RAILWAY EARNINGS

SECTION OF THE

COMMERCIAL & FINANCIAL CHRONICLE

Copyrighted in 1925 according to Act of Congress, by WILLIAM B. DANA COMPANY, in office of Librarian of Congress, Washington, D. C.

VOL. 121.

NEW YORK, DECEMBER 12, 1925.

NO. 3155.

HIS entire publication is devoted to a presentation of the reports of earnings and expenses of United States railroads for the latest month (October) and for the calendar year to date, including said month. The table embraces every steam operating railroad in the country which is obliged to make monthly reports to the Inter-State Commerce Commission at Washington. Returns are now required only from carriers whose railway operating revenues, or gross earnings, exceed \$1,000,000 per annum.

The figures are a transcript of the sworn returns on file at Washington. They have the further advantage of uniformity of method Sworn Returns. and classification. Every company is obliged to make up its returns on the same basis and in the same way as every other company.

Earnings Our Specialty.

The "Chronicle" has always made a specialty of weekly and monthly reports of railroad earnings, and for nearly fifty years its weekly and monthly summaries have been everywhere accepted as authoritative. The present publication is in continuation of this work.

These Inter-State Commerce returns also make it possible for us Full Details. to present full details of both the revenues and expenses. Besides showing total gross earnings, we indicate separately the passenger and the freight revenues. In the case of the expenditures we report the outlays for both maintenance of way and maintenance of equipment as well as the traffic and transportation expenses. We also show the railway tax accruals and the net earnings after the deductions of such taxes and also the deduction of the comparatively trifling item of uncollectible railway revenues. In addition, we indicate the net earnings remaining after the deduction of certain rents, namely equipment rents and joint facility rent. We conclude by giving the miles operated on which the earnings are based.

The cents we have necessarily been obliged to discard altogether, and Cents Discarded. The cents we have necessarily been obliged to discard a dollar, one way or if in any case the results should happen to vary a dollar, one way or the other, from exact proof, the reason for the variance will be found in that circumstance.

Company Returns To make this publication absolutely complete, we add statements at the end to show also the figures issued by the companies them-Also Given. selves, where they are made up on a basis different from that of the Commerce Commission returns, or where they give additional items of information, or where, as sometimes happens, figures are issued by the companies in consolidated form, so as to show results for the system as a whole, instead of each constituent road separately.

The matter contained in this extra and novel publication is entirely Other Returns additional to the comprehensive reports of earnings we furnish in Continued. the "Chronicle" from week to week. All the returns of the leading roads, and also all weekly figures of gross earnings, are printed regularly and promptly in the "Chronicle" as soon as received. But in addition we issue once a month—say about the 15th—this special publication, furnishing a sort of compendium of earnings in which we bring together all the returns for the latest month which are available.

As in the case of our numerous other Supplements or "Sections," Subscribers. all of which are expensive publications, the "Railway Earnings Section" will be furnished only to "Chronicle" subscribers. These will receive it free of charge, one copy going with each subscription. It will be impos-Only for sible to obtain copies in any other way, as none will be printed for general sale.

REVENUE RETURNS OF

UNITED STATES RAILROADS

FOR OCTOBER AND FOR THE TEN MONTHS ENDING WITH OCTOBER

In the following we furnish detailed figures of earnings and expenses for October 1925, as compared with October 1924, and also for the ten months ending with October in the two years of every steam railroad in the United States which is obliged to file monthly returns of earnings and expenses with the Inter-State Commerce Commission at Washington.

It should be understood, however, that the Inter-State Commerce Commission now requires monthly reports only from roads whose gross railway operating revenues exceed \$1,000,000 per annum. Prior to the taking over of the roads by the Government, or, to be strictly accurate, prior to the call for the March 1918 reports, monthly returns were required from all carriers having railway operating revenues in excess of \$100,000 per annum.

In the closing page of this publication—page 14—we also give the *Company* returns where these differ in any way from the Commerce Commission returns or embrace more facts than are contained in the latter.

COMPANY RETURNS

All the figures in the foregoing pages are transcripts of the monthly returns as filed with the Inter-State Commerce Commission at Washington. A few railroad companies also issue monthly statements of their own, and sometimes these company statements go beyond the requirements of the Commission and give added items of information. Besides this, a number of companies—notably the Pennsylvania Railroad—issue consolidated statements, showing the results for the system as a whole, whereas the Commerce Commission requires returns from each constituent road separately.

It is our purpose that each issue of the "Railway Earnings Section" shall furnish an absolutely complete record of all monthly returns, in whatever form issued, that may be put out by any steam railroad in the United States. Accordingly, we bring together here all the company statements where they differ in any way from the returns to the Commission, or where they embrace more facts than are contained in such returns.

It should be distinctly understood that where the company statements are identical with those rendered to the Commerce Commission, and do not include any additional items, we do not undertake to repeat them here. In such cases the reader must look for the figures among the detailed statements on preceding pages, which include every steam road that is obliged to make monthly returns to the Commission.

DEBT LIMITATION.—The constitutional provision of Wisconsin retricting debt-making are very rigorous, plain and comprehensive. We give them in full below.

SECTION 3. Credit of State, for what not given. The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

SECTION 4. Contracting Debts. The State shall never contract any public debt, except in the cases and manner herein provided.

SECTION 6. Limitation on Public Debt. For the purpose of defraying extraordinary expenditures, the State may contract public debts (but such

DEBT LIMITATION.—Minnesota has sought to protect the State from excessive debt issues through restrictions in its Constitution, but the amendments of 1920 and 1922, referred to below, have greatly modified these restrictions. The Constitution fixes the limit of debt at \$250,000 'for the purpose of defraying extraordinary expenditues'; and an amendment, ratified in 1879, extended this power to \$250,000 additional 'for erecting and completing buildings for the insane, a deaf, dumb and blind asylum and State prison." On Nov. 2 1920 the voters approved an amendment which added Article 16, providing for the creation of a State highway system and authorizing the issuance of \$10,000,000 bonds per year for that purpose, to a grand aggregate of \$75,000,000. Then in November 1922 the voters ratified another amendment to Article 9. This changed Section 10 so as to allow the State to organize a rural credit system and to incur indebtedness in unlimited amount to carry the amendment into effect. Under authority of this amendment the State Legislature in 1923 enacted a aw organizing a rural credit system and authorizing the issuance of \$40.-000,000 bonds. This amount was increased to \$70,000,000 under amendment to the law made by the 1925 Legislature (Chapter 270, Laws of 1925). With regard to the debt of municipalities, there is but one section in the Constitution which relates to that subject, and that has reference to making railroad debt. On Nov. 4 1924 an amendment adding Article 17A to the Constitution which relates to that subject, and that has reference to making railroad debt. On Nov. 4 1924 an amendment of forest fires and to incur debts and pledge the public credit in so doing was ratified. It is given further below.

The State shall never contract any debts for works of internal improvements, or be a party in carrying on such works, except in cases where grants of land or other property shall have been made to the State, especially dedicated by the grant to specific purposes, and in such case the State shall devote thereto the avails of such grants, and may pledge or appropriate the revenue derived from such works in aid of their completion.

Nor shall there by any further issue of bonds denominated "Minnesota State Railroad Bonds," under what purports to be an amendment to Section 10 of Article 9 of the Constitution, adopted April 15 1858, which is hereby expunged from the Constitution, saving, excepting and reserving to the State, nevertheless, all rights, remedies and orfeitures accruing under said amendment. Provided, however, that for the purpose of developing the agricultural resources of the State, the State may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of the State upon real estate security in such manner and upon such terms and conditions as may be prescribed by law, and to issue and negotiate bonds to provide money to be so loaned. The limit of indebtedness contained in Section 5 of this article shall not apply to the provisions of this section, and the purposes for which the credit of the State or the aforesaid municipal subdivisions thereof may be given or loaned as herein provided are declared to be public purposes.

We reprint bell wy part of Section 1 and Section 4 of Article 16, which was adopted at the 1920 general election:

ARTICLE 16, SECTION 1.—Provision for the Establishment of a Trunk Highway System.—There is hereby created and established a trunk highway system which shall be located, constructed, reconstructed improved and forever maintained as public highways, by the State of Minnesota. The said highways shall extend as nearly as may be along the following described routes, the more specific and definite location of which shall be fixed and determined by such boards, officers or tribunals, and in such manner, as shall be prescribed by law, but in fixing such specific and definite routes, there shall not be any deviation from the starting points or terminals set forth in this bill, nor shall there be any deviation in fixing such routes from the various villages and cities named herein, through which such routes are to pass.

SECTION 4.—Ten Million Dollars Bonds Annually for Highway Purposes May Be Issued.—The Legislature may provide by law for the issue and sale of the bonds of the State in such amount as may be necessary to carry out

SECOND, as to city, county or other municipality, the only restriction on the debt-making power in the constitution is the following, found in article 9, section 15:

ART. 9, SEC. 15.—(Municipal Debts in Aid of Railroads.)—The Legislature shall not authorize any county, township, city or other municipal corporation to issue bonds, or to become indebted in any manner, to aid in the construction or equipment of any or all railroads to any amount that shall exceed five per centum of the value of the taxable property within such county, township, city, or other municipal corporation, the amount of such taxable property to be ascertained and determined by the last assessment of said property made, for the purpose of State and county taxation, previous to the incurring of such indebtedness.

The foregoing was adopted as an amendment in 1879. Before its adoption the section read so as to authorize municipal corporations to issue bonds in aid of railroads to ten per cent of valuation. Hence the amendment consisted in simply changing the word ten and making it five.

This is all the constitution contains with reference to the debts of municipalities.

SUPREME COURT RULING AFFECTING SCHOOL BONDS.—The State Supreme Court on Dec. 28 1917 ruled that bond issues for the erection of new school buildings must be initiated with the passage of resolutions by boards of education under Minnesota laws, otherwise a vote of a school district to that end is ineffective. V. 106, p. 205.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law

a school district to that end is Ineffective. V. 106, p. 205.

MORTGAGE TAX LAW.—The Legislature of 1907 enacted a law which became effective April 30 1907 mposing a tax of 50 cents upon each hundred dollars of the principal debt, secured by any mortgage of real property located within the State, recorded or registered on or after April 30 1907. The text of this law was given on page 1194 of the "Chronicle" of May 18 1907. This law, as amended, provides for a tax of 25 cents on each hundred dollars, of a mortgage running for not more than 5 years and 60 days and 15 cents on a hundred dollars of a mortgage running for more than 5 years and 60 days. The law now reads as follows: "Sec. 2302. A tax of 15 cents is hereby imposed upon each hundred dollars, or fraction thereof, of the principal debt or obligation which is, or in any contingency may be, secured by any mortgage of real property situate within the State executed and delivered after the passage and approval hereof and recorded or registered hereafter; provided that any such mortgage heretofore executed and delivered shall not be recorded or registered without payment of the tax originally stipulated in section 2 hereof as originally enacted; provided further, that if any such mortgage shall describe any real estate situate outside of this State, such tax shall be imposed upon such

proportion of the whole debt secured thereby as the value of the real estate therein described situate in this State bears to the value of the whole of the real estate described therein, as such value shall be determined by the State Auditor upon application of the mortgage; and provided further, that if the maturity of any portion of said debt secured by the said mortgage, as therein stipulated, shall be fixed at a date more than five years and sixty days after the date of said mortgage, then and in that case the tax to be paid on such portion shall be at the rate of 25 cents on each hundred dollars or fraction thereof."

paid on such portion shall be at the rate of 25 cents on each hundred dollars or fraction thereof."

TAXATION OF MUNICIPAL BONDS, MONEY AND CREDITS.—
Under authority of Chapter 242, Laws of 1911 (Section 1971, General Statutes, 1913), bonds thereafter issued by the State of Minnesota and its political subdivisions, are exempt from taxation. See V. 92, p. 1263.
The law reads: "That bonds and certificates of indebtedness hereafter issued by the State of Minnesota, or by any county, city or village of said State, or any township, or any common or independent school district of said State, or any governmental board of said State, or any county, city or village thereof, shall hereafter be exempt from taxation, provided that nothing herein contained shall be construed as exempting such bonds from the payment of a tax thereon, as provided for by Chapter 288, Laws of 1905 (Secs. 2271 to 2298, Gen. Stat., 1913), when any of such bonds constitute in whole or in part any inheritance or bequest, taken or received by any person or persons or corporation."

In 1923 the Legislature passed a law (Chapter 102) amendatory to Section 2316, Gen. Stat. of 1913, which levies a tax of 3 mills on a dollar of certain money and credits. Under this statute, bonds issued by States other than Minnesota and by municipalities located outside Minnesota are taxable at the rate of 3 mills on the dollar. This section now reads:

2316. As used in this section the word "money" means gold and silver coin, treasury notes, bank notes and other forms of currency in common use; and the word "credits" means and includes every claim and demand for money or other valuable taing, and every annuity or sum of money receivable at stated periods, due or to become due, and all claims and demand for money or other valuable taing, and every annuity or sum of money receivable at stated periods, due or to become due, and all claims and state.

As hereinbefore defined, money and credits are hereby exempt from

of stock in corporations the property of which is not assessed or taxed in this State.

As hereinbefore defined, money and credits are hereby exempt from taxation other than that imposed by this Act and shall hereafter be subject to an annual tax of 3 mills on each dollar of the fair casa value thereof. But nothing in this Act shall apply to money or credits belonging to incorporated banks located within this State, nor to any indebtedness on which taxes nave been properly and fully paid under the provisions of Sections 2301-2309. General Statutes of Minnesota 1913 [mortgage tax law referred to above—Editor], nor to moneyed capital in the hands of individual citizens of this State coming into competition with the business of national banks; provided, that bonds, notes or other evidences of indebtedness in the hands of individual citizens not employed or engaged in the banking or investment business and representing merely personal investments not made in competition with such business, shall not be deemed moneyed capital within the meaning of this section.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893, page 108.

FINANCIAL CONDITION.—The State in June 1923 (see remarks below) contracted its only bonded indebtedness since 1892 by marketing the \$22,000,000 soldiers' bonus bonds, a description of which follows:

On June 30 1923 there were \$1,669,477.84 warrants outstanding and the State had cash in the general revenue fund amounting to \$6,554,763.19.

The Permanent School Fund on June 30 1923 aggregated \$4,827,553.59.

During 1913, 1914, 1915 and 1916 up to 1921 the State issued and disposed

During 1913, 1914, 1915 and 1916 up to 1921 the State issued and disposed of \$1,085,000 5% certificates, the proceeds of which have been applied to the extension of the capitol grounds. Up to June 30 1923 \$1,050,000 of these certificates had been redeemed, leaving \$35,000 outstanding on Nov. 1 1923 SOLDIERS' BONUS.—The 1921 Legislature passed an Act authorizing

the State to become indebted in the amount of \$22,000,000 and providing for the issue and sale of soldiers' bonus bonds for that amount. In accordance with Sec. 5 of Article 7 of the Constitution, this Act was submitted to the voters on Nov. 7 1922 and was approved—V. 115, p. 2179. Later— March 13 1923—the validity of the Act was unanimously upheld in a decision handed down by the State Supreme Court (V. 116, p. 1209) The bonds were marketed during June 1923 (V. 116, p. 2675).

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at ull value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of this value the same as other property.

TAX RATE.—The State tax (per \$1,000) for 1921 was \$8.75; in addition there was a tax of 14 cents for Capitol Ground extension. For 1922 the general tax was \$9.11; and in addition there were levies of 15 cents for Capitol Extension and \$2 for soldiers' bonus. The tax rate for 1923 was \$11.50, including \$10.19 general levy and \$1.31 soldier bonusle levy. Tax rate of 1924 is \$11.50, which includes \$10.25 general levy and \$1.25 soldier bonus levy. These taxes were based on the equalized taxable value, which is ¼ of the appraised value.

MUNICIPAL DEBTS .- Title V, Chapter 14-A, Supplement to the MUNICIPAL DEBIS.—There v, Chapter 17-A, Supplement to the Code, 1913, requires town and city officials to file annually with the State Auditor reports of the financial condition of their municipalities. These statements show that the total indebtedness of the municipalities on April 1 1924 was \$53,370,743 divided as follows:

DEBT LIMITATION.—Iowa's Constitution restricts the creation of both State and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

DECISION REGARDING DEBT LIMIT.—Judge Smith McPherson of the U. S. Circuit Court on Oct. 22 1909, in a case involving the right of the City of Council Bluffs to issue bonds for a muncipal water system sustained the city's contention that it could issue bonds up to 5% of the actual value of the property of the city and was not limited to 5% of the taxable value. Judge McPherson construed "taxable" to mean the actual value of property subject to taxation, and not the assessed value, which by the State code, is fixed at only 25% of the actual value. In taking this position Judge McPherson referred to the opinion of the State Supreme Court handed down in 1905, in the case of Halsey vs. City of Belle Plaine (128 Iowa 467), which, he said, puts at rest the question raised. V. 89, p. 117.

OPINION REGARDING MUNICIPAL IMPROVEMENT BONDS.—
The Depaytment of Justice in Nov. 1911 rendered an opinion to the effect that municipal improvement bonds or certificates issued in anticipation of the collection of taxes need not be considered in determining the constitutional limit of indebtedness as fixed by Section 74-v of the Supplement to the Code, 1907. V. 94, p. 365.

BONDS TAX FREE.—The 1909 Legislature passed an Act (Sec. 4482, Compiled Code of 1919), providing for the exemption from taxation of municipal, school and drainage bonds or certificates thereafter issued. It is expressly provided, however, that banks or trust companies holding such bonds or certificates shall not be permitted to make any deduction from the assessment of their shares by reason of that fact. V. 88, p. 1329. State bonds are taxable at the rate of 5 mills on the dollar. Secs. 4490 and 4504. Compiled Code of 1919.

assessment of their shares by reason of that fact. V. 88, p. 1329. State bonds are taxable at the rate of 5 mills on the dollar. Secs. 4490 and 4504. Compiled Code of 1919.

SAVINGS BANKS' INVESTMENTS.—Investments of funds of Statand savings banks in Iowa are governed by Section 1850 of the Supplement to Code, 1913, as amended in 1917 and 1921, which reads as follows:

Sec. 1850. Investment of funds. Each savings bank shall invest its funds or capital, all moneys deposited therein and all its gains and profits. only as follows.—

1. In bonds or interest-bearing notes or certificates of the United States.

2. In bonds or warrants of any city, town, county, school district, or drainage district of this State, issued pursuant to the authority of law; but not exceeding 25% of the assets of the bank shall consist of such bonds or warrants.

4. In notes or bonds secured by mortgage or deed of trust upon unencumbered real estate located in Iowa or upon unencumbered farm land in adjoining States, worth at least twice the amount loaned thereon; provided, however, that no such loan shall be made upon any real estate located west of the one-hundredth meridian line.

5. An amount not exceeding ten per cent 10% of their capital stock and surplus in the capital stock of corporations chartered or incorporated under the provisions of Section Twenty-five-a (25-a) of the Federal Reserve Act. approved Dec. 24 1919, and a like amount in the capital stock of corporations organized under the laws of this State for the purpose of extending credit to those engaged in agriculture and to agricultural organizations. LEGISLATURE meets biennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed \$5.00 per day for 120 days. A session of thi kind was held in 1919.

A constitutional amendment to increase the pay of the legislators from 5 to 10 a day was defeated in Nov. 4 1924 (V. 119, p. 2553.)

The State of Missouri contains 114 counties and the City of St. Louis the latter being a separate civil division subject to a dual government with a full set of both county and city officers.

HISTORY OF DEBT .- The interesting details of Missouri's eventful HISTORY OF DEBT.—The interesting details of Missouri's eventual history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c. on Jan. 1 1865 was \$36.094,908. The indebtedness of the State at present is as follows:

Under an Act (House Bill 645) passed by the 1925 Legislature, there is appropriated out of the State Treasury, chargeable to the road bonds, interest and sinking fund, the sum of \$1,025,000, to be used by the Board Interest and sinking fund, the sum of \$1,00,000, we desired \$\forall \text{the Details}\$ of Fund Commissioners for the purchase, retirement and redemption before maturity, if the holders thereof agree thereto, of \$1,000,000 par value of road bonds falling due Sept. 1 1927.

Treasurer's office or at Mercantile Trust Co., St. Louis; on the State school and seminary certificates at State Treasury. On soldiers' bonus bonds at the State Treasurer's office; on all road bonds and bonus bonds of 1924 at the Chase National Bank.

TOTAL DEBT, &c.—The total bonded debt as of Oct. 1 1925 of the State was \$54,485 000. Excluded from this total are \$4,398,839 school and seminary certificates, which are held in trust by State. The total cash held in Treasury to the credit of all of the State funds on Oct. 1 1925 amounted to \$16,271,681. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary University fund.

ASSESSED VALUATION.—On June 1 1925 the State's assessed valua tion of all taxable property for State taxation was estimated at \$4,712,- 542.323. The following table shows assessed valuation and State tax rates for the last forty-four years:

The large increase in values for 1919 was due to an increase in valuations made by the State Board of Equalization for the benefit of the public schools of the State. Another such increase was made in 1921. Increase in values for 1921 was recommended by the State Tax Commission and adopted by State Board of Equalization, raising all taxable property to full or true value.

This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government. Interest on State of Missouri Road bonds and payment of the bonds, as they fall due, are taken care of by receipts from the Auto Department, which amounted to \$4,004.083 for 1923. Receipts from this Department for 1925. up to Oct. 1, totaled \$3,842.835. Constitutional amendment voted by the people subjects all taxable property to taxation to pay interest and retire Road bonds. However, it is believed that the auto receipts will pay all interest and retire all bonds.

DEBT LIMITATION .- Missouri has made provision in its constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections capatities. That part relating to the State is found in Article 4, Sections 44, 44 (a), 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation.

An amendment to Section 44 of Article 4 voted on Nov. 2 1920 provides for the issuance of State bonds in an amount not to exceed \$1,000.000 for a soldiers' settlement fund. The voters on Aug. 2 1921 voted in favor of a section—44b—providing for a soldier bonus bond issue of \$15,000,000. The

soldiers' settlement fund. The voters on Aug. 2 1921 voted in favor of a validity of the soldier bonus amendment was tested in a friendly suit brought before the State Supreme Court where a decision favoring the bonus was made (V. 114, p. 216). Another amendment voted on Nov. 2 1920 (Section 44a) provides for the issue of \$60,000,000 bonds for highway purposes. On Feb. 26 1924 an amendment (Section 44c) authorizing an additional \$4,600,000 bonds to pay the bonus to those not compensated under the original \$15,000,000 was carried (V. 118, p. 1438).

The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10, Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation, except, as per amendment of 1920, that cities of 75,000 or more inhabitants may by a two-thirds vote create a debt not to exceed 10% of the assessed valuation; except also that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, conmay be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, constructing, paving or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein; and, as per an amendment of 1920, that cities of 75,000 or more inhabitants may exceed the limit by an or 1920, that cities of 75,000 or more innableaus may exceed the limit by an additional 10% for the purchase or construction of public utilities; and except, also, per the amendment of 1920 (Section 12a—See V. 75, p. 1165) and amendment of 1920, cities of 30,000 inhabitants may, by a two-thirds vote, exceed the limit, by an additional 10% (as per amendment of 1920), for the purchase or construction for water and light purposes, finally (4); that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years. KANSAS CITY.

Kansas City is situated in Jackson County. Incorp. Feb. 4 1850. On Nov. 22 1921 19 proposals aggregating \$17,800.000 were voted down. Included in these was an issue of \$11,000,000 water works bonds. Voters defeated this because they feared that a charter amendment providing for a non-political water board, voted on at the same election, would not be approved. The amendment won by 2 to 1, however, and when the \$11,000,000 bonds were placed before the voters on April 4 1922 they received a favorable vote. In a lengthy litigation the validity of this bond issue was upheld On Nov. 21 1922 the people defeated a proposed new charter, and at the same time voted for the non-political board, defeating an alternative proposition calling for a water board appointed by the Mayor. On Feb. 24 1925 the voters adopted a new city charter. The charter provides, among other things, for a city manager form of government. New city charter upheld by State Supreme Court. BONDS OF NORTH DAKOTA.—The 1919 Legislature enacted laws providing for the issuance of \$17,000,000 of bonds as follows: \$5,000,000 Mill and Elevator series. \$2,000,000 Bank series and \$10,000,000 Real Estate series. The bonds are to bear no more than 6%, opayable semi-annually Jan. 1 and July 1. They are free of all State, county and municipal taxes. The legality of the Mill, and Elevator and Real Estate bonds has been passed upon by the Supreme Court of North Dakota in the case of the State of North Dakota ex rel. William Langer, Attorney-General, vs. Thomas Hall, as Secretary of State, and by the United States District Court for the District of North Dakota in the case of John W. Scott et al. vs. Lynn J. Frazier, William Langer and John N. Hagan, acting as the Industrial Commission of North Dakota et al. The Supreme Court of the United States on June 1 1920 upheld the decision of the State Supreme Court. See 'Chronicle' of July 3 1920, page 34. Numerous attempts by the State Industrial Commission and the Bank of North Dakota (a State institution) to sell these bonds proved fruitless. In October 1921 bonds totaling \$6,100,000 were sold by the State Industrial Commission at par to the Bank of North Dakota, which in turn sold them below par. Exception was taken to this sale by a group of tax-payers, who filed a suit in the State Supreme Court. contending that the sale violated the law which provides for the sale of bonds at par. The (Nonpartisan) Industrial Commission, before being obliged to relinquish office on Nov. 23 1921 (as the result of the recal election), signed a contract for the sale of all the remaining authorized bond issues at par. But the incoming Commission modified the arrangement through the negotiation of a new contract. By this new contract the amount of bonds sold was reduced from \$12,300,000 to \$6,200,000. The Supreme Court ruled on Dec. 22 1921 that the bonds of

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond of evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

BONDS NOT SOLD AT LESS THAN PAR.—Chapter 327, Laws of 1923, provides that no county, city, village, school district or township bonds may be issued at less than par.

BONDS MUST BE AUTHORIZED BY VOTERS.—Three Acts.

bonds may be issued at less than par.

BONDS MUST BE AUTHORIZED BY VOTERS.—Three Acts, general in application, were passed by the 1925 Legislature with regard to bonds issued by the subdivisions of the State. Chapter 98 provides that all bonds issued must at first be authorized by a vote of the qualified voters. Under Chapter 99 bonds. including refunding funds, issued_under lawful

authority by any county, city, village, school district, park district or any other subdivision within the State, may be serial in form and number from one upward consecutively. By Chapter 97, "all county, city, village and school district bonds, the issue of which has been or shall hereafter be duly authorized, and which are not sold within three years of the date of the authorization of the issue thereof either by vote of electors of the political subdivision authorizing the same, or otherwise as by law provided, are and shall be, with the expiration of such three-year period, cancelled and of no force and effect."

BANK OF NORTH DAKOTA.—The 1919 Legislature passed an Act declaring the purpose of the State of North Dakota to engage in the banking business and establish a system of banking under the name of the "Bank of North Dakota," operated by the State. This Act was approved by the voters at a special election held June 26 1919 by a vote of 61,495 for to 48,239 against. The Act provided for the issuance of \$2,000,000 of bonds, the proceeds of which were designated as the capital of the Bank. The Bank opened for business on July 28 1919

COUNTIES PERMITTED TO ISSUE BONDS FOR PURCHASP OF SEED AND FEED.—The State Attorney-General has given an opinion that counties may issue bonds for the purchase of seed and feed to be sold to farmers of the State at cost. V. 105, p. 2560.

TAXATION OF MONEY AND CREDITS (State and Municipal Bonds).—The 1915 Legislature passed an Act (Chapter 255) making "money" and "credits" subject to an annual tax of two mills on the dollar. This tax was increased to three mills by Chapter 230, Laws of 1917. "Moneys and "credits" include State and municipal bonds. However, bonds of the State of North Dakota, or at least all those issued in and since 1919, are exempt from taxation under the terms of the acts authorizing their issuance.

TAX LEVY LIMITATION.—Under an Act of the 1923 Legislature, tax limits are put on levies assessed by the various political subdivisions throughout the State. County levies are not to exceed 2½ mills on the dollar of the net taxable assessed valuation; city levies are limite to 14 mills; village levies to 10 mills; township levies to 5 mills; park districts to 2 mills, and school districts to 14 mills. There are, however, several exceptions to these limits. Counties may, under Chapter 231, Laws of 1919, which permits counties to levy taxes for road and bridge purposes, levy taxes not to exceed 3 mills on the dollar of the taxable assessed valuation. School districts maintaining a consolidated school may increase the levy to 16 mills on the dollar, and districts giving 4 years of standard high school work and school districts maintaining a consolidated school may increase the levy to 18 mills. A further provision for levying taxes in excess of the prescribed limits is made. The limits may be exceeded by 40% if the increase is approved by a majority of the voters, and by 50% if approved by two-thirds of the voters.

The limits fixed in this Act are not applicable to irrigation or drainage districts, or to special assessments levied in cities and villages; or to levies made for the purpose of paying bonded indebtedness, or the county tuition levy provided for by Section 1224, Compiled Laws of 1913; or to levies made to combat the grasshopper and the gopher.

INITIATED TAX MEASURES DEFEATED.—On Nov. 4 1924 there was submitted to the voters and defeated a "Proposed Initiated Tax Law," which would have reduced and limited the taxes, revenue and expenditures of all departments of Government, including the State, county, city, village, township, school district and park district (see V. 119, p. 2786).

of all departments of Government, including the State, county, city, village, township, school district and park district (see V. 119, p. 2786).

SAVINGS BANK INVESTMENTS.—Section 5198 of the laws of North Dakota relating to State banks and savings banks, as amended by Chapter 60, Laws 1917, contains the provisions regulating the investment of funds of all savings banks. We publish Section 5198 in full below Section 5198. Investment of Funds.—As avings bank incorporated hereunder shall invest its capital, its deposits, its surplus and its profit only as follows:

§ The State constitution requires that all property shall be assessed at full value, but until 1913 there was no real attempt to comply with this requirement. By virtue of the powers vested in the Tax Commission created by an Act passed at the 1913 Legislature (Chapter 352). a vigorous effort has been made to have all property in the State assessed at full value, and this will account for the great increase in the 1913 total of the assessments. Prior to 1913, assessments were on a basis of from 15% to 40%. Included in the 1925 forms

Included in the 1925 figures are moneys and credits in the amount of \$77,162,884 which are taxed separately at a flat rate of 4 mills on the dollar.

TAX RATE.—The tax rate (per \$1,000) for 1925 was \$2.73.

\$77,162,884 which are taxed separately at a flat rate of 4 mills on the dollar.

TAX RATE.—The tax rate (per \$1,000) for 1925 was \$2.73.

DEBT LIMITATION.—The debt-creating powers of the State and its various subdivisions are defined in Article XIII of the Constitution. Previous to 1916 the limitations upon the creation of debt were very stringent, the State and its political subdivisions being prohibited from lending or giving their credit in aid of any individual, association or corporation. The only indebtedness the State could contract was for defraying expenses, making public improvements, or to meet casual deficits, in an amount not to exceed \$100,000, and in defending the State and the United States in time of war. By an amendment made in 1916, the State and the counties were empowered to establish a system of rural credits. The limitations upon the State were further lossened in 1918, when an amendment was adopted giving the State authority to engage in works of internal improvement and to loan or give its credit in aid of any association or corporation and to hold the stock of corporations engaged in internal improvements, such corporations to be controlled by the State as provided by law. Counties, cities, towns, &c., may not borrow in an amount in excess of 5% of the water, sewers and irrigation; in cities of 8,000 or more population, a debt not to exceed 8% of the valuation may be created for constructing street railways and light plants; no debt is to be incurred by any of these subdivisions unless authorized by a majority of the electors. The sections regulating the incurring of debt follow:

SECTION 1. For the purpose of developing the resources and improving the economic facilities of 800th Dakota, the State may engage in works of internal improvement, may own and conduct proper business enterprises, may loan or give its credit to, or in aid of, any association, or corporation, and may become the owner of the capital stock of corporations, organized for such purposes. But any such association or

apply to the provisions of this section, other than for rural credits, shall never exceed one-half of one per cent of the assessed valuation of the property of the State.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate \$100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection or defending the State or the United States in war and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid: provided, however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota illimited by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota.

SECTION 4. The debt of any county, city, town, school district, civi township or other subdivision, shall never exceed five (5) per centum upon the assessed valuation of the taxable property therein, for the year preceding that in which said indebtedness is incurred. In estimating the amount of indebtedness which a municipality or sub-division may incur the amount of indebtedness which a municipal corporation, civil township, district or other subdivision may incur an additional indebtedness is incurred. In estimating the amount of indebtedness which a municipal corporation, civil township, district or other subdivision shall be included within such district or subdivision shall be included within such district or subdivision shall be included within such district o

division incurring the same.

SECTION 5. Any city, county, town, school district or any othe subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 9. The construction and maintenance of good roads and the supplying of coal to the people of the State from the lands belonging to the State are works of necessity and importance in which the State may engage but no expenditure of money for the same shall be made except by the vote of a two-thirds majority of the legislature.

RURAL CREDIT BONDS.—Section 10151 of Chapter 266 of the Revised Code of 1919, as amended by Chapter 266, Laws of 1925, provides in part that "No further issuance of bonds shall be permitted by the Rural Credit Board, except for the purpose of refunding outstanding bonds and for the purpose of paying interest upon outstanding bonds in the event no other funds are available for such purpose, and in no event shall the bonded and warrant indebtedness of the State under this Act exceed the sum of \$50,-000,000."

COUNTY AND CENTRAL HIGH SCHOOL DISTRICT BONDS.—Chapter 174, Laws of 1923, authorizes the establishment of county and central high school districts, and grants to such districts power to incur indebtedness up to 2% of the assessed valuation of property, in addition to bonds issued under the 5% limit placed upon other county indebtedness. See V. 117, p. 690.

See V. 117, p. 690.

TAXATION OF MUNICIPAL BONDS.—On Jan. 30 1919 the Supreme Court of South Dakota in the case of National Surety Co. vs. Starkey, County Treasurer, reversed the decision of the Circuit Court of Hughes County Which had held that municipal bonds as "public securities" and "property" were taxable in that the Constitution does not expressly exempt them. In the opinion handed down in the case the Supreme Court said: "To summarize in a few words our conclusion: If we were to consider the bonds before us merely as property and disregard the purpose for which they were issued—disregard the fact that they are governmental instrumentalities—we should hold them taxable; but, when we regard them, not merely as property but as governmental instrumentalities of a Sovereign State, superior intervening public policy grounded upon one of the Sovereign powers of the State compels us to the conclusion (there being no express language in the Constitution to the contrary) that the public securities of a State, and of its counties and municipalities were not intended to be included either in the term "property" or the term "bond" as such terms are used in that article of our Constitution relating to taxation."

Chapter 109 of Laws of 1919 (Sec. 8, subdiv. 5) exempts from listing on the tax rolls municipal and United States bonds.

Section 20 of Chapter 333, Laws of 1917, provides that all warrants or bonds issued by the State Highway Commission shall be free from all general taxes, State, county and municipal, and shall not be subject to State income tax. A similar Act was passed by the 1921 Legislature (Chapter 127), exempting the bonds issued by the State Highway Commission.

SAVINGS BANK INVESTMENTS.—There are no laws in this State specifying any particular securities for investment. Such investments, it appears, are made at the discretion of officials of savings banks.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. In 1913 the Legislature passed a general revenue law—Chapter 73. Under this law property was assessed at 20% actual value, whereas in earlier years the proportion seems to have been much lower. In 1921 the Legislature changed this law so that now property is assessed at its actual value. This explains the large increase in the figures beginning with the year 1921.

METHOD OF ASSESSING.—Section 1 of Chapter 133 of Article 2 of the Laws of 1921 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued and assessed at its actual value. Actual value as used in this Act shall mean its value in the market in the ordinary course of trade."

Chapter 46, Section 4398, provides that any city of the first or second class, or any village, may issue bonds for heat and light plants up to 20% of the assessed value of property, if made on the one-fifth value of property, or 4% if made on the full value of property, and for ice plants up to 5% of the taxable value of property.

Section 4292 as amended by Chapter 41, Laws of 1925, provides that cities of the second class and villages may issue bonds up to 7% of the actual value of taxable property for the purchase of steam engines or fire extinguishing apparatus, and for the purchase, erection and construction and maintenance of water works, mains, portion or extension of any system of water works or water supply, or to pay for water furnished such city or village under contract. Cities of the second class and villages are also pathorized and empowered under Section 4293 to issue "water works extension bonds" in addition to the amount of indebtedness now authorized by law for water works or the sound villages are also by law for water works or the sound village to the amount of indebtedness now authorized by law for water works up to 5% of the actual value of taxable property. A three-fifths majority of the voters must be had in each instance before the bonds can be issued.

IRRIGATION, POWER, DRAINAGE AND SANITARY DISTRICT

A three-fifths majority of the voters must be had in each instance before the bonds can be issued.

IRIGATION, POWER, DRAINAGE AND SANITARY DISTRICT INDEBTEDNESS.—Section 1829 of the 1922 Compiled Statutes authorizes drainage districts to borrow money, but not exceeding the amount certified by the district engineer as being required. The bonds may bear no more than 6% interest, and may not be sold at less than par.

Sanitary districts are authorized by Section 1870 to issue bonds up to 4% of the assessed valuation of property.

Sections 2869 and 2870, as amended by Chapter 96, Laws of 1923, allow irrigation districts to issue bonds for improvements, but not in excess of the cost of the work. The bonds bear 6% interest, and may not be sold at less than 90.

Under Chapter 128, Laws of 1925, an irrigation district may also issue bonds subject to the approval of voters, however, in consideration of the discharge of judgments held against it, in consideration of the surrender and cancellation of its outstanding bonds, and in consideration of the surrender and cancellation of its outstanding notes and or warrants. Such bonds would bear interest at a rate not exceeding 6%, payable semi-annually and would mature in not exceeding 50 years: optional, at the option of the issuing district, before maturity, at par and interest.

Light, heat and power districts are empowered by Section 7153, 1922 Compiled Statutes, as amended by Chapter 169, Laws of 1923, to increase in the second of the sessessed valuation of property. (The law of which the cited section formed a part was held invalid by the State Supreme Court during the latter part of 1924. INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of April 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of \$150,000. The Constitution of 1895 limited the debt-making power to \$1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was \$430,775, of which the State owned \$28,650. In 1878 the total bonded debt was \$1,181,975, of which the State owned \$713,600. The bonded debt within on Jan. 1 1916 amounted to \$211,000, was all retired. The bonded debt on Nov. 1 1925 amounted to \$27,500,000 and is made up of the following issues:

In 1925 the valuation of real estate amounted to \$2.356.487.426, personal property \$755.745.911 (\$607.078.303 tangible personal and \$148.667,608 money and credits) and public service corporations \$515.101.607. *The large increase beginning with 1908 followed from a law passed in 1907 (Chapter 408) creating a Tax Commission to take the place of the Board of Railroad Assessors and State Board of Equalization. This law makes it the duty of the Tax Commission to require all townships and city assessors, county commissioners and county boards of equalization, under penalty of forfeiture and removal from office as such assessors or boards to assess all property of every kind and character at its actual and full cash market value. Previously property was assessed at only a fraction of its actual value. V. 87, p. 1189.

DEBT LIMITATION.—Kansas has, by Section 5 of Article XI of its Constitution, given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed \$1,000,000. This limit, however, has two exceptions. First, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors and be ratified by a majority of the votes case. Second, the section following provides that the State may borrow money to repel invasion, &c. Section 8 originally prohibited the State from engaging in internal improvements. By an amendment to the Section, ratified by the voters in November 1920 however, the State may now aid counties in the construction of roads. The limitations upon debts contained in Sections 5 and 6 are not to affect the provisions of Section 8. We give these sections in full, and also the subsequent one which forbids the State being a party to internal improvements.

5. Debts: annual tax: proceeds.—For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed \$1,000,000, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal thereof, when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall n

5 and 6 of Article XI of the constitution, relating to debts and internal improvements, shall not be construed to limit the authority retained or conferred by this amendment.

AUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters, is contained in Section 5 of Article 12, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages:

5. **Cities.**—Provisi on shall be made by general law for the organization of cities, towns and villages; and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing, the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. All the provisions fixing the limit of indebtedness which may be incurred by cities of Kansas, 1915. In 1909 the Legislature passed an Act, which is now Section 1422 of the General Statutes of 1915, limiting the creation of in debtedness in counties, cities, &c. That portion of the Act relating to cities having a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, including special improvement bonds, shall not exceed 10% of the assessed value. The Legislature in 1917 enacted a new law authorizing cities of the second class to issue bonds for the erection of buildings up to 2% of the assessed value. The Legislature in 1917 enacted a new law authorizing cities of the second class cities, \$50,000. The purpose of subscribing to railroad stocks. The amount of debt that may be created for this purpose is limited, as follows: counties, \$100,000. townships, \$15,000: third-class cities, \$25,000; second-class citi

valuation. For full particulars of the changes made in 1917, see V. 105,p. 1726
MATURITY OF BONDS, &c.—Section 10—103 of the Revised Statutes
of 1923, as amended by Chapter 92, Laws of 1925, provides as follows:
"That all municipal bonds shall run not longer than twenty years, shall
bear interest at a rate not to exceed 5% per annum, shall be issued to
mature in installments of approximately equal amounts each year. Each
bond shall specify the date of its separate maturity, and shall be in such
denomination as the authority issuing the same shall direct: Provided,
That all bonds issued by any city or subdivision thereof, which are payable
from special assessments against the property benefited, shall run not
longer than ten years and shall be payable in not more than ten annual
installments."

ISSUANCE OF BONDS FOR CONSTRUCTION OF COMBINED WATER AND LIGHT PLANT UPHELD BY STATE SUPPREME COURT,—In a decision handed down June 8 1918 by the State Supreme Court in a suit brought to enjoin the city of Palco from issuing bonds for the Digitized for FRASER

construction of a combined water and electric-light plant, it was declared that certain cities in Kansas may vote such bonds without a separate bond issue covering each class of utility. V. 107, p. 525.

BONDS TAXABLE.—All Fbonds or other evidences of indebtedness hereafter issued, effective March 1 1925, by this State, of any county, city or school district are subject to an annual tax of 25 cents per annum on each \$100 of the fair cash value thereof under the terms of Chapters 277 and 278. Laws of 1925, which relate to the taxation of money and credits. Question arose after the passage of this legislation whether or not State and municipal bonds previously issued and which had been tax-exempt under statutory provisions were included under the new law. This, however, was set at rest by Chapter 279, Laws of 1925, later passed by the Legislature, under which all bonds issued prior to March 1 1925 are exempted.

COMMISSION GOVERNMENT.—In 1917 an Act was passed by the Legislature and approved by the Governor on Feb. 17 1917, permitting any city in the State to adopt the commission plan of government, providing certain provisions are complied with. V. 104, p. 1305.

stituting a registration fee in lieu of taxation of mortgages. V.100, p. 1371

SAVINGS BANK INVESTMENTS.—The State Banking Department, under date of Sept. 27 1917, advised us that "Kansas has no savings bank law, and therefore, strictly speaking, no savings banks. We think we can safely say that nine-tenths of the banks of Kansas have a savings department, however."

The Legislature in 1917 passed an Act amending Section 5209 or tenent, however in 1917 passed an Act amending Section 5209 or tenent Statutes of Kansas, 1915, relating to investment of funds of any life insurance, trust or loan company, so as to provide for the investment, in addition to county, city, township, village or school district bonds, in Federal Farm Loan bonds, or in bonds issued by any other nation, or subdivision or district therein. See V. 105, p. 1461.

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT, &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The bonded debt of the State of Montana on Nov. 30 1925 was \$5.534,000. The warrants outstanding on the same date were \$4.300,000. The Capitol Building bonds given below are issued against a land grant; they amounted to \$650,000 on Nov. 30 1925. The cash on hand on Nov. 30 1925 amounted to \$3.298,985.12. The permanent school fund on Nov. 30 1925 held cash and securities amounting to \$10,365,074.82, and other permanent funds on hand aggregated \$2.923 100.20

fund on Nov. 30 1925 held cash and securities amounting to \$10,365,074.82, and other permanent funds on hand aggregated \$2,930,100.29.

Loans Authorized.—The voters on Nov. 2 1920 approved the issuance of \$5,000,000 State School bonds (V. 111, p. 2246). The constitutionality of the \$5,000,000 State School bond issue was upheld by the State Supreme Court on Feb. 4 1921 (V. 112, p. 673). A legislative Act providing for a Soldiers' Bonus and a \$4,500,000 bond issue to carry out the plan was approved by the voters on Nov. 7 1922 (V. 115, p. 2818). But in Feb. 1923 the State Supreme Court held the Act unconstitutional (V. 116, p. 741). The question came before the voters in the form of aconstitutional amendment on Nov. 4 1924 and was again defeated (V. 119, pages 1309, 1422 and 2786). 1422 and 2786).

The State Supreme Court on May 2 1921 upheld the law passed by the special session of the 1921 Legislature, providing for the issuance of \$3,000, 000 in State Treasury note certificates for the purpose of payment of outstanding claims and accruing claims, &c. The Court ruled that these notes do not create an indebtedness under Section 2 of Article 13 of the State Constitution (V. 112, p. 2214).

METHOD OF ASSESSING.—In Montana all property is assessed at its full true value but for taxation purposes different percentages of the assessed value are taken. Moneys and credits are in the 7% class, household goods, farm machinery, &c., in the 20% class; all land and improvements in the 30%; live stock and stocks of merchandise in the 30%; property of public utilities in the 40%; net proceeds of mines, 100%, and all other property not otherwise specified in the 40% class. The average taxable value for all classes of property is slightly over 30%.

(The State Supreme Court on June 4 1917 handed down a decision reaffirming its decision of March 13 1917 in the Lewis and Clark County case holding that money cannot be borrowed by counties on refunding bonds by a sale thereof without a vote of the people. See V. 104, p. 2570.]

In a decision which had to do with the adjustment of the indebtedness between Custer and Fallon counties, the State Supreme Court on Dec. 19 1916 ruled that bridges are not county property, but public property See V. 103, p. 2445.]

Legislative Enactments.—The State Legislature has enacted laws carrying into effect the 5% limitation on county indebtedness and the 3% limitation on city, town and school/district indebtedness. There have also been enacted laws providing for drainage and irrigation

district indebtedness.

Chapter 38, Laws of 1923, requires the State and all political subdivisions and other taxing units having the power of issuing bonds to give preference to amortization bonds and to accept serial bonds only when amortization bonds cannot be negotiated to good advantage.

(For text of measure see V. 118, p. 1303.)

SALE OF BONDS.—Under legislative enactment, city, town, county and school district bonds may not be sold below par. Irrigation and drainage district bonds may not be sold at less than 90. COUNTY UNIT SYSTEM.—The Legislature in 1919 passed an Act (Chapter 211, Laws 1919) providing for the creation of a Rural School District in each county of the State, composed of all Third Class districts and parts thereof as a unit for the purpose of taxation and issuance of bonds, for the creation of sub-districts of rural districts for the purpose of local administration and control. The Act provides for boards of trustees for rural school districts and prescribes the manner of election, number, terms, powers and duties of said boards. Under Section 3 of this Act any county in the State may adopt the county unit system for rural schools.

COUNTY FUNDING AND REFUNDING BONDS VALIDATED BY ACT OF LEGISLATURE.—At the special session of the Montana Legisla-

ture in 1918 an Act was passed (Chapter 5) legalizing and validating bonds issued by counties for the purpose of funding or refunding outstanding indebtedness issued by counties without the question of issuing the same or funding or refunding such indebtedness having been submitted to and approved by the electors V 106 p. 1257.

IRRIGATION DISTRICT LANDS TAXABLE FOR BONDS.—Bonds of an irrigation district create a general obligation against the district in the sense that all lands in the district are taxable for the payment of the bonds and interest until the entire indebtedness is paid, said the Montana Supreme Court in an opinion handed down July 14 1925 in the case of W. S. Cosman against Chestnut Valley Irrigation District and its Commissioners (see V. 121, p. 869).

TAXATION OF MUNICIPAL BONDS.—Chapter 51, Laws of 1919, as amended by Chapter 248, Laws of 1921, taxes all State, county, school district and other municipal bonds, warrants and securities, but the assessment is at only 7% of true and full value.

ASSESSMENTS MADE ON NEW BASIS SINCE 1913.—The Legislature of 1913 passed practically a new revenue law (Chapter 58), which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property, the actual cash value of which was \$1,000, would be assessed for \$1,000, but only \$400 would be taken as a basis of making the levy. V. 97, p. 1149.

*Under the Revenue Law of 1901 property is required to be assessed at its true value. In 1913 this law was amended to provide for assessment at "true and full cash value." This accounts for the large increase in values of 1901 and 1913, as property was assessed at a very much lower basis in earlier years.

sariler years.

In addition to the tax rate as above, there is a poll tax of \$1.00 per capita. In 1830 and prior to that date this poll tax was 50 cents per capita. In 1830 and prior to that date this poll tax was 50 cents per capita. The State Supreme Court in an opinion handed down April 3 1916 upheld the increase in assessed valuations ordered by the Colorado Tax Commission and State Board of Equalization. See item under "Denver" in "Chronicle" of April 15 1916, page 1461; also V. 98, p. 249. A proposed amendment to the constitution abolishing the Colorado Tax Commission was defeated at the November 1916 election. V. 104, p. 677.

Soldiers' Bonus Amendment Defeated.—The 1923 Legislature passed an Act submitting to the voters a proposal to amend the constitution so as to allow the issuance of \$8,000,000 bonds for the payment of a bonus to veterans of the World War. Spanish War. Philippine Insurrection, and Civil War. This proposition was placed before the voters on Nov. 4 1924 and defeated.

and defeated.

DEBT LIMITATION.—Colorado's constitutional debt limitations are found in Article XI of the constitution and were published in the "State and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI. of the constitution, concerning the debt limitation of the State, was amended Nov. 8 1910 so as to provide for the issuance of bonds for refunding warrants issued by the State in 1887, 1888, 1889, 1893, 1893, 1894 and 1897. In a litigation the Colorado State Supreme Court held this amendment constitutional. The question was brought before the United States Supreme Court, but the appeal was dismissed. V. 95, p. 1420. Another amendment to the section, passed in 1920, provided that a debt not to exceed \$5,000,000 may be created for State highway purposes. An additional \$6,000,000 bonds for highways was provided for by an amendment of 1922. V. 115, p. 2290. The section now reads as follows:

INVESTMENT OF TRUST FUNDS IN BONDS OR STOCK OF PRIVATE CORPORATIONS PROHIBITED.—Section 36 of Article 5 of the Colorado constitution provides that "No Act of the General Assembly shall authorize the investment of trust funds by executors, administrators guardians or other trustees in the bonds or stock of any private corporation."

Legislative regulation of investment of trust funds is now found in Section 5269 of the Compiled Laws of 1921 as last amended by Chapter 181, Laws of 1925. The amendment made in 1925 strikes out the length of time upon which a loan of money can be made upon mortzage security but now limits the amount of the loan to 50% of the appraised value of land and water covered by the security. Section 5269 now reads as follows:
Section 5269. It shall be lawful for executors, administrators, guardians or conservators to invest moneys belonging to their respective estates in bonds of the United States or in Farm Loan bonds issued in pursuance of the Federal Farm Loan Act, or in such bonds as are a direct general obligation of the State of Colorado; or of any county, city and county, school district or any incorporated city or town therein, which has continuously existed as a lawful corporation for the period of at least fifteen years prior to the date of said bonds, or in all or any part of issues or series of bonds or notes secured by first lien mortzages or deeds of trust upon estate situate within the State of Colorado, together wich the water rights belonging thereto or poration, so much of the said stock of said corporation may be included as security as is necessal ty to furnish the proper amount of water for the rigation of said land, provided, said loans do not exceel fifty per centum of the appraised value of said land and water. Loans of money upon mortzage security shall be made in such amount and for such periods as may be for the best interests of the extate, and shall be forthwith reported to

In the latter part of October 1921. "Efforts." he said, "have fruitlessly been made to get all bonds martialed and settled for a few cents on a dollar, but no success has been made along this line." He seems to think that the bonds are a "total loss." Under date of Oct. 1 1923, Ed. H. DEBT LIMITATION.—The indebtedness of this State is limited by its constitution. The sections relating to State debt are found in Article XIV of that instrument, being Nos. 1, 2, 5 and 6. An amendment to Section 1 proposing to increase from 1½% to 2% the amount of debt to which the State may obligate itself was defeated at the 1922 general election. V.115. p. 2401. We quote these sections below:

BECTION 1. But the State shall never contract any indebtedness, except as in the next section provided, in excess of such amount, and all moneys arising from loans herein authorized, shall be applied solely to the purposes for which they were obtained.

SECTION 7. Sect. 4 of Article XIV as far as cities and towns are concerned. This section provides that any city or town may incur indebtedness not exceeding in the aggregate, with all other indebtedness, 8% of the value of the taxable property for the purpose of supplying the city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, provided that cities of the third class, and towns, may become indebted to an amount not exceeding in the aggregate, with all other indebtedness, 12% of the value of the taxable property for these purposes, when authorized by a majority of the value of the taxable property for these purposes, when authorized by a majority of the value of the taxable property for these purposes, when authorized by a majority of the value of the taxable valuation of property, the provision being made that no debt except for refunding may be incurred without a majority vote of the people. In Sec. 1364 an additional limitation is made, the provision being that a county may not create, in any one year, a debt in excess of the tax sections 3515 and 3516 authorize the issuance of drainage district bonds w

Chapter 69, Laws of 1925, permits drainage districts to issue refunding bonds.

Section 26 of Chapter 68. Laws of 1919, as amended by Chapter 73, Laws of 1921, provides that water conservation districts may incur indebtedness not in excess of \$3 per acre.

TAXATION OF MUNICIPAL BONDS.—The Secretary of State advised under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, counties, school districts and municipalities. The constitution, however, exempts all property owned by such political fivisions and also exempts mortgages from taxation, and it has been contrued that the bonds of the State and its municipalities are mortgages, and therefore not taxable. The Legislature of 1911 passed two Acts providing for bond issues (\$260,000 road and bridge and \$300,000 university) and in both of these Acts it was expressly stipulated that the bonds should be exempt from taxation for any purpose within the State. In 1921 the Legislature passed an Act providing for the issuance of \$1,000,000 bonds for road construction and another for \$500,000 for general fund deflict. Both these Acts carry clauses exempting the bonds from taxes within the State. Title 47 of the Revised Statutes of 1907, which provides for the creation of a State Board of Loan Commissioners to refund outstanding territorial bonds, also provides that these bonds are not to be taxed within the State for any purpose.

SAVINGS BANK INVESTMENTS.—There are no stipulated securities.

SAVINGS BANK INVESTMENTS.—There are no stipulated securities for investment by Utah savings banks. Section 1206 of Chapter 12, Title 19, Compiled Laws of Utah, 1917, prescribes the bonds which are legal investments for loan, trust and guaranty associations.

SANTA FE COUNTY.
County seat is Santa Fe.
The present debt is \$479,000, con elsting of what are known as Refunding Bonds of the State of New Mexico. Series "B," Santa Fe County. While these bonds are bonds issued by the State and are primarily its obligation, Santa Fe County is responsible for the interest, which is at \$4'%, payable semi ann. (M. & S.), and is also responsible for the principal, but in case of default upon the part of the county the State would have to take care of them, having recourse then to the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unpaid coupons, and possibly a judgment or so. The amount of these latter is estimated at \$4,000. Over \$1,000.000 of the old debt represented by bonds issued in aid of railroad construction, the conpons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its bonds in payment therefor without any recourse to the county the U. S. Congress having made a large land donation to the State for the ultimate payment of these bonds. The assess, val. in 1925 is \$9,835,567; the total State and county tax per \$1,000, \$25.62. DEBT LIMITATION—BONDS TAX-FREE.—The power of the State and its sub-divisions to incur debt is limited by Sections 3. 5, 6, 7 and 8 of Article IX. and by Section 2 of this same article. Such debt, when evidenced by bonds, will be exempt from taxation. The five sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal, State county and municipal property. Property of educational, charitable and religious associations or institutions not used or held for profit may be exempted from taxation by law. Public debts, as evidenced by the bonds of Arizona, its counties, municipalities, or other subdivisions, shall also be exempt from taxation. There shall further be exempt from taxation the property of widows, residents of this State, not exceeding the amount of one thousand dollars, where the total assessment of such widow does not exceed two thousand dollars. All property in the State not exempt under the laws of the United States or under this constitution, or exempted by law under the provisions of this section, shall be subject to taxation to be ascertained as provided by law.

Sec. 3. The Legislature shall provide by law for an annual tax sufficient, with other sources of revenue, to defray the necessary ordinary expenses of the State for each fiscal year. And for the purpose of paying the State debt, if there be any, the Legislature shall provide for levying an annual tax sufficient to pay the annual interest and the principal of such debt within 25 years from the final passage of the law creating the debt. No tax shall be levide except in pursuance of law, and every law imposing a tax shall state distinctly the object of the tax, to which object only it shall be applied. All taxes levided and collected for State purposes shall be paid into the State treasury in money only.

the State treasury in money only.

Sec. 5. The State may contract debts to supply the casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more laws, or at different periods of time, shall never exceed the sum of three hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other nurpose.

money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts the State may borrow money to repel invasion, suppress insurrection, or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the ioan shall have been authorized or to the payment of the debt thereby created. No money shall be paid out of the State Treasury, except in the manner provided by law.

Sec. 6. Incorporated cities, towns and villages may be vested by law with power to make local improvements by special assessments, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual,

association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any person, company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property herein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for city or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and controlled by the municipality.

In Nov. 1912 an amendment to this section was adopted so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred under any circumstances of the texable value.

BORROWING IN ANTICIPATION OF TAXES.—The Legislature, as

BORROWING IN ANTICIPATION OF TAXES.—The Legislature, as it has done at the past two sessions, namely 1921 and 1923, again in 1925 enacted a law (Chapter 7, Laws of 1925) authorizing the State Loan Commissioners to issue bonds in anticipation of taxes. These bonds are to be issued in anticipation of the collection of taxes levied for State purposes only for the last half of 1924, all of 1925, and the first half of 1926, and all such bonds will be payable solely from the proceeds of such taxes. The amount of bonds, including both principal and interest, may not exceed 75% of the amount of taxes (uncollected and not in the treasury) for the fiscal year, and must be payable within six months at a rate of interest not in excess of 5%. The act is exempted from the operation of the referendum provisions of the State Constitution by Section 11, which declares that an emergency exists and that an early operation of the Act is required to preserve the public peace, health and safety.

Previous enactments were Chapter 68, Laws of 1921 and Chapter 66, Laws of 1923.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAX-ATION.—See provisions of Section 2, Article 9, of Constitution, given above.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—See provisions of Section 2, Article 9, of Constitution, given above.

SAVINGS BANK INVESTMENTS.—Up to 1922 the investment of savings bank funds was regulated by Subdivision 6 of Section 2123 of the Civil Code of 1913. Under this law savings banks with a capital stock or reserve fund paid in of no less than \$100.000 were allowed to invest only in bonds of the United States, the Arizona Territory, the State of Arizona, and of the counties and cities therein. In 1922 a new law was passed, covering the subject more thoroughly. It follows:

Sec. 26.—Savings Banks Loans.—A savings bank may invest the capital and deposits and the income derived therefrom:

Subdivision 1. Upon mortgages upon real estate, which mortgages shall be a first lien on the real estate mortgaged. No such loan shall exceed at the date it is made 60% of the market value of the real estate mortgaged. At least 50% of such loans by the bank shall at all times be secured by first mortgage liens upon real estate situated in this state. Provided, that liens of the Federal Government on any United States Reclamation project or liens of the State Government on any Project organized under the laws of the State of Arizona shall not be considered a first lien under the provisions of this Act. This exception shall not apply to any Federal or State farm loans.
Subdivision 2. In the interest bearing bonds of, or other securities issued by this State, or of any county, city, town, school or road district therein, or any securities issued by authority of law for local improvements, that may have been lawfully issued.

Subdivision 3. In the stocks, bonds or interest bearing notes of the United States for the payment of which and the interest thereon, the fath of the United States is pledged.

Subdivision 4. In the bonds of any State of the United States upon which there is no default and upon which there has been no default at any time within ten years last before such investment.
Subdivision 5. In loans upon

GONSTITUTIONAL AMENDMENTS.—Pursuant to a constitutional amendment to Article XI of the Constitution adopted Nov 8 1910, adding a new section (Section 8a), the city of San Francisco voted and issued \$5,000,000 bonds, the proceeds to be used by the Panama Pacific International Exposition Co. to celebrate the opening of the Panama Canal. Another amendment, approved in November 1910, was for the purpose of creating a State fund of \$5,000,000 for the use, establishment, maintenance and support of the Panama-Pacific International Exposition. Still another amendment adopted provided for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. In November 1914 an amendment to Section 18 of Article XI of the constitution was adopted, providing for the issuance by Alameda County of not exceeding \$1,000,000 bonds, the proceeds to be used, as in the case of the city of San Francisco, by the Panama-Pacific International Exposition Co.

BOND PROPOSITIONS.—On Nov. 8 1910 four bond propositions were approved by the voters (V. 92, p. 202). One called for the issuance of \$18,000,000 highway 4s, the second for \$1,500,000 San Diego sea-wall 4s, the third for \$1,000,000 India Basin 4s and the fourth for \$9,000,000 San Francisco Harbor Impt. 4s. On May 23 1912 Judge Seawall dismissed an order to show cause why an injunction should not be issued restraining the sale of the \$1,000,000 4% India Basin bonds. V. 94, p. 1519.

Various bond propositions were voted upon at the Nov. 1914 election, but only four carried. They were (1) inltative measure providing for the issuance of \$1,800,000 bonds for the completion of the University of California in Berkeley; (2) \$3,000,000 bonds for State buildings in San Francisco and (4) \$10,000,000 San Francisco harbor bonds. V. 100, pp. 67 and 490.

At the general election in Nov. 1916 the voters authorized the issuance of \$15,000,000 bonds for the construction of the uncompleted portions of the system of State highways prescribed by the State Highways Act of 1909 and extensions thereof. V. 103, p. 2171.

At a special election on July 2 1919 the voters approved an issue of \$40,000,000 highway bonds by a vote of 105,333 to 15,484. V. 109, p. 192.

At the 1922 election three bond propositions were passed upon. A bill, known as the "Water Power Act," and calling for a \$500,000,000 bond issue, was defeated, as was a \$3,000,000 veterans' land settlement bond issue, while a bill providing \$10,000,000 bonds for a soldiers' bonus met with approval. The \$500,000,000 water power measure was again submitted to the voters on Nov. 4 1924 in the form of a Constitutional amendment and, as on the previous occasion, was defeated.

Under authority of these Acts, the State has issued bonds from time to time. The details of these outstanding bonds may be found in the table under the caption "History of Debt."

IRRIGATION, DRAINAGE DISTRICTS, ETC.—Legislation has been enacted from time to time, but which limited space does not allow us to print in full, for the organization of many kinds of districts with power to issue bonds, among which may be mentioned irrigation districts, county road improvement districts, sanitation districts, water conservation districts ununicipal improvement districts and municipal port districts, the last one of which is authorized by Chapter 395, Laws of 1925.

TAX EXEMPT AMENDMENT.—At the November 1902 election the tollowing amendment to Article 13 of the State constitution was favorably voted upon. V.74, p. 916; V.75, p. 1366.

28 1917, page 410, we published a digest of the rectamation district law p. 410.

MORTGAGES EXEMPT FROM TAXATION.—Among the amend ments voted Nov 8 1910 is one repealing Section 4 of Article 13 of the State constitution, changing Section 1 so that thereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation. This section, as it now reads, is given in V. 91, p. 974.

DEBT LIMITATION.—Subsection 3 of Section 3 of Article 1 of the new city charter, approved by the voters on May 6 1924 and later, at the 1925 session, by the Legislature (see Chapter 5, Laws of 1925), provides: (3) The indebtedness of the city must not exceed 3% of the assessed value of all taxable real and personal property within the city, except that a further indebtedness, not exceeding 12% of such assessed value, may be incurred for the purpose of acquiring, constructing or completing any municipally owned public utility, including, among others, water, power and harbor utilities. Whenever any such public utility shall be determined by the Council by ordinance to be self-sustaining, then the bonds issued for such utility may, by ordinance approved by a majority of the voters voting thereon at an election, be excluded from the debt limit. The indebtedness of any borough or other special local district or of the Los Angeles City School District, shall not be included in computing the debt limit herein provided.

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI, Sections 5 to 11, inclusive, Section 11 having been created by a vote of the people in November 1916; Article XI.a. Sections 1 to 11, inclusive, and Article XI.b, Sections 1, 9 and 11, and Article XI.c of the Constitution as amended in 1910, 1912, 1916, 1919 and 1920 and 1921. Article XI.c., which was added in 1921, permits the incurring of indebtedness in an amount not to exceed 3% of the assessed valuation of the State for the payment of a "Soldiers' bonus." In a litigation the validity of this amendment was upheld by the Multnomah County Court on Oct. 22 1921 (V. 113, p. 1790 & 1907), and this decision was affirmed by The State Supreme Court on Dec. 13 1921 (V. 113, p. 2740). Section 1 of Article XIc was amended by the voters on Nov. 4 1924 so as to include as eligible to receive a bonus female employees of the War Department who served in the U. S. Army Signal Corps or Marine Corps, or the army of any ally of the United States, and in the American expeditionary forces; also ally of the United States, and in the American expeditionary forces; also veterans of the Spanish-American War who served 90 days therein; and oxtending loan privilege to unmarried widow or dependent father or mother of any person who died in the service and who would have been entitled to loan. We quote these sections in full:

ARTICLE XI., SECTION 5.—Restrictions upon Municipal Corporations.—Acts of Legislative Assembly incorporating towns and cities shall restrict their powers of taxation, borrowing money, contracting debts, and

SECTION 6.—State not to be Stockholder in Company.—The State shall not subscribe to or be interested in the stock of any company, association, or corporation.

SECTION 7.—Credit of State not to be Loaned—Limitation upon Power of Contracting Debts.—The Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities which shall singly or in the aggregate with previous debts or liabilities exceed the sum of fifty thousand dollars, except in case of war or to repel invasion or suppress insurrection or (according to an amendment of 1912) to build and maintain permanent roads; and the Legislative Assembly shall not lend the credit of the State nor in any manner create any debts or liabilities to build and maintain permanent roads which shall singly or in the aggregate with previous debts or liabilities incurred for that purpose exceed (according to an amendment of 1920) four per cent. of the assessed valuation of all the property in the State; and every contract of indebtedness entered into or assumed by or on behalf of the State in violation of the provisions of this section shall be void and of no effect.

SECTION 8 .- State not to Assume County Debt, Except in What Case The State shall never assume the debts of any county, town, or other corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection, or defend the State in war.

vasion, suppress insurrection, or defend the State in war.

SECTION 9.—Prohibition upon Municipal Corporations.—No county. city, town or other municipal corporation, by vote of its citizens, or otherwise, shall become a stockholder in any joint company, corporation or association, whatever, or raise money for or loan its credit to, or in aid of, any such company, corporation or association. Provided (according to an amendment adopted in 1917) that any municipal corporation designated as a port under any general or special law of the State of Oregon, may be empowered by statute to raise money and expend the same in the form of a bonus to aid in establishing water transportation lines between such port and any other domestic or foreign port or ports, and to aid in establishing water transportation lines on the riverse water transportation lines on the riverse. water transportation lines on the interior rivers of this State, or on the rivers between Washington and Oregon, or on the rivers of Washington and Idaho reached by navigation from Oregon's rivers; any debts of a municipality to raise money created for the aforesaid purpose shall be incurred only on approval of a majority of those voting on the question, and shall not, either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed 1% of the assessed valuation of all property in the municipality.

municipality.

It will be seen from the above that the power to limit the indebtedness of municipalities has been relegated to the Legislative Assembly. In 1903 the Legislature, acting under this authority, passed the following Act Section 2722 of Bellinger & Cotton's Annotated Codes and Statutes:—

"The common council," of incorporated cities and towns, "shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first beta interest the sum of two thousand five hundred dollars without first

obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum."

The above limitation does not apply to bonds issued in anticipation of the collection of street and sewer assessments under the authority of any charter of any city of 2,500 or more inhabitants. See sections 2727 to 2735

of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger & Cotton's Code, section 3389, paragraph 31) gives permission to school boards to Issue bonds (prescribing the method) without special legislation, but stipulates that "in no case shall method) without special legislation, but stipulates that "In no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed \$100,000—the 5% limit

mentioned above applying to all districts of under 75,000 inhabitants.

Chapter 110, Laws of 1923, provides that no school district bonds may be sold at less than par. It seems to be a general provision that no municipal bonds, except for drainage and irrigation bonds, may be sold below par.

Drainage and irrigation districts may not sell bonds below 90.

Drainage and irrigation districts may not sell bonds below 90.

The Oregon Supreme Court on Dec. 14 1920 held that the constitutional amendment providing that counties may issue bonds for permanent highway improvements up to 6% of their assessed valuation, is valid. (See "Chronicle" of Dec. 25 1920.)

SECTION 9. Said bonds shall be a direct obligation of the State and shall be in such form and shall run for such periods of time and bear such rates of interest as shall be provided for by statute."

TAXATION OF MUNICIPAL BONDS.—Under Sections 4232, 4234 and 4271, Oregon Laws of 1920, State and municipal bonds are subject to taxation. However, in 1921 the Legislature passed an Act exempting from all taxation, except as to income, bonds issued by the State and by counties from and after May 24 1921 for building or maintaining public roads; highway bridges, &c.

COUNTIES, CITIES, &c., REQUIRED TO REPORT ANNUALLY STATUS OF BONDED INDEBTEDNESS TO STATE TREASURER.—Chapter 59, Laws of 1925, requires Treasurers, Secretaries or financial officers of counties, cities, towns, irrigation districts, drainage districts, school districts, reclamation districts, or other political subdivisions of the State to report annually, on or before Nov. 1 in each year, the status of the bonded indebtedness to the State Treasurer.

STATE INCOME TAX LAW RÉPEALED BY VOTERS.—On Nov. 4 1924 the electorate of the State voted to repeal Chapter 279, Laws of 1923-known as the Income Tax Act. The question of repeal was placed before the voters by initiative petition. The vote was 123,799 for to 111.055

against. In April 1924 the law now repealed was (see V. 118, p. 2089) held unconstitutional by the Marion County Circuit Court (Case Standard Lumber Co., Portland, vs. State Tax Commission). As the fourth installment of the tax has not yet been paid, the question vexing the State authorities is whether this is collectible. Earl Fisher, State Tax Commissioner, asked State Attorney-General Van Winkle for an opinion on the subject. The latter, while holding that the unpaid portion of the income tax is collectible, in a statement issued Nov. 26 said that, in view of the conflict of authorities, the question could only finally be settled by a decision of the State Supreme Court.

the State Supreme Court.

By Chapter 160, Laws of 1925, however, all unpaid income taxes for the year 1923 were made collectible. For this purpose only the Legislature at the 1925 session passed legislation (Chapter 316, Laws of 1925) renacting the old income tax law (Chapter 279, Laws of 1923).

PROPOSED CONSTITUTIONAL AMENDMENT TO DO AWAY WITH INCOME TAX AND INHERITANCE TAX UNTIL 1940.—There is proposed and will be submitted to the voters at the next general or special election in this State a proposed amendment to Article IX of the State Constitution adding thereto a new section (1-C) which, if adopted would provide as follows:

Section 1-c.—No. tax upon inheritances or upon the income of residents or citizens of this State shall be levied by the State of Oregon, or under its authority, and no amendment of this section shall be submitted to the people before the year 1940. This section shall not relieve from payment of inheritance tax any estate of any person who may have died before the adoption of this amendment nor shall it prevent the collection of any income tax accrued on incomes prior to the adoption of this amendment.

DEBT LIMITATION.—An amendment to Section 3, Article IX of the constitution was adopted by the voters at the general election on Nov. 7 1916 changing the limit of State debt from \$300,000 to 1% of assessed valuation of property in the State. V. 103, p. 862. Section 3, together with Sec. 4 of the same Article, Sections 8, 9 and 10 of Article VIII and Section 7 of Article XVII reads as follows:

ARTICLE IX., Section 3. (State Debt Limited.)—The State may

valuation of property in the State. V. 103, p. 862. Section 3, together with Sec. 4 of the same Article. Sections 8, 9 and 10 of Article VIII and Section 7 of Article XVII reads as follows:

ARTICLE IX., Section 3. (State Debt Limited.)—The State may contract public debts; but such debts shall never in the aggregate exclusive of interest, exceed one per cent of the assessed valuation of the State, as shown by the reports of the county assessors to the State Comptroller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within twenty years from the passage of such law, and shall especially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed, nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, provide for the public defense.

Section 4. (State Prohibited from Assuming Debts of Cities, &c., The State shall never assume the debt of any county, town, city or other corporation whatever, unless such debts have been created to repel invasion, suppress insurrection or to provide for the public defense.

ARTICLE VIII., Section 9. (State Shall Not Loan Its Money or Credit, &c.) The State shall not donate or loan money or its credit, subscribe to be interested in the stock of any company, association, or corporation, except corporations formed for educational and charitable purposes.

ARTICLE XVI

ARTICLE VIII., Section 10. (County, City, Town, &c., Not to Be Stockholders, &c.)... No county, city, town or other municipal corporation

shall become a stockholder in any joint-stock company, corporation or association whatever, or loan its credit in aid of any such company, corporation, or association, except railroad corporations, companies, or associations. Section 8. (Cities and Towns to Be Restricted by General Laws. The Legislature shall provide for the organization of cities and towns by general aws, and restrict their power of taxation, assessment, borrowing money contracting debts, and loaning their credit except for procuring supplies of water.

TAXATION OF MUNICIPAL BONDS—In reply to an inquiry to that effect, we are unofficially advised that State and municipal bonds are impliedly exempt from taxation, unless an intention to include them is clearly manifested by the taxing laws of the State. As the statutes of Nevada do not expressly tax secur ties of this nature and inasmuch as they are instrumentalities of the government, the opinion is expressed that such bonds are exempt from taxation.

TAXATION OF MORTGAGES,—See V. 97, p. 540, for an Act passed the 1913 Legislature making provision for the taxation of mortgages, seds of trust, &c.

by the 1913 Legislature making provision for the taxation of mortgages, deeds of trust, &c.

SAVINGS BANK INVESTMENTS—FUNDS—HOW INVESTED.—
The regulations governing the investment of funds of savings banks in Nevada are prescribed in Section 6 of the Banking Law of that State, as amended by chapter 69 of the laws of 1919. This section reads as follows:

Section 6. Any banking corporation designating its business as amended by chapter 69 of the laws of 1919. This section reads as follows:

Section 6. Any banking corporation designating its business as a savings bank shall have power to carry on a savings bank business as prescribed and limited in this act. for a further period not exceeding 30 days, provided three-fifths of the members elected to each house concur.

DEBT LIMITATIONS.—A new Constitution went into effect in July 1902. Section 127 of Article 8 fixes a limit of indebtedness in the cases of cities and towns of 18% of the assessed value of real estate. Under a law passed in 1908 (Chapter 70) and amended from time to time, the last amendment being made on March 28 1922, the right is given to any magisterial district located in this State to issue bonds at not exceeding 6% interest for roads and bridges up to 10% of the assessed value of the taxable property contained therein, provided they are authorized by a majority vote. A tax levy must be made each year to meet the interest and provide a sinking fund to extinguish the debt in thirty-four years. Section 127 follows:

Sec. 127.—Article 8. No city or town shall issue bonds or other interest-bearing obligations for any purpose, or in any manner, to an amount which, including existing indebtedness, shall at any time exceed 18% of the assessed valuation of the real estate in the city or town subject to taxation, as shown by the last preceding assessment for taxes; provided, however, that nothing above contained in this section shall apply to those cities and towns whose charters existing at the adoption of this Constitution authorize a larger percentage of indebtedness than is authorized by this section; and provided further that in determining the limitation of the power of a city or town to incur indebtedness, there shall not be included the following classes of indebtedness:

(a) Certificates of indebtedness, revenue bonds or other obligations issued

charters existing at the adoption of this Constitution authorize a larger percentage of indebtedness than is authorized by this section; and provided further that in determining the limitation of the power of a city or town to incur indebtedness, there shall not be included the following classes of indebtedness:

(a) Certificates of indebtedness, revenue bonds or other obligations issued in anticipation of the collection of the revenue of such city or town for the then current year, provided that such certificates, bonds or other obligations mature within one year from the date of their issue, and be not past due, and do not exceed the revenue for such year.

(b) Bonds authorized by an ordinance enacted in accordance with Section 103, and approved by the affirmative vote of the majority of the qualified voters of the city or town voting upon the question of their issuance, at the general election next succeeding the enactment of the ordinance, or at a special election held for that purpose, for a supply of water or other specific undertaking from which the city or town may derive revenue; but from and after a period to be determined by the council, not exceeding five years from the date of such election, whenever and for so long as such undertaking falls to produce sufficient revenue to pay for cost of operation and administration (including interest on bonds issued therefor, and the cost of insurance against loss by injury to persons or property), and an annual amount to be covered into a sinking fund sufficient to pay, at or before maturity, all bonds issued on account of said undertaking, all such bonds outstanding shall be included in determining the limitation of the power to incur indebtedness, unless the principal and interest thereof be made payable exclusively from the receipts of the undertaking.
