#### ACF Industries, Inc.—Taylor Elected Chairman—

William T. Taylor has been elected Chairman of the Board effective April 1, Charles J. Hardy, Jr., present Chairman announced on Feb. 8.

Mr. Taylor, who is now Vice-President and a director of Bankers Trust Co., has been a director of ACF since 1952. Mr. Hardy will continue as Chairman of the Executive Committee and as a member of the board of directors:

the board of directors:

Both James F. Clark, President, and the new Chairman will be responsible directly to the board of directors; Mr. Clark for the company's operations and management, and Mr. Taylor for policy and planning. Mr. Hardy said he had nominated Mr. Taylor to succeed him in keeping with his plans for the long-range interests of the company. He said he desired to devote more of his own time to personal matters. Mr. Taylor will sever his connection as an officer of Bankers Trust, but will continue to serve on its board of directors.

#### Simulators Ordered for Jets-

American Airlines, Inc. has placed an order for electronic flight simulators for its forthcoming fleet of jet airliners with Erco Division, ACF Industries, Inc., it was announced on Jan. 29.

To be designed and manufactured by Erco to the airline's specifications, two simulators—one—each for American's Lockheed Electra prop-jet and the Boeing 707 turbo-jet—will be ready for early 1958 delivery under the agreement just reached. The simulators will permit American's flight crews to accumulate considerable flight experience well in advance of the arrival of either jet type. With this order from the nation's largest carrier, Erco moves into the commercial flight simulator field for the first time. Erco has vast experience in the military fields, having simulated more types of military aircarft than any other manufacturer, according to R. B. Hubbard Erco's President.

Housed completely in trailers for maximum mobility, the training units can be amoved easily to any of the airline's major bases across the country. These are the first "trailerized" units built for a commercial carrier, Mr. Hubbard said.—V. 184, p. 2729.

#### Aro Equipment Corp. 1957 Outlook Good-

Aro Equipment Corp.—1957 Outlook Good—
Marquard, J. Anderson, President, on Jan. 15 said in part:
"1956 was one of the most successful years in Aro's history.
"Eacn of our three operating divisions achieved an annual sales volume greater than that of the previous year. The Air Tool Division set an all-time sales record. The Lubricating Equipment Division's record sales exceeded even the previous all-time high of 1955. The Aircraft Division finished this year with a backlog of orders almost \$3,000.000 higher than the backlog at the end of the last fiscal year, "Prospects indicate that 1957 may be an even better year than 1956. Our Market Research Division, whose forecast last year was extremely accurare, predicts a considerable increase in sales in all divisions for 1957. Already, incoming orders for Air Tools are above those for the same period in 1956. Lubrication equipment sales during December and early January—a traditional slow period—are still maintaining the brisk pace set in 1956. In addition, the Aircraft Division received over three-quarters of a million dollars in government contracts for spare parts alone-during December. It appears that all three product divisions are off to a good start."—V. 184, p. 1342.

Associates Investment Co.—Notes Placed Privately—The company on Feb. 6 placed privately an issue of \$25,000,000 434% sinking fund promissory notes due Jan. 15, 1967, through Salomon Bros. & Hutzler.

## Automatic Garage Corp. of New York, Kew Gardens, L. I., N. Y.—Stock Offering Temporarily Suspended—

Automatic Garage Corp. of New York, Kew Gardens, L. I., N. Y.—Stock Offering Temporarily Suspended—

The securities and Exchange Commission, it was announced on Feb. 4 has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1923 with respect to a public offering of stock by this corporation. The order provides an opportunity for hearing, upon request, on the question whether the suspension order should be vacared or made penmanent.

The corporation filed its Regulation A notification with the Commission on May 2, 1955, proposing the public oftering of 300,000 shares of common stock at \$1\$ per share. In its suspension order, the Commission asserts that it has reasonable cause to believe (1) that the terms and conditions of Regulation A have not been comblied with, in that the secturities were offered in jurisdictions not named in the notification and the issuer failed to file the required reports of stock sales and use of proceeds, and (2) that the company's offering circular dated June 1, 1955, is false and misseading and that the stock offering by the issuer "would and did operate as a fraud and deceit upon the purchasers." More particularly, according to the order, (a) the offering circular contains a statement to the effect that Automatic Garaze held the exclusive franchise for the Greater New York City area to employ and use the PARK-O-MAT automatic car positioner, se well as the right to reenfranchise other users of the device in that area, whereas Automatic Garage has never had such right, title, or interest in said positioner or inventions; and (b) it contains a further statement to the effect that James T. Dewitt conveyed the franchise to Automatic Garage whereas no such franchise was conveyed. In addition, according to the offering circular, the company's principal business was the construction and operation of automatic parking garages in the Greater New York City area, "such garages to employ and use the PARK-O-MAT automatic car positioner for

Beech Aircraft Corp.—Adds to Colorado Facility—
This corporation on Jan. 25 announced the purchase of an additional 700 acres of land adjoining its property in Boulder. Colo.
The new tract gives the company a total of 1,460 acres at the site of its preliminary test facility located about 3½ miles north of Boulder's city limits, astride Colorado's Foothills Highway. The initial tract, 760 acres, was purchased last February. Test operations have been in progress continuously on the original site for several months. Company officials in Wichita, Kansas stated that the work in progress at Boulder is governed by military security regulations. However, one unclassified project at the Boulder facility was announced Jan. 19. This work involves the production of Beach-designed 6,000 liter mobile containers for transporting liquid gases at extremely low temperatures.

O'zanized 18 months ago with a personnel nucleus of 60, Beach Aircraft's Boulder facilities row employ about 200 people, of whom 120 are technical engineers. Manufacturing and engineering sections occupy leased brildings in downtown Boulder and the testing facility is situated on the Beech-owned property north of the city.

On February 13, 1956, Beech announced the establishment of a new corporation. Beechcraft Research & Development, Inc., which was formed primarily for the purpose of handling military projects of a classified nature. Most of its interests are connected with the Boulder facility.—V. 184, p. 2322.

#### Budd Co.—Earnings Lower in 1956—

The company cained \$9,165,274 equaled to \$1.97 per share on 4,345,063 common shares on saies of \$307,829,326 in 1956, it was announced on Jan. 25. These figures compare with earnings of \$13,790,578 equaled to \$3.34 per share on 395,096 fewer common shares on sales if \$316,572,778 for 1955.

Reasons for the lowered sales and earnings are three-feld:

First, the over production in the automobile industry which caused a severe cut-back during the second quarter; second, the fact that the 1957 models were slower than usual getting into full production in the fourth quarter—historically one of Budd's best quarters; third a month-long strike at the Red Line Plant here during the fourth

quarter.

In the past year Budd created several new divisions and successfully introduced a variety of new stainless steel railway passenger cars. Its Continental Diamond Fibre subsidiary, threugh its continued growth and success, contributed substantially to the consonuated

rowth and success, contributed substantially to the consolitates, arnings.

The creation of a Nuclear Systems Division to fabricate and sell anography machines and ranoilsoppes in sciencials up to 10,000 uries as well as the establishment in November of Pathall Measuring ystems Co. as a wholly-owned subsidiary, were the two newest delopments of Budd in its program of diversification to smooth out he cyclical effects of the automotive and railway lastenger car usinesses.

#### Caterpillar Tractor Co .- Record Sales and Earnings

This company on Jan. 18 reported 1956 sales of 8685,939,782, highest in its history and 29% above 1955 sales of \$533,038,331.

Profit in 1956 was \$55,40,378, higher than in any previous year and 54% above 1955 profit of \$35,952,051. The company's profit percentage rose to 8.08 cents per dollar of sales in 1956 from 6.44 cents per dollar in 1955.

54% above 1955 profit of \$35,953,051. The company's profit percentage rose to 8.08 cents per dollar of sales in 1956 from 6.4 cents per dollar in 1955.

The company's 1956 profit was \$6.08 per share of common stock, as company in 1956. In recognition of the increasing importance of foreign operations, the results of the company's wholly owned foreign subsidiaries have been, for the first time, consolidated with those of the parent company. In order to provide proper comparisons with this year's consolidated results, the other figures for prior years have been restated to include the data for foreign subsidiaries. Sales in the third and fourth quarters were adversely affected by a shortage of steel, particularly plates and structurals, due to a six-week strike in the steel industry, and by a three-day strike at the company's Peoria and Decatur plants.

Net-current assets of the company increased during the year from \$101,658,731 to \$164,120,142, a principal source of the increase being the sale in April of 500,000 thares of the company's common stock for \$33,175,000.

Expenditures for land, buildings, machinery and equipment amounted to \$31,353,412. Included were expenditures for machine tool replacements, the cost of completing the new Decatur plant, expenditures for enlargement of the Jollet plant, the initial costs of the new Aurora plant, and the cost of acquiring the plant assets of Englehart Manufacturing Co. of Davenport, Iowa.

Sales of the company's wholly owned subsidiaries operating in Australia, Brazil, and the United Kingdom increased substantially. Late in 1956, Caterpillar of Australia completed the first 100,000 square feet of the actory at Medibourne, and work is now in progress to couble that area. At Glasgow, Scotland, construction began on a factory of 600,000 square feet of thor space.

Also during the year, Caterpillar Tractor Co. Ltd. purchased the factory premises, manufacturing equipment, and inventories of The Birtley Co. Ltd. at Newcastle, Englend.

Celotex Corp.—Sales and Earnings Rise—
The corporation in the fiscal year ended Oct. 31, 4956 had sales of \$76,467,119, a new high for the fourth consecutive year, O. S. Mansell, President, has announced. This report sales volume was .7% greater than sales of \$71,136,590 in 1955, he said.
Earnings were \$5,002,234, after all charges and provisions for taxes on income, an increase of 16% over earnings of \$5,081,643 the year lettore, he added. After preferred dividend requirements, 1956 earnings were equal to \$6.42 a share on \$73,651 thares of common stock outstanding at year-end, compared with \$5.49 a share the preceding year on the same number of shares.

"Volume of new housing, which declined substantially in 1956, may suffer further declines due principally to the hightening of loan conditions by institutional and private lenders on new homes," Mr. Mansell said—V. 184, p. 1349.

#### Central Hudson Gas & Electric Corp. - Announces \$50,000,000 Expansion Program—Revenues and Earnings Increased in 1956-

This corporation will spend a record \$50,000,000 during the three-year period through 1959 to meet increasing demands for electricity and natural gas, it was announced on Feb. 7 by Ernest R. Acker, President. In 1957 alone the company's construction budget calls for the expenditure of more than \$15,300,000. This is the largest construction budget in the company's history and is about double the amount spent in 1956.

penditure of more than \$15,300,000. This is the largest construction budget in the company's history and is about double the amount spent in 1956.

The largest single project included in the company's three-year construction estimates is a third generating unit at the Danskammer Point Steam Station. The new unit will raise the station's total net canacity to approximately 278,000 kilowatts and will cost approximately 283,400,000. Of this amount, the company expects to spend about \$3,150,000 in 1957. Construction will begin this spring and the unit is scheduled to be placed in operation in the fall of 1959.

To provide additional capital for its construction program, the company plans, before the middle of the vear, to issue approximately \$12,-000,000 of new securities. A part of the proceeds will be used to repay bank borrowings. A petition for the approval of the issuance and sale of the proposed new securities will be filed with the New York P. S. Commission in the near future. It is expected that approximately two-thirds of the new capital will be derived from the sale of debt securities and the balance from the sale of common stock, to be sold to the public through underwriters.

The corporation in its preliminary financial report for 1956 shows total revenues of \$28,098,708 for the 12 months ended Dec. 31, 1956 compared with \$25,685,639 for 1955. Net income for 1956 was \$3,674,-804, equal to \$1.10 per share on 2,725,774 shares of common stock at the end of the year, compared with \$3,485,177 or \$1 per share on 2,681,549 shares outstanding a year ago.—V. 184, p. 1914.

Convertible Debentures With SEC—

This company on Feb. 1 filed a registration statement with the SEC covering a proposed offering of maximum of \$55,087,300 of convertible debentures, due Feb. 15, 1972. The company plans to offer rights to subscribe for the debentures to its common stockholders on the basis of \$100 of debentures for each 25 shares of common stockholder of record at the close of business on Feb. 25, 1957. The offer will terminate on March 15, 1957.

It is proposed that the offering will be anderwritten by a group headed jointly by Morgan Stanley & Co. and The Pirst Boston Corp. The proceeds from the sale of the convertible debentures will be applied to the payment of approximately. \$43,000,000 of short-term bank notes incurred in connection with the interim financing of the company's construction program and the balance toward payment for additions to utility plant on or after Dec. 1, 1956. The company and its subsidiary are engaged in a construction program which it is estimated, on the basis of present price levels and conditions, will involve expenditures for the years 1957 through 1951 of approximately \$650,000,000 for stam and \$15,000,000 for common plant.

The company has paid dividends on its common stock in each year since 1828 and since 1954 querterly payments have been on a \$2.40 per share annual basis. The most recent dividend declared was a quarterly dividend of 60 cents per share payable March 15, 1957 to stockholders of record Feb. 8, 1957.—V. 185, p. 483.

cember, we shipped a total of 5,418 dry tons, with a gross value of \$144,873.

"Shipments from our Rattlesnake mine are being made at the rate of 4,500 tons per month. This will be increased to 5,000 to 6,000 tons per month by spring. Ore is also being shipped from our Continental No. 1. Rattlesnake Far North and Flat Top properties.

"Following our acquisition of the Manien Silica Co. of Marioa, Ky, last spring, we discovered further opportunities to obtain properties in the non-metallic mining, ready-mix concrete and building supply fields. We have now acquired three such companies and are presently investigating a number of others.

"We purchased the Transit-Mix Concrete Co. and the Datisls Sand Corp., both of Colorado Springs, Colo. Transit-Mix operates three plants and is the largest ready-mix concrete supplier in the Colorado Springs area. It also distributes reinforcing steel and steel windows. Daniels Sand is the largest supplier of construction sand in the area. It has recently opened a new 280-acre sand deposit.

"Our third acquisition is the Pacific Materials Corp. of Pacific, Mo., near St. Louis. This property includes, a reinforced concrete and silves brick building with 21,093 souare feet of floor space: equipment for the manufacture of silves bricks and blocks, including four autoclaves and an adjacent 50-year supply of high-grade silica sand. At this plant, we are presently running experimental production of bricks and blocks in verlous pastel shades. These are finding increasing popularity with architects and builders for use' in contemporary construction.

"Combined sales of these three companies in 1956 were approxibricks and blocks in various paster shades. These are inding increasing popularity with architects and builders for use in contemporary construction.

"Combined sales of these three companies in 1956 were approximately \$2,500,000. We anticipate this figure will be increased in 1957."—V. 184, p. 2324.

Crestment Oil Co., Burbank, Calif. Drilling Program

Plans for an early 1957 drilling program for this company, initially include eight to ten wells, were announced on Jan. 29 by Carl T.

Long, President.

Mr. Long said the stepped-up drilling schedule was indicated following recent increases in the price of domestic crude oil. He said completion of the current year's drilling program should increase substantially the company's present reserves of over six million-barrels, most of which is heavy California crude.

"Recent advances in crude oil prices should add to the company's 1957 gross revenues by as much as 25%". Long said.

The first well to be staked under the new drilling schedule is located on the Un'on-Miller Lease in the Kern Bluff area of Kern County where Crestmont already has 13 producing wells. It is the company's intention to complete development of the undrilled portion of the lease by the end of 1957 in order to determine the extent of the producing area.

Crestmont also will drill on the Company Fee Property in the Kern

e producing area.

Daystrom, Inc.—Registers. With SEC—

This corporation filed a registration statement with the SEC on Feb. 5, 1951, covering \$8,000,000 of convertible subordinate debentures due March 1, 1977, to be offered for public sale through an underwriting group headed by Goldman, Sachs & Co. and R. W. Pressprich & Co. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

Daystrom, through divisions and its subsidiaries, is engaged principally in the manutacture and sale of a wide variety of electrical, electronic, mechanical and electro-mechanical equipment and components. Net proceeds of this financing will be added to the company's general funds and will be available for general corporate purposes, including proposed expansion of the company's manufacturing facilities and increase of its working capital. It is estimated that the cost of construction of presently authorized additional manufacturing space at Los Angeles, Calif., and Saint Joseph, Mich., will approximate \$2,170,000. In addition, over-crewded conditions in the company's plants at Newark, N. J., together with an anticipted increase in produce volume, Indicate a requirement for the expenditure within the next two or three years, according to the prospectus, of approximately \$5,000,000 for manufacturing space and facilities.

## Dayton Rubber Co.—Expects Record Volume of Business in 1957—Stock Purchase Plan Approved—

Present prospects indicate that sales of this company's products during the company's 1957 fiscal year should exceed the record volume

of business reported for 1956, A. L. Freedlander, President, on Feb. 4 told the annual meeting of shareholders.

The shareholders approved a stock purchase plan proposed by management for salaried employees to which both employees and the company will contribute, subject to Treasury Department approval. The shareholders also approved a resolution to increase the board of directors to nine members from its present seven, with the addition of one new director in 1953 and a second at the annual meeting in 1959. Re-elected to the board for three-year terms were the contribute, President, American Latex Products Corp.; Herman H. Kahn, Dartner, Lehman Brothers; and Bentley G. McCloud, Jr., Vice-President, First National Bank of Chicago.

Recogniting his company's progress during the past year, Mr. Freedlander stated:

#### Diamond Match Co .- Sales in 1956 at New Peak-

Diamond Match Co.—Sales in 1956 at New Peak—

Sales of this company in 1956 reached a record level of \$133,716,000, up 34,877,000 from the previous year, according to preliminary figures released on Feb. 4 by Robert G. Feirburn, President.

Net earrings for the year totaled \$8,934,000, compared with \$9,103,-000; in 1955. After deduction of preferred dividends, earnings percommon share amounted to \$3.64, as against \$3.02 per share in the previous year.

Net income for 1956 includes the capital gain on the sale of the company's common slock investment in Eddy Match Co. Ltd. of Canada amounting to approximately 26, cents per common share. Net income for 1956 does not trelide earnings of The Har murn Five Co., Ltd., a nonconsolidated British subsidiary acquired, in June, 1956. Larnings from operations were down about 3°, Mr. P. Iroum said, due principally to weakness in prices of resale book matches throughout most of the year and the low level of lumber prices which pervaled during the third and fourth junters.

Construction of Diamond's new \$20,000,000 integrated forest products plant at Red Bluff, Calif., which will provide for "whole io," utilization, is proceeding on schedule. It will include a saw-mill, planing mill and kilme and a molded pulp plant. The latter is expected to begin limited production of eag cartons by mid-1957, and the entire plant is slated to come into operation in early 1956.—V. 185, p. 43.

Dresser Industries, Inc.—Reports Record Earnings—
The continued and steady growth of this large supplier of equipment and technical services for the oil, grs. chemical and electronic industries was reported by H. N. Mallon, Cheirman of the Board, and J. B. O'Connor, President, in their 1956 annual report, released on Jan. 28. Sales for the fiscal year ended Oct. 31, 1956 were \$230,292,000, an increase of 35% over the previous year. This substantial growth in sales had an even more favorable impact upon Dresser's 1956 earnings, which, after taxes increased by 58% or up to \$17,259,000 compared to \$10,904,000 in 1955.
Sales and earnings for both periods include operations of The Guiberson Corporation acquired Aug. 31, 1956.
Based upon the 2,172,325 shares outstanding as of Oct. 31, 1956, net earnings per common share were \$7.94, compared with \$5.15 reported upon the 1,991,696 shares outstanding at the end of the 1955 fiscal upon. Calculated on the basis of the 2,172,325 shares outstanding in 1956 as a basis of tracing Dresser's growth as it is currently constituted, the 1955 earnings total \$4.97 per share.

Dresser's strong financial status was well maintained during the year. Working Lapital mercased 25% from \$88,592,000 to \$72,390,000. The book value of the shareholders' ownership increased 18% from \$81.327,4000 to \$96,017,000. On a per share basis, this equity amounts of \$1.44 a year ggo?

In November, the sharehilders approved by a substantial majority an increase in the company's authorized shares from 4,400,000 to 10,000,000, and the directors subsequently authorized the issuance on Dec. 19, 1956, thus, effecting a two-for-one split of the stock.

Dresser's backlog of orders was \$70,306,000 on Oct. 37, 1956 as compared to \$45,563,000 a year ago and increased throughout the year in reflection of capacity operations and increased demand. This, plus manufacturing facilities to be added during 1957 and beyond, will provide a firm foundation for anticipating continued good business for Dresser in the years ahead. More specifically, sales and earnings are expected to again increase in 1957.—V. 184, p. 1912.

## General American Transportation Corp. — Earnings Outlook—Sam Laud, Chairman of the Board, in an address before New York Society of Security Analysts on Jan. 4 said in part:

Jan. 4 said in part:

Five years ago it was my privilege to talk to you here. At that time I thought General American would grow and i.s. earnings improve. Earnings have almost doubled in that five-year period.

We have a lot of property. We own 62,500 specialized railroad freight cars. We have six tank terminals for the storage of inquid commodities, 10 manufacturing plants, 29 strategically located or repair shops, complete equipment for 50 crews for erection of field storage tanks, vessels, process and other heavy equipment. We have investments in operating companies in Mexico, Canada, France and Brazil; all earning and paying dividends. Our working capital is 872 million. We owe a lot of money, \$175 million long-term de t. Of this amount, \$132 million is on equipment trust; the rest, subordinated notes and debeniures.

In the past 10 years we have invested \$270 million in property: \$235 million in olling stock and terminals, \$35 million in manufacturing.

Leasing is now, and for the foresecable future will continue to be, our major source of earnings. It should be so, not because of ear arts of our business progress but little, but because so much more continues to be invested in our leasing business. We don't speculate when we build cars or tankage for our ownership. We lease on prolitable terms before we build.

before we build.

As a result of our diversification of ort, we now participate substantially and directly in the strong basic growth of manufact tring and we think we have some dynamic areas in which to operate. At the same time, we retain through our learing to basic industry under long-term contracts, an unusual degree of immunity to general business

same time, we retain through our leasing to basic industry under long-term contracts, an unusual degree of immunity to general business decline.

Our schedule of new car building for our own fleet to surply the growing demand of our customers, runs will into the third quarter of 1958. The cost of the new equipment, covered by firm long-term leases, is upward of \$45 million.

Our total manufacturing order book is \$110 million. This does not include cars or new storage for our service-lines and terminals.

Our largest manufacturing facilities are two car building plants. One at East Chicago produces all types of freight cars, the other at Sharon produces tank cars. Hampered by steel shortage throughout the year, the steel strike then set our car brilding back an additional three months. Long a weak spot because of sporacic demand, that weakness spurred us to develop other lines of products for these large plants. Now, for the first time in decades, it is most likely t at there will be sustained car buying for at least five years. Prominent, well informed railroad men forcast a 75,0.1 to 100,000 annual new car requirement for at least the next five years.

We have been in the plastic molding business for 11 years. We now are the nation's leading custom incider of plastics. Volume and profit dropped in 1956, because we were too dependent on the boustes from which we had little or no business in the past. In the later part of 1956 some of the new fields which we entered were the automotive, velve, fittings, plastic pipe and furniture. For 1957 we are now tooling for commercial and military aircraft components, and have acquired a plastic packaging line of thin wall if id throw-away containers for such foods as ice cream, cottage cheese, colvee, etc. A number of other fields are now pending and prospets are good.

Despite a general recession during 1956, in both volume and profit of the screw fastening industry, our Parker-Kalon Di ision showed improvement in volume and profit of the screw fastening industry, our Par

to our new plan; at Clifton, N. J., began to show results in production, efficiency and netter costs by mid-1956.

Bookings of Louisvine dryers were the highest in the history of this equipment.

The Plate & Welding division is engaged in the fabrication and field erection of storage tanks and gasholders of any size, as well as a limited amount of general contracting for the cement, relinery, and chemical industries. This division also sells shop, fabricated tanks, vessels, towers and weldments to supplement the religate ar work at our Sharon, Pa. and East Chicago plants. We fabricated plates and shapes for field erection at Sharon, Pa. East Chicago, Ind.; Pirmingham, Ala., and O.em, Ulan, giving us a nationwide coverage for field erection contracts. Our 1956 orders totaled \$17,500,000. The present order book extends practically through 1957.

The Fuller company in 1956 made the largest contribution to General American earnings from manufacturing. Most of Fuller earnings stem from its successful design, engineering and production of its patented products. Its principal products — Fuller-Kinyon systems Airveyor, Airside and Inclined Grate Cooler, as well as its know-now in certain processing fields, have a wide application in various industries. Its allied lines of the cement preheater, compressors, vacuum pumps, blowers and miscellancous items have expanded and will continue to expand in new industrial uses.

#### General Precision Equipment Corp.—Simplex Becomes a Subsidiary of General Precision Laboratory-

a Subsidiary of General Precision Laboratory—

Hermann G. Flace Fresident, on Feb. 5 announced that Simplex Equipment Corp. of Bloomield, N. J., formerly a GPE subsidiary, has been made a subsidiary of General Precision Laboratory, Pleasant-ville, N. Y., also a GPE subsidiary.

At the same time Mr. Flace announced that Dr. Raymond L Garman, Executive Vice-President and Technical Director of GPL, and James W. Murray, G.PL's Executive Vice-President and General Manager, have been elected to the board of directors of Simple; John L. Alden will continue as President and Chief Executive Officer of Simplex.

Alden will continue as President and Chief Executive Officer of Simplex.

GPL recently received an Air Force contract for an additional \$17,000,000 of ciriorne Doppler navigation equipment. A large portion of Simplex's 150,000 square feet of manufacturing space will be used to handle current and future orders for this equipment. The riant of Heasentville Instrument Corp., another GPL menticuring spisidiary, and facilities of other subsidiaries of General Precision Equipment Corp. are also geared to hundle orders for this equipment.

The change of status of Simplex was effected, according to Mr. Place, "to bring about the dual advantage of placing greater menufacturing facilities under direct GPL control and of making GPL's extensive research facilities more readily available for work with Simplex's many projects in improving motion picture theatre projection equipment." He added that at no time had the subject of improved equipment for motion picture theatre projection been receiving greater research attention and cited the introduction of the curved gate in 1956 as evidence of this trend.

Simplex, formerly International Projector Corp., is the world's largest producer of motion picture projectors for theatre.—V. 185, p. 341.

Haskelite Manufacturing Corp.—Merger Approved—
The stockholders on Feb. 5 approved a plan under which substantially all of the company's assets-will be combined with those of Evans Products Corp. Haskelite shareholders will receive one share of Evans Products Corp. Stock for every three shares of Haskelite. A pioneer in the development of laminated piywood specialties for the building construction, automotive and railroad equipment industries, Haskelite has plants at Grand Rapids and Marquette; Mich. and Mobile. Ala., as well as extensive logging operations in Canada. Recently the company developed a number of new plastic sandwich construction, insulation of freight cars and motor truck trailers, and construction of domestic refrigerators and freezers.

Evans manufactures railroad freight-damage prevention equipment, truck and bus heaters and bicycles, and is also a major producer of fir plywood, l'imber, battery separators, hardwood and other wood products in the Northwest.—V. 184, p. 2836.

#### (Walter E.) Heller & Co.-Reports Record Earnings-

This company on Feb. 4 reported record earnings and business volume for 1956. Net earnings were \$3,130,000 for the year up 15% as compared with \$2,722,640 for 1955. After preferred dividend requirements, earnings per common share were \$2.23,...on,...,1,257,691 shares outstanding compared with \$2 per share in 1955 on 1,195,866 shares then outstanding.

Gross lucome for the 12 months was \$16,034,395 as compared with \$12,871,893 for 1955.

Net profit of \$6,936,800 before income taxes for 1956 compared with \$5,891,640 for 1955.—V. 184, p. 1352.

#### Hercules Galion Products, Inc.-Sales Show Gain-

Hercules Galion Products, Inc.—Sales Show Gain—
This corporation reports net sales of \$12,286,589 for the fiscal year ended Sept. 30, 1956. Tris represented an increase of \$2,540,810 or 20% over \$9,745,779 the combined sales of the two merged companies iHercules Step. Products Corp. and Central Ohio Steel Products Co.) in the previous year, according to E. Paul Monroe, Preisdent. Net income of Hercules Galion Products, Inc. for the Sept. 30, 1956 fiscal year after Federal and State taxes was \$338,707 equal to 66 cents a share on the 785,094 common shares outstanding and compared with net income after Federal and state taxes of \$73,273 or seven cents a share on an equal number of shares outstanding in the period ended Sept. 30, 1955% The latter figures include 12 months net income of Hercules Steel Products and 10 months net income of Central Ohio Steel Products Co.

Mr. Monroe stated that because of the heavy road building program planned by the Federal Government and the acquisition of the Kingham Trailer Co., Inc., Hercules Galion Products, Inc. should show a substantial increase in total sales in the current fiscal year over those of the 1956 period. He added that this larger sales volume will justify the capital expenditures made in rearranging, the facilities of the Galion Plants. He also said that the management is of the opinion that this gain in sales volume will increase the company's profit margins.—V. 184, p. 1352.

#### Hilton Hotels Corp .- Acquires Savoy-Plaza Stock-

The corporation will proceed to take over the operation of the Savoy-aza Hotel in New York City in the near future, according to an nouncement made jointly on Jan. 30 by Conrad N. Hilton, President the Hilton company, and Benno M. Bechhold, President of Savoy-leas Inc.

of the Hilton company, and Benno M. Bechhold, President of Savoy-Plaza, Inc.

In accordance with the plan about to be consummated, Hilton Hotels acquires the ownership of more than 80% of Savoy-Plaza, Inc., shares for which have been deposited with the Manufacturers Trust Co.

The plan, announced last October, offered three shares of Hilton common stock, plus three shares of a new Hilton issue of 5½% preferred stock, in exchange for one share of Savoy-Plaza, Inc. common stock, class A and/or class B. On Dec. 19, 1956, a special meeting, of Hilton stockholders approved the issue of 500.000 shares of the new, 5½% cumulative voting preferred stock, series A, at a par of \$25. Of this issue, 278,733 shares were made available, along with an equal number of shares of Hilton common stock, for the exchange of the Savoy-Plaza, Inc. shares.

For the present, the Savoy-Plaza will be operated as a separate corporation by Hilton. It is anticipated that Mr. Bechhold will become a director of Hilton Hotels Corp.

The Manufacturers Trust Co. has been appointed transfer agent for the 5½% cumulative voting preferred stock, series A, of the Hilton Hotels Corp.—V. 184, pp. 2326 and 1913.

#### (R.) Hoe & Co., Inc .- U. S. Dollar Goes Dry-

(R.) Hoe & Co., Inc.—U. S. Dollar Goes Dry—
Dry instead of wet money will be printed by the U. S. Government on eight new rotary, sheet fed De La Rue presses ordered from this corporation, it was announced on Jan. 31. The first units under the \$1,500,000 contract are scheduled for delivery in late May to the Treasury Department's Bureau of Engraving and Printing in Washington. D. C., said Joseph L. Auer, Hoe Presidert.

The new presses were designed and will be built by Thomas De La Rue & Co., Ltd. of England. Under a 15-year agreement, Hoe will be respionsible for maintenancy, repair, spare parts and any future design modifications. This arrangement was made to promote faster service and to eliminate dependence of a key government operation on an overseas source of supply, Mr. Auer stated.

He added that modernization of Bureau banknote printing equipment is expected to cell for additional units beyond the present order. He revealed that standardization of the advanced press design has already been achieved and should put Hoe and De La Rue in a strong position for future crders.—V. 184, p. 1352.

#### Idea, Inc., Silver Springs, Nev.-Hearing on Suspension February 25-

sion February 25—

The SEC on Feb. 9 announced that, at the request of this corporation, it has scheduled a hearing for Feb. 25, 1957, for the purpose of determining whether to vacate or make permanent an earlier order of the Commission temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a publis offering of stock by Idea, Inc.

Idea, Inc., filled a notification with the Commission on Sept. 30, 1963, proposing the public offering of 200,000 shares of class A stock at \$1 per share pursuant to a Regulation A exemption from registration. In an order issued by the Commission under date of Dec. 20, 1956, the Commission temporarily syspended the said Regulation A exemption. In its suspension order, the Commission asserted that the continued offering of the class A shares "would act as a fraud or deceit upon prospective purchases," in that the offering circular contains false animisleading statements with respect to the giving of unregistered and unexempted shares of class B stock to certain purchasers of class A stock in order to induce the purchase of the class A stock, and thas the terms and conditions of Regulation A were not complied with by virtue of the company's failure to file the required semi-annual reports reflecting its sale of stock and the use of proceeds thereof.

At the Peb. 25 hearing, inquiry will be conducted into the foregoing matters for the purpose of determining whether the suspension order should be vacated or made permanent—V. 184, p. 2836.

#### Lakey Foundry Corp.-Sales and Earnings Off-

Lakey Foundry Corp.—Sales and Earnings Off—
Th corporation had not sales of \$11,475,268 in the fiscal year ended Oct. 31, 156, and not earnings of \$7,044, J. O. Ostergren, President, reported on Jan. 18. Comparable figures for 1955 were \$166,262 not earnings and \$19,151,229 not sales. Not earnings in 1956 were 18 cents a share. A 10-cent dividend was declared during the 1956 liscal year, and a second 10-cent dividend was paid on Dec. 22, 1956. The corporation's annual financial report snows current assets of \$4,103,995 and current liabilities of \$962,398, the ratio of current assets of current liabilities being 4.35 to 1. Working capital at Oct. 31 amounted to \$3,231,597.

The report points cut that unfavorable factors operating earlier in the year included serious loss of tonnage when a major customer legan obtaining its requirements from other sources, following a merger. Curtailed demand in the automotive, home appliance and farm implement industries also cut deeply into volume: However, a net loss of \$16,752 at the end of the third quarter was more than offset in the final quarter, and the year ended with the profit mentioned.

#### Lucky Stores, Inc.—Reports Record Sales & Earnings

Lucky Stores, Inc.—Reports Record Sales & Earnings

J. C. Ernst, President, on Jan. 29 announced that the year 1956
was the most significant in the company's history, with total sales
and earnings for its four operating divisions reaching levels in excess
of any previous year.

Total sales amounted to \$118,266,100. Pre-tax earnings were
\$4,175,000, including a non recurring profit of \$358,000, with net
income after taxes and all charges amounting to \$2,161,000, equivalent
to \$1.31 per share on the 1,648,430 common shares outstanding.
Excluding the non-recurring profit, the net income would have been
\$1,869,000, representing \$1.13 per share as compared with 93 cents
for the previous year on the total shares then outstanding.

Mr. Ernst said that after analyzing the 1956 operating figures and
recognizing the fact that unavoidable circumstances caused lower than
normal earnings in two divisions during the first quarter of that year,
the 1957 results can be viewed with confidence. He also stated that
the cash balance of the company at year-end 1956 was in excess of
\$5,600,000, with working capital above \$7,500,000. It was also stated
that the company was in an enviable position with respect to finances,
placing Lucky in a position whereby the company is prepared to take
advantage of opportunities for increasing the number of operating
units to supply the needs of an ever-expanding population.—V. 184,
p. 2784.

#### Announces New Tiny Tape Recorder-

A tiny tape recorder has solved one of the most perplexing prob-lems in missile filight test programs; the collection of aerodynamic data from missiles too small for telemetering equipment. Developed by North American Instruments, Inc. Altadena, Calif., a subsidiary, the Tom Thumb-sized magnetic recorders are being used by a dozen dif-ferent companies which are conducting rocket and missile tests on government contracts.

ferent companies which are conducting rocket and missile tests on government contracts.

To date, the principal use of the instrument has been for the obtainance of skin temperatures during critical periods in high-speed, high altitude flights of missiles.

Particularly, it has gathered vital data from test flights of the hypersonic test vehicle (HTV) developed by Aerophysics Development Corp., Santa Barbara. The HTV already has reached the 5,000 mph mark at altitudes in the region of 50,000 feet.

But the recorders also are beginning to be used to gather many kinds of data from both test missiles and free-flying models in wind tunnels.

Until recently, data from both the real and simulated flights usually has been transmitted by radio signals from heavier, bulkler telemetering equipment.—V. 184, p. 2120.

#### North Central Airlines, Inc.—Awarded New Route-

A route between Grand Forks, N. D., and Omaha, Neb., will be awarded to this corporation the Civil Aeronautics Board announced

awarded to this corporation the Civil Aeronaulies Board announced on Jan. 31.

Cities to be served on the north-south route are Fargo, N. D.; Watertown, Brookings, Sioux Falls and Yankton, S. D.; Sioux City, Ia.; and Norfolk, Nev.

This 580-mile route will increase North Central's present system 22% to 3,241 route-miles and increase to 51 the number of cities it serves, reports Hal N. Carr, President, It will expand the system from six to nine states, he says.

The Board decision concurs with the Oct. 31 recommendation of CAB Examiner Paul N. Pfeiffer who stated that the route is continguous to North Central's present operation and that North Central could therefore provide better service than the other airline applicants. North Central now serves Grand Forks, northern terminus, on a route to Minneapolis-St. Paul, North Central's headquarters.

The applications of Ozark and Prontier Airlines were denied.—V. 184, p. 2016.

#### Penn-Texas Corp.—Stockholders Committee Charges Profits at Expense of Company-

Print-Texas Corp.—Stockholders Committee Charges. Profits at Expense of Company—

Alfons Lenda; Chairman of the Penn-Texas Stockholders Protective. Committee, announced on Feb. 6 that the committee investigation to date of Leopold D. Silberstein's conduct of company affairs had turned up detailed evidence of shocking multi-million doilar profits made by a handful of Mr. Silberstein's friends, business associates, directors, and persons as yet unknown—all at the expense of the corporation and its more than 32,000 stockholders.

Mr. Landa specifically cited discovery of facts concerning the events which took place during the successful proxy light that Mr. Silberstein, Prosident and Chairman of the Board of Penn-Texas, waged to capture the Niles-Bement-Pond Co. in 1955. After its cropute, the name of the Niles company was changed to Pratt & Whitney and is now a major subsidiary of Penn-Texas.

These prexy fight events, Mr. Landa said, included the purchase by Penn-Texas of ar 30,000-share block of Niles-tock from a Swiss; financial institution—Societe Financiere Mirelis: The pattern of this 1955 acquisition by Penn-Texas appears to be almost identical with the mathods used a year later in the acquiring of 100,000 shares lof Fairbanks-Morse stock by Penn-Texas from a Swiss-bank with the resulting profit of approximately \$1,000,000 to persons unknown, operating through the Swiss bank.

Also cled by Mr. Landa were purchases of substantial numbers of shares of Niles stock—at least 125,000—by close, friends of Mr. Silberstein and additional purchases by directors in the present Penn-Texas management—purchases made before the Penn-Texas decision to go after control of Niles was made before the Penn-Texas decision to go after control of Niles was made before the Penn-Texas decision to go after control of Niles was made before the Penn-Texas decision to go after control of Niles was made before the Penn-Texas decision to go after control of niles was made before the Penn-Texas decision to go after control of niles was ma

#### Ranco Inc., Columbus, O .- Quarterly Earnings Lower

Rance Inc., Columbus, O.—Quarterly Earnings Lower Air conditioning will be the next big field for expansion of Ranco Incorporated's sales, E. C. Raney, Chairman, and A. M. Hoover, President, told stockholders at the annual meeting on Jan. 22. Sales to this industry were more than 500% greater last year than in 1953, and 86% greater in the quarter ended Dec, 31, 1956, first in the current fiscal year, than in the like period a year earlier, Mr. Hoover said. Mr. Raney foresaw a large potential market for Ranco's controls in new equipment that will serve for both cooling and heating, which he predicted will grow in popularity in many parts of the country. Mr. Hoover reported sales in the quarter ended Dec, 31, 1956 as \$6,457,209 compared with \$6,642,283 a year ago. Net earnings, were \$504,298 or 50 cents a share against \$674,119 or 67 cents a share in the like period last year.

He attributed the decline in earnings as primarily due to lower sales of automotive, refrigeration and specialty controls in December, reflecting the efforts of customers to reduce year-end inventories and hold forward buying more closely in line with production. Business in air conditioning controls was up 46% for December and 86% for the quarter over the like periods a year ago. Hoover forecast January sales about 18% greater than the monthly average for the December quarter and approximately the same as January, 1956.—V. 184, p. 2673.

Socony Mobil Oil Co., Inc.—Secondary Offerings—
Morgan Stanley & Co. and associates on Feb. 4 made another sizable block of the capital stock available for public distribution—out of the 4.379,758 shares offered to stockholders. This was the second such offering since the financing first became effective.

Morgan Stanley & Co., manager, announced the Feb. 4 offering to the public through underwriters and dealers at \$50 per share, with a selling concession of 90 cents per share to dealers. The number of shares involved in the distribution was not disclosed.

As in the ease of the initial public offering made on Jan. 31, Morgan Stanley spokesmen would say only that it was "sizable" and that it was oversubscribed. The Jan. 31 public distribution was at \$5.50 per share, or 50 cents per share higher than that of Feb. 4.

The company's stockholders have received rights—good until Feb. 19—to subscribe to the big issue at \$45.50 per share, in the ratio of one new share for each 10 shares held of record Jan. 30. See also V. 185, p. 655.

#### Sonotone Corp.—Develops Smallest Hearing Aid-

Sonotone Corp.—Develops Smallest Hearing Aid—

A quarter-century scientific search for a tiny, completely self-contained, electronic device which when slipped into the ear gives hearing to the deafened, came to an end with introduction on Feb. 5 of a radically new one-piece, thumbnall-size unit worn entirely (and all but invisibly) in the ear itself—with no wires, cords, clips or external attachments of any kind. The corporation, which since 1929 has been in the vanguard of electronic development to alleviate deafnees, stated that its new instrument is the smallest (3/10 cubic inch) and lightest (½ cance) ever perfected.

Easily and swiftly inserted in the ear or removed, the revolutionary ful-in-the-ear instrument—known as the Sonotone "222"—is D-shaped to conform with the cevity ("concha") of the ear itself, fits snugly into the ear cavity and ear canal with no sensation of weight, cannot be shaken loose, and need not be removed "even in the bathith or larber chair."

The complete instrument is only ¾ inch long, ¾ inch high and 14 inch wide, employs three transistors, 87 subminiature components and a battery ¼ inch smaller in diameter than a dime—the smallest battery ever used in a hearing sid. Canable of manjitying signal, as much as 400 times, it will "correct hearing losses up to 50 decipels and is the most powerful aid present rechaology can device to main the cavity of the ear," Irving Schachrel, Fresident, said.

Described as "the simplest hearing aid to use" the "222" has no "off-on" or other protruding switches and is turned off just by removing it from the ear and placing its tiny battery in its own 'rarrying case. Volume controls are pre-set for the individual user by Sonotone specialists.

For men and women who wear glasses, Sonotone simultaneously fatroduced a second miniature aid—known as the "333"—witch sarply thaps on and off the wearer's regular glasses, without need for special frames, or bulky temple bars, and can be concealed behind the ear or by women's hair. The "333" as similar in size,

#### South Carolina Electric & Gas Co. — Registers With Securities and Exchange Commission-

Securities and Exchange Commission—
This company on Feb. 4 filed a registration statement with the SEC tovering 336,085 shares of its \$4.50 par common stock. The subscription price and underwriting terms are to be supplied by amendment. Clidder, Peabody & Co. is named as the principal underwriter.

The 336,085 shares are proposed to be offered to existing stock-holders on the basis of one additional subscription privileges, including subscription privileges for holders of less than ten shares of outstanding common stock (subject to allotment).

This is the initial financing for the company's recently aunounced three-year construction program which will require an estimated \$75,100,000 by the end of 1959. The \$6.000,000 which the company expects to realize from this offering will be largely devoted this year to construction at McMeekin Station, the huge new steam electric generating plant being built at Saluda Dam on Lake Murray, near Columbia, ii. C.—V. 183, p. 2768.

#### Southern California Edison Co.-Bids Feb. 19-

The company, at 601 West Fifth Street, Los Angeles, Calif., will up to f. a.m. (PST) on Feb. 19 receive bids for the purchase from it of \$37,-100,000 of first and refunding mortgage bonds, series H, due 1982.—V. 185. p. 489.

#### Southern Counties Gas Co. of California - Registers With Securities and Exchange Commission—

With Securities and Exchange Commission—
This company on Feb. 4 filed a registration statement with the SEC covering \$15,000,000 of first mortgage bonds, series B, due 1982, to be offered for public sale at competitive bidding.

Net proceeds of the financing will be used, to the extent required, to repay in full the company's short-term indebtedness to its parent, Pacific Lighting Corp., which is expected to approximate \$9,200,000 as of March 1, 1957. This indebtedness represents advances by the parent to provide temporary funds for construction costs. The balance of the net proceeds will be used to finance in part the costs incurred, or to be incurred, in connection with the company's 1957 construction and expansion program. Expenditures under this program are estimated at \$24,406,000 for 1957.—V. 184, p. 1732.

Southern Indiana Gas & Electric Co.—Registers With Securities and Exchange Commission—Bids Feb. 26—
This company on Feb. 1 filed a registration statement with the SEC covering \$5,000.000 of first mortgage bonds, due 1987, to be offered for public sale at competitive bidding.

Net proceeds of the sale of the bonds will be used to provide for the payment of \$9,500.000 of long term bank loans and \$500.000 of short-term bank loans and to provide a pertion of the funds required for property additions and improvements or to reimburse the

company's treasury in part for expenditures made for such purpose. Capital expenditures for property additions during 1957 are expected to amount to \$4,855,000-

Bids will be received by the company, at the offices of Commonwealth Services, Inc., 300 Park Avenue, New York, N. Y., up to 11 a.m. (EST) on Fcb. 26 to purchase from it \$5,000,000 of first mortgage bonds due March 1, 1987.—V. 134, p. 2840.

#### Southern Natural Gas Co.-To Increase Facilities

An application by this company seeking authorization for the construction and operation of facilities in Louisians at an estimated cost of \$1,538,000 has been accepted for filing, the Federal Power Commission announced in January.

The purpose of the facilities, the company says, would be to make available to its system additional natural gas reserves from the Napoleonville Field. Assumption Parish, and the Fort Jackson Field, Plaquemines Parish, La.

The company contemplates no new sales or services as a result of installation of the proposed facilities. The company says the cost of the facilities would be defrayed from current funds.—V. 184, p. 1732.

#### Southern Nevada Power Co.-To Issue Notes

The Pedeal Power Commission in January authorized this company to issue promissory notes not exceeding 36,000,000 principal amount outstanding at any one time.

The company proposes to borrow the tunds from the Celifornia Bank, Los Angeles, Calif.; First Westerr Bank & Trust, Cc. San Prancisco, Calif.; The First National City Bank, New York, N. Y., First National Bank of Newada, Reno, New., and the Bank of Nevada, Las Vegas, Nev.

All of the notes to be issued will be short-term notes to mature not later than Sept. 30, 1958. It is proposed to use the funds to finence part of the company's construction program, which includes the erection of a 60,000 kilowatt steam generating unit.—V. 164, p. 2122.

#### Southern Pacific Co .- To Sell Equipments-

Southern Pacific Co.—To Sell Equipments—
This company is planning the sale on March 7 of a new issue of equipment trust certificates and probably will do additional equipment financing later in the year, John B. Reid, Vice-President and Treasurer, told the Financial Analysts of Philadelphia. He did not, however, say just how much financing may be required.

The company expects to spend about \$70,000,000 on new equipment in 1957 and \$40,000,000 on other capital improvements, Mr. Reid said. However, part of the equipment financing needs will be covered by certificates sold previously, while the company's internally-generated funds are expected to cover another portion of equipment costs, as well as the other 4957 capital needs, he said.

In commenting on the rise in interest rates, Mr. Reid said Southern Pacific's interest cost on six equipment issues and other financing agreements moved from 3.34% in January, 1956, to 4.46% on a \$9,600,000 issue sold Jan. 3, 1957.

Mr. Reid said the company had 10,800 new freight cars on order now, of which about 5,000 are expected to be delivered in 1957. The Southern Pacific also has 36 diese units on order.—V. 185, p. 656.

### THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Feb. 9, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 13.4% above those of the corresponding week last year. Our preliminary totals stand at \$21,464,212,655 against \$18,933,064,713 for the same week in 1956. At this center there is a gain for the week ending Friday of 18.1%. Our comparative summary for the week follows:

Total all cities for week	\$21,464,212,655	\$18,933,064,713	+ 13.4

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week-the week ended Feb. 2. For that week there was an increase of 7.4%, the aggregate clearings for the whole country having amounted to \$22,486,303,725 against \$20,932,906,903 in the same week in 1956. Outside of this city there was a gain of 4.2%, the bank clearings at this center showing an increase of 10.7%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District (including this city) the totals record an increase of 10.8%, in the Boston Reserve District of 4.7% and in the Philadelphia Reserve District of 0.1%. In the Cleveland Reserve District the totals register an improvement of 9.5%, in the Richmond Reserve District of 7.9% and in the Cleveland Reserve District of 4.6%. The Chicago Reserve District enjoys a gain of 5.3% and the Minneapolis Reserve District of 2.6%, but the St. Louis Reserve District suffers a loss of 0.4%. In the Dallas Reserve District the totals are larger by 7.7%, but in the Kansas City Reserve District the totals are smaller by 0.5% and in the San Francisco Reserve District by 1.2%.

In the following we furnish a summary by Federal Reserve Districts:

tionary new Vinylon gives complete waterproof protection that lasts for years, according to J. R. Billingnam, President.

The new Vinylon is an improved version of the Vinylon products used and proven in the marine field internationally over a period of many years. It is a tough, elastic vinyl liquid with perfect adhesion and a 100% stretch that makes it crackproof. Tests show Vinylon coatings serve as a protection when boots strike or scrape against docks or other floating or submerged objects.

Vinylon Anti-fouling, another Surface Coeting Engineers, Inc. product, is a similar vinyl plastic containing copper oxide and other powerful poisons to combat marine growth. Official tests of this product were made in the heavy marine growth of the Gulf of Mexico for 33 months before a single berracle appeared.

Surface Coating Engineers, Inc., which recently merged with Better Finishes & Coatings, Inc., 272 Doremus Avenue, Newack, N. J., will be operated as the marine division of Better Finishes under the direction of J. R. Billingham. Surface Coeting Engineers was formerly located at Kelamazoo. Mich.

This company filed a registration statement with the SEC on Feb. 1, 1957, covering 17.935 shares of its \$25 par common stock, to be issued upon exercise of options issued under the company's Stock Option Plan for officers and other key employees of the company and its wholly-owned subsidiaries.—V. 184, p. 2787.

#### Texas Gas Transmission Corp.—Plans Expansion-

Texas Gas Transmission Corp.—Plans Expansion—
The Federal Power Commission has authorized the construction and operation of natural gas transmission facilities in Louisiana by this corporation at an estimated cost of \$1,459,000.

The corporation's facilities include the construction of 13 miles of 20-inch pipeline extending from the end of its East Lake Palourde 20-inch line in Assumption Parish to the Thibodaux area, Lafourche Parish, together with a gas purchase meter station in the Thibodaux area. In October, 1956, the FPC granted Texas Gas temporary authorization to construction and operate these facilities.

The corporation does not propose to serve any additional markets with these facilities. They will be used to receive additional gas reserves dedicated to Texas Gas for resale to resent customers. The cost of the facilities is to be financed by temporary bank loans. The Commission also authorized Howell, Holloway & Howell, of Dallas, Tex., to sell natural gas to Texas Gas from various leases in the Thibodaux area.—V. 135, p. 139.

#### Texas Illinois Natural Gas Pipeline Co.-To Increase Facilities in Illinois-

An application by this company seeking authorization to construct and operate natural gas facilities in Illinois at an estimated cost of \$1,700,000 has been accepted for filing, the Federal Power Consulssion announced in January.

The company proposes to construct approximately 9.55 miles of 26-inch transmission pipeline; looping its existing single 30-inch line

from a point on the north bank of the Illinois River to its Joliet regulator station, serving the Chicago area. The applicant said the proposed looping is necessary for the maintenance of adequate pressure on its system north of the Illinois River to enable it to deliver the quantities of gas required at the Joliet meter station delivery point and at delivery points on its Volo Lateral in the Chicago area during the 1937-58 winter season.—V. 184, p. 1482.

#### Torrington Co., Torrington, Conn.—Consent Decree-Walter C. Thompson, President, on Feb. 4 said in part:

Walter C. Thompson, President, on Feb. 4 said in part:

"The Civil Suit under the Sherman Antirust Act brought by the
U.S. Department of Justice against this company on March 30, 1954,
in the U.S. District Court for the District of Connecticut, has been
concluded with the entry of a consent decree. The decree concerns
only the company's Machine Needle Division and affects only the
method, of distribution of rewing machine and shoe machine needles.

We do not regard the decree as unfavorable to the company.

"The termination of the suit by the entry of the decree will result
in substantial savings in litigation expenses, and permits the executives of the company to devote their time to business instead of
the prolonged litigation which would have otherwise been required."

This company has begun construction of the longest pipeline ever laid in California to carry crude oil and unfinished petroleum products from the south-central San Joaquin Valley to its Oleum refinery on San Francisco Ray

from the south-central San Joaquin Valley to its Oleum refinery on San Francisco Bay.

Designed for a throughput capacity of 75,000 barrels a day, the 223-mile line will be 12 inches in diameter from Union's present-junction pump station to a new station being built near Coalinga. From there, aided by a booster station near Patterson, the oil will move through a 16-inch line direct to the refinery. When needed, additional booster stations can increase the system's capacity to 100,000 barrels a day.

When the project is completed the company will tie it in with two existing 8-inch lines between Junction and Avila on the coast. It is anticipated the line will be ready for operation at a reduced volume rate by May 1. Completion of pump stations and storage tanks required for full design operation is scheduled for August.—V. 185, p. 657.

He stated that new distribution centers now under construction at Raleigh, N. C., and New Orleans, La, would be completed by September of 1957.

"The total sales of these two groups," he said, "will have a favorable effect on Winn-Dixie's earnings for the liscal year 1956-1957."

"Despite the heavy expenses incurred during the fist six months."

favorable effect on Winn-Dixie's earnings for the liseal year 1956-1957."

"Despite the heavy expenses incurred during the fist six months of our fiscal year in integrating these two chairs," Mr. Davis stated, "we were able to show an increase of 11 cents a share in operating earnings for the 28-week period ended Jan. 12, 1957. We anticipate that carnings for the balance of the year will continue anead of last year's liqures."

Mr. Davis added that the company plans to open 20 new supermarkets which new are in various stages of development, during the next six mouths.

The Ketner-Milner chain was bought in June last year, the H. G. Hill group in July. Winn-Dixie now operates 451 retail stores and 10 wnclesale units throughout the southcast—V. 185, p. 658.

Zenith Uranium & Mining Corp., Salt Lake City, Utah Temporary SEC Order Suspending Stock Offering Vacated-

The Securities and Exchange Commission on Feb. 5 announced the saurnee of an order vacating a prior order temporarily suspending Regulation A exemption from registration under the Securities Act f 1933 with respect to a public offering of stock by this corporation.

cf 1933 with respect to a public offering of stock by this corporation. The Regulation A notification was filed by Zenith Uranium on July 12, 1954, and proposed the public offering of 300,000 shares of common stock at \$1 per share pursuant to the Regulation A exemption. By order dated Dec. 13, 1955, the Commission temporarily suspended the exemption on the ground that the Issuer had failed to file the required semi-annual reports of stock sales and on the additional ground that the underwriter, Daniel M. Sheehan, Jr., doing bu-inces as Sheehan & Co., had been permanently enjoined by the U. S. District Court for the District of Messachusetts, on his consent, from further violations of Section 17 of the Securities Exchange Act of 1924. The Commission vacated the suspension order for the following reasons: it appears that no sales have been made nor will be made by the issuer, promoters, their agents, servants, employees, attorneys or their assigns; that pursuant to the underwriting agreement, contractual relationship between Zenith Uranium & Mining Corp. and

tractual relationship between Zenith Uranium & Mining Corp. and Sheehan & Co., its underwriter, terminated on Nov. 10, 1954; that no shares of stock were ever printed and, accordingly, no shares were ever physically delivered to anyone; that the issuer has abandoned plans for a public offering of its securities either pursuant to Regulation A or the registration provisions of the Securities Act and to this end has caused said corporation to be dissolved. Furthermore, it appears that there are no outstanding liabilities of the issuer and that the issuer considers it has no legal obligation to anyone to deliver any shares; that the mining claims, being the sole asset of the issuer, were retransferred out of the corporation and that no one has any claim to any shares of the issuer; that the injunctive action taken against the underwriter did not arise out of any transactions which the underwriter had by, for or with the issuer; and that the issuer has filed the necessary reports.—V. 182, p. 2238.

#### PICTURE OF A MAN INSURING HIS LIFE

Yes, this man...like hundreds of thousands of Americans ... is taking out a different kind of life insurance. He has an intelligent concern about cancer and knows that early detection may mean the difference between life and death.

That's why, once every year, he goes to his doctor for a thorough medical checkup. This way, cancer . . . the "silent enemy"...can be detected in its earliest stages, when chances for cure are most favorable.

Last year, 245,000 people lost their lives to cancer...many of them needlessly, because they went to their doctors too late.

That's why we urge all men to make an annual checkup, including a chest x-ray, a habit for life...your life.
