Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in the saturday is the saturday of the week in the saturday is the saturday of the week in the saturday is the saturday of the week in the saturday is the saturday of the week in the saturday is the saturday of the week in the saturday is the saturday of the week in the saturday is the saturday of the week in the saturday is the saturday in the saturday of the week in the saturday is the saturday is the saturday is the saturday in the saturday is the saturday is the saturday is the saturday in the saturday is the saturday is the saturday in the saturday is the satu

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week — week ended May 28. For that week there was an increase of 2.3% the aggregate clearings for the whole country having amounted to \$19,047,052,95% against \$18,587,658,958 in the same week in 1954. Outside of this city there was a sim of 8.9%, the bank clearings at this center showing a decrease of 3.5%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District (including this city) the totals show a loss of 3.0%, but in the Boston Reserve District the totals show a pain of 5.7% and in the Philadelphia Reserve District of 9.1%. In the Cleveland Reserve District the totals are larger by 10.3%, in the Richmond Reserve District by 14.8%. The Chicago Reserve District has to its credit an improvement of 6.8%, the St. Louis Reserve District of 4.5% and the Minneapolis Reserve District of 8.3%. The Kansas City Reserve District process a decrease of 0.5%, but the Dallas Reserve District registers an increase of 1.4% and the San Francisco Reserve District of 14.7%.

In the following we furnish a summary by Federal Reserve Districts:

|                        |                | 1 2 . 15 min           |                |                |

# Foreign Exchange Rates

Pursuant to the requirement of Section 522 of the Tariff Act of 1930, the Federal Reserve Bank certifies daily to the Secretary of the Treasury the buying rate for cable transfers on the different countries of the world. We give below a record for the week just passed.

FOREIGN EXCHANGE RATES CERTIFIED BY FEDERAL RESERVE BANK TO TREASURY UNDER TARIFF ACT OF 1930 MAY 27 TO JUNE 2, 1955, INCLUSIVE

| . ## **Condition Statement of Member Banks**

The condition statement of weekly reporting member banks of the Federal Reserve System in 94 leading cities shows the following principal changes for the week ended May 25. Decreases of \$404,000,000 in holdings of United States Government securities, \$145,000,000 in reserve balances with Federal Reserve banks, \$197,000,000 in balances with domestic banks, \$459,000,000 in United States Government deposits, and \$613,000,000 in demand deposits credited to domestic banks, and an increase of \$199,000,000 in demand deposits adjusted.

Commercial, industrial and agricultural loans decreased in all districts and a total of \$102,000,000 at all reporting member banks; the principal decreases were \$15,000,000 each in the Cleveland and Dallas districts, \$11,000,000 each in New York City and in the St. Louis district, and \$10,000,000 in the Atlanta district. Real estate loans increased \$25,000,000. "Other" loans increased \$71,000,000.

Holdings of Treasury bills and Treasury certificates of indebtedness decreased \$55,000,000 and \$60,000,000, respectively. Holdings of Treasury notes decreased \$115,-

000,000 in New York City and by smaller amounts in most of the other districts, resulting in a net decrease of \$227,000,000 at all reporting member banks. Holdings of United States Government bonds decreased \$62,000,000.

Demand deposits adjusted increased \$180,000,000 in the Chicago district and \$64,000,000 in New York City, and decreased \$63,000,000 in the Boston district and \$52,000,000 in the San Francisco district.

Borrowings increased \$111,000,000 in New York City, \$55,000,000 in the Cleveland district, and a total of \$109,000,000 in all reporting member banks. Loans to banks increased \$60,000,000 in Chicago and decreased \$30,000,000 in New York City; there was a net decrease of \$3,000,000 at all reporting member banks.

A summary of assets and liabilities of reporting member banks follows:

| May 25, |                                                                                                                                       | crease (                                                                                                                                                                                                                                                              |                                                      | THE C                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

## Tekoil Corp., Robinson, Ill.—Registers With SEC-

The corporation, on May 31 filed a registration statement with the SEC covering 280,000 shares of its \$1 par common stock, to be offered-for public sale "as a speculation" through an underwriting group headed by Eppler, Guerin & Turner (on an all or none basis). The public offering price and underwriting terms are to be supplied by amendment. The company also is issuing to the Eppler firm at the price of 1c per warrant, subscription warrants to purchase 24,000 shares of stock at the public offering price, exercisable until Ju.7 1, 1957.

shares of stock at the public offering price, exercisable until Ju., 1, 1957.

Tekoil was organized in March, 1955, by W. H. Davison (President), and K. Davison (Vice-President), both of Rooinson. It is engaged primarily in the performance of various engineering services in the oil and gas industry, and also in the business of acq. iring interests in, developing and operating oil and gas propercies. W. H. Davison and K. Davison previously owned all of the projecties which the company acquired at the time of its organization, located in Illinois, Indiana, Kentucky and Oklahoma. In constiteration of their assignment to the company, the latter issued 27,500 common shares to. W. H. Davison and 37,500 shares to K. Davison, plus subscription warrants for an additional 30,000 shares exercisable at \$5 per share. Not proceeds of the public offering are estimated at \$1,160,000. Part of the proceeds will be used to retire \$115,512 of Ill-bittles assumed by the company in connection with the acquisition of its present properties. An additional \$200,000 is to be a piled toward the retirement of an additional short-term bank loan of that amount of which \$100,000 was used as a partial paym in 1 in the acquisition of certain producting properties from C. S. Hammon is and \$100,000 for working capital. An additional \$300,000 will be paid on the purchese of the Hammond properties; and the balance will be added to general funds of the company and used for its general corporate purpos.

#### TEMCO Aircraft Corp.—Awarded Subcontract—

This corporation, as a result of being low bidder, has been awarded a subcontract to tuild large quantities of three separate assemblies for the North American F-100D Super Sebre, Robert McCulloch, President, announced on May 29. Work will be performed at TEMCO'S Garland plant.

Items included in the subcontracts awarded by the Columbus, Ohio, Division of North American Aviation, Inc., include wing-tip panels, inboard and outboard allerons, and flaps. Total value of the new contract, Mr. McCulloch said, is in excess of \$1.000.000.—V. 181, p. 2520.

# Tennessee Gas & Transmission Co. — Registers With Securities and Exchange Commission—

Securities and Exchange Commission—
This company filed a rigistration statement with the SEC on May 26, 1955, covering 200,060 shares of cumulative preferred stock, \$100 par, to be offered for public sale through an underwriting group headed by Stone & Webster Securities Corp. and White, Weld & Co. The dividend rate, public offering price and underwriting terms are to be supplied by amendment.

Part of the proceeds will be applied to redeem all of the company's outstanding 5.65% cumulative preferred stock (100,000 shares); part will be applied to the payment of outstanding short, term notes; and the balance, if any, will be added to the general funds of the company. Proceeds from the short term notes were used in connection with the company's expansion program.—V. 181, p. 2520.

Texas Industries, Inc.—Debentures Offered—An underwriting group headed jointly by Kidder, Peabody & Co.; Rauscher, Pierce & Co., Inc. and Russ & Company offered for public sale on June 1 a new issue of \$6,000,000 4.60% subordinated debentures, due June 1, 1975, convertible into common stock through June 1, 1965. The debentures are priced at par, plus accrued interest. The debentures are convertible into common stock initially at \$14.00 for the property of the state of

The debentures are convertible into common stock initially at \$14 principal amount of debentures for each share of common. They are entitled to a sinking fund sufficent to retire \$267,000 principal amount in each of the years 1960-1974, inclusive. Optional redemption prices scale down from 104% to par.

PROCEEDS—Net proceeds from the sale of the debentures will be used to the extent of \$3,363,980 to redeem all outstanding 15-year 6% sinking fund debentures. The balance will be added to the general funds of the company to be available for such improvements and additions to the company's properties as may be authorized in the future.

BUSINESS—The company and its subsidiaries produce and market building materials, including various masonry products and metal pipe. The company, the largest producer of masonry products in the southwest, does business in Texas, Oklahoma, Louisiana, Arksansas and Kansas.

RNINGS—During the five year period 1950-1954 the company's lidated net sales increased from \$217,455 to \$7,241,457 and net toe from \$35,377 to \$256,629. For the rine months ended Feb. 28, sales were \$7,033,870 and net income \$447,929.

# CANADA ONTARIO

Sault Ste. Marie, Ontario
Completes Refinancing Program
—The City has just arranged for
the refunding of \$1,923,000 of its
outstanding debentures, with a
resultant major saving in debt.
service charges.

A syndicate managed by J. L.

A syndicate managed by J. L. Graham & Company Limited, and including Bankers Bond Corporation Limited and Education Limited and Education Limited and Education Security Secur rities Canada Limited have pur chased a refunding issue compris-ing \$1,923,300 3½% and 3¾% de-bentures, maturing 1956 to 1972 Proceeds of the issue will be used to retire a like amount of the City's debentures maturing 1956-1973, and bearing interest at 41/4 %

and 4½%.

Made possible by the strong financial position of Sault Ste.

Marie and the present favorable market for municipal debentures, the refunding will include some 43% of the City's total debenture debt, and will result in a decrease. future debt charges of over in future \$190,000.

The new debentures will be non-callable. This is one of the first occasions on which an Ontario municipality has taken ad vantage of the recent amendmen to the Municipal Act of the Province, permitting the issuing o non-callable debentures.
