**(The) Cudahy Packing Co.**

(Annual Report—Year Ended Oct. 27 1928.)

Chairman E. A. Cudahy says in substance:

The profits for the year of \$2,567,328, while somewhat below our earlier expectations, were nevertheless sufficient to enable us to meet our dividend requirements and add \$288,833 to surplus.

The principal reasons for profits not being larger were a sharp decline in the prices of pork products during the last two months of the year and a falling off in the demand for beef on account of the high prices resulting from a scarcity of beef cattle. The average price per cwt. paid by us for live cattle for the year 1928 was higher than the average of any year since the company commenced business in 1887, and \$1.12 per cwt. higher than for the year 1918 with its "meatless days" and heavy war demands.

Export demand for pork products was light, but this did not seriously affect us. The total volume of our business showed a gratifying increase. The sales for the year, amounting to \$251,150,000, represent the heaviest tonnage ever handled by the company in any one year.

During the year we increased the capacity of our plants by the erection of a large new storage warehouse, and another is nearing completion. Further in line with our policy of keeping pace with the latest developments in packing house operation, we installed new rendering systems at all of our large plants and enlarged and improved our killing facilities. These additions and improvements will enable us to effect greater economy in operation.

An Industrial Relations Plan under which employes and management have equal representation is in operation at our larger plants and this, along with our pension plan, Thrift plan and group insurance, have done much to strengthen the friendly relations which exist between the company and its employes and to maintain the morale of our organization.

The affairs of the company are in a very satisfactory condition and looking forward it may be noted that the decline in pork prices at the close of the year, while effecting this year's profits, places us in a more advantageous position for the coming year. The new year has opened with a steady demand for our products, general trade conditions are excellent, and while we cannot forecast at this time what 1929 holds in store for us, I believe that the first part of the new year at least will be more remunerative to the company than were the early months of 1928.

Firestone Tire & Rubber Co. (And Sub. Cos. in U. S.).  
(Annual Report—Year Ended Oct. 31 1928.)

Pres. Harvey S. Firestone, Dec. 15, wrote in substance: Sales for the parent company and subsidiaries in the United States were \$125,664,666. Unit sales were considerably higher than last year but on account of reduced selling prices the dollar sales were slightly lower. Net profit for the year, after providing for depreciation, interest, Federal taxes and all charges was \$7,072,014. After deducting dividends on preferred stock, the net profit applicable to the common stock was \$14.66 per share.

The profits of rubber manufacturing companies are influenced largely by the fluctuations in prices of their basic raw materials, rubber and cotton. The British Government announced, on April 4, that it would rescind the Stevenson Rubber Restriction Act which had the effect of reducing the price of rubber from 42c. to 18c. at a time when our inventories and crude rubber stocks were at the highest peak of the year. Our interest in the Crude Rubber Agency (an agency organized to carry reserve stocks of rubber in the United States to stabilize prices) was also the heaviest at this time, and our net cash loss in this agency alone was \$3,250,000.

During the past year we have built and put into operation our Western factory at Los Angeles with a capacity of 60,000 pounds a day. We have purchased 28 acres of land and built a factory at Brentford, near London, Eng., with splendid road, rail and water shipping facilities. This plant was urgently needed to keep pace with our rapidly increasing export business.

The capacity of our factories at Akron, Ohio and Hamilton, Ont., has been increased so that we now have a daily capacity in all of our plants of 65,000 cases and tubes.

We have purchased Manomet Mill No. 4 at New Bedford, Mass. from William Whiteman Co., Inc. This mill, which is the largest and best equipped cotton fabric mill in the world, together with our fabric mills at Fall River, places us in a position to obtain our fabric at the lowest cost. In order to adequately finance the purchase of cotton on the primary markets and its fabrication in our own mills, Firestone Cotton Mills issued and sold \$12,000,000 5% gold bonds.

Our subsidiaries which manufacture and sell direct to the trade—Firestone Footwear Co., the Firestone Steel Products Co., the Xylos Rubber Co.—have had very satisfactory increases in production, sales and profits.

Firestone Plantations Co. is progressing in Liberia and is more than coming up to our expectations. We now have 30,000 acres planted in rubber trees that are showing exceptional growth and which we now have every reason to believe will bring a greater yield of rubber at an early date than we formerly anticipated.

The low price of rubber, our exceptional position to secure raw materials economically and our low manufacturing costs, place us in a very favorable position. The problem that requires our best thoughts and efforts for 1929 is the merchandising and distribution of our product at a lower cost. I am sure that the Firestone organization is capable of meeting and solving this situation and we can look forward to a satisfactory year.

GENERAL INVESTMENT NEWS

STEAM RAILROADS.

**Surplus Freight Cars.**—Class I railroads on Dec. 8 had 256,995 surplus freight cars in good repair and immediately available for service, the Car Service Division of the American Railway Association announced. This was an increase of 34,456 cars compared with Nov. 30, at which time there were 222,539 cars. Surplus coal cars on Dec. 8 totaled 97,347, an increase of 21,548 within approximately a week, while surplus box cars totaled 115,927, an increase of 11,655 for the same period. Reports also showed 23,366 surplus stock cars, an increase of 126 cars over the number reported on Nov. 30, while surplus refrigerator cars totaled 9,442, an increase of 462 for the same period.

**Railways Ask for Express Permit.**—Under terms of a contract submitted Dec. 20 to the I.-S. C. Commission for approval, railroads after March 1 1929 would assume complete control of all express service in the United States. *New York "Sun" Dec. 20, p. 1.*

**Matters Covered in "Chronicle."**—Dec. 15.—Gross and net earnings of railroads for the month of October, p. 3306.

Alabama Great Southern RR.—Bonds.

The I.-S. C. Commission on Dec. 7 authorized the company to procure the authentication and delivery to it of \$500,000 of first consol. mtge. 5% gold bonds, series A, to be held by it until the further order of the commission.—V. 127, p. 2680.

Alton & Southern RR.—Stock.

The I.-S. C. Commission on Dec. 8 authorized the company to issue \$1,000,000 capital stock (par \$100) to be sold at not less than par and the proceeds used for capital expenditures and to reimburse the company for expenditures heretofore made for additions and betterments. *New York "Chronicle" Dec. 20, p. 1.*

The report of the Commission says: While no contract, underwriting, or other arrangements have been made for the sale of the stock, the applicant expects to sell it for cash at par to the Aluminum Co. of America, which holds all the applicant's outstanding stock, except directors' qualifying shares. Upon reimbursement of the treasury by the issue of stock, the applicant will liquidate its indebtedness to the Aluminum Co. amounting to \$435,335 and the remainder of the proceeds will be used for corporate purposes.—V. 122, p. 2794.

Birmingham Selma & Mobile RR.—Construction.

The I.-S. C. Commission on Dec. 3 issued a certificate authorizing the company to construct (a) an extension of its line of railroad from a point on its main line at or near Jericho southeasterly to Joyce Hill, in section 15, township 20 north, range 7 east, 10 miles, and (b) a branch line from a point on its existing line at or near Jericho westerly and northwesterly to a point in section 19, township 22 north, range 6 east, 22 miles, all in Perry and Hale Counties, Ala.

The report of the Commission says in part: The applicant was incorp. in Alabama in January 1914. It owns and operates a railroad extending from a connection with the Mobile & Ohio at Brent, in Bibb County, Ala., southwesterly to Jericho, about 16 miles. The route of the proposed branch line would be very indirect. The record indicates that the straight line distance between its ends would be about 14 miles. The southern terminus of the proposed extension is seven miles from Marion, a station on the Southern Railway, and the western terminus of the proposed branch line is about 14 miles from Greensboro, which is also on the Southern Railway. No point on the proposed branch would be less than about 11 miles from an existing railway other than the applicant's. Only freight service would be furnished. The applicant represents that the proposed lines would serve an area of 325 square miles, of which 37,000 acres are in timber, 40,000 in pasture, and 120,000 under cultivation. It is represented that the area to be served is a partially undeveloped territory in which there is some general farming, cattle grazing, and small lumber manufacture. There are no incorporated places of more than 200 inhabitants. Perry and Hale Counties have an aggregate population of 49,667.

The object of the proposed lines is to provide transportation facilities for about 310,000,000 feet of timber, mostly pine, of which about 60,000,000 feet would be tributary to the main line extension, and 250,000,000 feet to the branch line. This is virgin timber, held in large tracts. One corporation owns about 250,000,000 feet, and is ready to begin cutting it as soon as transportation facilities are provided. It is expected that large quantities of pulpwood will be shipped to a mill at Tuscaloosa, and that there will be an increase in farming and dairying. It is further urged that the proposed lines are necessary to furnish business to the applicant's existing railroad, upon which the traffic is declining. The timber traffic is expected to last at least 15 years on the existing line, as well as upon those now proposed.

Central RR. of New Jersey.—Special Dividend.

A special dividend of 2% has been declared on the capital stock, payable Jan. 15 to holders of record Dec. 31. Special dividends at the rate of 4% per annum have been paid since December 1899.—V. 127, p. 817.

Chicago Junction Ry.—Chicago Junction Case.

The I.-S. C. Commission on Dec. 3 modified condition No. 14 in the original report, issued May 16 1922. The report of the Commission says in part:

In our original report and order in this proceeding, issued May 16 1922, we authorized the Chicago River & Indiana RR. to lease the Chicago Junction Ry., and also authorized the New York Central RR. to acquire control of the Chicago River & Indiana RR. by purchase of its capital stock; both authorizations being subject to certain conditions stated in the report. In the same proceeding, the application of the New York Central RR. for authority to purchase the capital stock or physical properties of the Chicago Junction Ry. was denied without prejudice to future proceedings.

The railway properties of the River company and the Junction company together form very important terminal facilities in the Chicago switching district, and acquisition of control of these properties by the Central was stringently opposed by other railway companies reaching Chicago and desiring the service of these facilities, and by various shipping interests, the ground of opposition being, in substance, that acquisition by a single trunk line serving the Chicago district would endanger the impartial service of the terminal. To avoid such a result, and otherwise to protect the public interest, the authorizations were made subject to 17 conditions, which were set forth in our report. Among these conditions was one numbered 14, reading as follows:

"Neither the approval of the purchase by the Central of the stock of the River road for the sum specified nor of the leasing to the latter of the properties of the Junction, shall be taken as establishing or tending to establish the fair value of the respective properties in any other proceeding, nor shall anything herein contained be construed as a finding that the annual rental to be paid by the River for the lease of the Junction properties is just and reasonable."

The amount of rental reserved under the lease, as executed pursuant to our order, was \$2,000,000 per year, which was arrived at by computing 6% upon an assumed value of \$33,333,333.

Condition No. 17, of the original report, provided that any party or person having an interest in the subject matter of the report might at any subsequent time make application for such modification of the conditions, or any of them, as might be required in the public interest, and jurisdiction was retained to reopen the proceeding for such purpose. Referring to this provision, as well as to the provisions of the act, the Central, the Junction, and the River petitioned that the former report and order be modified by striking therefrom condition No. 14, above quoted, and that we make a finding that the annual rental reserved under the terms of the indenture of lease by May 19 1922, made pursuant to the report and order, to be paid by the River to the Junction, is just and reasonable.

Petitioners allege that such action is necessary in order to remove an ambiguity in that a failure to find the rental just and reasonable was inconsistent with the apparent intent of the order, which was to authorize the execution of the lease upon consideration of the rental proposed, subject to conditions applicable thereto. Hearing was set upon this petition for the sole purpose, as stated in the order, of receiving evidence "as to whether the report and order issued herein on May 16 1922, should be amended by striking therefrom condition No. 14, and by inserting a finding that the annual rental reserved under the terms of the indenture of lease of May 19 1922, made pursuant to the report and order, to be paid by the Chicago River & Indiana RR. to the Chicago Junction Ry., is just and reasonable." Hearing was held on Dec. 19 1927, at which the petitioners submitted evidence of the value of the properties in question and their earnings since the effective date of the lease, and also of portions of the record in the original hearing bearing upon the value of the same properties.

At the time of the original hearing we had not completed our valuation of the properties under section 19a of the act, but evidence was then submitted tending to show a cost of reproduction of the Junction properties at the time of the hearing, including the value of its leases, of considerably more than \$33,000,000. At the hearing on Dec. 19 1927, there was placed in evidence our report of the tentative valuation of the property of the Junction as of June 30 1919, showing a total value of property used by that company on that date of \$31,667,626. Petitioners insist that the report does not give sufficient recognition to intangible values and that or this and other reasons the total value at the time of the further hearing was considerably in excess of \$33,000,000. Of the total value thus found, about \$23,300,000 was made up of land values. In further evidence of the propriety of the amount of rental reserved, there has been placed in the record a statement of the earnings of the Junction properties since the effective date of the lease showing that after the payment of rental at the rate of \$2,000,000 per year the net income of the River road attributable to the operation of the Junction for the period May 19 to Dec. 31 1922 was \$854,482; for the year 1923, \$847,161; for the year 1924, \$479,466; for the year 1925, \$164,737; for the year 1926, \$551,768; and for the 10 months ending Oct. 31 1927, \$395,381.

While the record upon the original hearing was somewhat indefinite on the question of value of the leased property, it was sufficient to support a finding that the rental consideration was just and reasonable to the extent necessary for a favorable decision upon the application, and the report and order should not be otherwise construed. The propriety of such a finding is supported by the additional facts now in evidence. The original report will be sufficiently amended by striking therefrom the concluding portion of condition No. 14, reading "nor shall anything herein contained be construed as a finding that the annual rental to be paid by the River for the lease of the Junction properties is just and reasonable." This amendment will be made.

At the further hearing a copy of the lease executed May 19 1922, three days after the issuance of our original report, was placed in the record. Although it refers to our authorization and purports to be based thereon, it nevertheless contains a provision giving the Central, its successors and assigns, the option to purchase, subject to our approval, at a stated price, all of the leased properties at any time during the term of the lease or any extension thereof.

Harris Bros. Co. of Chicago, intervened at the further hearing for the purpose of securing an appropriate condition or other provision to prevent any implication that the granting of the relief prayed for by the petitioners may be construed as approving or sanctioning the option which was denied without prejudice in our original report. The Pullman Couch Co. also intervened at the oral argument, in effect joining in the request for Harris Bros. Co. The carriers take the position that the option, as contained in the existing lease, is innocuous for the reason that it could not be exercised without coming to us for further authority. They nevertheless plead for the retention of the provision in order that it may be available for possible future action. They distinguish between the granting of an option and its exercise, and point out that the original report and order simply denied without prejudice the application "for authority to purchase the capital stock or the physical property" of the Junction. Such construction is not warranted. The order of May 16 1922, must be construed as applying to the request for approval of the option sought in that proceeding. The lease should therefore be reformed to the extent necessary to bring it into conformity with our authorization.—V. 124, p. 3064.

Houston & Brazos Valley Railway.—Securities.

The I.-S. C. Commission on Dec. 7 authorized the company to issue \$398,000 common stock (par \$100) and \$1,000,000 of 1st mtge. 5% gold bonds; the stock and bonds to be delivered at par to the New Orleans, Texas & Mexico Railway in satisfaction pro tanto of an indebtedness to that company amounting to \$1,823,792.—V. 120, p. 2939.

Hudson Valley Ry.—Abandons Lines.

The Saratoga Corinth, Saratoga-Schuylerville, Glens Falls-Saratoga and Glens Falls-Warrenburg-Bolton bus lines along with several other shorter lines, of which Isaac H. Early of Schuylerville, N. Y., is the owner and operator, have been sold to the Colonial Motor Coach Co. of Watertown, N. Y., as links in a proposed bus route from Albany to Montreal. Possession will be given on Jan. 1.

Mr. Early's company became the sole passenger-carrying line, with the exception of the Delaware & Hudson RR. between Glens Falls and Lake George when the Hudson Valley Ry., abandoned all of its lines on Dec. 7.

The Colonial Motor Coach Co. capitalized at over \$1,500,000, operates a line of about 1,500 miles. It proposes to extend its Albany-Montreal route through Troy, Mechanicville, Saratoga, Glens Falls, Schroon Lake, Lake Elizabethtown and Plattsburg. When the Tongue Mountain road is completed next year, a route will also extend over that highway from Lake George to Hague, Ticonderoga, Port Henry, Westport and Plattsburg, N. Y. The Colonial Motor Coach Co., has purchased the United Transportation Co. bus lines between Troy and Mechanicville, N. Y. (*New York "Times"*)—V. 117, p. 208.

St. Louis & O'Fallon Ry.—Files Brief in Valuation Suit.

Methods and theories of the I.-S. C. Commission used in its valuation of the railroads of the country and applied in a test case in which the Commission ordered the St. Louis & O'Fallon Ry. to pay to the Federal Government half of its net income in excess of 6% on its valuation for the years 1920 to 1923, are attacked in a brief filed in the U. S. Supreme Court Dec. 13 by counsel representing the O'Fallon company and the railways generally.

The railroad counsel assert that the effect of the formula employed by the Commission was to determine the value of the major portion of the carrier's property "on the basis of obsolete pre-war prices," and that by failing to give any consideration to present enhanced cost of labor and materials the report of the Commission "constitutes a direct and deliberate challenge" to decisions of the Court.

The brief was filed on behalf of the appellant railways by Frederick H. Wood, Robert H. Kelley, Leslie Craven and Daniel N. Kirby, in No. 131, St. Louis & O'Fallon Ry. and Manufacturers' Railway vs. United States of America and Inter-State Commerce Commission, and No. 132, United States of America and Inter-State Commerce Commission vs. St. Louis & O'Fallon Railway and Manufacturers' Railway.

The case was appealed from a decision of the District Court for the Eastern Division of the Eastern District of Missouri, of Dec. 10 1927, which declined to review the Commission's method of valuation or to join the enforcement of its order. (See full text of decision in V. 125, p. 3264, 3267.)

The Commission had made a valuation of the property of the O'Fallon and Manufacturers' for each of the years involved and had ordered the

O'Fallon to pay to the Government \$226,880 as representing half of its excess income under Section 15a of the Inter-State Commerce Act. It held that the Manufacturers' had no recapturable income.

The Court has fixed Jan. 2 for the argument in the case. In fixing the valuation of a railroad for recapture purposes under the Transportation Act, consideration should be given to all relevant facts and circumstances, including the present level of production costs, the brief says.

In seeking to have the Supreme Court reverse the decision of the District Court, the brief also attacks the decision of the lower Court on the grounds that the O'Fallon and the Manufacturers' railways, contrary to the finding of the Commission, constitute a system of carriers under common control and management, and that the valuation and earnings of both roads should have been taken into consideration instead of the O'Fallon alone.—V. 127, p. 2819, 2813.

**Southern Pacific Co.—Changes in Management.—**

The board of directors announces the following changes in the organization and management of the company's affairs, effective Jan. 1 1929: Henry W. de Forest, now Chairman of the Executive Committee, was elected Chairman of the Board, a new position. Mr. de Forest will have the management of the company's general financial affairs and consolidation matters.

Hale Holden, for many years President and Chairman of the executive committee of the Chicago Burlington & Quincy R.R., was elected Chairman of the executive committee. Mr. Holden will have general control of the company's business, except the management of its general financial affairs and consolidation matters.

The offices of Mr. de Forest and Mr. Holden will be at 165 Broadway, N. Y. City.

Wm. Sproule, now President, after more than 41 years of service with the Southern Pacific Lines, will on Dec. 31 1928 retire from active service, under the pension rules of the company, and in accordance with his expressed wish.

A. D. McDonald, now Vice-Chairman of the executive committee of this company, will in addition to the other duties of that position have general control of the management of the Southern Pacific Steamship Lines. He will also continue in the office of President of the Texas & New Orleans R.R. (the Southern Pacific Lines in Texas and Louisiana). In these dual capacities he will have immediate charge, under the direction of the Chairman of the executive committee, of the management, operation and traffic of the Southern Pacific Steamship Lines, and of the railroads and other properties of all Southern Pacific Lines east of El Paso, Texas. Mr. McDonald will maintain headquarters both in New York City and Houston, Texas.

Paul Shoup, now Executive Vice-President, was elected President to succeed Mr. Sproule. Mr. Shoup will have immediate charge, under the direction of the Chairman of the executive committee, of the management, operation and traffic of the railroads and other properties of the company west of El Paso, Texas, and Ogden, Utah. Mr. Shoup's headquarters will be in San Francisco, Calif. The office of Executive Vice-President will be discontinued.

Lewis J. Spence, now Executive Officer, after more than 43 year's continuous service with the Southern Pacific Lines, at his own request will retire from active service on Dec. 31 1928. The office of Executive Officer will be discontinued.

J. H. Dyer, now General Manager of the Pacific Lines, was appointed Vice-President in Charge of Operations. Mr. Dyer will have immediate charge, under the direction of the President, of the maintenance and operation of the railroads of the company west of El Paso, Texas, and Ogden, Utah. His headquarters will be in San Francisco, Calif.

F. L. Burckhalter, now First Assistant General Manager, was appointed General Manager of the Pacific Lines to succeed Mr. Dyer, promoted. The position of First Assistant General Manager will be discontinued.

Frank Mulks, now Assistant to the Executive Vice-President, was appointed Assistant to the President, with headquarters in San Francisco, Calif.

The headquarters of T. O. Edwards, General Auditor in charge of operating accounts, will be transferred from San Francisco, Calif., to New York City.

The title of C. M. Scott, Assistant Treasurer, with headquarters in San Francisco, Calif., was changed to Local Treasurer.

The title of R. Adams, Assistant General Auditor, with headquarters in San Francisco, Calif., was changed to Associate Auditor.

All other officers will be continued in their present positions.—V. 127, p. 2954, 3087.

**Yreka R.R.—Bonds.—**

The I.-S. C. Commission on Dec. 8 authorized the company to issue \$120,000 of 1st mtg. 6% gold bonds, to be sold at not less than 90 and int. and the proceeds used in the acquisition of equipment and rehabilitation of the road.—V. 126, p. 2641.

**Allegheny Gas Corp.—Bonds Offered.—**Furland & Co., Inc., American Bond & Mortgage Co., Inc., Smith Brothers & Co., Bradford, Kimball & Co., are offering at 98 and int., to yield over 6.70% \$1,800,000 1st mtg. & coll. 6½% gold bonds (with stock purchase warrants).

Dated Nov. 1 1928; due Nov. 1 1943. Principal and int. (M. & N.) payable at Equitable Trust Co., New York, trustee. Demand \$1,000 and \$500 c's. Red. all or part of any int. date upon 30 days' notice, to and incl. May 1 1934 at 107½% and int., the redemption premium decreasing ¼ of 1% during each year thereafter. Interest payable without deduction for that portion of any Federal income tax not in excess of 2%. Refund of certain Calif., Conn., Dist. of Col., Iowa, Kan., Ky., Md., Mass., Mich., Minn., New Hampshire, Oregon, Pa. and Virginia taxes upon timely and proper application, as provided in the mortgage.

**Sinking Fund.**—The mortgage will provide for a fixed sinking fund payable monthly to the trustee, beginning Jan. 25 1930, and for an additional annual sinking fund payable out of earnings, as provided in the mortgage, calculated to retire this entire issue prior to maturity.

**Company.**—Has been incorp. in West Virginia to acquire, own and operate natural gas properties in West Virginia now supplying gas under contract to Huntington Development & Gas Co. and United Fuel Gas Co., subsidiaries of Columbia Gas & Electric Corp., and to South Penn Oil Co. and Monickel Gas Co. Gas is also sold at wholesale to the Marmet Gas Co., Ownes Bottle Co. and Libbey-Owens Sheet Glass Co. The corporation's subsidiary, the Upham Gas Co., operates an extensive producing and distributing property in Ohio supplying gas to large industrial consumers, including Pittsburgh Plate Glass Co., Lamb Glass Co., Hope Engineering & Supply Co., C. & G. Cooper Co., and others at Mt. Vernon, Ohio, and to domestic consumers in that vicinity.

The corporation and its subsidiary will own 147 gas wells and over 100 miles of pipe lines, including gathering lines, and will control through lease, or own in fee, the gas rights in approximately 37,000 acres of land in the gas-producing territories of Lincoln and Kanawha counties, W. Va., and Knox County, Ohio. The properties of the corporation and its subsidiary produced more than 2,000,000,000 cubic feet of gas during the year 1927.

**Security.**—Secured by a first closed mortgage on all of the fixed physical properties and developed leases of the corporation, subject only to outstanding contracts for the sale of gas and the usual farm mortgages. In addition thereto, these bonds will be secured by pledge with the trustee of all of the preferred stock and common stock of the Upham Gas Co. (exclusive of directors' qualifying shares and shares deposited for outstanding common stock purchase warrants). The mortgage will provide that there shall be no outstanding funded indebtedness of the Upham Gas Co. not simultaneously pledged under the mortgage.

The properties of the corporation and its subsidiary, including working capital, have been estimated by independent engineers to have a combined value of approximately \$3,465,000.

*Consolidated Earnings of the Properties.*

a Actual. b The figures shown above for the calendar year 1928 are on a 12 months' basis, proportional to the figures reported by Arthur Andersen & Co. for the eight months ended Aug. 31 1928. The figures reported for the eight months' period are as follows: Gross revenue, \$268,330; operating expenses, maintenance and taxes (not incl. Fed. income taxes), \$103,463; net earnings available for int., deprec., deple. and Fed. income taxes, \$164,867. c Estimated.

**Capitalization.**—Authorized. Outstanding. 1st mtg. & coll. 6½% gold bonds (this issue) \$1,800,000 \$1,800,000 a Convertible 7% secured gold notes 700,000 700,000 \$7 cum. pref. stock (no par) b15,000 shs. 8,000 shs. Common stock (no par) c150,000 shs. 121,500 shs.

a Secured by pledge with the trustee of an equal principal amount of general mtg. 7% gold bonds due Nov. 1 1938. b Including 7,000 shares reserved for stock purchase privileges of the notes. c Including 28,500 shares of the bonds and for conversion privileges of the notes.

**Gas Reserves.**—The gas reserves of less than 50% of the acreage controlled by corporation and its subsidiary have been reported by the engineers to be approximately 42,000,000,000 cubic feet, of which amount approximately 10,000,000,000 cubic feet were reported for the properties of the subsidiary. The earnings to be derived from these reserves, as estimated by the engineers, are more than sufficient for the complete amortization of the bonds and notes of Allegheny Gas Corp.

**Stock Purchase Warrants.**—Each \$1,000 bond will carry a warrant entitling the holder thereof to purchase a unit of 10 shares of the common stock of the corporation at \$5 per share to and including Nov. 1 1933; at \$7.50 per share to and including Nov. 1 1938, and at \$10 per share to and including Nov. 1 1943. Warrants may be exercised at any time on or before Nov. 1 1943, unless all outstanding bonds of this issue shall have been previously called for redemption, in which case warrants may be exercised on or before the interest payment date next succeeding the publication of the redemption notice. The warrants are non-detachable unless the bonds to which they appertain are redeemed prior to the redemption of all outstanding bonds. The mortgage will provide that all cash received by the corporation through the exercise of stock purchase warrants shall be applied to the retirement of these bonds.

**Purpose.**—These bonds are issued by the corporation in connection with the acquisition of properties and to provide cash for developments, extensions and other corporate purposes.—V. 127, p. 2954.

**American & Foreign Power Co., Inc.—Listing, &c.—**

The New York Stock Exchange has authorized the listing of 100,000 additional shares \$6 pref. stock (no par value) on official notice of issuance or a cash consideration, making the total amount of \$6 pref. stock applied for 149,310 shares.

The following is taken from the official statement to the New York Stock Exchange:

American & Foreign Power Co., Inc., has entered into an agreement with J. H. Macdonald of London, Eng. (acting on behalf of Whitehall Electric Investments, Ltd., and/or a new corporation or corporations to be organized by it), whereby the new corporation has obligated itself to sell and deliver or cause to be sold and delivered to Mr. Macdonald or his nominees 100,000 shares of the company's \$6 pref. stock and \$10,000,000 6% collateral notes of South American Power Co. (all of the outstanding securities of which are now owned by American & Foreign Power Co., Inc.) for the purchase price of \$19,600,000, plus accrued int. and divs. It is anticipated that the 6% collateral notes of South American Power Co. will cost American & Foreign Power Co. Inc. 100 and int., which will mean that the consideration to be received for the \$6 pref. stock will be \$96 per share and divs.

The proceeds from the sale of these securities are to be used for the purpose of liquidating outstanding obligations of the company incurred in connection with the acquisition of securities of Latin American public utility holding and operating companies.

The most important change in the property of the company and its subsidiaries since May 7 1928 consists in the concluding of arrangements by virtue of which the company expects to acquire public utility interests in Chile and Mexico now controlled by the Whitehall Electric Investments, Ltd., of London or associated interests. The principal properties in Chile include the electric power and light and street railway systems in Santiago and Valparaiso, while the properties in Mexico include the electric power and light systems in Vera Cruz, Tampico, Puebla and Orizaba. Street

railway properties in Vera Cruz and Puebla are also owned and a wholesale power and light business is done in Cordoba, Mexico. The annual gross revenue of all the properties to be acquired is approximately \$15,000,000, about 70% of which is derived from the electric power and light business. Approximately 70% of the total annual gross revenue is derived from the properties in Chile and 30% from the properties in Mexico.

The acquisition of these properties in Chile and Mexico will not only add materially to the total gross business of the company's subsidiaries, but will further increase the geographical diversity of the operating companies. The company now controls companies operating in Cuba, Panama, Guatemala, Mexico, Brazil, Colombia, Ecuador and Venezuela. It also has a very substantial investment in electric properties and securities in the Argentine, Costa Rica, Italy, Spain, France, Germany, Japan and British Columbia.

**American States Public Service Co.—Bond Offered.**  
Peabody, Smith & Co., Inc., Pynehon & Co., L. L. Davis Co., Gillet & Co., and Harrison, Smith & Co., are offering at 96½ and int., to yield about 5.80% an additional issue of \$2,700,000 1st lien 5½% gold bonds, series A. Dated May 1 1928; due May 1 1948.

Listed.—These bonds are listed on the Chicago Stock Exchange.  
Data from Letter of Pres. Wm. E. Vogelback, Dec. 10.

**Company.**—A Delaware corporation. Through its subsidiaries, owns and operates or will presently operate properties supplying water and (or) artificial gas to 38 cities and towns in California, including certain parts of the City of Los Angeles, a substantial part of the City of Sacramento, Calif., and the City of Kellogg, Idaho. The total population to be served is estimated to be in excess of 260,000, including approximately 48,500 customers, a portion of which are large industrial consumers.

Of the gross revenue, 91.47% is obtained from water. The balance of 8.53% is derived from electric light, power, artificial gas, ice and telephone.

**Physical Properties.**—The various systems have been carefully inspected by engineers who report properties in sound physical condition and adequately prepared to care for present and normal future needs. The total wells of the subsidiary companies number 112; the number of miles of mains is 763.5; storage capacity is in excess of 18,000,000 gallons, there being 56 storage tanks and 21 storage reservoirs.

Based on outside appraisals, the combined properties to be served by the company or its subsidiaries upon the completion of this financing have a reproduction cost new, less depreciation, of approximately \$10,000,000, after giving effect to going-concern and water-rights value and working capital.

Capitalization—	Authorized.	Outstanding.

A Additional bonds may be issued under the conservative restrictions of the trust indenture.

**Security.**—Secured by a first lien upon all of the outstanding capital stock (except directors' qualifying shares) of Los Angeles & Suburban Water Co., Orange County Water Co., Oak Park Water Co., Peoples Water Co., Huntington Beach Water Co., Highland Domestic Water Service Co., Ojai Water Service Co., South Coast Gas Co., Imperial Utilities Corp., Bear Valley Utility Co., Harbor City Water Co., Venice Consumers Water Co., Ocean Park Heights Co. and Southern California Utilities Co. Capital stock of Elmhurst Water Co. will be pledged when approval for purchase is granted by California Railroad Commission. The securities representing such outstanding stock have been or are to be deposited and pledged with the trustee under the indenture. The indenture provides that no additional capital stock, or any bonds, or indebtedness other than current indebtedness may be issued by any of the company's present subsidiaries unless such stock, bonds and indebtedness shall forthwith be pledged with the trustee as additional security for the bonds. The subsidiary companies will have no funded debt upon completion of this financing.

**Earnings.**—The consolidated earnings of the properties for the year ended Oct. 31 1928 are as follows:

Gross revenues.....	\$1,255,828
Oper. exps., maint. & taxes (other than Federal tax).....	571,310

Consolidated net revenues from operation, before interest, depreciation and Federal income tax..... \$684,517  
Annual int. requirements on 1st lien 5½% bonds (incl. this issue)..... 305,250  
Balance of net earnings as shown above amounts to approximately 2.25 times annual bond interest.

**Maintenance and Renewal Fund.**—Indenture provides that during each fiscal year the company shall expend or reserve, or cause to be expended or reserved by its subsidiaries, an amount not less than 10% of the consolidated gross operating income for the preceding fiscal year for maintenance, renewals and replacements, all as more fully stated and defined in the indenture.

**Purpose.**—These bonds and other securities of the company have been issued in connection with the retirement of underlying securities of subsidiary companies for the acquisition of additional properties and for other corporate purposes.—V. 127, p. 3394.

**American Tel. & Tel. Co.—Complaint Dismissed.**—See General Electric Co. under "Industrials" below.—V. 127, p. 3394.

**Basic Utilities Corp.—New Financing.**—Initial financing for the corporation in the form of 50,000 shares of class "A" capital stock will shortly be offered by First Capital Corp. Basic

Utilities Corp. recently organized in Delaware as a holding corporation, has acquired purchase contracts or options for the purchase of substantially all of the outstanding capital stocks of telephone companies valued at over \$1,000,000, which furnish telephone service for domestic or industrial purposes in a number of growing communities in Virginia and West Virginia having a population of approximately 55,000. These companies also derive revenues from their toll service. Through agreements with the Bell Telephone System, the long distance toll lines of the Bell System throughout the United States and Canada are available for all subscribers.—V. 127, p. 2354.

**Bell Telephone Co. of Pennsylvania.—Acquisition.**—The I.-S. C. Commission on Dec. 3 approved the acquisition by the company of certain properties of the Red Bank Telephone Co., and the acquisition by the latter company of certain properties of the former company.—V. 127, p. 2683.

**Cities Service Co.—Rights.**—Following a special meeting of the directors on Dec. 15 it was announced that the company would give its 100,000 common stockholders an opportunity in the form of rights to purchase additional common stock at \$65 per share on the basis of one share for every 10 shares owned. The announcement further states:

The rights to buy common stock at this special price will be issued to registered holders of record Jan. 8 1929, and must be exercised on or before Feb. 7 1929. Holders of debentures due 1963, to which are attached warrants to purchase common stock, will also be given the opportunity to participate in the rights through a special arrangement of the company by means of which these debenture holders may become stockholders before the closing date.

The offering of these rights is in line with the company's policy of giving its common stockholders a further opportunity of sharing in its profits. The company has had record earnings in recent years; in the 12 months ended Oct. 31 1928, net earnings reached a high mark of \$32,714,000.

The funds from this financing, which may total as much as \$40,000,000, will be used for further expansion, including new construction work, additions to subsidiary properties and for other corporate purposes. The organization is nation-wide in scope and has more than 100 subsidiary companies which operate extensively in the public utility, petroleum and natural gas industries. It has about 400,000 security-holders and 25% of this number own Cities Service common stock. In the last 3 years the common stockholders have increased from 30,000 to more than 100,000.

Some of the recent developments in the activities of the organization which call for expansion include its large new refinery to be built at Chicago during 1929, its one-half interest in a 600-mile petroleum pipeline now being built from the Mid-Continent oil fields to Chicago, its extensive interests and operations in the new oil pool which it recently discovered near Oklahoma City, and electric light and power and gas development work in Colorado, Ohio, Kansas and Missouri.—V. 127, p. 3088.

**Colonial Motor Coach Co.—Acquires Bus Lines.**—See Hudson Valley Ry. under "Railroads" above.

**Commonwealth Edison Co., Chicago.—New Director.**—Martin J. Insull has been elected a director to fill the vacancy caused by the death of James A. Patten.—V. 127, p. 2525.

**Commonwealth Power Corp.—Electric and Gas Sales.**—The Commonwealth system reports sales for November amounting to 158,778,336 k.w.h. of electricity and 677,441,400 cubic feet of gas, as compared with 131,268,068 k.w.h. and 563,103,200 cubic feet in November last year, increases of 20.98% and 20.30% respectively.

For the 11 months ended Nov. 30 1928, electric sales were 1,655,420,120 k.w.h. and gas sales 6,873,712,900 cubic feet as compared with 1,430,816,701 k.w.h. and 6,014,305,200 cubic feet for the first 11 months of last year, gains of 15.70% and 14.29% respectively.—V. 127, p. 2817.

**Compania Hispano-Americana de Electricidad, S. A. ("Chade").—Dividends for 1923.**—

The directors have declared dividends for the 1928 fiscal year of 30 gold pesetas on the series A and B shares, six gold pesetas on the series D shares, and three gold pesetas on the series E shares, payable Dec. 20, upon surrender of coupon No. 15 to the Guaranty Trust Co. of New York. By the conversion of gold pesetas into paper pesetas made on the basis of the surcharge established for custom house duties, the amounts actually to be paid will be 35.80 pesetas on each share of series A, B and C, 7.16 pesetas on each share of series D, and 3.58 pesetas on each share of series E. Payment will be made in dollars at the check rate on Madrid of the Guaranty Trust Co. The dividend payable on the "E" shares of the company as represented by American shares certificates issued by the Guaranty Trust Co. as depository will be paid Dec. 26 to holders of record Dec. 20. (See offering in V. 127, p. 1945.)—V. 127, p. 2227.

**Consolidated Gas Utilities Co.—New Well.**—The company brought in Section 21, Block 27 of Wheeler County, Amarillo field, Tex., what is said to be the largest well in this county with 78,000,000 cu. ft. open flow. The completion of this well gives the company a total open flow of 340,000,000 cu. ft. for their Amarillo-Enid Line.—V. 127, p. 2955.

**Delaware Electric Power Co. (of Del.)—Bonds Offered.**—Drexel & Co., Bonbright & Co., Inc. and A. C. Allyn & Co., Inc. are offering at 96½ and int., to yield about 5.75%, \$8,000,000 gold debentures, 5½% series due 1959.

Dated Jan. 1 1929; due Jan. 1 1959. Int. payable J. & J. at Equitable Trust Co. of New York, trust for Rev., all or part, upon 30 days notice at the principal amount thereof and accrued int., together with a premium of 3½% up to Jan. 1 1930, at 3% on Jan. 1 1930 and up to Jan. 1 1931, at 2½% on Jan. 1 1931 and up to Jan. 1 1936, at 2% on Jan. 1 1936 and up to Jan. 1 1941, at 1½% on Jan. 1 1941 and up to Jan. 1 1946, at 1% on Jan. 1 1946 and up to Jan. 1 1951, at ½% on Jan. 1 1951 and up to Jan. 1 1958, on Jan. 1 1958 and until maturity with no premium. Denom. \$1,000 and \$500 c\*. Company will agree to pay interest without deduction for any Federal income tax up to but not exceeding 2% per annum. Company will also agree to refund on proper application the Pa. 4-mills tax, the Md. securities tax not exceeding 4½ mills per annum, or the Mass. income tax on individuals not exceeding 6% of int. on the debentures.

Data from Letter of T. W. Wilson, President of the Company.

**Company.**—A Delaware corporation. Formerly the Wilmington & Philadelphia Traction Co.; name changed to present title Nov. 15 1927. Will presently control through common stock ownership the Delaware Power & Light Co., which will conduct the entire electric light and power business in the City of Wilmington and in all of northern Delaware, comprising more than 70% of the entire population of the State. It also controls by lease or through stock ownership various transportation properties operating in Wilmington and vicinity and in Chester, Pa., and vicinity.

**Louisville Gas & Electric Co. (Del.)—Rights.**—President John J. O'Brien announced this week that the directors had authorized the issuance of additional class A and class B common stock, which will be offered to holders of each class of stock.

The pre-emptive right to purchase new issues of class A common stock, sold for cash, is vested solely in the holders of the class B common stock, proportionately to their holdings. The Standard Gas & Electric Co., owner of more than 90% of the class B stock of the Louisville Gas & Electric Co., has waived its pre-emptive right as to the present issue in order that the stock which it would be entitled to purchase may be offered to the class A stockholders of the Louisville company.

Holders of the remaining shares of class B stock of record Dec. 31 1928 are given the privilege of subscribing to this additional class A stock at \$31 per share to the extent of 1 share of class A for each 2½ shares of class B stock held. Holders of class B stock of record Dec. 31 also are given the privilege of subscribing to additional class B stock at \$31 per share to the extent of one-sixth of their holdings at that time.

As a result of the Standard Gas & Electric Co.'s waiver of its pre-emptive right as to the present issue of class A stock, holders of class A stock of record Dec. 31 are given the privilege of subscribing for additional class A stock at \$31 per share to the extent of one-sixth of their holdings at that time. Subscription privileges will expire Jan. 25 1929.—V. 127, p. 3397.

Company.—Is a voluntary association formed under Massachusetts laws created by a trust agreement dated Feb. 1 1911. It controls through stock ownership eight operating companies supplying gas or electricity for light, heat and power purposes in Malden, Melrose, Medford, Everett, Stoneham, Revere, Winthrop, Reading, Peabody, Wenham, Topsfield, Gloucester, Danvers, Beverly, Hamilton, Manchester and Salem, Mass., and in addition owns a substantial minority stock interest in the company supplying Haverhill and Newburyport with electricity and Newburyport with gas. The population served is estimated at 300,000 in a large and prosperous territory in the vicinity of Boston.

The operating companies, together with the percentage of stock of these companies owned, by the North Boston Lighting Properties, are as follows:

Management.—Charles H. Tenney & Co.—V. 126, p. 1660. Northern Indiana Public Service Co.—Savings by Consumers.

Reductions in gas and electric rates in towns served by the company since it became a subsidiary of the Midland Utilities Co. have saved consumers \$1,295,441 a year, President Samuel Insull told stockholders and customers at a meeting held Dec. 13. A total of 251 changes in rate schedules for gas or electric service resulting in savings to customers have been made during the last five years, Mr. Insull said.

President Insull further stated in part: "The Midland Utilities Co. was formed in the summer of 1923. Since that time the properties of 22 mainly isolated and unrelated companies have been merged into one strong company—the Northern Indiana Public Service Co. Electric transmission lines have been built interconnecting scores of towns. Pipe lines have been laid through which gas now is supplied to many small towns, rural communities and farms, which otherwise would not have this service. New plants have been built and others enlarged. These improvements represent an additional investment of millions of dollars by the company that it may furnish better service to its customers."

In addition to these great improvements made in the physical facilities for furnishing service, we have reduced rates. The improvements resulted in reduced operating costs and we have passed these savings along to the company's customers. Since 1923 the Northern Indiana company and its constituent properties have introduced or changed rate tariffs resulting in substantial savings to its customers. All of these rate reductions have been made voluntarily by the company with the approval of the Public Service Commission of Indiana.

"During the period beginning July 1 1923 and up to Dec. 1 1928, 77 existing tariffs have been reduced and 174 new tariffs have been authorized for the purpose of lowering the cost of service to the electric and gas customers of the company. This policy of reducing rates for both gas and electric service has resulted in an annual saving of \$1,295,441 to the customers of the company; that is to say, that if the customers of the company paid for gas and electric energy used during the year 1927 at the average rates existing in the year 1923, their combined bill would have been \$1,295,441 greater than actually paid during the year 1927."

"Of this great saving, the residential and commercial electric lighting customers benefitted to the extent of \$450,882 annually, while large power users benefitted to the extent of \$299,147. The savings on gas service were distributed about equally between the regular gas customers, including residential cooking, home heating, and commercial customers, and the users of gas for industrial purposes. Of the \$545,412 reduction in the cost of gas service, regular customers benefitted to the extent of \$272,551, and industrial users to the extent of \$272,861."—V. 127, p. 2089.

Northern States Power Co.—Rights.—The directors have authorized the issuance of additional class A common stock to the extent of 1-6th of the aggregate amount outstanding at the close of business Jan. 7 1929. Holders of the class A common stock of record on that date will be given the privilege of subscribing to this additional stock at \$100 per share at the rate of one share for each six shares held. The subscription privilege will expire Feb. 7 1919.—V. 127, p. 3397.

Pacific Gas & Electric Co.—Payment on Contract.—The Nevada Irrigation District, the second largest district in California, has just received an initial payment from the company of \$190,208 under a 50-year contract. This payment sets at rest recent rumors that the contract had been repudiated by the Pacific Gas & Electric Co.

Also it was stated by interests close to the district that a supplemental contract is now being prepared between the district and the company which is officially estimated to produce about \$85,000 net annually. Revenues received by the district under the 50-year contract are for waters delivered from its mountain division to the power company for use in five hydro-electric plants. The supplemental contract is to provide for use of district water in two additional plants.

Combined revenues from the two contracts will approximate \$440,000 annually, which is more than sufficient to meet interest charges on the total bonded debt outstanding. The bonds were the first irrigation bonds ever sold in the East where the majority is now distributed. They were placed on the market by Dillon, Read & Co. and Kissell Kinnicut & Co.—V. 127, p. 3397.

Shawinigan Water & Power Co.—Makes Offer to Laurentide Power Co. Stockholders.—

This company has made an offer to the stockholders of the Laurentide Power Co. to purchase their shares at \$227.22 cash, or \$151.675 cash plus 1-10 no par common share of the Shawinigan company for each share of the Laurentide company. The Laurentide stockholders who wish to avail themselves of either offer are advised to deposit their share certificates with the Montreal Trust Co. at its head office on or before Dec. 28.

The stockholders of the Laurentide Power Co. this week formally voted to accept the offer.

The offer is to purchase the properties and assets of the Laurentide Power Co. as a going concern as of July 31 1928, for a cash price sufficient to discharge all outstanding obligations of the company in addition to the offer of cash or cash and stock to the shareholders.

J. L. Perron, Minister of Roads for the province of Quebec, Canada, has been elected a director to fill the vacancy caused by the death of R. W. Kelly, of New York.—V. 127, p. 2090.

South American Power Co. (Fla.)—Bonds, &c.—See American & Foreign Power Co., Inc. above. The company has the following capitalization: Authorized. Outstanding. Common stock (no par) 5,000,000 shs. 1,000,000 shs.

Southern California Edison Co.—1929 Budget &c.—The directors have approved a budget of \$29,260,214 for the year 1929. Expenditures will be largely for the reinforcement and extension of a distributing system and will be part of the \$130,000,000 expansion program announced by the company for the next five years.

During 1928 the company has sold 300,000 h.p. of electricity in new business and expects to sell 375,000 in new business in 1929. Company now serves an area of 55,000 square miles, including 360 cities and towns with a population of approximately 3,000,000. (Wall Street Journal.) Business throughout the Southwest will receive a great impetus by the passage of the Swing-Johnson Bill according to President R. H. Ballard. With reference to the power clauses in the bill, Mr. Ballard said that he felt sure the situation would be worked out satisfactorily, adding "in view of the President's declaration and the amended working of the bill it seems probable that the Southern California Edison Co., the City of Los Angeles and other present power producing agencies in southern California will build the power plant under a co-operative agreement."—V. 127, p. 3246.

**Union d'Electricite, Paris, France.—Contracts.**

Contracts for the transmission of hydro-electric power into the Paris district from generating stations in the Central part of France have been consummated between the Compagnie Parisienne de Distribution d'Electricite, the Union d'Electricite and the Societe d'Electricite de Paris. Transmission will be effected over long distance lines, making the power available to consumers in Paris and the surrounding territory.

The three companies are among the largest distributors and producers of hydro-electric power in France. Union d'Electricite, financed in America through the International Power Securities Corp., has completed arrangements to receive additional large quantities of power from the interior, principally from the large new hydro-electric plant at Eguzon, in the Province of Indre. In addition the Union is a large purchaser of electric energy from other producers.

Compagnie Parisienne de Distribution d'Electricite has more than 500,000 customers, and supplies electricity for more than 3,000,000 residents of the part of Paris within the fortifications. Its present productive capacity which is approximately 200,000 k. w. r., is fully utilized and new arrangements provide for an additional supply from other companies to meet immediate needs. The contract was signed with the approval of the Municipal Council.—V. 127, p. 108.

**Utilities Power & Light Corp.—Listing.**

The N. Y. Stock Exchange has authorized the listing of 172,000 additional shares of Class A stock without par value on official notice of issuance and payment in full making the total amount applied for 920,000 shares of Class A stock. On Dec. 3 1928 the directors authorized the issuance of 22,000 shares of the 172,000 shares of Class A stock embraced in the present application to continue the corporation's policy of offering for purchase such stock to Class A stockholders to be paid for by cash dividend for the current quarter of 50 cents per share, payable Jan. 1 1929 such sale to be at the rate of \$20 per share.

On the same date the directors approved the sale of the remaining 150,000 shares for cash. All of the stock is covered by a three weeks' option at graduated advancing prices in excess of \$38 per share, with the proviso, that upon the taking up of the first 50,000 shares, said option shall be extended two weeks additional, and upon the taking up of the next 50,000 shares, said option shall be extended for an additional period of two weeks on the last 50,000 shares. It is understood that if the 150,000 shares covered by the option are not taken up and paid for in accordance with the option and at the times therein specified, the authority granted to list the stock shall lapse as to the portion thereof not so taken up. The proceeds from this stock are to be used by the corporation for the purpose of acquiring additional subsidiaries and (or) acquiring additional securities of its presently owned subsidiaries.

At a meeting of the stockholders held on Dec. 12 1928 the articles of incorporation were amended in order to provide, among other things, for the recapitalization of the company and for the exchange of each outstanding share of present common stock of a par value of \$100 for 10 shares of common stock without nominal or par value with the result that with the addition of this offering of 200,000 shares, there will presently be outstanding a total of 1,128,320 common shares of no par value.

In addition to the management owning a substantial amount of stock, the Aluminum Co. of America is also a large minority stockholder. Through a stock purchase plan a large number of employees have become owners, and provision has been made for future allotment and sale of stock to employees.

**Data from Letter of George Vits, President of the Company.**  
**Company**—Incorporated in New Jersey. Started operations in 1909 with an original paid-in capital of \$504,500. Through the re-investment of surplus earnings the company has steadily and consistently developed and expanded its properties. After giving effect to this financing net assets will amount to more than \$14,900,000. Annual sales have increased from \$516,146 in 1909 to more than \$14,000,000 for the current year.

The company is the largest manufacturer in the United States of aluminum cooking utensils which are nationally advertised under the well-known trade names of "Viko" and "Mirro aluminum," and also manufactures aluminum special goods. These products furnish a diversified line of more than 2,500 articles which are marketed through sales offices in important distributing centers as well as through the company's well established sales organization.

The company's plants are located at Manitowoc and Two Rivers, Wis. Additional facilities are being constructed at the Manitowoc plant which

will cost approximately \$700,000, and which it is expected will be completed in Sept. 1929. All of the plants are maintained at a high standard of operating efficiency.

**Earnings**—For the past 5-years net earnings of the company, after all charges including Federal taxes and liberal allowances for depreciation and depletion, have averaged \$1,767,696, and in no single year during this period have such earnings been less than \$1,351,239. For the nine months ended Sept. 30 1928, net earnings as defined above amounted to \$1,445,405 and it is conservatively estimated that for the year ending Dec. 31 1928 they will at least equal average earnings for the past five years.

Since its inception, the company has never had an unprofitable year and dividends have been paid each year beginning in 1910 upon the common stock. It is the present intention of the company to pay dividends upon the stock at the rate of \$1.20 a share per annum, payable in equal quarterly installments on Jan. 1, April 1, July 1 and Oct. 1.

**Listing**—Application will be made to list this stock on the Pittsburgh Stock Exchange.

**American Mine Owners Casualty Corp.**—Organized.—

Organization of this corporation under Pennsylvania law to acquire and take over the casualty insurance business heretofore controlled by the Insurance Management Corp. is announced by President Evan I. Reese. This business was formerly placed with stock and mutual insurance companies by the Insurance Management Corp., which latter company will control a substantial interest in the new organization. This management company has been engaged in this type of insurance underwriting for 12 years.

The corporation is now licensed in Alabama, Illinois, Indiana, Kentucky, Pennsylvania and Virginia and is under the supervision of the Pennsylvania insurance department. Its capitalization will consist of 40,000 shares of \$10 par value capital stock, all of which will be presently outstanding.

The consolidated balance sheet of the corporation as of Sept. 30 1928, show total assets of \$1,250,315, according to Mr. Reese. Of this sum, \$600,199 was for the account of cash in banks. The volume of business initially transferred to the American Mine Owners Casualty Corp. will involve an amount in excess of \$1,500,000 in premiums annually, according to Mr. Reese, who added that the corporation plans extending its operations into other states in the near future.

**American Surety Co.**—To Split Up Stk.—Extra Div.—

The stockholders will vote Jan. 8 on changing the authorized capital stock from 100,000 shares, par \$50, to 200,000 shares, par \$25, and on approving the issuance of two new shares in exchange for each \$50 par share.

The directors have declared an extra div. of 4% in addition to the regular quarterly div. of 5%, both payable Dec. 31 to holders of record Dec. 22. An extra div. of 2% was paid in Dec. 1926 and 1927. The div. rate was increased from 16% to 20% per annum beginning with the Mar. 31 1927 payment.—V. 127, p. 2368.

**American Tobacco Co.**—Advertising Appropriations.—

One of the largest newspaper advertising appropriations ever devoted to a single product will be spent by the company in 1929 to promote the sale of Lucky Strike cigarettes. President George W. Hill on Dec. 16 announced that next year's direct advertising budget for its principal band of cigarettes will total \$12,300,000. This sum does not include sales or trade expenses.—V. 126, p. 2479.

**Anchor Cap Corp.**—Listing.—

**Associated Rayon Corp.—Depository.**

The American Exchange Irving Trust Co., 60 Broadway, N. Y. City, has been appointed depository, under agreement dated Dec. 1 1928, for 200,000 shares preferred and 100,000 shares of common stock. See also V. 127, p. 3093.

**Auburn (Ind.) Automobile Co.—A. B. Leach & Co., Inc., Acquire Substantial Interest in Company.**

A. B. Leach & Co., Inc., who for many years have been specializing in the underwriting and distribution of bond issues, have acquired a substantial interest in the common stock of the Auburn Automobile Co., according to an announcement. The purchase of this stock in the open market, it is stated, does not constitute new financing on the part of the company. The purchase of this stock has been chiefly responsible for the advance in these shares during recent weeks.

In connection with the announcement of the acquisition of the stock, the bankers state that the purchase was made after a complete survey of the properties and upon the information that the company will continue to expand along the conservative but aggressive policy followed since the inception of the corporation. At the present time Auburn has approximately \$5,000,000 cash on hand, a financial condition which has led the management to turn down new financing proposals to carry on its expansion program.—V. 127, p. 3401.

**Aviation Corp. of the Americas.—Pan American Airways to Operate 20,000 Miles Weekly on Three New Routes.**

Three new air mail routes between Miami and Havana, Nassau and the West Indies, calling for 19,936 miles to be operated weekly under contracts awarded by the U. S. Post Office Department, will be inaugurated within the next 15 days, it was announced this week by J. M. Eaton, general traffic manager of the Pan American Airways, Inc., the operating company for Aviation Corp. of the Americas.

The new international air routes which are ready to go into operation will clip a full business day over best previous travel time between New York, Chicago, St. Louis and Havana and will be 3 1/2 hours faster to Santiago de Cuba on the route through Cuba from Miami to Port au Prince, Haiti, Santo Domingo City, Dominican Republic, and San Juan, Porto Rico at the far tip of the West Indies. The air line between Miami and Nassau, in the Bahamas, will be operated in two hours against 16 hours by steamer.

Three airliners daily, accommodating 12 passengers each, will be operated between Miami and Havana direct. Three days each week through service will be provided to the Bahamas and to the West Indies, via Havana, on routes totaling 1,808 miles in length, 8,640 miles will be flown on the West Indies line, weekly, 8,008 miles on the Havana line and 1,260 miles on the Miami line. The fourth air mail contract held by Pan American Airways, Inc., calling for daily air service from Miami to the Panama Canal Zone, a distance of 2,327 miles through Central America, is expected to go into operation during the early part of 1929, Mr. Eaton stated.—V. 127, p. 3401.

**Bachmann, Emmerich & Co., Inc.—Further Data.**

In connection with the offering of \$1,000,000 series B 7% conv. cum. pref. stock and 40,000 shares (no par) common stock in units of 1 share pref., and 2 shares no par common, noted in our issue of Dec. 15, a circular issued by the company affords the following:

	Authorized.	Outstanding.

Pref. C stock 6 1/2%, \$1,000,000. Authorized by the stockholders, to be issued at the discretion of the board of directors.

All pref. shares are of equal priority, both in dividends at their respective rates and in liquidation at their respective par values.

**History & Business.**—Incorp. in New York in 1918, succeeding a partnership of the same name, established in 1898. It is one of the largest institutions engaged in textile banking business, acting as factor for textile and kindred industries.

The business of the company is commercial banking—the financing of staple commodities, against which money is advanced. These advances are always against readily salable merchandise in the company's custody. The financing of accounts receivable, satisfactory to the management, forms a large part of the daily operations. The company thus maintains its assets in liquid form, as the accounts receivable are reconverted into cash, and this cash reinvested in like manner, thus providing a quick and constant turnover of capital averaging seven to eight times a year.

**Earnings.**—Company and its predecessor partnership company has not had an unprofitable year in its entire history. Giving effect to non-recurring charges, for the past five years, the average profit has been \$261,322, and after preferred dividend, but before taxes, \$206,908, many times dividend requirements and leaving a substantial sum for common stock dividends. With the additional capital provided through the sale of this issue, larger earnings may be reasonably expected in the coming years.

In case of call, either for sinking fund or by the board of directors, in whole or in part, the series B 7% pref. stock may be converted into com. stock in the manner herein above set forth at the exchange value then prevailing as above specified.

**Dividends.**—Dividends on the pref. stock have been regularly paid each quarter. An initial dividend of 50 cents a share has been declared on the common stock, payable Dec. 30, to holders of record Dec. 15.

**Listing.**—After the completion of the present financing, application for listing its shares on the New York Curb Exchange will be made by the company.—V. 127, p. 3401.

**Bankers Securities Corp., Phila.—Stockholders of Bankers Trust Co. of Philadelphia Given Rights.**

The Bankers Trust Co. of Philadelphia has offered to stockholders of record Dec. 31 the right to subscribe to one-half share of partic. pref. stock and one-quarter share of common stock of the Bankers Securities Corp. at \$67.50 a unit for each share of Bankers Trust Co. stock owned. The offering has been underwritten by a syndicate headed by Albert M. Greenfield and William Fox.

The engine, to be known in the United States as the Bliss-Jupiter, will be manufactured under exclusive U. S. license from the Bristol Aeroplane Co., Ltd., of Bristol, England.—V. 127, p. 1810.

**(Sidney) Blumenthal & Co., Inc.—14% Back Dividends.**

The directors have declared a dividend of 14% on the 7% cum. pref. stock, par \$100, payable Feb. 1 to holders of record Jan. 15. This is on account of accruals totaling 2 1/2%.

Dividends were recently resumed on this issue by the declaration of a regular quarterly dividend of 1 1/4%, payable Jan. 2 1929 to holders of record Dec. 15. The last previous quarterly distribution was made on April 1 1925.—V. 127, p. 3401.

**Boeing Airplane & Transport Corp.—Merger of Airplane Companies.**

The activities of the Pratt & Whitney Aircraft Corp. of Hartford, manufacturers of the famous

Wasp and Hornet air-cooled airplane motors and the Chance, Vought Corp., manufacturers of the well-known Corsair observation planes, will be consolidated with the Boeing Airplane & Transport Corp. of Seattle, one of the foremost manufacturers of airplanes in the world and a leader in commercial air transportation, under the auspices of the National City Co. and the Pacific National Bank of Seattle.

The name of the new corporation will be the *United Aircraft & Transport*, organized as a holding company, the consolidated corporation will own all the stock of the Pratt & Whitney Aircraft Co., the Boeing Airplane Co., Boeing Air Transport, Inc., the Chance Vought Corp. and over 70% of the stock of Pacific Air Transport, which companies embrace these three major lines of endeavor in the aeronautical industry—engine production, airplane construction and transportation of the United States mails, as well as passengers and express.

All the subsidiary companies will continue with the same respective managements and official personnels, and with no change whatever in the individual policies pursued heretofore. The consolidated corporation will have an authorized capitalization consisting of 1,000,000 shares of 6% preferred stock of \$50 par value, and \$2,500,000 shares of common stock. The capitalization presently to be outstanding will comprise approximately \$12,000,000 par value of the preferred shares and about 1,500,000 shares of common stock.

Acquisition of the entire common stock of the Pratt & Whitney Aircraft Corp. will be accomplished through the issuance of shares of the new corporation's common stock. Stockholders of Niles-Bement-Pond Co., which controls half of the common stock of the Pratt & Whitney Aircraft Co., will receive approximately 1/4 share of common stock of the United Aircraft & Transport for each share of Niles-Bement-Pond common stock now held. In the same manner common shares of the new corporation's stock have been authorized in connection with the acquisition of the entire capital stock of the Chance Vought Corp.

William E. Boeing, President of the Boeing Airplane & Transport Corp., will be Chairman of the board of the United Aircraft Transport. Frederick B. Rentschler, President of the Pratt & Whitney Aircraft Corp. will be President; Chance Vought will be Vice-President, and Charles W. Deeds will be Secretary and Treasurer. In addition to these the board of directors will include the following:

Col. Edward A. Deeds (director National City Bank), New York; Philip G. Johnson (President Boeing Air Transport, Inc. and Boeing Airplane Co.); Charles F. Kettering (Vice-President, General Motors Corp.); Kenneth R. Kingsbury (President Standard Oil Co. of Calif.); Charles K. Knickerbocker (Vice-President, Griffin Wheel Co.); Chicago; William B. Mayo, chief engineer (Ford Motor Co. of Detroit); George J. Mead (Vice-President and chief engineer, Pratt & Whitney Aircraft Corp.); Gurney E. Newlin (of the law firm of Newlin & Ashburn), Los Angeles; Gordon S. Rentschler (Asst. to President, National City Bank), New York; Joseph P. Ripley (Vice-President, the National City Co.); Orville W. Tupper (Secretary and Treasurer, Boeing Airplane & Transport Corp.).

Discussing the move, Mr. Rentschler pointed out that the Wasp and Hornet engines have twelve world's records to their credit, including the altitude record for both land planes and seaplanes, the American Transcontinental non-stop record in both directions; and the round-the-world record.

The comment of Mr. Boeing, whose company operates the transcontinental air transport system between Chicago and the Pacific Coast, and carries 25% of all the United States air mail, dealt with the certain prospect for the development of passenger air travel at a more rapid pace, now that the carrying of the United States mails has been put on a sound business basis. The consolidation which has been worked out is regarded by aeronautical experts as a move in the direction of integration, the new United Aircraft Transport bringing together leaders in the respective fields of engine production, airplane manufacturing and transportation of mail, passengers and express.

Mr. Rentschler described the transition from almost exclusive production of airplane engines for the Navy and later for the Army, to general production, including a fulfillment of military requirements, as well as the needs of commercial aviation, as the natural move in line with the rapid development of commercial aviation. Mr. Rentschler pointed out that Pratt & Whitney engines at present furnish motive power for such commercial air transport companies as Boeing Air Transport; National Air Transport, Western Air Express, Transcontinental Air Transport; Pan American Airways; Universal Air Transport; Northwest Airways, and Pacific Air Transport, and further, that Pratt & Whitney engines are used by Army and Navy pursuit observation and bombing planes, and commercial seaplanes, land planes, flying boats and amphibians.

Mr. Vought, whose company has been one of the leading producers of military airplanes since the war, stated that with the recent tremendous growth of commercial aviation, his organization now contemplates expansion into the commercial airplane manufacturing field. The famous Vought "Corsair" airplane now in current production for the United States Navy, holds four world's records for altitude and speed. Based on prices of Boeing Aircraft & Transport Corp. preferred and common stocks which are listed and traded in the New York Curb, the presently outstanding stocks of the new corporation would have a market value in excess of \$150,000,000, by far the most ambitious project yet undertaken in aviation.—V. 127, p. 3249.

**Boott (Cotton) Mills.—Pays Larger Dividend.**

The company on Dec. 1 paid a quarterly dividend of 5% on the outstanding 12,500 shares of capital stock (par \$100). This compares with quarterly dividends of 2 1/2% previously paid. It is understood that the next dividend will be less than 5%.—V. 126, p. 1356.

**Borg & Beck Co. of Illinois.—New Business.**

An order for 2,000 clutches has been placed with this company by the Gardner Motor Co. to be used in the new series "eights" recently announced. It is expected that this supply will fill Gardner requirements for approximately the first quarter of 1929.—V. 126, p. 3595.

**Bright Star Electric Co.—Earnings.**

The company reports net profits of \$86,441 after all charges but before Federal taxes, for the four months' period ended Oct. 31. This is equal to 45 cents a share on the 150,000 shares of class B stock outstanding after dividends on 37,500 shares of \$2 cumulative preference class A stock. Owing to the change in the company's fiscal year to end of calendar year, no comparison with previous period is available. Sales for October were \$215,270 and for November \$203,003, compared with \$179,681 and \$170,767 for the same months of 1927. Net earnings for the six months' period ended Dec. 31 1928 are expected to exceed \$140,000.—V. 127, p. 413.

**British-American Tobacco Co., Ltd.—Final and Interim Dividends—Earnings for Year Ended Sept. 30 1928.**

The directors on Dec. 18 decided to recommend to the shareholders at the annual meeting on Jan. 14, the payment on Jan. 24 of a final dividend of 1s. 8d. per share free of British income tax, upon issued ordinary shares. The directors also decided to pay on Jan. 24 an interim div. of 10d. per share for the current year on the issued ordinary shares free of British income tax.

Net profits for the year ended Sept. 30 1928, after deducting all charges and expenses for management, &c., and providing for income tax, are £6,563,560, as against £6,354,096 for the previous year. After paying final dividend amounting to £1,961,686, the carry forward will be £2,774,487, as against £2,319,129 for the previous year.—V. 127, p. 2688.

**Buffalo (N. Y.) Insurance Co.—Extra Dividend.**

The directors have declared an extra dividend of 1 1/2% in addition to a regular dividend of 3%, both payable Dec. 31 to holders of record Dec. 24. This makes a total of 14% paid in 1928, against 13% in 1927 and 1926 and 12% in 1925 and 1924.—V. 115, p. 2383.

**Building Products, Ltd.—Higher Dividend—Rights.**

The directors on Dec. 12 decided to call in the outstanding \$700,000 preference stock at \$105 per share. The board also declared the regular dividend for the quarter ending Dec. 31 1928, on the pref. stock, being at the rate of 7% per annum, payable on Jan. 2 1929, to holders of record Dec. 20.

The directors also declared a dividend on the class "A" and class "B" common stock for the quarter ending Dec. 31 1928, at the rate of \$1.60 per share per annum, payable Jan. 2 1929, to holders of record Dec. 20. This is an increase in the rate of dividend on the class "A" and class "B" common stock from \$1.20 per share per annum.

It was further decided, in order to provide some of the funds required for redemption of the preference stock and so as to leave the company in strong position as to working capital, to issue 10,986 new class "A" no par value non-voting shares, to be offered to the class "A" and class "B" no par value common shareholders pro rata one new share for each 10 shares held, at \$35 per share.

An officer of the company stated that the earnings on class "A" and class "B" common shares for the year ending Dec. 31 1928, were expected to be at least \$3 per share, after payment of all charges, including depreciation, taxes, &c., and after payment of preferred dividends.—V. 126, p. 2969.

The company has received from the U. S. Government contracts for Celotex to be used in insulating two government hangars at Coco Solo in the Canal Zone. Orders have already been placed for Celotex for the new Navy hangars at Hampton Roads, Va. and at San Diego, Calif.—V. 127, p. 3402.

**Central Brass & Fixture Co.—Listing.**

The Detroit Stock Exchange has approved for listing 25,000 shares, no par value, cumulative and participating class A stock.—(V. 126, p. 582) V. 126, p. 1204.

**Chance Vought Corp.—Merger.**

See Boeing Airplane & Transport Corp. above.

**Chatham Manufacturing Co.—Stock Offered.**

Wachovia Bank & Trust Co., Winston-Salem, N. C., recently offered an issue of 6% cum. pref. stock, at 99 and div.

Dividends payable Q.-J. Callable all or part on any div. date at \$110 per share and div. Preferred stock shall not vote unless corporation shall fail for 90 days to pay dividends thereon as due, in which event, the preferred stock shall have the same voting power as the common stock, as long as such defaults shall continue and no longer. Wachovia Bank & Trust Co., Winston-Salem, N. C., transfer agent. Stock is free from the North Carolina State County and City ad valorem tax, as the corporation pays this tax. Dividends are free from the present Federal normal income tax and the State of North Carolina income tax.

**Data from Letter of Mr. H. G. Chatham, President of Company.**

**History.**—This business was founded at Elkin, N. C., in 1877 by Alexander Chatham and T. L. Gwyn, with an initial capital of \$3,000. The manufacture of woolen cloth and blankets was begun in one small building. In 1906 a modern mill was erected in Winston-Salem where better railroad facilities and suitable skilled labor was found available. Properties include two complete manufacturing plants at Elkin and finishing plant at Winston-Salem.

**Dividend Record.**—Company has paid common stock dividends every year since 1877, and has never failed to pay preferred stock dividends. Production is now centered on two well-known brands, "Chatham" and "Elkin," making a complete line of all wool and wool and cotton blankets. Annual production of blankets has increased from less than 200,000 pairs to approximately 1,500,000 pairs in five years. This increase is illustrated in the volume of annual sales:

1924.....	\$1,325,648	1926.....	\$2,326,122
1925.....	2,275,353	1927.....	\$3,494,744
		1928 (10 mos)	\$3,408,216

In order to care for this increased business, company during the last two years, made large additions to the mill at Elkin.

**Capitalization.**—The capitalization of company, at the time of issue of this new preferred stock, will be as follows:  
7% cumulative preferred stock..... \$700,000  
6% cumulative preferred stock..... 750,000  
Common stock..... 1,050,000

Both issues of preferred stock are identical in terms except as to callable price and dividend rates.

**Earnings.**—Net earnings for the year 1927 and 10 months in 1928 show the effect of enlarged manufacturing facilities and expenditures for national advertising. These earnings, after taxes, are as follows: 1927, \$218,203; 1928 (10 months), \$248,176.

Net profits available for dividends will be largely increased by this new capital because it takes the place of money borrowed from banks. The amount heretofore paid out in interest and charged to expense will now go into profits and be available for dividends.

**Chicago Pneumatic Tool Co.—Recapitalization.**

The stockholders will vote Dec. 31 on changing the authorized capital stock from 106,000 shares, par \$100, into 188,000 shares of no par value conv. preference stock and 500,000 shares of no par value common stock. Each present share is to be exchanged for two shares of preference stock and two shares of new common stock.—V. 127, p. 3251.

**Citizens Necessities Co., Toledo, O.—To Retire Pref. Stk.**

This company, which has been recently purchased by the Utilities Service Co. of Alliance, O., has called all of its \$2,000,000 of 6% pref. stock for redemption at 105 and div. on Jan. 2 1929. New financing at a lower rate is expected, a dispatch from Toledo stated. See also V. 127, p. 1394.

**City Radio Stores, Inc.—November Sales.**

**City Stores Corp.—To Reclassify Class B Stock.**

The stockholders will vote Jan. 8 on changing the authorized class B stock (no par value) from 400,000 shares into 2,000,000 shares of common stock of no par value, each present share to be exchanged for 4 new shares.—V. 127, p. 3403, 3251.

**Claude Neon Lights, Inc.—To Split Common Stock and Retire Preferred Stock.**

The directors have voted to recommend to the stockholders an increase in the common stock from 100,000 to 3,000,000 (shares, giving the shareholders 10 shares of no par stock for each share now held. This will leave

2,000,000 shares in the treasury. It was also announced that the preferred stock will be retired at \$110 per share.  
According to J. H. O'Neill, an official of the corporation, notice has been issued to users and prospective users of Neon electric signs to the effect that the Claude broad patent having been held valid by the highest courts, users of infringing signs will be enjoined and held equally liable for damages with manufacturers. This notice is a sequel to the permanent injunction by the U. S. District Court restraining Rainbow Light, Inc., and its privies (of which Rainbow Luminous Products is one) and E. Machlett & Sons from further infringement of the Claude basic patent 1,125,476. See V. 127, p. 3251.

**Coast Breweries, Ltd.—Stock Offered.**—Branson, Brown & Co., Ltd., R. P. Clark & Co., Ltd., and R. L. Shimmmin, Vancouver, B. C., are offering 50,000 shares of ordinary stock at \$23 per share. This issue represents no new financing by the company.

**Capitalization.**—Authorized: 250,000 shares (no par); issued 175,000 shares.  
**Company.**—Has been formed under the Laws of the Dominion of Canada and owns practically all of the outstanding capital stocks of the Westminster Brewery Ltd., Rainier Brewing Co. of Can. Ltd., Victoria, Phoenix Brewing Co. (1920) Ltd. and Silver Spring Brewery Co. Ltd. The constituent companies have been in business for many years, and have built up an enviable reputation for the quality of their products.

**Assets.**—As at Sept. 30 1928, total net assets are shown in the balance sheet as \$1,777,272 with current assets of \$111,539 of which \$228,218 was cash in hand and in bank, with current liabilities \$87,432.

**Earnings.**—The earnings of the constituent companies for the last fiscal year of each, indicates net earnings for the Coast Breweries Ltd. of over \$450,000 per annum, after depreciation and taxes, and after giving effect to non-recurring charges and estimated economies in operation. This would enable an 8% dividend to be paid on the ordinary shares of Coast Breweries Limited and put approximately \$150,000 per year to reserves. Earnings should show a substantial increase as export business to the Far East and New Zealand is being rapidly developed.

**Dividends.**—The directors have declared their intention to place the stock on an initial annual dividend basis of \$1.84 payable quarterly. This is equivalent to 8% on the issue price of \$23 per share.

**Columbus Auto Parts Co.—Stock Offered.**—Hemphill, Noyes & Co. and R. V. Mitchell & Co., are offering at \$30.50 per share 50,000 shares (no par value) convertible cumulative preference stock (annual dividend rate \$2 a share). Dividends guaranteed for five years by endorsement by the Electric Auto-Lite Co. The stock herein offered has been purchased from individuals and represents no new financing by the company.

The holders of shares of this stock resident in the State of Ohio are not required, under existing laws, to list such shares for personal property tax in the State of Ohio. Preferred over the common stock as to assets and as to quarterly dividends, cumulative from Dec. 1 1928, at the annual rate of \$2 a share. Red. in whole or in part at any time and from time to time at the option of the company, upon at least 30 days' notice, at \$33 a share and divs. Upon any dissolution, entitled to \$33 a share and divs. before any distribution may be made to common stockholders. Non-voting except as provided in the articles of incorporation as amended. Transfer agents, Chemical National Bank, New York, and Union Trust Co., Cleveland, Ohio. Registrars, Guaranty Trust Co., New York, and Guardian Trust Co., Cleveland, Ohio.

**Convertible.**—At the option of the holder, at any time prior to the close of business on any date specified for redemption, into the common stock of the company, on a share for share basis.

\*55,000 shares reserved for conversion of 55,000 shares of convertible cumulative preference stock.

**Data from Letter of R. E. Klages, President of the Company.**

**Business.**—Company was organized in Oct. 1912 in Ohio. Company owns a modern manufacturing plant in Columbus, Ohio, which was completed and placed in operation in 1927 and designed for the manufacture of tie rods and drag links used in the steering mechanism of automobiles. Company's customers include many of the larger automobile manufacturing companies in the United States.

**Earnings.**—For the 3 years and 9 months ended Sept. 30 1928, the average annual net profits of the company (after eliminating non-recurring sales) result, resulting in an average annual net addition to earnings of \$10,111 for the period) and after providing for Federal income taxes at the current rate in lieu of taxes paid or accrued, as certified to by Ernst & Ernst, were approximately twice the dividend requirements for said period on the convertible cumulative preference stock presently to be outstanding.

For the first nine months of 1928 net profits on the above basis were over 4½ times the dividend requirements for the period on such preference stock and, after deducting prior dividend requirements, were equivalent to \$2.69 per share of common stock to be presently outstanding.

**Balance Sheet.**—The balance sheet as at Sept. 30 1928, adjusted to give effect to the proposed reclassification of stock, shows a ratio between current assets and current liabilities of better than 2.16 to 1, with cash alone amounting to over 60% of current liabilities. The company has no funded debt.

**Sinking Fund.**—The convertible cumulative preference stock will be entitled to the benefits of an annual sinking fund payable on or before May 1 in each year, commencing May 1 1930, equal to 20% of the net earnings of the company for the next preceding calendar year. The sinking fund will be used for the purchase of convertible cumulative preference stock in the open market or at private sale at not exceeding the redemption price, or if not so obtainable, for the redemption of said stock. All stock acquired through the sinking fund shall be cancelled.

**Guaranty.**—The Electric Auto-Lite Co. has agreed that, for a period of five years from Dec. 1 1928, it will unconditionally guarantee to the holders of the shares of this convertible cumulative preference stock issued or to be issued up to the authorized 55,000 shares thereof, that the quarterly cumulative dividends at the rate of \$2 per share per annum, or a sum of money equivalent to such quarterly dividends, will be promptly paid upon outstanding shares of said stock on each quarterly dividend payment date, the first dividend payment so guaranteed being that to be made Mar. 1 1929.

In the event that the Electric Auto-Lite Co. is called upon to perform such guaranty by use of its funds, it shall have no claim against the company for the amount paid.

**Control.**—The Electric Auto-Lite Co. will control the company through ownership of a majority of the common stock to be presently outstanding.

**Commercial Credit Co. of Baltimore.—Motorboats To Be Sold on Time.**

General application of the installment payment plan to yachts and motorboats, along lines similar to accepted methods in the automobile industry, is regarded as certain by officials of the company. The recently announced contract with the Chris Smith Boat Works of Algonac, Mich., builders of Chris-Craft has been followed by a deluge of inquiries from yachtsmen and yacht-builders which indicate a wide acceptance of the deferred-payment idea as applied to pleasure boats.

In the commercial credit plan now used by the Chris Smith company, and which is expected to be put in operation by other boats builders, boats are sold with a minimum down payment of 40%, and the balance is divided into between six and 12 installments.—V. 127, p. 3251.

**Consolidated Mining & Smelting Co. of Canada, Ltd.—Extra Dividend of \$5 per Share.**

The directors have declared an extra dividend of \$5 per share and the regular semi-annual dividend of \$1.25 per share on the outstanding capital stock, par \$25, both payable on or about Jan. 15. Like amounts were paid on Jan. 15 and July 15 1927 and on Jan. 16 and July 16 last. Previously the company paid 75c. per share semi-annually. An extra dividend of \$3 per share was also paid on July 15 1926, while on Jan. 15 1926 an extra disbursement of \$5 per share was made. Of the \$12,675,300 stock outstanding, the Canadian Pacific Ry. owns \$5,785,325.—V. 127, p. 2690.

**Consumers Glass Co., Ltd., Montreal.—Bonds Offered.**—Wood, Gundy & Co., Ltd., Montreal, are offering at 95¼ and int. to yield 5.35% \$1,300,000 1st mtge. sinking fund gold bonds 5%, series A.

Toronto General Trusts Corp., trustees. The trust deed will provide for an annual sinking fund for bonds of series A commencing Dec. 1 1931, of \$25,000 for each of the three years ending Dec. 1 1933, and of \$50,000 annually thereafter. Legal investment for life insurance companies under the Insurance Act, 1917, Canada.

**Company manufactures a wide range of glass bottles, jars, &c., of which it produced more than 75,000,000 during the year ended Aug. 31 1928. Company was incorp. in 1917 (Dominion Charter). Several years were devoted to organization, extensions and alterations, including the conversion from hand processes to automatic machinery. Production on a substantial scale commenced in 1924 and the company now manufactures an important portion of the glass-ware produced in Canada. Sales during the fiscal year ended Aug. 31 1928, were more than 250% in excess of sales for the year ended Aug. 31 1925; and further increase is expected during the present fiscal year. Company has a producing capacity of more than 30,000 tons annually.**

**Earnings.**—Price, Waterhouse & Co. have audited the company's accounts for the period Aug. 31 1926 to Oct. 31 1928, and their report shows that average annual net earnings for this period of two years and two months, available for bond interest and depreciation, were \$347,855, equal to over 5½ times annual interest requirements on the first mortgage bonds now to be issued.

**Security.**—There will be subjected to the direct, specific charge of the trust deed securing the bonds, physical assets, including land, buildings, plant, machinery and equipment included in the balance sheet of the company, as at Oct. 31 1928 of \$2,068,042, against which amount there is carried a depreciation reserve of \$575,302. According to the balance sheet, net current asset of the company, as at Oct. 31 1928, after deducting all current liabilities, aggregated \$569,105.

**Purpose.**—Proceeds will be used to (a) reimburse the company for cash provided by it to retire \$500,000 first mortgage bonds called for redemption on Nov. 1 1928; and (b) redeem outstanding notes.

**Copeland Products, Inc.—No Change in Personnel.**—William R. Wilson, Chairman, on Dec. 13 announced that there would be no change in its policies or personnel following the resignation of George W. Mason as President. Mr. Wilson stated that he would remain in active charge and that there would be no immediate addition to the executive staff. (See Kelvinator Corp. in V. 127, p. 3408).—V. 127, p. 2234.

**Crown Zellerbach Corp.—Output of Second Unit Contracted For.**

Announcement was made last week that the entire production of the second unit of the new Crown Zellerbach kraft pulp and board mill at Port Townsend, Wash., which is nearing completion and is expected to be placed in operation early in 1929, has been contracted for by the Bates Valve Bag Corp. The development, the first unit of which was completed about the middle of this year, represents an investment of more than \$6,000,000. The entire daily production of this unit, amounting to approximately 100 tons of kraft liner board, has been sold under a 20-year contract to the Board Products Inc.

The addition of this second unit to the Port Townsend development will contribute materially to the company's earnings during the ensuing fiscal year. Completion of the second unit will about double the output of the development.—V. 127, p. 3403.

**Davenport Hosiery Mills, Inc.—Earnings.**

<b>11 Months Ended Nov. 30—</b>	1927.	1928.
Net sales-----	\$3,161,207	\$2,990,239
Net profits after Federal taxes-----	244,013	167,025
Earnings per share on 75,000 shs. common stock (no par), after pref. div. requirements-----	\$2.40	\$1.38

An official statement says:  
The company has been effecting some internal improvements in its plant, including the installation of some new equipment. By the first of the year they will have a completely equipped full fashioned hosiery mill capable of turning out 1,000 dozen pairs per day, in addition to its daily production of 500 to 800 dozen pairs of high grade seamless hosiery per day. It is expected that 1929 results will show a substantial improvement over 1928 results, due to the fact that there will be no extra expense for trainings help. With a continuance of the present favorable conditions, it is estimated that profit for 1929 may show in excess of \$5 for the common stock, in which case a part of the additional earnings will be used in further expansion of the full-fashioned hosiery department and for the payment of dividends on the common stock.—V. 127, p. 2371.

**Denver (Colo.) Motor Hotel Co.—Bonds Offered.**—An issue of \$350,000 1st mtge. 6% serial gold bonds is being offered by Straus Brothers Investment Co., Chicago, at prices to yield from 5 1/4 to 6% according to maturity.

**Dunhill International, Ltd.—Rights Expire Feb. 11.**

The right to subscribe for 50,000 additional shares of capital stock at \$50 per share will expire on Feb. 11 next. See offering in V. 127, p. 3253.

**(E. I.) du Pont de Nemours & Co.—To Split Up and Change Par Value of Common Shares.**—The stockholders on Dec. 17 voted to change the authorized common stock from 5,000,000 shares of no par value to 15,000,000 shares of \$20 par value, each present share to be exchanged for 3 1/2 new shares.

The outstanding issue of no par value common stock amounts to 2,811,050 shares. Following the meeting of stockholders, the directors authorized the officers of the company to put the plan into effect and Jan. 21 has been decided on as the date for the exchange.

No action was taken on the matter of dividends to be paid on the new stock, but it is expected that a regular rate of \$4 per share will be established, which will be equivalent to \$14 per share on the present common stock. See also V. 127, p. 2962.

**Eastern Rolling Mill Co.—5% Stock Dividend.**

The directors have declared a 5% stock dividend and the usual quarterly dividend of 37 1/2 cents per share on the common stock, both payable Jan. 1 to holders of record Dec. 15. From Apr. 1 1926 to Jan. 1 1928, incl., an extra cash distribution of 12 1/2 cents per share was made quarterly; no extras since.—V. 126, p. 3600.

**(Otto) Eisenlohr & Bros., Inc.—Rights.**

The common stockholders of record Feb. 5 will be given the right to subscribe on or before April 5 for 100,000 additional shares of common stock at par (\$25 per share) on the basis of one new share for each four shares held.

The company is using about 160,000 shares of common stock to acquire an 80% interest in B. G. Davis & Co., Inc., 40% in A. Santaella & Co., Inc., and 100% in E. Klein & Co., Inc. See V. 127, p. 3404.

**Electric Auto-Lite Co.—Guaranty—Control of the Columbia Auto Parts Co. Acquired.**

**Data from Letter of Mr. Joseph Feucktwanger, Pres. of Company.**

**History.**—The business was established in Chicago in 1909 with an investment of \$30,000. Successful from the start, operations have resulted in a net profit in every year without exception.

Company is engaged in the mail order business selling men's and women's ready-made clothing and other merchandise on the installment plan.

The company sells to more than 160,000 customers annually, sales being made in every State in the Union. More than 65% of such sales represent repeat orders from customers previously sold. The company estimates that about 45% of its customers whose credit is established purchase on an average twice a year. Mailing lists are checked frequently and names which have not shown responses are dropped.

**Earnings.**—The net earnings available for dividends after deducting (a) reserves for depreciation and bad debt losses, (b) Federal income taxes at current rates in lieu of income and capital stock taxes actually paid, and (c) certain adjustments incidental to the refinancing agreement averaging \$4,700 annually as certified to by Price, Waterhouse & Co. for the four years end'd Dec. 31 1927, and as estimated by the officials of the company for the year ending Dec. 31 1928, show an average for the five years ending Dec. 31 1928, of \$145,878 per annum. For the year ended Dec. 31 1927, such earnings were \$170,564 and for the year ending Dec. 31 1928, it is estimated by the management that, based on actual sales for 10 1/2 months, ended Nov. 15 1928, the net earnings should be not less than \$220,000 or at the rate of \$5.50 per share of preferred stock.

**Financial Position.**—The financial position of the business June 30 1928, as set forth in the balance sheet, shows a strong position with current assets of \$784,171 compared with total current liabilities of \$17,553, a ratio of more than 6 to 1.

**Purpose.**—This stock is being purchased in part from the stockholders and in part from the corporation, to retire mortgage debt, preferred stock previously outstanding, and for additional working capital.

**Listed.**—Listed on the Chicago Stock Exchange.

**Empire Bond & Mortgage Corp.—Dividends.**

The directors have declared the regular quarterly dividend of 1 1/4% on the 7% pref. stock, payable Jan. 1 1929 to holders of record Dec. 20.

An interim dividend of \$1 per share was declared on the common stock, covering the two months' period ending Dec. 31 1928, payable Jan. 1 1929 to holders of record Dec. 20.—V. 127, p. 2690.

**Employers' Group Associates.—Stock Offered.**—Kidder, Peabody & Co. and United States Trust Co. are offering 220,000 shares (no par) capital stock at \$34.50 per share. Of the 220,000 shares to be presently outstanding 73,333, or one-third, have been reserved for resale to the 9,000 employees and agents in all parts of the United States of the three insurance corporations below mentioned.

Peabody Trust Co., Boston, transfer agent. United States Trust Co. registrar.

**Organization.**—Is being organized as a voluntary association or trust under an agreement and declaration of trust pursuant to the laws of the Commonwealth of Massachusetts, and at its inception will own 100,000 shares of stock of Employers' Liability Assurance Corp., Ltd., London, and all the outstanding capital stocks of the latter's former American subsidiaries: American Employers' Insurance Co. and the Employers' Fire Insurance Co.

**Purpose of Issue.**—Certain rulings governing insurance company investments prohibit an alien company which does business in the United States from carrying among its admitted assets stocks of other insurance companies. Consequently it is necessary for The Employers' Liability Assurance Corp., Ltd., London, either to dispose of its holdings in the American companies or withdraw them from admitted assets. The former course has been decided upon and Employers' Group Associates is being formed in order that the relationship between the three companies may be maintained as closely as possible.

**Capitalization.**—Authorized and outstanding 220,000 shares of no par value.

**Assets.**—The stock of The Employers' Liability Assurance Corp., Ltd., is currently quoted on the London Stock Exchange at about 90s. or \$21.87 per share, giving a value on such quotation of \$2,187,000 to the 100,000 shares to be owned by Employers' Group Associates. As of Sept. 30 1928, the fair commercial value of American Employers' Insurance Co. stock is conservatively estimated at \$2,214,570 while that of The Employers' Fire Insurance Co. is estimated at \$2,439,828. Employers' Group Associates will also have in its treasury about \$400,000 cash, making the estimated value of its assets \$7,241,398 or \$32.91 per share.

**Trustees.**—The original board of trustees will be composed of: Charles Francis Adams (Treas. of Harvard College); Charles L. Edgar, (Pres., Edison Electric Illuminating Co.); William Endicott, (Kidder, Peabody & Co.); Gay Gleason; Franklin P. Horton; John M. Morrison; Artemas B. Poor; A. C. Ratschky; Edward C. Stone

**Listing.**—It is expected that application will be made to list these shares on the Boston Stock Exchange.

**Ferro Enameling Co.—Stock Offered.**—Edmund Seymour & Co., Inc., and Charles D. Robbins & Co., are offering 25,000 shares of class A cumulative participating stock (no par value), at \$69.50 per share to yield 7.19%. The offering represents no new financing by the company and involves no change in control.

Dividends are exempt from the present normal Federal income tax. Exempt from personal property tax in Ohio. Transfer agent: Cleveland Trust Co., Cleveland, Ohio. Registrar: Cleveland Trust Co.

Class A stock is entitled to cumulative preferential dividends at the rate of \$4 per share per annum, payable Q.-J. After payment in any year of such preferential dividends on the class A shares, the class A shares and class B shares shall participate equally, share for share, in any and all dividends declared each year up to and until a total of \$6 a share has been paid in such year on the class A shares and thereafter in such year, dividends may be declared and paid on the class B shares until a total of \$6 a share has been paid on each class B share, and thereafter the class A and class B shares shall participate equally share for share in any dividends in such year. Red. all or part upon 30 days' notice, on any dividend date at \$80 per share plus dividends. Class A stock is now paying \$5 per share annually.

**Data from Letter of H. D. Cushman, President of the Company.**—Incorp. in Ohio, in Oct. 1919. Was organized by H. D. Cushman and R. L. Williams for the manufacture and sale of porcelain enamel and has been built up from a nominal investment to its present position in the industry entirely out of earnings. Company now supplies under contract practically the entire porcelain enamel requirements of the General Motors Corp. (Frigidaire Division), Dayton, Ohio, the Genera

Electric Co., the Toledo Scale Co., Toledo, Ohio, and the Wehrle Stove Co., Newark, Ohio. Company also supplies the entire porcelain enamel requirements of many other concerns manufacturing a wide variety of products.

**Earnings.**—In each of the last five years, sales have shown a large increase over the previous year. The average annual earnings for this period (including 1928, last two months estimated) after deducting all charges, including depreciation, and Federal taxes, adjusted to present rate of 12% were \$184,288, equivalent to \$7.37 for each share of class A stock outstanding. Net earnings for the first 10 months of 1928 were equivalent to \$11.69 for each share of class A stock, or at the rate of \$14.03 for the full year.

Year	Percentage of Increase in Sales over Previous Year.	Net Profits Available for Divs.
1924	57.7%	\$146,789
1925	13.5%	136,066
1926	32.3%	*86,505
1927	48.1%	201,228
1928 (2 months estimated)	31.1%	350,852

\* Increase in sales from 1922 to 1928—700%.  
\* Reduction in profits due to increased compensation to Ferro Enamel Supply Co. (the selling organization), and to increased administrative expenses.

**Assets.**—The land, buildings and equipment are carried on the books of the company as of Oct. 31 1928 at a depreciated value of \$176,987, although the appraised value is substantially in excess of this amount.

Current assets as of Oct. 31 1928 amount to \$539,307 and current liabilities to \$184,702 or in the ratio of approximately 3 to 1. Practically one-half (\$270,579) of these assets are made up of cash, Liberty bonds and Federal Land Bank bonds. This is approximately 1½ times total current liabilities.

**Listing.**—Company has agreed to make application to list the class A stock on the New York Curb Market.—V. 127, p. 3404.

**Fidelity Company of Conn., Inc.—Stock Offering.**—An issue of 6,000 shares of capital stock (par \$25) was recently offered by Fidelity Finance Corp., New Britain, Conn., and Fuller, Richter, Aldrich & Co., Hartford, Conn.

**Capitalization.**—Authorized, 20,000 shares (par \$25); outstanding (this issue), 6,000 shares.

The City Bank & Trust Co. of Hartford, trustee.  
**Business.**—Was organized in Connecticut as an investment company. The charter provides broad powers for the purchase, sale, and ownership of all types of securities. Through related management and through the purpose of its organization, this corporation is closely affiliated with The Fidelity Industrial Bank of New Britain, Connecticut.

**Management.**—The funds of this corporation are managed by a large holding company with headquarters in Hartford, Conn. The board of directors are identified with The Fidelity Industrial Bank of New Britain, Conn.

**First Federal Foreign Investment Trust.—Proposed Change in Name.**—

A meeting of stockholders has been called for Jan. 18 to approve a resolution adopted by the directors to change the present name of the organization to the "First Federal Foreign Banking Corp."

According to F. J. Lisman, head of the banking firm of F. J. Lisman & Co., and Chairman of First Federal Foreign Investment Trust, the increasingly large proportion of business done by the trust in financing the exportation of American products to foreign countries makes such a change advisable. The new name, "First Federal Foreign Banking Corp." has been submitted to the Federal Reserve Board and has been reserved for the organization by that body.—V. 127, p. 3254.

**Foote-Burt Co., Cleveland.—Stock Increased—Special Dividend.**—

The stockholders on Dec. 11 increased the authorized class B stock from 10,000 to 100,000 shares to be designated common stock after which holders of class B stock will receive five shares of new common for one of the present "B" stock. Holders of class A will be offered the right to convert their stock into the common in the ratio of 1½ shares of common stock for each share of class A stock held.

The directors recently declared the regular quarterly dividends of \$1.75 per share on the preferred and 25 cents per share on the class A stock, both payable Jan. 1 to holders of record Dec. 20 and a special dividend of \$2.50 per share on the class A stock, payable Dec. 22 holders of record Dec. 15. This makes \$3.50 per share to be paid on the class A stock this year. (This corrects item in V. 127, p. 3254.)

The company has sold to Maynard H. Murch & Co., Cleveland, the balance of the 42,437 shares of common stock, which will provide funds for the retirement of \$510,000 1st mtge. 6% bonds at 103 and int., and \$659,762 of 7% pref. stock at 110 and divs. This plan will leave the company with no bank loans, class B stock or funded debt, the capital consisting of 5,500 shares of class A and 92,438 shares of common, 7,562 shares of which are reserved for conversion of class A shares.

Profits in the first 10 months of this year were at the rate of \$6.47 per share on the 92,438 shares of common stock, after depreciation, Federal tax allowance and class A dividends.—V. 127, p. 3254.

**Ford Motor Co., Detroit.—Outlook for 1929.**—

All records for production of Ford cars and trucks will be equalled, if not exceeded, during 1929, according to a statement by the company on Dec. 9. It deals with estimates by Ford agencies throughout the world and indicates the peak of 2,000,000 vehicles reached in 1924 may be exceeded.

Production of the new passenger cars and trucks during the first week of December was at the rate of 6,435 a day, which was a gain of more than 400 cars a day over the first week of November.

"During November 105,891 cars and trucks were built and sold in the United States," the statement said. "The Canadian plant at Walkerville, Ont., produced 7,591 and all other foreign plants built and distributed 7,555. This made a total for the month of 121,037."

"Dec. 2 marked the first anniversary of the introduction of the new Ford cars and trucks." During the year the company has built and sold 704,699 cars and trucks.—V. 127, p. 3098.

**Fraser Companies, Ltd.—Rights.**—

The stockholders of record Dec. 19 will be given the right to subscribe on or before Jan. 31 for additional common stock (no par value) at \$50 per share on the basis of one new share for each share held.

The stockholders on Dec. 4 approved the proposed increase in capital.—V. 127, p. 2691.

**Freeport Texas Co.—No Extra Distribution.**—

The directors have declared the regular quarterly dividend of \$1 per share, payable Feb. 1 to holders of record Jan. 15. In October last an extra dividend of 25c. per share was paid, while in each of the 3 preceding quarters of this year an extra of 75c. per share was paid.—V. 127, p. 2373.

**Fyr-Fyter Co., Dayton, O.—Stock Offered.**—W. E. Hutten & Co. and the Central Trust Co., Cincinnati, are offering at \$28 per share 20,000 shares class A shares (no par value). Of the 20,000 shares of "A" stock 13,000 shares have been acquired from individuals and the remaining 7,000 shares from the company.

Transfer agent, First National Bank, Cincinnati; registrar, Central Trust Co., Cincinnati. Class A stock is entitled to receive preferential cumulative dividends at the rate of \$2 per share per annum, and after dividends amounting to \$2 per share have been paid in any year on all class B stock outstanding any further dividends paid in said year shall be paid to the class A and class B equally, share for share. On voluntary liquidation, the class A stock shall receive \$35 per share, and on involuntary liquidation \$30 per share, before any distribution to the class B stock. Class A stock is subject to redemption in whole or in part, at \$35 per share and div., upon any div. date, on 30 days' notice.

**Company.**—Incorp. in Ohio, May 2 1916. Is the outgrowth of a selling organization which was a distributor of fire fighting appliances in Ohio,

Indiana and Michigan from 1910 until 1916. Early in 1916 the former company's assets were taken over by the present corporation. The Fyr-Fyter organization produces fire fighting equipment. It has a larger diversified line of Underwriters' Laboratories approved products than any other manufacturer and is the largest exclusive manufacturer of hand portable fire extinguishers. Company maintains a staff of expert mechanics and chemists who are constantly at work improving its products and developing new ones. Discoveries and inventions made by this research department have placed the company in an advantageous position. Its products are sold, assisted by national advertising, through a large selling organization working strictly on a commission basis and covering the United States and foreign countries.

**Earnings.**—Earnings of the company, after giving effect to non-recurring charges (interest on notes and mortgage amounting to \$5,188 in 1925, \$5,231 in 1926, \$4,878 in 1927, and \$3,580 in the 10 months ended Oct. 31 1928) and after deducting for Federal income taxes at current rates were as follows:

Year	Earns. as Above.	Earns. per Sh. Class A.
1925	\$ 95,235	\$4.76
1926	84,007	4.20
1927	65,953	3.29
1928 (10 months)	100,517	5.02

The above figures show that the average earnings for 1925, 1926 and 1927 were over twice the dividend requirements on the "A" stock, and that for the 10 months of 1928 the company earned more than 2½ times the class A dividend requirements of \$2 per share for the entire year.

**Assets.**—The balance sheet as of Oct. 31 1928, giving effect to recapitalization and refinancing, shows the company in a strong financial position. Total current assets of \$333,730 were over 3.84 times total current liabilities of \$86,831.

**Purpose.**—Proceeds of the sale of this stock have been used by the company to call and redeem the 7% preferred stock, to pay the 6% mortgage maturing Apr. 1 1929, and for additional working capital.

**Listing.**—Company has agreed to make application to list the stock on the Cincinnati Stock Exchange.

**Gamewell Co.—Stock Increased, &c.**—

The stockholders have approved an increase in the authorized capital stock (no par value) from 67,500 shares of common stock, all outstanding and 1,000 shares of management stock, all issued, to 150,000 shares of common stock. The management shares will be exchanged for 14,000 shares of common stock.

The company will enter the electrical field through the acquisition of the Holtzer Cabot Electric Co. The acquisition of the latter company has not been completed although it is understood that holders of the 12,000 shares of Holtzer Cabot stock will receive \$166.67 a share, or an aggregate of \$2,000,000.—V. 127, p. 1258.

**Gardner Motor Co.—Outlook.**—

President Russell E. Gardner says: "Production will reach the 4,000 mark for 1928, thereby establishing a new record for this company, and the management feels confident of a successful first quarter in 1929 and expects to market approximately 2,000 cars during that period. In 1927, the company produced 3,685; 3,478 in 1926 and 2,985 in 1925."

"Our records would indicate that there will not be on the 1st day of January an average of over 1 to 1½ automobiles per dealer on hand unsold in the entire country, so that any volume in consumer business will immediately be reflected in factory shipments. Our retail sale for September and October have been running over 200% ahead of 1927 for a similar period and have been running in excess of shipments. The entire situation is undoubtedly creating bare shelves for Gardner dealers. We purposely have not been pushing them unduly for the last 30 days, as we wanted to have all automobiles cleaned up."—V. 127, p. 3405.

**Geary-Jones Corp., San Francisco.—Bonds Offered.**—

Bowes Bros. & Co., San Francisco, are offering at 100 and int., to yield 6½% \$400,000 1st (closed) mtge. 6½% serial gold bonds.

Dated Oct. 1 1928; due serially 1931-1943. Prin. and int. (A. & O.) payable at the Anglo & London Paris National Bank of San Francisco, trustee. Denom. \$1,000, \$500 and \$100. Red., all or part, on any int. date at a premium of 3% if red. on or prior to Oct. 1 1931; at a premium of 2% if red. subsequent to Oct. 1 1931 and on or prior to Oct. 1 1934; or at a premium of 1½% if red. subsequent to Oct. 1 1934. Interest payable without deduction for Federal income tax not in excess of 2%.

**Security.**—Direct obligation of the corporation and secured by a closed 1st mtge. on land, owned in fee, consisting of approximately 6,825 square feet, fronting 50 feet on east side of Jones St. and 137½ feet on Maggie Place, San Francisco, which parcel of land is 87½ feet north of Geary St., and a 12-story and basement class A steel-frame hotel building to be erected thereon, which will contain 173 rooms, (each with bath), lobby and dining room, together with its complete furnishings and equipment. The hotel will be admirably situated to attract the type of patronage desired.

**Earnings.**—Gross earnings of the hotel building are estimated at \$129,560 per annum. Operating expenses, replacements, taxes and insurance, together with an allowance for vacancies, are estimated at \$60,080 per annum, leaving a net estimated annual return of \$69,480 available for bond interest and principal repayment. This is 2.67 times the greatest annual interest charge.

**Corporation.** a California corporation, has been organized for the purpose of erecting this building. Except for one share owned by each of its directors, all of the subscribed stock is owned by the Marian Realty Co.

**General Cable Corp.—Sells Baltimore Sheet Mill.**—

See Republic Brass Corp. below.—V. 127, p. 2691.

**General Electric Co.—Federal Trade Commission Dismisses Complaints Charging Unfair Competition.**—Dismissal of its complaint against General Electric Co., Radio Corp. of America and others, charging unfair competition in monopolizing the manufacture and sale of radio devices and monopolizing radio communication, was announced Dec. 19 by the Federal Trade Commission.

Prior to the Commission's decision Dec. 19, the last action taken in the case was in June, when arguments were heard on motions of respondents to dismiss the complaint because of lack of sufficient proof and because the subject matter of the charges was not in the Commission's jurisdiction.

Respondents other than General Electric Co. and the Radio Corp. were: American Telephone & Telegraph Co., Western Electric Co., Inc., Westinghouse Electric & Mfr. Co., the International Radio Telegraph Co., United Fruit Co. and Wireless Specialty Apparatus Co.

Specifically, the complaint charged that respondents combined and conspired with the effect of restraining competition and creating monopoly in the manufacture, purchase and sale of radio apparatus and other electrical devices and monopolizing radio communication.

Another complaint, under the Clayton Act, in the matter of contracts in connection with the sale of tubes for radio sets, is now pending.

Chairman Myers noted for the record that he concurred in the action of the majority for the reason that the Commission was without jurisdiction to enter an effective order.—V. 127, p. 3405.

**General Mills, Inc.—Acquires Additional Properties.**—

President James F. Bell on Dec. 19 announced the completion of negotiations for the purchase by the company from Frank Kell and associates of all Kell milling properties located at Amarillo, Vernon, Wichita Falls and Waco in Texas, and Oklahoma City and Perry in Oklahoma. The addition of these mills with a total capacity of 9,500 barrels per day and grain storage capacity of 3,500,000 bushels, will place General Mills, Inc., in a position to serve more competitively the rapidly growing and important area of the Southwest. It will also provide many additional wheat purchasing points through the country elevators in Oklahoma and Texas to be acquired by these properties.—V. 127, p. 3405.

**General Motors Corp.—Sales for November.**—During the month of November General Motors dealers delivered to consumers 91,410 cars, according to an announcement by Alfred P. Sloan, Jr., President. This compares with 80,539 for the corresponding month of last year, or an increase this

year of 13.5%. Sales by General Motors divisions to dealers totaled 47,587 cars, as compared with 57,621 for November 1927, or a decrease of 17.4%. The announcement further states:

Although dealers sales to consumers show an increase over the corresponding month of last year, that increase has been limited by the fact that the Chevrolet division had a very small field stock of cars due to the introduction of the new six cylinder model. Furthermore, sales of General Motors divisions to dealers have been affected by the fact that both the Chevrolet and Pontiac divisions have been out of production during the month under review, preparing for the introduction of new models.

The following tabulation shows monthly sales of General Motors cars by dealers to ultimate consumers and sales by the manufacturing divisions of General Motors to their dealers:

**General Refractories Co.—To Increase Stock.**

The stockholders will vote Feb. 25 on increasing the authorized capital stock (no par value) from 225,000 shares to 300,000 shares.—V. 127, p. 2829.

**General Surety Co. (N. Y.).—Increases Capital.—Acquisition, &c.**

The directors at a special meeting, authorized an increase of the capital stock (par \$25) from 100,000 shares to 160,000 shares. The increased capitalization will be used for the purpose of taking over the control of two companies, subject to the approval of the Insurance Department, which will result in the General Surety Co., having a capital and surplus of \$12,500,000 exclusive of reserves and undivided profits. The names of the companies to be taken over were not disclosed.

A special meeting of the stockholders will be held on Dec. 29 for the purpose of ratifying the action of the board. The General Surety Co. is a subsidiary of the National American Co.

John Kadel, of Kadel, VanKirk, Trencher and Villamena, has been elected a director.—V. 125, p. 2394.

**Germanic Fire Insurance Co.—Licensed To Do Business in New York.**

The following letter has been addressed to the stockholders of the International Germanic Trust Co., the International Germanic Co., Ltd., and the Germanic Fire Insurance Co. of New York:

The entire capital and surplus of the Germanic Fire Insurance Co. of New York amounting to \$2,600,000 has been paid in and the company duly licensed under the insurance laws of the State of New York. The company will begin writing business on the mid-day of Jan. 2 1929, at which time the officers and full board of directors, to which certain important additions are being made, will be announced.—V. 127, p. 3254.

**P. Goldsmith Sons Co.—Stock Sold.—W. E. Hutton & Co., Cincinnati, announce the sale at \$20 per share of 11,335 shares common stock (no par value). This stock has been acquired from individual owners and is not offered by or on behalf of the company.**

**Data from Letter of Edgar J. Goldsmith, President of the Company.**

**Capitalization**—Common stock (no-par value) 60,000 shs. 60,000 shs. Authori ed. Outstanding.

Transfer agent and registrar, Central Trust Co., Cincinnati.

**History and Business.**—The business was founded in 1875 as a partnership between Wolff Fletcher and Phillip Goldsmith. The partnership on June 23 1922 was succeeded by the P. Goldsmith Sons Co., a corporation, and in May 1926 there was acquired all the outstanding stock of the Sport Shoe Co., manufacturers of a complete line of athletic shoes. The company originally made only a few grades of baseballs. Keeping abreast with growing demands, new lines and manufacturing departments have been added from time to time, until at present the company is manufacturing and dealing in all kinds of athletic and sporting goods. Its products are nationally advertised under the trade-name "Goldsmith," and distributed in all parts of the United States and also in various foreign countries.

**Earnings.**—An audit by Haskins & Sells shows the net earnings of the P. Goldsmith Sons Co., after deducting all charges, were as follows for the four years ended June 30 1928:

1925.	1926.	1927.	1928.
\$63,230	\$47,787	\$90,982	\$191,607

Average for four years, \$98,401, equivalent to \$1.64 per share; for last two years, \$141,294, equivalent to \$2.35 per share; and for year 1928, \$191,607, equivalent to \$3.19 per share.

**Dividends.**—Directors will declare an annual dividend of \$1.20 per share, payable in equal quarterly installments on Feb. 1, May 1, Aug. 1 and Nov. 1 1929.

**Listing.**—Company has agreed to make application to list the stock on the Cincinnati Stock Exchange.

**(F. & W.) Grand Properties Corp.—Debentures Offered.**

—George H. Burr & Co., New York, are offering at 107½ and int., \$3,000,000, 6% conv. sinking fund gold debentures. Interest and sinking fund payable from monthly rentals under leases by F. & W. Grand 5-10-25 Cent Stores, Inc.

Dated Dec. 15 1928; due Dec. 15 1948. Principal and int. (J. & D.) payable without deduction for normal Federal income tax not in excess of 2% per annum. Penn. and Conn. 4 mills tax, Mich. and District of Columbia 5 mills tax and Mass. 6% income tax refundable. Non-redeemable until Jan. 2 1931. Red. then or thereafter at the option of the corporation, as a whole or in part by lot, at 107½ and int., upon 30 days' notice. Semi-annual sinking fund commencing March 1 1932, sufficient to retire each year 3% of the principal amount of the authorized issue of debentures. Denom. \$1,000 and \$500\*. Equitable Trust Co., New York, trustee.

**Conversion Privilege.**—These debentures are convertible at the option of the holder at the principal office of the Equitable Trust Co., New York,

at any time to and incl. March 1 1932, into common stock (without par value) of F. & W. Grand 5-10-25 Cent Stores, Inc., at the rate of 7 shares for each \$1,000 principal amount of debentures. The shares of this common stock are listed on the New York Stock Exchange. In case any debentures are called for redemption during the existence of the conversion privilege, the holders may exercise the right of conversion up to 10 days before the date of actual redemption. The conversion right is protected in the event of stock dividends, stock split-ups, merger or sale of assets as an entirety.

**Data from Letter of Adolph F. Stone, President of the Company.**

**History and Business.**—Incorp. in 1924 in New York for the purpose of owning certain store properties in fee and certain store leaseholds. Upon the completion of the present financing it will own the fee or the leasehold of approximately 70 store properties which are or are to be leased or sub-leased to F. & W. Grand 5-10-25 Cent Stores, Inc. for a term expiring Dec. 15 1953 (except in cases where the present leases expire prior to that date, in which cases the leases or sub-leases to F. & W. Grand 5-10-25 Cent Stores, Inc. will be for the full terms of the present leases). Most of these properties are located in the heart of the retail sections of leading American cities and owe to this circumstance their constantly increasing values.

**Business of F. & W. Grand 5-10-25 Cent Stores, Inc.**—F. & W. Grand 5-10-25 Cent Stores, Inc. now operates 83 variety stores in the principal cities of the United States, located in 21 different States. The sales for 1927 were \$12,882,457, and for 1928 are estimated at \$17,500,000. Many of the stores opened in 1928 were not opened until late in the year, and it is estimated that the sales for Dec. 1928 will be approximately 70% ahead of those for Dec. 1927.

**Terms of Issue and Provisions of Trust Agreement.**—These debentures are a direct obligation of F. & W. Grand Properties Corp. Corporation owns fee and leasehold properties which, appraised together with the net depreciated value of the fixtures, betterments and improvements, have an aggregated value in excess of \$5,000,000. During the life of the debentures, the corporation will not create any indebtedness secured by general mortgage without the consent of the holders of two-thirds in principal amount of the debentures, and at no time during the life of the debentures shall the aggregate principal amount of the debentures and all other evidences of indebtedness of the corporation exceed 65% of the appraised value of the properties owned.

**Earnings.**—The leases of the corporation provide for payment of annual net rental by F. & W. Grand 5-10-25 Cent Stores, Inc. in cash, payable monthly. During the life of the debentures this annual net rental shall never be less than the sum required for the payment of interest and sinking fund requirements on the outstanding debentures, for the rentals payable on the properties held, and for proper amortization and depreciation thereon.

The rental payable to F. & W. Grand Properties Corp. under the said leases is an operating charge on the consolidated gross revenue of F. & W. Grand 5-10-25 Cent Stores, Inc. The net earnings of F. & W. Grand 5-10-25 Cent Stores, Inc. and subsidiaries, for the year 1927, after all charges (including all rentals and interest items) except managers' bonuses and income taxes, were \$1,059,445. The management estimates that for 1928 this figure will be in excess of \$1,400,000.

**Purpose.**—Proceeds will be used in connection with the acquisition of the above described store properties, and for other corporate purposes.

**Grand Union Co.—Listing.**

The New York Stock Exchange has authorized the listing of (a) certificates for 33,342 additional shares of \$3 series conv. pref. stock without par value, and (b) common stock trust certificates in respect of 33,342 additional shares of common stock without par value, on official notice of issuance and sale and payment in full, with authority to add: (1) certificates for 10,000 additional shares of \$3 series conv. pref. stock on official notice of issuance and sale to officers and employees for full consideration; (2) common stock trust certificates in respect of 20,000 additional shares of common stock on official notice of issuance and sale to officers and employees for full consideration; and (3) common stock trust certificates in respect of 65,013 additional shares of common stock on official notice of issuance upon conversion of \$3 series conv. pref. stock; making the total amounts applied for: 172,242 shares of \$3 series conv. pref. stock and common stock trust certificates in respect of 552,620 shares.

The directors on Nov. 16 authorized the issuance of additional stock of the company to holders of \$3 series conv. pref. stock and of common stock trust certificates representing common stock of record Nov. 27 in units consisting of one share of \$3 series conv. pref. stock and one share of common stock (to be represented by common stock trust certificates) at the price of \$83.34 per unit, on the basis of one such unit for each 10 shares of \$3 series conv. pref. stock or for common stock trust certificates representing each 10 shares of common stock held. Payments of subscriptions must be made in full on or before Dec. 17 at New York Trust Co., 100 Broadway, New York.

The directors on Oct. 23 1928 approved a plan for the issue and sale of 10,000 shares of the \$3 series conv. pref. stock for full consideration, to officers and employees of the company and its subsidiaries. The plan provides that the company may issue such stock on the basis of a valuation of \$50 per share up to Jan. 1 1929 (and, thereafter, at a valuation to be fixed by the directors each year in relation to the market value of such stock) in lieu of a cash bonus to which certain employees may be entitled in consideration of services rendered, in accordance with the company's policy, and also provides that officers and employees of the company or any of its subsidiaries shall have the right to subscribe on or before Dec. 31 in each year to shares of such stock (at the prices fixed from time to time by the directors) up to an amount approximately equal to 15% of their salary or compensation for the calendar year in which their subscriptions are made. The price of such stock subscribed for on or before Dec. 31 1928 has been fixed at \$50 per share. The 10,000 additional shares of such \$3 series conv. pref. stock shall remain available for issue until exhausted.

The directors at meetings held Nov. 16 and Nov. 28 1928, authorized the issuance and sale of 20,000 additional shares of common stock without par value to officers and employees of the company and its subsidiaries for full consideration in pursuance of contracts having the approval in each case of the directors at such prices as may be fixed therein, not less than \$5 per share.

**Data from Letter of Samuel H. Halle, President of the Company.**

**Business.**—The company operates a department store in Cleveland with frontages on Euclid Ave., Huron Road and Prospect Ave. The business was established in 1891 and has earned a profit in every year. The company's standards of merchandising have always been exacting, and its good-will has steadily increased. The business has grown as Cleveland and the department store business have grown. In 1910 need for expansion encouraged the company to go east of 9th Street into a new building. Four years later (1914) an addition to that building on the west, completing the present Euclid Avenue store, more than doubled the space occupied. A comparable expansion, increasing floor area about 65% was made in 1926-1927 so that the company now occupies an additional new building with a frontage of 194 feet on Huron Road, extending through to a frontage of 198 feet on Prospect Ave. and connected by a subway under Huron Road with the main Euclid Ave. store building. The new development gives the company a unique establishment in the heart of the shopping district of Cleveland fronting on three principal business thoroughfares. During the past year and a half the expansion of facilities has resulted in a substantial increase in sales.

**Earnings.**—Net sales of the company and its net profits, after deducting all charges (except a portion of extraordinary charges incident to the opening of the new Huron Road store) including depreciation, and Federal income taxes at the current rate of 12%, as certified by Ernst & Ernst, for the 4 years ended Jan. 31 1928, and as estimated by the company for the year ending Jan. 31 1929, are as follows:

Year End.	Net Sales	Net Profits as above	Pref Stock Earn. Dividends, Sh. C. m.
Jan. 31, 1925	\$14,075,813	\$828,590.56	\$162,500
1926	14,145,458	874,765.18	162,500
1927	14,754,964	914,196.98	162,500
1928	17,150,765	650,397.13	162,500
1929 (2 mos. est.)	18,700,000	895,000.00	162,500

The ratio of net profits for the year ended Jan. 31 1928, was materially reduced by reason of large expenditures made in connection with opening made in connection with opening the New Huron Road store; such expenditures were largely non-recurring charges, a substantial part of which were not eliminated in the above computation. With earnings for 2 months estimated, net profits for the full fiscal year ending Jan. 31 1929, should show \$895,000, or at the rate of approximately \$3.25 per share of common stock.

**Balance Sheet.**—The balance sheet as of Jan. 31 1928, after giving effect as of that date to the sale of 25,000 shares of the common stock and the application of the proceeds therefrom, shows net tangible assets of \$8,242,772, and a book value of the common shares of \$25.52 per share. As shown by this balance sheet current assets amounted to \$6,160,157 compared with current liabilities of \$538,344, a ratio of over 11 to 1.

**Dividends.**—Company intends to pay a dividend of 25c. per share on its common stock on Feb. 1 1929, and a regular quarterly dividend of 50c. per share on May 1 1929.

**Officers.**—Samuel H. Halle, President and Gen. Mgr.; Jay Iglauer, Vice-pres. and Treas.; J. Henry Dippel, Secy.

**Listing.**—Application will be made to list this common stock on the Cleveland Stock Exchange.—V. 123, p. 1121.

**(W. F.) Hall Printing Co.—Stock Dividend—Rights.**—Directors have declared a 5% stock dividend in addition to the regular quarterly cash dividend of 25c. per share, both payable Jan. 31 to holders of record Jan. 10. The directors also voted to offer 60,000 shares of new stock to holders of record Jan. 10 at \$20 per share to the extent of 20% of their holdings. At present there are 200,000 shares of \$10 par value outstanding. See also V. 127, p. 3099.

**Holland Furnace Co.—Listing.**—

The New York Stock Exchange has authorized the listing of 7,907 additional shares of non-par value stock on official notice of issuance as a stock dividend, making the total amount applied for 403,237 shares of non-par value stock.

The directors at meeting held Nov. 5 1928 declared a stock dividend of 2% or a cash dividend of 62 1/2c. per share, at the option of each stockholder, payable Jan. 1 1929 to holders of record Dec. 15 1928. At the same meeting directors also declared an extra cash dividend of 25c. per share, payable Jan. 1 1929 to holders of record Dec. 15 1928.

Election to take payment either in cash or in stock when once made is effective as to all stock then and thereafter owned until revoked by written notice to the company. Dividends are paid in cash to all stockholders whose election to take payment in stock shall not have been received by the company on or before the 5th day before the days upon which such dividends may be declared payable.

The 7,907 shares represent the maximum that may be required should all stockholders elect to take 2% in stock instead of 62 1/2c. in cash. It is the intention of the company to capitalize the shares issued in accordance with the foregoing at \$10 per share.—V. 127, p. 2693.

**Hollinger Consolidated Gold Mines, Ltd., Ont.—Charter Enlarged.**—

The stockholders have approved the by-law adopted by the directors on Oct. 15 whereby the company will assume investment trust powers. Upon receipt of proper authority from the provincial government the company will be enabled to buy and sell securities with money from its large surplus.—V. 127, p. 1535.

**Honolulu Plantation Co.—Listing.**—The San Francisco Stock Exchange has authorized the listing of 100,000 shares of capital stock, par \$50.—V. 127, p. 2965.

**Hooker Electrochemical Co.—New Financing.**—Offering is expected to be made by Blair & Co., Inc. in the near future of an issue of \$1,500,000 first mortgage 25-year 6% sinking fund gold bonds, series "B." The proceeds of the sale of the bonds will be used to provide funds for the completion of the company's new plant at Tacoma, Wash., to reimburse it for the expenditures in connection with the acquisition of new property and for improvements to its property.—V. 113, p. 2726.

**Houdaille Corp.—Listed.**—The Detroit Stock Exchange has approved for listing 108,000 shares class A, no par value, and 148,000 shares class B, no par value. See also V. 127, p. 2965.

**Hudson River Navigation Corp.—Dividend.**—The directors have declared a quarterly dividend of 2% on the pref. stock, payable Jan. 2 to holders of record Dec. 24. Accumulated dividends on this stock were paid off on Oct. 1 last.

**Night Line Revenues.**—This corporation, which operates the night line boats between New York, Albany and Troy will this year show the largest gross operating revenue in its history, according to an announcement by Colonel E. C. Carrington, President of the company.

Total revenues will approximate \$2,020,000 compared with \$1,881,879 in 1927 and \$1,665,916 in 1926. The current year will in fact be the first in the 98 years of corporate existence of the company that the \$2,000,000 mark has been passed. The large gain is attributed to the adaptation of the company's equipment to the carrying of automobiles and the offering of the service at a flat rate rather than a wheelbase rate as in the past.—V. 127, p. 2965.

**Humberstone Shoe Co., Ltd.—Listed on Toronto Exchange.**—The no-par value common stock was called for trading for the first time on the Toronto Stock Exchange, unlisted section, Dec. 11, and initial transactions took place at 35 a share.

The company specializes in children's footwear, especially in that type of children's open-leather shoes popularly known as "sandals." The company has never had an unprofitable year. Sales for the first quarter of the present fiscal year are reported to be 10% in excess of those for the corresponding quarter a year ago. See also V. 127, p. 2965.

**Industrial Acceptance Corp.—Extra Dividends.**—The directors have declared an extra dividend of 1/2 of 1% on the 2d pref. stock, and 50 cents per share on the common stock, payable Jan. 2 to holders of record Dec. 14. The regular quarterly dividends of 1 1/4% on the 1st pref. stock and 2% on the 2d pref. stock were also declared, payable Jan. 2 to holders of record Dec. 14. An extra dividend of 1/2 of 1% on the 2nd pref. stock and a dividend of 50 cents per share on the common stock were paid on July 2 last (See V. 126, p. 3459.)

James A. Bancroft, secretary of the Motor Dealers Credit Corp., has been elected secretary of the Industrial Finance Corp. and of Industrial Acceptance Corp.—V. 127, p. 3100.

**Interlake Steamship Co.—Extra Div. of \$2 Declared.**—The directors have declared an extra cash dividend of \$2 per share in addition to the regular quarterly dividend of \$1.50 per share on the common stock, both payable Dec. 31 to holders of record Dec. 20. An extra dividend of \$2 per share was paid on Dec. 31 1926, and one of like amount on Jan. 1 1928.

The directors also declared a 28% stock dividend on the common stock, payable Dec. 20 1928 to holders of record Dec. 5.—V. 126, p. 3604; V. 125, p. 3355.

**International Business Machines Corp.—Listing.**—

The New York Stock Exchange has authorized the listing on or after Dec. 28 of 28,933 additional shares of capital stock without par value, on official notice of issuance as a stock dividend, making the total amount applied for 607,576 shares of capital stock.

On Nov. 27 the directors adopted resolutions declaring a dividend payable in capital stock at the rate of 1.20th of a share of capital stock on each share of outstanding capital stock issuable on Dec. 28 to the holders of record at the close of business on Dec. 20.

**International Nickel Co. (N. J.)—Changes Name, &c.**—See Nickel Holdings Corp. below.

The New York Stock Exchange has authorized the listing of permanent certificates of deposit issued by J. P. Morgan & Co. at New York, N. Y. and the Royal Trust Co., at Montreal and Toronto, Canada, as depositaries for shares of the capital stock of the company as follows: 89,126 shares (par \$100) 6% non-cumulative preferred stock and 1,876,372 shares (par \$25) common stock on official notice of issuance in exchange for outstanding stock certificates.—V. 127, p. 3256.

**International Nickel Co. of Canada, Ltd.—Listing.**—

The New York Stock Exchange has authorized the listing of 19,245 shares 7% cumulative preferred stock (par \$100), and 3,087,768 shares common stock (without par value), with authority to add 89,125 shares of pref. stock and 11,258,232 shares of common stock, upon official notice of issuance in exchange for the capital stock of The International Nickel Co. (New Jersey) the name of which is to be changed to Nickel Holdings Corp. (see below).

The company was organized on June 25 1916. Since the date of organization all of the capital stock (other than directors' qualifying shares) has been held by The International Nickel Co. (New Jersey). Pursuant to recapitalization authorized at meetings of the board of directors held Dec. 3 1928, and of the stockholders held Dec. 8 1928, and to supplementary

letters patent dated Dec. 10 1928, the company has been so recapitalized that the authorized capital stock now consists of 108,370 shares of pref. stock and 17,000,000 shares of common stock without par value, in lieu of the previously authorized 500,000 shares of stock of one class (par \$100) and in lieu of the 500,000 shares of stock of one class heretofore outstanding the holders thereof now hold the 19,245 shares of pref. stock and 3,087,768 shares of common stock now outstanding.

Pursuant to a plan of reorganization declared operative on Dec. 3 1928, the company upon receiving authority to list its pref. and com. stock on the New York Stock Exchange (19,245 shares of pref. stock and 3,087,768 shares of com. stock now being outstanding), will issue additional shares of its capital stock in exchange for the capital stock of the New Jersey company at the rate of one share of pref. stock of the Canadian company for each share of pref. stock of the New Jersey company deposited for exchange and 6 shares of com. stock of the Canadian company for each share of com. stock of the New Jersey company deposited for exchange. No final date has as yet been set by the Canadian company limiting the time in which it will issue its stock in exchange for New Jersey stock.

Under a resolution of the board of directors on Dec. 3 1928, there was authorized the issuance, in exchange for such a number of the shares of the 6% non-cumulative pref. stock of the common stock of the New Jersey company, as the Canadian company might acquire (which number is limited by the 89,125 shares of New Jersey pref. stock, and 1,876,372 shares of common stock) such a number of the shares of the Canadian company as would be required to affect the above-mentioned exchange.

The Canadian company has outstanding \$1,800,000 10-year Serial 5% purchase money notes dated Aug. 1 1924. The principal amount of \$300,000 of these notes is due on Aug. 1 of each year, until the entire amount is paid off. The notes may be prepaid.

**Offer Made to Mond Nickel Co., Ltd., Stockholders.**

The directors of the International Nickel Co. of Canada, Ltd., voted to make an offer to holders of Mond Nickel Co., Ltd., to exchange their stock for stock of the International company on the following basis:

One share of 7% cum. pref. stock of the International company of \$5 par value for each 7% pref. share of Mond of £1 par, plus, in the case of the first 7% cum. pref. shares of Mond, a cash payment of 2s. 6d. a share; and for each ordinary share of Mond one share of no-par stock of the International company. The Mond company has outstanding 3,750,000 preference shares and 2,500,000 ordinary shares.

The offer is contingent on the acceptance thereof by 75% of the Mond stock. In the event of such acceptance, 7 places on the present board of 25 members will be given to Mond interests, control thus remaining with the present directorate of the Canadian company.

The International Nickel Co. of Canada and the Mond company each own a portion of the Frood mine in Canada from which the future nickel supplies of both companies are to be derived, and the projected fusion of interest will avoid the necessity of costly duplication of mining and smelting operations incident to development of a common ore body.

A special meeting of the stockholders of the International Nickel Co. of Canada has been called to be held on Jan. 3 to vote on the necessary \$5 par preferred stock.

**Certificates Ready.**

In a notice to holders of certificates of deposit for preferred and common stock of the International Nickel Co. (N. J.), the committee on Dec. 20 stated: "The necessary steps for the exchange of stock of the International Nickel Co. for stock of the International Nickel Co. of Canada, Ltd., under the deposit agreement dated Oct. 30 1928, have now been taken. Certificates for the preferred and common stock of the International Nickel Co. of Canada, Ltd., in temporary form, are available for issue against surrender of certificates of deposit, duly endorsed, to one of the depositaries—J. P. Morgan & Co., at New York, or the Royal Trust Co., at Montreal or Toronto. The stock of the International Nickel Co. of Canada, Ltd., is listed for trading on the New York, Montreal and Toronto Stock Exchanges—V. 113, p. 2509.

**International Paper Co.—Offering to Employees.**

The company is making an offering of International Paper & Power Co. 7% pref. stock to its employees. This is the fourth stock offering of the company. In the first offering—made in 1925—2,002 employees subscribed to a total of 7,189 shares. 2,677 employees subscribed to a total of 8,488 shares under the 1926 offering of pref. stock, and under last year's offering, 3,310 employees subscribed to a total of 11,247 shares.

The plan is designed to make it possible for all employees to become stockholders. The number of shares which employees may buy is based on their pay: 3 shares if their pay is \$30 a week or less, 4 shares if it is \$40 a week or less, but more than \$30 a week, and so on. Employees may pay for their stock in full or by installments as they prefer. If payment is made by installments, a fixed amount is deducted regularly from their pay.

In addition to the dividends on the stock, the company pays a bonus each year if the subscriber is still working for the company and still holds his stock. Under the present offering, a bonus, as above, of \$1 a share will be paid on Jan. 1 1930, and increasing at the rate of \$1 a share a year until a last fixed bonus of \$5 a share is paid on Jan. 1 1934.—V. 127, p. 3100.

**International Paper & Power Co.—Listing.**

The New York Stock Exchange has authorized the listing of 912,874 additional shares of class A common stock, on official notice of issuance from time to time in exchange for 7% preferred stock of the company which may be presented for conversion, making the total amount applied for 1,912,874 shares of class A common stock.—V. 127, p. 3256, 2966.

**Jaeger Machine Co., Columbus, O.—To Acquire Lakewood Engineering Co. Through Exchange of Stock—Pays Extra Cash and Stock Dividends.**

The stockholders will vote Jan. 5 (a) on increasing the authorized no par value stock from 100,000 shares to 200,000 shares, and (b) on approving a proposal to acquire all the property and assets of the Lakewood Engineering Co., of Lakewood, O., and the issuance thereof of not to exceed 49,500 shares of no par value stock of the company.

**President G. Jaeger, Dec. 17, says in substance:**

The directors have carefully considered a plan for uniting the business of this company with that of the Lakewood (O.) Engineering Co., and have unanimously approved the same.

The Lakewood Engineering Co. specializes in concrete handling machinery for use in road construction and produces also concrete handling and distributing machinery for general construction work. This company was a pioneer in the road construction field and its line includes finishing and sub-grading machines, batch boxes, cars, trucks, portable track, grade routers, float bridges, chutes, material towers and other similar equipment. It has a well equipped plant and its machinery is admirably adapted for manufacturing certain parts of the Jaeger Machine Co. line of equipment, which will require an extensive expansion program if this merger is not effected. It has a highly efficient manufacturing and sales organization and its products are sold in all parts of the country and a large volume thereof is exported. It has a consistent record of earnings since its reorganization in 1923.

In the opinion of the directors the proposed combination will effect substantial savings in production and sales and will insure a wider distribution of the products now manufactured by each company. It is planned, however, to continue both plants and the sales and distribution departments of each company although a close co-operation between the two organizations will be maintained. The distributors and agents of each company will then be in a position to offer the trade a complete line of equipment, both in the road construction and general construction fields.

The combined resources of the two companies and their ample working capital will place the larger organization in a position to meet the competition of other recent combinations of manufacturers in the industry. No new financing will be required.

The proposal contemplates that the property and assets of the Lakewood Engineering Co., will be transferred to the Jaeger Machine Co. and that the stockholders of the Lakewood Engineering Co. will receive two shares of the Jaeger Machine Co. stock for each share of Lakewood stock. The outstanding shares of the Lakewood company will not exceed 24,750.

The transfer of the assets of the Lakewood company to this company will be subject to the approval of Lakewood stockholders.

Before the consummation of the transaction, the regular quarterly cash dividend of \$1 per share will be declared and paid to the stockholders of the Lakewood company, and an extra cash dividend of \$2.50 per share will be declared and paid to the stockholders of the Jaeger company, and, in addition thereto, the shareholders of this company will receive a stock dividend equivalent to 6 1/4%, aggregating 6,250 shares, for distribution among all of the present stockholders of the company.

The current earnings of the two companies indicate that regular divs. of \$2.50 per share, which have been paid to the stockholders of the Jaeger company, will be maintained on all of the shares of the larger organization since the indicated earnings on the stock to be outstanding are approximately \$4 per share per annum. V. 126, p. 880.

**Jenkins Television Corp.—Large Theatre Chain Negotiating for Right to Broadcast Movies Direct to Screen.**

Negotiations are under way between this corporation and executives of one of the largest motion picture theatre chains in the United States for the rights to broadcast movies by radio television directly to the screens of the motion picture houses.

The corporation was recently organized to manufacture television receivers and transmitters which will broadcast movies direct into the home. It is expected that these sets will be put on the market within 3 months. (See also V. 127, p. 3408, 3256.)

**Jewel Tea Co., Inc.—Subscriptions—Sales at Peak.**

The American Exchange Irving Trust Co., 60 Broadway, N. Y. City, has been appointed agent to receive subscriptions for 40,000 shares of common stock (no par value) at \$100 per share on the basis of one for every 3 shares held as of record Dec. 21 1928. Rights expire Jan. 18 1929.

For the week ended Nov. 24 the company reports that final collection figures showed an average of \$313.38 per operating route, with 1,116 routes in operation. Total collected amounted to \$349,732. The average per route is the highest weekly record ever reported by the company. Indications received for the week ended Dec. 1 are that an average over \$300 had been reached, thus making 4 consecutive weeks having an average of \$300 per week, setting a sales record for any other 4-week period in the company's history.—V. 127, p. 3257.

**Jordan Motor Car Co.—Stock Increased.**

The stockholders on Dec. 18 increased the authorized capital stock, no par value, from 200,000 shares to 300,000 shares. Rights to subscribe for the additional stock will expire on Dec. 28 (not Dec. 27 as previously reported.) See also V. 127, p. 3257.

**(Julius) Kayser & Co.—To Redeem Debentures.**

The company will redeem on March 1 1929, at 104 1/4 and int., the \$3,663,000 outstanding convertible 5 1/2% sinking fund gold debentures, due March 1 1947. The debentures are convertible at the option of the holder into voting trust certificates for common stock up to but not later than the close of business Jan. 30 1929, at \$62.50 per share.—V. 127, p. 817.

**Keystone Investing Corp.—Organized.**

Organization of this corporation, which will acquire and own all the outstanding common and preferred stock of the Keystone Bond & Mortgage Co., Inc., has been announced by officials of the new corporation. The latter company will continue to engage in the business of lending money in the form of first and second mortgages on improved and unimproved real estate and will henceforth operate as a subsidiary organization of the Keystone Investing Corp. The new company will have 2 classes of common stock, Class A which is non-voting, and class B which carries voting privileges. The certificate of incorporation provides that the new company may issue 200,000 shares of class A and 50,000 shares of class B. The new company will be managed by the same interests behind the Keystone Bond & Mortgage, Inc., and in addition will add to its board of directors men of prominence in the business world.

**Kroger Grocery & Baking Co.—Listing.**

The New York Stock Exchange has authorized the listing of 96,778 additional shares of common stock without par value on official notice of issuance and sale and payment in full making the total amount applied for to date 1,548,445 shares.

The directors on Nov. 22 authorized the issuance of 96,778 additional shares of the common stock without par value and the offer of such additional stock to the holders of common stock of record Dec. 7 for subscription at \$95 per share and on the basis of one such additional share of common stock for each 15 shs. of common stock held. Shares not subscribed for by the stockholders will be taken up by bankers, who have underwritten the issue for a commission, and will be paid for by them at \$95 per share on or before Dec. 30 1928.

Payment of subscriptions must be made in full on or before Dec. 27 1928 at the office of either Bankers Trust Co., 16 Wall St., New York, or Kroger Grocery & Baking Co., 817 Main St., Cincinnati, O.

**Liquid Carbonic Corp.—Listing.**—The New York Stock Exchange has authorized the listing of 30,000 additional shares common stock without par value, on official notice of issuance and payment in full making the total amount applied for 223,966 shares. The corporation has agreed to sell and bankers have agreed to buy the 30,000 shares of common stock at a price of \$90 a share flat. Said contract of purchase and sale was made on Nov. 17 1928, and approved by the directors Nov. 28 1928. Proceeds from the sale of the stock are to be used to provide funds for the erection of three new carbonic plants, for a program of enlargement and expansion of the present carbonic plants of the company, for the purchase of one-quarter interest in Dry Ice Holding Corp., for part of the purchase price of the assets of General Carbonic Co. (if the offer of the corporation is accepted by the stockholders of General Carbonic Co.) and for general corporate purposes. W. K. McIntosh, President, has issued the following statement: "My attention has been called to the statement published recently that the corporation had recently sold to bankers 90,000 shares of its common stock. This statement is incorrect. On Nov. 17 the company entered into a contract with its bankers for the sale of 30,000 shares of its stock at 90, the stock at that time selling on the New York Stock Exchange at approximately 93. I understand from the bankers that this stock was re-sold by them shortly after the contract was entered into."—V. 127, p. 3409.

**London Tin Syndicate.—Earnings.**—Greatly increased earnings are shown in the annual report for the year ended Sept. 30 1928, which has just come to hand. The stock of the company is listed on the New York Curb Market. The balance available for appropriation, according to the annual report, is £220,432, as compared with £140,474 last year, while net profit for the year amounted to £193,353. The amount allocated for payment of a dividend of 40%, less income tax, is £160,000, as compared with £80,000 a year ago. The carry forward is £60,432, as compared with last year's figure of £29,671. General reserve at £500,000 is equal to the invested capital and other reserves total £150,000. Cash, represented by £73,853 at bankers and £188,000 at call with the Tin Selection Trust, totals £261,853, and exceeds the distributed profits by more than £40,000. The report reviews in detail the substantial progress made during the year in the smelter at Bootle, Lancashire; and in production and equipment on the Nigerian, Malayan and Cornish tin fields. Particulars are also given about four stock issues with which the syndicate is identified, including the dredging consolidation recently effected in Malaya, which relates to 260,000 tons of tin oxide and 20 dredges.—V. 127, p. 3101.

**Ludlum Steel Co.—Creates Issue of Pref. Stock.**—The stockholders on Dec. 12 increased the authorized capital stock by the creation of an issue of 100,000 shares of \$6.50 cumul. conv. pref. stock of no par value.—V. 127, p. 2968.

**McCallum Hosiery Co.—50-Cent Dividend.**—The directors have declared a dividend of 50c. per share on the common stock, no par value, payable Dec. 31, to holders of record Dec. 22. The company on Dec. 30 last, paid a dividend of 25c. per share on this issue.—V. 127, p. 2694.

**McKesson & Robbins, Inc.—Listed.**—The New York Stock Exchange has authorized the listing of 50,000 additional shares of preference stock Series A 7% convertible, (par \$50), upon official notice of issuance and payment in full; 1,000 additional shares of such preference stock, upon official notice of issuance; such shares may be issued to acquire preferred stock of the Groover-Stewart Drug Co; 10,079 additional shares of common stock, upon official notice of issuance; such shares may be issued to acquire common stock of the Groover-Stewart

Co.; 51,900 additional shares of common stock, upon official notice of issuance on conversion of the above mentioned additional shares of preference stock; 8,000 additional shares of common stock, upon official notice of issuance and payment in full; such shares may be issued against subscriptions therefor made under the terms of the Employees' Stock Subscription Plan; making the total amounts applied for: preference stock Series A 7% convertible, 371,000 shares; common stock, 1,229,388 shares.

**Purpose of Issue.**—10,079 of such additional shares of common stock may be issued in connection with the acquisition of common stock of the Groover-Stewart Drug Co. 1,900 of such additional shares of preference stock may be issued in connection with the acquisition of shares of preferred stock of such company; 50,000 of such additional shares of preference stock may be issued pursuant to an agreement on the part of corporation to sell to purchasers found by the other parties to such agreement at any time or from time to time prior to Jan. 31 1929 at a price of \$51 per share and accrued div. Upon the consummation of sales of such preference stock the corporation is to pay the other parties to such agreement, as compensation for their services, a sum equal to \$5 per share of the stock for which they have found purchasers; 51,900 of such additional shares of common stock may be issued from time to time upon the conversion of a like number of such additional shares of preference stock. 8,000 of such additional shares of common stock may be issued against subscriptions therefor made under the terms of the Employees' Stock Subscription Plan, in addition to the 25,000 shares of such common stock previously authorized for issuance under such plan.—V. 127, p. 2968.

**MacAndrews & Forbes Co.—25 Cent Extra Dividend.**—An extra dividend of 25c. per share has been declared on the common stock in addition to the regular quarterly dividend of 65c. per share, both payable Jan. 15 to holders of record Dec. 31. An extra dividend of 90c. per share was paid on Jan. 14 1928 and on Jan. 15 1927.—V. 127, p. 2694.

**Madison Square Building Corp., Chicago.—Bonds Offered.**—Greenebaum Sons Investment Co., Chicago, recently offered \$775,000 1st mtge. 6% building and leasehold serial gold bonds at prices to yield from 5.30% to 6%, according to maturity.

Dated Dec. 1 1928; maturing semi-annually 1 1/2 to 12 years. Interest payable J. & D. Denom. \$500 and \$1,000. 2% Federal normal income tax and any State taxes up to 5 mills of the principal amount refunded by borrower. Bank of America, Chicago, trustee. Principal, interest and income tax payments collectible at offices of Greenebaum Sons Investment Co., Chicago.

The Madison Square Building is a 16-story and triple basement structure of steel and tile, fireproof construction, erected on caisson foundations extending down to bed rock; a 6-story addition is being erected on top, making the total height 22 stories. The building fronts 45.3 feet on Madison Street, with a depth of 87 feet to a wide alley in the rear; an alley on the east assures permanent light and air to all offices. Upon completion of the 6-story addition, the building will contain a total rentable area of approximately 75,000 square feet.

Income from the property, estimated by Marshall Berman & Co., certified public accountants, based on actual earnings from the completed 16 stories and basements, and estimates for the six additional floors being erected, are as follows: Gross income, \$207,579; operating expenses and 10% vacancy allowance, \$98,936; income available for interest, \$108,643. This net income available for interest, before depreciation and Federal income taxes, is 2.33 times maximum annual interest charges on the entire issue, which will be reduced semi-annually by serial payments of principal. The entire earnings of the property comprise part of the security for the first mortgage. Average income available for interest, from the completed 16-story section alone, before depreciation and Federal income taxes, for the last five years, has been more than sufficient to meet annual interest and amortization charges on this issue. The proceeds of this issue will be used to refund existing indebtedness and to complete the six-story addition now under construction.

**Madison Square Garden Corp.—Smaller Dividend.**—The directors have declared a quarterly dividend of 37 1/2 cents per share on the common stock, no par value, payable Jan. 15 to holders of record Jan. 4. From Jan. 15 1927 to Oct. 15 1927 incl., the company paid quarterly dividends of 25 cents per share, while in Jan. and April of this year, quarterly dividends of 37 1/2 cents per share were paid, and in July and Oct., quarterly payments of 50 cents per share were made.—V. 127, p. 3409.

**Magma Copper Co.—Larger Dividend.**—The directors have declared a quarterly dividend of \$1 per share on the outstanding 408,155 shares of capital stock, no par value, payable Jan. 15 to holders of record Dec. 31. From July 15 1925 to Oct. 15 1928, incl., quarterly dividends of 75 cents per share.—V. 127, p. 2379.

**Manhattan Electrical Supply Co., Inc.—Listing, &c.**—The New York Stock Exchange has authorized the listing of 32,500 shares of common stock without par value on official notice of issuance and payment in full, making the total amount applied for 200,000 shares. The common stockholders of record Nov. 30 were recently given the right to subscribe on or before Dec. 20 for 32,500 additional shares of common stock (no par value) at \$30 per share on the basis of one new share for each 4 shares held. This offering was underwritten.

**Maryland Mortgage & National Title Co.—Bonds Offered.**—Robert Garrett & Sons and Gillett & Co. of Baltimore, and MacColl, Fraser & Wheeler of Providence, R. I., are offering at 99½ and int., yielding about 5.55%, \$750,000 20-year convertible 5½% gold debenture bonds, series A.

Dated Dec. 1 1928; due Dec. 1 1948. Int. payable J. & D. Demom. \$1,000, \$500 and \$100 c\*. Red. all or part, on any int. date upon 30 days' notice at 100% and int. In the event of such call, holders have the right prior to date of redemption to exercise convertible privilege as referred to below. Company agrees to pay interest without deduction of the normal Federal income tax up to 2%. Principal and interest payable at the office of Mercantile Trust & Deposit Co. of Baltimore, trustee.

**Conversion.**—These bonds are convertible at the option of the holder into common stock of the company at any time after Jan. 1 1929 and prior to their redemption or maturity on the following terms: For each \$100 par value thereof, prior to Jan. 1 1930 into 2½ shares or at \$40 per share; thereafter and prior to Jan. 1 1931 into 2 shares or at \$50 per share; thereafter and prior to Jan. 1 1934 into 1-3 shares or at \$75 per share; thereafter and prior to Dec. 1 1948 into 1 share or at \$100 per share.

**Listing.**—Application will be made to list these bonds on the Baltimore and Washington Stock Exchanges.

**Data from Letter of Robert G. Merrick, President of the Company.**

**Business.**—The company (succeeding by recent change in name The Maryland Mortgage Co., established in 1920) with capital resources in excess of \$2,760,000, and consolidated assets in excess of \$13,700,000, owns all the outstanding capital stock of The Mortgage Co. of Maryland, Inc., which is engaged in the business of lending money secured by mortgages on improved fee simple real estate, principally upon small homes and well located retail business properties. It is now operating in 92 cities throughout the United States. The present average loan of the company is \$4,116.70 and the average ratio of loan to originally appraised value of properties is only 42.09%.

The company also owns all of the outstanding capital stock of The Baltimore Co., which is a continuation of a real estate company which has been in existence for over 17 years and has shown an excellent earning record.

The company also owns all of the outstanding common stock of The Washington Consolidated Title Co., whose three operating subsidiaries were created under charters granted by special Acts of the U. S. Congress in 1892 and 1893, since when they have been successfully engaged in examining abstracts and certifying to titles within the City of Washington and the District of Columbia, comprising a majority of such work therein, including for the last 5 years a majority of that done for the U. S. Government in the District of Columbia.

The company has recently amended its charter to permit it to do a title insurance business on a national scale, to which its facilities are readily adaptable and which, by reason of its close association with the other lines of business in which the company is at present engaged, promises to be a very safe and lucrative source of income.

**Earnings.**—The Maryland Mortgage Co. and The Washington Consolidated Title Co., including the saving to be effected by the change in the dividend rate on the new issues of Maryland Mortgage Co. prior pref. and pref. stocks and, also partly estimated as to the \$50,000 per annum debenture bonds, and also partly estimated as to the \$50,000 per annum of The Baltimore Co., show combined net earnings per annum (before Federal income tax and before setting aside any reserve for possible losses) as follows:

Net earnings (as above)	\$435,100
Interest on this issue of debenture bonds	41,250
Provision for Federal income tax computed at 12%	45,750
Dividend on 5½% prior preferred stock	43,037
Dividend on 5½% pref. and 5½% pref. "B" stocks	55,742

Applicable to 72,180 shares of common stock to be presently outstanding—\$249,320  
at the rate of \$3.45 a share.

**Mason Tire & Rubber Co.—Sale.**—The properties of the company located at Kent and Bedford, O., will be sold at public auction on Jan. 17.—V. 127, p. 833.

**Massachusetts Bonding & Insurance Co.—Split-Up.**—The stockholders will vote Feb. 5 on approving a reduction in par value of the capital stock from \$100 per share to \$25. On that basis four new shares will be issued for each present share held.

It is understood that the dividend on the new stock will be at the rate of \$4 per share annually, or equal to \$16 per share on the present stock which has been paying \$14 per annum.—V. 127, p. 2380.

**Mengel Co., Louisville, Ky.—Stock Increased, &c.**

The stockholders on Dec. 17 increased the authorized common stock (no par value) from 360,000 shares to 400,000 shares. At present there are 240,000 shares outstanding. Common stockholders of record Dec. 28 will be offered 80,000 additional shares of common stock at \$25 per share (see V. 127, p. 3258). This offering will be underwritten by Blair & Co., Inc., James C. Wilson & Co. and W. A. Harriman & Co., bankers.

President C. C. Mengel, in a recent letter to the stockholders, said in part: The proceeds of the proposed offering of 80,000 shares of common stock will be used to pay or to reimburse the company for the cost of doubling the capacity of the plant of the Mengel Body Co., increasing the capacity of the company's other auto-wood parts plant and of the fiber container plant at Louisville, Ky., and of the veneer and ply wood mill at Baton Rouge, La., and to provide additional working capital.

The business of the company is divided into 5 distinct departments as follows: (1) Automobile body woodwork; (2) fiber and corrugated containers; (3) ply wood and domestic lumber; (4) mahogany logs, lumber and veneer; (5) wooden boxes and toys.

The plants of the company are, for the most part, of modern construction and designed for economical labor costs, and, being equipped with automatic sprinklers, carry low rates of insurance.

Its largest plants are located in Louisville, Ky., Hickman, Ky., Baton Rouge, La., New Orleans, La., St. Louis, Mo., and Winston-Salem, N. C. It operates its own towboats and barges on the Mississippi River and its own railroads for logging.

The mahogany division has concessions running for a number of years from which to secure its supply of African and Central American mahogany.

The estimated profit for this year, after deducting all expenses, including depreciation on cost, interest, estimated Federal income tax and preferred dividends, is approximately \$2.60 per share on the common stock without par value, of which there are outstanding 240,000 shares.—V. 127, p. 3410.

**Data from Letter of Chas. Milgrim, Vice-President of the Corporation.**

**History.**—Business now conducted by H. Milgrim & Bros., Inc., a New York corporation, was founded in 1899 for the manufacture and sale of ladies' wearing apparel. From its inception the business has been developed on the basic idea of originality of style, quality and finest tailoring. Milgrim now enjoys the patronage and prestige of a wide and select clientele throughout the United States. In 1918 it became necessary to take larger and more elaborate quarters on upper Broadway and on March 1 1928, the corporation moved into the present 11-story building at 6-8 West 57th St.—the heart of New York's most fashionable shopping center. To meet the continued growth of the business, stores also were opened by wholly owned subsidiary companies, in Chicago and Cleveland. It is anticipated that additional stores will be opened from time to time in other large cities. All stores are occupied on favorable leaseholds.

The business consists of both retail and wholesale distribution. Retail distribution is accomplished through the three stores, while wholesale

distribution is made in approximately all the large cities through the leading women's apparel and department stores. All goods are sold under the Milgrim trade mark. Corporation employs about 600 people. The sales of ready-to-wear garments have increased about 100% during the past year.

**Sales and Earnings.**—Consolidated net sales and net profits (inclusive of non-recurring charges), of the corporation and its subsidiaries, after deduction of depreciation and Federal taxes at 12%, are reported as follows:

	Net Sales	Net Profit	Earned per Share on Preferred	Earned per Share on Common
1923	\$1,941,170	\$117,177	\$10.65	\$0.40
1924	1,988,750	158,740	14.43	.31
1925	2,162,603	187,865	17.07	1.10
1926	2,027,389	239,460	21.77	1.62
1927	2,194,002	218,051	16.37	1.03
1928	2,500,000	277,000	25.18	2.00

a Nov. and Dec. 1928, estimated by the corporation. b In Feb. 1927, a fire occurred which destroyed the store at 2121 Broadway, as well as the factory which was not operated for more than three months. As a result the sales were affected to the extent of approximately \$200,000.

The net sales of the New York store from Jan. 1 to Nov. 1 1928, were approximately 32% greater than for the same period in the preceding year. The total net sales of the three stores for the year 1928 are estimated at \$2,500,000, or about \$550,000 greater than for the year 1927.

**Common Stock Purchase Warrants.**—Each certificate for shares of the \$7 dividend preferred stock to be presently outstanding will have attached thereto, upon the issuance thereof, a warrant which will entitle the holder thereof to purchase, subject to the provisions of the indenture at any time prior to Jan. 1 1934, shares of common stock on the basis of 2 shares of common stock for each share of preferred stock represented by such certificate, at not exceeding \$25 per share. Each such warrant will be non-detachable prior to Jan. 1 1934, except with the consent of the corporation or for the exercise of the rights thereunder or upon redemption of the shares of preferred stock represented by the certificate to which it is attached.

**Purpose.**—8,500 shares of the preferred stock and all of the common stock now offered are being acquired from individuals and the proceeds thereof do not accrue to the corporation. The proceeds from the sale of 2,500 shares of said preferred stock will be used by the corporation for its general corporate purposes.

**Listing.**—Corporation has agreed to make application to list its common stock on the New York Curb Market.

The directors have declared an initial dividend at the rate of 7% annually on the 7% cum. conv. pref. stock. The initial dividend amounts to 1-6% and covers the two months period ending Dec. 31 1928. The dividend is payable Jan. 1 to holders of record Dec. 18. (See offering in V. 127, p. 2345.)—V. 127, p. 2833.

**Motor Wheel Corp.—Complaint Dismissed.**—  
The Federal Trade Commission announces dismissal of a complaint against the charging violation of section 7 of the Clayton Act, which prohibits acquisition of capital stock in a competing company where the effect would be to lessen competition or create a monopoly.

Motor Wheel Corp. was charged with acquiring stock in Forsyth Bros. Co. of Harvey, Ill., erstwhile manufacturer of steel wheels. Counsel for the corporation, appearing before the commission in a final argument, declared that Forsyth Bros. Co. had necessarily gone out of business and at the time of executing its contract with Motor Wheel Corp was not in competition with or in any sense a competitor of the corporation.—V. 127, p. 1817.

**Murray Corp. of America.—Listing.**—  
The New York Stock Exchange has authorized the listing of 269,067 additional shares of common stock without par value on official notice of issuance and payment in full, making the total amount applied for 569,067 shares. The additional shares were offered to stockholders of record Nov. 19 at \$15 per share. Rights expired Dec. 20.—V. 127, p. 2834.

**National American Co., Inc.—Now Has 8,000 Stockholders—Regular Dividend Declared.**—

The directors have declared the regular quarterly dividend of 50c. per share on the capital stock, payable Feb. 1 1929 to holders of record Jan. 15 1929. The total number of stockholders now holding shares of the company has increased to 8,000, a new record for the organization, it is announced. As a holding company, the National American Co., Inc. controls through stock ownership the State Title & Mortgage Co., the General Surety Co., Realty Foundation, Inc., Lloyds First Mortgage Corp., Union Mortgage Bond Co., Municipal Service Corp., and the National American Securities Co.

In Dec. last year, the directors declared a dividend of \$2 per share for the full year 1928, payable in quarterly installments of 50c. each.—V. 126, p. 1365.

**National Cash Register Co. (Md.).—Rights.**—  
The common A and B stockholders of record Dec. 18 have been given the right to subscribe on or before Jan. 21 for 60,000 additional shares of common A stock (no par) at \$60 per share on the basis of one new common A share for each 25 shares of common. A or B stock held. See also.—V. 127, p. 3410.

**National Dairy Products Corp.—Listing.**—  
The New York Stock Exchange has authorized the listing: (a) of additional certificates for 53,608 shares of common stock without par value, upon official notice of issuance, on or after Dec. 17 1928, in whole or in part, from time to time, in exchange for shares of common stock, par value of \$10 each (200,000 shares authorized, 147,421 shares issued), of Arctic Dairy Products Co. (Mich.); (b) of additional certificates for 10,000 shares of common stock upon official notice of issuance, as part consideration for certain properties and assets, including the good-will and businesses as going concerns, of Baker-Evans Ice Cream Co., (Ohio), and its subsidiary, Wilson Ice Cream Co., (W. Va.), the remaining consideration being the purchase for cash of certain inventories (taken at cost or wholesale market, whichever is lower) at the close of business on Dec. 15 1928 and (c), on and after April 1 1929, of 636 additional shares, on and after July 1 1929 of 642 additional shares, and on and after Oct. 1 1929 of 649 additional shares of its common stock, aggregating 1927 such shares, upon official notice of issuance, from time to time, as stock dividends; making the total amount applied for 1,741,854 shares.

**Authority for and Purpose of Issue**  
Pursuant to resolutions of directors passed at meetings held on Nov. 8 and Dec. 6, the company was authorized to issue: (a) shares of its common stock without par value in exchange for not less than 75% of the entire issue and outstanding common stock (par \$10) of Arctic Dairy Products Co., to be deposited with Cleveland Trust Co., as Depository, upon the basis of 2 1/2 shares of common stock of Arctic Dairy Products Co. for 1 share of common stock of the company (with cash adjustment in lieu of fractional shares of common stock of the company otherwise deliverable); (b) shares of its common stock from time to time, in exchange for the remaining issued and outstanding shares of common stock of Arctic Dairy Products Co., not deposited under the above-mentioned agreement, which may be later tendered to the company and accepted by it in the discretion of its officers, upon the same basis of exchange; and (c) 10,000 shares of its common stock, without par value as part consideration for certain properties and assets, including good-will and businesses as going concerns, of Baker-Evans Ice Cream and its subsidiary, Wilson Ice Cream Co., the remaining consideration being the purchase for cash of certain inventories (taken at cost or wholesale market, whichever is lower) at the close of business on Dec. 15 1928;

**Nehi Corp.—Initial Dividend—New Director, &c.**—  
The directors have declared an initial dividend on the 1st pref. stock for the quarter ended Dec. 31 of \$1.31 per share, payable Jan. 1 1929 to holders of record Dec. 21 1928. (See offering in V. 127, p. 1687.)  
The corporation announces the election of the following new directors: Meredith C. Jones, St. Louis; Oliver J. Anderson, St. Louis; Sherman Woodward, New York, and John E. Rovensky, New York.  
Sales for the first 11 months of 1928 amounted to \$3,010,169, as compared with \$2,730,000 reported for the corresponding period of 1927, an increase of \$280,169. C. A. Hatcher, President of the Corporation, reports the outlook for 1929 as unusually favorable and states that 1928 was rather spotty on account of varying weather conditions. A meeting is to be held early in January to decide on the payment of dividends on the 2nd pref. stock and to discuss dividends to be paid on the common stock.—V. 127, p. 2546.

**Neve Drug Stores, Inc.—No Div. Declared.**—  
At the regular meeting of the board held this week, no action was taken on the January dividend on the conv. A stock. However, the stockholders depositing their stock under the recently announced plan with the United Cigar Stores Co. of America will receive a dividend on Jan. 15 on the new United Retail Chemists pref. stock if the plan is declared effective. The President, A. J. Neve, called attention to the fact that application will be made to list the new United Retail Chemists stocks on the New York Curb and Chicago Stock Exchange. See also V. 127, p. 3411.

**(J. J.) Newberry Co.—Buys Britts Stores.**—  
Control of Britts, Inc., operating a chain of 5-cent to \$1 stores in Spokane, Walla Walla and Yakima, Wash., and Portland, Ore., has passed to the J. J. Newberry Co., operators of a coast-to-coast chain of over 200 stores of the same nature. Completion of the transaction was announced this by President J. J. Newberry. The personnel of Britts, Inc., will be retained. The same lines of merchandise will be carried and the stores will continue under the same business policies.  
This marks the first appearance of the Newberry company in the Pacific Northwest. The transfer is effective immediately and the new owners will be benefited by the large holiday business of the stores.—V. 127, p. 3411, 2835.

**Newmont Mining Corp.—5% Stock Dividend.**—  
The directors have declared a 5% stock dividend, in addition to the regular quarterly cash dividend of \$1 a share, both payable Jan. 15 to holders of record Dec. 28. A 5% stock distribution was also made on Jan. 17 1927 and 1928.—V. 127, p. 118.

**Newport Co.—Calls Prior Common Stock.**—  
The company has called all of its outstanding prior common stock for redemption on April 15 1929 at \$125 per share, and divs. up to that date. This will include the Jan. 15 1929 dividends, regular and extra, aggregating \$3 per share, which have been declared payable to stockholders of record Jan. 5.  
Upon surrender of stock certificates at the office of Dillon, Reed & Co. payment will be made at the rate of \$172 per share, if surrendered on or prior to Jan. 5, or at the rate of \$169 per share, if surrendered after Jan. 5 and before Apr. 15. Payments in either case will be discounted from the date of surrender to April 15 at the rate of 6% annually.  
An issue of 130,000 shares of class A convertible stock of the company was recently offered at \$50 a share. See V. 127, p. 3260.

**New York Home Foundation Corp.—Registrar.**—  
The Central Union Trust Co. of New York has been appointed registrar for 40,000 shares of common and 20,000 shares of preferred stock.

**New York Title & Mortgage Co.—2% Extra Dividend.**—  
The directors have declared an extra dividend of 2% in addition to the regular quarterly dividend of 5%, both payable Jan. 2 to holders of record Dec. 21. An extra dividend of 1% was paid on Apr. 2, July 2 and Oct. 1 last, while on Jan. 3 1928 an extra dividend of 2% was paid.  
The company announces that upon the stock issued Nov. 15 the dividend will be only pro rata from that date to Jan. 1 1929.—V. 127, p. 2101.

**Nickel Holdings Corp.—Listing.**—  
The New York Stock Exchange has authorized the listing of 138,935 shares of common stock (par \$1) upon official notice of issuance in exchange for the outstanding common stock of the International Nickel Co. (New Jersey).  
The International Nickel Co. (New Jersey), formed on Sept. 5 1912 by the consolidation of International Nickel Co. and Colonial Nickel Co., has changed its name to Nickel Holdings Corp., effective Dec. 19.  
On Dec. 3 1928 a plan of reorganization was declared operative. The holders of more than 85,322 shares of preferred stock and more than 1,737,437 shares of common stock (constituting more than 95.73% and 92.59%, respectively, of the outstanding amounts of preferred and common stock) of the International Nickel Co. (New Jersey) have deposited their stock for exchange for preferred and common stock of the International Nickel Co. of Canada, Ltd. All of such deposited stock will be acquired by the Canadian company and will not come on the market and is therefore not included in the stock for the listing of which this application is made; the only stock of Nickel Holdings Corp. the listing of which is applied for under this application being accordingly the common stock of the New Jersey company which has not been deposited for exchange under the plan. Upon the consummation of the plan, the deposited shares will be trans-

ferred to the International Nickel Co. of Canada, Ltd., which will issue sufficient of its preferred and common stock to effect the exchanges of stock provided for under the plan. See also International Nickel Co. of Canada, Ltd., below.

**Niles-Bement-Pond Co.—To Receive Shares in New Airplane Company for Its Holdings of Pratt & Whitney Aircraft Corp.—See Boeing Airplane & Transport Corp. above.**

**Stock Distribution.**—  
Col. Edward A. Deeds, chairman of the board announced on Dec 1 that the stockholders would receive 2 1/4 shares of common stock of the United Aircraft & Transport in the form of a dividend. The stockholders will retain their interest in the Niles-Bement-Pond Co. which will hold approximately 20,000 additional shares of the Aircraft company in its treasury. He stated that the machine tool business of the Niles-Bement-Pond Co. is now on a profitable basis and earnings from this end of the business alone for the year 1928 will be between \$2 and \$3 a share.—V. 127, p. 1688.

**Ohio Leather Co., Youngstown, O.—Initial Dividend of 1 3/4% on 2nd Preferred Stock.**—

The directors have declared a quarterly dividend of 1 3/4% on the 2nd pref. stock. This is the first distribution on this issue, since the company's reorganization in 1923.

The regular quarterly dividend of 2% was declared on the 1st pref. stock. Both dividends are payable Jan. 2 to holders of record Dec. 26.—V. 127, p. 2547.

**Otis Steel Co.—Earnings.**—  
Period Ended Nov. 30—1928—Month—1927. 1928—11 Mos.—1927.

Net profit after charges and deprec. but before Federal taxes \$244,845 \$87,040 \$3,682,781 \$1,561,949  
Current operations of the company are at the best December level of any year since the war, it is announced. Employment is high also, with the number on the payrolls totaling 3,638 compared with 2,681 in Dec. 1927. The company will establish a new peacetime record of aggregate wages this year with an estimated total of \$9,281,039 for the full 12 months compared with \$6,940,013 for 1927, an increase of 34%. During 1928, the company has expended about \$4,000,000 from earnings on improvements and in maintenance and repairs. At the same time it has doubled the item of cash and marketable securities to a total of around \$5,000,000. As a result of this large outlay, the company is now a completely self-contained steel unit. This development became a fact a few weeks ago with the lighting of the last of the three open hearth steel furnaces to be built in 1928. Total steel ingot capacity of the company is now 890,000 tons.—V. 127, p. 2971.

**Packard Electric Co., Warren, O.—Extra Dividend.**—  
The directors have declared an extra dividend of 50c. per share in addition to the regular quarterly dividend of \$1 per share on the outstanding 30,600 shares of common stock (no par value), both payable Jan. 15 to holders of record Dec. 31. Like amounts were paid on Oct. 15 last. On Jan. 15, April 15 and July 15 1928 an extra dividend of 30c. per share was paid in addition to a regular quarterly disbursement of 70c. per share.—V. 127, p. 1818.

**Park & Tilford, Inc.—Listing, &c.**—  
The New York Stock Exchange has authorized the listing on or after Dec. 13 of 33,333 shares additional capital stock, without par value, on official notice of issuance, and on or after Jan. 14 1929 of 2,372 shares additional of capital stock, on official notice of issuance as a stock dividend, making a total amount applied for to date of 239,724 shares.

On Oct. 29 1928 the directors authorized the issuance of 33,333 shares of capital stock in exchange for 100,000 shares of the common stock, without par value, of Park & Tilford Retail Stores, Inc., such exchange of stock to be made on Dec. 13 1928. The total amount of capital stock outstanding on Dec. 13 1928 was 237,352 shares.

By resolution of the board of directors the 33,333 shares of capital stock will be capitalized at the rate of \$15 a share.

On May 15 1928 the board of directors declared a quarterly dividend of one share of capital stock for each 100 shares of the capital stock issued and outstanding in the hands of the public at the close of business on Dec. 29 1928, payable on Jan. 14 1929. The total amount of the capital stock outstanding on Dec. 29 1928, on which the dividend will be payable will be 237,352 shares (less 92 shares against which warrants are outstanding) and the dividend will amount to 2,372 shares.

By resolution of the board of directors the stock dividend of 2,372 shares will be capitalized at the rate of \$15 a share.

**Radio-Keith-Orpheum Corp.—Listing.**—  
The New York Stock Exchange has authorized the listing of 25,000 additional shares of Class A stock, without par value, upon official notice of issuance under an option in favor of Joseph P. Kennedy, making the total amount of Class A stock to be listed 228,157 shares.

On Nov. 19 and Nov. 21 1928, the directors authorized the granting of an option to Joseph P. Kennedy to purchase 75,000 shares of Class A stock, and an option to Lehman Brothers and Blair & Co., Inc., to purchase 100,000 shares of Class A stock, and authorized the reservation of a total of 175,000 shares of Class A stock for issuance upon exercise of such options.

As provided in the plan pursuant to which the corporation was organized Joseph P. Kennedy has assigned to the corporation his option to purchase 75,000 shares of common stock of Keith-Albee-Orpheum Corp., and in consideration of such assignment he has received from the corporation an option to purchase 75,000 shares of its Class A stock on the same terms.

These permit the purchase of all or any of such 75,000 shares in lots of not less than 5,000 shares each at any time prior to May 15 1933, at \$21 per share if purchased prior to May 15 1930, at \$23.50 per share if purchased thereafter and prior to May 15 1932, and at \$26 per share if purchased thereafter and prior to May 15 1933. This option has been exercised with respect to 25,000 shares. Notice has been given of its immediate exercise with respect to an additional 25,000 shares, which are the shares to which this application relates.

In consideration of the services of Lehman Brothers and Blair & Co., Inc. in connection with the plan, the corporation has granted an option to them to purchase up to 100,000 shares of its Class A stock, as follows: 25,000 shares at \$32 per share at any time prior to Nov. 1 1930; 25,000 shares at \$35.50 per share at any time prior to Nov. 1 1930.

Through a typographical error in the previous listing application dated Nov. 23 1928, this figure was there incorrectly given as \$25.50; 25,000 shares at \$39.50 per share at any time prior to Nov. 1 1931; and 25,000 shares at \$43 per share at any time prior to Nov. 1 1931. All or any of these shares may be purchased by Lehman Brothers and Blair & Co., Inc., at any time prior to the dates aforesaid, but in lots of not less than 5,000 shares each. The right to purchase the second 50,000 shares above mentioned is not dependent upon the exercise of any part of the option to purchase the first 50,000 shares above mentioned.

Has recently been formed and has acquired the entire business and assets, and assumed certain liabilities, of the Baltimore sheet mill of General Cable Corp., Dallas Brass & Copper Co., Higgins Brass & Mfg. Co., Michigan Copper & Brass Co., Rome Brass & Copper Co. and Taunton-New Bedford Copper Co. All of the above companies or their predecessors have been in business for at least 20 years with the exception of Higgins Brass & Mfg. Co. (1922). Taunton-New Bedford Copper Co. was founded in 1831 and Rome Brass & Copper Co. in 1866. During the last 15 years, and in some instances for a much longer time, all of these properties have shown profits in every year, with the sole exception of two companies in the unprecedented year 1921.

**Earnings.**—Combined annual earnings of the properties now owned (excluding the operating results of the road grader plant acquired from Rome Brass & Copper Co., which is not permanently to be owned), for the 3 years ended Dec. 31 1927, after depreciation and adjustments for non-recurring charges and credits averaging \$91,544 per annum, but before interest and Federal income taxes, have been certified by Peat, Marwick, Mitchell & Co., public accountants, as follows: 1925, \$2,844,592; 1926, \$3,467,737; 1927, \$3,669,965. The maximum annual interest on series A bonds is \$600,000.

Such combined earnings as above for the 6 months ended June 30 1928, have been certified as \$2,401,661, or at the rate of over 8 times the above maximum interest requirement on series A bonds.

**Security.**—Series A bonds are the direct obligation of the corporation specifically secured by 1st mtge. lien upon substantially all the land and buildings (exclusive of the above-mentioned road grader plant and of certain dwellings and other non-operating property) and fixed machinery of the company. The aggregate sound value of the assets subject to the mortgage as independently appraised for the different companies, with adjustments for additions at cost and depreciation on a uniform basis to June 30 1928, is in excess of \$20,000,000.

The series A bonds are limited in principal amount to \$10,000,000. Additional 1st mtge. bonds of other series may be issued, under the restrictions set forth in the mortgage, for permanent additions to be subjected to the mortgage and for refunding.

**Purpose.**—The series A bonds, together with \$10,000,000 7% cummul. pref. stock, 250,000 shares of conv. class A stock without par value and 507,841 shares of common stock without par value, have been issued by Republic Brass Corp. in connection with the acquisition of assets as above outlined and for additional working capital.

**(R. J.) Reynolds Tobacco Co.—To Split-Up Stock.**—The stockholders will vote Dec. 28 on changing the par values of the common stock and new class B common stock from \$25 to \$10, each present share to be exchanged for 2½ new shares.—V. 127, p. 3262.

**Rice-Stix Dry Goods Co.—Co-Registrar, &c.**—The Guaranty Trust Co., of New York has been appointed co-transfer agent and co-registrar for 300,000 shares of common stock.—V. 121 p. 2285

**Roon Antelope Copper Mines, Ltd.—Progress Made.**—“A cable has been received stating that the branch line has been completed so that the mine is now in direct railway connection with Beira and Capetown, thus permitting us to deliver equipment by rail at an early stage in the equipment of the property.” Chairman A. Chester Beatty stated. “Excellent progress is being made and all our plans are well in hand, and now that the railway connection has been completed construction work should proceed rapidly.”—V. 127, p. 2838.

**Rochester & Pittsburgh Coal Co.—2½% Dividend.**—The directors have declared a dividend of 2½% (\$2.50 per share) on the 5% non-cumul. pref. stock, payable Jan. 2 to holders of record Dec. 24.—V. 126, p. 117.

**Root Refining Co., Shreveport, La.—Pref. Stock Offered.**—West & Co., Hemphill, Noyes & Co., and Rosencrans, Fleitas & Co., Inc. are offering at \$25.75 per share 60,000 shares convertible cumulative prior preference stock (no par value—annual dividend rate \$1.80 a share).

Guaranty Trust Co., New York, transfer agent; United States Mortgage & Trust Co., New York, registrar. Preferred over any other class of stock as to quarterly dividends, cumulative from Dec. 1 1928, at the annual rate of \$1.80 a share and as to assets, in event of any liquidation, at \$30 a share and div. Red. in whole at any time, or in part from time to time, at the option of the issuing company, upon not less than 30 days' written notice, at \$30 a share and div. Non-voting except under certain conditions provided in the certificate of incorporation.

Convertible at any time up to and including any date specified for redemption, at the option of the holder, into common stock of the issuing company on a share for share basis.

**Data from Letter of D. P. Hamilton, Vice-Pres. of the Company.**

**Company.**—Has been incorp. in Delaware to acquire substantially all of the properties, assets, business and goodwill, subject to the liabilities of Root Refineries, Inc., which was in corp. in December 1922. Company specializes in the manufacture of a high-grade “anti-knock” gasoline and is one of the few independent refiners authorized by the Ethyl Gasoline Corp. to manufacture and distribute “Ethyl gas.” Company owns a refinery located near El Dorado, Ark., which at present is producing approximately 60,000 gallons of gasoline daily. An additional refinery unit of a new type has just been completed and when in commercial operation is expected to increase the production of gasoline to over 120,000 gallons per day.

The refinery is advantageously located within five to 15 miles of important oil fields, including the Smackover Field, East Field and Rainbow (Champagnolle) Field, and is connected with this crude oil supply by a system of main and lateral pipe lines owned by the company, aggregating approximately 50 miles. Company owns, or has an interest in the production from leases having a daily settled production of about 1,500 barrels of crude oil and has full or fractional interests in leases on more than 400 acres of undeveloped land. In addition to the above crude oil supply, the pipe lines of the company give access to the properties of many producers, including the Pure Oil Co. and Sun Oil Co., with whom very amicable relations are enjoyed and with whom the company has contracts for the purchase of crude oil.

**Earnings.**—For the 10 months ended Oct. 31 1928, the net profits of the company, after all charges and provision for Federal income taxes at the current rate were \$460,111, equivalent to over 5.11 times 10 months' dividend requirements of the convertible cumulative prior preference stock presently to be outstanding. While, in common with other refining companies, the company showed only a small profit for 1927, such net profits for the two years and 10 months ended Oct. 31 1928 averaged \$241,172 per annum, equivalent to over 2.23 times the annual dividend requirement of such stock.

After deducting from net profits as above for the 10 months ended Oct. 31 1928, an amount equivalent to 10 months' dividend requirements of the convertible cumulative prior preference stock and preferred stock presently to be outstanding, the balance is equivalent to over \$3.16 per share of common stock presently to be outstanding.

**Balance Sheet.**—The balance sheet as at Oct. 31 1928, adjusted to give effect to the proposed financing and to the transactions incident thereto, shows a book value of \$36.57 per share for this prior preference stock, including net current assets of \$516,311, with cash alone amounting to more than total current liabilities.

**Purpose.**—Of the present offering of 60,000 shares of convertible cumulative prior preference stock, 22,873 shares have been purchased by the bankers from an individual and 37,127 shares have been purchased by the bankers from company. The proceeds from the sale of the latter shares will be used to retire all of the outstanding first mortgages bonds of the company (to be called for redemption on Apr. 1 1929), to pay all bank loans, equipment purchase obligations and the unpaid portion of the contract construction cost of the new refinery unit referred to above, for additional working capital and for other corporate purposes.

a Entitled to cumulative dividends at the annual rate of \$3 a share after payment of dividends on prior preference stock at the annual rate of \$1.80 a share. Each share of preferred stock will be convertible at the option of the holder into two shares of common stock. b 60,000 shares reserved for conversion of prior preference stock and 38,000 shares reserved for conversion of preferred stock.

**Royal Baking Powder Co.—New Vice-Presidents.**—The company announces the election of E. B. Filsinger as a director and Vice-President in charge of foreign sales. Mr. Filsinger was formerly director of foreign sales. A. C. Monagle, formerly general sales manager of the company has been elected a director and Vice-President in charge of domestic sales.—V. 127, p. 3414.

**Russell Motor Car Co., Ltd.—Extra Dividend.**—The directors have declared an extra dividend of 1% on the common stock, in addition to the regular semi-annual dividend of 2% on the common stock and the regular quarterly dividend of 1¼% on the preferred stock, all payable Feb. 1 to holders of record Dec. 31.—V. 126, p. 3611.

**St. Joseph Lead Co.—Dividends Declared for 1929 (Including Four Extras of 25 Cents).**—

The directors on Dec. 18 declared four extra dividends of 25c. per share and four regular quarterly dividends of 50c. per share on the outstanding \$19,504,290 capital stock, par \$10, payable on Mar. 20, June 20, Sept. 20 and Dec. 20 to holders of record Mar. 8, June 7, Sept. 9 and Dec. 9, respectively. Like amounts were declared on Dec. 20 1927 for the year 1928.—V. 127, p. 1960.

**Schulte Retail Stores Corp.—Listing.**

The New York Stock Exchange has authorized the listing of 100,000 shares additional common stock without par value on official notice of issuance, making the total applied for to date 1,233,058 shares.

On Oct. 29 1928, the directors authorized the issuance of 100,000 shares of its common stock in exchange for 200,000 shares of the common stock, without par value, of Park & Tilford Retail Stores, Inc. (see above); such exchange of stock to be made on Dec. 13 1928.

Park & Tilford Retail Stores, Inc., was created in Delaware on Oct. 25 1928, for the purpose of conducting a chain of retail grocery stores. The new organization has contracted to purchase from Park & Tilford (the subsidiary of Park & Tilford, Inc.) all of its existing retail stores together with all merchandise held for retail sale fixtures and equipment; all accounts receivable of the stores; the retail delivery depot and all delivery equipment for the approximate sum of \$1,265,000. Park & Tilford will continue to conduct its manufacturing and wholesale business but will discontinue the operation of retail stores, the operating of which has only been a small part of its total business. Park & Tilford Retail Stores, Inc., has agreed to pay Park & Tilford the sum of \$200,000 per year as a license fee for the use of its name.

Park & Tilford Retail Stores, Inc., has an authorized capital stock of 600,000 shares of which 100,000 shares are 7% cumulative preferred stock (par \$100) and 500,000 shares are common stock without par value.

On Dec. 13 1928, Park & Tilford Retail Stores, Inc., exchanged 200,000 shares of its common stock without par value for 100,000 shares of the common stock of Schulte Retail Stores Corp. without par value and also exchanged 100,000 shares of its common stock for 33,333 shares of the capital stock of Park & Tilford, Inc., without par value. The new organization will also issue 100,000 shares of common stock for the sum of 100,000 for organization purposes. The balance of the capital stock unissued will consist of 100,000 shares of common stock and 100,000 shares of 7% cumulative preferred stock.

David A. Schulte has agreed to purchase from Park & Tilford Retail Stores, Inc., the 100,000 shares of the capital stock of Park & Tilford, Inc., acquired for the sum of \$7,500,000 less the dividends on the Schulte Retail Stores Corp. common stock paid on Dec. 1 1928. In addition to the foregoing David A. Schulte has agreed to accept the Presidency of Park & Tilford Retail Stores, Inc., without salary for the period of ten years. In return for the foregoing David A. Schulte was permitted to subscribe for 100,000 shares of the common stock of Park & Tilford Retail Stores, Inc., at \$1 per share with the understanding that a portion of these shares are to be distributed by him to the personnel of the new organization if, as and in such amounts as he may deem advisable from time to time for the upbuilding of the business.

**Seagrave Corporation.—Usual Common Dividend.**

The directors have declared the regular quarterly dividend of 30 cents per share in cash or 2½% in common stock, at the option of the stockholders, on the common stock, payable Jan. 21 to holders of record Dec. 31. Distributions of like amount were made on the common stock in the previous 15 quarters.—V. 127, p. 2838.

**Second National Investors Corp.—Listing.**

The Detroit Stock Exchange has approved for listing 100,000 units, consisting of one share \$5 convertible preferred stock and two shares of common stock, no par value. See also V. 127, p. 2838.

**Selected Industries Inc.—Stocks Offered.—Stone & Webster and Blodgett, Inc., Chas. D. Barney & Co., Kidder, Peabody & Co., Lehman Brothers, and Brown Brothers & Co.,** are offering 700,000 shares (no par) \$5.50 dividend prior stock and 700,000 shares common stock in the form of transferable allotment certificates, in units at \$100 per unit. Each unit represents 1 prior share, 1 common share and a warrant to purchase 1 common share.

Payable as follows: \$50 upon delivery of certificates. Balance payable not later than Jan. 1 1931, upon call by board of directors from time to time in amounts not exceeding 25% of purchase price and at intervals of not less than 90 days but no call is to be made payable prior to April 1 1929. The holder of an allotment certificate will be entitled to receive when declared, dividends at \$5.50 per share per annum on the number of prior shares, and dividends, if any, declared on the number of common shares, which the amount paid in on the allotment price would pay for at the allotment price.

The warrants evidence the right to purchase the shares of common stock covered thereby at \$15 per share

Each allotment certificate will represent one or more units composed of an equal number of prior and common shares, and a warrant to purchase a like number of common shares, but no unit can be split up until after payment in full, and then only (1) if all or any part of the prior stock is redeemed or (2) upon exercise of all the appurtenant warrants or (3) after declaration of the first dividend on the common stock or (4) if the board of directors, in its discretion, shall so determine.

Prior stock is entitled to dividends, payable Q.-J. and cumulative, from the issuance date, at the annual rate of \$5.50 per share. Prior stock preferred over convertible stock and common stock as to dividends and assets; entitled in liquidation to \$100 per share and divs. plus, in the event such liquidation be voluntary, as defined in the charter, a premium of \$10 per share; and redeemable at any time as a whole or in part at the option of the corporation on at least 30 days' notice at \$110 per share and accrued dividends. Dividends exempt from normal Federal income tax under present law.

Transfer agents: The Commercial National Bank & Trust Co. of New York; Stone & Webster, Inc., Boston. Registrars: Guaranty Trust Co. of New York, and the Peabody Trust Co. of Boston.

**Data from Letter of Pres. R. S. Reynolds, Dated Dec. 19 1928.**

**Business.**—Selected Industries Inc. has been organized in Delaware by a group of business men and bankers for the purpose, among others, of acquiring, for permanent or temporary investment, minority or controlling interests in established businesses offering possibilities of larger earning power and (or) enhancement in value. The investments of the corporation will be made chiefly in groups of companies conducting fundamentally related businesses which are producing or distributing trade-marked articles or standard commodities capable of wide use. Diversity is not necessarily a primary purpose of the corporation. By actively furnishing financial assistance and business guidance, the corporation expects to profit through the growth of the businesses in which it invests and become an important factor in the economic development of the communities in which these businesses are located.

Capitalization—	Authorized.	Outstanding.
\$5.50 dividend prior stock (no par value)	700,000 shs.	700,000 shs.
Convertible stock, no par value	466,000 shs.	466,000 shs.
Common stock, no par value	4,500,000 shs.	2,098,000 shs.

a Of this amount there are reserved 1,398,000 for conversion of convertible stock, 700,000 for exercise of above-mentioned warrants, and 304,000 for possible future subscription by officers and (or) employees of the corporation for such consideration as the board of directors may fix.  
b The full amounts will not be outstanding until these shares are paid in full. Upon completion of such financing program, the purchasers of the prior stock will have paid \$70,000,000 for all of the prior stock, approximately one-third of the common stock and all of the warrants, and the organizers will have paid more than \$20,000,000 for all of the convertible stock (at \$21.50 per share) and approximately two-thirds of the common stock

(at \$7.14 per share). Some of the organizers will participate in underwriting commissions on this offering.

A large proportion of the amount payable by the organizers for such convertible stock and common stock will be furnished by business men actively identified with the management of the corporation.

**Equity.**—The prior stock will be followed by convertible stock and common stock (exclusive of the 700,000 shares of common stock now offered with the prior stock) on which initial payments will be made contemporaneously with the public delivery of the allotment certificates and subsequent payments will be called in the same proportionate amounts and at the same times as such payments are called on the allotment certificates. The aggregate amount of over \$20,000,000 payable for such convertible stock and common stock will be over 23% of the corporation's paid-in capital and surplus upon completion of its present financing program.

**Management.**—Corporation's affairs will be actively managed by the president assisted by a trained staff and will have the benefit of the guidance and direction of the board of directors which will comprise the following:

G. G. Allen, (Pres., Duke Power Co.); J. Horace Harding; R. S. Reynolds, (President); Walter S. Case, (Case, Pomeroy & Co., Inc.); Leighton McCarthy, K. C., (Pres., Canada Life Assurance Co.); Harold E. Talbott, Jr., (Pres., Dayton Securities Co.); W. R. Perkins, (Counsel, P. Lorillard & Co.); Arthur V. Davis, (Chairman, Aluminum Co. of America); C. K. Reynolds, (Vice-President, United States Foll Co.); W. F. Woodward, (Sec. of the corporation), and representatives of each of the bankers.

**Convertible Stock Provisions.**—Convertible stock is of no par value and will be entitled to dividends, payable Q.-J. and cumulative, from the issuance date, at the annual rate of \$1.50 per share; junior to the prior stock, but preferred over the common stock as to dividends and assets; entitled in liquidation, after provision for the prior stock, to \$30 per share and divs.; convertible into common stock on the minimum basis of three shares of common stock for each share of convertible stock, which basis will be subject to adjustment in case of the issuance, for less than \$15 per share, of common stock in addition to the 4,500,000 shares thereof to be issued and reserved as above provided; and entitled with the common stock to full voting power, subject to rights of the prior stock.

The warrants will evidence the right to purchase the shares of common stock covered thereby at \$15 per share at any time (without limit, except in the case below mentioned) and will contain provisions designed to protect such purchase right in case of the issuance, for less than \$15 per share, of common stock in addition to the 4,500,000 shares thereof to be issued and reserved as above provided and to secure an equivalent purchase right, in the event of a merger into or consolidation with another corporation, if deemed possible or advisable by the board of directors; otherwise the warrants must be exercised on or prior to the day before the effective date of such merger or consolidation.

**Shubert Theatre Corp.—Listing—Debentures Retired.**

The New York Stock Exchange has authorized the listing of 30,000 additional shares of common stock without par value, making the total amount of common stock to be listed 220,000 shares.

By resolutions adopted at meetings held Aug. 20 1928, and Dec. 5 1928, authorized the issuance of the 30,000 additional shares at such price not less than \$70 per share, at such time or times on or before Dec. 31 1928, in such amounts and to such person or persons as the president of the corporation shall determine. The above stipulated price of \$70 per share is net to the corporation. The stockholders have no pre-emptive right with regard to the 30,000 additional shares. The purpose of the issue is to increase the working capital of the corporation.—V. 127, p. 2246.

J. & W. Seligman & Co. as fiscal agents announce the retirement through operation of the sinking fund of \$150,000 of 6% gold debentures, due June 15 1942. These debentures were tendered to the sinking fund in lieu of cash. The balance of the loan outstanding is \$7,050,000.—V. 127, p. 2246.

**Data from Letter of Colonel Edward A. Simmons, Pres. of the Corp.**

**Business.**—Corporation was incorp. in Dec. 1828 in Delaware, to acquire the entire capital stocks of Simmons-Boardman Publishing Co. and American Builder Publishing Corp., two concerns occupying prominent positions in the publishing field. The 10 periodicals published by these concerns are outstanding examples of specialized business papers, 5 covering the steam railway field, one each the marine and ship building, boiler making and aviation fields and two the building field. The periodicals, all of which are leaders in their respective fields, are enumerated below the titles characterizing the specific fields which they embrace:

Railway Age	Established 1856
American Builder	Established 1905
Railway Engineering and Maintenance	Established 1884
Railway Mechanical Engineer	Established 1892
Railway Signaling	Established 1909
Marine Engineering and Shipping Age	Established 1897
The Boiler Maker	Established 1897
Railway Electrical Engineer	Established 1909
Boiler Age	Established 1919
Building Developer	Established 1927

The Simmons-Boardman publications include the Railway Engineering and Maintenance Cyclopedias, the Locomotive Cyclopedias and the Car Builders' Cyclopedias, 3 of the most complete and authoritative manuals dealing with all subjects pertaining to the mechanical and engineering departments of the steam railways. These 3 publications are issued with

the co-operation of advisory committees appointed by the American Railway Association and render an effective service not only to railway men generally throughout the world, but also to manufacturers of all types and descriptions of steam railway equipment and appliances. The Simmons-Boardman organization also has a book department dealing with railway, marine, building and aviation technical subjects.

**Earnings.**—The combined net profits of Simmons-Boardman Publishing Co. and of the American Builder (now owned by American Builder Publishing Corp.), after all charges, deprec. and Federal taxes, are as follows:

Calendar Years.	Combined Net Profits.	Times Annual Prof. Div. Acquire.	Earns. per Sh. Common Stock After Pref. Divs.
1927	\$480,630.17	2.91 times	\$4.04
*1928 (estimated)	500,000.00	3.03 times	4.29

\* Based upon actual earnings of first 8 months and conservative estimates for remaining 4 months.

In every year since 1921 the net profits of Simmons-Boardman Publishing Co. alone have been well in excess of the annual dividend requirement of the 55,000 shares of pref. stock presently to be outstanding, as are the current net profits from the American Builder.

**Purposes of Issue.**—The proceeds from the sale of 48,771 shares of \$3 cumul. conv. pref. stock will provide funds, in part, for the purchase of the outstanding capital stocks of Simmons-Boardman Publishing Co. and American Builder Publishing Corp., for the retirement of outstanding notes of Simmons-Boardman Publishing Co. and for additional working capital. 5,000 shares of pref. stock will be issued to provide the balance of the purchase price of the capital stock of American Builder Publishing Corp. The balance of the purchase price of the capital stock of Simmons-Boardman Publishing Co. will be provided by the issuance of 1,229 shares of pref. stock and by the issuance of common stock of the corporation.

**(A. O.) Smith Corp.—Contract Awarded.**—A dispatch from Tulsa Okla., states that the contract for the construction of 623 miles of 12 1/4-in. pipe line from the Mid-Continent area to the Chicago district by the Texas-Empire Pipeline Co., owned jointly by the Texas Corp. and the Empire Gas & Fuel Co., has been awarded to the A. O. Smith Corp. Work on the line is expected to be started immediately. (See Empire Gas & Fuel Co. in V. 127, p. 2817.)—V. 127, p. 2247.

**Sonator Tube Co.—Stock Split Up—Extra Dividend, &c.**—The stockholders on Nov. 30 increased the authorized capital stock (no par value) from 100,000 shares to 500,000 shares and approved a split-up of the outstanding 72,000 shares of stock on a 4-for-1 basis, effective Dec. 11.

The directors have declared a quarterly dividend of 25 cents per share and an extra dividend of 12 1/2 cents per share on the increased shares, both payable Jan. 2 to holders of record Dec. 20. The regular dividend is equivalent to \$1 per share on the stock outstanding prior to the split-up, and compares with a quarterly dividend of 50 cents per share paid on the old shares on Oct. 1.

The Equitable Trust Co. of New York has been appointed transfer agent for the stock.—V. 127, p. 3105.

**Southwest Dairy Products Co.—Listed.**—The common and preferred stock were admitted to trading on the New York Curb Market last week. A syndicate of New York bankers recently offered \$1,317,500 preferred and 39,525 shares of common stock in units of one share of 7% preferred of \$100 par value, and 3 shares of no par value common stock, at \$137 flat per unit. (See V. 127, p. 3415.)

**Spartan Mills, Spartanburg, S. C.—Distribution of Profits.**—

Profits accruing from the sale of water power properties, totaling \$200,000, are being divided among stockholders of the company, according to an announcement by Treasurer W. S. Montgomery. The dividends are payable Jan. 2, to holders of record Nov. 24. The directors have also declared the regular semi-annual dividend of 4%, payable on Dec. 31.—V. 112, p. 266.

**Square D Co.—To Acquire Industrial Controller Co.**—The company has practically completed negotiations for the purchase of the Industrial Controller Co., Milwaukee, manufacturers of pressure switches and electrical controls of various kinds. The directors of both companies have approved the transaction which will be submitted to the stockholders of the two companies shortly. The Industrial Controller Co. manufactures products similar to those of the Square D Co., and will show earnings of around \$175,000 for the current year. Economies effected through consolidation are expected to result in substantial benefits to the combined companies.—V. 127, p. 3416.

**(Otto) Stahl, Inc.—Merger.**—See Stahl-Meyer, Inc. below.—V. 126, p. 1825.

**Stahl-Meyer, Inc., N. Y. City.—Stock Sold Privately.**—Hallgarten & Co., New York, have placed privately an issue of common stock (no par value). The offering does not represent the introduction of new money into the business.

\* Hallgarten & Co. will have the right until Dec. 31 1931, to purchase the remaining 10,000 shares of the authorized common stock at \$25 per share, with protective provisions in the event of corporate changes.

**Data from Letter of George A. Schmidt, President of the Company.**

**Company.**—A New York corporation, organized to take over by consolidation all the assets and liabilities of three existing New York corporations, viz., Otto Stahl, Inc., Louis Meyer Co., Inc., and F. A. Ferris & Co., Inc. The consolidating companies are engaged in the business of manufacturing and selling hams, bacon, fresh and smoked meats, bologna, frankfurters, sausages, tongue, lard, &c. The Stahl and Meyer businesses were both founded in 1895, while the Ferris business was founded in the year 1936. The several trade names are well established in the territories served, Ferris hams being internationally known.

The manufacturing plants are located in New York City, and distributing centers are maintained in Poughkeepsie, Boston and New London. Deliveries are made largely by motor truck, of which the companies have over 100, and aside from the territories adjacent to the distributing centers mentioned, a large export business is done.

The combined sales of the three companies now exceed \$9,000,000 per annum and based on the inventory at the close of Sept. 30 1928 an annual turnover of about 12 times is indicated. Over 50% of the domestic sales are made for cash. The companies' customers number over 9,800.

**Earnings.**—Consolidated net earnings of the consolidating companies for the three years and nine months ended Sept. 30 1928, (after adjustment of depreciation to appraisers' rates, adjustment of officers' salaries and rent to present scale, and elimination of certain non-recurring charges) after Federal taxes at present rates, were as follows:

	Net Earnings as Above.	Pref. Div. Requirement.	Bal. Applic. to Common.
1925	\$204,540	\$84,000	\$120,540
1926	212,217	84,000	128,217
1927	319,281	84,000	235,281
928 (9 months only)	365,088	63,000	302,088

Such earnings for the first 9 months of 1928 were at an annual rate of \$3.09 per share of common stock of the new company presently to be outstanding.

**Standard Industries, Inc.—Proposed New Company's Name Changed to Selected Industries, Inc.**—

The name of this new company, mentioned in last week's "Chronicle," has been changed to Selected Industries, Inc. See offering of stocks above.—V. 127, p. 3416.

**Standard Milling Co.—To Increase Common Stock.**—The stockholders will vote Jan. 11 on increasing the authorized common stock from 150,000 shares, par \$100 to 250,000 shares par \$100.

The common stockholders are to be given the right to subscribe for additional common stock at par on the basis of one new share for each two shares owned.

The directors have made arrangements for the underwriting of this offering of additional common shares to be made if the increase in the amount of authorized common stock is approved by the shareholders. This will assure to the company the sale of the entire number of shares to be offered. The agreement for the underwriting has been made with Hallgarten & Co. and White, Weld & Co., of New York City, who will receive an agreed compensation thereunder. H. H. Moore, one of the directors of the company, is a member of the firm of Hallgarten & Co., and Francis M. Weld, one of the directors, is a member of the firm of White, Weld & Co. Howland S. Davis and Frederick L. Rodewald, who are directors of the company, are also financially interested in the underwriting by reason of their connections with the firms of Blake Bros. & Co. and J. W. Davis & Co., of New York City, associated with the underwriters in this matter.—V. 127, p. 3416.

**Standard Oil Co. of Indiana.—Receives Dividend.**—See Midwest Refining Co. above.—V. 127, p. 2698.

**Standard Screw Co.—Extra Dividend.**—The directors have declared an extra dividend of \$1 per share on the common stock, payable Jan. 15 to holders of record Dec. 19. The regular quarterly dividend of \$2 per share on the common and the regular semi-annual dividend of \$3 per share on the preferred were also declared, both payable Jan. 2 to holders of record Dec. 19.

The company's plants in Hartford, Conn., Elyria, O., and Chicago are all showing good operating results. The new plant in Chicago is operating with day and night shifts and earnings from this plant will appear in this year's earnings for the first time.—V. 126, p. 2807.

Common stock (\$100 par)	1,500,000	750,000

x All of the common stock except directors' qualifying shares is to be acquired and held by the Van Camp Packing Co., Inc.

**Organization.—**Has been incorporated in Indiana in connection with the capital readjustment of the Van Camp Packing Co., Inc., Virginia. It will acquire from the packing company, free and clear of mortgage liens, eight evaporated milk packing and concentrating plants and will continue the business of the milk division of the packing company as a separate business.  
The eight evaporated milk plants to be acquired are located at Adrian and Homer, Mich.; Wauseon and Bryan, Ohio; Angola, Ind., and Casco, Sawyer and Watertown, Wis. Each of these plants has been maintained at a high degree of operating efficiency and is equipped with modern evaporating machinery and equipment.  
The eight evaporating plants are producing in excess of 2,000,000 cases of evaporated milk per annum. The Milk company is to enter into a contract with the packing company under the terms of which the entire output of the milk company will be sold through Van Camp Products Co., a selling subsidiary of the packing company, in accordance with a certain exclusive sales agency contract between the packing company and said selling subsidiary, originally dated Feb. 26 1912, and assigned to the packing company by its predecessor. Under this contract with the milk company the packing company is to agree to absorb part of the sales cost and the milk company is to agree to pay a net selling commission substantially less than that previously incurred in disposing of the production of these plants.

**Earnings.—**Peat, Marwick, Mitchell & Co., accountants and auditors, have examined the books and accounts of the packing company, for the three years ended May 31 1928, for the purpose of ascertaining the operating results of the milk division, the physical assets and business of which are to be acquired by the milk company. The net profits, as reported by them, after provision for depreciation of plants on the basis recommended by

the American Appraisal Co., and allocation of administration expenses as between the milk division and the remaining divisions of the packing company, but before Federal income tax, are shown below. The tabulation shows also the adjustment for such sales expense as is to be absorbed by the packing company under the contract to be entered into between the packing company and the milk company, and provision for Federal income tax at the current rate of 12%:

Year Ended May 31—	1928.	1927.	1926.
Net profits before Federal tax	\$239,102	\$246,087	\$266,171
Adjustment for Federal expense	142,984	116,603	121,120
Federal tax at 12% on Profits	45,850	43,523	46,475
Net profits as adjusted after Fed. tax	336,236	319,168	340,817
Per share of preferred stock	\$22.41	\$21.27	\$22.72

**Assets.—**The evaporating plants to be acquired by the milk company have been appraised by the American Appraisal Co. as of Dec. 1 1928. They certify a sound value (replacement cost, less accrued depreciation) for the physical properties of \$1,402,300, to which they add a value of \$734,500 for the established milk supply systems representing the accumulation of many years of development work in encouraging farmers in the territory surrounding the evaporating plants to engage in dairying on a scale to produce a regular and adequate supply of raw milk. The milk company will commence business with adequate working capital of \$250,000 in the form of cash and operating supplies of a value of at least \$65,000, giving its net assets a total value in excess of \$2,450,000.

**Stock Purchase Warrants.—**Each share of preferred stock will carry a non-detachable warrant entitling the holder to purchase on and after Jan. 1 1931, and on or before July 1 1931, one share of common stock (without par value), of the packing company at \$20 per share. Such warrants may be made exercisable prior to Jan. 1 1931, at the election of the packing company by resolution of its board of directors.

**Sinking Fund.—**The trust deed provides a sinking fund for these debentures, under which annual payments of 5% will be made on and from Nov. 1 1930 to Nov. 1 1942, incl. These sinking fund payments are sufficient to redeem approximately 75% of the debentures by maturity.

**Security.—**Secured by a specific first mortgage on all the assets and property of the company now owned or hereinafter acquired. Trust deed provides that the company may free from the lien thereof, sell or otherwise dispose of, any portion of its equipment on such terms as in its opinion will improve the position of the company's business, provided that the consideration received by the company from any such sale or other disposition shall form part of the specifically mortgaged equipment.

**Assets.—**Company own 29 motor coaches, and have on order 17 of the most modern and luxurious type. It is fully supplied with all necessary equipment, tools, &c., and operates its own machine shop. In addition to which it is in possession of a number of very favorable terminal leases and a franchise from the corporation of the District of Saanich, dated June 25 1928, and good for 20 years.

**Earnings.—**Net earnings of the lines taken over, after ample deduction for depreciation have been at the rate of over \$55,000 per annum, or over twice the interest requirements of this present issue.

**Purpose.—**Proceeds will be used in payment for the lines acquired, to pay for new rolling stock now on order, and to supply adequate working capital.

**Company.—**Has been incorp. under the laws of the Province of British Columbia, for the purpose of acquiring, improving and expanding 11 established motor bus lines operating out of the City of Victoria, together with equipment, terminal leases and a valuable franchise. The lines taken over are: Lakelse Hill, Cordova Bay, Gordon Head, Deep Cove, Gorge, Red Line, Agnes & Marigold, West Saanich, Keating-Brentwood, and The Gray Line, operating between Victoria and Nanaimo and Victoria and Sidney. Company holds an exclusive franchise granted by the corporation of the District of Saanich, dated June 25 1928.

**Van Sicken Corp., Elgin, Ill.—Stock Offered.—**A. B. Leach & Co., Inc. and Paul H. Davis & Co., are offering 65,000 shares participating class A stock of no par value (priced at the market).

Preferred over the common stock as to cumulative dividends at the rate of \$2 per share per annum, payable Q.-J. (beginning Apr. 1 1929). In any further distribution of cash dividends for the then current fiscal year, the common stock is entitled as a class to receive \$100,000; then the participating class "A" stock is entitled to receive an additional dividend of \$1 per share; and dividends paid thereafter for such year shall be paid upon the common stock exclusively. Red. all or part on any div. date at \$60 per share plus divs. Fully paid and non-assessable. Dividends exempt from present normal Federal income tax. Transfer agent, Bank of America, Chicago. Registrar, Union Trust Co., Chicago.

**Data from Letter of N. H. Van Sicken, Jr., Pres. of Company.**

**Company.—**Organized in Delaware to acquire the business and principal assets of the Elgin Clock Co., at Elgin, Ill. The predecessor company has been for a number of years the leading manufacturer of vanity and smoker sets for automobiles.

The manufacture and sale of vanity and smoker sets for use in motor cars will be continued by the corporation. Its products are used as standard equipment by leading manufacturers of automobiles, including such cars as Cadillac, La Salle, Pierce Arrow, Studebaker, Buick, Chrysler, Packard, Dodge, Lincoln, Hudson, Marmon, Oakland, Stearns, Willys Knight, Reo, Graham Paige, Peerless, Stutz, Nash, Henney, Gardner and Jordan.

The corporation acts as exclusive distributor in the automotive industry for Illinois Watch Case Co. and its subsidiary, Elgin American Manufacturing Co., both of Elgin, Ill., which are among the largest producers of watch cases, vanity cases and cigarette cases, and manufacture many other jewelry novelties.

An exclusive agreement with Haskelite Mfg. Corp. of Grand Rapids, Mich., is being negotiated by the corporation for the use of Haskelite bas-reliefs and sales rights for such of these decorative products as apply to the automotive industry.

The predecessor company has confined its business to the production and sale of vanity and smoker sets and the distribution of automobile clocks. The agreement under negotiation with Haskelite Mfg. Corp. will permit the corporation to enlarge its business by entering a wider field of manufacture and sales, including such products as special panels, cowl board and instrument panels, garnish mouldings, and special trim.

**Waldorf-Astoria Realty Corp.—Waldorf-Astoria Hotel Sold—50-Story Office Structure Will Rise on Its Site—Demolition To Begin in June.**—

The Waldorf-Astoria Hotel has been sold to Bethlehem Engineering Corp. and will be razed during the coming year to provide the site for a monumental office structure, according to an announcement made by Lucius M. Boomer, Pres. of the Waldorf-Astoria Realty Corp.; Floyd DeL. Brown, Pres. of the Bethlehem Engineering Corp.; Benjamin B. Burton of Edmund Seymour & Co., Inc., and Louis G. Kaufman, Pres. of Chatham Phenix National Bank & Trust Co.

Demolition of the world-famous hostelry, extending from 33d St. to 34th St. on Fifth Ave., will not begin until next June, and its operation in the meantime will remain uninterrupted. Prolonged negotiations culminated in arrangements for the passing of the property to the Bethlehem corporation. The financing of the project has been accomplished through Edmund Seymour & Co., Inc., and Chatham Phenix Corp., affiliated with Chatham Phenix National Bank & Trust Co. The already completed design of the new building contemplates one of the most impressive projects of skyscraper construction ever undertaken. Rising 50 stories above Fifth Ave., it will extend along the entire block from 33d St. to 34th St. and will occupy a frontage of more than twice that length along both those streets. It will be completed in the fall of 1930.

The final financial arrangements, following numerous meetings during the past three weeks, were consummated at an all-day conference Dec. 20 in the offices of Louis G. Kaufman at the Chatham Phenix National Bank & Trust Co. Stuart McNamara represented the Waldorf-Astoria Realty Corp. and W. Albert Pease, Jr., President of the Empire Bond & Mortgage Co., and formerly President of Pease & Elliman, acted as broker. Benjamin Burton was present on behalf of the banking house of Edmund Seymour & Co., Inc., and George R. Coughlan of the firm of Alger & Coughlan represented the Bethlehem Engineering Corp.

Immediately after the conclusion of the sale, Floyd Brown made known the following details concerning the construction that will follow the clearing of the hotel site:

"The 50-story building to be erected on the present Waldorf-Astoria location will occupy a Fifth Ave. frontage from 33d to 34th St. and will extend westward along both those streets for 425 feet. The main building will be built on a plot 200 feet by 400 feet, without courts or yards with the exception of 25 feet at the rear of the plot running from 34th St. to 33d St. By this method, permanent light will be assured on all exterior walls. The proposed office building will be particularly adapted to the accommodation of tenants requiring large floor areas with good light, but not interrupted by courts or yards.

"One of the striking factors of the building will be the connection of its basement by means of ramps to the driveways from both 33d and 34th Sts., so that all deliveries, shipping, &c., by automobile can be made directly to the basement. It will be designed as a complete automobile terminal so that no trucking will remain on the street and there will be no loss of time in the delivery of merchandise, thus avoiding curb parking, minimizing traffic congestion and obviating a universal complaint throughout the densely constructed mid-town district."

Mr. Boomer, in commenting on the transaction, said: "Delivery of the Waldorf-Astoria Hotel, Astor Court and Astor Court office building will be made to the Bethlehem Engineering Corp. next summer after which the buildings will be demolished and a monumental commercial structure erected.

"While the Waldorf-Astoria still maintains its world-wide prestige and an unimpeded volume of business, the great non-productive areas in the hotel, involving enormous taxation and operating costs, have become so burdensome that a more profitable use of the site than for hotel purposes is indicated. This is the reason for the sale.

"During the remaining months of operation the high traditions of the Waldorf will be always dominant in the minds of the operating staff, and its notable characteristics of operation and hospitality will be maintained to the closing day. Anticipating that thousands of patrons and friends of the hotel will wish to enjoy its hospitality again before its closing, there will be no diminution of personnel or facilities, but rather a special effort to meet every possible demand. The obligations of the Waldorf-Astoria to its world-wide clientele are fully recognized, and the obligations of the owning company to its great staff of loyal employes, many of whom have been identified with the establishment for long periods, will be met in a spirit of appreciation and helpfulness.

"We retain all rights to the name of 'Waldorf-Astoria' Hotel for future use."

**Ward Baking Corp.—New President.**—William B. Ward has been elected President to succeed George B. Smith, whose resignation becomes effective Jan. 1 next.—V. 127, p. 2699.

**Warner Bros. Pictures, Inc.—Listing.**—

The New York Stock Exchange has authorized the listing of (1) temporary certificates for 785,603 shares preferred stock without par value in exchange for 785,603.3 shares of common stock of Stanley Co. of America or upon consolidation of fractional scrip so issued, and (2) temporary certificates for 595,227 additional shares of common stock without par value (making the total number of shares of common stock to be listed 1,145,227), comprising the following: (a) 345,696 shares upon conversion of the above mentioned shares of preferred stock; (b) 78,561 shares in exchange for 785,603.3 shares of common stock of Stanley Co. of America, or upon consolidation of fractional scrip so issued; (c) 90,000 shares to Renraw, Inc., under the terms of an agreement dated as of Sept. 1 1928; (d) 50,000 shares to the corporation's bankers, in part in connection with a purchase agreement with a committee of stockholders of Stanley Co. of America, dated as of Oct. 2 1928, and in part for services; (e) 31,000 shares in exchange for 50,000 shares of Class B stock of Skouras Bros. Enterprises, Inc., of St. Louis, and 13,929 shares of Class B stock of St. Louis Amusement Co.

**Authority for and Purpose of Issue.**—All of the shares of preferred stock and 78,561 shares of common stock are to be issued to a committee of stockholders of Stanley Co. of America, pursuant to an exchange agreement dated as of Oct. 2 1928, between this corporation and the committee, (a) in exchange for 785,603.3 shares of common stock of Stanley Co. of America deposited with the committee, or (b) upon the consolidation of fractional scrip certificates issued upon such exchange. The exchange is to be at the ratio of one share of preferred stock and one-tenth of a share of common stock of this corporation for one share of stock of Stanley Co. of America.

Pursuant to a purchase agreement dated as of Oct. 2 1928, between the committee and the corporation's bankers, the committee will sell to the

bankers 20% of the preferred stock and 20% of the common stock to be received by the committee from the corporation in exchange for the stock of Stanley Co. of America deposited with the committee. The sale to the corporation's bankers will be for a price equal to \$11.50 for each unit of two-tenths of a share of preferred stock and two-hundredths of a share of common stock. The sum thus to be received by the committee will be paid pro rata, to the holders of certificates of deposit of stock of Stanley Co. of America deposited with the committee. The holders of these certificates of deposit will thus receive for each share of stock of Stanley Co. of America deposited, eight-tenths of a share of preferred stock and eight-hundredths of a share of common stock of the corporation and \$11.50 (less transfer tax not in excess of 5 cents per share of stock of Stanley Co. of America), as provided in the deposit agreement, dated as of Oct. 2 1928.

In addition to the foregoing, in order to assure to the corporation and to the stockholders of Stanley Co. of America the continued services of Harry M. Warner, Albert Warner and Jack L. Warner and to provide for the deferment of the maturity of the indebtedness of this corporation to Renraw, Inc., in excess of \$5,000,000, a contract dated as of Sept. 1 1928 has been entered into with Renraw, Inc., providing among other things for the services of the three Messrs. Warner for six years, extending the payment of the indebtedness over a period of years, and calling for the issue of 90,000 shares of common stock as part consideration.

The corporation's bankers, Goldman, Sachs & Co., entered into the underwriting purchase agreement, dated as of Oct. 2 1928, with the committee of stockholders of Stanley Co. of America, that was requisite to the consummation of the plan, and for their compensation for so doing and to compensate them for their services rendered to the corporation for several years past, they have agreed to take an aggregate of 50,000 shares of common stock.

In addition, the board of directors has authorized the issue of 31,000 shares of common stock in exchange for 50,000 shares of class B stock of Skouras Bros. Enterprises, Inc., of St. Louis, and 13,929 shares of Class B stock of St. Louis Amusement Co. Upon the completion of this exchange, the corporation will have a controlling interest in Skouras Bros. Enterprises, Inc. and St. Louis Amusement Co. and will thus have a predominant position in the moving picture exhibition field in St. Louis and an important position in Indianapolis.—V. 127, p. 3263.

**(Charles) Warner Co.—50-Cent Extra Dividend.**—

The directors have declared an extra dividend of 50 cents a share on the common stock and the regular quarterly dividend of 50 cents a share on common and 1 3/4% on the 1st and 2d pref. stocks. The common dividends are payable Jan. 12, and the preferred dividends on Jan. 24, all to holders of record Dec. 31. In each of the two preceding quarters an extra disbursement of 25 cents a share was made on the common stock.

On Aug. 10 1927 the company paid an extra dividend of 50 cents a share on the common stock.—V. 127, p. 2106.

**Weber & Heilbronner, Inc.—Proposed Merger.**—

Ownership of Stein-Bloch, Inc., Weber & Heilbronner, Inc., and Fashion Park, Inc., three of the leading men's clothing enterprises of the country, is to be transferred to one company, newly organized, through an exchange of stock, it was announced Dec. 14. The new company will be known as Fashion Park Associates, Inc., and will bring about a close affiliation among the three companies and their distributors.

It is intended to retain the separate identities of the three companies, which will retain the present management. There will be no change in personnel, locations or policy, it was announced. The plan for the new company was worked out after many of the principal customers of Stein-Bloch, Inc., and Fashion Park, Inc., had been consulted, the announcement said.

The plan now being completed involves the creation of the new corporation with an authorized capital of 500,000 shares of no par common stock. This company will acquire, through exchange of its securities, all or a substantial part of the common stock of Stein-Bloch, Inc., Weber & Heilbronner, Inc., and Fashion Park, Inc. Stockholders of each of the three companies will be invited to exchange their stock on a proportionate basis. If all stockholders accept the offer, the new company will presently have outstanding 227,500 shares of its authorized capital stock.—V. 127, p. 1962.

**Wrought Iron Co. of America.—Bonds Sold.**—

Hambleton & Co., Harrison, Smith & Co. and Peabody, Smith & Co. and Harriman National Bank & Trust Co., have sold \$1,750,000 1st (closed) mtge. 6 1/2% 10-year sinking fund gold bonds at 100 and int. The bonds carry common stock bonus warrants and common stock purchase warrants.

Dated Oct. 1 1928; due Oct. 1 1938. Int. payable A. & O. at office of Bank of North America & Trust Co. of Phila., trustee, or at Continental National Bank & Trust Co. of Chicago. Denom. \$1,000 and \$500 c. Red. all or part at 105 and int. on any int. date on 30 days' notice up to and incl. Oct. 1 1929, this premium of 5% decreasing 1/2% each 12 months or part thereof elapsed after Oct. 1 1929. Interest payable without deduction for normal Federal income tax not in excess of 2% per annum. State

personal property or income taxes imposed by the States of Conn., Calif., Kentucky, Maryland and Mass. or District of Columbia refunded under conditions provided for by mortgage indenture securing this issue. Free of Pennsylvania four mills tax.

**Common Stock Bonus Warrants.**—Each bond will carry a warrant entitling the holder to receive without cost on Oct. 1 1929, voting trust certificates for shares of the common stock of the company in the ratio of 5 shares of common stock to each \$1,000 principal amount of bonds.

**Common Stock Purchase Warrants.**—In addition to the above, each bond will carry a warrant entitling the holder to the right to purchase at the rate of \$10 per share at any time within 3 years from Oct. 1 1928, voting trust certificates for shares of the common stock of the company in the ratio of 5 shares of common stock to each \$1,000 principal amount of bonds.

**Data from Letter of Charles Hart, President of the Company.**

**Company.**—Incorp. in Pennsylvania July 9 1928. Has acquired the plants and assets of the Lebanon Iron Co. and the Scranton Bolt & Nut Co. Company will carry on the business heretofore conducted by these companies and in addition is now engaged in a large scale production of genuine wrought iron and wrought iron products by means of mechanical puddling as distinguished from the old method of hand puddling. Company operates under the Ely process, its rights thereunder covering all of the New England States, New York, Pennsylvania, New Jersey, Delaware and Maryland, with the exception of a small portion of western Pennsylvania.

H. A. Brassert, considered to be the foremost consulting engineer in the iron and steel industry, has reported upon the consolidation of these properties and upon the merits of the company's mechanical puddling process, and States: "The experimental stage of the mechanical puddling furnace has passed. Your company has perfected a mechanical puddling process which makes them the strongest factor in the East in the puddled iron field. This mechanical process will increase sales through the production of stay-bolts, rivets, forging billets and other materials made of genuine puddled iron on account of its superior quality. A comparison of the results obtained with the mechanical puddler versus the hand puddling process is decidedly in favor of the former, due to the superior quality of the material made, the increased production and the decreased cost of manufacture."

The high quality of the company's product is evidenced by the fact that it has passed satisfactorily the severe tests of Lloyds Register of Shipping, the Pennsylvania RR. and the Massachusetts Institute of Technology, who have approved its puddled iron rivets and stay-bolt iron.

**Properties & Security.**—Bonds are secured by a direct first closed mortgage on all the plants and mortgageable property and assets of the company, title to the real estate being insured by policy of Real Estate Land Title & Trust Co. of Philadelphia in the full amount of the mortgage. The mortgage covers all such property which may hereafter be acquired, subject to purchase money and (or) mortgage obligations existing at the time of acquisition. Properties now acquired have been recently appraised by H. A. Brassert as having a sound depreciation value of \$5,721,000, which is substantially below cost, less depreciation. In addition, the company's balance sheet as of Oct. 31 1928, adjusted to give effect to present financing, shows net current assets of \$867,823. The bonds, therefore, are secured by fixed assets in the ratio of over \$2,100 per \$1,000 bond with total net assets of over \$2,622 per \$1,000 bond.

**Purpose.**—Proceeds of these bonds and of the \$1,250,000 preferred stock (paid for at par by certain officials and common stockholders) together with the common stock, are being used in connection with the acquisition of the plants, property and assets of the Lebanon Iron Co. and the Scranton Bolt & Nut Co., in the extinguishment of mortgage and other indebtedness of these companies, for working capital and for other corporate purposes.

**Earnings.**—H. A. Brassert estimates the average annual earnings during the next 5 years, after depreciation but before Federal income taxes, to be \$456,900, or more than four times the annual interest requirements of \$113,750 on these first mortgage bonds, and more than twice the maximum annual bond interest and sinking fund requirements.

**Sinking Fund.**—The mortgage provides for a sinking fund to operate semi-annually after two years, requiring equal monthly payments beginning Oct. 1 1930, sufficient to retire at par and the then prevailing premium \$75,000 principal amount of these bonds each year during the third and fourth years of the term of said bonds and thereafter \$100,000 principal amount of bonds in each year. The company is to have the privilege of tendering bonds at their redemption price to the trustee in lieu of cash.

**CURRENT NOTICES.**

—The Bureau of Business Research has just completed for distribution Part I, Volume 1, of Industrial and Commercial Ohio, by Spurgeon Bell, Ralph J. Watkins, and others.

Volume I will contain about 500 pages (8 1/2 x 11), and will be bound in a loose-leaf, leatherette-covered board binder. It will consist of four parts as follows:

- I. The Extent and Basis of the Industrial Development of Ohio.
  - II. The Distribution and Fluctuations of Manufacturing Employment in Ohio.
  - III. The Distribution and Fluctuations of Industrial and Commercial Activity in the Non-Manufacturing Industries of Ohio.
  - IV. Shifts in Industrial Employment in Ohio Since 1914.
- Part I, consisting of 168 pages, contains the following chapters:
1. The Rank of Ohio Among the Chief Industrial States.
  2. Ohio as an Industrial State.
  3. The Distribution and Concentration of Industrial Employment Activity in Ohio.
  4. The Fluctuations of Industrial Employment in Ohio, 1914-1926.
  5. The Natural Resources of Ohio.
  6. The Population of Ohio in Its Relation to Industrial Employment.

Part I is illustrated with 50 charts and maps. One group of charts shows the value of the chief products of the State in comparison with the value of the same products in the ten chief States leading in their production. Another group of charts shows the distribution of industrial employment by counties. The charts and tables on employment show the fluctuations in employment for the State as a whole and also for the chief counties of the State. The natural resources of the State and the character of the population are also shown in chart form.

Part II will show the distribution and fluctuations of manufacturing employment as a whole, and also for all the manufacturing industries having payrolls of \$5,000,000 or more. These fluctuations will be shown for the State as a whole, and for the chief counties of the State. There will be tables also on the trend of manufacturing concentration in the chief counties of Ohio.

Part III will give the same treatment to non-manufacturing industries as Part II gives to the manufacturing industries of the State.

Part IV will show, for the period 1914 to 1925, inclusive, how various types of employment have varied as percentages of total employment in the State. The important groups of industries will be included in this analysis and also the important types of employment in each group. The changing importance of groups of industries and types of employment since 1914 will be shown by this analysis.

—It is expected that formal announcement will be made within the course of the next few days of the formation of the co-partnership of Blyth & Co., members of the New York Stock Exchange, to succeed to the general securities business heretofore conducted under the name of Blyth, Witter & Co. There will be no changes in the organization or executive personnel of the firm. Blyth & Co. is a nation-wide organization with a network of offices spread throughout the United States, practically all of which are connected by private wire system. In addition to the office in New York, the firm has offices in Chicago, Boston, Philadelphia, Atlanta and other eastern cities, as well as in the principal cities on the Pacific Coast, where for many years it has been one of the leading banking houses in the underwriting and distribution of securities. The partnership of Blyth & Co. will be headed by Charles R. Blyth who is a director in many prominent corporations. Other partners will include: George Leib, Roy L. Shurtieff, Lloyd S. Gimour, Frank F. Walker, Charles E. Driver, Mansel P. Griffiths, David T. Babcock and James S. Philpotts.

The brokerage department of Blyth & Co. in New York is expected to be open for business the latter part of January.

—An addition to the rank of men in Wall Street who have made their mark in Western business and in Government service is seen in the coming to New York of Colonel Joseph W. McIntosh, who, on Jan. 1, will become a partner in the New York Stock Exchange firm of W. J. Wollman & Co., 120 Broadway, New York. Colonel McIntosh, who was born on an Illinois farm, received his early financial training through his father who was engaged in the banking business. Later he became a banker himself, following which he was, for some time, connected with Armour & Co. In the World War Colonel McIntosh was in command of a regiment in active service and led one of the few American regiments which saw hard service on the Italian front. After the war his financial abilities were recognized by his appointment as director of finance of the United States Shipping Board and about 1924 he became Comptroller of the Currency, from which office he recently resigned to become a member of the New York Stock Exchange firm.

—Presuming that an increase in the sugar tariff will take place before the first of next July, the general public is speculating on that probability by purchasing May contracts in the hope that they may be worth perhaps one-half cent more than the later months of the year, according to the current sugar market review of Farr & Co., 90 Wall St., N. Y. C. The review points out that in addition to purchasing May contracts, many operators are selling September against it as a hedge and the May-September switch has narrowed to nine points whereas the actual cost of carrying sugar from May to September is in the neighborhood of 24 points. "What the outcome of this confused situation will be no one can foresee," says the review. "In our opinion, there has been built up a short position in September of huge proportions and the attraction in selling nine months ahead at 2.27 is difficult to understand, especially as tariff legislation is notoriously a long-drawn out affair and an uncertainty of the first magnitude."

—The grandson and son of two of America's most famous financiers have been named as partners in the new investment house of Noah MacDowell & Co., to do a general investment banking business, including the underwriting, distribution and purchase and sale of domestic and foreign securities. Allan A. Ryan, Jr., grandson of the late Thomas Fortune Ryan, who left an estate of more than \$300,000,000, is one of the young men, while Charles H. Sabin, Jr., son of the chairman of the Guaranty Trust Co., is the other. Both are still in their 20s. Mr. MacDowell, whose name the new firm bears, was formerly associated with H. N. Whitney & Sons, and is a director of the Transportation Insurance Co., Importers & Exporters Insurance Co., Mohawk Fire Insurance Co. and Standard Commercial Tobacco Co. The firm has taken offices in the Chase National Bank Building, New York City, and will begin business Jan. 1 next.

—Craig B. Hazlewood, President of the American Bankers Association, will be the guest speaker on the Halsey, Stuart & Co. radio program on Thursday evening, Dec. 27 and will speak on the subject "The Need for an Investment Program for Individuals, Corporations and Banks." Mr. Hazlewood has spent 25 years in the banking business in Chicago, having started as a messenger for the old Commercial National Bank. He is to-day Vice-President and director of the Union Trust Co., and is also chairman of the board of the Lake Shore Trust & Savings Bank of Chicago.

—After three years of research of public utility commission regulations in the United States, Bonbright & Co., Inc. have prepared for distribution an analysis of the principal powers and jurisdiction of the State public utility regulatory commissions in each State of the Union. This is said to be the first comprehensive analysis to appear in this field. In addition to containing an outline of all State regulations on utilities, the analysis has a chart, giving State by State, the chief phases of utility legislation on which the commissions are given jurisdiction. It was prepared under the supervision of Carl D. Jackson, counsel to National Electric Light Association and to American Gas Association, and Winthrop, Stimson, Putnam & Roberts, counsel to Bonbright & Co., Inc.

—The Bond Club of Boston has been formed by representatives of the leading Boston investment houses. The club is patterned along the lines of that of New York, its purpose being to foster good fellowship and co-operation among those engaged in the business of investment securities and to promote and maintain high standards and proper principles in the profession. The Club held its initial dinner and organization meeting at the Algonquin Club this week. Its officers are Laurence G. Tighe, President, of Brown Bros. & Co.; Edwin R. Marshall, Vice-Pres., of Old Colony Corp.; John N. Stubbs, Secretary, of Lee, Higginson & Co.; and Robert W. Knowles, Treasurer, of Harris, Forbes & Co.

—Dean, Witter & Co., 486 California St., San Francisco, have established a fully integrated brokerage department on the fifth floor of the Kohl Bldg., directly above their general offices. This department includes the most modern brokerage equipment, such as New York and San Francisco quotation boards, private wires and other facilities which permit them to render a complete and efficient brokerage service. The firm are members of the following exchanges: San Francisco Stock Exchange, San Francisco Curb Exchange, Los Angeles Stock Exchange, Los Angeles Curb Exchange, and Seattle Stock Exchange.

—Officers and Directors of Davis, Longstaff & Company and Davis, Longstaff & Company of California have formed a new firm to be known as L. L. Davis Co. It will have principal offices in Chicago, New York, San Francisco and Los Angeles and will underwrite and distribute general market securities. Members of the new firm are Louis L. Davis, Jr., Charles E. Anderton, Jr., Herbert C. Jensen, Ralph E. Herrick, Guy A. Thomas, Alfred J. Dyer, Fred E. Zahn and Nathaniel W. Barnes.

—Herbert C. Heller & Co., Inc., 37 Wall St., New York, dealers in Municipal Securities, announces the opening of three branch office, one in the Fidelity Philadelphia Trust Building, Philadelphia under the management of George H. Morgan; another in the City Bank Building, Kansas City, Missouri under the management of Jerome C. Baum, Vice-President, and in the Bankers Building, Chicago, under the management of Edmund K. Eichengreen.

CENTRAL AGUIRRE SUGAR COMPANY

ANNUAL REPORT TO THE STOCKHOLDERS FOR 1928.

Aguirre, Porto Rico, Dec. 1 1928.

The twenty-ninth annual report of the Directors of the Central Aguirre Sugar Company and affiliated interests is submitted herewith for the year ended July 31 1928.

The year has been in many ways satisfactory, even though prices for sugar have been very low. The tonnage of cane produced and ground was the largest in the history of the Company; the sugar content was the highest; and, in general, the results obtained justify the statement made in the annual report a year ago, when we said:

"The outlook for the crop to be harvested the coming year is excellent and we confidently expect that it will exceed the volume of production of last year—the largest in the history of the Company. We believe thoroughly in a policy of intensive cultivation, increasing the crop by the use of fertilizers, irrigation and advanced methods of cultivation on such of our lands as will respond to treatment."

We continue to be impressed with the wisdom of the policy of thoroughness in every department of the Company's operations—cultivation, planting, irrigation and manufacturing. Constant watchfulness to insure control of disease and pests and the continuance of high quality cane is most essential.

On the thirteenth day of September, the Island of Porto Rico was visited by a most terrific and disastrous hurricane, as a result of which your Company suffered to a considerable extent. Many buildings were demolished, bridges were destroyed, and the cane fields damaged.

The cost of replacements and repairs to the plant, while substantial, is not especially serious when compared with the total investment.

The extent to which the cane was injured will not be disclosed until it is harvested and manufactured into sugar, as it is quite likely that there will be not only a decrease in tonnage of cane but a decrease in the sugar content which will amount to a substantial figure. On the whole, however, estimates lead us to believe that, with a reasonable price, the Company will be able to produce a sufficient quantity of sugar to show a comfortable profit.

Many very serious and difficult problems had to be met as a result of the cyclone—in reconstruction, caring for employees, safeguarding the health situation, giving attention to the crop, and, as far as possible, restoring normal conditions.

It may be of interest to the stockholders to learn that no such disaster has visited the Island since the year 1899.

I cannot speak too highly of the intelligence, energy, and loyalty shown by all the members of our organization during the trying months immediately following the disaster, and it is a source of satisfaction to them as well as to me, to observe the improvement which has taken place and the general return to normal conditions.

The Aguirre Mills began grinding Dec. 9 1927 and finished July 7 1928, with a total of 80,268 tons of sugar; the Machete Mill began grinding Dec. 16 1927 and finished June 4 1928, with a total of 21,212 tons of sugar; the Cortada Mill began grinding Dec. 14 1927 and finished June 9 1928, with a total of 21,034 tons of sugar; or a total of 122,564 tons of sugar produced in the three factories.

For the Directors,

CHARLES G. BANCROFT, *President.*

## COMMERCIAL EPITOME.

The introductory remarks formerly appearing here will now be found in an earlier part of this paper immediately following the editorial matter, in a department headed "INDICATIONS OF BUSINESS ACTIVITY."

Friday Night, Dec. 21, 1928.

COFFEE on the spot was firmer on the 18th inst and in rather better demand. Santos 4s were 23¼ to 23½c; Rio 7s 17½d to 18c and Victoria 7s and 8s 17 to 17½c. On the 17th inst. cost and freight offers from Brazil were irregular but a few were slightly higher. Spot demand was better later especially for desirable grades of Santos on which it is said, premiums are being paid. Ordinary quotations were 23¼ to 23½c for Santos 4s with Rio 7s 17½ to 18c and Victoria 7-8s 17 to 17½c. The West Columb landed 10,900 bags of Brazilian coffee at Boston and the Brandanger 15,100 bags at San Francisco all of which is being delivered immediately for consumption. On the 18th inst. cost and freight offers were unchanged to 25 points higher. Santos opened at an advance of 225 to 175 reis on the 18th inst. Dec. 36\$425; January 36\$950; Feb. 37\$175. Exchange was 2/256d lower at 5 245/256d and dollar rate 10 higher at 8\$29. The Rio market opened 25 to 50 reis higher with Dec. at 29\$025; March 29\$250; May 29\$325. Exchange was 1/256d lower at 5 245/256d and dollar rate unchanged at 8\$290. Receipts at Rio and Santos thus far this season are as follows: During December at Rio 142,000; at Santos 441,000; total 583,000 bags. Since July 1st they were 1,529,000 at Rio, 3,962,000 at Santos; total 5,455,000 bags; same time last year at Rio 2,304,000 bags; at Santos 5,089,000; total 7,393,000 bags; same time two years ago at Rio 2,230,000 bags; at Santos 4,217,000; total 6,447,000 bags.

On the 19th inst. cost and freight offers were mostly 15 to 25 points higher owing to the scarcity of desirable Santos grades. For prompt shipment, Santos bourbon 3s were offered at 23.45c to 23½c.; 3-4s at 22.70 to 23¼c.; 3-5s at 21.95 to 23¼c.; 4-5s at 21.70 to 22c.; 5s at 21½ to 22c.; 5-6s at 20¾ to 21.40c.; 6s at 20½c. to 20¾c.; 6-7s at 19¾c. to 20.70c.; 7s at 19¾c.; 7-8s at 15½ to 18.90c.; 8s at 16.20c., part Bourbon 2-3s at 24.30c.; 3-4s at 23c.; 3-5s at 22 to 22.85c.; 5s at 22½c.; 6s at 19¾d; 7s at 16.60c; peaberry 3-4s at 23.10c.; 4s at 21.85c.; 4-5s at 21½ to 22.35c.; 5s at 21¼ to 21½c.; 5-6s at 21.15c.; 6s at 20¼c. Rio 7s were offered at 17.00 to 17.10c.; 7-8s at 16.40c.; Victoria 7-8s at 15¾ to 15.80c. Fair to good Cucuta 22¾ to 23¼c.; Ocana 22 to 22½c.; Bucaramanga, natural, 23c. to 24c.; washed 24½ to 25c.; Honda, Tolima and Giradot 24½c. to 25c.; Medellin 26¼ to 26¾c.; Manizales 24½ to 25c. Ankola 24 to 38c.; Surinam 24 to 25c.; Mandheling 36½ to 39c.; Genuine, Java 34 to 35c.; Robusta, washed 17¾ to 18¼c.; Mocha 27 to 27½c.; Harrar 25½ to 26c.; Guatemala, good 26 to 26½c.; Bourbon 24¼ to 24½c. Futures on the 17th inst. were 5 to 13 points net lower on Santos with sales of 29,750 bags. At one time near deliveries were 2 to 5 points higher on that day, December leading. Rio closed 5 points lower to 5 points higher with sales of 30,750 bags. Hamburg and Havre continued to decline. Europe sold freely. Brazil bought for a time but not aggressively. It was remarked that Santos contracts had advanced about a cent on some months in about 10 days. The belief that the country will be forced to supply its needs after the holidays it was added, held the market. There were evidences of Brazilian support. This and the evening up of December contributed to the sudden rise. But some doubt if the wary policy of the trade will change. There will be the usual demand after the holiday season, but some are skeptical as to its having any further bullish effect. Some rumors were to the effect that a few Santos notices would be put out and with the evening up of the December position some looked for the Santos contract to decline. Mild coffees, it was asserted, are more and more taking the place of Santos and as this competition becomes sharper a little later on when milds come in more freely, it will take some clever manouvering some think to prevent Santos from going down with them. The old contract is influenced by reports of cheap sales of damaged Santos.

Santos cabled on the 17th inst.: "Owing to confirmation of unfavorable reports on the condition of the next crop, futures here are very firm. December, 1929 sold at 33\$500. Stronger position for March expected owing to great scarcity of coffee suitable for delivery. About three-fourths of the Santos stock is inferior quality. Good coffees absolutely impossible to obtain at less than quoted prices." On the 18th inst. futures advanced 10 to 28 points; sales of Santos 63,600 bags and of Rio 28,750 bags. Europe bought if Brazil gave less support. The cables from Europe and Brazil were higher; spot demand was better. To-day Rio futures closed 13 to 22 points higher with sales of 39,000 bags. San-

tos ended 18 to 30 up with sales of 40,000 bags. Final prices show an advance on Rio futures for the week of 39 to 56 points and on Santos of 36 to 50 points.

Rio coffee prices closed as follows:

Spot unofficial	18	Mar.-----15.08@15.09	July-----13.89@
Dec.-----16.11@	-----	May-----14.35@14.38	Sept-----13.44@13.45

Santos coffee prices closed as follows:

Spot unofficial	-----	Mar.-----21.36@	July-----19.98@
Dec.-----22.65@22.75	-----	May-----20.47@	Sept-----19.40@

COCOA sales to-day were 113 lots. December closed at 9.97c., January at 10.01c. and March at 10.24c.

SUGAR—Prompt Cuban sold on the 15th inst. to the amount of 23,000 bags of very prompt Cuba at 2-3/16c c. & f.; later 2-5/32c bid. Still later 2-3/16c paid again. Offerings were moderate. Refined was 5.25c. with withdrawals still unusually large for December but new business light. Sales in the London beet sugar market last week totaled 32,000 tons against 47,000 in the previous week. On the 17th inst. 17,000 bags prompt shipment Cuban sold at 2-5/32c c. & f. or 3.93c. delivered. On the 17th inst. futures ended 1 point off to 2 points up with sales of 29,500 tons nearly 50 per cent. switches. Cuba bought new crop months. Some remarked that the meltings continued very high. The quantity melted during the week ending December 8th amounted to 81,313 long tons, an increase of 17,082 tons over meltings in the same week in 1927. Aggregate meltings for the year 1928 to date are now only 290,500 tons less than for the corresponding period of 1927. At one time in 1928 they were some 450,000 tons less than at the same time in 1927. Recently it is added there has been little movement of sugar from warehouses here. The quantity now warehoused here is 120,039 tons. A month ago it was 147,831 tons. That is, the quantity withdrawn during the month was 27,792 tons. One year ago the quantity at warehouses in New York was 316,381 tons. Cuban sugar supplies are rapidly disappearing. The quantity remaining available for export to all destinations on Dec. 8th amounted to but 297,000 tons. Approximately 141,000 tons of this has been reported as sold to destinations other than the United States. The balance of 156,000 tons remains available for the United States requirements from Cuba. Two weeks from to-day cane cutting will start in Cuba in preparation for grinding on January 1st, 1929.

London terminal opened on the 18th inst. unchanged to ¾d higher, while beet sugars were steady and unchanged at 2¼d higher. Private London cables reported small sales of raws at 10s with sellers at 10s 1½d for January shipment, 10s 2¼d for February shipment and 10s 3d for March shipment. Cables from Liverpool reported moderate sales at 10s. Europe and Cuba appeared to be selling January here on the 18th inst. Trade interests were the principal sellers of the more distant deliveries. Business was not brisk. Futures on the 18th inst. closed 2 to 3 points net lower, sales 58,600 tons. Cuba was supposed to be selling July as a hedge rather heavily. Duty paid was 3.93c. On the 20th inst. about 47,000 bags of prompt shipment Cubas sold at 2-3/16c c.&f. Some say that until the Cuba new crop spends its force, they think it will be difficult to advance prices materially. On the 20th inst. December liquidation was a feature at some decline. Other months were quiet but inclined to be steady. Refined sugar was in better demand for direct shipments and some new business developed probably owing to the scarcity of re-sale granulated.

There were 115 December notices issued early on the 20th inst. Their circulation led to selling of the near months at some decline. London terminal market was quiet and unchanged to 2¼d higher. Beet sugars were quiet and ¾d lower to ¾d higher. According to the Cuba Sugar Club of Havana the average rainfall in Cuba during November amounted to 1.45 inches against 1.56 inches during November, 1927. Average rainfall during the first 11 months of 1928 amounted to 45.78 inches against 44.99 inches for the same period last year. Receipts at United States Atlantic ports for the week were 47,191 tons against 30,753 tons in the previous week and 33,047 last year; melting 49,000 tons against 50,000 in previous week and 51,000 same week last year; importers' stocks 116,159 tons against 120,079 in previous week and 113,692 last year; refiners' stocks 53,014 tons against 50,903 in previous week and 66,146 last year; total stocks 169,173 against 170,982 in previous week and 179,838 last year. Receipts at Cuban ports for the week were 15,135 tons against 23,555 tons in the same week last year; exports 68,201 tons against 54,169 last year; stocks 190,624 tons against 296,944 last year; stock of old 1,046 tons. Of the exports 48,398 went to Atlantic ports, 3,983 to West Coast of United States; 2,466 to Galveston, 2,974 to Savannah, 6,991 to China, 3,389 to Europe.

Havana cabled the Wall Street Journal: "National Association of Sugar Mill Owners has agreed to name a commission consisting of H. C. Laken, W. A. Chadbourne, Marcelino Garcia and Pedro Rodriguez, to go to Washington to defend the position of Cuban sugar interests before the Congressional commission which will study the proposed increased sugar tariff. Luis Marino Perez, commercial attache of Cuba in Washington, will be counsellor of the Cuban commission, former American Ambassador Crowder will also attend the meeting. An agreement has also been reached to take \$100,000 from the capital of Cuban Export Corporation to be used to counteract the advertising campaign of certain American tobacco interests which stresses the use of tobacco as opposed to sweets. President of the Association of Planters and Mill Owners states official news has been received that the Haitian Government has again authorized emigration of Haitian subjects to Cuba to work in the cane fields." Today prices ended unchanged to 1 point lower except September, which was 1 point higher. Sales were 31,100 tons. Final prices show a decline for the week of 1 to 7 points.

Sugar prices closed as follows:  
 Spot unofficial—2 3-16 | Mar—20.9@ | July—2.22@ 2.23

LARD on the spot was slow but prices early in the week were steady. Prime Western 11.70 to 11.80c.; Refined Continental 12½c.; So. America 12¾c.; Brazil 13¾c. On the 17th inst. futures opened unchanged to 2 points higher while hogs advanced 10 to 15c. despite good sized arrivals. The western hog total was 154,100 against 197,400 in the previous week and 89,600 last year. Contract stocks of lard at Chicago on December 15th were 29,500,168 lbs. against 31,575,338 on Dec. 1st, or a decrease of 2,075,150. The stock on hand December 15th 1927, was 15,247,590 lbs. The trade expected an increase of around 5,000,000 lbs. in lard stocks. The decrease was in old lard, while new lard gained 7,000,000 lbs. Futures on the 18th inst. were 3 to 15 points higher with January, March and May most wanted. Hogs were up 10c. Deliveries on contracts were 200,000 lbs. of lard. To-day futures were unchanged to 3 points lower with trade small. Hogs were steady. Receipts were not as large as they have been recently. Final prices are unchanged to 12 points higher than a week ago.

OILS—Linseed was quiet at 10c for raw oil in carlots and 10.8c for single barrels. Jobbing demand was a little better. Consumption is holding up well, but most of the oil moving is believed to be against contracts. Later the tone was a little easier but big crushers continued to quote 10c. for carlots cooperage basis and 10.8c. for single barrels. Coconut, Manila coast tanks 8¾c.; spot N. Y. tanks 8½c.; Corn, crude bbls. 10½c.; tanks f. o. b. mill 8¾c.; Olive, Den. \$1.35 to \$1.50; China wood, N. PETROLEUM—Corning crude oil was advanced 10c early in the week. Fuel oils were in better demand. Buyers were more disposed to fill their future requirements in gas and furnace oils, for they feel that prices are not likely to go any lower. In fact they are inclined to look for higher prices if anything. Bunker oil was in good demand. Spot buying exceeds expectations. Consumption is holding up very well. Contract withdrawals have been very large. Big refiners quoted \$1.05 refinery and \$1.10 f.a.s. New York harbor. Gasoline was in routine demand. Refiners generally asked 11c. for U. S. Motor in tank cars at refineries and 12c in tank cars delivered to nearby trade. The Standard Oil Co. of New York announced that effective Dec. 24th it would establish a true tank wagon price of 13c. a gallon for kerosene with no concessions from this price to any class of trade. The prevailing price is 14c. Bulk kerosene was steady at 9c in tank cars at refineries for water white grade and 8¾c for prime white.

(Tables of prices usually appearing here will be found on an earlier page in our department of "Business Indications," in an article entitled "Petroleum and Its Products.")

RUBBER on the 17th inst. advanced early 10 to 20 points though this was mostly lost later. The sales were 251 lots or 627 tons. Increasing stocks were what hit the price here though London on the other hand ended 1/16 to ¼d higher on the 17th. The London stock increased last week 1,152 tons. New York's stock was said to have been increased over the week-end some 11,000 tons. Imports for the month were estimated at about 46,000 tons at all ports, and consumption approximately 35,000 tons, increasing stocks in the United States about 10,000 tons or more. In Liverpool on December 15th stocks of crude were 2,083 tons against 2,204 tons for the previous week, a decline of 121 tons. Deliveries out of stock totalled 290 and imports for the week 169 tons. London on Dec. 17th closed with Spot and December 8-9/16d to 8½d; January 8½d to 8-11/16d; January-March 8-11/16d to 8¾d; April-June 8-15/16 to 9d; July-Sept. 9-3/16d to 9¼d; No. 3 amber crepe 7¾d. Singapore on the 17th inst. was unchanged to 1/16d higher; December 8-3/16d; January-March 8¾d; April-June 8-9/16. New York on the 18th inst. ended unchanged to 10 points lower in a dull market. Statistics were a depressing factor. The October report from the Rubber Association was plainly regarded as a bearish document. Receipts at consuming centers were large. London did not view the situation from the New York angle. For the most part London on the 18th inst. was steady though amber crepe was a trifle easier. Spot and December were nominal at 8½d; January 8½d to 8-11/16d; January-March 8-11/16d to 8¾d; April-May-June 8-15/16 to 9d; July-Sept. 9-3/16d to 9¼d; No. 3 amber 7-9/16d. Singapore on Dec. 18th; Dec. 8-5/16d, a rise of 1/16d; January 8-7/16d, up 1/16d. New York on the 19th inst. was more active, the sales being 672 tons in contrast with 158 the day before but price movements were irregular and ended with quotations 10 off to 10 points up. The stocks at Singapore, Penang and Malacca on Nov. 30th were 30,665 tons against 13,251 tons at the end of October. Of this total Singapore reported 23,798 tons, Penang 5,390 tons and Malacca 1,477 tons. Here the outside market was dull and unchanged. December here on the 19th inst. ended at 17.70 to 17.80c.; January 17.60c.; March 17.90c.; May 18.30c. and July 18.50 to 18.70c.

Although rubber is selling 20 cents per pound cheaper than at this time last year some still feel that the heavy shipments from the East in the near future have not been fully discounted. On the 20th inst. London at 2.40 p. m. was quiet at 1/16d lower. Spot—December and January 8-9/16d; January-March 8½d; April-June 8¾d and July-Sept. 9¼d. New York on the 20th inst. declined 10 points but later December rose 20 points from the low and September 10, ending generally unchanged; sales were 760 tons. Outside prices were unchanged except thin Caucho Ball at 12½ to 18c was higher. All grades of Para were steady. On the 20th inst. New York closed at 17.80 to 17.90c. for December, 17.60c. for January, 18c. for March, 18.30 to 18.40c. for May, 18.50 to 18.60c. for July and 18.80c. for September. Outside prices:—Ribbed smoked sheets, spot, to January, 17¼ to 18c.; January-March 18 to 18¼c.; April-June 18¾ to 18¾c.; July-Sept. 18¾ to 18¾c. Spot, first latex crepe 18¾ to 18¾c.; clean thin brown crepe 16¾ to 17c.; Para, upriver fine spot 19¼ to 19¾c.; coarse 13¼ to 14c.; Acre, fine spot 20½ to 21c.; Caucho Ball upper 12½ to 13c.; Brazil, washed, dried fine 25 to 25¼c. London spot and January 8-9/16 to 8¾d. Singapore, January 8-5/16d. Today 213 transferable notices were issued; total to date 529. Sales were 540 lots. Prices ended unchanged to 10 points lower. Final prices are 10 points lower than a week ago.

HIDES—River Plate trading was rather light at a small decline in prices; sales included 24,000 Argentine steers at 24-1/16c. to 24¾c. and 2500 Sansinena cows to Europe at 23¼c. City packer hides were dull. There were no offerings of December hides. Spread native steers were said to be obtainable at 24¼c. Common dry hides were quiet. Cucutas 32c.; Orinocos 31c.; Maracaibo and Savanilas 30c.; Santa Marta 31c. Packer, native steers 22½c.; butt brands 20½c.; Colorados 19½c. New York City calfskins, 5-7s, 2.55c; 7-9s, 3; 9-12s 4. A Hide & Skin Exchange is being organized in New York.

OCEAN FREIGHTS—Oil and time tonnage was in better demand. Later United Kingdom grain rates declined. Pacific grain rates advanced.

CHARTERS included grain from Gulf to Spanish Mediterranean 23c. Jan. 10-25th; Halifax to four ports Denmark-Sweden 21½c. **COAL**—With more seasonable weather the outlook is better. Some increase in business is noted. It will increase still more when the weather is still colder. Prices have been steady. Anthracite output of late has decreased. But for the three weeks ending Dec. 8 1928, it was 5,148,000 tons against 4,065,000 tons in the same time in 1927. The decrease to 1,600,000 tons for the Dec. 8th 1928 week was the second successive decrease. Hampton Roads steamer loadings Dec. 14th totalled 58,590 tons. In southern West Virginia there will be a holiday, mines closing from Dec. 22 to January 2nd. Bituminous f.o.b. New York tidewater, navy standard piers \$5 to \$5.25; high volatile steam \$4 to \$4.30; high grade medium volatile \$3 to \$5. Anthracite per long ton, f.o.b. mines, company, grate \$8.25; stove \$9.10 to \$9.25; pea \$4.50 to \$5; rice \$1.50 to \$2.25; egg \$8.75; nut \$8.75; buckwheat \$2.75 to \$3.25; barley \$1.25 to \$1.75. Coke, spot net tons: Connellsville, furnace 47 hour \$2.75 to \$3.00; foundry, 72 hour \$4.

**TOBACCO** has been in fair demand with no changes reported in stereotyped quotations. Connecticut sells rather better than anything else. According to the Department of Commerce he exports of raw tobacco from America in 1928 are expected to exceed 500,000,000 lbs., the largest in four years. During the year China bought 119,000,000 lbs of cigarette tobacco and the United Kingdom 102,000,000 lbs. The Department added: "The total exports of raw tobacco for the first 10 months of the year amounted to 437,000,000 lbs. an increase of nearly 7 per cent. over the corresponding period of 1927."

**COPPER** was generally quiet, with prices unchanged at 16c. delivered to Connecticut Valley and 16¼c. c.i.f. Europe. Consumers are said to be pretty well under contract and it is estimated that about one-third of their March needs have been covered. The Western Union Telegraph Co. was reported to have bought 2,800,000 lbs. of copper or wire or both. Details were lacking. The Anaconda Copper Mining Co. will furnish over 900 tons of refined metal for fabrication into hollow conductor copper cable for a 118 mile line from Naples to Electricitta. The world production of copper in November was 183,813 short tons according to the American Bureau of Metal Statistics as compared with 176,623 tons in October and 157,518 tons in September. For the first 11 months of this year the output was 1,737,231 tons. In London on the 18th inst. spot standard advanced 7s 6d to £68 16s 3d; futures up 2s 6d to £68 11s 3d; sales 200 tons spot and 400 futures. Electrolytic was £74 5s for spot and £75 5s for futures. On the 19th inst. standard copper in London was up 1s 3d; sales 200 tons spot and 800 futures. Electrolytic was unchanged. Later the demand here was fair at 16c. for home trade and 16¼c. for export. Sales were mostly for February delivery. On the 20th inst. London spot standard advanced 13s 9d to £69 11s 3d; futures up 7s 6d to £68; sales 500 tons spot and 2,000 futures. Electrolytic showed no change.

**TIN** was rather quiet but steady early in the week. Spot to March closed at 49½c. on the 18th inst.; March and April 49¾c. and beyond 49¼c. Spot Straits tin at London sold at the equivalent of 49½c. Prices were 5 to 10 points higher than on the 17th inst. on the local exchange. In the outside market tin from the President Garfield sold at 49.35c. weighed up; February shipments sold at 49.20c.; tin from the Silverguava went at 49¾c. weighed up; May deliveries sold at 49.30c. Closing price on the 18th inst. on the National Exchange were: December 49.35c.; January 49.30c.; February 49.25c.; March 49.15c.; April 49.20c.; and May 49c. In London on the 18th inst. prices advanced 7s 6d at the first session and at the second standard was up an additional 5s to £225 2s 6d for spot and £224 2s 6d for futures; sales 710 tons. On the 19th inst. the local market declined 15 to 20 points or ¼c. to ½c. with demand small. Spot Straits sold in the outside market at 49½c. Later trade was dull at 49¾c. In London on the 20th inst. prices fell 12s 6d; Standard closed at £223 12s 6d for spot and £222 17s 6d for futures; sales 750 tons. Spot Straits sold at £223 15s. Eastern c.i.f. London closed at £225 15s with sales of 250 tons. London cabled Dec. 20th: "Market steady with Anglo-Oriental group supporting the market; bidding it up without actually buying much metal. Ricard bought spot and sold three months." To-day futures on the National Exchange opened 15 to 60 points lower. A lot of December sold on the call at 48.75c. Some 11 transferable notices were issued, making a total of 16 so far this month. London spot 15s lower at £222 17s 6d; futures 2s 6d higher at £223; sales 100 spot and 350 futures; Straits £223; Eastern price £225 10s; sales 250. The closing here was 10 points lower to 10 points higher with sales of 36 lots. December ended at 49.05c., February-March 49.10 to 49.15c.

**LEAD**—Early in the week prices were firm at 65c. New York and 6.35c. East St. Louis, but with trade quiet. London on the 19th inst. was 1s 3d higher on the spot and futures; sales 50 tons spot and 600 futures; Spot £21 6s 3d; futures £21 15s. Later prices were steady with little more

inquiry at 6.35c but London dropped. On the 20th inst. spot there was unchanged at £21 6s 3d; futures fell 1s 3d to £21 13s 9d; sales 200 tons spot and 900 futures.

**ZINC** has been quiet so far as actual business was concerned although there has been some inquiry for January and February on a rather notable scale. East St. Louis has been 6.35c. Brass special is selling at 6.45c. London on the 19th inst. dropped 1s 3d to £26 15s spot and £26 11s 3d futures with sales 675 tons futures. Later trade was at a standstill at 6.35c. London on the 20th inst. fell 1s 3d to £26 13s 9d for spot and £26 10s for futures; sales 150 tons spot and 250 futures.

**STEEL** has been in the main steady but trade at this time of the year is naturally nothing but very impressive. The year's ingot output is expected to exceed 50,000,000 tons, perhaps by considerable; though even this minimum would be, it is pointed out, 14% larger than last year and 7% over the high record of two years ago and nearly 66⅓% over 1913, one of the best years before the war. French cast iron pipe is again seen in this country though trade is quiet. In the bidding for nearly 6,000 tons for Detroit the French maker bid the equivalent of \$32. Birmingham steel was \$1.52 per ton under the lowest bid from an American maker. Tin plate circles on the Pacific Coast are interested in the inquiry for 58,000 boxes of tin plate from the Standard Oil Co. for containers for oil. It seems that about 200,000 tons of steel will be needed for the construction of 15,500 freight cars. The steel mills, it is stated, now operate at an average of 80 per cent. of capacity against 82% last year. The Steel Corporation is at 82 per cent.; independents at 79%. A year ago the average for the industry was 67 per cent., or 13 per cent. below the present rate. That is worth remembering.

**PIG IRON** has been quiet and was reported to be weaker late last week at \$19.50 to \$20 for Eastern Pennsylvania. Buffalo \$17.50 to \$18. Trade has decreased as usual at the approach of the holidays. It is contended that consumers' stocks have been much depleted. One firm expressed the opinion that there is little danger of the diversion of more steel works iron to the merchant trade, as, if anything, increased activity in the steel mills is anticipated after the turn of the year. Also foundries in all districts report melts well maintained. Birmingham wired that trade was quiet at \$16.50 for No. 2 foundry. Valley foundry is reported at \$17.50 at furnace. Eastern seaboard prices, it was again declared later, were inclined to weaken. Tennessee interests do not insist on a recent advance of 5c.

**WOOL**—A Government report on the 17th said: "A number of offerings of Western grown wools are under option of mills, but trading is proceeding very slowly. Values are steady as compared with last week. The receipt of domestic wool at Boston for the week ended December 15th amounted to 3,432,300 lbs. against 1,141,600 during the previous week." Boston on Dec. 17th a sale was made of a fair quantity of Texas 12 months wool, the bulk of which is of French combing length with an edge of clothing wool scattered through the lot. The scoured basis was estimated at \$1.05 to pound. Other fine wools were quiet. At Melbourne on Dec. 17th 5,100 bales were offered and 4,050 sold. Prices were irregular or lower. Yorkshire and the Continent were the chief buyers. Japanese buying was smaller. At Sydney on the 18th inst. the selection was rather poor; prices rather firm. At Geelong, Australia, on Dec. 18th prices were par to 5 per cent. higher. Selection very good; demand excellent. At Timaru on Dec. 18th 12,000 bales offered and 11,500 sold. Representative selection. Demand from British, Continental and American operators good. Prices were about equal to those at the Napier sales Dec. 13th. Merinos super brought 19½d to 21d, the average price ranging 18½ to 20d; crossbred 56-58s, 18½ to 23½d; 50-56s, 17¼ to 22d; 48-50s, 17d to 20½d; 46-48s, 15d to 17½d; 44-46s, 14¼ to 16¾d; 40-44s, 13d to 14¾d.

**SILK** ended today at an advance of 1 to 2 points. December closed at 5.07 to 5.11c. January at 5.10 to 5.11c. and March 5.08 to 5.10c.

**COTTON**

Friday Night, Dec. 21 1928.

**THE MOVEMENT OF THE CROP**, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening the total receipts have reached 265,780 bales, against 311,736 bales last week and 388,988 bales the previous week, making the total receipts since Aug. 1 1928 6,610,775 bales, against 5,904,817 bales for the same period of 1927, showing an increase since Aug. 1 1928 of 705,958 bales.

\* Beginning with the season of 1926, Houston figures include movement of cotton previously reported by Houston as an interior town. The distinction between port and town has been abandoned.

The exports for the week ending this evening reach a total of 297,939 bales, of which 86,936 were to Great Britain, 37,225 to France, 55,552 to Germany, 29,631 to Italy, 49,237 to Japa and China and 39,358 to other destinations. In the corresponding week last year total exports were 163,827 bales. For the season to date aggregate exports have been 4,435,563 bales, against 3,679,543 bales in the same period of the previous season. Below are the exports for the week.

Note.—Exports to Canada.—It has never been our practice to include in the above table reports of cotton shipments to Canada, the reason being that virtually all the cotton destined to the Dominion comes overland and it is impossible to get returns concerning the same from week to week, while reports from the customs districts on the Canadian border are always very slow in coming to hand. In view, however, of the numerous inquiries we are receiving regarding the matter, we will say that for the month of November the exports to the Dominion the present season have been 30,590 bales. In the corresponding month of the preceding season the exports were 29,923 bales. For the four months ended Nov. 30 1928 there were 81,548 bales exported, as against 65,883 bales for the corresponding four months of 1927.

In addition to above exports, our telegrams to-night also give us the following amounts of cotton on shipboard, not cleared, at the ports named:

\* Estimated.

Speculation in cotton for future delivery has been in the main quiet, though now and then isolated good sized blocks have been traded in on both sides. Prices ended slightly higher. If concentrated selling of 25,000 to 30,000 bales for Wall Street and Western account has at times early in the week slightly depressed the price, buying of similar quantities has at other times, notably on Wednesday, caused a rally of 15 to 20 points, assisted by some advance in the stock market, as call money fell to 6%. But on the whole, it has been a trading market with no very decided net changes in prices. A disposition among many was plain enough to await the Census Bureau ginning report on Dec. 20. Private estimates from three sources were 13,100,000 to 13,270,000 bales. The quantity ginned in the period from Dec. 1 to Dec. 13 was estimated in private statements at 539,000 to 709,000, the latter as it proved, 122,000 too high. But for the time being, the effect was to confuse the generality of people. The Census report appeared on the 20th inst. and stated the quantity ginned up to Dec. 13 at 13,148,411 bales against 12,072,763 for the same period last year, 15,540,804 in 1926, 14,831,846 in 1925 and 12,792,300 in 1924. The ginning from Dec. 1 to Dec. 13 was given as 585,882 bales against 334,425 bales for the same time in 1927, 896,700 in 1926, 961,300 in 1925 and 554,600 in 1924.

The basis has been rather steadier and in Memphis 25 to 50 points higher at one time. And the daily sales of spot cotton at the South have continued to exceed those of the corresponding days last year. Memphis's sales last week were the largest with one exception of any week this season. Some Memphis wires have predicted that the government's estimated crop of 14,373,000 will not be ginned. The weather has recently been so rainy that many expected a small ginning total for the latest period, i. e., Dec. 1 to Dec. 13. Rains of 2 to 4 inches have fallen at times in the Central Belt and Texas region, the latter having the most rain. Picking of the remnants of the crop has been hampered by rains and soft fields. In Worth Street fancy gray goods and specialties have been more active if other gray goods have been quiet. Some sales of colored goods were stated at 25% above production and those of gray goods 10% short of it. Manchester has reported a better demand for cloths from China and South America and sales of yarns equal to the production.

But speculation died down on the eve of the ginning report on the 20th and of the Christmas holiday next week. There were reports that the certificated stock will be increased by the first of January to 40,000 bales. December and January were sold steadily, it is said, by large spot houses here and at the Southwest. Some of the January selling was supposed to be closing out hedges as the actual cotton was bought at the South to fill commitments. On the 19th inst. it was said that the basis in parts of the South was rather weaker. But there was some dispute about that. Liverpool cables, however, were undoubtedly lower than due. Worth Street was for the most part quiet. The short interest has fallen off. Trade buying was less vigorous.

On Thursday came the Census Bureau report on the ginning. The total was some 52,000 bales under the average estimate. Practically in the end it fell flat. Certainly most of an early advance of some 15 to 20 points was lost later on. The action of the market was thus not satisfactory to bulls. Yet the total ginning of 13,148,411 bales gave rise to some question as to whether this was practically a confirmation of the government estimate on the 8th inst. of 14,373,000 bales or not. It was a fact that the ginning in Texas of 4,551,341 bales raised the question whether the government crop estimate of 5,150,000 bales would be realized or not. Some 600,000 bales more would be required to reach this estimate. Some expressed doubts as to whether that is likely to be done. There is also a doubt in the minds of some whether the estimates of 1,215,000 bales for Arkansas, 420,000 bales for Tennessee, and 140,000 bales for Missouri will actually be ginned this season. Thus far Arkansas has ginned 1,073,350 bales, Missouri 106,517 bales and Tennessee 358,095. But in general the

action of the market disappointed its well wishers. Spot houses continue to sell. The South and the Southwest were selling. It was noted that the ginning in Louisiana of 675,038 bales, in Alabama of 1,058,696 bales, in North Carolina of 800,202 and in South Carolina of 711,438 bales was within 8,500 to 40,000 bales of the crop estimates for these States on Dec. 8. The closest to such estimates was South Carolina. Some take the ground now that the Government estimate of 14,373,000 bales was about right. Some, indeed, say that it may be exceeded. In any case it is believed that where the final ginning in the Western Belt may fall below the government estimate, that in the Eastern Belt will go sufficiently above it to equalize matters. In other words, the general notion is that the crop is about 14,300,000 to 14,400,000 bales and that the world's consumption of American cotton this season will be 1,000,000 to 1,200,000 bales above these figures. The stress among not a few regardless of holiday selling is on the bright prospects for a large consumption and they do not care to split hairs over the size of the crop. They argue that 100,000 to 200,000 bales, one way or the other, is not likely to matter. Exports continue to mount and are now 756,020 bales larger than the total up to this time last year.

To-day prices were lower than due in Liverpool and the aftermath of a disappointing action of the market on Thursday was seen in scattered selling here partly the usual pre-holiday liquidation. The South, Southwest and Wall Street and New Orleans were selling here. New Orleans showed noticeable weakness. December notices were issued for 4,200 bales. Latterly, the certificated stock here has been increased to 22,071 bales. On the other hand, some of the spot houses were buying and Japanese brokers bought March. More than that there was still that steady buying for trade account on a scale down. Spinners takings increased and the "into sight" decreased. Final prices showed a decline for the week of one to 25 points. December stood up the best. March was the weakest. Spot cotton ended at 20.40c. for middling, showing decline of 10 points for the week.

COTTON GINNING REPORT.—The Bureau of the Census on Dec. 20 issued the following report showing the number of bales of cotton ginned in each of the cotton-growing States the present season up to Dec. 13, in comparison with corresponding figures for the two preceding seasons. It appears that up to Dec. 13 1928, 13,148,411 bales of cotton were ginned, against 12,072,763 bales for the corresponding period a year ago, and comparing with 15,540,804 bales two years ago. Below is the report in full:

REPORT ON COTTON GINNING.

\* Includes 88,761 bales of the crop of 1928 ginned prior to Aug. 1 which was counted in the supply for the season of 1927-28, compared with 162,283 and 47,770 bales of the crops of 1927 and 1926.

The statistics in this report include 559,741 round bales for 1928; 487,234 for 1927; and 556,655 for 1926. Included in the above are 22,332 bales of American-Egyptian for 1928; 17,660 for 1927; and 11,255 for 1926.

The statistics for 1928 in this report are subject to correction when checked against the individual returns of the ginners being transmitted by mail. The corrected statistics of the quantity of cotton ginned this season prior to Dec. 1 are 12,563,529 bales.

Consumption, Stocks, Imports and Exports—United States.

Cotton consumed during the month of November 1928 amounted to 610,884 bales. Cotton on hand in consuming establishments on Nov. 30 was 1,566,878 bales, and in public storage and at compresses 5,252,843 bales. The number of active consuming cotton spindles for the month was 30,596,840. The total imports for the month of November 1928 were 39,213 bales and the exports of domestic cotton, excluding linters, were 1,427,

The following statement we have also received by telegraph, showing the height of rivers at the points named at 8 a. m. of the dates given:

The above statement shows: (1) That the total receipts from the plantations since Aug. 1 1928 are 7,412,076 bales; in 1927 were 6,828,761 bales, and in 1926 were 9,026,138 bales. (2) That, although the receipts at the outports the past week were 265,780 bales, the actual movement from plantations was 265,553 bales, stocks at interior towns having decreased 227 bales during the week. Last year receipts from the plantations for the week were 158,087 bales and for 1926 they were 345,938 bales.

WORLD'S SUPPLY AND TAKINGS OF COTTON.—The following brief but comprehensive statement indicates at a glance the world's supply of cotton for the week and since Aug. 1 for the last two seasons from all sources from which statistics are obtainable; also the takings or amounts gone out of sight for the like period:

BREADSTUFFS

Friday Night, Dec. 21 1928.

Flour has continued to sell on only a moderate scale and if there is anything really new in the situation it escapes the observation of most people. Export business was declared to be small. Yet it is not denied that the clearances from New York last week amounted to 163,000 sacks as against 112,000 sacks in the previous week. On the 15th inst. there were 49,531 sacks cleared from New York for English, Continental and Egyptian points. Clearances on the 18th inst. were 24,874 sacks from New York to the Continent.

WHEAT has declined slightly, owing to pre-holiday liquidation, but the undertone has been rather firm as the idea prevails that big supplies have been discounted. On the 17th inst. prices were alternately slight lower and a shade higher, but ended practically unchanged. The United States visible supply increased last week 1,490,000 bushels, against a decrease last year of 306,000 bushels. The total is now 136,594,000 bushels, against 88,507,000 a year ago. Speculation was quiet. Liverpool closed ½d. to ⅞d. lower. Buenos Aires was ¼ to ⅜c. lower at mid-day. The weather continued favorable in both Argentina and Australia for the harvest. Selling pressure from these sources is expected

soon. The world shipments were a little over 17,000,000 bushels. Export demand was slow. Hard winter got little attention from exporters. Spring wheat stocks continue to increase, although the daily receipts are not very large. The Government report issued on the 18th inst. indicated an acreage for winter wheat of 43,328,000 bushels against 47,897,000 sown in the fall of 1927. The condition was 84.4 on Dec. 1st against 86 last year. The report was called rather bullish as to acreage sown to winter wheat this fall and also as to condition as of Dec. 1st. On the 18th inst. prices fell ½ to 1½c. the latter on December. The Government report was considered bullish, but had little or no effect. The weather in Australia and Argentine was favorable for harvesting.

As to Argentina, the preliminary estimates of the exportable surplus for 1929 are variously given at 190,000,000 to 220,000,000 bushels. The acreage is nearly 21,000,000 acres this year and these estimates are based on a yield of 12 to 14 bushels to the acre which is very conservative. Weather had been mostly favorable for the crop with exception of small area around Bahia Blanca, which suffered from drought, so that very good yields are expected in the large proportion of the country. It was said that low grade Manitobas were freely offered in Europe at rather low prices. Some in Chicago think that the fact that the wheat market refuses to decline much, although the bulk of the professionals are arrayed on the selling side, reveals a stubborn undertone. On the 20th inst. prices, though lower, held very well, considering the disappointing cables, the favorable Argentine crop news and the beneficial snow covering over the greater part of the winter wheat belt. Cable reports said the Argentine crop has been secured and that the exportable surplus was at least 220,000,000 bushels. Italy wanted some durum. The Northwest bought. "Too much wheat" is an insistent comment. Others say the market acts well and that there are too many bears. To-day prices closed ⅞ to 1¼c. higher. Winnipeg was up ⅞c. Small offerings, firmness of corn, steady cables and smaller receipts were the bracing factors. Indications were for world's exports of about 16,000,000 bushels for the week and there was a possibility of a fair decrease in stocks afloat. India, it was intimated in a private report, had overbought its requirements of Australian wheat. The weather was very cold in the Northwest. Final prices show a decline for the week of ¼ to 1½c.

INDIAN CORN has advanced with a good cash demand and a large consumption. On the 15th inst. prices rose 1c. on the Government report which showed a reduction from the previous estimates, i.e., 161,000,000 bushels below the 3,000,000,000 expected early in the season when some looked for 3,100,000,000 bushels. With the crop and carry-over this year, there is a total surplus this season of 2,896,000,000 bushels or the same as a year ago. Some increase was expected but the estimate was 55,000,000 smaller and only 77,000,000 larger than last year. The carry over was stated at 56,000,000, against 133,000,000 bushels last year. The consumption is expected to increase. Everyone is watching the receipts and cash markets for a cue as to the course of prices in the immediate future. Some said that the Government report on corn, reducing the preliminary estimate by 55,000,000 bushels, to 2,840,000,000, emphasized the fact that total supplies this year are no greater than last year and probably not as great. The carry-over of corn was extremely small. The foreign statistical position is also much stronger, it is declared, than a year ago. Argentine and Europe both have raised less than in 1927-28 and while barley and oats competition is heavy abroad a good share of American corn, it is urged, will be needed. The good quality of our corn precludes the necessity of such ruinous marketings as were witnessed last year and the year before. Receipts may and probably will run heavy, but it is believed that they will be readily absorbed, both for foreign and domestic account.

On the 17th inst. prices, which had more friends than wheat, advanced ¾c. on the rains and snows, a better domestic cash demand and lightness of the offerings. Part of the advance was lost as the United States visible supply increased last week 3,508,000 bushels, against 966,000 last year. Some fear an increase in the receipts at any time. Others stress the cash demand and the good prices ruling for livestock and the potential feeding demand. It was asserted that the export inquiry was better, but nothing seemed to come of it. The visible supply is now

13,200,000 bushels, against 20,329,000 a year ago. On the 18th inst. prices were at one time  $\frac{1}{4}$  to  $\frac{1}{2}$ c. higher, but they ended  $\frac{1}{4}$  to  $\frac{3}{8}$ c. lower, with the weather better, and there were fears of increased receipts. No important export demand appeared. It is pointed out that prices have advanced moderately since Nov. 1 in the face of very heavy receipts for the period, which encourages some to believe that they are on a sound basis and will advance further if receipts fall off as expected. In Liverpool nearby corn was still firm as arrivals were moving into consumption channels if rather slowly. Distant Argentine deliveries were gradually declining owing to bright new crop prospects and American competition.

On the 20th inst. prices fell on the fine weather together with the prospects of a larger movement. Foreign demand was slow. Stop orders were caught on commission house and professional selling. There was a good class of buying on the decline. To-day prices closed  $\frac{3}{4}$  to  $\frac{7}{8}$ c. higher, with good buying by commission houses and shorts. There was quite a little buying, supposedly for foreign account, but actual export sales were small. Final prices show an advance for the week of  $\frac{5}{8}$  to  $\frac{7}{8}$ c.

OATS have declined only slightly as the cash demand is good and the statistical position is considered bullish. On the 17th inst. prices declined with speculation small though cash demand was good and the country movement decreased a little. The United States visible supply increased 301,000 bushels against a decrease in the same week last year of 475,000 bushels. The total was 12,563,000 bushels against 21,854,000 a year ago. Prices ended on that day unchanged to  $\frac{1}{4}$ c. lower. The Government put the crop at 1,449,531,000 bushels, against 1,195,000,000 last year. It put the barley crop at 356,868,000 bushels, against 266,000,000 last year, and the flaxseed out-turn at 19,321,000 bushels against 27,000,000 a year ago. To-day prices ended  $\frac{1}{8}$  to  $\frac{1}{4}$ c. up in sympathy with corn. Commission houses bought a little. The prospects point to a reduction in the visible supply on Monday. Cash oats were firm with little offered. Final prices show a decline for the week, however, of  $\frac{3}{8}$  to  $\frac{1}{2}$ c.

RYE has advanced although trading has been light. The peculiarity of the market is that it requires very little buying to put it up. This seems to be a hint of underlying strength. On the 17th inst. prices declined  $\frac{1}{4}$  to  $\frac{1}{2}$ c. net with wheat lower and no export demand reported. The United States visible supply is 5,966,000 bushels against 2,822,000 a year ago. The Government on the 18th inst. indicated an acreage of 3,293,000 against 3,802,000 in the fall of 1927 and the condition at 84.4% against 89.3 last year. To-day prices closed  $\frac{1}{2}$  to  $\frac{3}{8}$ c. higher on the strength of other grain and the firmness of Winnipeg. Trading was small. Final prices show an advance for the week of  $\frac{5}{8}$  to  $\frac{7}{8}$ c.

AGRICULTURAL DEPARTMENTS REPORT ON THE 1928 PRODUCTION AND VALUE OF GRAIN AND OTHER FARM PRODUCTS.—The Department of Agriculture at Washington issued on Dec. 14 its report on the production and farm value as of Dec. 1 of grain and other important farm crops of the United States for the season of 1928. This report will be found in an earlier part of our paper under the heading "Indications of Business Activity."

AGRICULTURAL DEPARTMENTS REPORT ON WINTER GROWING WHEAT AND RYE.—The Crop Reporting Board of the United States Department of Agriculture made public on Dec. 18 its forecasts and estimates of winter wheat and rye from reports and data furnished by crop correspondents, field statisticians, and co-operating State Boards (or Departments) of Agriculture and Extensions as follows:

Winter Wheat.—Acres sown this fall, 43,228,000 acres. Acres sown this fall compared with last fall, 91.4%. Condition, 84.4% of normal.  
Rye.—Acres sown this fall for grain, 3,293,000 acres. Acres sown this fall for grain compared with last fall, 84.5%. Condition, 84.4% of normal.  
An area of 43,228,000 acres of winter wheat sown this fall is estimated by the Crop Reporting Board of the United States Department of Agriculture, based upon reports and data furnished by crop correspondents, field statisticians, and co-operating State Boards (or Departments) of Agriculture and Agricultural Colleges. This sown area is 8.6% less than the revised estimate of 47,280,000 acres sown in the fall of 1927. The sowings in the fall of 1926 were 43,373,000 acres (revised). The abandonment in 1928 was 23.5% of the acreage sown to winter wheat; in 1927 13%, and average for the ten years 1918-1927 was 10.8%.  
Condition of winter wheat on Dec. 1 1928 was 84.4% compared with 86.0 and 81.8 on Dec. 1 1927 and 1926 respectively, and a ten-year average of 84.6%.  
Area of rye sown this fall for grain is 3,293,000 acres, which is 15.5% less than the revised estimate of 3,895,000 acres sown in the fall of 1927. The sowings in the fall of 1926 were 3,817,000 acres (revised). The estimates for rye relate to the acreage sown for grain, allowance having been made for average diversion to other uses.  
Condition of rye on Dec. 1 1928 was 84.4% compared with 89.3 and 86.3 on Dec. 1 1927 and 1926 respectively, and a ten-year average of 88.2%. State figures will be released at 9 a. m. Dec. 19 1928.

WEATHER BULLETIN FOR THE WEEK ENDED DEC. 18.—The general summary of the weather bulletin issued by the Department of Agriculture, indicating the influence of the weather for the week ended Dec. 18 follows:

At the beginning of the week high pressure, fair weather, and low temperatures for the season obtained over the East, but light rain had occurred over the central and lower Mississippi Valley and, under the influence of an area of low pressure over New Mexico, rather widespread precipitation was reported over the Southwest. On the following two days the southwestern "low" moved northeastward, attended by rain or snow over most central and some eastern sections, and another storm area, which formed over Nevada on the 13th, moved eastward and north-eastward on the 13-18th, bringing widespread precipitation to the central and eastern parts of the country. Temperatures were rather moderate, in general, with no unusually low readings reported and practically no subzero weather, except at a few scattered stations. Toward the close of the week it was somewhat cooler over western sections, but in the East temperatures were near normal.

Chart I shows that the temperature for the week, as a whole, was much above normal in nearly all sections east of the Rocky Mountains, and was decidedly low to the westward, except in the extreme North. It was especially warm for the season in the interior valleys and Central-Northern States where the temperatures averaged from 9 deg. to as much as 19 deg. above normal, while plus departures in the Northeast were from 9 deg. to 12 deg. In the South the period was generally from 3 deg. to as much as 10 deg. warmer than normal, except in some of the more southern districts. On the other hand, the central Rocky Mountain area and the Great Basin had weekly mean temperatures from 4 deg. to as much as 10 deg. subnormal with the coldest weather of the season reported from some sections. In the East freezing did not extend farther south than western North Carolina, but in the central area readings as low as 32° occurred to south-central Texas; no below-zero temperatures were reported east of the Rockies. In the more western States, especially in the Rocky Mountain districts and Great Basin, the weekly minimum rained from about zero to as much as 14 deg. below in most sections, the latter being the lowest reading, and occurring at Flagstaff, Ariz., on the 17th.

Chart II shows that rainfall was heavy, in some places excessive, in the lower Mississippi Valley and over a broad belt extending from northeastern Texas and Oklahoma to the Ohio Valley and lower Lake region. The heaviest falls occurred from extreme southern Illinois and southern Missouri southward, including eastern Texas, where the weekly totals ranged from about 2 to nearly 6 inches. In the Ohio and central Mississippi Valleys and lower Lake region the amounts were mostly around 2 inches. There were also rather heavy rains along the central and southern Pacific coast. Elsewhere precipitation during the week was generally light, except for some moderate falls in central Rocky Mountain districts. Because of the weekly minimum rains in many places heavy, in the Mississippi Valley States and parts of the Southwest, farm operations in those areas were largely suspended during the week; fields were soft and side roads muddy. Elsewhere, seasonal farm work made good advance and is generally up to the average year. In the South Atlantic and east Gulf States the warmth and showers were helpful and winter crops made satisfactory advance, though moisture is still deficient locally. In the west Gulf area and far Southwest weather conditions during the week were mostly favorable while in the northern Plains mild temperatures and absence of storms were beneficial for stock interests, permitting free grazing and consequent saving of feed.

From the Rocky Mountains westward cold weather, and in many places snow, was rather hard on livestock, and much feeding was required, but at the same time, the additional moisture was of benefit to desert ranges and increased the grazing areas for sheep. No materially harmful temperatures occurred, though frost was general in California, necessitating some heating of citrus groves. At the close of the week light snow had occurred in many central-northern districts, but the ground was generally bare, or had only a very light cover, in nearly all sections east of the Great Plains.

**SMALLGRAINS.**—Under the influence of abnormally warm weather and abundant moisture, winter wheat and other fall-sown grains made some growth during the week in the central and eastern portions of the belt, and maintained their generally favorable condition. In the more western portion additional precipitation, largely in the form of snow, was favorable, and the soil is still abundantly supplied with moisture quite generally. Aside from the extreme western districts, the ground over the major wheat-producing areas is practically bare of snow, but no damaging temperatures occurred. In the Rocky Mountain States and eastern Great Basin wheat fields are mostly snow-covered, while in Montana a beneficial blanket was spread over most wheat districts. In the Pacific Northwest conditions were less satisfactory. In the Atlantic States, and quite generally in the South, the weather favored winter cereal crops.

The Weather Bureau also furnishes the following resume of the conditions in the different States:

**Virginia.**—Richmond: Temperatures considerably above normal; rainfall moderate to heavy. Favorable for winter crops and farm operations, which are well advanced. Week favorable for tobacco. Truck crops, wheat, and oats mostly in good condition.

**North Carolina.**—Raleigh: Mild and mostly cloudy; rain light in west, but rather heavy on coast. Favorable for fall truck, wheat, rye, oats, and clover. Little interruption to outside work. Still some corn and scattered cotton to gather.

**South Carolina.**—Columbia: Generally mild weather, considerable cloudiness, and light rains favorable for germination of late winter cereals; plantings and stands now generally good. Winter cabbage being cut on coast and spring cabbage being planted, but spinach needs more rain. Some hog killing, but outdoor work confined mostly to chores.

**Georgia.**—Atlanta: Several days with light rains and soil mostly in good condition, though dry in some sections. Weather warm and cloudy. Sowing cereals practically finished; late-planted coming up well and all winter crops growing nicely. Condition and progress of agricultural operations above normal.

**Florida.**—Jacksonville: Droughty, except in extreme west; ample sunshine. Citrus coloring nicely and large shipments. Celery, lettuce, and cabbage doing well, but some frost damage in extreme west on 9-10th. Strawberries good. Some potatoes and other truck planted in south and south-central. Cane good in south; planting resumed. Preparing land for tobacco and melons.

**Alabama.**—Montgomery: Very mild for season, with scattered showers first three days and general rains at close. Still a little cotton in fields in north portion; corn nearly all in crib. Oats and winter wheat doing well; sowing continues. Pastures and truck crops benefited by rains in coast section; elsewhere little truck growing and pastures practically dead. Setting cabbage in fields progressed well in coast section; plowing progressing in many places.

**Mississippi.**—Vicksburg: Abnormally warm and mostly cloudy, with heavy to excessive rains at beginning and end of week. Little farm work accomplished. Progress of pastures poor, of truck fair to good.

**Louisiana.**—New Orleans: Moderate temperatures and moderate to heavy rainfall favorable for oats and winter truck. Pastures poor to fair. Little farm work done, except grinding sugar cane, which is progressing fairly well, but sugar content diminished since freeze of previous week.

**Texas.**—Houston: Warm until close of week, when cool wave. Rains excessive in eastern third, especially in northeast, but moderate elsewhere. Progress and condition of pastures, winter wheat, oats, and truck fair to good and of citrus very good. Field work, including picking cotton, made fair progress in western half, but delayed by wet soil in eastern.

**Oklahoma.**—Oklahoma City: Rather warm and mostly cloudy, with frequent rains; precipitation heavy and field work suspended. Some little cotton and corn still in fields. Wheat making slow growth, but generally good stand and condition. Livestock fair to good condition.

**Arkansas.**—Little Rock: Weather very unfavorable for farm work, due to three to five rainy days; weekly amounts of rainfall 1.5 to 6 inches. Temperatures high until close of week. Favorable for growth of winter crops; wheat, oats, meadows, and truck in very good condition.

**Tennessee.**—Nashville: Mostly cloudy, dry, and mild until last of week when quite heavy rain in west. Rye and barley in good shape; clover satisfactory. Livestock in good condition.

**Kentucky.**—Louisville: Showers, with temperatures above normal. Grains and grass growing slowly; wheat looks well, though rather small. Favorable for handling tobacco.

rate of sales of purely holiday goods, much of the staple merchandise which has stayed on the shelves as a result of a belated public demand is now being disposed of, and there appears to be every prospect of an excellent clean-up—in which case retailers should be more disposed toward placing good-sized orders with mills for their spring needs. The Christmas activity is reflected in textile markets even now, where an unexpectedly large quantity of fill-in orders is relieving the general seasonable quietness considerably. These orders are, of course, individually small, and, in view of the fact that distributors are now working on abnormally small inventories, manufacturers are regarding the excess of expenditure which goes into mail and transport charges as an unnecessary extravagance. Cotton goods factors are going in for rayon and cotton mixtures in an increasingly larger way, and are also producing a substantial yardage of all-rayon fabrics—a policy which is having good results. A good deal of anxiety is being manifested in finished silk markets by factors who believe that there is danger in the adulteration and weighting of silks, which is rather popular at this time. The contention is that the practice lessens the prestige of silks with the public.

**DOMESTIC COTTON GOODS.**—While a general quiet continues to pervade markets for domestic cotton goods, there is a considerable amount of fill-in buying in evidence, which manufacturers are finding decidedly helpful in tiding them over till New Year business begins. However, many primary factors are yielding to the temptation to cut prices in order to move goods, even though this is a season of the year when buyers customarily prefer to rest, and weakness is apparent in certain quarters. Print cloths and narrow sheetings are instances of this. Blankets and towels, which have been holding steady, are also selling at concessions in some cases, due to a less active demand. The uncertain price basis appears to be little improved and it remains to be seen whether anything important in the way of providing producers with a relatively stable and profitable market will be achieved when activity begins to pick up after the turn of the year. Indications are that 1929 will be a good year for the trade, and confidence is expressed that spring business will total a large volume. Stocks in distributing channels are very low, from all accounts, and a rush to fill deferred needs is expected which finishers are doubtful if they can cope with satisfactorily. They are pointing out that concerted orders from distributors, for quick delivery, will be very difficult to fill, and are making efforts to secure such business early in order to be able to take full advantage of public demand. Distinct stress is being placed on cotton dress fabrics this year which are expected by many factors to equal in volume of sales the large amount of cloth consumed in connection with the automobile industry. Much has been done to open up new outlets for these goods and cutters are envisaging new possibilities which they intend to develop. Print cloths 28-inch 64 x 60's construction are quoted at 6½c., and 27-inch 64 x 60's at 5½c. Grey goods in the 39-inch 68 x 72's construction are quoted at 9c., and 80 x 80's at 10½c.

**WOOLEN GOODS.**—In view of fashion reports from the Continent which indicate a continued popularity for the "ensemble" and for feather-weight fabrics for other types of dresses, women's dress goods factors are predicting a further gain in the popularity of woolsens for the 1929 fall season. Although woolsens and worsteds markets are not very active at present, there are enough of fill-in and duplicating orders to total a quite satisfactory volume for this time of year. It is reported that two large manufacturing houses engaged in the production of chevots and broadcloths for the spring season have booked all the trade they can handle, and further business in fine worsted dress fabrics has also been recorded. Prices in some lines are showing a firmer tendency. With raw wool higher, there is plenty of justification for further price advances in many other directions, and with stocks not burdensome, and every prospect of favorable activity forthcoming, there seems to be no good reason why such advances should not be well received.

**FOREIGN DRY GOODS.**—Efforts are being made in Ireland to increase the limited amount of flax available, and it may be that, in the future, the crop in that country will be as much as doubled. The success of such efforts, according to many who believe that the small supply of flax has an important bearing on the present state of linen markets, should have a very favorable influence on conditions. This matter constitutes one of the future hopes with which some factors are consoling themselves for the existing quietness of trading. Meanwhile, some houses anticipate comparatively good business after the turn of the year, and prospects for the spring season are regarded quite hopefully, if not with complete confidence. Burlaps were more active this week and prices were somewhat firmer. Light weights are quoted at 6.85c., and heavies at 9.55c.

The very full volume of holiday distribution in retail channels is a source of much encouragement to the dry goods trade. It is reported that, in addition to the unusually high

**Chicago Sanitary District, Ill.—\$27,000,000 Bond Issue Held Invalid.**—As will be recalled, the \$27,000,000 4½% bonds tentatively awarded on Dec. 6 to a syndicate headed by the Illinois Merchants Trust Co. of Chicago on their high bid of 98.05—V. 127, p. 3277—were to be taken by the bankers only on the distinct understanding that no litigation concerning these obligations should be pending or threatened. Judge Joseph H. Fitch of the Circuit Court of Chicago, passing on the suit instituted by a taxpayer on the day of the sale, ruled on Dec. 20 that the ordinance authorizing the issuance of the bonds did not comply with the statute covering the sale of district bonds. According to newspaper reports, the bankers have definitely decided not to accept the bonds, unless the condition of sale is fulfilled and the legal department of the district has already begun to draft new ordinances to re-issue these bonds free from the objections now found against them.

**Florida, State of.—Court Asked to Dissolve Bond Ruling.**—The State Drainage Board will ask Federal Judge William B. Sheppard on Dec. 21 to remove the temporary injunction granted by Judge Henry D. Clayton of Pensacola on July 12—V. 127, p. 291—restraining the Board from carrying out the bonding program as proposed by Governor Martin. The following dispatch is taken from the Florida "Times-Union" of Dec. 13:

The Federal District Court at Pensacola will be asked on Dec. 21 to dissolve a temporary injunction granted by that tribunal some time ago, which restrained the State drainage board from carrying out Governor Martin's \$20,000,000 Everglades drainage program, Atty.-Gen. Fred H. Davis announced to-day.

The request for the dissolution will be made to Judge William B. Sheppard, the regular presiding Judge. The injunction was granted during Judge Sheppard's absence by Judge Henry D. Clayton. Mr. Davis said that if the case does not come up on Dec. 21, it will be brought up as soon thereafter as possible.

The injunction was granted on petition of Spitzer, Rorick and Co., Toledo bond firm, on the ground that by carrying out the Governor's financing program, contracts between the firm and the drainage board for taking over Everglades bonds, alleged to be in existence, would be violated.

Judge Sheppard will be asked to dissolve the injunction because of the fact that only one judge passed upon the petition when, it is claimed by the State that a court of three judges should have presided in accordance with a ruling of the United States Supreme Court.

**Indianapolis, Ind.—Bond Issue Opposed.**—According to the Indianapolis "News" of Dec. 18 the state tax board on Tuesday, set Dec. 28, at 10 a. m., as the time for hearing the appeal filed by Harry Miesse, Indianapolis, Secretary of the Indiana Taxpayers' Association, and thirteen other taxpayers against the \$185,000 bond issue advertised by the Indianapolis board of school commissioners Nov. 19. According to the remonstrance, the proceeds from the issue would be applied to the acquiring of additional land. Those appealing say the school officials are seeking to acquire more land than needed and that the considerations for the land are too high. They also assert that the rate of interest on the bond issue is too high.

**Lake Worth, Fla.—Court Upholds Validity of Special Improvement Bonds.**—In a ruling handed down on Dec. 4, Lake Jones, Judge of the Federal Court, held that the city charter was not violated by the failure to hold a special election on improvement bonds totalling \$2,250,000, and that the bonds were a valid obligation of the city since they had been validated prior to their sale by the Palm Beach Circuit Court. The Florida "Times-Union" of Dec. 5 reported the action as follows:

The validity of special improvement bonds of the city of Lake Worth, totalling \$2,250,000, was upheld by Judge Lake Jones in federal court yesterday and he ordered judgments entered in suits against the city on the bonds. He also handed down an order striking the defenses of the city in equity suits brought against the city on the same bonds. The bonds, it was said, have been in default since July, 1927.

Two sets of suits were brought against Lake Worth several months ago. The first set on the common law side of the court sought judgment against Lake Worth on bonds and coupons which were past due. Judge Jones ordered the final judgment in these suits.

In addition equity suits were filed seeking injunctions to prohibit the city from using funds collected through special assessments, pledged for retirement of the bonds, and to obtain an accounting of the funds collected.

The city of Lake Worth charged that the bonds were void through violation of a provision of the charter which requires that an election must be held before issuance of bonds. It was contended by members of the law firm of Davis & Miller, West Palm Beach, representing Lake Worth, that such an election was not held. A second contention was that the bonds were illegal because the amount, added to other bonds previously issued brought the total bonded indebtedness of Lake Worth to more than 15% of the total assessed valuation of Lake Worth, also forbidden by city charter.

Judge Jones held that the city charter was not violated and that the bonds were a valid obligation because they had been validated prior to their sale by the Palm Beach circuit court.

The bonds involved in the suits were an issue of \$2,250,000 for street paving and sewer construction work in Lake Worth. The plaintiffs, represented by Giles J. Patterson, Jacksonville attorney, were all bondholders. The plaintiffs were W. A. Harriman & Co., New York, Payson & Co., Portland, Me.; Brown Crummer Investment Company, Wichita, Kan.; Alex Gordon & Co., Portland, Me.; City National Bank of Belfast, Me.; Brandon & Waddell, New York city; P. W. Brooks & Co., New York city, and H. H. Sears, New York city.

**Memphis, Tenn.—City's Bonds Legal Investment in New York State.**—The State Banking Department on Nov. 30 declared that hereafter all the unlimited tax obligations of the city of Memphis will be considered legal investments for savings banks and trust funds in New York State. The following report on the action of the Banking Department is taken from the Memphis "Appeal" of Dec. 5:

Memphis bonds will be acceptable as collateral for savings banks in the State of New York next year and the city will be saved thousands of dollars in future years.

This information was received yesterday by the mayor's office in a communication from August Ihlefeld, examiner for New York, that the long fight in which the yellow fever history of Memphis had figured was at an end. From ¼ to ½ of 1% interest on every bond issue in the future will be the saving to the city as estimated by local authorities.

For the first time since the Civil War and probably in the history of the city, Memphis municipal bonds will now be acceptable as investments for savings banks and trustees operating in the Empire State.

This will bring into the field of bidders upon city bonds a wealth of capital from the money center of the world and it is to this competition that the saving to the city is attributed.

#### Fight Begun by Paine.

The fight to restore Memphis to the eligibility list of New York banks was begun in the administration of Mayor Rowlett Paine. Judge E. B. Klewer, as legal advisor to the city in the matter, took an active hand in the campaign and Mayor Paine himself made a trip to Albany in its interest. The city and Mayor Paine himself made a trip to Albany in its interest. The city and Mayor Paine himself made a trip to Albany in its interest.

Again Memphis was ineligible because of its bankruptcy following the yellow fever plague in 1879. This time Dallas, Houston and other southern cities were still off the list. These other cities regained their good standing two years ago when the rules were again revised so that repudiations more than 25 years ago did not count. This time, however, Memphis was again left off the list because of a clause providing that such cities could not have a bonded indebtedness in excess of 10% of the value of its real estate.

Memphis did not have a greater per cent of indebtedness than that but because railway property was assessed by the State instead of by the city it was still ineligible. This ban was raised recently after the fight had been continued under the Overton administration and the news was communicated to the mayor yesterday.

#### Aided Bond Sale.

It is probable that foreknowledge of the coming eligibility of the city had a share in the excellent sale of a \$250,000 issue yesterday to a New York firm at 4½% interest with a premium of \$403. If only half a million dollars worth of bonds are issued by the city each year and if the saving is ¼ of 1% in interest rather than ½, the saving to the city on those bonds will be \$1,250. With the issues of several years on the market, the savings will run into thousands of dollars annually.

The letters to the city clerk are:

"State of New York, Banking Department, New York, Nov. 30 1928.  
"Frank C. Warder, Superintendent; Mr. D. C. Miller, City Clerk, Memphis, Tenn.

"Dear Sir.—On the basis of information which you have furnished this department, we are noting for inclusion in our next list of investments legal for savings banks in this State, the City of Memphis, Tenn., for unlimited tax bonds only.

"Yours very truly,

"AUGUST IHLEFELD, JR., Examiner."

"Thomson, Wood & Hoffman, Attorneys and Counsellors at Law, 1620 Equitable Bldg., 120 Broadway, New York, Nov. 27 1928.

"D. C. Miller, Esq., City Clerk, Memphis, Tenn.  
"Dear Sir.—Legality of obligations of the City of Memphis for investments of savings banks and trustees in New York.

"We are pleased to inform you that we have been advised by Mr. Ihlefeld directly to you his determination that the obligations of the City of Memphis will be included in the next list issued by the State Banking Department of obligations legal for investments of savings banks and trustees in the State of New York.

"Very truly yours,

"THOMSON, WOOD & HOFFMAN."

**Missouri, State of—Supreme Court Holds Airport Bonds Legal.**—The State Supreme Court on Dec. 7 reversed its decision handed down on Nov. 1, when it ruled that the special elections held on the airport bonds were illegal.—V. 127, p. 2714—and granted the petitions of the city counselors of St. Louis and Kansas City—V. 127, p. 3123—that the validity of the bonds be sustained. The following, regarding the decision is taken from the St. Louis "Globe-Democrat" of Dec. 8:

A decision by Chief Justice T. J. White in the Supreme Court in banc this afternoon affirms the St. Louis Circuit Court in the judgment upholding the validity of airport bond election under which St. Louis on Aug. 7 1928, voted \$2,000,000 for the purpose of establishing a municipal airport. The case is that of Thomas N. Dysart against the City of St. Louis. Dysart, a taxpayer, brought the suit to restrain the city from issuing and delivering the bonds.

A similar case, that of H. R. Ennis against Kansas City, in which was involved the bond issue of \$1,000,000 voted by that city Aug 7 1928, also for airport purposes is also decided in favor of city in a decision written by Judge W. T. Ragland.

#### Decided Adversely.

Both cases were decided adversely to the two cities several weeks ago, in an opinion written by Judge Ragland, on the sole ground that the election had not been complied with in that there had not been a revision of registration prior to the bond issue elections in either city. The power of the city to issue bonds for airports was fully sustained in this decision.

This is again affirmed by Judge Ragland in the Kansas City case, all other questions involved being disposed of in the decision in the Dysart case.

On motions for rehearing both cases were reopened and resubmitted. Affirmation of rulings of St. Louis and Kansas City Circuit Courts leaves both cities free to proceed with the issuance of their bond issues and establishment of their airports.

In the decision of Chief Justice White in the Dysart case the concurrences are Judges Blair, Atwood, Gannt, and Gentry, Judge Walker in result and Judge Ragland in part. In the Ragland decision in the Ennis case all judges concur, Judge Walker in the result.

#### Affirms Power of City.

Chief Justice White adopts all of that part of Judge Ragland's decision in the former ruling in the St. Louis case affirming the power of the city under its charter to issue bonds and use the proceeds for establishment of an airport.

On the contention that the failure to have a revision of the registration of voters previous to the bond election, the decision of Judge Ragland in the former ruling, in which the Circuit Court was reversed and remanded, is overturned.

On this point Chief Justice White holds that the revision for the general primary on Aug. 7, which revision was made two weeks before the bond issue was submitted, was legal compliance with section 35 of the statute, under which the revision is made, and that if the bond election had been held on other than a general election day, section No. 40, invoked by the taxpayers in testing the case, might have applied.

Literally in this case there was a previous revision, Judge White says, this being for the general primary, which is a general election in the meaning of statutes.

#### Absurd Results of Theory.

"The theory," he says, "that a proposition, other than the election of officers, submitted on the day of a general election, is a 'special election,' leads to absurd results. Some propositions or amendments are submitted by referendum, some by initiative, some by proclamation of the Governor. If each were a special election, we might have a dozen elections on the same day."

"It is a matter of common knowledge that at nearly every general election propositions are authorized and submitted to the voters as special propositions. Submissions of these propositions are not, in common parlance, called special elections. They are merely votes on special propositions submitted at a general election."

"The weight of authority favors the definition that a special election means one taking place at a time different from that at which any election fixed by law is held."

"Why should section 40 require a previous revision for any special election only, unless it was because section 35 provided for a previous revision for all regular and primary elections?"

"If the legislators had meant to have a special revision for any bond election, they should have said 'any election at which a proposition to increase indebtedness is to be submitted' instead of 'any special election.'"

Reasonable Intention.

"The reasonable legislative intention must have been that the 'previous revision' before a special bond election, required by section 40, means before an election for which there was already no previous revision provided by law."

"The previous revision in this case did in fact eliminate all registered who had become ineligible, and no one, who was unable to vote on the bond issue by reason of failure to register, is complaining. This shows the efficiency of the method pursued, and the general comprehension by the voters of their rights and duties. The judgment is affirmed."
