Proposal for New Constitution Defeated.—On Nov. 4 1924 the proposal for a constitutional convention for the purpose of writing a new Constitution submitted was defeated by the voters (see V. 119, p. 2671). This proposal was referred to the voters by authority of Chapter 119, Laws of 1923. In a test suit the validity of the Act had been upheld by the State Supreme Court on Oct. 11 1924 (see V. 119, p. 1866).

§ Includes \$265,000,000 Railroad and Public Utility assessed valuations.

§ The unusual increase in 1920 was due to the enforcement of the Constitution and statute by the State Board, which was created by the 1919 Legislature. Previously the practice had been to ignore the provision of the law and assess property throughout the State at a portion only of its value.

a The State Tax Comm'r under date of Nov. 21, 1921 advises us that "there has been a very material decline in values during the last year in this State, due partly to the natural return to a normal base of values, and partly to a distinct demoralization of the markets on farm products; hence the reduction in the assessment in 1921, especially so far as real estate is concerned, represents a very conservative value of the property."

The State tax rate (per \$1,000) for 1922 was \$3.50 and for 1923 \$3.00.

CLITIES, TAXING DISTRICTS AND TOWNS AUTHOPLIZED TO

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130.000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue not exceeding \$250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advises us under date of Nov. 22 1921 that the Legislature in 1919 passed an Act (Chap. 114, Pub. Acts 1919) exempting bonds thereafter issued by the State from taxation by the State, county or municipality. This Act was assalled as being in conflict with the decision of the State Supreme Court in the case of Keith vs. the Funding Board in 127 Tenn., 441, "that the Legislature could not constitutionally exempt State bonds from taxation." The title of the action was Foster vs. Roberts, and it is reported in 142 Tenn., page 350. The Court held that the credit of the State was an instrumentality of government, and that it could exempt that instrumentality of government from taxation. Recently, in the case of Greenwood vs. Rickman, the Supreme Court sustained the numerous opinions of the Attorney-General to the effect that the principles in the case of Foster vs. Roberts would also apply to county, city and district bonds. The Supreme Court held that the bonds of a county, city or district, when exempt by statute, were valid, and that the Legislature had the constitutional right to so exempt the same.

Bonds of towns, cities and counties in Tennessee are specifically exempted from taxation by Chapters 6 and 8, Laws of 1920.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that there are "no legal restrictions" as to investments for savings banks.

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the Issuance of (1) consol. 4%, bonds due in 1910 (now replaced by refund, bonds due in 1950) to fund old ante-war bonds at 40% of ace value. "new" railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (2) for new consol. 6% bonds (which fell due in 1919), for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 was given in full in V. 98, p. 1676. In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904. North Carolina on April 1 1905 paid to the State of South Dakota \$27,400, representing the Judgment obtained by the latter State on \$10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the pro visions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment

ASSESSED VALUATION.—Chapter 84 of the Public Laws of 1919 provides for a revaluation of all taxable properties and establishes a 100% basis of value. This accounts for the great rise in valuations in 1920. Previously property had been valued at anywhere from 25% to 80% of its value. In the following table we give valuations for the years 1913 to 1921 incl.

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 5, Section 4.—State Indebtedness.—Until the bonds of the State shall be at par, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

(A proposal to amend Section 4 of Article V so as to strike out the provision that no new bonds may be issued until the bonds of the State are at par, and substitute a provision for limiting the net bonded indebtedness of the State to 74% of the assessed valuation of taxable property, was passed in the 1923 session of the Legislature and was adopted by the voters at the November 1924 election.

Article 5, Section 6.—Taxes Levied for Counties.—The total of the State and county tax on property shall not exceed fifteen cents on the one hundred dollars value of property. every when the county property tax is levied for a special purpose and with the special approval of the General Assembly, which may be done by special or general Act: Provided, this limitation shall not apply to taxes levied for the maintenance of the public schools of the fath or loan its credit, nor shall any tax be levied or collected

cenditures, contracts and all temporary loans, as well as long-term bonds. The act contains the following provisions in regard to loans:

POWER TO ISSUE BONDS AND NOTES.—Power is given to issue bonds for (1) any purpose for which the municipality may raise or appropriate money, except for current expenses; and (2) also for funding any or refunding any indebtedness incurred before Dec. 5 1921, except serial bonds maturing as provided in the Municipal Finance Act. Power is also given to borrow money by notes in anticipation of current revenues, or in anticipation of the sale of bonds that have been authorized.

TERM OF BONDS AND NOTES.—Tax anticipation loans (including renewals thereof) must be paid not later than Oct. 10 in the next succeeding fiscal year after they are made. Temporary loans (including renewals) predicated upon bonds must be paid within three years after the ordinance authorizing the bonds took effect. Bonds must mature (a) within the probable life of the improvement or property for which they are issued, to be determined by the governing body, but not to be deemed longer than the maximum period specified in the Act for such an improvement or property (a) period ranging from 5 to 50 years; or (b) if issued to fund floating debt incurred before Dec. 5 1921, either 15 years or the unexpired life of the improvement or property for which such floating debt was incurred; or (c) if issued to refund bonds outstanding on March 7 1917, 30. 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued for more than one such purpose, within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose.

SERIAL BONDS.—All bonds must mature in annual installments befanning mathematical parts and no incomplete than three years after the date of tee belonds.

consideration the amount of bonds for each purpose.

SERIAL BONDS.—All bonds must mature in annual installments beginning not more than three years after the date of the bonds, and no installment can be more than 2½ times as great in amount as the smallest prior installment.

SALE OF BONDS.—Bonds must be sold at not less than par, and, unless the sale is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. Temporary notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited.

notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited (1) by prohibitions against incurring any new debt unless an amount sufficient to pay it has been previously appropriated for the purpose for which the debt is to be incurred, and the appropriation is to be met by means of funds on hand, revenues of the current year, or bonds authorized but unissued, and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a sworn debt statement filed before the passage of the ordinance that the net bonded debt outstanding outhorized or about to be authorized, plus any outstanding floating debt incurred before Dec. 6 1921, does not exceed 8% of the assessed valuation of property as last fixed for municipal taxation, or unless (2) the proposed bond issue is for water, gas, electric light or power purposes, or funding or refunding debt outstanding. In computing net debt subject to the 8% limit, the following items are to be deducted, viz.: (a) unissued bonds for funding or refunding debt outstanding (b) sinking funds or other funds held for the payment of bonds not deducted; (c) uncollected special assessments levied or to be levied, and (d) bonds in cludedin the gross debt and incurred for water, gas, electric light or power purposes.

PROCEDURE.—Permanent bonds must be authorized by an ordinance, which takes effect immediately upon its passage, or after it has been approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date 30 days after the first publication of the ordinance. It is further provided that bonds reciting that they are issued under the Act shall be incontestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit.

COUNTY BONDS.—County bonds are usually issued under special laws, but there are several general laws authorizing counties to issue bonds for particular purposes such as roads and bridges (Consolidated Statutes, Sections 3767 et seq.) and court houses and jails (Public Laws 1923, Chapter 143). The bonded debt of counties is limited by a general Act of Aug. 26 1920 to 5% of the assessed valuation. (Public Laws 1920, Chapter 3, Section 6).

1920 to 5% of the assessed valuation. (Public Laws 1920, Chapter 3, Section 6).

REGISTRATION OF BONDS.—Chapter 123 of the Public Laws of 1923 requires bonds of all political subdivisions to be registered in the State Auditor's office before they are issued.

SCHOOL BONDS.—The public school laws were amended and codified by Chapter 136, Laws of 1923. Section 264 of that Act provides that no bonds snall be issued by any district which, including existing indebtedness, shall exceed 5% of the assessed valuation of taxable property. The law continues, "and no school indebtedness of any kind or nature shall be created or assumed by a county under this Act, including all school indebtedness of such county and the aggregate amount of all school indebtedness of the districts within such county, in excess of five per cent (5%) of the assessed valuation of taxable property within such county. In computing the amount of indebtedness under the district or the county limitations nereinabove fixed, school indebtedness of cities and towns lying within a school district indebtedness; but there shall not be included any indebtedness of a district, city, town or county payable from current revenues, and school bonds issued under the provisions of this Act shall not be subject to any debt limitations by any other Act."

No school bonds may be sold at less than par.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorising the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

cannot do so.

SAVINGS BANK INVESTMENTS.—The State of North Carolina does not provide any special regulations whereby the deposits of savings banks doing business in that State shall be invested.

INVESTMENT OF TRUST FUNDS.—Sec. 1792, Statutes of 1908.—Funds Invested by Fiduciaries.—Guardians, trustees and others acting in a fiduciary capacity, having surplus funds of their wards and cestui que trustent to loan, may invest in United States bonds, or any securities for which the United States are responsible, or in consolidated bonds of the State of North Carolina, and in settlements by guardians, trustees and others acting in a fiduciary capacity, such bonds or other security of the United States, and such bonds of the State of North Carolina, shall be deemed cash to the amount actually paid for the same, including the premium, if any, paid for such bonds or other securities, and may be paid as such by the transfer thereof to the persons entitled.

HISTORY OF DEBT.—For history of South Carolina's debt from 1794 to 1893, see the "State and City" Supplement of April, 1893, pages 163 and 164. On Dec. 19 1904 the Supreme Court of the United States affirmed the decision of the United States (Circuit Court in the case of Lee against Robinson, and declared the revenue bond scrip of this State to be void. Under the Act of March 2 1872 \$1,800,000 of this Scrip had been issued. V. 80, p. 725. Thirty South Carolina bonds 6% of \$1,000 each, issued in 1869, presented for payment Nov. 12 1914 by an attorney representing the State of New Hampshire, were rejected as void by the Comptroller-General, on the ground that they were among those repudiated by the General Assembly in 1873 as "put upon the market without any authority in law." V. 99, p. 1545. The valid State debt at present consists of the following items.

DEBT LIMITATION.—State.—The State Constitution of 1895 imposed several checks on the creation of debt by the State. all of which may be found in Article X of that instrument. Briefly, they may be described as follows:
Section 6 prohibits the lending or pledging of the State's credit for the benefit of any individual, company, association or corporation. &c., and recites the provisions under which the Legislature may authorize counties and townships to issue bonds and levy taxes. This section was amended in November 1910 so as to allow townships in Greenwood and Saluda Counties to issue bonds in aid of the Greenwood & Saluda RR., but not to exceed 8% of the assessed valuation of property, and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not be pledged or loaned for the State shall not become a joint owner of or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Saluda, through which, in whole or in part the line of railroad of Greenwood & Saluda Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda such said townships in Greenwood County and Saluda County and the County of Saluda Saluda Being hereby expressly authorized to vote bonds in aid of the constitution of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of

shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund shall be established to redeem bonds at maturity. These sections have been amended from time to time so as to exempt from the 8% limit bonds issued by certain cities for water, sewer and lighting purposes. The exemption was made general in 1910 by the adoption of an amendment to Section 5 whereby such bonds are exempted when issued by carried or proration.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property the following municipalities, through amendments either to Section 7 of Article VII or to Section 5 of Article X, or both, have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting): Alken, Anderson, Bennettsville, Bishopville, Camden, Charleston School District, Cheraw, Chester, Clinton, Darlington, Edgefield, Florence, Kershaw County School District, No. 10, Florence City School District, No. 5 of Laurens County School District, No. 11 and Hunter School District, No. 5 of Laurens County, each of which is empowered to issue bonds up to 12% of its assessed valuation.
