Apr. 10 and Oct. 10 1922. In 1923 under date of Dec. 17 we learned, through official sources, that all interest, together with principal, up to and including Apr. 10 1922, had been met but that the interest coupons which fell due Oct. 10 1922 and Apr. 10 and Oct. 10 1923 were still unpaid, as were the bonds which became due April 10 1923.

We are now (Dec. 1925) informed that all principal and interest has been paid up to date, including the principal and interest that had been in arrears.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11 1901 and became effective Nov. 28 1901. The instrument made radical changes in relation to debt and taxation, an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt except to repel invasion or suppress insurrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies, the latter, though, being limited to \$300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

Section 93 (Article IV), prohibits the State from engaging in any works of internal improvement and from lending money or its credit in aid of such work, except as authorized by the Constitution and ameniments. The lending or giving of the State's money or credit to any individual, association, or corporation is also prohibited. By an ameniment of 1908 the State Legislature may appropriate funds for highway and bridges. An additional amendment was adopted by the voters in 1922, so that the State, at a cost of \$10,000,000, may engage in the work of developing and improving seaports. The section, as am nied, reads:

"The State shall not engage in works of internal improvement, nor lend money or its credit in aid of such, except as may be authorized by the Constitution of Alabama or amendments thereto, nor small the State be interested in any private or corporate enterprise, or lend money or its credit to any individual, association. The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

This limitation does not affect any debt existing at the time of the adoption of the Constitution in excess of 3½ per cent. either created or authorized by existing laws to be created. Such counties already Indebted in excess of 3½ per cent are permitted to incur an additional debt of 1½ per cent of the assessed valuation. INTEREST is payable on refunding bonds of 1924 at Equitable Trust Co., N. Y.; on others at office of State Treasurer and at the National Bank of Commerce in New York City.

TOTAL DEBT.—Mississippi's bonded debt on Oct. 1 1925 amounted to \$14,543,250. On Oct. 1 1925 the various trust funds of the State aggregated \$2.044,989,93. These funds were moneys taken over by the State, and only the interest is paid on them. Cash on hand and in depositaries Oct. 1 1925, \$3 469 458 55. The net revenues of the State amount annually to about \$9,00,000.

The constitution of the State interdicts the payment of the so-called 'Union Bank' and 'Planters' Bank' bonds. For readjustment movement see V. 93, p. 1803.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. 1 1911 or \$600.000 bonds sold in July 1910, on the ground that should the bond holders receive interest that accrued prior to the date on which they pair their purchase money, the sale would be below par, in violation of the statutes. The State Supreme Court held this view was correct. V. 92 p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of \$600.000 bonds, \$336.000 were redeemed between Jan. 1 and Jan. 151912 while the remaining \$264.000 were exchanged for new bonds ASSESSED VALUATION.—The State's assessed valuation and tax rathave been as follows:

STATE DEBT.—Section 258 of Article 14 of State Constitution adopted Nov. 1 1890, provides that the credit of the State shall not be pledged or loaned in aid of any person, association, or corporation; and the State shall not become a stockholder in any corporation or association nor assume, redeem, secure, or pay any indebtedness or pretended in nebtedness alleged to be due by the State to any person, association, or corporation whatsoever, claiming the same as owners, holders, or assignees of any bond or bonds, now generally known as "Union Bank" bonds and "Planters Bank" bonds.

The 1920 Legislature passed an Act (Chapter 112, Laws of 1920) creating the State Bond Commission, with power to issue in 20 series \$5,000,000 25-year serial coupon bonds, to bear interest at a rate not in excess of 5½%, for the purpose of erecting buildings, making permanent improvements, additions and repairs to the State University at Oxford, the A. & M. College at Starkville, the Mississippi State College for Women at Columbus the Mississippi State Normal College at Hattiesburg, the Alcorn A. & M. College at Rodney, the State Insane Hospitals at Jackson and Meridian the State Charity Hospitals at Jackson and Laurel, the State Tuberculosis Sanitorium at Magee, the Mississippi In lustrial School at Columbus, the Deaf and Dumb Institution at Jackson, the Old and New Capitol buildings, the Governor's Mansion and the State Penitentiary. The 1922 Legislature gave this commission the additional power to issue notes of the State, trun for no more than 2 years and to bear interest at a rate not to exceed 6%, in a total amount not to exceed the difference between the appropriations made by the 1920 and 1922 Legislatures and the total estimated revenues to be received by the State during 1922 and 1923, the funds to be used to meet the appropriations made in 1920 and 1923.

At the 1924 session of the Legislature two bond issues were authorized and have since been

other, \$2,400.000 in amount, was used to refund an issue in the same amount issued under the provisions of Chapter 108. Laws of 1918. (See details of debt above for other particulars of these bond issues.)

MUNICIPAL BORROWING POWERS.—Prior to 1920 municipal indebtedness was regulated by Chapter 147. Laws of 1914. Under this Act municipal indebtedness was restricted to 7% of the assessed valuation of taxable property, but the provision was made that, through the vote of the people, the limit might be raised to 10.0%. The provision was also made that bonds issued by cities of 10.000 or more inhabitants might issue bonds for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water works, gas, electric plants, and for the improvement, repair and extension thereof, in excess of 10%, but in no case to exceed 15% of the assessed value. These limits did not apply to bonds, the proceeds of which were invested in enterprises producing or having sufficient revenue over and above their operating expenses to pay the interest on the bonds.

In 1920, however, another Act (\* hapter 206), acting as a repealer of the 1914 law was passed. This Act limits the amount of bonds that may be issued by any municipality to 15% of the assessed valuation of taxable property. The exception is made that bonds issued to pay outstanding legal obligations or for refunding outstanding bonds, or for constructing, improving, enlarging or extending any public utility owned by the municipality producing sufficient to pay expense of operation, and interest and principal on the bonds. Bonds are to bear interest at no more than 6% and are to mature annually for no more than 25 years. All bonds, except refunding, must be approved by a majority vote of the electors, but in cities of less than 12.000 inhabitants, bond issues of no more than \$30.000 may be authorized by the Mayor and aldermen without a vote, unless the people, by filing a petition signed by 20% of the qualified electors, protest against the test

debtedness of any municipality, and are to be payable from special assessments.

The local improvements which are authorized by the Act are set out in Section 2 and are as follows:

(a) Streets, highways, boulevards, avenues, squares, lanes, alleys and parks, or any part thereof may be opened, reopened, widened, graded, regraded, paved, repaved, surfaced, resurfaced, and curbs and gutters may be constructed or reconstructed therein.

(b) Sidewalks may be graded, regraded and levelled, laid, relaid, paved, repaved, surfaced or resurfaced.

(c) Water connection, sanitary sewers, storm sewers and other drains or sewers may be laid or relaid, and constructed or reconstructed, in any street, highway, boulevard, avenue, square, land, alley or park.

(d) Street lighting system, together with the cost and the expense of furnishing energy to said street lighting system (for a period not longer than ten years) or street lighting system commonly known as white ways, or other local improvement whatsoever to be constructed, reconstructed, repaired or renewed.

By Chapter 198, Laws of 1924, the corporate authorities of any municipality, whether operating under Chapter 99 of the Code of 1906, or under special charter, or under the commission government laws, which have or may hereafter have a population of more than 20,000, according to the last preceding United States Census, are authorized to issue, outside the debt limit, bonds not exceeding \$400,000 for the purchase of lands for school purposes and for the rection, maintenance, improvement, equipment, and repair of school buildings.

Legislation also enacted by the 1924 Legislature empowers municipalities and counties to issue bonds for agricultural high school purposes. Debt incurred by counties for this purpose added to other indebtedness hall not exceed 10% of the assessed valuation. Such indebtedness is excluded with reference to the limitation of any municipality.

INITIATIVE AND REFERENDUM UPHELD.—The State Supreme Court has declared that the initiative and refereadum amendment to the State constitution adopted by the voters in 1914, together with eight other amendments, was properly phrased, properly submitted and ultimately adopted by the voters of the State.—V. 104, p. 1824.

ACT PASSED VALIDATING ALL MUNICIPAL BONDS, &C. REGARDLESS OF DEFECTS.—Chapter 295, Laws of 1922, approved March 14 1922, validates all bonds, notes, certificates, loan warrants, or other obligations of any county, road district, school district, municipality, drainage district, &c., which may have been sold at less than par and accrued interest, regardless of any defect or irregularity in their authorization, provided the obligations are delivered and paid for within two years from March 14 1922. The following places are not affected by this Act. Coldwater Drainage District, or Yalobusha District No. 2 of Calhoun County, it is further provided that this Act does not apply to bond issues whose validity was being contested at the time of the passage of the Act. The further exception is made that the Act does not validate any allowance made by public officials in the sale of bonds, or any transfer, misuse, unlawful expenditure, or illegal handling of any funis derived from the sale of bonds validated in this Act, or any warrants or other obligations issued in violation of Chapter 326 of the Laws of 1920, which prohibits the issuance of warrants, when there is not sufficient money in the particular fund from which the allowance is to be made to pay the warrants, unless petitioned for by a majority of the voters.

A similar Act (Chapter 225) to that passed by the 1922 Legislature above cited was passed at the 1924 session and validates all bonds, notes, certificates, loan warrants, or other obligations of

municipal, levee or school bonds or other Government oblikations (ssued after the first day of April 1906). . . shall be exempt from taxes of any character whatever."

DRAINAGE DISTICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, laws of 1908), and approved Feb. 20 1908, providing that "in addition to the oroperty already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." V. 87, p. 1254.

STATE INCOME LAW.—At the 1924 session of the Legislature an Act, modeled after the Federal Income Tax Law, to levy an income tax on individuals, partnerships, corporations, associations, trusts and estates, for the benefit of the general fund of the State, was passed, an at the general election on Nov. 4 1924 the voters defeated by a vote of 9.865 for to 83,689 against a proposed amendment to Section 112 of the State Constitution which would have provided that "taxes also may be imposed on privileges, excises, occupations, income, legacies or inheritances, which taxes may be graduated and progressive. The State Tax Commission advises us that the proposed amendment was for the purpose of providing a classified property tax, though there was included in it the other features noted, and that the defeat of the amendment does not affect in any way the validity of the State income tax law of 1924. The Mississippi Supreme Court has held in the case of Hattlesburg Grocery Co. vs. Robertson, 126 Miss. 34, that a State income tax is not unconstitutional, and this decision was affirmed by the U. S. Supreme Court, the case being dismissed for lack of jurisdiction.

By a four-to-two decision, the Supreme Court of Mississippi on June 1925 (see V. 120, p. 3023) held the State Income Tax Law, passed by the 1924 Legislature, to be constitutional and valid, reversing the decision of Judge Roger Wilson of Newton County Circuit Court announced on March 30 1925—V. 120, p. 1693. The decision was made in

the Supreme Court of the United States."

SAVINGS BANK INVESTMENTS.—The Banking Department under date of Sept. 26 1917 informed us that "Mississippi has no law regulating the way in which savings institutions are permitted to invest their funds. Savings banks can invest their funds in the same manner as any other State bank, no separate law governing them."
