ACF Industries, Inc.-Avion Div. Unites Facilities-

ACF Industries, Inc.—Avion Div. Unites Facilities.— The corporation's Avion division has completed consolidation of its New Jersey headquarters facilities with the occupancy of a third building in the Paramus (N. J. Industrial Park, it has been announced by R. F. Wehrlin, Avion President. The move brings together in the new building the following ele-ments: the coil-winding and essembly groups; the component test group; the maintenance shop; the environmental test group and the components engineering group. A covered areaway joining the new building area. All of Avion's New Jersey operations are now centered in the new facility except for a small portion situated in the original 20,000-square-foot building about one mile east. Avion is engaged in development and production of magnetic com-ponents; industrial controls; situation display and infra-red devices; computer and data-processing equipment; engine controls, regulators and converters both for industry and for the military. The division is also conducting research, development and production on classified projects for the military.—V. 185, p. 1509.

Aluminum Co. of America-Plant Expansion-

Aluminum Co. of America—Plant Expansion—
This company's Davenport (Ia.) works, equipped with the largest and most completely integrated aluminum sheet and plate facilities in the world, on-July 12 raised the curtain on a \$54,000,000 plant expansion.
The additions to the \$130,000,000 plant provide unequaled capacity to produce aluminum sheet and plate. New foil rolling facilities, first be installed by Alcoa in the Midwest, broats the operation's versaility.
Moyetner, the latest expansion virtually doubles the preactime capacity of the huge mill, which has been musbrooming since it begand the produce aluminum sheet and plate. New foil rolling facilities, first or and the state expansion virtually doubles the preactime capacity of the huge mill, which has been musbrooming since it begand the products every 30 days. In a national energency, blaut could be quically expanded to a capacity of 40 milliou pounds of tolled products every 30 days. In a national energency, blaut could be quically expanded to a capacity of 40 milliou pounds a month, insuring the nation unquestioned world supremacy.
E. B. Fassel, Alcoa's Davenport Works Munager, said, the new mills will be able to produce plate up to 6 inches in thickness, in 12 foot will be able to produce plate up to 6 inches in thickness, in 12 foot sheet, plate and foil include such supporting facilities as a wide the of the commentation and sheets.
The overall aluminum shippnetus are geneted to nerease some 90% blabo, Mr. Fassel pointed out that the light metal's use in the faste of the commentation and plate aluminum init product.
The dittion, 'h ecommente, on heek, ultra-modern rolling capacity or proves in a strong bid for our shane of this aluminum mill product.

Wins Decision-

gitized for FRASER tp://fraser.stlouisfed.org/

I. W. Wilson, President, on June 28 hailed a decision of Federal Judge John M. Cashin in denying a Department of Justice motion to extend jurisdiction for another five years in Alcoa's 20-year-old anti-tust case.

Hearing on Project October 15-

Hearing on Project October 15— The Federal Power Commission has scheduled hearings to commence Oct. 15 in the proceedings involving the Yadkin River hydroelectric project of this company. The FPC last April 3 authorized issuance of a license to the company for the project, but subsequently granted a request by Carolina Alum-inum for rehearing of that order. At the company's request, the Com-mission heard oral argument May 27. The project consists of one proposed and three existing hydroelectric developments on Yadkin River in North Carolina. The FPC's April 3 order provided for a license which was to be effective for 50 years as of April 1, 1957, for the one proposed development, but for a 50-year period effective Jan. 1, 1947, as it applied to the three constructed dams. Carolina Aluminum asked the Commission to re-consider the April order and grant a 50-year license for the entire project dating from time of issuance.—V. 135, p. 1302.

American Airlines, Inc.-June Passenger Mileage Up-This corporation during June became the first airline in the world of hy more than a half-billion passenger miles in one month, according of an announcement, by C. R. Speers, Senior Vice-President in charge teacher.

of sales. American, which carries more passengers than any other airline, flew 765,000 passengers some 510,000.000 passenger miles during the 30-day period to set industry records in both categories. The passenger mile figure was up approximately 4% over the former record of 490,000,000 passenger miles carried by AA last June, tra-ditionally the busiest month of the year for the carrier.—V. 186, p. 109.

American Brake Shoe Co .- Opens New Foundry-

American brake Shoe Co.—Opens New Foundry— First production heats were poured in this company's new aluminum alloy foundry at Mahwah, N. J. it was announced on July J. The new \$625,000 installation provides 25,000 square feet of foundry space for the production of nign-strengta alumnaum alloy (Ductaluminum) castings for aircraft and missile use. The company's developments in the light metals field date back to 1933 and until now were carried on in the Pilot Foundry. The announcement further went on.to 'say: "The extension of light metal foundry facilities will permit increased

production of commercial castings as well as high integrity parts for the aircraft old missile makers. "Many parts are currently being produced from Ductaluminum alloy to conform to military specifications and are described as parts on which safety of the aircraft depends. So far, Ductaluminum alloy parts have been of particular interest to missile and airframe de-signers because intricate shapes may be reproduced with guaranteed high-strength properties in selected areas of the part, This attain-ment is especially significant in high speed aircraft where extra metai and extra weight are to be avoiled in highly stressed parts."--V. 185, p. 2009. p. 2909

American Can Co.-Van Schaick Elected Vice-Pres.-

Clarence L. Van Schalck, formerly President of Dixie Cup Co., has been elected a Vice-President of American Can Co., William C. Stolk, Canco President, announced on July 8. Mr. Van Schalck had served as President of Dixie from February, 1955, until the cup company's operations were merged with the can company's He also had been a Dixie director since 1948. He will be in charge of Dixie operations and will continue to make his headquarters in Easton, Pa., former home office of Dixie.—V. 185, p. 2909.

American Enka Corp.-Reports Lower Earnings-

The corporation reports net income for the first 24 weeks of this year ended June 16 of \$572,725, or 42 cents per share, compared with \$1,696,312, or \$1.25 per share, for the corresponding period last year ended June 17, 1956.

Net sales, including sales of rayon staple from a new plant, amounted \$27,547,000, compared with \$23,964,000 for the first 24 weeks of 1956. to \$27,547,000, compared with \$23,964,000 for the first 24 weeks of 1956. Shipments of rayon textile yarns were 24% lower than in 1956 but rayon industrial yarn shipments increased slightly over the same period last year. The company said that its nylon plant operated profitably in each period of 1957 and shipments of nylon for the first 24 weeks were 13% higher than in the same period last year. J. E. Bassill, President, said that the company's earnings reflect unsatisfactory conditions in the textile market during the first half of the year, lower prices for tire yarn as compared with a year ago, initial costs of starting u, is new sail, e plant, above-normal depre-ciation and accelerated amortization on new facilities.—V. 186, p. 1.

American Investors Corp., Nashville, Tenn.—SEC Lifts Stop Order-Statement Amended-

The Securities and Exchange Commission on July 9 announced that the registration statement filed by this corporation, had been amended in accordance with the Commission's stop order of April 5, 1957, and that the stop order had been lifted. The registration statement relates to a proposed public offering of 4,000,000 shares of common stock (par value \$1 per share) at \$2 a share. The company proposes to engage in the life insurance business

through a wholly owned subsidiary. It is a new enterprise with no operating experience. Frank Poole is listed as one of the company's promoters and its President. Shares of the company are to be affered through Mr. Poole and four other promoters and officers of the com-pany on a "best efforts" basis, for which they will receive a selling commission of 20 cents per share (some of which will be payable to salesment. salesmen).

salesmen). In its stop order decision, the Commission found that the registra-tion statement as originally filed contained materially misleading statements with respect to the plan of distribution of the securities offered, proposed use of the proceeds of the offering, description of the business and management of the company, transactions with pro-moters and management, and the experience of the company's officers and dimentary. and directors.

moters and management, and the experience of the company's officers and directors. The decision stated in part: "Sufficient facts are not disclosed to enable an investor to appreciate that registrant has no definite plans for the use of the proceeds, that no one in registrant's organization has any experience in the type of insurance enterprise in which regis-trant proposes to engage, and that a primary purpose of registrant's program is to enable the promoters to profit from the sale of a large amount of stock to the public." The registration statement has been revised to increase the minimum number of shares to be sold from 150,000 shares to 500,000 shares. If the minimum number of shares is not sold within one year, \$1.80 per share will be returned to purchasers. The company has determined that shares will be offered during a period of not more than 12 months and that the sale of shares will be terminated before sale of insurance is commenced. The registration statement now discloses the arrangements for the issuance of options to promoters, afficers and others. A basis for application of proceeds from the sale of securities has been adopted under which proceeds from the sale of the first 500,000 shares will be invested in the insurance company subsidiary and at least 83% of the proceeds from the sale in addition-to the 500,000 shares will be invested in the insurance company. The amended registration statement identifies the promoters, and sets forth their previous activities as securities salesmen.--V. 185, p. 1738.

American Machine & Foundry Co.—To Build Portu-gal's First Nuclear Reactor—

The Portuguese Government has awarded a contract to AMF Atom-res, a division of American Machine & Foundry Co., to design and buffid a nucleur research reactor at the new nucleur research center being constructed mear Lisbon, according to a joint announcement by Morehead Patterson, AMF Board Chairman and President, and Jose Ulrich, President of the Portuguese Atomic Bnergy Commission, Con-struction is expected to be completed in August, 1953.

struction is expected to be completed in August, 1953. Portugal's first nuclear research facility, it will be operated under the direction of the Portuguese Government Junta de Energia Nuclear and will centralize industrial as well as government research and devel-opment in the nuclear sciences. Particular attention will be paid to the applications of radiation in physics, chemistry, medicine, biology and agriculture. The reactor will also serve to train personnel for Portugal's growing nuclear energy programs. The AMF reactor will consist of four laboratory buildings.—V. 186, p. 109.

American Machine & Metals, Inc. -- Notes Sold Pri-American Machine & Metals, Inc. — Notes Sold Pri-vately—This corporation, it was announced on July 10, has placed with Massachusetts Mutual Life Insurance Co. \$2,500,000 of $5\frac{1}{2}$ % promissory notes due \$50,000 an-nually, July 1, 1959-1963; \$225,000 annually, July 1, 1964-1972, and the balance on July 1, 1973. The notes are non-refundable during the first five years. American Securities Corp. arranged the financing. Charles W. Anderson, President said the proceeds will be applied to expand the company's instrument plant at Sellersville, Pa., which has been at peak capacity for many months.—V. 185, p. 1891.

American Research & Development Corp.-To Purchase Notes of Affiliate-

chase Notes of Affiliate— The SEC, it was announced on July 9, has issued an order granting an exemption from prohibitions of the Investment Company Act of 1940 with respect to this Boston, (Mass.), investment company and Airborne Instruments Laboratory, Inc., of Mineola, N. X. Airborne's business is the design, development and production of technically advanced electronic gear and the development of elec-tronics products. Airborne has outstanding 199,322 shares of capital common stock, of which Research owns 31,500 shares, or 15.8%.

common stock, of which Research owns 31,500 shares, or 15.8%. In order to provide for a building and expansion program. Airborne proposes to add \$1,000,000 of long-term capital by the sale of \$1,-000,000 principal amount of 15-year 5³/₄% unsecured notes convertible on or after July 1, 1953, into common shares of Airborne at \$40 per share and callable after one and one-half years. at descending pre-mium rates beginning at 105.75% during the 12 months ending Dec. 31, 1959. The common stock of Airborne was quoted in the over-the-counter quotations of the National Daily Quotation Service of June 28, 1957, at 47½ bid, 49 asked.

The notes will be offered to a small group of purchasers for investment under circumstances which are stated not to involve a public offering. It is proposed that Research purchase up to \$130,000 principal amount of such notes at principal amount and on the same terms as those offered to others.

Because of intercompany affiliations arising from the ownership of Airborne stock by American Research, the transaction is prohibited by the Investment Company Act unless an exemption order is issued by the Commission.—V. 185, p. 2442.

Ampex Corp. - Debentures Placed Privately -- The private placement of \$5,500,000 5% sinking fund debentures due 1972 (with warrants attached) was recently arranged through Blyth & Co., Inc., and Irving Lundborg & Co. (see also V. 185, p. 2554).-V. 186, p. 2.

Applied Radiation Corp. (Calif.)-Electron Irradiation Aerojet General Nucleonics, manufacturer of nuclear reactors, is aving its polyethylene reactor cores irradiated with 8,000,000 volt ectrons to give them better heat resistance, it was announced on July

July 5. After fabrication, the cores are sent to Applied Radiation Corp. in Walnut Creek, Calif., where they are irradiated by one of Applied Radiation's high energy linear electron accelerators. Applied Radiation specializes in the development and manufacture of linear electron accelerators. Its acelerator installation in Walnut Creek, is maintained as a service for industrial and academic groups interested in radiation research or limited commercial radiation proc-essing.--V. 185, p. 2798.

Archer-Daniels-Midland Co .- Expands Into Germany This company has carried out its sixth foreign expansion in less than a year, according to an announcement made on July 8.

than a year, according to an announcement made on July 8. H. V. Whelan, Vice-President of ADM's international division, said the latest move is into West Germany, where in partnership with German and Netherlands interests the concern has constructed a plant to produce plasticizers and synthetic resins. The West German plant is located at Ruhle, near the Holland border. It will be operated by Scado-Archer-Daniels GmbH & Co., which is owned by ADM and its German and Netherlands partners. The plant's first unit is now in production, Mr. Whelan said. Two additional production units are being installed. ADM will license the German company to use tis formulas and know-how in the manufacture of resins and plasticizers. The German company also will utilize the laboratory and technical staff of Scado-Archer-Daniels, NV, a Holland manufacturer of resins and plasticizers in which ADM recently acquired an interest.—V. 185, p. 2910.

Armco Steel Corp.-Buys Sintering Unit-

This corporation on July 5 announced purchase of a sintering t at its Hamilton, Ohio, plant which it had been leasing from the F eral Government since 1943.

R. S. Gruver, Administrative Vice-President, said that Armco an e General Services Administration had agreed on a purchase pri

the General Services Administration had agreed on a purchase price of \$550,000. The masallation was built by the Reconstruction Finance Corpora-tion in the early stages of World War IL Designed to recover flue cust and iron ore "fines" and thus conserve raw materials and in-crease blast futnace pig iron production, the sintering unit went into operation in April, 1943. It has been operated continuously by Armco since that time. D. S. Holscein, manager of the company's Middletown Works, said that no changes are planned in the operation of the sintering unit. It now serves three blast furnaces—two at Hamilton and one at Armco's Middletown plant.

Unit to Construct Fabricating Plant-

Construction of the 55th in a chain of fabricating plants which spans the U. S. and Canada from cosst to coast was announced on July 10 by S. R. Ives, President of Armco Drainage & Metal Products, Inc., a subsidiary. This new plant will be located at Sackville, New Brunswick, Canada. It will be Armco Drainage's eighth Canadian installation, and will serve New Brunswick, Nova Scotia, and Prince Edward Island, Mr. Ives said.

The \$150,000 unit will manufacture corrugated metal drainage pipe a wide variety of sizes.

Other Canadian plants of Armeo Drainage are located at Bishop's Falls, Newfoundland; Charny, Quebec, Edmonton, Alberta; Guelph, Ontario; Regina, Saskatchewan; Vancouver, British Columbia; and Winnipeg, Manitoba.--V. 185, p. 2094.

Artesian Water Co., Newport, Del.-Files With SEC-The company on July 2 filed a letter of notification with the SEC covering 65 shares of class "A" non-voting common stock and 55 shares of common stock to be offered at the market (about \$34.50 per share), without underwriting. The proceeds are to be used for payment of dividends to fractional shareholders.—V. 131, p. 2690.

Associates Investment Co.-Debentures Offered-Pub-Associates investment Co.—Dependences Onered—Pub-lic offering of \$20,000,000 534% subordinated debentures due June 1, 1977 was made on July 10 by an under-writing group headed jointly by Salomon Bros. & Hutz-ler and Lehman Brothers. The debentures were priced at 100%, plus accrued interest. Subscription books have been closed.

The debentures will not be redeemable prior to June 1, 1967. After that date they will be redeemable at the election of the company at prices ranging from $103\frac{1}{2}$ % to 100%, depending upon the year of redemption.

redemption. Sinking fund provisions of the debentures, designed to retire 93.31% of the issue by maturity, require the company to redeem \$1,333,000 principal amount of the debentures annually beginning June 1, 1963. PROCEEDS—Net proceeds to be received by Associates Investment, the fourth largest automobile finance company in the United States, will be used to increase or maintain the working capital of the company but will be initially applied to the reduction of short-term notes due within one year.

within one year. EARNINGS—The company in 1956 had total income of \$117,439,000 and net income of \$19,508,000, the latter equal after preferred divi-dends to \$5.93 per common share.

BUSINESS—The business of the company and its subsidiaries is conducted through 161 offices located in 30 states, the District of Columbia and Canada and includes, in addition to its financing operations, a life insurance business, an insurance business other than life, and manufacturing and other business. F

Bahcock & Wilcox Co.-Designs Nuclear System-This company on July 10 made public its design for a nuclear steam generating system which would satisfy the requirements of electric utility companies of foreign nations now in the market for atomic power plants.

utility companies of foreign nations now in the market for atomic power plants. As described to a group of 60 European industrialists and government officials during a visit to B. & W.'s nuclear facilities plant at Lynch-burg, Va., the 'pressurized water' type reactor design is suitable for a utility plant of about 133,000 electrical kilowatt capacity. Using thermal energy generated by fuel elements containing slightly enriched uranium, the nuclear plant would produce nearly 2,000,000 pounds of steam per hour to drive a turbogenerator set. It was also indicated that, the steam generating capacity and electrical output of the plant might be increased, if desired, by means of a steam super-heater burning conventional fuel. The proposed reactor uses light water as a 'moderator'' to slow neutrons down to more effective speeds during the fissioning process. At the same time, this medium serves to transfer heat from the fuel elements to a heat exchanger, where the steam is produced.—V. 185, p. 2322.

Bank Building & Equipment Corp. of America-Secondary Offering—Scherck, Richter Co., St. Louis, Mo., on July 2 publicly offered 14,285 shares of common stock (par \$2) at \$21 per share. The offering was oversubscribed.

PROCEEDS--The net proceeds from the above sale arc to go to certain selling stockholders. CAPITALIZATION AS OF JULY 2, 1957 Authorized Outstanding Common stock (par \$2)_____ 1,000,000 shs.

Common stock (par \$2) Authorized Outstanding Authorized J00000 shs. 520,200 shs. The stockholders on May 14 authorized a \$000,000 shs. 520,200 shs. The stockholders on May 14 authorized a \$000,000 shs. BUSINESS—Corporation was organized in Delaware on May 28, 1929, and is both an operating and a holding and management company. The company and its subsidiaries are engaged chiefly in designing, planning, marufacturing, erecting, furnishing and decorating banks, savings & loan associations, stores, offices, hotels, motels, and com-mercial buildings, cocktail and other public rooms and in the manufac-ture of equipment and fixtures. The company's general offices and new plant are located at 1130 Hampton Avenue, St. Louis 10, Mo. The new building is a two-story structure, completed in March of this year. It contains (22,000 square feet of floor space with ample room for expansion on the site acreage owned. In addition, the company has retained its ownership of the land and group of buildings of 9⁺ & Sich v Streets, St. Louis, Mo., consisting of 1, 2, 3, and 5-story brick buildings with basements. It is continuing to use the manufacturing space and facilities in the main building and has leased the balarce for two years with options extend-ing eight additional years to a large nationally known firm. The build-ings contain 89,407 square feet of floor space of which 14,616 square feet have been leased. The company owns the Shaw Marble & Tile Co. of St. Louis, Mo., a processor and dealer in m rb and the concrete and frame construction containing 11,992 square feet of floor space. In 1953, the company organized Bank Building Equipment Corp. International, a Western Hemisphere Lade corporation, to carry on the company's activities in Central and South American countries. In 1952, the company organized Edificios Para Bancos, S.A., Mexico, D.F., to conduct its builsness in Mexico. The operations were sharply curtailed during the year ended Oct. 31, 1956, and are being continued on a limited basis. It is the

bsidiary by Oct. 31, 1957; a tinue completely the operation loss of about \$200,000 will be inca.

Another subsidiary, Design, Inc., specializes in designing, planning, ecting, furnishing and decorating hotels, motels and commercial erecting, buildings.

The company owns Loughman Cabinet Co. of St. Louis, Mo., which occupies the owned land and two-story brick building with basement containing 29,280 square feet of floor space.--V. 185, p. 2916.

Banner Life Insurance Co., Brunswick, Ga. - Files

With Securities and Exchange Commission— The company on July 3 filed a letter of notification with the SEC covering 24,958 shares of common stock (par \$2,50) to be offered at \$10 per share, without underwriting. The proceeds are to be used to increase capital and surplus.—V. 182, p. 1563.

Beatrice Foods Co., Chicago, Ill.-Merges Pickle Firm Merger of Bond Pickle Co., Inc., Control Wis, and Beatrice Foo Co. was announced on July 10 in a joint statement by William Karnes, President of Beatrice Foods, and Leon H. Bond, President Lond Pickle Co., Inc.

Long Fickle Co., Inc. The Bond Pickle Co., incorporated in Green Eay, Wis., under the name of Bond Pickle Co. in 1917, is one of the nation's largest pro-ducers of pickles of all types. It will retain its identity as the newest member of Eestrice Foods Grocery Products division operating with the same management, products, brand names and manufacturing plants and processes.

Leon H. Bond will continue as President and Treasurer and Arthur Bond will retain the positions of Vice-President and Secretary. No changes of management or personnel are contemplated at this time. Terms of the merger were not disclosed.

The grocery products division of Beatrice Foods has become the mpany's second largest division with dollar volume more than three mes what it was a decade ago.

times what it was a decade ago. The division includes Clark candy bars, Richardson Mints, LaChoy Chinese foods, frozen foods, Make-A-Shake chocolate powder mix, salad dressings, margarine, baking mixes, meat products and fruit-ades. Beatrice Foods is one of the nation's largest producers of dairy foods with such well-known brands as Meadow Gold, Blue Valley, Holland and American Hostess, and also operates public cold storage warehouses throughout the country.—V. 186, p. 2.

Bekins Moving & Storage Co.-New Seattle Office

Bekins Moving & Storage Co.—New Seattle Office— A \$400,000 reinforced concrete warehouse has been constructed for this company, Claude Bekins, President, announced on July 9. "Our company is expanding rapidly, and this building will increase storage facilities now available in the Greater Northwest, including adjacent King County communities." Bekins office and warehouse facilities in the area now include van terminals and furniture storage depositories in central Seattle (Madison at Twelith), the Westlake district and downlown Tacoma. The ultra-modern two-story building bas 44,000 square feet of storage area. It was conscructed by Baugh Cinstruction Co., Seattle, and the architect's were Young, Richardson & Carleson, who are located in the Central Building. Other offices in the area include Spokanc, Tacoma, Pasco, Yakima in Washington; Portland and Eugene, Oregoh, and Boise, Iualo.

Bellanca Corp.-Listing Ban Extended-

Bellance Corp.—Listing Ban Extended— The Securities and Exchange Commission on July 3 announced the issuance of an order pursuant to the Securities Exchange Act of 1934, suspending trading on the American Stock Exchange in the \$1 par capital stock of this corporation for a further 10-day period, July 4 to July 13, 1957, inclusive... The Securities and Exchange Commission, it was announced on July 9, has amended its order of April 24, 1557, authorizing proceed-ings under the Securities Exchange Act of 1934 with respect to Leilanca Corp., so as to challenge the accuracy and adequacy of various information contained in Bellanca's annual report for the year 1956.

various in year 1956. The pro

Leilanda Corp., so as to challenge the accuracy and adequacy of various information: contained in Bellanca's amual report for the year 1956.
The proceedings, the hearings in which were scheduled to commence July 10, 1957, concern the question whether Bellanca has failed to comply with the disclosure requirements of the Commission's proxy rules, as well as its failure to file the 1956 annual report. due not later than April 30, 1957; and, if so, whether Bellanca's.sl. par capital stock should be suspended for a period of not exceeding 12 months. or withdrawn, from listing and registration on the American Stock Exchange, pursuant to Section 19(a)(2) of the Act. Through a series of ten-day suspension orders issued pursuant to Section 19(a)(2) of the Act. Through a series of ten-day suspension orders issued pursuant to Section 19(a)(2) of the Act. Through a series of ten-day suspension orders issued pursuant to Section 19(a)(2) of the Act. Through a series of ten-day suspension orders issued pursuant to Section 19(a)(4) of the Exchange and the Over-the-Counter Market since these proceedings were first instituted, April 24, 1957.
In its amended order, issued July 9, the Commission asserts that Belanca's Form 10-K annual report for 1956, filed June 21, 1957, is false and misleading in the following respects:

(a) Registrant failed to disclose that Sydney L. Albert is the parent of the registrant as required by Item 3.
(b) Registrant failed to disclose, as required by Item 4 of Form 10-K that the sale of assets to Piasecki Aircraft Corporation resulted in the withdrawal by the registrant from the shares of stock of registrant.
(d) Information reported under Item 9 of Form 10-K fashes and misleading and registrant fashed to disclose material facts required to be evende by an officer and director of the registrant.
(d) Information reported under Item 9 of Form 10-K is false and misleading and registrant fashed to disclose material facts required to be rep

(1) The sale by registrant of its shares of common stock of N. O.
 Nelson Co. to Automatic Washer Co.
 (2) The exchange of 100,000 shares of its common stock of registrant for 262,500 shares of Automatic Washer common stock.
 (3) The acquisition of Big Tankers Corp. and North-Western Tanker Corp. by registrant's subsidiary, Oleum-Atlantic Corp., from a director of the corpiter.

(1) The exclusing of Automatic Washer common stock.
(3) The acquisition of Big Tankers Corp. and North-Western Tanker Corp. by registrant's subsidiary, Cleum-Atlantic Corp., from a director of the registrant.
(4) The acquisition and disposition of sharës of common stock of the Selby Shoe Corp.
(5) The transaction whereby H. M. Reedall is stated to have earned \$95,500 as a commission for his services in connection with the acquisition of N. O. Nelson Co.
(6) Registrant failed to disclose material facts with respect to its contract with Bankers Life & Casualty Co., and the Interest of Officers, directors and their associates in their transaction.
(7) Registrant failed to disclose the interest of officers, directors and their associates in their associates in the disclose the interest of officers. directors and their associates in the disclose the interest of officers.
(8) Registrant failed to disclose the interest of officers. directors and their associates in the disclose the interest of officers. directors and their associates in the disclose the interest of officers. directors and their associates in Big Tankers Corporation and North-Western Tanker Corp. and the extent of the liability incurred as a result of the purchase of said companies by registrant.
(9) Registrant failed to disclose that personal use had been made of registrant's securities by Officers and directors of the registrant, more particularly in the following Instances: (a) the shares of the common stock for shares of the common stock of Pierce-Governor Co. involved in the contract for the exchange of shares of Waltham Watch Co. common stock for shares of the common stock of Pierce-Governor Company were personally used by Sydney L. Albert; (b) 50,000 shares of Automatic Washer owned by registrant.
(10) Registrant failed to disclose that at the time of the various (10, 000 shares of automatic washer owned by registrant.
(10) Registrant failed to disclose tha

(1) Registrant failed to disclose that at the time of the various loans alleged to have been made to it, and for its benefit, by Sydney L. Albert, the raid Syd ey L. Albert owned in excess of 75% of registrant's common stock. (e) The financial statements and notes thereto are inaccurate and inadequate with respect to the amounts at which major assets are shown in the balance sheet, the reported net income of registrant, and with respect to the inability of the certified public accountants, who examined the consolidated financial statements of the registrant and subsidiaries, to express an over-all opinion of the financial state-ments."—V. 186, p. 2.

Burroughs Corp.-Sells Datatron Computer System-

Burroughs Corp.—Sells Datatron Computer System—. The Atlantic Companies have become the first property insurance group on the East Coast to install a Datatron-Cardatron electronic computer system, Miles F. York, President on 1... Atlantic Mutual Insurance Co. and its wholly-owned subsidiary, the Centennial In-surance Co., reported on July 1. The equipment, he said, is the only medium-sized electronic com-puting system on the market designed specifically to cop with the full range of accounting and data processing problems. It is now housed at the firm's temporary home office at 770 Broadway, New York City, Datatron and its component, the Cardatron, which weigh 15,000 pounds, were purchased ior \$300,000 from the Electron Data Division of Burroughs Corp., Pasadena, Calif.—V. 186, p. 2.

Burton-Rodgers-Technical Training Aids, Inc., Tulsa. Okla. -New Interests Acquire Stock - New Directors Elected-Expansion-

Otta — New Interests Acquire Stock — New Directors
Elected — Expansion —
The purchase of a substantial stock interest, additions to the board of directors, and the expansion of plants and incilities, was announced by this corporation on July 5.
Principals in the expansion are a group of investors from Chicago, Tulsa and Cincinnati. They include J. Patrick Lannan, prominert investment broker and industrialist of Chicago, and Harold C. Stuart. Tulsa industrialist and former Assistant Secretary of the Air Force.
Messrs. Lannan and Stuart have been elected to the board of directors. Russell F. Hunt, Tulsa banker and Chairman of the Board, continues in that capacity.
Other board members include Paul C. Rodgers, President; John Koch, Vice-President in charge of the Tulsa operations; M. T. Burton and M. T. Burton, Jr.
The corporation is one of the nation's leading manufacturers of cockpit procedure trainers, fine scale models, mobile training units, animated vice, jet engine, simulation, missiles, automotive, oil and related industries.
They are the inventors and pioneers of the animated technical processes used in modern training devices.
With the expansion, Mr. Hunt announced that the firm would go into technical training aids in other industrial and scientific fields. Several other plants are being considered, the first in the Los Angeles area.

Calumet & Hecla, Inc .-- To Build Surface Plant-

Calumet & Hecla, Inc.—To Build Surface Plant— The corporation announced on July 10 that its Calumet Division has swarded a contract to the Banes Co., Inc. of Albuquerque, N. M., for erection of a surface plant for a new uranium mine near Grants, N. M. Mining of the 500,000 ton ore body will be through an inclined haulageway, and full production will be reached early in 1958. The initial ore body to be developed represents exploration results to date of a small portion of the land under compeny control at the New Mexico location. Continued drilling by Calumet & Hecla is increasing company reserves in the area, as well as extending limits of the present ore body. The surface plant as presently planned will have a capacity of approximately 500 tons of ore. per day, according to Horace Y. Bassett, President. Actual volume at the outset will be governed by the capacity of nearby mills to treat the ore.—V. 185, p. 2555 and V. 184, p. 1911.

Canadian National Rys .- Buys 150 More Diesels-

Canadian National Rys.—Buys 150 More Diesels— Orders for 150 diesel locomotives have been placed by Canadian Na-tional Railwars with four nanufacturers in Canada and the United States at a cost of opproximately \$27,000,000. This order is a con-tinuation of CNR's plan of progressive disellation working hour east and west coasts. Delivery will begin in October of this year, and west coasts. Delivery will begin in October of this year, and west coasts. Delivery will begin in October of this year, and west coasts. Deliver you will be the set of Edmonton. The order includes 17 road passinger units for use in castern Canada, which, along with 80 road switchers and 19 yard switchers, will be juilt by General Motor: Diesel Ltc., Lokon, Ont, Canada. Montreal Locomotive Works Ltd. will build 30 read switching locomo-tives of 1,800 horsepower each for use in Canada. Two road switchers for the Centrel Vermone Ry, will be built in the U. S. by Electro-Motive Dision of Gea rai Motors Corp. Alco Products Inc. of Schenectady, N. Y., will build two yard switchers for the Grand Trunk Western RE. EARVINGS FOR MAY AND FIRST FIVE MONTHS

Capital Plastics, Inc., Rochester, N. Y .- New Unit-

This manufacturer of thermosetting plastics has just formed a Belgian subsidiary. Capital Plastics Europe S.A. in Brussels to serve the western European market, according to an announcement on July 8 by Neil O. Broderson, President of the parent company. The firm, maker of pearl plastic materials, capitalized its Belgian sub-sidiary at \$20,000. Capital Plastics Europe S.A. will start operations as a sales and service organization and will draw upon a large inventory at Antwerp

for expediting service to its many European customers. In its second stage the Belgian firm will engage in processing and finishing. Eventually, it will undertake the manufacture of synthetic pearl plastic material which is rapidly replacing shell buttons. The parent company sells its product in more than 15 foreign coufficies.—V. 174, p. 2546.

Capper Publications, Inc.—Bonds Offered—The com-pany on June 21 offered publicly \$4,000,000 of first mort-gage bonds at principal amount (in denominations of \$100, \$500 and \$1,000 each), consisting of \$1,000,000 five-year 4s, series 6, and \$3,000,000 ten-year 5s, series 7. The offering is not underwritten.

The Series Six and Series Seven bonds may be called and redeemed by the company prior to maturity on interest payment dates at the office of the company or of the trustee in Topeka, Kan., at the option of the company at 103% if redeemed prior to one-half of the term of the bonds, and 402% thereafter.

and bie tompany at 103°. In redecined prior to one-nail of the term of the bonds, and 102°. thereafter.
PROCEEDS—The net proceeds from the sale of the bonds shall be applied to the following purposes in the following order of priority:

for refund and redeem, upon maturity or upon call, such of the bonds of the company presently outstanding as may not be redeemed from other sources of the company. It is the desire and intent of the company that the outstanding bonds of the company mature in approximately equal amounts each year. In order to effect this, the company plans to call certain of its presently outstanding Series Six and Seven bonds maturity. This plan will be continued in future years until the annual bond service requirements are approximately equalized; however, the amount of bonds that may be called prior to maturity in any year has not and cannot be determined at this time.
For general corporate purposes, including the improvement of present facilities, the maintenance of adequate working capital, and the expansion of present facilities to meet present and anticipated increases in the company's journe of business.

Prior to that time, the predecessor business now conducted by the cor-poration was known as Capper Publications and was organized by, owned by, and operated under the direction of the late Arthur Capper, former Governor of and U. S. Schator from Kansas. This business was started with one newspaper by Mr. Capper, in 1893. Through the years, other publications were added and the business of the company was expanded, until, at the time of Mr. Capper's death in 1951. Capper Pub-lications, Inc., and its substituies included a total of ten publications an engraving plant, a commercial printing plant, two radio stations and a television station. Since that time, the assets of one of the radio sta-tions have been soid, but the company continues to operate a diversified news dissemination business, primarily in the field of farm publications, the set is no publishing company comparable to Capper Publi-cations, there is no publishing company comparable to Capper Publi-cations, Inc.

The names of the various business enterprises of Capper Publications, nc., and the nature of such business enterprices are as follows: γ

(1) "The Topeka Daily Capital" is a daily morning newspaper, pub-lished and printed in and distributed from Topeka, Kan. It has a paid circulation of approximately 65,000, principally in Topeka and its trade territory, and partially throughout the state of Kansas, especially its northern half.

inorthern half.
(2) "Kansas City Kansan" is a daily evening newspaper, with a Sunday morning edition, published and printed in and distributed from Kansas City, Kan. It has a paid circulation of approximately 30,000.
(3) "Kansas Farmer" is a state farm paper, published and ornined in and distributed from Topeke, Kan. Its paid circulation as of Dec. 31, 1956 was 114,052. It is the "mly state farm paper published in Kansas and is devoted to all farm interests in Kansas Farmer," is a state farm paper devoted to all farming interests in Missouri. Its paid circulation as of Dec. 31, 1956 was 136,822.

(5) "Capper's Weekly" is a feature weekly magazine published and printed in and distributed from Topeks, Kan. It had a paid circula-tion as of Dec. 31, 1956 of 396,965.

(6) "Capper's Parmer" is a monthly national farm magazine pub-ished in Töpeka, Kan. and printed and distributed by an outside rinter under contract. Its paid circulation as of Dec. 31, 1956 was 507,825, with an additional newsstand circulation of approximately list

(7) "Household Magazine" is a national home service magazine pub-lished in Topeka, Kan. and printed and distributed by an outside printer under contract. Its paid circulation as of Dec. 31, 1956 was 2,054,431, with an additional newsstand circulation of approximately 715,000.

715,000. The following three magazines are publications of Capper-Harman-Slocum, Iac., a corporation, 56% of the common stock of which is owned by Capper Publications, Inc.: (1) "The Ohio Farmer" is a state farm magazine devoted to all farming interests in Ohio. The context is prepared by editors resident in Ohio, and the magazine is printed by Capper-Harman-Slocum, Inc. m Cereland, Ohio. Its paid circulation as of Dec. 31, 1956 was 156,789. It is in its 105th year of publication.

(2) "The Michigan Farmer" is a state farm magazine devoted to the farming interests in Michigan. It had a paid circulation as of Dec. 31, 1956 of 142,831. It was established in 1843.

"The Pennsylvania Farmer" is a state farm magazine for Penn-ia. It had a paid circulation as of Dec. 31, 1956 of 144,214. svlvania WIBW is a 5,000-watt radio station transmitting from Topeka, Kan. It is operated by Topeka Broadcasting Association, Inc., a wholly owned subsidiary of Capper Publications, Inc.,

WIBW-TV is a television station having an effective radiated power 316,000 waits, using a transmitting tower approximately 1,000 feet

in height. In addition to the above, Capper Publications, Inc. operated through its wholly owned subsidiary, the KCKN Broadcasting Co., Radio Sta-Jion KCKN in Kanasa City, Kan. On Feb. 7, 1957, all of the assets of the KCKN. Broadcasting Co., were sold. Capper Publications, Inc. still owns all of the common, stock of the KCKN Broadcasting Co., but that corporation is not how doing business. Capper Printing Co., Inc. is a wholly-owned subsidiary of Capper Publications, Inc. Incorporated in Kansas in 1937. It operates a general commercial printing business, employing both letterpress and offset methods.

The Capper Engraving Co. is a photo engraving plant which makes printing plates. It is located in the company's main plant in Topeka, is wholly owned by the company, and is not separately incorported. It serves the various publications of the company and general customers.

Topeka Newspaper Printing Co., Inc. is a subsidiary of Capper Pub-lications, Inc., incorporated in Kansas on July 31, 1941, and existing for the purpose of printing and distributing, as agent, the Topeka Daily Capital and the Topeka State Journal, the only daily (except Sunday) evening newspaper printed in the city of Topeka.-V, 185, p. 2911.

Cayzor Athabaska Mines Ltd.-Reports Progress-

This company should have sufficient or reserves in sight within, 18 months to meet its complete five year contract with the Lorado custom mill, amounting to 2,774,000 pounds of uranium oxide, Harry E. Collin, Chairman, reported on July 9. Development work to date has been confined to one-fifth of the company's property. Senator G. P. Sampbell, Toronto, and The Hon. Gerald Martineau, Quebec, have been elected directors, Other Canadians on the nine-man board are Senator Paul-Henri Bouffard, Quebec, and James H. G. Wallace, Toronto.

G. Wallace, Toronto. The company is adequately financed for future exploration and mining operations, Mr. Collin reports. Obligations are confined to \$1.300,000 in five-year debentures, privately underwritten, and very minor obligations, the latter to be retired by Oct. 1.—V. 165, p. 2445.

Cities Service Gas Co .- To Increase Facilities-

Cities Service Gas Co.—To Increase Facilities— The Federal Power Commission has authorized this company to construct and operate approximately (O miles of natural gas pipeline in the Eureka area of Grant and Al.alfa Counties, Okla., at an estimated cost of \$1,288,600. The FPC also authorized nine independent producers to sell natural gas to Citles Service from this area. Citles Service, in its application. dichar is in a service from this area. Citles service, in its application gas from the producers and the transfer of biling in the producers to sell natural gas in the producers and the transfer of biling in the producers and sells it to further the producers and the second sells area. The facilities and the issue of the second sells and Kansas, and transports and sells it to customers in Texas, Oklahoma and Kansas, Nebraska and Missouri for direct use and for resale. The facilities authorized consist of 37 miles of 4-inch, eight miles of 6-inch, four miles of 8-inch, eight miles of 10-inch and three pulles of 12-inch pipeline. The Commission, in December 1956, tem-porarily authorized the construction and operation of these facilities. -V. 185, p. 2800.

Cluzens Utilities Co.—Hearing on New Construction— The Federal Power Commission has instituted an investigation of the development of the Clyde River for hydroelectric power by this company. A hearing has been scheduled for July 22 in Newport, Vt. In the Spring of 1956, Clivens commenced construction of project works for water power development in or along the Clyde River flows into Lake Memphremagog near Newport. The FPC, in September 1956, informed Clitzens that it had come to the Commission's at-tention that Clitzens had commenced construction without having filed a declaration of intention or an application for license. On No-vember 30, 1956, Clitzens filed a declaration of intention. The July 22 hearing will involve both the investigation and the declaration of of intention.—V. 186, p. 110.

Columbia Gas System, Inc.—To Make Advance to Unit This New York holding company, it was announced on July 8, has joined with its wholly owned subsidiary, The Freston Oil Co., of Columbus, Chio, in the filing of an application with the SEC for an order authorizing Columbia to supply an additional \$800,000 of new capital to Preston; and the Commission has given interested persons until July 24, 1957, to request a hearing thereon. Preston is said to be engaged principally in the production and sale of oil, working in collaboration with Columbia's subsidiary gas com-panies. It also sells natural gas recovered in connection with its oil operations. Preston's 1957 construction program will involve expendi-tures of approximately \$1,366.600, requiring \$800,000 of new capital in addition to cash generated from internal sources. Columbia pro-poses to supply such new capital, to be evidenced by Preston's Install-ment Promissory Notes.—V. 186, p. 4.

Commonwealth Edison Co.—Plans Financing Oct. 8— This company plans a public offering of new securities on Oct. 8, or later that month, to help finance its current construction program, Wild's Call', Chairman, announced on July 5. The utility's present financing program calls for the filing about the middle of September of a registration statement with the Securi-ties and Exchange Commission and a petition with the Illinois Com-merce Commission covering issuance of the securities. Commonwealth's fall financing will be in the range of \$25,000,000 to \$50,000,000. The amount of the offering, and whether it will be non-convertible preferred stock, debentures or mortgage bonds, will depend on market conditions and prospects shortly after Labor Day. Mr. Gele had previously stated that the utility does not contemplate a public common stock offering this year. Commonwealth's last financing was an issue of \$50,000.000 first mortgage bonds in March, 1957. The utility's \$650,000,000 first construction for the four years, 1957 through 1960, will require the raising of \$280,000,000 of additional new money in that period.—V. 185, p. 2330.

probably carry a 30-year matching, but emphasized this is subject change. Mr. Delafield said the issue will probably involve 850,000,000 bonds, but noted that this amount depends on the condition of ibond market on Oct 22. "If the market is weak and won't take issue that big," he said, "we'll cut it back, but if the market is boom we might even increase the issue to \$60,000,000."—V. 185, p. 2555. the an ming

Consolidated Dearborn Corp.-Board Enlarged-

The board of directors was recently expanded and is now composed of: Robert Burnett (Fresident), Sydney I. Asher (Secretary-Treasurer), Tarleton Redden (Vice-President), Gordon Scherck, Edward C. Sterling, Harry N. Wyatt and James S. McClellan, according to an announce-ment made on July 11. The corporation owns and operates modern skyscraper office buildings and other properties.—V. 169, p. 376.

Consolidated Edison Co. of New York, Inc .-- Plans to

Coastal States Gas Producing Co.-Drills Well-

Coast area. This one of the largest known producing structures in the Gulf

lease located on the largest known producing structure Coast area. Mr. Wyatt estimates that this discovery will add in excess of 50,000,000,000 ethic feet of gas to the company's reserves, based on an independent geologist's survey conducted by F. W. Mueller of Corpus

Christi. The company has also been successful in recompleting a non-produc-ing well that existed on this lease when it was acquired. This further development resulted in the proving of an additional gas sand at the 7,000 foot level wnich flowed at the rate of $3\frac{1}{2}$ million cubic feet of gas her day plus 52 barrels of distillate daily on a quarter-inch choke. The company intends to drill further wells in order to develop this barrels of drill further wells in order to develop this

lease. 1.e company operates 20 gas enthering systems and produces and sells natural gas, crude oil and condensate from properties located principally in southern Texas.—V. 136, p. 3.

Colonial Aircraft Corp., Sanford, Me.-Registers With

Securities and Exchange Commission— This corporation filed a registration statement with the SEC on July 5, 1957, covering 248,132 sharts of its 10 cents par common stock. According to the prospectus, Colonial made a public offering in 1955 of 259,250 shares of its stock at \$1 per share. The offering was made on a "best efforts" basis by Glick & Co., Inc., New York underwriter, which received a selling commission of 20 cents per share. As addi-tional compensation, Glick & Co., received warrants to purchase 140,000 common shares as an exercise price of 10 cents per share, exercisable for a three year period commencing Aug. 15, 1566. Ead warrants were issued to Glick & Co. and creation of its designees. An additional 50,000 sheres cach were issued to Morris J. Laurie (New York) and Andrew Krivy (Forest Hills) as a finder's fee. The registration state-ment covers 238,132 of the sheres, the subject of these warrants; together with an additional 10,000 shares being offered for sale by Frederick W. Uccellini, of Epringvale, Maine, a former officer and director.

Girector, Colonial has been notified that Glick and some of its designees holding said warrants, together wich Messrs, Laurie and Krivy, intend to exercise the warrants, to purchase the common stock, which prompts the filling of this registration statement covering the common shares. In addition to the proposed offerings by Messrs, Laurie, Krivy, and Uccellini, Glick & Co. proposed offerings by Messrs, Laurie, Krivy, and Uccellini, Glick & Co. proposed offerings by Messrs, Laurie, Krivy, and A5,000; Herbert K. Shipper and Samuel Shipper of Glick & Co. 18,500 shares each; Milton Zeller, of Belle Harbor, N. Y., 1,255 shares; Robert Ayers, of New York, 1,740 shares; and Simon Messitti, of New York, 500 shares.—V. 165, p. 1635.

Consolidated Foods Corp.-Acquisition-

The acquisition by this corporation of Phillips Packing Co., Inc., Cambridge, Md., became effective on July 10, according to a joint statement released by Consolidated officials and Albanus Phillips, Jr., C. Dullue Backing

statement released by Consolitated officials and Angalus Finances, etc. of Phillips Packing. Effective with the acquisition, the Phillips organization becomes the Coastal Foods Co. Division of Consolidated Foods Corp. Officers of Coastal Foods Co. will include: Albanus Fhillips, Jr., Chairmar; and Theodore Phillips, President. The newly created Coastal Foods Co. operates 15 plants strategically located in the fertile agricultural district of the Eastern Shore of Maryland and Delawere.-V. 185, p. 2555.

Consolidated Freightways, Inc .- Air-Truck Service-See United Air Lines, Inc. below .---- V. 185, p. 2330.

Consumers Power Co .- Plans \$70 Million Financing The company has filed an application with the Michigan P. S. Commission for authority to issue \$35,000,000 first mortgage bonds maturing not earlier than Sept. 1, 1987, and \$35,156,700 convertible debentures maturing not earlier than Sept. 1, 1972. It is proposed that the bonds, which will be subject to competitive bididng, will be sold for a price not less favorable to the company

than 51%%, and the debentures, which will be subject to competitive bidding on underwriting compensation, will be offered at an interest rate and subscription price not less favorable to the company than 51_8 %. The debentures are proposed to be offered to the company's common stockholders of a record date to be determined, on the basis of \$100 principal amount of debentures for each 25 shares of common held, the conversion price is expected to be not less than the current closing market price nor more than 85 per share above such price in effect at the time the offering price is determined. The proceeds of both issues are to be used for the company's con-struction and improvement program which for 1957 is estimated at \$93,000,000, and for 1958 a \$95,000,000 program is foreseen as neces-sary to supply electric and gas requirements in the company's 64-county Michigan service area. The time of sale of the securities and other details of the offerings will be announced later. The company announced on July 11 it would open bids on the \$35,-56,000 of convertible debentures on Cct. 16 at neon and plans to open bids on the \$35,000,000 of first mortgage bonds on Oct. 21 at 11:30 a m.-V. 185, p. 1513.

Continental Oil Co .- Off-Shore Sales Authorized-

Continental Oil Co.—Off-Shore Sales Authorized— The Federal Power Commission on June 24 issued an order, following rehearing, authorizing large off-shore natural gas sales in the Gulf of Mexico by four independent producers, known as the CATCO group, the indiated process and the producers, known as the CATCO group, certificates to the four companies. The Commission announced, however, that the initial rate proposed by the producers would be subject to "prompt investigation" as to its scannableness. The FPC said that the natural gas rates of three of the producers—Continental Oil Co. and Tilewater Oil Co., of Houston, and the Atlantic Refining Co., "hready are under investigation of the rates of the producers.—Cities Service Production Co. The commission said that by this means "relief" and afforded to fue tourth producer. Cities Service Production Co. The commission's authorization, the CATCO companies will bell natural gas to Feneres from large gas reserves in the Gulf of the cost of the coast of Louisiana. The FPC on April 22 issued tempo-forshores easi to the producers authorizing the sales, and permitting toffshore serves. Cornucopia Gold Mines, Inc.-Acquisition-

Cornucopia Gold Mines, Inc.—Acquisition—
 The acquisition by this corporation of Stearns Petroleum, Inc., of Russell, Kun., was approved June 29 by the directors of Cornucopia. The acquisition will add about \$1,00,000 worth of ussets and a verify income of about \$100,000 to Cornucopia, according to Earl Belle and Murray A. Talenfeld, Vice-Presidents of Cornucopia.
 The transfer will avdolve an exchange of stock and a cash investment of \$175,000 by Cornucopia for liquidation of Stearns' liabilities. Stars, Belle and Talenfeld said.
 "This is the first of a number of planned acquisitions," they stated. Stearns Petroleum presently owns interests in 29 producing oil and as wells and 16.000 acres of exploration land in Rice County, Kan., and in the Four Corners Section of Colorado. Income from producing wells averages \$6.000 per month at present, and rentals from equipment leases net another \$4,000 per month, according to Orlin Stearns of Russell, Kan., Fresident, South, Stearns said. Company stock is held by the Stearns family and a small group of stock-holders, one of whom is celebrity Jack Benny.
 Cornicona officials said it was proposed to retain present management of Stearns but divide the company into two divisions, one to wanage the company's oil exploration equipment which showed a total lease volume of \$500,000 last year, and the other to follow up the company's oil development program.—V. 185, p. 2556.

Diamond Alkali Co.-Expansion Plans-

Diamond Alkali Co.—Expansion Plans—
 The company has just issued a 24-page booklet which briefly tells with a Diamond is doing to invorve earnings in terms of current planning, manufacturing cost control, research and development, and the maintenance of optimum organization climate.
 In this booklet, John A. Sargent, President, states in part: worr control, research and development, and states and completion of a major modernization program at the Paines-ville Plant, including a substantial increase in scda ash capacity.
 Practically every area of our business will benefit from this expansion and completion performance sharing in the program and Chlorinated Products 26%. Others sharing in the program and their participation percentages are: Soda Products; 14%; Plastics, 55%; Cement-Calcium, 35%.
 "The most important of these projects begun in 1956 is a 40% expansion of our clorinated arproduct at Deer Park. Designel to increase shoring and causit cosed output by 20% on a company-wide basis, this expansion is necessary in a toper park, as well as substantial increases in capacity for agriculture, will be rapidly increasing requirements of our chlorinated approximes activities, which in turn involve doubling perchlorethylene plant at Deer Park, as well as substantial increases in capacity for agricultural chemicals at the Greens Bayou plant, which is also near Houston.
 "Other major expenditures are slated for Painesville, primarily for modernization and enhabilitation projects, which will also provide to 1000000 by 1960. At least, we have set our sights on this target. Capital expenditures this year will exceed \$20,000,000. The funds for this program, we will be provide this exceed \$20,000,000. The funds for this program, will be provided from anticipation and deprecision charges."—V. 185, p. 200.

Doughboy Industries, Inc.-Leases Additional Space-This corporation, which is a nationally known manufacturer of swimming and wading pools, toys and playthings for the beach and home, has leased a large factory in West Helena, Ark., for an ex-pansion of its plastic division's manufacturing facilities. The company leased a plant formerly used by a division of the

ster Corporation for the manufacture of station wagon bodies other equipment. The plant is now owned by Agricultural Enter-s of Dallas. Tex. The new space involves 190,000 square feet, a than double that used by the Doughboy plastic division at the prises of more than

Full production is scheduled to begin in the fall at the West Helena Full production is scheduled to begin in the fall at the West Helena plant, and the New Richmond (Wis.) factory will become the scene of an expansion of research, engineering and development involving all products and new lines.—V. 179, p. 823.

Douglas Oil Co. of California-Acquisition-

This company on July 8 completed the purchase of two-thirds of the common sidek of Apex Petroleum Corp., Ltd., of Long Eeach, Calif., it is annunced.

This company on July 8 completed the purchase of two-thirds of the common stock of Apex Petroleum Corp., Ltd., of Long Eeach, Calif., it is announced.
W. G. Krieger, President of Douglas Oil, announced that a permit for the issuance of \$2,100,000 of 5¹/₂ + 12-year convertible debentures has been received from the Corporation Commissioner of the State of California. The purchase of the two-thirds shares of Apex Petroleum will be made with debentures and with cash, he said. . . . Mr. Krieger stated that Douglas Oil is purchasing two-thirds of the 200,000 presently outstanding common shares of Apex Petroleum at a price C. \$44.85 per same. The company plans to offer to parchae the remaining shares for substantially the same price. Douglas Ci has completed arrangements with the Chase Manhattan Bank of New York and the Lank of America for a \$1,000,000 barrels, prive and the lank of America for a \$1,000,000 barrels, which more than doubles present proven net reserves of Douglas Oil. At the present inc. Apex Petroleum has an interest in a \$1 producing wells on 42 leases, primarily in the West Wilmington Field, under a joint proven locations in the West Wilmington Field, under a joint production from the 33 producing wells amounts to 3,000 barrels per day and Apex's net share, after deducting royalties and partnership interests, amounts to approximately 1,000,000 barrels per day and Apex's net share, after deducting royalties and partnership interests, amounts to approximately 3,000,000 barrels per day. Included in the assets of Apex Petroleum is a 2% interest in the Long Beach Oil Development Corp. This corporation is the contract on proven on Harbor acreage for the City of Long Beach and currently is producing weally and Apex's net share, after deducting royalties and partnership interests, amounts to approximately 3,000,000 barrels per day.

(E. I.) du Pont de Nemours & Co. (Inc.)-Thrift Plan

(E. I.) du Pont de Nemours & Co. (Inc.)—Thrift Plan The first 15.000 employees to receive a fall share of Du Pont stock under the company's thrift plan had the shares registered in their names on July 10. About 20,000 more will be due for their first share of crimmen stock in the next two months and a ter that the total will run about 1.006 a month. Approximately 25.000 out of the first 35,000 employees will become Du Pone succarolators for the first 35,000 employees will become owners of the company to nearly 200,000. The stock has been purchased in the open market with funds con-tributed by the company at the rate of 25 cents for every dollar employees put into U. S. Savings Bonds under the plan. The thrift plan was infitated by the company in September of 1955 to en-courage employees to save regularly and to provide them an oppor-tunity to become stockholders at no cost to themselves. Sixty thousand men and women-70% of these eligible-are participating in ft.-

Unit to Build Paint Plant-

Unit to Build Paint Plant— A new paint plant will be built in Cuba to manufacture Du Pont finishes for the Cuban market, it was announced on July 6. The plant will be operated by Du Pont Inter-America Chemical Co., Inc., a substdiary. Decision to build the plant was prompted by the continuing ex-pansion of the Cuban economy and the rapid growth in recent years of sales of Du Pont finishes in Cuba. The plant's products will in-clude lacquers, enumels, paints, varnishes, and thinners for the in-dustrial, automotive refinish, and household and maintenance fields. Construction of the plant, to be located in the new industrial section: of San Jose de las Lajas, about 25 miles southeast of Havana, is expected to start about Nov. 1, and manufacturing operations are to begin about Sept. 1, 1958. The plant will provide jobs for about 106 people.—V. 185, p. 935.

Electric Storage Battery Co .- New Pres. of Unit-

C. P. Norberg, President, on July 2 announced a series of changes in the alignment of management personnel, designed to further strengthen the executive structure of the company. The changes are effective immediately. Roland Whitehurst, Vice-President in charge of the Industrial Divi-sion, has been elected President of Jessall Plastics Inc., a wholly owned subsidiary manufacturing plastic extrusions in Kensington, Conn. R.*, Zisette, Vice-President and General Manager of Jessall will report to Mr. Whitehurst.--V. 185, p. 1515.

Electro Refractories & Abrasives Corp.-Development A major mechanical advance in metals pouring, a silicon carbide rucible with large V-shaped pouring lip. is now a patented product f this corporation, Carl F. Leitten, Executive Vice-President, said on oı July Mr

of this corporation, Call F. Lensen, Lensen, July 11. July 11. Mr. Leitten said Patent 2,793.021 has been issued to John W. Cot ney and assigned to the company. The crucible assures smooth, c flow of metal without turbulence, he added.--V. 186, p. 4.

Electronic Associates, Inc .- Opens Center in Brussels This company today (July 15) announces the opening of its European Computation Center at Rue de la Science 43, Brussels, Belgium. The European Computation Center is the first commercial facility of its kind to be placed at the service of European industry and techno-logical research. The European Computation Center is the third of its kind to be

kind to be piaced at the service of European muustry and techno-logical research. The European Computation Center is the third of its kind to be opened by Electronic Associates, Inc. The other two centers are main-tained in this country—one in Princeton, N. J., and the other in Los Angeles, Calif. While the products of EAI include computer con-soles and components, and analog and digital data reduction equip-ment, the Computation Center specializes in the education in analog computer techniques, consultation service in the application of analog computers, and the rental of time on the computer systems installed at the Center. Of primary interest to research, development, and manufacturing concerns, the Computation Center is both a consultant staff and a laboratory for the analysis and solution of highly complex problems and mathematical operations.—V. 185, p. 2097.

Emerald Oil Co., Inc., Wartburg, Tenn,-Stock Offered —The company on June 21, 1957, publicly offered, with-out underwriting, an issue of 319 shares of common stock at par (\$100 per share).

PROCEEDS—The net proceeds are to be used to pay for drilling costs and used for working capital and other corporate purposes.

Graphic Controls Corp., Buffalo, N. Y. - Files With Securities and Exchange Commission-

Securities and Exchange Commission— The corporation on July 2 filed a letter of notification with the SEC covering 45,000 shares of class A stock (par \$5) of which 41,491 shares are to be offered in exchange for class B stock of Technical Charts, Inc, at the rate of 8,0484 Graphic shares for each Technical share. The remaining 3,509 shares are to be offered for sale to employees of subsidiaries at \$6.65% per share. No underwriting is involved. The proceeds are to be used for working capital.—V. 185, p. 2802.

Graybar Electric Co., Inc .-- To Extend Voting Trust-

Graybar Electric Co., Inc.—To Extend Voting Trust— W. E. Henges, et al, voting trustees under a voting trust agree-ment for shares of common stock of this company filed a registration statement with the SEC on July 2, 1957, covering voting trust certifi-cates relating to 675,000 shares of the Graybar common. All of the 647,217 issued and outstanding Graybar common is presently held under a voting trust agreement which expires Jan. 14, 1958. The board of directors of the company and the voting trustees under such expiring voting trust agreement have voted to recommend to the hold-ers of the voting trust agreement have voted to recommend to the hold-ers of the voting trust certificates the renewal of the voting trust agreement by means of a new voting trust agreement to be dated Oct. 15, 1957. The maximum period of its duration is until Oct. 14, 1967.—V. 181, p. 205.

Greyhound Corp.-Consent Decree Signed-

This corporation on June 27 entered a full categorical denial to a Department of Justice complaint alleging violations of Section 2 of the Sherman Act. Greyhound and the Department of Justice agreed to a Consent Decree Jimmediately following the filling of a complaint in Federal Court at Chicago, III. This action disposes of the charges made against The Greyhound Corp.

Chicago, Ill. This action disposes of the charges made against The Greyhound Corp. Under the Consent Degree, which automatically concludes the action on the same day it commenced. The Greyhound Corp. basically agreed it will continue to seek more than one source of supply for its inter-city buses. Greyhound is the nation's leading interity bus operator, with more than 6,000 buses operating over nearly 98,000 miles of routes throughout the United States and Canada. It has purchased intercity buses from General. Motors and local buses from Mack Trucks Inc.

Trucks Inc. Trucks Inc. Trucks Inc. The complaint alleges that Greyhound received preferential treat-ment from General Motors. The Consent Decree entered into on June 27 by both the Department of Justice and Greyhound prohibits the bus company from entering into any development contract with Gen-eral Motors Corp. for a four-year period. However, if Greyhound, despite the fact that it has been continually over the years seeking additional sources of supply for its buses and bus engines, "is unable to obtain such a suitable seurce of supply," the Consent Decree pro-vides the Court may grant such relief from this provision "as may be required in the circumstances."—V. 185, p. 2803.

Guild Films Co., Inc.-Forms International Unit-

Guild Films Co., Inc.—Forms International Unit— Formation of a special subsidiary, Guild Television Internacional 5. A. to handle the expanding foreign TV program activities of Guild Films Co., Inc. was announced by R. R. Kaufman, President, on July 5. The new company is a Panama corporation with offices in Panama City, Mexico City, London, Rome and Dusseldorf, in addition to New York. Under the charter. Guild Internacional is empowered to produce, distribute, sell and license television programs, motion pictures, com-merciale, photoplays and other entertainment activities. Guild Films currently is producing two programs outside the con-tinential limits of the United States—Jack London's Captain David Grief at Mazatlan, Mexico, and The Michaels in Africa, being shot on location. Several days ago, Mr. Kaufman flew to London with plans to set up co-production on a new series there.—V. 185, p. 2803.

Gulf States Utilities Co.-Registers With SEC-

Guil States Utilities Co.—Registers With SEC— This company filed a registration statement with the SEC on July 2, 1957, covering securities to be offered for subscription under the Employees Thrift Plan of the company, as follows: \$5,280,000 of par-ticipations in the Thrift Plan, together with 149,250 shares of com-mon stock, 64,390 shares of \$4.20 dividend preferred stock, \$100 par, \$8,700 shares of \$4.40 dividend preferred stock, \$100 par, and \$4.44 dividend preferred stock, \$100 par.—V. 185, p. 2914.

Harnischfeger Corp .-- Canadian Unit Expands-

Harnischfeger Corp.—Canadian Unit Expands— Henry Harnischfeger, President of Harnischfeger Corp. of Canada, Itd., Toronto, Ontario, a wholly owned subsidiary, and Clyde F. Cameron, President of Maritime Steel & Foundries, Ltd., New Glasgow, Nova Scolia on July 10 announced a long-term association of the two companies. This essociation comprising a part ownership in Mari-time Steel & Foundries by Harnischfeger Corp. of Canada was estab-lished for the purpose of producing and marketing in Canada, all sizes of PACH power cranes and shovels from 3a to 212 cubic yard capacity, both crawler and truck mounted. Harnischteger Corp., Milwaukee, Wis., is one of the foremost United States producers of power cranes and shovels as weil as mialing shove.s, electric overhead cranes, electric holsts, welding equipment, clesel engines and prefabricated homes. It is expected that deliveries of Canadia built PACH machines from the plant of Maritime Steel & Foundries at New Glasgow, no. a Scolia win logan during the early months of 1958 with the half cubic yard PACH Model 155A in both crawler and truck mountings. Other PACH models will follow thereafter.—V. 184, p. 624.

Hunt Foods & Industries, Inc.-Earnings-

Consolidated net sales for the six months ended May 31, 1957 were \$52,427,105 and net earnings amounted to 70 cents per common share after taxes and dividends on the preferred stock, according to Russell J. Miedel. President.

J. Miedel, President. Comparisons with results of the first six months of 1956, were not practical because the companies, which presently constitute the con-solidated picture were not on a consistent fiscal hasis and their accounts were not consolidated until May of 1956," Mr. Miedel said. Cn April 2, last, the scotcholders had voted to change t..e name of this company from Onto Matca Co. to Hunt Foods & Industries, Inc.

Hycon Mfg. Co.-Announces New Crystal Filter-

Ilycon Mfg. Co.—Announces New Crystal Filter— This company on July 5 announced that "dependable worldwide com-munications are now well on the way with the dwent of a new type of radio and radar component. The device, called a high frequency system filter, makes it possible for more radio stations to transmit without overlapping and interfering with each other. At the same line, the new device greatly simplifies electronic equipment. High frequency crystal filters are to existing conventional filters what transistors are to vacuum tubes. "With more and no.ore radio communication messages crowding the meds has become an ever-merasing problem. Us to now, filters have presented serious bottlenecks to designers of high frequency radio (edsign a workable filter. "However, mass-pron.eed high frequency crystal filters repre-sent a mojor breakthrough in the communications art. Now that crystal filters are commercially available, military and industrial de-signers have already started to work on new designs which will pro-vide significantly better communications and navigation equipment." -V. 186, p. 6.

Under date of Nov. 7, 1955, its name was changed to Hyder Mines, Inc., to avoid conflict with an Alaskun firm having a similar name. On March 25, 1955, company acquired by assignment the Riverside Mill and Mine fease dated Dec. 10, 1953, option to buy mine and equipment from the lessees, Carl B. Warren and Don W. Walters, doing business as the partnership of Pacific Northern Minerals Co., Spokane, Wash. The purchase price for the Riverside property of \$200,000 is being paid out of royalties to the lessor, the J. H. Scott Co., San Francisco. Calif. The company started actual business on Dec. 15, 1955, with the wi-1,490,359 shs.

Data out of royattes to the ressor, the 9. In Four Co., oan Alamasa. Calif. The company started actual business on Dec. 15, 1954 with 12 un-patented mining claims belonging to Lester E. Bigham and Mrs. Frances Bigham. Six unpatented claims, represented by "Bessie B" and "Serpentine" had been in their possession since 1923. Six un-patented claims on Cantu Mountain and on the "Gold Nugget" Group were "Claimed On" in July. 1954. A total of \$20,000 was expended on these 12 claims by the Bighams in exploring these properties and doing necessary assessment work. On Feb. 21, 1955, there was unconditionally assigned to the com-pany all rights to four unpatented claims known as the "Hi-Grade Group" on Cantu Mt.—V. 183, p. 2163.

Illinois Central RR .- June Net Income Lower-

Illinois Central RR.—June Net Income Lower— Net income for June, 1957, is estimated to be \$1,030,000, or 33 cents a share, compared with \$1,545,185, or 50 cents for June, 1956, based-on 3,111,675 shares outstanding June 30, 1957. Net income for the first six months of 1957 is estimated to be \$7,206,763, or \$2,32 a share. This compares with \$10,768,025, or \$3,46 a share for the same 1956 period. Railway operating revenues are estimated to amount to \$23,105,000 for June, 1957, compared with \$23,337,729 for the same month a year ago. For the first six months of 1957, railway operating revenues are estimated to amount to \$144,996,019, compared with \$146,061,761 for the corresponding 1956 period. Railway operating expenses in June, 1957, are estimated to be \$18,-660,000, compared with \$17,75,863 in June, 1956. For the first six months of 1957, railway operating expenses are estimated to total * \$115,765,364, compared with \$110,365,169 in the like 1956. Period. EARNINGS FOR MAY AND FIRST FIVE MONTHS

Indian Head Mills, Inc .- Proposed Merger-

Indian Head Mills, Inc.—Proposed Merger— This corporation and J. L. Stifel & Sons, Inc., on July 9 jointly announced the basis on which negotiations for a merger of the two concerns are being conducted. The proposal contemplates the con-version of the 307,440 shares of Stifel common stock into 204,960 shares of a new voting \$1.50 cumulative preferred stock on Indian Head Mills, Inc. The exchange would be on the basis of $1\frac{1}{2}$ shares of Stifel com-mon for one share of the \$1.50 cumulative preferred stock of Indian Head Mills, Inc. The latter stock, which would be junior to the \$1.25 cumulative preferred stock of Indian Head Mills, Inc., presently out-standing, would have a liquidating and redemption value of \$25 per share, with quarterly cumulative dividends of $37\frac{1}{2}c$ per share. The new \$1.50 preferred stock would be serviced by a sinking fund into which Indian Head Mills, Inc. would make an initial payment of a cash sum equal to 4% of the aggregate redemption price. Both companies said approval of stockholders would be promptly notified when a merger agreement had been entered into.—V. 186, p. 113.

Inter-River Corp., Las Vegas, Nev .- Files With SEC-The corporation on July 1 filed a letter of notification with SEC SEC covering 300,000 shares of common stock to be offered at (\$1 per share), without underwriting. The proceeds are to be to for expenses incidental to mining operations.

Interstate Holding Corp., Memphis, Tenn.—Stock Of-fering Temporarily Suspended—

Interstate notating corp., itempilis, itenn.—Stock Offering Temporarily Suspended.— The Securities and Exchange Commission, it was announced on July 9, has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of securities by this corporation. The order provides an opportunity for hearing, upon request, on the ques-tion whether the suspension should be vacated or made permanent. Regulation A provides a conditional exemption from regis, ration under the Securities Act with respect to public offerings of securities not exceeding \$300,000 in amount. In a Regulation A notification filed with the Commission on March 8, 1957, Interstate proposed the public offering, pursuant to such an exemption, of 12,400 shares of its non-voting class A stock, \$5 par, and 12,400 shares of its voting class B stock, 1 cent par, in units consisting of 100 class A and 100 class L shares and at an offering price of \$1,501 per unit. In its suspension order, the Commission asserts that an affiliated issuer of Interstate has filed a registration statement with the Commission unde: the Securities Act and that said registration statement is the subject of an examination under Section 8 of said Act. Under Regulation A, such an examination may be the basis for suspension of a 'Regulation A exemption for an affiliated issuer, --V. 185, p. 1749.

Jersey Central Power & Light Co.-Bids July 16-

The company, at the office of General Public Utilities Corp., 67 Broad Street, New York 4, N. Y., will up to 11 a.m. (EDT) on July 16 receive bids for the purchae from it of \$15,000,000 first mortgage bonds due 1987

1987. Jersey Central proposes to issue and sell the \$15,000,000 of additional first mortgage bonds, series due July 1, 1957, and to apply the proceeds to its 1957 construction program or the repayment of short-term borrowings for construction purposes. This program is expected to involve expendiences of approximately \$2,500,000—V. 185, μ . 2304.

(P.) Lorillard Co.-Introduces New Cigarette

(P.) Lorillard Co.—Introduces New Cigarette An intersive search in the com, any's laboratories for a solution to "the cigareste industry's biggest single filter probem" was climaxed on July 9 with announcement by Lewis Gruber, President, that this company has developed—and already has adopted for its XENT ciga-rettes—a unique new filter which gives smokers "significantly greater filtration, significantly less tar and nicotine in the filtered smoke than any other major brand on the market, filter or non-filter, and which stui draws gently and lets through the full flavor of the premium quality Latural tobaccos." The new cigarette considerably surpasses in effectiveness the "old" KENT, "which has been recognized as remov-ing more uar and nicotine tan any other leading beand," he stated. Matom... utstribution of the new KENT, Mr. Gruber disclosed, already has been completed, down to retail and consumer level, "in the most exected la.ge-scale production-marketing operation of its kind ever undertake.!"—with literally hundreds of millions of the cigarette reaching the market since May without the public's having even an inking is was receiving an entirely new high-filtration KENT. "The new KENT is being marketed in King (65mm.) and Regular (70mm.) lengths in the familiar white and gold "cup" package (and in a new, stomm, length in a crush-proof box, just introduced in the New York area at the end of June. The price remains unchanged, the same as other popular filter brands.—V. 185, p. 2333.

Lukens Steel Co .- Sales and Earnings Rise-

Lukens Steel Co.—Sales and Earnings Rise.— Charles Lukens Huston, Jr., Fresident noting that Lukens operated its steel-making facilities at capacity through the fir.t half of this year, ci. J.L.9 greported n.t. ca.e. of S61.687,498 a.d. net earnings of \$5,979,164 for the first half '24 weeks) of f.sc.1 1957 ended Jun, J5. The m. carnings were eq. value to S62.7 per snare on the 533,928 outstanding shares of the company's capital stock, calculated a.t. r provision for payment of income taxes of \$7,296,660. This compares with net so is for the first half of last year, ended June 16, 1956, of \$50,019,423 and net earnings, after taxes, of \$3,542,15...eq.lytalent to \$3,511 per share: andjusted for the 3-for-1 stock split last January). The circeious have declared a regular divisiend of 10 cents and nextra dividend of 80 cents per share for the second quarter of 1957, pa, able on Aug. 15 to stockholders of record July 31. The company plans to break ground later this month for its \$33,000.000 expans.on program. Addition of an electric furnace is expected to raise Lukens rate ding capacity from the present 750,000 tons it approximately 252,000 tons. Improvements in the present 266-inch rolling mill, the mation's largest, acid its compation 146-inch rit, plus construction of a new 140-inch roughing mill will raise Lekens, total rolling mill 1859.-V. 185, p. 1883.

Macinar, Inc .- Stock Offered-

Jean R. Veditz Co., Inc., New Yors, on March 1, last, offered publicly 400,000 shares of common stock (par 50 cents) a. 75 cents per share. The nois proceeds are to it used for working capital and general corporate purposes.—V. 184, p. 522.

Managed Funds, Inc .- Reports Record Assets-

Total net assets of this Fund reached a new high of almost \$54,000, 600 on May 31, a 14.17 gain above the total six months earlier, ac-cording to the semi-annual report released on July 8. The report also disclosed new highs in shares outstanding and share-holders.

Assets at the end of May totaled \$53,937,112, compared with \$47,297,-618 on N.V. 30, 1956 s a \$44,79....2 Assets at the end of May totaled 53,937,112, compared with 547,297,-618 on N v. 30, 1956 a (544,79), ...2 M \downarrow r ago. The asset gain of 86,689,494 during the period just ended does not include total six-month capital gains distributions of 52,213,167. Total shares outstanding during the period increased from 13,654,328 to a record 15,276,530, and total shareholders pessed the 15,000 mark for the first time, increasing from 14,325 to 15,175. Sales' to investors totaled 56,951,221, compared with 56,760,726 during the preceding period and 86,191,761 during the first half of fiscal 1956, Sales in Jure, 1957, auonotted to 81,266,517, almost 50% above the June, 1956 total of 8846,201.—V. 184, p. 522.

(Arthur G.) McKee & Co.-Has Argentinian Contract

An integrated Argentinian steel plant is being constructed by this company, it was announced on July 10 by H. E. Widdell, President. The company has a multi-million-dollar contract covering broadly the erection of the major units of the plant as well as engineering and procurement of a blast furnace, hot and cold strip mills and related facilities. The plant is to be located in San Nicolas on the Parana River, about 150 miles north of Buenos Aires, where a coke plant and dock are now nearing completion.—V. 185, p. 1639.

McLean Industries, Inc. - New Type Trailerships to Extend Sea-Land Service-

McLean Industries, Inc. — New Type Trailerships to Extend Sea-Land Service—
A new type of Trailership, with self-contained loading cranes, will be placed in Pan-Atlantic Steamship Corp.'s Sea-Land Service in August, it was announced July 10 by James K. McLean, President. Pan-Atlantic is a subsidiary of McLean Industries, Inc.
The "S. S. Gateway City" and the "S. S. Azalea City," first two of truck-trailers, will then be ready to begin regular weekly sailings between the ports of New York, Miami, Houston and Tampa. Two additional vessels are expected to be ready by October, at which time the port of New Orleans will be added and-ssailings increased to two a week between New York, Miami and Houston.
Pan-Atlantic engineers and carried on the vessels themselves, eliminate the operation to other coastal cities as additional Trailerships are completed. Mr. McLean said. He explained that cranes, developed by Pan-Atlantic engineers and carried on the vessels themselves, eliminate the need for shore installations. They make it possible to serve any port having addequate water and dockside aprons large enough to permit pulling truck chessic into position alongside the ship.
Conversion of track and below-deck sections. Each Trailership will have a capacity of 226 loaded, 35-foot trailers, which will be earried both above and between the decks.
Pan-Atlantic trucking fleet in connection with the new service will be the largest in the world, in terms of units. It will total 7.234 pieces of equipment, including trailers, chassis, tractors, switchers and pick-up trucks.—V. 186, p. 8.

igitized for FRASER p://fraser.stlouisfed.org/ Metal Tex:ile Corp.-Assets Transferred-Dissolved-

Mon-O-Co Oil Corp., Billings, Mont.-Hearing Sept. 3. On SEC Suspension-

Mon-O-Co on Corp., Binness, Mont.—Hearing Sept. 3 On SEC Suspension— The Securities and Exchange Commission on July 8 announced that, at the request of this corporation, a hearing has been scheduled for Sept. 3, 1957, in the Commission's Seattle regional office on the ques-tion whether to vacate or inake permanent a previous order of the Commission temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of securities by Mon-O-Co. In a Regulation A notification filed March 6, 1957, Mon-O-Co. pro-posed the public offering of 4,000 shares of class A common stock and 96,000 shares of class B common stock, in units of one class A and 24 class B shares and at an offering price of \$75 per unit, as well as 14,474 shares of the class A dommon and 347,376 shares of the class B common to be offered in exchange for properties. By order dated May 13, 1957, the Commission temporarily suspensed the Regulation A exemption with respect to such offering by Mon-O-Co on the basis that the terms and conditions of Regulation A were not compiled with by Mon-O-Co, that its offering dricular was false and misleading in respect of various material facts, and that the use of said offering circular in the offering and sale of Mon-O-Co tock "would operate as a fraud and deceit" upon purchasers of the stock. At the Set. 3 hearing, inquiry will be conducted into the question wiether there was a failure by Mon-O-Co to comply with Regulation A and whether. Its offering rucular was false and misleading, for the purpose of determining whether the temporary suspension of the Regu-lation A examption with respect to the public officing of Mon-O-Co stock should be vacated or made permanent.—V. 135, p. 2450.

National Airlines, Inc .-- Official Promoted---

National Airlines, Inc.—Official Promoted... Walter Sternberg has been elected a Senior Vice-President in charge of Traific, Sales and Public Relations, it was announced July 10 by G. T. Baker, President and Board Chairman. Mr. Sternberg, Vice-President of Sales for National from 1949 to 1953, returned to the company last December as Vice-President-Plan-ning after serving for two years as an aviation consultant to National and other clients in the U. S. and abroad. R. S. Grant, Assistant Vice-President-Traffic, W. A. Perry, Assistant Vice-President-Sales and W. M. Ehert, Director of Advertising and Public Relations will continue in those posts under Sternberg's direc-tion, Mr. Baker said.—V. 185, p. 2334.

National Cylinder Gas Co.-Licensed to Make Swiss Rail Welders

Rall Welders— Exclusive United States manufacturing rights to a Swiss machine that can weld standard railroad rails into one continuous quarter-mile length in less than 2¼ hours have been obtained by this company, it was announced on July 8 by Charles J. Haines, President. License agreements to make the patented automatic rail welder have been signed with H. A. Schlatter A.G., world-famous Swiss manufacturer of resistance welding machines, Mr. Haines said, adding that work is under way to establish production of the entire unit in this country. The arrangement also covers manufacturing rights in Canada, Mexico, Central America and most of South America.—V. 186, p. 114.

National Securities & Research Corp.-Record Sales-

Purchases of the National Securities Series of mutual investment funds in the six months ended June 28 set a record for this period at \$4,184,049, an increase of nearly \$10,000,000 or 35° wer the \$30,963,403 for the similar period last year, according to E. Waln Hare, Vice-President of this corporation which sponsors and manages the Series.—V. 185, p. 2216.

National Shoes, Inc.-6% Stock Dividend-

National Shoes, Inc.--6% Stock Dividend---The directors have voted a 6% common stock dividend, payable Aug. 2 to shareholders of record on July 17, it was announced July 11 by Mac M. Siegel, Secretary-Treasurer. The firm operates 136 popular price family shoe stores in five northeastern states. The stock dividend--the company's second since it became a public corporation on Aug. 1, 1955-will be in the form of one share for each 16 shares held on the date of record, with cash payments for fractional shares based on the stock's market value at the close of business on July 10, 'Mr. Siegel stated. The stock dividend will come out of the unissued belence of the 1,000,000 shares authorized, he said. There are 570,697 common shares outstanding. Last year, the corpora-tion declared a 5% stock dividend. A substantial portion of the firm's earnings, according to the officer, has been employed during the past year to help finance a long-range program of expansion and moderni-zation.

year to help inshift a long-range plogram of expansion and moderni-zation. During the past year the concern opened 14 new stores. Its 136-unit chain is located in New York, New Jersey, Connecticut, Massachusetta and Maryland. The company's expansion program provides for a total of at least 200 stores, a number of them to be opened within the next six months, he said. Mr. Siegel stated that sales and earnings in the current fiscal year, which will end on Aug. 3, are running in excess of last year, when sales totaled \$21,263.409 and earnings amounted to \$620,520, equivalent to \$1.09 a share.—V. 185, p. 2806.

National Telefilm Associates, Inc.—Notes Sold—The public offering of \$5,000,000 6% sinking fund subordi-nated notes due 1962 (with common stock purchase war-rants), made on July 2 at 100% and accrued interest, was quickly oversubscribed. For details, see V. 186, p. 115.

National Vulcanized Fibre Co.-Starts Up Plant-

A new fabricating plant, to serve the 11-Western States area, has been placed in operation here by this company. Equipped to fabricate all National plastics, including laminates, nylon and vulcanized fibre, the new facility will increase the company's over-all fabricating ea-pacity by more than 10%. Other fabricating plants are located in the company's headquarters city of Wilmington, Del., and in Chicago, Ill., Johnson City, N. Y., and Toronto, Canada. In addition to the fabricating operation, the new facility, which the company is occupying on a lease basis, is also serving as a central warehouse and as the Los Angeles district office.—V. 185, p. 2102.

New England Electric System-Subsidiaries to Borrow

New England Electric System—Subsidiaries to Borrow This company has joined with 25 of its subsidiaries in the filling of an application with the SEC with respect to \$66,970,000 of borrow-ings by the subsidiaries; and the Commission has given interested persons until July 24, 1957, to request a hearing thereon. Of the borrowings by the subsidiaries, \$50,664,000 are to be borrowed from banks and \$16,315,000 from NEES. Reproceeds thereof are to be used by the borrowing companies to pay outstanding notes due to banks or to NEES, and to provide new money for construction expenditures or to reimburse their respective treasuries therefor.— V. 185, p. 2561.

New England Power Co. -- Merger Application Dismissed by FPC for Lack of Jurisdiction-

missed by FPC for Lack of Jurisdiction— The Federal Power Commission has dismissed, for lack of juris-diction, an application proposing the merger of four Massachusetts electric utilities into a fifth company, and the transier to the latter company of certain facilities owned by New England Power Co. The application, filed jointly by the six companies involved, called for the merger of Amesbury Electric Light Co., Haverhill Electric Co., Lawrence Electric Co., and the Lowell Electric Light Corp. into the Essex County Electric Co. Upon completion of the merger, certain property would be transferred from New England Power Co. to Essex. It was contemplated that at the time of the merger Essex would have changed its name to Merrimack-Essex Electric Co. In dismissing the application the FPC noted that the Securities and Exchange Commission on May 23 issued an order authorizing both transactions as proposed. The Federal Power Act provides that in cases where a company is subject to both the Power Act and the Public Utility Holding Company Act, the latter statute shall apply.— V. 185, p. 979.

See Hunt Foods & Industries, Inc. above.-V. 185, p. 1156. Olin Mathieson Chemical Corp.-Secondary Offering -A secondary offering of 164,478 shares of common stock (par \$5) was made on July 11 by Eastman Dillon, Union Securities & Co. and Merrill Lynch, Pierce, Fen-ner & Beane at \$60.50 per share, with a dealer's con-cession of 90 cents per share. It has been completed. A four-year expansion program on new facilities for the development and production of high-energy solid propellants for rocket engines was announced on July 3 by this corporation. New research and development laboratories, pilot plants, and test and production facilities will be constructed at the company's Ordill Works near Marion, II., according to an announcement by Norl Hamilton, Vice-President and General Manager of the Explosives Division. Con-struction of these new facilities has already been started. The program at Ordill will involve the development of new propel-lants and new processes for the production of propellant grains for rocket engines. The company also will expand its development and production of as generators for auxiliary power units on jet engines and missiles. In addition, it will cast double-base propellants which involves Olin Mathieson's 'Hall Powder'' techniques and composite pro-pulants for rocket engines in missiles. Purpose of the new program is to increase Olin Mathieson's research, development and production in the broad field of fuels and propellants, the company has already pioneered in developing high-energy chemics to develop a jet engine starter cartridge and has mass produced the only cartridge of this type now, In use. Although Olin Mathieson's Explosives Division has been engaged in research, development and production of solid propellants for ton years, be new expansion procram marks its first major effort in solid pro-pulants for production of solid propellants for the years, be new expansion procram marks its first major effort in solid pro-pulants for proket engin

High-Energy Fuels on Semi-Commercial Basis

This corporation on July 9 announced it had become the first com-pany in the United States to produce high-energy fuels on a semi-commercial basis. The fuel is now being shipped to the U.S. Air

This corporation on July 9 announced it had become the first com-pany in the United States to produce high-energy fuels on a semi-commercial basis. The fuel is now being shipped to the U. S. Air Force. An interim facility, scheduled for completion at the end of this year, will turn out three times the amount of usel now being produced in the semi-commercial plant. An Air Force-sponsored plant, expected to "come-in" within the next 20 months, will increase output many times aurrent volume, according to an Air Force spokesman. This plant is the result of an Air Force contract award to Olin Mathieson for construction of a 356,000,000 facility. High-energy chemical fuel significantly increases the range of air-craft and missiles powered by air-breathing engines. It does away with engine failure problems at high altitudes. The result of INE years of research and two years of production testing, the fuels, called HEF-2 and HEF-3 (High-Energy Fuel-2 and 3), had been made in small laboratory plot units by Olin Mathieson as far back as 1952. It is now being produced in a plant built solely by Olin Mathieson at a cost to it of \$5,500,000. First shipments of the fuel produced at the Olin Mathieson plant have already neen delivered to the Air Force, Dr. L. K. Herndon, head of the high-energy fuels operation at Niagara Falls, reported. Ship-ments, which began about a month ago, are being made in increasing quantifies. The fuel now being produced is expected to be the forerunner of a \$1,000,000,000 industry in the next 10 years.

quantities. The fuel now being produced is expected to be the forerunner of a \$1,000,000,000 industry in the next 10 years. This estimate, made by W. C. Foster, Executive Vice-President of Olin Mathleson, is pro-jected on the basis of the tremendous quantities of the fuel needed for military aircraft and later for long-rang civilian flights. At the present time, the fuel is considered to be suitable for aircraft only. --V. 185, p. 2375.

Outboard Marine Corp.-Stock Sold-The 3,294 shares of common stock which were not subscribed for by com-mon stockholders and which were taken up by the un-derwriters, headed by Morgan Stanley & Co, were sold on July 2 at \$33.87½ per share.—V. 186, p. 115.

Pacific Gas & Electric Co .- Proposed Project-

This company his filed an application with the Federal Power Commission seeking a license for a proposed hydroelectric project on McCloud and Pit Rivers, tributaries of the Sacramento River, and Shasta Reservoir on the Sacramento, in Shasta County, Calif. The application supersedes one filed by Pacific on Feb. 8, 1954. The proposed project is estimated to cost \$43,900,000,--V. 186, p. 115.

Pacific Power & Light Co .- Stock Offered-This com-Pacific Power & Light Co.—Stock Offered—This com-pany is offering its common stockholders rights to sub-scribe at \$28 per share for 376,600 additional common shares (par \$6.50) at the rate of one share for each 10 shares held on July 10, 1957. Rights will expire at 3:30 p. m. (EDT) on Aug. 1, 1957. An underwriting group headed by Lehman Brothers; Eastman Dillon, Union Securities & Co.; Bear, Stearns & Co. and Dean Witter & Co., who will purchase any unsubscribed shares, was awarded the issue July 10 on a bid specifying a com-pensation of \$79,000, or a little less than 21 cents per share.

Other bids were received from Ladenburg, Thalmann & Co., \$92,944 or a little more than 24½ cent. are, and Kidder, Peabody & Co. \$154,406 or about 41 cents per share.

PROCEDS—Net proceeds from the sale of the stock together with other funds will be applied by the company to its construction pro-

Pittsburgh Plate Glass Co.-New Production Line-

Pittsburgh Plate Glass Co.—New Production Line— Full scale production of "Smandrelite" heat-strengthened glass building process has begun at the Ford City, Pa., plant of this company, it was announced on July 1 by George L. West, Manager of Building Product Sales. "The unique manufacturing facilities will permit the company to provide not only faster service with a superior material but will enable us to furnish sizes up to 72 inches by 144 inches, Mr. West reported. Spandrelite is now being furnished in 16 standard colors with either a polished plate glass or twill textured surface. Custom colors can be provided and designs may be silk screened in either one or a number of colors if desired. The product can also be manufactured with ceramic color on part of the glass with the remainder trans-parent.

parent, With the addition of its new Spandrelize facilities this company can now furnish and erect a complete glass curtain wall.—V. 185, p. 1792.

Pittsburgh Screw & Bolt Corp.—Loans Arranged— The corporation, it was announced on July 11, has ar-ranged to place privately \$3,500,000 of 5½% sinking fund notes due 1972 through The First Boston Corp.

fund notes due 1972 through The First Boston Corp. Financing arra gements have been completed by this corporation for the construction of its new 66,000,000 plant in the Mount Pleasant-Scottdale area near Pittsburgh, Pa. Occupancy of the new plant, which will replace three present facilities, is expected by early 1958. The financing, which w... is in three parts: the company has provided approximately 5500,000from internal sources; Mellon National Bank & Trust Co. and Union National Bank of Pittsburgh are providing 82,000,000 in a revolving credit, which will be converted into term notes in September; the companies and will be taken down in September; 1957. The new structure is a modern one-floor plant of approximately 500,000 square feet and will be used for the manufacture of indus-trial fasteners of all kinds, such as bolts, nuts, rivets, rods and a wide variety of special fasteners. It will replace three present facilities on Pittsburgh's North Side, South Side and on Neville Island, two of which will be sold and the third returned to the lessor, Oliver Iron & Stefficient acreage has been acquired to permit future expansion. Sufficient acreage has been acquired to permit future expansion. The corporation also has plants in Gary, Ind.; Longview, Tex.; and Monaca and Norristown, Pa.-V. 184, p. 922.

Poloron Products Inc .-- Sales Up-Earnings Off-

The corporation reports that sales for the six months ended May 31, 1957 amounted to \$6,165,795 as compared with \$5,737,761 for the same period a year ago. Net income after taxes for the 6 months through May 31, 1957 equaled \$196,414 as compared with \$211,624 for the 6 months ended May 31, 1956.—V. 183, p. 1971.

Portland General Electric Co.-Bank Loans-

The company has entered into a \$30,000,000 credit agreement with seven banks according to Thomas W. Delzell, Chairman of the Board and Chief Executive Officer. The participating banks are: First National Bank of Portland, U.

5. National Bank of Portland, Bank of California, and Portland Trust Bank, all of Portland, Ore.; Chase Manhattan Bank and Marine Midland Trust Co. of New York, both of New York; and Harris Trust and Savings of Chicago. . The proceeds will be used for partial financing of the company's two-year. \$60,000,000 construction program. Of the \$30,000,000, \$4,-500,000 has already been borrowed, at 4% interest. When additional borrowing is done on the balance, the interest rate will be determined by th prevailing rate in New York on the last day prior to the loan. The company pays an additional "stinks of 1% on the balance, as a standby foc, to insure &vailability of funds. Mr. Deizell said that the credit will be used to carry on the balances of the company's constructio program this year and in early 1958. He anticipates that these short term bank loans will be substantially replaced with permanent financing before expiration of the loan agree-ment next June.--V. 186, p. 10.

Public Service Coordinated Transport-Tenders-

The Fidelity Union Trust Co., 755 Broad Street. Newark, N. J., will up to noon (EDT) on July 22 receive tenders for the sale to it of its 4%, 5%, 5%, 5%, % and 6% first and refunding mortgage bonds, due Jan. 1, 1990, to an amount sufficient to exhaust the sum of \$500,000 at prices not to exceed 100% and accrued interest.—V. 171, 1464 p. 1464.

Radorock Resources. Inc., Salt Lake City, Utah-Earn. This corporation showed a net profit of \$555,700 for its first fiscal ar, ended April 30, 1957, according to its annual report, issued on

This corporation showed a net profit of \$555,700 for its first fiscal year, ended April 30, 1957, according to its annual report, issued on July 1. This income was derived from Radorock's Radon uranium mine. More than half of Radorock's of the fiscal year, according to R. W. Neyman, President. During this three month period, the mine shipped li,564 tons of ore having a gross value of \$936,816. This resulted in the new recent of the fiscal year, according to R. W. Neyman, President. During this three month period, the mine shipped lincome to Radorock of \$483,660 after mining costs. The corporation recently declared a cash dividend of five cents a share, payable on Aug. 5 to stockholders of record July 5. The annual report outlines Radorock's ventures into the Gas Hills was an or the state of the stockholder of the cent of the uranium claims, including some producing properties. Five drill rigs for Neyman said. Radorock's parent company. Federal Uranium Cor-poration, has loaned Radorock initial development funds and will have the opportunity to participate with Radorock in financing and usbesquert profits from this operation. The report states that during Radorock's first year, a \$278,000 bank foan assumed upon formation of the company srepaid. Also, Hecin Loan assumed upon formation of the company srepaid Also, Hecin bursed from first profits for the \$817,000 cost of developing the mine. -V. 185, p. 2850.

Ramo-Wooldridge Corp.-Develops New Computer-

Kamo-Wooldridge Corp.—Develops New Computer— A major step toward automation in industry was disclosed on July 5 by this corporation, with the announcement of the development of a new advanced digital control computer which will provide fully automatic control for industrial processes plants. Known as the RW-300, the new fully transistorized computer is specifically designed to automatically control industrial processes such as oil refining, chemical manufacturing, paper manufacturing and metals processing. The computer can also be used for general purpose scientific computation and to perform the monitoring function of a data logger.—V. 184, p. 1169.

Rayonier, Inc .-- To Shut Down Shelton Division-

Rayonier, Inc.—To Shut Down Shelton Division— Because of a decline in the demand for the types of chemical cel-lulose produced by Rayonier's Shelton Division, the oldest mill in the Rayonier group, it will discontinue operations for an indefinite period beginning Aug. 9, 1957. The mill will remain down until pulp demand sufficiently strengthens to warrant reactivation. The shutdown will necessitate laying off approximately 385 em-ployees. They have been notified that the mill will continue to operate for another 30 days, even though it will be operating during this period without firm orders for this production: During this shutdown, Rayonier will continue work on projects to qualify the Shelton mill for a permanent permit from the Washington State Pollution Control Commission. The Shelton mill will be kept in such conditions that it can be started up on relatively short notice as soon as business conditions warrant it.—V. 185, p. 2103.

Rohr Aircraft Corp.-Backlog Increased \$21,000,000-

Rohr Aircraft Corp.—Backlog Increased \$21,000,000— This corporation has been selected as sole manufacturer of struts and power packages for the advanced model of Boeing's B-52 all jet bomber, a program that will add approximately \$21,000,000 to Rohr's backlog, bringing it up to a quarter billion dollars. Heretofore, Rohr Aircraft's Chula Vista plant has been manufactur-ing power packages and other components for B-52s built at Seattle, while another company has been supplying those built at Boeing's backlog, bringing it op to a program recently announced as having been sporved in principle by Boeing and the Air Force, designed to effect substantial savings in costs. The plan, as announced by Boeing, is to concentrate B-52G production in Wichita. A major saving would be made by tooling only one plant instead of two for the model-improved version of the eight-jet bomber. The move would not affect delivery of the bombers, since the total quantity of B-52s would remain unchanged and would be delivered in substantially the same period of time. Since Rohr Aircraft has been on the B-52 program since its inception, and already is well along in tooling for the inproved model, the change in subcontracting means that henceforce Rohr will complete the entire contract rather than share it with another company-W, 186, p. 10.

Ronson Corp.-Acquires Electronics Firm-

Ronson Corp.—Acquires Electronics Firm.— Louis V. Aronson, II, President, on July 10 announced that Ronson has acquired control of Saxony Electronics, Inc. of Wilmington, Del. The acquisition, according to Mr. Aronson, represents a further step in Ronson's previously-announced policy of diversification, which has resulted in the well-known lighter company becoming an important factor in two other major industries—electric shavers and aircraft hydraulic valves. Mr. Aronson stated that Saxony has desirable products that in time will take full advantage of the great Ronson brand name and excellent distribution system. At this time, he said, Saxony is producing hair dryers, heating pads and room vaporizers; also, they are engaged in the development of other electrical appliances.—V. 185, p. 346.

Scudder Fund of Canada, Ltd.-Asset Value Up-

Scudder rund of Uanada, Ltd.—ASSet Value Op— For the third successive year, this Fund showed a substantial in-crease in per share not asset value, the annual report for the fiscal year ended May 31, 1957 revealed on July 8. Total net asset value on May 31 amounted in Canadian dollars to \$59,422,835, equal in U. S. dollars to \$51,41 a share on the 1,210,000 shares outstanding. Net assets had a value on May 31, 1956 of \$54, 458,419 (Canadian dollars) or \$44.02 (U. S. dollars) per share on the 1,250,000 shares then outstanding. Per share net asset value at the end of the latest period was 71.3% higher than the per share net asset value of \$30 on june 14, 1954 when the fund commented operations. —V, 185, p. 1679.

-V. 185, p. 1679.
Seaboard Air Line RR.—Equipment Trust Certificates Offered—Halsey, Stuart & Co. Inc. and associates on July 12 offered \$5,460,000 of 4¼% equipment trust certificates, series R, maturing annually, Aug. 1, 1958 to 1972, inclusive. The certificates, first instalment of a total issue of \$16,350,000, scaled to yield from 4.15% to 4.35%, according to maturity, were awarded to the group on July 11 on a bid of 98.761%.
A competing bid of 98.637%, also for 4¼s, was submitted by Salmon Bros. & Hutzle:.
Tsetance and sale of the certificates are subject to the authorization of the Interstate Commerce Commission.
The entire issue of certificates is to be secured by the following equipment estimated to cost \$20.442,966; 700 hopper cars; 200 high-side gondola cars; 700 low side gondola cars; 300 woodrack cars and 500 eement hopper cars.
Associates in the offering are: Dick & Merle-Fmith; R. W. Pressprich & Co.; Baxter & Company; Freeman & Co.; McMaster Hutchinson & Co.; Wm. E. Pollock & Co. Inc.; and Shearson, Hammill & Co. -V. 186, p. 116.

Sears, Roebuck Acceptance Corp.—Registers With SEC

Sears, Roebuck Acceptance Corp.—Registers With SEC This corporation on July 9 filed a registration statement with the SEC covering \$50,000,000 of debentures due July 15, 1982. The com-pany proposes to offer the debentures for public sale through an underwriting group headed by Goldman, Sachs & Co., Halsey, Stuart & Co. Inc., and Lehman Brothers. The interest rate, public offering price and underwriting terms are to be supplied by amendment. The public offering is scheduled for late July. The company was organized under Delaware law in November, 1956, to deal in installment receivables arising out of the retail and mail order business of Sears, Roebuck & Co. The latter formed the com-pany with a capital stock Investment of \$55,000,000 and on March 29, At May 31, 1957, the company had lines of unsecured credit with banks aggregating \$139,850,000. J On that date it had outstanding short-term bank loans against these lines of credit in the aggregate amount of \$50,000,000, the interest rate on which was 4%. The company, at May 31, 1957, also had outstanding \$13,065,000 of com-mercial paper.

amount of \$50,000,000, the interest rate on which was a to zero company, at May 31, 1957, also had outstanding \$13,065,000 of com-mercial paper. Net proceeds of the sale of debentures are to be added to the general funds of the company and will be applied to the purchase of installment receivables from Sears. The company expects to incur additional indebtedness, but the amount and nature thereof has not yet been determined and will depend upon the volume of the com-pany's business and general market conditions.—V. 185, p. 1792.

Sisters of Charity of the House of Providence in the Sisters of Charity of the House of Providence in the Territory (now State) of Washington—Notes Offered— B. C. Ziegler & Co., West Bend, Wis., on July 8 offered publicly \$1,500,000 of $4\frac{1}{2}$ % and $4\frac{3}{4}$ % direct obligation serial notes, dated March 1, 1957, and due serially from July 1, 1957, to April 1, 1967. They are offered at prices ranging from 98.08% to 100%, plus accrued interest, to yield from $4\frac{1}{2}$ % to 5%, according to maturity. Over \$700,000 of the issue had been placed up to July 5, of which $\frac{4550}{200}$ non principal amount went to a large hank which \$450,000 principal amount went to a large bank in the area.

in the area. The notes are in denominations of \$10,000, \$5,000, \$1,000 and \$500 and are unconditionally guaranteed by Sacred Heart Province, Seattle, Wash, and St. Ignatius Province, Spokane, Wash, of the Sisters of Charity of the House of Providence. The notes are subject to redemp-tion at 104% on or prior to April 1, 1958; during the following year at 103%%; the next year at 103%; the year thereafter at 102%%; after April 1, 1961 and on or prior to April 1, 1962, at 102%; and thereafter at 100%; with accrued interest in each case.

PROCEEDS—The net proceeds will be used to pay in part the cost of constructing and equipping the new addition to Mount St. Joseph, the Provincialate and Motherhouse of St. Ignatius Province of the Order, Spokane, Wash., and for other corporate purposes.

Solar Aircraft Co .- Announces New Development-

A gas turbine engine is being used on the world's first guided missile destroyer, the USS Gyatı, to furnish emergency shipboard and missile-launching power, Herbert Kunzel, President, announced on

The 300 kw peak load generator is powered by a 500 hp Solar Jupiter gas turbine engine. It is the first 300 kw gas turbine generator set in the world to be started in just 10 seconds, Mr. Kunzel said. Solar manufactures three varied configurations of the 500 hp Jupiter

gas turbine. They have been successfully adapted to small boat progenerator use on shipboard. Solar also manufactures the 50 hp Mars gas turbine and is developing the 1,000 hp Saturn gas turbine engine. -V. 185, p. 2918.

Southern Industrial Corp., Jacksonville, Fla. - Files With Securities and Exchange Commission-

The corporation on June 25 filed a letter of notification with the SEC covering 150 000 shares of common stock (par S1) to be offered at S2 per share, through Pierce, Carrison, Wultern, Inc., Jacksonville, Fla. The proceeds are to be added to the general funds of the company

Southwestern Investment Co.-Notes Placed Privately -This company, it was announced on July 8, has arranged to place privately, through White, Weld & Co. and Schneider, Bernet & Hickman, Inc., an issue of \$5,000,000 5% senior notes due Jan. 1, 1969.—V. 185, p. 2604.

Spencer Chemical Co.-Urea Output to Rise-

Spencer Chemical Co.—Urea Output to Rise— This company on June 27 announced that the production of urea is now underway at its Vicksburg, Miss., works which was just recently expanded to include the new product. J. C. Denton, Vice-President, agricultural chemicals, said that the new facilities are relatively small having a capacity for only 10,000 tons per year. The cost of the new installation was not disclosed. The production of urea, which is a nitrogen-rich compound, will complement other nitrogen compounds produced at the Vicksburg works, Mr. Denton said. The urea will be used to formulate nitrogen solutions distributed to manufacturers of mixed ferdilizers. Tra is manufactured from ammonia and carbon dioxide, both of which were already available from existing plant facilities. There will be no increase in ammoria capacity as a result of the new product. Spencer obtained the urea process under license agreement with Montecatini of Milan, Italy.—V. 185, p. 2494.

Sperry Rand Corp .- New Punched Tape Typewriter-

Sperry Rand Corp.—New Punched Tape Typewriter— A major advance in office automation has been achieved with the introduction of the new Remington Rad electronic punched tape typewriter, it was announced on July 5. A logical development of the common language concept, on which integrated data-processing is based, the new machine automatically concerns and reads the paper tape that activates other equipment and wire communications systems. When used as an offinary electric typewriter in preparing source dotaments, it automatically translates everything or selected data the typist writes into a punched tape for subsequent automatic proc-essing; when fed the punched tape prepared by it or other machines. It automatically reads and types out the information at the rate of 20 words a minute. The new machine can be adapted to various data-processing pro-fin three basic models—a tope punching unit, a tape reading unit, and a unit that does both—thus making it possible to arrange the epicpent to the specific needs of each location in the overall data-processing scheme. The new typewriter unifies remote work stations, species input and output to and from a centralized processing system, and brings true automation down to the level of basic source paper-work.

Sperry Develops Gyro System-

Sperry Develops Gyro System— An Air Force contract to produce key flight equipment for a high-performance airplane operating under "missile-like conditions' has been awarded to the Sperry Gyroscope Co. of Great Neck, N. Y. The contract, for \$1,298,518, calls for production of an all-attitude flight data system for a highly secret Air Force aircraft, according to Sperry's aeronautical equipment d'vision. The equipment will provide the pilot with flight information, enabling him to control the aircraft at high altitudes and airspeeds. Provision also is made for recording the information. Details of the special equipment, which Sperry engineers described as "three-gyro stable platforms and computers," were withheld for national security reasons.

Brochure on Univac Model-

A new brochure is available describing the function and application of the Remington Rand UNIVAC SCIENTIFIC Computer Model 1103A, the corporation announces. Written specifically for the busy executive, this brochure describes the UNIVAC SCIENTIFIC Computer in non-technical terms and cites examples of uses to which this large-scale equipment is being applied. Included in the presentation are the steps taken in converting a problem to mathematical terms and then to a program for solution by the computer.—V. 185, p. 2960.

Standard Oil Co. (Indiana)-Research Facilities-

Joseph K. Roberts, Research and Development Vice-President, said on July 5 that additional laboratory facilities for research work on solid rocket propellants will be built for the U.S. Air Force at Freeman Field, Seymour, Ind. Seymour, Ind. project is scheduled for completion this Fall. The company will The

The project is scheduled for completion this Fall. The company will supervise the construction of several new buildings and additions to some existing buildings under terms of a contract signed recently with the Air Force to expand rocket propellant research work. Company scientists and research personnel at Whiting, Inr., and Seymour have been active in development of solid rocket propellants since 1951. In 1954 the first facilities for this work were constructed by the company at Seymour in cooperation with the Wright Air Devel-opment Center, Air Research and Development Command. A separate plant, financed by the company, will be built at Seymour by Amoco Chemicals Corp., a subsidiary. This plant will make jet aircraft engine starter cartridges.

To Modernize Refinery at Wood River, Ill.

10 MOGETRIZE REIMETY at WOOG RIVER, IM. This company on July 10 announced a multi-million-dollar modern-ization and expansion program at its Wood River, Ill., refinery. Louis H. Butterworth, Refinery Manager, said two major new refinery facilities will be built soon to help the company keep up with cus-tomer demand for its improved, higher-octane gasolines and other petroleum products. Announced for immediate construction are: (1) a 67,500 barrel-a-day grude oil distillation unit; and (2) a 30,000 barrel-a-day fluid catalytic cracking unit.

Announced to minicate total and (2) a 30,000 barrel-a-day fluid catalytic cracking unit. "When completed early in 1959," Mr. Butterworth said, "the new facilities will increase the Wood River refinery's crude oil processing capacity by about 30"." Arthur G. McKee Co. of Cleveland, Ohio has been selected as prime contractor for the new facilities, Mr. Butterworth said. Site preparation will get under way soon, and construction is expected to begin within about three months. Crude oil distillation, thermal and catalytic cracking, and vapor recovery facilities now in use at the Wood River refinery will be retired from service after the new facilities are in operation, Mr. Butterworth said. The coking batteries are now tidle.—V. 185, p. 2604.

Standard Railway Equipment Manufacturing Co.-Plans Acquisition of Aluminum Boat Firm-

Plans Acquisition of Aluminum Boat Firm—
 R. Arthur Williams, President, on July 2 announced that negotiations are under way for acquisition by this company of the assets of Southwest Manufacturing Co. of Little Rock. Ark, a leading manufacturer of aluminum boats under the trade name "Arkansas Traveler."
 A cash offer in excess of \$1,000,000 for the assets of Southwest has been agreed on between directors of the two companies and will be submitted to a vote of Southwest stockholders of record July 3 at a special meeting July 25. The offer is equivalent to \$6,25 per share on Southwest's common stock. Standard stockholder approval is not required.

 Under the agreement between the companies Southwest would continue to operate and bave its beadquitters st its Little Rock plant. Standard, Mr. Williams said, has no plans for changes in Southwest's personnel, producis, dealer distribution or manufacturing location.
 This is the socond acquisition by Stanoard this vear. Last January it acquired the James Gilten Company of Cicero, III., maker of precision machine parts for industrial, commercial and agricultural equipment and consumer goods products.
 Southwest Manufacturing's sales are currently running at an annual rate of approximately \$2,800,000; Gillen Company sales for 1956 approximated \$1,000,000. -V. 185, p. 1323.

Studebaker-Packard Corp.-Giese Elected to Board-

Harold E. Churchill, President, announced on July 5 that Carl F. Giese has been elected to the board of directors. Mr. Giese is a director of Daimler-Benz, A. G., Stuttgart, Germany, and is President and Managing head of its operations in North America.

merica. Studebaker-Packard, through its dealer organization in North Amer-ca, now is marketing Mercedes-Benz passenger cars and trucks pro-uced by Daimler-Benz, A. G. Mr. Churchill also announced that the directors have previewed he new 1958 models which will be introduced in the fall.--V. 184, -9480ica, now duced

th the new p. 2489.

Sulphur Exploration Co .- New Board of Directors-Sulphur Exploration Ce.—New Board of Directors. At the recent annual meeting, the stockholders elected the following board of directors, largely composed of outstanding Houstonians. They are as follows: George A. Butler, Jr., Johnny Mitchell, Louis Pulaski, R. E. Hibbert, W. N. Finnegan III, Dr. Harold Daily, Gerald Rausch, Alfred Lasher, Jr., Obble Lewis, Irvin Kaplan, Michael Spolane, H. A. Bornefeld, Jr., Jerone Solomon and Herschell Maltz, all of Houston, Tex. Also elected was Henry Plitt of New Orleans, La., and Maynard Smith of Wharton, Tex. The board of directors elected the following officers for the ensuing year: Irvin Kaplan, President; H. A. Bornefeld, Jr., Vice-President; Herschell Maltz, Secretary; and Jcrome Solomon, Treasurer. An unauthoritative statement dated June 25 states in part: "The company has a 33,000 acre concession on the Jaltipan Dome

An unauthoritative statement dated June 25 states in part: "The company has a 35,000 acre concession on the Jaltipan Dome located on the Isthmuss of Tehuantpec. This concession surrounds the proven reserve of Texas Gulf Sulphur and Texas International Sulphur. It also adjoins Pan American Sulphur Co.'s producing con-cession to the North. Under the technical directions of Christie, Mitchell and Mitchell Co. of Houston, 44 core tests were drilled in 1956 on 3.000 acres of the concession. An estimated 4,000,000 tons of sulphur in place was discovered. "In 1957, 19 exploratory tests were drilled for the sole purpose of determining the areal extent of the structure. The results of this additional exploration were most encouracing. It now appears that (Continued on page 51)

NATIONAL LIST OF OVER-THE-COUNTER SECURITIES

(253) 45

Quotations for Friday, July 12

The following bid and asked quotations are obtained from the National Association of Securities Dealers, Inc. and other selected sources. They do not represent actual transactions. They are intended as a guide to the range within which these securities could have been sold (indicated by the "bid") or bought (indicated by the "asked") at the time of compilation. Origin of any quotation furnished on request. The "National" list is composed of securities which have a wide national distribution.

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated. In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous — the week ended July 6. For that week there was an increase of 4.4%, the aggregate of clearings for the whole country having amounted to \$21,611,986,478 against \$20,696,706,-913 in the same week in 1956. Outside of this city there was an increase of 2.1%, the bank clearings at this cen-ter having registered a gain of 6.6%. We group the cities Week Ended July 6— SUMMARY OF, BAN

according to the Federal Reserve Districts in which they are located and from this it appears that in the New York Reserve District (including this city) the totals show an improvement of 6.5% and in the Boston Reserve District of 10.0%, but in the Philadelphia Reserve Dis-trict the totals suffer a decline of 11.9%. In the Richmond Reserve District there is a gain of 7.4%, in the Atlanta Reserve District of 10.2% and in the Cleveland Reserve District of 9.2%. The Chicago Reserve District reports a decrease of 1.3%, but the St. Louis Reserve District records an increase of 2.8% and the Minneapolis Re-serve District of 7.4%. In the Kansas City Reserve Dis-trict the totals are smaller by 1.2% and in the Dallas trict the totals are smaller by 1.2% and in the Dallas Reserve District by 3.8%, but in the San Francisco Re-serve District the totals are larger by 0.8%.

We also furnish today, a summary of the clearings for the month of June. For that month there was a de-crease for the entire body of clearing houses of 3.8%, the 1957 aggregate of clearings having been \$100,043,-735,571 and the 1956 aggregate \$104,044,176,856. In the New York Reserve District the totals record a decline of 5.7%, and in the Philadelphia Reserve District of 17.9%, but in the Boston Reserve District the totals reg-ister an improvement of 1.3%. In the Cleveland Reserve District the totals are smaller by 0.5%, but in the Rich-

mond Reserve District the totals are larger by 0.1% and in the Atlanta Reserve District by 2.9%. The Chicago Reserve District suffers a loss of 1.1% and the St. Louis Reserve District of 5.5%, but the Minneapolis Reserve District has to its credit a gain of 0.9%. In the Kansas City Reserve District there is a decrease of 1.6%, but in the Dallas Reserve District the totals show an increase of 1.6% and in the Son Furgeigne District the District of 1.6% and in the San Francisco Reserve District of 0.6%.

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended July 3: Increases of \$1,335 million in holdings of Treasury bills, \$1,851 million in U. S. Government deposits, and \$674 million in demand deposits credited to domestic banks, and a decrease of \$1,353 million in demand deposits adjusted.

Commercial and industrial loans decreased \$196 mil-lion at all reporting member banks; the principal changes were decreases of \$153 million in New York City, \$22 million in the San Francisco District, \$21 mil-lion in Chicago, and \$11 million in the Cleveland Dis-trict, and increases of \$10 million in the Atlanta District and \$9 million in the Dallas District. Changes according to industry appear in another press release.

Holdings of Treasury bills increased in all districts reflecting the sale of a special issue of tax anticipation bills. Holdings of Treasury certificates of indebtedness and of Treasury notes increased \$46 million and \$78 mil-lion, respectively. Holdings of U. S. Government bonds decreased \$80 million.

decreased \$80 million. Demand deposits adjusted decreased \$624 million in New York City, \$246 million in the Chicago District, \$104 million in the Boston District, \$95 million in the Kansas City District, \$80 million in the Cleveland Dis-trict, and by smaller amounts in all but one of the other districts. Time deposits decreased \$49 million. Borrowings from Federal Reserve Banks increased

Sun Chemical Corp .-- Purchases Ink Firm--

This corporation has completed purchase of the Bensing Brothers Deeney Companies, it was announced on July 11 by Norman E. Ale ander, President. As a result of this all-cash transaction, Sun Chemical acquired the

The purchase price was under \$5,000,000. Bensing Brothers, & Deeney will continue to operate under its present

name and with its present management as a subsidiary of the Sun Chemical Corp. Net sales of Sun Chemical and its subsidiaries last year exceeded \$42,000,000, representing net earnings of \$1,702,837.-V. 185, p. 2961.

Superior Tool & Die Co.-Meeting Again Postponed-

Superior Tool & Die Co.—Metering Again rostponed A special meeting scheduled for July 8 was postponed until Aug. 6 because of lack of a quorum. This was the second postponement, The meeting was originally scheduled for March 11. Working capital of the company in mid-May passed from interests in Canada to the Thomson Starrett Co., engineering and construction concern. The share-holders at the August meeting will vote on increasing the authorized common share to 2,000,000 from 650,000 and raising the authorized preferred stock to 500,000 shares.—V. 185, p. 2605.

Tekoil Corp.-Increases Stock to Facilitate Growth-

Teksoil Corp.—Increases Stock to Facilitate Growth— The stockholders on July 2 approved an increase in the authorized common stock from 1,000,000 to 2,000,000 shares (\$1 par value), it is announced by W. H. Davison, President. The purpose of the increase is to aid the growth of the company through proposals now under study which involve exchange of com-mon stock for producing oil properties. Mr. Davison explained. The stockholders were advised that gross income the \$1,024,298 for the fiscal year ended March 31, 1957, exceeded cash expenditures by more than \$200,000. This compared with gross income the previous year of \$279,587, representing an increase of more than 250%. "However, with our non-cash charges for depreciation, depletion and amortization, Tekoil is reporting a net loss of \$246,034 for the year," Mr. Davison stid. Mewly elected to the Tekoil board of directors is Arnold R. LaForce of New York City, Financial Vice-President of El Paso Natural Gas Products Co, and a Vice-President of El Paso Natural Gas Co, was elevated to the Tekoil executive committee. He joins Mr. Davison, Dean P. Guerin and Alfred E. MrLane, all of Dalas, Texas.—V. 185, p. 2852.

Teletray-Eastern Corp., Silver Spring, Md.-Files With Securities and Exchange Commission-

The corporation on July 9 filed a letter of notification with the SEC covering 5,000 shares of common stock (no par) to be offered at \$7 per share, without underwriting. The proceeds are to be used to purchase a 50% interest in Teletray Service, Inc. and for working capital.

Television-Electronics Fund, Inc.—Assets at New High Total net assets of this Fund reached a new all-time record at mid-year 1957, according to Chester D. Tripp, President. Resources of the Fund on June 30, 1957, amounted to \$155,073.811, compared with \$128,-181,192 at the midyear point of 1956, Mr. Tripp said, and reflected a 21% gain for the 12-month period. The rise in assets resulted from a combination of increased value of portfolio securities and the sale of hew shares.

combination of increased value of portionic securities and the shares. Net asset value per share of the fund also increased during the period to reach \$12.46 on June 30, last, compared with \$11.96 a share, a year earlier, after deduction of 55.7 cents per share paid during the period in realized capital gains. "Adjusting for this distribution," Mr. Tripp said, "the gain in capital value of the shares of the fund was 8.8% in the year ended June 30, 1957." Shares outstanding of the fund reached record proportions, also, at midyear to total 12,443,606, an increase of 16.1% over the 10,713,875 outstanding on June 30, 1956.—V. 183, p. 213.

Tennessee Gas Transmission Co.-Registers With SEC

Tennessee Gas Transmission Co.—Registers With SEC This company filed a registration statement with the SEC on July 5, 1957, covering \$25,000,000 of debentures due 1977, to be offered for public sale through an underwriting group headed by Stone & Webster Securities Corp., White, Weld & Co and Halsey, Stuart & Co. Inc. The interest rate, public offering price and underwriting terms are to be supplied by amendment. Net, proceeds of the sale of the debentures will be applied by Ten-messee Gas toward the payment of its outstanding short-term notes issued under the company's Revolving Credit Agreement. The proceeds of the notes were used by the company in the expansion of its gas transmission and production and plant properties. The short-term notes issued and outstanding urder this Agreement on June 30, 1957, amounted to \$45,000,000. At May 31, 1957, the cost of completing the company's current expansion program was estimated at \$32,000,000. Applications now pending before the Federal Power Commission pro-pose the construction of additional facilities would involve additional expenditures estimated at \$147,400,000.—V. 185, p. 2853.

Texas Eastern Transmission Corp.-Acquisition-

Texas Eastern Transmission Corp.—Acquisition— The directors have voted to offer slockholders of La Gloria capital stock for each of the 1,000,000 shares of La Gloria capital stock outstanding, George R. Brown, Chairman, announced on July 8. The offer is contingent upon acceptance by holders of 81% of the shares of La Gloria, Mr. Brown said. The directors of La Gloria have voted unanimously to approve the starts and key personnel holding in excess of 50% of the slock. Considering the market value of Texas Eastern stock and other factors, the transaction involves about \$70,000,000, according to Orville S. Carpenter, President of Texas Eastern Although La Gloria is primarily an oil and gas producing com-pany with principal properties located in the States of Texas, Okla-netral processing plants in the industry, located at Falfurrias. Texas, The refinery at Tyler has a crude charge capacity of 25,000 barrels per day. In addition to crude distillation, it has thermal manufactures predium motor fuel, aviation gasoline, kerosne, pe-roleum coke and certain special toronic units and manufactures pre-nading interesting products. The refined products are sold at wholesale. The company will continue as a custom refinerias also owns a 25% interest in a chemical company jocated in forpus chemicals.

chemicals, At the end of 1956 La Gloria owned interests in 526 profilering oil and gas wells. Crude oil production averages 7,000 barrels per calender day while production of natural gas averages 80,000 MCF per day. Natural gasoline, kerosene and LP gas production now averages 8,500 barrels per day and this figure will be increased to 10,500 barrels by the end of 1957.

To Retire Portion of "Little Inch" Pipeline from Nat-ural Gas Service and to Build Substitute Facilities—

ural Gas Service and to Build Substitute Facilities— The Federal Power Commission on June 21 issued an opinion and order reaffirming an action taken two years ago by authorizing this-corporation to retire a portion of its "Little Inch" pipeline from natural gas service and to contract substitute the construction and operation of facilities to emply the service formerly rendered by that line. The FPC also authorized the construction and operation of facilities to enable the company to In-crease its peak-day deliveries by 255,000,000 cubic feet. Texas Eastern will convert the Little Inch line from Baytown, Tex., to Moundsville, W. Va., to the transportation of petroleum products after the substitute facilities are completed. The FPC in June of 1955 authorized the retirement of the Little Inch facilities, but the case subsequently was remanded to it by the U. S. Court of Appeals for the District of Columbia for further proceedings, on appeal by the City of Pittsburgh, and Chotin Towing Corporation and other barge operators. The City of Pittsburgh, and Chotin Towing Corporation and other barge operators. The Commission last Oct. 9 authorized Texas Eastern to construct and operate the so-called "minimum facilities," that is, those required

esti- "t

in the event the Little Inch line was not retired from natural gas service. The "minimum facilities" included about 707 miles of pipeline and a total of 32,200 horsepower in compressor capacity, at an esti-mated cost of \$74,707,000. The "maximum nachudes"—those to be built now that retirement of the Little Inch has been authorized—will include a total of about 1,160 miles of pipe and 72,300 horsepower in compressor capacity, estimated to cost 5138,532,355. These totals include the previously authorized "minimum nacilities."—V. 186, p. 155.

Texas Natural Gasoline Corp.-Acquisition-

Texas Natural Gasoline Corp.—Acquisition— The corporation on July 3 announced the purchase of an undivided three-quarter interest in approximately 1,850 acres of leases in Wash-ington. Creek, and Osage Counties, Okla., and Montgomery, Elk, and Russell Counties, Kan., on which are 72 wells from producing sands in depth from 700 feet to 2,200 feet. Layton Oil Co., of Independence, Kan., and George B. Emery, Jr., Topeka, Kan., were the sellers. The purchase price was not disclosed by either the buyer or sellers. The properties are now producing approximately 600 barrels per day, which amounts to 450 barrels per day for Texas Natural's three-quarter interest. Most of the leases have been unitized and a large expansion program is now in progress on the water flood projects. John T. Oxley, President of Texas Natural Gasoline Corp., said the property will be operated by the Layton Oil Co.—V. 185, p. 656.

Thatcher Glass Manufacturing Co., Inc.-New Booklet

"A protective Coasting for Returnable Bottles" is an 8-page pamphiet, written in laymen's terms, recently published by this company. This booklet covers the structure of glass, the reasons for glass bottle coatings and an explanation of most of the various types of coatings. Included are coatings applied in the glass manufacturing plant and on the filling line.—V. 185, p. 1793.

Thor Power Tool Co.-Acquisition-

Thor Power Tool Co.—Acquisition—
 Acquisition by this company of Drying Systems, Inc., of Chicago, III., producer of industrial ovens and process-air conditioning insulations, has been announced by Neil C. Hurley, Jr., President,
 Thor acquired Drying Systems in a straight cash purchase. The amount was not disclosed. Mr. Hurley stated that the company will continue with the same management and personnel. It will operate as Drying Systems Co., a division of Thor Power Tool Co., at the Chicago site it has occupied since 1926.
 B. B. Russell, President of Drying Systems since 1934, announced the company, which was organized in 1916, will continue to serve all types of industry as producers of "Dry-Sys" equipment for cleaning, drying baking and finishing of products through specialized industrial air conditioning and heat processing.
 Major users of the systems include automobile, sheet metal product and appliance manufacturers, and packing houses. The company since 1937 has been in the electronic control field as a producer of its automation-type processing systems.

Beeting, hydraine and phenimatic controls for the instance operation of its automation-type processing systems. Stuart W. Cochran & Co., Chicago, was the broker in the trans-action.-V. 185, p. 2144.

Timken Roller Bearing Co. - Stock Sold - The 5,210 TIMKEN Koller Bearing Co. — Stock Sold — The 5,210 shares of common stock not subscribed for by the com-mon stockholders and which were taken up by the un-derwriters, headed by Hornblower & Weeks, were sold on July 2 for group account at \$52.87½ per share. —V. 186, p. 155.

Tishman Realty & Construction Co., Inc.-Expects 25%

Tishman Reality & Construction Co., Inc.—Expects 25% Rise in Earnings—
This corporation will have record earnings for the fiscal year ending Sept. 30, surpassing by 25% the previous high set in 1956, Norman Tishman, President, told the New York Society of Security Analysts, Inc., on July 11.
"It seems quite certain that at Sept. 30, 1957 our net profit after taxes will be approximately \$4,500,000 or \$2.38 per common share, compared with \$3,614,000 or \$1.89 per common share for the preceding." Mr. Tishman said.
Record earnings are already in sight for the 1958 fiscal year, as which we have every reason to believe that our net profit after taxes for 1958 will be at least as high and probably higher than this year." Mr. Tishman, said.
The reasonably assured, I have every reason to believe that our net profit after taxes for 1958 will be at least as high and probably higher than this year." We have been very active in California, and we have cast our eyes to Canada, which we feel will have a great growth we are, in which we feel will have a great five to 10 were, "Mr. Tishman slid.
The mater taxes of \$2,000,000. My personal estimate, based on my conservative open ind, \$2,000,000. My personal estimate, based on my conservative open and sold one company had under construction at the end of the fast five open are dispected to a start for the first time today. "Our company as of Sept. 30, 1956 had 23 properties shown on the books at a depreciated cost of \$2,000,000. My personal estimate, based on my conservative open on the sold under construction at the end of the start open tax for the sold open and the sold open as the sold.

Tracerlab, Inc .- Opens St. Louis Sales Office-

The company on June 20 announced the opening of a new sales office in St. Louis, Mo.

office in St. Louis, Mo. This new office will serve Tracerlab's customers in southern Illinois; southern Indians, western Kentucky, western Tennessee, Iowa, Mis-souri, Nebraska, and Kansas.--V. 185, p. 2961.

Trane Co .- To Heat Luxury Liners-

This company has received a contract to build Maritime Convectors to heat two new luxury liners under construction for Moore-McCormack Lines, Inc., A. C. Menke, Vice-President, announced on July 8. The company is one of the nation's major manufacturers of air conditioning and heating equipment with home offices in La Crosse, Wis

he passenger ships will be used for the Line's east coast South rican run. Wis The

Am

Expands Service Network-The company's service sgency network across the country has been panded to include 36 United States centers, A. C. Menke, Vice-sident revealed on July 9.--V. 186, p. 155.

Transocean Corp. of California-Unit to Expand-

The U. S. Air Force has designated Aircraft Engineering & Main-tenance Co. of Oskland, Calif. as a Flight Sampling plant in recog-nition of the continuing excellence of its overhaul end maintenance work, it was announced on July 5. AEMCO is said to be the first Air Force aircraft overhaul contractor in the nation to achieve this classification in which sample aircraft are light tested by Air Force pilots, rather than each plane, as is cus-lomary under normal contract procedures.

A major contributor of aircraft overhaul and maintenance support to the U. S. Air Force since '948, AEMCO was the first other-than-manu-facturer to receive a contract for the overhaul of Lockheed F-80 jet facturer aircraft.

A unit of Transocean Corp. of California, AEMCO will soon expand its 45-acre "Aircraft Overhaul City" at Metropolitan Oakland Inter-mational airport by occupying the first unit of a gigantic hangar now being constructed by the Port of Oakland.—V. 185, p. 2496.

Truax-Traer Coal Co .- Notes Placed Privately--The company in April, 1957, placed with the John Hancock Mutual Life Insurance Co. (the holder of the 3,000,000then outstanding 4% notes) an issue of 4,500,000 4%%promissory notes maturing at the rate of \$500,000 annu-ally from April 1, 1964, to April 1, 1972.

Ally ITOM April 1, 1964, to April 1, 1972. The proceeds are to be used to expand the company's present plant and facilities and will include the opening of new mines as market and general conditions warrant. Meanwhile the funds are invested in short-term government notes and prime commercial paper at satis-factory interest rates. Capital expenditures during the past five years totaled over \$14.-000,000 and appropriations for capital improvements amounting to ap-proximately \$2,500,000 have been approved for expenditure during the current fiscal year, which is less than the estimated depreciation and depletion for the period. For the fiscal year encod April 20, 1057 the company remotes con-

depletion for the period. For the fiscal year ended April 30, 1957 the company reports con-solidated net income emounted to 33,223,833, equivalent after pre-ferred dividends to 52.16 a share on 1,375,609 common shares out-standing. This compares with 53,212,518 and 52.51 a share on 1,149,530 shares for the preceding fiscal year, which was supplemented by non-recurring income of 5567,516 and 49 cents a share. The company's 17 mines in Illinois, West Virginia and North Dakota produced \$7,993,717 tons of coal during the year, compared with \$7,-\$47,899 tons mimed in the previous year, an increase of 145,818 tons. Dollar sales of \$47,637,287 increased 5% over sales of \$45,563,994 for the preceding 12 months. The company's production in the fiscal year generally followed the pattern of the industry with some variation due to the closing down of worked out mines, as well as to some lessening of demand in North Dakota following introduction into that area. of hydroelectric power from the government owned dam at Garrison, North Dakota, H. C. Livingston, President, sald.--V. 185, p. 2962.

Tung-Sol Electric, Inc.-Plans Private Financing, etc. This corporation filed a registration statement with the SEC on July 3, 1957, covering 100,000 shares of cumulative preferred stock, series of 1957 (550 par; convertible after Aug. 1, 1967). The company proposes to offer this stock for public sale through an underwriting group headed by Harriman Ripley & Co. Inc. The dividend rate, public offering price and underwriting terms are to be supplied by amend-ment.

offering price and underwriting terms are to be supplied by amend-ment. The company presently has outstanding \$6.600,000 of short-term bank borrowings, \$2,000,000 of which was incurred in 1956 to finance expanded inventories and \$4,600,000 of which was incurred in connec-tion. The company believes that additional working capital of \$1,000,000 to $\$1,500,0^{-0}$ will the applied to such working capital of \$1,000,000 to the company's other operations. The proceeds of the sale of the new preferred will be applied to such working capital requirement and to the company's other operations. The proceeds of the sale of the new preferred will be applied to such working capital requirement and to the company's other operation for a long term loan in the amount of \$5,000,000 to fund the remainder of the bank loans, and to finance a proposed expansion of electronic tube and semiconductor facilities in late 1957 and 1958 at a cost of about \$1,500,000 to \$1,500,000. The Chatham Electronics Division was acquired on May 20, 1957, from Gera Corp. for a total purchase price of \$5,052,486. Its principal products are power tubes and hydrogen thyraton tubes.—V. 186, p. 155.

Turbo Dynamics Corp., Carson City, Nev.-Files With Securities and Exchange Commission-

The corporation on June 27 filed a letter of notification with the SEC covering 300,000 shares of common stock (par one cent) to be offered at \$1 per share, without underwriting. The proceeds are to be used to purchase machinery and equipment; for payment on company plant facility; and for working capital.

Union Electric Co., St. Louis, Mo.-Earnings, etc.

Union Lifectric Co., St. Louis, Mo.—Earnings, etc.— Common stock earnings, including non-recurring profits, amounted to \$7,201,515, or 70 cents per share in the first quarter of 1957, as compared with \$5,361,149, or 52 cents per share, in the same period fast year. After eliminating non-recurring profits — from sale of properties and earnings of subsidiaries disposed of —earnings were equal to 47 cents per share this year as compared with 43 cents in the first quarter last year. This company sold the Poplar Ridge Coal Co. on March 1, 1957, to Beneca Coal Co., a subsidiary of Penbody Coal Co., for \$6,7.28,000. A net profit fafter taxes, of \$2,223,760 was realized on the sale. The barges, previously owfied by Poular Ridge and used in the river trans-portation of coal to our plants, have been sold by the company for \$1,058,000, subject to the approval of regulatory authorities.—V. 185, p. 1562.

Union Oil Co. of California-Two Subs.-Merge-

Two of the company's subsidiary corporations, Brea Chemicals, Inc., perating in the petro-chemical field, and the R. T. Collier Corp., oper-ting in the carbon and allied fields, were merged at the close of June nto a new corporation to be known as the Collier Carbon & Chemical June Corr

Into a new corporation to be known as the Collier Carbon & Chemical Corp. This corporation, with headquarters in Los Angeles, Calif., will con-tinue to manufacture and market Brea brand chemicals and will con-duct its petro-chemical and carbon businesses as corporate divisions. In 1954, Brea became the first major producer to market aqua am-monia to agriculture, and has since added ammonium phosphate, nitric Reid, and ammonium nitrate, making a complete line of fertilizers available for the agricultural trade. The carbon division of the new corporation, with its main plant at fanta Clara, Calif. is recognized as one of the leading producers of industrial carbon for chemical and metallurgical processors. This di-vision also markets charcoal briquets and several other products made from activated carbon. R. T. Collier, as President, will be Chief Executive Officer of the R. T. Collier Corp. Homer Reed will be Vice-President of the new cor-poration. He has been President of Erea Chemicals, Inc. since it was organized Oct. 28, 1952.

United Air Lines, Inc .- New Air-Truck Service-

A new joint air-truck freight service, effective July 15, is announced by officials of this corporation and Consolidated Freightways, Inc., operators of two of the nation's larger transport systems. The service offers the advantage of air freight transportation to shippers in more than 900 cities, most of which do not have direct air service. The communities are located in 16 states regularly served by Consolidated.

by Consolidated. Under the arrangement, freight shipments originated by United will be flown to the airport city nearest destination, then transferred for final delivery by Consolidated. Shipments also will be | 16k d up by Consolidated in cities without air service for trans-shipment by United

by Consolidated in cities without air service for trans-shipment by United. United provides scheduled air freight service between 80 cities on its 14,000-mile system and, through interline connections, more than 600 other cities. The company currently operates a fleet of 180 afr-craft which fly 400,000 miles daily. The fleet includes passenger-cargo Mainliner Convairs, DC-6s, DC-6Bs, and 365-mile-an-hour DC-7s. The company also operates five new DC-6A all-cargo planes in coast-to-coast service. These aircraft cruise at 300 miles an hour, carrying more than 30,000 pounds of freight and other cargo. Tem-peratures in the cargo compariments are thermostatically controlled for the consolidated system, which includes Foster Freight Lines, Wheeler Transportation and Utah-Arizona Freight Lines, offers exten-sive service through 75 U. S. terminals located in Arizona, California, Idaho, Illinois, Indiana. Kentucky, Minnesota, Miscouri, Montana, Nevada, North Dakota, Ohlo, Oregon, Utah, Washington and Wisconsin. The company's operations extend into Western Canada and Alaska. --V. 185, p. 2037.

United Fruit Co .- To Appeal Decision-

Kenneth H. Redmond, President, on July 5 said "We are dis-eppointed in the New York Supreme Court decision in the International Railways of Central America case. We shall appeal from the decision because it is our conviction that our dealings with the failway have in every way been correct. "We have not yet been able to compute accurately the amount involved in the decision, but sums mentioned in various news dis-patches are greatly exaggerated, some two or three times the total that possibly could be involved."—V. 185, p. 86.

United Shoe Machinery Corp .-- Listing in New York--An July 9, 1957, this corporation filed an application with the New York Stock Exchange for the original listing of its preferred and common stock.—V, 185, p. 1563.

United States Air Conditioning Corp.-Merger-

The merger with this corporation of Hughes-Keenan Corp. has been completed, Glenn W. Way, President, said on July 8. Hughes-Keenan, a manufacturer of truck bodies and materials handling equipment headquartered at Delaware, Ohlo, becomes a division of the Air Conditioning firm. See also V. 185, p. 2853.

U. S. Industries, Inc .- New Pres. of Axelson Div.-

James Bere has been named President of Axelson Manufacturing o., according to an anno neme de July 9 by John 7, 6n der, r., Chairman of the Board and President of U. S. Industries, Inc. xelson, located in Los Angeles, Calif., is a division of U. S. Industries,

Inc. Mr. Bere joined Clearing Machine Corporation in 1946 and later becamse General Manager of its Hamilton, Ohio, plant. Clearing was acquired by U. S. Industries, Inc. in 1954. In 1956 Mr. Bere was transferred to the Axelson division, serving as General Manager until the present time. Axe

bison Manufacturing Co. is one of 13 divisions of U. S. Industries, With plants in St. Louis, Mo., and Montebello and Los Angeles, (, it is a prime producer of oll field pumping equipment and er rods, heavy duty engine lathes, pircraft components and special nine tools. mag

machine tools. U. S. Industries, Inc., has main offices in New York City and man-ufactures a diverse line of products that include: metal forming presses; steel storage tanks and pressure vestels; electrical fittings, electronic components and control systems for aircraft and guided missiles; refrigerated bulk milk tanks; stainless steel cookware; welded steel pipe and casings and oil well gas lift valves.—V. 165, p. 2145.

United States Mining & Milling Corp. (N. Y.)-Stock Offered-

Jean R. Veditz Co., Inc., New York, on May 18 offered publicly 242,000 shares of common stock (par one cent) at \$1 per share as a speculation. This represents the unsold portion of a public offering made on Sept. 17, 1956 by N. R. Real & Co. of 300,000 shares of the mining company's stock. See V. 184, p. 1520.

United States Steel Corp. — Secondary Offering — A secondary offering of 150,000 shares of common stock (par \$16.6623) was made on July 11 by Smith, Barney & Co. at \$70.75 per share, with a dealer's concession of \$1 per share. It was quickly oversubscribed. — V. 185, p. 2962.

Universal Transistor Products Corp.-Contract-

Contracts for 50,000 to a possible 62,500 transistorized units plus spare parts have just been awarded to this corporation by the General Services Administration. These contracts, calling for a minimum of 30,000 V-700 radiological survey meters and 20,000 V-750 dosimeter charges, are the largest

contracts for transistorized products ever awarded by the government. Total dollar volume is \$863,790, and brings to \$1,204,210 the amount of contracts awarded by GSA to Universal Transistor in the past month. Forward firm orders on hand at present for Universal Transistor Products exceed \$1,700,000. Prior to receipt of the V-700 and V-750 contracts. Universal Tran-sistor Products had received GSA contracts for a total of 74,000 Dosi-nicter Pens of various types.—V. 185, p. 2962.

Wabush Lake Ry. Co., Ltd.-To Redeem Bonds-

The corporation has called for redemption on July 30, 1957, its entire issue of first mortgage 4^{1}_{2} % guaranteed bonds due July 14, 1976 at 105%. Payment will be made at any branch of the Royal Bank of Canada or at the Royal Bank of Canada Trust Co. New York. This company is a subsidiary of the Canadan Javelin, Ltd.

Ward Industries Corp.-Sells Permutit Stock-

Ward industries Corp.—Sells Fermittit Stock.— The corporation has sold its investment in the Permutit Co., amount-ing to about 25% of Permutit's 220,000 outstanding shares, to the Pfaudier Co. of Rochester, N. Y. Richard Weininger, President, said on July 8 that the company's liquidation of the investment was prompted by the dropping of its plan to merge with Permutit and its policy of not retaining invest-ments except in connection with expansion or diversification. See also Pfaudier Co. above.—V. 185, p. 2378.

Warner Bros. Pictures, Inc .- Has TV Film Program-

Warner Bros. Pictures, Inc.—Has TV Film Program— The immediate launching of a \$15,000,000 television films production program for the coming year and the early completion of a \$1,000,000 building program to accommodate its rapidly expanding television activities was announced by Jack L. Warner, President, on July 10. With the new program, television assumes added important stature at Warner Bros. and further establishes the Burbank studio's leadership among major motion picture studios in the field of television films production, Mr. Warner stated. Continuous expansion of the company's television activities also was promised in the announcement of Mr. Warner, under whose personal supervision the entire program is con-ducted.

Warner, under whose personal supervision the entire program is con-ducted. Filming of four shows, to reach an estimated weekly television audience of 135,000,000, will proceed at full speed. The first of the completed films is scheduled to launch the new television season in September. The four shows will be telecast over the facilities of the ABC-TV network, under the sponsorship of some of America's leading industries.

AliC-TV network, under the sponsorship of some of America's leading industries. As part of the building program required to accommodate the com-pany's expanding television program, the remodeling and conversion of three sound stages to meet the most advanced needs of television production was completed last week. Construction of Warne Bros,' new \$1,000,000 television building, for which plans have been completed, will start immediately, Mr. Warner stated. Designed to provide the world's most complete executive, editing and projection facilities for television, the 135 by 240 foot two-story building will contain 26 office suites with a total of 130 spaceous in-dividual offices. It also will house 26 fully equipped film editing rooms and four complete projection rooms. Further building is planned, Mr. Warner said, to meet the anticipated demands for additional television facilities. In addition to the fort shows already if production, Warner Bros, under a fecentify concluded agreement which the Bell Telephone Com-pany, will produce a series of four one-hour color films on science for television and schools. The programs will be made under the general supervision of a scientific advisory board composed of eminent American scientists. Designed to promote a broader knowledge of science, the Bell Telephone 'Science Beries' combines entertainment and informa-tion.—V. 185, p. 2962.

Washington Water Power Co.-Bonds Offered & Co.; Blyth & Co. Inc.; White, Weld & Co. and Lauissue of \$30,000,000 first mortgage bonds, 47_8 % series, due July 1, 1987 at 100% and accrued interest.

The new bonds will be redeemable for other than refundable pur-poses during the first five years at general redemption prices ranging from 105% for those called in the 12 month period ending June 30, 1958, to 100% for those redeemed in the 12 months prior to due date. PROCEEDS—The company will use the net proceeds to repay a like amount of notes incurred for the repayment of bank loans.

UNDERWRITERS—The underwriters named below have severally agreed to purchase, and the company has agreed to sell to them severally, the respective principal amounts of new bonds set forth

below:

Worcester Pressed Steel Co.-New Product-

Worcester Pressed Steel Co.—New Product— -A new type heavy-gauge, dent-resistant fender for boat trailers in new being produced by this company, it was announced on July 1. Of 16-gauge steel, the new Presteel fenders are of the deep drawn type, which is much stronger than the conventional rolled fender. This method of fabrication also assures sufficient overhang to more effec-tively prevent splashing on trailer-borne equipment. Objection to fend-ers now on the market has been that they are both filmsy and too-skimpy. ers

skimpy. The new Presteel fenders, which will be available for next year \bullet boat traller models, can be used with 4:00 x 8 or 5:00 x 8 wheels, However, there is sufficient space to accommodate a somewhat larger boat traile

wheel. According to John E. King, Sales Manager, the new fenders will be supplied as drawn, in order to enable trailer manufacturers to arrange their own mountings and paint them to match colors as well as apply deca

ds, he new product, Mr. King adds, can be supplied in any quantity 500 without tool charge.—V. 184, p. 2166.

Zonolite Co .- Names Authorized Applicator-

Zonolite Co.—Names Authorized Applicator— This company, which mines and manufactures vermiculite, has an-nounced the appointment of Gunite Concrete & Construction Co., of Kansas City, Mo., as authorized applicators for its Elo-Crete industrial fireproofing, encasement, and protective coating systems, it was an-nounced on July 3. Elo-Crete is the name given to machine-placed combinations of vermiculite and portland cement for industrial application. Gunite Concrete & Construction Co., which operates 21 crews in various areas throughout the United States, is particularly known for its work in the petroleum refining industry, where a substantial part of the need for its services exists. The announcement was made jointly by R. W. Sterrett, Vice-Presi-dent-marketing of the Zonolite Co., and Barclay A. Greene, President of Gunite Concrete & Construction Co.—V. 184, p. 369.

Ohio Turnpike Commission (P. O.

Berea), Ohio Record High Single Day Rev-enues Cited—All records for toll revenue for a single day of opera-tion of the Ohio Turnpike were shattered on Saturday, June 29 when a total of \$95,219 was col-lected at the turnpike toll plazas, the Chairman of the Ohio Turn-pike Commission, James W. Shocknessy, reported. The best previous one-day collection of tolls was the \$80,293 toll revenue of Sept. 1, 1956, the Saturday be-fore Labor Day.

The outpouring of vacation-The putpouring of vacation-bound travelers taking advantage of July 4 holiday resulted in toll revenue totaling \$250,767 for the three-day weekend which con-cluded with Sunday, June 30, Shocknessy said, Sunday's toll revenue was \$86,347. This was by for the best such weekend reve far the best such weekend rev-enue since the turnpike was opened.

"This fabulous weekend will make total revenue for the month of June approximately \$2,200,000, exceeding by several hundred thousand dollars the best previous month the Ohio Turnpike ever had, which was August, 1956," had. Mr. Shocknessy said.

The extraordinary heavy traffic at the Pennsylvania and Indiana terminals of the Ohio Turnpike and at the two interchanges at Toledo which serve traffic from Detroit and other Michigan points showed that vacationing families are taking advantage of the New York-Chicago turnpike system, which includes the Ohio Turnpike, to save travel time and thus have available more time at their vacation destinations or more time in which to make trips to more distant points than ot her wise would be possible," Mr. Shocknessy said.
