Financial Program Approved—

The stockholders at a special meeting held on Nov. 15 approved by a substantial majority large-scale future financing to meet continuing heavy demands for service.

The stockholders voted to raise the limit of the number of shares of stock which can be issued from 35,000,000 to 45,000,000. Substantially all shares of A. T. & T. stock previously authorized have been issued, are reserved for conversions of outstanding convertible debentures, or are being purchased by employees at the present time.

Authority was voted to the board of directors to issue, at its discretion, up to \$435,000,000 in convertible debentures.

Approval was given to a new employees' stock plan which makes it possible for the company, at the discretion of the directors, to offer a maximum of 3,000,000 shares to its employees and those of its subsidiaries on an installment basis. The terms are virtually the same as the plan approved in 1946, under which employees have bought or are buying 2,600,000 shares.—V. 172, p. 1826.

Anglo American Corp. of South Africa, Ltd.—Rights—

I. duPont de Nemours & Co. The total cost of this plant is estimated at \$4,000,000 of which it is estimated that \$1,200,000 will be expended in 1951 and the balance in 1952.

The company believes that financing to the extent of approximately \$2,000,000 will be necessary in order to carry forward the above construction program through 1951. However, the nature and timing of such financing cannot now be determined.

Bankers Securities Corp.—Seeks Exemption Order—

This corporation on Nov. 13 requested the SEC to issue an exemption order authorizing Bankers to purchase from Hearn Department Stores, Inc. (N. Y.), all shares of Hearn's 5% cumulative convertible preferred stock which may be unsubscribed pursuant to a general offering of such stock by Hearn to the holders of all shares of its common stock.

According to the application, Hearn has negotiated a loan commitment with the First National Bank of Boston in the amount of \$2,000,000 to bear interest at the rate of 3½% per annum. As a principal condition of the loan commitment, Hearn has undertaken to obtain prior to Jan. 31, 1951, at least \$1,000,000 in cash less reasonable expenses and discounts through the issuance and sale of a convertible preferred stock or of a subordinated obligation. The preferred stock which was authorized by stockholders on Nov. 6 will be offered by Hearn to holders of its common stock for subscription at the par value thereof, on the basis of one share of preferred stock for each seven shares of common stock held. Bankers has agreed to waive its subscription rights for preferred stock with respect to 4,413 shares of common stock but proposes to exercise subscription rights with respect to all other shares of the Hearn's common stock which it owns. In order that Hearn may be assured all shares of its preferred stock will be sold prior to Jan. 31, 1951, the expiration date of the bank's commitment to make the loan, Hearn proposes to enter into a standby agreement with Bankers in consideration of a fee of \$30,000 in addition to out-of-pocket expenses and counsel fee, whereby Bankers will agree to purchase at the offering price such number of shares of preferred stock as may not be subscribed for by the holders of the common stock.

Because of intercompany affiliations, the proposed transaction is prohibited by statute unless the Commission issues an exemption order. The SEC has given interested persons until Nov. 27, 1950 to request a hearing on the application.—V. 172, p. 1826.

Electric Bond & Share Co.—SEC Staff Urges Denial of Application to Retain United Gas Corp. Holdings—

The Division of Public Utilities of the SEC on Nov. 16 filed an advisory report urging the Commission to deny the application of this company for relief from its existing commitment to dispose of its holdings of 2,870,653 (26.95%) shares of its subsidiary, United Gas Corp.

The recommended decision of the staff expressed no opinion as to Bond and Share's future status should it propose to become an investment company without United, or as to the retainability of an interest in Foreign Power.

Bond and Share's other assets consist principally of its holdings of certain securities of American & Foreign Power Co., Inc., Ebasco Services, Inc., and the common stocks of American Power & Light Co., Florida Power & Light Co., The Montana Power Co., Minnesota Power & Light Co., Texas Utilities Co., and The Southern Co. By reason of action taken in connection with other proceedings before the Commission Bond and Share is committed to dispose of these securities, other than Foreign Power and Ebasco.

A common stockholders' committee of Electric Bond and Share, and General American Investors Co., Inc., a substantial holder of the common stock of Bond and Share and United, have previously filed briefs in opposition to Bond and Share's proposals.

The Division's recommendation is advisory only, and the Commission will not reach a decision until interested parties have had full opportunity to be heard, both in writing and in oral argument before the Commission, with respect to the pending application and the Division's recommendation.

Distribution Approved—

This company has received SEC authorization to distribute to its stockholders a portion of its holdings of common stock of Texas Utilities Co.

Bond and Share owns 343,844 shares, or 7.2% of the outstanding shares, of the common stock of Texas Utilities, and is under a commitment to dispose of this stock by Feb. 15, 1951.

The directors of Bond and Share on Oct. 11, 1950, declared a dividend of 3¼ shares of the common stock of Texas Utilities for each 100 shares of Bond and Share's common stock, payment being contingent upon the Commission's entering an order authorizing Bond and Share to make such distribution to its stockholders. This dividend will result in the distribution of 196,888 shares of Bond and Share's holdings of Texas Utilities common stock.

Fractional shares will not be delivered.—V. 172, p. 1731.

In a decision announced on Nov. 13 the SEC dismissed "as premature in view of the present status of the proceeding" applications by two preferred stockholder groups of International Hydro-Electric System (Boston) filed in the course of proceedings for the liquidation and dissolution of the said holding company system.

Pursuant to a plan filed by the trustee of IHES and approved by the Commission by orders of Dec. 6, 1949, and June 13, 1950, the trustee of IHES disposed of 340,000 shares of common stock of Gattineau Power Co. and retired the debentures of IHES. In connection therewith the trustee borrowed from a bank \$9,500,000 on a two-year collateral note bearing interest at the rate of 2¼% per annum, which note is now outstanding in the amount of \$9,000,000. The question of the payment of the bank loan and the allocation of the residual estate of IHES among its preferred and class A stockholders is to be the subject of a hearing scheduled to commence on Nov. 14, 1950, on Parts III and IV of the trustee's second plan for the liquidation and dissolution of IHES.

The applications which were dismissed in the decision announced on Nov. 13 were (1) application of the protective committee for preferred stockholders requesting that the trustee be directed to sell enough common stock of Gattineau to pay off the bank loan and to distribute the remaining Gattineau stock ratably among the preferred stockholders of IHES without prejudice to a subsequent determination by the Commission of the preferred stockholders' claims and of the ultimate disposition of the remaining assets of IHES, and (2) a petition of the preferred stockholders' group requesting the Commission to segregate for preliminary determination the issue whether the preferred stockholders are entitled to the liquidation value of their stock, and, pending such determination, to direct the resumption of dividend payments on the preferred stock.—V. 172, p. 1733.

Merritt-Chapman & Scott Corp.—Decision Reversed—

By a two-to-one decision, the U. S. Court of Appeals for the Second Circuit has decided that whenever a holder of a common stock purchase warrant of this corporation may elect to exercise his warrant, he will be entitled to receive 1.4 shares upon paying the "basic purchase price" for one share. The case was heard before Circuit Judges Learned Hand, Swan and Clark.

The opinion, in which Circuit Judge Clark was the dissenter, reversed the judgment of the U. S. District Court for the Southern District of New York which had previously ruled that holders of common stock purchase warrants would have to exercise their warrants on or before the record date (Sept. 15, 1950), in order to be entitled to the stock dividend of 40% per share voted by the board of directors on July 12, 1950.

The New York Trust Co., as trustee of the 1928 trust indenture under which the warrants were issued and are subject, appealed this lower court judgment. In his dissenting opinion, Judge Clark, in referring to this trust indenture, described it as "a complicated agreement where diverse contentions are possible."

The corporation has not yet determined what action, if any, it will take with respect to the Court of Appeals decision.—V. 172, p. 1733.

Motorola, Inc.—10% in Stock and \$2 in Cash—

The directors on Nov. 15 declared a special cash dividend of \$2 per share, payable Dec. 18 to stockholders of record Nov. 30, 1950, and a 10% stock to be paid on Jan. 29, 1951, to stockholders of record Dec. 28, 1950.—V. 172, p. 1534.

Munsingwear, Inc.—Proposed Consolidation—

The directors of this corporation and Vassar Co., Chicago, Ill., have agreed in principle upon the terms of a proposed merger of the two companies with Munsingwear, Inc., being the surviving corporation. Vassar Co. as a separate division of Munsingwear, Inc., will continue to manufacture its own garments and sell through its own Vassar sales organization Vassarette foundation garments.

The plan and agreement of merger will provide that the 298,600 shares of outstanding Munsingwear stock will be undisturbed and that for each share of Vassar Co. stock outstanding there will be issued one-half share of Munsingwear common stock and \$10 in principal amount of Munsingwear, Inc., 5% subordinated sinking fund debentures, due April 15, 1971. Vassar Co. now has outstanding 183,593 shares of stock remaining after the retirement on Oct. 31, 1950, of 22,667 shares of stock purchased at \$16 per share from George E. Rutledge and members of his family. The plan of merger will therefore provide for the conversion of the outstanding Vassar stock into a total of 91,796 1/2 shares of Munsingwear common stock and \$1,835,930 of Munsingwear debentures. The stock of Munsingwear, Inc., is listed on the New York Stock Exchange and application will be made for listing the additional shares to be issued to Vassar stockholders under the plan.

The directors of Munsingwear, Inc., has declared its annual dividend in the amount of \$1 per share payable Dec. 3 to stockholders of record Nov. 24, 1950. The plan of merger will provide that no dividend will be declared or paid on Vassar Co. stock prior to the merger.

To become effective, the merger must be approved by the holders of at least two-thirds of the shares of each company. It is expected that stockholders' meetings will be held in January so that, if approved, the merger may become effective Jan. 31, 1951.—V. 170, p. 1601.

National Power & Light Co.—Liquidating Dividend—

The SEC has given interested persons until Nov. 27 to request a hearing on a proposal of this company to pay as a partial liquidating dividend 25¢ per share on its outstanding 5,456,100 shares of common stock, its only outstanding security. The proposed payment amounts to \$1,364,025.

According to the application, the net current assets of National as of Sept. 30, 1950, amounted to \$2,489,050. This amount included \$810,500, the sales price of National's holdings of the common stock of Lehigh Valley Transit Co., the only remaining subsidiary of National, which sale, however, has not yet been consummated. A contract for the sale of National's interest in Lehigh Valley Transit Co. was negotiated in April, 1950. However, the purchaser was unable to obtain the approval of the Interstate Commerce Commission for such acquisition. The application states that further attempts to consummate the sales are being made, but that in view of the uncertainty as to when this can be accomplished, it would be in the best interests of the stockholders of National not to delay further the payment of a partial liquidating dividend.—V. 171, p. 1786.

New England Electric System—Hearing on Merger—

The SEC has scheduled for hearing on Nov. 28 the application of this system and subsidiaries to separate the gas properties of the subsidiaries in subsequent disposal and to merge their electric properties into one company. The subsidiaries involved in the proposed transactions are as follows:

Athol Gas & Electric Co., Central Massachusetts Electric Co., Gardner Electric Light Co., The Spencer Gas Co., Wachusett Electric Co., Winchendon Electric Light & Power Co., Worcester Suburban Electric Co., Worcester County Electric Co. and Leominster Gas Light Company. It is proposed to separate the gas properties from the electric properties of Athol, Sencer, Wachusett, Worcester, Suburban, and Worcester County. In connection with this proposal, NEES, has caused three new gas companies to be created, namely, Athol Gas Co., Central Massachusetts Gas Co., and Blackstone Gas Co., and will cause Leominster Gas Light Co. to change its name to Wachusett Gas Co. Immediately following the separation of the gas properties, it is proposed to merge Athol, Spencer, Wachusett, Worcester Suburban, Central Massachusetts, Gardner Electric, and Winchendon Electric.

In order to effect the merger, Worcester County will issue 366,571 additional shares of \$25 par value common stock. Pursuant to an exchange proposal, the shareholders of the companies entering the merger will be entitled to such shares. Initially, NEES will acquire 355,040 shares and the public shareholders of the companies entering the merger will be entitled to 11,531 shares. For the benefit of the public shareholders who prefer cash, NEES will offer to purchase shares of companies participating in the merger. The terms of the exchange proposal and the alternative cash offer are as follows:

| For Each Share of— | Worcester County Common stk. | Or Cash Per Share |
|-----------------------------------|------------------------------|-------------------|
| Gardner 5% pfd. stock (par \$100) | 1 1/4 shs. | \$122.50 |
| Gardner common stock | 2 shs. | 140.00 |
| Winchendon common stock | 2 shs. | 140.00 |
| Worcester Suburban common stock | 1 sh. | 70.00 |

In addition, each holder of one share of Worcester Suburban common stock will be entitled to 36/10,000 of a share of new Blackstone Gas. Scrip certificates will be issued in lieu of fractional shares by Worcester County or new Blackstone Gas in connection with the exchange proposal.

As a result of the proposed merger, the capital structure of Worcester County will consist of \$5,500,000 of first mortgage bonds, \$3,895,000 of notes and advances payable and \$23,711,832 of common

equity. The application-declaration states that it is contemplated that subsequent to the effective date of the merger Worcester County will issue \$12,000,000 principal amount of additional first mortgage bonds for the purpose of financing permanently the bank borrowings and indebtedness to NEES of the companies participating in the merger. However, Worcester County does not, at this time, seek Commission authorization of said anticipated bond issue.—V. 172, p. 1832.

Pennsylvania Gas & Electric Corp.—Hearing Nov. 29—

The SEC on Nov. 13 announced the issuance of an order scheduling a hearing for Nov. 29, 1950, upon the plan of this corporation for the merger of four of its subsidiary companies, the transfer to the merged company of the common stock of the parent's remaining public utility subsidiary, and the dissolution of the parent.

The four companies to be merged are Allegheny Gas Co., Dempseytown Gas Co., Alum Rock Gas Co. and North Penn Gas Co. North Penn is to be the surviving company. It is proposed that all the common stock of the only other public utility subsidiary of Penn Corp., Crystal City Gas Co., which operates solely in the State of New York, be transferred to North Penn. (See also V. 172, p. 1033.)—V. 172, p. 1236.

Pennsylvania Salt Mfg. Co.—Registers With SEC—

The company on Nov. 15 announced it has filed a registration statement with the SEC relating to the possible offering to present share owners of rights to subscribe for 124,879 shares of additional common stock.

The additional shares would be offered at the rate of one such share for each seven held on the record date, which is expected to be Dec. 6.

Sale of the additional shares would bring to 999,035 the number outstanding out of 1,500,000 shares of common stock authorized. There are in addition 150,000 shares of preferred stock authorized but none now outstanding.

Net proceeds from the sale of the additional common stock will be added to the cash funds of the company and will be used for such corporate purposes as the directors may determine, including the improvement and expansion of plant facilities.

Projects of this nature which have been authorized by the board and on which work is now in progress are currently expected to cost approximately \$4,200,000, of which about \$3,000,000 is for expansion and improvement of production facilities for chlorine and caustic soda at Wyandotte, Mich., Portland, Ore., and Tacoma, Wash. A number of other projects are being evaluated by the management, but no final decision has been reached with regard to them.

In the past five years company sales have increased from about \$24,500,000 in 1945 to about \$33,000,000 in 1949.

On Oct. 24 Pennsalt reported that net profits after taxes for the first nine months of 1950 were \$3,136,601 and that sales for the same period totaled \$29,617,541.

A portion of the advance in sales, said the statement, is the result of the company's policy to convert its basic products into chemical specialties having a sales value higher than the materials from which they are made. Such specialties include insecticides, metal cleaners, and laundry detergents. At the same time sales of basic chemicals, such as chlorine, caustic soda, sodium chlorate, sal ammoniac and hydrogen peroxide have continued to increase.—V. 172, p. 1638.

Under the terms of the agreement, the subscribers assign to the trustee future dividends to be paid by the issuer on insurance policies and the trustee uses such dividends to purchase stock in the finance company. St. Joseph's Church of Dubuque, Iowa—Bonds Offered

—Keenan & Clarey, Inc., of Minneapolis are offering \$170,000 of 3½% first mortgage real estate bonds due 1961 to 1964, inclusive, at 101 and interest.

The proceeds will be used to pay part of the cost of a combination school and church now being built at Dubuque, Ia.

St. Regis Paper Co.—Plans Expansion—

The company on Nov. 15 announced plans for the early construction and installation of two kraft paper machines and pulp manufacturing facilities. One will be added to the company's "Kraft Center" at Pensacola, Fla., with the second to be a new mill which will be built at Jacksonville, Fla. They will be fully integrated with pulp manufactured from wood from the company's owned or leased woodlands. This expansion program will entail the expenditure of approximately \$30,000,000.

The new capacity, the announcement states, will make available paper to replace the multiwall bag paper now produced at the company's northern New York paper mills from pulp imported largely from the Scandinavian countries and Canada. This expansion in the South will make possible substantial economic benefits through utilization of the company's own wood for the manufacture of pulp in an integrated operation, the company states.

The company adds that it does not anticipate, as a result of this development, a curtailment or cessation of operations of those kraft paper mills in northern New York, but rather a concentration by them in the manufacture of specialty paper products made largely from bleached and unbleached kraft pulp.

The new machines, with a capacity of approximately 225,000 tons of kraft paper per annum, will supplement St. Regis' present southern capacity at Pensacola for making kraft paper and board.—V. 172, p. 1636.

Safeway Stores, Inc.—Exchange Offer Underwritten—

The corporation is offering 200,765 shares of its \$100 par value 4% cumulative preferred stock in exchange for the 182,513 shares of its outstanding 5% preferred stock on the basis of 11/10 shares of 4% preferred plus a cash payment of 30¢ for each share of 5% preferred. An investment banking group headed by Merrill Lynch, Pierce, Fenner & Beane is underwriting the exchange offer, which expires at 3 p.m. (EST) on Nov. 27, 1950, and will purchase and publicly offer any shares of 4% preferred not issued in connection therewith.

The new 4% preferred stock is redeemable at \$103 per share on or before Oct. 1, 1954, and thereafter at prices ranging down to \$100.50 per share after Oct. 1, 1960. Commencing in 1951, a sinking fund will retire 2% of the issue annually. Sinking fund redemption prices range from \$101 per share on or before Oct. 1, 1955, down to \$100 after Oct. 1, 1960.

PROCEEDS—Proceeds from the sale of the new 4% preferred will be used to redeem on April 1, 1951, the unexchanged 5% preferred and to make the cash adjustment for fractions on exchanges.

BUSINESS—Corporation operates a chain of retail food stores (2102 on June 17, 1950) in 23 states, the District of Columbia and the five western provinces of Canada. A general wholesale business also is conducted in Canada. The company operates directly all of its business in the United States, and through subsidiaries in Canada. The company's increased net earnings in 1949 and to date in 1950 is accounted for in good part by an improved margin of gross profit on sales. On the basis of sales volume for 1949, the company believes it ranks second among the food chains of the country.

We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give final and complete results of the previous week — the week ending Nov. 11.
