tonal bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also \$421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable amounting to \$3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, \$875,000; 8% State bonds issued to said road, \$2,500,000; 8% bonds issued to the N. O. Mobile & Chattanooga RR., \$70,000; 7.30% bonds issued to the Mississippl & Mexican Gulf Ship Canal Co., \$260,000,& The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no littigation on the matter since the Act of 1894, under which holders of \$364,295 bonds disposed of the same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376 V. 94 p. 1263.

In 1913 the question of whether or not Louisiana bonds were legal investments for New York State savings banks was raised, the fact that the State of Louisiana had failed to take up its outstanding "baby" bonds being offered as reason for declaring them ineligible. The Attorney-General's final decision, however, was that, as these bonds were to have been paid out of only the taxes due the State but unpaid prior to 1879, and the credit of the State not being pledged for their payment, the failure to pay the principal on the bonds did not constitute such a def

ASSESSED VALUATION.—The assessments prior to the year 1917 were based upon a 50% valuation. For 1917 and subsequently the assessments have been based upon a 100% valuation. The State tax (per \$1.000) for 1917 was \$5.00. In addition to the 1917 State tax there was a special Confederate veteran pension fund tax of \$1.00 and a special road tax of 25 cents. The State tax (per \$1.000) for 1921 was \$5.25 and was the same for 1922 and 1923.

not handled by the Board of Liquidation of City Debt, but direct by the city officials. Interest and principal is paid by City Treasurer On June 30 1925 the city also had outstanding \$6,396.400 paving certificates.

On June 30 1925 the city had also outstanding temporary loans in the amount of \$2,250,000.

PREMIUM BONDS.—The premium bonds (\$20 each) receive no interest till drawn by lot for payment and then they receive principal with simple interest from July 15 1875. They also get a premium if they happen to draw a prize, 2.352 prizes, aggregating \$100.000, being distributed yearly among the drawn bonds. From 1892 to 1895 inclusive, 21,000 bonds (par value \$420,000) bonds payable from 10,500 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds each, on Jan. 15 and July 15; since 1895 bonds to the number of 10,000 are paid semi-annually—20,000 bonds annually. There are two drawings to determine the bonds payable July 15 in each year, and they take place Ian. 31 and April 15 next preceding. The drawings to determine the bonds payable July 15 in each year, and they take place Ian. 31 and April 15 next preceding. The drawings to determine the bonds hall receive prizes (ranging from \$20 to \$5,000) occur just before the bonds are paid. Drawn premium bonds are receivable by the oity for all dues, licenses, taxes and debts of any description at their face value and interest.

At a meeting held Jan. 9 1912 the Board of Liquidation of the City Debt declined, upon the advice of their attorneys, Dufour & Dufour, to refund into 6% bonds which are for \$20 each. See V. 94, p. 223.

The premium bonds for Sept. 1 1875. This action was taken in reply to a letter received from Benjamin Ory, who held five of the bonds, which are for \$20 each. See V. 94, p. 223.

LEGISLATURE meets blennially in odd years on the second Monday in January, and sessions are limited to sixty days.

HISTORY OF DEBT.—For early history of the Arkansas State debt eee "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has been refunded by an issue of 3% 30-year bonds, denominations \$500 and \$1,000, except \$15,000 in bonds of 1869 and 1870, and the estimated interest thereon, amounting to \$24,300, which have not been presented for refunding. All valid 6% funding bonds were called for payment Dec. 1 1901, those not presented up to that time being now null and void. By an Act of 1917 these—bonds were reissued at an interest rate of 5%.

The total amount of bonds outstanding Oct. 1 1925 was \$2.447,166.67 of which \$1,314,500 are held by the State's School Fund and \$132,666.67 by the permanent endowment fund of the University of Arkansas. The total cash balance of all funds on Oct. 1 1925 was \$6,986,739.95.

TOTAL DEBT, &c .- The total bonded indebtedness of the State on Oct. 1 1925 was \$2.447.166.67. 5% permanent school bonds issued in 1917 & maturing in 1947.\$1,134,500 00

6% Penitentiary Funding bonds issued in 1921 and maturing

\$22.000 each year beginning with 1926 and continuing
through 1941, except that in 1941 there will be only \$20,000

350,000 00 to mature\_ 4½% University Building bonds issued in 1925 and maturing Sept. 1 1930 to 1945

DEBT NOT RECOGNIZED .- The State has never recognized the \$1,986.73 7% Level bonds which fell due Jan. 1 1900, claiming that the Act authorizing the issue of these bonds was never legally passed by the Legislature, in that roll-call was not had on the bill, which is contrary to the Constitution. A great many of these bonds, however, were used for the purchase of State lands. The Holford funding bonds of 1870, to amount of \$1,370,000, which fell due Jan. 1 1900, also have not been recognized by the State. .Certain railroad bonds such as the Little Rock & Fort Smith, the Little Rock Pine Bluff & N. O., the Miss. Ouachita & Red River and the Arkansa Central, which the State had also declined to recognize, were taken care of in the settlement perfected by the bondholders with the Missouri Pacific Ry. on its reorganization.

DEBT LIMITATION.—The provisions of the Constitution concerning State, county and municipal indebtedenss, are contained in Sections 1, 2 and 9 of Article 16. This section does not prohibit the State from issuing interest-bearing bonds or notes, but does prohibit the Issuance of Interest-bearing evidences of Indebtedness by counties or municipalities. The issuance of bonds by improvement districts, such as school, levee, bridge drainage, road and other improvement districts is not prohibited by the Constitution, and the Supreme Court of the State of Arkansas, in a series of decisions extending over a period of 25 years, has held, without qualification, that the above sections of the Constitution have no application to bonds issued by improvement districts, and that such districts have the right to borrow money, issue bonds or other interest-bearing evidences of indebtedness. Section 27, Article 19, authorizes the organization of improvement districts within the corporate limits of cities and towns. Bonds issued by the various improvement districts accordingly have a recognized standing, the taxes being collected by the county and municipal officials and the proceeds paid into the treasury of the districts.

Sections 1, 2 and 9, Article 16, and Section 27, Article 19, referred to above, follow:

Section 1. Neither the State nor any city, county, town or other municipality in this State shall ever loan its credit for any purpose whatever; nor shall any county, city, town or municipality ever issue any interest-bearing evidences of indebtedness, except such bonds as may be authorized by law to provide for and secure the payment of the present existing indebtedness, and the State shall never issue any interest-bearing so scrip.

sectip. Sec. 2. The General Assembly shall, from time to time, provide for the payment of all just and legal debts of the State.

Sec. 9. No county shall levy a tax to exceed ½ of 1% for all purposes, but may levy an additional ½ of 1% to pay indebtedness existing at the time of the ratification of this Constitution.

Section 27. Nothing in this Constitution shall be so construed as to prohibit the General Assembly from authorizing assessments on real property for local improvements in towns and cities, under such regulations as may be prescribed by law, to be based upon the consent of a majority in value of the property holders owning property adjoining the locality to be affected; but such assessments shall be ad valorem and uniform.

(At the general election Sept. 14 1914 a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebtedness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast on that particular subject, it did not receive a majority of the votes cast for State officers, and therefore failed of adoption. V. 100, p. 1185.)

(An amendment to the Constitution providing that the credit of the State might be loaned to an amount not exceeding 2% of the assessed valuation of property in the State upon the security of farm lands within the State, was defeated at the November 1918 election.)

The State Supreme Court upheid the road-building law passed by the Legislature in 1915. See "Chronicle" of May 6 1916, page 1733.

ROAD IMPROVEMENT DISTRICTS.—Act 265, Laws of 1925, authorizes Road Improvement Districts to issue bonds to refund outstanding bonds and for other purposes.

CONSTITUTIONAL AMENDMENTS ADOPTED IN OCTOBER 1924—MUNICIPALITIES MAY ISSUE INTEREST-BEARING CERTIFICATES FOR NON-INTEREST BEARING WARRANTS,—On Feb. 16 1925 the State Special Supreme Court, named for the purpose, decided that the three constitutional amendments voted on at the regular State election Oct. 7 1924 (V. 119, p. 1979) were all adopted. The decision was rendered in the case of Brickhouse vs. Hill (V. 121, p. 613). All three measures in question received favorable majorities, but did not in each case receive a majority of the vote cast at the election, and therefore were believed to have been defeated. The Court's decision is to the contrary and holds that a majority of the voters on the proposals was sufficient for adoption. One of the amendments adopted (No. 11) relates to Section 4 of Article 12 of the State Constitution, and permits cities, counties and incorporated towns, to issue interest bearing certificates or bonds for the payment of non-interest bearing warrants, and to levy in payment therefor an extra 3 mills in addition to all other authorized taxes. Enabling acts were passed (Acts 210 and 292, Laws of 1925) under authority of the amendment at the 1925 season of the legislature.

The decision in above case also gives force to an amendment passed upon in 1918 and which, according to the Attorney-General, is governed by the decision in the case of Brickhouse vs. Hill. The amendment voted on at the general election Nov. 5 1918 received a majority of those voting upon it, but not a majority of the total vote cast at the election. It affects Section 1 of Article XVI and provides that incorporated towns of 1,000 or more, and cities of the first class and second class, may issue bonds, when authorized by a vote of the qualified electors of the municipalities, for the purpose of funding or refunding existing indebtedness incurred prior to the adoption of the amendment, and for certain other purposes, and prescribes in detail the manner of and under what conditions such bonds may be issued. CONSTITUTIONAL AMENDMENTS ADOPTED IN OCTOBER 1924

TAXATION OF MUNICIPAL BONDS.—Bonds or other interest-bearing evidences of indebtedness issued by the State, or political sub-divisions thereof, are subject to taxation as personal property, but only when owned or held by residents of the State.

FEDERAL FARM LOAN BONDS AUTHORIZED FOR FINANCIAL INSTITUTIONS. TRUSTEES, &C.—The 1921 General Assembly passed an Act authorizing the investment by financial institutions, trustees, &c., in bonds issued under the Federal Farm Loan Act. Sections 1 and 2 of the Act read as follows:

Act read as follows:

Section 1. That hereafter it shall be lawful for all banks, banking companies, trust companies, savings banks, building and loan associations, insurance companies, doing business in the State of Arkansas, all trustees and guardians of the estates of minors and insane presons, executors or administrators, to invest their funds in bonds issued under the Act of Congress, dated July 17 1916, entitled the "Federal Farm Loan Act," or any Act amendatory thereof.

amendatory thereof.

Sec. 2. That hereafter it shall be lawful for any person, firm or corporation, now or hereafter required by law to maintain a cash deposit as public security, or in lieu thereof to file a bond of approved security in favor of the State of Arkansas, to deposit with the officer of the State of Arkansas, to deposit with the officer of the State of Arkansas now or hereafter designated as the custodian of such funds, in lieu of such cash deposit, an amount of bonds issued under the Act of Congress, dated July 17 1916, known as the "Federal Farm Loan Act," which, at the market value thereof, shall equal or be in excess of the amount required as such cash deposit.

Section 3 repeals all laws conflicting with this Act. POPULATION.—The population has been as follows:

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the Department of Insurance and Banking wrote us in part as follows concerning the law regulating the investment of funds of savings institutions in These

cerning the law regulating the investment of runds of savings institutions in Texas
""\* \* \* While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established what is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and mingled with the commercial business of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than 85% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.

3. In bonds of the State of Texas, or of any state of the Union that has not within the last five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof.

4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicile in the State.

5. In bonds or notes secured by first mortgage, deed of trust or other valid lien on unincumbered, improved real estate to run for a term of not longer than ten years, situated in the State, worth at least twice the amount plete abstract of title to the property mortgaged and an attorney's certificate or title insurance policy in some company incorporated under the land mortgaged.

It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above described.

The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks

| AUSTIN (Concluded). § INT. as irving Nat. Bank, N. Y. Under the terms of an ordinance passed by the City Council and rati- fied by popular vote, an agreement was authorized between the City Water Power Co. and the City of Austin, dated Sept. 22 1911, under which the entire property of the water company will be owned by the city upon the completion of the required payment of \$64,800 per annum for 25 years and \$100,000 cash upon the completion of the new dam. The annual payment mentioned above is made one-half every six months di- rectly to the trustee (New York Trust Co.), which pays the interest and re- deems bonds therefrom. The pay- ments by the city are derived from the gross income of the city's water. light and power department, and the city is required by the ordinance to maintain water, light and power rates sufficient and adequate to pay the in- stallments as they mature. The gross earnings of the water company in 1914 were \$324,940.24 and the operating expenses \$118,324.07. |

Net debt.....\$6.183.850
In 1902 the State of Texas, by Legislative Act, donated its ad valorem taxes in Galveston County for a period of 17 years to be applied exclusively to the redemption and interest payments of the city's graderaising bonds. At the present time there is approximately \$190.000 collected annually in State taxes. In 1917 the Legislature extended the operation of this law, and again in 1925 a further extension of 10 years was granted.

In addition to the sinking fund as given above, the city owns \$622.200 wharf company stock. Also owns a water-works plant valued at \$2.250.-293.93. an electric-light plant, sewer plant, &c. The total assets of the city on July 1 1925 aggregated \$11.991.180.96.

Sinking fund receives yearly an amount equal to 2% of outstanding bonds.

The city holds as a reserve fund \$25.000 set aside by its charter.

To get at the net debt, it is necessary to deduct the net cash balance in the Treasury; this latter amounted to \$331,177,346.08 Sept. 30 1925 (after allowing for \$411,561.87 for net excess of disbursements over receipts in September reports subsequently received), and to \$142,902,509.22 on Nov. 30 1925, without any allowance for revisions.

Consolidation of Liberty Bond Tax Exemptions.—The degree of tax exemption enjoyed by the different issues of Liberty Loan and Victory Liberty Loan bonds is given below in the remarks relating to each issue. In the Revenue Act of 1921 the various provisions appertaining to the several issues were consolidated in Section 1328 of the Act. The same provision is contained in the Revenue Act of 1924, approved by the President on June 2 1924, and constitutes Section 1028 of the new Act. The new Revenue Act, complete, was published in a special supplement to the "Financial Chronicle" on June 7 1924. We give Section 1028 herewith:

We give Section 1028 herewith:

BECTION 1028. That the various Acts authorizing the issues of Liberty bonds are amended and supplemented as follows:

(a) On and after January 1 1921, 4 per centum and 4½ per centum Liberty bonds shall be exempt from graduated additional income taxes sommonly known as surtaxes, and excess profits and war profits taxes, now or hereafter imposed by the United States upon the income or profits of individuals, partnerships, corporations, or associations, in respect to the interest on aggregate principal amounts thereof as follows:

Until the expiration of two years after the date of the termination of the war between the United States and the German Government, as fixed by proclamation of the President, on \$125,000 aggregate principal amount; and for three years more on \$50,000 aggregate principal amount. [The efficial date of the termination of the war by efficial proclamation was July 2 1921.—Ed.]

(b) The exemptions provided in Subdivision (a) shall be in addition to the exemptions provided in Section 7 of the Second Liberty Bond Act, and in addition to the exemption provided in Subdivision (3) of Section 1 of the Supplement to the Second Liberty Bond Act in respect to bonds issued upon conversion of 3½ per centum bonds, but shall be in lieu of the exemptions provided and free from the conditions and limitations imposed in Subdivisions (1) and (2) of Section 1 of the Supplement to Second Liberty Bond Act and in Section 2 of the Victory Liberty Loan Act.

Section 1402 of the Powerup Act of 1021 impressed from \$1,000 to \$5,000 the limit placed on the amount of holdings.

Section 1402 of the Revenue Act of 1921 increased from \$1,000 to \$5,000 the limit placed on the amount of holdings, of any one person, of Treasury (War) Savings Certificates.

Below we analyze the Congressional Acts authorizing the incurring of indebtedness and the issues made under each:

CERTIFICATES OF INDEBTEDNESS UNDER ACT OF SEPT. 24 1917, APR. 4 1918, APR. 23 1918. MAR 3 1919.—(Column 8.)—Sec 6 of Act of Sept. 24 1917 provides for the issuance of certificates of indebtedness at not less than par and at such rates of interest as the Secretary of the Act of Sept. 24 1917 provides for the issuance of certificates of indebtedness at not less than par and at such rates of interest as the Secretary of the Treasury may prescribe for the purposes of the Act and to meet public expenditures authorized by law, each certificates so issued payable at such time not exceeding one year from the date of its issue, and redeemable before maturity upon such terms and conditions, and the interest accruing thereon payable at such time or times as the Secretary of the Treasury may prescribe. The sum of such certificates outstanding was not at any one time to exceed in the aggregate \$4.000,000,000,000. but this was increased under the Act of April 4 1918 to \$8.000,000,000 and further increased to \$10.000,000.000 under the Act of March 3 1919. Under the authority thus granted the Secretary has issued varying amounts of these certificates from time to time, through the Federal Reserve banks, all for short periods, the rate of interest being at first fixed at 4%, then raised to 4¼%, to 4½, to 5½, to 5½, to 5½, to 5½, and finally to 6%. During 1921 the rate of interest being at first fixed at 4%, then raised to 4¼%, to 4½, to 5½, to 5½, to 5½, to 5½, and finally to 6%. During 1921 the rate of interest declined and at the close of the year was down to 4½ and 4½% and in the first six may be active to 3½%. During the second half of 1922 and the first five months of 1923 the rate increased again to 4½% but an issue put out en June 11 1923 bore only 4%. After that time and up until March 1924 all the issues were either put out at 4% or 4½%, the former rate predominating. On June 8 1924, on an offering of certificates in the amount of \$150.000,000 or thereacouts, the rate was lowered to 2½% interest—thus bringing the rate down to the interest prevailing before the war. The 2½% rate was the lowest rate paid by the Government on any former rate predominating. On June 8 1924, on an offering of certificates in the amount of \$150,000,000 or thereabouts, the rate was lowered to 2 \( \frac{4}{3} \), and the former rate predominating. On June 8 1924, on an offering of certificates in the amount of \$150,000,000 or thereabouts, the rate was lowered to 2 \( \frac{4}{3} \), interest—thus bringing the rate down to the interest rates prevailing before the war. The 2 \( \frac{4}{3} \) was the lowest rate paid by the Government on any war or post-war financing. Subscriptions for these certificates amounted to \$609,192,500, but only \$193,065,500 was allotted, of which \$124,608,400 represented allotments on subscriptions for which Treasury certificates maturing June 16 1924, or Treasury notes maturing June 15 1924, were tendered in payment. In September 1924 another offering was made at 2 \( \frac{4}{3} \) winterest. The offering was for \$350,000,000 or thereabouts; subscriptions amounted to \$596,145,500, of which \$391,369,500 were accepted, this including \$125,982,000 subscriptions for which Treasury notes falling due Sept. 15 1924 were tendered. On March 5 and June 8 1925, respectively, two more offerings of Treasury certificates were made. These were at 3 \( \frac{3}{3} \) interest. The offering on March 5, as announced above, took the form of a combined offering of \$450,000,000 or thereabouts of 3 \( \frac{3}{3} \) Treasury bends. Subscriptions for the certificates amounted to \$365,230.000, of which \$219,462,400 were allotted. Of the subscriptions received about \$271,000,000 represented cash subscriptions; payment for the remaining \$94,000,000 of subscriptions being tendered in Treasury notes and certificates of indebtedness maturing March 15 1925. The allotment made on the bonds is given above. The offering on June 8 was for \$125,000,000 or thereabouts bearing 3 \( \frac{3}{3} \) winterest ment during the latter part of 1925. On September 8 an offering of \$250,000,000 or thereabouts bearing 3 \( \frac{3}{3} \) winterest, was made. Subscriptions for t

The bonds out bear 3½% interest and are payable in United States gold coin of the present standard of value, and exempt both as to principal and interest, from all taxation, except estate or inheritance taxes, imposed by authority of the United States or its possessions or by any State or local taxing authority. Under the Act \$2,000,000,000 gold bonds, running 15-30 years and bearing 31% interest payable semi-annually June 15 and Dec. 15 were effered for subscription, denominations of coupon bonds being \$50, \$100, \$500 and \$1,000, and registered bonds \$100, \$500, \$1,000, \$50,000, \$10,000, \$50,000 and \$100,000. Subscriptions totaled \$4,617,532,300, or \$1,617,532,300 more than the minimum sought, and on the basis of 50% of the oversubscriptions, the amount issued was \$3,807,865,000; all those up to \$50,000 were allotted in full. With the issue of the Second Liberty 4s, dated Nov. 15 1917, a conversion privilege arose with respect to the First Liberty 3½s which continued until May 15 1918. The bonds issued upon conversion retained the date of maturity, the terms of redemption, and the dates of interest payment of the 3½s, but otherwise had the terms of the Second Liberty 4s. When the Third Liberty 4½s were issued on May 9 1918, the holders of the uncon verted First Liberty 3½s had the privilege of conversion into the new 4½s and so did the holders of First Liberty converted 4s and of Second Liberty 4s. With the issuance of the Fourth Liberty Loan on Oct. 24 1918, a new privilege of exchange accrued to the holders of the unconverted First Liberty 3½s; this privilege remained open until April 24 1919. This privilege was privilege does not apply to the unconverted 3½s of the First Liberty Loan.

Note 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year.

Note 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

\* Note 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold reserve fund as a separate Item, and not included it in the available cash balance. In the above statement, however, we have continued to include the item for the years given.

a Under the new form of statement issued by the Treasury Department the gold reserve (\$153,620,985.51 Nov. 30 1925) is deducted from the total of United States notes outstanding, decreasing to that extent the debt bearing no interest and consequently making a similar reduction in the balance of each available to pay maturing obligations.

To this must be added "matured interest obligations, &c.," which on Sept. 30 1925 (the latest date available) amounted to \$139.423,935 25.

d These totals have been increased by the amounts of the "matured interest obligations, &c.," which were \$296,463,861 June 30 1922, \$176,085,461

June 30 1923, \$164,954,358.94 June 30 1924 and \$142,941,522.28 June 30 1925.

## Availability of Municipal Bonds as Security for Deposits of Postal Savings Funds.

In recent years municipal bonds have gained important advantages through their exemption from the Federal income tax and through the further fact that they are eligible within certain limits and under certain regulations and restrictions as security for deposits of Postal Savings Funds. The Postal Savings system was established by Act approved June 25 1910, but the growth of the system has been greatly stimulated by amendments made by an Act of Congress approved May 18 1916, and by another amendment made by Act of July 2 1918. Under these amendments certain limitations in the original law upon the aggregate of the deposits of individuals have been greatly curtailed and the law liberalized. By the first amendment, the provision in the original law that the balance to the credit of any one person should not be allowed to exceed five hundred dollars, exclusive of accumulated interest, and the further provision that "no one shall be permitted to deposit more than \$100 in any one calendar month" were both eliminated, the only limitation imposed being that "the balance to the credit of any person, upon which interest is payable, shall not exceed \$1,000 exclusive of accumulated interest"; a succeeding section provided "that the Board of Trustees may, in their discretion, and under such regulations as such Board may promulgate, accept additional deposits not to exceed in the aggregate \$1,000 for each depositor, but upon which no interest shall be paid." The amendment of 1918 which is contained in the Postal Service Appropriation Act for 1919. approved July 2 1918, went considerably farther in extending the aggregate of money an individual may keep on deposit. It provides that the amount to the credit of any one person in a postal savings depository, exclusive of accumulated interest, shall not exceed \$2,500, and that non-interestpaying deposits shall not be accepted. And this is the law as it now stands.

Under the Postal Savings Law the funds received at Postal Savings depository offices in each city, town, village

or other locality, must be deposited in solvent banks located therein, provided these banks qualify to receive the deposits. One of the qualifications is the pledging by the banks against the deposits of "such security in public bonds or other securities authorized by Act of Congress or supported by the taxing power as the Board may prescribe, approve and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand." In accordance with this requirement the Board of Trustees, consisting of the Postmaster-General. the Secretary of the Treasury and the Attorney-General, has prescribed the terms and conditions and the figures at which different classes of municipal obligations, meeting the requirements of the law, will be accepted. These regulations are general in character and vere promulgated Aug. 16 1916, the rules being subdivided in 28 sections, of which Sections 8 to 12, inclusive, appertain to the securities to be pledged for the deposits. Section 8 of these regulations was amended in 1917 by the Board of Trustees so as to include Federal Farm Loan bonds and again in 1919 so as to include War Finance Corporation bonds. Some other but minor amendments were also approved by the Board of Trustees during 1917. These are all incorporated in the transcript of the rules given below.

As far as prices are concerned, State bonds and also bonds of the Territory of Hawaii are accepted at their market value, but not above par; bonds of any city or county having a population of over 30,000 are accepted at 90% of their market value, but if such market value is above par they will be accepted at only 90% of the par value; bonds of any city, town, borough or village in the United States having a population running between 20,000 and 30,000 are accepted at 80% of th ir market value, provided said market value is not in excess of par; while bonds of any other city, town, county or other legally constituted municipality or district in the United States, otherwise eligible, are accepted at 75% of their market value, but not to exceed 75% of the par value. The eligibility of the securities is fixed by Sections 9 to 12 of the regulations. We now give Sections S to 12 of

the Board's regulations in full with all amendments included: SECURITY FOR DEPOSITS.

Sec. 8. The Board of Trustees hereby prescribes and approves such security in public bonds or other securities, authorized by Act of Congress or supported by the taxing power, as it deems sufficient and necessary to insure the safety and prompt payment on demand of postal savings deposits, and fixes the value at which the securities so prescribed and approved shall be accepted for the purposes named.
