B. P. Cooper, an FCC examiner, on July 28 recommended that the company be permitted to acquire Western Union Telegraph Co.'s remaining toll telephone business located in 28 states for \$2,400,000 and itself discontinue telegraph message service, leaving the latter field to Western Union. A. T. & T. telegraph message service is largely concentrated in California, Idaho, Nevada, Oregon and Washington. He added that such approval should serve to suspend any application of anti-trust statutes to the transaction. Unless objection is raised the examiners report will become a final commission authority within 40 days.—V. 172, p. 473.

Corporate Financing—Preferred Stock Retired—

On June 30, 1950, the company had established credit lines with banks aggregating \$372,650,000, of which only \$118,095,000 were in use, the balance of \$254,555,000 being available. On the same date the company had \$171,171,000 short-term notes outstanding in the open commercial paper market with banks, corporations, insurance companies and other investors who hold these notes for temporary investment purposes.

The first step in the refinancing program announced to the stockholders earlier this year has been satisfactorily concluded.

Stockholders, representing all but 5,430 shares of a total outstanding of \$250,000 shares of preferred stock, elected to exercise their conversion privilege and continue as stockholders of the company, holding common stock. This left then only 9,502 common shares not converted out of the total of 437,500 shares originally reserved for that purpose. The conversion of the preferred stock having been underwritten these remaining shares were subsequently sold to the underwriters.

In view of the curtailed volume and outstandings, as well as net income resulting from the effects of the Chrysler strike and the possibility of a further curtailment arising out of the rearmament program, the directors have decided to postpone consideration of the sale of \$25,000,000 of new preferred stock, as originally planned. General Electric Co.—Output at Record Levels—

In the event of all-out mobilization, this company is in a position to produce substantially double what it produced during World War II, Charles E. Wilson, President, declared recently.

He said that with its postwar expansion program completed and production currently at record-breaking levels, the company is far better prepared than at any other time in its peacetime history to meet demands made upon it by the Armed Services. Mr. Wilson revealed that because of the current emergency, the company has accelerated its mobilization planning, an activity which was resumed shortly after the end of World War II.

He said that approximately 20% of General Electric's current business is defense work. The company had a substantial backlog of defense contracts long before the Korean War, but some of these have now been increased, he pointed out. Details cannot be revealed for security reasons.

"Our best preparation for any general emergency has been our \$500,000,000 expansion program to meet the unprecedented demands for both industrial and domestic electric equipment, our new strength in trained personnel in all phases of the company's operation, and our augmented supply lines from vendors and sub-contractors," Mr. Wilson declared.

Mr. Wilson said that since 1941 the number of G-E plants has nearly doubled, from 61 to 115 at present, the latter figure not including several plants operated for the government.—V. 172, p. 476.

Missouri Pacific RR. Co.—Court Approves Plan—

Judge G. H. Moore in the U. S. District Court at St. Louis, Mo., on July 29 approved without change a reorganization plan previously approved by the ICC which would wipe out common stock holdings.

In a memorandum Judge Moore ruled the plan fair and equitable, affords due recognition to rights of each class of creditors and stockholders, does not discriminate unfairly in favor of any class of creditors and conforms to requirement of law regarding participation of various classes of creditors and stockholders.

Referring to common stock interest, the opinion stated that "the Commission's findings of no value for the stock of Missouri Pacific and its secured creditors and stockholders of International Great Northern RR. Co., a subsidiary, have been affirmed."

Judge Moore ordered attorneys to prepare a decree putting his order into effect. He ordered that all objections and claims for equitable treatment be denied. Effective date for the new plan was set for Jan. 1, 1948. Presumably this would be the date from which interest on new fixed debts would accrue, it is reported. Capitalization under the new plan was set at slightly less than \$612,000,000.

T. C. Davis, Chairman, states that it appears certain the company will appeal the decision of the court approving the reorganization plan. Appeals by interested parties, he declared, will probably not be heard until some time next year.

According to Mr. Davis, the company's properties could best meet the demands of the current war period if freed from difficulties of receivership. A prompt and realistic reorganization under the Mahaffie Act may ultimately be required before problems of this more than 17-year-old receivership are solved.

No plan should be favored, according to Mr. Davis, unless it affords maximum of permissible tax protection. Cash on hand in the receivership properties total \$100,000,000, he declared, and forecast a substantial increase.—V. 172, p. 382.

Proceeds of the note sale are to be used to pay off \$3,750,000 of bank borrowings from The First National Bank of Boston. New England Public Service Co.—Plan Approved—

The SEC on Aug. 9 announced the issuance of an order denying petitions for rehearing upon its order of June 19, 1950, which provided for payments of \$12.25 and \$2.25, respectively, for each share of \$7 series and \$6 series prior lien preferred stocks of this company, (plus in each case compensation for the delay in payment of that amount at the rate of 5.5% per annum from Oct. 10, 1947), over and above the \$100 per share payments made at the time of the retirements of the stocks in 1947.

Upon retirement of such stocks pursuant to a plan heretofore approved by the Commission, the holders thereof were issued Certificates of Contingent Interest representing claims to such additional payments as may be authorized by the Commission and the enforcement court.

The petitions for rehearing had been filed by David J. Greene, et al, committee for common stockholders of NEPSCO and shareholders of Northern New England Co. (parent), and by State Street Investment Corp., R. V. Engstrom, et al, holders of said Certificates of Contingent Interest, the latter petition being joined in by Russell B. Stearns. According to the Commission, the petitions "raise no matters of substance not previously considered by the Commission."

The Commission further announced that NEPSCO had modified its plan for the retirement of the prior lien preferred stock, \$7 series and \$6 series, to provide for additional payments to holders of the Certificates of Contingent Interest in accordance with the Commission's order of June 19, 1950.

The modified plan was approved by the Commission on Aug. 9 as "fair and equitable to the persons affected thereby." The Commission further announced that it would apply immediately to the U. S. District Court for the District of Maine, Southern Division, for approval and enforcement of the amended plan.—V. 172, p. 382.

Conditioned upon favorable action on the company's application to the New York P. S. Commission for an interim increase in rates, the action on which is expected shortly, the company has an informal commitment from an institutional investor to purchase the bonds on Nov. 1, 1950, together with \$1,550,000 of 4¼% sinking fund debentures, due Nov. 1, 1970. Should the company be able to consummate the sale of bonds and debentures, the proceeds will be used to retire on Nov. 1, 1950, \$4,466,990 of first mortgage 5½% bonds, series A, due Nov. 1, 1951 and \$1,409,000 of first mortgage 5½% bonds, series B, due Nov. 1, 1951. The new securities are subject to approval of the Commission.

Niagara Hudson Power Corp.—To Pay Off Bank Loans

This corporation and Niagara Mohawk Power Corp. on Aug. 14 filed with the SEC an application to expedite completion of Niagara Hudson's plan for dissolution. This application proposes that Niagara Hudson will pay off its bank loan on Nov. 1, 1950, and will distribute to Niagara Hudson's remaining stockholders their pro rata share of common stock of Niagara Mohawk, commencing Dec. 4, 1950.

Niagara Hudson proposes to use its treasury funds to pay off the bank loan. It would reimburse such funds from a dividend it expects to receive on Dec. 31, 1950 on its holdings of the common stock of Niagara Mohawk Power Corp.

The bank loan of Niagara Hudson, which originally amounted to \$400,000 in November 1945, now amounts to \$1,500,000, and will be further reduced to \$750,000 on Oct. 1, 1950. The balance of \$750,000 would then be paid in full on Nov. 1, 1951.

The application proposes Dec. 4, 1950, as the effective date for the distribution of Niagara Mohawk stock. Niagara Hudson's plan of dissolution provides that when its bank loan is paid in full, its remaining outstanding common stock is to be surrendered in exchange for common stock of Niagara Mohawk Power Corporation. This exchange will be on the basis of 78/100 of a share of Niagara Mohawk common stock for each share of Niagara Hudson common stock.

Holders of nine or less shares of Niagara Hudson common stock may elect to receive cash instead of their pro rata shares of Niagara Mohawk common. This offer of cash payment would then become effective on Dec. 4, 1950, and will terminate on Feb. 1, 1951.

It is anticipated that Niagara Mohawk Power Corp. set Dec. 2, 1950 as the record date for the payment of the quarterly dividend, if declared, on its common stock for the period ending Dec. 31, 1950. This dividend will then be payable Dec. 21, 1950.

Bearer stock certificates are to be issued for fractional shares of Niagara Mohawk common stock. For the convenience of stockholders, fractional shares can be either bought or sold through the company's exchange agent, J. P. Morgan & Co. Incorporated, 23 Wall St., New York 8, N. Y., without commission.—V. 172, p. 573.

The action will affect about 72,000 consumers served by Niagara Mohawk's Syracuse-Oswego division. Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give final and complete results of the week previous—the week ending Aug. 12. For that week there was an increase of 17.3%, the aggregate of clearings for the whole country having amounted to \$14,441,698,938 against \$12,309,530,165 in the same week in 1949. Outside of this city there was a gain of 20.2%, the bank clearings at this center having recorded a gain of 14.5%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York District (including this city) the totals show an improvement of 14.6%, in the Boston Reserve District of 21.3% and in the Philadelphia Reserve District of 12.3%. In the Cleveland Reserve District the totals are larger by 25.2%, in the Richmond Reserve District by 19.4% and in the Atlanta Reserve District by 25.3%. In the Chicago Reserve District the totals record a gain of 17.8%, in the St. Louis Reserve District of 25.6% and in the Minneapolis Reserve District of 13.5%. The Kansas City Reserve District has to its credit an increase of 25.8%, the Dallas Reserve District of 22.0% and in the San Francisco Reserve District of 21.3%.
