BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. 1 1911 on \$600,000 bonds sold in July 1910, on the ground that should the bond holders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same the total of \$600,000 bonds, \$336,000 were redeemed between Jan. 1 and Jan. 15 1912, while the remaining \$264,000 were exchanged for new bonds.

STATE DEBT.—Section 258 of Article 14 of State Constitution adopted Nov. 1 1890, provides that the credit of the State shall not be pledged or loaned in aid of any person, association, or corporation; and the State shall not become a stockholder in any corporation or association nor assume, redeem, secure, or pay any indebtedness or pretended indebtedness alleged to be due by the State to any person, association, or corporation whatsoever, claiming the same as owners, holders, or assignees of any bond or bonds, now generally known as "Union Bank" bonds and "Planters Bank" bonds.

The 1920 Legislature passed an Act (Chapter 112, Laws of 1920) creating the State Bond Commission, with power to issue in 20 series \$5,000,000 25-year serial coupon bonds, to bear interest at a rate not in excess of \$1/\%, for the purpose of erecting buildings, making permanent improvements, additions and repairs to the State University at Oxford, the A. & M. College at Starkville, the Mississippl State College for Women at Columbus, the Mississipply at the Normal College at Hattiesburg, the Alcorn A. & M., College at Rodney, the State Insane Hospitals at Jackson and Merdian, the State Charity Hospitals at Jackson and Laurel, the State Tuberculosis Sanitorium at Magee, the Mississippl Industrial School at Columbus, the Deaf and Dumb Institution at Jackson at Laurel, the State Tuberculosis Sanitorium at Magee, the Mississippl Industrial School at Columbus, the Deaf and Dumb Institution at Jackson and Laurel, the State Tuberculosis Sanitorium at Magee, the delitional power to issue notes of the State, to run for no more than 2 years and to bear interest at a rate not to exceed \$\frac{1}{2}\$, in a total amount not to exceed the difference between the appropriations made by the 1920 and 1922 Legislatures and the total estimated revenues to be received by the State during 1922 and 1923, the funds to

At the 1924 session of the Legislature two bond issues were authorized and have since been sold. One issue, \$5.816,500 in amount, was authorized for the purpose of retiring short term notes and certain State bonds. The other, \$2,400,000 in amount, was used to refund an issue in the same amount issued under the provisions of Chapter 108, Laws of 1918. (See details of debt above for other particulars of these bond issues.)

other, \$2,400,000 in amount, was used to refund an issue in the same amount issued under the provisions of Chapter 108, Laws of 1918. (See details of debt above for other particulars of these bond issues.)

MUNICIPAL BORROWING POWERS.—Prior to 1920 municipal indebtedness was regulated by Chapter 147, Laws of 1914. Under this Act municipal indebtedness was restricted to 7% of the assessed valuation of taxable property, but the provision was made that, through the vote of the people, the limit might be raised to 10%. The provision was also made that bonds issued by cities of 10,000 or more inhabitants might issue bonds for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water works, gas, electric plants, and for the improvement, repair and extension thereof, in excess of 10%, but in no case to exceed 15% of the assessed value. These limits did not apply to bonds, the proceeds of which were invested in enterprises producing or having sufficient revenue over and above their operating expenses to pay the interest on the bonds.

In 1920, however, another Act (Chapter 206), acting as a repealer of the 1914 law was passed. This Act limits the amount of bonds that may be issued by any municipality to 15% of the assessed valuation of taxable property. The exception is made that bonds issued to pay outstanding legal obligations or for refunding outstanding bonds, or for constructing, improving, enlarging or extending any public utility owned by the municipality producing sufficient to pay expense of operation, and interest and principal on the bends. Bonds are to bear interest at no more than 6% and are to mature annually for no more than 25 years. All bonds, except refunding, must be approved by a majority vote of the electors, but in cities of less than 12,000 inhabitants, bond issues of no more than 830,000 may be authorized by the Mayor and aldermen without a vote, unless the people, by filing a petition signed by 20% of the qualified electors, protest against the issuanc

against the debt limit.

An Act (Chapter 194) providing a supplemental, additional and alternative method of making local improvements in municipalities, authorizing and providing for special assessments for the cost thereof was passed at the 1924 session of the Legislature. Under the provisions of the law any municipality may issue notes, certificates, purposes of indebtedness or special improvement bonds for various local improvements, which obligations are not to be included in any limitation fixed by law upon the indebtedness of any municipality, and are to be payable from special assessments.

special improvement bonds for various local improvements, which obligations are not to be included in any limitation fixed by law upon the indebtedness of any municipality, and are to be payable from special assessments.

The local improvements which are authorized by the Act are set out in Section 2 and are as follows:

(a) Streets, highways, boulevards, avenues, squares, lanes, alleys and parks, or any part thereof may be opened, reopened, widened, graded, regraded, paved, repaved, surfaced, resurfaced, and curbs and gutters may be constructed or reconstructed therein.

(b) Sidewalks may be graded, regraded and levelled, laid, relaid, paved, repaved, surfaced or resurfaced.

(c) Water connection, sanitary sewers, storm sewers and other drains or sewers may be laid or relaid, and constructed or reconstructed, in any street, highway, boulevard, avenue, square, land, alley or park.

(d) Street lighting system, together with the cost and the expense of furnishing energy to said street lighting system (for a period not longer than ten years) or street lighting system commonly known as white ways, or other local improvement whatsoever to be constructed, reconstructed, repaired or renewed.

By Chapter 198, Laws of 1924, the corporate authorities of any municipality, whether operating under Chapter 99 of the Code of 1906, or under special charter, or under the commission government laws, which have or may hereafter have a population of more than 20,000, according to the last preceding United States Census, are authorized to issue, outside the debt limit, bonds not exceeding \$400,000 for the purchase of lands for school purposes and for the rection, maintenance, improvement, equipment, and repair of school buildings.

Legislation also enacted by the 1924 Legislature empowers municipalities and counties to issue bonds for agricultural high school purposes. Debt incurred by counties for this purpose added to other indebtedness is excluded with reference to the limitation of any municipality.

ACT PASSED VALIDATING ALL M

made by public officials in the sale of bonds, or any transfer, misuse, unlawful expenditure, or illegal handling of any funds derived from the sale of bonds validated in this Act, or any warrants or other obligations issued in violation of Chapter 326 of the Laws of 1920, which prohibits the issuance of warrants, when there is not sufficient money in the particular fund from which the allowance is to be made to pay the warrants, unless petitioned for by a majority of the voters.

A similar Act (Chapter 225) to that passed by the 1922 Legislature above cited was passed at the 1924 session and validates all bonds, notes, certificates, loan warrants, or other obligations of any county, road district, school district or subdivision or district thereof of any municipality, separate school and district or drainage district, but, in this case, which have been sold or contracted to be sold at no less than par and accrued interest, exceptions, however, being made as in the case of 1922 law. Under the present enactment all bonds or other obligations must be delivered and paid for two years from April 9 1924.

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, laws of 1908), and approved Feb. 20 1908, providing that "in addition to the property already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." STATE INCOME LAW.—At the 1924 session of the Legislature an Act, modeled after the Federal Income Tax Law, to levy an income tax ax on individuals, partnerships, corporations, associations, trusts and estates, for the benefit of the general fund of the State, was passed, and at the general election on Nov. 4 1924 the voters defeated by a vote of 9,865 for to 83,689 against a proposed amendment to Section 112 of the State Constitution which would have provided that "taxes also may be imposed on privileges, excises, occupations, income, legacies or inheritances, which taxes may be graduated and progressive. The State Tax Commission advises us that the proposed amendment was for the purpose of providing a classified property tax, though there was included in it the other features noted, and that the defeat of the amendment does not affect in any way the validity of the State income tax law of 1924. The Mississippi Supreme Court has held in the case of Hattlesburg Grocery Co. vs. Robertson, 126 Miss. 34, that a State income tax is not unconstitutional, and this decision was affirmed by the U. S. Supreme Court, the case being dismissed for lack of jurisdiction.

SAVINGS BANK INVESTMENTS,—The Banking Department under date of Sept. 26 1917 informed us that "Mississippi has no law regulating the way in which savings institutions are permitted to invest their funds. Savings banks can invest their funds in the same manner as any other State bank, no separate law governing them."
