Adam Consolidated Industries, Inc. — Forms Unit to Make "Fused-Film Wire"—

This corporation on May 7 announced the formation of a new subsidiary to manufacture an exclusive process for applying a thin film of insulation to copper wire that may revolutionize the design of electrical components in airborne, electronic, appliance and other industries.

Harold N. Leitman, President, said that the new insulation will enter a market for magnet wire of all types that exceeds $500,000,000.

The new process, known as "Fused-Film Wire," uses Teflon to produce a thin film of insulation .002 of an inch thick that has unusually high degree of dielectrical strength, and heat, scrape, water, chemical and fungus resistance.

Despite its thin walled insulation, "Fused-Film Wire" can withstand high voltages and temperatures without failure, and can be formed into complex shapes, making it possible to design smaller units with greater electrical output, according to the announcement.

Westinghouse Electric Corp., Mr. Leitman said, has been testing "Fused-Film Wire" for use in all motor drives in airborne equipment it will produce. These tests, he added, show that "Fused-Film Wire" has "200% greater dielectric strength and scrape resistance than the much heavier walled wire now in use."

Specific uses seen for "Fused-Film Wire" include radar, aircraft accessories, multi-conductor cables, small power tools, small motors, refrigerators and vacuum cleaners, Mr. Leitman disclosed. It will be manufactured by Inso Products, Ltd., of Union, N. J., the newly formed, wholly owned subsidiary of Adam Consolidated Industries, Inc.—V. 184, p. 1117.

Air Products, Inc., Allentown, Pa. — Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the Securities and Exchange Commission on May 1, 1957, covering 170,160 shares of its $1 par common stock. The company proposed to offer this stock to holders of its outstanding common stock of record May 21, 1957, at the rate of one new share for each six shares then held. The subscription price and underwriting terms are to be supplied by amendment. Reynolds & Co., Inc., Drexel & Co., and Laurence M. Marks & Co. are listed as the principal underwriters.

Net proceeds of the financing will be added to the general funds of the company. The company is constructing a new machine shop at a cost of approximately $275,000, and plans the construction of an engineering and office building at an estimated cost of $1,200,000, and a general factory to cost approximately $1,300,000. It has entered into commitments under which its investment in gas producing plants installed on the premises of customers under lease agreements will be increased substantially. While the company expects that the major portion of the capital investment required for such leased plants will be borrowed, the company estimates that it will need to allocate by Dec. 31, 1957, some $900,000 for long-term investment in leased plant facilities. These programs of capital investment aggregate $5,057,000 and a portion of the expenditures will be made only over a considerable period. In the meantime, the company presently expects to use approximately $2,500,000 of the net proceeds of this offering to retire current bank loans which have been incurred to finance inventory and accounts receivable, primarily with respect to government contracts in process. It therefore anticipates that the proceeds of the sale of the common stock, together with other corporate funds, will be used in connection with the foregoing and other corporate purposes, although no specific allocation of the proceeds of sale has been made or can be made at this time.—V. 185, p. 2093.

All America Expansion Corp., Pasadena, Calif.—Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the Securities and Exchange Commission on May 3, 1957, covering 184,000 shares of common stock. The company proposes to offer 92,000 shares of this stock for public sale at $1 per share. No underwriting is involved. The remaining 92,000 shares are to be issued to the promoters of the company, without resulting in any proceeds to the company.

Organized in December, 1956, under California law, the company proposes to engage in the purchase and resale of oil fruits grown in Brazil and other countries, the oil fruits to be sold on the American market partly in crude form and partly in refined form. Initially, the company intends to direct its special efforts and attention to the product, castor oil beans. The center of operations initially will be in Aquidauana in Mato Grosso, Brazil.

The company's officers are LeRoy R. Haynes, President and director, of Pasadena; Gustavo Zalecki, Vice-President and director, of Sao Paulo, Brazil; and Jeanne Haynes, Secretary-Treasurer and director, Pasadena.

All Service Life Insurance Co., Colorado Springs, Colo.—Files With Securities and Exchange Commission—

The company on April 25 filed a letter of notification with the SEC covering 100,000 shares of class A common stock (par $1) to be offered at $3 per share, without underwriting. The proceeds are to be used for capital and surplus.

American Electronics, Inc.—Sales & Earnings Rise—

This corporation experienced the best quarter in history as sales and profits for the three months ended March 31, 1957 were more than double those for the corresponding period of 1956, Phillip W. Zonne, Chairman, announced on May 9.

Consolidated net sales for the initial quarter of the current year were $4,785,468 compared with last year's first quarter sales of $1,705,723.

Net profit for the first three months, 1957, after all charges, amounted to $181,036, equal to 28 cents a share on the 647,860 common shares now outstanding. For the first quarter last year net profit amounted to $82,216, equal to 16 cents a share on the 517,860 common shares now outstanding.

Backlog at March 31, last, was $8,000,000 compared with $6,000,000 a year ago, Mr. Zonne stated. A considerable part of the backlog is made up of weather simulators ordered by the Air Force, Douglas and the Convair division of General Dynamics. Additional orders for this equipment are expected in the months ahead, he added.

The company has established a new division of Fullerton, Calif., to be named American Laboratories. The new facility will test electrical, electro-mechanical and electronic packages up to 10 cubic feet in size. Operations are expected to begin in July of this year.

Looking ahead, Mr. Zonne said, "All indications are that sales and earnings in the second quarter will continue at the favorable levels established in the first three months of the year."—V. 185, p. 1510.

American Felt Co.—Announces New Development—

The company on April 30 announced its Engineering & Research Laboratory has developed two new fiber bonded non-woven felts, one of Dacron Windsor Felt, the other of Dynel Windsor Felt with an eggshell finish, for use as tag stocks in special applications. The two tag stocks, characterized by high strength, stability to chemical and biological attack and ease of printing, will supplement the present lines of tag producers.—V. 181, p. 857.

American Hard Rubber Co.—Merger Proposed—

See Bachmann Uxbridge Worsted Corp. below.—V. 184, p. 2729.

American Hardware Corp.—Exchange Offer Made— This company on May 6 offered 118,000 shares of its common stock (par $12.50) in exchange for common stock and class B common stock of Kwikset Locks, Inc., at the rate of one share of common stock of American for two shares of common stock of Kwikset and 55,500 shares of common stock of American for 150,000 shares of class B common stock of Kwikset (latter is all owned by Adolf Schoepe, President of Kwikset). The offer will expire on June 28, unless extended by the American Hardware Corp. The First National City Bank of New York, 2 Wall St., New York, N. Y., is exchange agent.

The offer is conditioned upon its acceptance by the holders of not less than 85% of the aggregate of the issued and outstanding shares of common stock and class B common stock of Kwikset (233,750 shares), subject to American's privilege to reduce this percentage to 80% of such shares (220,000 shares).

CAPITALIZATION GIVING EFFECT TO EXCHANGE OFFER

	Authorized	Outstanding
Long-term debt	†$4,600,000	‡$4,850,000
Common stock ($12.50 par value)	1,000,000 shs.	713,915 shs.
*Preferred stock ($100 par value)	75,000 shs.	

* None of the preferred stock has been issued.

† Of the $4,600,000 of long-term debt originally authorized, $4,000,000 represented indebtedness of American and $600,000 represented indebtedness of its Canadian subsidiary, International Hardware Co. of Canada Ltd.

The loan of American is a five-year term loan with a bank, made as of Dec. 20, 1955, evidenced by a series of 10 notes of $400,000 each, and due serially on June 20 and Dec. 20, beginning June 20, 1956. After repayment of a previously outstanding short-term loan of $1,500,000, the proceeds were added to the general funds of American.

The original indebtedness of $600,000 of the Canadian subsidiary represented two five-year loans of $300,000 each from two Canadian banks made as of Dec. 1, 1955. Installments totaling $100,000 due in 1957 were prepaid in 1956. The balance of these loans are due in semi-annual installments aggregating $100,000 annually, with final installments totaling $150,000 due on Dec. 1, 1960. Of the proceeds of the loan, $100,000 were used to buy the stock of the two new subsidiaries, and $491,000 were used to liquidate their outstanding debt.

‡ Includes $1,250,000 long-term debt of Kwikset Locks, Inc. represented by 4¼% secured note to The Penn Mutual Life Insurance Co. payable in annual installments of $92,500 each on Sept. 1 of each year, commencing on Sept. 1, 1957, and continuing thereafter until Sept. 1, 1969, when the balance shall be due.

BUSINESS—American was incorporated in 1902 in Connecticut as a holding company of the shares of Russell & Erwin Manufacturing Co., P. & F. Corbin and Corbin Cabinet Lock Co. Russell & Erwin Manufacturing Co. and P. & F. Corbin, whose predecessors commenced business in 1839 and 1849 respectively, were two of the largest lock and builders' hardware companies in the world. The Corbin Cabinet Lock Co. was formed as a subsidiary of P. & F. Corbin in 1882. In 1912 a full consolidation of the three constituent companies was effected and American became an operating company at that time.

American is one of the largest multiple producers of builders' hardware in the United States. Its principal product is a substantially complete line of builders' hardware for residential, commercial and institutional use, including locks, door closers, fire exit fixtures, miscellaneous sash hardware, and other types of door and window fittings. American also manufactures padlocks, cabinet locks, industrial locking devices, appliance and automotive hose clamps, and United States Post Office and institutional lock boxes, furniture, and screen-line partitions.

American's operations are conducted by five divisions (P. & F. Corbin, Russell & Erwin, Corbin Cabinet Lock, Corbin Hose Clamp, and Corbin Wood Products), serviced by the New Brintain (Conn.), Clarksdale (Miss.) and Hornell (N. Y.) plants, and a wholly-owned Canadian subsidiary (International Hardware Co. of Canada Ltd.) located at Belleville, Ontario, which is engaged in both manufacturing and sales.

Kwikset was organized on June 6, 1946, in California to take over the lockset manufacturing business at that time being carried on by a partnership composed of Adolf Schoepe and Karl Reinhard. Since its inception, Kwikset's business has consisted primarily in design, manufacture, assembly and sale of residential lockets. These locksets, best known to the trade as light duty cylindrical locks, are distributed nationally under the trade name "Kwikset" through wholesale hardware, building supply jobbers and volume builders. The $15,554,000 shipments for the year ended June 30, 1956, are believed to comprise 66% locksets, 3½% powdered metal products, 2½% miscellaneous items and 28% products sold to U. S. Government.

The principal product of Kwikset, accounting for the largest portion of all of its net sales during the past five years, is its line of residential locksets, designed, manufactured and assembled in Kwikset's plant at Anaheim, Calif. Kwikset's lockset consists of a complete, assembled set of two knobs, together with latch and locking mechanisms, ready for installation on exterior and interior residential doors. This product is designed primarily for use in moderate or low-priced homes, has been developed to meet all requirements for residential locksets ranging from inside passage and closer locksets (requiring no key) to entry locksets for exterior doors.

In a separate building adjacent to Kwikset's main plant, Kwikset has a completely integrated powder metal processing plant, consisting primarily of mixing equipment wherein powder metals are mixed before pressing, pressing machines where the parts are formed, and sintering furnaces where the pressed parts are heated in final form. No material dollar volume of Kwikset's net sales has resulted from operations of the powder metal division.

Kwikset's subsidiary, West Coast Loading Co., was organized in 1952 to process government orders for shell loading and manufacture of pyrotechnic devices, but was placed on an inactive status at the end of February 1957. Negotiations are pending with the United States Government to place the facilities of West Coast Loading Company on a standby basis.

Kwikset's subsidiary, Kwikset Sales & Service Co. is the exclusive distributor for Kwikset's products.—V. 185, p. 1738.

American Instrument Co., Inc., Silver Spring, Md.—New Instrument Tests Pore Structure of Any Material—

The coolness of a lady's blouse, the toughness of a man's shoe, or the paint job on the family automobile can now be easily tested on a new portable instrument which uses stainless steel in two critical areas, it was announced on June 10.

The new testing machine—the only one of its kind—was made by this company and is called a Porosimeter. Stainless steel, supplied by Allegheny Ludlum Steel Corp., was used in making the instrument because of the metal's strength and non-corrosive properties.

The quality and performance of filters, or battery separator plates can now be determined through a pore-structure analysis of the various parts. Such predictions can be made on any substance that has pores —metals, fuels, plastics, chemicals, textiles, leather, building materials, ceramics and many others, according to the announcement.

The Porosimeter measures the sizes of pores in any material with pores ranging from 0.1 millimeter to 0.06 microns, and determines pore volumes as small as 0.0005 milliliters at each pore diameter.—V. 177, p. 1253.

American Potash & Chemical Corp.—Forms New Unit.

This corporation on May 3 announced the formation of a new subsidiary, San Antonio Chemicals, Inc., for which a $750,000 plant has been constructed at San Antonio, Texas.

The SAC facility is located next to another AP&CC subsidiary, American Lithium Chemicals, Inc. The new company will process end liquors resulting from ALC lithium hydroxide manufacturing processes to produce a mixed alkali salt, Alkarb, composed of the metal carbonates of potassium, rubidium, cesium, sodium, and lithium.—V. 185, p. 1510.

American Seal-Kap Corp. of Delaware—Black Pres.—

E. M. Black has been elected President and re-elected Chairman of the Board of this corporation. He is also a director and member of the executive committee of Missouri, Pacific RR. and a director of National Rubber Machinery Co.

Mr. Black succeeds Daniel A. Mackin as President.

Mr. Mackin has been re-elected President of American Seal-Kap Corp. (New York), a wholly-owned subsidiary, and has been named Chairman of the Administrative Committee and a Vice-President of the parent concern.—V. 135, p. 1990.

American Viscose Corp.—Announces New Strong Fiber

Avisco XL, a new, high-strength staple fiber, was announced by this corporation on May 6. Characterized as the greatest improvement in rayon since its invention, yarns in the new staple are 70% stronger when wet and 40% stronger in the dry-conditioned state than conventional rayons.

Dr. Herschel H. Cudd, Vice-President in charge of Research and Development, in making the announcement, indicated that the new fiber has broad market applications in industrial uses as well as in apparel and home-furnishings. "In comparable construction and weave," he said, "Avisco XL fabrics have 25% more breaking strength and 33% more tear strength than cotton." This predicts greater serviceability in industrial ducks, tarps, and similar fabrics.—V. 185, p. 1511.

Anacon Lead Mines Ltd.—Joint Venture—

This company and the Coniagas Mines, Ltd. on May 3 announced that they are participating equally in the financing of Vanasse Quebec Mines Ltd., which company has been granted mineral exploration licenses on areas known as M72 and M73 in the region between Cape Smith and Wakeham Bay of the territory of New Quebec, popularly known as the Ungava Nickel Belt. All the issued capital stock of Vanasse will be owned outrignt by the Anacon and Coniagas companies.—V. 178, p. 1565.

Anheuser-Busch, Inc.—Sales Up—Profits Lower—

The corporation on May 2 reported sales of $47,600,000 for the first quarter of 1957, compared with $47,400,000 for the same quarter last year. Earnings for the period were $2,236,340 (46c per share) as compared with $2,405,337 (50c per share) last year.

Beer sales accounted for 82% of the total sales and 86% of the earnings, the company reported.

Working capital at March 31, 1957 was $50,398,835 compared with $43,811,933 last year.—V. 185, p. 714.

Atlas Credit Corp., Philadelphia, Pa.—Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the Securities and Exchange Commission on May 3, 1957, covering 680,000 shares of 10c par B common stock (non-voting). This stock is to be offered for public sale on a "best efforts" basis by J. A. Winston & Co., Inc., of New York. The offering price is to be $2.25 per share and the selling commission 33¾ cents per share, plus a 10 cent per share expense allowance for each share sold.

The corporation is engaged primarily in financing the modernization and improvement of homes and other buildings in the greater Philadelphia area and communities in the nearby Delaware Valley.

Net proceeds of the sale of the B common stock will be added to the working capital of the company and, as such, will be available for general corporate purposes. About $80,000 is said to be needed for Federal and state income tax for the fiscal year ended Sept. 30, 1956. The company also has agreed that if 250,000 shares of the B common stock are sold, it will repay the $177,000 indebtedness to affiliates, incurred since Sept. 30, 1955, to provide working capital. Any balance of the proceeds may be used to purchase installment notes or other obligations in the ordinary course of business or to reduce short-term loans.—V. 185, p. 714.

Atomic Development Mutual Fund, Inc.—Acquisition.

This Washington, D. C., investment company, has applied to the Securities and Exchange Commission for authorization to acquire $25,000 of securities of Nuclear Development Corp. of America; and the Commission has given interested persons until May 17, 1957, to request a hearing thereon.

Nuclear Development acts as technical adviser for Atomic Development. It has operated primarily as a research and development organization in the nuclear engineering field. It is now entering into development and fabrication of nuclear reactors, having been awarded a contract by the Atomic Energy Commission for the design and construction of a 10,000 KW sodium-deuterium nuclear reactor. It proposes the sale of stock and debentures to finance expansion required in connection with this contract.

The financing consists of the sale through financial agents to a small group of investors of 40,000 common shares and $500,000 of 5% subordinated convertible debentures, due March 31, 1967. The stock was sold at $12.50 per share and the debentures at 100% of their principal amount. Atomic Development has agreed, subject to Commission authorization, to purchase 1,000 common shares and $12,500 of debentures.—V. 185, p. 1881.

Babcock & Wilcox Co.—Nuclear Contract Awarded—

The company on May 9 announced the awarding of a contract to the De Laval Steam Turbine Co., Trenton, N. J., to design and furnish the main rotating machinery and associated feed system auxiliaries for the first nuclear driven passenger-cargo ship.

The contract is the outgrowth of combined studies of The Babcock & Wilcox Co. and the De Laval Steam Turbine Co., which were included in a proposal to the U. S. Department of Commerce, Maritime Administration, for a nuclear marine power plant. For the single screw passenger-cargo vessel, De Laval will supply major propulsion machinery, including the main turbines, main reduction gears, turbine generators, main and auxiliary condensers, feed water heaters and pumps.

The prime contract awarded to Babcock & Wilcox by the Atomic Energy Commission calls for designing, developing, fabricating and supervising the installation of a pressurized water reactor and the associated propulsion system, which will be capable of developing a maximum of 22,000-shaft horsepower. The pressurized water system will be of advanced design utilizing fuel elements of low U-235 enrichment.—V. 185, p. 2095.

Bachmann Uxbridge Worsted Corp.—Proposed Merger

A merger and consolidation of this Corporation, American Hard Rubber Co., and Wardell Corp., is being proposed subject to the affirmative vote of stockholders of the three companies at separate special meetings on May 29, 1957. All three boards have voted unanimously to recommend the merger to their respective shareholders. The name of the resulting corporation will be Amerace Corp.

Preferred stock of American Hard Rubber and Bachmann Uxbridge will be exchanged share for share for similar preferred of the new corporation. Common shares will be exchanged for Amerace common by American Hard Rubber share for share; by Bachmann Uxbridge nine shares for one share of Amerace; by Wardell 1,000 shares for 275 shares of Amerace.

Bachmann Uxbridge is one of the largest producers of woolen and worsted and blend fabrics designed for men's and boys' clothing, women's wear, uniforms and automobiles. It operates six plants, employs 2,300 persons, and had sales amounting to $33,134,933 in 1956.

American Hard Rubber manufactures and sells numerous products through six divisions. Products manufactured include battery parts, plastic pipe, chemicals, chemical equipment, wire and cable, bowling balls, combs, business machine keys, telephone dials, garden hose, lawn sprinklers, reclaimed rubber, compounds, and many other industrial products. American Hard Rubber is one of the largest independent manufacturers in each of its fields. It employs 2,297 persons, and had sales of $26,550,000 in 1956.

Since 1953 the assets of Wardell have consisted of funds equivalent to cash. These funds will approximate $5,000,000 at the time of the merger and will be available as additional capital.

Victor T. Norton, President of American Hard Rubber will be President of Amerace Corp., and Chairman of the Executive Committee and Chief Executive Officer; Harold J. Walter, President of Bachmann Uxbridge will be Vice-President, and Vice Chairman of the Executive Committee; Louis Bachmann, Jr., Executive Vice President of Bachmann Uxbridge will be Vice President, as will be Newton H. Tuthill, Vice President of American Hard Rubber; Budd E. Pollak and Felix P. Juraska, Secretary and Controller, respectively, of American Hard Rubber and H. Nelson Flanders, Jr., Treasurer of Bachmann Uxbridge will occupy the same positions in Amerace.—V. 182, p. 2678.

Baltimore & Ohio RR.—Equipment Trust Certificates Offered—Public offering of $3,585,000 4½% non-callable equipment trust certificates due annually Feb. 1, 1958-72, inclusive, was made on May 10 by a group headed by Salomon Bros. & Hutzler. The certificates, priced to yield from 3.90% to 4.50%, according to maturity, were awarded to the group on May 9 on a bid of 99.525%.

Halsey, Stuartt & Co. Inc. bid 99.4367% for the certificates, also as 4½s.

The offering is subject to authorization by the Interstate Commerce Commission. The group submitted a winning bid of 99.525% for the certificates.

The offering is the second and final instalment of an issue aggregating $6,945,000 principal amount of certificates which will be secured by 14 new diesel-electric switching locomotives and 800 new steel box cars, estimated to cost not less than $8,687,980.

In addition to Salomon Bros. & Hutzler the group comprises: Drexel & Co.; Eastman Dillon, Union Securities & Co. and Stroud & Co. Inc.

Bankers Fire & Marine Insurance Co., Birmingham, Ala.—Files With SEC—

The company on April 25 filed a letter of notification with the SEC covering 19,854 shares of common stock (par $5) to be offered to stockholders of record May 30, 1957 at $11 per share on a basis of two new shares for each 11 shares held; rights to expire July 30, 1957. No underwriting is involved. The proceeds are to be used to increase capital and surplus accounts.—V. 181, p. 1874.

Beatrice Foods Co.—Net Profit 14.5% Higher—

This company, it was announced on May 9, set all-time highs in virtually every phase of its operations during the fiscal year ended Feb. 28.

William G. Karnes, President, in his annual report to stockholders, reported:

Major records attained by the company, one of the four largest dairy firms in the nation, included: Dollar sales of $342,086,657—up $17,061,976; consolidated earnings before provision for Federal taxes of $15,055,042—up $1,755,962, an increase of 13%; consolidated net earnings after Federal taxes of $7,316,042—up $920,062, an increase of 14.5%; net earnings equal to $5.15 per share of common stock—up 64 cents; dividends totaling $3,667,816—up $176,557; an increase in the total number of stockholders to 12,966; working capital of $34,182,474—up $1,772,192; stockholder equity of $71,383,217—up $4,019,425; and per share common stock book value of $46.29, compared to $43.61 a year ago.

Total dollar sales of $342,086,657 represented a gain of 5.2% over the preceding year's record total of $325,024,681. Sales on a unit basis increased for the 20th consecutive year, Mr. Karnes added.

After distribution on March 5, 1957 of one share of common stock for each two held, the earnings for the 1956 fiscal year would have been equivalent to $3.43 per share on the basis of 2,010,993 common shares outstanding, Mr. Karnes noted.

Dividend distribution has increased steadily in proportion to net earnings, Mr. Karnes reported. Dividends of $3,667,816 for the last fiscal year compared with $3,491,259 the previous year and $1,478,784 ten years ago.

Working capital (current assets less current liabilities), which climbed 12% in 1955, increased $1,772,192 to $34,182,474. This was the 12th consecutive year that the company has shown an increase in working capital, Mr. Karnes observed, adding that Beatrice Foods has $4.53 of current assets for each dollar of current liabilities compared to a $4.44 to $1 ratio a year ago.

Meanwhile, stockholders' equity kept pace with the record strides of Beatrice, climbing from $67,363,792 to $71,383,217 during the year. The book value of each share of common stock reached $46.29 compared to $43.61 a year ago and $26.04 ten years ago, despite a two-for-one common stock dividend in 1950.

The list of stockholders lengthened for the seventh consecutive year, he related, and now totals 12,966.—V. 185, p. 1633.

Bellanca Corp.—Trading Ban Continued—

The Securities and Exchange Commission on May 3 announced the issuance of an order pursuant to Section 19(a)(4) of the Securities Exchange Act of 1934 suspending trading on the American Stock Exchange in the $1 par capital stock of this corporation for a further 10-day period, May 5 to 14, 1957, inclusive.

The action was taken on the basis of Bellanca's failure to comply with the reporting requirements of Section 13 of the Act and the disclosure requirements of the Commission's proxy rules under Section 14, as well as its failure to file an annual report for the year ended Dec. 31, 1956, due on or before April 30, 1957.

Upon the basis of a finding by the Commission that such suspension is necessary to prevent fraudulent, deceptive, or manipulative acts or practices in connection with trading in Bellanca stock, trading by brokers and dealers in such stock in the over-the-counter markets also is prohibited during the period of the suspension.

The Commission previously scheduled a hearing for May 8, 1957, pursuant to Section 19 (a) (2) of the Act, on the question whether Bellanca stock should be suspended for a period not exceeding 12 months, or withdrawn from listing and registration on the Exchange. —V. 185, p. 2095.

Bendix Aviation Corp.—Electronic Units Ordered—

American Airlines, Inc. has ordered $625,000 worth of navigation and communication equipment from the radio division of Bendix Aviation Corp. for use in the airlines' jet and propjet transports now on order, it was announced on May 9 by C. I. Rice, Aviation Products Manager of the division.—V. 185, p. 1634.

Benrus Watch Co., Inc., New York, N. Y.—Files—

The corporation on April 29 filed three letters of notification with the SEC covering an aggregate of 12,500 shares of common stock (par $1) to be offered at market (estimated at $8 per share), through L. F. Rothschild & Co., New York, N. Y. The proceeds are to go to three selling stockholders.

The corporation on April 29 also filed two letters of notification with the SEC covering a total of 25,000 shares of common stock (par $1) to be offered at market (estimated at $8 per share), through Ralph E. Samuel & Co., New York, N. Y. These proceeds are to go to four selling stockholders.—V. 183, p. 2414.

Blake & Neal Finance Co., Portland, Ore.—Files With Securities and Exchange Commission—

The company on April 23 filed a letter of notification with the SEC covering $50,000 of 8% unsecured subordinate promissory notes to be offered in denominations of $500 and multiples thereof. There will be no underwriting. The proceeds are to be used for expansion of business. —V. 182, p. 608.

Boeing Airplane Co.—Reports Record Sales—

This company on May 7 reported record sales of $292,711,969 and net earnings of $8,075,464 for the first three months of 1957. This compared to sales of $170,879,889 and net earnings of $6,156,677 for the same period in 1956. The sales volume as the highest for any similar period in the company's history.

Net earnings for the first quarter of 1957 represent a return of 2.76% on sales and are equivalent to $1.21 per share on the 6,686,137 shares outstanding.

As of March 31, unfilled orders totaled $2,848,000,000. Approximately $660,000,000 or 23% of this represents orders for 134 commercial jets for which the company had firm orders as of March 31. Letters of intent under government programs are included in the backlog only to the extent that funds had been allotted as of the end of March.

William M. Allen, President, said that the company's Transport Division now has firm orders, announced purchases, or letters of notification for a total of 151 commercial jet 707 transports from 13 airlines, five domestic and eight foreign.

Mr. Allen said that the recently announced reduction in peak monthly delivery rates of B-52 and KC-135 airplanes will slightly reduce projected sales for the year. However, as indicated previously, he said, it is still expected that sales for 1957 will be substantially higher than for the prior year.

It is likewise anticipated that total earnings will increase from the prior year, Mr. Allen added, although not in direct proportion to the increase in sales volume. This will be due to proportionately greater write-off of certain research and development and general and administrative expenses applicable to the commercial program, and to the realization of a lower gross profit margin under incentive type fixed price contracts.—V. 184, p. 2010.

Book-of-the-Month Club, Inc.—Profits Lower—

For the three months ended March 31, 1957, this corporation reports consolidated net income after taxes of $164,174 equal to approximately 18 cents per share on 900,000 outstanding shares of capital stock. For the same period in 1956 the company had reported a net loss after income tax credit for loss carry-back of $222,154 or approximately 25 cents per share.

Net sales for the three-months' period increased from $4,009,971 in 1956 to $4,673,019 in 1957.—V. 185, p. 1634.

Boothe Leasing Corp., San Francisco, Calif.—Securities Placed Privately—D. P. Boothe, Jr., President, on May 7, announced that the company has sold to institutional investors, through Wertheim & Co. of New York and J. Barth & Co. of San Francisco, $1,500,000 of subordinated debentures due 1969, with warrants attached to buy common stock. A group of investors, including Wertheim & Co. and J. Barth & Co., has also purchased for investment 40,000 shares of the company's $10 par value common stock.

The proceeds of this financing will be utilized to expand further the company's nation-wide activities in the rental of equipment to prominent industrial concerns.

Borg-Warner Corp.—New Executive Committee Chrm.

Robert W. Murphy, Vice-President and General Counsel, has been elected Chairman of the Executive Committee, and George P. F. Smith has been named a Vice-President, the board of directors announced on May 2.

Mr. Murphy, who succeeds G. A. Shallberg, Sr., retired, has been with Borg-Warner since 1937. He was elected a director in 1955 and became Vice-Chairman of the Executive Committee in 1956.

Mr. Smith came to Borg-Warner in 1938. Since that time he has filled several executive posts, including the presidencies of the Norge and Marbon Chemical Divisions. In 1954 and 1955 he served on the staff of the Hoover Commission. Following this interval he became Assistant to the Chairman of the Board in charge of the corporation's New York office, the position he now holds.—V. 185, p. 1512.

Boston Edison Co.—Registers Bonds With SEC—

This company on May 7 filed a registration statement with the Securities and Exchange Commission covering $25,000,000 of first mortgage bonds, series F, due 1987, to be offered for public sale at competitive bidding.

At Dec. 31, 1956, the company's outstanding short term debt (evidencing bank borrowings made for prior construction) amounted to $13,000,000. Its construction program calls for an estimated capital expenditure of $38,000,000 during the calendar year 1957. Approximately $12,000,000 of this amount will be obtained from internal sources and the balance from short term bank loans. The bank loans, including the $13,000,000 outstanding on Dec. 31, 1956, amounted on May 15, 1957, to $25,000,000, and will be retired with the net proceeds of the sale of the series F bonds. It is estimated that at Dec. 31, 1957, bank borrowings incurred for construction will amount to $14,000,000 and, with additional construction expenditures projected for 1958, will be financed with permanent securities of which the nature and time of issue have not yet been determined.—V. 185, p. 2095.

Bowaters Carolina Corp.—Bonds Sold Privately—The corporation, it was announced on May 9, has entered into an agreement with certain insurance companies for the sale of a maximum of $26,000,000 of sinking fund first mortgage bonds, series A, dated Jan. 1, 1958, and due Jan. 1, 1978. The placement was arranged through Morgan Stanley & Co.—V. 185, p. 1512.

Brunswick-Balke-Collender Co.—Acquisition—

The Brunswick-Murray Automatic Pinsetter Corp. interest, formerly owned by Murray Corp. of America, was sold on May 2 to the Brunswick Company for an undisclosed amount. The joint ownership of the Pinsetter corporation by Murray and Brunswick had proven to be an impractical arrangement.—V. 185, p. 933.

New business received during the quarter was slightly in excess of shipments. At March 31, unfilled orders for machines amounted to $28,699,000, compared with $28,319,000 at the beginning of the year.

The stockholders on April 30 approved a proposed Incentive Stock Option Plan for key management employees, and adopted a resolution to amend the Articles of Incorporation for the purpose of reclassifying authorized preferred shares as authorized common shares. Lester S. Clemons and James O. Wright were elected to fill two vacancies on the board of directors. Mr. Clemons is a partner in the Milwaukee law firm of Lines, Spooner and Quarles, and Mr. Wright is Chairman of the Board and President of Badger Meter Manufacturing Co., Milwaukee, Wis. The vacancies resulted from the retirement of Edwin H. Steedman and the death, early in the year, of Arthur H. Lockett.

William L. Litle was elected Chairman of the Board and President of the company at the meeting of the board of directors immediately following the annual meeting. Lyle S. Cline was elected Vice-President and Secretary, and David W. Harris was elected Vice-President. William W. Coleman, retiring as Chairman of the Board and of the Executive Committee, was named Honorary Chairman of the Board. Albert S. Puelicher was elected Chairman of the Executive Committee in Coleman's place. All other officers were re-elected.—V. 185, p. 1512.

Buckeye Pipe Line Co.—Registers With SEC—

The Thrift Plan for Employees of this company and other Buckeye corporations, and The Buckeye Pipe Line Co. of New York, filed a registration statement with the Securities and Exchange Commission on May 6, 1957, covering $375,000 of Interests in the Thrift Plan and 10,000 shares of Buckeye common stock which may be purchased pursuant thereto.—V. 185, p. 2096.

Burgess-Manning Co.—New Development—

A revolutionary new Parshall Flume meter, which can accurately measure sewage flow, requires little or no maintenance and saves "literally hundreds of dollars and in many cases more than the cost of the meter itself on construction costs," has been developed by this company's Penn Instruments Division. Introduction of the unit, called type ML, was announced on May 6 by R. A. McQuade, Sales Manager of Penn Instruments Division, which manufactures electric and electronic flow meters and temperature and pressure recorders for utilities, water and sewage installations, industrial waste plants and for industry generally.—V. 184, p. 1014.

Butler Manufacturing Co. — Notes Placed Privately—The company, it was announced on May 7, has entered into agreements, negotiated by Blyth & Co., Inc., for the private sale of $8,000,000 promissory notes due Oct. 15, 1972. Delivery of $5,000,000 principal amount has been made and delivery of the remainder is to be made on Feb. 28, 1958.—V. 167, p. 432.

Calidyne Co., Winchester, Mass.—Registers With SEC

The company filed a registration statement with the Securities and Exchange Commission on May 1, 1957 covering $1,250,000 of Limited Partnership Interests in Calidyne, a Massachusetts Limited Partnership. Each present limited partner is first to be offered the opportunity to continue his present interest (all such interests now aggregating $596,000) by agreeing to certain proposed changes in the partnership agreement or to have his interest terminated. Each limited partner who agrees to the amendment will also receive a subscription warrant evidencing the right to purchase additional limited partnership interests at the rate of one $1,000 unit for each $1,000 of his present investment. Unsubscribed units will be offered for public sale at $1,000 per unit.

The amendment to the partnership agreement will increase the annual drawing amounts of each of the three General Partners from $30,000 to $40,000, effective as of Jan. 1, 1957, and change the ratio in which partnership profits are shared between General and Limited partners from an equal basis to one-third to the general and two-thirds to the limited partners, effective as of Jan. 1, 1957. Limited partners who determine to have his interest terminated will receive the return of his capital, 6% on his capital investment during the year 1957, and a further amount equal to 20% of this capital investment in lieu of his share of profits for 1957 if they are less than 20% of his investment, as well as the excess, if any, of his share of 1957 profits, as computed early in 1958, over 20% of his investment.

Of the net proceeds of the sale of interests, the company plans to use about $275,000 to meet part of the construction cost of a proposed new manufacturing plant and about $150,000 to purchase certain production machinery and manufacturing and laboratory equipment. The company expects to finance one-half (about $275,000) of the total cost of the new building through a mortgage loan. The balance will be used to reduce the amount of its outstanding demand notes which were issued to provide working capital for the company. Initially all of the proceeds will be applied to the reduction of the company's demand notes.

Calidyne was formed in 1948 as a general partnership and reformed in 1951 as a limited partnership. It was organized to design, engineer, manufacture and sell vibration test equipment used in the design and production of many types of industrial, military and commercial products. Its key product is the electro-dynamic shaker which produces the controlled level of vibration to which a specimen is subjected. Its management is carried on by its three general partners, Robert C. Lewis, Philip C. Efromson, and Thomas Gouzoule, all of Winchester.

California Electric Power Co.—Quarterly Results—

Net earnings for the March quarter of 1957, were equal to 16 cents per share on 3,200,000 common shares outstanding at March 31, compared with 17 cents per share on 2,900,000 shares in the initial quarter last year. For the year ended March 31, 1957, earnings were 98 cents a share on outstanding common, compared with 93 cents a share in the preceding 12 months.

Based on average stock outstanding in each period, first quarter 1957 earnings were 16 cents a share on common against 17 cents, and for the year ended March 31, 1957, earnings were $1.00 a share compared with 96 cents for the prior year.

The company filed an application with California P. U. Commission on April 26 for a general increase in rates. If granted, the increase will provide the company with approximately $2,000,000 or 9.6% in increased revenue.

During April, the company sold 300,000 shares of new common stock and $6,000,000 principal amount of new first mortgage bonds, 4⅝% series due 1987, both at competitive bidding. Proceeds from the sale of the new securities were used to retire short-term borrowings for construction.—V. 185, p. 2096.

Caspers Tin Plate Co.—Reports Loss for Quarter—

This company and its subsidiaries on May 8 reported a loss of $28,035 during the three months ended March 31, 1957, compared with a profit for the same period in 1956 of $163,605 equal to 44 cents per share on the 371,131 shares of capital stock presently outstanding. Sales in the first quarter were up to $7,498,731, as against sales of $7,010,247 in the 1956 period.

B. W. Bennett, President, said the consolidated loss was due to losses of Century Display Mfg. Co., Inc., and Olive Can Co., the new subsidiaries acquired in the last half of 1956.

"The management believes at this time that its business for the full year 1957 will show a satisfactory profit," Mr. Bennett said. —V. 185, p. 1512.

Central & South American Acceptance Corp.—Stock Sold—

The public offering on May 1 of 425,000 shares of common stock, through Charles Plohn & Co., at $1 per share, has been completed, all of said shares having been sold. For details, see V. 185, p. 2096.

Central Vermont Public Service Corp.—Acquisition—

This corporation, it was announced on May 3, has received Securities and Exchange Commission authorization to acquire 1,730 shares of common stock of Vermont Electric Power Co. at $100 per share. Vermont Electric is a newly organized company. It proposes to construct, own and operate transmission facilities for the delivery of power to be produced by the St. Lawrence River Project. The State of Vermont, acting through the Public Service Commission of Vermont, has contracted with the Power Authority of the State of New York for the purchase of up to 100,000 KW of firm power to be produced by the St. Lawrence River Project and to be delivered at three points on the New York-Vermont State line.

Vermont Electric was organized by Central Vermont, Green Mountain Power Corporation, and Citizens Utilities Company. It will enter into contract with the State of Vermont, acting through the Public Service Commission of Vermont, to transmit within Vermont the St. Lawrence power from the New York-Vermont State line to points of delivery to various electric distribution companies and agencies within Vermont, in accordance with allocations thereof by the Public Service Commission of Vermont.

Initially, Vermont Electric proposes to issue and sell 2,000 shares of its $100 par common stock to provide funds to enable it to complete engineering studies initiated by Central Vermont and the other participating companies, to negotiate the transmission contract with the State of Vermont to conduct negotiations with respect to the financing of Vermont Electric and the sale of debt securities thereof, and the acquisition of materials and supplies necessary for the construction of the new transmission facilities. In addition to the purchase of 1,730 of its shares by Central Vermont, 180 shares are to be acquired by Green Mountain and 90 shares by Citizens. Additional purchase of Vermont Electric will be acquired in the same proportions, subject to provisions permitting other electric distributing companies to participate in the ownership of Vermont Electric; but any such purchases will be the subject of a further application to and approval by the Commission.

Registers With Securities and Exchange Commission—

This corporation on May 7 filed a registration statement with the Securities and Exchange Commission covering 125,000 shares of its $6 par common stock. The company proposes to offer this stock for public sale through an underwriting group headed by Hallgarten & Co. The public offering price and underwriting terms are to be supplied by amendment.

Net proceeds of the stock sale will be applied first to the repayment of all outstanding short-term borrowings, amounting to $1,800,000, which have been incurred for the interim financing of construction; and the balance for other corporate purposes, including construction requirements. Construction expenditures for 1957 are estimated at $1,750,000. In addition, approximately $50,000 will be invested in Yankee Atomic Electric Co. in 1957 and an undetermined amount (estimated not to exceed $1,500,000 in 1957 and 1958) will be invested in Vermont Electric Power Co., Inc.—V. 185, p. 1039.

Cincinnati Gas & Electric Co.—Bonds Offered—Halsey, Stuart & Co. Inc. and associates on May 8 offered publicly $25,000,000 of first mortgage bonds, 4⅛% series due May 1, 1987, at 99¼% and accrued interest, to yield approximately 4.17% to maturity. Award of the bonds was won by the underwriters at competitive sale on May 7 on a bid of 98.5899%.

Four other bids were received, all specifying a 4¼% coupon, viz: Morgan Stanley & Co. and W. E. Hutton & Co. (jointly), 100.4259; Blyth & Co., Inc. and First Boston Corp. (jointly), 100.40; Merrill Lynch, Pierce, Fenner & Beane and Lehman Brothers (jointly), 100.307; and Eastman Dillon, Union Securities & Co. and White, Weld & Co. (jointly), 100.238.

The new bonds will be redeemable at regular redemption prices ranging from 105% to par, and for special redemption prices at par, plus accrued interest in each case.

PROCEEDS—Net proceeds from the sale of the bonds will be used by the company to finance a portion of its construction program, to repay $7,000,000 of notes payable to banks under revolving credit agreements, and for other corporate purposes.

BUSINESS—The company renders electric or gas service, or both, in nine counties in southwestern Ohio covering a territory of about 2,158 square miles and having an estimated population of about 1,080,000. The company's subsidiaries, The Union Light, Heat & Power Co., Miami Power Corp. and West Harrison Electric & Water Co., Inc., render electric or gas service, or both, in six counties in Northern Kentucky and a small portion of Indiana, serving an area of about 478 square miles and an estimated population of almost 215,000. During the year 1956, operating revenues of the company and its subsidiaries were derived 61.9%, 37.9% and .2% from electric, gas and other operations, respectively.

EARNINGS—For the year 1956, the company and its subsidiaries had consolidated operating revenues of $114,403,000 and consolidated net income of $15,294,000.

Earnings for the first quarter of 1957 reflected the effects of two month-long strikes, one at Clark's Jackson, Mich., transmission plant and the other in the plant of a principal automotive components customer, George Spatta, President, reported.

In March, the company's first full production month of 1957, earnings were at the rate of $10,000,000 annually, Mr. Spatta said. He told shareholders this rate of earnings should continue through the year on the basis of present economic conditions.

In reviewing 1956 operations, Mr. Spatta termed the year one of Clark's most successful in its 40 years as a corporate entity. Sales were at an all-time high of $145,384,923 and earnings of $9,535,626, equal to $4.11 per common share, were the second highest in the company's history.—V. 185, p. 1513.

Coastal Chemical Corp., Yazoo City, Miss.—Registers With Securities and Exchange Commission—

This corporation, filed a registration statement with the SEC on May 1, 1957, covering 150,000 shares of class C common stock, $25 par. These class C shares are to be offered for sale, at par, to farmers and other users of fertilizer materials. The offering will be made by the Mississippi Chemical Corp. of Yazoo City, on a "best efforts" basis. Coastal also will continue its offering, at $30 per share, of the 188,106 balance of 289,986 shares of class A common stock originally offered in May, 1956, at $25 per share.

Net proceeds of the sale of the class C stock will be used chiefly to construct and operate facilities for the manufacture of anhydrous ammonia to meet the demand of stockholders through their preferred patronage rights. The plant site is near Pascagoula in Jackson County, Miss.—V. 183, p. 3007.

Colorado Central Power Co.—Expansion Continues—

Construction expenditures for the first quarter of 1957 amounted to $406,000, and it is estimated that the total capital additions for the year will amount to approximately $2,600,000.

Additional funds to continue the company's expansion program were recently raised through the sale of 74,175 additional shares of common stock at $22.50 per share. Subscriptions for 44,940 shares were received from stockholders and subscribers other than the underwriters, and the balance of 29,235 shares was purchased by the underwriters. The offering period closed on April 2.—V. 185, p. 1384.

Columbia Broadcasting System, Inc.—Net Up 32.4%—

Consolidated net income for the first quarter of 1957 was $5,907,323, compared with $4,462,783 earned in the comparable period of 1956, it was reported on May 8 by William S. Paley, Chairman. This is an increase of 32.4%. The current earnings are equivalent to 77 cents per share, an improvement of 17 cents over the 60 cents per share earned in the first three months of 1956. Per share earnings are calculated on the average number of shares, 7,651,446 in 1957 and 7,485,837 in 1956, outstanding during the respective three month periods.

Net revenues and sales for the quarter totaled $95,946,932, as compared with $88,406,663 for the corresponding period last year. This represents an increase of 8.5%.

Mr. Paley said that the strengthening on the profit side was due in part to the liquidation last summer of the CBS-Columbia Division, the company's radio and television receiver manufacturing unit, which had been unprofitable in recent years.—V. 185, pp. 1883 and 1513.

Columbia Gas System, Inc.—Registers With SEC—

This corporation on May 8 filed a registration statement with the Securities and Exchange Commission covering $20,000,000 of debentures, series H due 1982, to be offered for public sale at competitive bidding.

Net proceeds of the sale of the new debentures will be added to the general funds of the company and, together with funds available at the beginning of 1957, cash to be generated from operations during 1957, the net proceeds ($25,914,000) from the recent sale of common stock, and funds to be obtained from additional debt financing in 1957, will be used to satisfy certain demands in 1957 upon such general funds. Such demands include construction expenditures of subsidiaries estimated at $84,000,000 for 1957, exclusive of approximately $3,000,000 estimated for a portion of the hydrocarbon extraction plant to be built in 1957 by a subsidiary. In addition, Columbia will advance $6,000,000 to Gulf Interstate Co., which, together with about $30,000,000 to be obtained by Gulf Interstate from other sources, will permit it to enlarge the capacity of its transmission system.

The Commission has issued an order giving interested persons until May 22, 1957, to request a hearing on the proposed debenture financing.

Columbia also expects to borrow during 1957 approximately $45,000,000 from commercial banks on a short-term basis to finance the purchase of storage gas by subsidiary companies for current inventory. Such short-term loans will be repaid early in 1958 as storage gas is withdrawn and sold.—V. 185, p. 2097.

Comico Corp., Memphis, Tenn.—Registers With SEC—

This corporation, filed a registration statement with the Securities and Exchange Commission on May 2, 1957, covering 750,000 shares of its common stock, to be offered for public sale at $2 per share. The offering is to be made on a "best efforts" basis by Southeastern Securities Corp., of New York, for which it will receive a selling commission of 15% plus expenses of not to exceed $100,000.

Comico was organized under Delaware law in February, 1957. It has received an assignment from its promoters of a mining lease on properties located near Glenwood, Ark. Its charter authorizes the company to engage in all phases of the mining chemical and oil business, but its primary purpose is to exploit by mining, milling and marketing products developed from the said properties.

Of the proceeds of the financing, $75,000 will be used to conduct an intensive marketing survey and chemical research into the uses of silica flour; upon completion of such research, a mill will be constructed at a cost of some four to six hundred thousand dollars; and the balance of the proceeds will be used for payments of minimum royalties pursuant to the mining lease and royalty agreement.

The company now has outstanding 770,000 shares of common stock. Of this stock 165,000 shares each (21.43%) are held by H. E. Phillips, of Osceola, Arkansas, President and Director; C. V. Goodwin, of Marion, Arkansas, Vice-President and Director; C. W. Beale, Sr., of Memphis, Tenn., director and Second Vice-President; and Gus R. Camp, of Piggott, Arkansas, a director.

Consolidated Freightways, Inc. — Unit Arranges Financing—

See Freightways Terminal Co. below.—V. 185, p. 1991.

Consolidated Natural Gas Co.—Registers With SEC—

The company on May 9 filed a registration statement with the SEC covering a proposed public offering of $25,000,000 debentures due June 1, 1982. It will be sold at competitive bidding. It is expected that bids will be received by the company at Room 3000, 30 Rockefeller Plaza, New York 20, N. Y., up to 11:30 a.m. (EDT) on June 11.

The Commission has given interested persons until May 16, 1957, to request a hearing on the proposed issue.

According to the application, Consolidated proposes funds to meet the construction and other financial requirements of its subsidiaries for 1957 by means of two debenture issues and through bank loans. To meet the construction requirements, it proposes to sell two $25,000,000 issues of 26-year sinking fund debentures at competitive bidding, one in June and the second being tentatively scheduled for October. Pending such sale, Consolidated proposes to make open account advances of $50,800,000 to the subsidiaries for financing plant construction and other purposes, as follows: $23,000,000 to The East Ohio Gas Co., $15,000,000 to Hope Natural Gas Co., $6,000,000 to New York State Natural Gas Corp., $6,500,000 to The Peoples Natural Gas Co., and $300,000 to The River Gas Company. Following the sale of the debentures by Consolidated, the subsidiaries will issue long-term serial notes to Consolidated in replacement of the open account advances.

Consolidated also proposes to make bank borrowings of $30,000,000 during the remainder of 1957 to provide funds to finance seasonal storage gas purchases by its subsidiaries; and these funds will be loaned against notes of the subsidiaries, as follows: East Ohio, $5,000,000; Hope, $6,000,000; New York State, $18,000,000; and Peoples, $1,000,000. Consolidated also has arranged for a one-year extension of its outstanding one-year $30,000,000 bank loan maturing July 1, 1957. —V. 185, p. 1991.

Continental Aviation & Engineering Corp.—Contract

This corporation has been awarded an Air Force contract in the amount of $9,013,606, covering a quantity of J69-T9 gas turbine engines for the T-37 jet trainer, C. J. Reese, President, announced on May 2. The contract, Mr. Roose said, extends the J69 production schedule through the first half of 1958, and raises the company's bank of unfilled orders to approximately $66,000,000.—V. 184, p. 1635.

Controls Co. of America—Earnings 24% Higher—

This company on April 29 reported net earnings of $284,721 after income tax provisions in the three months ended March 31, an increase of 24% over last year's first quarter earnings of $228,498. The earnings were equal to 46 cents a share on 618,341 shares of common stock outstanding, as against 37 cents a share on 613,797 shares in the 1956 period.

Sales in the first quarter totaled $7,245,454, compared with $7,060,095 in the like three months last year. Income tax provisions were $373,760 as against $221,156.—V. 185, p. 1272.

Corning Glass Works—Sales and Earnings Lower—

Consolidated net income of this corporation and subsidiaries for the first quarter of 1957 amounted to $3,872,798 or 57 cents per share of common stock after preferred dividend requirements, the company reported on April 26.

This compares with net earnings of $5,084,540 or 75 cents per share of common stock for the corresponding first quarter in 1956.

Net sales for the first quarter this year were $35,655,461 compared to $41,158,464 for the first quarter of 1956.

Since the company maintains its books on the basis of a 13-period year, the figures for 1957 cover the period from Jan. 2 to March 24. —V. 185, p. 820.

Daybreak Uranium, Inc., Opportunity, Wash.—Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the Securities and Exchange Commission on May 7, 1957, covering 631,925 shares of its presently outstanding 10c par common stock. According to the prospectus, the stock is to be offered for public sale by the holders thereof at the market (about 53 cents per share.) The offering is to be made by Herrin Company, of Seattle, Wash., on a "best efforts" basis, for which it will receive a selling commission of 20%. The company will receive no part of the proceeds of the offering.

Organized in March, 1955, the company is engaged generally in the acquisition, exploration, and development of mining properties. The present company is the result of a merger effected in September, 1955, with Morning Sun Uranium, Inc. The promoters and directors of the two companies were in part the same. It now has outstanding a total of 4,384,500 common shares.

The prospectus lists 12 selling stockholders, who presently own in the aggregate 2,554,667 of the outstanding shares. Among these are James W. Fox, of Greenacres, Wash., President, who owns 476,500 and is selling 100,000 shares. Another 100,000-share block is being sold by Roy R. Shaw, a director, of Pullman, Wash., who owns 261,667 shares. Kae H. Sowers, of Opportunity, Secretary-Treasurer, General Manager, and a director, owns 476,500 shares and is selling 50,000 shares. Blocks of 75,000, 60,000 and 57,550 shares, respectively, are being sold by Ray Harris, Logan Jorgens, and Harry Bienert, holders, respectively, of 145,834, 282,251 and 145,833 shares. The other blocks being sold range in size from 9,375 to 40,000 shares. The prospectus further indicates nine of the selling stockholders, including all of those listed above, propose to return to the company at a later date, for cancellation, a total of 623,283 shares of stock. These shares are a portion of the shares heretofore issued to them for leases, claims, properties and services. Upon the cancellation of such shares, the total number of shares outstanding will be 3,761,217. —V. 183, p. 3.

Detroit Edison Co.—1957 Prospects Outlined—

Following the regular annual meeting of stockholders held on May 6, Walker L. Cisler, President, reviewed the company's 1956 activities, noting that increased sales together with expense control measures and improved efficiency brought net income from $26,297,000 in 1955 to $29,376,000 in 1956—an increase of 11.7%. He also pointed out that over a seven-year period dividends have shown steady improvement from $1.20 per share in 1950 to the present rate of $2 per share.

Commenting on Detroit Edison's stock market position, Mr. Cisler compared Edison share prices with industrial and utility price averages. On Aug. 2, 1956—the 28-year high point in the averages—Edison shares were quoted at $35.62. On April 23, just passed, they reached $33.75, an increase of 12%. In the same period average prices for all industrial shares declined 9%, and utility averages were off about 1%.

Mr. Cisler also spoke of developments during the first quarter of this year and outlined Detroit Edison's prospects for the remainder of 1957. Total electric revenues for the quarter were up 6% over the same period of 1956. Industrial dollar sales also were up 6%.

First-quarter net income showed an increase of 17% over the corresponding period of last year, and Mr. Cisler predicted that for the entire year the increase would be around 12%.

Of the anticipated increase in per share earnings, an estimated 20 cents per share will result from raising the rate of interest charged to construction for funds invested in plant which is under construction. This practice decreases operating interest charges and increases capital charges. It is in line with accounting procedures of the majority of electric power companies.

In total assets, Detroit Edison passed the billion-dollar mark early this year, Mr. Cisler announced. In 1957, some $69,000,000 will be spent on construction, about $60,000,000 of which will be raised from the sale of mortgage bonds, according to present plans.—V. 184, p. 2012.

Dorr-Oliver, Inc., Stamford, Conn. — Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the Securities and Exchange Commission on May 7, 1957, covering 173,970 shares of its $7.50 par common stock. The company proposes to offer this stock for subscription by its common stockholders of record May 29, 1957, at the rate of one new share for each six shares then held. The public offering price and underwriting terms are to be supplied by amendment. Dominick & Dominick is listed as the principal underwriter.

The company is engaged principally in developing, designing, manufacturing and selling equipment and processes for the continuous separation, mixing, handling or other treatment of solids suspended in liquids or gases. It also provides engineering services ranging from laboratory testing to complete plant design. Manufacturing operations are conducted in plants in Hazleton, Pa.; Oakland, Calif.; Orillia, Canada; New Haven, Conn.; and Salt Lake City, Utah.

It is expected that the proceeds of this financing, together with other cash of the company, will be used in the company's general program of plant improvement and expansion, undertaken in part to enlarge its capacity to manufacture those types or components of its equipment which it considers desirable to manufacture in its own plants, but no part of such proceeds has been specifically allocated for any particular purpose.—V. 184, p. 1120.

Drug Fair-Community Drug Co., Inc., Washington, D. C.—Stock Offered—Auchincloss, Parker & Redpath and associates on May 8 publicly offered 217,550 shares of common stock class A (par $1) at $5 per share. Of the total, 160,000 shares are being offered for the account of selling stockholders and 57,550 shares for the company.

PROCEEDS—The net proceeds to be received by the company from the sale by it of the 57,550 shares will be applied toward repayment of the company's 30,000 shares of $10 par value 6% cumulative participating preferred stock which has been called for redemption in its entirety on May 31, 1957. Any additional monies required for this purpose (estimated at approximately $75,000) shall be supplied by the company out of its working capital.

The 8½% notes mature on July 1, 1961.

DIVIDENDS—The company has paid all preferred stock dividends when due. To date, the management of Drug Fair has deemed it advisable to retain all available earnings for the expansion of business, and no cash dividends have been declared on the common stock. It is the present intention of the directors to declare an initial quarterly dividend on the common stock A no later than July 31, 1957 equal to 8¾ cents per share. It is not the intention of the board to initiate dividends at this time on the common stock B.

BUSINESS—Drug Fair was incorporated in Maryland on May 1, 1951. It was a successor to a previous business originally established in September 1938, at which time it commenced business with one drug store, of only 1200 square feet, located at 315 N. Glebe Road, Arlington, Va. Second and third stores were opened in Arlington in 1944 and 1948. At the present time the company operates 19 drug stores.

Eaton Manufacturing Co.—To Build Test Laboratory—

Construction of a new test laboratory in Tonawanda, N. Y., just outside of Buffalo, for research into and development of components for aircraft turbo jet and industrial gas turbine engines, was announced on May 8 by John C. Virden, President.

The new facility which will cost about $750,000 for building and equipment, will be operated by Eaton's Frederic Flader Division of North Tonawanda, N. Y. The Division conducts three basic departments—engineering, manufacturing and laboratory—in the fields of jet and gas turbine engine components and devices and aircraft antenna.

Mr. Virden said the new facility will replace a Government-owned laboratory in Toledo, Ohio, operated under lease by the Flader Division for the past eight years. This is being returned to the Government on June 1, 1957.

The Tonawanda laboratory, which is scheduled for completion this year, will contain 13,000 square feet of floor space and will house complete engine testing facilities for hot and cold tests, air blowing machinery, dynamometers, torque measuring apparatus, and an instrument control room, as well as office and work shop areas. Initially, it will employ about 40 highly skilled engineers and technicians.—V. 185, p. 1884.

Fairchild Camera & Instrument Corp.—New President

John Carter, Vice-President of Corning Glass Works, has been elected President of Fairchild Camera & Instrument Corp. and will assume his duties today (May 13), according to an announcement by Sherman M. Fairchild, founder and Chairman of the Board.

Mr. Carter was elected at a meeting of the Fairchild board of directors immediately following the company's annual meeting on May 3. He succeeds Mr. Fairchild, who had been serving as President since the resignation of John H. Clough six weeks ago.

Mr. Fairchild reported a first quarter loss of $32,000, or seven cents per share, with the expectation of substantial earnings in the remainder of the year.

Mr. Fairchild said he had confidence that 1957 earnings would compare favorably with those of 1956 and pointed out that the first quarter loss of seven cents a share should be compared to 1956's first quarter operating profits of 17 cents a share, rather than the 84 cents per share which included 67 cents a share of nonrecurring special credits.

"Our first quarter operations this year include an additional provision of $250,000 to cover the estimated cost to complete the refitting of certain aerial cameras delivered prior to Dec. 31, 1955, and a provision of approximately $200,000 for possible loss in connection with current contracts," Mr. Fairchild said. "We think we have taken our beating in the first quarter, and that the rest of the year looks good."

Net loss was $32,000 in this year's first quarter, compared to a profit of $398,000 in the same period of 1956, but the 1956 figure included the $321,000 of special credits. Net sales and rentals in 1957's first quarter were $9,624,000, compared to 1956 net sales and rentals of $8,895,000.

"We believe that our improved rate of sales and rentals will be maintained through the remainder of the year," Mr. Fairchild said. "We expect to share in the recently enlarged B-58 program for which our company has the contract for reconnaissance system. Other substantial new contracts are in an advanced state of negotiation.—V. 185, p. 1747.

General Gas Corp.—Sales and Net Profit Up—

This corporation on May 9 reported 1957 first quarter net income of $253,893 or 17 cents a share, 35% higher than net income from civilian sales activities during the same quarter a year ago.

R. D. Phillips, Chairman, and Hal S. Phillips, President, told shareholders in a special quarterly report accompanying the 1956 annual report that, "on the basis of commercial operations only, there was an 8% increase in sales" during the quarter ended last March 31.

They pointed out that full first quarter sales during 1956 included $372,000 in Government work under defense contracts by the company's wholly-owned subsidiary, Delta Tank Manufacturing Co., Inc., and resultant profit of $41,000. Delta's Government contracts were completed early last year and the subsidiary's former artillery shell plant has been converted to civilian goods production purposes.

Sales for the first quarter this year by the General Gas group totalled $7,995,320, approximately 3% above total sales of $7,745,844 during the first quarter of 1956.

The company reported net income of $656,125 or 44 cents a share on total sales of $30,855,000 during calendar 1956. This compares with $813,446 or 56 cents a share earned during 1955 on gross sales of $31,453,000.

The annual report said that final completion during early 1956 of previously contracted defense production by its wholly-owned subsidiary, Delta Tank Manufacturing Co., Inc., resulted in a decline of $3,896,000 in Government business from the level achieved in 1955. However, it pointed out, the General Gas group's sales of civilian products during the transition year increased "more than 12% over 1955's civilian sales of $27,115,000."—V. 185, p. 1386.

General Telephone Co. of California—Registers With Securities and Exchange Commission—

This company on May 3 filed a registration statement with the Securities and Exchange Commission covering $20,000,000 of first mortgage bonds, series K, due June 1 1987, to be offered for public sale at competitive bidding.

Net proceeds will become a part of the treasury funds of the company and will be used by it for property additions and improvements and/or to discharge in whole or in part any short-term bank loans (used for said purposes and estimated at $16,000,000) owing by the company. According to the prospectus, the company has made application to the California P.U. Commission for authority for the issuance and sale of an additional $10,000,000 par value (500,000 shares) of the company's 5% cumulative preferred stock, to be issued shortly after the sale of the new bonds if market and other conditions are favorable. The company estimates that gross property additions for the nine months ending Dec. 31, 1957, and for the year 1958 will amount to $53,200,000 and $83,500,000, respectively. —V. 185, p. 1153 and p. 611.

thereof, plus accrued interest. A registration statement is expected to be filed today (May 10) with the SEC covering the proposed issue.

The company contemplates making expenditures of approximately $72,300,000 during 1957 for the construction or acquisition of property, apportioned approximately as follows: generating facilities, including associated transmission facilities, $25,900,000; transmission line and substation additions, $6,900,000; distribution system additions, $21,900,000; and miscellaneous additions, $19,600,000, including the purchase of the assets of Georgia Power & Light Co. and a transmission line of Florida Power Corp. which were acquired by the company in March, 1957 for a cash payment of approximately $10,485,000 and the assumption of $7,705,000 of outstanding bonds. The expenditure of $23,900,000 for generating facilities includes about $8,000,000 for completing the construction of a fourth steam-electric generating unit of 125,000 kilowatt capacity at Plant Yates, with related transmission facilities, scheduled for initial operation in June, 1957; $10,600,000 for continuing the construction of a fifth steam-electric generating unit of 125,000 kilowatt capacity at Plant Yates, with related transmission facilities, scheduled for initial operation in the second quarter of 1958; $1,300,000 toward the construction of a second steam-electric generating unit of 75,000 kilowatt capacity at Plant McManus, scheduled for initial operation in the second quarter of 1959; $3,500,000 toward the construction of Oliver Dam on the Chattahoochee River, with an installed capacity of 60,000 kilowatts, scheduled for completion in the third quarter of 1959; and $500,000 for other generating plant additions.

In order to finance such program, the company will use its cash on hand in excess of operating requirements, interest and dividends, including in such cash the proceeds from the sale of the new bonds and $17,000,000 received and $2,000,000 to be received during 1957 from the sale to The Southern Co. of additional shares of common stock of the company. The company estimates that it will not be necessary for it to sell any additional securities in 1957 for such purpose.—V. 185, p. 1153.

Gulf Oil Corp.—New Affiliate Formed—

The Laurel Pipe Line Co. has been formed to build and operate an oil product line which will stretch 440 miles from Philadelphia to Pittsburgh to Cleveland, it was announced on May 8.

Gulf Oil Corp. has a 40% interest in the Laurel company; Sinclair Pipe Line Co. has a 35% interest; and The Texas Co. has 25%.

The proposed pipe line's diameter will vary from 14 to 24 inches, with more than 109 miles scheduled to consist of 24-inch diameter pipe.

Estimated cost of the project is in the neighborhood of $50,000,000.

Approximately 76,500 tons of pipe will be required for the Laurel pipe line. Contracts have been awarded to National Tube Division of United States Steel Corp., which will manufacture the pipe at plants in McKeesport, Pa., and Lorain, Ohio. Major construction of the line is expected to begin in 1958.

6% Increase for Gulf Oil Employees in the U. S.—

Effective as of May 1, 1957 all employees of Gulf Oil Corp. in the United States, except those earning a base salary of $16,854 or more per year, and certain others, and except employees within collective bargaining units, will be granted a 6% increase in their wage and salary rates in effect on April 30, 1957.—V. 185, p. 1748.

In commenting on these figures, Herbert B. Woodman, President, stated that the decline in profit ratio should not be taken as indicative of company earnings for the full year. He attributed a considerable part of the reduction in first quarter earnings to the unavoidable lag in adjusting selling prices for recent increases in costs. In estimating results for the immediate future, he said, "Assuming the present level of industrial activity, we are confident that our current program for expense reduction and price adjustment will improve our profit showing for the balance of the year."—V. 185, p. 937.

Intermountain Gas Co., Boise, Idaho—Registers Securities With SEC—To Place Bonds Privately—

This company filed a registration statement with the Securities and Exchange Commission on May 7, 1957, covering $3,160,000 of 6% subordinate debentures, due 1982, and 189,600 shares of its $1 par common stock. The company proposes to offer these securities for public sale in units, each consisting of $100 principal amount of debentures and six common shares. The public offering price and underwriting terms are to be supplied by amendment. White, Weld & Co. is listed as the principal underwriter.

The registration statement also covers an additional 58,067 common shares. Of this stock, the company proposes to offer 45,150⅓ shares for subscription by its common stockholders in the ratio of one new share for each six shares held on the record date (to be supplied by amendment). The company also proposes to offer 2,916⅔ shares for subscription by the stockholders of Idaho Natural Gas Co. pursuant to a contract right. The balance of 10,000 shares will be offered to employees and others.

Net proceeds of the sale of the 31,600 units of debentures and common shares, of the 58,067 common shares, and of a $6,750,000 bank loan, are to be applied to the financing of the company's expansion program. This program is estimated to involve expenditures of $10,056,000, including provision of approximately $475,000 of additional working capital and materials and supplies. The balance of the net proceeds, approximately $500,000 will be used for the construction of additional distribution facilities in Initial Project Communities to meet demands for gas.

The company also proposes to sell $6,750,000 of first mortgage 5½% bonds, series B, due 1978, to institutional investors; and the proceeds thereof will be used to repay the $6,750,000 bank loan. An additional $5,000,000 of first mortgage 4⅞% bonds, series A, due July 1, 1977, are to be issued to certain life insurance companies; and the proceeds thereof will be applied to the company's 4½% bank loan.—V. 184, p. 1353.

Edward J. Bennan, President, said that both volume and profits were slightly higher than the company had anticipated in the face of softness which has appeared in a number of markets the company serves.

He added that the management anticipates that results for the entire year will not be very far off the 1956 level.—V. 185, p. 1154.

Jefferson Lake Sulphur Co.—Plans Financing—

Eugene H. Walet, Jr., President, on April 30 said in part: "Plans for the securing of additional capital to carry forward the company's diversified expansion program are being formulated.

"Construction on the sulphur extraction plant in the Peace River Area, of British Columbia, Canada, is progressing and scheduled for completion in October, 1957. Initial production, based on the scheduled deliveries of gas, will exceed 100,000 long tons per year.

"Since entering this project with Pacific Petroleums Ltd. and Westcoast Transmission Co. Ltd., additional discoveries in the general area have greatly increased the reserves of gas available for processing through the Peace River plant—and it appears that by 1959, production of sulphur will be increased to over 200,000 long tons per year. Based on available information, it is estimated that reserves of sulphur are in excess of six million long tons.

"In the Calgary area of Alberta, Canada, this company is currently drilling two wells on the 70,000 acres farmout, pursuant to the provisions of the agreement with Mobil Oil of Canada, Ltd., the Canadian subsidiary of Socony Mobil Oil Co. These wells are drilling ahead at approximately 7,300 feet and expect to encounter the Crossfield member of the Three Forks Formation of the Devonian Age at approximately 8,500 feet. Completion is expected about June 1."—V. 185, p. 2099.

Jersey Central Power & Light Co.—Stock to Parent—

The Securities and Exchange Commission, it was announced on May 6, has issued an order authorizing this company to issue and sell to its parent, General Public Utilities Corp., an additional 700,000 shares of its $10 par common stock for a cash consideration of $7,000,000.

Of the proceeds, Jersey Central will use $2,000,000 to repay a like amount of bank loans outstanding at Dec. 31, 1956, the proceeds of which were used for construction purposes; and the balance will be used for 1957 construction expenditures (including the repayment of $2,500,000 of bank borrowings since Dec. 31, 1956, the proceeds of which were used for construction purposes).—V. 185, p. 1687.

Lang Co., Inc. — Stock Offering Completed — Mention was made in our issue of May 6 of the public offering of 73,199 shares of common stock (par $5) at $14 per share, through Lee Higginson Corp. and J. A. Hogle & Co. It was quickly oversubscribed. Further details follow:

PROCEEDS—Of the net proceeds from the offering of approximately $904,000, approximately $600,000 will be used to retire current bank loans of Lang and the balance will be used for working capital.

BUSINESS—The company was organized as a Utah corporation in 1946, as the successor to a business established in 1914 by John Lang, the present Chairman of the Board. Lang is engaged primarily in the steel fabricating business in Salt Lake City, Utah. In addition to its Steel Fabricating Division, Lang operates an Oil Equipment Division, a Truck Equipment Division, a Machinery Division and a Construction Equipment Division.

Lang has concluded that it is advisable to transfer the business and assets of the Construction Equipment Division to a wholly owned subsidiary, Lang Construction Equipment Co., which was organized as a Nevada corporation on Jan. 18, 1957. This division is engaged principally in the distribution of earth-moving equipment under franchises from many leading industrial machinery and equipment manufacturers.

Lang has transferred assets having a net book value of approximately $1,600,000, consisting of accounts receivable, inventories, cash and fixed assets, to Construction Equipment in exchange for 239,999 shares of its common stock. These transfers were effected on or about May 8, 1957, and from the date o fsaid transfers Construction Equipment will conduct the business of distributing heavy earth-moving equipment now carried on by the Construction Equipment Division. On the date of the transfers the board of Lang authorized distribution on June 15, 1957, of the 239,999 shares of common stock of Construction Equipment to shareholders of record of Lang at the close of business on June 1, 1957, on the basis of one share of Construction Equipment common stock for each share of Lang common stock held.

DIVIDENDS—Lang has paid dividends on its common stock in each fiscal year beginning in 1947 with the exception of the fiscal year ending Jan. 31, 1954. The amount of such dividends paid in the future will be subject to business conditions and the operating and financial position of Lang. The directors have expressed their intention to pay dividends quarterly, with a proposed quarterly dividend of 16¼ cents to be paid June 15, 1957 to stockholders of record June 1, 1957. The dividend policy of Construction Equipment will be formulated after the close of its first fiscal quarter of operations.

Lefcourt Realty Corp.—Plans Property Spin-Off—

The directors will submit a proposal to the stockholders on May 21 calling for the spin-off of two company properties, it was announced on May 6 by A. A. Rosen, President.

The assets selected for the spin-off are a 25-story office and showroom building at 1375 Broadway, New York, and a landplot at 33rd Street and Lexington Avenue, New York, upon which the corporation is erecting a 15-story apartment building.

The proposal calls for transfer of the assets to a newly-formed corporation in exchange for corporation stock, which will be distributed on a share-for-share basis to Lefcourt Realty stockholders. Upon approval by the stockholders of the spin-off plan, application will be made for listing the new corporation on the American Stock Exchange.

Mr. Rosen said that the spin-off will enable Lefcourt Realty to pursue various new real estate ventures in accordance with the company's plans for greater growth and expansion, while the new corporation will continue with the firm's normal management activities. Lefcourt Realty, purchased last year by a management group headed by Mr. Rosen, was one of New York's largest owner-builders before it underwent substantial liquidation in 1953.—V. 184, p. 220.

Lehigh Valley Coal Corp.—Acquisition—

This corporation has acquired, through a newly formed subsidiary, substantially all stock outstanding of The Steadley Co. of Carthage, Mo., in a cash transaction, it was announced on May 2.

The 50-year old Steadley company is one of the major manufacturers of springs for the bedding and furniture industries. It has a book value of approximately $2,000,000.

All of the present management of The Steadley Company will continue their association with the company, including Kent D. Steadley, who, since 1926, had been its principal owner and chief executive. —V. 183, p. 2076.

Lehman Corp.—To Participate in Joint Venture—

The Securities and Exchange Commission on May 3 announced the issuance granting an application of this New York investment company with respect to the participation by Lehman and certain of its partners in a joint venture to be formed for the purpose of exploitation and development of certain interests in oil properties. The firm of Lehman Brothers and certain of its partners intend to become participants in this joint venture. The capital interests of that firm and of such partners are to be in the aggregate amounts of approximately $250,000 and $1,000,000 respectively. Certain customer and associates of the firm also are to become participants, with a capital investment of approximately $1,500,000. Lehman Corp. has been extended an invitation to become a participant with a capital interest of $750,000. The aggregate capital interests of all participants, including those of others in addition to Lehman Corp., Lehman Brothers, such partners, and such customers and associates of Lehman Brothers will be $12,000,000. The Commission found the proposed transaction consistent with the provisions of the Investment Company Act, and that the participation of Lehman Corporation is not on a basis different from or less advantageous than any other similar participant.—V. 185, p. 1994.

Lincoln Telephone & Telegraph Co.—Offering Completed — Dean Witter & Co., managing underwriters, announced on May 2 that all the 68,750 shares of Lincoln Telephone & Telegraph Co.'s common stock offering were subscribed for through exercise of rights offered to shareholders and employees.—See also V. 185, p. 1885.

Lockheed Aircraft Corp.—Reports Heavy Deliveries—

Deliveries of $200,000,000 worth of commercial airliners in 1957 will be the highest in the corporation's history, Robert E. Gross, Board Chairman and Chief Executive, reported at the annual meeting of stockholders on May 7.

Unusually heavy deliveries of the new Starliners and of Super Constellations during the remainder of 1957 will bring about the record commercial total, Mr. Gross reported. Previous commercial high was $131,589,000 in 1955.

This year will also see the start of large-scale deliveries of the new F-104 Starfighters to the Air Force and T2V-1 Seastar jet trainers to the Navy.

Sales and other income of Lockheed and subsidiaries for the three months ended March 31, 1957, totaled $195,479,000, slightly higher than the $187,657,000 for the first quarter in 1956, Mr. Gross announced. Military sales were $167,360,000 and commercial sales $28,118,000.

First quarter net earnings amounted to $3,415,000, or $1.16 a share, down from last year's $4,413,000, or $1.51 a share, due to heavy development costs on the new Electra prop-jet transport, which totaled $5.6 million in the 90-day period. Electra development accounted for four-fifths of a total research and development expense of $6,857,000 for the period, a 70% increase over 1956.

The new jet-age airliner is scheduled to make its first flight in January. Deliveries to airlines will begin later next year. Backlog of unfilled orders for Lockheed's three divisions and subsidiaries as of March 31 stood at $1,533,469,000, up 20% over last year's figure. All divisions showed substantial gains. Commercial orders on hand were $452,216,000 higher than the $432,225,000 of a year earlier and the $444,871,000 at the end of 1956. Military backlog stood at $1,081,253,000, up 28% over a year ago.

Lockheed paid out $1,773,000 dividends in cash during the quarter. Stockholders' equity per share rose from $34.47 (adjusted for 3% stock dividend) a year ago to $36.66. Total assets rose to $415,838,000. Working capital totaled $105,038,000.

Marking the rising importance of the missile field, Mr. Gross reported Missile Systems Division sales of $12,932,000 for the first quarter, up nearly 40% from the same period a year ago.

The stockholders voted approval of new retirement plans for both hourly and salaried employees. They approved establishment of an employee stock purchase plan which initially will affect a small number of key employees. Shareholders also authorized increase in the number of directors to permit broader representation.—V. 185, p. 1517.

LogEtronics Inc., Alexandria, Va.—New Agreement—

This corporation has just concluded an agreement with E.M.I. Electronics Ltd. of London, England, whereby the latter firm will manufacture and sell LogEtronic equipment in the Sterling Area and certain other countries, it was announced on May 8 by Richard N. Johnson, President.

"The LogEtronic system and equipment for high quality, automatic photographic reproduction has been put into use in leading laboratories from Coast to Coast in the U. S. and Canada. Exports to Continental Europe, Africa, and Latin America commenced in 1956 through newly established LogEtronic distributors in selected countries," Mr. Johnson said.

"This new long-term agreement with E.M.I. pertains primarily to the Sterling Area. It will now make LogEtronic equipment available there without the usual trade and dollar difficulties involved in importing from the dollar area," Mr. Johnson continued.

E.M.I. Electronics Ltd. is a part of the big group of Electric & Musical Industries Ltd.—one of the leading firms of electronic engineers in the United Kingdom and the largest record manufacturing and distribution organization in the world, owning in U. S. A. the well-known Capitol and Angel records.

LogEtronics Inc. is the developer and sole producer of electronically controlled photographic printers by means of which photographic negatives are made automatically to reproduce their full detail in the print. The company was formed in 1954 to take over all patent rights and preliminary development work of the LogEtronic system and to manufacture and sell LogEtronic printers.

Lomosa Finance Corp., Hialeah, Fla.—Files With SEC—

The corporation on April 29 filed a letter of notification with the SEC covering 1,150 shares of 6% cumulative preferred stock to be offered at par ($100 per share), without underwriting. The proceeds are to be used for working capital.

Mannesmann Tube Co., Ltd., Sault Ste. Marie, Ont., Canada—Builds Large Plant—

The world's first completely automatic plant manufacturing seamless steel tubing will mark a new era in the industry when this company inaugurates their plant on June 15 at Sault Ste. Marie, it was announced on May 9 by Dr. Gerhard Wagner, President.

The highly mechanized mill, which is housed in a windowless steel building over a quarter mile long and 200 feet wide, was built at a cost of approximately $20,000,000. This new seamless steel tube plant will be a truly "push button" operation from steel rounds to the completed tubes ranging in size from 4½ to 10¾, outside diameter, according to Dr. Wagner.

Despite extensive automation, Dr. Wagner pointed out an estimated 500 workers will be required to operate the mill when it is in production. This labor force is geared to produce approximately 225,000

tons of finished seamless steel tubes annually, which works out to about 450 tons per man year.

The company was founded over 70 years ago by the Mannesmann brothers.

The Sault Ste. Marie mill is one of 70 plants controlled by the Mannesmann group, according to Dr. Wagner. Plants and offices are in Germany, Brazil, France, Turkey, West Indies, Luxembourg, South Africa, the United States and Canada

The Foundation Co. of Canada, Ltd., of several Canadian subcontractors built the plant and installed the complicated equipment. Canadian General Electric Co. of Peterborough, Ontario, provided the majority of electrical installations.

Mannesmann International Corp., an associate of Mannesmann, A. G., has recently acquired a substantial interest in the Algoma Steel Corp., Ltd., along with A. V. Roe of Canada; the McIntrye Porcupine Mines Ltd., and a group of British Investors represented by the Royal Bank of Canada.

Maule Industries, Inc.—Sales & Earnings Rise—

Gains in sales and in net profits for the first quarter of 1957, as compared with the first quarter of 1956, are announced by Jose A. Ferre, Chairman of the Board.

Sales for the period ended March 31 were $5,950,636 as against sales for the comparable period a year ago of $4,869,680. Net profits after Federal taxes are $300,193 for the first '57 quarter, as compared with $252,275 of the first '56 quarter.

In connection with the reduction of 3,000,000 shares of $1 par common stock to 1,000,000 shares of $3 par common stock, voted at the recent stockholders' meeting, Mr. Ferre announced that no fractional shares will be issued in connection with this exchange. The company will purchase such odd shares at the book value as of March 31, 1957, which is $6.81 per share, for the 2,237,032 old shares presently outstanding.

All present outstanding stock, said Mr. Ferre, is expected to be exchanged prior to June 7, which will be the record date for the first quarterly dividend payment on the new stock.

A dividend of 20 cents per share on the new stock has been voted by the directors, Mr. Ferre said. This will be payable June 28 to stockholders of record as of June 7. This represents an increase of 1¼ cents per share over the dividend paid in the preceding quarter, converted to the new share basis.—V. 185, p. 1995.

McRae Oil & Gas Corp.—New Discovery Well—

This corporation has completed its No. 1 Kutz Federal wildcat operation in San Juan County, North West New Mexico, as a commercial gas discovery from 162 feet of pay in the Dakota sand it was announced on May 3 by James A. McRae, President.

On the latest production test the well flowed gas at a rate of 12,000,000 cubic feet daily. Representatives of McRae expect that when the well is completely cleaned of the effects of fracturing the gas flow will increase to between 15,000,000 and 20,000,000 cubic feet per day. The well also is making an ungauged amount of condensate.

The discovery is on the North East side of a block of 5,400 acres of leases owned by McRae Oil & Gas in North West San Juan County. The company expects soon to begin an active development program of this acreage. McRae's interest in the discovery well and the acreage is 100% until drilling costs are recovered in full, after which the company's interest becomes 50%.—V. 181, p. 2357.

New England Gas & Electric Association—New Pres.—

F. D. Campbell, President since 1938, has been elected Chairman of the Board of Trustees and John F. Rich has been named to succeed him as President and Chief Executive Officer. Mr. Campbell will continue on a full-time basis until his retirement Sept. 1, 1957, and thereafter will act as Chairman and consultant.

Mr. Rich joined the Board of Trustees in 1947 and became General Counsel in 1949. He was Treasurer of Algonquin Gas Transmission Co., 1949-1954. He is a director of Western Union Telegraph Co., Palm Beach Co., and Algonquin Gas Transmission Co.

Plans Expenditures Totaling $34,000,000—

"A planned expansion and construction program to take care of the estimated customer growth and usage," said Mr. Campbell, "and to provide for major improvements in the distribution systems, will cost an estimated $34,000,000 through 1960. We spent $5,500,000 on this capital construction program in 1956."

A six cent drop in per share earnings of the Association as reported for the 12-month period ended March 31, was largely due to an increase in demand charges for natural gas combined with the much warmer winter just ended. Increased costs of labor, fuels, and taxes also were a factor, it was explained.

Earnings Show Drop From 1956 Period—

This Association in a summary of earnings for the 12 months ended March 31, 1957, shows a balance to surplus for that period of $3,477,628 on a consolidated basis compared with $3,580,763 for the same period last year. After allowance for dividends on the preferred shares, the balance of $3,413,127 amounts to $1.41 per average common share issued and outstanding in the current period compared with $1.47 per average common share outstanding for the corresponding previous period based on 2,416,883 and 2,367,947 average common shares outstanding in the respective periods.

Total consolidated operating revenues for the latest 12 months were $44,930,739 compared with $41,570,469 for the corresponding period last year, an increase of 8%.—V. 185, p. 979.

New York State Electric & Gas Corp.—Bids May 14—

The company at Room 2017, 61 Broadway, New York 6, N. Y., will up to noon (EDT) on May 14 receive bids for the purchase from it of $25,000,000 first mortgage bonds due May 1, 1987.—V. 185, p. 1890.

Niagara Mohawk Power Corp.—Plans Expansion—

This corporation is making "excellent progress" with the largest construction program it has ever undertaken, Earle J. Machold, President, told stockholders of the company at their annual meeting on May 7. The program, on which Niagara Mohawk will spend $94,000,000 this year, will add nearly 1,000,000 kilowatts to the company's generating capacity by the end of 1959. It also includes a 55-mile 230,000-volt transmission line that will link the Niagara Mohawk System with the St. Lawrence River power project.—V. 185, p. 2102.

Nic-L-Silver Battery Co. (Calif.)—Securities Offered

—The Company on April 2 offered 75,000 shares of 5% cumulative (participating) preferred stock and 7,500 shares of common stock at par ($10 per share). No underwriting is involved.

The common shares were first offered to company's present shareholders and then to officers and directors, employees, distributors, suppliers and business associates. The preferred shares were first offered to officers and directors, employees, distributors, suppliers and business associates and such sales are to be made without deduction for commissions. However, in the event all of the common shares and preferred shares are not sold to persons of the classes above mentioned, the company plans to sell the remaining shares through a broker or brokers.

The holders of preferred shares are entitled to receive preferential cumulative dividends at the rate of 5% per annum, payable annually on March 31 of each calendar year after the year 1956, and thereafter, holders of common shares, as a class, are entitled to receive a like amount of funds as shall have been paid or set apart for the preferred shares for the then dividend period, and thereafter should any further surplus or net profits in the discretion of the board of directors remain applicable for the dividend purposes in any fiscal year, such further sum shall be applicable and payable to the preferred and common stock, and 50% of said sum to be set aside and payable to the preferred stock, and 50% to be set aside and payable to the common stock.

Upon liquidation, dissolution or winding up, holders of preferred shares are preferred up to an amount equal to par plus unpaid accrued dividends thereon and no more.

PROCEEDS—It is proposed that net proceeds of the 7,500 shares of common stock be used to replace certain rolling stock that has become uneconomical to operate.

The net proceeds from the issue of 75,000 shares of preferred stock will be added to the general funds of the company. There has been no definite allocation of funds for specific purposes, however, the company expects to use such funds as follows: (1) Liquidate the note payable to the Bank of America in the amount of $178,635 and discontinue the practice of borrowing on accounts receivable; (2) increase inventories by $250,000 to $631,384 so that a more stable situation will exist, allowing the company to deliver to its jobbers and warehouses at less frequent intervals; and (3) to provide additional working capital of $283,865 for such purposes as reducing accounts payable, payment for current operating expenses and/or reducing contracts payable. Such funds will be expended from time to time for the above corporate purposes as the management may determine.

The proceeds from the sale of preferred shares up to 12,500 shares ($125,000) out of the proceeds from the sale of the 25,000 preferred shares. $250,000, authorized to be sold and issued under the permit issued by the Corporations Commissioner of the State of California, will be impounded with the Bank of America NT&SA, Santa Ana Branch, 801 North Main Street, Santa Ana, Calif. Until such money is released by the Corporations Commissioner of the State of California, all of such funds will be available for refund and earmarked therefor in the event it becomes necessary. After the release of the money from the impound, the company will repurchase any and all shares of the subscribers who may elect to cancel their subscriptions under this provision, if any is required, out of the working capital of the company to the extent available.

The authorization to sell and issue the 75,000 shares of preferred stock of the company by the Corporations Commissioner of the State of California is to be accomplished by three separate permits. The first permit authorizing the sale and issuance of 25,000 shares of preferred stock required the impounding of $125,000 referred to above. The next two permits, each authorizing the sale and issuance of 25,000 shares of preferred stock will require the impounding of the same amount on each permit. The impounded funds will be available and earmarked for refund to subscribers in the event it becomes necessary. If the company is required to refund more money than is available from the impounds, the company will pay the amounts required out of the working capital of the company to the extent available.

DIVIDENDS—The company has paid no cash dividends to the common stockholders, but did declare a stock dividend of three shares for every one share held as of Feb. 6, 1956.

The company paid a 5% cash dividend on July 15, 1956, to the stockholders of record as of July 10, 1956, on 17,558 shares outstanding. The company also paid a 5% cash dividend on Oct. 15, 1956, on 23,798 shares outstanding. The company also paid a 5% cash dividend on Jan. 15, 1957, on 25,000 shares outstanding. The directors determined that the earned surplus of the company was within the limitations and obligations of the company to declare the additional 5% cash dividend paid on Oct. 15, 1956. The company felt justified in paying these dividends on preferred stock in view of the earnings of the company. In order to satisfy the participating provisions of the articles of incorporation, the directors declared a stock dividend on common shares on Feb. 15, 1957 payable to stockholders of record as of March 31, 1957, of 3,317.8 shares of common stock (par $10 per share).

BUSINESS—Corporation has its offices at 600 Terminal Avenue, Santa Ana, Calif. It was incorporated in California on Feb. 11, 1954.

The company is engaged in the wholesale distribution of batteries, parts and accessories thereof, under the trade mark of "NIC-L-SILVER" Batteries. Presently, the company has warehouses in the States of Oregon, Washington, Nevada, Arizona and New Mexico, as well as in Bakersfield, Fresno, Stockton, Los Angeles, San Diego, Oakland and Salinas within the State of California.—V. 185, p. 47.

North American Aviation, Inc.—Asks Tax Review—

The corporation filed in the Tax Court of the United States in Washington, D. C. on May 3 a petition for a review of the order of The Renegotiation Board claiming that the company had excessive profits for the fiscal year 1953 which if sustained would require a refund by the company of approximately $1,300,000. The petition asks the Tax Court to try the case de novo and determine that the company did not receive excessive profits during that fiscal year. The company has refused to pay the refund and has filed a bond with the Tax Court in order to stay the order of The Renegotiation Board.

North American's petition alleges that The Renegotiation Board's determination was not made in accordance with the Renegotiation Act. Among other reasons, the company cited as error the failure of the Board to give favorable recognition to the company's exceptional efficiency in the attainment of quantity and quality productions, reduction of costs and economy in the use of materials, facilities and manpower. The petition referred to the long experience of North American Aviation in the manufacture of aircraft and its important pioneering work in developing and manufacturing aircraft, guided missiles, related electromechanical equipment, rocket engines and atomic energy equipment, all of which involved a high degree of scientific knowledge and technological skill. The company also pointed out in the petition that its profits from renegotiable business during the fiscal year 1953 before Federal income taxes amounted to only 7% of its total renegotiable business in the fiscal year which was lower than its profit rate in three of the five previous fiscal years in which no refund was claimed by The Renegotiation Board. The company also maintained that its profit rate was lower than the aircraft industry generally and of representative United States manufacturers as a group during that year.

The outstanding record of North American's F-86 Sabre Jet fighters during the Korean hostilities was emphasized in the petition as evidence of North American's contribution to the national defense particularly during the fiscal year 1953 when in the last 100 days of the Korean War the F-86 Sabre Jet shot down 200 MIG fighter planes while losing only three Sabre Jets in the combat.

Development Work by Missile Development Unit—

The corporation's Missile Development Division has received an additional $21,000,000 for research and development work on the Air Force SM-64 Navaho, Intercontinental Strategic Weapons System, it was announced on May 3 by the company and the Air Force.

The NAVAHO, which is rocket boosted to altitude and ramjet powered, is this country's first long-range cruise type guided missile capable of high supersonic speed, and is currently undergoing tests at the Air Force Missile Test Center in Florida.

Acquires Option on Property—

Options to purchase approximately 12,600 acres of land in Washoe County, Nev., have been acquired by this corporation, it was announced on April 30 by J. S. Smithson, Vice-President administration. The property, located 10 miles northeast of Reno, is for the most part undeveloped.

The corporation has made no final decision to actually purchase the property, and consequently has no immediate plans for construction or hiring in the area, Mr. Smithson said. Decision for purchase will not be made for some months, he added, but in the meantime the company will complete detailed surveys of the property and available facilities.

"Consideration of this property," he said, "is part of North American Aviation's over-all planning for possible growth in our various fields of endeavor should future requirements necessitate additional facilities. The location is being considered among others because of certain conditions and expansion possibilities which could provide for future development of manufacturing and test facilities, possibly in the electromechanical and rocket engine fields."

The property includes acreage owned by A. J. Flagg, San Francisco; Gordon B. Harris, Reno; Louis Dandrea and Caesar J. Gaspari, Reno, and Reno Sky Ranch, Inc., and some portions now owned by the Government. The entire property is approximately 14 miles north of Sparks in the area adjacent to Sugar Loaf Mountain, and encompasses the private airport at Reno Sky Ranch.—V. 185, p. 1791.

North American Refractories Co.—Earnings Higher—

Net income for the first quarter of 1957 showed an increase of 39% on a gain in net sales of 11%, E. W. Valensi, President, announced on May 7.

Mr. Valensi reported that net income for the quarter ended March 31, 1957 amounted to $328,836, equivalent to $1.35 a share on the common stock. This compared with net income of $237,696, or 97 cents a share in the corresponding three months of 1956, based on the same number of shares.

Net sales for the period amounted to $3,512,993 as contrasted to $3,165,193 a year ago.

Mr. Valensi said that earnings are continuing to reflect the benefits of the company's plant expansion and modernization program. He pointed out that construction has been started on a new research center in Curwensville, Pa., and on the modernization of the Farber, Mo. plant. Both projects are scheduled for completion in the latter part of 1957.—V. 169, p. 9.

North American Resources Corp., Reno, Nev.—Hearing by SEC on Delisting—

The Securities and Exchange Commission, it was announced on May 2, has ordered proceedings under the Securities and Exchange Act of 1934 to determine whether the 10c par common stock of this corporation (formerly Miners Gold Mining Co.), should be suspended or withdrawn from listing and registration on the Salt Lake Stock Exchange. A hearing for the purpose of taking evidence therein will commence on May 29, 1957, in the Salt Lake branch office of the Commission.

According to its order, the Commission has reason to believe that the company failed to comply with the reporting requirements of Section 13 of the Act, in that it failed to file a current report furnishing information with respect to the issuance of 6,750,000 com. shares in November, 1956, in exchange for the assets of Reno Mines, Inc. Furthermore, the order asserts, registrant's proxy statement filed on Sept. 26, 1956, pursuant to Section 14 of the Act, in respect of a special meeting of stockholders scheduled for Oct. 12, 1956, was false and misleading (1) in representing to stockholders, in connection with the requested authorization for an increase in the authorized shares of stock from 2,000,000 to 10,000,000, that no particular transaction was pending for the issuance of any such additional shares and (2) in omitting to state that negotiations were pending for acquisition or Reno Mines in exchange for a large block of the to-be-authorized shares of Registrant's stock and omitting to state the nature and approximate amount of the assets of Reno Mines.

At the hearing, inquiry will be conducted into the foregoing matters for the purpose of determining whether the provisions of Section 13 and 14 of the Act have been violated, and, if so, whether it is in the public interest or the interest of investors to suspend Registrant's stock from the Exchange for a period of not to exceed 12 months, or withdraw it from listing and registration.

Northern Illinois Gas Co.—To Increase Preferred—

The stockholders on June 11 will be asked to increase the authorized $100 preferred stock to 300,000 shares.

Marvin Chandler, President, pointed out that the company expects to spend about $75,000,000 on construction work in the four years 1957-60 (exclusive of any possible outlays for major supply or storage facilities in the latter two years) and that it is estimated that about $40,000,000 of new capital will be needed to finance this program. The company's strong capital structure makes it unlikely that there will be a need to sell common stock in the next few years.

"Although we have sufficient authority to sell mortgage bonds and debentures," Mr. Chandler said, "the presently authorized amount of preferred stock might not be enough to carry us through.

"Authorization at this time of the additional amount of preferred stock will place us in a position of maximum flexibility to finance, from time to time in the future, on the best terms possible under fluctuating market conditions."

He emphasized Northern Illinois Gas has no present plans to sell any preferred stock.—V. 185, p. 1518.

Northern States Power Co. (Wis.)—Registers With Securities and Exchange Commission—

This company on May 2 filed a registration statement covering $10,000,000 of first mortgage bonds, due June 1, 1987, to be offered for public sale at competitive bidding.

Net proceeds will be used to replenish the cash position of the company which will be reduced temporarily by the proposed payment at maturity on May 31, 1957, of $1,000,000 of short-term bank loans, for the prepayment of $4,750,000 of short-term bank loans due later this year, for the payment of $1,000,000 advanced by the parent company (Northern States Power Co., a Minnesota corporation, which owns over 99% of the Wisconsin company's common stock) in March 1957, and the balance for construction expenditures. The company estimates its construction expenditures for 1957 at $7,500,000 (including expenditures of $911,000 made prior to April 1, 1957) and for 1958 at $9,000,000.—V. 185, p. 2102.

Ohio Oil Co.—Plans Large Capital Expenditures—

The company plans capital expenditures of $67,000,000 during 1957, J. C. Donnell II, President, announced on May 2. This is $15,000,000 more than the record outlays last year.

Earnings in the first three months of 1957 totaled $12,666,000, Mr. Donnell reported—the highest first-quarter income in the company's 70 years of operation, and 7.6% more than in the period last year. On a per-share basis, the earnings were equal to 96 cents, an increase of 6 cents over the first quarter of 1956.

Working capital at the end of March was $81,155,000, increasing $7,348,000 during the quarter. Cash and short-term securities increased $12,368,000 to a total of $55,123,000.

Paradox Production Corp. (Nev.)—Stock Offered—

Market Securities, Inc., Salt Lake City, Utah, on March 31 offered publicly 1,000,000 shares of common stock (par $1) at $1.25 per share as a speculation.

PROCEEDS—The net proceeds will be used to drill and complete test wells and for general corporate purposes.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

BUSINESS—Corporation was incorporated in Nevada on Oct. 26, 1956. It has qualified to do business in Utah and has its principal office at 505 Beason Building, Salt Lake City, Utah. Although its articles of incorporation authorize it to engage in any lawful purpose, object or activity, the corporation now proposes only to acquire, explore and, if warranted, to develop oil and gas properties.

The corporation has no operating history or producing oil properties or proven oil reserves. Its activities to date have been limited to acquisition and preliminary study of oil and gas properties which, although deemed worthwhile for exploration, are strictly "wildcat."

The corporation proposes to explore, and, if warranted, to develop for oil and gas certain properties, consisting of 53,236 acres, more or less, of public lands located in Wayne, Garfield, Emery and Carbon Counties, Utah, and subject to United States oil and gas leases in which the corporation has interests.

The Putnam and Smoot leases cover two separate acreage blocks: The Southeast Nequoia Arch prospect, containing approximately 14,720 acres, and the Dirty Devil prospect, containing approximately 27,791 acres. This acreage is situated in the Green River Desert Area of the Colorado Plateau Province in Southeastern Utah. This acreage is approximately 38 miles south of Green River, Utah, 54 miles southwest of Moab, Utah, and 82 miles northwest of the recently discovered Aneth field in the Paradox Basin.

The corporation has an option to purchase an undivided one-half of the lessee's interest in the United States oil and gas leases designated as the Kyle Leases. By the terms of the option agreement, Henry H. Kyle and Republic Gas & Uranium Corp. represented and warranted their ownership of such leases and, as optionors, granted to the corporation the exclusive right and option, for an option period commencing with the date of the agreement and ending July 1, 1957, to purchase the individual or joint interests of the optionors as to all of the land covered by such leases.—V. 185, p. 722.

Pennsylvania RR.—Bids for Equipment Certificates—

The company at its office in Philadelphia, Pa., will up to noon (EDT) on May 13 receive bids for the purchase from it of $5,490,000 equipment trust certificates, series II, to be dated June 1, 1957 and to mature in 30 equal semi-annual installments beginning Dec. 1, 1957. This is the first installment of an authorized issue of $11,010,000 of these certificates, the proceeds of which will be used to finance a part of the cost of $13,790,000 of new equipment.—V. 185, p. 2103.

Peoples Natural Gas Co., Pittsburgh, Pa.—To Sell Notes

The company has applied to the Pennsylvania P. U. Commission for authority to issue and sell $11,000,000 of promissory notes, and to use the proceeds to pay for plant construction, which, it is estimated, will cost about $6,500,000 this year.—V. 181, p. 549.

Perfect Circle Corp.—Teetor New Chairman of Board

Donald H. Teetor, Vice-President for the last 11 years, on May 3, was named Chairman of the Board, succeeding his brother Lothair Teetor.

The directors also elected William B. Prosser to succeed Ralph R. Teetor as President, and Herman C. Teetor to succeed Donald H. Teetor as Vice-President.

Lothair Teetor and Ralph Teetor will continue as directors and the latter will maintain an active association with the business, devoting his attention to new product development projects.—V. 185, p. 616.

The company has called for redemption on June 1, next, $165,000 of its 5% collateral trust sinking fund notes, series B. due June 1, 1968, at 100% of the principal amount plus accrued interest. Payment will be made at the Old Colony Trust Co., 45 Milk St., Boston, Mass.—V. 185, p. 1996.

(H. K.) Porter Co., Inc.—Acquires Electrical Concern.

This company on May 6 announced the acquisition of R. Thomas & Sons Co., Inc., manufacturers of high voltage and other electrical porcelain, in Lisbon, Ohio. T. M. Evans, Porter's Chairman, also stated that the Thomas operation would be combined with Porter's Delta-Star Electric Division. This company is the second acquisition in the electrical manufacturing field for Porter during the past few weeks; on April 23 Federal Wire & Cable Co., Ltd. of Guelph, Ontario, Canada, was acquired.

Porter also announced on May 6 the development of a line of distribution transformers, designed and currently manufactured by Delta-Star Electric Division's Philadelphia (Pa.) plant.

Mr. Evans stated that Porter is increasing its business in the electrical equipment division because of the attractive growth possibilities in that field during the next five to 10 years.

R. Thomas & Sons Co., Inc., founded in 1874, also manufactures electrical porcelain used in connection with transmission lines, outdoor substations, and specialty porcelain used by electrical equipment manufacturers. Sales for the Thomas Works, as it will be known, are to be combined with the national sales organization of Delta-Star. Other plants of Porter's electrical division are located in Chicago and Philadelphia; sales offices are in principal cities.—V. 185, p. 1996.

Potomac Edison Co.—Bonds Offered—

An underwriting group headed jointly by W. C. Langley & Co. and The First Boston Corp. on May 9 offered $14,000,000 of first mortgage and collateral trust bonds, 4⅝% series, due May 1, 1987, at 101.715% and accrued interest to yield 4.52% to maturity. The group won award of the bonds at competitive sale on May 8 on a bid of 100.965%.

Bids for 4⅝s also were received from Equitable Securities Corp., 100.49; Lehman Brothers, Eastman Dillon, Union Securities & Co., Harriman Ripley & Co., Inc., and Merrill Lynch, Pierce, Fenner & Beane (jointly), 100.31; and White, Weld & Co., and Shields & Co. (jointly), 100.129. Halsey, Stuart & Co. Inc., bid 101.5899 for 4¾s.

The new bonds will be redeemable at regular redemption prices ranging from 106.34% to par, and at special redemption prices receding from 101.72% to par, plus accrued interest in each case.

PROCEEDS—Net proceeds from the sale of the bonds will be used to provide for expenditures in connection with the construction program of the company and its subsidiaries. Other funds for construction purposes will include $2,000,000 from the sale of additional common stock to the company's parent, The West Penn Electric Co. in March, 1957 and funds to be derived from operations.

BUSINESS—Company and its principal subsidiaries are electric utilities operating in adjacent portions of Maryland, Virginia, West Virginia and Pennsylvania, centering around the valley of the Potomac River and its tributaries. The company is a subsidiary of The West Penn Electric Co., and the company and its subsidiaries form an important part of the electric system of West Penn Electric Co. Territory served by Potomac Edison and its subsidiaries covers about 7,800 square miles and has a population of about 491,000.

EARNINGS—For the year 1956, the company and its subsidiaries had consolidated operating revenues of $25,448,010 and consolidated net income of $4,477,566.

PURCHASERS—The purchasers have agreed to buy all the new bonds:

Potomac Electric Power Co.—Expansion, etc.—

Contracts have been let for the construction of the company's new generating station to be located in the Dickerson area of Montgomery County. This station will be built to house two 175,000 kilowatt turbo-generator units. The one unit which will be installed initially is scheduled to be placed in operation in the early summer of 1959. The estimated total cost of the first unit and the necessary 230 KV transmission amounts to $35,000,000.

Gross additions to property and plant during the 12 months ended March 31, 1957 amounted to $37,067,000.

Total operating revenues for the 12 months ended March 31, 1957, amounted to $64,759,500—an increase of $4,895,400 or 8.2% over the 12 months ended March 31, 1956 (which period only partially reflected the increased rates which went into effect in May, 1955).

Total operating costs amounted to $50,641,700—an increase of $3,521,000 or 7.5%.

Net income for the 12 months ended March 31, 1957 was $9,771,300, and for the same period ended in 1956 was $8,962,000.

For the 12 months ended March 31, 1957, earnings per share of common stock were $1.57, compared with $1.52 for the corresponding period ended in 1956. These earnings are stated on the basis of the numbers of shares outstanding at the ends of the respective periods.

New Unit Placed in Operation—

To meet the ever-increasing demands of its customers for electricity, this company announced on May 6 that it has placed in preliminary operation a new generating unit with a capability of 103,000 kilowatts, together with additional boiler capacity and related equipment, at its Potomac River Generating Station located in Alexandria, Va.

This unit, the fifth at this plant, has been constructed during the last two years at a cost of approximately $15,300,000, and it is a duplicate of Unit No. 4 which was placed in service in February, 1956. With the addition of this unit, there will be a total investment of approximately $70,000,000 in this generating station and it will bring the company's generating capacity to an effective capability of 1,056,000 kilowatts.—V. 185, p. 1048.

Progress Manufacturing Co., Inc.—Profits Show Gain

Sales and earnings of this company set new high records in the first quarter of 1957, according to Maurice M. Rosen, President.

Progress, world's largest manufacturer of residential lighting fixtures, scored a 26.3% increase in sales in the three months ended March 31, 1957. Sales were $5,552,116, against $4,394,768 in the first 1956 quarter.

The company's net income after all charges and taxes rose 12.2% to $319,738 in the initial 1957 quarter from $285,108 in the first three months of last year. The net income for the latest period equals 43 cents per share on 739,658 shares of common stock outstanding on March 31, 1957. A year earlier, net income equaled 44 cents a share on the 658,828 shares of common then outstanding. The increase reflects the issuance of approximately 60,000 shares to effect the merger in April last year with Marvin Electric Manufacturing Co. of Los Angeles, and the payment on Jan. 31 last of a 4% stock dividend —V. 185, p. 1519.

Propellex Chemical Corp., East Alton, Ill.—Stock Offered—

The company on April 10 offered publicly 246,500 shares of common stock at par ($1 per share) as a speculation. This offering is not underwritten.

PROCEEDS, Etc.—The corporation has purchased 100 acres of land which is subject to a $6,500 mortgage and note and it is located approximately two miles northwest of Edwardsville, Ill. The site now has electric power, an electric powered water system and well, a concrete block building which will be used as an office and laboratory, a frame building which will be used for storage of raw materials, and a frame storage building which will be used as an assembly building.

The construction of seven new buildings will be required for the necessary research and development facilities to meet anticipated production during the first 18 months of business. For the commencement of business, the following will be needed immediately. The three existing buildings will be improved and equipped at the approximate cost of $10,165. An additional two new frame buildings will be needed, one with the attendant equipment for production and mixing of propellants which will cost approximately $23,230, and a further building for the curing of propellants which will cost $7,519 with the necessary equipment. The amount needed for facilities for commencement of business is $60,264 which includes the $12,500 paid for the plant site.

After business has commenced and during the first 18 months of operation, it is anticipated that the following construction will be necessary if the business expands as expected by the company. First, a building to be used as an office which will require the expenditure of $12,287 with equipment. At the time this building is occupied as an office, the concrete block building which presently exists on the site will be converted to laboratory use only. A utility assembly building, at a cost of $5,119 equipped, a storage building, at a cost of $2,518 equipped, an igniter assembly building, at a cost of $2,700 equipped, and a test control building, at a cost of $17,250 equipped, $5,650 for tools and transport equipment, and $10,000 for contingencies will be required to complete the anticipated building program. Thus after the initial expenditure for the commencement of business, an additional $55,524 will be required for further permanent facilities as set out above. Fixed assets will total $115,788, leaving $174,212 for operating capital, plus $1,750 paid for common stock warrants. There are no present contract obligations by this company for the construction listed above nor to any potential or intended supplier.

BUSINESS—The corporation was incorporated in Delaware on March 12, 1957. The company's main office is presently located at 227 Oakley Place, East Alton, Ill., but will be moved to the plant site upon completion of construction.

The company is organized for research, development, production and sale of explosives and propellants, propellant and explosive actuated devices, and related items. Propellants are popularly known as rocket fuels. The particular type this company plans to produce is made of fertilizer grade ammonium nitrate as a base with a plastic as a binder. —V. 185, p. 1891.

Public Service Co. of Colorado—Bids May 20—

Bids will be received by the company at the office of Guaranty Trust Co. of New York, 35 Nassau St., New York, N. Y., up to 11:30 a.m. (EDT) on May 20 for the purchase from it of $30,000,000 first mortgage bonds due May 1, 1987.—V. 185, p. 2103.

Purex Corp., Ltd. (Calif.)—Plans Financing—

A report on this corporation by DeWitt Conklin Organization, dated March, 1957, contained the statement that "net proceeds of at least $1,200,000 are to be received by the company prior to July 1, 1957, from the sale of new capital stock." This requirement was incident to one of two $3,000,000 notes held by a life insurance company.

Under a new agreement between PUREX and the note holder, dated April 5, 1957, the provision relating to the $1,200,000 of new capital has been waived, conditioned upon consolidated net earnings for the current fiscal year equalling $1,075,600 plus the amount of dividends declared or paid during the year. Estimated net income for this fiscal year is $1,900,000 and common dividend requirements will amount to $650,000. The estimated net addition to surplus of $1,250,000 should provide comfortable coverage under this provision.

The waiver agreement also contains a change in the method of pre-payment of the notes as follows: Under the former note agreements, the $3,000,000 4¼% note was payable $215,000 annually and the $3,000,000 5% note was payable $200,000 annually. Under the new agreement, the 4¼% note is payable $415,000 annually (plus any optional additional payments by the company), and no payments are due on the 5% note until the 4¼% note is paid in full.—V. 184, p. 1799.

Raymond Oil Co., Inc., Wichita, Kan.—Registration Withdrawn—

The registration statement covering a proposed issue of 200,000 shares of common stock (par 25 cents), through Perkins & Co., Inc., Dallas, Texas, filed with the SEC on Jan. 29, 1957, has been withdrawn.—V. 185, p. 1390.

Reynolds Metals Co.—Large Construction Contract—

The Bechtel Corp. of San Francisco and New York has been awarded the engineering and construction contract for the new $88,000,000 Reynolds Metals Co. aluminum reduction plant at Massena, N. Y., R. S. Reynolds, Jr., President, announced on May 5.

According to terms of the contract, grading and site preperation for the new 100,000-ton reduction plant on the St. Lawrence Seaway will begin immediately. It is anticipated that this first phase of construction, as well as some partial foundation work, will be completed before winter.

The first buildings to be erected on the 1,700-acre site will be a machine shop and office building. The project is scheduled for completion by Nov. 1, 1959.

Bechtel, one of seven bidders on the Massena project, is currently constructing a third unit at the Reynolds Metals Company alumina plant at Corpus Christi, Tex., costing approximately $30,000,000. —V. 185, p. 2104.

Rheem Manufacturing Co.—New President—Earnings

G. W. Mallatratt, of New York City, on April 26 was elected a director of this company.

The shareholders returned the entire management slate which included A. Lightfoot Walker, who was elected President and Chief Executive Officer last September, succeeding R. S. Rheem, who became Chairman of the Board.

Mr. Walker told shareholders the company had turned the corner toward a profitable year. First quarter earnings were $611,464, equal to 30 cents a share on 1,951,538 common shares. This compares with $899,721, equal to 45 cents a share for the first quarter of 1956, when there were 1,941,256 shares outstanding. Although the company made a profit in the first quarter last year, it reported a loss for the entire year of $4.75 a share, the first in 32 years of business.

He said that improvement in earnings reflected changes in organization structure, reappraisal of product lines and strengthening manufacturing and marketing abilities.

Mr. Mallatratt is Vice President and Treasurer of Rheem.—V. 185, p. 1048.

In addition, Sharon's 50% interest in the net income of Mallory-Sharon Titanium Corp. for the quarter, amounted to 40 cents per share in Sharon stock, and is not included in the above figures. No comparison is available for the like period in 1956.

Commenting on the first quarter, Henry Roemer, Chairman, said, "The demand for steel has continued to decline during and since the end of the first quarter. Although no immediate sharp up-swing in steel sales can be predicted at this time, it is our belief that prospects for increased sales should improve after the end of the second quarter and should continue at a reasonably favorable rate over the balance of this year."—V. 185, p. 1158.

(W. A.) Sheaffer Pen Co.—Profits & Sales Show Gain

Net sales for the fiscal year ended Feb. 28, 1957 were $26,284,942, about 1% higher than those of the previous year, W. A. Sheaffer II, President, announced on May 6 in his annual report to stockholders. It revealed that earnings rose 7.5% over the previous year, due, Mr. Sheaffer said, to economy of operations and improvements in manufacturing methods.

Net income for the fiscal year was $2,208,335, or $2.67 a share, compared with $2,054,042, or $2.49 a share, in the preceding year.

Taxes continue to exert a heavy influence on profits, Mr. Sheaffer said. Provision for Federal and State income taxxes during the past fiscal year amounted to $2,360,000 or $2.86 a share of common stock compared with $2,158,399 or $2.62 a share in the previous fiscal year. —V. 185, p. 1520.

Sheraton Corp. of America—Financing, etc. Reviewed —Ernest Henderson, President, in an address delivered April 30 to the Philadelphia Securities Association, said in part:

Although the market value of Sheraton shares has risen over a hundred fold during the past 18 years, most of the time the stock has sold for less than half of its intrinsic value. The most noteworthy exception was in 1946. Just prior to our listing on the New York Stock Exchange, Sheraton shares rose to 130% of asset value, apparently in anticipation of this momentous event.

In the next two years, following membership in this august club at the corner of Wall and Broad Streets, although earnings and asset values continued to rise, Sheraton shares dropped back on the big board to approximately one-third of their indicated asset value. Shortly thereafter, the ratio returned to the more customary level of one-half asset value. Today the shares have an estimated $26 intrinsic value and a market value around $12½. The market value seems usually to prefer to reflect the asset value of a few years earlier.

There appear to be three principal reasons for this apparent apathy. All are perhaps related to the company's policy of seeking long-range goals at the expense, if necessary, of immediately available profits.

First under this category is the policy of plowing back each year a large portion of the current earnings into maintenance and improvements. To the extent that such expenditures may be properly charged to expense, they reduce reported earnings, while enhancing future earning power.

A second and more important factor is the policy of seeking maximum deductions for depreciation reserves. The immediate effect is a sizable contraction in reported earnings. The long-range value in building up cash flow and asset values, however, helps create that growth record on which the company places so much emphasis. Depreciation reserves, now running at the rate of nearly $12,000,000 a year are almost twice as high in relation to sales volume as those of some of the company's important competitors. This $12,000,000 deduction for depreciation will leave only approximately $5,000,000 of estimated earnings after taxes to be reported for the fiscal year ended April 30, 1957.

This high reserve for depreciation is even more significant, for during the past 20 years of hotel operations there has actually been little or no apparent depreciation or obsolescence, since Sheraton Hotels have increased, rather than diminished, in market value in each of these years. Creeping inflation, better earnings to capitalize, together with generous maintenance and improvement programs seem to have more than offset any actual obsolescence. Perhaps, if a figure for appreciation were added, to reflect the increased earning powers that management has provided, in place of the actions for depreciation, the noteworthy growth of the company might be better accounted for. But I realize I'm on very dangerous ground, depreciation being clearly a sacred subject to security analysts, and I certainly do not wish to be guilty of promoting any doctrinal heresy.

The third illustration of policies which affect immediate earnings adversely, while contributing, we believe, to a long-range calculated growth, is the often criticized custom of purchasing hotels that have poor or nonexistant earnings, and which require considerable and expensive rehabilitation. A year ago close to $1,000,000 of apparent losses were deducted from reported earnings due to the red ink generated by certain newly acquired hotels. Losses during remodeling are not unexpected. They represent mainly future earned depreciation and represent in part that portion of rehabilitation expenses that can properly be "deducted." However, each dollar expended is calculated—with a surprising degree of accuracy—to add two dollars to the market value of the property and the losses, of course, are deductible. Past experience indicates that under a long-range program, heavy deficits in early years during rehabilitation, can be expected to turn into substantial contributions to subsequent earnings. This policy provides substance to the expectation that the company will continue to be a growth company.

Sheraton's outside financing has been accomplished principally through the sale of some $3,300,000 of 6% debentures with warrants (subsequently detached), and a $10,000,000 issue of 4¾% convertible debentures, for which 5% debentures with warrants were subsequently offered in exchange. The distribution of the two debenture issues was effected through Paine, Webber, Jackson & Curtis, together with a group of associated underwriters.

Another issue of $6,000,000 of 5% and 5½% debentures were sold for Sheraton Limited, one of Sheraton's Canadian subsidiaries, through the investment banking firm of Rene-T. Leclerc, Inc. of Montreal. Most of the company's remaining obligations are represented by mortgage indebtedness of subsidiaries held by large life insurance companies.

Sheraton organized recently the Sheraton Securities Corp. to market an issue of $15,000,000 of 6½% subordinated income debentures. Somewhat over half this issue has been placed. Due at least in part to the earnings coverage of 3½ fold, and due in part to the consistent upward trend of the corporation's earnings even during so-called "recession years," and due in part to the attractive yield, these income debentures have found their way into the portfolios of several foundations, pension funds, investment companies, insurance companies and certain educational institutions. They have been helpful as a medium for financing the purchase of several new acquisitions. Some $500,000 of these income debentures have been sold to company employees.

The company will make an effort to limit the aggregate long-term debt to approximately 50% of the fair market value of its assets. However, since much of the system's indebtedness is concentrated in a relatively few "high leverage" subsidiaries in which the parent company has a relatively small investment, the great majority of Sheraton assets are subject to a debt of considerably less than 50%. On the other hand, the heavy indebtedness of the "high leverage" subsidiaries, for which the parent company has no direct liability, provides an interesting long-range potential to Sheraton's common stock, with relatively little risk to the parent company.—V. 185, p. 1049.

Shinyetsu Electric Power Co., Ltd.—Partial Redempt'n

There have been called for redemption on June 1, 1957 $16,000 principal amount of first mortgage 6½% sinking fund bonds, due Dec. 1, 1952, (extended to Dec. 1, 1962). Payment at 100% and accrued interest will be made at the office of Dillon, Read & Co., 46 William St., New York City.—V. 184, p. 1956.

Shop Rite Foods, Inc., Albuquerque, N. Mex.—Stock Offered First Southwest Co., Dallas Texas, and Minor, Mee & Co. of Albuquerque, N. Mex., on April 30 offered publicly 15,000 shares of common stock (par $5) at $11.50 per share.

PROCEEDS—The net proceeds from the sale of the common stock will be added to the general funds of the company to be used for general corporate purposes, including the application of such funds toward the acquisition of about $500,000 worth of fixtures and inventory for three new stores which the company is committed to open during 1957. The proceeds of this issue will be supplemented by fixture financing from Piggly Wiggly Corp. in the amount of about $225,000, through funds supplied by depreciation and operations, and, to the extent necessary, by additional borrowings.

DIVIDENDS—Near the end of 1954 the company initiated a policy of paying regular dividends. A dividend of 25c per share (then having $10 par value) was declared in September of 1954, payable to stockholders of record on Dec. 31, 1954. During 1955, dividends were declared and paid quarterly, totaling for the year 75c per share (then having $10 par value). Following a two-for-one stock split in February of 1956, the company consistently paid quarterly dividends of 15c per share, the latest quarterly dividend being paid on Feb. 28, 1957. In addition, a stock dividend of one share for ten was paid in December of 1956. It is contemplated that a regular quarterly rate of 15c per share will be continued, dependent, of course, upon future earnings and the financial needs of the company.

BUSINESS—The company was incorporated on Oct. 2, 1953, in New Mexico, and its principal executive offices are located at 617 Truman, NE., Albuquerque, N. M. Under the name of "Piggly Wiggly" it operates 11 retail food stores in New Mexico and Texas.

The company owns and operates 11 supermarkets. Two are in Santa Fe, New Mexico, three in Amarillo, Texas, and six in Albuquerque, N. M. At present two additional units are under construction in Amarillo, one of which will replace an existing store. One is under construction in Albuquerque.

The company operates under a Piggly Wiggly franchise, the cost of which averages 27/100ths of 1% of sales.—V. 185, p. 1680.

Simonds Saw & Steel Co.—Sales and Earnings Off—

This company on April 26 reported consolidated net income of $1,066,292 for the three months ended March 31, 1957, after provision for Federal and Canadian taxes on income.

These earnings amount to $2.15 per share on the 497,000 shares of common stock outstanding, and compare with consolidated net income of $1,450,490 for the corresponding period of 1956, equal to $2.92 per share on the same number of common shares then outstanding.

Net sales for the 1957 first quarter were $14,653,886, compared with $15,261,042 for the first three months of last year.

On March 31, 1957 current assets amounted to $26,684,140, including $3,473,951 of cash and government securities; current liabilities were $4,878,887.—V. 184, p. 1956.

Slick Airways, Inc.—Engine Leasing Contract—

A five-year contract covering the leasing of aircraft engines to Power Slick Airways' new DC-6A air freighters was jointly announced on May 7 by Henry P. Huff, Vice-President—operations and maintenance of Slick Airways, Inc., and Roy Backman, Pacific Airmotive Corp., Vice-President.

The engines will be supplied by Pioneer Aircraft Leasing Corp., a Pacific Airmotive subsidiary formed in November, 1956. Under the direction of J. M. Craig, President of the new company, Pioneer Aircraft engaged in the leasing of major aircraft components, accessories and systems as well as aircraft engines.

Pioneer Aircraft Leasing will furnish R2800-CB engines for five DC-6A aircraft which will be delivered to Slick over the next 18 months. The 24 engines covered by the contract include spare engines for three DC-6As which were recently placed in operation by the freight carrier.

"This new contract demonstrates the savings an airline can realize by leasing major components rather than purchasing them outright," Mr. Backman said. "These 24 engines represent an investment in excess of $1,600,000 and, by leasing them, the customer now has an equivalent amount available to support other operating expenditures."

Mr. Backman said that periodic overhaul of the lease engines will be accomplished in Pacific Airmotive's Burbank (Calif.) engine shop. —V. 185, p. 489.

Southern Natural Gas Co.—Probable Acquisition—

F. L. Martin, President of Suntide Refining Company, and C. T. Chenery, Chairman of the Board of Southern Natural Gas Co., on May 8 confirmed that negotiations are in progress looking to the purchase by Southern Natural of the assets of Suntide.

If the purchase is consummated Southern Natural will form a wholly-owned subsidiary to acquire and operate such assets and to continue Suntide's present operations and retain its present officers and operating staff.

The purchase price is designed to give to the stockholders of Suntide the sum of $12 per share in cash, payable in liquidation on or about Jan. 20, 1958.

The respective boards have not yet approved the purchase but in view of the unofficial reports which are being circulated this preliminary statement has been made.—V. 185, p. 1680.

Southern Pacific Co.—1956 Earnings Rate Expected to Be Maintained—

While long-range growth forecasts for Southern Pacific's territory continued good, the company's stockholders were told on May 8, gross revenues for 1957 will only about match last year, despite an increase in freight rates of slightly less than 5% over 1956.

The general leveling off in business activity, with declines in specific industries, was reflected in a first-quarter dip in carloadings, Donald J. Russell, President, reported at the annual meeting.

"There is no evidence so far in the second quarter," he added, "to indicate a change in the traffic picture."

Cutbacks in automobile production and housing starts made freight carloadings handled by the Southern Pacific in the year's first quarter 3% lower than the same period of 1956.

In spite of lower traffic volume, net income for the first quarter was $14,337,018, equivalent to $1.58 per share of Southern Pacific stock, compared to $1.53 per share for the similar period of 1956. Mr. Russell said the improvement came from increasing efficiency in rail operations and from better results from the railroad's affiliated companies.—V. 185, p. 1793.

Sparton Corp.—Reports Increased Order Backlog—

This corporation (formerly Sparks-Withington Co.), manufacturers of automotive equipment, electronics and materials handling equipment, and also specialized pipe fabricators, reports for the nine months ended March 31, 1957, sales of $19,595,200, according to John J. Smith, President. This compared with sales of $17,865,800 in the corresponding 1956 period. The company's fiscal year ends June 30, 1957.

Mr. Smith announced that the corporation's current combined backlog of military, pipe and power conveyor orders exceeded $10,000,000, which represented an increase of 50% over these bookings a year ago.

Mr. Smith revealed that the company's Canadian Division, Sparton of Canada, Ltd. received from the Canadian Government a defense order approximating $700,000.

He said that the electronics division had installed Sparton Remote Control Systems in Michigan, Kansas, California and Kentucky.

Mr. Smith also declared that installation of Sparton's Remote Water Control System was 50% completed in Albuquerque, N. Mex. This will be the largest municipal water control system in the United States, and he added that Sparton Corporation is working on a similar project for Buffalo, N. Y.

The Automotive Division of Sparton Corporation, according to Mr. Smith, expects to introduce a new fuel injection system for the automotive industry by July 1.—V. 184, p. 2058.

Sperry Corp.—Division Receives Large Contract—

Receipt of a $3,438,315 contract for continued production of MA-2 automatic flight control systems for B-52 Stratofortress superbombers of the U. S. Air Force was announced on May 9 by the Sperry Gyroscope Co., a division of Sperry Corp.

The new order brings to $9,150,000 the amount of contracts Sperry has on hand for manufacture of the advanced electronic systems, officials of the division said. The nuclear jet superbombers presently are being produced by the Boeing Airplane Company at a rate of 15 per month.—V. 183, p. 1797.

Standard Oil Co. (Indiana)—Reports Record Quarter—

This company and its consolidated subsidiaries had record first-quarter earnings in 1957, stockholders were told at their annual meeting held on May 2.

Frank O. Prior, President, said that the company is sharply intensifying marketing efforts and expects 1957 to be another record sales year.

Speaking of specific operations, Mr. Prior said, "our move to obtain a position in production outside the United States is one of the most important developments in our company in many years.

"We are already well established in Canada. During the first quarter of 1957 our Canadian production was 10,300 barrels per day,

May 9	496.76	147.54	*73.62	*174.30	92.03	89.50	89.01	89.45	90.05

Averages are computed by dividing total prices by the following: Industrials, 4.283; Rails, 5.601; Utilities, 8.53; 65 stocks, 20.55.

*The averages for the 15 utility stocks and for the 65-stock composite average give effect to the Peoples Gas Light & Coke Company's distribution of three additional shares of common stock for each share held. This changed the divisor for the 15 utilities to 8.53 from 10.49 and that for the 65 stocks to 20.55 from 21.37.

THE COURSE OF BANK CLEARINGS

Bank clearings this week show an increase compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, May 11, clearings from all cities of the United States from which it is possible to obtain weekly clearings will be 3.3% above those for the corresponding week last year. Our preliminary totals stand at $20,509,645,159 against $19,847,568,367 for the same week in 1955. At this center there is a gain for the week ended Friday of 2.7%. Our comparative summary for the week follows:

CLEARINGS—RETURNS BY TELEGRAPH

Total all cities, five days	$19,623,241,540	$19,057,757,380	+ 3.0
All cities, one day	886,403,619	789,810,987	+12.2
Total all cities for week	$20,509,645,159	$19,847,568,367	+ 3.3

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous — the week ended May 4. For that week there was an increase of 5.6%, the aggregate of clearings for the whole country having amounted to $24,918,389,119 against $23,604,735,538 in the same week in 1956. Outside of this city there was an increase of 4.9%, the bank clearings at this center having registered a gain of 6.1%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York Reserve District (including this city) the totals show an improvement of 5.9%, in the Boston Reserve District of 10.1% and in the Philadelphia Reserve District by 2.8%. In the Cleveland Reserve District the totals are larger by 7.9%, in the Richmond Reserve District by 5.8% and in the Atlanta Reserve District by 14.8%. The Chicago Reserve District enjoys a gain of 3.5%, the St. Louis Reserve District of 2.5% and the Minneapolis Reserve District of 4.2%. In the Kansas City Reserve District the totals register a decrease of 1.%, but in the Dallas Reserve District the totals record an increase of 7.5% and in the San Francisco Reserve District of 7.4%.

up 12% over a year ago. We are now drilling nine wildcats in Canada; and we plan to complete about 20 before the end of the year."

The company is active in Cuba and Jamaica, he said, and plans to drill several more wildcats in each island before the end of the year.

"We are making good progress in Venezuela, and are continuing the seismic and other exploration work we started last year," Mr. Prior said. "We have filed bids for several Venezuelan Government concessions. So far official publication of the awards has been made with regard to two tracts, totaling about 50,000 acres. We will have a one-third interest. We believe we will be able to obtain five additional significant concessions, totaling about 150,000 acres during the next few months. Our interest in them will vary from 33⅓% to 100%."

Standard is making sound progress in chemicals, according to Mr. Prior. Its hydrocarbon synthesis plant at Brownsville, Tex., is operating and "continues to show promise." A 55% subsidiary, Calumet Nitrogen Products Company, is expected to be in full operation by the end of next month. Plans were announced recently for a new chemical manufacturing plant near Joliet, Ill., which will use Standard's new hydrocarbon oxidation process to produce a diversified line of chemical products, and a new plant at Seymour, Ind., to make jet airplane starter cartridges for the U. S. Air Force.

Mr. Prior paid tribute to the leadership of Dr. Robert E. Wilson who will retire in March, 1958. Dr. Wilson, pointing out that he would not be serving as Chairman at the company's next annual meeting, presented a brief review of Standard's progress since 1944. He became Chairman in January, 1945.

"Total capital expenditures in these 12 years have amounted to $2,372,000,000, which compares with depreciated fixed assets of only $523,000,000 at the end of 1944," he said.

In that period the company expended $611,000,000 for refining facilities, nearly five times as much as the total depreciated value of its entire refining investment at the end of 1944. Crude running capacity of refineries was enlarged by 104%.

More than one billion dollars was expended for production, resulting in a 65% increase in net domestic production of crude oil and natural gas liquids. Over the same period Standard's natural gas production went up 391%.

Total capital expenditures, plus a $258,000,000 increase in working capital, were financed through plowed-back earnings, 33.9%; depreciation, depletion, etc., 42.4%; net borrowings, 10.6%; by paying dividends in Standard Oil Co. (New Jersey) stock instead of cash, and sales or contributions of stock and properties, 7.6%; debentures converted into stock, 4.1%, and other sources, 1.4%.

"While our debt at the end of 1956 was $307,000,000, it was only 12.7% of total depreciated assets as compared with a maximum of 21% in 1949," Dr. Wilson added, "and it is still lower today."

Standard Oil Co. (Ohio)—Licenses Two Firms—

The company has just licensed two large oil companies to use its Boron discovery in their own premium brands of gasoline through a total of 11,000 station outlets in 23 midwestern and western states, according to Charles E. Spahr, Executive Vice-President.

Richfield Oil Corporation, serving six western states, and DX-Sunray Oil Co., serving 17 states in the middle west, are the new companies that will make Boron gasoline available to their customers.

Boron gasoline now is being made available through over 15,000 stations to more than 39,000,000 motorists residing in the 24 states served by Richfield, DX-Sunray or Sohio.—V. 185, p. 1931.

Standard Packaging Corp.—Notes Sold Privately—

The company, it was announced on May 8, has arranged to place privately, through Kidder, Peabody & Co., Inc., an issue of $4,500,000 5½% 20-year sinking fund notes due March 1, 1977. The notes were placed with nine insurance companies, headed by John Hancock Mutual Life Insurance Co.

The proceeds were used to pay for four packaging firms and to repay part of a bank loan.—V. 185, p. 1931.

Standard Packaging Corp.—Votes Four New Directors.

R. Carl Chandler, Chairman of the Board of Directors, announced on May 6 that management recommendations to add four members to the board of directors were approved by stockholders at the annual meeting held on April 23.

The new directors are O. D. Carlson, Vice-President, Standard Packaging; P. Richard Clark, Secretary-Controller, Standard Packaging; Randolph Parker Compton, a partner in Kidder, Peabody & Co.; and Kenneth J. Hanau, Sr., Chairman, Executive Committee, National State Bank of Newark, N. J., who passed away shortly after the annual meeting.—V. 185, p. 1931.

Construction is underway on the addition that will approximately double the capacity of the York plant. The building should be completed by Aug. 15 with equipment scheduled to move in during the Fall.

On April 10 ground was broken for the Fayetteville, Ark., plant. Completion is scheduled for Dec. 1, with equipment to follow throughout the first quarter of 1958.—V. 185, p. 1931.

Stanhill Holdings Ltd.—American Shares Cleared—

The Irving Trust Co., New York City, on May 7 announced the completion of arrangements for the first American depositary plan to be negotiated with respect to Australian securities.

Under this plan, depositary receipts for American shares will be issued to bona fide residents of the American account countries and Canada against lodgments in Melbourne, Victoria, of outstanding registered Ordinary 5 shilling par value shares of Stanhill Holdings Ltd. with the Commonwealth Trading Bank of Australia as agent of Irving Trust Co., the depositary. Each American share will represent five Australian shares.

All fees of the depositary and agent in connection with the issue, transfer and surrender of American depositary receipts and the collection and disbursement of dividends will be paid by Stanhill Holdings Ltd.

Stanhill Holdings, a well known Australian holding company with major real estate interests in Victoria and Queensland, is incorporated under the Companies Act, 1938 of the State of Victoria. Headquarters are in Melbourne.

The Stanhill American shares bring to 39 the number of foreign issues represented by Irving Trust American depositary receipts. Other companies on the list are located in the United Kingdom, Union of South Africa, Federation of the Rhodesias and The Netherlands.—V. 185, p. 2036.

Sterling Precision Corp.—New President Elected—

Robert Russell, Chairman of the Board, on May 3 announced that James F. Connaughton, formerly Executive Vice-President and a member of the board of directors, has been elected President and Chief Executive Officer of the company.

Mr. Connaughton became associated with Sterling in March, 1956, when he was elected Vice-President and a member of the board of directors, as well as President and a director of American LaFrance Corp., a subsidiary of Sterling. He will continue in both of these capacities with the American LaFrance organization.—V. 185, p. 1050.

Sundstrand Machine Tool Co.—Arranges Private Loan

—The company has made arrangements to borrow $9,000,000 by June 15, 1957, from two banks and three insurance companies, repayable over a period of 15½ years.

Of the proceeds, $2,800,000 will be used to retire the 3¾% notes due serially through 1961 and $6,200,000 to reduce short-term bank borrowings.

The company previously announced an offering of 175,118 shares of common stock to be offered for subscription by common stockholders of record on or about May 10 on the basis of one new share for each eight shares held.—V. 185, p. 2037.

Tennessee Gas Transmission Co.—Registers With SEC

The company on May 8 filed a registration statement with the SEC covering the proposed public offering of $50,000,000 first mortgage pipe line bonds due July 1, 1977. The offering will be underwritten by a group of investment bankers headed by Stone & Webster Securities Corp., White, Weld & Co. and Halsey, Stuart & Co. Inc.

The sale of the bonds is expected to be closed about June 5.

The net proceeds are to be used to repay short-term notes and for payment of additions and extensions to property.—V. 185, p. 1793.

Texas Co.—Partial Redemption—

The company has called for redemption on June 1, next, through operation of the sinking fund, $18,000 of its 2¾% debentures, due June 1, 1971, at 100% of the principal amount. Payment will be made at the Continental Illinois National Bank & Trust Co. of Chicago, 231 South LaSalle St., Chicago 90, Ill., or at the Hanover Bank, 70 Broadway, New York 15, N. Y.

There will also be repaid on June 1, 1957, through operation of the sinking fund, upon presentation of original debentures to either of the above mentioned paying agents, the aggregate then due to $732,000 principal amount of original debentures in accordance with the provisions of said indenture. As provided by Section 3.03 of said indenture, no specific notice of such repayments in respect to original debentures need be given to the registered owners thereof.

Interest due June 1, 1957, will be paid in the usual manner.—V. 185, p. 1323.

Tiffin Art Metal Co., Tiffin, Ohio — Debentures Offered—The Ohio Company, Columbus, Ohio, on May 3 publicly offered $340,000 of 15-year 5¾% sinking fund debentures due May 1, 1972, at 100% (in denominations of $1,000 each) and accrued interest. The offering was made to residents of Ohio only.

PROCEEDS—The net proceeds are to be used to repay bank loans and for general corporate purposes.

BUSINESS—The company is a fabricator of steel metal products. It acquired the Squire Heating Supply Co. of Columbus, Ohio, in 1956 and, in addition to its factory at Tiffin, owns six sales warehouses in Tiffin, Columbus, Dayton, Mansfield and Toledo, Ohio and South Bend, Ind. Although the major portion of its output is devoted to roofing, and products for furnaces and air conditioning units. Tiffin is the originator of all-steel advertising billboards, which constitute about 40% of their business.—V. 180, p. 1542.

Tilmore Corp., New York, N. Y.—Files With SEC—

The corporation on April 30 filed a letter of notification with the SEC covering 50,000 shares of common stock (par $1) to be offered at $5 per share, through Maltz, Greenwald & Co., New York, N. Y. The proceeds are to be used for general corporate purposes.

The corporation operates eight retail furniture stores.

Trane Co.—Picks Site for Southern Plant—

The company on May 2 announced that it has selected Clarksville, Tenn., as the site for its southern plant.

Plans are to move forward with the plant at Clarksville as soon as possible. The plant, to cost about $2,000,000 to construct and equip for production, will manufacture central residential air conditioners for year-round heating and cooling, marking entry into a new segment of air conditioning for Trane. Production is scheduled for 1958.

The first unit of the plant in Clarksville, to be built on 101 acres of land about four miles northeast of the city, will encompass about 130,000 square feet.—V. 185, p. 2037.

Underwood Corp.—Merger Discussions Off—

This corporation announced on May 6 that discussions with National Cash Register Co. concerning a possible association of interests have been terminated, by mutual consent.

According to Fred M. Farwell, President of Underwood, a proposal made by National Cash Register Co. was considered by Underwood's board of directors but was felt to be unacceptable. It was believed that the best interests of Underwood's stockholders could only be served by recommending an association with another company at a price for Underwood shares representing a substantial premium over the current market.

Mr. Farwell stated that an important consideration uppermost at all times in Underwood's thinking was the probability that the company has reached the end of unprofitable operations. In this connection, he stressed that the modest operating profit produced during March, 1957, was the first profit recorded by the company in 14 months. If operations for the remainder of 1957 are in accordance with present company forecasts, Mr. Farwell added, it is projected that Underwood will have earned a satisfactory profit for the year. —V. 185, p. 2037.

United States Leasing Corp.—Stock Sold—The public offering of 800,000 shares of capital stock (par $1) at $4 per share, made through Schwabacher & Co. and associates on May 1, was quickly oversubscribed. Further details follow:

PROCEEDS—The net proceeds of the sale of the capital stock will be added to the company's cash funds and initially will constitute additional working capital. The company in the normal course of business purchase machinery and equipment upon order of prospective lessees and then leases this equipment at fixed rentals for periods ranging from one to 10 years. The company has financed its purchases by means of bank loans secured by collateral assignments of rentals due under the related leases and by chattel mortgages on the leased items. The company often has been delayed in making commitments to its customers and in paying the manufacturers' invoices because of the time required to arrange and complete bank financing. The proceeds of this issue will assist the company to purchase the machinery and equipment promptly, take cash discounts and give its customers faster commitments and service.

The sale of the capital stock will provide a portion of the company's estimated capital requirements. It is contemplated that additional funds will be obtained as in the past through bank loans.

The company does not presently contemplate using any of the proceeds of the issue to discharge existing indebtedness.

BUSINESS—The company was incorporated in California as United States Leasing & Discount Corp. on Oct. 1, 1956 upon the consolidation of Discount Corp. of America and United States Leasing Corp., both California corporations. Effective Dec. 31, 1956, the name of the company was changed to United States Leasing Corp.

Discount Corp. of America was incorporated in California in 1952 and commenced a specialty sales finance business in March, 1954.

United States Leasing Corp. (old company) was incorporated in California in 1952, and engaged in leasing machinery and equipment which it purchased as directed by its customers committed to lease upon acquisition.

The company continued the business of both of the predecessor companies until January, 1957, at which time it discontinued the sales finance business (except insofar as necessary to carry contracts then owned to maturity) and determined to confine its future operations to the leasing field.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Capital stock ($1 par value)	5,000,000 shs.	2,000,000 shs.
*Sundry indebtedness		$7,342,913

* The company's indebtedness is incurred and fluctuates in the normal course of its business, being reduced by repayments made as lease rentals are received and being increased as new loans are obtained to finance purchases of additional items for lease. Interest rates on indebtedness outstanding as of Feb. 15, 1957 range from 4.5% to 8.5% per annum, averaging approximately 5.7%. The indebtedness is payable in various installments, with final maturities ranging from one month to nine years, and is secured by assignments of lease rentals, by chattel mortgages, and by other collateral.

UNDERWRITERS—The underwriters named below, severally, made a firm commitment to purchase the number of shares of capital stock set forth opposite their respective names:

United Western Minerals Co.—Public Relations—

This company has appointed Walter F. Merkel & Associates to handle its financial and shareholder public relations, it was announced on May 1.

The company has large land holdings of proven and semi-proven uranium acreage, principally in the Ambrosia Lake area in New Mexico and in the Colorado plateau. Homestake Mining Co is constructing and will operate a $10,000,000 uranium processing mill on Section 22 of the company's properties in the Ambrosia field.

United Western Minerals also has arrangements with prominent oil companies to develop its oil and gas holdings.

The investment banking firms of J. H. Whitney & Co., and White, Weld & Co. have substantial investments in United Western. The San Jacinto Petroleum Corp. also has a large interest in the company.

The company's President, Alva A. Simpson, Jr., is a leading oil and gas operator and former military governor of Northern Italy. Former Secretary of War, Patrick J. Hurley, is Chairman of the Board. —V. 182, p. 258.

Universal Oil Products Co.—Jarchow on Board—

Charles C. Jarchow, President and a director of American Steel Foundries, has been elected to the board of directors of Universal Oil Products Co., David W. Harris, Board Chairman, announced.

Mr. Jarchow also is a director of Griffin Wheel Co., Griffin Steel Foundries, Ltd., Illinois Bell Telephone Co., Pipe Line Service Corp., Diamond Chain Co., Harris Trust and Savings Bank, Chicago, and the Illinois Institute of Technology.

Mr. Harris also announced that Guy E. Reed, prominent retired Chicago banker and civic leader, had declined re-election to Universal's board for reasons of health. Mr. Reed had served as a director of UOP since 1944.—V. 184, p. 158.

Universal Winding Co.—New Orders Received—

Two new orders for the Unifil loom winder, one of the newest contributions to automation in the textile industry, were announced on May 3 by this company. Total orders now number more than 3,000 winders, according to Robert S. Pennock, Vice President.

Mr. Pennock said the latest orders were received from Woodside Mills and Riegel Textile Corp. for installation in their Simpsonville, S. C. and Trion, Ga. plants, respectively.

"In a little more than a year," Mr. Pennock said, "10 textile organizations have placed Unifil orders totaling more than $1,800,000.

"Shipments are progressing as planned. Before the year is ended, a sizable number of Unifil loom winders will be in production in our customers' mills."—V. 184, p. 965.

Upper Peninsula Power Co.—Bonds Placed Privately—The company, it was announced on May 8, has arranged to place privately with 11 institutional investors an issue of $3,000,000 5¼% first mortgage bonds, due April 1, 1987, through Kidder, Peabody & Co., Inc. This sale was completed on April 23.

A portion of the bond proceeds was used to pay off short-term bank notes and the balance will be employed on the 1957 construction program.

Earnings per share of common stock for the 12 months ended March 31, 1957 were $2.00 as compared to $2.18 for the same period in the prior year. Earnings per share for the first quarter of 1957 amounted to 47 cents, compared to 59 cents for the corresponding quarter in 1956. Operating revenues for the 12-month period ended March 31, 1957, totaled $5,237,200 and exceed those for the corresponding prior year by $587,100, or 12.6%, and were the largest in the company's history. The additional purchased power, increased cost of generation, extraordinary maintennace of the Victoria Dam, provisions for the new pension plan, and other increased costs contributed to the higher operating expenses which more than offset the rise in revenues.

Voters in six townships in Ontonagon County, Mich., voted to grant the company new 30-year franchises to replace those which expire during 1957.—V. 185, p. 1324.

Utah Power & Light Co.—Plans Financing—

On March 12, 1957 the company borrowed an additional $5,000,000 under the $25,000,000 Credit Agreement which brings the total of such borrowings to $15,000,000. An additional $5,000,000 to $6,000,000 will be borrowed in June under this agreement, then about Oct. 1, 1957 permanent financing in bonds and stock is planned to pay off the temporary loans and to carry the company's construction program into 1958.

First quarter operating revenues increased $520,809 or 5% over the same quarter of 1956 notwithstanding a decrease of some $385,000 for use of the 100,000 kw. unit of the Gadsby plant by Idaho Power Co. That company had full use of the unit in the first quarter of 1956. In the same 1957 quarter the Utah company had full use of the unit's capacity except in March when it was divided equally. Operating and maintenance expenses increased $475,365 or 11%.

The current $21,750,000 construction budget is being carried out about on schedule. About half of the money spent during the first three months was on the 100,000 kilowatt addition to the Carbon steam-electric plant and associated transmission facilities to bring this power into Salt Lake valley this summer.—V. 183, p. 2542.

Wardell Corp.—Proposed Merger—

See Bachmann Uxbridge Worsted Corp. above.—V. 184, p. 2788.

Washington Auditorium Corp., Washington, D. C.—To Pay Bonds—

The corporation will on and after May 31, 1957, pay the principal of and interest upon its $400,000 6% first deed of trust bonds at the office of the trustee, American Security & Trust Co., 15th St. and Pennsylvania Ave., N. W., Washington, D. C.

Deposits of bonds may be made at any time and appropriate receipts will be issued by the trustee and trustee's checks for principal and interest to and including May 31, 1957, will be issued on or as soon after said date as practicable.

Washington Gas Light Co.—Bids May 16—

The company at Room 1106, 1100 H Street, N. W., Washington, D. C., will up to 11:30 a.m. (EDT) on May 16 receive bids for the purchase from it of $8,000,000 refunding mortgage bonds due May 15, 1982.

It is expected that the funds to finance construction expenditures of approximately $12,000,000 in 1957 will be obtained from the $8,000,000 bond issue and, to the extent funds are not available from operations, through short-term bank loans.

Incorporation of the company under the District of Columbia Business Corporation Act has been approved by a vote of the holders of approximately 84% of the outstanding shares. By this step the company no longer is confined to certain limitations of the rigid and somewhat outmoded charter granted by Congress in 1848 but, instead, is incorporated under a new, modern law adapted to current business practices. The company continues to be a domestic corporation of Virginia, because of its operations in that State.

Shareholders on March 25 approved by a substantial vote an amendment to the company's charter increasing the authorized common stock from 1,500,000 shares to 2,000,000 shares. No new issue of common stock is presently contemplated; however, the creation of the additional 500,000 shares provides an improved basis for future financing.

Operating revenues for the year ended March 31, 1957, showed a gain of $3,570,709. Costs of operation, at the same time, increased $3,792,359. Earnings available for the common stock were equivalent to $3.13 per share, compared to $3.21 for the preceding 12-month period.—V. 185, p. 2145.

Wayne Knitting Mills—Earnings Off Slightly—

This corporation reports for the three months ended March 31, 1957 net profit of $194,708 after income taxes. This is equal, after deducting dividend requirements of subsidiary preferred stock to 51 cents per share on 359,996 shares of common stock outstanding. This compares with net profit of $202,733 or 54 cents per share for the corresponding period in 1956.—V. 185, p. 1092.

Wheelabrator Corp.—New Chairman of Board—

The directors on May 1 announce two recent appointments: Verne E. Minich, founder of the company in 1908, was made Honorary Chairman of the Board, and Otto A. Pfaff was elected Chairman of the Board. Mr. Pfaff will continue to serve as President, a position he has held since 1941.

White Motor Co.—Net Profit 21.9% Higher—

Net income after taxes for the March quarter of 1957 showed an increase of 21.9% over the corresponding quarter of 1956. Dollar sales for the three-month period were 2.5% higher.

These results were announced by Robert F. Black, Chairman of the Board.

Net income for the three months ended March 31, 1957 amounted to $1,832,440, equivalent to $1.79 a share on the common stock, as compared with $1,503,276, or $1.47 a share, in the initial quarter of 1956. Dollar sales for the latest period aggregated $54,033,789 in contrast to $52,718,507 a year ago.

Mr. Black stated to the shareholders at the annual meeting that "operating profit before taxes rose from 5.6% of sales in the first quarter of 1956 to 7% in the latest three-month period."

"Increasing emphasis is being placed on our diversification program outlined in the annual report," Mr. Black told shareholders. "It is expected at this time that our results for the first half of 1957 will be at a satisfactory level."

The stockholders have approved all three proposals listed in the proxy statement by a wide margin. These included the proposed amendment eliminating certain restrictions on the company's power to acquire and hold capital stock of other corporations and increasing the authorized common stock by 1,000,000 shares, a proposed stock option plan for officers and key employees, and a proposal to release from pre-emptive rights shares of common stock for the purposes of the stock option plan.—V. 184, p. 2675.

White Stores, Inc.—April Sales Higher—

Period End. April 30—	1957—Month—1956		1957—4 Mos.—1956	
Sales	$2,673,876	$2,358,928	$9,199,655	$9,439,931

Williams Hotel Corp., Ltd., Honolulu, T. H.—Files With Securities and Exchange Commission—

The corporation on April 26 filed a letter of notification with the SEC covering $142,500 of 20-year 6% debentures due April 1, 1977 and 7,125 shares of common stock (par $20) to be offered in units of $20 principal amount of debentures and one share of common stock ate $40 per unit. No underwriting is involved. The proceeds are to be used for construction and furnishing and equipment of a resort hotel.

Wilmington Truck Rental Co., Inc., Wilmington, Del.—Stock Offered—The company on April 15 offered to its common stockholders the privilege of subscribing for 1,128 additional shares of common stock at $35 per share on the basis of one new share for eacn three shares or major portion thereof held. Rights will expire on May 15. This offering is not underwritten.

The proceeds will be used to pay for improvements and equipment. —V. 185, p. 1933.

Yard-Man Inc.—Sales and Profits Decline—

For the nine months ended March 31, 1957, the corporation reports net sales of $6,135,329, pre-tax income of $522,461 and net profit after estimated Federal income tax of $250,781, equivalent to 52 cents a share on the 480,000 common shares outstanding. This compares with net sales of $8,052,720, pre-tax profit of $986,530 and net profit of $473,534 or 98 cents a share in the corresponding 1956 period.—V. 185, p. 1092.

Yardley Water & Power Co.—Bonds Placed Privately—The company has arranged to place privately with the Bankers National Life Insurance Co. an issue of $100,000 5% first mortgage bonds due June 1, 1982.

The proceeds are to be used to retire loans and outstanding notes and balance used for working capital.
