ACF Industries, Inc.—Missiles Group Established—

This corporation, which has been involved in missiles work since 1949, has established a Missiles Group to coordinate the activities of its several divisions in the field of missiles and related weapons systems, J. F. Clark, President, said on Sept. 10.

Mr. Clark explained that most of ACF's missiles projects have dealt with sub-assemblies or components and, as such, have been executed by individual ACF divisions acting more or less independently. "Function of the new group is to assemble the divisions' component skills and apply them to over-all weapons systems," Mr. Clark said.

As an example of ACF's potential for systems work, Mr. Clark referred specifically to three divisions. "Our Ero Division has done outstanding work in missiles' components," he said. "Our Avion Division has been developing guidance and control systems for Navy missiles for seven years. Our American Car and Foundry Division is well qualified to fabricate heavy launching gear.

"Individually, those are component skills. Together, they constitute qualifications for systems work for which we are now ready. It is the assignment of the Missiles Group to pull them together."

The Group has already started preparation of integrated presentations of ACF's missiles capabilities for both the government and private prime contractors, Mr. Clark added.—V. 184, p. 1013.

Acme Steel Co.—Holders Waive Rights—

The stockholders voted at a special meeting held on Sept. 12 to waive their preemptive rights to 400,000 shares of the company's stock clearing the way for public offering of the securities on Sept. 18.

The proceeds of the stock sale will be used to help finance an expansion program, including the purchase of the Newport Steel Corp., Newport, Ky., for $16,450,000. Acme took possession of the Newport property on Sept. 14.—V. 184, p. 913.

Adam Consolidated Industries, Inc.—Earnings Up—

Earnings totalled $80,608 after taxes for the six months ended June 30, 1956, compared to a loss for the like 1955 period of $343,685. Harold N. Leitman, President, announced on Sept. 5 Pre-tax earnings were $163,278 for the 1956 period.

On a per share basic, earnings after taxes were 16 cents in the 1956 first half, as compared to a loss equal to 82 cents per share in the 1955 first half.

"We expect second half earnings to be considerably greater than the results for the first half," Mr. Leitman said. "Most of our divisions show their best profits and sales in the third and especially the fourth quarter, and indications are that we will end up the year with a greatly improved picture."

The corporation operates Adam Hat Stores, The Gemex Watchband Corp. and Canada Dry of Germany and the Far East.—V. 184, p. 317.

Air Reduction Co., Inc.—Postwar Program Clears Way to Long-Term Growth—

Having overcome principal post-war difficulties, this company through internal growth "has achieved greater diversification by expanding its operations in the fast growing and profitable organic chemical and petrochemical fields," according to a study released Sept. 7 by Harris, Upham & Co., nationwide investment brokerage firm with 35 offices coast to coast and members of the New York Stock Exchange.

"This has been principally accomplished through the construction of facilities to manufacture acetylene for use as a basic petrochemical raw material," the Harris, Upham & Co. study points out. "On a moderate scale the company is also upgrading acetylene into intermediate and semi-finished products. In the industrial gas division, Air Reduction has substantially improved its operations. Manufacturing and distribution facilities have been modernized, mainly in the oxygen field.

"In general, finances are satisfactory and debt and preferred stock are relatively small in relation to total capitalization. Planned capital expenditures for the next year can easily be financed from retained earnings and non-cash charges, leaving a sufficient margin for a further increase in the common dividend."

The study cites as factors favoring the outlook for Air Reduction, the acquisition of Colton Chemicals, a small manufacturer of finished synthetic resins, and plant expansions in Buffalo (N. Y.), Butler (Pa.), Riverton (N. J.), Chicago and Los Angeles, in addition to the operations at Calvert City (Ky.).

Continued expansion this year, according to the Harris, Upham & Co. study, will run to an estimated $20,000,000 with next year's capital expenditures now projected at around $15,000,000. Large installations are planned or under construction in Chicago, Los Angeles, and Butler, Pa. No new financing for the foreseeable future is anticipated, according to the study.—V. 184, p. 105.

Alden Products Co.—New Handbook Supplement—

This company on Sept. 7 announced the release of a new 4-page Alden Handbook Supplement featuring a new series of simple, rugged Alden "IMI" (integral molded insulation) connectors which makes possible completely molded, unit cables.

These rugged high voltage and multi-wire connectors provide perfect strain relief on all leads, positive seal against moisture, prevention of arc-over and corona suppression.

Allied Paper Corp., Chicago, Ill.—Proposed New Name

See Thor Corp. below.

Almont Mines, Inc., Grand Junction, Colo.—Files With Securities and Exchange Commission—

The corporation on Aug. 17 filed a letter of notification with the SEC covering 110,000 shares of common stock (par one cent) to be offered at 15 cents per share, without underwriting. The proceeds are to be used for expenses incident to mining operations.

Aluminum Co. of America—Stock Offered—A secondary distribution of common stock (par $1) was made on Sept. 13 with the public offering by The First Boston Corp. and associates of 150,000 shares of the aluminum producer's stock at $115.75 per share. The offering was completed.

PROCEEDS—This stock represents a portion of the holdings of Arthur V. Davis, Board Chairman of the company, who will own approximately 6% of the common stock after this sale. This company will not receive any proceeds.

BUSINESS—The company and its subsidiaries constitute an integrated producer of primary aluminum, from the mining and processing of bauxite to the fabrication of aluminum and its alloys into semi-finished and finished products. Consolidated net sales and operating revenues for the six-month period ended June 30, 1956, amounted to $443,202,000 and net income was $47,378,000 compared with $411,641,000 in net sales and operating revenues, and $43,073,000 in net income for the comparable 1955 period.

American Airlines, Inc.—Note Placed Privately—C. R. Smith, President, on Sept. 10, announced that arrangements had been completed for the private placement of a 4¼% note issue to total $60,000,000 due in 1996 with the Metropolitan Life Insurance Co. and the Prudential Insurance Co. of America. Funds will be available in varying amounts and at different times during 1959.

This supplements the arrangements made in November, 1955, by American Airlines for the private placement of a 4% note issue of $75,000,000 due in 1996.

Sinking fund payments in equal annual instalments of $4,500,000 on the total financing of $135,000,000 will begin in 1967 and will continue each year thereafter with final payment due in 1996.

The total of these two arrangements, $135,000,000, Mr. Smith said, should complete the financing necessary for the purchase of turbine-powered aircraft and related equipment now on order for delivery in 1959 and 1960.—V. 183, p. 877.

American Cyanamid Co.—New Vat Dyes Available—

A program to produce an improved line of more than 45 Calcoloid Vat Pastes, with Controlled Particle Size called the Calcoloid CPS line for maximum efficiency and economy in vat dyeing, has been completed, and the dyes are now available to the textile industry, it was announced on Sept. 10 by E. G. Walker, Sales Manager of the company's dyes department.

Cyanamid's Calcoloid line, formerly meaning "colloidal" fine dispersion, has been among the finest available for 20 years. The new controlled Particle Size is the newest refinement, the result of many years of experience and much research. It has involved the revamping of processes and equipment, and an even greater emphasis on production control and application laboratory testing.

To Expand Pigment Output—

This company will expand production to 72,000 tons annually of Unitane titanium dioxide pigment at its Savannah, Ga., plant.

It is estimated that the new facilities will be in operation by early 1958, and will require approximately 250 additional employees. The plant is located on a 1,600-acre tract along two miles of riverfront. —V. 184, p. 213.

American Federal Finance Corp., Killeen, Tenn.—Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the SEC on Sept. 5, 1956, covering 40,000 shares of its $5 par common stock, class B, and 400,000 shares of its $5 par preferred stock. The company proposes to offer the securities in units of 10 preferred shares and one common share at a unit price of $55. The offering is to be made by the company itself, through its officers and directors. Brokers and dealers in various localities will be employed to assist in the offering. They will be employed on a best efforts basis and will be compensated by a commission on sales of 15%. A special effort is to be made to dispose of the issue to military personnel.

Net proceeds of the financing will be used to purchase used car paper and to extend the company's operations into the field of new car financing.

This corporation was organized as successor to Empire Finance Corp., which began business in Killeen in March, 1955, as successor in turn to the Empire Finance Co., a partnership. The latter was composed of J. J. Fain, T. K. Pennell, and A. L. Moran, who are named as President, Secretary-Treasurer and Executive Vice-President, respectively. They each own one-third of the outstanding 50,000 shares of class A common. In addition to its automobile financing business, the company will feature overseas financing for the military. It plans to establish a Washington office as it headquarters.

American Investors Corp., Nashville, Tenn.—SEC to Hold Hearings on Issuance of "Stop Order"—

The Securities and Exchange Commission, it was announced on Sept. 7, has instituted proceedings under the Securities Act of 1933 to determine whether a "stop order" should be issued suspending the effectiveness of a registration statement filed by this corporation.

At a hearing scheduled for Sept. 20, 1956, in the Commission's Washington office, inquiry will be conducted into the question whether information contained in the registration statement is false and misleading in material respects and, if so, whether the stop order should issue.

The corporation filed its registration statement on July 13, 1956, proposing the public offering of 4,000,000 shares of its common stock at $2 per share. The offering would be made through company officials or employees under supervision of its management, for which a 20c per share commission was to be paid. An additional 962,500 shares, reserved for issuance upon the exercise of options granted by the company to its employees, also were included in the registration statement. According to the prospectus, the company planned to use not more than $6,000,000 of the proceeds of the financing for the purchase of all of the common stock of American Investment Life Insurance Co., to be organized under Tennessee law and to conduct a full line of life and disability insurance business. The balance of the proceeds were to be used for the purchase of all fixed assets required for the conduct of the insurance business, which would be rented by the Insurance Company. Jimmie Davis of Shreveport and Frank Poole of Nashville were named as Board Chairman and President, respectively.

In its order authorizing the proceedings, the Commission asserts that the registration statement filed by American Investors "includes untrue statements of material facts and omits to state material facts required to be stated therein and material facts necessary to make the statements therein not misleading." More particularly, the Commission challenges the adequacy and accuracy of disclosures with respect to (1) the plan of distribution of the securities; (2) the use of the proceeds of the sale of securities; (3) the description of the business to be conducted; (4) the identity of the promoters of the company; (5) the description of the principal occupations of certain officers and directors; and (6) the granting of options for the purchase of stock.—V. 184, p. 317.

American Petrofina, Inc.—Present Capitalization—

See Panhandle Oil Corp. below.—V. 184, p. 1013.

American Smelting & Refining Co.—To Expand Continuous Casting Facilities—

This company will spend over $1,250,000 to expand its Perth Amboy, N. J. facilities for continuously casting bronze foundry alloys, it was announced on Sept. 10 by J. D. MacKenzie, Vice-President in Charge of Operations.

The expansion program will begin this year and will increase the plant capacity by approximately 50%. Two new continuous casting furnaces will be installed in the enlarged plant structure.

Commercial production of continuous-cast products was begun by this company in 1944, and the Perth Amboy facility for casting copper alloys was completed in 1947. More than 80,000,000 pounds of "Asarcon" Bronze has been cast since that time. The corporation is the only source of continuously-cast bronze mill rods, tubes and shapes with more than 30 alloys cast in lengths up to 105 inches by the patented ASARCO process.—V. 184, p. 721.

Anschutz Drilling Co., Inc.—Five New Discoveries—

This corporation on Sept. 6 announced its accelerated exploration program has resulted in five oil and gas discoveries in Kansas, viz.: No. 1 Ackerman in Stafford County; No. 1 Fatzer in Edwards County; No. 1 Miller in Kiowa County, No. 1 Sniffen in Sheridan County; and No. 1 Byers, also in Stafford County.

The corporation's general offices are located at 1411 Mile High Center, Denver, Colo.

Heading the company is Fred B. Anschutz, President. Other officers are; Del E. Webb, Senior Vice-President; William A. Clough, Vice-President in charge of exploration; and Hal W. Addington, Vice-President in charge of drilling operations.

The company was incorporated in December, 1955, in Colorado and, exclusive of recently announced discoveries, owns interests in over 100 producing oil and gas wells in the mid-continent and Rocky Mountain region. These include six in Colorado, 80 in Kansas, two in Nebraska, four in Texas and five in Wyoming, with a total output of approximately 300,000 barrels per year.

The company owns 12 rotary rigs, ten of which are engaged in contract work while two are drilling on company holdings. Six of the company rigs are operating in Wyoming, three in Montana, and one each in Colorado, Kansas and North Dakota. Other wells are being sunk on company property by other drilling companies through contract arrangements.—V. 184, p. 214.

Armco Steel Corp.—To Add to Lab Facilities—

This corporation on Sept. 13 announced plans to increase the facilities of its Baltimore Research Laboratory devoted to the development of new types of stainless steels.

The $300,000 program entails the construction of a new building and the alteration of an existing one at the plant's 65 acre Edison Highway site in Baltimore, Md.

The new research laboratory is expected to be completed before the end of the year.—V. 184, p. 722.

Ashtabula Telephone Co., Ashtabula, Ohio—Files—

The company on Sept. 5 filed a letter of notification with the SEC covering 10,000 shares of common stock (par $25) to be offered to stockholders at a price to be supplied by amendment, without underwriting. The proceeds are to be used for general corporate purposes.—V. 184, p. 318.

Astron Corp., East Newark, N. J.—Files With SEC—

The corporation on Sept. 5 filed a letter of notification with the SEC covering 45,000 shares of common stock (par 10 cents) to be offered at a price to be supplied by amendment, through Van Alstyne, Noel & Co., New York, N. Y. The proceeds are to go to selling stockholders.—V. 181, p. 2114.

Atlas Consolidated Mining & Development Corp.—Semi-Annual Earnings—Expansion Continues—

This corporation realized a net profits of $2,156,261 on total sales of copper and gold of $4,949,414 for the first six months of 1956. Col. Andres Soriano, President, announced on Sept. 6. This represents net earnings of $1.61 per block shares.

Approximately one-half of Atlas' 8,000 stockholders are now U. S. residents. Atlas block shares have been listed on the American Stock Exchange since April 5, 1956, and consideration is presently being given to listing the stock on the Los Angeles Stock Exchange.

Work is under way at Atlas to carry out the second expansion of the mill capacity from 6,000 tons to 10,000 tons daily. Work is expected to be completed by the end of 1956.

Atlas also received approval, on July 31, 1956, of the Central Bank of the Philippines for dollar coverage in the amount of $1,590,500 for the construction and equipping of an acid-fertilizer plant. This project is expected to save the Philippines dollar exchange estimated at $5,300,000 per year in terms of the prices which for over a period of many years have been paid for imported fertilizers.

Operation of this plant is scheduled to start Jan. 1, 1958.

The directors also approved the management's recommendation for the installation of a smelter and refinery near the Atlas mines where the company has ocean-loading facilities.

Such an installation has been the expressed desire of the Philippine Government so that maximum utilization, both in income and dollar production, may be obtained from the expanding copper ore resources of the country.

The capacity will be ample to treat all the concentrate production of Atlas and that of other mines in the region which may wish to send their concentrates to the plant.

Another project now under study in which Atlas will be partly interested in the establishment in Manila of a copper wire drawing and insulation plant in conjunction with the Phelps Dodge Copper Products Corporation. This plant will use wire drawn from copper rods made from the Atlas concentrates. Until the smelter and refinery is established, the wire will be processed from the Atlas concentrates in Japan.—V. 184, p. 618.

Atlas Plywood Corp.—Sales Up—Earnings Lower—

Net sales for the fiscal year ended June 30, 1956, the 31st year of the company's operation, totaled $58,432,590 an increase of $3,090,312 over the $55,342,278 in the 1955 fiscal year, Robert A. Muller, President, reported.

Net consolidated income for the June 30, 1956 fiscal year after taxes was $404,198 and after provision for preferred dividends was equal to 15 cents a share on the 845,918 outstanding shares.

The net consolidated income reflects inventory writedowns caused by the drop in the current market price of fir plywood to the lowest level in years, plant closing costs and other expenses of a non-recurring nature in excess of $275,000 for Atlas Plywood and over $250,000 for Plywood Inc., a total of $525,000. Consolidated net income in 1955 was $1,044,701 equal to 90 cents a share based on the current capitalization.

One of the management's accomplishments, Mr. Muller said, was the arrangement of financing enabling Atlas Plywood to conclude a long-term contract with the Hearst Corporation of San Francisco for timber cutting rights assuring it a log reserve sufficient to provide the bulk of its requirements for the West Coast mills. Acquisition of these reserves, Mr. Muller pointed out, will prevent any future suspension of operations by West Coast mills, such as occurred prior to this arrangement.—V. 183, p. 3006.

(B. T.) Babbitt, Inc.—Acquires Research Firm—

This corporation, it was announced on Sept. 12, has acquired Connecticut Chemical Research Corp. Inc., producer in the aerosol industry, and its subsidiaries.

The acquisition was made through an exchange of 300,000 series A 5% cumulative convertible $50 par preferred shares of Babbitt and 10,000 shares of Babbitt's series B 3% $50 par preferred stock for all outstanding shares of Connecticut Chemical. At the time of the exchange the latter had 460,000 shares of common stock and 22,926 shares of preferred stock outstanding.

Babbitt will continue to market the products of Bostwick Laboratories, a former subsidiary of Connecticut Chemical, producing household push button sprays.

The combined sales of Bostwick-Connecticut, plus those of the recently acquired Chemicals, Inc., are expected to bring Babbitt's sales up to an annual volume of $27,000,000, it was announced.

Lehman Brothers and Burnham & Co., furnished financial advice and assistance in the negotiations leading to the above transaction. —V. 184, p. 722.

Bangor Hydro-Electric Co.—Offers Rights on Additional Shares—This company is offering to holders of its common stock (par $15) the right to subscribe for 52,796 additional shares of common stock at the rate of one share for each six shares held on Sept. 11, 1956. The subscription price is $31.50 per share. The subscription offer will expire on Sept. 25, 1956. Smith, Barney & Co. is manager of a group of securities dealers who will solicit subscriptions and distribute unsubscribed shares.

PROCEEDS—Part of the net proceeds from the sale of the shares will be used to retire short-term bank borrowings of $500,000 incurred during August, 1956, to finance capital expenditures. The balance of the proceeds will be added to general funds of the company to be available for general corporate purposes. The company's construction program is estimated to require expenditures of approximately $3,000,000 in each of the years 1956 and 1957, of which $1,700,000 was expended to July 31, 1956.

BUSINESS—Company is engaged in the electric power business in the State of Maine, serving an area which includes 107 communities having an estimated population of 150,000. The principal communities served include Bangor, Old Town, Orono, Brewer, Millinocket, Lincoln, Ellsworth, Bar Harbor, Hampden, Eastport and Milo.

Barium Steel Corp.—Registers Debentures With SEC

This corporation filed a registration statement with the SEC on Sept. 11, 1956, covering $6,500,000 of 5½% convertible debentures due 1976. The debentures are to be offered for public sale through an underwriting group headed by Lee Higginson Corp. and Allen & Co. The public offering price and underwriting terms are to be supplied by amendment.

Net proceeds will be applied as follows: $2,687,500 to the payment of an existing mortgage loan to certain subsidiaries of the company and guaranteed by it, the proceeds of which loan were used to pay past due Federal income taxes; about $3,000,000 for capital improvements; and the balance for addition to the general funds of the company, available for any corporate purposes. The company intends to spend approximately $2,775,000 of the proceeds on improvements and additions to the Phoenix Iron & Steel Company plant; and $225,000 will be used for capital improvements to the Phoenix Bridge Company plant consisting principally of additional equipment.—V. 183, p. 2534.

Beehive Uranium Corp., Salt Lake City, Utah—Stock Offering Suspended—

The Securities and Exchange Commission it was announced on Sept. 10, it has issued orders temporarily suspending Regulation A exemptions from registration under the Securities Act of 1933 with respect to public offerings of the specified securities of the following companies:

(1) Beehive Uranium Corp., Salt Lake City, Utah, filed on May 26, 1955, proposed the public offering of 20,000,000 shares of common stock at 1c per share;

(2) Cortez Uranium & Mining Co., Denver, Colo., filed on May 27, 1955, proposed the public offering of 3,000,000 shares of common stock at 10c per share;

(3) Dalmid Oil & Uranium, Inc., Grand Junction, Colo., filed April 16, 1956, proposed the public offering of 2,700,000 shares of common stock at 10c per share;

(4) Diversified Resources, Inc., Grand Junction, Colo., filed July 5, 1956, proposed the public offering of 6,000,000 shares of common stock at 5c per share;

(5) Iola Uranium Corp., Chicago, Ill., filed July 26, 1955, proposed the public offering of 1,200,000 shares of common stock at 25c per share;

(6) National Lithium Corp., Denver, Colo., filed Dec. 27, 1955, proposed the public offering of 2,999,000 shares of common stock at 10c per share;

(7) Strategic Metals, Inc., Tungstonia, White Pine County, Nev., filed Jan. 4, 1956, proposed the public offering of 1,200,000 shares of common stock at 25c per share;

(8) Teton Oil & Minerals Co., Denver, Colo., filed May 29, 1956, proposed the public offering of 3,000,000 shares of common stock at 10c per share; and

(9) Wing E-E, Inc., Denver, Colo., filed April 10, 1956, proposed the public offering of 299,900 shares of common stock at $1 per share.

In each of the suspension orders, the Commission asserts that the offer and sale of stock by the issuer without disclosing the facts relating to an indictment of Arnold L. Kimmes and his control of Columbia Securities Co., of Denver, Colo., principal underwriter for each company's stock offering, "would operate as a fraud or deceit upon purchasers" of such securities. Accordingly, it appears necessary and appropriate in the public interest and for the protection of investors to suspend the Regulation A exemption from registration with respect to each such stock offering. Each order further provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

With respect to such indictment and control, the orders state:

"(a) That Columbia Securities Co., the principal underwriter for [the issuer], is an instrumentality of Arnold L. Kimmes, its director, Chairman of the Board and controlling stockholder;

"(b) That said Arnold L. Kimmes was indicted, with certain other persons, on or about Aug. 3, 1956, in the U. S. District Court for the Eastern District of New York on charges of violating and conspiring to violate the Mail Fraud Statute and violating and conspiring to violate Sections 5 and 17(a) of the Securities Act of 1933, as amended, in connection with the sale of securities.

"The indictment alleges among other things that Arnold L. Kimmes and certain other defendants did knowingly, willfully and unlawfully devise and intend to devise a scheme and artifice to defraud the purchasers of certain securities, and did obtain money and property by means of false and fraudulent pretenses, representations and promises, well knowing at the time the pretenses, representations and promises would be false when made;

"The aforesaid indictment, in alleging a scheme and artifice to defraud, charges Arnold L. Kimmes and certain other defendants, among other things, with:

(1) Establishing and operating firms engaged in the sale of securities by means of television, radio and newspaper advertising, mail circularization, telephone calls and by salesmen employed under their supervision;

(2) Forming certain corporations for creating a source for securities for distribution to the public and for subsequent trading with the public;

(3) Procuring various men to serve as dummy promoters, officers and directors of said corporations;

(4) Acquiring properties for little or no consideration and having little or no real value and arranging for the transfer of such properties to such corporations and also arranging for the advancing of funds to organize such corporations;

(5) Issuing and causing to be issued to themselves, using the names of dummy promoters, officers and directors, large blocks of so-called promoter's shares, and thereafter causing to be sold through the aforesaid broker-dealer firms such shares; and

(6) Causing an increase in the market price of the shares of said companies far above and beyond any real value thereof, and selling

Digitized for FRASER

to the public large quantities of so-called promoter's shares for shares exchanged and received therefore through broker-dealer firms and by means of television, radio, newspaper, mail and telephone advertising.

"(c) That the [issuer's] notification and offering circular have not been amended to reflect the facts with respect to the indictment of said Arnold L. Kimmes and his relationship with Columbia Securities Co.;

"(d) That the [issuer's] notification and offering circular, in omitting to disclose the facts relating to the aforesaid indictment of Arnold L. Kimmes and his control of, and relationship to, Columbia Securities Co. omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading."—V. 182, p. 714.

Big Horn Uranium Corp.—Progress Report—

A. W. Egbert, President, on Sept. 5 said in part:

"This corporation is now Stockpiling Ore from its Lost Boy Claims.

"Big Horn has been notified by the Stanray Drilling Co. of Grand Junction, Colo., that they will begin a large scale drilling and exploration program on our Indian Creek Claims on or before Oct. 1, 1956.

"Third and of most importance is the fact that we are now negotiating and will consummate a contract for full development of our Tiger and Joe Dandy Claims. This will be one of the largest subsurface projects in the State for the year and will commence about Oct. 15, 1956.

"Big Horn has 3,790,000 shares outstanding.—V. 183, p. 2.

Blackstone Valley Gas & Electric Co.—Bids Oct. 11—

The company has postponed to Oct. 11 the date for receipt of bids on its 25,000-share offering of $100 par preferred stock.—V. 184, p. 915.

Bridgeport Brass Co.—Secondary Offering—A secondary offering of 28,000 shares of capital stock (par $5) was made on Sept. 13 by Hornblower & Weeks at $45.25 per share, with a dealer's concession of $1 per share. It was quickly oversubscribed.—V. 183, p. 2071.

Brush Beryllium Co., Elmore, O.—Registers With SEC

The company on Sept. 11 filed with the SEC a registration statement relating to a proposed offering of 400,000 shares of common stock (par $1). Of the total 375,000 shares will be offered to the public by an underwriting group headed by Kuhn, Loeb & Co. and McDonald & Co., and 25,000 shares will be offered by Brush Beryllium to its present shareholders. The offering is scheduled to be made about Oct. 2, 1956.

The public offering and subscription price is to be $10 per share; and the underwriting commission payable in connection with the public offering is $1 per share.

No underwriting is involved in respect of the offering to stockholders.

The Atomic Energy Commission last week announced it has entered into a five-year agreement with Brush to purchase $23,500,000 pure beryllium metal to be produced by the company in its new facilities to be constructed near Elmore, Ohio. The facilities also will enable the company to produce beryllium copper alloy for sale to the Commodity Credit Corporation for government stockpile purposes under two recently made five-year contracts and for sale to commercial customers. Funds for construction of the additional facilities, estimated at $4,500,000, together with requirements for additional working capital, will be obtained from bank loans in the amount of $3,000,000 and the net proceeds from the offering of the shares.

The company was incorporated in Ohio in 1931. In addition to the plant which it owns near Elmore, Ohio, the company operates a leased plant at Cleveland, Ohio, and a government-owned facility for the Atomic Energy Commission at Luckey, Ohio. Revenues totaled $4,502,009 during 1955. In the six months ended June 30, 1956, revenues amounted to $3,040,504 compared with $2,037,804 in the corresponding six months of 1955.

Upon completion of the stock offering and of the contemplated bank borrowings the capital structure of the company will consist of $3,414,374 of long-term debt and 746,063 shares of common stock.—V. 164, p. 1079.

C & C Super Corp.—Sells Television Spots—

Walter S. Mack, President, on Sept. 10 announced that C&C Television Corp., a subsidiary, headed by Matthew M. Fox, had just signed a contract with the International Latex Corp. in which it will deliver television spots in 100 leading markets in the United States only, for which it will receive a guaranteed minimum of $4,000,000 a year for five years for a total of $20,000,000 in cash for same. At the same time Mr. Fox announced that leasing of the C&C film library recently purchased from RKO has already brought additional contracts totaling $6,000,000 in cash.

Mr. Fox stated that the $20,000,000 contract with Latex constituted a minimum guarantee to C&C and that C&C will in addition share in International Latex's gross receipts from sales of its products over this same five-year period based on various percentages of sales. The Latex management has advised C&C that they estimate this may amount to an additional $25,000,000 over the five year period.

The RKO film library of approximately 742 feature films plus some shorts was purchased by C&C Super Corp. from RKO around the beginning of this year. Mr. Fox also announced the appointment of Mort Siegel, a former executive of RKO as Vice-President of C&C International Television Corp. to begin the distribution and sales of the foreign theatrical and television rights throughout the rest of the world of this film library which C&C also acquired from RKO. In many areas it will be exhibited throughout television channels as well as the theatres.

Mr. Fox further stated that the film library is of such quality and demand that leading television interests such as Westinghouse, Crosley, Storer Broadcasting, Triangle Stations and numerous others had already contracted for it.

It is believed that the International Latex spot television contract constitutes the largest transaction of its kind in the history of television and radio.

John T. Murphy, Vice-President in charge of television of the Crosley Broadcasting Corp., stated: "This corporation has completed arrangements with Matthew Fox for the showing of the RKO feature film package over our television stations in Atlanta, Dayton, Cincinnati, and Columbus. We can now augment our fine schedules with star-studded names of filmland in such excellent features as 'Abe Lincoln in Illinois,' 'Citizen Kane,' 'Having Wonderful Time,' 'Hitler's Children,' 'Quality Street,' 'Stage Door,' just to mention a few of the tremendous box office smashes which assure our audiences that the best in movies will also be seen on WLW-Television.—V. 184, p. 3.

California Electric Power Co.—Registers With SEC—

This company on Sept. 10 filed a registration statement with the SEC covering $8,000,000 of first mortgage bonds, due 1986, to be offered for public sale at competition bidding.

Net proceeds of the financing will be used primarily to discharge the company's short-term bank loans payable to the Bank of American National Trust and Savings Association which total $5,500,000. The borrowed funds have been applied as interim financing of property additions and improvements. The balance of the proceeds will be used in the company's construction program. Construction expenditures are estimated at $16,450,00 in 1956 and $25,750,000 for 1957.—V. 184, p. 1014.

Carmel Petroleum Co., Osawatomie, Miami County, Kan.—Files With SEC—

The company on Aug. 24 filed a letter of notification with the SEC covering 300,000 shares of common stock (par 10 cents) to be offered at $1 per share, without underwriting. The proceeds are to be used for expenses incident to development of oil and gas properties.

*Profit. †Represents credit arising from loss carry-back.

Profits from operations in the third quarter of the fiscal year ended July 31, 1956, totaled $1,067,000, reducing the net loss for the year to $3,703,000, John T. Brown, Chairman of the Board and President, announced on Sept. 10. The company showed a net profit of $25,100 for the same period last year.

Mr. Brown called attention to a contemplated merger with the American Tractor Corp., of Churubusco, Ind., which would give J. I. Case a broad entry into the materials handling and road building equipment field. The Indiana company manufactures crawler type tractors.

"Sales of farm machinery are still slow, but it is expected that our fourth quarter sales will compare favorably with the same period last year," Mr. Brown stated. See also V. 184, p. 1015.

Cataract Mining Corp. of New York—Expands in Panama—

This corporation announced on Sept. 7 the acquisition of oil and gas concessions in excess of two million acres, speeding up the exploitation of Panama's resources as a substitute for the threatened western supply of oil because of the Suez crisis.

The larger part of Cataract's concession is located in the province of Chiriqui alongside the Costa Rican border and is part of the newly discovered giant oil field where Union Oil of California brought in its discovery well. Cataract will start drilling next month.

Cataract concessions were acquired by Compania Catarata de Petroleo Panama, S. A. a wholly owned subsidiary of Cataract of New York.

Cataract is negotiating farm-out agreements with two majors, looking toward the development of these concessions without cost to Cataract and with substantial interests retained. The virtually income-tax free status of Panamanian corporations is well known.—V. p.

Celanese Corp. of America—Expects Record Sales—

This corporation foresees an annual sales level well in excess of $300,000,00 by 1960, Harold Blancke, President, told members of the New York Society of Security Analysts, Inc., on Sept. 10.

The outlook is reflected in the corporation's capital expansion program, which contemplates expenditures of $100,000,000 during the next five years to expand and diversify operations. It is estimated that this investment would generate additional annual sales of $125,000,000.

As now planned, expansion capital will be invested principally for facilities of the company's Chemical and Plastics Divisions, Mr. Blancke said. In the case of the Textile Division, which currently accounts for the largest part of the Celanese sale dollar, efforts will be principally concerned with stimulating sales and markets to bring existing facilities up to 100% capacity operations, he said.

Included in future Textile Division operations, he noted, is the conversion of some facilties to meet the expanding demand for Arnel, the company's new triacetate fiber.—V. 184, p. 3.

Centennial Insurance Co.—Introducces Unique Broad Form Automobile Policy—

A new insurance policy covering all types of automobile insurance for the family car in a single policy and featuring for the first time an undivided limit for both bodily injury and property damage liability was introduced on Sept. 10 by this company, which is a member of the Atlantic Companies group.

This is also the first automibile policy whose base limit of liability is adequate to meet the requirements of the financial responsibility laws in all states, according to Miles F. York, President, who announced the new form. In this connection Mr. York observed that many people now unwittingly risk violation of the financial responsibility laws of neighboring states because of requirements varying from those applicable in their home state.

Under the new policy, called Centennials "TOP" (Through Overall Protection) Family Car Policy, a purchaser would pay cash for his automobile liability coverage, buying it in one amount starting with a minimum $25,000 limit of liability with higher limits of $40,000, $50,000, $100,000 and upward to $1,000,000 available.

The TOP Policy which will be issued for a six months term is available immediately through Centennial agents to residents in Ohio and Pennsylvania, and will gradually be introduced into other states.

Mr. York indicated that despite the superiority of the coverage afforded, the premium for the TOP Family Car Policy would reflect a reduction from "standard rates" up to 17%.—V. 162, p. 2683.

Central Hudson Gas & Electric Corp.—Sells Unit—

A contract for the sale of the Cornwall Telephone Co. system, a wholly-owned subsidiary, to the New York Telephone Co has been signed and a petition for approval of the sale will be filed shortly with the New York P. S. Commission, Ernest R. Acker, President of Central Hudson, announced on Sept. 8.

The selling price, estimated at $650,000, will make available to Central Hudson for use in its gas and electric business the funds now invested in the telephone company.

Cornwall Telephone has about 2,150 subscribers and 2,650 telephones in the Town and Village of Cornwall and the Forge Hill Road area in the Town of New Windsor.

In 1911 the Central Hudson Gas & Electric Co. was organized, combining the gas and electric properties of Newburgh, Poughkeepsie and Cornwall, N. Y., including the telephone company in Cornwall. It became a wholly-owned subsidiary of Central Hudson Gas & Electric Corporation when that company was incorporated in 1926.—V. 183, p. 319.

Central Illinois Public Service Co.—To Sell Stock—

M. S. Luthringer, President, on Sept. 10 said: "The company intends to file a registration statement shortly with the Securities and Exchange Commission relating to the proposed issue and sale, in October or November, of 170,000 shares of common stock of the company for the purpose of raising money to finance a part of its construction expenditures. Subject to market conditions, these shares will be sold for cash, through competitive bidding, directly to underwriters or investment bankers, for reoffering to the public.

"Exclusive of the temporary sale of power for use by the Atomic Energy Commission, operating revenues increased $1,013,807, or 9.2%, in the second quarter, and $2,343,698, or 10%, in the first two quarters of 1956 over the same periods of 1955. In these same periods of 1956, and in the 12 months ended June 30, 1956, revenue from the 'temporary sales' decreased $673,544, $1,606,478, and $3,236,853, respectively. After absorbing the decrease of $3,236,853 in 'temporary sales,' earnings per share of common stock for the 12 months ended June 30, 1956, were $2.45, an increase of 22 cents per share over the preceding 12 months."—V. 184, p. 819.

Central Public Utility Corp.—To Guarantee Notes—

This corporation, it was announced on Sept. 6, has received SEC authorization to guarantee, for an additional period from Sept. 24, 1956 to Jan. 4, 1957, and thereafter for additional periods not to exceed nine months from Sept. 24, 1956, payment of the renewal promissory note or notes of its wholly-owned subsidiary, The Islands Gas & Electric Co., in the amount of $2,000,000. Islands anticipates the receipt of sufficient moneys to pay its note, due The Hanover Bank, New York, before Jan. 4, 1957.—V. 161, p. 542.

Cleveland Electric Illuminating Co.—Capacity Up—

The electrical industry's first large steam turbine-generator unit using liquid-cooled hollow stator conductors is one of the outstanding features of this company's Eastlake, Ohio, power plant.

By cooling the generator stator's conductor bars with a liquid, this type of generator is capable of a 75% increase in KVA output over a conventionally cooled generator of a similar physical size.

This means that a generator of this type built today, having a rating of 260,000 KVA as does the Eastlake generator, would have essentially the same dimensions as a conventional 150,000 KVA generator cooled with hydrogen gas.

Engineers at the General Electric Co.'s Large Steam Turbine-Generator Department in Schenectady, N. Y., where this powermaker was built, believe that in a few years conductor cooling of generator stators and rotors, coupled with other engineering developments, will allow a 100% increase in KVA output without any appreciable increase in generator size.

The other three steam turbine-generator units in the Eastlake plant were also built by General Electric. They were placed in operation during the past three years.—V. 182, p. 1219.

Commonwealth Oil Refining Co., Inc. — Secondary Offering—A secondary offering of 20,000 shares of common stock (par two cents) was made on Sept. 13 by Blyth & Co., Inc., at $12.50 per share, with a dealer's concession of 55 cents per share. It was continued. —V. 184, p. 519.

Compo Shoe Machinery Corp.—Earnings Up 33%—

This corporation reports for the six months ended June 30 consolidated net sales of supplies, machinery and parts and income from leased shoe manufacturing machinery amounting to $3,255,122, an increase of 7.7% over the $3,021,559 in the corresponding period of 1955, according to Charles W. O'Conor, President.

After providing for Federal taxes, the net income was $203,080, a gain of 33% over the profit of $152,654 in the corresponding 1955 period. Allowing for preferred dividends, the net income available for common stock was $186,552 equivalent to 54 cents a share on the 347,335 shares of common stock outstanding on June 30 last, compared with $134,160 or 39 cents a share on the corresponding date in 1955. This is the second consecutive year of substantial gains for Compo. The first half of 1955 resulted in a net profit 32½% over the first six months of 1954.

Capital gains, realized largely in the first quarter, contributed to the increased net. Mr. O'Conor stated that customer purchase of both outright sale and leased shoe machinery is expected to continue as more manufacturers decide to own their equipment. However, gains in leased shoe machinery revenue were reported for the first six months with rental income increasing 4.8% over the like period in 1955.

Sales of supplies and machinery, for which Compo is a distributor, continue to show gains.

Operations at Compo's wood heel plant, chemical plant, and lumber mill were reported satisfactory and profitable.—V. 184, p. 1016.

Consolidated Electrodynamics Corp.—New License—

A reciprocal licensing agreement has been signed by the Rochester Division of this corporation and high-vacuum equipment manufacturers W. C. Heraeus GmbH, Hanau, West Germany, it was anounced on Sept. 14 by Hugh F. Colvin, President.

Under terms of the agreement, W. C. Heraeus will provide an outlet in major European countries for high-vacuum equipment manufactured by the Rochester Division, while Consolidated will market Heraeus products in the United States and Canada.

Provision is also made for free interchange of technical know-how and the use of each other's patents in the high-vacuum field.

A series of Heraeus high-vacuum laboraotry furnaces and new-type vacuum pumps will soon be available through the Rochester Division as a result of the agreement, Mr. Colvin said.—V. 184, p. 916.

Earnings per common share	*$1.77	†$1.54

*Based on average number of shares outstanding. †After taking into account the 10% stock dividend paid on Oct. 31, 1955.

At the close of the fiscal year net working capital totaled $45,631,398. The current ratio of assets to liabilities is 2.5 to 1, identical with a year ago. Book value per share of Consolidated common stock is now at $23.96.

It was pointed out that the net worth of the corporation has risen by $7,719,125 in the last fiscal year to a total of $50,585,615. Common stock dividends were at the annual rate of $1 per share with a 10% common stock dividend paid Oct. 31, 1955. The dividend paid on July 2, 1956 was the 41st consecutive quarterly payment.

In fulfilling its program of diversified expansion within the food industry, Consolidated during the past year purchased the 34 supermarket chain of the Piggly Wiggly Midwest Co., operating in Illinois, Wisconsin, and Iowa at an annual sales rate in excess of $40,000,000. This was the first acquisition in the direct retail field by this corporation.

Consolidated also acquired during the year the Ocoma Foods Co., important marketer of frozen poultry products and dairy items, and the American Frigid-Dough Inc., of Chicago, a producer of frozen fruit and meat pies. These acquisitions, combined with previous cold storage operations, assign Consolidated an importantly expanding position in the fast-growing frozen food industry.

Since the period covered by this report, Consolidated has entered into an agreement for the purchase, through an exchange of stock of the Kitchens of Sara Lee, Inc., producers of premium quality baked goods, with a record of rapid and consistent growth in its field.—

New President of Unit Elected—

Fred K. Crosby has been named President of Ocoma Foods Company, a subsidiary, to succeed Homer C. Sheridan who has retired but will continue to serve as a director and consultant. Mr. Crosby has been associated with Ocoma since 1931.—V. 184, p. 621.

Consolidated Gold Fields of So. Africa, Ltd.—Merger

This company and The Central Mining & Investment Corp. Ltd. on Aug. 27 announced that they have entered into conversations with a view to a merger of the two companies.

The two boards, after consultation with J. Henry Schroder & Co., London, England, who have taken part in the conversations from the beginning, have agreed to use as the basis for any merger the comparative value of the assets of the respective companies.

The form of the merger has not yet been determined and arrangements for the preference capital have still to be considered. If the boards recommend a merger, proposals will be put forward to shareholders of both companies as soon as possible, but this will take some time as many problems will need to be resolved.—V. 154, p. 1147.

Continental Air Lines Inc.—Record Revenue—

August passenger revenues were higher by $172,000 than the previous monthly record set in October, 1955, when the total was $1,328,000. The August peak represents a 16% increase over the same month last year, when revenues were $1,297,000.

Approximately 65,000 passengers flew Continental in August, 1956, compared with 56,749 in August, 1955.—V. 182, p. 2788.

Continental Industries, Inc.—Listed in New York—

This corporation went on the American Stock Exchange at the close of business on Aug. 31, marking the completion of a merger of National Vending Corp., Westbury, N. Y. and Continental Car-Na-Var, Brazil, Indiana.

Three divisions of Continental Industries manufacture automatic vending machines, operate the machines, and engage in the manufacture and sale of industrial floor polishing equipment and materials. Headquarters are in Westbury.

National Vending reported sales of $13,000,000 last year. Through 15 subsidiaries, it operates more than 11,000 vending machines. Continental Car-Na-Var had sales of $484,851 in 1955 and earned one cent a share.

Harold Roth, President, predicts that sales for 1956 will top $20,000,000, the increase to come, it is expected, from the rapidly growing sales of the vending machines manufacturing division. Plans call for expansion into a full line of food vending equipment, with a brewed-coffee machine soon to be introduced. A departure into the consumer floor polish field is also imminent, Mr. Roth said. The company's assets total $7,500,000 with a net worth of $3,250,000.

The stock of the survivor corporation has been recapitalized and comprises 1,269,574 shares of outstanding common and 201,997 shares of class B stock. National Vending received 833,618 common shares, about two-thirds of the total outstanding, and all the outstanding class B stock. Car-Na-Var holders own 435,956 shares of common, or about one-third of the outstanding.—V. 184, p. 1016.

Cooper-Jarrett, Inc.—To Be Listed in New York—

The Board of Governors of the American Stock Exchange on Sept. 6 approved for original listing 500,000 $1 par common shares of this corporation, which was incorporated in 1934. The corporation is a common carrier by motor vehicle operating in interstate commerce in 15 States and the District of Columbia. It operates 480 trailers, 245 power units and 41 straight trucks. Terminals are located in Philadelphia, Chicago, Jersey City and Kansas City, Mo. Recently, in order to take care of the company's expanding requirements in Kansas City, Mo., a new terminal was erected on a six-acre tract of land. Total operating revenue for 11 months of 1955 was $9,742,453.

Private Placement of Note—

The Interstate Commerce Commission on Aug. 30 authorized the company to issue a secured promissory note in a principal amount not exceeding $75,000 to evidence a loan of like amount, and the proceeds to be used for working capital.

The note, which will be solld to The Equitable Life Assurance Society of the United States, will be dated the date of issuance, will bear interest at the rate of 4¾% per annum on the unpaid balance, and in the event of default at the rate of 6% per annum thereafter until paid, and will be payable in 30 equal quarterly installments of $2,500 each.

The balance sheet statement as of May 31, 1956, shows assets totaling $4,090,565, consisting of current assets $1,660,011, including cash $590,926, and material and supplies $59,143; tangible property, less reserve for depreciation, $2,374,772; and other assets $55,782. Liabilities as of the same date consisted of current liabilities $1,142,116; equipment and other long-term obligations $650,039; deferred credits $162; reserves $15,760; capital stock $500,000; and surplus (earned) $1,782,488. After excluding material and supplies, current assets exceeded current liabilities by $458,752. Net income before income taxes for the year 1955 and the first five months of 1956 was $1,025,848 and $377,951, respectively, and after such taxes was $619,450 and $208,335, respectively.

The above balance sheet statement which shows long-term obligations), $350,000 (excluding equipment obligations), notes payable $240,000 and capital stock $500,000, indicates the applicant's outstanding securities exceed the $1,000,000 exemption provided by section 214, and thus, the issue of the $75,000 long-term note is subject to our jurisdiction.

The directors and stockholders by appropriate resolutions have approved the making of the loan and the execution of the deed of trust as security therefor.—V. 183, p. 1228.

Copper Range Co.—Earnings at Record Level—

John P. Lally, President, on Sept. 1 said in part:

"Operations for the first six months were at record levels in the company's divisions and wholly owned subsidiaries. Production at White Pine during this period was in excess of 38,000,000 lbs. of copper, and schedules for the last half of the year indicate that this rate of production will be substantially increased.

"The company continues to maintain a strong current position having net current assets of $30,257,089.00 on June 30, 1956 compared with $26,486,265.00 on Dec. 31, 1955.

"Our third quarter production will be temporarily affected by a major repair and improvement of our reverberatory furnace designed to increase the life of this furnace to a five year period, and to lower production costs. During the shutdown period our concentrate production will be shipped to outside smelters for refining and will not be reflected in our sales or profits until the last quarter of the year.

Depreciation on White Pine property charged against income for the six months ended June 30, 1956 amounted to $1,835,866. Pursuant to the company's current policy depreciation has been taken on its books on the so-called "straight line method" based on the estimated useful life of the assets. Of the total cost of the new facilities at White Pine, an amount estimated to be $33,136,000 is available for accelerated amortization under a Certificate of Necessity issued by the U. S. Government. The Certificate permits a charge-off of this amount for tax purposes over a period of 60 months. The charge-off for tax purposes in the first six months of 1956 exceeded the amount of depreciation taken on the company's books by $2,060,000. The estimated federal income tax reduction due to use of accelerated amortization amounted to approximately $1,000,000.".

William A. Hewitt, President, said in part:

"The decrease in net income was caused by the decline in sales, by the extraordinary costs resulting from strikes and by tooling and additional sales costs related to the introduction of new models of all sizes of John Deere tractors in August. These income-reducing factors were partially offset by a non-recurring reduction in the provision for Federal income taxes resulting from a change in March in the company's terms of sale. This eliminated the need for the reserve for cash discounts established in prior years."—V. 183, p. 2896.

Doman Helicopters, Inc.—Sends Model LZ-5 Helicopter to Europe—

This corporation earlier this month shipped its model LZ-5 eight-place helicopter to Europe for flight demonstrations to European Government and business interests.

This helicopter is the commercial version of the model YH-31 helicopter which is on order at Doman for delivery to the U. S. Army. The first YH-31 was delivered to the Army in May and has recently completed User Evaluation Tests conducted by the Army at Fort Rucker, Ala.

The helicopter sent to Europe was built in Canada by Doman-Fleet Helicopters Ltd. at Fort Erie, Ontario, and was the first production model helicopter built in that country. Doman-Fleet Helicopters, Ltd. is an affiliate company owned by Doman Helicopters, Inc., Danbury, Conn., and Fleet Manufacturing Ltd., Fort Erie, Ontario, Canada.

The model LZ-5 was certificated this year by the Civil Aeronautics Administration in the United States and the Department of Transport in Canada. It is an eight-place, single-lifting rotor helicopter powererd by a 400 hp. Lycoming engine. It incorporates many new design features to make it a high payload, low maintenance helicopter. It is establishing records for low fuel consumption, payload per horsepower and low maintenance cost per hour of flying.—V. 183, p. 108.

Current assets of corporation and subsidiaries at June 30, 1956 were $21,740,428, including $1,372,586 cash. Current liabilities were $12,351,585, resulting in net current assets of $9,388,843, a ratio of 1.76 to 1.—V. 183, p. 2289.

Dow Chemical Co.—Affiliate Reports New Developm't

A new heat-resistant rubber which withstands swelling by aircraft fuels and oils was announced on Sept. 6 by Dr. M. J. Hunter, Director of Research for Dow Corning Corp. The new rubber was developed in collaboration with the Materials Laboratory of the Wright Air Development Center of the Air Research and Development Command. It is a major step toward the Air Force's goal of a low-swell, heat-stable rubber for use on jet powered planes.

Known as "Silastic LS-53," Dow Corning's new fluoro-silicone rubber will be limited for the present to essential aircraft applications. Its properties are most needed in "O"-rings and other seals where the rubber must perform over a temperature range from 80 degrees Fahrenheit to over 400 degrees Fahrenheit and still resist swelling and attack by gasoline, jet engine fuels, hydraulic fluids and engine oils.—V. 184, p. 916.

Dresser Industries, Inc.—New Venezuelan Affiliate, etc.

Magcobar de Venezuela, C. A., a new Latin-American affiliate of the Magnet Cove Barium Corp., one of the Dresser Industries, has been organized in Puerto La Cruz, Venezuela. The new Venezuelan corporation will include mining, processing, and distributing facilities for the marketing of Magcobar's line of oilwell drilling mud additives. Already under construction is a processing plant in Puerto la Cruz, and another is projected for the Maracaibo region.

Word has been received that Security Rock Bits, Ltd., Manchester, England has begun full-scale production of the drilling bits developed in the U. S. by Security Engineering, Dallas, Texas, one of the Dresser Industries. The British company—control of which was purchased by Dresser Industries in January of this year—has been extensively retooled and is now supplying Security bids to the world markets. Previously, the company was known as Edeco, and manufactured rock bits under that trade name.—V. 184, p. 916.

(Thomas A.) Edison, Inc.—Earnings Outlook, etc.—

Net earnings for the year 1956 are not expected to be far from the results of the preceding year when the company reported net earnings of $1,432,911, Henry G. Riter, 3rd., President, said on Sept. 6.

He stated that if the company had not stepped up its expenditures for research, earnings this year would have been "hundreds of thousands of dollars" better than in 1955.

In answer to a question about the company's policy of paying dividends in stock in addition to cash, Mr. Riter expressed the opinion that the company will not increase its dividend in the near future because of the need to conserve cash to finance its activities in four or five new fields.—V. 184, p. 1017.

Elizabethtown Water Co. Consolidated—To Redeem Bonds—

The company has called for redemption on Nov. 1, 1956, all of the outstanding first mortgage 5% 50-year gold bonds due May 1, 1960 of Raritan Township Water Co. at 105% and accrued interest. Immediate payment will be made at the Suburban Trust Co., Westfield, N. J.—V. 184, p. 5.

Empire District Electric Co.—Voters in Seneca, Mo., Defeat Municipally-Owned System—

The voters of Seneca, Mo., a city of 1,250 population which is supplied by this company, for the second time in six weeks, have defeated a proposed $292,000 revenue bonds issue to raise funds to build their own electricity distribution system, it was announced on Sept. 6. —V. 183, p. 657.

Erie RR.—To Discuss Merger Plans—

The directors of this railroad, The Delaware, Lackawanna & Western RR. and The Delaware & Hudson RR. Corp. have appointed members from their respective boards to explore whether or not there are advantages in merging the three railroad properties. This was confirmed jointly by Paul W. Johnston, President of the Erie; Perry M. Shoemaker, President of the Lackawanna; and William White, President of the Delaware & Hudson, at a press conference held on Sept. 10.

In a joint statement they said, "The managements of our respective roads are of the opinion that in view of th economic and competitive situations which exist today in the transportation field, the long-range future of the railroad industry and the service it can perform for the nation would be greatly improved and strengthened by merging railroad properties when it appears practical to do so. We believe the full-scale study which our directors are undertaking is a step in the right direction and is clearly in the public interest."

The announcement emphasized that only an exploratory study is to be made at this time. If the study develops that unification would be advantageous to all concerned, further steps will be taken to progress it.

"No detailed studies have been made as yet on the many aspects that will have to be considered from an operating, traffic, financial and legal standpoint," the announcement said, "but if there are any opportunities for creating a stronger railroad system through such a merger to the benefit of shippers and other people in the territory we serve, as well as the shareowners and investors of our respective companies, our directors want to have all of the facts on which to base a decision."

Any plan which might be agreed upon would have to be approved by the board of directors and the shareowners of each company and by the Interstate Commerce Commission.

The Erie and Lackawanna have been engaged in joint operating studies for the past year to take advantage of immediate savings by coordinating existing facilities. Freight station operations have already been combined at Binghamton and Elmira, N. Y. Negotiations for joint dispatching of tugboats in New York harbor are actively under way. Effective Oct. 13 the Erie will begin to operate its passenger trains, with the exception of rush-hour commuter trains, into the Lackawanna station at Hoboken instead of the present Erie station at Jersey City, N. J. This combination of passenger terminals, when completed, will save about $1,000,000 a year for each road. Studies are also under way for joint freight yard operation at Buffalo, and the joint use of tracks between Corning and Binghamton.

Messrs. Johnson and Shoemaker stressed that they plan to progress the coordination of these and similar duplicate operating facilities irrespective of the outcome of the corporate merger study. "As we announced when the studies were first started, these projects were undertaken for the economies we could put into effect right away and not with any intention of merging the properties," they said.

The Erie operates 2,223 miles of railroad between Jersey City, N. J., and Chicago, Ill., with lines extending to Scranton, Pa., Rochester and Buffalo, N. Y., and Cleveland and Dayton, Ohio. The 962-mile D.L.&W. runs from Hoboken, N. J. to Buffalo, N. Y. with lines to Phillipsburg, N. J., Nazareth and Northumberland, Pa., Utica, Syracuse and Oswego, N. Y. The D. & H. operates 823 miles of main line from Wilkes-Barre, Pa., to Montreal, Canada, via Albany. It connects with both the Erie and the Lackawanna at Binghamton. The Erie and Lackawanna generally parallel each other through a large part of the territory between Buffalo and New York, and all three railroads operate into Scranton.

The Erie board of directors has named Henry S. Sturgis, Chairman of the Erie executive committee; John K. Thompson, Board Chairman of the Union Bank of Commerce of Cleveland; and Paul W. Johnston, President. The Lackawanna board of managers has named Lewis G. Harriman, Chairman of the Board of Manufacturers & Traders Trust Co., Buffalo, N. Y.; Robert G. Fuller, Vice-President, The First National City Bank of New York; and William H. Moore, Executive Vice-President, Bankers Trust Co., New York; and Perry M. Shoemaker, President. The Delaware & Hudson Board of directors named E. Roland Harriman of Brown Brothers, Harriman Co., New York; Frank W McCabe, President of National Commercial Bank & Trust Co., Albany, N. Y.; Roger B. Prescott, Sr., President of R. Prescott & Son of Keeseville, N. Y.; and William White, President.—V. 184, p. 1017.

Esquire Oil & Uranium Co., Denver, Colo. — Files With Securities and Exchange Commission—

The company on Aug. 20 filed a letter of notification with the SEC covering 3,000,900 shares of common stock (par two cents) to be offered at 10 cents per share, without underwriting. The proceeds are to be used for expenses incident to mining operations.

Family Finance Corp.—Notes Placed Privately—

This corporation on Sept. 13 announced that it had completed negotiations for the private sale to institutional investors of $9,500,000 of 3.80% and $9,050,000 of 4½% senior notes due to Sept. 1, 1971 and $6,500,000 of 4.55% and $4,750,000 of 5% senior subordinated notes also due Sept. 1, 1971. Goldman, Sachs & Co. assisted the company in arranging the financing.

The 3.80% and 4.55% notes were issued in exchange for equal principal amounts of senior and subordinated notes. Proceeds from the sale of the 4½% and 5% notes will be added to working capital.

This corporation is one of the five largest companies operating principally in the small loan field. It conducts operations through 218 offices in 30 states.

Fansteel Metallurgical Corp.—To Build New Plant—Plans to Sell $3,000,000 of Convertible Debentures—

Muskogee, Okla., has been chosen as the site of a new $6,500,000 tantalum-Columbium plant to be built by this corporation. Dr. Frank H. Driggs, President, announced on Sept. 9.

The Muskogee plant is to be built for the production of tantalum and columbium, adding to the plant facilities already in use at the main Fansteel plant at North Chicago, Ill.

The new plant is intended to increase present tantalum capacity by 50% and columbium capacity by 150%. The site consists of 113 acres on the bank of the Arkansas River, 2½ miles east of the city. Initial construction will include two chemical buildings, a sintering building and a service building, comprising about 95,000 square feet of floor space. Construction and location of the buildings are planned so that more buildings can be added at a later date to double facilities without undue interference with production.

It is expected that the building of the plant will be financed by long-term debt. The company has arranged a 10-year $4,000,000 bank loan and plans to sell an issue of $3,000,000 in 20-year subordinated debentures which will be convertible into common stock. A special meeting of stockholders will be held on Oct. 3 to authorize convertibility of the proposed debentures.

Construction of the plant is expected to begin in October.

Registers Debentures With SEC—

This corporation filed a registration statement with the SEC on Sept. 11, 1956, covering $3,000,000 of subordinated debentures, due Oct. 1, 1976. The company proposes to offer the debentures for public sale through an underwriting group headed by Hallgarten & Co. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

Net proceeds of the sale of the debentures, together with borrowings under a loan agreement with Guaranty Trust Company of New York ($4,000,000 of such borrowings are slated during 1957), will provide the principal source of funds for construction of new tantalum-columbium facilities at Muskogee, Okla. The company plans to construct a new plant at Muskogee, currently estimated to cost $6,650,000, designed to increase productive capacity for tantalum metal by approximately 50% and for columbium metal by approximately 150%. The company also has under consideration construction of a new general and administrative office building at North Chicago, estimated to cost $1,000,000, and anticipates that other substantial capital additions will be required from time to time to expand facilities and to meet other developments of the business.—V. 184, p. 725.

Federated Department Stores, Inc.—New Directors—

Two new directors, George E. Whitten of Miami, Fla., and Max Levine of Houston, Texas, were elected Sept. 6 to the board of Federated Department Stores, Inc., increasing the number of directors to eighteen.

Mr. Whitten is President of Burdine's of Florida and Mr. Levine is President of Foley's of Houston. Both Burdine's and Foley's are divisions of Federated, one of the nation's largest department store groups.

Mr. Whitten also was elected a Vice-President of Federated, an office he will hold in addition to the Presidency of the Burdine division.

Mr. Levine has been a Federated Vice-President since 1950.—V. 184, p. 917.

Fine Organics Inc.—Profits Increase 250%—

Nicholas M. Molnar, President, on Sept. 10 announced that fiancial reports for the first half of 1956 indicated that net sales have increased 11% over the same period last year, while profits have skyrocketed to an increase of 250%.

This is the direct result of the completion of their conversion from government contract work to civilian production of commercial products.—V. 175, p. 1539.

Firemen's Insurance Co. of Newark (N. J.)—Secondary Offering—

A secondary offering of 11,000 shares of common stock (par $7.50) was made on Sept. 12 by Blyth & Co., Inc., at $39 per share, with a dealer's concession of $1 per share. It was later discontinued. —V. 184, p. 8.

Flying Tiger Line Inc.—Indenture Modified—

At a meeting of the holders of the 5½% debentures due 1967 (subordinate), held on Aug. 15, 1956, a resolution was adopted by the requisite vote modifying and altering the indenture dated as of July 1, 1952 (the "original indenture") so as to permit the company to create, issue and sell its series A 5½% debentures due 1967 (subordinate) in the principal amount of $1,000,000 pursuant to an indenture providing substantially the same terms as the original indenture except:

(1) the conversion price of the series A debentures, convertible until June 27, 1967, will be $15 principal amount of debentures for each share of common stock;

(2) the series A debentures will be redeemable, until maturity, at $110;

(3) the restriction on the declaration of dividends shall apply to consolidated net income from Sept. 1, 1956 rather than June 30, 1952;

(4) the series A debentures will be coupon debentures registerable as to principal or registered debentures without coupons;

(5) there shall be no sinking fund for the series A debentures;

(6) modifications in drafting as are required by context.

A resolution was also adopted authorizing and directing the execution of a supplemental indenture embodying the modifications and alterations so made.

The resolutions then adopted have been approved by the directors.—V. 184, p. 725.

Food Mart, Inc.—To Split Common Stock—Plans to Increase Dividend and Sell Additional Shares—

The directors on Sept. 11 authorized a two-for-one split of the common stock subject to the approval by stockholders of an amendment increasing the authorized shares to 1,500,000. If the approval of stockholders is obtained at a meeting to be held Oct. 4, 1956, an additional share will be mailed to stockholders for each share held of record on October 8.

If the stock split becomes effective, the board declared its intention, subject to financial and other conditions at the time, to initiate the payment of quarterly dividends of 12½ cents per share on the split shares. The last quarterly dividend payment was 20 cents a share on Aug. 25, 1956.

The company is also considering the possibility of raising additional capital for the building of more stores through the sale to shareholders of between 90,000 and 95,000 shares of common stock. —V. 184, p. 725.

Founders Mutual Depositor Corp., Denver, Colo.—Registers With Securities and Exchange Commission—

This Denver investment company filed an amendment on Sept. 7, 1956 to its registration statement covering additional certificates as follows: 24,000 Systematic Payment Plan Certificates, 500 Accumulative Plan Certificates and 500 Income Plan Certificates.—V. 182, 2018.

Four Wheel Drive Auto Co.—Registers With SEC—

The company on Sept. 12 filed a registration statement with the SEC covering $1,500,000 of convertible debentures due Oct. 1, 1971. The company proposes to offer the debentures for public sales through an underwriting group headed by A. C. Allyn & Co., Inc. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

The company intends to apply the net proceeds of the sale of the debentures as follows: $130,058 (exclusive of interest and 1% premium, to be paid from treasury funds) to retire its outstanding 4½% sinking fund debentures due July 1, 1957; $700,000 for additions to fixed assets during the 12 months ending June 30, 1957; and the balance to be added to working capital.

Walter H. Graham of Chicago, Ill., has been elected a director for one year to fill the unexpired term of Harold Emch, Milwaukee, Wis., who resigned because of illness.

The stockholders on Sept. 11 voted to change the annual meeting date from the second Tuesday of September to the second Tuesday of January, with the next session Jan. 14, 1958. The change coincides with the new Oct. 1 to Sept. 30 fiscal year recently set up by this company whose fiscal periods previously ran from July 1 to June 30. —V. 183, p. 917.

Franklin Stores Corp.—Sales Up 13%—

This corporation reported consolidated net earnings of $1,026,569, or $1.36 per share, on 756,738 shares of common stock for the fiscal year ended June 30, 1956. This compares with $1,005,398, or $1.34, earned on 752,783 shares in the previous year. Record sales for fiscal 1956 were $34,321,871, a 13% rise over the $30,327,146 in sales for the year before. Total dividends aggregated 80 cents per share for the fifth consecutive fiscal year. The company has paid dividends without interruption for 19 consecutive years.

Albert Rubenstein, President, said that the company's expansion program was accelerated and ten large new units, most of which were in suburban shopping centers in the Southwest and California, were opened at a cost of $964,164. The company closed four smaller stores, and now has a current total of 161 stores compared with 155 a year ago.

In the coming fiscal year, the company plans to open about 15 new units.

The company's financial position was further strengthened, with net worth rising to $11,705,542 equivalent to a book value of $15.47 compared with $11,261,994 and $14.96, respectively, for the previous fiscal year. Working capital at the fiscal year-end was $7,338,656 compared with $7,299,198 and the ratio of current assets to current liabilities was 4.19 to 1 compared with 5.17 to 1. Last year the company's long-term loan was reduced by $236,110 and now has a balance of $2,125,103.

Mr. Rubenstein also announced that for the coming fiscal year, sales are expected to be in excess of $37,000,000. Increased sales plus lowered capital expenses are expected to increase the corporation's net earnings. Sales during the first quarter of the current fiscal year, July through September, 1956, are expected to rise about 10% over the comparable three months of fiscal 1956.—V. 184, p. 623.

Gamble-Skogma, Inc.—August Sales Higher—

Period End. Aug. 31—	1956—Month—1955		1956—8 Mos.—1955	
Sales	$9,848,172	$8,929,855	$63,959,101	$59,108,801

—V. 184, p. 725.

Gar Wood Industries, Inc.—Earnings Increase—

Reporting $29,419,943 gross sales for the first nine months of this fiscal year, and $454,898 net profit, after taxes, as against $936,319 net loss at this time last year, company officers unanimously agreed that the fourth quarter would also show substantial increases in both sales and profit.

Edward F. Fisher, President, stated that "Everything points to an even more promising picture for 1957. Once the Federal Highway Program is well under way, there is every reason to believe that the $32.8 billion in Federal and State-matching funds will be reflected, over the scheduled 13 year period, in corresponding increases in Gar Wood sales and profits.

"Projected sales for the corporation, including its subsidiary, are $40,280,798 for the 1956 fiscal year, ending Oct. 31. We expect this projection, made early last year, to be accurate.

"Our projected sales for fiscal 1957, again for the entire corporation, are approximately $52,000,000. We have complete faith that with the deeper penetration of both domestic and export markets made this year, we will also achieve this goal.

"Activity at United Metal Craft and Uniflex Cable Division, a Gar Wood subsidiary, will play an increasingly important role in future corporate growth. United Metal Craft's progress, from $3,279,334 gross sales for fiscal 1955, to a projected gross sales of $5,048,000 in fiscal 1956 reflects a curve which we hope to maintain for some time." —V. 184, p. 1017.

Garrett Corp.—Expands European Operations—

Wider expansion of its international market in the aircraft accessory and component field among an increasing variety of European aircraft manufacturers, is indicated in a recent report by this corporation's AiResearch Divisions, Los Angeles and Phoenix.

Both in transport and combat aircraft, AiResearch products are filling highly important roles in the operation of a growing array of promising planes being developed in European countries, according to W. J. Pattison, Director of Foreign Operattions for Garrett Corp. —V. 184, p 623.

Earnings per common share	$0.72	$0.60

On June 30, 1956, the corporation had total assets of $108,942,530. This compares with $100,921,475 as of the beginning of the year.

Reflecting the company's growing volume of business, borrowed funds totaled $80,244,900 at the mid-year as against $74,773,900 on Dec. 31, 1953.

Receivables net of reserves amounted to $85,573,388, an improvement of 8% over the $79,069,391 reported at the close of 1955.

On Aug. 20, the corporation successfully placed a $10,000,000 public offering of 4¾% senior debentures due 1971. The company intends to use the net proceeds of the offering primarily for the reduction of short-term borrowings. Any balance of the net proceeds will be added to the general working funds of General Acceptance and may

be used for the development of additional sales finance and instalment loan business, through the acquisition of other companies or otherwise, if favorable opportunities for such expansion are presented.

In June, the company placed privately a $6,000,000 issue of 4½% subordinated sinking fund notes, due 1971.

As previously reported to the stockholders, a $4,000,000 issue of $5 cumulative preferred stock was purchased by institutional investors in May.—V. 184, p. 1017.

General Guaranty Insurance Co., Winter Park, Fla.—Files With Securities and Exchange Commission—

The company on Aug. 24 filed a letter of notification with the SEC covering 42,850 shares of common stock (par $2.50) to be offered to stockholders about Sept. 24, 1956, at $7 per share; rights to expire on Oct. 12. The offering will be underwritten by Grimm & Co., New York, N. Y. The proceeds are to be used for general corporate purposes.—V. 182, p. 1463.

General Merchandise Co. — Stock Sold—The public offering made on Sept. 5 of 180,000 shares of common stock (par $2.50) at $11.25 per share, through Straus, Blosser & McDowell and associates, was quickly oversubscribed. See details of offering in V. 184, p. 1017.

General Public Utilities Corp.—Financing Plans—

A. F. Tegen, President, on Sept. 12 announced in part as follows:

"This corporation plans to offer to its stockholders early next year 647,000 common shares on a 1 for 15 basis.

"The following subsidiaries presently plan to sell new securities at competitive bidding as follows in the next 16 months: (1) Jersey Central Power & Light Co. $8,000,000 of first mortgage bonds; (2) New Jersey Power & Light Co. $5,000,000 of first mortgage bonds; (3) Metropolitan Edison Co. $22,000,000 of first mortgage bonds; and Pennsylvania Electric Co. $6,000,000 of first mortgage bonds. The Manila Electric Co. presently plans no permanent outside financing.

"The company has offered additional shares to the stockholders as follows:

Date	Ratio	No. of Shares	Price per Share
1951	1 for 15	504,657	$16.50
1952	1 for 15	531,949	21.00
1953	1 for 15	568,665	23.50
1954	1 for 15	606,423	28.50

"The offerings were not underwritten. Dealers were compensated for obtaining subscriptions. The company purchased subscription rights from stockholders who did not wish to subscribe and sold the shares thus released. Stockholders have firmly endorsed this method of selling shares and it may be expected that when additional shares are offered the corporation will follow the above general pattern."

He added that consolidated common stock earnings for 1956 are expected to be between $2.90 and $2.95 per share vs. $2.71 in 1955 (on presently outstanding shares of 9,702,752); that earnings of the domestic subsidiaries are expected to be between $2.40 and $2.45 per share this year vs. $2.28 in 1955; and that the next regular dividend meeting is on Oct. 1, at which time the management expects to propose an increase in the dividend and to recommend discontinuation of the policy of designating a part of the annual dividend as "special," now that Manila Electric Co. is to be retained. If the increased dividend is voted by the board, it will mark the seventh increase in the last eight years.

Mr. Tegen further announced that construction expenditures of the domestic subsidiaries are expected to total $55,000,000 this year and $74,000,000 next year.—V. 184, p. 726.

General Telephone Co. of California—Bonds Offered—Halsey, Stuart & Co. Inc. and associates offered on Sept. 12 $20,000,000 of 4½% first mortgage bonds, series J, due Sept. 1, 1986, at 101.50% and accrued interest, to yield approximately 4.41%. Subscription books have been closed. The group won award of the bonds at competitive sale on Sept. 11 on a bid of 100.35%.

Competing bids for the bonds, with a 4½% coupon, were submitted by groups headed by Equitable Securities Corp., 99.10; Paine, Webber, Jackson & Curtis, and Stone & Webster Securities Corp., 100.169. A bid of 100.96 with a 4⅝% coupon was submitted by a group represented by White, Weld & Co. and Kidder, Peabody & Co.

The new bonds will be redeemable at the option of the company at redemption prices ranging from 106% to par, plus accrued interest.

PROCEEDS—Net proceeds from the financing will be added to the treasury funds of the company and will be used to defray a portion of the costs of the construction and expansion program.

BUSINESS—Company provides local telephone service in certain cities and communities in Southern and Central California. Toll service to points in and out of California is provided in part over lines owned by the company and other connecting telephone companies, but principally by connection with the Bell System through the lines of The Pacific Telephone and Telegraph Company. As of June 30, 1956, the company served a total of 760,418 telephones of all classes.

EARNINGS—For the 12 months ended June 30, 1956, the company had total operating revenues of $65,077,158 and net income of $10,185,546.

General Telephone Co. of Indiana, Inc. — Proposed Merger and Registers Exchange Offer With SEC—

This company filed a registration statement with the SEC on Sept. 6, 1956, covering 95,000 shares of its $2.50 preferred stock (no par value). The company proposes to offer these shares in exchange for the outstanding shares of series "A" 5% cumulative preferred stock of The Home Telephone & Telegraph Co. and for the outstanding shares of series "A" 5% cumulative preferred stock of Citizens Independent Telephone Co. Such exchange is to be offered on the basis of one share of General preferred plus $2 in cash for each share of Home preferred, and one share of General preferred plus $2.50 in cash for each share of Citizens preferred.

The exchange offer is part of a proposed plan of merger of Home and Citizens into General. General Telephone Corp. owns all of the outstanding common stock of General, 76% of the outstanding common stock of Home, and all the outstanding common stock of Citizens. The objective of the proposed plan of merger is to combine the three Indiana subsidiaries of General Telephone into a single, integrated telephone operating company. Under the proposed plan of merger, General will issue shares of its common stock for the common stock of Home and for the common stock of Citizens. The rate of exchange of common shares is to be supplied by amendment.—V. 184, p. 623.

General Tire & Rubber Co.—Acquires Byers Control

This company on Sept. 7 announced that it had acquired approximately 75% of the common stock and 40% of the preferred stock of the A. M. Byers Co. of Pittsburgh, Pa.

As a result of the offer made on Aug. 3 by General Tire to Byers company stockholders and which expired on Sept. 6, more than 140,000 common shares were tendered by Byers stockholders, thus giving them the benefit of a more favorable exchange rate of $33⅓ per share of par value of General Tire's $5 cumulative preference stock. If less than 100,000 such shares had been tendered the rate would have been $30 per share.

Preferred stockholders of the Pittsburgh firm tendered more than 17,000 shares out of approximately 42,000 shares outstanding.

In addition to the shares of Byers common stock tendered, General Tire has acquired 60,000 shares from J. F. Byers, Jr. and B. M. Byers of Pittsburgh under the terms of an earlier agreement which was explained in the Aug. 3 prospectus, bringing the total common shares held by General Tire to more than 200,000 out of approximately 264,000 common shares outstanding.

General Tire had previously stated that it was contemplating the expansion of its non-corrosive plastic pipe operations and that a combination of the two lines—General's plastic and Byers' wrought iron—would give not only a more diversified line of non-corrosive pipe products, but would eliminate duplication of sales and service organizations.

General Tire's exchange offer gives Byers common stockholders, in addition to the $33⅓ per share of General Tire preference, a warrant to purchase at the initial price of $60 one share of General Tire common stock for each share of $5 preference he receives.

The offer also permitted holders of Byers preferred stock to exchange one share of such stock for either 1 1/10 shares of General Tire's $5 cumulative preference stock, and a warrant to purchase at the initial price of $70 one share of its common stock, or one share of General's $5 cumulative preferred stock and $10 in cash.—V. 184, p. 521.

The company is spending a record $2,740,000 in September and October for advertising and sales promotion in connection with the World Series, according to A. Craig Smith, Vice-President in charge of advertising.—V. 184, p. 918.

Glasspar Co., Santa Ana, Calif.—Files With SEC—

The company on Aug. 24 filed a letter of notification with the SEC covering 51,100 shares of common stock (par $1) to be offered at $2.75 per share, through Maracheo, Dofflemyre & Co., Los Angeles, Calif. The proceeds are to go to selling stockholders.—V. 179, p. 1372.

(W. R.) Grace & Co.—Changes in Personnel—

Marlin G. Geiger has been elected an Executive Vice-President in charge of the chemical group composed of the company's seven chemical divisions. He will be succeeded as President of the Davison Chemical Company Division by William E. McGuirk, Jr., formerly Executive Vice-President of the Davison Division.

As chemical group executive Mr. Geiger will assume duties now being carried out by Executive Vice-Prsident Hugh S. Ferguson who becomes a member of the top echelon management group with corporate-wide rsponsibilites of which Executive Vice-Presidents A. S. Rupley and J. C. Griswold are also members.

Dr. Charles E. Waring, formerly Vice-President in charge of research and development of the Davison Division has been named a Vice-President of Grace Chemical Research and Development Company Division and will also serve as a Vice-President of the parent company.

Franklin Moon succeeds William F. Cogswell as General Counsel and Secretary. Mr. Cogswell resigned these posts as of Sept. 15 due to reaching retirement age. He will remain active as a Vice-President of the company.

Mr. Moon joined the company in 1952 as Assistant Counsel. In May 1954 he was elected an Assistant Vice-President and on Aug. 9, 1955 he was elected a Vice-President of the company.—V. 184, p. 918.

Edward Staley, President, on Aug. 31 further announced:

"The earnings for 1955 were computed on the LIFO method of valuing inventories, whereas the earnings for 1956 reflect the opening inventory valued on the LIFO method and the closing, or July 31, 1956, inventory valued on the Retail Inventory Method. The reason for the change is that the company has, effective Feb. 1, 1956, re-adopted the Retail Inventory Method of valuing inventories. Although the retail price indexes required for valuing inventories at July 31, 1956 on the LIFO method are not yet available, there is no reason to believe that the amount of net earnings for the six months ended July 31, 1956 would have been materially different if computed on the LIFO method.

"The decline in earnings for the first half of 1956 is principally accounted for by lower sales and earnings in stores located in certain areas where business was slow during the first half of the year; increased sales promotion costs; and expenses in connection with the opening of more new stores so far this year. While the results for the first half are not up to our expectations, we look forward to a better comparative performance in the second half of the year.

"During the six months of 1956, the company opened 24 new stores in park-and-shop communities and one new store in a downtown location. In addition, 10 stores were enlarged or modernized during the period. During the first half of the year, 4 stores were permanently closed. At July 31, 1956, there were 595 stores, including 6 temporarily closed while under construction.

"For the remainder of 1956, 43 new stores, of which 37 are in park-and-shop locations, are scheduled to open. In addition, 14 existing stores are scheduled to open in enlarged or modernized quarters."—V. 184, p. 623.

Great Basin Uranium Corp., Las Vegas, Nev.—Files—

The corporation on Aug 27 filed a letter of notification with the SEC covering 600,000 shares of common stock (par one cent) to be offered at 50 cents per share, without underwriting. The proceeds are to be used for expenses incident to mining operations.—V. 181, p. 646.

Gulf Coast Leaseholds, Inc.—New Wildcat Well—

A new producing sand for the Fola area of Avoylles Parish, La., has been discovered by this company, et al, No. 1 Levi O. Campbell. On production test the wildcat produced at the rate of 151 barrels of 34.1 gravity pipeline oil per day through a 10/64 inch choke from the Cook Mountain sand.

The discovery is located three-quarters of a mile southeast of nearest production in the Dave Hays Field and a mile south of the old Fola Field. Gulf Coast leaseholds has an interest in 1,760 acres in the area.—V. 183, p. 2462.

Gulf States Utilities Co. — Bonds Offered — Halsey, Stuart & Co. Inc., as manager of an investment banking syndicate, on Sept. 11 offered $15,000,000 of first mortgage bonds, 4¼% series due Sept. 1, 1986, at 100.848% and accrued interest, to yield 4.20%. The underwriters won award of the bonds at competitive sale on Sept. 10 on a bid of 100.08%.

Other bidders for the bonds were: Merrill Lynch, Pierce, Fenner & Beane and White, Weld & Co., (jointly), 100.0699 also for 4¼s; Salomon Bros. & Hutzler and Eastman Dillon, Union Securities Corp. (jointly), 101.98, Kuhn, Loeb & Co., 101.601, Stone & Webster Securities Corp., 101.56 and Lee Higginson Corp., 101.325—all four bidding for the issue as 4⅜s.

The new bonds will be redeemable at regular redemption prices ranging from 105.10% to par, and at special redemption prices receding from 100.85% to par, plus accrued interest in each case.

Stock Offered—Merrill Lynch, Pierce, Fenner & Beane and Lehman Brothers and associates on Sept. 11 offered today 100,000 shares of common stock (no par) at $37 per share. The underwriters won award of the issue at competitive sale Sept. 10 on a bid of $35.81 per share.

Stone & Webster Securities Corp., entered a bid of $35.76875 per share for the block, while Carl M. Loeb, Rhoades & Co. bid $35.62.

PROCEEDS—Net proceeds from the sale of the bonds and the common shares will be used by the company to pay off $18,000,000 of short-term notes issued to provide funds for construction purposes, and the balance, if any, will be added to general corporate funds.

BUSINESS—Company is engaged principally in the business of generating, transmitting, distributing and selling electric energy at retail in an area in southeastern Texas and in south central Louisiana comprising approximately 28,000 square miles and extending from Deanville, Texas on the west to Holden, Louisiana, on the east, a distance of over 350 miles. The company sells electric energy at retail in 293 communities and surrounding territory with an estimated aggregate population of 850,000. It also sells, for resale, electric energy to nine municipal systems, 11 rural electric cooperatives and two other utilities. The company also conducts a steam products business and sells natural gas and water in parts of the area served by its electric system.

EARNINGS—In an unaudited report on operations for the 12 months ended June 30, 1956, the company showed operating revenues of $53,414,311 and net income of $10,583,145, equal to $2.14 per common share.

Hawaiian Electric Co., Ltd.—Preferred Stock Offered —Dillon, Read & Co. Inc., and Dean Witter & Co. headed an investment banking group which on Sept. 14 offered 150,000 shares of series F, 5½% cumulative preferred stock at par ($20 per share) and accrued dividends.

The new preferred stock is entitled to a sinking fund for the retirement of 3,000 shares on or before Oct. 15, 1957 and each Oct. 15 thereafter. The sinking fund redemption price is par. The stock is redeemable at the option of the company at prices ranging from $21.50 for shares redeemed on or prior to Oct. 15, 1961 to $21 for shares redeemed thereafter.

PROCEEDS—Net proceeds from the sale of the stock will be used toward the payment of short-term loans incurred for a construction program which is expected to total about $41,047,000 for the period 1956-1960, including about $7,198,000 budgeted for 1956. The company anticipates raising in the near future additional funds for the construction program through an offering of 77,000 shares of common stock to its common stockholders.

BUSINESS—Company was incorporated in 1891 when Hawaii was a kingdom, and is engaged principally in the production, transmission, distribution and sale of electric energy for domestic, commercial, industrial, agricultural, street ra... and ...rmal purposes on the Island of Oahu, Territory of Hawaii. The company serves the city of Honolulu, sugar and pineapple plantations, Army and Navy establishments, and many towns and villages.

EARNINGS—Operating revenues for the 12 months ended May 31, 1956 amounted to $19,830,162 and net income amounted to $3,101,259 compared with $18,301,213 and $2,642,096, respectively, for the year ended Dec. 31, 1955.—V. 184, p. 821.

Hercules Powder Co. Inc.—Expands in Mexico—

This company on Sept. 14 announced it will enter into the wood naval stores industry in Mexico for the recovery and utilization of pine stumps.

Hercules' entry into this business was carried out through the acquisition of stock in Corbu Industrial, S.A., a Mexican corporation, the other stockholders of which are all Mexican citizens.

This is Hercules' first manufacturing venture in Latin America, although the company for many years has had a host of customers south of the border for its chemical products.

A new plant will be built near Ciudad Hidaygo, Michoacan, and will manufacture 25,000,000 pounds of wood naval stores products a year. Main offices of Corbu will be in Mexico City.

Hercules produces hundreds of chemicals for industry in 24 plants within the United States.

Two plants in the United Staes—one in Brunswick, Ga., and another in Hattiesburg, Miss., have been producing chemicals from pine stumps for more than 30 years.

The new Mexican venture will produce rosin, turpentine, pine oil, and other terpene chemicals, to be sold to Mexican industry and for export. Pine tar, a Corbu product since its inception in 1951, will continue to be made.

The new venture has been planned with the assistance of Nacional Financiera, a government-sponsored agency for financing new Mexican industries.

When the new Corbu plant is in full operation late in 1957, year-round employment will be available for an estimated 1,000 men drawn from that area in connection with the supply of raw materials for the plant and the plant operation itself.—V. 184, p. 726.

(R.) Hoe & Co., Inc.—Backlog Increased—

Joseph L. Auer, President, on Sept. 12 reported that the order backlog in the press division is at a substantial level—$14,500,000, compared with $6,500,000 a year ago.

In the last 12 months "we have produced more than $1,000,000 in tools for the Seamaster," he said, "and just the other day received an additional contract."

Mr. Auer called attention to the fact that Hoe is no newcomer to the saw business. "Hoe has been an important producer in this field since 1828," he said. "We've had plants in New York, Portland, Ore., and in Alabama for many years. Just recently we completed a new factory in Portland, right at the front door of a major lumbering area.

"At about the same time," he added, "we entered the carbide-tipped saw field through the purchase of a company in High Point, N. C., in the heart of the Southern furniture industry. And in July we paid about $800,000 for the Jones & Orth Cutter Head Co., with plants in Seattle and Memphis.

"This latter purchase," Mr. Auer explained, "should add at least another $100,000 annually to our profits."—V. 184, p. 624.

Insurance Co. of North America—New Unit—

This company on Sept. 11 filed application with the Pennsylvania Insurance Department to incorporate a new life insurance company, it is disclosed by John A. Diemand, President.

The new company will be named Life Insurance Co. of North America. It will be, with the exception of shares necessary to qualify directors, a wholly owned subsidiary of Insurance Co. of North America, parent company of the North America group.

Purpose of Life Insurance Co. of North America will be to conduct on the joint stock plan the business of life insurance, accident and health insurance, the granting of annuities, and all other forms of insurance and reinsurance permitted for this class of company.

Insurance Co. of North America will invest $7,000,000 in the new. Initial capital will be $1,000,000; surplus will be $5,000,000; and $1,000,000 will be set aside for general contingencies. It will start business when legal and organizational formalties are completed.—V. 183, p. 1474.

Inter-Mountain Telephone Co.—Registers With SEC—

This company on Sept. 6 filed a registration statement with the SEC covering 285,000 shares of common stock—voting ($10 par), to be offered for subscription by the holders of the outstanding common stock, in the ratio of two shares for each five shares held. The subscription price and underwriting terms are to be supplied by amendment. Courts & Co. is named as the principal underwriter.

The company intends to apply the net proceeds from the sale to the payment in full of amounts owned by it on short-term notes to banks, which on Sept. 30, 1956, are expected to approximate $2,625,000. Any balance will be used for general corporate purposes.—V. 181, p. 2015.

International Paper Co.—Orders Generator Units—

This company has ordered two steam turbine-generator units with a total capacity of 60,000 kilowatts from the General Electric Co. for installation in its new $57,000,000 newsprint and bleached kraft board mill at Pine Bluff, Ark.

Both of the powermakers will be manufactured by the G-E's Medium Steam Turbine, Generator and Gear Department in Lynn, Mass.

One unit is rated at 40,000 kilowatts and the other at 20,000 kilowatts.

The 20,000 kw steam turbine-generator units is scheduled for shipment in March 1957, with the larger machine following five months later.

The new Pine Bluff mill of International Paper Co. is expected to have an annual production capacity of 130,000 tons of newsprint and 165,00 tons of bleached kraft board.—V. 184, p. 821.

International Resistance Co.—Subsidiary Relocates—

Circuit Instruments Inc., a subsidiary, on Sept. 12 announced its recent move to a modern new plant at 2801 Anvil Street, North, St. Petersburg, Fla.

The 12,500 sq. ft. building permits expansion of laboratories, model-shop, engineering and design departments, as well as more than quadrupling available production facilities. The crosstown transfer of operations also places Circuit in the center of an area in which several large manufacturing facilities are now being constructed.

International Resistance Co. is located at 401 North Broad Street, Philadelphia, Pa., with branch plants in Downington, Pa., Asheville and Boone, N. C., and Burlington, Iowa. Hycor, a division of IRC is located in Sylmar, Calif. Another subsidiary, Hycor Co., Inc., is in Vega Baja, Puerto Rico. The company has licensees in Argentina, Australia, Canada, Denmark, England, Germany, Italy and Japan, as well as a wholly-owned plant in England.—V. 183, p. 1366.

Interprovincial Pipe Line Co.—Partial Redemption—

The company has called for redemption on Oct. 1, next, $650,000 of its 4% first mortgage and collateral trust bonds, series C, at 100% and accrued interest. Payment will be made at the Agency of the Bank of Montreal, New York, N. Y.—V. 184, p. 821.

Johns-Manville Corp.—Registers With SEC—

This corporation has filed with the SEC a registration statement relating to a maximum of 650,000 shares of $5 par common stock which it proposes to offer on Oct. 1 to its stockholders of record at the close of business on Sept. 28.

The right to subscribe will be at the rate of one new share for each 10 shares held. The offer will run until Oct. 17. The subscription price will be set shortly before the date of offering.

A group of investment firms headed by Morgan Stanley & Co. is to underwrite the subscription offering to stockholders.

A special meeting of the board of directors held Asbestos, Quebec, on Sept. 13 approved plans for the immediate enlargement of the new J-M asbestos fiber mill which became the largest building in Canada in terms of floor space when completed only last spring. The Directors were in Canada to inspect the mill, mine and plant located at Asbestos.—V. 184, p. 1018.

Kay Jewelry Stores, Inc. — Stock Offered — Lazard Freres & Co. and associates on Sept. 14 publicly offered 150,000 shares of capital stock (par $1) at $21 per share.

PROCEEDS—All of the net proceeds to be received by Kay from the sale of the capital stock now offered will be applied to reduce the 4¼% subsidiary notes which were issued in connection with the purchase of the Fairfax securities acquired by the company on March 15, 1954.

BUSINESS—Corporation was incorporated in Delaware on Aug. 18, 1953 and has its principal office at 702 H Street, N. W., Washington, D. C. As of Jan. 1, 1954, through operation of the Exchange Offer, Kay acquired at least 80% of the outstanding shares of each class of stock of 56 associated corporations operating 67 retail credit jewelry stores, the first of which had been opened in Reading, Pa. in 1916. Since the Exchange Offer, other stores have been opened or acquired so that the company now operates 82 retail credit jewelry stores.

Kay also owns all of the outstanding capital stock of Fairfax Distributing Co., Inc., a wholesaler from which most of the merchandise sold by the stores is purchased.—V. 184, p. 919.

Kelsey-Hayes Wheel Co.—Arranges Private Placement —This company has arranged with Equitable Life Assurance Society of the United States for $15,000,000 of borrowing on 4⅜% notes. The company already has received $5,000,000 under the credit and will take down the other $10,000,000 in 1957. Repayments will take place annually from 1958 to 1970.

The company will use a majority of the funds to repay bank loans recently incurred to purchase the outstanding stock of Utica Drop Forge & Tool Corp. and to pay off that company's outstanding V-Loan. The remainder will be used for general corporate purposes and to refinance earlier secured notes held by Equitable.

The acquisition of Utica Drop Forge, the announcement said, will enable Kelsey-Hayes to expand further into the aircraft industry and thereby diversify its operations. Utica Drop Forge & Tool is a manufacturer of turbine and compressor blades for aircraft engines, vacuum-melted metals and pliers, wrenches and other hand tools.

Kelsey-Hayes is a supplier of wheels, hubs and drums, brakes and transmission bands to the automotive industry.—V. 178, p. 2193.

La Consolidada, S. A.—7% Stock Dividend—Earn. Up

The directors have declared a stock dividend of 7% on the common stock, in addition to a quarterly cash dividend of 18 cents per share. A similar stock dividend was paid on Oct. 17, 1955.

For the seven months ended July 31, 1956, the company reported earnings of $1,240,000 compared with $535,130 for the similar seven months' period the previous year, and with $1,043,000 for the full year 1955.

The company has completed two major expansion programs in the past ten years. Its net worth is now more than $9,000,000. The company operates three plants; one in Mexico City; one in Lecheria, 15 miles northwest of Mexico City, and one in Piedras Negras, across the Rio Grande from Eagle Pass, Texas. The Piedras Negras plant recently completed a blast furnace with daily capacity of 150 tons.—V. 183, p. 2764.

La Habra Forever Modern Mobile Home Corp., Los Angeles, Calif.—Files With SEC—

The corporation on Aug. 22 filed a letter of notification with the SEC covering 250,000 shares of capital stock to be offered at par ($1 per share), without underwriting. The proceeds are to be used for the construction and operation of a trailer site.

Leath & Co., Chicago, Ill.—To Buy Its Preferred—

The board of directors on Sept. 12 took two steps to strengthen the company's corporate position.

In the first move, holders of the $2.50 cumulative preferred stock were invited to tender up to 4,000 shares by Oct. 15, 1956 for redemption at $50 a share.

If the number of shares tendered is less than 4,000, the company intends to make up the difference by calling additional shares by lot on Jan. 1, 1957, according to I. H. Hartman, President. There are presently outstanding 20,893 preferred shares, of which 3,274 shares are held in the treasury.

In another action by the board, Irving E. Meyerhoff, was elected a director to succeed Arthur L. Paulson, who passed away on May 6, 1956.

Mr. Meyerhoff, a partner in Freehling, Meyerhoff & Co., investment firm, has been a member of the Midwest Stock Exchange and its predecessor, the Chicago Stock Exchange, since 1923. Freehling, Meyerhoff & Co. are also members of the New York Stock Exchange.—V. 173, p. 761.

Lehigh & New England RR.—Tenders for Bonds—

The Tradesmen's Bank & Trust Co., Broad & Chestnut Streets, Philadelphia 10, Pa., up to 3 p.m. (EDT) on Sept. 14 offered to receive tenders for the sale to it as of Oct. 1, 1956 of 3% first mortgage bonds series B, due Nov. 1, 1975 to an amount sufficient to exhaust the sum of $97,627 at prices not to exceed 101⅜%.—V. 184, p. 1018.

Lehman Corp.—Proposes Stock-Split, etc.—

The directors on Sept. 12 proposed a 2-for-1 stock-split to be submitted to stockholders for approval at the annual meeting on Oct. 17. The board also declared a quarterly dividend of 25c a share on the presently outstanding shares, payable on Oct. 8 to stockholders of record Sept. 24, according to a joint announcement today by Robert Lehman, President, and Monroe C. Gutman, Chairman of the Executive Committee. The dividend just declared contrasts with a dividend of 22.5c a share for the same quarter last year.

To provide the additional shares required to effect the split-up, stockholders will vote on amending the certificate of incorporation at the annual meeting to be held on Oct. 17, 1956. It is proposed that the authorized capital stock be increased from 5,000,000 shares to 10,000,000 shares with par value to remain unchanged at $1 per share. The corporation currently has 4,626,856 shares outstanding.—V. 183, p. 3011.

(Karl) Lieberknecht, Inc., Laureldale, Pa.—Attorney General to Sell Stock Interest—

The Attorney General of the United States of America on Sept. 11 announced the issuance of a prospectus constituting an invitation for sealed bids for the purchase from him, as an underwriter, of 188,025 shares of capital stock, no par value, of this Pennsylvania corporation. The shares of stock represent 63.21% of the capital stock of the company issued and outstanding. The sale of the stock does not represent new financing and the company will receive no part of the net proceeds therefrom.

Of the stocks 127,000 shares are held by the Attorney General as a result of vesting action under the Trading with the Enemy Act, as amended, and the remaining 30,625 shares of stock are held as a result of payment of a liquidating distribution to the Attorney General as stockholder in another vested corporation. The stock is being offered by the Attorney General under the authority of the Trading with the Enemy Act, as amended, and Executive Orders 9193, as amended, and 9788.

All bids must be seated and received at the Department of Justice, Office of Alien Property, 101 Indiana Avenue, N. W., Washington 25, D. C. by 11 A.M. (EDT) on Oct. 10, 1956, at which time and place, all bids will be opened publicly. Bids will be considered only from qualified bidders who shall have furnished to the Attorney General certain information on the Questionnaire for Prospective Bidders before

Louisville Gas & Electric Co. (Ky.)—Plans Stock Split

T. B. Wilson, President, on Sept. 5 announced that the directors have declared their intention, subject to obtaining all necessary authorizations, including those of the stockholders of the company and governmental bodies having jurisdiction, to split the common stock of the company on the basis of two shares for one—that is, one additional share of common stock for each share of common stick outstanding on a date to be later designated by the board. —V. 183, p. 887.

M & D Store Fixtures, Inc.—Earnings Increased—

For the year ended June 30, 1956, this corporation reported net income, after taxes, of $275,955 or $1.38 per share on 200,000 common outstanding compared to $180,524 or 90 cents per share for the like period last year, it was announced by L. J. Liechti, President.

Sales for the year amounted to $3,066,146—a 46% increase over the $2,069,548 in sales recorded during the corresponding period a year ago.

Last June the company netted $489,000 through its first public issue of common stock, which was priced at $6 per share. This issue materially strengthened the current position of the company, Mr. Liechti said.

A quarterly dividend of 10 cents per share was paid on Aug. 30 to stockholders of record Aug. 20.

Mr. Liechti also announced that M & D, one of the nation's largest fabricators of steel store fixtures, has started construction of a $500,000 plant at Puente, Calif. It is expected to be completed by January, 1957, and will house the company's operations in steel, glass and wood fabrication.

The corporation recently completed construction of a 30,000 sq. ft. addition to its Cambridge City plant which now covers an area of 80,000 sq. ft.

Mack Trucks, Inc.—To Expand in Bus Field—

This corporation on Sept. 12 announced the acquisition of the C. D. Beck & Co., Inc., builder of intercity buses, as a first step toward entry into the big intercity bus manufacturing field.

P. O. Peterson, Mack President, said Mack will begin producing intercity buses immediately through the facilities of the Beck firm, located at Sidney, Ohio. Mack previously has confirmed its bus manufacturing to local transit-type buses.

Mr. Peterson said that Mack is acquiring all of the capital stock of the Beck firm, as well as that of the C. D. Beck Realty Co., both of which are privately owned. The terms of purchase will be for cash or the equivalent thereof. The transaction also includes a large plot of land adjacent to the Beck factory to permit future expansion.

Mr. Peterson said the Beck company will be operated as a division of Mack Trucks, Inc.

The Beck company, organized in 1931, has specialized over the years in the manufacture of the big long-distance type buses. The company has just recently completed design and construction of a new line of intercity buses, which are among the most modern in the field.

Mr. Peterson also disclosed that Mack is now tooling an advanced new annual shift transmission for the new intercity bus division.

Greyhound Enters Major Bus Order—

A major order for 34 new buses costing a total of $782,726 has been placed by Divisions of the Greyhound Corp. with Mack Trucks, Inc., which has diversified into the intercity bus manufacturing field through the acquisition of C. D. Beck & Co., Inc.

S. W. Ackerman, President of Pacific Greyhound, said his Division would take 30 of the new C-59 Transit Type models, each costing $23,019. L. C. Major, President of Richmond Greyhound Lines, will receive four. All are to be completed by March, 1957, or earlier.

Arthur S. Genet, President of The Greyhound Corp., added that the purchase comprised business that "would, in the past, have gone to General Motors." In July, Mr. Genet announced that Greyhound planned to file "a multi-million dollar suit" against GM based on "repeated and extraordinary mechanical failures of 1,000 Scenicruiser buses purchased by Greyhound from the motor maker at a cost of $53,000,000." The summons and complaint in the case, now being completed by two outstanding law firms, is expected to be filed shortly.—V. 184, p. 1019.

MacLee, Inc., Salt Lake City, Utah—Files With SEC

The corporation on Aug. 17 filed a letter of notification with the SEC covering 1,900,000 shares of capital stock (par 10 cents) to be offered at 13½ cents per share, without underwriting. The proceeds are to be used for working capital and other corporate purposes.

Madison Gas & Electric Co., Madison, Wis.—Registers With Securities and Exchange Commission—

This company on Sept. 10 filed a registration statement with the SEC covering 68,334 shares of its $16 par common stock. It is proposed to offer these shares for subscription by holders of its common stock of record Oct. 1, 1956, on the basis of one share of additional stock for each five shares then held. The subscription price is to be supplied by amendment. No underwriting is involved.

The company will use the net proceeds of the financing to meet, or reimburse the company's treasury for, a portion of construction program expenditures during the current year and 1957. Construction expenditures are estimated at approximately $10,200,000 between April 1, 1956, and Dec. 31, 1957.—V. 176, p. 2271.

Marquardt Aircraft Co. — Stock Offering Oversubscribed—This company has announced that its recent offering of 42,442 shares of capital stock at $36 a share has been oversubscribed. Subscription rights expired on Aug. 24.

Roy E. Marquardt, President, said the offering netted $1,527,912 in new capital which will be used, together with other funds, mainly for expansion of the company's Van Nuys facilities and construction of a new plant at Ogden, Utah.—V. 184, p. 522.

Merritt-Chapman & Scott Corp.—New Contract—

Plans for construction of an earth-filled marginal wharf at the Jacksonville (Fla.) kraft pulp and paperboard mill of National Container Corp. were announced on Sept. 5.

The marginal wharf, fronting the St. John's River, will be 600 feet long. Of steel sheet pile design, it will be built by the Construction Department of Merritt-Chapman & Scott Corp.

With a daily capacity of more than 400 tons, the Jacksonville mill is the second largest of National Container's six kraft pulp and paperboard mills. The company has acquired nearly 100 acres of land adjacent to the plant and recently disclosed that it is considering further expansion of mill operations.—V. 183, p. 2418.

Miami Copper Co.—Acquires Cable Firm—

This company on Sept. 12 announced that, through a subsidiary, it has acquired for cash the operating assets and business of Chester Cable Corp. of Chester, N. Y., which now makes a wide variety of wires and cables. Several major improvements will be added to the present plant immediately and further definite plans for expansion are already formulated. It is believed that, with an assured supply of copper and ample working capital, the business can be made to grow rapidly.

Miami Copper Co. will operate the business through a new Chester Cable Corp. and Malcolm R. White will continue as President and active manager of the new enterprise.—V. 184, p. 920.

Minneapolis-Honeywell Regulator Co. — Planning to Enter Electronic Air Cleaning Field—

This company is making preparations to enter the rapidly-expanding electronic air cleaning field, according to an announcement on Sept. 7 by Paul B. Wishart, President.

He said the company would develop and produce electronic air cleaning equipment, and would begin marketing activities in the field early in 1957. Manufacturing operations will be carried out at the firm's plant at Wabash, Ind.

In the new undertaking, Honeywell will work in cooperation with Trion, Inc., of McKees Rocks, Pa., which has been a major producer of electronic air cleaning equipment for nearly 10 years. The two firms have entered into a licensing agreement which provides, among other things, for the exchange of research and engineering information.—V. 184, p. 822.

Two New Directors Elected—

N. R. Crump, President of the Canadian Pacific Railway, and R. L. Simpson, Vice-President of the Soo Line, have been elected directors.

The directors elected effective Sept. 16, G. C. Stromberg, Secretary, and O. J. Andersen, Treasurer, of the company.

Mr. Crump succeeds W. A. Mather, present Chairman and former President of the Canadian Pacific Ry. Mr. Simpson replaces John E. Blunt, a former Vice-President, Continental Illinois National Bank & Trust Co. of Chicago.

Mr. Stromberg, Treasurer since Jan. 1, 1953, has been an employee of the company since July, 1922.

Mr. Andersen was Auditor of Passenger and Station Accounts and an employee in the Accounting Department since he joined the company in 1915.—V. 184, p. 625.

Minnesota Mining & Manufacturing Co.—Files Suit—

Attorneys for this company announced on Sept. 12 that a patent infringement suit has been filed against the Charles A. Stephens Co. of Chicago, Ill.

The suit charges the Illinois firm with infringing 3M patents covering reflective products. 3M requests an injunction against further infringement, and an accounting of damages.

The suit was filed on Sept. 7 in U. S. District Court in Chicago.

3M's reflective products line includes "Scotchlite" brand reflective sheeting, "Scotchlite" brand transparent inks and silk screen process colors, "Codit" brand reflective liquid, "Scotchlite" brand reflective fabrics, "Centerlite" brand reflective compound and "Flection" brand reflective yarn.

Attorneys for 3M said that one of the patents involved in the suit against the Stephens Co. has been upheld previously in a suit in U. S. District Court at Los Angeles.—V. 184, p. 623.

Missouri Edison Co.—To Borrow From Banks—

This company, a subsidiary of Union Electric Co., has applied to the SEC for authorization to make bank borrowings of not to exceed $1,400,000; and the Commission has given interested persons until Sept. 20, 1956, to request a hearing thereon.

Proceeds of the borrowings, to be made from The Boatman's National Bank of St. Louis, together with cash available, will be used to repay $1,000,000 of promissory notes due Sept. 28, 1956, and to finance its necessary construction program. Missouri Edison expects to repay such borrowings and obtain additional funds for continuance of its construction program through the issuance and sale of securities in 1957.—V. 184, p. 1601.

Mobile Gas Service Corp.—Plans Financing—

The stockholders on Oct. 17 will vote on increasing the authorized number of shares of common stock (par $5) from 300,000 shares to 400,000 shares.

Subject to affirmative action by the stockholders the company proposes to offer 30,000 additional shares of common stock to its common stockholders for subscription on a one for ten basis with the right to oversubscribe. It is expected that the offering will be made on or about Nov. 1.—V. 182, p. 11.

Monsanto Chemical Co.—Stock Offered to Employees

This company on Sept. 7 granted three-year options on 400,000 shares of its common stock to employees under a plan approved by the company's shareowners at the last annual meeting.

Price of the stock for the three-year period was set at $38.50, which was equal to 95% of the average between the high and low of the stock on the New York Stock Exchange today.

Individual options are based on 30% of the employee's current annual income. Under the plan, the 20,000 salaried and hourly employees have 40 days in which to join the plan. Those jointing may have as much as 10% of their monthly income deducted from their earnings to pay for the stock they wish to option. The company will pay 3½% interest compounded yearly on the deposits. In September, 1957, March and September, 1958, and March and September, 1959, the employees will have the opportunity to exercise their options for the stock, if they wish. At any time during the life of the plan, they will be able to withdraw their deposits and collect their interest by surrendering their option rights.

If every employee takes the maximum option, it would require in excess of 700,000 shares, company officials said. In such an event, each option would be proportionately reduced since the total amount of stock authorized for the plan is limited to 400,000 shares.

This is the first stock option plan for all employees offered by Monsanto, although employees have had a time-payment stock purchase plan available for more than 20 years.—V. 184, p. 522.

*Since inception of the California company, its outstanding stock has been owned equally by Montrose Chemical Co. and Stauffer Chemical Company.

Pincus Rothberg, President, said in part:

Montrose Chemical Co. was organized in 1946 to succeed a business which was originally founded in 1935 with an initial capital of $40,000. No additional capital investment has been found necessary to date.

In April 1956, the company became publicly owned through sale of part of the stock by several principal stockholders, who, however, still retain the major part of their holdings. The present financial status of the company now permits a policy favoring the use of its liquid assets for diversification and expansion.

The company is engaged in chemical manufacturing, chiefly in the organic field, producing plasticizers and alkyl silicates. It owns 50% of Montrose Chemical Corp. of California, the other 50% being owned by Stauffer Chemical Co. Montrose Chemical Corp. of California was organized in 1946 to manufacture DDT. Stauffer Chemical Co. supplied the major capital requirements and Montrose Chemical Co. furnished the know-how and management. The initial investment was rapidly repaid and the California company continues to pay substantial dividends to both parent companies. The California company is the largest DDT producer in the world and presently accounts for approximately 40% of the U. S. production.

On June 29, 1956, the company paid an initial dividend of 15 cents per share (declared on May 24, 1956) and at a meeting held Aug. 13, 1956, a second dividend of 15 cents per share was declared, payable Oct. 1, 1956, to stockholders of record Sept. 6.

It is the intention of the present Board to maintain the payment of quarterly dividends. In view of the existing waiver of dividends on 355,680 shares of the outstanding stock in the hands of some of the principal stockholders, annual dividend requirements on the above basis are less than $360,000. Present earnings and the strong cash position of your company, and its affiliate fully justify the board's intention to maintain at least the 60 cents annual dividend rate.

A development with considerable significance to Montrose Chemical Co. is the projected Montrose Mexicana S.A., which is at presentt being organized in Mexico. It is proposed that this corporation will have a paid-in capital of $2,000,000; Mexican interests agree to contribute $1,850,000 and Montrose of California will contribute $150,000 as well as its know-how and management and will receive one-third stock interest in the new company. An additional $2,000,000 will be provided as a long-term loan by a French bank—which loan will be guaranteed by the Nacional Financiera, the Mexican Government agency for promotion of Mexican industry. The initial operation will be the construction of a chlorine-caustic soda and DDT plant.—V. 184, p. 429.

Mountain Top Mining & Milling Co., Denver, Colo.—Stockholders to Vote on Merger—

The directors on Sept. 8 announced that they had voted to merge this firm with Giant Mines of Nevada, listed on the San Francisco Mining Exchange. A meeting of stockholders of Mountain Top was called for Oct. 15, to approve the board action.

The Giant firm already has interests in the Joe Commodore mine in Nevada and a major interest in County Club Charcoal, a diversified industry in the new outdoor living field.

It was stated that Mountain Top will bring into Giant properties that are producing in the base and precious metals field, as well as in uranium and oil. Base metals properties include the Little Dora Mine near Silverston, Colo., as well as the Specie Payment Mine near Central City, Colo.

Uranium production for Mountain Top includes some holdings on the Colorado Plateau on Tenderfoot Mesa. In the oil producing field,

the firm has just completed a "major discovery" in Osage County. Mountain Top holds additional leases in this county.

Chairman of the board of Mountain Top is Joe Cooper and the President is Col. T. R. Gillenwaters of Los Angeles.

On the merger to be voted, 10 shares of Mountain Top will be exchanged for each share of Giant to stockholders of record as of Sept 1, 1956.—V. 183, p. 1860.

Murphy Corp.—Lehman Brothers' Partner a Director

Edwin L. Kennedy, partner in the investment banking firm of Lehman Brothers, has been elected a member of the board of directors of the Murphy Corp. at the annual meeting April 11.

Mr. Kennedy is also a director of Kerr-McGee Oil Industries, Inc.; Gas Properties, Inc.; Distillate Production Co.; and Independent Petroleum Association of America.

C. H. Murphy, Jr., President of Murphy Corp., announced that gross income in the three months ended Aug. 31, 1956, the first quarter of the company's current fiscal year, will be substantially higher than in the comparable quarter of last year and that net income will be lower due to the much heavier exploratory drilling program now in progress.

"Three significant exploration events occurred during the first quarter," he said. "There was a two-mile south extension to the Three Hills Gas Condensate Field of southern Alberta where the company owns a 66% interest in an 8,000-acre gas license. A discovery well was completed in the Baskinton Field of Franklin Parish, La., three miles south of the Delhi Field. A third well has just been completed and two more are drilling. Here the company owns a 28% interest in a 11,000-acre block surrounding the discovery well. The company owns an interest in a gas discovery well in the south Rangely area of Northwestern Colorado, where the company owns considerable acreage."—V. 183, p. 2539.

National Heating & Cooling Mfg. Corp., Columbus, Ohio—Files With Securities and Exchange Commission

The corporation on Sept. 4 filed a letter of notification with the SEC covering $250,000 of 5% debentures due in 1971 to be sold at face amount in denominations of $500 each, without underwriting. The proceeds are to be used for the purchase and installation of manufacturing equipment and for working capital.

National Lithium Corp., Denver, Colo.—Stock Offering Suspended—

See Beehive Uranium Corp. above.—V. 183, p. 211.

National Sugar Refining Co.—Stock Offering Underwritten—The company is offering to the holders of its capital stock (no par value) rights to subscribe at $30 per share for 94,803 shares of additional capital stock at the rate of one share for each six shares held of record on Sept. 13, 1956. The subscription rights expire at the close of business on Oct. 1, 1956, and any unsubscribed shares will be purchased by a group of investment firms headed by Morgan Stanley & Co.

PROCEEDS—The company will add the proceeds from this sale of additional capital stock to its general funds to increase working capital.

BUSINESS—The company refines and distributes cane sugar. Its presently owned facilities produced a yearly average of 2,283 million pounds over the past five years, or approximately 20% of the United States production of refined cane sugar. Included in this total is the production of the Reserve, La. refinery which the company purchased from Godchaux Sugars Inc. in June, 1956. The company's other refineries are located at New York, N. Y. and Philadelphia, Pa. Principal executive offices are in New York City.

CAPITALIZATION—As of July 31, 1956, adjusted to give effect to the sale of the additional shares, capitalization and debt of the company consisted of: $5,000,000 in 4% promissory notes; $10,500,000 in current bank loans; and 663,618 shares of capital stock, without nominal or par value.

EARNINGS—For the six months ended June 30, 1956, net sales of the company totaled $68,023,000 as against $65,390,000 for the comparable 1955 period. Net income for the first half of 1956 based on the shares then outstanding was $1.81 per share as compared with $1.57 per share for the 1955 period. For the full year 1955, net income per common share was equal to $3.25.

UNDERWRITERS—Those associated with Morgan Stanley & Co. in the underwriting are: Drexel & Co.; Hornblower & Weeks; W. E. Hutton & Co.; Paine, Webber, Jackson & Curtis; Scott & Stringfellow; Howard, Weil, Labouisse, Friedrichs & Co.; Shuman, Agnew & Co., and Stroud & Co., Inc.—V. 184, p. 1020.

National Telefilm Associates, Inc.—New TV Network

Ely A. Landau, President, on Sept. 11 announced that the company's new wholly-owned subsidiary, the NTA Film Network, Inc., will start operations as the nation's fourth TV network in mid-October with 102 affiliated stations, covering 82% of the television homes in the U. S.

The NTA Film Network was established to fill an urgent need on the part of stations all over the country for an additional source of major programming and national advertising income. The new network also provides an additional market place where advertisers can buy nation-wide coverage of America's television homes in a single, competitively-priced transaction, combining market flexibility with the convenience and prestige of a national network.

In making the announcement, Mr. Landau stated that the activities of the NTA Film Network extend National Telefilm Associates' present operations as one of the country's principal television film distributors into the field of television time sales. In 1955, the sale of television time in the U. S. totalled approximately $650,000,000. NTA's participation in this new source of revenue is expected to add considerably to the company's earnings potential.

Among the major market stations included in the initial list of affiliates are: WPIX, New York City, owned by the New York "Daily News"; WGN-TV, Chicago, owned by the Chicago "Tribune"; KTTV, Los Angeles, owned by the Los Angeles "Times"; the Taft stations—WKRC-TV, Cincinnati, WTVN-TV, Columbus and WBIR-TV, Knoxville; the Crowell-Collier owned stations of WTCN-TV, Minneapolis, and WFBM-TV, Indianapolis; WMAR-TV, Baltimore, KFJZ-TV, Dallas-Ft. Worth, KTVR, Denver, CKLW-TV, Detroit, KTRK-TV, Houston, KMBC-TV, Kansas City, WSIX-TV, Nashville, KSL-TV, Salt Lake City and WMAL-TV, Washington, D. C.

The NTA Film Network will initially show feature films exclusively. These films will be first-run feature spectaculars. The network time periods will be made available to advertisers on national and regional levels.

The Network's programming policy now makes available for sponsorship one and one-half hours of telecasting time each week. After the first of the year, the amount of programming the network will provide its affiliates is expected to double. Furthermore, plans now being formulated call for 10 half-hour film programs per week to be supplied to network affiliates for the 1957-58 season.—V. 183, p. 3013.

New York Central RR.—Mellam President of Unit—

Leo L. Mellam has been appointed President and a director of the New York Central Transport Co., a new wholly owned subsidiary, which will provide substitute service by truck for the railroad company on the handling of its mail, baggage, express and LCL shipments over the entire Central system.

This newly formed trucking company is another manifestation of the new Central management's policy to make possible fast, efficient service to shippers throughout the country.

Mr. Mellam, for the last 18 years, has been a key executive for Watson Brothers Transportation Co., Inc., Omaha, Neb., one of the ten largest carriers in the motor carrier field. On his resignation from that company to accept Central's offer, Mr. Mellam was General Superintendent of Operations.

He first entered the trucking business as the incorporator and President for eight years of Arrow Motor Freight Lines, Inc.

Partial Redemption—

The company has called for redemption on Oct. 1, next, $1,000,000 of its collateral trust 6% bonds, due April 1, 1980 at 101¾%. Payment will be made at the Second Bank-State Street Trust Co., corner of State and Congress Streets, Boston, Mass.—V. 184, p. 1020.

New York Telephone Co.—Proposed Acquisition—

See Central Hudson Gas & Electric Corp. above.—V. 184, p. 921.

Newmont Mining Corp.—Offshore Oil Exploration—

Newmont Oil Co., a wholly-owned subsidiary, will join with Monterey Oil Co. in the latter's California offshore oil exploration program, Plato Malozemoff, President of Newmont Mining, and Howard Pyle, President of Monterey, announced on Sept. 10.

The agreement between Newmont and Monterey is a further development in the agreement made in April between Monterey and The Texas Co. whereby the two companies combined forces for nature exploration offshore along the California coastline.

Under the agreement, Newmont Oil Co. will share equally with Monterey in the latter's 50% interest in the joint exploration venture with the Texas Co. Monterey will continue to act as operator in the area south of the Ventura-Los Angeles County line while The Texas Co. will act as operator north of that line.

California offshore is one of Monterey's three areas of primary exploratory interest. The other two are Southern Louisiana and West Texas (Permian Basis). Independent of the above agreement, Monterey has actively participated in California offshore exploration and development, and its holdings include interests in five of California's nine offshore producing oil fields.

Offshore exploration and development is not a new venture for Newmont Oil Co. In the Gulf of Mexico, off the Louisiana coast, Newmont holds an interest in nine discoveries along with Magnolia Oil Co. and Continental Oil Co. Seven of these are producing and two await further development and connecting pipelines.—V. 183, p. 2078.

Niagara Mohawk Power Corp. — Proposed Power Contract—

The Power Authority of the State of New York began on Sept. 10 advertising proposed contracts for the sale, transmission and distribution of power to be generated at the St. Lawrence Power Project to Niagara Mohawk Power Corp. and Reynolds Metals Co. A hearing on the terms of these proposed contracts will be held on Oct. 10, 1956, at 270 Broadway, New York, N. Y., at 10 a.m.

The proposed contracts provide for the sale of 115,000 KW of firm power to Niagara Mohawk and 200,000 KW to Reynolds with Reynolds also purchasing up to 39,000 KW of interruptible power when available. Niagara Mohawk has agreed to wheel power to municipalities, rural electric co-operatives and other distributors serving rural and domestic consumers, and to purchase any power not required by these customers now or in the future. This additional power may be withdrawn as needed. Negotiations with all interested municipalities and rural electric cooperatives to supply their power requirements are now in progress.

The proposed Niagara Mohawk contract provides that savings realized by the company from the purchase of St. Lawrence power will be passed on to rural and domestic consumers in the company's Central and Eastern Divisions which are generally within the 150 mile area of economic benefit established by the Authority, that is within economic transmission distance.

If the contract with Reynolds Co. is finally approved by the Power Authority and subsequently by the Governor, the company will build a new $100,000,000 aluminum reduction plant at Rooseveltown, N. Y., nine miles from Massena. Reynolds' plans contemplates but do not at this time guarantee the construction of a manufacturing plant on an adjacent site. Raw materials will be shipped to Rooseveltown through the St. Lawrence Seaway.

As in the case of the contracts previously executed with the Aluminum Company of America, the State of Vermont, the City of Plattsburg and the United States Air Force Base at Plattsburg, the Authority will make its decision on the contracts with Reynolds and Niagara Mohawk after consideration of facts brought out at the hearing. The authority's conclusion will then be transmitted to the Governor for his approval pursuant to law.—V. 184, p. 1020.

Nickel Rim Mines Ltd., Toronto, Canada—Listing—

The $1 par capital shares of this company was admitted to trading on the American Stock Exchange on Sept. 7.

The company is engaged in exploration and development of nickel and copper on its properties at Sudbury, Ontario, Canada.

North American Aviation, Inc.—Stock Offering Underwritten—This corporation is offering its stockholders of record Sept. 7 rights to subscribe for 1,145,011 shares of capital stock (par $1) at $38 per share on the basis of one new share for each six shares held. An underwriting group headed by Morgan Stanley & Co. will purchase any unsubscribed shares upon termination of the offer on Sept. 24.

PROCEEDS—The company plans to use the proceeds for capital expenditures on further expansion and for working capital. At the end of the current fiscal year the company's expansion program will have required the expenditure of $22,000,000, and it is expected that a program of similar scale may continue next year.

BUSINESS—Corporation is a major integrated aircraft company which designs, develops and manufactures various types of aircraft and missiles, principally for the U. S. military services. The company is presently producing F-86 and F-100 jet fighters for the Air Force and FJ-4 jet fighters for the Navy and has various other types of aircraft under development. The major current project in the missile field is the SM-64 Navaho strategic missile which is now in the experimental flight test stage. The company also manufactures electromechanical equipment for aircraft and missiles, liquid-propellant rocket engines, and does both government and private atomic development work. Organized in 1928, North American now has about 69,000 employees with principal plants at Los Angeles, Fresno, Santa Susana, Downey, and Canoga Park, Calif., and Columbus, Ohio.

EARNINGS—Total net sales and other income in the nine months ended June 30, 1956 totaled $636,742,000 compared with $580,382,000 in the same nine months of 1955. Over 99% of these sales for both periods were made directly or indirectly to the U. S. Government. In these periods, net income amounted to $22,323,000 in 1956 as against $23,635,000 in 1955. In the 1955 fiscal year, total sales and income aggregated $818,541,000 and net income was $32,349,000. At June 30, 1956, the company's backlog of uncompleted contracts was about $1,268,000,000.

DIVIDENDS—Including the initial quarterly dividend of 40 cents and the extra dividend of 40 cents declared for payment Oct. 5 on the split stock, dividends for 1956 aggregate $1.92½ a share, after adjustment for the two-for-one stock split in August of this year.

prices receding from 101.37% to par, plus accrued interest in each case.

PROCEEDS—Net proceeds from the sale of the new bonds will be added to the general funds of the company. These augmented funds will be used for prepayment of bank loans, additions and improvements to utility properties, acquisition of electric utility properties and to add to the company's cash position.

BUSINESS—The company and its principal susbidary, Northern States Power Co. (Wis.), are predominantly operating public utility companies furnishing various utility services, principally electric, in central and southern Minnesota, including the cities of Minneapolis and St. Paul, west central Wisconsin, and parts of North and South Dakota. Over 84% of system operating revenues for the 12 months ended June 30, 1956 was derived from electric operations and 14.4% from gas operations.

Electric utility service at retail is furnished in 484 communities, at wholesale for resale in 29 additional communities, at retail to many rural and farm customers throughout the territory served, and at wholesale to 20 rural electric co-operative associations and to eight other utility companies. There are approximately 2,000,000 people in the company's service area.

EARNINGS—For the 12 months ended June 30, 1956, the companies had total operating revenues of $134,982,799 and net income of $19,912,009.—V. 184, p. 1020.

Norwood Gas Co.—SEC Authorizes Stock Offering—

The SEC, it was announced on Sept. 6, has issued an order authorizing this company, a subsidiary of New England Electric System, to offer for subscription by its stockholders an additional 1,405 shares of its $100 par common stock. The offer is to be made at the rate of one additional share for each two shares held, and the subscription price is to be $100 per share. NEES, which owns 2,791 shares (99.324%) of Norwood's outstanding stock, proposes to exercise its rights to subscribe for the 1,395 shares to which it will be entitled. The minority public holders (four in number, owning 19 shares) will be entitled to purchase nine shares. Norwood will apply the proceeds of the stock sale, $140,500, to the discharge of a like amount of notes held by NEES, this reducing such indebtedness to $449,500.

NEES also proposes, during the subscription period, to offer to purchase the present holdings of the minority stockholders, together with their rights to purchase additional shares, on the basis of $120 a share, and at the end of the subscription period to purchase from Norwood all unsubscribed shares at the subscription price.—V. 184, p. 823.

Ogden Corp.—New Syntex Development—

See Olin Mathieson Chemical Corp. below.—V. 183, p. 2420.

Ohio Edison Co.—To Purchase Plant—

This company, it was announced on Sept. 6, has received SEC authorization to purchase from the Village of Plain City, Ohio, for a cash consideration of $410,000, the Village's generating plant other than land and buildings, and its electric distribution and street lighting systems, including land and land rights necessary for the operation of such systems, together with materials and supplies and all related fixtures and appliances. Upon consummation of the acquisition, the property will be physically connected with Ohio Edison's facilities, which is expected to result in improvement of the local service and an overall reduction in electric rates.—V. 184, p. 823.

Olin Mathieson Chemical Corp.—New Product—

A new natural hormone preparation called Synovex, which causes steers in feed lots to make the most rapid weight gains yet achieved, is now on the market, it was announced by J. J. Toohy, General Manager of E. R. Squibb & Sons, a Division of Olin Mathieson Chemical Corp., and M. L. Sindeband, Executive Vice-President of Ogden Corp.

Synovex was developed over a four-year period by Squibb and by Syntex, S. A., a wholly-owned subsidiary of Ogden Corp. It is now being marketed solely by Squibb in the United States, Alaska, and Hawaii. Its potential market includes an estimated 15 million steers a year, almost 40% of America's total beef production, which pass through commercial feed lots for concentrated feeding before being sold to meat packers.

Synovex is a proprietary drug; requiring no prescription. A special patented implanter, by which the hormone pellet is injected into the ears of steers, is sold together with Synovex and can be used by anyone following simple instructions.

Syntex is a major producer of steroid hormones. It was acquired in May, 1956 by Ogden Corp., the stock of which is listed on the American Stock Exchange.—V. 184, p. 922.

Overseas Air Equipment Corp. (Del.) — Financed Through Kuhn, Loeb & Co.—

The investment banking firm of Kuhn, Loeb & Co. announced on Sept. 11 that it has financed a corporation formed to own and lease aircraft and related equipment to Overseas Natitonal Airways, Inc. (Oakland, Calif.), a supplemental air carrier engaged primarily in carrying freight and passengers between the West Coast and various countries in the Pacific.

The new company will be known as Overseas Air Equipment Corp. and has been incorporated in Delaware. It has an order three DC-6A aircraft from the Douglas Aircraft Co. and has also placed orders for spare engines and spare propeller assemblies, involving a total expenditure of approximately $4,500,000. The DC-6A can be utilized for both cargo and passenger traffic. A bank loan has been arranged with Bank of America, N.A. The company's capital has been privately subscribed.

George W. Tompkins, President of Overseas National Airways, announced recently that his company has filed with the Civil Aeronautics Board for authority to make trans-Atlantic flights.

Pacific Airmotive Corp.—Aircraft Overhaul Contract

This corporation has received notification that its Chino, Calif., Division has been awarded an Air Force contract with an approximate value of $5,500,000, it was announced on Sept. 6 by John W. Myers, Chairman of the Board.

Largest C-47 overhaul contract in PAC's history, the new agreement covers 293 C-47 type aircraft, which will be inspected and repaired as required under the Air Force's IRAN program. Eight planes under the new contract are already in work at the company's Chino plant.

Shipments against the contract are expected to reach a peak of 70 aircraft a month, Mr. Myers disclosed. Deliveries will continue through September, 1957.

The corporation's Chino Division is nearing completion of an earlier Air Force contract covering the overhaul of 230 C-47 aircraft. A total of 337 C-47's have been reconditioned by PAC since 1954. The new workload will result in a small increase in manpower requirements at the Chino plant, according to Mr. Myers.—V. 184, p. 430.

Pacific Northern Airlines, Inc.—Seeks CAB Approval

This corporation filed an application with the Civil Aeronautics Board on Sept. 10, seeking permanent authorization to serve Ketchikan, Alaska, it was announced by A. G. Woodley, President and General Manager. The corporation has been serving Ketchikan on a temporary basis since October 1955.

The application was filed under the new section of the Civil Aeronautics Act passed by the last session of Congress as Public Law 741 and approved by the President on July 20, 1956, which provides for the mandatory granting of such certificates to Alaskan air carriers when application is made within 120 days after the signing of the bill.—V. 182, p. 918.

Pan American Products, Inc., Seattle, Wash. — Files With Securities and Exchange Commission—

The corporation on Aug. 24 filed a letter of notification with the SEC covering 150 shares of class B capital stock to be offered at par ($100 per share), without underwriting. The proceeds are to be used for the purchase of goods for resale and for leases for storage and corporate purposes.

Panhandle Oil Corp.—Proposed Merger, etc.—

In connection with a special meeting of stockholders scheduled to be held on Sept. 27, 1956 for the purpose of authorizing a proposed merger between Panhandle and American Petrofina, Inc. it was further announced on Sept. 4.

American Petrofina is a new company. Its assets just prior to the merger will consist of its investment in Panhandle stock and approximately $13,000,000 in cash, making total assets of some $20,000,000, and a capitalization consisting of:

"$9,640,000 of 3½% subordinated debentures initially convertible into class A common stock at $10 per share, subscribed at their principal amount by 11 foreign and three American subscribers (including $2,150,000 principal amount issued to a foreign affiliate of Belgian Petrofina, $300,000 issued to White, Weld & Co. and $60,000 issued to Hemphill, Noyes & Co.)

"36,000 shares of class A common stock issued at $10 per share to three American original subscribers (including 20,000 shares issued to White, Weld & Co. and 4,000 shares issued to Hemphill, Noyes & Co.)

"1,000,000 shares of class B common stock issued at $10 per share (800,000 shares issued to Belgian Petrofina and 200,000 shares to its affiliate, Canadian Petrofina Ltd.)

In addition Belgian Petrofina is committed to purchase from American Petrofina 600,000 shares of class A common stock at $11 per share upon condition that the merger is to be completed. This sale will add $6,600,000 in cash to the assets of the surviving company and 600,000 class A shares to its outstanding capital stock.

"The class A stock and class B stock are basically alike except that the B stock as a class may elect a majority of the board of directors and the A stock may elect a minority of the Board. As all of the B stock will be owned or controlled by Belgian Petrofina, the board of directors of American Petrofina will be controlled by Belgian Petrofina." See also V. 184, p. 1020.

Parke, Davis & Co.—Canadian Laboratories Dedicated

Parke, Davis & Co., Ltd. on Sept. 13 dedicated its new $2,000,000 pharmaceutical laboratories at Brockville, Ont., Canada. In April, 1955, the firm opened new Canadian sales headquarters in Toronto; then established new branches at Edmonton and Vancouver last January. Parke, Davis & Co., Ltd. also has branches in Montreal and Winnipeg.

The laboratories, among the most modern in Canada, occupy 20 acres and have 150,000 square feet of floor space.—V. 183, p. 1911.

A secondary offering of 65,000 shares of common stock (par $5) was made on Sept. 12 by Bache & Co. at $52.87½ per share, with a dealer's concession of 90 cents per share. It was completed.—V. 183, p. 3014.

Pitney-Bowes, Inc., Stamford, Conn.—Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the SEC on Sept. 11, 1956, covering $728,000 of Participations in The Pitney-Bowes Employees' Stock Purchase Plan and an unspecified number of shares of the company's $2 par common stock which may be purchased pursuant to such Plan.—V. 184, p. 729.

Placer Development, Ltd. (Canada)—Earnings—

The profit for the year ended April 30, 1956, before appropriations, amounted to $11,040,452, as compared with $2,126,218 for the previous year. This increase of almost $9,000,000 is due to the dividends received from Canadian Exploration Ltd., wholly-owned subsidiary. Approximately $6,300,000 of those dividends was paid out of surplus accumulated over the past six years to Aug. 31, 1954, and the distribution was made to eliminate earned surplus which might be classed as designated surplus in an application of income tax regulations. It must, therefore, be realized that the earnings for the period under review cannot be taken as a guide for future years.

The profit for the year has been added to the balance of $1,164,587 at credit of "Profit and Loss Account" at the beginning of the year, and from the total of $12,205,040 has been deducted foreign income taxes of $91,542, appropriations to Reserves amounting to $4,500,000 and interim dividends Nos. 44, 45 and 46, totaling $3,870,000, leaving a balance of $3,743,497 carried forward at the credit of "Profit and Loss Account."—V. 165, p. 1771.

Polymer Corp. — Stock Offered — A. G. Edwards & Sons on Sept. 13 offered publicly 41,300 shares of class A common stock (par $1) at a price of $7.25 per share.

PROCEEDS—Net proceeds from the sale of the stock will be used by the company to purchase additional production and development machinery; to reduce current bank loans and to increase working capital.

BUSINESS—The company is the major producer in the United States of nylon rod, strip and tubing. It also produces a specially processed nylon tubing for hydraulic uses which is called "Nylaflow," and a line of specialty nylon molding powders which are blended from materials purchased by the company and sold to the injection molding industry under the company's registered trademark "Nylatron." The company's own fabricating division supplies machined or punched items to those customers who desire to purchase finished parts.

Polymer Co. recently acquired an exclusive license for the U. S. from the firm oif Knapsack-Griesheim of Frankfurt, Germany, for a new coating process known as "whirlsintering," which is called the "Whirlclad" process in this country. The process consists of dipping a preheated article into a fluidized bed of finely powdered, dry plastic material without the presence of solvents. The method appears to have extensive possibilities of application for coating metals with polyethylene, nylon, epoxies and a broad range of other resins. The company is currently isntalling production equipment to prepare various resins in finely divided form and to blend them with suitable ingredients for sale to users of the process.

The company's products are sold and distributed in the United States out of its home office at Reading, Pa., through warehouses and sales offices in Chicago and New York, and by sales agents or distributors in 27 localities throughout the U. S. Its products also are sold in Canada, many European countries, Australia, Japan, and various South and Central American countries.

SALES—Net sales of the company have increased $38,411 in 1946 when it was organized, to $3,588,500 in 1955, and $2,185,198 for the first six months of 1956.

*On Oct. 18, 1955 the shareholders authorized a maximum limit on all indebtedness (outside of general trade obligations) of $1,500,000. —V. 184, p. 922.

Poor & Co.—Stock Offering—

This company is offering holders of its class A stock and common stock rights to subscribe for 213,175 additional shares of common stock at $31 per share, on the basis of two shares of the additional stock for each five shares of class A or common stock held of record Sept. 12, 1956. The subscription offer will expire at 3 p.m. (CDT) on Sept. 26, 1956. Bache & Co. is manager of an investment banking group underwriting the offering.

PROCEEDS—Net proceeds from the sale of the additional common shares will be used by the company to retire on Dec. 1, 1956 all of its 160,000 outstanding shares of class A stock, and to reduce by $1,500,000 the principal amount of its outstanding debentures. The balance of the proceeds will be added to the working capital of the company.

BUSINESS—Company is one of the older and established leaders in the railway supply industry, specializing in products and equipment adapted to the maintenance of high standards in the maintenance-of-way and mechanical fields. It also manufactures equipment for the highway construction industry and for the aggregate processing and mining industries.

EARNINGS—For the six months ended June 30, 1956, the company and its consolidated subsidiaries showed net sales of $23,320,267 and net income of $1,262,287. For the year 1955, consolidated net sales amounted to $34,615,403 and net income was $1,543,758.

CAPITALIZATION—Giving effect to the current financing, outstanding capitalization of the company will consist of $1,995,000 of long-term debt and 586,113 shares of common stock.

UNDERWRITERS—Also participating in the underwriting are: Kidder, Peabody & Co.; Dean Witter & Co.; Allen & Co.; Paine, Webber, Jackson & Curtis; Reynolds & Co., Inc.; William R. Staats & Co.; A. C. Allyn & Co. Inc. and Central Republic Co. (Inc.).—V. 184, p. 1062.

Portland Terminal Co.—To Increase Facilities—

Construction of the new china clay storage facility of this company, which is a subsidiary of Marine Central RR., has commenced adjacent to the Railroad's Wharf No. 3.

It consists of a composite building of one steel sheet piling structure 180 feet long and 90 feet wide with four storage bins having a capacity of 2,500 tons each. Connected to this storage bin building will be no armco metal building 160 feet long and 52 feet wide housing a bagging machine and power equipment to handle the clay from the storage bin to the bagging machine. This building will have an enclosed railroad track to house several freight cars permitting undercover loading.—V. 179, p. 207.

Potomac Electric Power Co.—Earnings Higher—

Gross additions to property and plant during the 12 months ended July 31, 1956, amounted to $24,442,000.

In August the directors authorized additional construction projects amounting to $2,095,600, including $1,604,700 for transmission and distribution facilities and $428,000 for customer extensions and services.

Total operating revenues for the 12 months ended July 31, 1956, amounted to $62,095,800—an increase of $8,024,500 or 14.8% over the 12 months ended July 31, 1955 (which period reflected, in part only, the increased rates which went into effect in May, 1955).

Total operating costs amounted to $48,862,700—an increase of $5,446,700 or 12.5%.

Net income for the 12 months ended July 31, 1956, was $9,364,200, and for the same period ended in 1955 was $6,911,700.

For the 12 months ended July 31, 1956, earnings per share of common stock were $1.51, compared with $1.15 for the corresponding period ended in 1955. These earnings are stated on the basis of the number of shares outstanding at the ends of the respective periods. —V. 184, p. 327.

Procter & Gamble Co.—Debentures Offered—Public offering of $70,000,000 3⅞% debentures due Sept. 1, 1981 was made on Sept. 1 by a nationwide underwriting group of 150 members headed by Goldman, Sachs & Co. The debentures were priced at 100% and accrued interest. The sale of the debentures represents the first public offering of securities of Procter & Gamble since prior to the passage of the Securities Act of 1933. This offering was quickly oversubscribed.

The debentures are entitled to a sinking fund to retire not less than 5% of the debentures for each of the years 1967-1972 inclusive, and not less than 7½% for each of the years 1973-1980, inclusive. In addition to the mandatory payment, the company may at its option make a further sinking fund payment for those years in an amount not exceeding the mandatory payments. For the sinking fund the debentures will be redeemable at 100% and they will also be redeemable at the option of the company at prices ranging from 105.50% to 100%. The debentures may not be redeemed from money borrowed at a lower rate of interest before Sept. 1, 1961.

PROCEEDS—Net proceeds from the sale of the debentures will be added to the general funds of Procter & Gamble and used for the contemplated construction of a $40,000,000 chemical dissolving pulp production unit at the company's mill at Foley, Fla.; for the retirement of short-term domestic borrowings which aggregated $9,000,000 at Aug. 31, 1956, and for general corporate purposes, including the improvement, replacement and expansion of plants and other facilities.

CAPITALIZATION—Upon issuance of the debentures and exclusive of $8,642,320 long-term debt of subsidiaries, the company's outstanding capitalization will consist of the $70,000,000 of debentures; $30,000,000 of other long-term debt; 22,500 shares of $100 par value preferred stock; and 19,411,806 shares of common stock.

EARNINGS—Net sales of Procter & Gamble during the fiscal year ended June 30, 1956 totaled $1,038,290 and net earnings $59,316,471.

BUSINESS—The company is one of the leading producers of soaps and detergents, and a major producer in its other principal product fields including shortening and other food products, shampoos, dentifrices and home permanents.

UNDERWRITERS—The company has agreed to sell to each of the underwriters named below, and each of the underwriters, for whom Goldman, Sachs & Co. are acting as representatives, has severally agreed to purchase, the principal amount of debentures set opposite its name below:

Averages are compiled by dividing total prices by the following Industrials 4.566; Rails 5.601; Utilities 11.26; 65 stocks 22.46.

*The averages for the 20 railroad stocks and for the 65-stock composite average give effect to the Atchison, Topeka & Santa Fe Ry. Co.'s distribution of four additional shares of common stock for each share held. This changes the divisor for the 20 railroads to 5.801 from 6.325 and that for the 65 stocks to 22.50 from 23.15.

§The average for the 30 industrial stocks and for the 20 railroads to 5,601 from 6.325 and to the American Telephone & Telegraph Co.'s rights offering of one share of capital stock for each 10 shares held. This changes the divisor for the 30 industrials to 4.566 from 4.581 and that for the 65 stocks to 22.46 from 22.50.

THE COURSE OF BANK CLEARINGS

Bank clearings this week show a decrease compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Sept. 15, clearings from all cities of the United States from which it is possible to obtain weekly clearings will be 5.0% below those for the corresponding week last year. Our preliminary totals stand at $20,873,625,798 against $21,964,472,129 for the same week in 1955. At this center there is a loss for the week ended Friday of 6.0%. Our comparative summary for the week follows:

Total all cities for week	$20,873,625,798	$21,964,472,129	— 5.0

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week, in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous—the week ended Sept. 8. For that week there was an increase of 13.2%, the aggregate of clearings for the whole country having amounted to $16,713,035,753 against $14,758,124,492 in the same week in 1955. Outside of this city there was an increase of 10.4%, the bank clearings at this center having registered a gain of 16.4%. We group the cities according to the Federal Reserve District in which they are located and from this it appears that in the New York Reserve District (including this city) the totals register an expansion of 16.2%, in the Boston Reserve District of 15.4% and in the Philadelphia Reserve District of 8.6%. In the Cleveland Reserve District the totals record a gain of 12.1%, in the Richmond Reserve District of 6.7% and in the Atlanta Reserve District of 5.5%. The Chicago Reserve District enjoys an increase of 14.3% and the Minneapolis Reserve District of 6.9%, but the St. Louis Reserve District suffers a decline of 1.7%. In the Kansas City Reserve District the totals show an improvement of 2.8%, in the Dallas Reserve District of 9.3% and in the San Francisco Reserve District of 25.1%.

shares and 25,000 common shares will be aded to the working capital of the company.

The company will receive no part of the preceeds of the sale of the 10,000 shares by Erskine. Erskine is listed as the beneficial owner of 52,251½ of the 124,197 presently outstanding shares.—V. 184, p. 824.

Railway & Utilities Investment Corp.—Dissolution, etc.

The SEC, it was announced on Sept. 6, has issued an exemption order under the Investment Company Act with respect to certain transactions between affiliates incident to the proposed dissolution and complete liquidation of this investment company.

The corporation had outstanding on June 30, 1956, 18,443 shares of convertible preferred stock, $3.50 series, 5,136 shares of convertible preferred stock, $3 series, 145,939 shares of class A common stock, and 10,000 shares of class B common stock. The preferred stock is entitled in liquidation to $50 per share, plus accrued and unpaid dividends which, as of June 30, amounted to $39.585 per share on the $3.50 series and $33.93 on the $3 series. The assets of the company consist primarily of common stocks of railroad and public utility companies. Under the plan of liquidation, preferred stockholders will be entitled to the liquidating value of their shares, payable in cash or, at their option in market value of portfolio securities and cash. Since certain of the officers, directors and holders of 5% or more of the voting securities (affiliated persons) of RUIC own shares to be exchanged in the liquidation of portfolio securities, their acceptance of the exchange offer is prohibited by the Act unless an exemption order is issued by the Commission.—V. 184, p. 824.

Ramo-Wooldridge Corp., Los Angeles, Calif.—Files With Securities and Exchange Commission—

The corporation on Aug. 22 filed a letter of notification with the SEC covering 2,960 shares of class B common stock (par $1), of which 2,076 snares are subject to option held by Thompson Products, Inc.; the remainder are to be offered to selected and prospective employees at $10 per share. The proceeds are to be used for working capital. —V. 182, p. 2793.

Redding-Miller, Inc., Denver, Colo.—Files With SEC

The corporation on Aug. 24 filed a letter of notification with the SEC covering $50,000 of 7% debentures due one year thereafter date and to be offered in denominations of $500 each, without underwriting. The proceeds are to be used for expenses incident to planning, financing, construction and management of real properties.—V. 182, p. 13.

Reeves Brothers, Inc.—Acquires Two Firms—

This corporation, a leading textile manufacturer, announced on Sept. 8 it is enlarging its operation in the industrial plastics field.

The company has acquired Vi-Plax Products Corp., of Beverly, N. J., and Garrison Co., of South Plainfield, N. J.

Both companies have been engaged in the extrusion of plastic materials. They will be merged as a corporate subsidiary of Reeves Brotners, Inc., under the trade mark of "Viplax." Their products will incude PVC (rigid vinyl) pipe and fittings, nylon rod tubings and film, specialized wire coatings of nylon, Kel-F, Teflon, polyethylene and vinyl and a completely new line of pressure rated pipe and fittings. This latter group will be sold to the gas and chemical industries by the Vulcan Rubber Products division of Reeves Brotners Inc.—v. 183, p. 710.

(J. O.) Ross Engineering Corp., New York—Registers With Securities and Exchange Commission—

This corporation on Sept. 10 filed a registration statement with the SEC covering 19,059 shares of its $1 par common stock. The company proposes to offer these shares in exchange for shares of the common stock of John Waldron Corp. at the rate of one share of Ross Engineering common for each two shares of Waldron common.

Ross Engineering presently holds 61.53% of the outstanding shares of Waldron stock and although it and Waldron have worked in close relationship for many years, it is the opinion of Ross Engineering that certain policies could be instituted to the benefit of the present stockholders of both companies if its ownership in Waldron were increased. The exchange offer will be declared effective upon the deposit of at least 90% of the outstanding shares of Waldron in acceptance thereof.

Waldron is engaged primarily in the engineering, design, fabrication and installation of machinery and equipment used in many of the same industries as are serviced by Ross Engineering, such as the paper, textile, rubber and plastic industries. In addition, it manufacturers a line of flexible gear couplings.—V. 182, p. 2472.

Ryan Aeronautical Co.—Sales Up—Earnings Off—

Results for the nine months ended July 31, 1956, show net sales and other income totaling $33,023,043, T. Claude Ryan, President, announced on Sept. 5.

Net profit for the period, after provision for Federal income tax, was $912,999, equal to $2.44 per share on the 374,000 net outstanding shares.

For the same period of the 1955 fiscal year, gross income was $29,105,917 and the net profit of $1,107,977 was equal to $2.90 per share.

Net book value of the stockholders' equity was $10,677,007 at the end of the third quarter. For July 31 of 1955, the figure was $9,738,920. During the past three months, in line with previously established policy, the company purchased 4,800 shares of its own capital stock. With this adjustment, book value per net outstanding share on July 31, last, was $28.55.

During the third quarter an additional new contract was signed with Boeing Airplane Co. for further quantity of the huge fuselage sections Ryan builds for the KC-135 jet tanker transport. This order brought the backlog to more than $75,000,000.—V. 184, p. 328.

Scudder, Stevens & Clark Fund, Inc.—Acquisition—

The SEC, it was announced on Sept. 6, has issued an exemption order under the Investment Company Act permitting the issuance of shares by this investment company for substantially all of the assets of Phillips Investment Co. Pursuant to terms of the purchase agreement, and based upon Aug. 9, 1956 figures, Scudder will acquire $15,366,743 of Phillips' assets, consisting of $5,437,587 of cash and $9,931,156 of investment securities with unrealized appreciation of $4,987,614. These assets are to be acquired by Scudder in exchange for shares of Scudder stock on the basis of the net asset value of the Scudder and Phillips stock on the closing day, except that the value of the Phillips stock is to be reduced by an amount equal to 12½% of the capital gains which would be realized for Federal income tax purposes if the Phillips assets were sold at that time. Phillips will distribute the Scudder shares received for its assets to its stockholders in liquidation.—V. 183, p. 1371.

Sheraton Corp. of America—Offer of Exchange—

Subject to the terms of its Offer of Exchange dated Sept. 1, 1956, this corporation is offering holders of its $9,696,500 4¾% convertible debentures due March 1, 1967, the opportunity to exchange such debentures for like principal amounts of its newly authorized 5% debentures due March 1, 1967, with attached warrants. Each $1,000 4¾% debenture containing the first and second conversion options is exchangeable for a like principal amount of 5% debentures with 40 warrants attached entitling the holder to subscribe for 40 shares of Sheraton common stock at $25 per share at any time on or prior to Sept. 1, 1966. Each $500 4¾% debenture containing the second conversion option only is exchangeable for a like principal amount of 5% debentures with 13 warrants attached.

The 5% debentures will be issued under a Second Supplemental Indenture to be dated as of Sept. 1, 1956. The Supplemental Indenture dated as of March 1, 1955, under which the 4¾% debentures were issued, contains certain sinking fund provisions which will be modified and amended by the Second Supplemental Indenture. The proposed amendment is to the following effect:

If all the 4¾% debentures are exchanged, the sinking fund requirements for the 5% debentures will thereafter be the same as those now applicable to the 4¾% debentures. If less than all of the 4¾% debentures are exchanged, the total sinking fund requirements for both issues will be the same as they would have been for the 4¾% debentures if there had been no exchange, the requirements for each issue to be ratably apportioned according to the respective principal amounts thereof at the time outstanding.

The adoption of this amendment requires consent of the holders of not less than 66⅔% in principal amount of the 4¾% debentures outstanding. The offer of Exchange will remain open until the close of business on Oct. 15, 1956, subject to the right of the board of directors to extend the time for a further period of 30 days. The Offer may be cancelled if it has not been accepted by the holders of 90% or more of the outstanding principal amount of 4¾% debentures by such time, and will in any event not become effective unless the above described amendment has been consented to by the required percentage of the holders of the 4¾% debentures.

Ernest Henderson, President, on Sept. 1 said in part:

"In March, 1955, the company through underwriters issued to the public $10,000,000 of its 4¾% convertible debentures. These debentures were issued in denominations of $1,000 and multiples thereof. Each $1,000 debenture contains a first and second conversion option whereby it is convertible as to the first $500 thereof into 27 shares of Sheraton common stock, 50 cents par value, ($18.52 per share) and as to the other $500 into 13½ shares of Sheraton common stock ($37.04 per share). Certain holders of the 4¾% debentures have exercised their first conversion option with respect to such debentures, and have received debentures in the denominations of $500 or multiples thereof, containing the second conversion option only. The debentures were issued under a indenture dated March 1, 1955 supplemental to an indenture dated April 1, 1954 between the company and Old Colony Trust Co., trustee. While provision was made for the adjustment of the conversion price under certain circumstances, no adjustment was required in the event of the issuance of stock dividends out of retained earnings earned after April 30, 1953 so long as the market value of the dividends did not exceed such retained earnings.

"The company has been advised that the split conversion feature of the 4¾% debentures has proved to be confusing and that the investment quality of the securities would be improved if some additional protection were furnished against the possibilty of undue dilution of the conversion rights as a result of the issuance of additional stock dividends.

"The company has decided to meet these suggestion by affording holders of the 4¾% convertible debentures an opportunity to exchange their present debenture for new 5% debentures and warrants to purchase common stock which will eliminate these difficulties, but which will not otherwise vary materially from the existing debentures, except as to interest rate and conversion features.

"The company, accordingly, offers holders of its 4¾% debentures the opportnuity of exchanging them for a new issue of 5% debentures bearing warrants to purchase the common stock of the company.

"Holders of 4¾% convertible debentures due March 1, 1967, who wish to accept the Offer of Exchange should tender their debentures to Old Colony Trust Co., agent for the company, to be held pursuant to this Offer.

"The 5% debentures will be dated Sept. 1, 1956. Interest to Sept. 1, 1956 will be paid on the 4¾% debentures exchanged pursuant to this Offer.

"It is the opinion of the company and Paine, Webber, Jackson & Curtis and Hamlin & Lunt, who were the managing underwriters (a partner of each being a director of the company) of the 4¾% debentures, that acceptance of the Offer would be in the best interests of the present holders of the 4¾% debentures.

"No commission or other remuneration will be paid to any person for soliciting this exchange. Acceptance is entirely optional. The company, which is the holder of $818,000 principal amount of 4¾% debentures, will exchange such debentures in accordance with this Offer."

Sells Hotel in Brookline, Mass.—

The corporation on Sept. 15 announced the sale of one of its smaller hotels, The Beaconsfield in Brookline, Mass., to the Fields Management Co., New York.

Sheraton President Ernest Henderson said the sale price of $1,335,000 would net his corporation a capital gain of $800,000.

Last Aug. 8 the Fields Co. bought 12 Midwest hotels which the Sheraton corporation had acquired a short time before from the Eppley Hotel chain in one of the largest hotel transactions in history. Sheraton retained 10 major properties involved in its more-than-$30,000,000 transaction with Eppley.

The Beaconsfield is a 200-room hotel in suburban Boston.

The move leaves Sheraton with 41 hotels housing 22,383 guest rooms in 31 cities from coast to coast and in Canada.

The chain will open a new luxury hotel in Philadelphia next January. —V. 184, p. 669.

Sinclair Oil Corp.—$165,000,000 Debenture Issue Proposed for Offer to Stockholders — The corporation is planning to call a special stockholder meeting on Oct. 30 to grant authority to issue about $165,000,000 of convertible subordinated debentures, according to an announcement by P. C. Spencer, President. Subject to approval by the stockholders and clearance by the SEC, the company plans to offer its stockholders rights to subscribe for the debentures on the basis of $100 in debentures for each nine shares of common stock held. It is contemplated that the offering will be underwritten by a nation-wide group of investment banking houses managed jointly by Smith, Barney & Co. and Merrill Lynch, Pierce, Fenner & Beane. Details of the issue, such as the coupon rate, conversion prices, maturity date, and so forth will be determined later, Mr. Spencer said.

The announcement said that in the years 1953 to 1956 the company will have invested more than $570,000,000 in property additions. This does not include an outlay of about $114,000,000 made or expected to be made on important acquisitions to supplement the company's day-to-day search for crude oil. Last year's acquisition of properties formerly owned by American Republics required a cash outlay of $24,000,000. The anticipated purchase of properties from Southern Production Company will call for an expenditure of $43,000,000. An approximate 30% interest in Texas Pacific Coal & Oil Co. was recently acquired at a cost of $47,000,000.

Mr. Spencer further pointed out that, at the beginning of 1953, the company's long-term debt due after one year amounted to $350,000,000, a ratio of 36.5% to total borrowed and invested capital. Assuming complete conversion of the company's 3¼% convertibles (of which only about $19,000,000 are outstanding), and issuance of $165,000,000 new convertibles, long-term debt at the end of 1956 would approximate $355,000,000, and estimated ratio of 27.5% to total borrowed and invested capital.—V. 184, p. 1063.

‡The 3¼% convertible debentures, due July 15, 1970, first become convertible as to one-third of the aggregate principal amount thereof during the year commencing Jan. 15, 1957, an additional one-third during the year commencing Jan. 15, 1958, and the balance on and after Jan. 15, 1959, provided that all such conversion rights expire July 17, 1967. The company may, at its option, permit conversions in larger principal amounts during the first two conversion periods referred to above. In addition, any debentures which are called for redemption prior to Jan. 15, 1959 become convertible prior to such redemption. The directors have reserved 865,102 shares of authorized but unissued common stock for issuance upon conversion of said debentures. The debentures will be convertible at an initial conversion price of $42.85 to and including Jan. 15, 1962 and at increasing prices thereafter.

§Assuming no conversions into common stock subsequent to July 13, 1956. At that date there were 502,072 shares of authorized but unissued common stock reserved for issue upon conversion of preference stock and against outstanding scrip for common stock. The shares of preference stock, 4.48% convertible series and 4.56% convertible series, are presently convertible into common stock at the respective rates of 0.85312 and 0.921 of one share of common stock for each share converted. The respective conversion rates will not be changed by the issuance of the 500,000 shares of new common stock.

Southern Finance Co., Inc., Lenoir, N. C.—Files With Securities and Exchange Commission—

The corporation on Aug. 24 filed a letter of notification with the SEC covering 4,000 shares of 6% convertible preferred stock and 5,000 shares of common stock (par $10) to be offered at $25 per share for the preferred and $10.75 per share for the common stock, through R. S. Dickson & Co., Charlotte, N. C. The proceeds are to be used for working capital.

Southern Natural Gas Co.—Proposed Acquisitions—

The common stockholders on Oct. 16 will act upon a proposal to issue 367,491 common shares to Southern Production Co., Inc., in exchange chiefly for 67,550 shares (67.55% of the capital stock) and a $9,000,000 6% subordinated note due 1964 of The Offshore Company.

Other assets to be acquired by Southern Natural in the transaction comprise the entire capital stock and a $281,250 promissory note of the New York engineering firm of Frederic R. Harris, Inc., and the rights to "Timcoat," a new mastic pipeline coating intended for use in under water applications.

Southern Natural stockholders of record at the close of business on Sept. 5 are entitled to vote at the meeting on Oct. 16.

Through the acquisition of Offshore, which will have available much-needed drilling equipment, Southern Natural expects to be in a favorable position to bid for or obtain from other operators leases or participations therein covering submerged lands.

As a corollary, Frederic R. Harris, Inc., specializes in marine work and is engaged in engineering studies looking toward the development and improvement of drilling equipment used by Offshore in its operations.

The pipe coating, "Timcoat," while still in the developmental stage, is expected to be of value in the installation of the company's own pipelines in submerged or swamp areas and through its use by others on a contract basis.—V. 184, p. 431.

(S.) Stroock & Co., Inc.—Dividend Action Deferred—

The directors on Sept. 5 decided to defer action on the quarterly dividend which has been paid for the last few years on the 15th of September.

Sidney Alexander, Secretary-Treasurer, on Sept. 7 stated:

"While our business continues to operate at a profit and the financial condition of the company remains strong, the directors determined that earnings to date in the fiscal year which commenced July 1, 1956 and prevailing market conditions in the industry do not justify any decision with respect to a dividend at this time."—V. 183, p. 448.

Studebaker-Packard Corp.—Has Comeback Program

This corporation has financial resources which are considered "fully adequate" to carry out its program to achieve profitable operations by the end of 1957, Harold E. Churchill, President, said on Sept. 12.

The cost of tooling the 1958 Studebaker-Packard lines is incorporated in this planning, he said.

"We have approximately $50,000,000 in working capital for this comeback program to start sales upward while quickly streamlining and consolidating all company manufacturing and administration activities in South Bend, Ind., on a hard core operating basis," he said.

The company's cash position recently was bolstered by $35,000,000 as a result of agreements with the Curtiss-Wright Corporation early in August.

Speaking at a "national press demonstration" of 1957 Studebaker cars, trucks and sports-type Hawk models at the corporation's proving ground at South Bend, Mr. Churchill said that the company will utilize its new resources primarily to rebuild the company's products to a strong position in the market place.

Mr. Churchill said a volume of 150,000 Studebaker cars and trucks for 1957, including Canadian and export sales, while it represents a realistic volume against which to budget costs to reach profitable operations, is only a starting point from which the company will aim at improved sales performance.

Discussing the 1957 cars which will be introduced about Nov. 1, Mr. Churchill revealed the company would schedule 25% of production on the Hawk sports-type line as it goes into its second year, introduce a new four-door station wagon body-type as well as sharply restyled sedans, incorporate a number of advanced engineering and safety developments including several industry "firsts," and move into the heavier duty field of trucks for the first time.—V. 184, p. 1063.

Sunset International Petroleum Corp.—Merger Effective Sept. 1—Stock Listed in New York—

J. D. Sterling, President, on Sept. 6 announced that following final approval on Aug. 20 by stockholders of International Mining Corp., the merger of Sunset Oil Co. and International Mining Corp. became effective Sept. 1, 1956. Sunset International Petroleum Corp., the surviving company, commenced trading on the American Stock Exchange Sept. 4, with a total of 2,526,337 shares of common stock outstanding.

Pro forma combined earnings for Sunset International Petroleum for the six months ended June 30, 1956, amounted to $465,078, or approximately 18 cents per share consisting of International's earnings of $154,899 and Sunset's earnings of $1,956,405 plus $153,774 additional Sunset income, attributable to the alternative treatment of oil payments. These oil payments have since been acquired and will henceforth automatically appear in Sunset International Petroleum's income. This combined pro forma shows a very substantial increase over the like 1955 period estimated at approximately $312,964.

Plans have been approved for an increase in the thermal cracking capacity of the company's Torrance, Calif., refinery. The new installation, expected to be on stream Jan. 15, 1957, will cost an estimated $200,000 resulting in a 1,000-barrel per day increase in capacity.

A very extensive exploration and development program was also approved, including five exploratory prospects, in addition to further development of the company's Tapo Canyon and Placerita Oil Fields of Ventura and Los Angeles Counties, Calif.

Mr. Sterling stated that "with only about half of the 5,000,000 authorized shares issued and outstanding, Sunset International Petroleum will proceed with its announced policy of emphasizing further acquisition of producing properties through the use of stock in conjunction with oil payments, or funded debt when required and in addition will maintain a continuous exploration program consistent with the company's earnings and financial condition."

Sunset International Petroleum is presently participating in an exploratory program on 17,000 acres in Western Canada, and anticipates further expansion in that area, as well as many other oil producing states.—V. 184, p. 320.

Technical Service, Inc., Denver, Colo.—Files With SEC

The corporation on Aug. 24 filed a letter of notification with the SEC covering 50,000 shares of common stock (no par) to be offered at $6 per share, without underwriting. The proceeds are to be used for expenses incident to mining operations.

TelePrompTer Corp.—New Interests Acquire Stock—

Two senior executives of The Western Union Telegraph Co. were elected directors of TelePrompTer Corp. by the shareholders on Sept. 12.

The action followed approval by the TelePrompTer stockholders of the purchase of 20,000 shares of the company by Western Union.

Elected to the TelePrompTer board were Thomas F. McMains, Vice-President and Assistant to the President of Western Union, and the firm's public relations Vice-President, Theodore B. Gittings.

Western Union purchased the 20,000 shares at $25 per share as well as a ten-year 4% unsecured subordinated note in the principal amount of $250,000, convertible into common stock at $30 per share during the first five years and at $35 per share during the second five years, the total consideration being $750,000.

In reviewing the action for stockholders, Irving B. Kahn, TelePrompTer President and Board Chairman, also reported the following income and earnings figures for the company for the six months ended June 30, 1956 with comparative figures for preceding years:

Textron, Inc.—Division to Expand—

Homelite, a division of this corporation, announced on Sept. 6 that they have purchased a 60-acre tract at Gastonia, N. C., and plans have been formulated for the construction of a new 135,000 square foot modern one-story building for the production of gasoline power chain saws.

J. Allan Abbott, President of Homelite, stated that "due to the phenomenal growth of the company, we have outgrown our present production facilities which are spread among seven locations in Greenwich, Port Chester, and Stamford, Conn. Present production facilities still cannot keep pace with the sales demand, which has doubled in the past two years and which is expected to increase another 50% during the next two years."

A very substantial part of Homelite's operations will continue in the Port Chester-Greenwich area. Future plans have been resolved for the expansion and enlargement of its present offices and administration facilities, thus insuring Homelite's identification in their present location. Homelite will continue to produce gasolene-engine-driven pumps and generators as well as the possible addition of several new products in the Port Chester-Greenwich area.

In 1949 Homelite introduced a new model and in seven years it has become the largest selling chain saw in the world. Homelite's latest expansion move parallels, to a great extent, the opening on Oct. 25 of the latest electronic plant of Dalmo Victor in San Carlos, Calif. As divisions of Textron, these two previously independently owned companies were able to give immediate impetus and acceleration to their programs of new product development and growth through diversification.—V. 184, p. 826.

Third Avenue Transit Corp.—Voting Period—

A notice to the holders of the first refunding mortgage 4% bonds and adjustment mortgage 5% income bonds says:

"By direction of the Court, the time for voting on the joint plan of reorganization expires on Sept. 19. Ballots must be received from Lester F. Doyle, trustee, c/o Saxe, Bacon, O'Shea & Bryan, 20 Exchange Place, New York 5, N. Y."—V. 183, p. 2539.

Thor Corp.—Plans Change in Name—

The stockholders on Oct. 4 will vote on approving a proposal to change the name of this corporation to Allied Paper Corp.

The company had long been identified as a manufacturer of appliances but in an "asset conversion" program begun last year it has turned its major attention to paper manufacturing.

Arnold H. Maremont, Chairman, said the change is planned because "a name more closely identified with the major occupation of the company is preferable.—V. 183, p. 2811.

TMT Trailer Ferry, Inc.—Buys Another LSD—Financial Advisor Named—

Eric Rath, President, on Sept. 12 announced the purchase of the "Florida Queen" as a sister ship to the world's largest and fastest self-propelled trailer vessel, the "Carib Queen," and the naming of the New York investment banking house of Salomon Bros. & Hutzler as financial advisor.

The new ship, an LSD (Landing Ship Dock), was bought from the National Container Corp. Like the "Carib Queen," it is 475 feet long with a beam of 72 feet. It will carry 92 large over-the-road highway trailers, 100 autos, and 20 dispatch vans, Mr. Rath said.

Modification of the vessel from a rail car ferry to a truck trailer ship will significantly increase its capacity and speed, Mr. Rash said. Its current speed is 15 knots and it utilizes but 65,952 cubic feet for commercial cargo (24 fully loaded rail cars), he said. When converted to a three-deck trailer ship, however, it will have a capacity of 261,500 cubic feet for roll-on cargo and a speed of approximately 17 knots.

He also pointed out that the "Florida Queen" as a rail car carrier now requires eight hours to load and unload but that as a trailer ship using the new "Trailer Loader" system he has devised, this operation will be slashed to four hours. Completion of the "Florida Queen" will give TMT a fleet of 11 vessels, he said.

Meantime, Mr. Rath also disclosed that TMT has engaged Salomon Bros. & Hutzler as financial advisor for three years. Terming this "the crucial period for development of the trailer ship industry," he said that the investment banking firm through Rudolf Smutny, senior partner, previously arranged a $3,500,000 construction loan on the "Carib Queen." This interim financing assures funds until the ship is completed. A long term government-guaranteed first preferred ship mortgage then becomes operative, he said.

The "Carib Queen" now is under construction and is expected to be completed in November at the Merrill-Stevens Drydock & Repair Co., Jacksonville, Fla., Mr. Rath said. He also noted that the conversion of the "Florida Queen" should be completed in 1957 when the ship will be transferred from a foreign flag to the American.

TMT, from its terminal in Jacksonville, Fla., now services Puerto Rico, the Leeward, Windward and Virgin Islands. Soon it will include Venezuela and principal Caribbean ports. In addition, it runs "TMT Cuba," tnrice-weekly auto ferry between Key West and Havana, Cuba.—V. 184, p. 1063.

Topp Industries, Inc., Los Angeles, Calif.—Acquisition

The shareholders will vote Sept. 20 on acquisition by this corporation of the assets of Heli-Coil Corp., Danbury, Conn., B. F. Gira, President, announced on Sept. 10. The stockholders of Heli-Coil will meet thereafter to vote on the merger.

The assets of the combined companies would amount to approximately $8,000,000 with annual sales of approximately $10,000,000. These totals include the assets and sales of Haller, Raymond and Brown, Inc., recently acquired electronics research and development subsidiary of Topp at State College, Pa. This acquisition alone added

a technical team of more than 250 scientists, engineers and supporting personnel to the Topp Industries staff.

Heli-Coil has current assets of $1,530,000 and fixed assets with an appraised value of $1,155,000 in addition to which it owns some 200 patents. Subject to the issuance of the required permits by the California Commission of Corporations, Topp will issue to Heli-Coil Corp. for its assets 100,000 shares of Topp common stock and $900,000 face value of subordinated, convertible, 3% 10-year debentures, and pay $500,000 in cash.

"The present Heli-Coil sales volume—$2,000,000 in 1955 and $3,000,000 estimated for 1956—represents only a fraction of the company's future sales potential," said Mr. Gira and added:

"Based on net earnings of $153,000 in 1955, $93,000 for the first six months of 1956, and current active sales, we believe that Heli-Coil's earnings after taxes will reach $200,000 during the first 12 months after acquisition. Thus, the 100,000 shares of Topp Industries common to be given as part of the purchase price would, in effect, earn approximately $2 per share, adding some 30 to 35 cents per share to the net earnings of all Topp Industries common stock during this period."

Primary products of the Heli-Coil Corp. are patented thread inserts used in applications requiring strong threads for bolts or screws in soft materials such as aluminum, magnesium and plastics. Heli-Coil inserts are also widely used in salvage and repair work wherever threads in a tapped hole are stripped accidentally or through wear. The company has recently perfected a "Mid-Grip" insert which eliminates the need for lock nuts or safety wire to secure bolt connections. Heli-Coil also produces a complete line of precision tools for high volume production including special application of inserts. The system has been fully accepted by the U. S. Armed Services under military standards.

Heli-Coil Corp. occupies 40,000 square feet of factory and office space on 16 acres of ground at Danbury. Approximately 300 people are employed. The company has 75 sales engineering representatives throughout the U. S. and Canada. Firms in England, France, West Germany and Japan have been licensed to produce the company's products.—V. 181, p. 1921.

Transcontinental Gas Pipe Line Corp.—Registers Offering to Stockholders With SEC—

This corporation filed a registration statement with the SEC on Sept. 10, 1956, covering 441,250 shares of its 50c par common stock. The company proposes to offer these shares for subscription by common stockholders of record Oct. 1, 1956, at the rate of one share of additional stock for each 16 shares then held. The subscription price and underwriting terms are to be supplied by amendment. White, Weld & Co. and Stone & Webster Securities Corp. are named as the principal underwriters.

Net proceeds of the financing will be added to the general funds of the company to be available for construction. The company estimates that it will spend approximately $55,000,000 after June 30, 1956, in completing construction work which was scheduled at that date. —V. 184, p. 1063.

Transocean Corp. of California—Large Contract—

Aircraft Engineering & Maintenance Co., a wholly-owned subsidiary, on Sept. 13 announced the receipt of U. S. Air Force jet overhaul contracts totaling more than $9,300,000 and the completion of a plant expansion program that establishes its Oakland (Calif.) facility as one of the largest in the nation.

Douglass F. Johnson, President, said the expansion program has nearly doubled the size and capacity of the huge precision production aircraft overhaul plant and the area now enclosed by security fencing totals 33½ acres (1,457,250 square feet). More than seven acres is under roof.

Part of the recently announced "phasing up" of AEMCO's participation in the "IRAN (Inspection and Repair as Necessary)" program, the new Air Force contracts call for the overhaul of an undisclosed number of T-33 and F-80 jet aircraft. AEMCO it the only firm engaged in overhauling these aircraft. The contracts are already in force and will continue through December 1957, Mr. Johnson said.

Triad Oil Co., Ltd. (Canada)—Financing Completed—

An issue of $30,000,000 4¾% convertible notes due Sept. 15, 1971, was oversubscribed on Sept. 4. The issue was handled by a group headed by Tanner Bros. Ltd., Greenshields & Co. Inc. and Cochran, Murray & Co., Ltd. A number of dealers across Canada took part in the distribution.

Each $1,000 note is convertible into the common stock of the company at the rate of 90 shares up to and including Sept. 15, 1958; 80 shares up to and including Sept. 15, 1960 and 70 shares up to and including Sept. 15, 1964. The issue is not convertible beyond that date.

The British Petroleum Group of London, Eng., through a Canadian subsidiary, has subscribed to half of the issue.

The proceeds of the notes sold will be used for general corporate purposes.—V. 184, p. 1064.

Ultrasonic Corp., Cambridge, Mass.—Sale, etc.—

The directors recently offered for sale the property the corporation now occupies at 640 Memorial Drive, Cambridge, Mass. This offering was made subject to lease-back arrangements that will provide adequate space in which to conduct the company's operations.

Negotiations have been completed and the building was sold for cash on Aug. 31, 1956. This action improves working capital and benefits your company's competitive position by a reduction of fixed costs, according to J. E. Ashman, President.—V. 183, p. 2542.

Underwood Corp.—Plans Sale of Debentures—

The stockholders at a special meeting Oct. 3 will vote on a proposal to increase the number of authorized common shares to 1,500,000 from 1,000,000.

Fred M. Farwell, President, stated: "The anticipated expansion of Underwood's business over the next few years will require additional financing, the character of which cannot now be foreseen. The directors now are considering an issue of debentures convertible into common stock, but otherwise there are no present plans for the issuance of any shares."

Mr. Farwell said the proceeds from the sale of any debentures would be added to working capital and used as required for research and engineering, modernization of plant facilities, development of new products and general expansion of operations in order to promote increased sales.

A decision on the debentures will not be made for a few weeks, it was said.

There are no present plans for the acquisition of other companies. —V. 183, p. 3059.

Union Carbide & Carbon Corp.—New Development—

A new series of "pre-conditioned" vinyl silicone rubber compounds which meet the toughest aeronautical specifications for high temperature applications was announced on Sept. 9 by the corporation's Silicones Division.

They are now commercially available and are marketed as "Union Carbide" K-1044R, K-1045R, K-1046R, K-1047R and K-1048 R Silicone Rubber Compounds. They are described as being "pre-conditioned" because the manufacturer ships them in such a condition that they are very easy for the fabricator to process. They also have the controlled reactivity which featured the K-1020 and K-1030 series announced earlier this year.

Other features of the K-1040's are high tear, high elongation, tensile strength of over 800 pounds per square inch, low compression set, good oil resistance, low moisture absorption, good dry and wet dielectric properties.

Oak Ridge National Laboratory Completes First Decade of Radioisotope Production and Distribution—

Oak Ridge National Laboratory, which Union Carbide Nuclear Co., a Division of Union Carbide & Carbon Corp., operates for the Atomic Energy Commission, completed its first decade of radioisotope production and distribution to users in industry, medicine, and agriculture. Modern processing facilities such as the radioisotope bottling unit shown above have replaced the relatively crude equipment used ten years ago. Since its first shipment to the Barnard Free Skin and Cancer Hospital, St. Louis, Mo., on Aug. 2, 1946, the Laboratory has experienced a phenomenal growth. Over 1,100 radioisotope shipments are now made each month to 2,700 users throughout the United States and 57 foreign countries.—V. 184, p. 525.

United Merchants & Manufacturers, Inc.—Unit Moves

A panoramic parade of fibers and colors in drapery and slipcover fabrics on Sept. 10 heralded the opening of the luxurious and distinctive new showrooms and offices of Riverdale Drapery Fabrics in the heart of the textile world—295 Fifth Avenue at 31st Street, New York City.

The new site—only two city blocks north of the company's previous location—is said to be the largest of its kind in the decorative fabric world. Riverdale, a division of United Merchants and Manufacturers, Inc., was formerly located at 261 Fifth Avenue for over two decades. The company has pioneered many firsts in the decorative fabrics world. —V. 183, p. 2228.

U. S. Electronics Development Corp., Glendale, Calif.—Files With Securities and Exchange Commission—

The corporation on Aug. 21 filed a letter of notification with the SEC covering 299,990 shares of common stock to be offered at par ($1 per share), without underwriting. The proceeds are to be used for expenses incident to manufacturing and selling of precision capacitators.

Universal Automobile Club of America, Inc., Wheatridge, Colo.—Files With SEC—

The corporation on Aug. 23 filed a letter of notification with the SEC covering 20,000 shares of common stock to be offered at par ($1 per share), without underwriting. The proceeds are to be used for expenses incident to operating a credit out club.

Vertol Aircraft Corp.—Signs Licensee Agreement—

Don R. Berlin, President of this corporation, and Dr. Peter Burkard, Chairman of the Board of Directors; and Herr Pasche and Herr Loew, Managing Directors of Weser Flugzeubau, Finanz-und Verwaltungs-Gesellschaft, Bremen, Germany, on Sept. 10 jointly announced the signing of a licensee agreement covering maintenance, overhaul and repair of H-21 type helicopters located in Europe. This work will be accomplished at one of the two large plants of the Weser organization at Lemwerder and Einswarden.

Mr. Berlin stated that these arrangements had been made in order to provide convenient and thorough technical assistance for any users of the H-21 helicopters in Europe. It was further stated that this agreement contains an option to build H-21 helicopters for sale in Europe and Africa, through the Vertol Representative organization.

Weser is working with two other German aircraft companies in the manufacture of a portion of a large transport aircraft. Also, Weser is working with Republic Aircraft Corp. and will receive and decocoon the F-84 Fighter going to the German Government.

A number of 20 passenger H-21 "Work Horse" helicopters are presently being procured by the German Government and already are being used by the French Army in Algeria.—V. 184, p. 965.

Vulcan Detinning Co.—Proposed Merger—

This company, which detins tin plate scrap, and Birmingham Slag Co., largest single processor of blast furnace slag in the country, are merging subject to stockholders approval, according to an announcement by Alfred C. Buttfield, President.

Each of the 2,059,040 shares of Birmingham Slag Co. will receive 0.98 shares of the new common stock of the consolidated company. Each common shareholder of Vulcan Detinning will receive 1⅛ shares of new common and one share of new 5% preferred of the consolidated company for each share held. The new preferred will be $16 par, voting, non-callable for two years and callable thereafter at $16. This preferred will be convertible into common share for share. Holders of Vulcan Detinning 7% $20 par preferred outstanding will receive two shares of new $16 par preferred for each share held.

Mr. Buttfield also declared plans contemplate that the entire ownership of two other allied companies in which Birmingham Slag now has an interest, Stockbridge Stone Co. and Southern Cen-Vi-Ro Pipe Corp., will be acquired through an exchange of stock if the merger is consummated.

A special meeting of the stockholders of Vulcan Detinning will be held in December, when the merger proposal will be presented for approval. Mr. Buttfield said that proxy material containing full details with the proxy form will be mailed to all shareholders in November.

Birmingham Slag Co., which has its home office in Birmingham, Ala., in addition to its reclaiming of materials from slag, is engaged in such fields as processing all types of aggregates, (these include crushed stone, sand and gravel) and the production of building and paving materials in Alabama and Georgia. The merged company plans to extend its operations in these and allied fields. The net income of Birmingham Slag is in an upward trend and approximated $900,000 in 1953, $1,300,000 in 1954 and $1,800,000 in 1955.—V. 134, p. 771.

Warner Bros. Pictures, Inc.—Stock Tendered—

The corporation has announced that about 627,000 shares of stock were tendered for about $17,586,000 (or an average price of $28.05 per share) as a result of its recent invitation to stockholders. All shares validly tendered were accepted.

The company had offered to pay up to $20,000,000 for stock tendered at $28.50 or less.—V. 184, p. 771.

Washington Water Power Co., Spokane, Wash.—Files With Securities and Exchange Commission—

The company on Aug. 27 filed a letter of notification with the SEC covering an undetermined number of shares of common stock (no par) to be offered to employees at a price to be filed by amendment. The proceeds are to be used to pay for the stock on the open market.— —V. 184, p. 1064.

William Tell Productions, Inc., New York—Stock Offering Suspended—

The Securities and Exchange Commission, it was announced on Sept. 7, has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of stock by this corporation. The order provides an opportunity for hearing, upon request, on the question whether the suspension order should be vacated or made permanent.

The corporation filed its Regulation A notification with the Commission on Nov. 4, 1955, proposing the public offering of 295,000 shares of its 10c par value common stock at $1 per share. In its suspension order, the Commission asserts that it has "reasonable grounds to believe" that the terms and conditions of Regulation A have not been complied with, in that (1) the issuer failed to disclose that W. T. Clemons Associates was, and is, an affiliate; (2) the $300,000 limitation for Regulation A exemptions was exceeded, in that W. T. Clemons Associates offered and sold securities in an amount which, when combined with the offering by the issuer, exceeded said limitation; (3) the issuer failed to disclose sales of securities by W. T. Clemons Associates within one year prior to the date of filing of the notification; (4) the issuer, through its underwriter, Rutledge Irvine & Co., Inc., sold its securities without giving or delivering an offering circular to the purchasers thereof; (5) the issuer, through said underwriter, offered and sold its securities prior to the filing of an amended offering circular disclosing information with respect to the underwriting agreement with the underwriter; and (6) the issuer, through said underwriter, sold its securities prior to and during the "waiting period" following the filing of amending material to the offering.—V. 183, p. 2341.
