Aetna Life Insurance Co.—Obituary—

John J. McKeon, senior partner in the investment banking firm of Charles W. Scranton & Co. of New Haven, Conn., and a director of the Aetna Life Insurance Co., the Aetna Casualty and Surety Co. and the Automobile Insurance Co., died on Nov. 10, in New Haven, Conn.—V. 166, p. 1573.

Albermarle Paper Manufacturing Co.—Sells Class B Common Privately, The company, in connection with its recapitalization plan, sold 40,720 shares of Class B common stock (par \$10). The stock was sold at \$24.56 per share to a large processor and manufacturer.

per share to a large processor and manufacturer.

The proceeds will be used to provide additional capital for plant improvements and increased production.

A recapitalization plan became effective July 30, 1947. Under this plan (a) the authorized common was changed from 10,000 shares (par \$100) to 100,000 shares (par \$100) to effect a 10-for-1 split of the outstanding 9,500 shares; (b) 15,000 shares of 6% first preferred stock (par \$100) were created, subordinated in all respects to existing 10,000 shares of 7% preferred (par \$100); (c) 47,500 shares (par \$10) of class. B stock were created, carrying equal rights and privileges with the new \$10 par common except for limited voting rights. Holders of the outstanding 9,000 shares of 7% preferred stock were given until Oct. 1, 1947, to-exchange their shares (plus accumulated dividends thereon) for the new 6% preferred on the basis of 1% shares of 6% preferred for each share of 7% preferred (plus accumulated dividends).

NOTE—The improvement in the third quarter of 1947 resulted from increased gross income and continuing emphasis on operating economies placed into effect. The increase in the DC-6 fleet contributed to both of these. Operating expenses for each of this year's quarters were: First, \$18,215,974; second, \$18,280,743; and third, \$18,932,349. The corporation now has received 35 of its 50 new, 52-passenger,

during the first nine months of this year.

F. D. Miller, Director of Sales, said that more Airfreight was carried on regularly scheduled flights during this period than in the entire year of 1946. He added that American Airlines also topped previous nine-month records for carrying air mail and air express.

Airfreight transported only on scheduled flights through Sept. 30 of this year totaled 7,462,727 ton-miles, compared with 6,238,966 scheduled ton-miles of Airfreight flown during the entire year of 1946. A ton mile is one ton flown one mile. The total Airfreight carried during the first nine months of this year, including contract operations, amounted to 11,470,981 ton-miles.

In addition to Airfreight American transported 3,523,431 ton-miles.

nine-month total of 3,107,182. It also flew 5,214,254 ton-miles of air mail the first nine-months of this year, an increase of 214,864 ton-miles over the 4,999,390 carried during a similar period in 1946.—V. 166, p. 1349.

American Car & Foundry Co.-Receives Large Order

This company has received orders from the Atchison, Topeka & Santa Fe Ry. for the following railroad equipment: 750 70-ton drop end gondola cars, 250 70-ton ballast cars and 200 70-ton triple hopper cars.—V. 166, p. 1782.

American Colortype Co.-Declares Extra of 25 Cents

On Nov. 18, the directors declared an extra of 25 cents per share and the regular quarterly dividend of 30 cents per share on the column stock, both payable Dec. 18 to holders of record Dec. 2. This makes a total of \$1.45 per share for the year 1947, compared with \$1.25 paid in 1946.—V. 166, p. 1782.

American Insurance Co. of Newark, N. J.—Registers With SEC—

With SEC—

The company on Nov. 14 filed with the SEC a registration statement covering the proposed issuance of 662,504 additional shares of capital stock. The shares are to be offered to stockhoders through the issuance of rights on the basis of one new share for each two shares owned, at a price to be determined later.

Subject to clearance by the SEC, the offering is expected to be made early in December. It is expected that any shares of the new stock not subscribed for will be purchased from the company by a nation-wide group of underwriters headed by The First Boston Corp. Company has been in business for over 100 years and, on the basis of net premiums written in 1946, ranks seventh among stock fire insurance companies in the United States.—V. 166, p. 1574.

American-Marietta Co. - Stock Offered

American-Marietta Co. — Stock Offered — The First Boston Corp. and associates on Nov. 18 offered 125,000 common shares (\$2 par) at \$15 per share.

OFFERING OF SHARES TO EXECUTIVES—Concurrently with the offering of 125,000 common shares by the several underwriters, the company is offering 5,000 common shares to certain executive personnel at the net price of \$13.60 per share. These common shares will be offered to not more than 30 such executive personnel who will be required as a condition of their purchases to represent to the company that they are purchasing such shares for investment only and not with a view to distribution or resale. In the event that any of these shares shall not have been purchased within 60 days from date, the company will file a post-effective amendment to the registration statement to de-register such shares.

statement to de-register such shares.

HISTORY AND BUSINESS—Company is principally engaged in the manufacture and sale of paints, varnishes, lacquers and enamels, known in the paint industry as "trade sales items," and of industrial finishes and coatings. The trade sales items, sold for the most part under trade names owned-by the company, are used for various purposes, such as household use and the maintenance of industrial buildings and equipment. The industrial finishes in general are produced to customer specification for use in the automotive, railroad, furniture, office equipment, radio and other industries. The company is also engaged in the manufacture and distribution of certain other products, engaged in the manufacture and distribution of certain other products apparation joints for concrete pavements, resins, glues and certain household and agricultural chemicals. During the nine months ended Aug. 31, 1947, approximately 39.2% of the \$22.999.484 consolidated sales of the company and its subsidiaries were represented by trade sales items, \$4.6% by industrial finishes and 6.2% by miscellaneous products.

sales items, 54.6% by industrial finishes and 6.2% by miscellaneous products.

The company was incorporated in Illinois Sept. 12, 1930, under the name of American Asphalt Paint Co., as the successor to a partnership established in 1913 by Grover M. Hermann, who is now President and the principal stockholder. Prior to 1935, it was engaged in the manufacture, at plants at Middlesex, N. J., and Kankakee, Ill., of asphalt base maintenance paints sold under the trade name "Valdura." In 1935, it acquired Marietta Paint & Color Co., which had plants at Marietta, O., and High Point, N. C., and which was engaged in the manufacture and sale of industrial finishes, primarily wood finishes for the furniture industry, and certain trade sales items. In 1940, the company changed its name to American-Marietta Co.

PURPOSE—Net proceeds from the sale of the common shares (assuming that 5,000 additional shares offered to executive personnel are purchased) will amount to \$1,725,955, after deducting estimated expenses in the amount of \$42,045, and will be added to the company's general funds and are proposed to be used to provide additional working capital.

American Potash & Chemical Corp.—First Step in Ex-

American Potash & Chemical Corp.—First Step in Expansion Program Completed—
This corporation, one of the country's largest producers of basic chemicals, on Nov. 12 announced completion of the first phase of its far-reaching postwar program to produce more raw materials for American industry.
The program started last year, calls for an initial expenditure of more than \$7,000,000 by the end of 1948 and is designed to increase the company's output and also to develop new products.
The company extracts chemicals from brine in Searles Lake, a great natural deposit in the Mojave Desert 170 miles north of Los Angeles. Last year American Potash produced \$41,000 tons of potash, borax, soda ash, salt cake and other heavy chemicals; still in short supply, essential for the manufacture of hundreds of products.
Already completed on the company's list of major projects are these three undertakings: (1) a new \$300,000 research laboratory, (2) a modern office building, and (3) a subdivision of 47 homes increasing plant housing facilities.
Under construction and scheduled for completion in 1948 are: (1) a new \$45,500,000 soda ash-borax plant and (2) a \$2,000,000 power plant

nt housing facilities. Inder construction and scheduled for completion in 1948 are: (1) a v \$4,500,000 soda ash-borax plant and (2) a \$2,000,000 power plant

new \$4,500,000 sona asn-borax plant and (2) a \$2,500,000 point expansion.

The new soda ash-borax plant, well under way, will increase soda ash production by approx. 70% and raise borax production approx. 30%. This plant will process brine from deep-level deposits previously untouched, which constitute a substantial addition to the company's brine reserves in Searles Lake. The lower-level brine is particularly rich in scarce soda ash and borax. The power plant addition, also well under way, will increase the installed electrical generating capacity of the plant from 16,000 to 31,000 kw., providing more power for all departments.

The company also is actively pushing a general community improve-

of the plant from 16,000 to 31,000 km., providing an observable to the parameters.

The company also is actively pushing a general community improvement program at Trona. An addition has been erected doubling the size of the Trona Department Store, providing a complete selection of merchandise to supply all the needs of the community. Plans are being completed for erection of a new 900-seat theater, and construction of an addition to the Trona Hospital, which will include a maternity ward, will start soon. Other projects for community betterment are contemplated and construction of new homes at the Trona subdivision, known as Ploneer Point, continues.—V. 168, p. 1573.

American Power & Light Co.—Weekly Input— For the week ended Nov. 13, 1947, the System inputs of subsidiaries this company amounted to 219,561,000 kwh., an increase of 20,763,000 ch., or 10.44%, over the corresponding week of 1946.—V. 166, p. 1989.

American Telephone & Telegraph Co.—600,000 Rural Telephones Added Since End of War—
The Bell System has added 600,000 more telephones in rural America since the war ended, the company announced on Nov. 17. This means that the Bell companies have over 40% more subscribers in Irural areas than on V-J Day.

A third quarter gain of 89,000 telephones in rural areas brought the increase for the first nine months of 1947 to 210,000. By the end

of the year the Bell companies are expected to approach the 700,000 mark in their post-war drive to add another million rural telephones—the three-to-five year objective announced in 1945.
Despite the strides made in connecting new customers, the continuing demand for service is such that there were 337,000 unfilled applications for Bell telephones in rural areas at the end of September. Every effort is being made to accelerate the program still further in order to fill these orders as soon as possible, the announcement said.

During the first three-quarters of this year the Bell companies built additional rural lines at the fastest rate in history. The 309,000 new poles and 117,000 miles of wire added since Jan. 1, far exceed the record totals established during the same period last year.

A number of new methods in plant construction and in transmission technique are being utilized to expedite the rural expansion and improvement program. Among them are long-span construction, power-driven post hole diggers, joint use of poles with power campanies, and multi-channel, or "carrier," transmission on rural telephone and electric power lines.

The Bell companies had nearly 2,000,000 telephones in rural areas

The Bell companies had nearly 2,000,000 telephones in rural areas on Sept. 30.

Declares Usual \$2.25 Quarterly Dividend-

On Nov. 19, the directors declared the regular quarterly dividend \$2.25 per share on the capital stock, payable Jan. 15, 1948 to olders of record Dec. 15, 1947. Distributions at the annual rate of per share have been made since and including 1922.—V. 166, p. 1989.

Apex Electrical Manufacturing Co.—Starts Production

Apex Electrical Manufacturing co.—States Flowerson of New Ironer—Pays 20-Cent Common Dividend—
Company has started pilot production of its new Fold-a-Matic, cabinet-type ironer, C. G. Frantz, President, revealed in a letter to stockholders. The letter said full-scale production of the new ironer will get under way this month and pointed out that delays caused by tooling and materials shortages had been overcome. The revolutionary new Apex automatic washer, Mr. Frantz stated, is expected to be in production shortly after the first of the year.

"Need for productive facilities in space, equipment and tooling has

production shortly after the first of the year.

"Need for productive facilities in space, equipment and tooling has called for continued expenditure on capital assets," the letter said. "This will approach \$1,000,000 for the year and includes preparation for manufacturing the new Apex automatic washer."

To provide additional space for the manufacture of the new washer, 50,000 square foot second story is being added to part of the main lant in Cleveland, Ohio.

Mr. Frantz also reported that the directors have placed the common stock on a dividend-paying basis with 20 cents a share, payable Nov. 10 to holders of record Nov. 4. The previous payment on this issue was 25 cents on April 1, 1946.—V. 166, p. 1782.

The Capital Flotations in the United States During the Month of October And for the Ten Months of the Calendar Year 1947

New corporate issues for October amounted to \$674,-072,103, the largest monthly total since Dec. 1946, and compares with \$378,544,595 for September and \$331,843,-111 for October, 1946. Of the total for October \$598,149,-183, or 88.7% was new money and \$75,922,920, or 11.3% refunding. Thus the trend of financing holds to the same pattern for the 14th month, showing new money greater than refunding operations, with the exception of

The huge spurt in the October financing over the previous months is attributed to large issues in the utility field viz: \$100,000,000 Pacific Telephone & Telegraph Co. 31/8 % debentures; \$75,000,000 Pacific Gas & Electric Co. first and refunding 2%s; \$40,000,000 New England Telephone & Telegraph Co. 3% debentures, and \$40,000,-000 Duke Power Co. first and refunding 2.65s.

Other large issues were: \$30,000,000 R. J. Reynolds Tobacco Co. 25-yr. loan; \$15,000,000 American Water Works Co., Inc. collateral trust 3s and 2,687,069 common shares of the same company for a total of \$23,496,552; \$15,000,-000 El Paso Natural Gas Co. first mortgage pipe line 3s

and \$2,500,000 41/4% preferred stock; \$20,000,000 Cities Service Oil Co. 23/4% debentures and \$19,910,100 American Brake Shoe Co. 4% convertible preferred stock

Issues placed privately in October aggregated \$166,-422,060, comprising 20 separate issues, and represented 24.7% of the total. This compares with 23.8% of the total corporate financing for the month of September; 80% of the issues so placed in August; 23.5% of the July total; 10.9% of the June financing; 14.2% of the May total; 40.9% of the April financing; 18.7% of the March issues; 43.8% of the February total, and 45.8% placed in January.

Municipal issues for October footed up \$118,439,612, compared with \$277,694,429 in September and \$50,025,000 for October 1946. Of the month's total \$113,646,598 was new money and \$4,793,014 refunding.

Below we present a tabulation of figures since January, 1945, showing the different monthly amounts of corporate financing. Revisions of the 1946 and 1947 figures may be necessary, particularly as additional private financing is brought to light.

Export Agreement Reached-

Export Agreement Reached—
Arrangements have been completed for the handling by Borg-Warner International of the export activities of the Asbestos Manufacturing Co., according to a joint announcement by S. E. Shepard, Vice-President and General Sales Manager of the Asbestos company at Huntington. Ind., and John W. DeLind, Jr., President of the Borg-Warner International Corp.

The Asbestos company, producers of AMCO brand products, is one of the pioneers in the brake lining field and has specialized in original equipment for many of the better known makes of automobiles. According to Messrs. Shepard and DeLind, this move ties in with the general expansion of AMCO's product, market development and advertising program, as well as with Borg-Warner International's plan to supply Borg-Warner Overseas Distributors with a complete range of nationally known and advertised automotive products. Some of the products to be included in the expansion program will be radiator hose and fan belts.—V. 166, p. 1990.

Borne Scrymser Co.—To Pay \$1 Dividend-

On Nov. 14, the directors declared a dividend of \$1 per share on the capital stock, payable Dec. 15 to holders of record Nov. 28. A like amount was disbursed on June 14, last, and on June 15 and Dec. 14, 1946.—V. 165, p. 2794.

Brewers' Best Associates, Inc., N. Y.—Files with SEC-The company on Nov. 14 filed a letter of notification with the SEC for 7.000 shares of capital stock to be offered at \$11.50 a share. Without underwriting. Proceeds will be used for additional working capital.—V. 164, p. 2403.

& Bigelow, St, Paul, Minn.—Stock to Be Publicly Offered-

The company, the largest manufacturer of "Remembrance Advertising" in the world, on Nov. 19 filed a registration statement with the SEC covering a public offering of 1,038,207 shares of common stock. Otis & Co. of C.eveland is named as the underwriter and the proposed public offering price is \$9.50 per share.

The present stock, which will be split 10-for-1 prior to the public offering, has been closely held. The shares to be offered are to be purchased from scokholders.

Charles A. Ward, President, under whose direction sales have increased from \$2.700,000 in 1933 to over \$30,000,000 in 1946, will retain substantially all of his present holdings of the company's common stock and will own approximately 16% of all of the common stock to be outstanding.

Sales for 1947 are expected to be about \$34,000,000. Net earnings after taxes are expected to exceed substantially the \$2,227,839 reported in 1946. This is equivalent to \$1.76 per share on the total of 1,263,645 shares to be outstanding. The company has announced its intention to pay an initial quarterly dividend of 25 cents per share on the new common stock in March of next year.

Brown & Bigelow's business, established in 1896, consists of the design, manufacture and sale of products which under the trade mark "Remembrance Advertising" are sold to business firms ranging

from the largest corporation to the corner grocery in practically every county in the United States. It also manufactures a varied line of leather goods, greeting cards, playing cards, and many other novelties. The company is doing business with 280,000 customers and has 5,600 employees.—V. 164, p. 2283.

California Oregon Power Co.—Stocks Offered—Merrill Lynch, Pierce, Fenner & Beane and associates on Nov. 17 offered 42,000 shares of cumulative preferred stock, 4.70% series (par \$100) at par and div. and 42,000 shares of common stock (par \$20) at \$22.50 per share.

shares of common stock (par \$20) at \$22.50 per share.

EXCHANGE OFFER—Company is offering to the holders of the 45.761 outstanding shares of 6% preferred stock, series of 1927 (par \$100), the right to exchange 42,000 of such shares on the basis of one share of old preferred for one share of the preferred stock, 4.70% series. Company will pay in cash, on account of each share of old preferred exchanged, an amount equal to the sum of (a) the excess of the \$100 per share redemption price of the old preferred over the per share initial public offering price of the new preferred, and (b) the excess of the dividends accrued per share, at the rate of \$6 per annum, on the old preferred from Oct. 1, 1947, to the date of redemption of the unexchanged shares of old preferred, over the dividends accrued per share, at the rate of \$6.70 per annum, on the new preferred for the same period. The exchange period will expire at 12 Noon (PST), Nov. 29.

All shares of the new preferred not issued by the company under the exchange offer are to be purchased by the underwriters and all of the \$4.761 outstanding shares of old preferred not exchanged under the exchange offer are to be redeemed by the company, at \$110 per share and accrued dividends, on a date about 60 days after the consummation of such purchases by the underwriters.

Holders of shares of the old preferred desiring to accept the exchange offer should deposit their certificates for the shares to be exchanged, either with the company, at its office, 216 West Main St., Medford, Ore., or with American Trust Co., 464 California St., San Francisco, Calif.

PURPOSE—The purpose of issue of the shares of new preferred and

PURPOSE—The purpose of issue of the shares of new preferred and common stock now offered is to effect the retirement of all of the 45,761 outstanding shares of the old preferred.

In June, 1947, the 312,000 then outstanding shares of the company's common stock (no par) were reclassified into 390,000 shares of common stock (par \$20) and in the same month the company issued and sold 18,000 additional shares of such stock.

HISTORY AND BUSINESS—Company was incorporated in California on Oct. 16, 1920. The company is an operating public utility company engaged in the production, transmission, distribution and sale of electricity and the development and distribution of water, its operations being conducted in the southern part of the State of Oregon and in the northern part of the State of California. While the company expects to continue to engage in the above businesses, eventually it may dispose of its water business.

For the 12 months ended Aug. 31, 1947, approximately 73% of the gross operating revenues of the company was derived from the retail sale of electricity, approximately 21% from the wholesaling of electricity and approximately 6% from the sale of water. Revenue from sales of electricity to residential customers (approximately 35% of the gross operating revenues) increased approximately 12 months ended Aug. 31, 1947, as compared with the previous 12 months period.

During the past five years operating revenues have increased 31%.

During the past five years operating revenues have increased 31% and the number of customers 39%.

and the number of customers 39%.

As of Aug. 31, 1947, the company owned an installed electric generating capacity of 100,985 kilowatts, of which 99% is hydro, which capacity will be increased approximately 27% upon the completion of the Toketee Falls Hydro Project, expected to be in the latter part of 1949. The company leases from Mountain States Power Co. steam generating capacity of 15,000 kilowatts, giving the company an aggregate generating capacity of 115,985 kilowatts.

The company sells electricity at wholesale to Mountain States Power Co. (formerly an affiliate) and to Pacific Gas & Electric Co. It furnishes all or a part of the electric energy requirements of one municipality and of four REA cooperatives.

UNDERWITERS—The names of the several underwriters of the new preferred and the common stock, the percentages of such of the 42,000 shares of the new preferred as may not be issued by the company under the exchange offer, agreed to be purchased by the underwriters, respectively, and the numbers of shares of the common stock agreed to be purchased by the underwriters, respectively, are as follows:

California Water Service Co.—Bonds Offered.—Halsey, Stuart & Co. Inc. (as sole underwriter) on Nov. 19 offered \$1,500,000 first mortgage 3¼% bonds, series C, at

The issue was awarded Nov. 18 on a bid of 102.239. Other offers received at the sale were: Union Securities Corp. and Harris, Hall & Co. (Inc.), 101.07; Dean Witter & Co., 101.088.

Dated Nov. 1, 1945; due Nov. 1, 1975. Interest payable at office of authenticating trustee in San Francisco, or, at option of holder, at agencies of company in Los Angeles and New York. Bonds will be redeemable prior to maturity as a whole or in part at any time upon not less than 60 days' published notice at regular redemption prices or special redemption prices. The bonds are also redeemable through the operation of a sinking fund commencing with the year ending Oct. 31, 1956, and pursuant to an involuntary liquidation of the company, at the special redemption prices.

PURPOSE—Company intends to use the net proceeds from the sale of the 15,652 shares of common stock in partial repayment of bank loans in the amount of \$900,000 obtained to defray in part the costs of the company's 1947 construction work. The net proceeds to be received by the company from the sale of the \$1,500,000 series C bonds will be used for the purposes of repaying the balance of the bank loans, of refunding deposits advanced by subdividers or consumers to finance line extensions, and of partially restoring the working capital used for additions, extensions and improvements in the ordinary course of business. For further details see V. 166, p. 1990.

Carr-Consolidated Biscuit Co.-Omits Dividend-

Carr-Consolidated Biscuit Co.—Omits Dividend—
The directors on Nov. 19 took no action on the common dividend due at this time. Quarterly distributions of 25 cents each were made on March 24, June 23 and Sept. 23, this year, and in each quarter during 1946.

The above action, according to J. B. Carr, President, was because of the necessity for conserving working capital in the face of recent operating losses occasioned by inventory mark-downs, contraction in sales to wholesalers and non-recurring expenses incident to large scale expansion of direct distribution.—V. 166, p. 1251.

Catalin Corp. of America—No Dividend Action—
The directors on Nov. 19 decided not to declare a dividend at this time so that "the cash position of the company may be restored to a higher level than it is at present." Quarterly distributions of 10 cents each were made on March 20, June 20 and Sept. 22, this year, and, in addition, a year-end dividend, declared on Dec. 18, 1946, was paid on Jan. 20, 1947. Dividends paid in 1946 totaled 40 cents per share.—V. 164, p. 2283.

Celanese Corp. of America—Large Bank Credit— The corporation has arranged a \$25,000,000 two-year stand-by credit with a group of banking institutions headed by the Bank of the Manhattan Company, it was announced on Nov. 17. The credit, if used during the two-year period, will be repayable to the extent of 70% over the succeeding five years and the balance of 30% on Nov. 15, 1954.—V. 166, p. 1251.

Central Foundry Co.-Resumes Common Dividend-On Nov. 17, the directors declared a dividend of 25 cents per share on the common stock, payable Dec. 17 to holders of record Dec. 1. The previous payment on this issue was 10 cents per share made on Jan. 27, 1943.—V. 166, p. 1783.

Central Louisiana Electric Co., Inc.—Stock Oversubscribed—Company on Nov. 19 announced that rights issued to stockholders to subscribe for 11,500 shares of common stock (par \$10) pursuant to their preemptive right expired at the close of business on Nov. 17. Subscriptions received from stockholders exercising their preemptive rights, together with subscriptions under the supplemental offering, substantially exceeded the available number of shares and allocation will be made with respect to subscriptions under the supplemental offering.

respect to subscriptions under the supplemental offering.

The net proceeds from the sale of the shares of common stock will be used to reimburse the treasury of the company in part for the cost of property additions including extensions to its electric transmission and distribution system and to provide funds for further like construction.

The company presently plans to refinance its \$5 cumulative preferred stock as soon as practicable. Application has been made to and hearings are in progress before the P. S. Commission for its approval of the issuance and sale of 1,750,000 shares of cumulative preferred stocks (\$100 par) and \$57,382,600 of convertible debentures. Under present plans the proceeds from the new preferred stock are to be applied throat the redemption of the old preferred stock and the proceeds from the sale of the convertible debentures are to be applied, to the extent of \$24,995,259, toward the redemption of the old preferred stock and the balance to the reimbursement of the old preferred stock and the balance to the reimbursement of the tist utility plant and the retirement of its long-term debt. The balance of the funds required for the redemption of the old preferred stock is redeemable at the option of the company on any dividend date, on not less than 30 days' prior notice, at \$105 a share, or an aggregate of \$229,832,925 for the 2,188,885 shares now outstanding.

The company is presently engaged in a construction program which, it is estimated, will exceed \$250,000,000 for the years 1247 through 1951 It is further estimated, that this program will require financing through the sale of securities, the type of which has not been determined at this time, to the extent of approximately \$100,000,000 in addition to the convertible debentures. A part of this financing may be done within the next year.

Weekly Output Increased 4.2%-

The company on Nov. 19 announced that System output of electricity (electricity generated and purchased) for the week ended Nov. 16, 1947, amounted to 214,590,000 kwh., compared with 205,900,000 kwh. for the corresponding week of 1946, an increase of 4.2%. Local distribution of electricity amounted to 203,400,000 kwh., compared with 193,800,000 kwh. for the corresponding week of last year, an increase of 4.9%.

Electric Generating Capacity Increased-

The company on Nov. 17 officially placed in service a new steam-electric turbine-generator which will add 50,000 kilowatts to System

electric turbine-generator which will add 50,000 kilowatts to System generating capacity.

The new unit, which was built at a total cost of approximately \$8,700,000, is a part of the company's five-year \$250,000,000 postwar program to provide electricity, gas and steam for the growing metropolitan area which it serves. With the addition, System electric generating capacity is 2,535,000 kilowatts.

Manufactured by the General Electric Co., the turbine-generator is to be driven with steam from a boiler constructed by Combustion Engineering Co., Inc. The boiler, which is the twin of a unit already installed at this generating station, has a capacity of 1,000,000 pounds of steam an hour.—V. 166, p. 1992.

Dr. Pepper Co.—To Borrow \$2,000,000—
The stockholders at a meeting on Dec. 18 will be asked to approve a \$2,000,000 first mortgage bond issue, at 3½%, payable in 240 equal monthly instalments. The company contemplates borrowing the money from the Southwestern Life Insurance Co. in Dalas, Tex.

The proceeds will be used to retire a \$1,000,000 loan with the First National Bank in Dallas; to complete its new plant at Dalas, and the remainder will be added to working capital.—V. 165, p. 200.

Duriron Co., Inc.—Declares Larger Dividend—
The directors on Nov. 13 declared a div.dend of 50 cents per share on the common stock, payable Dec. 10 to holders of lecord Dec. 1. This compares with 45 cents paid on Oct. 10 and 30 cents on July 10, and makes a total of \$1.25 in 1947, as compared with dividends totaling 50 cents per share paid in 1946.—V. 158, p. 1636.

East Coast Public Service Co.—Liquidating Dividend
The directors on Nov. 12 declared the 11st liquidating dividend
consisting of three shares of common stock of \$10 par value each of
East Coast Electric Co. for each share outstanding, payable on Dec. 39,
1947 to stockholders of record Dec. 1, 1947.
This liquidating dividend is a further step in the consummation of
the company's plan for compliance with Section 11 of the Public
Utility Holding Company Act of 1935. The certificates representing the
shares of common stock of East Coast Electric Co. will be issued in the
name of registered holders as of the close of business on Dec. 1, 1947.
T. M. Hauer, Vice-President, further announced that "it will not
be necessary for stockholders to surrender certificates for shares of
common stock of East Coast Public Service Co. to receive this
liquidating dividend, but such certificates should be held until a final
distribution is made of any residual cash in the company's treasury
after the settlement of all liabilities."—V. 166, p. 1354.

Eastern Air Lines, Inc.—Retirement Plan—
On Oct. 1 the company put into effect a retirement income plan which provides that all employees who have been with the company at least three years may participate. Captain and co-pilots will contribute to the cost of the plan 2¼% on the first \$100 of monthly earnings; 3¾% on the next \$150, and 5¼% over \$250. Deposits from other employees are required at the rate of 1½% on the first \$100 of monthly carnings; 2½% on the next \$150, and 3¼% over \$250.—V. 166, p. 1888.

Eastern Minnesota Power Corp.—To Pay Bonds—
I is contemplated that the effective date of the amended joint plan of this corporation and Wisconsin Hydro Electric Co., in so far as the sale of the physical assets of the Eastern Minnesota Co. and the payment of the 5½% first mortgage gold bonds are concerned, wil be Dec. 18, 1947 (subject to postponement as hereafter stated). Upon such effective date, funds will be irrevocably deposited for the payment of the principal amount of the bonds, together with interest thereon to the effective date. Thereafter, pursuant to said amended plan, interest will cease to accrue. On the effective date, holders of the bonds may present their bonds for payment to the Commercial National Bank & Trust Co. of New York, 46 Wall St., New York, N. Y. Holders of these bonds, upon payment thereof, will be entitled to receive receipts providing for the possible payment, under certain conditions, as therein stated, of the amount of the redemption premiums, plus certain interest on such amount.—V. 166, p. 758.

Eastman Kodak Co.—Declares 55-Cent Common Div. The directors on Nov. 18 declared a dividend of 55 cents per share on the common stock, par \$10, and the usual quarterly dividend of 1½% on the 6% preferred stock, par \$100, both payable Jan. 2 to holders of record Dec. 5. 1947. Payments of 35 cents each were made on the common stock on July 1 and Oct. 1, last. The company spl t its common shares 5-for-1 last April.

Figured on the basis of the new shares, common dividends this year total \$1.60 per share, compared with dividends in 1946 equivalent to \$1.40 per share on the new stock. On April 1, 1947, \$1.75 per share was paid, and on Jan. 2, 1947, \$2 per share on the old stock, which in the year 1946 received \$7 per share.—V. 166, p. 853.

Electric Power & Light Corp.—Weekly Input—
For the week ended Nov. 13, the System input of subsidiaries of this corporation amounted to 62,472,000 kwh., an increase of 10,875,000 kwh., or 21%, over the corresponding week of last year—V. 166, p. 1992.p. 1992.

Declares Special Dividend of \$1 on Common Stock-The directors, according to an announcement on Nov. 18, have declared the usual quarterly dividend of \$1 per share and an additional special dividend of \$1 per share on the common stock, both paid or payable Dec. 31 to holders of record Dec. 12. This brings the total paid or payable in 1947 to \$5 per share, as compared with \$4.50 paid in 1946.

The usual quarterly dividend of \$1.25 per share on the \$5 cumulative Directored stock was also declared, payable Dec. 31 to holders of record Dec. 12.—V. 166, p. 1355.

Goodyear Tire & Rubber Co.—To Vote Increase in Indebtedness—Financing to Be Done Privately—

The \$5 preferred shareholders will vote Dec. 15 on increasing the funded debt of the company up to a maximum of \$63,910,000, in addition to its \$36,090,000 of funded debt now outstanding, making a stotal of \$100,000,000. Consent of the holders of \$65% of the \$5 preferred stock to the issuance or assumption of additional funded debt is required by the amended articles of incorporation.

There are now outstanding \$36,090,000 of \$3\frac{1}{2}\cdot -2^24\frac{1}{2}\text{ first mortgage} and collateral trust bonds due 1964 and it is the present intent of the company that these bonds be refunded and the mortgage cancelled and, with the preferred stockholders' consent, to issue \$63,910,000 additional funded debt so that after cancelling the mortgage there would be not more than \$100,000,000 of unsecured notes provided for.

It is contemplated that this would be accomplished by replacing presently outstanding first mortgage bonds with unsecured notes, and maturity as the present bonds, and approximately \$4,510,000 of which would have similar interest rates and maturity as the present bonds, and by borrowing from present bondholders an additional \$63,910,000, also represented by unsecured 3% notes. The company would incur no underwriting expense in the gentire transaction.

P. W. Litchfield, Chairman of the board, further states:

In the period preceding the war the company was able to retire funded debt through the operation of sinking funds from time to time from a former level of \$60,000,000 of 5% bonds, and also to reduce interest rates thereon. During and subsequent to the war, the company's sales volume has risen from a prewar average of about \$200,000,000 per annum to a present volume of about \$500,000,000 of which some \$70,000,000 has been paid for out of working capital without smaterial change in capitalization. In addition, during this same apprexal level of about \$100,000,000 to the present approximate \$175,000,000 h

decivable to a point which are a revolving credit with although a year ago the company arranged a revolving credit with anks for \$75,000,000, which is available for another four years and inder which there are no loans presently outstanding, since part of

the additional requirements are for fixed capital investment for which we should not utilize current bank funds, your management deems it prudent to request of the preferred stockholders their consent to the issuance or assumption of additional funded debt so that the board of directors may in its discretion increase such funded debt from the present \$36,090,000 to \$100,000,000. All of this increase of \$63,-910,000 would probably be issued in the near future. It is the intention of your board to utilize any such new funds for additional plant and machinery and working capital. There is no present plan looking to a refunding of the preferred shares of the company. No dividend restrictions on the outstanding preferred stock would be incorporated in the provisions of additional funded debt.—V. 166, p. 1993.

HISTORY—Corporation was organized in Michigan Sept. 28, 1909 as Paige Detroit Motor Car Co. Name changed to present title Jam. 1928, and in 1939 the corporate charter was renewed so that it now expires on Sept. 27, 1969. Corporation has at the present time five wholly owned subsidiaries. One of these, Frazer Farm Equipment Corp., operates the farm equipment business of the corporation, while two others, Graham-Paige Sales Corp. and Graham-Paige International Corp., conduct, respectively, the domestic and export distribution and sale of the corporation's products. The remaining two subsidiaries are inactive.

The corporation and its subsidiaries are no longer engaged in the manufacture, sale or distribution of automobiles. The automobile business was disposed of in Feb., 1947.

BUSINESS—Corporation, through its subsidiaries, manufactures and distributes a specialized farm implement which is sold under the trade mark "Rototiller." This device prepares the ground for planting in one operation and coes the work previously done in separate operations by the plow, disc and harrow. To this date, Rototiller farm implements have only been produced by the corporation in models with cuts of 20 and 26 inches and in respect of which the operator walks behind the machine and guides it. The corporation is presently engaged, however, in the engineering and development of two additional models, one of which will be smaller than the present model and will have a variable cut that can be reduced to as narrow as 8 inches, and the second of which will be drawn by a tractor and will have a cut of approximately store the Potentian and accessives for its Petrotter destructions and sells attachments and accessives for its Petrotter destructions and sells attachments and accessives for its Petrotter destructions.

can be reduced to as narrow as 8 inches, and the second of which will be drawn by a tractor and will have a cut of approximately 5 feet.

The corporation also distributes and sells attachments and accessories for its Rototiller farm implements, as well as a number of other items of farm equipment. Such attachments and accessories and other farm equipment are manufactured for the corporation by others but are distributed under the corporation's trade names, and the Rototiller farm implement include a planter, field mower, cultivator, snow plow and bulldozer, water pump, V-belt and flat-belt pulleys, circular saw, furrower, dump rake and trailer. Included in the general farm equipment distributed by the corporation are a cotton chopper, beet and vegetable thinner, manure loader, stalk cutter, grain blower, sugar cane weeder, sub-surface tiller, farm wagon and tandem disc harrow. The corporation recently commenced the distribution and sale of stationary gasoline engines for farms and other purposes. These are the same one-cylinder, five horsepower engines utilized in present models of Rototiller farm implements.

The corporation has also completed the engineering and development of a two-plow, general purpose farm tractor.

Production of Rototiller farm implements was commenced by the corporation in the spring of 1946 in a portion of the plant at Willow Run, Mich., which the corporation sub-leased from Kaiser-Frazer Corp. From that time until July, 1947, production continued in such plant, during which period 38,738 units were manufactured. During August and September of 1947, the manufacturing operations were corporation are series of the corporation at York, Pa. This transfer was effected in order to realize substantial economies in made possible by operation in the York area.

The corporation and distribution of "Frazer" and "Kaiser" automobiles, Corporation and distribution of "Frazer" and "Kaiser" automobiles, Corporation purchased 250,000 of such shares in September, 1945 at \$10 per. share, and 750,000 addit

PURPOSE—The net proceeds are to be used for the following purposes:

(1) \$2,500,000 will be applied to pay off and retire a loan in that amount obtained on March 3, 1947, by the company from Bank of America National Trust & Savings Association. This loan was obtained, in the original amount of \$2,000,000, to finance the purchase of timber lands located in the Lewis River area, Skamania County, Wash., and was increased on July 24, 1947, by \$500,000 to provide the company with additional general working capital.

(2) \$502,000 (less any payments made subsequent to Sept. 30, 1947) will be applied to pay the balance of a loan from National Bank of Washington of Tacoma, Wash., which loan was originally made in 1944 in the amount of \$1,200,000, secured by a moregize

Concurrently with the delivery of and payment for the shares of common stock now offered, the company will make payment of the loans from Bank of America National Trust and Savings Association and National Bank of Washington.

(4) It is anticipated that approximately \$450,000 will be used to complete the current construction program at Riddle, Ore.

The balance of the proceeds to the company from the securities offered will, it is anticipated, be used in connection with construction of milling facilities in the Lew's Etiver, Wash., area under the terms of the Northern Pacific Ry. contract. It is presently estimated that such construction wil, over the next several years, require a total expenditure approximating \$4,650,000. To finance so much of such expenditures as cannot be met out of the proceeds of the present financing and current earnings, the company has secured from Bank of America National Trust & Savings Association an agreement to loan to the company additional funds aggregating not more than \$2,500,000. Under this agreement the company may, commencing 12 months after the sale of the securities now offered, borrow such amounts as it may require within the \$2,500,000 limit, this limit being reduced \$70,000 quarterly for one year, at the end of which time the unpaid loan balance outstanding shall be converted into a 4% loan payable in 32 cqual quarter-annual instalments, the final instalment maturing not later than 1958, and with provision that additional amounts shall be paid annually on principal to the extent by which 25% of the company's net profits in any fiscal year exceed the quarter-annual instalments payable during such year. Company will pay to the bank a commitment to the effective date on which borrowings are commenced and for a further period of one year on the difference between amounts actually borrowed and the amount of the commitment. and through the early part of 1947 by reason of allocation orders issued by the Civilian Production Administration (later the Housing Expediter) requiring the company, together with other companies manufacturing Douglas fir plywood, to produce 50% so-called "construction grades," which are for the most part interior type plywood. Subject to any new governmental acts or regulations, and current housing requirements, the company plans to resume its policy of building up its production and sale of an exterior plywood. At the present time the company's own direct sales demand greatly exceeds its entire production. During the year 1946 the company produced 76,637,921 feet of plywood upon a 3ths inch rough basis, of which 41,239,676 was Super-Harbord and 35,398,245 was regular plywood.

plywood.

Effective Sept. 7, 1944, the company entered into an agreement of merger with its wholly owned subsidiary, MacDouga! Export & Shipping Co. (Wash.). As a result of that merger, the company continued as the surviving corporation, and converted its former common and preference stock into single class of authorized common check.

Kelsey-Hayes Wheel Co.-Annual Report-Geo. W.

Kelsey-Hayes Wheel Co.—Annual Report—Geo. W. Kennedy, President, on Oct. 24, said in substance:

During the year ended Aug. 31, 1947 the company sold the stock of its English subsidiary and received £545,000 of blocked sterling. It subsequently converted approximately £415,000 of sterling into U. S. funds in the amount of \$1,176,121; and the remaining £130,000 of blocked sterling has recently been invested in British Railway stocks which are scheduled to be exchanged for bonds of the British Government. Kelsey-Hayes plans contemplate conversion of the remaining investment into U. S. funds whenever such conversion can be made on a satisfactory basis.

Lathan Co., Inc., South San Francisco, Calif., was acquired as of Jan. 1, 1947, for approximately \$315,000. This plant is now operated as the Lathan Division of Kelsey-Hayes Wheel Co. and manufactures brake units and valves for trailers and trucks. Operations of the Canadian subsidiary (80% owned) are not consolidated.

During the year a plant located at Monroe, Mich., was purchased from the Government for \$2,450,000. Before this plant could be put into operation, it was necessary to enlarge the power plant and to make certain alerations to the buildings. Other machinery and equipment are now being transferred, but it is not expected these moves will be completed before another year.

During the year the company invested \$7,965,079 for the following additional manufacturing facilities required for the increase in the business: (1) Plant at Monroe, Mich., \$3,589,700; (2) foundry facilities at Detroit, \$1,226,660; (3) French & Hecht Division, Davenport, Iowa, \$986,379, and (4) machinery and equipment for plants at Detroit and Jackson, \$2,162,340.

In order to provide funds to pay for part of the cost of this expansion pregram and to liquidate the balance of long-term bank serial notes in the amount of \$2,252,500, the company borrowed \$7,500,000 from The Equiable Life Assurance Society of the United States by issuing to them 15-year first mortgage sinking fund 3¼% bon

Libbey-Owens-Ford Glass Co.—Extra Dividend—
The directors on Nov. 18 declared the usual quarterly dividend of 50 cents per share and an additional year-end distribution of \$1 per share, both payable Dec. 10 to stockholders of record Nov. 28. This brings to \$3 per share the total payment to shareholders in 1947, compared to a distribution of \$1.25 per share in 1946 when the company had lower postwar earnings and even heavier demand for construction needs.

It was announced that sales volume so far this year was nearly double and earnings slightly greater than in good prewar years.

Production of glass continued at a high level during October despite limitations of soda ash supply and other shortages, it was reported by John D. Biggers, President.

Sales in the 10 months of 1947 were about 35% over the same period last year. Prices have been held to an average level only 18% above what they were 10 years ago, despite substantial advances in cost of materials and wage rates now nearly double what they were 10 years ago.

"The volume of business this year has been reflected in peak

materials and wage rates now nearly double what they were to good.

"The volume of business this year has been reflected in peak factory employment," declared Mr. Biggers. "Payrolls will exceed \$34,-000,000 and taxes paid to Federal and local governments will aggregate more than \$11,000,000. Dollar taxes amount to about \$4.30 a share on outstanding capital stock."

The company still has substantial backlogs of orders for both glass and plastic products but with high production is meeting urgent needs of building and other industries dependent upon it, he reported.—

Operating revenues reached a new high of \$562,905 in September 1947. This is slightly above the total revenue for the preceding month, and is a 25% increase over September last year. The increase over last year resulted, to a large extent, from an increase of 16% in passenger miles. The passenger load factor dropped from 74.93% in Sept., 1946, to 64.60% in Sept., 1947, due to the operation of over 35% more revenue miles this year, of which a considerable portion was on new route segments on which the volume of traffic is still relatively low.

low.

Operating expenses were 25% greater in September, 1947, than in September, 1946, reflecting the effect of expanded operations and greatly advanced costs of labor, materials and services. However, a drop of about 6% in the cost per mile, reflects the greater efficiency resulting from expanded operations and the effect of the company's conservative policies.

Other operating statistics are as follows:

Missouri Pacific RR.—Bondholders' Protective Committee—Approved by Commission—
On Oct. 31, the Interstate Commerce Commission authorized Mord M. Bogie (President of Schroder Rockefeller & Co., Inc., New York, N. Y.), Avery Brundage (of Chicago), Leo J. Sheridan (of Chicago) and Paul E. Kling (President of Kling Bros, Engineering Works, Chicago) to function as a protective committee for the holders of the 514% secured serial gold bonds, of which there are presently outstanding in the hands of the public \$11,245,000 principal amount. Mr. Bogie will act as Chairman of the committee, and J. Laurence Barasa, of 38 So. Dearborn St., Chicago, Ill., will act as Secretary, with Guy A. Gladson and William C. Muiligan (of Winston, Strawn & Shaw) as attorneys.—V. 166, p. 1995.

Monsanto Chemical Co.—Quarterly Report-

Monsanto Chemical Co.—Quarterly Report—

In his quarterly message to stockholders, Edgar M. Queeny, Chairman of the board, stated that sales of consolidated companies for this period were \$105,829,063. Mr. Queeny also announced that through further redemption of the company's cumulative preference stock, outstanding common shares had been increased to 4,231,497 shares as of Sopt. 30. The earnings per share were based on the increased number of common shares cutstanding.

The report stated that all but 461 of the 120,000 shares of \$3.25 preference stock called during the quarter ending September 30 had been redeemd. Conversion was allowed at the rate of two shares of common for each preference share. Floders of additional preference shares, not called for redemption, voluntarily converted them into common, the report said.

Mr. Queeny said the earnings did not include any recovery of profits uncer Use and Occupancy Insurance as a result of the destruction at Texas City. Earnings also cid not contain the continuing expenses to Sept. 30, 1947, amounting to \$863,384, nor income taxes chargeable against insurance recovery. Use and occupancy claims for \$7.232,543 for the year ending April 15, 1948, recently were filed with insurance companies, but settlement has not yet been made. Reconstruction of the Texas City plant, the report continued, is proceeding satisfactorily.

ceeding satisfactorily.

"Our operating result for the third-quarter was impaired by rapidly mounting costs, 'starting up' losses in new plants, and by loss of income resulting from the destruction of the Texas City plant," the report concluded. "We anticipate that adjusted selling prices, which became effective at the commencement of the fourth-quarter, will compensate in part for increased costs."

NOTE—On April 16, 1947, the plant at Texas City was largely destroyed and rehabilitation is in progress. A claim has been filled with the insurance company covering the loss from property damage, but agreement has not been reached as to the amount to be recovered. As the book value of the property and inventory destroyed has not been finally determined, the accounts relating thereto have not been ad-

Justed. A payment of \$3,500,000 on account has been received from the insurance company, and the funds so provided have been segregated for use in rebuilding the plant. The insurance carried is sufficient to cover the book value of the assets destroyed.

The company also carries use and occupancy insurance covering the loss of profits from the Texas City plant for a period of 12 months. Claims have been filed with the insurance companies, but settlement has not as yet been made nor has any accrual thereof been made in the accounts. Recoverable expenses aggregating \$863,384 applicable to the plant since the date of the disaster are carried in accounts receivable.—V. 166, p. 1357.

A dividend of \$1 per share has been declared on the common stock, payable Dec. 15 to holders of record Nov. 28. This is the second payment on the stock since the two-for-one stock split-up early last year. On Dec. 10, 1946, 50 cents was paid.—V. 166, p. 1357.

National Pressure Cooker Co.-Split Voted-

The stockholders on Nov. 14 voted in favor of a two-for-one stock split, one additional share to be distributed in the form of a stock dividend. The approved plan provides for an increase in the authorized capitalization from \$1,000,000 to \$2,000,000 and in the number of common shares from 500,000 to 1,000,000. Following the special meeting of the shareholders, it was announced that the stock split would become effective as soon as the requirements of the Securities and Exchange Commission and various securities exchanges were met. The date of the stock dividend distribution will be announced later.—V. 166, p. 1893.

Asks to Negotiate Bond Sale—

The company has asked the SEC for an exemption from the competitive bidding rule in the sale of \$5,225,000 of 20-year bonds to two insurance companies.

The company said the commitment was "so very favorable in this period of rising interest rates, uncertain markets and increasing costs of registration" that early action was desired on the request

costs of registration that early activity was secured for exemption.

The preceeds would be used to acquire additional common stock of three subsidiaries.

The Association has a commitment with the insurance companies to purchase the new 3½% bonds at par. The sale is conditioned upon delivery before Jan. 15, 1948.

The subsidiaries will use the proceeds from stock sales to retire deut either in the form of bonds, notes or bank losns.—V. 166, p. 1996.

gate of such contingent payments in excess of \$2,900,000.

HISTORY & BUSINESS—Company was organized in Illinois May 2, 1928, as a result of the consolidation of a predecessor corporation of the same name, incorporated in May, 1890, and five other coal companies. Company is engaged in the business of mining, processing, purchasing, seiling and distributing coal, primarily bituminous, both directly and through various mining subsidiaries. During the fiscal year ended April 30, 1947, the consolidated coal sales of the company and its subsidiaries were 14,299,637 tons. Company has some income from oil and gas rights. Principal customers are utility corporations, railroads, industrial users, non-affiliated domestic dealers and retail customers.

PURPOSE—The net proceeds to the company will be approximately \$12,140,000. Of this amount, \$3,700,000 is to be used for the payment of a term bank loan outstanding in the amount of \$1,700,000 and temporary bank loans totaling \$2,000,000.

The temporary bank loans were contracted for the purpose of financing a portion of the company's construction program. The company's program includes the construction of two additional modern Illinois mines, the modernization of three existing large mines in Illinois, the acquisition of additional coal reserves in Illinois, the acquisition and rehabilitation of a mine in Washington County, Ill., and advances to subsidiaries for the improvement of their properties. The estimated cost of the entire construction program is approximately \$10,875,000, of which amount \$450,000 represents the cost of acquisition and the improvement of the mine in Washington County, Ill., and \$581,543 represents the amount which it is estimated will be expended for the acquisition of additional coal reserves. Of the total estimated cost, approximately \$1,611,354 was expended as of Sept. 30, 1947, and was financed by the temporary bank loan. The excess of the expenditures over the net proceeds of the financing, which excess will amount to approximately \$435,000, will be provided out of the company's working capital.

Phillips Petroleum Co.—Gets About \$50,000,000 New Capital—Company offers 1,007,517 Common Shares to Present Holders at \$49 per Share—First Boston Corp. Heads Underwriting Group—

One of the largest pieces of equity financing in recent years, and said to be one of the largest ever offered initially to company stockholders, came on the market Nov. 19 in the form of a new issue of 1,007,517 additional shares (no par) common stock of this company, being offered to holders of presently outstanding common shares of record Nov. 18, at \$49 per share.

The offering, which is on the basis of one share of the new stock for each five shares held, has been underwritten by a nation-wide investment banking group headed by The First Boston Corp. and comprising over 90 firms.

Rights to subscribe to the new shares, evidenced by subscription warrants, will expire at 3 p.m. on Dec. 3, 1947. Prior to such expiration the underwriters may offer and sell shares of unsubscribed stock and of stock purchased or to be purchased by them through the exercise of warrants,

Proceeds from the sale will be used by the company for payment of \$46,375,000 of bank loans currently outstanding which were incurred in June and October of this year in anticipation of capital expenditures which are expected to aggregate approximately \$85,000,000 for 1947. The portion not covered by bank loans has been or will be paid for from treasury funds and current income. Since the end of 1941 the company's capital expenditures have aggregated \$307,000,000. For the eight months ended Aug. 31, 1947, the company reported net income of \$23,129,000, equal to \$4.66 per share on the 4,928,937 average daily number of shares of common stock outstanding during the period, or \$3.33 on the 6,045,106 shares of common stock to be outstanding after the completion of proceeds. This compared with \$22,625,000 in the calendar year 1946, equivalent to \$4.60 per share on the average number of sh

Oct. 23, payable on Nov. 29.

Company, as at present constituted, comprises one of the larger integrated units in the industry, owning resources of crude oil, distillate and natural gas in many parts of the United States and in Venezuela, natural gasoline plants and crude oil refineries, furnace carbon black plants, crude oil and refined products pipe lines, and marketing outlets throughout the central United States and adjacent areas.

Based on total balance sheet assets at Dec. 31, 1946, the company

ranks ninth among the principal companies in the industry. Opera-tions of the company encompass virtually all phases of the business.

Rayonier, Inc.—Acquires Large Timber Lands—Private

The company on Nov. 19 announced the acquisition of the Polson ogging Co.'s timber lands and logging facilities on the Olympic entrainsula, in the State of Washington. The purchase price was not announced.

Announced.

The purchase includes more than 50,000 acres of virgin timber in
Jefferson, Clallam, and Grays Harbor Counties, and another 70,000
acres of "reproduction" land on which trees are being grown for

neres of "reproduction" land on which trees are being grown activities needs.

Edward Bartich, President, said that by this purchase more than two billion feet of lumber are added to Rayonier's holdings. This, he added, insures the firm's three northwest pulp mills of an adequate continuous supply of timber for future pulp needs.

Arrangements have been made for the sale of about \$20,000,000 in serial notes to a group of banks and insurance companies. Part of these new funds probably will be used to retire the present \$7,500,000 bank loans.—V. 166, p. 705.

(Robert) Reis & Co.—Recapitalization Plan Approved

The stockholders at a special meeting held on Nov. 17 approved the proposed plan of recapicalization, which provides for the issuance of (a) six shares of new \$1.25 prior preference stock, par \$10, and 10 shares of new common stock, par \$1, in exchange for each share of 7% first preferred stock, par \$100, including accrued dividends of \$159.25 per share; (b) 13½ shares of new second preference stock, par \$1, and 11 shares of new common stock, par \$1, in exchange for each share of \$7 cumulative second preferred stock of no par value (including dividend arrearages of \$185.50 per share); and (c) one share of new common stock, par \$1, in exchange for each no par common share held.

After giving effect to the above exchanges, outstanding capitalization will consist of 120,522 shares of \$1.25 dividend prior preference
stock, par \$10; 100,000 shares of second preference stock, par \$1,
and 392,515 sheres of common stock, par \$1.

If the recapitalization plan is approved by the directors, the board
Intends to declare a dividend on the prior preference stock for the
final quarter, vithout any payments on the other two classes of
stock, according to Arthur Reis, President.

It is the intention of the company to list the 126,522 shares of prior preference stock on the New York Stock Exchange.

The board of governors of the New York Stock Exchange.

The board of governors of the New York Curb Exchange on Nov. 19 approved for listing and for admission to dealings at a later date a total of 720,559 shares of \$1 par voting common stock, of which 92,515 are to be initially outstanding upon effectiveness of a plan of recapitalization, 253,044 shares are issuable in conversion of 126,522 shares of \$1,25 dividend prior preference stock, and 75,000 are issuable against conversion of 100,000 shares of second preference stock.

Reynolds Metals Co .- 75-Cent Common Dividend-

A dividend of 75 cents per share has been declared on the common stock, payable Dec. 31 to holders of record Dec. 19. With the 25-cent payment made on Jan. 20 of this year, the current declaration brings the total to \$1 per share for 1947, as against 75 cents paid in 1946.

The usual quarterly dividend of \$1.37½ per share on the preferred stock was also declarel, payable Jan. 1, 1948 to holders of record Dec. 19, 1947.—V. 166, p. 1360.

Rochester (Pa.) Glass Corp.—Stock Offered—Kay, Richards & Co., Pittsburgh are offering 1,000 shares of common stock (par \$100) at \$100 per share.

common stock (par \$100) at \$100 per share.

HISTORY—Corporation was incorporated in Pennsylvania Sept. 26, 1946. Its plant and business is located in Rochester, Pa.

CAPITALIZATION—Total authorized capital stock consists of 3,000 shares of common stock (par \$100). There are presently 1,825 shares of common stock issued and outstanding.

Corporation's products are principally hand blown, semi-automatic blown and hand pressed glass and tableware. It manufactures tumblers, goblets, cocktails and sherbets for household, hotel and bar usage. It also manufactures vases and ornamental glassware for decorative uses. The foregoing types of glassware are produced either by hand or semi-automatic blowing operations. The corporation has introduced into blown glassware production the use of a semi-automatic blow machine of an advanced type and in initial production runs it has been demonstrated that production will be increased materially over that of hand blown methods with very little if any difference in the quality of the product manufactured. Flat glassware, consisting of plates, patters and similar objects, are manufactured by hand pressing operations.

plates, platters and similar objects, are manufactured by hand pressing operations.

The corporation also manufactures special types of glassware for industrial use, such as atomizer bottles and similar products. The molds for special types of glass products so produced are owned by the various customers and are furnished in most instances to the corporation by the customer.

The corporation acquired from William A. Meier and others a tract of land consisting of approximately one acre and erected thereon a new plant containing approximately 30,000 square feet of floor space. Construction on the plant began in September, 1946, and was completed in July, 1947.

INDEPERDINESS. Corporation on July 31, 1947, executed its note in

pleted in July, 1947.

INDEBTEDNESS—Corporation on July 31, 1947, executed its note in the amount of \$50,000 in favor of the Beaver Trust Co. This indebtedness was secured by a first mortgage, chattel mortgage and bond covering all of the property, real, personal and mixed, now or after acquired of the corporation, including good will, patents and business. The Reconstruction Finance Corporation has issued a purchase commitment to the Beaver Trust Co. to acquire 75% of this loan upon demand. The loan bears interest at the rate of 5% upon one-fourth of the amount thereof at any time outstanding and 4% on the balance thereof.

The loan is repayable in equal monthly instalments of \$900 com-

balance thereof.

The loan is repayable in equal monthly instalments of \$900 commencing Nov. 30, 1947. In addition, 50% of the net earnings of the corporation must be applied each year to the reduction of the last due instalments of the loan.

nstalments of the loan.

PURPOSE—Proceeds from the sale of 1,000 shares of common stock will be utilized for the following purposes: (a) To pay off current ond past-duc accounts payable for supplies, machinery and equipment, 38,000; (b) To provide for the purchase of three 3-mold semi-utomatic blow machines, one fire polisher, one grinder and other isscellaneous equipment, \$20,000; (c) To pay off a portion of the emand loan advanced to the corporation by William A. Meier, \$8,549; d) Remainder to provide working capital.

was increased from \$400,000 to \$504,000, and the earned surplus account was reduced by \$104,000.

HISTORY AND BUSINESS—Corporation was organized in New York in 1929, under the name of Rowe Cigarette Service Co., Inc. The present corporate name was adopted in July, 1946. Company was originally organized to continue in corporate form the business there-tofore conducted by the partnership of Rowe Cigarette Vending Co., which had been founded in 1928.

Since their inception, the company and a number of its subsidiaries have been engaged in the automatic merchandising business in the course of which they operate, maintain and service coin operated merchandising machines through which they sell merchandies such as cigarettes, cigars, candy and similar products.

In 1932 the company expanded its activities by undertaking the design, development, manufacture and sale of automatic merchandising machines. In order to segregate the manufacturing activities, the company organized Rowe Manufacturing Co., Inc. (N. Y.) all the outstanding capital stock of which was acquired and is still owned by the company.

The company operates in and about the City of New York and from time to time has organized subsidiaries to engage in the automatic merchandising business in other localities.

OPTIONS TO UNDERWRITERS—Robert Z. Greene, one of the selling reaching and the colling of the testing of the testi

automatic merchandising business in other localities.

OPTIONS TO UNDERWRITERS—Robert Z. Greene, one of the selling stockholders, at the time of delivery of the 150,000 shares of common stock now offered will issue, at 10¢ per option, an aggregate of 30,000 options, each of which entities the holder thereof to purchase from Robert Z. Greene, on or before Nov. 28, 1952, one share of common stock for \$8.75, the initial public offering price of the 150,000 shares. Hayden, Stone & Co., one of the principal underwriters, will purchase 15,000 of such options. The remaining options will be purchased by the several underwriters, including Hayden, Stone & Co., on the basis of one option for every 10 shares of common stock purchased by such underwriters. 9,250 of such options purchased by Hayden, Stone & Co., will be sold by Hayden, Stone & Co. to Lehman Brothers at 10¢ per option. Hayden, Stone & Co. will retain a total of 9,250 options. Company has been informed that the 30,000 options are being acquired by Hayden, Stone & Co.,

the several underwriters and Lehman Brothers for investment and that such firms presently do not intend to offer the same.

FRIDAY - WEEKLY - YEARLY

NOTICE—Prices are "and interest"—except for income and defaulted bonds. Cash and deferred delivery sales are disregarded in the week's range, unless they are the only transactions of the week, and when outside of the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

The italic letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

Figures after decimal point represent one or more 32d of a point.

NEW YORK CURB EXCHANGE WEEKLY AND YEARLY RECORD

NOTICE—Cash and deferred delivery sales are disregarded in the week's range unless they are the only transactions of the week, and when selling outside the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

In the following extensive list we furnish a complete record of the transactions on the New York Curb Exchange for the week beginning on Saturday, Nov. 15, and ending the current Friday, Nov. 21. It is compiled from the daily reports of the Curb Exchange itself, and is intended to include every security, whether stock or bond, in which any dealings have occurred during the current year.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Nov. 22, clearings for all cities of the United States from which it is possible to obtain weekly clearings will be 20.1% above those of the corresponding week last year. Our preliminary total stands at \$15,988,664,463 against \$13,311,798,376 for the same week in 1946. At this center there is a gain for the week ended Friday of 42.7%. Our comparative summary for the week follows:

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results for the week previous — the week ended Nov. 15. For that week there was an increase of 4.0%, the aggregate of clearings for the whole country having amounted to \$13,017,854,647 against \$12,516,-022,568 in the same week in 1946. Outside of this city there was a gain of 8.9%, the bank clearings at this center having recorded a loss of 0.7%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York District (including this city) the totals show a decrease of 0.5% but in the Boston Reserve District the totals show an increase of 2.4% and in the Philadelphia Reserve District of 4.1%. In the Cleveland Reserve District the totals are larger by 8.5%, in the Richmond Reserve District by 2.6% and in the Atlanta Reserve District by 9.9%. The Chicago Reserve District enjoys a gain of 9.7%, the St. Louis Reserve District of 24.2% and the Minneapolis Reserve District of 10.6%. In the Kansas City Reserve District the totals show an improvement of 13.0%, in the Dallas Reserve District of 18.1% and in the San Francisco Reserve District of 8.2%.

HISTORY AND BUSINESS—Corporation was incorporated in New York Oct. 27, 1941. Because of the outbreak of the war following closely upon incorporation, the company was prevented from embarking on its program of peacetime production. Consequently, the company's principal activities, from the date of incorporation to the end of the Japanese war, were the manufacture for the Army and Navy of rifle and machine gun parts, bomb fuses and other ordnance materiel.

In addition, beginning late in 1944, the company undertook for the U. S. Army Engineer Board the development of electrically driven outboard motors. Such motors were developed and approved by the Board, but the cessation of hostilities occurred before quantity production was started. The company open parts of the company of the company in the company of the company relate to trailer hitches, bumper brackets and to product to manufacture any of these items except the electric outboard motors which are sold under the name of "Silvertrol." The company intends to license others to manufacture and sell under the other patents and is presently negotiating with others in this regard.

Following the cessation of hostilities, the company embarked on a program of reconversion to pea

motors.

The corporation has been actively cooperating with the Hession Microsol Corp. for several months in the development of electric motors of various sizes especially designed for the Microsol machine. These motors are especially engineered and constructed with a hollow shart, being a fully enclosed motor.

Hession Microsol proposes to have Silver Creek Precision Corp. manufacture for them the complete unit of all the Microsol machines operated by electric motors and they advised the company that they are prepared to place substantial orders with it. The company is presently unable to make any representations as to the extent of such orders or as to the time when such orders will be delivered.

CAPITALIZATION—Company configually had an enthesized content.

presently unable to make any representations as to the extent of such orders or as to the time when such orders will be delivered.

CAPITALIZATION—Company originally had an authorized capital of \$10,000, consisting of 2,000 shares of common stock (\$5 par), all of which was issued and outstanding. On Jan. 18, 1946, company's authorized capital was changed to 300,000 shares of common stock (par 40 cents), and the 2,000 shares of common stock (\$5 par) were exchanged for 168,000 shares of common stock (\$7 par) developed for 168,000 shares of common stock (\$8 par) developed for 168,000 shares of common stock (\$8 par) developed for 168,000 shares of common stock (\$8 par) developed for services in arranging such financing. On May 3, 1947, the authorized capital stock was increased to 500,000 shares (par 40 cents). Prior to Dec. 31, 1946, Lawrence Schmitt, President, had advanced company \$30,000. In order to obviate the necessity of subordinating this obligation to the proposed loan of RFC to the company, Lawrence Schmitt agreed on May 22, 1947, to accept in satisfaction of said obligation, 15,000 shares of common stock computed at rate of \$2 per share. As a result of all of the foregoing transactions, there are presently issued and outstanding 265,000 shares of common stock (par 40 cents). When this financing is completed and all the shares being offered are issued, the capitalization will consist of 414,850 shares of common stock, (par 40 cents), all of which will be issued and outstanding and 85,150 shares of authorized but unissued shares of common stock, of which 29,985 shares will be reserved for the exercise of varrants.

STOCK PURCHASE WARRANTS—Directors have the right to issue warrants evidencing the right to subscribe for one or more shares of the common stock upon such terms and conditions as may be deter-

mined in their discretion. Company intends to issue at this time up to 29,985 warrants entitling the holders thereof to purchase 29,985 shares of common stock, each warrant evidencing the right to subscribe to one share of common stock at \$2 per share. The warrants may be exercised during the period beginning one year after the 30th day following the filing of the letter of notification in connection with this public offering. These warrants will expire three years from date of filing of the letter of notification. Company has agreed to sell the warrants at 1 cent per warrant.

Upon the sale of these shares, First Colony Corp. shall have the right to purchase 15,000 warrants and an additional right to purchase one warrant for every 10 shares of stock sold. This right shall be operative pro rata.

PURPOSE—The net proceeds are estimated at approximately \$230,-000. Company expects to apply the entire amount to working capital. STATEMENT OF INCOME. NINE MONTHS ENDED SEPT. 30, 1947.

STATEMENT OF INCOME, NINE MONTHS ENDED SEPT. 30, 1947 Loss from operations.

Soss Manufacturing Co.—Declares Extra and Doubles Quarterly Dividend Rate—

On Nov. 18, the directors declared an extra dividend of 12½ cents per share and a regular quarterly dividend of 25 cents per share on the 195,000 shares of \$1 par value common stock outstanding, both payable Dec. 15 to holders of record Dec. 5. On Sept. 15, last, dividends were resumed on this issue by the payment of a quarterly of 12½ cents, the first since Sept. 16, 1946 when a like amount was paid. Disbursements last year totaled 37½ cents per share.—V. 166, p. 1096.

Southern California Edison Co.—Reduces Proposed Financing from \$40,000,000 to \$20,000,000—New Preferred Issue Filed with SEC—

The company has reduced its proposed cumulative preferred stock financing program from \$40,000,000 to \$20,000,000, according to an amended application filed Nov. 18 with the California P. U. Commission. On Oct. 30, last, the company filed its original application with the Commission for permission to issue and sell at competitive bidding a new issue of camulative preferred clock amounting to \$40,000,000.

The company also filed Nov. 18 with the San Francisco' regional office of the SEC a registration statement covering the proposed offering of \$20,000,000 cumulative preferred stock. The price and dividend rate will be determined at competitive bidding early in Proceeds of the issue will be used by the company for partial repayment of current bank loans.

W. C. Mullendore, President, commenting on the revised financing program, stated that "taking into consideration prevailing conditions in the utility preferred stock market, it is our opinion that an issue of \$20,000,000 of cumulative preferred stock of the Edison company can be marketed at this time on more favorable terms to the company than the larger amount originally asked for."

To meet increased electric demands in the the territory it serves, the company in the first nine months of 1947 expended approximately \$35,000,000 on its construction program. An additional \$13,171,012.

Southern Colorado Power Co.-Weekly Output-

Electric output of this company for the week ended Nov. 15, 1947, totaled 2,597,000 kwh., as compared with 2,317,000 kwh. for the corresponding week last year, an increase of 12.1%.—V. 166, p. 1998.

Southern Pacific Co.—Declares \$1 Dividend—
The directors on Nov. 20 declared the usual quarterly dividend of \$1 per share on the capital stock, payable Dec. 22 to holders of record Dec. 1. A similar distribution was made on March 24, June 16 and Sept. 22, last, and in each quarter during 1946.

HISTORY AND BUSINESS—Company was incorporated in Delaware May 29, 1899, and on July 15, 1915 was incorporated in Pennsylvania at which time it relinquished its Delaware charter. Company has two wholly owned subsidiaries, International Graphite & Electrode Corp. (N Y.), organized in 1930, and International Graphite Corp. of Canada, Ltd., organized in 1937. Company also owns 50% of the capital stock of Speer Resistor Corp.

The company manufactures and sells both carbon and graphite products. These two general classifications may be differentiated according to methods of processing. Petroleum coke is the basic raw material for substantially all the company's output. In general, this material is treated, ground to a flour and mixed with certain ingredients, including a binder such as coal tar pitch. The resultant mixture is molded or extruded into the desired shapes, and then baked in gas, coal or oil fired furnaces. Material so processed is classified as carbon products. The manufacture of graphite products is identical through the steps outlined above, but graphite must be further baked in electric furnaces at temperatures greatly exceeding the initial baking. Depending upon the end use of the products, and largely due to the length of time required in baking, the carbon production cycle requires varying periods up to 45 days, while the graphitizing cycle may add an additional 30 days.

The company's products may be divided into three broad categories: electrodes, brushes and specialties. These products are manufactured in a large number of shapes and sizes and possess varied physical properties.

Springfield Fire & Marine Insurance Co.—Offering to Stockholders—First Boston and Kidder, Peabody Head Underwriters—Company offered Nov. 19 to its stockholders a new issue of 200,000 shares (\$10 par) capital stock at \$38 per share, on the basis of one share of new stock for each 2½ shares of common stock held of record at 10.30 a.m. on Oct. 6, 1947. The First Boston Corp. and Kidder, Peabody & Co. head a nationwide group of investment banking firms which is underwriting the offering to stockholders. The subscription period expires at 3 p.m. on Dec. 5, 1947. 3 p.m. on Dec. 5, 1947.

3 p.m. on Dec. 5, 1947.

Proceeds from the sale of the new stock will provide the company with additional working capital. The rapid growth in premium volume in recent years has made it advisable to obtain additional capital funds so that the company may continue to write its share of desirable insurance business and will strengthen the relationship of its capital funds to the volume of premiums written.

The company is currently paying quarterly dividends of 47½ cents per share or at the annual rate of \$1.90 per share.

Company and its four subsidiaries are known as the Springfield Group. Represented by more than 10,000 insurance agencies in the United States, Alaska, Hawaii and Canada, the Springfield Group has facilities for the writing of every standard form of fire, allied lines, inland marine and casualty insurance policies. The company was organized in 1849 and has been continuously in business since 1851. With the exception of the year 1866, it has paid dividends on its capital stock in each of the last 96 years. Total admitted assets of the Group for the 12 months ended Aug. 31, 1947, amounted to 861.398,599 and net premiums written were \$38,572,133.

Texas Co.—Unit Borrows from Banks—
On Oct. 22 Overseas Tankship Corp. of which 50% is owned by the Texas Co. and 50% by Standard Oil Co. of California, borrowed \$2,500,000 from the Bankers Trust Co., New York, N. Y., and \$2,500,000 from the Continental Illinois National Bank & Trust Co. of Chicago, both loans evidenced by 2% notes, payable in five instalments of \$500,000 each, beginning Oct. 22, 1953. The Texas Co. and Standard Oil Co. of California agree if at any time a default occurs in the payment of the principal or interest on the notes each severally will purchase an undivided one-half interest in the note for a purchase price of 50% of the unpaid principal and 50% of the accrued interest. The Texas Co. also reveals that in November 33 promissory notes totaling \$2,525,920 were given to the United States Maritime Commission, and on Nov. 1 there were \$8,169,095 outstanding. The new notes represent the unpaid purchase price of the S. S. Kernstown and the S. S. Hubbardton delivered to the company by the Maritime Commission.—V. 166, p. 1620.

Tide Water Associated Oil Co.—Stockholders to Vote n Retiring Stock—New Debenture Issue to Be Placed

Privately-Privately—

The stockholders will vote Dec. 8 on approving the purchase, at \$25 per share, blocks of company's common stock argregating 1,923,447 shares, and in connection therewith issue and sell \$50,000,000 of its debentures, in order to permit such purchase without depletion of company's working capital.

The company has contracted with the Metropolitan Life Insurance Co. for the sale of the \$50,000,000 2.80% 25-year sinking fund debentures at par on or before Dec. 31, 1947.

J. Paul Getty and certain trusts (Getty interests) own approximately 85% of the common stock of Pacific Western Oil Corp. which, in turn, owns approximately 47% of the common stock of Mission Corp.

The latter corporation owns 1,345,593 shares of Tide Water Associated common stock, and Pacific Western itself directly owns 577,854 shares. Thus, Pacific Western and Mission own an aggregate of 1,923,447 shares, representing approximately 30% of the total outstanding common stock of this corporation, this being by far the largest single holding of its stock.

The Getty interests have now entered into a contract with Sunray Oil Corp. for the sale to Sunray of their holdings in Pacific Western on the conditions, among others, (1) that the sale be closed on or before Dec. 23, 1947, (2) that upon such purchase Pacific Western and Mission be merged with and into Sunray and (3) that Sunray will complete arrangements for financing such purchase. In pursuance of the plan, Sunray, Pacific Western and Mission have entered into an agreement of merger subject to the approval of their respective stockholders at meetings called to be held on Dec. 5 and 6, 1947. If the merger becomes effective, the 1,923,447 shares of Tide Water Associated common stock will become vested in Sunray.

On the assumption that the acquisition by the corporation of these 1,923,447 shares of stock would be of advantage to it, if they could be acquired on terms satisfactory to its stockholders, the corporation on Oct. 27, 1947, entered into an agreement with Sunray for the purchase from Sunray of said shares at the price of \$25 per share, or an aggregate of \$48,086,175, subject to the conditions, among others, on the part of Sunray that the above-mentioned merger becomes effective, and on the part of Tide Water Associated (a) that it make arrangements satisfactory to its board of directors for the issue and sale of \$50,000,000 of debentures and (b) that the purchase of such shares and sale of such debentures be approved by the affirmative wote of the holders of at least a majority of its voting stock, which wote shall include a majority of such stock other than the shares to be purchased. There are 239,623 shares of preferred stock and 6,396,809 sha

William F. Humphrey, President, in letter to stock-

William F. Humphrey, President, in letter to stock-holders, states:

In submitting the proposal to the stockholders, the board of directors does not intend to make any material changes in the basic policies heretofore pursued by the corporation. Corporation has been engaged in a program, on the cne hand, to maintain and increase its oil reserves and to enlarge and improve its manufacturing and other operating facilities and, on the other, to reduce the funded debt and preferred stock and the charges thereon ahead of the common stock. For example, since Dec. 31, 1937, which was the end of the year in which the corporation refunded its then outstanding funded debt and preferred stock, such senior obligations have been reduced from a stotal of \$88,405.000 to an aggregate of \$28,463.000 as of \$89t. 30, 1947, and the interest and dividends thereon have been reduced from a stotal of \$3.994.000 per annum as of Dec. 31, 1937, to \$890,000 per annum as of \$89t. 30, 1947, Concurrently, during such period of approximately 10 years, the corporation carried out a carefully considered capital expenditure program.

(1) Voting Power. The retirement of the 1,923,447 shares would eliminate the present holdings of Pacific Western and Mission amounting to 30% of the voting power of the common stock.

(2) Book Value. Giving effect to the proposal as of \$8pt. 30, 1947, would result in an increase in the book value of the common stock from \$27.06 to \$27.95 per share.

(3) Equity in Earnings. Assuming that the proposal had been carried out as of Jan. 1, 1947, the net income per share of common stock activated by \$50,000,000 and interest charges on funded debt in the first instance at the annual rate of \$1,400,000 per annum (or \$868,000 after Federal income tax at present rates). Dividends are being paid on the common stock at the present time at the rate of \$1.20 per share which for the 1,923,447 shares proposed to be retired would amount to \$2.303,136 annually on the bressent banks, or \$1,400,136 more than the net interest charge of \$

the stockholders to render the main decision to consummate of Accepte proposal.

It is presently assumed that the 1,923,447 shares of this corporation's common stock will be purchased from Sunray Oil Corp. However, inasmuch as conditions may create a situation under which Sunray will be unable to make delivery of the shares before the end of this year, the directors consider it advisable to submit this proposal to the stockholders in such form that their favorable vote will also authorize a purchase of the shares at a later date from Sunray or from the present holders or anyone who might acquire them, at such price as the board of directors might approve, but not exceeding \$25 per share. Such a favorable vote will also authorize the issue and sale of \$50,000,000 of debentures, on such terms and conditions as the board of directors shall approve

Expansion in New Jersey—
Alexander Calder, President and Chairman of the board of directors, announced on Nov. 13 the purchase of the Trenton Container Co. and also the acquisition of a new factory building near Trenton, N. J., in which the equipment of the Trenton Container Co. and additional facilities will be installed.

"These acquisition," said Mr. Calder, "are part of a program now nearing completion, to establish corrugated container factories in the country's important consuming centers. These factories will supplement the main corrugated box-making operations of Union Bag, located at Savannah, Ga."

The new factory building near Trenton, N. J., is a modern onestory structure of brick and steel sash construction, covering over 100,000 square feet of floor space. The building which was completed within the past two years, will be enlarged to 130,000 square feet and the equipment of the Trenton Container Co. will be increased to bring the capacity of the new plant up to approximately 3,000 tons a month. The former owners of Trenton Container Co., R. W. Williams and E. E. Gaus, will continue as local sales and operating managers.—V. 166, p. 1999.

Universal Laboratories, Inc.—Stockholders File Suit-

Universal Laboratories, Inc.—Stockholders File Suit—
A derivative stockholders' suit has been instituted in behalf of this corporation against Lowell M. Birrell, former Chairman of the board; Morris H. Gotthilf, present Chairman, and other members of the corporation's past and present boards of directors, it was disclosed on Nov. 6 by Abraham N. Geller, of the firm of Geller & Sasiow, attorneys for the plaintiff stockholders. Other defendants include The Greater New York Industries, Inc., American Druggists Syndicate, Inc., Louisville Fire & Marine Insurance Co., Securities Corporation General and Rhode Island Insurance Co. Plaintiffs are a group of stockholders residing in Chicago, Tl., holding approximately 4,000 shares of Universal common stock and additional stockholders from that locality are expected to join in the suit.

The complaint filed in the U. S. District Court, Southern District, New York, covers various transactions in which Universal was engaged dating from March of 1946. A number of the transactions complained of involve dealings between Universal and a subsidiary corporation, and corporations controlled by Mr. Birrell. Following these transactions in February of this year, Mr. Birrell and certain of his associates acquired control of Universal. In August of this year, the Birrell group retired in favor of Mr. Gotthilf group acquired control, Universal bought from Gotthilf 3,000 shares of Smico, Inc., whose sole asset is all the common stock of Sleight Metallic Ink Co. of Illinois, Inc., in exchange for 47,000 shares of Universal common stock. An agreement between Gotthilf and the corporation provides that if the 47,000 shares of Universal stock are not fully listed on the New York Stock Exchange by a stipulated date, Gotthilf is to receive, in lieu of the stock, \$246,750 in cash. It is alleged that the stock of Smico, Inc., which has outstanding a \$650,000 promissory note payable to Mr. Gotthilf, its Chairman, in exchange for the 3,000 common shares to be issued to Morris H. Gotthilf, its Cha

Court Decisions on School District Bonds — Brooke, Tindall & Co., Atlanta, have furnished us with the following texts of letters, dated Nov. 17, received by the bond house from their attorney, Mr. Sumter Kelley.

"The Supreme Court of Georgia

has handed down its decision involving the validity of the above bonds and has affirmed the judg-

ment of the trial court validating and confirming said bonds.

"As a part of the decision the Court held that a county school district is a separate political divi-sion of the State such as to austor of the State such as to authorize the incurring of a bonded indebtedness up to 7% of the assessed valuation of its taxable property independent of and in a d d i ti on to any outstanding bonded indebtedness incurred by any of its companent former local any of its component former local school districts prior to their merger into a county wide school school

"This is a rather important ruling, for as you can see, it will in many instances allow the issuance of considerable more bonds than we thought possible under the interpretation given the Court's opinion in the Stephens County School District case. . .

"The Supreme Court has renered its decision in the Davis vs. Coffee County Board of Educa-tion case and held the Act of March 27, 1947, (Act No. 322, Ga. L. 1947, p. 1186) is in conflict with Article I, Section IV, Paragraph I of the Constitution of this State and is therefore invalid

and is therefore invalid.

"Of course, this means that there can be no valid Nicholls School House District Bonds."
