chapter 230, of the general laws of 1905 as amended, are direct and general obligations of the county issuing the same. V. 94, p. 365.

SUPREME COURT RULING AFFECTING SCHOOL BONDS.—The State Supreme Court on Dec. 28 1917 ruled that bond issues for the erection of new school buildings must be initiated with the passage of resolutions by boards of education under Minnesota laws, otherwise a vote of a school district to that end is ineffective. V. 106, p. 205.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law which became effective April 30 1907, imposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage or real property located within the State, recorded or registered on a fiter April 30 1907. TAXATION OF MONEY AND CREDITS,—In 1911 the Legislature passed a bill (Chapter 285) levying a tax of 3 mills on each dollar of the "fair cash value" of "money" and "credits" as the same were defined in Sec. 798, General Statutes of 1905, now Sec. 1975, General Statutes of 1913. It is provided, however, that nothing in the Act shall apply to money or credits belonging to any incorporated bank in Minnesota nor to any debt on which the tax is paid under Chap. 328, Gen. Laws of 1907 (mortgage tax law, referred to abovo). Section 1975 of the General Statutes defines moneys and credits as follows:

SAVINGS BANK INVESTMENTS.—The law relating to the investment of savings banks in the State of Minnesota is contained in Section 6593 of the General Statutes of 1913. This section was amended in 1917 so as to provide that investments may be made in Federal Farm Loan bonds and in 1919 so as to allow of the purchase of bankers' acceptances. Section 6393 now resids:

Section 5393. The trustees of any savings bank shall invest the moneys deposited therein only as follows:

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893, page 108.

FINANCIAL CONDITION.—Iowa has no bonded debt. On June 30 1918 there were \$553.810 40 warrants outstanding and the State had cash in the general revenue fund amounting to \$2.125.644 72. The Permanent School Fund on June 30 1918 aggregated \$4.813.426 22.

During 1913, 1914, 1915 and 1916 the State issued and disposed of \$1.985.000 5% certificates, the proceeds of which are to be issued for the extension of the capitol grounds. Up to June 30 1918 \$955.000, of these certificates had been redeemed, leaving \$130,000 outstanding on that date.

RQUALIZED VALUATION.—The equalized assessed valuation (14 appraised value) has been as follows in the years named:

The value of moneys and credits amounting to \$329,954,615 are not seluded in the valuation figures for 1917, as they are now taxed as a sepate item at a flat rate of 5 mills on the dollar of actual value. See following item.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at full value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of this value the same as other

TAX RATE.—The State tax (per \$1,000) for 1917 was \$7.42; this included \$7.25 general tax and 17 cents for Capitol Ground extension.

DEBT LIMITATION.—Iowa's Constitution restricts the creating of debt, both State and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest resularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relading to the State we give below:

LEGISLATURE meets blennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed \$5.00 per day for 120 days. A session of this kind was held in 1909.

The State of Missouri contains 114 counties and the City of St. Louis, the latter being a separate civil division subject to a dual government with a full set of both county and city officers.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c., on Jan. 1 1865 was \$36,094.908. The indebtedness of the State at present is as follows:

INTEREST on the State Capitol refunding bonds is payable at State Treasurer's office or at Mercantile Trust Co., St. Louis; on the State school and seminary certificates at State Treasury.

TOTAL DEBT. &c.—On Jan. 1 1919 the total debt of the State was \$4.398,839 42. The total cash held in the treasury to the credit of all of the State funds on Jan. 1 1919 amounted to \$3.922,715 94. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary University fund.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1918 to \$210,891,466 19, or of machinery, tools, merchandise, &c., as taxed on "merchanes and manufacturers" tax books," which amounted in 1918 to \$107,846,210.

Of the tax rate per \$1,000 for 1919 (\$1.80) 10 cents was to pay interest on the school and seminary fund certificates, 20 cents for the State Capitol bonds and \$1.50 for the support of the State Government. This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

bonds and \$1.50 for the support of the State Government. This latter includes the higher institutions of learning, the eleomosynary institutions and salaries, criminal costs and all other expenses of the State Government.

DEBT LIMITATION.—Missouri has made provision in its constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44, 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation. The sections relating to the Indebtedness of cities and other municipalities are found in Article 4. Section 47; Article 9. Section 6. and Article 10. Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an agreeaste of 5% of valuation, except that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house of individual subscribed in a larger amount for the erection of a court house of individual subscribed in a larger amount for the erection of a court house of individual subscribed in a larger amount for the erection of a court house of individual subscribed in a larger amount for the erection of a court house of individual subscribed in a larger amount for the grading, constructing, paving or maintaining of paved; graveled, macadamized or rock roads and necessary bridges and culverts therein": and except, also, per the amondment of 1908) for the grading constructing, pavin

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised under date of December 8 1911 by the Secretary of State that "bonds or notes or other evidences of indebtedness issued by this State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation."

TAX ON SECURED DEBTS.—The Legislature of 1917 enacted a law providing for a tax on secured debts, in which are included, among other things, any and all bonds of any State or political subdivision thereof. The new law levies a tax for State purposes of 5 cents per \$100 face value, or fraction thereof, for each year the secured debt is to run, up to four years; where the bond runs for five years or over, the tax is a immp sum of 25 cents per \$100. Taxes not exceeding the same rate may be levied by cities and incorporated towns in the State. The city of St. Louis, though not in a county, is authorized to levy taxes as a county and as a city. It is provided that any person paying the taxes so levied shall be exempt from further taxation by the State of Missouri or any political subdivision thereof, except that renewals of any secured debt shall be taxed as though a new debt had been created. Until these taxes are paid, secured debts shall remain subject to the regular personal property tax.

Section 308 of the Compiled Laws of Utah, 1907, which provides for the incurring of indebtedness by cities and towns for the supply of water, artificial light, or sewers, was amended in 1917 and now stands as follows (V. 105, p. 1330):

TAXATION OF MUNICIPAL BONDS.—The Secretary of State advised us under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, note or other evidences of indebted ness issued by the State counties, school districts and municipalities. The constitution, however, exempts all property owned by such political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages, and therefore not taxable. The Legislature of 1911 passed two Acts providing for bond issues (\$260,000 read and bridge and \$300,000 university) and in both of these Acts it was expressly stipulated that the bonds about doe exempte maximal or any purpose within the State

SAVINGS BANK INVESTMENTS.—There are no stipulated securities for investment by Urah savings banks. Section 429 of Chapter 9, Title 14, Compiled Laws of Urah, 1907, prescribes the bonds which are legal investments for loan, trust and guaranty associations.

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whother or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised, under date of Dec. 11 1911, by the office of the Secretary of State, that "the only evidences of indebtedness issued by this State that are exempt from taxation are the public-building fund bonds." For opinions regarding territorial and municipal bonds being exempt from taxation, see V. S5. p. 1634; V. S6, p. 240; V. S7, p. 111, and V. 98, p. 1258.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—The Attorney-General in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for purpose of purchasing seed wheat for farmers. V. 93, p. 423.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved by Attorney-General. V. 90, p. 1114.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the State Bank Commissioner wrote us that "our law does not direct how savings shall be invested. This is a new State and we have no exclusive savings banks. Some of our commercial banks have savings departments. We also have building and loan associations which are mutual companies."

While the water bonds are direct liabilities of the city, provision is made in the law for fixing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a sinking fund that, by annual retirement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

DEBT LIMITATIONS.—A new Constitution went into effect in July 1902. Section 127 of Article 8 fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

No city or town shall issue bonds or other interest-bearing obligations for any purpose, or in any manner, to an amount which, including existing indebtedness, shall at any time exceed 18% of the assessed valuation of the real estate in the city or town subject to taxation, as shown by the last preceding assessment for taxes; provided, however, that nothing above contained in this section shall apply to those cities and towns whose charters existing at the adoption of this Constitution anthorize a larger percentage of indebtedness than is authorized by this section; and towns whose charters existing at the adoption of this Constitution anthorize a larger percentage of indebtedness, there shall not be included the following classes of indebtedness; reprovided that such exceptions are all the provided for the provided the following classes of indebtedness; provided that such exceptions of the following classes of the city or town voting upon the question of their issuance, and on one exceed the revenue for such year.

TAXATION OF MUNICIPAL BONDS,—We were advised under date of Dec. 12 1911 by the office of the Auditor of Public Accounts that the only bonds exempt from taxation under the laws of this State are bonds of the United States and of the State of Virginia.

Under an Act of the Legislature approved Mar. 13 1912 (Chapter 229) Boards of Supervisors of the several countles and councils of the several cities and towns of the Commonwealth of Virginia, are authorized to exempt from local taxation, obligations issued by such counties, cities and towns for the purposes of building or improving the public roads or bridges therein.

Note.—The school and college debt here mentioned does not represent any obligations outstanding in the hands of the public. It consists sufficily of amounts owing the educational institutions, and is evidenced by certificates of indebtedness issued under Chapter 344. Laws of 1892. These certificates are redeemable at pleasure of the State and are non-transferable.

WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is \$15,239,370 out of the total debt of \$45,718,112,23. To represent, therefore, West Virginia's share of bonds funded. West Virginia' deferred certificates' were issued. West Virginia' deferred certificates' were issued. West Virginia' deferred certificates' were issued.

ginia, however, refused to recognize these certificates. After lengthy litigation, the U. S. Supreme Court on June 14 1915 decided that West Virginia should assumed lability for a debt of \$12.393.929 50, of which the principal is \$4.215,622.28 and interest \$8,178,307.22. See "Chronicle" for June 19 1915, page 2093, and editorial on page 2037, of the same issue. Also see "Chronicle" for Oct. 23.1915, page 1394. In June 1916 the U. S. Supreme Court denied the petition of Virginia for a writ of execution of judgment on the ground that the West Virginia Legislature had not met in regular session since the judgment. The Legislature met in regular session in January 1917, but no provision was made by it for the payment of the judgment.

The case came before the U. S. Supreme Court again in April 1918 on a petition from Virginia for a mandamus to compel the West Virginia Legislature to they a tax for the payment of the Judgment, to key a tax for the payment of the Judgment, the court, however, held that it would not force payment now believing that as a sovereign State. West Virginia would take steps to meet the Judgment, For a summary of the Court's ruling, see V. 196, p. 2358. On Feb. 20 1919 the West Virginia Virginia Debt.

After about three-fourths of the old Virginia boads had been surrendered and West Virginia "deferred certificates" been given to represent West Virginia a deferred certificates been given to represent west Virginia's one-third under the Acts of 1871 and 1879, these Acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the principal of the old bonds brought in for funding, but gave "non-interest-bearing certificates to represent one-third the interest on old bonds. LEGISLATURE meets blennially in odd years on the second Wednesday in January; kessions are limited to 46 days, but may be extended provided two-thirds of the members elected to each house concur.

TOTAL DEBT.—This State has no debt. In the settlement of the Virginia debt, the U. S. Supreme Court on June 14 1915, after lengthy libigation, decided that West Virginia should assume liability for a debt of \$12,-393-29.30, of which the principal is \$4.215,622.25 and interest \$8,175, 307,22. See "Chronicle" of June 19 1915, page 2099; and editorial on page 2037 of the same issue. Also see "Chronicle" for Oct. 23 1915, page 1941. The petition of the State of Virginia for execution of judgment against West Virginia was denied by the U. S. Supreme Court in June 1916 on the ground that the West Virginia Legislature had not met in special session since the indigment was entered. The Legislature met in regular session in January 1917 but no provision whatever was made for the payment of the judgment. Shortly after the Legislature had convend mandamus proceedings were began in the U. S. Supreme Court by the State of Virginia to compel the Legislature to provide for the payment of the judgment of the judgment was entered. The Legislature and not force payment had convend mandamus proceedings were began in the U. S. Supreme Court by the State of Virginia to compel the Legislature to provide for the payment of the judgment. However, held that it would not force payment now belleving that as a sovereign State West Virginia would take steps to meet the Judgment. For a summary of the court's rating see V. 106, p. 238. The West Virginia Legislature on Feb. 20 1919 adopted a resolution providing for the settlement of the debt. V. 103, p. 797. The terms of the settlement were that West Virginia pay Virginia \$1,100,000 in cach and \$13,400,000 in 315 75 bonds, less \$1,000,000 in bonds to be held in the West Virginia Trassury against certain cordificates which have been lost. The bill was signed by Govern

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and railroad property. Under the tax law passed in 1904 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns or ear ler years having been on a much lower basis.

STATE DEBT.—The educational bonds are not, strictly speaking, a debt of the State. They are irredesmable; the fund is inviolate, and the 6% semi-annual interest drawn by thom is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, \$1,327,000; county bonds, issued Jan. 1 1885, \$381,986; new school bonds, issued March 12 1892, \$605,641. The \$165,000 school bonds are also irredeemable; the interest is paid to the State University and the State normal school for colored persons. The balance in the sinking fund in June 30 1919 aggregated \$41,750.56.

The 5s due in 1919 carry tax-receivable coupons and are exempt from "all State, county or corporate taxation or assessment, direct or indirect, general or special." The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 is given to full in V. 98, p. 1587.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904 North Carolina on April 1 1905 paid to the State of South Dakota \$27,400, representing the judgment obtained by the latter State on \$10,000 bonds (donated to the State of South Dakota for the apress purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594, V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject V. 78, p. 1242; V. 80, p. 1332. The State also settled with the remaining bolders of this particular class of unfunded bonds, issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds: \$11.586,000; bonds to Chatham RR., 1888 \$1.030.000, and to Williamston & Tarboro RR., \$150.000; penitentary bonds of 1868, \$44,000. "unless the proposing to pay the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose," The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April 1870.

A law of 1917 authorizing semi-annual issues of State bonds for highways was declared unconstitutional in part on Sept. 26 1917. The law was amended in 1919 by striking out the provisions which had held to be unconstitutional. (Public laws 1919, Chap. 115).

The recognized debt which had been adjusted up to Nov. 1918 amounted to \$9.393.900. All bonds are exempt from tax

The State does not have to raise money for the interest on the 6% bonds for the reason that the lease of the North Carolina RR. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the road, which if sold would much more than pay the principal. In addition the State holds 12,666 shares of stock in the Atlantic & North Carolina RR. valued at \$1,265,600 also \$645,247 55 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 was made on the basis of about 2-3 of the cash value; in 1903, however, the attempt was to assess at true value.

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the issuance of (1) consol, 4% bonds due in 1910 (now re-

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date thirty days after the last publication of the ordinance (publication being required once a week for four successive weeks). It is further provided that bonds reciting that they are issued under the Act shall be inconsestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit. Section 2096 of the Revisal, as amended by Chap. 103 Laws of 1917, and Chap. 185 Laws of 1919, anthorized all counties to issue bonds for roads and bridges and to levy a sufficient tax to pay such bonds.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do 80.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 \$1,800,000 of this scrip had been issued. V. 80, p. 725. Thirty South Carolina bonds 68, of \$1,000 each, issued in 1899, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampslure, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99, p. 1545. The State debt on Oct. 1 1919 consisted of the following tens:

Past-due bonds, long over-due, are also omitted. The total issue of 4½% Redemption Brown Consols under Act of 1892 was \$5,822,745.97. of which \$991.025.97 were retired by the Sinking Fund, exhausting the assets of the fund; but \$4,731.720.4% gold bonds issued under an Act of 1912 were sold April 1 1916, and the remaining outstanding 4½% Redemption Brown Consold redeemed. The assets of the ordinary sinking fund on Oct. 1 1019 amounted to \$105.800.74. On the same date the refunding sinking fund amounted to \$107.90.31.

In 1903 the General Assembly passed an Act requiring the State Treasurer for remove from the books in his office old Blue Ridge RR, bonds amounting to \$37,000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. S. Supreme Court sustained this decision. In 1914 the General Assembly also passed an Act requiring the State Treasurer for move from the books all wholly invalid 6% Greene Consolidated bonds, amounting to \$224.60.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the state Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by \$14,500.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

DEBT LIMITATION.—State.—The State Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be stated as follows:

several eness on the creation of dest by the State, all of which may be stated as follows:

Section 6 states that the credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation, &c. This section was amended in Nov. 1910 and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a joint owner of or stockholder in any company, association or corporation; and the State shall not become a joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to maintain and support prisoners, pay jurors, county officers, and for litigation, quarantine and court expenses, and for ordinary county purposes, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Saluda, through which in whole or in part the line of railroad of Greenwood & Saluda, Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

Section 7 provides that no scrip, estificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this constitution.

Counties, Cities, &c.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Section 7 of Article VIII and Section 5 of Article X of the State constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without sub-mitting the question to the qualified electors. It is also provided that a sloking fund shall be established to redeem bonds at materity. These sections have been amended from time to time so as to exempt from the \$%, limit bonds issued by certain cities for water, sewer and lighting purposes. In 1910, however, an amendment was adopted to Section 5 whereby such bonds were exempted when issued by any municipal corporation.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing \$%, limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all that be property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt herefore contracted in excess of 8% infinit for certain specified purposes (other than water, sewer and lighting). Alken, Anderson, Bishopville, Camden, Charles to School District.

An amendment to Section 7 or Davington, Edgefield, Florence, Kershaw Co. Sch. Dist. No. 1, St. Mathlews, Sumter and Yorkville School District.

An amendment to Section 6 of Article VIII of the constitution, relating to municipal

the Acts authorizing their issuance. V. 94, p. 645.

DRAINAGE LAW CONSTITUTIONAL.—State Supreme Court on Feb. 28 1916 rendered a decision declaring the drainage law of 1912 constitutional. See "Chronicle" of Mar. 4, 1916, page 906.

Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

The sections relating to taxation of countles and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qualifired voters of the county, city, town, village of other political sub-division destring to issue such securities. There are exceptions to this, however. See the Section in full in the above-mentioned editorial.

\$5.887.399, including \$450.6% bond issue of 1875, int. ceased 1878, and \$2,-449 Certificates of Indebtedness issued in 1870. On the same date the various trust funds of the State argresated \$2.386.001 07. These funds were moneys taken over by the State, and only the interest is paid on them. Cash on hand and in depositaries May 1 1916 \$639.164 \$2. The net revenues of the State amount annually to about \$3.500.000.

The constitution of the State interdicts the payment of the so-called 'Uaion Bank' and "Planters' Bank' bonds. For readjustment movement see V. 93, p. 1803.

Union Bank" and "Planters Bank" bonds. For readjustment movements see V, 93, p. 1803.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 flecided the sult started by former State Treasurer Edwards, who refused to pay the interest due Jan. I 1911 on \$500,000 bonds sold in July 1910, on the ground that should the bond-holders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V, 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of \$600,000 bonds, \$338,000 were redeemed between Jan. 1 and Jan. 15 1912, while the remaining \$254,000 were exchanged for new bonds.

TOTAL DEBT.—The subjoined statement shows Louisiana's total bonded debt in Jan. 1 1919.
Total bonded debt bearing int. (incl. Port Commission bonds)._\$25,750,000 Floating Debt Mar. 1 1918—
Baby bonds (38) and certificates (Act of 1880), exclusive of coupons.
Floating debt, warrant and interest account.

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but \$308.
500 consols so issued (\$303.500 being consols of 1874 and \$5.000 Constitutional bonds) are still outstanding. The State considers them "mull and void," and they are therefore not included in the amount outstanding above. There are also \$421.935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to \$3.953.000. These include New Orleans Mobile & Toxas 8% bonds, endorsed, \$875,000; 8% State bonds issued to said road, \$2.500,000 8% bonds issued to the N. O. Mobile & Chattancoga RR., \$70,000; 7.35% bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., \$280,000, &c.

The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were plaged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the acted to the Markets and the state and a retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all verdue Interest. See "Chronicie," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of \$364.295 bonds disposed of the same to the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p.

ASSESSED VALUATION.—The assessed valuation is estimated at bout 50% of the actual value. The State tax (per \$1,000) for 1917 was 5.00. In addition to the 1917 State tax there was a special Confederate esteran pussion fund tax of \$1.00 and a special road tax of 25 cents.

From 1892 to 1895 inclusive, 21,000 bonds (par value \$420,000) were paid each year, in two installments of 10,500 bonds each, ou Jan. 15 and July 15: since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place Jan. 31 and April 15 next place July 31 and Oct. 15.

The drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.

The drawings to determine which bonds shall receive prizes (ranging from \$20 to \$5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the city for all dues, licenses, taxes and debts of any description at their face value and interest.

At a meeting beid Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. I 1875. This action was taken in reply to a letter received from Benlamin Ory, who holds five of the bonds, which are for \$20 each. See V. 94, p. 223. ASSESSED VALUATION, AND TAX RATE—

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1894, pages 174 and 175.

At the time of the panic in 1907 State was for a few days obliged to suspend cash payments, but merely because of its inability to secure cash from the 31 State depositories with which the State had on deposit at the time \$1.504.637.45. See V. 85, p. 1289, and V. 86, p. 240.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Abtorney-General's Department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

pality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attornoy-General's office from time to time affecting bonds of municipalities, counties, school districts, drainage and levee districts, see V. 87, p. 112, 1254, 1557; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788; V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; V. 97, p. 310; V. 103, p. 863, and V. 103, p. 2445.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the epartment of Insurance and Banking wrote us in part as follows conrning the law regulating the investment of funds of savings institutions

Department of insurance and Banking wrose us in part as follows concerning the law regulating the investment of funds of savings institutions in Terus.

"* While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established what is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and unminded with the commercial outlesses of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than 85% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest boaring notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may breastive be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within the last five years previous to making such investments.

3. In bonds of the State of Texas, or of any State of the Union that has not which in the last five years provious to making such investment defaulted in the payment of any part of either principal or interest thereof.

4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicial be the property nortgaged and an attorney's certificate or title insurance

savings department, by purchase a described."
The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. Sp. p. 1364.

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND BSTABLISH IRRIGATION DISTRICTS.—Ohapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the issuance of bonds after the same have been passed by the District Court. See team under Cameron County Irrigation District No. 1, on page 1312, of the "Chronicle" for Oct., 31 1914.

Of the total population in 1910, 690,020 were blacks, which compares with 620,722 is 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,031 in 1860 and 58,558 in 1859. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1910 being only 17.7%, against 20.4% in 1990, 22.04% in 1890 and larger percentages in previous decades.

AUSTIN.

This is the capitol of the State and the county seat of Travia County, First incorp. Dec. 27 1839. On Dec. 29 1906 a new charter was favorably voted providing for a commission form of government.

The Austin dam, water-works, electric-light and power houses, for the building of which bonds were issued, were destroyed by the disastrous flood that visited Twass in April 1900 (Y. 70, p. 755), but a new, larger and better dam has now been completed at a cost to the city of \$1,720,000.

An adjustment of the old debt on the basis of new bonds bearing 3% for 5 years, 4% for the next 10 years and 5% for the final 15 years was reached between the city and the bondholders' committee in August 1901. For details see V. 73, p. 459. All these bonds have been refunded Sec table below.
