a Quiz that may save your life

Q. What is cancer?

A. An uncontrolled growth of cells. If permitted to spread through the body, it inevitably leads to death.

Q. Can cancer be cured?

A. Many types can be cured, but only if they are discovered and treated early.

Q. How can cancer be discovered in time?

A. By your doctor who has available many diagnostic tests.

Q. What is the American Cancer Society?

A. The only national voluntary agency which fights cancer by research, education and service to cancer's victims.

Q. What has it accomplished?

A. It helped save an American from dying of cancer on an average of every seven minutes last year.

Q. Does that mean it has solved the cancer problem?

A. Unfortunately, no. Despite the advances made, more than 235,000 Americans will die of cancer this year.

Q. Can I help to prevent this tragedy?

A. Yes. By having regular health examinations yourself. And by contributing to the American Cancer Society.

Q. What will my contribution be used for?

A. For research that may some day save your life, for education and for helping cancer's victims.

Strike back | **at cancer...man's cruelest enemy...Give**

*** American Cancer Society**
