WEST VIRGINIA CERTIFICATES.—In the settlement of 1871 it was assumed that West Virginia should provide for one-third the principal and interest of the then existing debt, that is \$15,239.370 out of the total debt of \$45,718,112.23. LEGISLATURE meets biennially in odd years on the second Wednesday in January; sessions are limited to 45 days, but may be extended provided two-thirds of the members elected to each house concur.

BONDED DEBT.—The State's bonded debt in July 1925 amounted to \$49,637,000. Against this there is a sinking fund of \$4,536,000. Details of the debt follow:

"Virginia Debt Bonds" (issued'in 4½g'23A-O3,000,000c* Apr 1 '33-'44 mnection with the Virginia-West 4½g'23A-O5,000,000c* Apr 1 '29-'48 irginia Debt Settlement). **connection** with the Virginia-West | 4½g°23A-O5.000.000c° Jan 1°31-′37 | 4½g°25J-J 1,750,000c° Jan 1°31-′37 | 150,000c° (The State is compelled to retire at least one-twentieth (or \$675 000) "Debt Bonds," of the total issue each year until the final payment in 1939 is made.)

(The State is compelled to retire at least one-twentieth (or \$675 000 in 1939 is made.)

Therest on highway bonds at the State Treasurer's office or at the National City Bank, New York.

In the settiement of the Virginia debt, the United States Supreme Court on June 14 1915, after lengthy litigation, decided that West Virginia should assume liability for a debt of \$12.393,929 50, of which the principal was \$4,215,622.28 and interest \$8,178,307.22. See "Chronicle" of June 19 1915, page 2099; and editorial on page 2037 of the same is sue. Also see "Chronicle" for October 23 1915, page 1394. The petition of the State of Virginia for execution of judgment against West Virginia was denied by the U. S. Supreme Court in June 1916 on the ground that the West Virginia Legislature had not met in special session since the judgment was entered. The Legislature met in regular session in January 1917 but no provision whatever was made for the payment of the judgment Shortly after the Legislature had convened mandamus proceedings were begun in the U. S. Supreme Court by the State of Virginia to compel the Legislature to provide for the payment of the judgment it would not force payment now believing that as a sovereign State West Virginia would take steps to meet the judgment. For a summary of the court's ruling see V. 106, p. 2353. The West Vriginia Legislature on Feb. 20 1919 adopted a resolution providing for the settlement of the debt. V. 108 p. 797. The bill was signed by Governor John J. The first payment to Virginia Debt Commission was made in Washington on April 18 1919, where the State Treasurer W. S. Johnson, met the Commission and delivered \$1.070.662.55 in checks and warrants payable to Virginia through the Commission. On July 3 1919 \$12,366,500 of bond certificates representing the greater part of the debt, were delivered to Judge William F. Rhea, Chairman of the Commission. The Richmond Olircuit Court on July 21 1920 entered a decree providing for the distribution of the Debt Settlement Fund (V. 111, p. 336); \$624,143.87 in cash and \$12,190.857.03 par value State of West Virginia 3½% 20-year gold bonds were delivered to Brown Brothers & Co., depositary of the Committee and on Oct. 4 1920 the exchange was begun. The relative value of the certificates, after deducting the 5% commission of the Debt Settlement Committee, was as follows: 1871, 908949824; 1879, 876947728; 1882, 752542281; 1892, 668119068; scrip, 168683662 (V. 111, p. 1390).

ASSESSED VALUATION.—The following table gives the assessed valuation of real estate, personal property and public utility property. Under the tax law passed in 1904 assessments are said to be made at about actual value. This accounts for the large increase in values beginning with 1906 returns for earlier years having been on a much lower basis. W. S. Hallan State Tax Commissioner, under date of Dec. 1 1922 says: "The extraordinary increase in the assessed value of 1922 over 1921 is the result of recent legislation providing for a more equitable assessment of value, or assessment that more nearly represents the true and actual value."

[Note.—The legislature of 1904 passed a tax measure limiting county levies after 1905 to 60 cents per \$100 of valuation.]

SECTION 8.—No county, city, school district, or municipal corporation, except in cases where such corporations have already authorized their bonds to be issued, shall hereafter be allowed to become indebted, in any manner, or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 5 per centum on the value of the taxable property therein, to be ascertained by the last assessment for State and County taxes, previous to the incurring of such indebtedness; nor without, at the same time, providing for the collection of a direct annual tax sufficient to pay, annually, the interest on such debt, and the principal thereof, within, and not exceeding thirty-four years; Provided, That no debt shal

The Legislature in 1917 passed an Act (Chapter 1) creating a State Tax Commission of three members, which shall exercise all the powers and perform all the duties with reference to the assessment or equalization of the assessment of property for purposes of taxation previously exercised or performed by any State Board of Valuation and Assessment, by the Railroad Commission, by the State Board of Equalization, or by any other State Board or Commission. See V. 105, p. 1727.

TAX RATE.—For 1922, the State tax rate (per \$1,000) was \$4. This tax rate is for all property except live stock and bank deposits, the rate on these being \$0.10 on the \$100 valuation.

The State tax rate (per \$1,000) in 1924 was \$4.00 for all classes.

\$75,000.000 BOND MEASURE DEFEATED BY VOTERS.—On Nov. 4 1924 the \$75,000,000 Bond Act passed by the 1924 Legislature was referred to the voters (see V. 119, p. 2089) and defeated. The proceeds of the bonds were to be used, among other things, for roads and charitable institutions. In May 1924 the Act had been held unconstitutional by the Franklin County Circuit Court (see V. 118, p. 2473), but on appeal to the State Court of Appeals the lower court's finding was on June 20 1924 reversed (see V. 118, p. 3223). This cleared the way for the submission of the measure to the voters by whom it was rejected as stated above.

1 The unusual increase in 1920 was due to the enforcement of the Constitution and statute by the State Board, which was created by the 1919 Legislature. Previously the practice had been to Ignore the provision of the law and assess property throughout the State at a portion only of its value.

2 The State Tax Comm'r under date of Nov.21, 1921 advises us that "there has been a very material decline in values during the last year in this State, due partly to the natural return to a normal base of values, and partly to a distinct demoralization of the markets on farm products; hence the reduction in the assessment in 1921, especially so far as real estate is concerned, represents a very conservative value of the property."

The State tax rate (per \$1,000) for 1922 was \$3.50, and for 1923 and 1924, \$3.00.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue not exceeding \$250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advises us under date of Nov. 22 1921 that the Legislature in 1919 passed an Act (Chap. 114, Pub. Acts 1919) exempting bonds thereafter issued by the State from taxation by the State, country or municipality. This Act was assalled as being in conflict with the decision of the State Supreme Court in the

case of Keith vs. the Funding Board in 127 Tenn., 441, "that the Legislature could not constitutionally exempt State bonds from taxation." The title of the action was Foster vs. Roberts, and it is reported in 142 Tenn., page 350. The Court, however, in the latter case held that the credit of the State was an instrumentality of government, and that it could exempt that instrumentality of government from taxation. In the case of Greenwood vs. Rickman, the Supreme Court sustained the numerous opinions of the Attorney-General to the effect that the principles in the case of Foster vs. Roberts would also apply to county, city and district bonds. The Superme Court held that the bonds of a county, city or district, when exempt by statute, were valid, and that the Legislature had the constitutional right to so exempt the same.

Bonds of towns, cities and counties in Tennessee are specifically exempted from taxation by Chapters 6 and 8, Laws of 1920.

SAVINGS BANK INVESTMENTS.—We are informed by S. S. McConnell, Superintendent of Banks, under date of Dec. 17 1925, "that savings banks in this State are authorized to invest their funds in public stocks and other securities at the discretion of the Board of Directors." He adds: "However, there are very few, if any savings banks in Tennessee, by which I mean banks organized purely as savings banks. There are a number of banks having that name but as a matter of fact, they are all incorporated under the strutes provided for the incorporation of State Banks and Trust Companies."

FARM LOAN BONDS AUTHORIZED FOR INVESTMENTS Story and trust funds, and may be accepted as security for all public deposits."

POPULATION.—The population of Tennessee has been as follows:

fiduciary and trust funds, and may be accepted as security to an elementary and trust funds, and may be accepted as security to an elementary deposits."

Taxes for the payment of State debts are subject to these limitations. Since 1920 no State tax has been levied on property. Poll taxes can be used only for the purpose of education and the support of the poor (Const., Art. V, sec. 2).

And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

Article 5. Section 0.—Taxes Leoved for Counties.—The total of the State and county tax on property, except when the county property tax is levied for aspecial purpose and with the special approval of the good power of the maintenance of the public schools of the sand contracting debts, and long re

penditures, contracts and all temporary loans, as well as long-term bonds. The act contains the following provisions in regard to loans:

POWER TO ISSUE BONDS AND NOTES.—Power is given to Issue bonds for (1) any purpose for which the municipality may raise or appropriate money, except for current expenses; and (2) also for funding any or refunding any indebtedness incurred before Dec. 5 1921, except serial bonds maturing as provided in the Municipal Finance Act. Power is also given to borrow money by notes in anticipation of current revenues, or in anticipation of the sale of bonds that have been authorized.

TERM OF BONDS AND NOTES.—Tax anticipation loans (including renewals thereof) must be paid not later than Oct. 10 in the next succeeding fiscal year after they are made. Temporary loans (including renewals) predicated upon bonds must be paid within three years after the ordinance authorizing the bonds took effect. Bonds must mature (a) within the probable life of the improvement or property for which they are issued, to be determined by the governing body, but not to be deemed longer than the maximum period specified in the Act for such an improvement or property (a) period ranging from 5 to 50 years; or (b) if issued to fund floating debt incurred before Dec. 5 1921, either 15 years or the unexpired life of the improvement or property for which such floating debt was incurred; or (c) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued to refund bonds outstanding on March

SALE OF BONDS.—Bonds must be sold at not less than par, and, unless the sale is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. Temporary notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited (1) by prohibitions against incurring any new debt unless an amount sufficient to pay it has been previously appropriated for the purpose for which the debt is to be incurred, and the appropriation is to be met by means of funds on hand, revenues of the current year, or bonds authorized but unissued, and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a sworn debt statement filed before the passage of the ordinance that the net bonded debt outstanding or authorized or about to be authorized, plus any outstanding floating debt incurred before Dec. 6 1921, does not exceed 8% of the assessed valuation of property as last fixed for municipal taxation, or unless (2) the proposed bond issue is for water, gas, electric light or power purposes, or funding or refunding debt outstanding. In computing net debt subject to the 8% limit, the following items are to be deducted, viz.: (a) unissued bonds for funding or refunding debt outstanding (b) sinking funds or other funds held for the payment of bonds not deducted; (c) uncollected special assessments levied or to be levied, and (d) bonds in cludedin the gross debt and incurred for water, gas, electric light or power purposes.

VALIDATION OF BONDS.—The Act limits the time for bringing sultatacking a bond ordinance to a date 30 days after the first publication of the ordinance. It is further provided that bonds reciting that they are issued under the Act shall be inconvestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit COUNTY BONDS.—County bonds are usually issued under special laws, but there are several general laws authorizing counties to issue bonds for particular purposes such as roads and bridges (Consolidated Statutes, Sections 3767 et seq.) and court houses and jails (Public Laws 1923, Chapter 143). The bonded debt of counties is limited by a general Act of Aug. 26 1920 to 5% of the assessed valuation. (Public Laws 1920, Chapter 3, Section 6).

tion 6).

REGISTRATION OF BONDS.—Chapter 129 of the Public Laws of 1925 requires bonds of all political subdivisions to be registered in the State Auditor's office before they are issued.

SCHOOL BONDS.—The public school laws were amended and codified by Chapter 136. Laws of 1923. Section 264 of that Act provides that no bonds snall be issued by any district which, including existing indebtedness, shall exceed 5% of the assessed valuation of taxable property. The law continues, "and no school indebtedness of any kind or nature shall be cre-

ated or assumed by a county under this Act, including all school indebtedness of such county and the aggregate amount of all school indebtedness of the districts within such county, in excess of five per cent (5%) of the assessed valuation of taxable property within such county. In computing the amount of indebtedness under the district or the county limitations hereinabove fixed, school indebtedness of cities and towns lying within a school district or within a county shall be included as if the same were a school district indebtedness; but there shall not be included any indebtedness of a district, city, town or county payable from current revenues, and school bonds issued under the provisions of this Act shall not be subject to any debt limitations by any other Act."

No school bonds may be sold at less than par.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorising the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

cannot do so.

TOTAL FUNDED DEBT.—The total funded bonded debt on Jan. 1
1925 was \$5.382.308.35. Past-due bonds, long over-due, are omitted, the total issue of 44% Redemption Brown Consols under Act of 1892 was \$5.622.745.97. of which \$991.025.97 were retired by the Sinking Fund, exhausting the assets of the fund; but \$4.731.969 4% gold bonds issued under an Act of 1912 were sold April 1 1916, and the remaining outstanding 4\footnote{4}% Redemption Brown Consols redeemed. The assets of the ordinary sinking fund on Jan. 1 1925 amounted to \$147.158.39. On the same date the refunding sinking fund amounted to \$282.376.41.

In 1903 the General Assembly passed an Act requiring the State Treasurer to remove from the books in his office old Blue Ridge RR. bonds amounting to \$37.000 (V. 84, p. 1134). An effort was made to restrain the Treasurer from complying with this Act. The case was taken to the State Supreme Court and dismissed by it, and later the U. 8. Supreme Court sustained this decision. In 1914 the General Assembly also passed an Act requiring the State Treasurer to remove from the books all wholly invalid 6% Greene Consolidated bonds, amounting to \$224.640.

The State Supreme Court on Sept. 27 1907 handed down a decision upholding the validity of certain bonds alleged to have been stolen from the State Treasurer's office. V. 89, p. 879. By this decision the bonds to refund Brown consols of 1892 were increased by \$14,500.

But this limitation shall not operate to prevent the issue by any city or town of additional bonds which, with the existing bonded indebtedness, shall not exceed ten per cent (10%) of the assessed value of the real and personal property within its corporate limits: Provided, That no bonds shall be issued by any city or town until the question of issuing same shall have been decided in favor of such bond issue by an election held for that purpose in the manner now provided by law: Provided, This Act shall not apply to cities and towns which have special charters from the Legislature."

Any bonds issued hereunder shall become payable within thirty years from the date of issuence in annual installments which shall commence not more than three years after the date of issue.
