Acme Steel Co.-Sales and Earnings Off-

This company and its subsidiaries, according to preliminary figures, report sales for the year ended Dec. 31, 1954, at \$71,799,884 with net earnings after taxes of \$3,689,022 or \$1.86 per share. This compares with sales for the previous year of \$76,992,558 or \$3.35 per taxes.

The company also declared a quarterly dividend of 40 cents per share, payable March 12, 1955, to all shareholders of record of Feb. 14, 1955.
F. M. Gillies. President and the shareholders of record of Feb.

14, 1955.

F. M. Gillies, President, state that the fourth quarter sales of \$\$z2,001,765\$ reflects the up-turn in business experienced by the steel industry. He also reported that current orders indicate a continuation of fourth quarter results well into 1955. Earnings for the last quarter of \$\$s1,423,233\$ or 72 cents per share contain some extraordinary year-end adjustments that were less favorable than those occurring in the final quarter of the previous year.—V. 181, p. 1.

Adam Hat Stores, Inc.—Sells Wholesale Division-

Adam Hat Stores, Inc.—Sells Wholesale Division—
As a result of an agreement between this corporation and Miller Bros. Hat Co., Inc., in which Miller Bros. purchased the wholesale division of Adam Hat, a new company. The Adam Hat Manufacturers, Inc., was organized by Miller Bros. to manufacture and distribute Adam hats to the more than 200 Adam stores, agencies and other retail outlets throughout the country. This arrangement was approved by Adam Hat stockholders on Feb. 9, 1955.

Miller Bros. Hat Co., Inc. was incorporated in 1911. Its principal stockholders are Isaac and David Miller who organized the company with the late Dorsey Miller, another brother.

Miller Bros. Hat Co., Inc. whose headquarters is at 260 Fifth Avenue, New York, is a parent company of a number of wholly owned subsidiaries. In addition to its own 'manufacturing operations, Miller Bros. performs as a selling, styling, purchasing and financing organization for its subsidiaries.

The parent company, Miller Bros., sells primarily to national chain stores. Texas Miller Hat Corp., Dallas, a wholly-owned distributing subsidiary, was organized in 1936 and services retailers in the Southwest. Texas Miller Products, Inc., a wholly-owned manufacturing subsidiary was organized in 1936 to manufacture hats to be distributed throughout the South, Southwest and Far West by both Miller Bros. and Texas Miller Hat Corp. Southwest Miller Corp., a wholly-owned manufacturing subsidiary located in Corsicana, Texas, manufactures children's, boys' and men's caps. It was organized in 1950.

Many hats for introduction this fall by The Adam Hat Manufactures, Inc. will be manufactured both in the New England area and at the Miller Bros. Hat Co. Corsicana, Texas plant, the largest one-story hat manufacturing unit in the United States. The plant covers 140,000 square feet of 'operating space with an additional 150,000 square feet of warehouse space.—V. 179, p. 2137.

Algom Uranium Mines Ltd. (Canada)-Management

Contract—
This company and Rio Tinto Co., Ltd., jointly announce that agreement has been reached whereby about \$41,000,000 will be provided to bring the Quirke Lake and Nordic Lake properties of Algom into production on the basis of a Letter of Intent from Eldorado Mining and Refining Limited for the sale of the estimated output of uranium oxide concentrates for a period of about five years, totaling \$207,-000.000. Eldorado is a Crown corporation.

Rio Tinto will be given a Technical Management Contract, including the right to negotiate sales contracts.

The agreement provides for 100,000 shares of Algom Uranium being purchased at \$11 per share on the signing of the agreement by Rio Tinto, thus providing temporary financing, and for \$40,000,000 in the form of loans which carry warrants for 1,500,000 shares of Algom Uranium exercisable at \$11 per share. If the warrants were all exercised tis would bring the issued capital up to 4,350,007 shares

and will provide, in addition to the \$41,000,000 mentioned above, a further \$16,150,000.

The \$40,000,000 million is to be provided in the form of: (a) \$15,000,000 advance arranged by Rio Tinto from a Canadian bank on security of a first charge on the properties; and (b) \$25,000,000 in the form of a 5% debenture loan from a group headed by Rio Tinto redeemable at par and carrying warrants for the purchase of 40 shares at \$11 per share for each \$1,000 debenture. Rio Tinto will receive warrants to purchase an additional 500,000 shares of Algom at \$11 per share.

The Algom board is to be increased from seven to nine members. In addition it has been agreed between Rio Tinto, Preston East Dome and Joseph H. Hirshborn to set up a Voting Trust for a period of 10 years in order to ensure continuity of control.

Franc R. Joubin will remain as President of the company and W. H. Bouck, Q.C., will remain on the board representing the large interest in Algom of Preston East Dome.

Joseph H. Hirshborn, who was primarily responsible for the initial financing of the company and is a large shareholder, will also remain on the board. Other directors will include J. N. V. Duncan, Managing Director of Rio Tinto, D. R. Derry, and E. B. Gillanders, both of Rio Canadian Exploration Ltd.

The group headed by Rio Tinto consists of Commonwealth Development Finance Co. Ltd., N. M. Rothschild & Sons, Robert Benson, Lonsdale & Co., Groupe Lambert, Sogemines Ltd., and Amsterdam Overseas Corp. Also participating are Model, Roland & Stone of New York (represented by Leo Model, a partner), whose cooperation with J. H. Hirshborn facilitated the present arrangement, and Gairdner & Co. Consummation of the exchange ofter is subject to authorization by the Interstate Commerce Commission and surrender for exchange of 100,000 shares of series A preferred or such lesser number as the directors deem sufficient. The exchange offer will terminate five business days after issuance of the Commission's order approving the transaction.—V. 181, p. 201.

Allegheny Ludlum Steel Corp .- Earnings, etc.-

Allegheny Ludlum Steel Corp.—Earnings, etc.—

Helped by a sharp increase in the demand for flat rolled silicon and stainless steel products during the latter part of the year company sales and revenues during 1954 totaled \$170,056,405. Net earnings for the year were \$4,246,083. After provision for preferred stock dividends net earnings were equivalent to \$2.30 for each of the 1,683,360 shares of common stock outstanding at Dec. 31, 1954.

Net earnings were affected by deductions for accelerated amortization which during 1954 totaled \$6,156,319. Had the company elected to forego accelerated amortization and take normal depreciation on facilities necessary to national defense, net earnings after related tax adjustments would have been increased by approximately \$2,000,000 or \$1.19 per share of common stock.

In addition to accelerated amortization charges for normal depreciation, depletion and plant retirements during the year amounted to \$3,656,094.

Other principal costs during the year included a total of \$82,662.244 for raw materials, services, supplies, etc., and a total of \$56,105,990 for employee costs, including wages, salaries, social security taxes, pension and insurance. State, local and miscellanzous taxes during 1954 amounted to \$1,632,029 and Federal income tax accruals were \$4,459,000.

E. J. Hanley, President, said that demand has improved for all products and particularly for flat rolled where facilities are operating at near capacity levels. He stated that there is every indication that operations for 1955 will be substantially better than in 1954.

The stockholders on Feb. 3 approved amendments liberalizing the pension plan for hourly rated employees and the contributory retirement and supplementary pension p ans for salaried employees. The stockholders also amended the by-laws and articles of incorporation providing for the establishment of a restricted stock option plan for officers and key personnel who are mainly responsible for the continued growth and development of the business and its f

Atlantic City Electric Co.—Registers With SEC-

This company on Feb. 4 filed a registration statement with the SEC covering \$10,000,000 of first mortgage bonds, due 1985, to be offered for public sale at competitive bidding.

Net proceeds will be applied to the prepayment, without premium, of all outstanding notes payable to banks (now \$3,800,000) issued for construction purposes, and the balance will be used to pay for property additions and improvements. The 1955 construction program for the company is estimated at \$12,616,000.

Bids will be received by the company up to 11 a.m. (EST) on March 9 at One Wall Street, New York 15, N. Y., for the purchase from it of the abovementioned \$10,000,000 first mortgage bonds, which are to be dated March 1, 1955 and to mature March 1, 1985.—V. 180,

Atlantic Coast Line RR .- Plans Bond Issue-

Atlantic Coast Line RR.—Plans Bond Issue—
The directors have concluded, subject to the approval of the Interstate Commerce Commission, to offer for sale \$13,474,000, principal amount, of a new series of general mortgage bonds.

Authentication, and delivery by the mortgage trustees, of that amount—\$13,474,000—of general mortgage bonds was authorized by the Interstate Commerce Commission in Report and Order of Jan. 10, 1955, Finance Docket 18609. The bonds will serve to reimburse Coast Line's treasury, pursuant to provisions of the general mortgage, for 663% of the expenditure of \$20,229,323.61 for additions and betterments to road property made during the period April 1, 1952, to Dec. 31, 1953.

The board of directors has continuing authority from the stockholders for the sale of bonds subject to the general mortgage and within the terms of the general mortgage, which include provisions for bonds in reimbursement for expenditures for additions and betterments to road property.

for bonds in reimbursement for expenditures for additions and betterments to road property.

C. McD. Davis, President, stated that funds derived from the proposed sale of the bonds, when added to retained earnings, and after meeting working capital needs, will accelerate completion of improvement projects immediately in sight and to be undertaken during the years 1955 and 1956, including the modernization of existing signaling; the extension of signaling to important secondary main lines not heretofore signaled, involving extension on certain segments of the railroad of C. T. C. (Centralized Traffic Control); new and additional facilities for District offices and for freight and passenger traffic needs; the extension of certain freight yards or terminals; and the construction of industrial spur tracks and the like to meet the expanding industrialization in Coast Line area.

Beech-Nut Packing Co.—Buys Rochester Plant—
J. Stafford Ellithorp, Jr., President, announced on Jan. 31 that
this company has purchased from American Home Foods, Inc. a large
completely modern plant in Rochester, N. Y. The plant was formerly
operated by the latter's Clapp Baby Food division. The purchase price
was in excess of \$1,000,000.

Beech-Nut plans to use the newly acquired plant to augment its
present warehousing and storage facilities for Strained Baby and
Junior Foods in Rochester. The plant has 217,000 feet of warehousing
space with railroad trackage and railroad and truck docks. In addition, there are about four acres of vacant land on which Beech-Nut
can construct additional buildings to meet future demand.
Beech-Nut already has a large Baby Food plant in Rochester, plus
others in Canajoharie, N. Y. (its headquarters), and San Jose, Calli.

Berghoff Brewing Corp.—Proposed Merger—

The stockholders will vote Feb. 25 on the proposed merger into this company of Northwestern Auto Parts Co., Minneapolis, Federal Motor Truck Co., Detroit, and two other associated companies.

In addition, the stockholders will be asked to authorize an increase in capitalization and change in name to Napco Industries, Inc.

The proposed recapitalization involves an increase in the authorized common stock from 400,000 to 1,000,000 shares and the issuance of 144,000 shares of class B stock. At present, Berghoff has 288,000 shares of common stock outstanding.

The class B would be convertible into common on a share-for-share basis with a maximum of 10% of such shares convertible in any one year. However, if earnings of the new company equal \$1.10 a common share or if a \$50-cent common dividend is paid, 20% of the class B could be converted. Further, there would be no limit on conversions if earnings for two consecutive years aggregate \$2,20 a common share or if dividends on the common stock amount to \$1.

Both classes of stock would have equal voting rights. But class B stock dividends would be subject to certain minimum common stock dividend and earnings requirements.

Present Berghoff sharies would be exchanged for stock of the new company on a share-for-share basis. And an additions 288,000 shares plus all the class B stock would be issued to present stockholders of the companies to be merged into Berghoff. Other participants in the transaction in addition to Northwestern Auto and Federal Motor Truck are Napco Detroit, Inc., and R. W. M. Investment Co.

Napco Detroit is a supplier of parts for Northwestern and Federal while R. W. M. Investment is a holding company owning the Federal Motor plant in Detroit, Mich.

Last April, Berghoff leased its brewery to Falstaff Brewing Co. at an annual rental of \$150,000. In addition, Falstaff has a ten-year option to buy the plant at prices ranging from \$1,500,000 in the first year to \$850,000 in the tenth.

Sales of Northwestern Auto Parts and Federal Truck, both privately owned, amount to about \$10,000,000 annually, according to Max E. Rappaport, President. Mr. Rappaport will hold the same position with Napco Industries, Inc. The proposed merger will provide Berghoff with "a profit making business," Mr. Rappaport stated, while it will provide us with a public listing of our securities and also sufficient borrowing abilities for future growth."—V. 179, p. 1046.

Borg-Warner Corp.-Norge Sales Hit Record-

Factory sales of Norge products in January exceeded \$15,100,000, a record for a single month and nearly equal to the entire first quarter volume of 1954, according to Judson S. Sayre, President of Norge, a subsidiary.

Increased distributor strength, the new line of refrigerators and ranges, and established consumer preference for Norge home laundry appliances were the main reason for the gain, Mr. Sayre reported.

January sales this year totaled better than four times those of last January, which were \$3,717,312.

A second shift has been added at the Muskegon Heights, Mich., refrigerator and freezer plant in order to meet increased demand, Mr. Sayre disclosed.

Burlington Mills Corp. - Changes Name - Quarterly

Burlington Mills Corp.—Changes Name—Quarterly Earnings Higher—

The stockholders on Feb. 3 voted to change the name of this company to Burlington Industries, Inc.

A principal division, which will produce fabrics and yarns from synthetic fibers, will continue to be known as Burlington Mills.

Other affiliated and substidiary companies of Eurlington Industries are Burlington Hosiery, Galey & Lord, Peerless Woolens, Burlington Decorative Fabrics, Mallison Fabrics, Burlington Narrow Fabrics, Pacific Mills, Goodall Fabrics and Lurlington International.

The company said that the new name was considered more descriptive of operations in view of Burington's policies of decentralization and diversification.

J. Spencer Love, Chairman and President, reported that consolidated sales and earnings for the December quarter increased 54.1% and 95.5%, respectively, from the 1953 levels.

Consolidated net sales, which included the results of Pacific Mills and Goodall Fabrics for the first time, amounted to \$127,392,000. This compares with \$82,568,000 without Pacific and Goodall for the three months ended on Jan. 2, 1954.

Burlington holds 75% of the outstanding common stock of Pacific Mills and an 83% interest in Goodall Fabrics.

The sales of Pacific Mills for the quarter ended on Jan. 1 amounted to \$31,665,000, against \$30,428,000 a year before. The sales of Goodall for the two periods have not been announced.

The net earnings of the Burlington group for the latest quarter were reported at \$4,202,000, equal to 53 cents each on 7,253,585 common shares. This compares with \$2,149,000, or 26 cents each on 7,040,508 shares, for the corresponding period a year before. The provision for taxes increased to \$5,166,000 from \$2,251,000 a year earlier.

The net profit of Pacific Mills for the latest period amounted to \$534,000, equal to 56 cents a share, against \$554,000, or 58 cents, a year earlier.

About five cents of the share earnings of Burlington reflected profits of Pacific Mills. Mr. Love said.

year earlier.

About five cents of the share earnings of Burlington reflected profits of Pacific Mills, Mr. Love said.

Burlington has no plans for any further tender to or merger with Pacific Mills, Mr. Love noted.

He said that Burlington had not acquired any Pacific Mills stock in the open market since an offer for such stock expired last year.—V. 180, p. 1430.

a linal count of the votes in the month-long proxy light revealed on Feb. 5.

Falling short of 153,457 or the 51% of outstanding shares required under Pennsylvania law to replace a company's officers and directors, the insurgent group failed by 10,483 shares in its attempt to oust the company's management. Votes totaled 131,626 shares for management and 142,974 shares for the opposition.

The resolution to investigate the \$550,000 loan made in 1951 by the A. M. Byers Co. to the Midland Coke Co. passed by a large majority, since both the management and the opposition had agreed to have the loan investigated.

The management reelected one director and named A. B. Drastrup.

The opposition won two of the three posts and named Sidney Newman and W. Dennis Kendall.

Remaining on the board are the six Byers directors elected to three year terms in 1953 and 1954. They are Thomas Watson; Buckley M. Byers; Lcon E. Hickman; J. F. Byers, Jr.; Frank L. Seamans and At the Corporations.

Remaining on the board are the six Byels directors.

Remaining on the board are the six Byels directors. Buckley M. Byers; Lcon E. Hickman; J. F. Byers, Jr.; Frank L. Seamans and Ray Harrison.

At the organizational meeting of the board of directors following the annual meeting, the company's present officers were reelected.—

Commenting on the announced court action in dispute of the proxy contest result, Buckley M. Byers, Vice-President and a director, said that "management has retained control under the specific requirements of Pennsylvania law." He added that "the opposition, in its proxy statements and letters, evidenced full knowledge and respect for these inherent legal requirements." Mr. Byers explained further that the action instituted against the continuation of Frank L. Seamans as a director is "Without foundation."—V. 181, p. 202.

(H. M.) Byllesby & Co. (Inc.) — Receives Cash and Securities from Standard Power—J. H. Briggs, President, on Feb. 4 said in substance;

The stockholders were advised on Dec. 7, 1954, of the approval by the U. S. District Court for the District of Delaware of the Plan of Standard Power & Light Corp. for settlement with H. M. Byllesby & Co., which previously had been approved by the SEC. The settlement agreement covers all claims and counter claims between the two companies dating back to the organization of Standard Power & Light Corp. in 1925.

agreement covers an evaluation of Standard Power & Light Corp. in 1925.

The transaction has now been consummated and the company has received from Standard Power & Light Corp. cash in the amount of \$209,800, and the following securities: 174,000 shares of the common stock of Standard Gas & Electric Co.; 31,000 shares of the common stock of Wisconsin Public Service Corp.; 18,000 shares of the common stock of Oklahoma Gas & Electric Co., and 18,500 shares of the common stock of Duquesne Light Co. All these shares are listed on the New York Stock Exchange. The approximate indicated value of the stock and cash received is \$1,850,000 which is subject to Federal income tax estimated, at the present time, not to exceed \$300,000, and also to other related expenses.—V. 180, p. 2393.

Central & South West Corp.—Bids March 1-

Central & South West Corp.—Bids March 1—
Bids will be received by the company at 20 No. Wacker Drive, Chicago 6, Ill., up to 10:30 a.m. (CST) on March 1 for the purchase from it of 600,000 shares of common stock (par \$5).

The SEC has issued an order giving interested persons until Feb. 19, 1955, to request a hearing upon the common stock financing proposals of this corporation and its subsidiaries, Public Service Co. of Oklahoma, Southwestern Gas & Electric Co., and Central Power & Light Co. As previously reported Central proposes to offer for public sale at competitive bidding 600,000 shares of additional common stock, \$5 par. It further proposes to invest \$3,000,000, \$2,000,00, and \$3,000,000, respectively, in the common stocks of Public Service, Southwestern, and Central Power. Prior thereto, the charters of Public Service and Central Power are to be amended so as to increase the number of authorized shares of their common stocks.

Central also proposes to apply part of the proceeds of its stock sale to the prepayment of \$9,750,000 of outstanding bank notes. The subsidiaries will use the funds received from their sale of additional stock for construction expenditures.—V. 181, p. 643.

Cerro de Pasco Corp.—Arranges Bank Loans-

Cerro de Pasco Corp.—Arranges Bank Loans—
This corporation, it was announced on Feb. 11 by Robert P. Koenig, President, has arranged an \$8,000,000 five-year bank loan with the Bank of the Manhatton Company, Bankers Trust Co., National City Bank of New York and J. P. Morgan Co. Incorporated. The purpose of the loan, he stated, is to assist Cerro de Pasco in contributing its share of the funds expected to be required by the newly organized Southern Peru Copper Corp. It is understood Cerro de Pasco will own 16% of the capital stock of Southern Peru Copper Corp. Cerro de-Pasco Corp. does not contemplate any further financing to enable it to take its proposed share in the project.

It was announced on Jan. 6 that preliminary negotiations had been completed by American Smelting & Refining Co., Cerro de Pasco Corp. Newmont Mining Corp. and Phelps Dodge Corp. for financing a large copper project in southern Peru. Under the arrangements the Toquepala and Quellaveco properties of American Smelting and the Cuajone property owned by Cerro de Pasco and Newmont, all located in southern Peru, would be transferred to the Southern Peru Copper Corp. The Export-Import Bank of Washington has approved in principle the extension of a credit of \$100,000,000 to Southern Peru Copper Corp.—V. 181, p. 106.

Chesapeake & Ohio Ry .- January Income Higher-

Chesapeake & Ohio Ry.—January Income Higher—
The company on Fcb. 3 reported January net income of \$3,700,000, equal to 46 cents per share of common stock, compared with \$2,400,-000, or 30 cents per share in January, 1954.

January was the fourth consecutive month in which net income was higher than a year earlier, "reflecting improved revenues and substantial operating economies," Waiter J. Tuohy, President, said.

The January net was over 50% higher than earnings for the similar month last year and almost equaled the 47 cents of January, 1953, on revenues 32,000,000 less than the 1953 month, reflecting a better control of costs, Mr. Tuohy added.

Gross revenues in January were \$28,500,000, compared with \$24,-200,000 in January, 1954.

Mr. Tuchy pointed out that January operating expenses of \$19,000,-000 were about \$500,000 less than January, 1954, despite a considerably higher volume of traffic. As a result, he said, an operating ratio of 72% was recorded, compared with 80% in January, 1954.

Plans New Loading Pier-

Plans New Loading Pier—
This company on Feb. 8 announced it will build a new bulk materials unloading facility at Newport News, Va., at a cost of \$8,307,000. Of advanced design, the facility will unload bulk materials, such as ores, at the rate of a ton a second.

Construction will start in mid-March, and operation is scheduled to begin 16 months after. The new facility would cost an additional \$1,500,000 if the site of a former C&O pier were not available, saving dredging costs.

Walter J. Tuohy, President, said the directors have authorized the pier because "import tonnages already in hand or in sight for C&O are enough to justify the investment in the new facility, and the prospects of future growth are bright." New import traffic, Mr.

Tuohy added, will produce additional revenues for C&O of at least \$4.600,000 a year.

The traffic generated by the new facility, Mr. Tuohy said, will further strengthen C&O's traffic diversification program. In the last decade the program has raised the railroad's non-coal traffic revenues to half or more of total freight revenues.

Another advantage of the import traffic is that it supplies a return load for C&O hopper cars, which now deliver bituminous coal to C&O's two coal-loading piers at Newport News for export shipment. The new facility will be built on the site of the former C&O Pier 9, which was replaced in 1949 by Pier 14, an \$8,000,000 facility for handling export coal.

New Treasurer Elected-

D. A. Edwards, Assistant Treasurer, has been elected Treasurer of the railroad, it was announced on Feb. 8 by John E. Kusik, Vice-President-Finance.

Mr. Edwards succeeds J. J. Anzalone, who retired Nov. 30, 1954, under the company's Retirement Plan.—V. 181, p. 643.

New G-E Thy-Mo-Trol Control Has Printed Circuits-Printed circuitry and a new, simplified control system are features of a new line of full-wave Thy-mo-trol electronic adjustable-speed drives, available at prices approximately 20% lower than for previous models of the same type, according to the company's Specialty Con-

models of the same type, according to the company of Special trol Department.

Believed to be the first printed circuitry ever to be incorporated in industrial control equipment, the print-board panels can be visually inspected for circuit faults, G-E engineers said, since the panels are actually current-carrying diagrams. The panels can also be removed and replaced in a few seconds time, they said.

Since the new control circuit uses only a single miniature-type control tube, as contrasted with three conventional sized tubes in previous models, maintenance on the equipment is greatly simplified.

General Motors Acceptance Corp .- Plans Financing-

Charles G. Stradella, President, announced on Feb. 10 that the corporation has under consideration a public offering of debentures to provide additional working capital to finance installment sales of cars and trucks and other products.

The corporation is carrying on discussions with Morgan Stanley & Co. regarding the underwriting of the proposed offering which is expected to be in the area of \$250,000,000.—V, 180, p. 2696.

General Motors Corp.—Record Equity Financing Underwritten by 330-Member Group Headed by Morgan Stanley & Co.—The corporation on Feb. 9 offered to its 460,000 holders of common stock 4,380,683 additional shares of common stock (par \$5) at \$75 per share on the basis of one new share for each 20 shares held of record on Feb. 8, 1955. While a majority of the shareholders live in the United States, General Motors has a substantial number of shareholders living abroad. The subscription offer will expire at 6 p.m. (EST) on March 7, 1955. Morgan Stanley & Co. will manage one of the largest corporate underwriting groups ever assembled, numbering 330 members who will purchase any unsubscribed shares. The financing involves approximately \$328,500,000 and represents the largest public offering of an industrial common stock in history. It also stands as the largest underwritten corporate security offering of any description ever made.

PROCEEDS—The net proceeds from the sale of the additional com-

of any description ever made.

PROCEEDS—The net proceeds from the sale of the additional common stock will be used by General Motors for continued expansion and modernization and replacement of plants and facilities and for working capital. During the six years ended Dec. 31, 1954 General Motors spent more than \$2,100,000,000 for real estate, plants and equipment. This was approximately \$1,260,000,000 in excess of the amounts provided for depreciation and obsolescence in those years. During these years the increased plant and working capital requirements have been met by retained earnings which have amounted to approximately \$1,500,000,000 and by the sale early in 1954 of \$300,000,000 of debentures.

EARNINGS—Consolidated net sales for 1954 are estimated at \$9,825.

EARNINGS—Consolidated net sales for 1954 are estimated at \$9,825,-000,000 and consolidated net income at \$806,000,000 equivalent after preferred dividends to \$9.08 per share on the common stock outstanding.

DIVIDENDS—Dividends amounting to \$5 per share were paid on the common stock in 1954 and a quarterly dividend of \$1 per share has been declared payable on March 10, 1955 to shareholders of record Peb. 14. The additional shares now being offered will not receive this dividend.

BUSINESS—Corporation was incorporated in 1916 under the Laws of the State of Delaware. Its principal executive offices are located at 3044 West Grand Boulevard, Detroit 2, Mich. and 1775 Broadway, New York 19, N. Y.

New York 19, N. Y.

The corporation is primarily an operating company engaged in the manufacture, assembly and sale of various products in the United States. Such operations are also conducted in Canada and overseas by subsidiaries which, with minor exceptions are wholly-owned. The principal products are in the automotive field and consist of passenger cars, commercial vehicles, parts and accessories. Sales of these products averaged approximately 86% of consolidated commercial net sales in the five years ended Dec. 31, 1953 and about 90% for the full year 1954.

The corporation manufactures and assembles in the United States Chevrolet, Pontiac, Oldsmobile, Buick, and Cadillac passenger cars; Fisher bodies; Chevrolet and GMC trucks and GM motor coaches. Through subsidiaries it also manufactures and assembles these and other cars, trucks and utility vehicles in Canada and 19 foreign countries. Products of foreign manufacture include Vauxhall passenger cars and Bedford trucks manufactured in England; Opel passenger cars and trucks manufactured in Germany; and Holden passenger cars and utility vehicles manufactured in Australia.

utility vehicles manufactured in Australia.

The corporation manufactures the major components of its motor vehicles (such as hodies, engines and transmissions) as well as parts and accessories. These items include AC spark plugs, Brown-Lipe-Chapin chrome-plated parts, Delco automobile radios, Delco batteries, Delco-Remy electrical systems, Hydra-Matic, Dynaflow and Powerglide

automatic transmissions, Guide lamps, Harrison radiators, heaters and defrosters. Rochester Products carburetors, Saginaw power and manual steering gears and Ternstedt body hardware. The greater part of such manufactured parts and accessories is used by the car, truck and other divisions. The remainder, a substantial amount, is sold to outside manufacturers, including other automobile and truck manufacturers, or is marketed through distributors and jobbers. In addition to its own manufacture the corporation uses approximately 21,000 outside firms for services and for materials, parts and supplies, one or more of which firms supply sheet steel, tires, glass, frames and other items. General Motors manufactures and sells substantial quantities of non-automotive commercial products such as:

Frigidaire electrical refrigeration units and equipment for household and commercial installations, air conditioning equipment, electric ranges, automatic washers, clothes dryers, dishwashers, dehumidifiers, and water coolers; and Delco boilers and water systems, automatic heating equipment, and electric, oil and gas water heaters.

Allison transmissions for heavy-duty vehicles and rail cars; Cleveland

neating equipment, and electric, oil and gas water heaters.

Allison transmissions for heavy-duty vehicles and rail cars; Cleveland Diesel engines for commercial, marine and industrial uses; Detroit Diesel engines for trucks, coaches, tractors and earthmoving equipment; Electro-Motive Diesel locomotives for passenger, freight, switching and industrial use and Electro-Mobile Power portable generating units; and Euclid earthmoving equipment.

Other products include New Departure ball bearings, Hyatt roller bearings and Delco electric motors.

General Realty & Utilities Corp.-To Erect 30-Story Skyscraper-

A new 30-story air-conditioned office building is being planned by 111 West 40th Street Corp., a subsidiary, at the northwest corner of 40th Street and Avenue of the Americas (6th Avenue), New York, N.Y., on property to be leased for a long term of years from Union Dime Savings Bank, it was announced on Feb. 2 in a joint statement by J. Wilbur, President of the Bank, and Edmund F. Wagner, President of General Realty.

Savings Bank, it was announced on Feb. 2 In a joint statement by J. Wilbur, President of the Bank, and Edmund F. Wagner, President of General Realty.

The new building, which further highlights the rapid postwar expansion of the city's textile district in the West 40th Street area, will contain approximately 500,000 square feet of net rentable office space. It will occupy a plot of 27,500 square feet, with a frontage of 200 feet on 40th Street, an avenue frontage of 100 feet overlooking Bryant Park and 75-foot frontage on 41st Street. The address of the new building will be 111 West 40th Street.

The new building will be erected on the bank's property by General Realty & Utilities Corp. at the latter's expense, and at the termination of the land-lease, the bank will be the owner of both land and building free of such lease.

In turn the bank is taking a long-term lease covering the first, second and third floors in the new building for its banking facilities. The banking floor will have an area of more than 16,000 square feet.

General Realty & Utilities Corp., which owns a number of the nation's best-know office building properties in New York City, Chicago, Philadelphia, Boston, Omaha, Buffalo, and Cleveland is currently constructing a 27-story, air-conditioned office building at 20 Broad St., New York, N. (P. H.) Glatfelter Co.—Register Bonds to Be Placed Privately--Registers Stock With SEC-

Bonds to Be Placed Privately—

This company, 90-year old manufacturer of book and writing papers, has announced financing plans in connection with the current plant development program. In a registration stakement filed on Feb. 9 with the SEC the company stated it proposes to offer 125,000 additional shares of common stock to stockholders and to offer pub icly 40,000 shares of \$50 par value preferred stock. The common stock offering will be made on the basis of one new share for each 1.76 shares held. Prices of both offerings, which will be underwritten by groups headed by The First Boston Corp., will be filed later.

Proceeds from the proposed offerings, together with the proceeds from a recent private placement of \$4,000,000 of the company's first mortgage bonds, will be used to finance completion of a pant development program commenced in 1953 and expected to be completed in mid-1956. The company contemplates an additional \$12,000,000 will be spent on the installation of a new, high-speed paper machine and necessary related equipment in a new plant at Spring Grove, Pa. Under the program, the company has increased its pulp capacity from 36,000 tons to 52,000 tons annually. The new paper machine will have a rated capacity of 168 tons daily.—V. 180, p. 1771.

BUSINESS—The company was organized under the laws of the State of Nevada on Dec. 13, 1954, having its principal place of office at 761 West St., Reno, Nev.

The purposes for which the company was incorporated are in general, to develop and operate uranium and other mineral properties and to otherwise deal in royalties and mineral interests of all description, as well as to prospect and explore the possibilities of opening new uranium mines.

The Last Chance Claims, 1 to 22 inclusive, located in Sevier and Wayne Counties, Utah, and the assignment thereof, were acquired by the company from C. G. Spencer and James Carroll Smith under the terms of which the company has issued to each of them 130,000 shares of its capital stock and has agreed to pay them \$5,000 out of the proceeds of this offering and \$5,000 for each subsequent year for five years for the purchase to all the rights of the Last Chance Claims, 1 to 22 inclusive. In the event the company fails to pay such sum of \$30,000 Messrs. Spencer and Smith, at their own option, may cancel said assignment and the properties revert to them. These claims are unsurveyed, but are properly posted, registered and staked under the stahdard procedure outline in the United States Government Circular No. 1278 of the Bureau of Land Management.

The directors have authorized a public offering of 125,000 shares of common stock, subject to release of pre-emptive rights by share-holders, and subject to favorable market and other conditions at the time of offering. Shareholders will vote on the proposal at a special meeting called for March 4.

The directors also authorized the filing in due course of an appli on to list the company's stock on the New York Stock Exchange In a letter to sharehodlers, George S. Dively, Chairman and President, stated that although a substantial portion of earnings has been retained in the company, the growing volume of business, as well as the company's forward growth program, indicate the advisability of obtaining the additional capital funds which the stock offering would provide. "In addition to the continuing development of present product lines," he said, "the company's forward program contemplates the further acquisition of additional products to supplement those made by the company in the Graphic Arts Industry and possibly products in certain other fields. Although numerous situations are under consideration, it is, of course, not possible to predict whether or when any acquisitions will be made."

The company now has 626,000 common shares outstanding which are traded over the counter.

International Business Machines Corp.—New Products

International Business Machines Corp.—New Products This corporation demonstrated on Feb. 7 a new "one-man-force" office machine which not only eliminates many costly, repetitious clerical tasks, but also shaves to a fraction the time spent on the paper work that overloads an office force and a company budget. With the new machine, called the IBM Cardatype Accounting Machine, wasteful copying is done away with. Operations that involve several departments of office or plant—say, order writing or stock record accounting—may now be done at a centralized point. Furthermore, the entire set of related forms, tickets, and documents needed are produced simultaneously by one Cardatype operator in less time than was required before to prepare one of the forms. An outstanding feature of the Cardatype is an automatic computing unit which permits calculations to be made, according to a present program, on any job given to the machine.

IBM also demonstrated its new, high-speed punched card sorting machine, known as the Type 83 Sorter. The rapid-fire Sorter takes a stack of 1.200 punched cards, mixed in ramdom order, and at the rate of 1.000 cards a minute places them in numerical or alphabetical order.—V. 181, p. 646.

International Hydro-Electric System-Hearings-

The SEC on Feb. 7 announced that, at an adjourned hearing theduled for March 2, 1955, evidence will be received upon three ternative plans relating to this corporation, each proposing a odification of a 1942 SEC order, which directed the liquidation the company, so as to permit its conversion into an investment ampany.

modification of a 1942 SEC order, which directed the liquidation of the company, so as to permit its conversion into an investment company.

One plan, proposed by the interim board of directors of IHES and supported by five of the nine-man board, proposes to continue IHES as a closed-end, non-diversified investment company with a minimum of changes in its present organization, subject only to approval by the SEC and the court. Following the 1942 liquidation order, the U. S. District Court in Boston appointed Bartholomew A. Brickley as Trustee to administer the estate of the holding company pending its dissolution. Under plans proposed by the Trustee and herctofore approved by the Commission and the Court, the IHES debentures and preferred stock have been retired, leaving now outstanding only 356,718 shares of Class A stock. IHES assets presently consist of 313,701 shares of Gatineau Power Company common, 402,572 shares of New England Electric System common, and approximately \$12,000,000 in cash.

The second plan is proposed by Central-Illino's Securities Corp. and Christian A. Johnson, cass A stockholders, and is supported by the four minority members of the board. It proposes, subject to the assent of the holders of two-thirds of the class A stock and to the right of withdrawal of dissenting stockholders, that the interest of assenting stockholders of IHES shall continue in two closed-end non-diversified investment companies. Under this plan, the so-called Todd-Jacobs group of stockholders and the so-called Johnson-Romney group of stockholders would be separated into two separate investment companies, failing which IHES would be dissolved.

Under the third plan, proposed by the class A stockholders protective committee, IHES would be continued as a closed-end non-diversified investment companies to the right of withdrawal of all dissenting class A stockholders and the so-called Todd-Jacobs group of stockholders would be continued as a closed-end non-diversified investment companies.

Under the third plan, prop

outstanding stock is voted in layer of its containance ment company.

At an earlier hearing held on Jan, 25 evidence was adduced in support of the plan of the Interim Board. At the resumed hearing, further evidence with respect to this plan will be received, as well as evidence with respect to the other two plans. Before any plan to continue IHES may be approved, the Commission must modify its dissolution order. Any stockholder or other interested person who desires to be heard at the adjourned hearing, should so notify the Commission in writing not later than Feb. 28, 1955.—V. 181, p. 108.

International Minerals & Chemical Corn.—Expansion

The corporation's Potash Division has completed a \$2,000,000 exnsion and modernization program at its Niagara Falls, N. Y., plant, Norman Into, Vice-President in charge of the Potash Division,

pansion and modernization program at its Nisgara Falis, N. Y., plant, A. Norman Into, Vice-President in charge of the Potash Division, announced on Feb. 11.

Begun two years ago, the expansion increased the capacity of the basic chlorine caustic potash plant by 25%, to 25 tons per day of foliorine and also doubled the capacity to produce liquid caustic potash and potassium carbonate. Also added was a new unit which will produce 60 tons per day of 20 degree Baume hydrochloric acid.

The expansion in the liquid caustic evaporation plant, Mr. Into pointed out, was designed to allow for a further increase in basic plant capacity to 40 tons per day of chlorine. The entire program, he added, is to improve quality while at the same time increasing quantity.—V. 181, p. 646.

Mack Trucks, Inc.—Acquires Electronics Firms

Mack Trucks, Inc.—Acquires Electronics Firms—
The corporation has acquired White Industries, Inc. and Radio Sonic Corp., New York manufacturers in the field of electronics for aviation, industrial and military applications, it was announced Feb. 11 by the Mack board of directors.

P. O. Peterson, President of Mack, said that the acquisition of White Industries and Radio Sonic is the first major step in a long range product diversification program. The two companies will become the Electronics Division of Mack Trucks, Inc., which, until this acquisition, specialized exclusively in the manufacture of heavy-duty trucks, buses and fire apparatus.

White Industries, manufacturer of electronic equipment for industrial applications, also supplies essential components for guided missiles such as the Martin Matador, and for leading military aircraft, including Republic jet fighter bombers and high speed radar-equipped Conveir interceptors, among many others. The company also is a supplier for radar and automatic pilots.

Mr. Peterson said that the new Electronics Division would utilize some of the extensive facilities of Mack's research laboratory center at Plainfield, N. J. He also said that the division would concentrate on research, engineering and production of electronic equipment and components of the most advanced design.—V. 181, p. 206.

Middle South Utilities, Inc.—Earnings Increased—
Consolidated earnings in 1954 were \$2.13 per share of common stock, based on the 7,600,000 shares now outstanding. Tois includes 14c per share of net income arising from rates collected by Arkansas Power & Light Co. under bond pending settlement of a rate increase application now in litigation. That compares with \$2.06 earned in 1953 on a smaller number of shares. Dividends declared in 1954 were \$1.45 per share as ogainst \$1.40 declared in 1953. Total System operating revenues rose 12.9% to a new peak of \$143,570,000. Electric operating revenues were \$119,798,000, or 14.2% higher than in 1953. Capital expenditures of the System companies were \$61 million last year and have been budgeted at \$48 million for 1955. The decrease is caused by a decline in outlays for new generating facilities, following completion of 352,000 kilowatts of new capacity in 1954 and 423,000 kilowatts in 1953. These additions brought owned generating capacity of the System to 2,028,000 kilowatts. At the year-end the company had a strong consolidated capital structure, consisting of 35.5% common stock and surplus, 9.5% preferred stock and 55.0% long-term debt. Present plans call for a small amount of long-term outside financing in 1955 by Arkansas Power & Light Co. and New Orleans Public Service Inc.—V. 180, p. 1653.

The company on Jan. 28 filed a letter of notification with the SEC covering 10,000,000 shares of common stock to be offered at par (two cents per share) through M. C. Leonard and Associates, Salt Lake City, Utah. The net proceeds are to be used to pay expenses incident to mining operations.

Motorola Inc .- To Expand in Arizona-

Motorola Inc.—To Expand in Arizona—

It was revealed on Feb. 3 by Paul V. Galvin, President, that Motorola Inc. is negotiating for the purchase of an 18-acre tract of land in Phoenix, Ariz., on which to construct facilities for engineering and light manufacturing. The company already has some 800 Phoenix employees in 80,000 square feet of modern facilities engaged in research and development projects pertinent to military electronics and to solid state physics. Tentative construction plans call for a concrete building 200 x 260 feet.

"The added facilities in prospect would accommodate some 400 to 500 people and would enable us to undertake pilot runs and larger commitments on such small and highly precise items as transistors; Mr. Galvin said. "Currently we have been making some transistors in the laboratories for exploratory application to a wide variety of products, both civilian and military. It's natural that the work in solid state physics with compatible types of projects can be expected to take more definite shape in the future. Many of the highly skilled and professional people necessary to these tasks are already available in Phoenix."—V. 180, p. 255.

(G. C.) Murphy Co.—Plans Expansion and Increase in Limit of Indebtedness—To Redeem Preferred Stock—

in Limit of Indebtedness—To Redeem Preferred Stock—W. C. Shaw, Chairman of the Board, and J. S. Mack, President, on Feb. 8 announced that the common shareholders will be asked at the annual meeting on April 12 to vote on a proposal to increase the authorized limit of indebtedness to \$20,000,000. The last authorization was for \$3,000,000 in 1930, when the company's sales totaled \$17,498,023. In 1954 sales volume was \$182,172,687.

Approval of the proposal would permit the use of present funds to call all the outstanding 90,000 shares of 4%% preferred stock, and would furnish maximum flexibility with lowered costs in carrying through an accelerated expansion program.

In 1954, 18 stores locations were acquired for 1955-56 opening. One is in Charlotte, N. C., marking the first time since 1937 that the company has entered an adjacent state. This program is designed to lessen sales sensitivity to the influences of the coal and steel industries through expansion into communities with other or more diversified industries.

tries through expansion into communities with other of most field industries.

In a letter sent all shareholders, it was stated: "At the end of 1954 the company had working capital of approximately \$39,900,000, and cash and government securities of about \$12,900,000 in excess of all liabilities. There are presently outstanding 90,000 shares of 434% preferred stock, subject to call. Although the annual dividend requirements of \$427,500 represent the cost of retaining the working capital supplied by issuance of the preferred stock, no credit is given the company for this cost in determining Federal taxes."

North Central Texas Oil Co., Inc.—To Liquidate—
The directors on Feb. 3 approved a plan of complete liquidation of
the corporation. The plan contemplates the sale of the property and
assets of the corporation, the distribution of the proceeds of sale as
soon as practicable and the formal dissolution of the corporation. The
board also passed resolutions approving forms of contracts for the
sale of its property and assets pursuant to the plan of complete
liquidation for an aggregate consideration sufficient to bring the
liquidating distribution under the plan to a total of \$29 per share.
The proposed pan of liquidation and the proposed sale of the property and assets of the corporation will be submitted to the stockholders for final approval and adoption at a special meeting of stockholders to be held on April 1, 1955. Adoption of the plan is contingent upon the approval of the holders of 70% of the outstanding
stock of the corporation, and under the provisions of the corporation's
certificate of incorporation the sale of the corporation's property and
assets must also be authorized by the holders of 70% of its outstanding shares.

Arthur R. Carnody, President, on Feb. 3, in a letter to the stock-

assets must also be authorized by the holders of 70% of its outstanding shares.

Arthur R. Carniody, President, on Feb. 3, in a letter to the stockholders said:

"In the event that the stockholders give their approval, it is hoped that the sale can be consummated by May 2, 1955, and the proceeds of sale distributed in liquidation to the stockholders shortly thereafter. Under the circumstances of the proposed sale, no action was taken by the board of directors with respect to the declaration of the dividend usually paid on March 10."

Mr. Carody added that the board had received assurances from the prospective Lurchaser that it would employ the present management and staff of the corporation and assume the corporation's obligations under its retirement plan.—V. 177, p. 1370.

Ownership of the 34-story Mathieson Building at 10 Light St., Baltimore, Md., has been acquired by The Equitable Life Assurance Society of the United States, it was announced Jointly on Feb. 7 by Thomas S. Nichols, President of Olin Mathieson, and Hooper S. Miles, Chairman of the Board of the Fidelity-Baltimore National Bank & Trust Co.

Chairman of the Board of the Fidelity-Baltimore National Bank & Trust Co.

Fidelity-Baltimore National has leased-back the entire building for 65 years and Olin Mathieson simultaneously leased from the bank for a 10-year period all of the space it currently occupies.

The bank and chemical corporation jointly acquired ownership of the building in 1949 at which time they formed the Mathieson Building Corp., in which each owned a 50% interest. In the current transaction, Fidelity-Baltimore National first acquired the one-half interest of the chemical company and then sold the building to the Equitable for \$5,500,000.

chemical company and then sold the building to the Equitable 10. \$5,500,000.

"Sale of Olin Mathieson's interest in the Mathieson Building is in keeping with the corporation's policy of consolidating its resources in activities more closely related to its operations," Mr. Nichols said, Olin Mathieson has year disposed of its interest in the Squibb Building in New York City.

Mr. Miles announced, "As a result of the transaction the bank and the chemical company both recovered all of their original investment in the building, plus a substantial profit. For the time being the name 'Mathieson Building' will continue to be used and an immediate building improvement program will be undertaken."—V. 180, p. 2232b

Rheem Manufacturing Co.-Net Profit Higher-

The company on Feb. 7 announced 1954 preliminary sales of \$163,628,000 and earnings before provisions for preferred stock dividends of \$6,027,000. This amounts to \$3.67 per share on 1,541,643 shares outstanding, Dec. 31, 1954.

Company operations for 1953 resulted in sales of \$188,500,000, and earnings of \$4,982,000, or \$3.63 per share, on 1,249,308 shares outstanding, Dec. 31, 1953.

standing, Dec. 31, 1953.

In making this announcement, President R. S. Rheem stated: "Although commercial sales reached a new high, the d.c.line in defense business caused total sales to drop below the company's 1953 record. Operating profits for the year were affected by the drop in defense sales, heavy start-up costs for new commercial products and change-over costs incurred by the automotive division for new 1955 automobile models. Despite this slight decline in operating profits, extraordinary income resulting from the sale of certain company investments caused overall earnings to exceed the similar period in 1953."—V. 180, p. 2597.

San Miguel Uranium Mines, Inc.—Financing Delayed

The SEC on Feb. 8 announced the issuance of an order under the Securities Act of 1933 temporarily denying a Regulation A exemption for a proposed public offering by this company of 2,000,000 shares of its 1c par common stock at 15c a share. The order provides an opportunity for hearing on the question whether the order provides an opportunity for hearing on the question whether the order of denial should be vacated or made permanent.

In its order, the Commission states that it has "reasonable cause to believe" that the term and conditions of Regulation A have not been compiled with. Specifically, it is alleged that the aggregate offering price of the San Miguel stock would exceed the maximum \$300,000 limitation imposed by the Regulation under the following circumstances:

\$300,000 limitation imposed by the Regulation under the following circumstances:

"Consolidated Uranium Mines, Inc. owns an undivided one-half interest in certain claims in which the issuer owns the other undivided one-half interest;

"Consolidated Uranium Mines, Inc. also owns an undivided one-half interest in certain other claims in which Crescent Uranium Mines, Inc. owns the other undivided one-half interest."

A full registration is expected to be fixed later with the SEC.—V. 181, p. 209.

Spencer Chemical Co.—Earnings Decline — Outlook The first six menths of the fiscal year ended Dec. 31 produced smaller sales and net profits for this company, but "the outlook for the balance of the year is good," Kenneth A. Spencer, President, announced on Feb. 7.

For the three months to Dec. 31 net sales were \$7,446,988, down from \$8,086,848 a year earlier. Operating expenses rose from \$4,968,558 to \$5,593,195. Income taxes were \$948,000, or \$903,000 less than a year earlier. Excess profits taxes in the 1953 quarter amounted to \$216,000. Not income for the quarter aggregated \$905,793, equal after preferred dividends, to 65 cents a share on the 1,124,855 common shares outstanding. A year earlier the net was \$1,267,290, or \$1.11 a share on the 1,002,201 average number of shares outstanding.

The six-month operating statement showed sales of \$14,20 mpared with \$14,453,634. Net income was \$1,566,948, or \$1 mmon share, against \$2,135,903, or \$1.82 a common share on a small

capitalization.

"Sales and net income for the last half of the current fiscal year should exceed those of the comparable period a year before, notwithstanding the heavy charges incident to the startup of the polyethylene plant at Orange, Tex., which will fall in the period." Mr. Spencer said.

The new plant is nearing completion and the facilities should start producing "sometime prior to March 1," he said.—V. 180, p. 1878.

Sterling Drug Inc.—Earnings Increased—

James Hill, Jr., Chairman and President, on Feb. 7 announced:

James Hill, Jr., Chairman and President, on Feb. 7 announced:

"Preliminary unaudited figures show company earnings, after tax provision but before adjustment for currency devaluation in Latin America, of approximately \$3.80 per common share.

"The amount of the adjustment for devaluation has not been definitely determined by the company's auditors, although present estimates indicate it will approximate 50c per share. If it should be determined that the entire amount is a proper ciarge against current earnings Sterling's net profit for 1954 will be about \$13,100,000, or \$3.30 per share, after provision for preferred dividends."

Net profit in 1953 was \$11,560,669, or \$2.91 per common share.—

Storer Broadcasting Co .- Plans Stock Split and New Financing-

The company has announced a plan for a two-for-one split of its 262,750 outstanding shares of common and the 843,250 shares of class B common stock, subject to approval by stockholders on Feb. 15 of increases in capital stock to permit the distribution to stockholdeds of record Feb. 7 and the release by common holders of their pre-emptive rights to enable the company to make a public offering of an additional 262,750 common shares. The net proceeds of the sale would be used to reduce long-term indebtedness and provide funds for the redemption of 15,000 shares of 7% preferred stock. Reynolds & Co., New York, will be the principal underwriter.—V. 179, p. 954.

Strick Co., Philadelphia, Pa.-To Expand-

Strick Co., Philadelphia, Pa.—To Expand—
The opening on Feb. 4 of a new quarter million dollar plant in Perkasie, Pa., for the manufacture of reinforced fiberglass was announced by Sol Katz, Vice-President. The new plant will be operated by a subsidiary known as the Strick Plastics Corp. The Strick Co., a large manufacturer of truck trailers, has also been in the manufacture of reinforced plastic for some time. Sharply rising demand for its plastic products has dictated the expansion resulting in the new plant.

The new plant will specialize in the manufacture of Daycor sheets for awnings, patios, skylights and bath encolsures as well as Lamicor panels, a form of reinforced fiberglass especially made for industrial use.

More than \$400,000 is being spent to equip the new plant. Situated on a five acre plot, the plant consists of 40,000 square feet to be increased now by 10,000 square feet. It was formerly occupied by the Perkasie Throwing Mill, a textile firm which closed about a year ago.

Struthers Wells Corp.—Sales and Earnings Off—

Net sales for the fiscal year ended Nov. 30, 1954 totaled \$19,306,385, compared with the previous year's postwar high figure of \$22,983,815. Net profit for the 1954 fiscal year was \$1,176,991 equal, after preferred dividends, to \$3.93 per share on 271,916 shares of common stock outstanding at the close of the period. Before giving effect to the additional shares resulting from a 5% stock dividend paid by the company during the year, net profit was equal to \$4.11 per share. In the 1953 fiscal year the' company reported a net profit of \$1,270,806, or \$4.47 per share on 259,913 common shares outstanding. The consolidated balance sheet at Nov. 30, 1954 shows total current assets of \$10,171,958 and total current liabilities of \$2.546,418, a ratio of approximately 4 to 1. At the end of November, 1953 this ratio was 2.3 to 1.

"The demand for productive equipment manufactured by this corporation," said John T. Dillon, President, "is dependent to a great extent on the expansion and modernization of industries devoted to the manufacture of consumer goods, and trends in the past indicate that this lags behind actual orders. While the backlog of the corporation has declined to approximately \$7,000,000 at Nov. 30, 1954, recent contracts received indicate that the upturn in such lines will reflect shortly in an increased volume of business."—V. 180, p. 1542.

Sun Life Assurance Co. of Canada-Highlights-

Sun Life Assurance Co. of Canada—Highlights—

More than \$6,000,000,000 of life insurance in force, and new business during 1954 amounting to nearly \$700,000,000—an increase of \$120,000,000 over the 1953 figure—are among the outstanding figures in the 84th annual report of this company released on Feb. 8 by George W. Bourke, President. The new business was the largest sold last year by any Canadian company, much it being in the United States where Gun Life has 36% of its business in force, and branches in maor cities from coast to coast. Included in the new business figure was \$239,-619,000 of group insurance, representing an increase of \$68,841,000 over the 1953 figure. Mr. Bourke announced new dividend scales which, for the sixth consecutive year, will result in a considerable increase in the total amount to be paid in dividends to the holders of participating policies. The company will pay out a total of approximately \$26,000,000 in dividends in the year ahead, an increase of more than \$2,000,000 and dividends in the year ahead, an increase of more than \$2,000,000 and dividends in the year ahead, an increase of more than \$2,000,000 in dividends and annutants. The \$134,000,000 paid to living policyholders and annutants. The \$134,000,000 paid in 1954 brings the total paid by the company since its organization in 1865 to \$2,866,000,000. The assets of the company now stand at \$1,876,000,000,000 increase of \$46,000,000 million over 1953. Sun Life mortgage loans increased by more than any other type of investment, and by the end of the year the company had \$323,000,000 invested in mortgages, mostly in individual homes.

The Sun Life of Canada, with 93% of its total business in force in the United States. Canada and Great Britain, has 46% of its invested assets in the United States alone.—V. 179, p. 720.

Special Dividend-Sale of Seatrain Shares-

W. C. Vollmer, President, on Dec. 8, last, stated that pursuant to a resolution adopted by the board at its June 9, 1954 meeting the company sold its stock holdings in Seatrain Lines, Inc., producing a net profit as follows:

Sales price (July 8, 1954)	\$1,861,020 385,609	
Gross profit	\$1,475,411	
26% capital gains tax	383,607	
Net profit	#1 001 004	

Net profit — \$1,091,804

He stated that while the stock was in the nature of a capital asset, it was not analogous to operating property, and in the opinion of counsel, was not subject to the liens of the company's mortgages.

Mr. Vollmer advised that in his opinion the net profit so realized should be considered in the nature of a profit realized from an investment in securities, in the same category as net earnings from operations from the standpoint of proper availability for the payment of dividends. He advised the board that the net profit from the sale of Seatrain stock is substantially sufficient to provide for the payment of an additional \$3 dividend on the company's common stock at this time. This payment was made on Dec. 31, 1954 in addition to the quarterly dividend of \$1.25 per share.—V. 181, p. 51.

Thompson Products, Inc.—To Build Research Center

Thompson Products, Inc.—To Build Research Center This corporation on Feb. 3 disclosed plans for the construction of a \$5,000,000 engineering study center on a site just east of the Tapco plant at 23555 Euclid Ave., Euclid, Ohio.

Ground will be broken for the first two units of the campus-like study center by the Fall of 1955. company officials said. Cost of the two structures was estimated in the order of \$2,000,000.

The Research Center is intended to facilitate the development of new products, processes and materials, and will make it possible for the company to consolidate a number of its central staff engineering and research activities which are now in various locations at the Tapco plant.

It is planned to erect the buildings in phases over a period of years. The first two, construction of which will start by autumn, will house the Automotive Development Laboratory and the Metallurgical and Chemical Laboratory. These will be followed by a Staff Industrial Engineering Laboratory, a New Devices Laboratory and an Administration Building. It is estimated that, if business conditions permit, the entire Center will be completed by the end of 1958.—V. 180, p. 1656.

Union Carbide & Carbon Corp.—To Help Build Italian Synthetic Rubber Plant

Synthetic Rubber Plant—

In a joint statement issued on Feb. 4 by Morse G. Dial, President of this corporation and Enrico Mattei, President of Italy's Ente Nazionale Idrocarburi (E.N.I.) and its subsidiary, Azienda Nazionale Idrocarburi (E.N.I.) and its subsidiary, Azienda Nazionale Idrocarburi (E.N.I.) and its subsidiary, Azienda Nazionale Idrocarburi (e.N.I.C.), it was announced that Union Carbide has contracted to act as consultant to A.N.I.C., and in an advisory capacity to help to design and build a \$75,000,000 plant to manufacture synthetic rubber from natural gas in the Po Valley at Ravenna, Italy. Union Carbide will furnish consulting and management assistance in planning, design, construction, and "start-up" operation.

Ente Nazionale Idrocarburi (E.N.I.) supplies nearly 90% of the natural gas produced in Italy. Through a 2,000-mile network of pipelines it feeds methane for fuel purposes to many industrial plants in Northern Italy.

The new plant, to be finished in approximately two years, is primarily to supply butadiene for the production of 30,000 tons of GR-S type synthetic rubber and 350,000 tons of nitrogen fertilizers. In the contract between Union Carbide and A.N.I.C. the processe to produce acetylene from methane and butadiene from acetylene through the production of acetaldehyde and alcohol, are particularly significant.

The new plant for A.N.I.C. will also make use of Union Carbide's more recently announced process to make acetylene from natural zea.

To Develop Shale Oil Reserves-

To Develop Shale Oil Reserves—
The company on Feb. 2 announced the immediate start of a \$5.0001000 pilot program leading to the ultimate commercial development
of an estimated five billion barrels of shale oil reserves contained
in the 50,000 acres the company owns near Rifle, Colo.
"We believe that shale oil as a source of liquid fuel may now be
competitive with domestic petroleum," said Reese H. Taylor, President.
"Upon completion of our research and development project, and providing technical and economic conditions justify it. Union Oil will
consider a full-scale commercial operation which will require a very
substantial investment.

"Union owns 50,000 acres of the richest and most accessible part
of the principal deposit of oil shale in America. This acreage is
estimated to yield eight times the company's present proved controlled
crude oil reserves.

"We plan to design and build in Colorado a Union retort with a
daily capacity of 1,000 tons of shale and to operate it long enough
to prove its workability at this capacity and firm up operating cost
for the process. We also will determine the size-range and quality
range of oil shale the retort can handle."—V. 180, p. 2129.

COURSE **CLEARINGS** BANK

Bank clearings this week show an increase compared with a year ago. Preliminary figures compiled by us, hased upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Feb. 12, clearings from all cities of the United States from which it is possible to obtain weekly clearings will be 17.6% above those for the corresponding week last year. Our preliminary totals stand at \$18,482,869,161 against \$15,712,558,116 for the same week in 1953. At this center there is a gain for the week ended Friday of 28.4%. Our comparative summary for the week follows:

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous—the week ended Feb. 5. For that week there was an increase of 2.7%, the aggregate of clearings for the whole country having amounted to \$21,864,726,099, against \$21,282,834,-320, in the same week in 1954. Outside of this city there was an increase of 6.4%, the bank clearings at this center having recorded a decrease of 0.1%. We group the

cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York District (including this city) the totals show a falling off of 0.1%, but in the Boston Reserve District the totals register an improvement of 7.7% and in the Philadelphia Reserve District of 7.1%. In the Cleveland Reserve District the totals are larger by 2.0%, in the Richmond Reserve District by 6.6% and the Atlanta Reserve District by 11.4%. The Chicago Reserve District has to its credit an increase of 8.2%, the St. Louis Reserve District of 8.0% and the Minneapolis Reserve District of trict of 8.0% and the Minneapolis Reserve District of 4.6%. In the Kansas City Reserve District there is a gain of 1.5%, in the Dallas Reserve District of 8.7% and in the San Francisco Reserve District of 8.6%.

The amount of shares outstanding has also been adjusted for the five-for-one reverse split authorized by the directors and approved by the corporation's shareholders at the annual meeting held on Nov. 3, 1954. Shareholders have been requested to submit their stock certificates to the Registrar and Transfer Company, agent, in order to receive in exchange therefore the appropriate number of shares of the new common stock.

The voting trustees have agreed to submit to stockholders at or before their 1955 annual meeting a proposal to eliminate both classes of preferred stock, with the present outstanding non-cumulative \$10 par preferred stock to be exchanged for common stock on a basis of four shares of common stock ior each share of preferred, and to vote all stock which they hold, own or control, in favor of such proposal.—V. 181, p. 550.

United Corp.—Earnings and Asset Value Up-

United Corp.—Earnings and Asset Value Up—

Earnings of The United Corporation available for the common stock were larger in 1954 than in any year for the past 22 years, according to the company's annual report. Net asset value on Dec. 31, 1954, was the largest year-end net asset value for the common stock in 18 years. The report pointed out that in addition to continued substantial income from dividends and interest on investments, United last year realized capital gains of more than \$1,000,000.

Net income in 1954 amounted to \$4,251,270, equal to 30.2c a share, of which \$3,174,741 or 22.6c was ordinary net Income and \$1,076,529 or 7.6c.a share was profit on seles of securities. For 1953 the company reported net income of \$3,559,869 or 25.3c a share, composed of 1.8c a share in profit on seles of securities.

The report stated that "more than \$4,000,000 of unrealized capital gains on new investments made in recent years remained in the portfolio at the year end."

Total net assets on Dec. 31, 1954, based on indicated market value for investments held, amounted to \$83,133,679, or \$5.91 a share. At the end of the preceding year total net assets were \$71,106,271 or \$5.05 per share.

Dividends of \$3,799,478, or 27c a share, were distributed on the common stock during 1954, the largest cash dividends paid on the common stock in 21 years. In 1953 dividends of 24c a share were paid. On Dec. 31, 1954, united's holdings of common stocks had an indicated market value of \$76,028,365 of which \$60,868,611 was in public utility shares; \$6,715,218, manufacturing shares; \$4,536,213, oil shares; \$2,346,525, banking, finance and insurance shares; and \$1,561,798, miscellaneous shares.

Wm. M. Hickey, President, said "it is hoped that the transition of United from the status of public utility holding company to that of investment company will be completed during 1955," a development which will enable the company to make investments with more freedom than is possible as a public utility holding company. During 1954 the company comp

Walworth Co.—Enters Two Marketing Areas

Walworth Co.—Enters Two Marketing Areas—
With entry into two new marketing areas, and sales expansion class backed by a sound financial structure, 1955 profit possibilities or this company appear to be excellent, it was predicted on Feb. 1 ta meeting of the board of directors. These moves reflect the ggressive approach of the new management setup of the company/hich began with the appointment of Fred W. Belz as Chief Executive Micror in July 1954.

Analyzing the annual report for 1954, to be released to stock-indiers next month, the directors announced moves into the Canadian adustrial market and into the plastic valve and fittings field.

This company has recently made arrangements with Canada from foundries, Ltd. for the manufacture in Canada of Walworth prodicts to be sold by the company's new subsidiary, Walworth Co. of landad, Ltd.

Referring to the company's annual report, the board of directors

ucts to be sold by the company's new subsidiary, Walworth Co. of Canada, Ltd.

Referring to the company's annual report, the board of directors noted that Walworth sales in 1954 were \$34,896,679, a decrease of only 17% from sales of \$41,856,047 in 1953, despite a severe 11 weeks' strike at the company's three main plants. Operations for the year resulted in a consolidated net loss of \$656,986, or 4g cents per share, after reflecting Federal income tax carryback credits. This loss is attributed principally to two factors: the strike and continued price weakness in the entire valve and fittings industry.

The company's financial position is sound. As of Dec. 31, 1954, Walworth's net worth amounted to \$17,471,214, and the book value of the outstanding 1,358,758 shares of common stock was \$12,260,336 at the year end, an increase of \$465,473 during the year. Current assets were 4.13 times current liabilities at the year end as compared with 3.5 to 1 a year ago. Current liabilities were \$4,236,702, a decrease of \$949,255 during the year.—V. 180, p. 2742.

Western Hills Inn, Fort Worth, Texas—Registers With Securities and Exchange Commission—

This company filed a registration statement with the SEC on Jan. 31, 1955, covering 200,000 shares of its no par capital stock, to be offered for public sale as "speculative securities" at \$5 per share. The offering is to be made by Schwanz & Co., Inc., on a "best efforts" basis for which the latter will receive a selling commission of 12½%.

The company was organized under Texas law on Aug. 25, 1954, and proposes to construct, own, and operate a hotel between Dallas and Fort Worth, Texas, to be named "Western Hills Inn." The total cost of constructing, equipping and furnishing the hotel, planned initially to include 122 guest rooms, a swimming pool, 4 dining rooms, a coffee shop, air conditioning, and complete hotel services, is estimated at \$1,455,713. Proceeds of the stock sale, together with at least \$700,000 to be borrowed from a lending agency, will be applied to such purposes. John M. Park of LaSalle, Ill., is chief organizer of the Western Hills Inn, as well as its President and Treasurer. Mr. Park transferred to the company, in exchange for 24,228 shares of its stock, the four tracts of land on which the hotel is to be constructed and for which he paid \$43,740 in cash toward the \$64,500 purchase price. Mr. Park has subscribed for an additional 15,752 shares, at a subscription price to be paid by him on or before Aug. 25, 1957, of \$3.25 per share, of which he has purchased 1,070 shares for a consideration of \$3,477.50.

Western Kentucky Gas Co.—Earnings Up 14%— Earnings for 1954 increased 14% over 1953, according to a pre-

Earnings for 1954 increased 14% over 1953, according to a preliminary statement.

W. T. Stevenson, President, said earnings per share after preferred dividends for 1954 were \$1.06 as compared with 93 cents for the previous year. Both share-earnings figures were based upon the 351,477 shares of common stock outstanding at the year-end.

The preliminary statement does not reflect increased income from the company's 1954 expansion program, which was completed late in the year, according to Mr. Stevenson. Cost of the new facilities was \$1,421,000.

\$1,421,000.

Operating revenues for 1954 were \$5,701,076, an increase of \$727,131, or 15%, over 1953. The increase was due to the continued demand for natural gas for house-heating and a substantial growth in industrial gas sales.

New construction in 1954 was financed partly by the sale of 50,000 shares of common stock last April and the marketing of \$1,250,000 4% bonds in June. Some \$647,000 of the new money was used to retire bank loans incurred by expansions in previous years, according to the statement.—V. 179, p. 1836.

Western Oil Fields, Inc.—Earnings—Operations—
R. M. Barnholt, Jr., General Manager, in a report to stockholders, ted Jan. 31, said in part:
Gross income for the year ended Dec. 31, 1954 approximates \$3,000,-

A total of 42 new oil or gas wells were completed or acquired for the company's own account during 1954. On the contract driling side there were 89 wells drilled during the year by its subsidiaries with a total footage exceeding 300,000 feet. Fourteen wells of a 50-well contract were completed, one well of a 30-well contract was finished and another contract to deepen 18 wells had not been commenced. The outlook for continued activity of the company's drilling subsidiaries, Canadian and domestic, is extremely bright.—V. 181, p. 148.
