#### DATE OF ISSUE OF THIS PUBLICATION.

As explained in previous numbers, this periodical, owing to the great pressure for space, is now issued in two parts. The first part, comprising the New England and the Middle and the Central States (the latter embracing Ohio, Indiana, Illinois and Michigan), is published in the first half of the year and appears in June. The second part, comprising the rest of the country, is published towards the close of the year, and is sent to our subscribers to-day.

The change has been forced upon us by the constant addition to the number of municipal bond issues and the inability to compress the information concerning the same within the limits of a single number. Not only are the older and more important civic corporate bodies uninterruptedly putting out further bonded obligations, but many of the minor places, previously free from debt, have also entered the ranks of borrowing communities and are constantly creating new issues. Besides this, in the newer sections of the country where expansion and development are such noteworthy characteristics of affairs, new civil divisions are all the time springing up. The result is that the demands for additional space have outgrown our ability to provide for them in the customary way, leaving no alternative but to issue the Supplement in two parts and to assign a portion of the country to each part.

#### United States Debt and the Congressional Acts Authorizing It.

In the following detailed statement of the debt of the United States, we give references to the laws authorizing each of the issues of bonds outstanding to-day. In 1917 the country entered upon an entirely new era in its debt history. In the prosecution of the war against the Imperial German Government, new obligations were issued on a scale of unparalleled magnitude. By the Act of April 4 1917 authority was conferred upon the Secretary of the Treasury to issue \$5,000,000,000 long-term bonds at not to exceed 31/2% interest (\$3,000,000,000 of this being for the purpose of establishing credits in the United States for the foreign Governments enlisted in the war against Germany), and \$2,000,000,000 certificates of indebtedness, the latter running for periods not exceeding one year. By the further Act of Sept. 24 1917, authority was conferred to issue \$7,538,945,460 convertible 4% bonds to retire the \$3,000,000,000 non-taxable 3½% Issue authorized to cover loans to the Allies, and to provide for new Allied credits of \$4,000,000,000, the remaining \$538. 945,460 to be used for converting certain outstanding bonds, including the Danish West Indies, Alaskan Railway, Panama Canal and naval construction issues. The bill also provided for the issuance of \$2,000,000,000 each of one-year Treasury certificates of indebtness and five-year war savings certificates. The interest rate on the certificates the Secretary of the Treasury was left to fix. By the further Act of April 4 1918, amending the Act of Sept. 24 1917, authority was conferred to issue \$12,000,000,000 of bonds at not exceeding 41/3% interest, the 12 billion dollars, however, to include the bonds issued under the Second Liberty Loan, and \$3,638,945,460 being in lieu of corresponding amounts of unissued bonds authorized by previous Acts. Under the same Act the limit upon the amount of certificates of indebtedness that might be outstanding at any one time was raised from \$4,000,000,000 to \$8,000,000,000, and was further raised to \$10,000,000,under the Act of March 3 1919. By the further Act of July 9 1918, amending previous Liberty bond enactments, the limit of the bond issue was raised to \$20,000,000,000 at not exceeding 41/4%; but including bonds theretofore issued and increasing from \$5,500,000,000 to \$7,000,000,000 the additional loans or credits that might be extended to the Allies, making \$10,000,000,000 altogether that may be loaned to the Allies. By the further Act of March 3 1919 (Victory Liberty Loan Act) amending previous Liberty Loan Acts and the War Finance Corporation Act, the Secretary of the Treasury was authorized to borrow an aggregate not exceeding \$7,000,000,000 at such rate or rates of interest as he might prescribe, issuing therefor notes payable in not less than one year nor more than five years. By the Liberty Bond Exemption Bill of Sept. 24 1918, the total of War Savings Certificates that might be issued was raised from \$2,000,-000,000 to \$4,000,000,000.

In June 1917 \$2,000,000,000 of 31/2% bonds were offered under the Act of April 24 1917. The subscriptions amounted to \$3,036,226,850, but only \$2,000,000,000 was accepted. In October 1917 an offering of \$3,000,000,000 4s under the Act of Sept. 24 1917 was made. Subscriptions reached an aggregate of \$4,617,532,300. In accordance with previous announcement, one-half of the over-subscription was accepted, making the total of bonds put out under this offer \$3,807,865,000. In April 1918 \$3,000,000,000 of 41/4% non-convertible bonds (Third Liberty Loan) were offered under the Act of April 4 1918. The subscriptions amounted to \$4,176,516,850, all of which were accepted. In Sept.-Oct. 1918 \$6,000,000,000 of 41/4% non-convertible bonds (Fourth Liberty Loan) were offered under the Act of July 9 1918. The subscriptions amounted to \$6,964,524,650, all of which were accepted. In April-May 1919, \$4,500,000,000 of convertible gold notes were issued in two series, the one bearing interest at 33/4%, the other at 43/4%. The subscriptions amounted to \$5,249,908,300, but only \$4,500,000,000 was accepted.

The Act authorizing the First Liberty Loan was given in the "Chronicle" of April 28, page 1649, with further particulars in the issue of May 12 1917, page 1849, and the text of the Treasury circular in the issue of May 19, page 1959; and of the Second Loan the full text of the bill as it became a law in the "Chronicle" of Sept. 29 1917, page 1252, and the text of the Treasury circular in the issue of Oct. 6, page 1355. The Act authorizing the Third Liberty Loan was presented in the "Chronicle" of April 6 1918, page 1404, and the text of the Treasury circular in the issue of April 13, page 1517. The Act authorizing the Fourth Liberty Loan appeared in the "Chronicle" of July 13 1918, page 131, the Treasury circular in the issue of Oct. 5, page 1328, and the text of the Liberty Bond Exemption Bill on Oct. 5, page 1327. The Act authorizing the Fifth (Victory) Liberty Loan was given in the 'Chronicle" of March 8 1919, page 919, and the text of the Treasury Circular in the issue of April 26 1010, page 1670. Continuous of April 26 1010, page 1670. cular in the issue of April 26 1919, page 1670. Certificates of indebtedness have been issued from time to time under the Act of April 24 1917 and the amendatory Acts of Sept. 24 1917, April 4 1918, July 9 1918 and March 3 1919, always for short periods.

In the following we present a statement of the debt of the United States as reported by the Treasurer at the close of business on June 30 1920; more detailed information as regards the various issues of Liberty bonds and Victory notes have

appeared in the "Chronicle."

The Government debt on June 30 1920 was made up of (1) interest-bearing debt, \$24,061,095,361.36, of (2) debt on which interest has ceased, \$6,747,700.26, of (3) debt bearing no interest, \$230,075,349.91, making total gross debt \$24,297,918,411.53, to which must be added the excess of matured obligations over the balance in the general fund of the Treasury (\$32,971,319.67) at the same date (June 30 1920), the net debt at that time is seen to have been \$24,330,889,731.20. Since the close of June, according to the preliminary statement for Nov. 30, the changes in the various items of the interest-bearing debt have included a reduction of \$81,200 in the First Liberty Loan, \$1,858,100 in the Second, \$14,074,350 in the Third, \$30,029,637 in the Fourth, \$19,341,995 in the Victory Notes, \$1,490,050 in the various Certificates of Indebtedness, \$52,734,516.30 in the War Savings Certificates, and an addition of \$72,800 to Postal Savings bonds, or a net decrease of \$119,537,048.30, making the interest-bearing debt at the close of November \$23,941,558,313.06.

We now add, first, references to and citations from the laws which are the authority for the debt as it stands to-day; second, the tables on page 6, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1878 to 1920 and on Dec. 1 1920:

CERTIFICATES OF INDEBTEDNESS UNDER ACT OF SEPT. 24 1917, APR. 4 1918, APR. 23 1918, MAR 3 1919.—(Column 7.)—Sec. 6 of

CERTIFICATES OF INDEBTEDNESS UNDER ACT OF SEPT. 24 1917, APR. 4 1918, APR. 23 1918, MAR 3 1919.—(Column 7.)—Sec. 6 of Act of Sept. 24 1917 provides for the issuance of certificates of indebtedness at not less than par and at such rates of interest as the Secretary of the Treasury may prescribe for the purposes of the Act and to meet public expenditures authorized by law, each certificate so issued payable at such time not exceeding one year from the date of its issue, and redeemable before maturity upon such terms and conditions, and the interest accruing thereon payable at such time or times as the Secretary of the Treasury may prescribe. The sum of such certificates outstanding was not at any one time to exceed in the aggregate \$4.000,000,000.0 but this was increased under the Act of April 4 1918 to \$8,000,000,000 and further increased to \$10,000,000,000 under the Act of March 3 1919. Under the authority thus granted the Secretary has issued varying amounts of these certificates from time to time, through the Federal Reserve banks, all for short periods, the rate of interest being at first fixed at 4%, then raised to 4½%, to 4½, to 4½, to 5½, to 5½, to 5½, and finally to 6%. There were outstanding Nov. 30 1920 \$2,767,435,450 at various rates of Interest.

LIBERTY LOAN OF 1917, FIRST.—(Column 1.) Authorized by Act of April 24 1917, entitled "An Act to authorize an issue of bonds of meet expenditures for the national security and defense, and for the purpose of assisting in the prosecution of the war, to extend credit to oneign governments, and for other purposes." Under the Act the Secretary was empowered to borrow, with the approval of the President, up to \$5,000,000,000, exclusive of the sums authorized by Section 4 of the Act (see Loans to be Replaced by Liberty Loan above) to meet expenditures authorized for the national security and defense and other public purposes authorized by law and to issue therefor bonds of the United States. The bonds out bear 3½% interest and are payable in United States gold coin of the present standard of value, and exempt both as to principal/and interest, from all taxasion, except estate or inheritance taxes, imposed by authority of the United States or its possessions or bay State or local taxing authority. The bonds do not bear the circulation privilege. Provision was made by Section 2 of the Act for the establishing of credits to and the purchasing of obligations of foreign governments, \$3,000,000,000, or so much thereof as might be necessary being establishing of credits to and the purchasing of obligations of foreign governments for obligations incurred by them under Section 2 must be applied to the redemption or purchase at not more than par and accrued interest.

Treasury shall redeem or purchase any other outstanding interest-bearing obligations of the United States which may at such time be subject to call or which may be purchased at not more than par and accrued interest.

Section 5 provides that any series of bonds issued under authority of the Act may be convertible into bonds bearing a higher rate of interest than the rate at which the same were issued if any subsequent series of bonds shall be issued at a higher rate of interest before the termination of the war between the United States and the Imperial German Government, the date of such termination to be fixed by a proclamation. Under the Act \$2,000,000,000 gold bonds, running 15-30 years and bearing 3½ interest payable semi-annually June 15 and Dec. 15 were offered for subscription, denominations of coupon bonds being \$50, \$100, \$500 and \$1,000, and registered bonds \$100, \$500, \$1,000, \$5,000 and \$100,000. Subscriptions were received from over 4,000,000 individual subscripters and aggregated \$3,036,26,850. In scaling ranged from 60% down to 20.17%. The total of bonds issued was \$1,989,455,550, but only about \$1,410,020,000 remained outstanding Nov. 30 1920 as 3½s with full tax exemption; in addition, some \$48,300,000 appear as First Liberty Loan Convertible 4s and \$490.564,000 as converted 4½s.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, and is exclusive of interest charge on Pacific Railway bonds, but is incorrectly swelled to a small extent by interest on Thrift Stamps which are not separately stated.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

\*Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold reserve fund as a separate item, and not included it in the available cash balance. In the above statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

a Under the new form of statement issued by the Treasury Department the gold reserve (\$152,979,025 63 on June 30) is deducted from the total of United States notes outstanding, decreasing to that extent the debt bearing no interest and consequently making a similar reduction in the balance of cash available to pay maturing obligations

THE ME	***************************************	1	the Obenton	027 I av	TO OF 1001

\*The large increase in values for 1901 and since that date is due to the formation of a new State Board of Assessment by Chapter 237, Laws of 1901, which has construed the existing law to be a command to assess at full value, whereas former boards did not so construe the Act. [The 1915 Legislature passed an Act (Chapter 407, Laws 1915) providing for the re-assessment of railroad companies so as to include certain docks and elevators omitted from prior valuations and for the distribution of the taxes collected from such docks and elevators to the cities, towns and villages in which they are located.]

villages in which they are located.]

DEBT LIMITATION.—The constitutional provision of Wisconsin restricting debt-making are very rigorous, plain and comprehensive. Since the amendment adopted in 1874, debts of cities, &c., as well as the State, are definitely limited by that instrument. We give the provisions first which relate to the State and, after, those which have reference to cities, &c. (1) STATE indebtedness is confined within very close bounds. The sections which cover the subject are Sections 3, 4, 6, 7, 9 and 10 of Article 8. We give them in full below.

SECTION 3. Credit of State, for what not given. The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

poration.

SECTION 4. Contracting Debts. The State shall never contract any sublic debt, except in the cases and manner herein provided.

SECTION 6. Limitation on Public Debt. For the purpose of defraying exraordinary expenditures, the State may contract public debts (but such debts shall never in the aggregate exceed \$100,000). Every such debt shall be authorized by law, for some purpose or purposes to be distinctly specified therein; and the vote of a majority of all the members elected to each House to be taken by year and nays, shall be necessary to the passage of such law;

and every such law shall provide for levying an annual tax sufficient to pall the annual interest of such debt, and the principal within five years shal the passage of such law, and shall specially appropriate the proceeds of such taxes to the payment of such principal and interest, and such appropriations shall not be repealed, nor the taxes be postponed, or diminished, until the principal and interest of such debt shall have been wholly paid.

SECTION 7. State may borrow money, when. The Legislature may also borrow money to repel invasion, suppress insurrection or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized or to the payment of the debt thereby created.

SECTION 9. Evidences of debt. No scrip, certificate or other evidence of State debt whatsoever shall be issued, except for such debts as are authorized by the sixth and seventh sections of this article.

SECTION 10. Internal improvements—avaits of grants. The State shall never contract any debt for works of internal improvement or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the State especially dedicated by the grant to particular works and shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in aid of their completion. Provided that the State may appropriate moneys for the purpose of acquiring, preserving and developing the water power and forests of the State; but there shall not be appropriated under the authority of this section in any one year an amount to exceed two tenths of one mill of the taxable property of the State as determined by the last preceding State assessment.

(2) CITIES, counties, towns. villages, &c., were unrestricted except by

quiring, preserving and developing the water power and across of the state, but there shall not be appropriated under the authority of this section in any one year an amount to exceed two tenths of one mill of the taxable property of the State as determined by the last preceding State assessment.

(2) CITIES, counties, towns, villages, &c., were unrestricted except by legislative enactment until 1874. Since that amendment was adopted 5% on the value of the taxable property has been the extreme amount of debt permissible for any municipality. Not only is that the case, but, as will be seen, the municipality is required before, or at the time when it incurs any indebtedness, to make provision for (or according to decisions of the State Supreme Court) levy, an annual tax sufficient to pay the interest and also sufficient to pay the principal within twenty years from the time of contracting the debt. The voters in Nov. 1912 adopted an amendment to Section 3 of Article XI. extending the time to flifty years within which incurred for the acquisition of land. The section referred to now reads as follows:

Section 3, Article XI.—"It shall be the duty of the Legislature, and they are hereby empowered to provide for the organization of cities and incorporated villages, and to restrict their power of taxation, assessment, borrowning money, contracting debts and loaning their credit, so as to prevent abuses in assessments and taxation, and in contracting debts by such municipal corporations."

"No county, city, town, village, school district or other municipal corporations."

"No county, city, town, village, school district or other municipal corporations, and in contracting debts by such municipal corporations, and in contracting debts by such municipal corporations."

"No county, city, town, village, school district or other municipal corporations, and the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such multipal corporation incur

BONDS OF MUNICIPALITIES—WHETHER TAXABLE OR NOT.

By Chapter 516 of the Laws of Wisconsin for 1911, bonds issued by Wisconsin municipalities were made exempt from taxation within the State. V. 93, p. 607. Under date of April 7 1919, however, we were informed in a letter from John H. Leenhouts, Assossor of Incomes, that "under the Wisconsin law all intangible securities were exempt from local assessment as personal property, but in lieu of this exemption the income from such securities is taxable to the recipient. The only bonds or securities which are exempt under our law to-day are the issues of the Federal Government, uch as Liberty Loan bonds, and bonds issued under the Federal Farm Loan Act." V. 108, p. 1633.

SAVINGS BANK INVESTMENTS, &c.—DEPOSITS—HOW INVESTED.—The provisions regulating the investments of deposits of any mutual savings bank are contained in Sections 2024, par. 68, 2024, par. 69, and 2024, par. 138, of the Banking Law of Wisconsin, revision of 1915. Section 2024, par. 68, was amended in 1917 so as to permit investments in Federal Farm Loan bonds. The three sections referred to are given in full errowith:

and 2024, par. 138, of the Banking Law of Wisconsin, revision of 1915. Section 2024, par. 68, was amended in 1917 so as to permit investments in Federal Farm Loan bonds. The three sections referred to are given in full herewith:

Deposits, how invested.—Sec. 2024, par. 68. Any mutual savings bank organized hereunder may employ not exceeding one-half of its deposits in the purchase of the bonds of the United States or of the States of the United States or of the States of the United States or of the States of the United States or of first mortgage bond of any railroad company, which has paid annual dividends of not less than 4% regularly on its entire capital stock for a period of at least five years next preceding the investment, and in the consolidated mortgage bonds of any such company issued to retire the entire bonded debt of such company, or in farm loan bonds issued by the Federal Land Bank in the Federal Land Bank District of which the State of Wisconsin is a part in accordance with the provisions of an Act of Congress approved July 17 1916. All other loans, except as provided in section 2024, par. 69, shall be secured by mortgage on unencumbered real estate lying and being in the State of Wisconsin and States immediately adjoining the State of Wisconsin, to wit: Michigan, Illinois, Iowa and Minnesota. No mutual savings bank shall invest any part of its deposits in the stock of any corporation nor loan on, nor invest in any mortgage on real estate, except such real estate as lies in the State of Wisconsin and States immediately adjoining, to wit: Michigan, Illinois, Iowa and Minnesota. No loan shall be made upon real estate to an amount exceeding 60% of the value thereof as determined upon by not less than a majority of the members of the finance committee, who shall duly certify to the value of the premises to be mortgaged, according to the best of their judgment, and such report shall be filed and preserved with the records of the corporation.

x This is exclusive of \$213.078.632, representing moneys and credits, which are assessed at their full cash value. These in 1915 amounted to \$196.173.719.

†The total taxes levied in the above table include the amounts raised not only for State purposes, but also all taxes raised by the various minor divisions of the State. The tax rate, however, is for State purposes, and in 1915 it was \$2.87; adding the tax of \$1.23 for school and university purposes, the total tax rate was \$4.10.

\* This is exclusive of \$437.628.871, representing money's and credits and misc., which are assessed at their full cash value. These in 1918 amounted to 331,036.190.

\*This is exclusive of \$437.628.871, representing money's and credits and misc., which are assessed at their full cash value. These in 1918 amounted to 331,036,190.

\*ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature in 1913 passed a new law, known as Chapter 483, General Laws, 1913, under which the county assessor assesses platted real estate at 40% of its full value and unplatted at 33 1-3%, where previously it was customary to assess real property at 60% of its full valuation and any improvement thereon at 50%. The personal property under this new law is now being assessed at 33 1-3% and 25% of its full valuation, where formerly about 50% was assessed.

DEBT LIMITATION.—Minnesota has protected the State from extravagant expenditures through restrictions which its constitution puts on every kind of debt-making. That instrument fixes the limit at \$250,000 "for the purpose of defraying extraordinary expenditures"; and an amendment. ratified in 1879, extended this power to \$250,000 additional "for erecting and completing buildings for the insane, a deaf, dumb and blind asylum, and State prison." Besides the foregoing, it is also provided that the State credit shall not be loaned, &c. With regard to the debt of municipalities there is but one section in the constitution which relates to that subject, and that has reference to making railroad debt.

\*FIRST, as to State indebtedness, the sections which treat of the subject are in article 9, sections 5, 6, 7, 8 and 14.

\*SECTION 5.—(Public Debt May Be Contracted.)—For the purpose of defraying extraordinary expenditures, the State may contract public debts, but such debts shall never, in the aggregate, exceed two hundred and fifty thousand dollars; every such debt shall be authorized by law for some single object, to be distinctly specified therein; and no such law shall take effect until it shall have been passed by the vote of two-thirds of the members of each House, respectively; and every such law shall levy a tax annually sufficient to pay the annual interest on

such bonds shall be kept by the Treasurer, in numerical value, so as alway, to exhibit the number and amount unpaid, and to whom severally made payable.

SECTION 7.—The State shall never contract any public debt, unless in time of war, to repel invasion or suppress insurrection, except in the cases and in the manner provided in the fifth and sixth sections of this article. SECTION 8.—(Application of Loans.)—The money arising from any loan made, or debt or liability contracted, shall be applied to the object specified, in the Act authorizing such debt or liability, or to the repayment of such debt or liability, and to no other purpose whatever.

SECTION 14.—(Public Debt for State Buildings.)—For the purpose of erecting and completing buildings for a hospital for the insane, a deaf, dumb and blind asylum, and State prison, the Legislature may, by law, increase the public debt of the State, to an amount not exceeding two hundred and fifty thousand dollars, in addition to the public debt already heretofore authorized by the constitution, and for that purpose may provide by law for issuing and negotiating the bonds of the State, and appropriate, the money only for the purpose aforesaid, which bonds shall be payable in not less than ten nor more than thirty years from the date of the same, at the option of the State.

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

SECTION 15.—(Municipal Debts in Aid of Railroads.)—The Legislature head not anthorize any county, township, city or other municipal corp-

in article 9, section 15:

SECTION 15.—(Municipal Debts in Aid of Railroads.)—The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all railroads to an amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation; the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to ten per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it five.

This is all the constitution contains with reference to the debts of municipalities.

palities.

The Legislature, however, has made some general provisions governing bond issues which are contained in Sections 1851, 1862, 1903, 1907 and 1932 of the General Statutes, 1913.

Section 1851 provides that "no city of the first class shall hereafter incur or be subject to a net indebtedness in excess of 5% of its assessed value, nor shall any other municipal corporation except school districts become so indebted beyond 10% of such value." It is provided also "that if the net indebtedness of any municipality, at the time when the

Revised Laws take effect, shall exceed the limit herein fixed, or if any village thereafter organized as a city under a home rule charter shall be subject to such excess when so organized, either may issue and sell new bonds sufficient in amount to refund all or any part of such existing indebtedness, but the same shall not thereby be increased."

Section 1862 relating to independent school districts situated wholly or in part within any city having a population of more than 50,000, states that "no such school district shall have power to issue bonds or any evidences of indebtedness running more than two years, whenever the aggregate of the outstanding bonds and evidences of indetedness of such district equals or exceeds 3½% of the assessed value of all taxable property within such school district."

Section 1903 refers to cities having a population of 20,000 or less and provides that bonds may be issued for such purposes as permanent improvement, bridge, shipping terminal, water and light, city hospital, school and general fund, but stipulates that "none of such bonds above described shall be issued whereby the aggregate bonded indebtedness of the city, excluding any funds, bonds or balances held in a sinking fund, shall be made to exceed 10% of the assessed valuation of the taxable property within the city, provided, however, for the purpose of determining the limitation bonds issued for the purpose of acquiring, constructing, improving, operating or purchasing water power or lighting plants shall not be included."

No bonds authorized by this Act shall be issued by any city, until the issuance thereof shall have been first authorized by a three-fifths vote of the legal voters of the city voting upon the question, and the question of the issuance of such bonds shall be submitted to the electors of the city proposing to issue the same at a general or special election.

Cities having more than 10,000 and not more than 20,000 inhabitants, in addition to all the powers now possessed by such city, are authorized b

Assembly meets blennially in odd years on the second Monday in January. There is no limit to length of session.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893; page 108.

FINANCIAL CONDITION.—Iowa has no bonded debt. On June 30 1920 there were \$1.299.749.62 warrants outstanding and the State had cash in the general revenue fund amounting to \$11.048.928.21. The Permanent School Fund on June 30 1920 aggregated \$4.813.426.22.

During 1913, 1914, 1915 and 1916 up to 1919 the State issued and disposed of \$1.085.000 5% certificates, the proceeds of which are to be issued for the extension of the capitol grounds. Up to June 30 1920 \$1.085.000 of these certificates had been redeemed, leaving \$225.000 outstanding on that date EQUALIZED VALUATION—The equalized assessed valuation

The value of moneys and credits amounting to \$468,277,795 are not included in the valuation figures for 1919, as they are now taxed as a separate term at a flat rate of 5 mills on the dollar of actual value. See following item.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at full value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of this value the same as other

TAX RATE.—The State tax (per \$1.000) for 1919 was \$7.50; this included \$7.35 general tax and 15 cents for Capitol Ground extension.

cluded \$7.35 general tax and 15 cents for Capitol Ground extension.

DEBT LIMITATION.—Iowa's Constitution restricts the creating of debt, both State and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

ARTICLE 7 Section 1. [Limitation of State indebtedness.] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association or corporation; and the State shall never assume or become responsible for the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the benefit of the State.

Section 2. [Same.] The State may contract debts to supply casual

ation or corporation, unless incurred in time of war for the benefit of the State.

Section 2. [Same.] The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly or at different periods of time, shall never exceed the sum of \$250,000; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other nurpose whatever.

Section 4. [For what other purpose State may contract debt.] In addition to the above limited power to contract debts, the State may contract debts or repel invasion, suppress insurrection or defend the State in war; but the money arising from the debts so contracted shall be applied for

tae purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

tae purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Section 5. [Other debts to be authorized.] Except the debts herein before specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of contracting thereof; but no such law shall take effect until at a general ejection it shall have been submitted to the people and have received a majority of all the votes cast for and against it at such election; and all money raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be published in at least one newspaper in each county, if sale is such election at which it is submitted to the people.

ARTICLE VIII. Section 3. [State not to be a stockholder.] The State

the election at which it is submitted to the people.

ARTICLE VIII, Section 3. [State not to be a stockholder.] The State shall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war for the benefit of the State.

SECOND, as to municipal indebtedness, the limit is fixed absolutely in the Constitution. The provisions covering the subject are as follows:
ARTICLE VIII. Section 4. [Corporation not to be a stockholder.] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI. Section 3. [To what amount counts or other corporations.]

political or municipal corporation shall become a stockholder in any banking cerporation, directly or indirectly.

ARTICLE XI, Section 3. [To what amount county or other corporations may become indebted.] No county or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate exceeding 5% on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list previous to the incurring of such indebtedness. The Legislature, however, has fixed a lower limit, as stated below.

The above (Section 3, Article XI) covers cities, counties, towns and everyother kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900) fixing the limit of indebtedness of counties or other political or municipal corporations at only 1¼% of the actual value of property therein as returned by the last tax list. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. In 1904 and again in 1906 the Act was amended, the important section seed the stock and chapter fourty that a fact the section of the content of the tax of the actual value o

sherdin as returned by the last tax list. This change was made because, nader a retwin of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. It 1904 and again in 1906 the Act was amended, the important sections new reading as follows:

Section 1. That section thirteen hundred and six-b (1306-b) of the supplement to the code and chapter forty-three (43) of the Acts of the 30th General Assembly be and the same are hereby repealed, and the following of the code and chapter forty-three (43) of the Acts of the 30th General Assembly be and the same are hereby repealed, and the following of the code in the taxable property of the code of t

not exceeding 25% of the assets of the bank shall couls of state boats warrants:

4. In notes or bonds secured by mortgage or deed of trust upon unencumbered real estate located in Iowa or upon unencumbered farm land in adjoining States, worth at least twice the amount loaned thereon; provided, however, that no such loan shall be made upon any real estate located west of the one-hundredth meridian line.

5. It may discount, purchase, sell and make loans upon commercial paper, notes, bills of exchange, drafts, or any other personal or public security, but shall not purchase, hold or make loans upon the shares of its capital stock;

6. In all cases of loans upon real estate, all the e penses of searches, examination and certificates of title, or the inspection of property, ap-

praisals of value, and or drawing, perfecting and recording papers, shall be paid by such borrowers; if buildings are included in the valuation of real estate upon which a loan shall be made, they shall be insured by the mortgagor for at least two-thirds of their value, in some solvent company, and the loss, if any, under the policy of insurance shall be made payable to the bank or it assigns, as its interests may appear. When the mortgagor may procure the same in the mortgagor's name for its benefit, and the premium so paid therefor shall be added to the mortgage debt.

premium so paid therefor shall be added to the mortgage debt.

INVESTMENT OF TRUST FUNDS (In What to be Made) is regulated by Section 364 of the Code of 1897, as amended by Laws of 1913, which we give in full below:

Sec. 364.—Investments—In What to be Made.—Where investments or fundare to be made, including those to be made by executors, administrators trustees and guardians, and no mode of investment is pointed out by statue, they may be made in the stocks or bonds of this State, or of those of the United States, or in bond or mortgage upon real property of the clear, uncumbered value of twice the investment, or under order of court in bonds, issued by or under the direction of cities, towns, counties, school or drainage districts of this State.

LEGISLATURE meets biennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed \$5.00 per day for 120 days. A session of this kind was held in 1909.

The State of Missouri contains 114 countles and the City of St. Louis, the latter being a separate civil division subject to a dual government with a full set of both county and city officers.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interests. &c., on Jan. 1 1865 was \$36,094,908. The indebtedness of the State at present is as follows:

accrued interest, &c., on Jan. 1 1905 was \$90,027,905. Inclines sent is as follows:

TOTAL DEBT, &c.—On Jan. 1 1920 the total debt of the State was \$6,309,000. The total cash held in the treasury to the credit of all of the State funds on Jan. 1 1920 amounted to \$5,520,338. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary University fund.

University fund.

The voters on Nov. 2 1920 approved an issue of \$60,000,000 highway bonds and \$1,000,000 soldiers' settlement fund bonds.

ASSESSED VALUATION.—The State's assessed valuation for taxes (about one-fourth actual value) and tax rate have been as follows. This valuation does not include valuation of railroads, bridges, telephones and telegraphs, which amounted in 1919 to \$222,149,795, or of machinery, tools, merchandise, &c., as taxed on "merchants and manufactures' tax books," which amounted in 1919 to \$115,680,102.

The large increase in values for 1919 is due to an increase in valuations made by the State Board of Equalization for the benefit of the public schools of the State.

of the State.

Of the tax rate per \$1,000 for 1920 (\$1.80) 10 cents was to pay interest on the school and seminary fund certificates, 20 cents for the State Capitol bonds and \$1.50 for the support of the State Government. This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government.

Balaries, criminal costs and all other expenses of the State Government.

DEBT LIMITATION.—Missouri has made provision in its constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44, 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation. The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47, Article 9, Section 6, and Article 10, Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation, except that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, constructing, paying or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein"; and except, also, per the amendment

of 1902 (Section 12a—see V. 75, p. 1165), cities of from 2,000 to 30,000 inhabitants may, by a two-thirds vote, exceed the limit, by an additional 5%, for the purchase or construction for water and light purposes; finally (4), that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years. We publish below the full text of the sections referred to above:

sections referred to above:

Sec. 44. General Assembly Not to Contract Debts Except as Herein.—
The General Assembly shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the State, or to issue bonds or other evidences of indebtedness thereof, except in the following cases:

First. In renewal of existing bonds, when they cannot be paid at maturity, out of the sinking fund or other resources.

Second. On the occurring of an unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred, upon the recommendation of the Governor first had, shall not exceed the sum of \$250,000 for any one year, to be paid in not more than two years from and after its creation.

for any one year, to be paid in not more than two years from and after its creation.

payment of the principal thereof within twenty years from the time of constructing the same, any provision in this Constitution to the contrary notwithstanding.

[See V. 104, p. 2258, for reference to decision handed down by the State Supreme Court on May 22 1917, ruling that county highways may be constructed through cities.]

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised under date of December 8 1911 by the Secretary of State that "bonds or notes or other evidences of indebtedness issued by the State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation. "

TAX ON SECURED DEBTS.—The Legislature of 1917 enacted a law providing for a tax on secured debts, in which are included, among other things, any and all bonds of any State or political subdivision thereof. The new law levies a tax for State purposes of 5 cents per \$100 face value, or fraction thereof, for each year the secured debt is to run, up to four years; where the bond runs for five years or over, the tax is a lump sum of 25 cents per \$100. Taxes not exceeding the same rate may be levied by cities and incorporated towns in the State. The city of St. Louis, though not in a country, is authorized to levy taxes as a county and as a city. It is provided that any person paying the taxes so levied shall be exempt from further taxation by the State of Missouri or any political subdivision thereof, except that renewals of any secured debt shall be taxed as though a new debt had been created. Until these taxes are paid, secured debts shall remain subject to the regular personal property tax.

SAVINGS BANK INVESTMENTS—PURPOSES FOR WHICH CORPORATION MAY BE CREATED—INVESTMENT OF DEPOSITS.—The law regulating the investments by Missouri savings banks is governed by Section 11147 of Article 4 of the Banking Laws of that State

subject to the regular personal property tax.

SAVINGS BANK INVESTMENTS—PURPOSES FOR WHICH CORPORATION MAY BE CREATED—INVESTMENT OF DEPOSITS.—The law regulating the investments by Missouri savings banks is governed to the property of the

First—A plot whereon is erected or to be erected a building or buildings requisite for the convenient transaction of its business, and from portions of which, not required for its own use, a revenue may be derived, the cost not to exceed the sum of \$100,000, except in cities of over 200,000 inhabitants, when the cost shall not exceed \$250,000.

Second—Such as shall be purchased by it at sales upon the foreclosure of mortgages or deeds of trust owned by such corporation, or upon judgements or decrees rendered for debts due to it, or purchased or taken in settlements to secure such debts; and all such real estate mentioned in this clause shall be sold by such corporation within five years after the same shall be vested in it, unless the bank commissioner shall extend the time within which such sale shall be made. No such corporation, nor any person acting in its behalf, shall negotiate, take or receive a fee, brokerage, commission or gift, or other consideration, for or on account of a loan made by and in behalf of such corporation other than appears on the face of the note or contract by which such loan purports to be made; but nothing contained herein shall apply to any reasonable charge for services in the examination of titles and the preparation of conveyance to such corporation as security for its loans. All sums paid for services, fees or otherwise, to a member of the board of directors shall be reported in detail at such regular meeting of the directors. All applications for loans shall be made in writing through the treasurer of the corporation, who shall keep a record thereof, showing the date, name of applicant, amount asked for and the security offered, and shall cause the same to be presented to the board of directors. BONDS OF NORTH DAKOTA, MILL AND ELEVATOR SERIES AND REAL ESTATE SERIES.—The 1919 Legislature enacted laws providing for the Issuance of \$15,000,000 of bonds as follows: \$5,000,000 of Mill and Elevator series, \$10,000,000 Real Estate series, \$1,000,000 of the latter being authorized, but, according to advices from F. W. Cathro, Director-General of the Bank of North Dakota, dated Nov. 28 1919, have not been printed. The bonds bear 5% interest, payable semi-annually Jan. 1 and July 1. Director-General Cathro further advises: "The legality of the bonds has been passed upon by the Supreme Court of North Dakota in the case of the State of North Dakota exrel. William Langer, Attorney-General, vs. Thomas Hall, as Secretary of State, and by the United States District Court for the District of North Dakota in the case of John W. Scott et al. vs. Lynn J. Frazler, William Langer and John N. Hagan, acting as the Industrial Commission of North Dakota et al. The Supreme Court of the United States on June 1 1920 upheld the decision of the State SupremeCourt. See "Chronicle" of July 3 1919, page 34.

DEST LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its Constition as amended in 1918 and 1920. The provisions with refer-ence to the matter are as follows:

the State and municipalities of North Dakota are found in Article XII of its Constition as amended in 1918 and 1920. The provisions with reference to the matter are as follows:

SECTION 182. The State may issue or guarantee the payment of bonds, provided that all bonds in excess of \$2,000.000 shall be secured by first mortgages upon real each exceeding its value, and, provided, further, that the State shall not issue or guarantee bonds upon property of State-owned utilities, enterprises or industries in amounts not exceeding its value, and, provided, further, that the State shall not issue or guarantee bonds upon property of State-owned utilities, enterprises or industries in excess of \$10,000.000.

No future indebtedness shall be incurred by the State unless evidenced by a bond issue, which shall be authorized by the State unless evidenced by a bond issue, which shall be authorized by law for certain purposes, to be clearly defined. Every law authorizing a bond issue shall provide for levying an annual tax, or make other provisions, sufficient to pay the interest sami-annually, and the principal within thirty years from the passage of such tax, or of such law, and shall specially appropriate the proceeds of such tax, or of such other provisions, to the payment of said principal and interest, and secontinued until such debt, both principal and interest, shall have been paid. No debt in excess of the limit named herein shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war or to provide for the public defense in case of threatened hostilities.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed five (5) per centum upon the assessed value of the taxable property therein; provided hat any incorporated city may, by a two-thirds vote, increase such indebtedness three (3) per centum on such assessed value beyond said five (5) per cent limit, and a school district, by a

SECTION 184. Any city, county, township, town, school district or any other political subdivision, incurring indebtedness, shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185 (as amended by Article 18 of amendment). The State, any county or city may make internal improvements and may engage in

any industry, enterprise or business not prohibited by Article 20 of the Constitution, but neither the State nor any political subdivision thereof shall otherwise loan or give its credit or make donations to or in aid of any individual, association or corporation except for reasonable support of the poor, nor subscribe to or become the owner of capital stock in any association or corporation.

Article 20 mentioned in the above paragraph prohibits the manufacture and sale of intoxicating liquors.

individual, association or corporation except for reasonable support of the poor, nor subscribe to or become the owner of capital stock in any association or corporation.

Article 20 mentioned in the above paragraph prohibits the manufacture and sale of intoxicating liquors.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETO.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the debt limit.

Brank OF NORTH DAKOTA.—The 1919 Legislature passed an Act declaring the purpose of the State of North Dakota to engage in the banking business and establish a system of banking under the name of the "Bank of North Dakota," operated by the State. This Act was approved by the voters at a special election held June 26 1919 by a vote of 61,495 for to 48,239 against. The Act provided for the issuance of \$2,000,000 of bonds, the proceeds of which were designated as the capital of the Bank. The Bank opened for business on July 28 1919

"COUNTIES PERMITTED TO ISSUE BONDS FOR PURCHASE OF SEED AND FEED.—The State Attorney-General has given an opinion that counties may issue bonds for the purchase of seed and feed to be sold to farmers of the State at cost. V. 105, p. 2560.

TAXATION OF MONEY AND CREDITS.—The 1915 Legislature passed an Act (Chapter 255) making "money" and "credits" suiv-jot to an annual tax of two mills on the dollar. The Act is given in full in the "Chronice" for Aug. 14 1915, page 542.

TAXATION OF MUNICIPAL BONDS.—Under date of Dec. 11 1911. the Secretary of State atvised us that "there is no specific exemption with relation to the matter of

class.

Sixth: To the extent of 60% of the total demand deposits, in promissory notes due not more than one year from the date of loan, provided, that where there are pledged securities such as such corporation is by this chapter authorized to invest its funds, there may be loaned an amount not to exceed 80% of the value of such securities, and provided, further, that no such loan shall be made to a person in excess of 5% of the total demand deposits, and in no event more than 15% of the capital stock and surplus.

effort has been made to have all property in the State assessed at full value, and this will account for the great increase in the 1913 total of the assessments. Prior to 1913, assessments were on a basis of from 15% to 40% of the actual value.

TAX RATE.—The tax rate (per \$1,000) for 1920 was \$1.78

DEBT LIMITATION.—South Dakota has incorporated into its constitution very stringent provisions limiting the debt-making power of the State and its municipalities. All these provisions are found in Article XII and are as follows:

and are as follows:

SECTION 1. Neither the State nor any county township or municipality shall loan or give its credit or make any donations to or in aid of any individual, association or corporation, except for the necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation, nor pay or become responsible for the debt or liability of any individual, association or corporation; provided that the State may assume or pay such debt or liability when incurred in time of war for the defense of the State, provided further (according to an amendment adopted in 1916) that the State or any country or two or more counties jointly may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of this State upon real state security, in such manner and upon such terms and conditions as may be prescribed by general law. Nor shall the State engage in any work of internal improvement.

SECTION 2. For the purpose of defraying extraordinary expenses

estate security, in such manner and upon such terms and conditions as may be prescribed by general law. Nor shall the State engage in any work of internal improvement.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate \$100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection or defending the State or the United States in war, and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid; provided however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota Section 4 amended in 1896 and again in 1902, now reads as follows:

SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision shall never exceed five (5) per centum upon the assessed valuation of the taxable property therein for the year preceding that in which sald indebtedness is incurred.

"In estimating the amount of the indebtedness which a municipality or subdivision may incur, the amount of indebtedness contracted prior to the adoption of the constitution shall be included:

"Provided, That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation, domestic uses, sewerage and other purposes;

division incurring the same."

SECTION 5. "Any city, county, town, school district or any other subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid."

Section 9. This section was added to the constitution by the voters in November 1916 and provides as follows:

"The construction and maintenance of good roads and the supplying of coal to the people of the State from the lands belonging to the State are works of necessity and importance in which the State may engage but no expenditure of money for the same shall be made except by the vote of a two-thirds majority of the legislature."

TAXATION OF MUNICIPAL BONDS.—The Attorney-General

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us, under date of Jan. 17 1912, that he did not know of any statute exempting from taxation bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities.

SAVINGS BANK INVESTMENTS.—There are no laws in this State pecifying any particular securities for investment. Such investments, it opears, are made at the discretion of officials of savings banks.

appears, are made at the discretion of officials of savings banks.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. These figures were not reported for 1910. The number of Indians alone included in the population for 1910 was 20,303.

LEGISLATURE meets biennially in odd years on the 1st Tuesday o January, and there is no limit to length of sessions. Members of the Legis lature shall receive the sum of \$800 for attendance at each regular session and \$10 for each day in actual attendance at special sessions, but compensation for special session shall not exceed \$100.

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1893, page 119.

This State has no bonded indebtedness at present. The bonded debt, which in 1892 amounted to \$549.267, was gradually reduced until June 3 1900, when the last remaining \$35,000 was paid off. The amount of the general fund on Sept. 30 1919 was \$134,123.13.

PERMANENT SCHOOL FUNDS.—The investments of the school funds on Sept. 30 1919 amounted to \$10,464,548, held as follows: Permanent School fund, \$9,507,557; University fund, \$255,338; Agricultural College endowment fund, \$619,351; Normal College endowment fund, \$80,267. and the Bessey Memorial endowment fund, \$2,035.

The amount of cash on hand in these various funds on Sept. 30 1919 amounted to \$362,789.

LAW RELATIVE TO FISCAL AGENTS.—Chapter 7 of the Laws of 1917, approved April 21 1917, published in full in V. 105, p. 1120, provides that thereafter all bonds and coupons issued by the State shall be payable at the State Treasurer's office, and those issued by any county or political subdivision thereof, shall be payable at the County Treasurer's office. The Act amends Sections 365 and 366, Revised Statutes of 1913, and repeals said original sections which made the State Treasurer the fiscal agent for the payment of all bonds and coupons issued throughout the State of Nebraska.

In 1913 the Legislature passed a new general revenue law—Chapter 73 Under this law property is assessed at 20% actual value, whereas in earlier years the proportion seems to have been much lower.

METHOD OF ASSESSING.—Section 6300 of Chapter 69 of Article 2 of Revised Statutes of 1913 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued at its actual value, which shall be entered opposite each item and shall be assessed at twenty per cent (20%) of such actual value. Such assessed value shall be entered in a separate column opposite each item, and shall be taken and considered as the taxable value of such property, and the value at which it shall be listed and upon which the levy shall be made. Actual value as used in this Chapter shall mean its value in the market in the ordinary course of trade."

In the ordinary course of trade."

DEBT LIMITATION — Section 1 of Article XIII of the constitution of 1875, (now Section 1 of Art. XIII of the amended constitution, of 1919-20) contains the following regarding public indebtedness.

STATE indebtedness is restricted to \$100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited.

As to city and other municipal indebtedness, this is left to the Legislature, except that it is provided by Sec. 2 of Article XIII, that no city, county, town, precinct, municipality or other subdivision of the State shall ever make donations to any railroad or other works of internal improvement, unless a proposition so to do shall have been first submitted to the qualified electors thereof at an election by authority of law; provided, that such donations of a county with the idonations of such subdivisions in the aggregate shall not exceed ten per cent (10%) of the assessed valuation of such county, provided, further, that any city or county may, by a two-thirds (2-3) vote, increase such indebtedness five per cent (5%), in addition to such ten per cent (10%), and no bonds or evidences of indebtedness so issued shall be valid unless the same shall have endorsed thereon a certificate signed by the Secretary and Auditor of State, showing that the same is issued pursuant to law.

TAXATION OF MUNICIPAL BONDS.—Bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities are subject to taxation, according to information received by us from the office of the Secretary of State under date of Dec. 9 1911.

of the Secretary of State under date of Dec. 9 1911.

SAVINGS BANK INVESTMENTS—POWERS—DEPOSITS.—Savings banks in Nebraska are governed as regards their investments of deposits by Section 36 of the Banking Laws, which reads:
Sec. 36. Savings Banks, Powers—Deposits.—Any corporation, designating its business as that of a savings bank, shall have power to carry on a savings bank business as prescribed and limited in this article. Any savings bank may receive deposits from the general public, and all deposits in any bank shall be paid to depositors, or their lawful representatives when required and at such time and with such interest and under such regulations as shall be prescribed by said bank and approved by the State Banking Board, which regulations shall be printed and conspicuously posted in some place accessible and visible to all persons in the business office of said bank. The loanable funds of any savings bank, except the reserve provided for in this article, shall be invested in bonds of the United States, or, of any State of the United States, or in the public debt or bonds of any city, county, township, village or school district of any State of the United States, which shall have been authorized by the legislature of the

County seat is Nebraska City. Some years ago the precinct of Nebraska City was formed, and included the city was formed, and included the city of that name and adjoining lands. Bonds to the amount of \$40,000 were issued and interest paid for some years. The County Commissioners then declared the precinct illegally organized and refused to levy a tax. Litigation resulted and the courts have ordered a tax sufficient to pay debt to be levied on territory covered by the precinct in 1886, the year the bonds were sold See V. 72, p. 302. New bonds were sesued in 1901. Pop'n 1910, 19,323 1920, 19,494.

Attorney-General Richard J. Hopkins LEGISLATURE meets biennially in odd years on the 2d Tuesday in January. There is no limit to length of sessions, but members can receive pay for only 50 days' service in the aggregate.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and city supplement" of April 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1881) it had a bonded debt of \$150,000. The Constitution of 1895 limited the debt-making power to \$1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was \$630,775, of which the State owned \$28,650. In 1878 the total bonded debt was \$1,181,975, of which the State owned \$713,600. The bonded debt, which on Jan. 1 1916 amounted to \$211,000, has all been retired. Permanent School Funds June 30 1920 amounted to \$9,987,509.25.

miles of road or highway; and the restrictions and limitations of Sections 5 and 6 of Article XI of the constitution, relating to debts and internal improvements, shall not be construed to limit the authority retained or conferred by this amendment.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters contained in that instrument is the following, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages; cities. Provision shall be made by general law for the organization of cities. Provision shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted to the foregoing, the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. All the provisions fixing the limit of indebtedness which may be incurred by cities of the first, second and third classes will be found in the General Statutes of Kansas, 1915. In 1903 the Legislature passed an Act, which is now Section 1422 of the General Statutes of 1915, limiting the creation of indebtedness in counties, cities, &c. That portion of the Act relating to clies having a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property beneficed) to be considered outside this limit. The Act further provides that the total bonded debt, including special improvement bonds, shall not exceed 10% of the assessed value. The Legislature in 1917 enacted a new law authorizing cities of the second class at the Legislature in 1917 enacted a new law authorizing cities of the second class are allowed under the new law to incur an indebtedness up to 2½% of the assessed valuation of 53,000 or more, and an assessed valuatio

COMMISSION GOVERNMENT,—In 1917 an Act was passed by the Legislature and approved by the Governor on Feb. 17 1917, permitting any city in the State to adopt the commission plan of government, providing certain provisions are complied with. V. 104, p. 1305.

mukiuation fee in lieu of taxation of mortgages. V. 100, p. 1371

SAVINGS BANK INVESTMENTS.—The State Banking Department, under date of Sept. 27 1917, advised us that "Kansas has no savings bank law, and therefore, strictly speaking, no savings banks. We think we can safely say that nine-tenths of the banks of Kansas have a savings department, however."

The Legislature in 1917 passed an Act amending Section 5209 of the General Statutes of Kansas, 1915, relating to investment of funds of any life insurance, trust or loan company, so as to provide for the investment, in addition to county, city, township, village or school district bonds, in Federal Farm Loan bonds, or in bonds issued by any other nation, or subdivision or district therein. See V. 105, p. 1461.

Atty.-Gen. (term.exp.1stMon.Jan.'25) \_ Wellington D. Rankin LEGISLATURE meets blennially in odd years on the first Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT. &c. —For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130 The bonded debt of the State of Montana in Sept. 1920 was\$1,310,000. The Capitol Building bonds given below are issued against a land grant; they amounted to \$774,000 en Sept. 30 1920, and then had a sinking fund for the payment of same of \$30,287,47. The cash on hand on Sept. 30 1920 held cash and securities amounting to \$3.667,981.71 and other permanent funds on hand aggregated \$3,339,882.77. The voters on Nov. 2 1920 approved the issuance of \$5,000,000 State School bonds (V. 111, p. 2246).

Sec. 4. The State shall not assume the debt, or any part thereof, of any county, city, town or municipal corporation.

Sec. 5. No county shall be allowed to become indebted in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate, exceeding five (5) per centum of the (value of the) taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such county shall be void. No county shall incur any indebtedness or liability for any single purpose to any amount exceeding ten thousand dollars (\$10,000) without the approval of a majority of the electors thereof, voting at an election to be provided by law.

Sec. 6. No city, town, township or school district shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding three per centum of the value of the taxable property therein, to be ascertained by the last assessment for the State and county taxes previous to the incurring of such indebtedness and all bonds or obligations in excess of such amount given by or on behalf of such city, town, township or school district shall be void; Provided, however, that the Legislative Assembly may extend the limit mentioned in this section, by authorizing municipal corporations to submit the question to a vote of the taxpayers affected thereby, when such increase is necessary to construct a sewerage system or to procure a supply of water for such municipality which shall own and control said water supply and devote the revenues derived therefrom to the payment of the debt.

[The State Supreme Court on June 4 1917 handed down a decision reaffirming its decision of March 13 1917 in the Lewis and Clork.

crease is necessary to construct a sewerage system or to procure a supply of water for such municipality which shall own and control said water supply and devote the revenues derived therefrom to the payment of the debt.

The State Supreme Court on June 4 1917 handed down a decision reaffirming its decision of March 13 1917 in the Lewis and Clark County case holding that money cannot be borrowed by counties on refunding bonds by a sale thereof without a vote of the people. See V. 104, p. 2570.]

In a decision which had to do with the adjustment of the indebtedness between Custer and Fallon counties, the State Supreme Court on Dec. 19 1916 ruled that bridges are not county property, but public property. See V. 103, p. 2445.]

COUNTY UNIT SYSTEM.—The Legislature in 1919 passed an Act (Chapter 211, Laws 1919) providing for the creation of a Rural School District in each county of the State, composed of all Third Class districts and parts thereof as a unit for the purpose of taxation and issuance of bonds; for the creation of sub-districts of rural districts for the purpose of local administration and control. The Act provides for boards of trustees for rural school districts an I prescribes the manner of election, number, terms, powers and duties of said boards. Under Section 3 of this Act any county in the State may adopt the county unit system for rural schools.

COUNTY FUNDING AND REFUNDING BONDS VALIDATED BY ACT OF LEGISLATURE.—At the special session of the Montana Legislature in 1918 an Act was passed (Chapter 5) legalizing and validating bonds issued by counties for the purpose of funding or refunding outstanding indebtedness issued by counties without the question of issuing the same, or funding or refunding such indebtedness, having been submitted to and approved by the electors. V. 106, p. 1257.

TAXATION OF MUNICIPAL BONDS—Concerning the taxation of bonds or notes or other evidences of indebtedness issued by this State or any of its municipalities, the Attorney-General advised us under date of Dec. 21911

C. Jefferis LEGISLATURE meets blennially in odd years on the 2d Tuesday in January and sessions are limited to 40 days.

TOTAL DEBT, ETC.—The total bonded debt on Sept. 30 1918 was \$99,000. On Sept. 30 1916 the warrants outstanding amounted to \$266,613, and on the same date the Auditor's charge to the State Treasurer was \$2,072,601 and the State bond tax fund overdrawn was \$1,529. The cash and securities on hand were \$2,340,743. This latter amount is exclusive of trust funds, which on Sept. 30 1916 amounted to \$392,659.

ASSESSED VALUATION.—The following statement shows the assessed valuation of property in Wyoming for the years indicated. For explanation concerning increase in 1909, see remarks immediately below regarding the creation of a new tax authority.

CREATION OF A COMMISSIONER OF TAXATION.—The 1909 Legislature passed an Act (Chapter 66, Laws of 1909) creating the office of Commissioner of Taxation. This official is appointed by the Governor with the advice and consent of the Senate. The new Commissioner is given power and authority to exercise general supervision over the administration of all assessment and tax laws, over all county, town and city tax assessors and boards of equalization, levy and assessment, to the end that taxation of all property, real, personal and mixed, shall be made relatively just and uniform, and at its true and full cash market value. Assessors of boards failing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Previously property in the State is understood to have been assessed at 33 1-3% of its actual value. V. 83, p. 956.

V. 83, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the constitution with respect to debt contraction and limitation are all found in Article 16 of that instrument and prohibit the State from creating any indebtedness exceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, cities, towns or villages, or any subdivision thereof, are limited to 2% on the assessed valuation. An additional indebtedness of not exceeding 4% is permitted in the cases of cities, towns or villages for the purpose of building sewers therein. By Sec. 5 of Article 16, as amended in 1919, school districts are permitted to create additional indebtedness of 4% for the purpose of enlargement of school buildings. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or give its credit

or make donations to, or in aid of, any individual, association or corporation. We give the provisions in full below.
Section 1. Limitation of State Debt.—The State of Wyoming shall not. In any manner, create any indebedness exceeding 1% of the assessed value of the taxable property in the State, as shown by the last general assessment for taxation, preceding; except to suppress insurrection or to provide Sec. 2. Creation of State Debt Restricted.—No debt in excess of the taxes for the current year shall in any manner be created in the State of Wyoming, unless the proposition to create such debt shall have been submitted to a vote of the people and by them approved; except to suppress insurrection or to provide for the public defense.

Sec. 3. Limitation of County Debt.—No county in the State of Wyoming shall in any manner create any indebtedness exceeding 2% on the assessed value of taxable property in such county, as shown by the last general assessment preceding; provided, however, that any county, city, town, village or other sub-division thereof in the State of Wyoming may bond its public debt existing at the time of the adoption of this constitution, in any sum not exceeding 4% on the assessed value of the taxable property in such county, city, town, village or other sub-division, as shown by the last general assessment for taxation.

Sec. 4. Creation of Municipal Debt Restricted.—No debt in excess of the taxes for the current year shall, in any manner, be created by any county or sub-division thereof, or any city, town or village, or any sub-division thereof, or any city, town or village, or any sub-division thereof, or any sub-division of the sub-division thereof, or any sub-division of the sub-division thereof, or any sub-division of the sub-division thereof, or any sub-division of any county of the State of Wyoming, shall, in any manner, create any indebtedness exceeding 2% on the assessed value of the taxable property therein as shown by the last preceding general assessment for the purpose of buildi

the debt limit.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an Act exempting municipal bonds from taxation provided certain conditions are compiled with. The Act follows:

CHAPTER 17, LAWS OF 1905.—Be 11 Enacted, Etc.: "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt'."

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chap. 72) exempts from taxation all mortages upon property within the State, whether real or chattel, together with the indebtedness thereby accrued, provided that the mortaged property, whether real or personal, shall be taxed at its true value in money. ASSESSMENTS NOW MADE ON NEW BASIS.—The Legislature of 1913 passed practically a new revenue law (Chapter 58) which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property, the actual cash value of which was \$1,000 would be assessed for \$1,000, but only \$400 would be taken as a basis of making the levy. V. 97, p. 1149.

DEBT LIMITATION.—Sections 1 and 2 of Article.8 of the Constitution as amended by the voters in Nov. 1912 and 1920 reads:

The Legislature shall not in any manner create any debt or debts, its billity or liabilities which shall, singly or in the aggregate, exclusive of the debt of the Territory at the date of its admission as a State, and exclusive of debts or liabilities incurred subsequent to January 1 1911, for the purpose of completing the construction and furnishing of the State Capitol at Bolse, Idaho, and exclusive of debt or debts, liability or liabilities, incurred by the Eleventh Session of the Legislature of the State of Idaho, exceed in the aggregate the sum of two million dollars, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law, for some single object or work, to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt or liability as it falls due, and also for the payment and discharge of the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged. But no such law shall take effect until at a general election it shall have been submitted to the people, and shall have received a majority of all the votee east for or against it at such election; and all moneys raised by the authority of such laws shall be applied only to specified objects therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county or city, and county, if one be published therein, throughout the State for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approva

Section 2315 of the Revised Codes of Idaho, as amended by an Act approved March 10 1915 (Chapter 44, Laws of 1915) limits the borrowing capacity of cities, towns and villages to 6% and specifies for what purposes bonds may be issued. This section was again amended in 1917 (Chapter 16, Laws of 1917), but no substantial change or alteration was made, aside from certain provisions regarding the issuance of water bonds. The law as it now reads follows:

Sec. 2315. (a) Every city, town or village, incorporated under the laws of the Territory of Idaho or of the State of Idaho shall have power and authority to issue municipal coupon bonds not to exceed at any time, in aggregate six (6) per cent of the assessed full cash valuation of the real assessment of the preceding year, for any or all of the following purposes:

1. To provide for the laying, constructing, equipment and maintenance of sewers and drains.

2. To provide for the grading, paving, curbing, sidewalking or otherwise improving streets and alleys, building or constructing of sewers, drains, grading, curbing, sidewalks, crossings and cross walks, or otherwise improving the intersections of streets and alleys, constructing and laying out of streets and alleys, and the construction or aid in construction of bridges, across streams within or contiguous to or within one (1) mile of the exterior limits of any such city, town or village.

3. To provide for the exablishment and maintenance of hospitals, pest houses and cemeteries either within or without the corporate limits of such city, town or village.

4. To provide for the exablishment and maintenance of hospitals, pest houses and cemeteries either within or without the corporate limits of such city, town or village.

3. To provide for the funding, refunding, purchase and redemption of the outstanding indebtedness of such city, town or village.

4. To provide for the establishment and maintenance of hospitals, pest houses and cemeteries either within or without the corporate limits of such city, town or village.

5. To provide for the purchase, improvement, equipment and maintenance of lands for the use of public parks, either within or without the corporate limits of such city, town or village.

6. To provide for the purchase, erection, construction and furnishing of public buildings and building sites for the use of such city, town or village.

7. To provide for the establishment, equipment and maintenance of a fire department and for the purchase of suitable and necessary apparatus and buildings and building sites for the use thereof and for all other necessary public improvements.

Bonds may be issued under the third (3d) subdivision of this section for the purpose of funding, refunding, purchase or redemption of the outstanding indebtedness of any such city, town or village, when the same can be done to the profit and benefit of such city, town or village, and without incurring any additional liability without the submission of the question of issuance of such bonds to the electors of the city, town or village.

(b) Every city, town or village, incorporated under the laws of the Territory of Idaho or of the State of Idaho shall have power and authority to issue municipal coupon bonds in a sufficient amount to acquire, by purchase or otherwise, a water-works plant for such municipality and a waten supply therefor, and to construct, enlarge, extend, repair, alter and improve such plant. The issuance of bonds for the purposes aforesaid or any of such purposes of Idaho 1909, and acts amendatory thereof, and one or more bond elections may be called in the manner provided by said statute or amendatory Acts, in order to submit to the qualified electors who are tax payers, the question as to whether bonds shall issue in such am

TAXATION OF MUNICIPAL BONDS.—We were advised Dec. 11 1911 by the Secretary of State's office that the laws of Idaho do not tax bonds or notes or similar evidences of indebtedness.

SAVINGS BANK AND TRUST COMPANY INVESTMENTS.—The law regulating the investments by savings banks and trust companies in Idaho was amended in 1917 so as to make it legal to invest their deposits in

Federal Farm Loan bonds. The section regulating the investments of savings banks follows:

Soc. 23. It shall be lawful for any savings bank to invest its savings deposits only as follows and not otherwise:

Soc. 24. It shall be lawful for any savings bank to invest its savings deposits only as follows and not otherwise:

1910 —— .325.594 | 1890 —— .88.548 | 1870 —— .14.999
In 1870-80 increase was 17.611, or 117.41%; in 1880-90, 55.938, or 171.54%. In 1890-1900 the increase was 73.224, or 82.70%, a part of which is due to the fact that the 1900 aggregate embraced Indians and whites on Indian reservations not theretofore included. Such persons numbered 4.163 in 1890 and 3.420 in 1880, which amounts should be added to the totals for those years in making comparisons. No report was made in 1910 of the Indians and whites. In 1900-10 the increase in population was 163.822, or 101.3%. The number of Indians alone included in the 1910 population was 3.988. In 1910-1920 the increase was 106.232, or 32.6%.

LEGISLATURE meets biennially in odd years on the first Wednesday January, and sessions are unlimited, according to a constitutional mendment adopted in Nov. 1910. V. 90, p. 1363.

HISTORY OF DEBT.—For early history of State debt see "State and City Supplement" of April 1895, p. 140. The present debt is as follows:

LOANS—
Name and Purpose—
Insurrection, Leadville.——1897

Mediant to Call Sept. 1 1922 \$37,000 Subject to Call Sept. 1 1012

"frue and 1011 as property was assessed at a very much lower basis in earlier years.

In addition to the tax rate as above, there is a poll tax of \$1.00 per capita.

In 1880 and prior to that date this poll tax was 50 cents per capita.

The State Supreme Court in an opinion handed down April 3 1916 upholds the increase in assessed valuations ordered by the Colorado Tax Commission and State Board of Equalization. See item under "Denver" in "Chroniele" of April 15 1916, page 1461; also V. 98, p. 249. A proposed amendment to the constitution abolishing the Colorado Tax Commission was defeated at the November 1916 election. V. 104, p. 677.

DEBT LIMITATION.—Colorado's constitutional debt limitations are found in Article 11 of the constitution and were published in the "State and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI. of the constitution concerning the debt limitation of the State was amended Nov. 8 1910 as follows (V. 92, p. 202):

SECTION 3. The State shall not contract any debt by loan in any form,

and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI. of the constitution concerning the debt ismitation of the State was amended Nov. 8 1910 as follows (V. 92, p. 202):

SECTION 3. The State shall not contract any debt by loan in any form, except to provide for casual deficiencies of revenue, erect public buildings for the use of the State, suppress insurrection, defend the State, or, in time of war, assist in defending the United States and the amount of the debt contracted in any one year to provide for deficiencies of revenue shall not exceed one-fourth of a mill on each dollar of valuation of taxable property within the State, and the aggregate amount of such debt shall not at any time exceed three-fourths of a mill on each dollar of said valuation, until the valuation shall equal one hundred thousand dollars, and the debt incurred in any one year for erection of public buildings shall not exceed one-half mill on each dollar of said valuation, and the aggregate amount of such debt shall never at any time exceed the sum of fifty thousand dollars (except as provided in section five of this article), and in all cases the valuation in this section mentioned shall be that of the assessment last preceding the creation of said debt. Provided, That, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of paying the principal and accrued interest of all the outstanding warrants issued by this State during and for the years 1887, 1888, 1889, 1892, 1893, 1894 and 1897, said debt to be evidenced by registered coupon interest-bearing funding bonds to an amount not exceeding \$2,115.-000, or so much thereof as may be necessary to pay said warrants and interest thereon. For remainder of this section, as amended, see V. 89, p. 1363.

Counties are prohibited from contracting debt by loan in any form, except for public buildings, roads and bridges, and such indebtedness is not to exceed in any one year \$1.50 on each \$1,000 in counties

In the contracting of debts by cities and towns, provision must be made for a tax of not exceeding 12 mills on each dollar of valuation in order to pay annual interest and extinguish debt within 15 years and in not less that 10 years. No debt can be created unless the question is first presented to the tax-paying electors, and the aggregate of the debt must never exceed 3% of valuation. Debts contracted for supplying water are excepted from

3% of valuation. Debts contracted for supplying waver are categorial to the limit.

The provisions of the law relating to public revenue and limiting the levy of taxes in the several taxing districts of the State are contained in Sections 140 16, inclusive, of Chapter 137, Laws of 1913, as amended in 1915 and again in 1917. See V. 105, p. 1726, for changes made in 1917. The sections referred to read:

again in 1917. See V. 105, p. 1726, for changes made in 1917. The sections referred to read:

Sec. 1. The power of the board of commissioners of each of the several counties of the State to fix rates of levy annually for the creation of funds out of which to meet and defray the ordinary county expenses, including the support of the poor, and for the purpose of raising a fund to meet any unforeseen contingency expenses of the county is hereby limited as follows.

Sec. 2. In any county which has an assessed valuation for the current tax year of \$1.000,000 or less, the levy shall not exceed 6 mills on the dollar of such valuation.

Sec. 3. In any county which has an assessed valuation for the current tax year of more than \$1,000,000 and not in excess of \$2,000,000, the levy shall not exceed 5 mills on the dollar of such valuation.

Sec. 4. In any county which has an assessed valuation for the current tax year of more than \$2,000,000 and not in excess of \$3,000,000, the levy shall not exceed 4 mills on the dollar of such valuation.

Sec. 5. In any county which has an assessed valuation for the current ax year of more than \$3,000,000 and not in excess of \$4,000,000, the levy shall not exceed 3½ mills on the dollar of such valuation.

In any county which has an assessed valuation in any amount in excess of \$4,000,000, up to and including \$10,000,000, the maximum levy shall be determined by reducing the levy of 3½ mills allowed upon a valuation of \$4,000,000 one-tenth of one mill for each \$1,000,000 in excess of \$4,000,000 and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher \$1,000,000 or valuation.

Sac. 6. In any county which has an assessed valuation for the currents.

and upon conviction thereof shall be fined in any sum not more than \$1.000, and shall also be liable to removal from office as provided by law. Sec. 16. Each section of this Act and every part of each section are hereby declared to be independent sections and parts of sections, and the holding of any section or part thereof to be void or ineffective for any cause shall not be deemed to affect any other section or any part thereof.

TAXATION OF MUNICIPAL BONDS.—The Legal Department of the State advised us under date of Jan. 22 1912 that there is no law specifically exempting from taxation bonds issued by the State or any of its municipalities, "in case the same are found in the hands of individuals as owners."

SAVINGS BANK INVESTMENTS—LOANS ON REAL ESTATE—INVESTMENT OF SAVINGS DEPOSITS.—Loans on real estate and investments and loans of savings banks in the State of Colorado are governed by Sections 30 and 31 of the laws in relation to State banks and banking, 1917. These sections follow:

Sec. 30. No bank, except savings banks, shall make, or purchase loans secured by mortgage or trust deed on real estate in excess of twenty-five per cent of its total interest-bearing securities; nor, except in the case of savings banks, shall any such loan be for a longer period than three years. Banks may make, purchase and hold loans for not to exceed five years upon first trust deeds or first mortgages on real estate, worth at least double the amount of the loan, to the extent of fifty per cent of their savings deposits. No bank shall make or purchase loans on real estate unless such loans are secured by first trust deeds or first mortgages, except as additional security to loans previously made by such bank.

Sec. 31. Except as permitted by Sec. 30 hereof, savings deposits shall not be loaned or invested except upon or in the following evidences of indebtedness, to-wit: Securities of the United States, of the several States of the United States, counties, cities, towns, irrigation districts, school districts, first class commercial paper, negotiable paper secured by collateral having an actual cash market value in excess of the loan so secured and first mortgage bonds of steam or street railway, water, light, gas and industrial corporations which have earned at least four per cent net per annum on their capital stock during the five years immediately preceding the date of such loan or loans and have not defaulted in the payment of the principal or interest of any debt during such period.

DEBT LIMITATION.—The indebtedness of this State is limited by its constitution. The sections relating to State debt are found in Article XIV, of that instrument, being Nos. 1, 2, 5 and 6. We quote these sections below SECTION 1. To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding las amended in 19101 in the aggregate at any one time an amount equal to one and one-half per centum of the value of the taxable property of the State, as shown by the last assessment for State purposes previous to the incurring of such indebtedness. But the State shall never contracts any indebtedness, except as in the next section provided, in excess of such amount, and all moneys arising from loans herein authorized shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied solely to the purpose for which it is obtained.

SECTION 5. All moneys borrowed by, or on behalf of the State, or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.

SECTION 6. The State shall not assume the debt, or any part thereof of any county, city, town or school district.

Title 47. Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Counties, Cities, Towns, &c.—The constitutional provisions relating to the debt of counties, cities, towns, school districts and other

porations will be found in Sections 3. 4. 5 and 7 of Article XIV. is quoted above. We give Sections 3. 4 and 7 below.

is quoted above. We give Sections 3.4 and 7 below.

SECTION 3. No debt in excess of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivision thereof, in this State; unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein, in the year preceding such election, and a majority of those voting thereon, shall have voted in favor of incurring such debt.

nall have voted in favor of incurring such debt.

SECTION 4. When authorized to create indebtedness as provided in Section 3 of this Article, no county shall become indebted to an amount including existing indebtedness, exceeding 2%. No city, town, school district or other municipal corporation shall become indebted to an amount, including existing indebtedness, exceeding 2% of the value of the taxable property therein, the value to be ascertained by the last assessment for State and county purposes previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes; provided, that no part of the indebtedness; allowed in this section shall be incurred for other chan strictly county, city, town or school district purposes; provided, further, that any city of the first and second class, when authorized as provided in Section 3 of this Article, may be allowed to incur a larger indebtedness, not to exceed four per centum and any city of the third class, or town, not to exceed four ended in 1910 eight per centum additional, for supplying such city or town with water, artificial lights or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair

second in 1910 eight per centum authendial, for supplying such water, light and sewers shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted, in accordance with the laws of Utah Teritory, by any county, city, town or school district, or to prevent the contracting of any debt or the issuing of bonds therefor, in accordance with said laws, upon any proposition for that purpose, which, according to said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this constitution takes effect.

Section 308 of the Compiled Laws of Utah, 1907, which provides for the incurring of indebtedness by cities and towns for the supply of water, artificial light, or sewers, was amended in 1917 and now stands as follows (V. 105, D. 1330):

Sec. 308. Any city or town in this State is hereby authorized to incur an indebtedness not exceeding in the aggregate, with all other indebtedness, 8% of the value of the taxable property therein for the purpose of supplying such water, light and sewers shall be owned and controlled by the municipality, provided that cities of the third class, and towns, may become indebted to an amount not exceeding in the aggregate, with all other indebtedness, 12% of the value of the taxable property for the purpose of supplying such city or town with water, artificial light or sewers when the works for supplying such city or town with water, artificial light or sewers when the works for supplying such city or town with water, artificial light or sewers when the works for supplying such city or town with water, artificial light or sewers when the works for supplying such city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, when the proposition to create such debt shall have been submitted to the vote

DEBT LIMITATION.—Article IX. of constitution contains the sections which regulate the debt of State, county, city, &c. The State may borrow money not exceeding the sum of \$200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract debts to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 58 years.

pay the interest and to provide a sinking fund to pay the principal within 5 % years.

No school district shall ever become indebted in an amount exceeding six (6) per centum on the assessed valuation of the taxable property as shown by the preceding general assessment.

The 1915 Legislature passed an Act on March 12. now known as Chapter 54, Laws of 1915, creating a State Tax Commission and also providing that the indebtedness of a county, incorporated city, town or village (except debt created by a city, town or village for the construction or purchase of a water or sewer system) shall not exceed one and one-third per centum of the actual value of the taxable property. Previously the limit was four per centum on the value of the taxable property. The section giving the limitations as regards counties, cities, &c., now reads as follows:

SECTION 13. No county or incorporated city, town or village, shall sver become ladebted to an amount in the aggregate, including existing indebtedness, exceeding one and one-third per centum on the actual value of the taxable property within such county, city, town or village, as shown by the last preceding assessment roll, and all bonds and obligations issued or contracted in excess of such amount, after the time this Act shall go into effect, shall be void; but such limitation shall not apply to indebtedness for the construction or purchase of a system for such city, town or village.

All the previsions of this Article IX. in full will be found on page 141 of the "Chromicle" for Nov. 18 1911.

SANTA FE COUNTY.

County seat is Santa Fe.

The present debt is \$479,000, consisting of what are known as Refunding Bonds of the State of New Mexico, Series "B," Santa Fe County. While these bonds are bonds issued by the State and are primarily its obligation, Santa Fe County is responsible for the interest, which is at \$470,000, consisting of the county, its estate would have to take care of default upon the part of the county, the State would have to take care of them, having recourse them on the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unaid coupons, and possibly a judgment or so. The amount of these latter is estimated at \$21,000. Over \$1,000,000 of the old debt represented by bonds issued in aid of railroad construction, the coupons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its-bonds in payment therefor without any recourse on the county, the U. S. Congress having made a large land donation to the State for the ultimate payment of these bonds. The assess. val. in 1913 was \$3,110,-797; the total State and county tax (per \$1,000), in 1913, was about \$70. Pop. 10 (Census), 14,770; 20, 15,030 SANTA FE SCHOOL DISTRICT. This district (P. O. \*(We are advised by the Secretary State Tax Commission that that body ordered the assessors to assess all property at its "full cash value", which has always been the law, but was never carried out prior to 1913.]

TAX RATE.—The tax rate (per \$1,000 for 1920 is \$4.75.

STATEHOOD.—The President on August 21 1911 signed the foint resolution passed by Congress admitting the Territories of Arizona and New Mexico into the Union This resolution provided that the voters of Arizona must except judicinal effects from the recall provision of their

constitution before Statchood is granted. V. 93, p. 546. On Dec. 12 1911 an amendment to this effect was favorably voted. V. 93, p. 1736. At the session of the first State Legislature, however, a resolution was passed providing for an amendment to the constitution extending the recall to all public officers of the State, either by appointment or election. This amendment was favorably voted at the general election Nov. 5 1912. The State was admitted by proclamation of the President on Feb. 14 1912.

DEBT LIMITATION—BONDS TAX-FREE.—The power of the State and its sub-divisions to incur debt is limited by Sections 3, 5, 6, 7 and 8 of Article 1X, and by Section 2 of this same article such debt, when evidenced by bonds, will be exempt from taxation. The five sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal State

Article 1A, and by Section 2 of this saine attaics such debt, which whenever denoed by bonds, will be exempt from taxation. The five sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal, State county and municipal property. Property of educational, charitable and religious associations or institutions not used or held for profit may be exempted from taxation by law. Public debts, as evidenced by the bonds of Arizona, its counties, municipalities, or other subdivisions, shall also be exempt from taxation. There shall further be exempt from taxation the property of widows, residents of this State, not exceeding the amount of one thousand dollars, where the total assessment of such widow does not exceed two thousand dollars. All property in the State not exempt under the laws of the United States or under this constitution, or exempted by law under the provisions of this section, shall be subject to taxation to be ascertained as provided by law.

Sec. 3. The Legislature shall provide by law for an annual tax sufficient, with other sources of revenue, to defray the necessary ordinary expenses of the State for each fiscal year. And for the purpose of paying the State debt, if there be any, the Legislature shall provide for levying an annual stax sufficient to pay the annual interest and the principal of such debt within 25 years from the final passage of the law creating the debt. No tax shall be levied except in pursuance of law, and every law imposing a tax shall be levied except in pursuance of law, and every law imposing a tax shall be taxed to the state descent of the state treasury in money only.

Sec. 5. The State may contract debts to supply the casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more laws, or at different periods of time, shall never exceed the sum of three hundred and fifty thousand dollars; and the

pose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts the State may borrow money to repel invasion, suppress insurrection, or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan shall have been authorized or to the payment of the debt thereby created. No money shall be paid out of the State Treasury, except in the manner provided by law.

Sec. 6. Incorporated cities, towns and villages may be vested by law with power to make local improvements by special assessments, or by special taxastion of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes.

special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a sharcholder in, any company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for fitty or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and con

municipal water, light or sewer works is increased from 5% to 15% of the tarable value.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAX-ATION.—For opinions, see V. 85, p. 1534; V. 86, p. 340; V. 87, p. 111.

SAVINGS BANK INVESTMENTS.—Sub-division 6 of Section 2123 of the Revised Statutes of Arizona, 1913, relating to savings and loan corporations, states that "no corporation must purchase, hold or convey bonds, securities or evidences of indebtedness, public or private, except bonds of the United States, the Territory of Arizona or State of Arizona, and of the counties of this State and of the incorporated cities therein, unless such corporation has a capital stock or reserve fund paid in of not less than \$100,000."

POPULATION.—Population of Arizona has been as follows in the years mentioned. The total for 1900 includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 28,623 and in 1880 18,706. No report was made of the Indians and whites in 1910. The number of Indians alone included in 1910 was 38,475.

In 1919-20 the valuation of real estate amounted to \$971.455.327, personal property \$405.550.481 and public service corporations \$287.442.937. Tax rate (per \$1,000) in 1919-20 was \$3.50. Property is assessed at full value. STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 provision was made for the union of the Territory of Oklahoma and of Indian Territory; the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a constitution by the people on Sept. 17 1907. See V. 85, D. 745 and 1289.

DEBT LIMITATION.—Article X. of the constitution contains the following regarding public indebtedness:

following regarding public indebtedness:

SECTION 23. The State may, to meet casual deficits or failure in revenues, or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed \$400.000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this

such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this Article, no debts shall hereafter be contracted by or on behalf of this State, unless such debt shall be authorized by law for some work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due and also to pay and discharge the principal of such debt within 25 years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either House of the Legislature, the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall this bill pass and ought the same to receive the sanction of the people?"

SECTION 26. No county, city, town, township, school district or other

and ought the same to receive the sanction of the people?"

SECTION 26. No county, city, town, township, school district or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, for any purpose, to an amount exceeding, in any year the income and revenue provided for such year, without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount including existing indebtedness, in the aggregate exceeding 5% of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such indebtedness; provided, that any county, city, town, township, school district or other political corporation or subdivision of the State, incurring any indebtedness, requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 27.—Public Utilities.—Any incorporated city or town in this State may, by a majority of the qualified property tax-paying voters of such city or town, voting at an election to be held for that purpose, be allowed to become indebted in a larger amount than that specified in section 26, for the purpose of purchasing or constructing public utilities, or for repairing the same, to be owned exclusively by such city: Provided, That any such city or town incurring any such indebtedness requiring the assent of the voters as aforesaid, shall have the power to provide for, and, before or at the time of incurring such indebtedness, shall provide for, and, before or at the time of incurring such indebtedness, shall provide for, and, before or at the time of incurring such indebtedness, shall provide for, and it is constitution, sufficient to pay the interest or such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 28. Counties, townships, school districts, cities and towns shall levy sufficient additional revenue to create a sinking fund to be used, first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for, the payment of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bonds or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate, signed by the Auditor and Attorney-General of the State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or any other political suddivision of any county, shall be valid unless the same shall have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the Gounty Attorney of the county, stating that said bond or eviden

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised, under date of Dec. 11 1911, by the office of the Secretary of State, that "the only evidences of indebtedness issued by this State that are exempt from taxation are the public-building fund bonds." For opinions regarding territorial and municipal bonds being exempt from taxation, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111, and V. 98, p. 1258.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—The Attorney-General in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for purpose of purchasing seed wheat for farmers. V. 93, p. 423.

MINICIPAL ROND ISSUES.—Future bond issues are to be annoved.

MUNICIPAL BOND ISSUES.—Future bond issues are to be approved by Attorney-General. V. 90, p. 1114.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the State Bank Commissioner wrote us that "our law does not direct how savings shall be invested. This is a new State and we have no exclusive savings banks. Some of our commercial banks have savings departments. We also have building and loan associations which are mutual companies."

CONSTITUTIONAL AMENDMENTS.—Pursuant to a constitutional amendment adopted Nov. 8 1910 to Article XI of the Constitution by adding a new section (Section 8a), the city of San Francisco voted and issued \$5,000,000 bonds, the proceeds to be used by the Panama Pacific International Exposition Co. to celebrate the opening of the Panama Canal. Another amendment, approved in November 1910, was for the purpose of creating a State fund of \$5,000,000 for the use, establishment, maintenance and support of the Panama-Pacific International Exposition. Still another amendment adopted provided for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. In November 1914 an amendment to Section 18 of Article XI of the constitution was adopted, providing for the issuance by Alameda County of not exceeding \$1,000,000 bonds, the Panama-Pacific International Exposition Co.

BOND PROPOSITIONS.—Propositions providing for the issuance of

and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. of Venice, under date of Dec. 31 1919, advised us that an election for the issuance of bonds to pay off back indebtedness of the city was held on March 24 1919, but the issue was defeated. COUNTY & MUNICIPAL DEBT RESTRICTIONS.—By Section 4088 of the Political Code of California, all counties are restricted to the issuance of bonds running not longer than forty years.

A new law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SECTION 4. No city, town or municipal corporation shall incur an indebtness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city. own or municipal corporation.

This new law was given in full in the "Chronicle," Aug. 10 1901, p. 303.

MORTGAGES EXEMPT FROM TAXATION.—Among the amendements voted Nov. 8 1910 is one repealing Section 4 of Article 13 of the State constitution, changing Section 1 so that hereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation. This section, as it now reads, is given in V. 91, p. 974.

SAVINGS BANK INVESTMENTS.—Investments by savings banks are regulated by the Bank Act of 1909 (Sections 61 and 67) as amended by Chapter 500, Laws of 1917, and Chapter 337, Laws of 1919. Another Act was passed by the 1917 Legislature (Chapter 114, Laws of 1917) relating to municipal water district bonds, and prescribing under what conditions such bonds shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the State school funds (see "Chronicle" of Sept. 29 1917, pages 1327 and 1328). We publish below the full text of Sections 61 and 67. The changes made in 1919 are printed in italics.

Sec. 61. Any savings banks may purchase, hold and convey real or personal property as follows:

1. The lot and building in which the business of the bank is carried on: furniture and fixtures, vaults and safe deposit vaults and boxes necessary or proper to carry on its banking business; such lot and building, furniture and fixtures, vaults and safe deposit vaults and boxes necessary or proper to carry on the box of such bank as an asset to an amount exceeding its paid up capital and surplus; and hereafter, the authority of a two-thirds vote of all of the directors shall be necessary to authorize the purchase of such lot and building, or the construction of such building.

MUNICIPAL WATER DISTRICT BONDS LEGAL INVESTMENTS UNDER CERTAIN CONDITIONS.—Chapter 114 of the Laws of 1917 referred to above reads as follows:

Section 1. All bonds heretofore or hereafter issued by any municipal water district under and in pursuance of the provisions of an Act, entitled "An Act to provide for the incorporation and organization and management of municipal water districts, and to provide for the acquisition or construction by said districts of water-works, and for the acquisition of all property necessary therefor, and also to provided for the distribution and sale of water by said districts," approved May 1 1911, as subsequently amended, shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commectal and savings, and trust companies, and for the State school funds, and whenever any moneys or funds may, by law now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, such moneys or funds may be invested in the said bonds of municiapl water districts; provided, however, no bank shall invest or loan more than 5% of its assets on any one such bond issue.

Sec. 2. This Act is intended to be, and shall be considered, the latest enactment upon the matters herein contained, and is supplemental to any

and all other Acts regulating, relating to and declaring what shall be legal

LOCAL IMPROVEMENT.—The 1919 Legislature of California pa an Act to provide for local improvements in or upon streets on right way within or belonging to municipalities within the State. Under Act the city council of any municipality is empowered to establish change the grades of streets, &c., and may in its discretion order that part of the cost be paid out of the treasury of the municipality or by issuance of bonds at interest not to exceed 6%.

POPULATION OF STATE.—

#### CITIES, COUNTIES AND TOWNS IN THE STATE OF CALIFORNIA

Many of the counties in this State levy a special tax on property outside incorporated cities and towns for making, repairing and sprinkling of roads, and the tax rate as given below under these counties is made up of the State tax rate and the county tax rate including special road tax.

SAN FRANCISCO.

San Francisco Is in San Francisco
County. Financial statement given
below is for both city and county.
Question of purchasing certain
properties of Spring Valley Water Co.
for \$34,500,000 was defeated Apr. 20
1915. V. 100, p. 1526.

The Board of Supervisors on Jan. 5
1914 passed an ordinance formally
accepting the water supply and
power rights in the Hetch-Hetchy
Valley, granted in the bill passed
by Congress in 1913. V. 97, p. 1838.
and V. 98, p. 250. Board of Supervisors upheld Mayor in vetoing resolution offering for sale \$43,287,000
Hetch-Hetchy water supply bonds.
See "Chronicle" of Dec. 11 1915,
p. 1998.
The \$4,000,000,50% exposition.

See "Chronicle" of Dec. 11 1915, p. 1998.
The \$4,000,000 5% exposition bonds given in table below are the remaining outstanding portion of an Issue of \$5,000,000. These bonds, which were voted Nov. 15 1910, are not figured in the 15% debt limit. See remarks under State of California for constitutional amendments giving authority to issue these and other bonds.

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI, sections 2 and 5 to 11 inclusive, Article XI.a, Sections 1 to 11, inclusive and Article XI.b Sections 1, 9 and 11 of the Constitution as amended in 1910, 1912, 1916, 1919 and 1920. We quote these sections in full.

the Constitution as amended in 1910, 1912, 1916, 1919 and 1920. We quote these sections in full.

ARTICLE XI., SECTION 5.—Restrictions upon Municipal Corporations.—Acts of Legislative Assembly incorporating towns and cities shall restrict their power of taxation, borrowing money, contracting debts and loaning their credits.

SECTION 6.—State not to be Stockholder in Company.—The State shall not subscribe to or be interested in the stock of any company, association or corporation.

SECTION 7.—Credit of State not to be Loaned—Limitation upon Powers of Contracting Debts.—The Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities, exceed the sum of fifty thousand dollars, except in case of war or to repel invasion or suppress insurrection, or (according to an amendment of 1912) to build and malatain permanent roads; and the Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities to build and malatain permanent roads which shall singly or in the aggregate, with previous debts or liabilities to build and malatain permanent roads which shall singly or in the aggregate, with previous debts or liabilities to build and malatain permanent roads which shall singly or in the aggregate, with previous debts or liabilities to build and malatain permanent or 1920) four per cent. of the assessed valuation of all the property in the State; and every contract of indebtedness entered into or assumed by or on behalf of the State in violation of the provisions of this section shall be void and of no effect.

SECTION 8.—State not to Assume County Debt, Except in What Case.—

SECTION 8.—State not to Assume County Debt, Except in What Case.— The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repei invasion, suppress insurrection or defend the State in war.

The State shall never assume the debts of any county, town or other corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection or defend the State in war.

SECTION 9.—Prohibition upon Municipal Corporations.—No county city, town or other municipal corporation, by vote of its citizens or otherwise, shall become a stockholder in any joint-stock company, corporation or association whatever or raise money for or loan its credit to, or in aid of, any such company, corporation or association; provided (according to an amendment adopted in 1917) that any municipal corporation designated as a port under any general or special law of the State of Oregon, may be empowered by statute to raise money and expend the same in the form of a bonus to aid in establishing water transportation lines between such port and any other domestic or foreign port or ports, and to aid in establishing water transportation lines on the interior rivers of this State, or on the rivers between Washington and Oregon, or on the rivers of Washington and Idaho reached by navigation from Oregon's rivers; any debts of a municipality to raise money created for the aforesaid purpose shall be incurred only on approval of a majority of those voting on the question, and shall not, either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed 1% of the assessed valuation of all properties in the municipality.

It will be seen from the above that the power to limit the indebtedness of municipalityer, acting under this authority, passed the following Act. Section 2722 of Bellinger & Cotton's Annotated Codes and Statutes.—

"The common council," of incorporated cities and towns, "shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum."

The above limitatio

cities of over 75.000 inhabitants shall never exceed \$100.000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

SECTION 10.—Limitation upon Powers of County to Contract Debts.—No county shall create any debts or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of five thousand dollars, except to suppress insurrection or repel invasion, or (according to constitutional amendment of 1910) to build and maintain permanent roads within the county; and debts for permanent roads shall be incurred only on approval of a majority of those voting on the question, and (according to an amendment adopted in 1912) shall not either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed (according to an amendment adopted on June 3 1919) six per cent of the assessed valuation of all the property in the county. The Oregon Supreme Court on Dec.14 '20 held that the constitutional amendment providing that counties may issue bonds for permanent highway improvements up to 6% of their assessed valuation, is valid. (See "Chronicle" of Dec. 25, 1920.)

An amendment to Article XI of the Constitution, to be known as Section 2, was adopted by the voters in Nov. 1916 and provides as follows:
Section 2. Unless specifically authorized by a majority of the legal voters voting upon the question, neither the State nor any county, municipality district or body to which the power to levy a tax shall have been delegated shall in any year so exercise that power as to raise a greater amount of revenue for purposes other than the payment of bonded indebtedness or interest thereon than the total amount levied by it in the year immediately preceding for purposes other than the payment of bonded indebtedness or interest thereon plus 6% thereof, provided, whenever any new county, municipality or other taxing district shall be created and shall include in whole or in part property therectore included in another county, like muni

year.

The prohibition against the creation of debts by counties prescribed in Section 10 of Article XI. of this constitution shall apply and extend to debts hereafter created in the performance of any duties or obligations

imposed upon counties by the constitution or laws of the State, and any indebtedness created by any county in violation of such prohibition and any warrants for or other evidences of any such indebtedness and any part of any levy of taxes made by the State or any county, municipality, or other taxing district or body which shall exceed the limitations fixed hereby shall be void.

be void.

ARTICLE XIa, Section 1.—May Incur Indebtedness for Loans to Farmers.—(Adopted in Nov. 1916, proclaimed in effect Dec. 5 1916.)—Notwithstanding the limitations contained in Section 7 of Article XI. of this constitution, the credit of the State may be loaned and indebtedness incurred to an amount not exceeding 2% of the assessed valuation of all the property in the State for the purpose of providing funds to be loaned upon the security of farm lands within the State, subject to the limitations herein contained.

Section 2. The Governor Secretary of State and State Treesurer shall

ers.—Adopted in Nov. 1916, proclaimed in effect Dec. 5 1916.)—Notwithstanding the limitations contained in Section 7 of Article XI. of this constitution, the credit of the State may be ioaned and indebtedness incurred in the State for the purpose of providing funds to be loaned upon the security of farm lands within the State, subject to the limitations herein ontained.

Constitute 1. The Governor, Secretary of State and State Treasury and increded to issue and sell or piedge bonds in the name of the State to be known as Oregonal and the property of State and State Treasury and included in the property of the State to be known as Oregonal and the property of the State of the property of the State of State of the State of State of State of the State of State

SECTION 11. The money arising from the sale of each issue of bonds shall be deposited in the State Treasury, to the credit of a special fund to be designated as district interest fund, and ten days prior the the interest due date of each of said districts shall be delivered by the State Treasurer to the treasurer of such districts and be used by the treasurer of said district in the payment of interest in accordance with the stipulation of outstanding bonds of said district, interest on which is to be paid by the State under the provisions hereof.

TAXATION OF MUNICIPAL BONDS.—No legislation has been enacted, we were advised Dec. 12 1911, by the Board of State Tax Commissioners, exempting from taxation bonds or other obligations of the State or its counties and municipalities.

SAVINGS BANK INVESTMENTS.—Investments by any savings bank maintaining a savings department are regulated by subdivision d of Section 44 of the Oregon laws, relating to banking, revision of 1917 and which reads as follows:

and which reads as follows:

SECTION 44.—(d) The savings deposits of any bank maintaining a savings department may be invested in the following classes of securities and not otherwise; provided, that the reserve required in Section 4579 of this Act shall be maintained:

First. In interest-bearing bonds, notes or obligations of the United States of America, or of those of which the faith of the United States is

pledged for the payment of the principal and interest, or in bonds acceptable to the United States Government to secure postal savings deposits. Second. DEBT LIMITATION.—An amendment to Section 3, Article IX of the constitution was adopted by the voters at the general election on Nov. 7 1916 changing the limit of State debt from \$300,000 to 1% of assessed valuation of property in the State. V. 103, p. 862. Section 3 now reads as follows:

ARTICLE IX., Section 3. (State Debt Limited.)—The State may contract public debts, but such debts shall never in the aggregate exclusive of interest, exceed one per cont of the assessed valuation of the State, as shown by the reports of the county assessors to the State Comptroller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within twenty years from the passage of such law, and shall especially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes be postponed or diminished, until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, to provide for the public defense.

Section 4. (State Prohibited from Assmuing Debts of Cities, &c., The State shall never assume the debt of any county, town, city or other corporation whatever, unless such debts have been created to repel invasion, suppress insurrections formed for educational or charitable purposes.

ARTICLE XVII., Section 7. (State to Assume Debts of the Territory, and which remain unpaid at the time of the admission of this State into the Union, shall be assumed by and becom

laws; and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, except for procuring supplies of water.

TAXATION OF MUNICIPAL BONDS.—The Department of State advised us under date of Dec. 29 1911 that bonds or other evidences of indebt-edness of State, county or municipalities are not assessed in Nevada.

TAXATION OF MORTGAGES.—See v. 97, p. 540, for an Act passed by the 1913 Legislature making provision for the taxation of mortgages, deeds of trust, &c.

SAVINGS BANK INVESTMENTS—FUNDS—HOW INVESTED.—The regulations governing the investment of funds of savings banks in Nevada are prescribed in Section 6 of the Banking Law of that State, as amended by chapter 69 of the laws of 1919. This section reads as follows: Section 6. Any banking corporation designating its business as that of a savings bank shall have power to carry on a savings bank business aprescribed and limited in this act. Any savings bank way receive deposites, and such deposits shall be repaid to the depositors or their lawful representatives at such time and with such interest and under such regulations, assented to by the depositors, as shall be prescribed by said bank and approved by the state banking board, which regulations shall be printed and conspicuously posted in some place accessible and visible to all persons in the business office of said bank. The funds of any savings bank, except the reserve provided for in this act, shall be invested in bonds of the United States, or of any state of the United States which shall have been lawfully issued; or may be loaned on negotiable paper secured by any of the above-mentioned classes of security; or upon notes or bonds secured by mortgage lien upon unincumbered real estate; provided, that second mortgage loans may be made upon improved farm lands, but no loans shall be made upon such lands or other real estate which, including the aggregate amount of all incumbrances, shall exceed 50% of the cash value thereof; or upon notes secured by collater

Of the State Bank Examiner.

POPULATION OF STATE.—The 1900 figures include persons on Indian reservations not considered in previous aggregates. Of such persons there were 1,594 in 1890 and 6,800 in 1880. The number of Indians alone included in the 1900 and 1910 total were 8,321 and 6,192. respectively. 1920.—7,407 1900.—42,335 | 1880.—62,266 | 1860.—6,857 | 1910.—81,875 | 1890.—45,761 | 1870.—42,491 |

DEBT LIMITATIONS.—A new Constitution went into effect in July 1902. Section 127 of Article 8 fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate. Under a law passed in 1908 (Chapter 70) the right is given to any magisterial district located in counties of this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

Section 184 of Article 13 prohibits the contraction of debts and formal description.

value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years.

Section 184 of Article 13 prohibits the contraction of debts and issue of evidences of indebtedness by the State with certain exceptions and Section 185 of the same article prohibits the lending of credit to, or subscription to stock of, corporations or persons by State, county, city or town; and that the State shall become interested in no work of internal improvement except public roads. Exceptions are made as to counties, cities and towns. All the provisions regulating the incurring of indebtedness follow:

Sec. 127.—Article 8. No city or town shall issue bonds or other interest-bearing obligations for any purpose, or in any manner, to an amount which, including existing indebtedness, shall at any time exceed 18% of the assessed valuation of the real estate in the city or town subject to taxation, as shown by the last preceding assessment for taxes; provided, however, that nothing above contained in this section shall apply to those cities and towns whose charters existing at the adoption of this Constitution authorize a larger percentage of indebtedness than is authorized by this section; and provided further that in determining the limitation of the power of a city or town to incur indebtedness, there shall now be included the following classes of indebtedness, there shall now be included the following classes of indebtedness with the collection of the revenue of such city or town for the then current year, provided that such certificates, bonds or other obligations mature within one year from the date of their issue, and be not past due, and do not exceed the revenue for such year.

(b) Bonds authorized by an ordinance enacted in accordance with Section 103, and approved by the affirmative vote of the majority of the qualified voters of the city or town voting upon the question of th

tution.
Sec. 185. Neither the credit of the State, nor of any county, city, or town, shall be directly or indirectly, under any device or pretence whatsoever, granted to or in aid of any person, association, or corporation; nor shall the State, or any county, city, or town subscribe to or become interested in the stock or obligations of any company, association or corporators.

tion, for the purpose of aiding in the construction or maintenance of its work; nor shall the State become a party to or become interested in any work of internal improvement, except public roads, or engaged in carrying on any such work; nor assume any indebtedness of any county, city, or town, nor lend its credit to the same; but this section shall not prevent a county, city or town from perfecting a subscription to the capital stock of a railroad company authorized by existing charter conditioned upon the affirmative vote of the voters and freeholders of such county, city, or town in favor of such subscription; provided, that such vote be had prior to July 1903.

Sec. 186. All taxes licenses and other recommendations.

a raurosa company authorized by existing charter conditioned upon the affirmative vote of the voters and freeholders of such county, city, or town in favor of such subscription; provided, that such vote be had prior to July 1 1903.

Sec. 186. All taxes, licenses, and other revenue of the State shall be collected by its proper officers and paid into the State treasury. No money shall be paid out of the State treasury except in pursuance of appropriations made by law; and no such appropriation shall be made which is payable more than two years after the end of the session of the General Assembly, at which the law is enacted authorizing the same; and no such appropriation shall be made which is payable more than two years after the end of the session of the General Assembly, at which the law is enacted authorizing the same; and no appropriation shall be made for the payment of any debt or obligation created in the name of the State during the war between the Confederate States and the United States. Nor shall any county, city, or town pay any debt or obligation created by such county, city, or town in aid of said war.

Sec. 187. The General Assembly shall provide and maintain a sinking fund in accordance with the provisions of Section 10 of the Act approved Feb. 20 1892, entitled "an Act to provide for the settlement of the public debt of Virginia not funded under the provisions of an Act entitled an Act to ascertain and declare Virginia's equitable share of the debt created before, and actually existing at the time of the partition of her territory and resources, and to provide for the issuance of bonds covering the same, and the regular and prompt payment of the interest thereon, approved Feb. 14 1882." Every law hereafter enacted by the General Assembly, creating a debt or authorizing a loan, shall provide for the creation and maintenance of a sinking fund for the payment or redemption of the same.

Sec. 188. No other or greater amount of tax or revenue shall, at any time, be levied than may be required for the

state DEBT.—For a detailed report of the Virginia debt as it stood prior to 1892, and for the history of the debt settlement made by and between the Virginia Debt Commission and the Bondholders' Committee, see the "State and City Supplement" of April 1893, pages 151 and 152.

ginia, however, refused to recognize these certificates. After lengthy litigation, the U. S. Supreme Court on June 14 1915 decided that West Virginia should assume liability for a debt of \$12.393,929 50, of which the principal is \$4,215,622.28 and interest \$8,178.307.22. After about three-fourths of the old Virginia bonds had been surrendered. and West Virginia" deferred certificates" been given to represent West Virginia's one-third, under the Acts of 1871 and 1879, these Acts were repealed. The remaining bonds were refunded under other laws. These laws required a certificate to represent one-third the principal of the old bonds brought in for funding, but gave "non-interest-bearing certificates to represent one-third the interest on old bonds. The following shows the amount of each refunding issue, most of which have been surrendered for West Virginia 3½% 20-year gold bonds:

LEGISLATURE meets biennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

BONDED DEBT.—The State's bonded debt on Oct. 1 1920 amounted to \$12.150.000, consisting of one issue of bonds, demoninated "Virginia Debt Bonds," issued in connection with the Virginia-West Virginia Debt Bonds," issued in connection with the Virginia-West Virginia Debt Settlement: \$3/2\$ J.J., \$12,150.000, Jan. 1 1939.

(The State is compelled to retire at least one-twentieth of the total issue each year until the final payment in 1939 is made.)

In the settlement of the Virginia debt, the United States Supreme Court on June 14 1915, after lengthy litigation, decided that West Virginia should assume liability for a debt of \$12.393,929.50, of which the principal was \$4.215.622.28 and interest \$8,178.307.22. See "Chronicle" of June 19 1915, page 2099; and editorial on page 2037 of the same issue. Also see "Chronicle" for October 23 1915, page 1394. The petition of the State of Virginia for execution of judgment against West Virginia was denied by the U. S. Supreme Court in June 1916 on the ground that the West Virginia Legislature had not met in special session since the judgment was entered. The Legislature met in regular session in January 1917 but no provision whatever was made for the payment of the judgment. Shortly after the Legislature had convened mandamus proceedings were begun in the U. S. Supreme Court by the State of Virginia to compel the Legislature to provide for the payment of the judgment. For a summary of the court's ruling see V. 106, p. 2358. The West Virginia Physical Legislature to provide for the payment of the judgment. For a summary of the court's ruling see V. 106, p. 2358. Judge William F. Rhea, Chairman of the Commission. The Richmond Circuit Court on July 21 1920 entered a decree providing for the distribution of the Debt Settlement Fund (V. 111, p. 336); \$624,143.87 in cash and \$12,190.857.03 par value State of West Virginia 3½% 20-year gold bonds were delivered to Brown Brothers & Co., depositary of the Committee, and on Oct. 4 1920 the exchange was begun. The relative value of the certificates, after deducting the 5% commission of the Debt Settlement Committee, was as follows: 1871, .908949824; 1879, .876947728; 1882, .752542281; 1892, .668119063; scrip, .168683662 (V. 111, p. 1390). The amounts in the various State funds and in banks on Sept. 1 1920 aggregated \$2,275,703.47. In addition, the State School Fund had invested \$999,600 and the Workmen's Compensation Fund \$7.808,700. Total of all funds invested and in banks on Sept. 1 1920 was \$11,084,003.47.

HIGHWAY BONDS.—At the general election held Nov. 2 1920 \$50,000.000 bonds were voted for road construction.

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and raliroad property. Under the tax law passed in 1904 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906, returns or ear fer years having been on a much lower basis

STATE DEBT.—Outstanding warrants on May 1 1920 amounted to \$3,485,499.34. The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, \$1,327,000; county bonds, issued Jan. 1 1885, \$381,986; new school bonds, issued March 12 1892, \$606,641. The \$165,000 school bonds are also irredeemable; the interest is paid to the State University and the State normal school for colored persons. The deficit in the sinking fund on Sept. 1 1920 amounted to \$23,044.62.

The Legislature in 1917 passed an Act (Chapter 2, approved April 25) providing that the fiscal court of any county in the State may submit to the voters at a special election to be held for that purpose, the question of voting a tax of not exceeding 20 cents on the \$100 on all property subject by law to local taxation, under Section 157a of the Constitution, for the improvement of roads. Provision is also made for borrowing money in any year in advance of the collection of the tax for that year, not exceeding 80% of the estimated tax, and for the issuance of bonds therefor. The Act in part follows:

Section 1. The fiscal court of any county in the State may submit to the voters at a special election to be held for that purpose, the question of voting a tax of any sum not exceeding 20 cents on the hundred dollars on all property subject by law to local taxation, under Section 157a of the Constitution. For the improvement or construction of the public roads and bridges of the county, either or both, as the fiscal court may direct. The order of the fiscal court calling the election shall specify the amount of the tax as be levide each year and the number of years for which the tax may be imposed, not exceeding 10 years, and shall also provide that no amount of money in excess of the amount that can be raised by the levy in any one year shall be expended in that year. It may also borrow money in average of the collection of the tax for that year, not exceeding 80% of the estimated tax, and issue bonds therefor, the amount of the tax to be estimated, according to the assessment and collection of the preceding year, but any money so borrowed shall be paid out of the money raised from the tax in the year in which the money is borrowed. So that all included the sum of the

STATE DEBT.—Outstanding warrants on May 1 1920 amounted to \$3,485,499.34. The educational bonds are not, strictly speaking, a debt of the State. They are irredeemable; the fund is inviolate, and the 6% semi-annual interest drawn by them is provided for out of the revenue placed to the credit of the sinking fund annually. The amounts are as follows: State bonds, issued Jan. 1 1870, \$1,327,000; county bonds, issued Jan. 1 1885, \$381,986; new school bonds, issued March 12 1892, \$606,641. The \$165,000 school bonds are also irredeemable; the interest is paid to the State University and the State normal school for colored persons. The deficit in the sinking fund on Sept. 1 1920 amounted to \$23,044.62.

CONSOLIDATED SCHOOL DISTRICTS.—The 1920 passed an Act (Chapter 45, Laws 1920) authorizing Consolida. Districts and County Boards of Education to issue bonds, subjections of the voters, for school purposes. The Act reads as foliables.

Sec. 1. That any county board of education may provide funds for purchasing suitable grounds and buildings, or for erecting and repairing suitable buildings, and for other expenses needful in conducting a consolidated school in their county; and to this end they may use such part of the proceeds of said tax as they deem necessary, and it shall be the duty of said board of education, and if, in their opinion, it be necessary, they are hereby authorized and empowered to order an election and submit to the voters of any consolidated school district the question whether or not they shall issue bonds of their respective consolidated school districts, in any amount not exceeding the limit provided by Section 157 and 158 of the present Constitution of this State, for the purpose of providing suitable grounds, school buildings, furniture and apparatus for their respective consolidated district. Provided, that due notice of said election shall be given by the county board of education, by written or printed posters not less than one foot square, signed by the chairman and secretary of the county board of education, the time and place and hours of said election, posted at not less than six public, conspicuous places in the district for ten days previous to the day of the election, and by one insertion thereof in the newspaper, if any, published in said county.

Sec. 2. The board shall appoint two judges, a clerk and a sheriff, to hold such election, who shall be first duly sworn before acting, and shall be housekeepers and taxpayers, resident in the district for which they are appointed, and one of the judges shall ask of each voter: Are you in favor of the issue of bonds by the county board of education for this district, for the purpose of providing suitable grounds, school buildings, furniture and apparatus for this district?" and the clerk shall record the answer, "yes" or "no" as given by the voter. If two-thirds of the voters voting at said election vote in favor of the issue of the bonds, then the county board of

a Constitution says term of office, shall be computed from the 15th of January, but these officials, being elected by the Legislature, are usually allowed to serve a full term from the date of their appointment.

LEGISLATURE meets blennially in odd years on the first Monday in January and sessions are not limited, "but no member shall be paid for more than 75 days of a regular session."

STATE DEBT.—The debt of the State on Dec. 1 1920 was as follows:

| For maturity | H. Domain Impt. Bonds\_ | 4½s | (\$20,000 in 1924, '28 and '31.) | Charitable Inst. Bonds\_ | 4½s | July 1 '21-'30 270,000

The State tax rate (per \$1 000) for 1920 was \$1.475,

\* The Chief Tax Statistician of the State Board of Equalization under date of Nov. 22 1920 advises us that the unusual increase in 1920 is due to the enforcement of the Constitution and statute by the State Board, which was created by the 1919 Legislature. Previously the practice had been to ignore the provision of the law and assess property throughout the State at a portion only of its value.

created by the 1919 Legislature. Previously the practice had been to ignore the provision of the law and assess property throughout the State at a portion only of its value.

DEBT LIMITATION.—State.—Under Section 31, Article 2, State Constitution, 1870, the credit of this State shall not be hereafter loaned or given to or in aid of any person, association, company, corporation or municipality;

Section 33, Article 2. No bonds of the State shall be issued to any rall-road company which at the time of its application for the same shall be in default in paying the interest upon the State bonds previously loaned to it or that shall hereafter and before such application sell or absolutely dispose of any State bonds loaned to it for less than par.

Section 29, Article 2. Counties, Cities and Towns.—The General Assembly shall have power to authorize the several counties and incorporated towns in this State to impose taxes for county and corporation purposes, respectively, in such manner as shall be prescribed by law; and all property shall be taxed according to its value, upon the principles established in regard to State taxation. But the credit of no county, city or town shall be given or loaned to or in aid of any person, company, association or corporation, except upon an election to be first held by the qualified votors of such county, city or town, and the assent of three-fourths (4) of the voters cast at said election. Nor shall any county, city or town become a stockholder with others in any company, association or corporation, except upon an election to be first held by the qualified votors of such holder with others in any company, association or corporation, except upon an election to be first held by the qualified votors of such other with others in any company, association or corporation except upon a like election, and the assent of a like majority.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts an

Census, to issue not exceeding \$250.000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advised us under date of January 24 1912 that "under our constitution, it is not competent for the Legislature to exempt from taxation State, county or municipal bonds, it is provided that they shall not be subject to county or municipal bonds, it is provided that they shall not be subject to county or municipal taxation. In 1903, by Chapter 258 of the Acts of that year, it was attempted to practically exempt from taxation State bonds held by banks in this State. but the Supreme Court in the case of the State National Bank against the City of Memphis, 116 Tennessee 641, held that it was not competent for the Legislature under our constitution to exempt from taxation that class of property."

The State Supreme Court holds unconstitutional that provision of the refunding bond bill passed by the Legislature which exempts the bonds from taxation. This reverses the ruling of the Chencellor, who on March 6 1913 decided that the State had power to exempt from taxation bonds issued by it. V. 96, p. 1038.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that there are "no legal restrictions" as to investments for savings banks.

POPULATION.—The population of Tennessee has been as follows: 1920. 2.337, 459 1880. 1.542,359 1840. 829,210 1800. 195,602 1910. 2.184,789 1870. 1.258,520 1830. 681,904 1790. 35,691 1900. 2.020,616 1860. 1.109,801 1820. 422,771 1890. 2.1767,518 1850. 1.002,717 1810. 261,727 The proportion of the colored population was 26,14% in 1880, 24,57% in 1890, 23,8% in 1900 and 21,7% in 1910. In number, blacks were 245,881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900 and 473,088 in 1910.

MEMPHIS.

Memphis is the county seat of Shelby County. A yellow fever epidemic in 1878 rendered city unable to meet its obligations, and in 1879 city charter was repealed and Taxing District of Shelby County was organized for purpose of securing a compromise with bondholders on such terms as city felt able to make. The courts, however, held that Taxing District was liable for entire debt of city, and a compromise of 50% was then arranged for under Act. of March 1883. These compromise bonds matured July 1 1915. Old debt has been all retired. In 1891, by Act of Legislature, district was again incorp.as city City now governed under commission form provided for in amended city charter passed by 1909 Legislature (V. 89, p. 1297), and which has been declared constitutional. V. 90, p. 387, and V. 91, p. 49. Bonds are free from Local tax.

\*INTEREST at First National Bank of New York; on others in New York at the National Park Bank and at any bank in Raleigh.

The State does not have to raise money for the interest on the 6% bonds for the reason that the lease of the North Carolina RR. provides a fund for the payment of the interest thereon, and the State holds three millions (par value) in the stock of the tread, which if sold would much more than pay the principal. In addition the State holds 12,666 shares of stock in the Atlantic & North Carolina RR. valued at \$1,266,600 also \$645,247.56 (par value) shares of stock in other roads.

ASSESSED VALUATION.—The State's assessed valuation prior to 1903 as made on the basis of about 2-3 of the cash value; in 1903, however, the tempt was to assess at true value.

Chapter 84 of the Public Laws of 1919 provides for a revaluation of all taxable properties and establishes a 100% basis of value. This accounts for the great rise in valuations in 1920. Previously property had been valued at anywhere from 40% to 80% of its value.

taxable properties and establishes a 100% basis of value. This accounts valued at anywhere from 40% to 80% of its value.

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 5, Section 4.—State Indebtedness.—Until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, and be approved by a majority of those who shall vote thereon.

Article 7, Section 7.—Counties, Cities, Towns, &c.—No county, city, cown or other municipal corporation shall contract any debt pledge its faith or loan its credit, nor shall any tax be levied or collected by any officers of the same except for the necessary expenses thereof, unless by a vote of the majority of the qualified voters therein.

Section 13.—No county, city, town or other municipal corporation shall assume to pay, nor shall any tax be levied or collected by any officers of the organization of cities, towns and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent abuses in assessments and in contracting debts by such municipal corporations. (Words in italics added by amendment of 1916, in Compliance with a constitutional amendment adopted in 1916, the Legislature of 1917 passed a general law known as the Municipal Finance of all cities and towns (but not counties, townships, &c.), and supersedes all previous laws on the same subjects. The Act is similar to the Pie

POWER TO ISSUE BONDS AND NOTES.—Power is given to issue bonds for (1) any public improvement or property which the municipality can make or acquire, or for which it may lawfully pay money, except to pay current expenses; and (2) also for funding or refunding any indebtedness outstanding on March 7 1917, or for funding any floating incurred in good faith for necessary expenses prior to March 7 1919. Power is also given to borrow money by notes in anticipation of current revenues, or in anticipation of the sale of bonds that have been authorized.

TERM OF BONDS AND NOTES.—Tax anticipation loans (including renewals thereof) must be paid not later than Oct. 10 in the next succeeding fiscal year after they are made. Temporary loans (including renewals predicated upon bonds must be paid within three years after the ordinance authorizing the bonds took effect. Bonds must mature (a) within the probable life of the improvement or property for which they are issued, to be determined by the governing body, but not to be deemed longer than the maximum period specified in the Act for such an improvement or property (a) period ranging from 5 to 50 years; or (b) in anticipation of the collection of special assessments, within a period ending not more than two years after the last installment of the assessments will be due; or (c) if issued to fund floating debt outstanding on March 7 1917 or March 7 1919, either 10 years or the unexpired life of the improvement or property for which such floating debt was incurred; or (d) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (e) if issued for more than one such purpose, within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose.

SERIAL BONDS.—All bonds must mature in annual installments be-

SERIAL BONDS.—All bonds must mature in annual installments beginning not more than three years after the date of the bonds, and no installment can be more than 2½ times as great in amount as the smallest prior installment.

ginning not more than three years after the date of the bonds, and no installment can be more than 2½ times as great in amount as the smallest prior installment.

SALE OF BONDS.—Bonds must be sold at not less than par, and, unless the sale is to a local sinking fund or is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. Temporary notes may be disposed of privately and at a is count, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited (1) by prohibitions against incurring such debts except for meeting appropriations of revenues of the current fiscal year or appropriations of fibe proceeds of permanent bonds actually authorized or for paying judgements or debts not otherwise provided for; and (2) by a requirement that deficits of one year shall be provided for; and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a debt statement filed by the chief financial officer either (a) that the net bonded debt outstanding floating debt incurred before the Act took effect (March 7 1917) does not exceed 5% of the average assessed valuation for the three years in which taxes were last levied, or (b) that the net bonded debt incurred or authorized since March 7 1917, whether paid or not, does not exceed 1½% of such average assessed valuation; or unless (2) the proposed bond issue is for water, gas, electric light or power purposes, or funding or refunding debt outstanding on March 7 1917. In computing net debt subject to the 5% limit, the following items are to be deuted, viz. (a) unissued bonds for funding or refunding debt outstanding bond and deducted; (c) uncollected special assessments; and (d) outstanding bond-ed debt for self-sustaining utilities, to the extent they are self-susta

PROCEDURE.—Permanent bonds must be authorized by an ordin-ance, which takes effect immediately upon its passage, or after it has been approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the bond issue.

approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the bond issue.

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date 30 days after the first publication of the ordinance. It is further provided that bonds recting that they are issued under the Act shall be incontestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit.

COUNTY BONDS.—Section 3767 et seq. of the Consolidated Statutes authorized all counties to issue bonds for roads and bridges and to levy a sufficient tax to pay such bonds. The bonded debt of counties is limited by a general Act of Aug. 26 1920 to 5% of the assessed valuation.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

SAVINGS BANK INVESTMENTS.—The State of North Carolina does not provide any special regulations whereby the deposits of savings banks doing business in that State shall be invested.

INVESTMENT OF TRUST FUNDS.—Sec. 1792, Statutes of 1908.—Funds Invested by Fiduciaries.—Guardians, trustees and others acting in a fiductary capacity, having surplus funds of their wards and cestui que trustent to loan, may invest in United States bonds, or any securities for which the United States are responsible, or in consolidated bonds of the State of North Carolina, and in settlements by guardians, trustees and others acting in a fiductary capacity, such bonds or other security of the mount of any paid for such bonds of the State of North Carolina, shall be deemed cash to the amount actually p

TOTAL FUNDED DEBT.—The total funded bonded debt on Oct. 1 1920 was \$5.382,306.35. Past-due bonds, long over-due, are also omitted. the total issue of 4½% Redemption Brown Consols under Act of 1892 was \$5.622,745.97, of which \$891,025.97 were retired by the Sinking Fund, exhausting the assets of the fund; but \$4,731.720.4% gold bonds issued under an Act of 1912 were sold April 1 1916, and the remaining outstanding 4½% Redemption Brown Consols redeemed. The assets of the ordinary sinking fund on Oct. 1 1920 amounted to \$114.474.22. On the same date the refunding sinking fund amounted to \$138,173.31.

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to \$37.000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. S. Supreme Court sustained this decision. In 1914 the General Assembly also passed an Act requiring the State Treasurer to remove from the books all wholly invalid 6% Greene Consolidated bonds, amounting to \$224,640.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 85, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by \$14,500.

INTEREST is payable in New York at the Hanover National Bank; in Columbia, South Carolina, at the State Treasury; and in Charleston at the Bank of Charleston, N. B. A.

THE RESERVE					

DEBT LIMITATION.—State.—The State Constitution of 1895 imposseveral checks on the creation of debt by the State, all of which may found in Article X of that instrument. Briefly, they may be stated follows:

found in Article X of that instrument. Briefly, they may be stated as follows:

Section 6 states that the credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation, &c. This section was amended in Nov. 1910 and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or cownship to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to maintain and support prisoners, pay jurors, county officers, and for litigation, quarantine and court expenses, and for ordinary county purposes, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Greenwood, nor to any township in the County of Saluda, through which, in whole or in part the line of railroad of Greenwood & Saluda Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

valuation of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a genera State election.

ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a genera State election. two thirds vote necessary to authorize.

Counties, Cities, &c.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Section 7 of Article VIII and Section 5 of Article X of the State constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund shall be established to redeem bonds at maturity. These sections have been amended from time to time so as to exempt from the 8% limit bonds issued by certain cities for water, sewer and lighting purposes. In 1910, however, an amendment was adopted to Section 5 whereby such bonds were exempted when issued by any municipal corporation.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations. Covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this state shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal itels have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting): Alken, Anderson, Bishopville, Camden, Charleston School District.

An amendment to Section 7, Article VI

TAXATION OF MUNICIPAL BONDS.—A law was passed in 1912 empting all school and municipal bonds from taxation. Previously the ally bonds which were non-taxable were those specifically exempted under the Acts authorizing their issuance. V. 94, p. 645.

DRAINAGE LAW CONSTITUTIONAL.—State Supreme Court on Feb. 28 1916 rendered a decision declaring the drainage law of 1912 constitutional. See "Chronicle" of Mar. 4, 1916, page 906.

TRUST FUNDS.—The General Assembly at its 1919 session passed the following Act permitting trust funds to be invested in farm loan bonds issued by Federal Land Banks:

Be it enacted by the General Assembly of the State of South Carolina, that trust funds, unless it is otherwise provided in the instrumental creating the trust, may be loaned on the security of, or invested in, farm loan bonds issued by Federal Land Banks under and by virtue of the powers conferred upon the same in and by a certain Act of the Congress of the United States known as the Federal Farm Loan Act, approved July 17 1916.

SAVINGS BANK INVESTMENTS.—There are no special regulations in South Carolina regulating the investments of savings institutions.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 \$1,800,000 of this scrip had been issued. V. 80, p. 725. Thirty South Carolina bonds 6% of \$1,000 each, issued in 1869, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampshire, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99, p. 1545. The State debt on Oct. 1 1920 consisted of the following tems:

BONDED DEBT.—The valid bonded debt of the State of Georgia Oct. 1 1920 was \$5.628,000, of which \$5.624,500 was interest bearing and \$3.500 was past-due and non-interest bearing. In addition to the above the State pays the University trustees 7 per cent interest annually on \$90,-202 of Land Scrip Fund not funded.

STATE PROPERTY.—The State owns the Western & Atlantic R. R., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 29 years from December 27 1890 to the Nashville Chattanooga & St. Louis R. R. Company at a rental of \$420,012 per annum. It also holds 186 shares of the Georgia R. R. & Bkg. Co. and 440 shares of the Southern & Atlantic Telegraph Co.

CONSTITUTIONAL AMENDMENT—I IMITING TAX LEVY.—An

Atlantic Telegraph Co.

CONSTITUTIONAL AMENDMENT—LIMITING TAX LEVY.—An amendment to the constitution was adopted Oct. 5, 1904 limiting the State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, &c. See V. 79, p. 746.

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars (amount raised by constitutional amendment in Oct. 1912 from \$200.000 to \$500.000) and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

COUNTIES, CITIES, &c.—The State Constitution of 1877, Article VII Section VII, as amended in 1918, limits the indebtedness to seven per cent of the assessed valuation. The paragraph reads as follows:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not to exceed one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of theq ualified voters thereof voting at an election for that purpose, to be held as may be prescribed by law; but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the ado; tion of this constitution may be authorized by law to increase, at any time, the amount of said debt three per centum upon such assessed valuation; except that the City Council of Augusta, from time to time, as necessary, for the purpose of protection against floods, may incur a bonded indebtedness upon its power-producing canal and municipal water-works, in addition to the debts hereinbefore in this paragraph allowed to be incurred, to an amount in the aggregate not exceeding fifty per centum of the combined value of such properties, the valuation of such properties to be fixed as may be prescribed by law, but said valuation not to exceed a figure five per cent on which shall represent the net revenue per annum produced by the two such properties together at the time of said valuation and such indebtedness not to be incurred except with the assent of two-thirds of the qualified voters of such city, at an election or elections for that purpose to be held as may be now, or may be hereafter, prescribed by law for the incurring of new debts by said the City Co

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civil divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in "State and City Supplement" of May 29 1909.

TAXATION OF MUNICIPAL BONDS.—Under Chapter 5596, Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by residents.

SAVINGS BANK INVESTMENTS.—The provisions regulating investments by savings banks in Florida are contained in Section 2733 of the Banking and Trust Laws, 1915, which are as follows:

Investment of Funds.—The capital and deposits and the income derived therefrom shall be invested only as follows:

1. On the first mortgages of real estate situated in this State to an amount not to exceed 60% of the valuation of such real estate, but not exceeding 75% of the whole amount of deposits shall be so invested; and no loan or mortgage shall be made except upon the report of not less than two members of the board of investment, who shall certify to the value of the premises to be mortgaged, according to their best judgment, and such report shall be filed and preserved with the records of the corporation.

2. In the public funds of the United States, or bonds of any of the United States, or in the bonds or notes of any city, town or county of the United States, or in the bonds or this State with a pledge of any of the last preceding valuation of this State with a pledge of any of the aforesaid securities at no more than the par value thereof.

3. In the first mortgage bonds of any railroad company incorporated under authority of any of the United States, and whose road is located wholly in the same, and which is in possession of and operating its own road, and has earned and paid regular dividends for the two years next preceding such investment. Or in the first mortgage bonds guaranteed by any such railroad company or any railroad company so incorporated whose road is thus located; or in the bonds or notes of any railroad company incorporated under the laws of this State, which is unencumbered by mortgage, and which has paid a dividend of not less than 5% per annum for the two years next preceding such investment; or in the notes of any citizen of this State, with a pledge as collateral of any of the aforesaid securities at no more than 80% of the par value thereof.

4. In the stock of any bank incorporated under the authority of the State, or the stock of any banking association incorporated under the authority of the United States, or in the notes of any citizen of this State with a pledge as collateral of any of the aforesaid securities at no more than 80% of the market value and not exceeding the par value thereof.

Savings banks may deposit sums not exceeding 30% of the amount of their deposits on call in such banks, banking associations or in any trust company incorporated under the laws of this State or of the United States, and may receive interest for the same.

5. In loans upon the personal notes of the depositors of the company, but not exceeding three-fourths of the amount of his deposit or a depositor, and in each such case the deposit and the book of the deposit or shall be held by the company as collateral security for the payment of such loan.

6. If such deposits and income cannot be conveniently invested in the mode hereinbefore prescribed, not exceeding one-third part thereof may be invested in bonds or other personal security, payable at a time not exceeding one year, with at least two sureties, if the principal and sureties are

of investment.

a This is the date when the Mississippi Constitutional Convention completed its labors, the Act-establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and State Government for that part of the Mississippi Territory ying west of the territory herein described."

LEGISLATURE.—Under the new Constitution the Legislature meets quadriennially on the second Tuesday in January or on such other day as may be prescribed by law. Session limited to 50 working days. The last regular session was held in 1919.

regular session was held in 1919.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1834, page 168. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was \$185,400. By another Act also approved Feb. 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series 'A," "B" and "C") with new securities.

PAR VALUE OF BONDS.—The funding 4s are for \$500 and \$1,000 each; e bonds of 1906. \$1.000 each.

INTEREST.—Interest is payable at the National Park Bank, New York City and in Montgomery.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qualifired voters of the county, city, town, village of other political sub-division desiring to issue such securities. There are exceptions to this, however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3½ per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the Constitution in excess of 3½ per cent, either created or authorized by existing laws to be created. Such counties already indebted in excess of 3½ per cent are permitted to incur an additional debt of 1½ per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

CITIES, TOWNS, &c., having a population of less than 6.000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works, gas or electric-light plants or sewerage. This limitation does not affect any debt now authorized by law to be created or any temporary loans to be paid within one year made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

BIRMINGHAM.
Birmingham is in Jefferson County.
Incorp. 1871. The new State constitution, which went into effect Nov.28
1901, provides that this city may levy
and collect a tax not to exceed 1% of 1% in addition to the tax of 1% of 1%
(as provided in the 1889 amendment
to the old constitution), to be applied
exclusively to the payment of interest on bonds of this city issued prior
to Nov. 28 1901 (or which at that
time were authorized to be issued),
and for a sinking fund to pay off
said bonds at maturity.

MUNICIPAL BORROWING POWERS.—Chapter 147, Laws of 1914, approved March 12 1914, fixes the limit upon the debt which may be incurred by municipalities for the construction or purchase of public utilities, and for public improvement, purchase of land for municipal buildings, and for public improvement, purchase of land for municipal buildings, and for parks, cemeteries and the protection of the municipal buildings, and for parks, cemeteries and the protection of the municipality from overflows, the control of streams, establishment of harbors, landing docks, wharves and the construction of certain municipal buildings and liquidation of debts of municipalities. Sections covering this subject are as follows:

Section 2. The amount of the bonds to be issued, including all outstanding bonds, shall not exceed in amount 7% of the assessed value of the taxable property of the municipality, unless in an election held for that purpose a two-thirds majority of the qualified electors voting shall have voted for the issuance of the bonds, but in no case shall the amount exceed 10% of the assessed value.

Section 3. The amount that may be issued by cities having 10,000 or more inhabitants for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water-works, gas, electric plants, and for the improvement, repair and extension thereof, may exceed 10%, but in no case to exceed 15% of the assessed value which shall be submitted to an election as above.

Section 4. The limit on the amount of bonds that may be issued shall not apply to bonds or other obligations issued the liquidation, or to raise funds to liquidate any indebtedness when this Act becomes operative, or to bonds the proceeds of which have been invested in enterprises produced or having sufficient revenue over and above their operating expenses to pay the interest on these bonds.

Section 5. The municipalities operating under the commission government laws are authorized to issue bonds for the foregoing purposes by a majority vo

INITIATIVE AND REFERENDUM UPHELD.—The State Supreme Court has declared that the initiative and referendum amendment to the State constitution adopted by the voters in 1914, together with eight other amendments, was properly phrased, properly submitted and ultimately adopted by the voters of the State.—V. 104, p. 1824

ACT PASSED VALIDATING ALL MUNICIPAL BONDS, & REGARDLESS OF DEFECTS.—Chapter 151, Laws of 1916, appromarch 23 1916, validates all municipal bonds, notes, certificates of index ness and other obligations regardless of defects or informalities in tessuance, V. 103, p. 862.

BOND ISSUES FOR PERMANENT ROADS.—The 1916 Legislature passed an Act providing for the issuance of serial coupon bonds for permanent roads in an amount which will not exceed 20% of the assessed value of taxable property of said district, based on the assessment roll of the then current year. V. 103, p. 862.

TAXATION OF MUNICIPAL AND DRAINAGE BONDS.—All bonds issued by this State are non-taxable under the law authorizing their issueance. Municipal bonds are taxable.

ance. Municipal bonds are taxable.

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—
During the 1908 session of the Legislature an Act was passed (Chapter 141, laws of 1908), and approved Feb. 20 1908, providing that "in addition to the property already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." V. 87, p. 1254.

SAVINGS BANK INVESTMENTS.—The Banking Department under date of Sept. 26 1917 informed us that "Mississippi has no law regulating the way in which savings institutions are permitted to invest their funds. Savings banks can invest their funds in the same manner as any other State bank, no separate law governing them."

approved on Nov. 7 1916, see v. 103, p. 2171.

TAXATION OF MUNICIPAL BONNOS.—There is no law, the Department of State advised us Jan. 2 1912, covering the taxation of notes or bonds of the State and its municipalities; hence they are considered non-taxable. The courts have decided that the State as a sovereign has no right to tax its own bonds.

right to tax its own bonds.

MUNICIPAL BONDS AS SECURITY FOR POSTAL SAVINGS BANKS.—Regulations eliminating special assessment bonds as security for deposits held not to apply to bonds supported by a general tax limited in amount. See item under Shreveport, La., in V. 98, p. 1179.

FIXING THE SITUS FOR TAXATION OF MORTGAGES AT THE DOMICILE OF HOLDER.—The Legislature passed an Act in 1908 which was approved July 3 1908, whereby it is sought to prevent double taxation by making mortgage paper and other evidence of indebtedness taxable only at the situs of the owner and holder thereof. V. 87, p. 1110.

REAL ESTATE MORTGAGES, ETC.—An amendment adopted in Nov. 1908 provides for the exemption from taxation, under prescribed conditions, of loans made upon mortgages of real estate and the notes evidencing such loans and loans made by life insurance companies. V. 87, p. 1434.

SUPREME COURT DECIDES DRAINAGE BOND CASES.—The Louisiana Supreme Court on Feb. 26 1912 and April 22 1912 rendered decisions which are considered of great benefit to drainage and reclamation projects in this State. V. 94, p. 644, 1200 and 1519.

SAVINGS BANK INVESTMENTS.—Savings banks are empowered to invest in United States bonds and bonds of the State of Louisiana and of the various levee districts, school districts and drainage districts of Louisiana as shall not have defaulted in the payment of interest on their bonds for five years preceding the investment.

LEGAL INVESTMENTS FOR SAVINGS BANKS.—On Oct 22 1913 the Attorney-General of New York State rendered an opinion holding that bonds of the State of Louisiana are legal investments for New York State savings banks. See item under New York State in V. 97, p. 1227 and 1444; also item under Louisiana in V. 97, p. 1367.

Total bd.dt.\$36,825,980 \$36,563,660

In addition to the figures of total debt given above, there are outstanding \$800,000 5% public belt railroad bonds. These bonds are not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer. Neither do the figures of bonded debt include the amount of accrued interest on premium bonds, which on June 30 1920 was \$2.366,235 and June 30 1919, \$2.738,956.

On June 30 1919 the city had outstanding \$4,745,951.86 "Public Improvement Certificates." These certificates are issued by authority of Act No. 56 of 1908 and bear interest at the rate of 5%. The City Council was limited to the issue of not exceeding \$400,000 of these certificates payable out of the revenues of any one year. They were issued for various public improvements.

PREMIUM BONDS.—The premium bonds (\$20 each) receive no interest till drawn by lot for payment, and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2.352 prizes, aggregating \$100,000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value \$420,000) bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds each, on Jan. 15 and July 15; since 1895 bonds annually. There are two drawings to determine the bonds payable Jan. 15 take place July 31 and Oct. 15.

The drawings to determine which bonds shall receive prizes (ranging from \$20 to \$5,000) occur just before the bonds are pald. Drawn premium bonds are receivable by the olty for all dues, licenses, taxes and debts of any description at their face value and interest.

At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds the 5% premium bonds of Sept. 1 1875. This action was taken in reply to a letter received from Benjamin Ory, who holds five of the bonds, which are for \$20 cach. See V. 94, D. 223.

to provide for and secure the payment of the present existing indebtedness, and the State shall never issue any interest-bearing Treasury warrants or scrip.

Sec. 2. The General Assembly shall from time to time provide for the payment of all just and legal debts of the State.

Sec. 9. No county shall levy a tax to exceed ½ of 1% for all purposes, but may levy an additional ½ of 1% to pay indebtedness existing at the time of the ratification of this Constitution.

Section 27. Nothing in this Constitution shall be so construed as to prohibit the General Assembly from authorizing assessments on real property for local improvements in towns and cities under such regulations as may be prescribed by law, to be based upon the consent of a majority in value of the property holders owning property adjoining the locality to be affected; but such assessments shall be ad valorem and uniform (21).

(At the general election Sept. 14 1914 a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebtedness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast for State officers, and therefore falled of adoption. V. 100, p. 1185.)

(An amendment to the Constitution providing that the credit of the State might be loaned to an amount not exceeding 2% of the assessed valuation of property in the State upon the security of farm lands within the State, was defeated at the November 1918 election.)

The State Supreme Court upheld the road-building law passed by the Legislature in 1915. See "Chronicle" of May 6 1916, page 1733.

TAXATION OF MUNICIPAL BONDS.—Bonds or other interest-bearing evidences of indebtedness issued by the State, or political subdivisions thereof, are subject to taxation as personal property, but only when owned or held by residents of the State.

SAVINGS BANK INVESTMENTS.—The State Bank Commissioner informed us under date of Sept. 24 1917 that there is no law in Arkansas regulating the way in which savings institutions are permitted to invest their funds.

POPULATION -The	population has been as	follows:

Section 50 of the same Article prohibits the Legislature from giving or lending, or authorizing the giving or lending, or authorizing the giving or lending, or authorizing the giving or lending of the credit of the State in all of, or to any person, association or corporation, whether municipal or other; or to piedge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective of any individual, association of individuals, municipal or other corporation.

Counties, Cities, Towns, &c.—Section 52 of Article 3 of the State Constitution states that the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of, or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association, or company; provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State, and which may or may not include towns, villages or municipal corporations, upon a vote of a two-thirds (2-3) majority of the resident property taxpayers voting thereon, in addition to all other debte, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth (¼) of the assessed valuation of the real property of such districts or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize and in such manner as it may authorize the same for the following purposes: improvement of rivers, creeks and streams to prevent overflows and to permit of navigation and turnplikes

sinking fund. \*As amended Nov. 2 1920.

School Districts.—Section 3 of Article VII of the constitution authorizes the Legislature to provide for the formation of school districts by general or special law and the same section provides that, with the approval of a majority of the qualified tax-paying voters, such districts may levy a tax of not to exceed (as amended Nov. 2 1920) \$1.00 on the \$100 valuation, this limitation, however, not to apply to incorporated cities or towns constituting separate and independent school districts.

Seawall Building Bonds.—A joint resolution, amending Article XVI of the Constitution of Texas, authorizing the city and county of Galveston to issue \$5,000,000 seawall bonds, passed by the 1919 Legislature, was approved by the voters at the November 1919 election.

was approved by the voters at the November 1919 election.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (\*) in the returns below the issues put out prior to the enactment of the above law.

A law went into effect Aug. 28 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds [all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city"; also excepting bond issues for less than \$2,000, when "issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued" to a vote of the qualified ax-payers before the issue can be submitted to the Attorney-General's Department in May 1913 rendered opinions holding (1) that no town of less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts, drainage and levee districts, see V. 87, p. 112, 1254, 1557; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788 V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; V. 97, p. 310 V. 103, p. 863, and V. 103, p. 2445.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the cerning the law regulating the investment of funds of savings institutions in Texas

"\* \* While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established what is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and unmingled with the commercial business of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than \$5% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.

3. In bonds or the State of Texas, or of any State of the Union that has not within the last five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof, which has not defaulted in the payment of any part of either principal or interest thereof.

#### AVAILABILITY OF MUNICIPAL BONDS AS SECURITY FOR DEPOSITS OF POSTAL SAVINGS FUNDS.

In recent years municipal bonds have gained important advantages through their exemption from the Federal income tax and through the further fact that they are eligible within certain limits and under certain regulations and restrictions as security for deposits of Postal Savings Funds. The Postal Savings system was established by Act approved June 25 1910, but the growth of the system has been greatly stimulated by amendments made by an Act of Congress approved May 18 1916, and by another amendment made by Act of July 2 1918. Under these amendments certain limitations in the original law upon the aggregate of the deposits of individuals have been greatly curtailed and the law liberalized. By the first amendment, the provision in the original law that the balance to the credit of any one person should not be allowed to exceed five hundred dollars, exclusive of accumulated interest, and the further provision that "no one shall be permitted to deposit more than \$100 in any one calendar month" were both eliminated, the only limitation imposed being that "the balance to the credit of any person, upon which interest is payable, shall not exceed \$1,000 exclusive of accumulated interest"; a succeeding section provided "that the Board of Trustees may, in their discretion, and under such regulations as such Board may promulgate, accept additional deposits not to exceed in the aggregate \$1,000 for each depositor, but upon which no interest shall be paid." The amendment of 1918 which is contained in the Postal Service Appropriation Act for 1919, approved July 2 1918, went considerably farther in extending the aggregate of money an individual may keep on deposit. It provides that the amount to the credit of any one person in a postal savings depository, exclusive of accumulated interest, shall not exceed \$2,500, and that non-interestpaying deposits shall not be accepted. And this is the law as it now stands.

Under the Postal Savings Law the funds received at Postal Savings depository offices in each city, town, village or other locality, must be deposited in solvent banks located therein, provided these banks qualify to receive the deposits. One of the qualifications is the pledging by the banks against the deposits of "such security in public bonds or other securities authorized by Act of Congress or supported by the taxing power as the Board may prescribe, approve and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand." In accordance with this requirement the Board of Trustees, consisting of the Postmaster-General, the Secretary of the Treasury and the Attorney-General, has prescribed the terms and conditions and the figures at which different classes of municipal obligations, meeting the requirements of the law, will be accepted. These regulations are general in character and were promulgated Aug. 16 1916, the rules being subdivided in 28 sections, of which Sections 8 to 12, inclusive, appertain to the securities to be pledged for the deposits. Section 8 of these regulations was amended in 1917 by the Board of Trustees so as to include Federal Farm Loan bonds and again in 1919 so as to include War Finance Corporation bonds. Some other but minor amendments were also approved by the Board of Trustees during 1917. These are all incorporated in the transcript of the rules given below.

As far as prices are concerned, State bonds and also bonds of the Territory of Hawaii are accepted at their market value, but not above par; bonds of any city or county having a population of over 30,000 are accepted at 90% of their market value, but if such market value is above par they will be accepted at only 90% of the par value; bonds of any city, town, borough or village in the United States having a population running between 20,000 and 30,000 are accepted at 80% of their market value, provided said market value is not in excess of par; while bonds of any other city, town, county or other legally constituted municipality or district in the United States, otherwise eligible, are accepted at  $75\,\%$ of their market value, but not to exceed 75% of the par value. The eligibility of the securities is fixed by Sections 9 to 12 of the regulations. We now give Sections 8 to 12 of the Board's regulations in full with all amendments included:

#### SECURITY FOR DEPOSITS.

Sec. 8. The Board of Trustees hereby prescribes and approves such security in public bonds or other securities, authorized by Act of Congress or supported by the taxing power, as it deems sufficient and necessary to insure the safety and prompt payment on demand of postal savings deposits, and fixes the value at which the securities so prescribed and ap proved shall be accepted for the purposes named. Such securities, in the amount so specified, shall be deposited with the Treasurer of the Board of Trustees.

2. The Board of Trustees will accept as security for postal savings 2. The Board of Trustees will accept a security for postable and deposits, at the respective values herein fixed, negotiable interest-bearing bonds or securities, issued under express constitutional or statutory provisions, of the following classes, viz.:

visions, of the following classes, viz.:

(a) Bonds and interest-bearing certificates of indebtedness of the United States, bonds of the Philippine Islands, of the District of Columbia, and of Porto Rico, and Farm Loan bonds authorized by Act of Congress approved July 17 1916 (39 Stat. 360), and War. Finance Corporation Bonds authorized bt Act of Congress approved April 5, 1918, as amended by the Act approved March 3, 1919, will be accepted at their par value.

(b) Bonds of any State of the United States and of the Territory of Hawaii will be accepted at their market value, but if such market value is above par, they will be accepted at their par value.

(c) Bonds of any city or county in the United States having a population of over 30,000, as shown by the latest reports of the Bureau of the Census, and bonds of any school district in the United States in which the Census, and bonds of any school district in the United States in which the whole or the major portion of any such city is included, which city, county, or school district has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose net funded indebtedness does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 90% of their market value, but if such market value is above par, they will be accepted at 90% of their par value.

(d) Bonds of any city, town, borough, or village in the United States.

ket value, but if such market value is above par, they will be accepted at 90% of their par value.

(d) Bonds of any city, town, borough, or village in the United States, having a population of over 20,000 and not exceeding 30,000, as shown by the latest reports of the Bureau of the Census, and bonds of any school district in the United States in which the whole or the major portion of any such municipality is included, which city, town, borough, village, or school district has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose net funded indebtedness does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 80% of their par value.

(e) Bonds of any other city, town, county, or other legally constituted municipality or district in the United States, which has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose net funded indebtedness does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 75% of their market value, but if such market value is above par, they will be accepted at 75% of their par value.

3. The term "net funded indebtedness." for the purposes of paragraph?, (c), (d), and (e), is hereby defined to be the difference between the legal gross indebtedness of a city, town, county, or other legally constituted municipality or district (including the amount of the bonds of any civil division whose territorial limits are approximately coterminous therewith) and the aggregate of the following items, when included in such legal gross indebtedness:

(a) Th

(a) The total of all sinking funds accumulated for the redemption of such gross indebtedness, except sinking funds applicable to bonds hereafter described in this section.

after described in this section.

(b) The amount of outstanding bonds or other debt obligations made payable from current revenues.

(c) The amount of outstanding bonds issued for the purpose of providing the inhabitants of a municipality with public utilities: Provided, That evidence is submitted showing that the income from such utilities has proved to be sufficient for maintenance, for payment of interest on such bonds, and for the accumulation of a sinking fund for their redemption.

(d) The amount of outstanding improvement bonds, issued under laws which provide for the levying of special assessments against abutting property: Provided, That evidence is submitted showing that assessments are levied in sufficient amounts to insure the payment of interest on the bonds and the redemption thereof.

are levied in sufficient amounts to insure the payment of interest on the bonds and the redemption thereof.

(e) The amount of outstanding bonds issued by a political subdivision, funds for the payment of which are donated by the State: Provided, That evidence is submitted showing that such funds are sufficient in amount to insure the payment of interest on the bonds and the principal thereof at

4. The Board of Trustees reserves the right to re-classify the securities acceptable for deposits and to change the valuation at which they will be accepted. Under no circumstances will securities of other classes than

accepted. Under no circumstances will securities of other classes than those above named be accepted.

Sec. 9. Bonds of the several classes described in Section 8, Paragraph 2, (b), (c), (d), and (e), to be acceptable as security, shall be the general obligations of the States. Territories, counties, cities, towns, or other political divisions by or in behalf of which they are issued, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes authorized to be levied upon all the taxable real and personal property within the territorial limits of such political divisions Provided, That in any case where the rate of tax may be subject to a constitutional or statutory limit, the Solicitor for the Post Office Department may require satisfactory evidence that, notwithstanding such limit, the interest and principal of the bonds can be paid after making due provision for current expenses, interest and principal of outstanding debts, and other necessary charges.

Sec. 10. Obligations of the general class embracing what are commonly known as "revenue bonds," "temporary bonds," "temporary notes," "certificates of indebtedness," "warrants," and the like obligations, whether issued in anticipation of the collection of taxes, assessments, or other revenues, or of the sale of bonds or other obligations, or for similar purposes, will not be accepted as security for postal savings deposits: Provided, That, in applying this regulation, consideration will be given to the legal status of the obligations such obligations: And provided further, That this regulation shall not apply to obligations of the United States Government.

Sec. 12. The Treasurer of the Board of Trustees shall make examinations semi-annually, or oftener if he deems it necessary, of the securities which have been accepted from qualified banks, and whenever, in his judgment, any of such securities have so far depreciated in value as to make desirable the deposit of additional or new securities, he shall inform the Third Assistant Postmaster-General of the name of the bank, the kind and amount of the securities, and the amount of the depreciation. The Third Assistant Postmaster-General will notify the Treasurer and the bank of the amount of additional or new securities which the bank shall deposit and upon their receipt by the Treasurer, the procedure provided in Section as to their acceptance or rejection, and in Section 22, as to the return of the original securities, if new securities are required, shall be followed: Provided That the revaluation of securities required by this section may be deferred when in the judgment of the Board of Trustees such action is advisable.

Note.—On Oct. 19 1917 the Board of Trustees of the Postal Savings System, by resoluation, deferred the revaluation of securities required by Section 12 until further action by the Board, except in special instances, when revaluation is deemed expedient.
