Alexandria (Va.) Water Co.—Bonds Sold Privately—The company has sold \$1,925,000 of 4½% bonds due 1978, to three institutional investors, E. A. Geehan, President, announced on Sept. 29. W. C. Langley & Co. acted as agent.

The New York Life Insurance Co. purchased \$1,000,000; Massachusetts Mutual Life Insurance Co. \$500,000 and Teachers Insurance and Annuity Association of America \$425,000.

Alexandria Water Company, a subsidiary of the American Water Works Co., provides water service in Alexandria, Va., and adjacent areas in Fairfax and Prince William Counties.—V. 168, p. 2677.

Allied Credit Card, Inc., Spokane, Wash.—Files—

The corporation on Sept. 24 filed a letter of notification with the SEC covering 2,500,000 shares of common stock to be offered at 10 cents per share, without underwriting. The proceeds are to be used for working capital.

Aluminium Limited — Offering of 160,000 Shares to Employees—

The directors on Sept. 30 fixed Oct 1st as the date for an initial offering, at \$37 per share, of 160,000 shares being made under the company's employee share purchase plan as authorized at the annual meeting of shareholders last April.

The shares are being offered to approximately 25,000 regular full-time employees of the company and its subsidiaries in Canada, the United Kingdom, other parts of the British Commonwealth, as well as in Brazil, France, French West Africa, Germany, Italy, Switzerland and the United States. A total of 400,000 shares is subject to the purchase plan over a 10-year period, the purpose being "to afford employees an opportunity of obtaining a proprietary interest in Aluminium Limited by facilitating the purchase of shares through installment payments by deductions from pay or otherwise."

The price, under the terms of the offering, is an amount in Canadian dollars rounded to the next even dollar above 85% of the last reported sale price of the company's shares on the Montreal Stock Exchange on the day preceding the offering date. No employee may purchase less than three shares nor a number of shares having a total price in excess of 10% of his annual rate of earnings on the offering date.

Regarding the company's expansion program, the prospectus reports that the cost is now estimated at \$455,000,000 up to the end of 1954, of which approximately \$366,000,000 had been recorded in the accounts as at June 30, 1953. The company states:

"It is expected that retained earnings and provisions for capital cost allowances temporarily supplemented by bank borrowings or other interim financing will provide sufficient funds to meet the remaining authorized fixed capital expenditures and related additional working capital requirements."

It is anticipated that the new facilities in British Columbia will be operating by the middle of 1954.—V. 178, p. 657.

American Bosch Corp.—Partial Redemption—

The corporation is notifying holders of its 3¼% sinking fund debentures due Nov. 1, 1964 that \$200,000 principal amount of the debentures have been drawn by lot for redemption through the sinking fund on Nov. 1, 1953. The debentures will be redeemed at The Marine Midland Trust Co., trustee, 120 Broadway, New York, at par and accrued interest.

British Licensing Agreement—

Through a licensing agreement reached between this corporation and Simms Motor Units, Ltd. of London, England, the latter company has been granted the British manufacturing rights for certain American Bosch diesel fuel injection equipment.

Under the terms of the agreement Simms is permitted to produce all new types and sizes of injection pumps and nozzles in the broad diesel line of the American firm. It is said, however, that a small injection pump of the distributor type is the principal product currently being considered for manufacture in England.

Simms Motor Units, with headquarters in East Finchley, London, is a major English manufacturer of diesel fuel injection systems and of heavy-duty starting, lighting and ignition equipment.

The agreement between the two companies calls for the exchange of technical information and know-how, and this feature is also expected to be of mutual benefit to both concerns.—V. 178, p. 1049.

American Brake Shoe Co.—Sales & Earnings Up—

During the last seven years, this company has spent \$15,000,000 in "buying futures," officials of the company reported at a luncheon of the Boston Security Analysts Society on Sept. 28.

Wm. E. Given, Jr. (Chairman), K. Dunn (First Vice-President), R. H. Schaefer (Vice-President) and V. L. Persbacher (Auditor) in reviewing the company's activities and prospects, said in part:

"Sales and earnings are moving upward in 1953. Estimated shipments, approaching \$145,000,000, should result in earnings of approximately \$4.15 to \$4.25 per share compared with \$3.52 in the year 1952."

"The \$15,000,000 invested in 'futures' for strengthening the company in recent years has gone into research, life, and getting new plants, new products and processes into successful operations. Results of these efforts are now beginning to add to earnings. Parts of the aircraft industry are now being produced in volume. The company is constructing a new plant in Alabama to manufacture a new cast steel freight car wheel which has been under research and test for six years. New welding alloys and powdered metal products are showing wide customer acceptance and sales are increasing."

At the current level of operations, Mr. Given estimated that expiration of the excess profits tax will add \$2 per share to next year's earnings. Total defense business of the company is relatively small and the Korean trade has not affected production or backlogs to date.

The company operates 57 plants in the United States and Canada. Originally the company's products were principally for the railroads but a 20-year diversification program has led to a wide variety of products for general industry, including castings in many types of metals, forgings, automotive and aircraft brake lining, air compressors and many others.—V. 178, p. 945.

American & Foreign Power Co., Inc.—Issues Booklet—

The company has just issued a 48-page illustrated booklet entitled "The Foreign Power System." In it, W. S. Robertson, President, points out in the foreword, Foreign Power is one of the two largest investors of private United States capital in Latin America and is the only large American utility company which operates entirely outside the boundaries of the United States.

This booklet contains the story of the conception, organization, and development of this pioneer enterprise, and of the contribution it has made to the economic development of wide areas still in an early stage of industrial growth.—V. 177, p. 937.

American Independent Oil Co.—Completes New Well

Ralph K. Davies, President, on Sept. 29 announced the successful completion and final testing of the third well in the Wafra field in the Kuwait-Saudi Arabia Neutral Zone.

"This well, located a mile south and a mile east of the discovery well, has been completed in the Burgan sands with a sustained productive capacity of 3,000 barrels per day," Mr. Davies stated. "Addi-

tional wells will now be drilled on a one-mile spacing pattern to develop the field to the full extent of its potential; in fact a fourth well spuds in today."

Mr. Davies stated that a second rig now en route to the field to speed up the drilling was expected to be in operation there in about 46 days.

Meanwhile, all wells remain shut-in pending the completion of a pipe line to the Persian Gulf some 30 miles distant, and terminal facilities, construction of which is well advanced.

American Independent undertakes this program of development for the joint account of itself and the Pacific Western Oil Corp. which holds a one-half interest in the Neutral Zone concession area by reason of its separate grant from the Saudi Arabian Government.—V. 177, p. 2781.

American Louisiana Pipe Line Co.—Stock to Parent—

The SEC on Sept. 30 announced a decision authorizing this company to issue and sell, and American Natural Gas Co. (parent) to acquire, for cash at par, such number of shares of the \$100 par capital stock of American Louisiana (up to but not exceeding 5,000 shares) as may be necessary to provide it with funds to pay certain preliminary costs and expenses incident to the construction and operation of a natural gas pipe line system extending from points in Louisiana to Detroit, Mich., and for other corporate purposes.

Prior to the commencement of construction of its proposed pipe line system, it will be necessary for American Louisiana to obtain from the Federal Power Commission a Certificate of Public Convenience and Necessity authorizing the construction and operation of the proposed pipe line system. Proceeds of the proposed stock sale will enable American Louisiana to pay the costs and expenses incurred and to be incurred in obtaining the gas contracts and in preparing, filing and prosecuting its application for such certificate and in the necessary studies, surveys and other action preparatory thereto.

The proposed transactions are stated to be part of a program by which American Natural intends to supplement the supply of natural gas presently available to its markets. The over-all financing program will require further authorization by this Commission.—V. 178, p. 945.

American Mining & Smelting, Inc., Spearfish, S. D.—Files With Securities and Exchange Commission—

The corporation on Sept. 22 filed a letter of notification with the SEC covering 190,000 shares of common stock (par 10 cents) to be offered at \$1 per share, without underwriting. The proceeds are to be used to purchase machinery and to pay exploration expenses.—V. 176, p. 1369.

American Natural Gas Co.—New President—

The retirement of Henry Fink as President and the election of Ralph T. McElvenny as his successor was announced Sept. 30 by William G. Woolfolk, Chairman.

Mr. Fink, who has been President and a director of American Natural since 1948, will continue to serve in his present positions with the company's subsidiaries. He is President of Michigan Wisconsin Pipe Line Co., American Louisiana Pipe Line Co. and American Natural Gas Service Co., and Chairman of the Board of Michigan Consolidated Gas Co. Mr. Fink will remain as a director of American Natural.

Mr. McElvenny joined the American Natural Gas System in 1945 as Financial Vice-President and Assistant to the Chairman. He has served as Executive Vice-President of the company during the past two years.—V. 178, p. 657.

American Optical Co.—Private Placement—The company has borrowed an additional \$2,000,000 on 20-year sinking fund notes from the New York Life Insurance Co., it was announced on Oct. 1.

The proceeds will be used to finance plant and laboratory construction.

This is the second instalment under an agreement made more than a year ago. The first \$2,000,000 borrowing was made on 3½% notes last year.

The company has also arranged to borrow \$2,000,000 more next Oct. 1 which will bring the total borrowings under the agreement to \$6,000,000.—V. 178, p. 1157.

American Potash & Chemical Corp.—New Leaflet—

An informative leaflet describing latest methods of improving crop yield and combating soil depletion through the use of potash now is available to all farmers requesting it, according to an announcement from this corporation in Los Angeles, Calif.

Based on researches by recognized agricultural authorities, the leaflet details symptoms of "potash hunger" and describes the most effective treatment for vegetable crops, fruit crops and forage and pasture fields.—V. 178, p. 1157.

American Radiator & Standard Sanitary Corp.—Changes Date of Quarterly Board Meetings—

This corporation announced on Sept. 29, that regular quarterly meetings of the board of directors henceforth will be held on the first Thursday of February, May, August and November. The next regular quarterly meeting, therefore, is scheduled for Nov. 5, 1953, at which time dividend action will be taken. Under the former schedule the meeting would have been called for Oct. 29.—V. 178, p. 849.

American Steamship Co.—Now Has 18 Boats—

The S/S John J. Boland, a giant new lake boat equipped with self-unloading machinery capable of discharging an 18,000-ton cargo of limestone in four hours or less, docked in Chicago, Ill., Sept. 17 on her maiden voyage.

The new boat, built in Manitowoc, Wis., at an estimated cost of \$6,700,000, is owned by the American Steamship Co. of Buffalo, N. Y., which owns 17 other vessels on the Great Lakes for the transportation of coal, coke, gypsum and limestone. She has a 601-foot keel, 21 feet longer than the line's next largest boat.

The self-unloading equipment, designed by Hewitt-Robins, Inc., can transfer cargo from ship to shore at least one-third faster than older unloaders.—V. 169, p. 105.

American Water Works Co., Inc.—Plans Private Placement of Bonds and Public Sale of Preferred Stock

This company, holding company for 63 waterworks subsidiary companies operating from Massachusetts to Kansas, is arranging to raise \$25,000,000 through the sale of new securities. Through the investment banking houses of W. C. Langley & Co. and The First Boston Corp. the company has arranged for the private placement of \$20,000,000 of 20-year collateral trust sinking fund bonds. To be offered at public sale is a new issue of \$5,000,000 of \$25 par value preferred stock under an underwriting by the same bankers. The stock issue will be placed in registration with the SEC soon, it was said.—V. 178, p. 945.

Anacon Lead Mines Ltd., Toronto, Canada—Registers With Securities and Exchange Commission

This corporation filed a registration statement with the SEC on Sept. 28, 1953 covering 700,000 shares of common stock (20 cents par, Canadian funds), to be offered for subscription by common stockholders at the rate of one share for each five shares held. The record date, subscription price and underwriting terms are to be supplied by amendment, as is the name of the warrant agent (warrants evidencing the subscription rights are to be issued to stockholders).

Net proceeds will be added to the general funds of the company and will be used for the developing of the mining properties owned by the company and for further investments in other companies in which the company now holds a substantial interest.—V. 178, p. 49.

Anchor Post Products, Inc.—Plans Offering

The corporation proposes to offer to the holders of its common stock, par value \$2 of record Oct. 20, 1953, the right to subscribe to 32,953 additional shares of said stock at the price of \$7.50 per share in the ratio of one additional share for each nine shares held. It is expected that the subscription rights will be mailed to stockholders on or about Oct. 20, 1953, and that the right to subscribe will expire on Nov. 16, 1953.

The Empire Trust Co., New York, will act as warrant agent.—V. 166, p. 1250.

Anglo-Iranian Oil Co., Ltd.—Expands Distribution in North Africa

This company has expanded its distribution system in North Africa to include Algeria and Morocco, permitting motorists in those countries for the first time to purchase products sold under its "BP" brand name, it was announced on Oct. 2.

The company's associates—Société des Huiles de Petrole BP d'Algérie and S. H. P. BP du Maroc—have also recently completed the construction of bulk gasoline and other white oil installations at the main ports.—V. 178, p. 1157.

Atlas Plywood Corp.—Resumes Common Dividend

The corporation on Sept. 30 resumed common stock dividend payments with the declaration by the directors of a dividend of 15 cents a share on the common stock, payable Oct. 28, to holders of record Oct. 14. Last previous common payment was on May 1, 1952.

"Our increased earnings in the fiscal year ended June 30, formed the basis for the resumption of common stock dividends," Elmore I. MacPhie, President, stated.—V. 178, p. 478.

Audio Devices, Inc.—Acquisition

The corporation has acquired the assets of Advance Recording Products Co.—V. 173, p. 562.

Automatic Electric Windows, Inc.—Acquires Patents

This corporation has acquired from Vita Automatic Windows, Inc. all patent application and income rights derived from the Nova-Vita horizontal sliding window, presently distributed by the Nova Sales Co., a wholly-owned subsidiary of the Homasote Co. of Trenton, N. Y., it was announced on Sept. 24.

Automatic Electric Windows, Inc., which manufactures and sells electrically operated picture windows for homes, commercial showrooms, business offices and factories, receives a fixed sum from the sale of each Nova-Vita window.

The Nova-Vita window, which eliminates the need for storm windows, is made up of two horizontal sliding glass panes framed in Satin-finish aluminum. These panes, of double-strength glass, ride on nylon "shoes" over a fiberglass track, an exclusive feature that brings friction and wear to an absolute minimum. Another exclusive feature is found in the fact that when fully closed the two panes lock automatically and are tamper-proof from the outside. Opened, each pane is quickly removable from inside the house for either full ventilation or cleaning.

Nova-Vita windows are made in five standard sizes for all the rooms in the house and come with or without aluminum tension screens. See also V. 178, p. 1049.

900,000 of new orders for a gain of 83% over the total for the corresponding 1952 period.

One of the three new Carrier operating groups will be the Unitary Equipment Division. This will handle product lines such as reciprocating compressors, room air conditioners, year-round residential units and other self-contained air conditioning devices.

Carrier activities with respect to so-called heavy equipment will be assigned to the Machinery and Systems Division, which will engineer, manufacture and sell centrifugal refrigeration equipment, air and gas compressors, absorption machines, axial-flow compressors and, in general, all products that enter into air conditioning and industrial refrigeration systems of the central-station type.

The activities of the third operating group, Allied Products Division, will include food freezers, unit heaters, automatic ice makers and certain other specialty products.

The current expansion program of the corporation will involve the expenditures of approximately \$10,000,000. A new plant is to be built in the southern part of the United States and substantial additions made to Carrier facilities in Syracuse, N. Y.

Stock Subscription Agent—

The Guaranty Trust Co. of New York has been appointed agent to accept subscriptions to common stock of Carrier Corp. in exchange for subscription warrants which expire at 3:30 p.m. Oct. 7, 1953. See also V. 178, p. 1158.

Central Hudson Gas & Electric Corp.—Stock Offering Oversubscribed—

Ernest R. Acker, President, announced Sept. 28 the successful conclusion of the company's recent offering of common stock.

The offering of common stock to stockholders and employees was oversubscribed.

Of the 139,978 shares offered to stockholders, 114,191 shares were subscribed pursuant to initial subscription rights and of the 20,000 shares offered employees, 17,284 shares were subscribed. Out of the total shares offered to stockholders and employees, 27,963 shares were available for allotment among warrant holders whose additional subscriptions amounted to 64,530 shares. Thus, warrant holders subscribed to about 82% of the shares available to them by exercise of rights; employees subscribed to 89% of the shares offered to them. An aggregate subscription from stockholders and employees amounted to 123% of the total shares offered.—V. 178, p. 1050.

Central Illinois Light Co.—To Offer Stock—

This company has filed a petition with the Illinois Commerce Commission for authority to sell 100,000 additional shares of common stock.

Offering will be made to present stockholders on a 1-for-9 basis, and to employees. Warrants for the right to subscribe, at a price not yet determined, are expected to be issued to stock of record Oct. 27, and expire Nov. 13. The warrants will carry an oversubscription privilege.

The offer will be underwritten on a negotiated basis by a group headed by Union Securities Corp.

The common stock is listed on the New York and Midwest Stock Exchanges.—V. 178, p. 383.

Central Ohio Tractor Co., Columbus, O.—Debentures Offered—The Ohio Company on Sept. 24 publicly offered, to residents of Ohio only, an issue of \$175,000 12-year 5½% sinking fund debentures dated Sept. 15, 1953 and due Sept. 15, 1965.

The debentures are callable on 30 days' notice as a whole or in part on or before March 15, 1955 at 105; thereafter and on or before March 15, 1957 at 104; thereafter and on or before March 15, 1959 at 103; thereafter and on or before March 15, 1961 at 102; thereafter and on or before March 15, 1964 at 101; thereafter without premium; with accrued interest in each case.

The debentures are also subject to redemption through the operation of the sinking fund on or before March 15, 1955 at 104; thereafter and on or before March 15, 1957 at 103; thereafter and on or before March 15, 1959 at 102; thereafter and on or before March 15, 1961 at 101; thereafter and on or before March 15, 1964 at 100½; thereafter without premium; with accrued interest in each case.

PROCEEDS—The net proceeds from the sale of the debentures have been used to retire \$130,000 notes payable to bank and the remainder, amounting to approximately \$31,800, has been added to working capital.

BUSINESS—The company is engaged in the sale and servicing of crawler tractors, motor graders, scrapers, bulldozers and other industrial products manufactured by Allis-Chalmers Manufacturing Co.; industrial diesel engines manufactured by Detroit Diesel Engine Division of General Motors Corp.; portable air compressors and air tools manufactured by Ingersoll-Rand Co.; heavy duty construction machinery trailers manufactured by LaCrosse Trailer Corp.; and high pressures steam cleaning equipment manufactured by Malsbary Manufacturing Co. and used for cleaning construction equipment.

Company was incorporated in Ohio on July 14, 1948 and has no subsidiaries. Its principal place of business is presently located at 3450 East Fifth Avenue, Columbus, Ohio, on leased premises. However, the company has entered into a ten year lease for a new building to be constructed to company specifications and which is expected to be ready for occupancy about Jan. 1, 1954. The new building will provide 25,500 square feet of floor space (approximately twice the size of the present facilities).

CAPITAL STOCK—The authorized capital stock of the company consists of 200 shares of common stock without par value (stated value \$100 per share) of which 80 shares are issued and outstanding and are owned by A. J. Barry (President) and his wife.

production test of the top producing section located in the "Selma Chalk," swabbed at the rate of 120 barrels per day of 19 gravity oil. An Alabama State regulations limit production to 100 barrels per well per day.

"Commonwealth's leasehold interest in this area, on which these wells are located, totals 1,360 acres, with room for more than 25 drilling locations. The leases are being developed jointly by Commonwealth and the Southeastern Drilling Co., partly with tax money, Commonwealth owning a half of the working interest in the production. The company will drill a number of additional wells, to complete the development of this property.

"Since last Fall the Gulf Oil Corp. has been carrying out an exploration program of Florida State Lease No. 833, using seismic crews and doing extensive core drilling. This shoreline and tidelands lease, in which Commonwealth holds a 25% undivided interest, is located in the Panhandle of Florida and extends from about 110 miles covering 800,000 acres. Commonwealth completed such development contract near Gulf Oil following the discovery of the Pollard Oil Field near the Florida border in South Alabama and there are now 33 producing wells in this field. Gulf has advised Commonwealth they would begin immediately to drill on the big lease off the coast of the Florida Panhandle.

"Commonwealth is now drilling the Commonwealth-Wisheart State No. 1, in the 40 Mile Bend area west of Miami, Fla., where the company holds a net acreage interest of about 52,000 acres. The Gulf Oil Corp. has a 1/4th interest in this well, Coastal Petroleum a 3/8ths interest, and Commonwealth a 3/8ths interest.

"Gulf Oil purchased a spread in the South Florida area of 15,000 acres from Commonwealth and bears 1/4th of the cost of this well. Coastal Petroleum provides a substantial part of the cost of the well and owns an important lease interest in the area. The well will be completed to the Sunnland formation. Commonwealth plans a second well in the 40 Mile Bend area several miles from the Commonwealth-Wisheart State No. 1.—V. 177, p. 623.

Consolidated Natural Gas Co.—Credit to Unit—

The company has applied to the SEC for authorization to make a short-term open account extension of credit to its wholly-owned subsidiary, Hope Natural Gas Co., in an amount not exceeding \$2,400,000; and the Commission has given interested persons until Oct. 12, 1953, to request a hearing thereon. Hope's need for additional cash on a short-term basis results primarily from the necessity of building up inventories of gas in underground storage to meet demands of customers. These inventories were built up during the summer of 1953; and Hope now must replenish its cash pending the time when the inventories may be utilized to meet Hope's peak sales during the coming winter. Hope will repay the funds advanced by the early part of 1954 as the cash is produced from sales of stored gas.—V. 178, p. 756.

Corpus Christi Refining Co.—New Wildcat Well—

This company on Sept. 29 announced that it has brought in the D. C. Aylesworth Oil Well No. 1 as a rank wildcat in Reeves County, West Texas. This well produced 260 barrels per day of 41 gravity pipeline oil with no water. The company owns a 75% working interest in the leasehold.

The Corpus Christi Trevino No. 3 well in Starr County, Texas, shows a potential of 160 barrels per day on a 3 1/2 choke with 585 pounds tubing pressure. The estimated open flow potential is 1,800 barrels per day, and the well has received the maximum allowance of 100 barrels per day, 30 days per month, the announcement added.—V. 178, p. 1159.

Courtesy Loan Corp., Hammond, Ind.—Files With SEC—

The corporation on Sept. 21 filed a letter of notification with the SEC covering \$100,000 of 12-year series A 6% subordinated debentures to be offered in denominations of \$100 each separately and in a package together with \$20,000 in common stock, of which \$8,000 is class A and \$12,000 is class B. No underwriting will be involved. The proceeds will be used for working capital.

Covington & Cincinnati Bridge Co.—Sale of Bridge—

The company's property has been sold to the State of Kentucky. The stockholders of the company were recently offered \$250 per share to be paid in notes payable dated July 1, 1953 and due on or before Sept. 15, 1953. The offer was made by Sarjeem Corp. The stockholders' committee consisted of F. B. Cross, Jr., Chairman; J. A. Reid and J. H. More, 603 Dixie Terminal Bldg., Cincinnati, O., as Secretary. The committee recommended acceptance of the above offer.—V. 157, p. 1555.

Credak, Inc., Philadelphia—To Expand Credit System

This corporation, which operates a new all-purpose credit system, will expand to a national system, it is revealed by David Yaffe, President.

Success of the plan in the four trial months that it has been in operation in several Eastern states was given as the reason by Mr. Yaffe for the decision to establish Credak nationally. The plan, designed for the convenience of middle-income consumers and small and medium sized retailers, is already in operation in Delaware, New Jersey, New York and Rhode Island, Mr. Yaffe said. Missouri will be the first Western state represented when the system is instituted there in the near future.

Present plans, Mr. Yaffe indicated, call for 600 franchise holders who will each be responsible for developing Credak in a specific geographical area. Credak's advertising agency, Lohmeyer, Adelman and

Montgomery of Philadelphia, Pa., will supervise the entire merchandising and promotion program, he said.

Credak, Inc., will be a central billing service for all retail and service businesses. Mr. Yaffe explained: These constitute the plan's "selling members." Every shopper, business executive, traveling person, etc., would be classified as a "cardholder," or those having membership in Credak and able to use the service.

All charges will be cleared through the central Credak office, which will then remit the full amount to selling members within seven to 14 days, less 6% of the total billing. Using cycle billing, Credak will then collect directly from the cardholder, who pays no additional charge beyond the monthly statement fee.

Cudahy Packing Co.—Defers Preferred Dividend—

At a meeting of the directors held Sept. 24, it was resolved that the quarterly dividend payable Oct. 15, 1953 on the 4 1/2% cumulative preferred stock be deferred until such date as may be later determined by the directors.—V. 176, p. 2530.

Dade Reagents, Inc., Miami, Fla.—Files With SEC—

The corporation on Sept. 28 filed a letter of notification with the SEC covering \$300,000 principal amount of 8 1/2% 10-year debentures to be offered in units of \$1,000 each through Atwill & Co., Miami, Fla. The net proceeds are to be used to retire outstanding debts and for working capital.

Deep Lake Gas & Oil Co., Baton Rouge, La.—Files—

The company on Sept. 24 filed a letter of notification with the SEC covering 300,000 shares of common stock (par 24 cents) to be offered at \$1 per share, without underwriting. The proceeds are to be used to develop leases.

Dow Chemical Co.—Japanese Plant in Operation—

Dow Chemical International Ltd., of Midland, Mich., has announced that today (Oct. 5) a plant for the manufacture of saran monomer and polymer plastics will start operations at Noboka on Kyushu Island, Japan. The new plant is jointly owned by Dow and Asahi Chemical Industry Co. Ltd.

Earlier this year, the two companies, operating in Japan as Asahi-Dow Ltd., opened a saran extrusion plant at Suzuka City on Honshu Island. Since that time, extrusion operations were dependent on imported materials.

The Noboka plant, using local raw materials, will ship its output directly to the plant on Honshu Island where it will be made into monofilaments for use by various Japanese industries for manufacture of numerous plastic products. Chief among these will be saran nets for Japan's vast fishing industry.—V. 178, p. 1159.

Elwell-Parker Electric Co.—New Brochure—

A two-color, four-page brochure, detailing its newly developed 2000-lb. capacity fork truck, has just been released by this company.

The truck, the "Cargo Scout," is electric powered and is designed for handling loads in confined areas at maximum speed.

The free literature contains many photographs showing the "Cargo Scout" in a variety of applications; additional photos detail such truck components as the lift assembly, frame, drive unit and caster type trail axle.—V. 178, p. 948.

Emerson Electric Manufacturing Co.—Backlog Substantial—Entering Air Conditioning Field—Earnings at Higher Rate—

Benjamin Abrams, President, announced on Sept. 29 that Emerson has a substantial backlog of orders and that approximately 25% of the company's volume is defense billing. He said he expects this defense production to continue for some years, basing his view upon existing backlogs as well as the large volume of development contracts which may later translate themselves into production.

"We are entering the field of air conditioning through the acquisition of the controlling interest in an established air conditioning company," he also announced, "because of the growing interest in room and house air conditioning. Our line will soon be announced and shipments will begin toward the end of this year."

Mr. Abrams concluded his remarks with the statement that the profits for Emerson's fiscal year ending Oct. 31, will be substantially ahead of last year. He pointed out that the current conservation dividend policy of the company is occasioned by large capital expenditures involving the purchase, building and equipping of approximately 250,000 square feet of additional facilities, as well as its expansion into the field of air conditioning. Mr. Abrams expressed his hope that more favorable action will be taken on dividends some time during 1954.

Color T-V Receiver Unveiled—

The first commercial compatible color television receiver styled for home use and designed for mass production was publicly displayed for the first time on Sept. 28 by Benjamin Abrams, President.

This first color receiver, Emerson Model C-500, is a console ensemble with a 16-inch screen. The receiver measures 36 inches in width, 28 inches in depth and 37 1/4 inches in height.—V. 178, p. 1159.

General American Transportation Corp.—New Office

In recognition of the increasing needs of the West Coast market for adequate tank storage facilities, Harold D. Skyrn, Vice-President, on Sept. 29 announced the opening of a Southern California sales office for the company's Plate and Welding Division. The new office is located in Los Angeles.

Mr. Skyrn also announced that a field erection shop is being constructed at Colton, California, to facilitate erection of Wiggins Floating Roofs and Wiggins Conservation Structures throughout the territory. Field erection crews and equipment will be based in Colton, where General American also maintains a tank car repair shop.—V. 178, p. 853.

General Aniline & Film Corp.—Control May Change—

The stockholders of Interhandel, the Swiss firm whose 90% stock interest in General Aniline & Film Corp. has been held by the Allen Property Custodian since 1942, have voted overwhelming support of the Interhandel management's efforts to bring about an overall solution of this problem. It was announced on Sept. 28, Walter Germain, managing director of Interhandel, announced a vote of 135-370 to 347 in favor of management policy, which includes a plan to Americanize Interhandel's General Aniline shares by disposing of them to Blair Holding Corp., New York.

Dr. Felix Iselin, Chairman of the Board of Directors of Interhandel, told stockholders at the company's annual meeting in Basle, Switzerland, that Interhandel and Blair have been in continuous contact recently with representatives of the U. S. Government, seeking to find an amicable compromise. These negotiations have been carried on at the express request of Colonel Dallas S. Townsend, the U. S. Alien Property Custodian, Dr. Iselin stated.

Commenting on Interhandel's pending lawsuit for the return of its seized property, Dr. Iselin revealed that Interhandel has made important progress in obtaining certain banking records recently requested by a United States court. "We have succeeded in obtaining the release of a large number of the documents by the Swiss authorities, with the consent of the clients of the bank, so that to a great extent we can comply with the court order," he said.

Dr. Iselin also pointed out that Interhandel, one of Switzerland's largest investment corporations, continues to receive the support of competent Swiss authorities in its long-standing dispute with the Allen Property Office.

Interhandel is and always has been a Swiss corporation and is dominated by thousands of Swiss, American, British, French, Belgian and Dutch stockholders, according to testimony given by Mr. Germain before a United States Senate subcommittee in July of this year.—V. 174, p. 2355.

General Controls Co., Glendale, Calif.—Stock Offered

Dean Witter & Co. and associates on Sept. 30 offered 100,000 shares of common stock (par \$5) at \$13 per share.

PROCEEDS—The company expects to use the net proceeds for general corporate purpose, including additional working capital in the form of larger cash balances, and increased inventories and accounts receivable anticipated from further growth in sales volume.

BUSINESS—Company was incorporated in California on Sept. 30, 1930 and is engaged in the design, manufacture and sale of automatic pressure, temperature, level and flow controls. Standard products are manufactured for the control of gas, oil, air, water, steam, refrigerants and various other fluids used in heating, appliance, refrigeration and air conditioning, industrial and aircraft applications. The company's main plant and executive offices are located at 801 Allen Ave., Glendale 1, Calif.

General Motors Corp.—Acquisition Consummated—

Harlow H. Curtice, President, on Sept. 30 announced that this corporation has acquired all of the outstanding stock of the Euclid Road Machinery Co., Cleveland, Ohio, pursuant to GM's exchange offer of Aug. 7, 1953, which was approved by shareholders of Euclid on Aug. 28.

The Euclid Company will be operated as a wholly-owned subsidiary.

Pension Plan Amended—

The shareholders on Sept. 25 voted certain amendments to the plan program for hourly-rate employees increasing monthly pensions from \$1.50 to \$1.75 per month for each year of service up to 30 years. The vote was 66,412,752 shares to 732,123. The amendments were announced last May to become effective June 1, subject to approval of the shareholders.

Shareholders also approved a similar increase in the minimum benefit under the non-contributory part of the retirement program for salaried employees.

The corporation has received rulings from the Commissioner of Internal Revenue to the effect that both the hourly-rate plan and the salaried program, as amended, will continue to qualify as exempt plans under the Internal Revenue Code and that the corporation's contributions thereunder will continue to be deductible for Federal income tax purposes.—V. 178, p. 1057.

General Telephone Co. of the Southwest—Places Bonds

Privately—The company on Sept. 29 announced the sale of \$3,000,000 of 4½% bonds, due 1983, to four institutional investors. Purchasers include New York Life Insurance Co., \$1,000,000; Connecticut General Life Insurance Co., \$750,000; Mutual Benefit Life Insurance Co., \$750,000, and Connecticut Mutual Life Insurance Co., \$500,000. This financing was arranged by Paine, Webber, Jackson & Curtis; Stone & Webster Securities Corporation, and Mitchum, Tully & Co.

Proceeds from the sale of bonds and from sale of additional common stock to the parent, General Telephone Corp., are being used to finance the acquisition of the properties of The San Angelo Telephone Co. and the Del Rio and Comstock exchanges of the Del Rio & Winter Garden Telephone Co., and to repay short term bank loans used for construction.

The company serves an estimated population of 600,000 in Texas, Arkansas, Oklahoma, New Mexico and Louisiana. Principal communities served are San Angelo, Texarkana, Baytown and Del Rio in Texas and Carlsbad and Hobbs in New Mexico.—V. 178, p. 1057.

General Time Corp.—Discontinues Australian Operations—

This corporation discontinued the manufacture of timepieces and other products at its Westclox factory in Melbourne, Australia at the end of last month. It is announced.

After the suspension of operations, the Australian market will be supplied from the corporation's other foreign plants.—V. 178, p. 1159.

Glidden Co.—Adds to Margarine Plant—

An addition to the refrigeration facilities of Durkee Famous Foods at its Macon, Ga., margarine and mayonnaise plant has been completed by The Rust Engineering Co., the designer-constructor.

Provisions for the expansion were made in 1948 when Rust built the \$2,500,000 margarine plant for Durkee, a division of The Glidden Company, Cleveland, Ohio. At that time one end of the main plant building was constructed to allow for later expansion.—V. 178, p. 948.

(Adolf) Gobel, Inc.—Stock Suspension Continued—

The SEC announced on Sept. 25 that it has entered an order suspending trading in the \$1 par value common stock of Adolf Gobel, Inc., listed on the American Stock Exchange, for a ten-day period effective at the opening of the trading session on said Exchange on Sept. 28, 1953. The Commission originally suspended trading in these securities on March 13, 1953.—V. 178, p. 1057.

(B. F.) Goodrich Co.—New Tubeless Tire—

The Hood Rubber Company division of B. F. Goodrich on Sept. 28 announced a tubeless tire that protects against the major road hazards of skids, punctures and blowouts.

M. G. Huntington, general manager of the division, said the new tubeless tire has a wider tread than conventional tires. The tire, called Hood Safety-Seal "400," automatically seals its own punctures and contains a blowout shield permanently bonded to the cord body of the tire, he said.—V. 178, p. 853.

Gray Trailer Co., San Angelo, Tex.—Files—

The company on Sept. 18 filed a letter of notification with the SEC covering 549 shares of common stock (no par) to be offered at \$100 par share, without underwriting. The proceeds are to be used to cover costs of present financing.

Gulf Coast Leaseholds, Inc., Houston, Tex.—Stock Offered—The common stockholders of record Sept. 15 were recently given the right to subscribe on or before Sept. 28 for 60,000 shares of 6¼% cumulative convertible class A stock (par \$4) at \$5 per share on the basis of one class A share for each three common shares held. This offering was underwritten by Leason & Co., Inc., Chicago, Ill.

Holders of class A stock will have the option to convert the class A stock at any time before the 5th day prior to the redemption date, if called, into common stock on the basis of one share of common stock for each share of class A stock. The conversion privilege shall be protected against dilution.

The class A stock shall be subject to redemption by the company at any time upon 30 days written notice to the holder thereof at \$5.25 per share.

PROCEEDS—The net proceeds derived from the sale of the class A stock will be used by the company to pay current liabilities, estimated at not more than \$85,000. The balance of the proceeds will be used by the company to continue its exploratory and drilling program on its present properties and to acquire new leases for this purpose. These funds will improve the company's working capital position and assist it in meeting its current operating deficits.

BUSINESS—The company was incorporated in Delaware on July 16, 1951. It is an outgrowth of the original Manabi Exploration Co., Inc., a Texas corporation, which held concessions on properties in Ecuador as well as certain leases in the Gulf Coast area of Texas. At that time the domestic properties of Manabi were nonproducing and undeveloped properties. Manabi Exploration Co., Inc. was reorganized into two new companies, Gulf Coast Leaseholds, Inc., a Delaware corporation, and Manabi Exploration Co., Inc., a Delaware corporation. The Gulf Coast company acquired all of the domestic properties of the original Manabi Exploration Co., Inc. in return for all of the issued and outstanding common stock of the Gulf Coast company. These shares were distributed pro rata to the stockholders of the original Manabi Exploration Co., Inc. The total assets received by the company was approximately \$48,000 of which \$16,000 was cash and the balance lease interests in the United States. These leases were acquired by the company at cost to Manabi. The company's principal business office is 639 Gulf Building, Houston, Texas.

At the present time the company owns leases on approximately 40,000 gross acres of property concentrated in the Gulf Coast region in which it owns varied working interests. It has been the policy of the company after acquisition of leases to sell working interests as a means of financing the cost of exploration and development, retaining a portion of the working interest for its efforts. In this manner the company has been able to develop and test some of its leaseholds at a minimum cost to the company.

The company operates one producing lease for the account of itself and others in Galveston County and acts as operating agent for others in Fort Bend and Wharton counties. Since its inception the company has drilled and participated in six different wildcat plays and owns acreage adjacent to ten other prospects which have been drilled by other companies. At the present time, the company has leases in 12 different counties in the Texas Gulf Coast area and has in its files geophysical records on 25 counties in this region.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

Common stock (20¢ par value)	600,000 shs.	176,325 shs.

On May 31, 1953, the authorized stock of the company consisted of 100,000 common shares, par value \$1 each, of which 29,347.5 shares were issued and outstanding. In June, 1953, two transactions were effected, the net result of which was the issuance of an additional 40 shares of the \$1 par value common stock. On July 8, 1953, by appropriate corporate action, the company's certificate of incorporation was amended resulting in the authorized capitalization shown above. To give effect to the amendment, the company exchanged its then outstanding 29,387.5 shares of \$1 par value common stock with the holders thereof in the ratio of six shares of presently authorized 20¢ par value common stock for each share of \$1 par value common stock. The difference in the aggregate par value of the shares thus exchanged amounting to \$5,877.50, was charged to paid-in or capital surplus.

PROPERTY ADDITIONS—The management of the company is negotiating with Hickory Petroleum Co., a Texas corporation, with a view toward acquiring all of the assets of Hickory in exchange for common stock of the Gulf Coast company.

Hickory Petroleum Co. owns working interests in some of the leases owned and operated by the company and owns a net 3% working interest in the production from the League City discovery.—V. 178, p. 481.

Gulf Oil Corp.—Develops New Motor Oil—

A quick-starting, high viscosity index motor oil, for use in automobiles in all types of service during the cold and cool seasons, has been developed by this corporation. Use is recommended wherever temperatures of 10 degrees Fahrenheit or below may occur.

Named Gulfpride H. D. Light, it permits fast, easy starting in temperatures down to -30 degrees Fahrenheit without kerosene dilution.—V. 178, p. 1957.

(M. A.) Hanna Co.—To Call Preferred Shares—

The company plans on Oct. 8 to call for redemption on Dec. 1, next, not more than 410 shares of its \$4.25 cumulative preferred stock at \$102 per share, plus accrued dividend of \$1.06¼ per share.—V. 177, p. 2569.

Harrisburg Steel Co.—Split-Up Voted—

The stockholders on Sept. 29 voted to split the common and class B common stock now authorized and outstanding, on a two-for-one basis, and to increase the authorized indebtedness of the corporation from \$2,000,000 to \$5,000,000.

Eric H. Heckett, Chairman, reported that Heckett Engineering, Inc., of Butler, Pa., a wholly-owned subsidiary of Harrisburg Steel, acquired in March, 1953, is rapidly expanding its operations.

At the time of the last stockholders meeting, Heckett operated slag handling and steel recovery plants in 11 major steel mills in the U. S. A. and Canada. Mr. Heckett said. Since that time the scope of activity in several of these plants has been considerably broadened and three additional contracts have been made, he added. Based on these contracts, three new plants have been built which will start operations during October and will be in full operation by December. The company has financed these plants out of its own funds. Negotiations are in advanced stages for three further plants in this country.

The great interest shown also by many foreign steel mills in Heckett's process has already led to concrete negotiations and preliminary agreements with the biggest steel company in England, which are now before the English authorities for approval, according to Mr. Heckett, who is also President of Heckett Engineering, Inc.—V. 177, p. 1257.

Indiana & Michigan Electric Co. — Bonds Offered—

Union Securities Corp. and associates on Oct. 1 offered \$15,000,000 of first mortgage bonds, 3½% series due Sept. 1, 1983, at 102.31% and accrued interest, to yield 3.50%. Award of the issue was won by the group at competitive sale on Sept. 29 on a bid of 101.614%.

Four other bids were received, all designating 3½% interest, as follows: Halsey, Stuart & Co., Inc., 101.61; The First Boston Corp., 101.5799; Harriman Ripley & Co., Inc., 101.0199, and Kuhn, Loeb & Co., 101.007.

The bonds will be redeemable, at the option of the company, at regular redemption prices ranging from 106¾% to the principal amount, and at special redemption prices ranging from 102¾% to the principal amount, plus accrued interest in each case.

PROCEEDS—Of the net proceeds from the sale of the 1983 series bonds and from the sale of 60,000 shares of 4.56% cumulative preferred stock (par \$100) expected to be issued and sold to certain institutional investors concurrently with the sale of the 1983 series bonds, \$11,500,000 will be applied to the prepayment, without premium, of a like aggregate principal amount of the notes payable to banks, issued for construction purposes, and the balance will be used to pay for the cost of extensions, additions and improvements to the properties of the company.

BUSINESS—Company is engaged principally in the generation, distribution and sale of electric energy throughout an area in northern and east-central Indiana and the southwestern part of Michigan. The company serves 143 communities in an area with an estimated population of 1,078,000. It also furnishes heating service in limited areas in South Bend, Muncie and Marion, Indiana.

EARNINGS—For the 12 months ended June 30, 1953, the company had total operating revenues of \$47,518,885 and net income of \$6,338,614.

CONSTRUCTION PROGRAM—The cost of the construction program of the company for the period July 1, 1953 to Dec. 31, 1954 is estimated, on the basis of presently existing conditions, to be \$51,536,000. It is expected that \$18,196,000 will be spent during the last six months of 1953, and \$33,340,000 in 1954, apportioned as follows: Generating plant and facilities, \$22,617,000; transmission lines and facilities, \$16,915,000; distribution lines and facilities, \$10,593,000, and general plant and equipment, \$1,411,000.

The largest items included in the foregoing amount are \$25,000,000, estimated to be spent to substantially complete the third unit of 200,000 kilowatts net dependable capacity at the Tanners Creek generating station, which unit is scheduled to be in service in August, 1954 and \$5,714,000 estimated to be spent to complete a new 330,000 volt transmission line from the Tanners Creek generating station to the vicinity of Fort Wayne, Indiana.

The company in June, 1953 issued and sold 100,000 shares of its common stock to American Gas & Electric Co., its parent, for \$8,000,000 cash.

It is expected that the net proceeds from the sale of the 1983 series bonds and preferred stock will, together with the company's present cash resources and cash to be accumulated currently through provision for depreciation and retention of earnings, enable the company to meet substantially all of the cost of the foregoing program through the first quarter of 1954. If this program is carried out, further financing will be necessary. The nature of such financing, as well as its date and amount, will depend on conditions at the time. The issue and sale of the 1983 series bonds and the preferred stock are not interdependent.

UNDERWRITERS—The purchasers named below, of whom Union Securities Corp., the representative, is the managing underwriter, have agreed to purchase from the company the respective principal amounts of 1983 series bonds set forth below:

Kansas Power & Light Co.—Registers With SEC—

The company filed a registration statement with the SEC on Sept. 24, 1953, covering 50,000 shares of its common stock, \$8.75 par, to be offered to certain of its employees (including officers) pursuant to a restricted stock option plan.—V. 177, p. 2679.

Kay Jewelry Stores, Inc., Washington, D. C.—Registers With Securities and Exchange Commission—

The corporation filed a registration statement with the SEC on Sept. 28, 1953, covering 672,746 shares of its \$1 par capital stock, to be offered in exchange for share of preferred and common stock of 71 store corporations which operate 83 retail credit jewelry stores. Cecil D. Kaufmann, a director, President and stockholder of the company, is also a director and President or Vice-President of nearly all of the store corporations and the other stockholders and directors of the company are with one exception stockholders and active in the management of one or more of the store corporations. Acceptance of the exchange offer, by the holders of the requisite number of shares of the store corporations, "would, in the opinion of the company, through centralization of ownership, control and management of the store corporations, make possible a number of advantages to the stockholders of the store corporations, including a more advantageous vehicle for expansion and financing of the organization as a whole and the possibility of creating a future public market for the securities of the company."

Kay Jewelry Stores was organized Aug. 18, 1953. Its authorized capital stock consists of 1,000,000 shares, \$1 par, of which 71,250 shares were purchased for cash at par by 42 subscribers. Effectiveness of the exchange offer in respect of any given store corporation is conditioned upon its acceptance by holders of at least 80% of its outstanding shares. The maximum number of shares of stock to be issued by Kay Jewelry Stores is 672,746 shares.

Keystone Custodian Funds, Inc.—"K-1" Fund Reports

The annual report of Keystone Custodian Fund "K-1"—a portfolio of 73 preferred stocks selected for income—on operations for the fiscal year ended Aug. 31, 1953 was issued Sept. 30 to the 19,697 shareholders of the fund. This preferred fund is one of the 10 series supervised by Keystone Custodian Funds, Inc., which had combined net assets of \$211,301,900 at the end of August. With \$35,226,773 of assets at the 1953 fiscal year end, it is one of the most popular Keystone Funds with investors.

Dividends from net investment income in fiscal 1953 totaled 88 cents per share—two cents per share more than the total dividends from the same source in fiscal 1952 and 1951. In addition, Keystone Fund K-1 paid a special distribution of 38 cents per share from net security profits realized during 1953. The capital gains distributed to shareholders totaled \$793,536, some 52% (\$415,749) of which was reinvested in additional shares of K-1 at net assets value.

Asset value per share of \$16.68 at the 1953 fiscal year end compared with \$17.65 a year earlier. Adjusted for the capital gain distribution, this is a 3.3% decline for the K-1 Fund for the year, and reflects the erratic market conditions that prevailed in the securities markets generally. The decline in total assets from \$37,621,141 at the end of fiscal 1952 to \$35,226,773 was also largely due to the decline in market values in the portfolio.—V. 178, p. 1058.

Kiddieland Inc., Worcester, Mass.—Stock Offered—

The corporation is offering publicly, without underwriting, an issue of 200 shares of 5% cumulative participating preferred stock at \$200 per share.

The proceeds are to be used to erect building at the Lincoln Plaza Shopping Center to house amusement center.—V. 178, p. 854.

Kirby Petroleum Co.—Offer for Stock—

A letter was mailed on Sept. 25 to shareholders of this company offering to buy part of their outstanding common stock at \$32 per share.

The offer is being made by Murchinson Bros., of Dallas, Tex., and Sid W. Richardson, Fort Worth, Tex., oilman. Mr. Richardson and C. W. Murchinson, Jr., and John D. Murchinson already own or control 223,250 shares of the 500,000 common shares of Kirby outstanding. In addition, Murchinson Bros. controls 124,650 preferred shares.

The Murchinson Bros. and Mr. Richardson, according to the letter, wish to buy an additional 50,000 common shares of Kirby at \$32. The letter also specifies they retain the right to buy additional shares if more should be offered.

The offer expires at 3 p.m. Oct. 20 and settlement will be made Oct. 21, the letter says. Purchase will be made on a "first come-first served" basis.—V. 176, p. 509.

Lake Shore Gas Co., Ashtabula, O.—Private Loan—

According to R. H. Willis, Vice-President, the company has borrowed \$550,000 from the Woodmen of the World Life Insurance Society in connection with its 1953-1954 construction program which has been increased from \$480,000 to \$825,000.—V. 160, p. 1296.

Magnesium Co. of America, East Chicago, Ind.—Issues Dockboard Facts File—

"Look Into These Facts About Dockboards" is the title of a new "facts file" prepared by this company, which is a leading manufacturer of magnesium materials handling products. Rather than placing emphasis on straight product information, it presents specific facts on magnesium dockboards used to bridge the gap between loading docks and rail cars and highway trailers. Separate sheets, housed in an attractive permanent file folder, relate the actual cost of dangerous makeshift plates, why it pays to have a dockboard fitted to specific needs, and what many companies learned about bridgeplate costs the hard way.

The company's address is East Chicago 19, Indiana.

Middle South Utilities, Inc.—Earnings Increased—

Consolidated electric operating revenues for the 12 months ended Aug. 31, 1953 exceeded \$100,000,000 for the first time, and showed a gain of 8% over results for the corresponding period a year ago. In the quarterly dividend letter released on Oct. 1, E. H. Dixon, President, advised stockholders that system operating revenues were \$122,917,000 for the 12 months ended Aug. 31, and that electric operating revenues were \$100,850,000. During this period consolidated operating revenues were \$14,779,000, equal to \$2.17 a share on the average net income was outstanding during the period. This figure includes the benefit of temporary income tax reduction made possible by accelerated amortization certificates, amounting to 21 cents per share.

Thus far in 1953 the Middle South System companies have placed in service two major additions to their generating facilities. In April, Arkansas Power & Light Co. commenced operation of a new 105,000-kw unit at its Lake Catherine Station, and in July, Louisiana Power & Light Co. placed in service a new unit of the same size at its Ninemile Point Station. These two additions brought the owned generating capability of the System to 1,485,000 kw.

The sale of \$12,000,000 principal amount of 4% first mortgage bonds by Louisiana Power & Light Co. on Sept. 16, marked completion of the public financing of the Middle South System companies for 1953.

Middle South Utilities, Inc., owns the common stock of Arkansas Power & Light Co., Louisiana Power & Light Co., Mississippi Power & Light Co. and New Orleans Public Service Inc. These companies form an integrated electric utility system, which has been operated as such under common ownership for over 25 years.—V. 177, p. 2680.

Missouri-Kansas-Texas RR.—To Meet on Plan—

Officers of this company announced on Sept. 29 that they had been notified of a meeting between various common and preferred stockholder groups to be held in New York City, on Oct. 1, 1953. At this meeting the various groups will attempt to agree upon the basic principles of a plan of recapitalization to be presented to the management of the railroad.

At the invitation of the common and preferred stockholder groups, Edwin F. Blair, a director of the company, has agreed to serve as moderator at the meeting. Last May, Mr. Blair was made Chairman of a committee of directors (with Abraham M. Buchman of New York and Oscar J. Tolmas of New Orleans as the other two members) to try to get the various stockholder groups to compose their diverse views on a plan of recapitalization.

The officers of the railroad further stated that they would be pleased to comply with the request of the stockholder groups that the company have representatives present to assist in supplying any information necessary to the deliberations of the meeting.

Mon-Dak Oil, Inc., Sidney, Mont.—Registers With SEC

This corporation filed a registration statement with the SEC on Sept. 25, 1953, covering 7,800 shares of class A voting common stock (no par) and 665,816 shares of class B non-voting common stock (no par). The class A stock is to be offered exclusively to landowners in exchange for oil and gas leases on the basis of one share for each \$1 of the value of such leases. Each landowner will be offered 20 shares of class A stock plus such amount of cash or such additional shares of class B stock at the rate of \$1 per share, or both, as are equivalent to the value of the lease. Class B stock will be exchanged for oil and gas leases, and will be issued in payment of salaries and services rendered, and will be sold for cash at the price of \$1 per share. The stocks are "speculative." The company has outstanding short-term notes and drafts in the amount of \$278,473 given for oil and gas leases; and it is contemplated that approximately 278,473 shares will be issued in payment of these notes and drafts. Another 41,512 shares will be issued in payment of salaries and expenses already incurred.

Net proceeds of stock sales for cash will be added to the general funds of the company to be used for the acquisition of oil and gas leases, for geological and seismic work on leases which prove promising for development and exploration, for drilling offset wells to any proven acreage, and for other corporate purposes. The company is engaged in the business of prospecting for, acquiring and developing oil and natural gas properties in Montana, North Dakota and surrounding areas.—V. 175, p. 2695.

(William S.) Moore, Inc., Newark, O.—Stock Offering**—Private Placement—**

The company recently offered to its common stockholders of record May 22 the right to subscribe on or before June 1, 1953, for 52,867 additional shares of common stock (par \$1) at \$5.50 per share on the basis of two new shares for each five shares held (with an over-subscription privilege). The offering was underwritten by Fulton, Reid & Co., Cleveland, Ohio.

The company at the time of the stock offering also made arrangements to issue and sell to one or more private investors \$200,000 of 6% convertible sinking fund subordinated debentures due May 1, 1953 and due May 1, 1963.

PROCEEDS—In January, 1953, the company sold through underwriters, \$700,000 principal amount of 6% convertible sinking fund subordinated debentures due Jan. 1, 1958, the proceeds of which were added to the company's working capital. This additional working capital was needed because of the company's increased volume of sales and to finance increased inventories required because of additional and broadened lines of merchandise and additional stores. Because the company's earnings for the fiscal year ended Jan. 31, 1953 were substantially less than had been anticipated at the time of the sale of the debentures, the company has determined to offer to repurchase all of the debentures at the holders' cost, plus accrued interest. The sources of the funds for such purpose will be as follows: (a) the net proceeds from the common stock offering as above, (b) approximately \$185,000 from a new issue of \$200,000 principal amount of 6% convertible sinking fund subordinated debentures due May 1, 1963, to be sold to one or more private investors, and (c) the balance from the company's working capital (including proceeds from a short term bank loan), in the estimated amount of approximately \$225,000.

BUSINESS—The William S. Moore, Inc. chain of retail stores has grown from one store in April of 1937 to 69 company-owned stores, an Associate Store Division of 59 stores and a Wholesale Division. Stores are concentrated primarily in Ohio and Indiana with some Associate stores in Kentucky and West Virginia. Both company-owned and Associates stores stock over 6,000 items, chiefly auto parts and accessories, toys, bicycles and other wheel goods, and home appliances.

The company was incorporated in Ohio on May 26, 1947 to acquire the business of the proprietorship which had operated under the trade style of "Moore's." The executive offices are located at 42 South Third Street, Newark, Ohio.

†Upon the issuance of \$200,000 principal amount of 6% convertible sinking fund subordinated debentures, due May 1, 1963, 28,571-3/7 shares of common stock will be initially reserved for conversion thereof at the rate of 152-6/7 shares of common stock for each \$1,000 of debentures. To the extent that the holders of 6% convertible sinking fund subordinated debentures due Jan. 1, 1968, do not accept the company's proposed repurchase offer, shares of common stock will be reserved for the conversion thereof at the rate of 100-2/5 shares of common stock for each \$1,000 of debentures (after giving effect to the issuance of the common stock offered in May, 1953 and the sale of the 6% convertible sinking fund subordinated debentures due May 1, 1963).—V. 177, p. 2250.

Motion Picture Laboratories, Inc., Memphis, Tenn.—Files With Securities and Exchange Commission—

The corporation on Sept. 21 filed a letter of notification with the SEC covering \$50,000 of chattel mortgage bonds dated Oct. 1, 1953 and 5,000 shares of common stock (par \$1) to be offered in units of one \$1,000 bond and 100 shares of stock at \$1.00 per unit, through Gordon Meeks & Co., Memphis, Tenn. The net proceeds are to be used to purchase equipment.

Motor Wheel Corp.—Awarded \$3,000,000 Contract—

This corporation has been awarded a \$3,000,000 Army Ordnance supply contract to build cartridge cases for 106 mm recoilless anti-tank rifles, it was announced on Sept. 29 by M. F. Cotes, President.

A new modern ordnance plant will be constructed to produce the cartridge cases, Mr. Cotes said. An expenditure approximating \$2,000,000 will be required for plant and equipment, he revealed.

It is expected that the plant will be in production next summer. It will house approximately 76,000 square feet of manufacturing space.

The company currently is producing 60 mm and 4.2" mortar shell casings, truck wheels, hubs and drums and tank wheels under defense contracts and earlier this year completed a contract for helmets.—V. 178, p. 950.

Mountain States Power Co.—Bids for Bonds—

National Discount Corp., Spartanburg, S. C.—Debentures Offered—

The company on Sept. 29 publicly offered, without underwriting, an issue of \$250,000 20-year capital subordinated debentures, series 53-73, dated Oct. 1, 1953 and due Oct. 1, 1973, at 100% and accrued interest from Oct. 1, 1953.

The debentures will be issued, at the purchaser's option, either as coupon debentures in denominations of \$1,000 each, or as registered debentures, without coupons, in denominations of \$10 each, or any multiple thereof. Coupon debentures and registered debentures without coupons are to be interchangeable in like principal amounts.

The debentures will be redeemable during the first five years at 102%; during the second five years, 101½%; during the third five years, 101%; and during the fourth five years, 100½%; with accrued interest in each case.

PROCEEDS—The entire net proceeds are to be used to supply additional working capital for the company.

BUSINESS—The company was incorporated in South Carolina, on Sept. 8, 1952. It is engaged primarily in the business of financing retail purchases of automobiles and home appliances on secured notes and conditional sales contracts, financing home improvements, and discounting commercial paper.

In addition, the company, to a limited extent, finances retail dealers in home appliances through "floor plan" financing of wholesale appliance purchases.—V. 178, p. 1162.

National Life & Casualty Insurance Co., Phoenix, Ariz.—Registers With Securities and Exchange Commission—

This company filed a registration statement with the SEC on Sept. 28, 1953, covering 900,000 shares of its \$1 par common stock. National proposes to offer such shares at \$1.91 per share to its charter policyholders (persons to whom so-called charter life insurance policies were issued prior to July 1, 1953); and the offering also is to be made to such of its new policyholders as may elect, in connection with coupon policies, to apply their coupon values to the purchases of stock, at the initial subscription price of \$3.93 per share. Promotional commissions are payable in stock at 10% of the gross purchase price, and apply only to stock purchased by new policyholders. Proceeds of the stock sales will be added to the capital and surplus of the company, "necessary in order to permit the company to expand its insurance activities throughout the United States."

Niagara Mohawk Power Corp.—New Addition Placed in Operation—

The corporation placed a 100,000 kilowatt addition to its Albany steam-electric generating plant in service on Oct. 1, it was announced by Earle J. Machold, President.

The addition is the third generating unit in the station and a fourth, now under construction, will go into operation next year. When completed, the Albany plant will have a total capacity of nearly 400,000 kilowatts.

The Albany station is part of Niagara Mohawk's vast postwar construction program which is reaching its peak this year. Since 1946, the company has expended over \$344,000,000 on new facilities, mostly for electric generating plants. Other projects now under construction include two additions to the Huntley steam-electric station at Buffalo which will be completed this year, and five hydro-electric stations on the Raquette River in northern New York.

By the end of 1953, the Niagara Mohawk system will have a total rated generating capacity of 2,655,249 kilowatts, produced in seven steam-electric and 86 hydro-electric plants which are distributed throughout upstate New York, the announcement said.—V. 178, p. 1162.

Northern Illinois Corp.—Preferred Stock Offered—

The company on Sept. 21 offered to certain of its stockholders the right to subscribe for a 30-day period for 12,500 shares of \$1.50 cumulative preferred stock (no par) at \$24 per share. Subscriptions will be accepted in the order received by the company. The offering is not underwritten.

These shares are offered only to such stockholders of the company as reside in states under the laws of which the shares are exempt securities or the offering to stockholders of the company is an exempt transaction and no action will be taken to register or qualify the preferred stock under the Blue Sky Laws of any state.

Shares of preferred stock are subject to redemption, upon not less than 30 days' notice, at a price per share of \$27.50 plus all accrued and unpaid dividends.

PROCEEDS—The net proceeds from the sale of the preferred stock will be added to the company's working funds.

BUSINESS—The company was incorporated on Feb. 15, 1929 in Delaware as the Northern Illinois Finance Corp. At that time it took over the business which had been conducted since December, 1923 by the Northern Illinois Finance Co., Inc., an Illinois corporation. On Feb. 24, 1942 the present name was adopted.

The company and its subsidiary, Friendly Finance Corp., maintain offices in 21 cities in northern Illinois and southern Wisconsin. The business of the company and said subsidiary is operated through two divisions. The sales finance division purchases conditional sales contracts from automobile and appliance dealers with the automobile contracts accounting for the majority of the volume. This division also handles the wholesale financing for many of the dealers from whom retail sales contracts are acquired.

The consumers finance division is licensed in both Illinois and Wisconsin where personal loans are made with household goods, automobiles, appliances, etc., as security.

The company also owns Northern Insurance Agency, Inc., an Illinois corporation, which conducts a general insurance agency and through which the company places all of its insurance.

Northern Insurance Agency, Inc., was incorporated in April, 1939 and Friendly Finance Corp. was purchased in August, 1950.

Northern Natural Gas Co.—To Increase Capacity—

The Federal Power Commission has issued certificates to this company and Independent Natural Gas Co., a subsidiary, and El Paso Natural Gas Co., authorizing construction and operation of pipeline facilities which will make available up to 50 million cubic feet of additional natural gas per day to Northern.

Northern's takes from its wells in the Kansas Hugoton Field have been exceeding the "allowables" assigned by the Kansas Corporation Commission under the state's proration laws, and the new facilities are to be used to transport volumes of gas equal to the amount of the cutback to the allowable levels in the Kansas field.

The Commission authorized Northern to operate a portion of the facilities for which a certificate was issued last May 1 as part of a larger expansion of the company's pipeline system. Operation of these facilities will enable Northern to transport approximately 40 million cubic feet of gas per day, to be purchased from Phillips Petroleum Company at its Dumas (Tex.) gasoline plant. The previously authorized facilities which Northern will operate under the new certificate consist of a total of about 51 miles of pipeline located in Moore County, Tex., and in the Beaver, Okla., and Mullinville, Kansas, areas.

Northern also plans to build about 1,800 feet of line, estimated to cost \$48,000, from Phillips' Dumas plant to El Paso's Dumas compressor station.

The certificate issued to Independent, a subsidiary of Northern, authorizes that company to transport about 10 million cubic feet of gas per day for delivery to Northern.

Preferred Stock Sold—

The recent public offering by Blyth and Co., Inc. and associates of an issue of 250,000 shares of 5½% cumulative preferred stock at par (\$100 per share) and accrued dividends was reported quickly completed. See details in V. 178, p. 1162.

*No operation on Fifth Avenue Coach Co. and New York City Omnibus Corp. for 29 days, Jan. 1 to 29, 1953, due to strike. In order to provide a realistic comparison of 1953 operation with 1952 operation, the income and expenses of Chicago Motor Coach Co., which sold its operating assets and ceased operation on Sept. 30, 1952, have been eliminated from the 1952 consolidated income. \$Loss.

Benjamin Weintraub, President, in a letter to the stockholders on Sept. 25 said:

This corporation has completed the acquisition of General Motors' stock interests in the Hertz Drive-It-Yourself Companies, including Sterrett Operating Service, Inc. The purchase was made by Omnibus through its wholly owned subsidiary, Chicago Motor Coach Co., by the payment of \$10,815,445 for the stock of the above companies.

The purchase was financed in the following manner: (1) The Omnibus Corp., from cash on hand, advanced to Chicago Motor Coach Co., \$1,750,445; (2) The Omnibus Corp. borrowed from banks, and advanced to Chicago Motor Coach Co., \$1,500,000; and (3) Chicago Motor Coach Co. borrowed on the combined assets of the Hertz Companies, \$7,565,000.

Following is a tabulation of net earnings of the Hertz Companies as compared to The Omnibus Corp. earnings (after taxes):

	Hertz	Omnibus
1948—	\$1,367,732	\$244,255
1949—	1,014,475	1,022,160
1950—	1,045,344	764,744
1951—	821,876	323,703
1952—	1,228,836	914,422

For the first eight months of this year the gross revenues of Hertz are running at the rate of approximately 15% ahead of last year. However, due primarily to increased operating costs it is anticipated that 1953 net income after taxes will be approximately the same as 1952.

With the acquisition of the Hertz properties we also retained Walter L. Jacobs, President and General Manager, and other top executives under five year employment contracts. As provided in these employment contracts, the directors of Omnibus Corp. have granted restricted stock options to these executives to purchase an aggregate of 25,000 shares of Omnibus common stock at the current market price. These executives have operated the Hertz properties for over 20 years.

The Hertz business is composed of two main parts: (1) The Hertz properties acquired by Omnibus operate 5,800 trucks and 2,570 passenger cars in 67 locations in 31 cities in the United States; and (2) franchised licensees who own and operate 5,850 trucks and 9,700 passenger cars from over a thousand locations in over 550 cities throughout the United States, Canada, Alaska, Mexico, Cuba, Great Britain, Ireland, Switzerland, the Virgin Islands, the Republic of Haiti, and the Hawaiian Islands.

The combined operations are known as the Hertz System and now consist of almost 24,000 motor vehicles available for leasing or renting compared to 7,500 vehicles ten years ago.

Hertz System has outstanding 1,500,000 courtesy and charge cards, and has in effect rail-auto and plane-auto travel plans.

The Hertz operations consist chiefly of the following phases of the motor vehicle rental business: (1) Long-term truck leasing; (2) day-to-day rental of passenger cars and trucks; yearly leasing of passenger cars; and (4) Hertz System franchise licensing.—V. 178, p. 951.

O'Sullivan Rubber Corp.—Sells Bonds Privately—This corporation has sold privately \$600,000 of 5% first mortgage bonds due serially to Nov. 1, 1965, it was announced on Sept. 29 by Vincent A. Catozella, President. Reynolds & Co. arranged the financing.

The proceeds will be used to prepay existing long-term debt, increase working capital, and expedite the three-year \$900,000 expansion and improvement program O'Sullivan started this summer.

Ground was broken for the first new production unit in July. The new \$100,000 structure will house O'Sullivan's third large calendar, to service the Rubber Division, and specially designed equipment to produce the Plastics Division's newly developed laminated vinyl sheeting. The new line of products will consist of laminations of embossed or plain vinyl sheeting with steel, aluminum and fiberboard, for the business machine, vending machine, household appliance and luggage industries.—V. 178, p. 668.

Owens-Corning Fiberglas Corp.—New Kaylo Literature

This corporation has published a brochure describing Kaylo heat insulation which the company distributes.

The publication contains a listing of physical characteristics of Kaylo pipe insulation and Kaylo heat insulating blocks; typical applications, K factors, standard sizes, thicknesses and forms, recommended thicknesses and insulation efficiencies. In eight pages the publication includes 12 photographs, three graphs and five charts.

Kaylo products, made of a chemical compound of lime and silica, are effective up to 1200 degrees Fahrenheit.—V. 175, p. 613.

Pacific Gas & Electric Co.—Subscription Agents—

The Bankers Trust Co., New York, N. Y., has been appointed co-agent with American Trust Co., San Francisco, Calif., to accept subscriptions for common stock of Pacific Gas & Electric Co. upon exercise of warrants, and to transfer the warrants during the subscription period ending Oct. 6, 1953. Pacific Gas & Electric Co. has made arrangements with these banks to act as agent of the warrant holders in the purchase and sale of rights. See also V. 178, p. 1059.

Packard Motor Car Co.—Output Increased—

Scheduled production of 1953 models is nearing completion with an output increase of approximately 50% over the 1952 production, the company announced on Oct. 1. New models will go into production when tooling, which was delayed by a Detroit (Mich.) tool and die strike, is completed. The new cars are scheduled for public display in January.

It was further announced that Packard has become

Phillips Petroleum Co.—Now Billion Dollar Firm—

An announcement from Bartlesville, Okla., on Sept. 25 revealed that this 36-year old company recently became the 30th corporation in American industry with total assets in excess of one billion dollars. The company's announcement, in part, further stated: "Phillips is the leading producer of natural gas and is generally acknowledged to own the largest natural gas reserves of any company in the world. It is the leading producer of liquefied petroleum gas, and leads in the production of both natural gasoline and furnace carbon blacks manufactured from oil. It is a major factor in the expanding petrochemical industry. Phillips reserves of crude oil and natural gas liquids are high in relation to its size. It has majored on carefully selected projects for upgrading the value of its raw materials, and has one of the most diversified groups of products of any oil company."—V. 178, p. 571.

Precision Equipment Co.—New Safety Step Ladders—

This company announces production of all steel "automatic action" safety step ladders. A Precision ladder may be easily rolled to the desired position but as soon as a person steps thereon the casters automatically disengage making the ladder immovable. There need be no fear of rolling, swaying or "kick out" with Precision safety step ladders. The rubber tipped legs "lock" to the floor, providing a firm, sure base. When a person steps off the ladder the casters instantly and automatically re-engage. The ladder can then be moved easily and quickly.

The two, three, four and six step ladders are priced respectively at \$26.00, \$37.00, \$53.50 and \$93.50.—V. 178, p. 668.

Public Service Electric & Gas Co.—Registers Stock and Bonds With SEC—

This company on Sept. 30 filed two registration statements with the SEC, one for the registration of 800,000 shares of common stock, without nominal or par value, and the other for the registration of \$30,000,000 principal amount of first and refunding mortgage bonds.

The bonds will be dated Oct. 1, 1953 and are to mature Oct. 1, 1983. It is planned to negotiate the sale of the common stock to an underwriting group headed by Morgan Stanley & Co., Drexel & Co., and Glue, Forgan & Co. and to invite competitive bids for the purchase of the first and refunding mortgage bonds on or about Oct. 27, 1953. The issue and sale of the common stock and the issue and sale of the bonds will be separate transactions and neither will be contingent upon the consummation of the other.

The net proceeds will be used to retire short-term bank loans and for property additions and improvements.—V. 178, p. 952.

Raytheon Manufacturing Co.—Opens New Plant—

With the opening of a second Chicago plant for the manufacture and assembly of Raytheon television receivers, officials of the company's Radio and Television Division predict that existing production facilities will be more than doubled.

In the new Raytheon building, with 206,000 square feet of working area will be centered the final assembly of Raytheon TV sets, with the production of chassis, tuners, and assemblies continuing in the other Raytheon plant.—V. 178, p. 1164.

Remington Corp.—Room Unit Sales Increase—

Sales of window and console type Remington room air conditioners for the 10 months ended Sept. 1, were more than 100% above sales for the entire previous fiscal year, it was announced on Sept. 29 by M. L. Judd, General Sales Manager.

Mr. Judd said that sales of Remington window and console room units have jumped from 11,099 units (8,198 window, 2,901 console) in the 12 months fiscal period ended Oct. 31, 1952 to 25,225 units (19,716 window, 5,509 console) in the 10 months from Nov. 1, 1952 to Sept. 1, 1953. Plans for 1954 call for the sale of over 50,000 units, with Remington for the first time manufacturing its own ½ and ½ h.p. window models.

"For the 10 months since last Nov. 1, Remington was also the largest single manufacturer of console type room air conditioners,"

Mr. Judd continued, "producing nearly 6,000 units, or almost one-half of all room consoles made by the industry in that period."

To provide additional manufacturing capacity, Remington is building an addition to its plant at Auburn, N. Y., and is installing more machinery and equipment.—V. 178, p. 761.

(Foster D.) Snell, Inc., N. Y.—Offers Packaged Detergent Plant—

A completely engineered synthetic detergent plant, capable of producing a finished spray dried product from basic raw materials is being offered by the Hull Company Division, Foster D. Snell Research, Inc.

The plant is marketed as a packaged unit and includes sulfonation, neutralization, detergent compounding and spray drying equipment. Based on a plant layout prepared to suit the customer's site and conditions, all piping is pre-cut and market to permit rapid and troublefree assembly.

Snell packaged unit Syndet plants are available in four standard sizes designed to produce from 2,000,000 to 15,000,000 pounds of dried detergent product per year. The extreme versatility of the Packaged Unit permits the manufacture of a wide range of heavy and light duty detergent formulations. The sulfonation section may be used for preparation of fatty alcohol sulfates as well as the more common alkyl aryl sulfonates.

Southern California Edison Co.—Continues Expansion

Construction of another major steam-electric generating station is scheduled to start in October in El Segundo, Calif., according to an announcement Sept. 26 by H. W. Tice, Vice-President and General Manager. The new El Segundo Steam Station will be the company's seventh steam station and the fourth which has been constructed since the end of World War II.

Completion of the first 156,000 kilowatt generating unit at El Segundo Steam Station is scheduled for mid-year of 1955. Ultimately to contain two generating units, the station is expected to cost approximately \$44,000,000. Bechtel Corp., in conjunction with Edison Company engineers, will build the new plant in the southwest corner of the city.

The addition of the El Segundo Steam Station's initial 156,000 kilowatt generating unit will increase the company's total steam generating capacity to 1,309,500 kilowatts. Total cost of Southern California Edison's current expansion program is expected to be \$485,000,000 for the eight-year period 1945 through 1953.—V. 178, p. 762.

The exchange offer is further conditioned upon approval by the shareholders of West Virginia Pulp at the special meeting called for Nov. 2, 1953.

The exchange offer will expire at 3:00 p.m. on Nov. 18, 1953, unless declared effective prior thereto or such date is extended. At the stockholders' meeting, a vote also is to be taken upon a proposal to reclassify the outstanding common shares of West Virginia Pulp, which would increase the authorized shares from 1,500,000 shares without par value to 7,500,000 shares of new \$5 par common stock, and each share of outstanding no par stock would be split and reclassified into four shares of the \$5 par common.—V. 178, p. 899.

Western Union Telegraph Co.—Income Higher—

The company reports net income of \$411,279 in August, after provision of \$446,000 for Federal income taxes. This compares with net income of \$53,609 in August, 1952, when no provision for income taxes was required.

Gross operating revenues for August, 1953, totaled \$18,156,041, as against \$16,461,491 for August, 1952.

For the eight months this year net income amounted to \$5,107,015, or \$4.15 a share, after providing \$5,531,000 for Federal income taxes. This does not include non-recurring income of \$5,801,206 representing principally profit realized in July from sale of Western Union's investment in American District Telegraph Co. (N. J.). In the eight months period of 1952 there was a loss of \$3,979,344 attributable to the 1952 telegraph strike.

Gross operating revenues for eight months of 1953 were \$147,798,895, compared with \$121,081,376 in the same period last year.—V. 178, p. 954.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Oct. 3, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 2.1% above those of the corresponding week last year. Our preliminary total stands at \$19,356,199,888 against \$18,955,205,353 for the same week in 1952. At this center there is a gain for the week ending Friday of 0.8%. Our comparative summary for the week follows:

CLEARINGS—RETURNS BY TELEGRAPH

All cities, one day	755,461,786	692,266,700	+ 9.1
Total all cities for week	\$19,356,199,888	\$18,955,205,353	+ 2.1

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—week ended Sept. 26. For that week there was an increase of 11.0%, the aggregate of clearings for the whole country having amounted to \$19,704,248,398 against \$17,757,945,187 in the same week in 1952. Outside of this city there was a gain of 6.2%, the bank clearings at this center showing an increase of 16.0%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York District (including this city) the totals are larger by 15.9% and in the Boston Reserve District by 8.8%, but in the Philadelphia Reserve District the totals are smaller by 0.2%. In the Cleveland Reserve District the totals show an improvement of 13.9%, in the Richmond Reserve District of 1.9% and in the Atlanta Reserve District of 6.8%. The Chicago Reserve District enjoys an increase of 11.3%, the St. Louis Reserve District of 12.0% and the Minneapolis Reserve District of 5.6%. In the Kansas City Reserve District the totals record a decrease of 7.3%, but in the Dallas Reserve District the totals register an increase of 3.0% and in the San Francisco Reserve District of 4.5%.

In the following we furnish a summary by Federal Reserve Districts:

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended Sept. 23: Decreases of \$260 million in commercial, industrial, and agricultural loans, \$211 million in holdings of United States Government securities, \$726 million in demand deposits adjusted, and \$555 million in demand deposits credited to domestic banks, and an increase of \$309 million in United States Government deposits.

Commercial, industrial, and agricultural loans decreased in nearly all districts and was one of the largest weekly decreases on record, following a week in which one of the largest increases occurred; the principal decreases were \$137 million in New York City, \$45 million in the San Francisco District, \$20 million in Chicago, and \$17 million in the Cleveland District. Changes according to industry appear in another press release. Loans to brokers and dealers for purchasing or carrying securities decreased \$187 million. Loans to banks increased \$152 million. "Other loans" decreased \$25 million.

Holdings of Treasury bills decreased \$41 million in the Dallas District, \$37 million in the Richmond District, and \$31 million each in Chicago and in the Cleveland District, and increased \$57 million in New York City; there was a net decrease of \$203 million at all reporting member banks. Holdings of Treasury notes increased in all but one district and a total of \$130 million. Holdings of United States Government bonds decreased in most districts and a total of \$122 million. Holdings of "other securities" decreased \$36 million.

Demand deposits adjusted decreased \$370 million in the New York District, \$141 million in the Chicago District, \$47 million in the Kansas City District, and \$40 million in the Dallas District.

Plans for Offering of \$150,000,000 New Jersey Turnpike Bonds Formulated

Public Offering set for October 14 by Smith, Barney & Co. Group of 350 Members

Practical completion of plans for one of the largest public offerings of turnpike bonds on record — \$150,000,000 New Jersey Turnpike Authority Bonds — was announced over the week-end by the investment banking firm of Smith, Barney & Co. The firm, which prepared the financing at the request of the Turnpike Authority, is forming a nation-wide underwriting group of approximately 350 members and has set Oct. 14, 1953 as the tentative date for the public offering. While the final maturity date of the proposed new issue will be Oct. 1, 1988, it is estimated, on the basis of engineering projections of probable traffic and revenues, that the bonds can be retired in their entirety through sinking fund operation by 1965.

The new financing reflects the extraordinary success of the 118 mile turnpike since it was fully opened in January, 1952, and the fact that original traffic and revenue expectations have been far surpassed. The high volume of traffic has made necessary the enlargement and improvement of the turnpike's facilities, and the pending offering of \$150,000,000 bonds is being made in connection with a major addition—the so-called Newark Bay-Hudson County Extension—to the turnpike.

Proceeds from the offering will be used largely for construction of the extension which will extend from Newark Airport interchange of the present turnpike to the Holland Tunnel Plaza in Jersey City, N. J. The project, when completed, will consist of a bridge over Newark and an expressway extending from the bridge through Bayonne (N. J.) and Jersey City to the entrance of the Holland Tunnel. Proceeds of the sale of the bonds also will be used to redeem \$30,000,000 currently outstanding bonds due Jan. 1, 1958 and to pay \$2,023,000 for further improvements on the present turnpike.

It is expected that construction of the new extension will start within 60 days after the financing has been completed. The largest single portion of the project will be a new high level bridge spanning Newark Bay which will require approximately two years to con-

struct. The entire facility—bridge and expressway—is expected to be ready for use by the public about April 1, 1956.

The new extension, according to the New Jersey Turnpike Authority, "will be an important adjunct to the New Jersey Turnpike not only as a direct, high-speed connection between the turnpike and the Holland Tunnel for commercial vehicles as well as passenger cars, but also as a facility vital to the present activities and to the future development of the Bayonne peninsula with its heavy industrialized and busy waterfront areas." The extension, engineers working on the project point out, is not only an "important economic need" to the Jersey City - Bayonne peninsula but will afford a greatly needed "traffic artery between New York, the Midwest and the South." The extension also will provide a new and direct route from New York City to Newark Airport.

Upon completion of the financing, the Authority will have outstanding, in addition to the \$150,000,000 bonds comprising the pending offering, \$220,000,000 of 3½% due Jan. 1, 1985 and \$35,000,000 of 3.20% bonds due Jan. 1, 1986. The largest issue was placed privately with a group of investing institutions by Smith, Barney & Co. in 1950 and provided the funds for construction of the original turnpike. The second issue was public distributed in 1951.

Two additional major projects to enlarge the facilities of the turnpike have been approved by the Authority and will be undertaken in the future: (1) the "Pennsylvania Extension" which would connect the New Jersey Turnpike with the Pennsylvania Turnpike, and (2) widening of sections of the present turnpike from four to six traffic lanes.

A total of 17,948,325 vehicles used the turnpike during 1952, the first year of operation—a volume approximately 213% of the estimate made for such year in July 1951 while gross revenues during 1952 were \$17,693,716, or approximately 188% of estimates. Traffic volume for the first eight months of 1953 exceeded by more than 23% the volume experienced during the first eight months of 1952.
